Chapter 4511: there's still a backup!

Obviously, the origin divine ancestor did not know much about Chen Xiaobei. He had only heard some things about him from the heavenly Dao, but he did not care much about him.

But now, the origin Dao divine ancestor finally realized that if Chen Xiaobei was really an ant, how could he have survived the heavenly Dao's relentless pursuit and even made the heavenly Dao ally with an ant star!

This was obviously unreasonable!

looks like I've really underestimated this Chen Xiaobei!

The origin Dao divine ancestor thought carefully and said, " "Since we can't find our son, why don't we change our way of thinking and find out where this Chen Xiaobei is? Maybe we can confirm our son's whereabouts!"

One had to admit that the origin Dao divine ancestor's intelligence was still there!

Just as he had predicted, as long as he could find Chen Xiaobei, he would be able to find out where their son was!

However, when it came to intelligence, Chen Xiaobei had always been very careful!

The origin Dao divine ancestor would never have imagined that Chen Xiaobei was standing right beside him, watching him act cool!

"What you said makes sense ..."

The immeasurable divine ancestor expressed his agreement. Then, he couldn't help but frown. "But, how are we going to find this Chen Xiaobei? We basically know nothing about his situation!"

"No! I can find out everything about this Chen Xiaobei!"

Chen Xiaobei! the origin Dao divine ancestor said, " my son gave the order to capture Chen Xiaobei in the heavenly sanctuary! There are detailed records of Chen Xiaobei's appearance, body shape, cultivation, behavior, habits, and characteristics of his magical equipment!"

"If that's the case, then it'll be easy!"

"Let's go to the heavenly sanctuary immediately!" Divine ancestor Wuliang said decisively. We'll get Chen Xiaobei's information first, then we'll give the order to the entire heavenly sanctuary. I believe we'll be able to find Chen Xiaobei soon!"

"Good! Act immediately!"

The origin Dao divine ancestor's eyes turned cold, and his expression became extremely fierce. if my son's disappearance is really related to this Chen Xiaobei, I will pull out his tendons and skin him alive! I will make him suffer the most painful torture in this world!

do I need you to tell me that?!

The immeasurable divine ancestor said viciously, " I'm going to crush his Saint Soul, pull out his soul, and throw it into the endless purgatory. I'll make his soul suffer the most terrifying torture and make him regret being born into this world!

It was obvious that Tiandao and anattbor were the most outstanding and valued sons of the origin Dao divine ancestor and the immeasurable divine ancestor.

If his two sons were hurt because of Chen Xiaobei, the infinite divine ancestor and the origin divine ancestor would definitely not let Chen Xiaobei off.

This hatred was absolutely at the level of not stopping until one of them died!

In fact, they thought that letting Chen Xiaobei die was too easy for him. They had to make him suffer endless pain and torture to dispel their hatred!

Swoosh ... Swoosh ...

In the next moment, the infinite divine ancestor and the origin Dao divine ancestor stepped into the void and headed toward the heavenly sanctuary.

Chen Xiaobei followed closely behind.

It was obvious that these two had already seen Chen Xiaobei as their mortal enemy.

If that was the case, Chen Xiaobei would not sit still and wait for his death. He decided to strike first and get rid of them once and for all.

.....

Heavenly sanctuary.

The origin Dao divine ancestor and Wuliang divine ancestor went directly to the natural law School.

The disciples of the sect regarded them as gods and did not dare to delay. They immediately handed over the full set of information on Chen Xiaobei.

"It's time!"

Chen Xiaobei was ready to take action and destroy the information along with the person to get rid of any future trouble!

Meanwhile, the origin Dao divine ancestor and the infinite divine ancestor had no idea what was going on. They were still mocking Chen Xiaobei for being so weak.

"This kid is too weak! According to the information, his cultivation was only at the Saint King realm! One of my fingers ... Oh no! I can kill him countless times with a single thought!"

The infinite divine ancestor looked at Chen Xiaobei's information with disdain.

In his eyes, Chen Xiaobei was not even an ant.

"He's really too weak!"

At the same time, the origin Dao divine ancestor was also extremely disdainful. "In the past, such a small character wouldn't be worthy of our attention! I really don't understand why my son can't handle him after such a long time!"

"There are many things you can't figure out! Unfortunately, you won't have the chance to think about it anymore!"

At this moment, a cold voice sounded.

Chen Xiaobei made his move!

Traceless Snowsteps' special ability was very special. Although it could hide perfectly, as long as an attack was launched, the body would be revealed from the hidden state.

Of course, Chen Xiaobei did not have to hide anymore.

you ... You're Chen Xiaobei?!

The origin Dao divine ancestor had just seen Chen Xiaobei's portrait. When he saw the real Chen Xiaobei, his pupils shrank and he gasped. His heart almost jumped out of his throat.

The reason why the origin Dao divine ancestor was so frightened was because Chen Xiaobei had been by his side the whole time, but he had not noticed it at all.

This was extremely terrifying!

"Yes, it's me!"

Chen Xiaobei smiled and stood there proudly, not making any unnecessary movements.

"Woof! Whoosh!"

However, at this moment, two balls of black mucus shot toward origin Dao divine ancestor and infinite divine ancestor at lightning speed.

Due to the close distance, and the fact that the two of them were in a state of great shock ...

In that instant, he was unable to react in time and was immediately stained by the dark mucus.

Whoosh ... Whoosh ...

In the next moment, the dark sticky liquid spread on the bodies of the origin Dao divine ancestor and the infinite divine ancestor.

Then, the dark mucus's special ability started to burn their Saint Origin Energy and spiritual energy at an extremely fast speed.

"This is bad ... We've underestimated our enemy! I've been tricked by him!"

The origin Dao divine ancestor yelled hysterically.

"Nonsense! Do you still need to say that? Quickly think of a way to escape!"

The immeasurable Saint ancestor was also extremely anxious, and his entire face was contorted.

“You can’t escape!”

Chen Xiaobei’s tone was calm and composed, and he exuded a domineering air of having everything under control.

It was obvious that Chen Xiaobei was very confident in the ability of the dark mucus.

Anyone below the three-star divine ancestor would not be able to escape if they were hit.

since things have come to this, I can only go all out!!!

However, at this moment, the origin Dao divine ancestor had no intention of surrendering. He actually had a backup plan to break the situation!

“Clang!!!”

In the next moment, the origin Dao divine ancestor took out a dark red saber!

In the blink of an eye, the world changed colors and the myriad domain trembled!

[Red Envelope Group of the Three Realms](#)

Chapter 4512: Saint burial blood transformation saber!

4512 Saint burial blood transformation saber!

heh, I thought that you would have some decent trump card.

of course! Chen Xiaobei chuckled. but he’s a mid-stage two-star divine ancestor. He can’t even hurt a hair on my head!

Chen Xiaobei was wearing the Supreme-grade ten thousand DAOs Holy Emperor armor. No other Dharma Treasure of the same grade would be able to hurt Chen Xiaobei.

In other words, the situation was still the same as before. Unless the origin Dao divine ancestor and infinite divine ancestor could use a three-star divine ancestor level King Bomb, they would not be able to defeat Chen Xiaobei.

“You little brat! You’ve underestimated my Saint burial blood saber!”

The origin Dao divine ancestor was very confident. He waved his saber. we’re not the only ones who make the mistake of underestimating our enemy. You’ll make the same mistake!!! Furthermore, you will have to pay the price of death for this!”

“This kid is too arrogant!”

At the same time, the infinite divine ancestor’s eyes were cold and excited. He was also full of confidence in the Saint burial blood saber, as if he could already see Chen Xiaobei’s tragic death.

Obviously, the origin Dao divine ancestor and the infinite divine ancestor thought that the dark red saber was very powerful. Chen Xiaobei was courting death by underestimating it! Seeking death!

“Clang!”

In the next moment, the Saint burial blood transformation saber directly activated the terrifying power of a middle-stage two-star divine ancestor.

The dark red saber Qi burst with endless holy light, shining brightly in all directions. It was as if the entire heavenly sanctuary was shrouded in it, and it trembled violently under the terrifying energy fluctuation!

boom boom boom ... Boom boom boom ...

At that moment, the natural law School under their feet couldn't bear the crushing force before the saber Qi had completely landed.

With a series of explosions, the natural law School suddenly fell apart.

Not only did the houses collapse, even the huge mountain range that stretched for trillions of miles was crushed into countless pieces like biscuits.

At the same time, an extremely terrifying earthquake erupted within a radius of a trillion miles.

The earth was torn apart, the mountains were crushed, and the rivers, lakes, and seas were all thrown into chaos.

However, what was even more terrifying was that almost all the living beings within the area were turned into blood in an instant!

The members of the natural law School were the first to bear the brunt!

Under the indiscriminate attacks of the Saint burial blood saber, they became the first batch of sacrifices to be turned into blood!

Then, with this as the center, all the living things within the dark-red domain within a radius of billions of miles were quickly turned into blood water.

Whoosh ... Whoosh ... Whoosh ...

This vast amount of blood water gathered and condensed, turning into countless blood-colored giant Dragons that surged over.

The power of the Saint burial blood saber was greatly enhanced by the countless blood-red Dragons.

It had actually increased by two minor realms directly, reaching the strength of a peak two-star divine ancestor!

In an instant, the entire region where the natural law School was located began to tremble violently, collapse, and twist!

This was simply too terrifying!

One had to know that the power of the Saint burial blood saber had yet to strike down!

If the power came down without anyone defending, the entire region would be completely destroyed and turned into endless debris! Countless lives would also be mercilessly killed! Not even a chicken or dog would be left alive!

No wonder the origin Dao divine ancestor and Saint ancestor Wuliang were so confident in the Saint burial blood transformation saber.

It turned out that the level of this holy ancestor-level saber was only an appearance. The power of the magic treasure itself was not the main point! The real core of the competition was the blood transformation ability of the saber!

In an instant, he sacrificed all the lives within a trillion miles and increased its power by two small realms!

This kind of effect was really very heaven-defying!

One had to know that this was only the heavenly sanctuary. The life forms within a billion miles would not be too strong!

However, if he went to the ancestral Saint domain, the strength of his living body would be greatly enhanced, and the power of the Saint burial blood saber would probably be even more terrifying!

Chen Xiaobei felt lucky that he did not make a move in the ancestral sanctuary, or he might not have been able to take them down!

“You little brat! Die! This is the consequence of underestimating your enemy!”

The origin Dao divine ancestor shouted excitedly, “not only can my Saint burial blood saber unleash the cultivation level you’ve just seen, but it has also fused with a trace of the Saint burial saber’s core true spirit. Its quality is at the level of a Supreme divine ancestor!!!

It was clear that the origin Dao divine ancestor’s confidence in the Saint burial blood saber was not without reason.

Not only could this battle saber greatly increase its power, but it also had an extremely high quality. An ordinary opponent of the same level would be crushed by it without any chance of winning.

“We won!”

The immeasurable divine ancestor sneered and said disdainfully, “This kid is really weak and stupid! Brother Yuan Dao, I’m sure that our sons won’t die in the hands of such a pitiful weakling!”

Obviously, the origin Dao divine ancestor and the infinite divine ancestor were very confident in the Saint burial blood saber.

Chen Xiaobei did not use any of his trump cards.

Therefore, in the eyes of the origin Dao divine ancestor and the infinite divine ancestor, this battle had lost all suspense. Chen Xiaobei would definitely lose and die!

“Woof!”

The next moment, the dark red blade Qi, supported by countless blood-red Dragons, came down on Chen Xiaobei’s head.

This terrifying power was enough to kill an ordinary peak two-star divine ancestor!

However, the origin Dao divine ancestor and infinite divine ancestor were completely stunned!

They had thought that this slash would not only turn Chen Xiaobei into dust, but it would also destroy the entire domain! Destruction!

However, at this moment, they saw the dark red saber Qi and countless Blood Dragons being forcibly offset by some kind of terrifying defensive power and quickly dissipating!

Not only was Chen Xiaobei safe, but the entire region was also safe!

In the end, the dark red power and the countless Blood Dragons all dissipated into nothing, perfectly defended!

Chen Xiaobei, on the other hand, was standing where he was. Not only was he uninjured, he did not even move an inch!

how ... How is this possible?!

The origin Dao divine ancestor and infinite divine ancestor were dumbfounded. Their eyes were as big as a bull's, and their jaws were about to pop out.

Horror! Astonishment! He was stunned! It was unbelievable to the extreme!

He really didn't dare to imagine in his dreams how such a situation could happen!

This result was really too face smacking and too ironic!

Just a moment ago, they were still full of confidence, mocking Chen Xiaobei for his stupidity and underestimating his enemy, thinking that Chen Xiaobei would definitely lose!

And the result was that Chen Xiaobei was safe and sound!

They had thought that Chen Xiaobei had underestimated his enemy, but in reality, they had underestimated Chen Xiaobei again!

It was clear who was the real fool!

This face slap was simply too loud!

what's going on???"

The faces of the origin Dao divine ancestor and the infinite divine ancestor turned red and green. They could not figure out how Chen Xiaobei was able to escape unscathed.

[Red Envelope Group of the Three Realms](#)

Chapter 4513: Information spread!

4513 Information spread!

One had to admit that the Saint burial blood transformation saber was extremely powerful. If an ordinary peak two-star ancestral Saint were to stand here, they would have long become a ghost under the saber.

The reason why Chen Xiaobei was safe and sound was all thanks to the Holy Emperor of ten thousand DAOs armor.

Unparalleled quality could achieve absolute invincibility among those of the same grade!

Furthermore, this invincibility of the same level was not the same in terms of minor cultivation levels, but the same in terms of major cultivation levels!

In other words, unless the opponent was a realm higher than the armor, they would not be able to break through its defense and hurt Chen Xiaobei!

“It’s over ... It’s all over ...”

At this point, the origin Dao divine ancestor and the infinite divine ancestor both let out their most desperate wails.

Originally, if they had run away at the first moment, they might have had a chance of survival.

However, at this moment, because of the confrontation just now, they had been delayed for a long time. Their Saint origin power and spiritual power had been burned out rapidly, and they were already at the end of their lives.

Even if they wanted to escape now, they would not be able to escape from Chen Xiaobei.

They wouldn’t even be able to escape far before they collapsed and fainted.

“We can’t escape! Quickly send the information back! Let the family take revenge for me!”

Divine ancestor immeasurable shouted hysterically.

Obviously, they had been forced into a dead end. This was their last resort. Even if they were to die, they had to drag Chen Xiaobei down with them!

“Don’t even think about it!”

Chen Xiaobei charged forward and snatched the report from the origin Dao divine ancestor’s hands.

“Whoosh ...”

In an instant, all the records were completely shattered by a wave of Saint Origin Energy.

Chen Xiaobei ... You’re really amazing. It’s a pity that I’ve already sent out the information!

The origin Dao divine ancestor was very weak now.

As soon as he finished speaking, his spiritual power was completely exhausted, and he fell into a coma.

“Uh ...”

At the same time, divine ancestor Wuliang also fell unconscious.

“The information has already been sent out? This is impossible!”

Chen Xiaobei quickly took away the origin Dao divine ancestor’s communication rune.

Chen Xiaobei's face darkened after he checked.

The origin Dao divine ancestor had really sent the information out.

Of course, he had not just been teleported.

It was because he had already been sent out when he saw the information. In the name of the divine ancestor, he had ordered the entire heavenly sanctuary to search for Chen Xiaobei.

"We can't stay here any longer!"

Chen Xiaobei quickly put the origin Dao divine ancestor, infinite divine ancestor, and the Saint burial blood saber into the chaos Space.

Then, Chen Xiaobei turned invisible and quickly escaped!

The news had already spread, and the battle just now had shocked the entire heavenly sanctuary!

In other words, all the forces in the heavenly sanctuary would know that the origin Dao divine ancestor had a terrifying battle with someone and almost destroyed a large area!

When they thought of the information that the origin divine ancestor had sent out, everyone would know that the person who was fighting the origin divine ancestor was Chen Xiaobei!

This way, the sky-burier Yuan divine clan would find out that the origin Dao divine ancestor had gone missing, and then they would target Chen Xiaobei!

Looking at the current situation, it's only a matter of time before I'm targeted by the sky burial Yuan sacred clan!

I know I'll have to fight them sooner or later, but with my current strength, I'm still far from being able to fight them! Chen Xiaobei said. The information spread this time is an extremely serious threat to me!"

It was obvious that the sky burying Yuan sacred clan was one of the most powerful forces now.

Chen Xiaobei would not be able to defeat any of the three star divine ancestors, let alone the higher-ups in the clan.

"Become stronger! I must continue to become stronger! Otherwise, you'll have to live under the threat of death!"

Chen Xiaobei gritted his teeth and desperately wanted to become stronger.

"Whoosh ..."

Chen Xiaobei entered the chaotic space.

It was obvious that the opportunity to become stronger was right in front of him!

"Woof! Whoosh!"

The first thing Chen Xiaobei did was to take out the two halves of the xuandu divine ancestor's body.

“Whoosh ...”

Then, he took out the Saint burial blood saber.

There were two portions of middle-stage two-star divine ancestor’s energy in this saber.

Chen Xiaobei took out one of them.

“Whoosh ...”

Then, Chen Xiaobei took out the three orbs, burned their energy, and activated the endless great Dao of origin.

Chen Xiaobei followed the method to create the Holy Emperor Mystic resin and started to create the Holy ancestor Mystic resin.

This process was still relatively difficult. After all, the things that had to be derived had incomparable differences in essence. They were on completely different levels.

However, with Chen Xiaobei’s superior intelligence, he quickly found a whole new way!

Drawing inferences from one instance and drawing parallels from the other was Chen Xiaobei’s specialty!

“Whoosh ...”

After a while, the xuandu Saint ancestor’s body was completely refined.

This time, it only produced a red date-sized nine-colored sacred ancestor Mystic resin.

It wasn’t like the Saint Emperor Mystic fat, which could give birth to a number comparable to the lake and ocean.

As the saying goes, concentration is the essence!

If this small ball of sacred ancestor Mystic resin was converted into Sacred Emperor Mystic resin, it could almost drown a large region!

Whoosh ... Whoosh ...

After that, Chen Xiaobei began to refine the Holy ancestor Mystic resin.

As expected, after refining a tiny bit of it, Chen Xiaobei had broken through to the next realm.

He directly reached the early stage of Nine Star divine Emperor!

“Whoosh ...”

Chen Xiaobei was not satisfied and continued to refine.

Soon, he broke through three small realms and reached the peak of Nine Star divine Emperor!

[ding Yingying’s cultivation base is at the peak of nine stars divine Emperor. Lifespan: Five years of the underworld! (Zero points are ignored)

awesome!!!

Chen Xiaobei let out a long breath and said excitedly, "It's truly worthy of being the sacred ancestor black resin. I only refined a little bit and it directly increased my strength by so much! It's so good!"

Chen Xiaobei's cultivation had reached a bottleneck, but the sacred ancestor Mystic resin in his hand did not seem to have been consumed at all.

After all, a peak Nine Star divine Emperor was almost insignificant compared to a middle-stage two star divine ancestor.

next, if I want to break through to the next realm, I won't be able to rely on the sacred ancestor Mystic resin!

I can't! Chen Xiaobei frowned. I have to rely on myself to create my own divine path. Only then can I break through this realm and become a divine ancestor!

Chen Xiaobei's face turned serious.

Without a doubt, it was not easy to comprehend the saintly way.

In fact, it was not something that could be achieved through hard work alone.

It could only be realized if there were some special opportunities and opportunities.

"Now that things have come to this, I can only temporarily stop my cultivation! If I want to become stronger, I have to start from other aspects!"

Chen Xiaobei turned his attention to the storage space of the origin Dao divine ancestor and infinite divine ancestor.

[Red Envelope Group of the Three Realms](#)

Chapter 4514: Ten thousand Saint stones!

4514 Ten thousand Saint stones!

Obviously, the origin Dao divine ancestor and the infinite divine ancestor were both powerful figures with high cultivation. There must be many good things in their storage spaces.

Whoosh ... Whoosh ...

The first thing was energy. In their storage space, they had gathered a total of 30% of the energy of a middle-stage two-star divine ancestor.

To Chen Xiaobei, this was already a great harvest.

With the remaining energy from the Saint burial blood transformation saber, Chen Xiaobei now had three portions of two-star divine ancestor intermediate stage energy.

This would allow Chen Xiaobei to perform a lot of unexpected maneuvers, which was very important.

"Swish!"

Then, Chen Xiaobei found something similar to the Saint-less Blood Shield in the infinite divine ancestor's inventory.

Just like the Saint burial blood transformation saber, it had also reached the middle-stage two-star divine ancestor realm.

Moreover, there were two portions of the middle-stage two star divine ancestor's energy inside the bell. He could use it when necessary.

"Shua shua ... Shua shua ..."

Then, Chen Xiaobei took out a large amount of resources from their inventory.

Medicinal pills, talismans, heavenly materials and earthly treasures ... There were all sorts of things, and there were a lot of them. Their grades were not low either, and it could be considered a huge harvest.

However, to Chen Xiaobei, these things were of no practical use. They were just decorations.

So, Chen Xiaobei did not even think about it before he let the green Treasure devour all the resources.

After that, the green gem produced about twenty drops of Saint pan Jasper dew.

This way, Chen Xiaobei had 23 drops of the Holy plate dew. He kept them carefully, as they would be useful.

In the end, there were only a few things left in the two storage spaces that Chen Xiaobei had decided to keep.

The first item was their race token.

Because the two of them were already elders with extraordinary identities in their respective clans.

Therefore, their tokens were much more advanced than the heavenly Dao's token. If nothing unexpected happened, with their tokens, they could go to places that ordinary people couldn't go to and exercise the rights that ordinary people didn't have.

Then, Chen Xiaobei found a dark red Dragon-shaped oil lamp in the origin Dao divine ancestor's storage space.

Chen Xiaobei was all too familiar with this thing.

This Dragon-shaped oil lamp was a magic weapon used by the heavenly Dao to cast an evil art.

This evil technique was to put someone's primordial spirit into a Dragon-shaped oil lamp, and after refining it, it could greatly increase one's lifespan.

Chen Xiaobei observed that there was no primordial Spirit in the Dark red Dragon-shaped oil lamp.

This meant that as long as there was a bit of essence spirit, the origin Dao divine ancestor would not store it and would refine it directly to increase his lifespan.

From this, it could be seen that an origin Dao divine ancestor's lifespan must be very long, far longer than other experts of the same level.

Chen Xiaobei kept the dark red Dragon-shaped oil lamp for the time being.

This was because the level of this dark red Dragon-shaped oil lamp was far higher than the original Dragon-shaped oil lamp of Tian Dao.

From this, it could be seen that this dark red Dragon-shaped oil lamp could also be upgraded.

Of course, Chen Xiaobei did not plan to upgrade the dark red Dragon-shaped oil lamp. Instead, he had another bold idea!

And that was to swallow this dark red Dragon-shaped oil lamp!

If he could derive a special ability to engulf and seal the primordial spirit, that would also be wonderful!

However, that was just a thought. Chen Xiaobei did not immediately start devouring it, just in case he needed to use the dark red Dragon-shaped oil lamp in the future!

So, Chen Xiaobei decided to keep it for the time being, and when he was sure that he had no use for it, or when he had no choice but to consume it, it would not be too late to consume it!

this ... This is!?

Finally, Chen Xiaobei's eyes fell on a dark stone.

The stone was not very big, and he could not sense any spiritual or special ability from it, but Chen Xiaobei was shocked!

This was because this small black stone was the same as the stone that gave birth to the myriad DAOs Saint Emperor armor!

It could also be called the ten thousand Saint stones!

how can there be a ten thousand Saint stone in the storage space of an origin Dao divine ancestor?!

Chen Xiaobei quickly speculated, " when the sky-burier Yuan sacred clan besieged Lord Ling Kong, did the origin Dao divine ancestor snatch this ten thousand Saint stone from Lord Ling Kong? "

No... No... The ten thousand Saint rock is extremely hard. It's impossible for an origin Dao divine ancestor to separate this small piece!

could it be that this small ten thousand Saint stone was obtained by the origin Dao divine ancestor by chance! "

Chen Xiaobei's eyes lit up at the thought.

One had to know that Saint Emperor Yu was derived from a large ten thousand Saint stone.

In other words, this small ten thousand DAOs Saint stone could also give birth to a new magical treasure. Even if it could not, it would provide Chen Xiaobei with important clues.

Don't forget! One of the information that Chen Xiaobei had obtained from the statue was about the weapon of the ancestor of all Dao!

This weapon was called the ten thousand Dao everlasting mirror!

This mirror had been sealed by the ancestor of all DAOs somewhere in the ancestral sacred region!

Chen Xiaobei did not have a single clue about this!

But now, the small ten thousand Holy Stone in his hand gave Chen Xiaobei hope!

As long as he could find out the origin of this small Saint stone from the origin Dao divine ancestor, he would definitely be able to find some clues!

One had to know that this ten thousand Dao everlasting mirror was this world's strongest weapon, without a doubt!

He was definitely above all the Supreme divine ancestors!

Once Chen Xiaobei had it, he would be invincible!

As long as Chen Xiaobei could activate the power of the ten thousand everlasting mirror, he could destroy the entire sky-burial Yuan sacred clan with a flip of his hand!

He wouldn't have to worry about becoming stronger!

"There's no time to waste! I'll go and find out the origin of this small ten-thousand DAOs Saint stone!"

Chen Xiaobei quickly went to the origin Dao divine ancestor.

The origin Dao divine ancestor and infinite divine ancestor were still unconscious.

"Lotus!"

Chen Xiaobei produced two Crimson Crossing Divine Lotus Imprints and placed them on the Saint souls of the origin Dao divine ancestor and infinite divine ancestor.

Then, Chen Xiaobei took out a mental power recovery pill and stuffed it into the divine ancestor's mouth.

"Uh ..."

As his mind power recovered, the origin Dao divine ancestor also gradually woke up.

"Chen Xiaobei! I'm going to kill him!"

The moment the origin Dao divine ancestor woke up, he saw Chen Xiaobei.

Chen Xiaobei was looking down at the origin Dao divine ancestor, who was lying on the ground.

Out of instinct, the origin Dao divine ancestor's first reaction was to defeat Chen Xiaobei.

However, the origin Dao divine ancestor had only recovered a little bit of his spiritual power. His Saint origin power was still empty and he couldn't attack at all.

"Stop it! You should know about the sacred Red Lotus mark!"

"If you don't want to die, answer every question I have!" If you dare to lie, I only need to move my mind and you will die!"

Red Envelope Group of the Three Realms

Chapter 4515: Shocking discovery!

4515 Shocking discovery!

“This ...”

Of course, the origin Dao divine ancestor knew how powerful the red crossing sacred lotus mark was.

Moreover, he could sense that this mark had left an ineffaceable mark on his Saint Soul with just a thought!

The origin Dao divine ancestor’s excitement was instantly doused by a bucket of cold water.

His expression dimmed, and his eyes were filled with despair.

“What do you want to ask me? Go ahead ... I’ll tell you everything I know ...”

The origin Dao divine ancestor knew that he had become Chen Xiaobei’s lamb for slaughter. If he wanted to live, he had to obey Chen Xiaobei.

“Where did you find this?”

Chen Xiaobei took out the ten thousand Holy Stone and asked.

“This ...”

The origin Dao divine ancestor gasped. His face was dark, and his eyes were wandering. He deliberately avoided Chen Xiaobei’s gaze.

“Don’t hesitate! Answer immediately!”

Chen Xiaobei looked at her and said, “ if I let you say it now, it proves that you still have some value. If I don’t let you say it, it means that your death is here!

“I said! I’ll talk!”

The origin Dao divine ancestor took a deep breath and quickly said, “ “This Black Rock fell from the sky when my son was born! I don’t know where it came from, but I’ve been keeping it ...”

“What!”

Chen Xiaobei was once again shocked, and his eyes were filled with complicated emotions.

The words of the origin Dao divine ancestor reminded Chen Xiaobei of another important message that the statue of the ancestor of all DAOs had conveyed!

The complete version of the Supreme level one word Saint destroyer curse was divided into nine parts by the ancestor of all DAOs and imprinted in the souls of the nine reincarnators!

If the origin Dao divine ancestor wasn’t lying!

This small ten thousand DAOs Saint stone had fallen from the sky when the heavenly Dao was born!

In that case, it was very likely that the heavenly Dao was one of the nine reincarnations of the ancestor of ten thousand DAOs!

In other words, one-ninth of the complete one word Saint destroyer curse was imprinted in the soul of the heavenly Dao's primordial spirit!

Chen Xiaobei gasped at the thought.

Fortunately, Tiandao's soul had been sealed in little Teddy's body.

If Chen Xiaobei had killed the heaven's path primordial spirit, it would have triggered a terrifying mutation and the consequences would have been unimaginable!

One had to know that if Tian Dao was really one of the nine reincarnations of the ancestor of ten thousand DAOs, his primordial spirit and soul would definitely be an undying existence!

Otherwise, the ancestor of all DAOs would never be able to return to the world!

In order to ensure the immortality of the heavenly Dao's primordial spirit and soul, there must be some kind of power protecting him!

If Chen Xiaobei had really wanted to kill the heavenly Dao's primordial spirit, he would have suffered a fatal backlash!

Chen Xiaobei started to plan again, " if the heavenly Dao is really one of the reincarnated reincarnators of the nine ancestors of ten thousand DAOs, then what method should I use to take out the one word killing Holy curse from his soul? "

It was obvious that this was a difficult problem to solve.

This was because even the heavenly Dao himself did not know that he was one of the nine reincarnations of the ancestor of ten thousand DAOs.

In this way, the heavenly Dao would not know that such a powerful cultivation technique was hidden in Ji Ji's primordial spirit and soul. Naturally, it would not be able to take it out.

In this way, this matter would become clueless.

More importantly, Chen Xiaobei was afraid that the power of the ancestor of all DAOs would backfire on him, so he did not dare to do anything reckless.

"Master ... Do you have any other questions?"

The origin Dao divine ancestor looked at Chen Xiaobei, not knowing if Chen Xiaobei was satisfied with his answer or if he would be killed.

"No problem. However, I'm going to take something from you next!"

Chen Xiaobei said.

"Take my things? Didn't you already take my storage space? Is there anything else you can take?"

The origin Dao divine ancestor was stunned.

“There are many things that I can take!”

Chen Xiaobei chuckled and activated his life devouring superpower.

“Whoosh ...”

Then, Chen Xiaobei devoured most of the divine ancestor’s lifespan and converted it into his own.

He probably only left the origin Dao divine ancestor with 100 years of life.

[ding Yingying’s cultivation base is at the peak of nine stars divine Emperor. Lifespan: The year of the netherworld! (Zero points are ignored)

In an instant, Chen Xiaobei’s lifespan had been greatly increased.

Chen Xiaobei had been cultivating hard and devouring a lot of his lifespan, but all he had was five underworld years.

At this moment, the origin Dao divine ancestor had 3000 underworld years of lifespan.

He really wouldn’t know if he didn’t compete.

Of course, a small part of the yuan Dao divine ancestor’s lifespan came from the breakthrough of his cultivation realm. A large part of it came from the lifespan that was converted from the evil technique of refining other people’s primordial spirits.

In comparison, divine ancestor Wuliang’s lifespan would be much shorter.

“Whoosh ...”

Chen Xiaobei cast his special ability again and devoured the infinite divine ancestor’s lifespan, leaving him with only 100 years of life.

[ding Yingying’s cultivation base is at the peak of nine stars divine Emperor. Lifespan: The year of the nether! (Zero points are ignored)

As expected, divine ancestor Wuliang’s lifespan was only 300 underworld years, which was ten times shorter than an origin Dao divine ancestor’s!

“Alright, your life span is now mine. Now, give me your Chrysalis and the Saint Soul world!” Chen Xiaobei said.

“this ... the origin Dao divine ancestor was stunned. He was obviously reluctant.

However, he did not have a choice. Because of the heavenly axiom, he and Chen Xiaobei had become mortal enemies.

Now that her life was in Chen Xiaobei’s hands, she did not dare to refuse.

If they angered Chen Xiaobei, the origin divine ancestor would definitely lose his life.

“Alright ... I’ll give it to you ...”

The origin Dao divine ancestor felt like his flesh was being cut, but he had no choice.

“Whoosh ...”

The next moment, the origin Dao divine ancestor’s Heaven Earth membrane appeared from his body.

His sacred soul world was also wrapped in the heaven Earth embryo membrane.

Saint pan, chaos devour!

Then, without hesitation, Chen Xiaobei activated his special ability and devoured the divine ancestor’s embryo membrane, along with the divine soul world.

Of course, the purpose of devouring the sacred soul macro world was to use the sacred soul’s special ability mark to derive new special abilities. Chen Xiaobei did not digest the entire macro world.

Chen Xiaobei controlled it very well. After the first divine soul’s power and the second divine soul’s power were derived into Chen Xiaobei’s own abilities, he merged the origin Dao divine ancestor’s divine soul world into the northern Mystic Divine soul world.

This way, the level of the North profound sacred soul great world received a prompt that it had reached the middle-stage two-star divine ancestor realm.

At the same time, Chen Xiaobei’s own special ability had also undergone a new change!

[Red Envelope Group of the Three Realms](#)

Chapter 4516: massive improvement!

First of all, the first divine soul special ability in the heaven and earth embryo membrane of the origin Dao divine ancestor was the heart origin special ability, which had reached the peak of two-star divine ancestor.

After devouring, Chen Xiaobei’s heart vitality ability had also reached this level.

This way, Chen Xiaobei’s mental power would be greatly improved.

Originally, Chen Xiaobei would never be able to activate a three-star divine ancestor’s special ability. But now, as long as Chen Xiaobei used up all his mental power, he could activate it once.

To Chen Xiaobei, this was a very, very useful trump card.

As long as he could find the right time to use it, it would be enough to turn the tide and reverse the situation.

Of course, if the timing was not right and he lost consciousness due to the exhaustion of his spiritual power, he would be doomed to die.

Therefore, this trump card had to be used in one strike!

Then, the second soul special ability in the origin Dao sacred ancestor’s sacred soul world was called the technique of longevity!

This ability was special and could greatly reduce the consumption of lifespan!

For example, if Chen Xiaobei used the Saint sunlight cache to speed up the time by one year, he would have to burn one year's worth of lifespan to activate the sunlight cache. During this period of time, Chen Xiaobei's lifespan would also be reduced!

In other words, if Chen Xiaobei sped up his lifespan by one netherworld year, he would have to reduce his own lifespan by two netherworld years!

But now, with the return of longevity spell, Chen Xiaobei would only need to use one percent of his original lifespan!

By the same logic, Chen Xiaobei would only need to use one percent of his original lifespan to activate the nine ancestral Saints transformation!

To put it simply, Chen Xiaobei's current lifespan was 3305 underworld years, but when combined with his special ability, he could unleash the effect of 330500 underworld years!

This was extremely heaven-defying!

For example, with the nine ancestral Saint transformations, Chen Xiaobei could reach the one-star ancestral Saint pseudo-realm almost without any time limit.

He could stay in the two-star divine ancestor realm for a few hours.

He could even step into the pseudo realm of the three-star divine ancestor within ten seconds!

This was a huge improvement for Chen Xiaobei. Once he stepped into the three-star divine ancestor realm, Chen Xiaobei could use his own Saint Qi to cast ten thousand Supreme bloodblades an unlimited number of times!

It could almost obliterate all existences below the four star divine ancestor level! I'll kill as many as they come!

Just thinking about it made him feel great!

More importantly, after Chen Xiaobei had devoured Holy Emperor Mo Sha, his bloodline level had reached five-star divine ancestor level!

In other words, as long as he had enough lifespan, Chen Xiaobei could even enter the pseudo state of a five-star divine ancestor!

It felt so good! Did you!

I didn't expect the origin Dao divine ancestor to have such a mysterious ability. It's so helpful to me!

Naturally, Chen Xiaobei was in a good mood.

At the same time, the origin Dao divine ancestor's divine soul world had also successfully merged into Chen Xiaobei's North Mystic Divine soul world.

In this way, the level of the North profound sacred soul world had directly reached the middle-stage two-star divine ancestor realm.

After filling up all the available spots, the beixuan sacred world would be able to provide Chen Xiaobei with the energy of a two-star divine ancestor mid-stage every day!

To Chen Xiaobei, it was a considerable amount of income!

“Master ... You ... You’re too cruel ...”

At this moment, the origin Dao divine ancestor had been stripped clean. Apart from his own cultivation, there was nothing left.

This made him feel very hopeless. He looked at Chen Xiaobei with eyes full of resentment, like a wife who had been robbed of her chastity.

“I’m ruthless?”

Chen Xiaobei sneered and said, “It’s already my greatest mercy that you’re still alive to speak!”

“I ...”

The origin Dao divine ancestor was at a loss for words. He immediately lowered his head and shut his mouth, not even daring to breathe.

“Woof! Whoosh!”

Then, Chen Xiaobei extracted the divine soul of divine ancestor Wuliang.

First, he would find the holy soul special ability mark and directly devour it.

Since divine ancestor Wuliang didn’t have the embryo membrane of heaven and earth, he only had one Saint Soul ability.

That was the unique ability of the No saint tribe, the silent space.

Chen Xiaobei was all too familiar with this ability.

After devouring, Chen Xiaobei had obtained the same special ability of the same level.

This was the spatial void at the peak of the two-star divine ancestor level.

This special ability was very useful. It could ignore the space wall of the same level, making it convenient for him to spy on information, and it could also penetrate some seals or independent spaces. Most importantly, it could discover some hidden opportunities!

To Chen Xiaobei, this was a super useful ability.

More importantly, Chen Xiaobei’s one-word Holy extermination curse was only a one-star divine ancestor level curse. Even if he used the wordless curse, it would only be able to ignore the spatial walls of two-star divine ancestors and below.

But now, Chen Xiaobei had obtained a higher level of space isolation ability. He could ignore all space walls below the three-star divine ancestor level. It was a huge leap from before!

It felt really good!

After that, Chen Xiaobei merged divine ancestor Wuliang's divine soul macro world into the northern Mystic Divine soul macro world.

Since divine ancestor Wuliang's divine soul world was only a mid-stage two-star divine ancestor, the North profound divine soul world didn't level up.

However, after filling up all the sage positions that could be filled up ...

Every day, the beixuan divine soul realm could provide Chen Xiaobei with two mid-stage two-star divine ancestor's energy.

He was still feeling great!

with my current strength, I can already compete with all my enemies below the four-star divine ancestor level. I think I should be able to get a good result in the martial arts competition of the younger generation!

Chen Xiaobei was in high spirits, full of fighting spirit and energy.

If Chen Xiaobei performed well in the martial arts competition, he might be able to form a relationship with the yuan divine clan and even unite all the forces against the sky-burier Yuan divine clan!

This way, Chen Xiaobei's bold idea could be realized!

At that time, he would be able to defeat the sky burial origin sacred clan and release the Saint pan clan!

Chen Xiaobei was very excited and could not wait for the martial arts competition to start!

"Master, do you also want to participate in the yuan sacred clan's joust for a spouse event?"

The origin Dao divine ancestor swallowed his saliva and said, "I advise you to give up on this idea ..."

"Why?"

Chen Xiaobei asked.

because this Grand martial arts competition is extremely dangerous. With your strength, master, I'm afraid you'll die in the middle level of the ancestral Saint domain!

"Even if you're lucky enough to pass the middle level fight meet, you'll be hunted down by the sky burial Yuan sacred clan and all our allies!" The origin Dao divine ancestor said in a deep voice. I won't rest until I die!"

"What?"

Chen Xiaobei was taken aback. Things were more complicated than he had imagined.

[Red Envelope Group of the Three Realms](#)

Chapter 4517: Su MI's discovery!

4517 Su MI's discovery!

obviously, this martial arts competition is a trap set by the yuan sacred tribe to win over more supporters!

“Anyone who performs well in the Grand martial arts competition will be roped in by the yuan Divine Tribe. The forces behind these people will also become allies of the yuan Divine Tribe!” The yuan Dao divine ancestor said.

“There’s no doubt that the sky burial Yuan sacred clan will not allow such a situation to happen! Therefore, we’ve already made a plan to kill all the young geniuses who have passed the middle-rank competition!”

Obviously, the origin Dao divine ancestor’s analysis sounded very reasonable.

“What’s wrong?” Chen Xiaobei was suspicious. “You should be looking forward to death, right?! Would you be so kind as to tell me the truth?”

“This ...”

The origin Dao divine ancestor was stunned and hurriedly explained, “How would I dare to hope for you to die! If you knew that I was scheming against you, and that you could kill me with a single thought ... I would only die in front of you! Wouldn’t that be shooting yourself in the foot?”

“Hmph! He said it as if it was true! Don’t you realize that there’s a huge contradiction in your words?”

Chen Xiaobei was a smart man, how could he be fooled so easily?

“You keep saying that the sky burial Yuan sacred clan can’t allow the other forces to ally with the yuan sacred clan!” However, if you kill the geniuses of the various forces, isn’t that the same as making a deadly enemy of the various forces? This will only push them closer to the yuan Divine Tribe and form an unbreakable Alliance!”

“This ...”

The origin Dao divine ancestor was stunned and quickly changed his words. “We ... Of course, we won’t do it in public! Instead, he would use some secret methods! Don’t let outsiders find out! They might even have many schemes to frame the yuan sacred tribe for murder! He will make the various forces turn against the yuan Divine Tribe and completely break off relations with them!”

Chen Xiaobei asked, “Then tell me, how are you going to secretly attack? What schemes can we use to shift the blame to the yuan sacred tribe?”

“This ... This ...”

The origin Dao divine ancestor hesitated and finally said, “I’m not sure about that. After all, important decisions are made by the higher-ups, and I can only follow orders at my level!”

“Is that so?”

Chen Xiaobei smiled coldly and did not say anything else.

There was no doubt that Chen Xiaobei could not trust the origin Dao divine ancestor one hundred percent.

If Chen Xiaobei wanted to, he could even look into the divine ancestor’s memory and see what would happen in seven days.

However, Chen Xiaobei did not think that it was necessary for now.

After all, it was only the martial arts competition of the peripheral forces of the ancestral sanctuary seven days later. The participants were not strong, and the forces behind them were not strong either.

The yuan sacred clan and sky-burying Yuan sacred clan would not make any big moves.

At least, they would have to wait until the middle-rank fight meet before both sides would show their true fangs.

As the saying goes, plans don't change as quickly as changes. There was still a long time before the middle-rank fight meet.

If Chen Xiaobei were to spend all his energy on his plan now, it would be a waste of effort if anything unexpected happened.

Therefore, Chen Xiaobei's best option was to wait and see. It would not be too late to plan for the details when the middle-rank fight meet was held.

More importantly, if Chen Xiaobei was exposed too early, it might not be a good thing for the future development.

Finally, Chen Xiaobei took away divine ancestor Wuliang's communication rune and left the chaotic space.

.....

After returning to the real world, Chen Xiaobei was not in a hurry to leave the heavenly sanctuary.

Instead, he used his own communication runes to contact Su mi.

When Chen Xiaobei first came to the heavenly sanctuary, su mi had asked to stay in the earthly sanctuary.

As the disciple of the third core elder of the Saint pan race, su mi seemed to have some clues about the origin of the sky burying Yuan sacred race. Therefore, she decided to stay in the earth sacred region to search for it.

She had been searching for a long time.

What Chen Xiaobei wanted to know was whether su mi had made any progress and whether she needed his help.

After the message was sent out, su mi quickly replied.

Then, he gave Chen Xiaobei a seat and asked him to go there.

.....

Chen Xiaobei stepped through the air and ignored the barrier between the heavenly sanctuary and the earth Sanctuary. In an instant, he arrived at the location su mi had given him.

Xiaobei!!!

The moment Chen Xiaobei arrived, he heard a very pleasant voice calling out to him.

He looked toward the source of the voice and saw a familiar figure.

She had a flawless face, a graceful figure, and a snow-white robe. Her temperament was extraordinary, Holy, elegant, and graceful, but at the same time, she had the charm of a mature woman.

Just by standing there, she was like a beautiful scenery, so beautiful that it could not be compared to anything!

“Sister mi.”

Chen Xiaobei smiled and flew over.

“Don’t be so rude! Call her aunt su!”

Su mi glared at Chen Xiaobei, her eyes full of surprise, “ I haven’t seen you for a while, and your cultivation has improved so much. I can’t even see through your cultivation!

One had to know that when Wang Chen and su mi had parted ways, he had given her some Sacred Emperor Mystic resin. Now, su MI’s cultivation had reached the peak of one star Sacred Emperor.

Even in this state, su mi still could not see through Chen Xiaobei’s cultivation.

This caused su mi to be greatly shocked.

After all, before this, Chen Xiaobei’s cultivation was much lower than su MI’s.

In such a short period of time, he had improved so much that it had far exceeded su MI’s expectations. This caused her to be both shocked and surprised!

“I’m much more powerful than before.” Chen Xiaobei smiled.

“How powerful is he? Have you reached the three star divine Emperor level?” Su mi asked curiously.

“Three-star? It’s almost the same.” Chen Xiaobei chuckled, deliberately keeping her in suspense.

“That’s good!”

Su mi said in a deep voice, “ I’ve been searching around the Earth Holy region for this period of time. I’ve already found an extremely special independent space. However, with my current cultivation, I don’t dare to enter it rashly. You’ve come at the right time!

“Independent space? Is it related to the sky burial Yuan sacred clan?” Chen Xiaobei asked.

“Related!”

Su mi said in a deep voice, “ there is also a Supreme Saint ancestor in the sky burying Yuan sacred clan. His weapon is called the Saint burying saber! The aura of the Saint burial saber is around this independent space!”

“I’m certain that the Supreme divine ancestor of the sky-burying Yuan sacred clan won’t stay in the earth Saint domain. Therefore, that independent space should be where Saint blade zang was! It’s probably the birthplace of the legendary sky burying Yuan sacred clan!”

hmm, that makes sense ... Chen Xiaobei nodded in agreement.

“Then let’s go now!” Even if that place isn’t the birthplace of the sky-burying Yuan sacred clan, it must be closely related to them and is worth exploring!”

“Good! Come with me!” Su mi nodded her head and immediately went up to lead the way.

Red Envelope Group of the Three Realms

Chapter 4518: intentions!

After that, the two of them entered a vast mountain.

This mountain was very special.

It was extremely huge, even comparable to a super-large main city.

However, there was no saint Qi in this mountain, so no one was willing to live in the mountain. Even ordinary demonic beasts would not set foot in it.

After all, this was a world where the strong preyed on the weak. Only by constantly cultivating and becoming stronger could one live longer.

It was easy to imagine that no one would be willing to stay on a mountain without Saint Origin Energy for long.

It was also because of this that if there were any great opportunities or secrets hidden in the mountains, they would almost never be discovered by outsiders.

It wasn’t easy for su mi to find this place.

However, having said that, su mi had a core third elder of the Saint pan race as her master. She definitely had some special methods or special information.

Based on Chen Xiaobei’s initial understanding of the ancestral sanctuary, the third core elder of the Saint pan clan was at least a Nine Star divine ancestor. He was an extremely powerful and terrifying existence.

Of course, the third core elder of the Saint pan clan wasn’t free.

When the Saint pan race was defeated, he had already been sealed in the embryo membrane of the heaven and earth of a core upper echelon of the sky burying Yuan sacred race. Through some special methods, he could only occasionally contact Su mi.

Hence, all the missions outside could only be carried out by su mi.

Luckily, su mi was very smart, and she had met Chen Xiaobei early on, so her cultivation level had increased greatly.

In the earth Holy region, no one could threaten her safety. The sky was high and the sea was wide, so she could come and go as she pleased.

Whoosh ... Whoosh ...

As the two of them got closer and closer to the core of the mountain, a series of strange energy fluctuations shuttled through space like the mountain wind.

Yin fiend! Bloodthirsty! Brutal! A terrible history! It was like the breath of the Grim Reaper from hell, ending all life in its path!

this is the aura of Saint burial!

Su Mi's brows furrowed and she said in a deep voice, " this aura is very strange. If I'm not careful, even my state of mind will be shaken. This is also an important reason why I don't dare to go deep!

The Saint burial knife was the weapon of sky burial's Supreme Saint ancestor, and it had reached the level of a Supreme Saint ancestor.

Even if Saint burial blade's original body wasn't here, just the aura he left behind was enough to intimidate a one star divine Emperor like su mi.

Hence, su mi still had to be careful. If she advanced rashly and her mental state collapsed, her life would be in danger.

This might also be the main reason why the secret had never been spread!

Countless years had passed, and there would more or less be people who would step foot on this mountain.

However, this was only the earth Saint domain and most of the people here were only at the Saint King or Saint realm. They were much weaker than su mi.

It could be seen that anyone who approached the core of the mountain and wanted to pry into the secret had basically died in the mountain because of a mental breakdown, and would never be able to spread the secret.

"If I'm not mistaken, this should be the origin of the sky burying Yuan sacred clan!"

Chen Xiaobei said, " "The aura of Saint burial knife must have been deliberately left behind by the Supreme divine ancestor to guard the origin of his race! It's obvious that there must be something important hidden there!"

"That's right!"

Su mi nodded her head heavily and impatiently said, " "If you can handle it, we'll go in and see what's going on!"

"I'm alright." Chen Xiaobei smiled.

Chen Xiaobei had never been afraid of anyone in terms of state of mind.

"That's good! Let's continue deeper!"

As su mi walked, she said, "I've never been to the area in front of us personally, but I can sense that there's an independent space there!" It's up to you whether you can enter or not!"

"No problem! Follow me! With me here, you'll be safe and sound!"

Chen Xiaobei was very confident. He walked in front of su mi and shielded her from the wind and rain.

Whoosh ... Whoosh ... Whoosh ...

As expected, the closer he got to the core of the mountain, the more terrifying the blade Qi became.

From time to time, he could see some pale skeletons in the surroundings. Clearly, they were people who had died here a long time ago.

At the same time, su MI's state of mind was already suffering from an increasingly terrifying shock.

Luckily, su MI's cultivation was much stronger than the dead people on the ground and she could barely hold on for a while.

However, if they continued to go deeper, even su mi might not be able to hold on.

"Swish!"

Chen Xiaobei thought for a moment and took out the Saint burial blood saber.

"Whoosh ..."

As Chen Xiaobei injected his Saint Qi into the blade, an aura similar to that of the Saint burial blade was emitted.

One had to know that the core of the Saint burial blood saber was a wisp of its original true spirit.

In an instant, the origins of the two auras formed a perfect fit and resonated from the same source, greatly eliminating the hostility.

After all, the aura of Saint burial saber was used to defend against outsiders. It was not necessary for his own people.

"Whoosh ..."

As expected, the aura of the Saint burial blood saber dissipated as soon as it was used.

"Phew ..."

Su mi let out a long breath and felt much more comfortable.

But then, su MI's beautiful eyes were fixed on the Saint burial blood saber in Chen Xiaobei's hand.

"Why do you have a weapon from the sky burying Yuan sacred clan!" he asked solemnly. And its level is also very high, I can't see through it at all!"

"Do you still need to ask? Of course, I snatched it from the enemy." Chen Xiaobei smiled.

you fought with the sky burying Yuan sacred clan!" "You're not injured, are you?" su mi instantly became nervous.

"No, I didn't," "You seem to care a lot about me," Chen Xiaobei said with a smile.

"Nonsense! Of course I care about you!"

Su Mi's beautiful eyes widened and she said in a serious tone, "You are a reincarnator of Pangu! You carry the hope of the entire Saint pan clan!"

if anything happens to you, the next reincarnator of Pangu may only appear in another trillion years!

the point is, the new reincarnator of Pangu will not be as outstanding as you, and will not be able to achieve what you have achieved today!

at that time, the sky burial Yuan Sage clan will only become stronger. The hope of saving the Saint pan clan will be completely destroyed!

Su mi was very serious. She cared about Chen Xiaobei more than she cared about herself.

"Pfft ..."

"Sister mi, I'm going to get proud if you praise me like that!" Chen Xiaobei said, amused.

"I'm just telling the truth."

Su mi said in a deep voice, "before you, there were many Pangu's reincarnators, but most of them were killed when they were still in their budding stages!" Your previous reincarnator's performance was already the best, but he still died at the hands of the heavenly Dao ..."

"In comparison, you've already achieved a major breakthrough! So, you must protect yourself well! I will protect you at all costs, even if I have to give up my life!"

Chen Xiaobei was touched and touched.

"I know what you're thinking. Calm down, we'll enter that independent space now!"

[Red Envelope Group of the Three Realms](#)

Chapter 4519: A real dog!

4519 A real dog!

Due to the appearance of the Saint burial blood transformation saber, the aura of the Saint burial saber in the surroundings had greatly reduced its influence on su mi.

As a result, the speed of the two's advance was greatly accelerated.

In just a few seconds, he had reached the core of the mountain.

Sure enough, there was a dark red space gate there. After passing through the gate, one would enter a special independent space.

However, it wasn't as easy as he had imagined to pass through this door.

Whoosh ... Whoosh ... Whoosh ...

The air around the space gate was thick with the aura of Saint burial.

Because the aura was too thick and had been around for countless years, it had already taken on a physical form.

It was like a dark red smoke, spreading throughout the entire space.

More importantly, the dark red aura around the space gate had already condensed into a Special Dark red rune.

Countless runes interwove and combined, forming a huge array.

It was obvious that he had to deal with the formation formed by the Saint burial blade's aura first before he could pass through the space gate.

"This is a little troublesome ..."

this formation is at the level of a three-star divine ancestor. I might be able to break through it by force, but I might alert the sky-burial sacred clan. I'm afraid we won't be able to escape then!

"What? Three-star divine ancestor level? I didn't hear it wrong, right?" Su MI's beautiful eyes widened and her face turned pale. She simply could not believe her ears.

When they first met, su mi had thought that Chen Xiaobei was a three star divine Emperor.

But now, Chen Xiaobei could sense the exact level of the three star divine ancestor level formation, and he even had the ability to break it!

This was extremely terrifying!

Su MI's pupils shrank and her eyes trembled. She looked at Chen Xiaobei as if she was looking at a monster, a demon!

"Xiaobei! Did you make a mistake?"

Su mi swallowed her saliva and pursed her pink lips before saying, "Is this array a three star divine Emperor level one?"

"I didn't say it wrong! It's indeed a three-star divine ancestor!" Why don't you think about what level the Saint-burying saber is at? Saint emperors are not even ants in front of the Saint burial blade. At most, they're dust!"

this ... su mi was completely stunned. Her mouth was half-open and her eyes were empty. Her three views instantly shattered and she even started to doubt her life!

She had thought that Chen Xiaobei's advancement to three star divine Emperor was already a huge improvement.

He could not believe that Chen Xiaobei had already reached the level of a three-star divine ancestor!

At that moment, su mi could not think of any words to describe Chen Xiaobei's sudden surge in power!

It was simply shocking to the deepest part of his soul!

"Pfft ..."

Looking at the dazed su mi, Chen Xiaobei could not help but laugh, "Sister mi, you're too cute ..."

Su mi was stunned and her face instantly turned red.

Embarrassed and annoyed, he rebuked, "you little rascal!" You're toying with me on purpose! Look at how I'm making a fool of myself! You're really too evil! Bad guy!"

As she said that, su mi used her tender hands to hit Chen Xiaobei a few times.

No matter how he looked at it, she looked like a little wife who was acting coquettishly!

After playing around for a while ...

Su mi calmed down and said seriously, "As I said just now, you are the most excellent reincarnator of Pangu! You really didn't let me down! In such a short time, he could shake the three-star divine ancestor! As long as you continue to develop steadily, the release of the Saint pan clan will be in the near future!"

"There it is!"

Chen Xiaobei's eyes suddenly lit up.

"What do you mean? What did you find?"

Su mi was dumbfounded. She did not understand what Chen Xiaobei meant.

"Of course there's a way!"

I've already figured out how to get through this portal! Chen Xiaobei said excitedly.

"Really? You ... You're too smart ..."

Su MI's expression froze and she had an expression of disbelief.

Just now, she and Wang Chen had been laughing and playing, and she had not thought about how to pass through the space gate.

However, while they were still laughing and joking, Wang Chen could think of a way.

When the two were compared, Wang Chen's intelligence was instantly highlighted. At the very least, su mi was very impressed.

"Swish!"

Then, Chen Xiaobei released the origin Dao divine ancestor from the chaotic space.

"Master ..."

The origin Dao divine ancestor bowed to Chen Xiaobei.

"Who is this person?"

Su MI's eyes widened. She still couldn't see through the origin Dao divine ancestor's cultivation, but her instincts told her that this person was extremely strong.

And such a powerful person was actually calling Chen Xiaobei master.

This made su mi feel even more shocked and surprised, and she didn't dare to believe it.

“He’s the Father of the heavenly Dao.”

of course not! Chen Xiaobei smiled. but now, he’s already my Lackey!

“What?”

When su mi heard that, she was instantly dumbfounded. She was so shocked that she was stunned.

Su mi already knew that Chen Xiaobei’s biggest enemy was the heavenly Dao! Su mi also knew that many of Pangu’s reincarnators had died in the hands of the heavenly Dao!

And at this moment! Chen Xiaobei had taken in the tendo’s father as his loyal dog!

This result had an indescribable impact on su MI’s heart. It crushed her three views of the world into dust and made her wonder if she was dreaming! An impossible daydream!

even the heavenly Dao’s father has been subdued by you ... Then, what about the heavenly Dao? ”

Su mi swallowed her saliva and asked curiously.

“The heavenly Dao?”

“He’s a real dog now!” Chen Xiaobei laughed.

a ... A real dog?!

Su mi was dumbfounded. She could not imagine what Chen Xiaobei had done to the heavenly axiom.

“Don’t ask, it’s not for children!”

Chen smiled evilly but did not explain further.

“Children? You’re the R-18!”

Su mi glared at Chen Xiaobei and said, ” it’s fine if you don’t want to say it. As long as the heavenly Dao has been taken care of, it can be considered as getting rid of a major threat!

“Yes.”

Chen Xiaobei nodded, then looked at the origin Dao divine ancestor and said, ” “You can go over and see if you can remove the array around the space gate!”

“Yes, sir ...”

The origin Dao divine ancestor nodded and walked over. His expression became very, very complicated.

He could not help but ask, ”master, what is this place?” Why is this space filled with the aura of Saint burial?”

“You don’t know what this place is?” Both Chen Xiaobei and su mi had a strange expression on their faces.

However, it was not strange when he thought about it.

If this was really the origin of the sky burial Yuan Sage clan, the yuan Dao divine ancestor might not have been born at that time. When he was born, he was already in the ancestral divine region, so he did not know about this place at all.

I don't know ... the origin Dao divine ancestor shook his head and said, " however, I have some special insights ...

[Red Envelope Group of the Three Realms](#)

Chapter 4520: tricked?

"What comprehension?"

Chen Xiaobei quickly asked.

"I can vaguely feel that this formation is very familiar. If I'm not wrong, I should be able to control it."

As the origin Dao divine ancestor spoke, he slowly activated his Saint origin power and injected it into the runes of the array in a specific order.

"Whoosh ..."

Then, a strong spiritual fluctuation burst out.

At that moment, the origin Dao divine ancestor seemed to form a spiritual connection with this array and became its master.

"Great, the formation is under control!"

"That way, we can go in directly, right?" su mi was instantly overjoyed and said excitedly.

"No! Only I can go in! Hahaha ..."

However, at this moment, the origin Dao divine ancestor laughed smugly and directly flashed through the space gate.

"You're looking for death!"

Chen Xiaobei quickly activated the red crossing divine linking art.

However, the space law of this independent space had already exceeded Chen Xiaobei's special ability level.

Chen Xiaobei could not ignore the dimension wall. Naturally, Sage Chidu's ability could not kill the origin Dao divine ancestor who was hiding in the dimension.

"We ... We've been tricked!"

Su MI's smile froze and what replaced it was a deep sense of disappointment and sadness.

"Scheme against me? He's still a little too inexperienced!"

Chen Xiaobei's eyes were as dark as the stars in the night sky, reflecting a cold light.

No one dared to look directly at that sharp gaze.

Chen Xiaobei was clearly enraged.

“Clang!!!”

In the next moment, he drew the chaos Blood Sword.

Chen Xiaobei held the sword in one hand, and in an instant, the pressure of his aura rose, enveloping the entire world.

The wind blew and the clouds churned in the sky. The earth trembled slightly, the void was torn, and the laws were distorted.

It was as if the entire holy ground realm was about to be crushed and destroyed by Chen Xiaobei’s terrifying aura!

“It’s ... It’s terrifying ...”

Su mi sucked in a breath of cold air and her pretty face turned pale.

Even if Chen Xiaobei’s pressure was not directed at her, it was enough to make her uneasy, her heart beat wildly, and even her breathing became difficult.

Chen Xiaobei’s cultivation was at the pinnacle of the Holy Emperor realm!

As long as Chen Xiaobei wanted to, he could distort all the laws of the holy ground realm and destroy this world!

Right now, in su MI’s eyes, she was as small as a speck of dust. The difference between her and Chen Xiaobei was so huge that it was impossible to measure. They were not even on the same level!

“Stand behind me!”

let’s go! Chen Xiaobei reminded as he slowly raised the chaos Blood Sword.

Chen Xiaobei’s aura was already terrifying, and so was the chaos Blood Sword.

In addition, Chen Xiaobei and the chaos Blood Sword had achieved a special effect of life-link and special ability exchange.

This caused the pressure of the two to complement each other and increase each other’s strength. Then, they merged into one and produced an unprecedented, terrifying pressure!

“Hiss ...”

Su mi sucked in a breath of cold air once again. Her heart was already trembling intensely and she even felt as if all her strength had been sucked out of her body. Her legs felt as if they were frozen and even moving half a step was extremely difficult!

Su mi used up all her strength to move behind Chen Xiaobei.

Xiaobei ... Are you ... Are you going to break this formation by force?!

Su mi said worriedly, " did you forget that you said it yourself just now? if we forcefully break the array, we might attract the attention of the sky burying Yuan sacred clan ... If an expert above three star divine ancestor comes, aren't we just seeking death?!"

"You're right, forcefully attacking the array might alert the enemy ..."

Chen Xiaobei's eyes were cold as ice. however, we know nothing about the situation in the independent space. If the yuan Dao divine ancestor can contact the sky burial Yuan sacred clan, we will still die!

It was obvious that this independent space had been left behind by the sky burial Yuan sacred clan.

There must be something useful to the clan in this space. Otherwise, there would be no need to keep it, and there would be no need to use a three star divine ancestor level formation to guard it.

These things that could help his people were the potential threats that Chen Xiaobei had to consider.

If the origin Dao divine ancestor received help, a hint, or contacted the higher-ups of the sky-burier Yuan divine clan, it would not be good for Chen Xiaobei.

Therefore, the longer they stayed outside, the more variables there would be.

That was why Chen Xiaobei decided to attack the formation.

He could ignore the pursuers behind him for now, but he had to settle the variables in front of him first. Otherwise, the danger would only multiply and he would fall into a dead end with enemies from both sides!

10000 DAOs-Supreme bloodblade!!!

Chen Xiaobei had thought of everything. Without hesitation, he swung his sword.

In an instant, the energy stored in the chaos great void was burned out in one breath, and the chaos Blood sword's strongest power burst out.

Although this power was at the level of a peak two-star divine ancestor!

However, the chaos Blood Sword was already of supreme quality and could surpass realms to crush and win!

"Woof!"

As the blade of the sword streaked across, the sky was instantly filled with a blood-red light, and the pressure was unparalleled!

Everything in the surroundings turned blood red.

Furthermore, there were violent surging Thunder runes, dragon runes, void runes, nomological runes, and chaos runes!

It was the same for every blade of grass, every tree, every grain of sand, and every stone!

Then, the sky, the clouds, the mountains, and the earth were all the same!

It was as if the Holy Light of chaos had illuminated the entire world!

The sword was everything! Everything was like a sword!

“Whoosh ...”

In an instant, the aura of the Saint burial blade was scattered by the sword Qi and disappeared.

“BOOM!”

Then, the blade of the sword, carrying supreme power, slashed at the array.

The sound of objects breaking could be heard. The dark red runes were like broken glass, breaking one after another and turning into pieces. Then, they disappeared.

Without any suspense, the three-star divine ancestor level array was directly broken.

too ... Too powerful ... Is ... Is this the power of the three star divine ancestor ...

At that moment, su mi was already dumbfounded. Her scalp was numb and her pupils contracted as she trembled violently. Cold sweat had already covered her forehead and her back was cold. Even her breathing and heartbeat had stopped in that instant.

In su MI's eyes, this sword was enough to turn the entire earth Saint region into ruins.

It was truly terrifying!

“Calm down, let's go in!”

Chen Xiaobei reached out and held su MI's soft and slender hand. Then, they walked through the space gate.

Then, the two of them entered the independent space behind the door.

For a moment, the two of them couldn't help frowning slightly, their faces revealing a puzzled expression.

Su MI's first reaction to everything she saw was suspicion, “This ... This is the birthplace of the sky-burial Yuan sacred clan? That's ... That's impossible ...”
