Chapter 4591: Uninvited guest!

4591 Uninvited guest!

If Chen Xiaobei had retreated earlier, he would not have to face this danger!

But if he really did run away, he would not be Chen Xiaobei!

Staying behind might really not be a smart move!

But it wasn't completely without gains!

Even though mie xuanling was unconscious in Chen Xiaobei's arms, her hands were subconsciously gripping tightly onto Chen Xiaobei's clothes. She was full of strong dependence!

There was no doubt that the moment mie xuanling decided to turn around and run toward Chen Xiaobei, she had already opened up her heart to him!

Mie xuanling had already regarded Chen Xiaobei as one of her own. From now on, she would trust Chen Xiaobei one hundred percent and form a sincere alliance with him. Even if they were to face a life-and-death situation, she would not leave Chen Xiaobei behind!

This result was the best reward for Chen Xiaobei!

Chen Xiaobei's character may look stupid, but it could be exchanged for an equally sincere and heavy friendship!

Although it was a burden now, it would be a huge help in the future!

"Swish!"

Without hesitation, Chen Xiaobei held onto mie xuanling and ran into the portal.

"Idiot! Do you think you can escape?"

Sacred ancestor xuanzhao was full of confidence as he continued to attack!

A giant golden spiral battle spear could still kill Chen Xiaobei if it went through the portal!

"BOOM!"

However, in the next moment, sacred ancestor xuanzhao was slapped in the face!

The golden spiral battle spear shattered into pieces the moment it touched the space gate. It did not pierce through the space and kill Chen Xiaobei like xuanzhao's divine ancestor had expected!

how ... How did this happen?!

Sacred ancestor xuanzhao was dumbfounded. with my power, even if I can't penetrate the space gate, I should be able to break it ... How did it end like this?!

It was obvious that divine ancestor xuanzhao's cultivation had reached the mid-stage of Nine Star divine ancestor, and he could easily shatter spatial laws of a lower level!

However, at this moment, not only did sacred ancestor xuanzhao's power not damage the green space gate at all, but it even shattered on its own!

This meant that the level of the spatial laws in this green space gate was far higher than the xuanzhao Saint ancestor's cultivation!

This was very terrifying!

Saint ancestor xuanzhao was stunned for a long time before he gathered his courage and walked over to try to pass through the space gate!

"Bang!"

However, as soon as sacred ancestor xuanzhao touched the space gate, he was sent flying thousands of meters away by a huge force. He couldn't enter at all!

how ... How is this possible?!

Saint ancestor xuanzhao's face was filled with shock as he swallowed."Could it be that this space gate was left behind by the Supreme divine ancestor Saint pan? Wouldn't there be Supreme sacred ancestor level opportunities in these ruins?"

Thinking of this, sacred ancestor xuanzhao's eyes widened, and his pupils contracted uncontrollably. His entire face twisted as if he had eaten a cart full of shit. He was so depressed that he felt like his soul had been crushed!

If it had been a low-level opportunity, sacred ancestor xuanzhao would not have been so depressed!

But this was a Supreme sacred ancestor-level opportunity!

This was definitely a great opportunity that could change his fate! It was even possible that he would rise to the ranks of the Supreme divine ancestors!

In fact, it wasn't just Saint ancestor xuanzhao. Even the nine Supreme Saint ancestors would dream of such an opportunity!

Just a moment ago, Saint ancestor xuanzhao had clearly been very, very close to this opportunity. He had been just one step away from it!

However, after Chen Xiaobei's series of actions, xuanzhao's divine ancestor was shut out!

He felt like a cooked duck had flown away. He was really depressed!

Saint ancestor xuanzhao even felt like vomiting blood. His mental state was about to collapse!

"Hu ... Hu ... Hu ..."

After taking a deep breath, he forced himself to calm down and stop thinking about the opportunity.

"Although this old man missed this opportunity, I did not gain nothing!"

Saint ancestor xuanzhao's eyes narrowed. at least, I'm sure that the North Mystic Divine ancestor really knows how to use the legendary one word Saint-Killing Curse!

now, I have two choices. One is to wait here for the North Mystic Divine ancestor to come out and capture him. Then, I'll pry into his memories and enjoy the one-word Saint-slaying curse for myself!

the second is to report to the Lord and ask him to break through the seal of the space gate. Then, we can capture the North Mystic Divine ancestor and offer the one word Saint-Killing Curse to the Lord in exchange for great credit!

For a moment, sacred ancestor xuanzhao began to think of a plan.

The first option was that Saint ancestor xuanzhao had the chance to take the one-word Saint destroyer curse for himself. However, the risk was that he did not know when Chen Xiaobei would come out. Can you still come out?

The second option was that Saint ancestor xuanzhao wouldn't be able to obtain the one-word Saint destroyer curse, but he would be able to exchange it for a huge contribution! He would receive huge rewards and great promotion!

It was obvious that Saint ancestor xuanzhao wanted to have one word of the Saint destroyer curse for himself!

However, the risk of the first choice was not something that xuanzhao could bear!

If Chen Xiaobei died in the ruins, or if Chen Xiaobei left through another exit, xuanzhao's Saint ancestor would have to say goodbye to the one word Saint-Killing Curse, and he would not be able to receive any rewards or promotion from his master!

"Forget it, I'll inform my Lord to come over ..."

In the end, Saint ancestor xuanzhao made a safe choice. At the very least, this would guarantee some practical benefits and not end up with nothing!

After that, Saint ancestor xuanzhao used a communication rune to contact his master!

"Swish ..."

Soon, a dark crack appeared in the void.

A figure walked out.

It was a young woman with green eyes.

She was very good-looking and had a great figure. She would be a top goddess no matter where she was.

She was wearing a set of metal armor that was burning with a dark blue flame.

He was valiant, cold, and domineering.

There was no mistake!

This woman was the great elder of the Western core Elder Council of the sky burial Yuan sacred clan!

Saint ancestor netherjade!

how ... How could it be you?!

Saint ancestor xuanzhao's expression changed.

From his reaction, he could tell that he wasn't his master.

Thus, Saint ancestor Abyssus 'sudden appearance was very strange, and it made Saint ancestor xuanzhao nervous!

"I also want to ask, what are you doing here?"

Saint ancestor Abyssus looked at Saint ancestor xuanzhao coldly and said in a domineering tone.

This showed that Saint ancestor abyssal's cultivation must be far above Saint ancestor xuanzhao's.

"I ... I ..."

Saint ancestor xuanzhao hesitated.

Chen Xiaobei and the one-word Holy extermination curse must not be mentioned, so he had to come up with a reasonable explanation.

Chapter 4592: Dark gold Qi flame!

4592 Dark gold Qi flame!

"There must be something fishy about hemming and hawing!"

Saint ancestor Abyssus 'eyes narrowed, and they exuded a wise light that seemed to be able to see through everything.

"No... No!"

Saint ancestor xuanzhao swallowed and said, "I came here by chance and accidentally ... Accidentally opened this space gate!"

It was obvious that the space gate behind him couldn't be hidden, so he could only spout nonsense.

"You?"

Saint ancestor abyssal green looked disdainful. "I'll tell you the truth! We had already discovered this ruin when we exterminated the sacred pan clan! Even our race's Supreme Saint ancestor was unable to open it! You think you're worthy?"

this ... sacred ancestor xuanzhao was dumbfounded and speechless.

At the same time, Saint ancestor xuanzhao also understood why Saint ancestor abyssal had suddenly appeared here!

That was because, although the sky burial Yuan sacred clan could not open the ruins, they had never given up on it and had been monitoring it in secret.

The battle between the two nine-star divine ancestors had stirred up a huge commotion, which naturally alerted the sky burial Yuan sacred clan.

This was why the netherjade Saint ancestor had suddenly appeared here!

“I advise you to tell the truth immediately. Otherwise, I don’t mind pulling out your soul and forcefully prying into your memories!”

Saint ancestor dark Green’s tone was cold and overbearing.

In this world, the strong were respected and strength was Supreme. Whoever had the tougher fist would have the absolute right to speak.

“Don’t! Don’t! Let’s have a good talk! There was no need to make a move! It’s not that bad ...”

Saint ancestor xuanzhao had been arrogant and domineering just a moment ago, but now he was terrified. His tone was low and his posture was humble, like an old eunuch.

“Why not?”

“Don’t think I don’t know that your profound Sage Tribe wants to form an alliance with the Saint extermination tribe!” Saint ancestor abyssal said coldly. And you will be the person in charge of this Alliance! The Saint extermination clan is the mortal enemy of my clan! In other words, your profound sacred clan will soon become the mortal enemy of my clan! It’s only natural for me to kill you! It might even be a great contribution!”

“This ... This, this, this ...”

Saint ancestor xuanzhao panicked and quickly said, “To be honest! Forming an alliance with the Holy extermination clan is the idea of the upper echelons of the profound Divine Tribe, and I’ve always been strongly opposed to it! Moreover, the master I’m truly loyal to is someone else!”

“My Lord?” Saint ancestor abyssal green was a little surprised, but her eyes were still full of doubt.

Swoosh ... Swoosh Swoosh ...

At this moment, the void cracked, and a black shadow emerged.

This black shadow was in human form, and his entire body was covered in a dark golden flame. He was like a man on Fire, and his face and expression could not be seen.

However, at this moment, the Golden Crow did not do anything. He did not even show any emotion. Just by standing there, he exploded with a terrifying and peerless pressure!

“Hiss ...”

Even someone as strong as Saint ancestor abyssal green couldn’t help but gasp. Her face turned pale, and her heart beat wildly. She felt like she was about to suffocate. It was extremely depressing and uncomfortable!

Without a doubt, this was the pressure of a Supreme holy ancestor!

Who are you?!

Saint ancestor abyssal green immediately became alert. His eyes were filled with fear and confusion.

That was because there were only ten Supreme Holy ancestors in the world!

However, the aura that the Golden Black fire man was giving off was completely different from that of the ten sacred ancestors!

Because of this, holy ancestor abyssal Jade was very surprised. He didn't know when the eleventh Supreme holy ancestor had appeared in this world.

This was simply unbelievable!

Once the news got out, the entire ancestral Divine Domain would be in an uproar!

"My Lord!"

At the same time, Saint ancestor xuanzhao immediately knelt down and saluted with utmost respect.

"What? This ... This is your master?"

Saint ancestor netherjade was shocked again.

If the pressure of the aura was not enough to determine the cultivation level of the Golden Crow, then the fact that holy ancestor xuanzhao was kneeling on the ground and acknowledging him as his master was enough to prove it!

After all, the profound Sage Tribe was the top-ranked divine ancestor tribe, and the xuanzhao divine ancestor's status in the tribe was also very high. Logically speaking, there was no need for him to submit to someone else!

From this, it could be seen that the reason why divine ancestor xuanzhao had turned to this golden fiery man was because this golden fiery man had a terrifying strength that was on par with or even beyond the profound Divine Tribe!

Divine ancestor xuanzhao firmly believed that following the Golden Crow would allow him to obtain more benefits and a better future. This was why he had abandoned the profound Sage Tribe!

From this, one could see how terrifying the strength, Foundation, and potential of the Golden Crow was!

Thinking of this, Saint ancestor abyssal green was even more shocked. He couldn't understand how such a terrifying existence could exist in this world.

"Junior, you can leave. I don't want to kill you."

The Golden Crow stared coldly at the abyssal Jade Saint ancestor. Its tone was extremely indifferent and emotionless, but it exuded an extremely domineering aura.

It was as if he could kill Saint ancestor abyssal Jade with a single thought if he wanted to.

"Junior can't leave!"

Saint ancestor netherjade was terrified, but he didn't retreat."Protecting these ruins was the task the Supreme sacred ancestor of the Saint burial site assigned to me! If junior flees before the battle and returns to the clan, he will be severely punished and suffer a fate worse than death!"

"You're thinking too much. This ruin isn't worthy of my attention!"

The Golden Crow fiery man said in a low voice,"I only want one person from the ruins! Other than this person, I can leave everything in the ruins to you!"

"This ..."

Saint ancestor Abyssus asked in disbelief, "Who is it? To actually receive such high regard from your esteemed self?"

"This isn't something you should be asking!" "You may leave!" The Golden Crow replied solemnly. Otherwise, don't blame me for not giving Saint burial any face! I'll directly exterminate you!"

this ... Saint ancestor abyssal Jade was trembling.

At this moment, she could clearly feel a killing intent that was almost tangible! It was as if countless sharp blades were hanging above his head, ready to cut him into a thousand pieces at any time and destroy his body and soul!

This feeling was extremely terrifying. Even someone as strong as the abyssal Jade Saint ancestor was scared to the bone!

"Yes, sir ..."

He didn't dare to say another word. He stepped into the void and left.

"Master is wise and powerful, this subordinate admires you greatly!"

Xuanzhao's eyes were filled with admiration and respect for the Golden Crow.

"Cut the crap!"

are you sure that kid from beixuan knows how to use the one word Saint destroyer curse?! the Golden Crow went straight to the point.

"This subordinate is certain!"

"I saw that kid use the plate curse with my own eyes," Saint ancestor xuanzhao said in a deep voice. It was exactly the same as the legends! Even the aura was completely in line! This subordinate can use his life to guarantee that it is absolutely not false!"

"You've done well! There will be great rewards later!"

The Golden Crow fiery man looked at the spatial gate and said indifferently,"Let's go! Follow me in to capture him!"

"Master, please wait!" what? " sacred ancestor xuanzhao suddenly exclaimed.

Chapter 4593: Great saint tribe!

4593 Great saint tribe!

Although Saint ancestor xuanzhao exclaimed, he was still too late!

The Golden Crow had already touched the spatial gate!

“Bang!”

In the next moment, with a muffled sound, the Golden Crow was sent flying thousands of meters away by an unimaginable distance!

He struggled pathetically before barely managing to stabilize himself!

how ... How is this possible?!

Seeing this, the Golden Crow immediately let out an incredulous cry. He simply could not believe that something like this had actually happened to him.

“My Lord! Are you alright?”

Saint ancestor xuanzhao quickly flew over and said, “It’s all this subordinate’s fault. I didn’t tell you in advance that this space is very strange! His spatial dimension laws seem to have surpassed the Supreme divine ancestor!”

“No! This was not spatial law! Instead, it’s a mysterious seal!”

The Golden Crow fiery man’s eyes narrowed and he said solemnly, “The legends are true! When one cultivated the one word Saint destroyer curse to the extreme, they would be above the Supreme Saint ancestor! If I’m not wrong, this sealing restriction was set up by the one word Holy extermination curse’s master!”

It was obvious that the Golden Crow was very smart. He immediately saw the crux of the matter and made the right guess!

For a long time, the world had been circulating legends about the one word Holy extermination curse!

Legend had it that if one cultivated the one word Holy extermination curse to its extreme, one would be able to surpass the Supreme divine ancestor. It was because of this that even the Supreme divine ancestor was looking for the one word Holy extermination curse at all costs!

At this moment, the seal that had sent the Golden Crow flying was indeed above the Supreme divine ancestor!

Chen Xiaobei had only entered after using the pan curse!

This was enough to prove that the seal had been left behind by the one word Holy extermination curse’s owner. At the same time, it also proved the authenticity of the legend!

There was indeed a power that could surpass the Supreme divine ancestor!

With that thought, the Golden crow's eyes shone with a fanatical light as it looked at the space gate with great desire!

"Wait! We'll stay here and wait for that kid to come out!"

The Golden Crow fiery man was extremely excited, 'as long as I get the one-word Saint destroyer curse, I'll become the strongest in the world! The great sage Tribe will once again reach the peak of the world!"

"Master is wise, you will definitely succeed!" Saint ancestor xuanzhao immediately agreed.

The great sage Tribe!

If the Golden Crow hadn't introduced himself, no one in the world would have thought that he was from the great sage Tribe!

One had to know that Saint Hong was the strongest of the nine Supreme Saint ancestors! Standing at the peak of the world, no one could match him!

However, a long, long time ago, the great saint Supreme divine ancestor had fallen into a state of rebellion.

This state was similar to Qigong deviation, but it was definitely more complicated, more profound, and more dangerous than it.

One had to know that the word 'Hong' represented the origin!

Rebelling against the origin was equivalent to rebelling against the heart of the Supreme divine ancestor!

In this state, the Supreme divine ancestor was caught in a self-contradictory dilemma!

Even though the great saint Supreme divine ancestor was still alive, he had long since disappeared without a trace!

It was precisely because of this that the great sage Tribe had fallen into an irreversible decline!

From the strongest and most Supreme clan, they had fallen to a state where they only existed in name!

And at this moment!

This Golden Black fire man was actually from the great sage Tribe!

He wanted to obtain the one word Saint destroyer curse so that the great sage Tribe could complete its great revival and return to the peak of the world!

If Chen Xiaobei was still here, he would have taken out three of the pearls and had a good chat with the Golden Crow. Perhaps he would have gained a powerful ally!

.....

At the same time.

Chen Xiaobei and mie xuanling had already stabilized.

After passing through the spatial gate, the two of them arrived at a completely independent great world.

In a vast and boundless forest, there were lush vegetation, birds and beasts passing through, and it was full of vitality.

There was still plenty of Saint Qi in the interspace, but not a lot. The surrounding plants, birds, and beasts were not of a high level either, and did not dare to get close to Chen Xiaobei.

In this situation, Chen Xiaobei's first impression of this independent world was that it was a low-level world!

Chen Xiaobei could not connect him to the Supreme divine ancestor, and he felt as if he had returned to the heavenly sanctuary!

If this was really a low-level Heritage Site, the Super opportunity that Chen Xiaobei had imagined would not appear!

Of course, Chen Xiaobei was not in the mood to think about the opportunity.

That was because mie xuanling's injuries were very, very serious. If he wasn't treated in time, his soul might dissipate and he might die completely!

After all, there was a small realm between Saint ancestor xuanzhao and mianling!

Although she had the protection of the Brahma's flawless, dustless, and disaster-free saintly being and the ten thousand DAOs Saint Emperor armor, it could still be said that mie xuanling was very, very lucky to be able to survive!

At that time, even if the myriad DAOs Saint Emperor puppet could only activate its master-protecting ability nine times, miexuan Ling's body and soul might have already been destroyed!

He had really grabbed a chance of survival!

Even if he was a hair's breadth away, he would die without a doubt!

this won't do ... The level of my mie xuanling's body and soul is too high. The medicine I have on hand is not enough to stabilize her injuries!

Chen Xiaobei's brows were furrowed, and he was in a state of extreme anxiety.

Mie xuanling's cultivation had already reached the early stage of Nine Star divine ancestor.

If he wanted to quickly heal the injuries to her soul, he would need to use at least Nine Star divine ancestor level medicine.

If he wanted to cure the injuries of her body, he would need mid-stage nine Star divine ancestor medicine.

To Chen Xiaobei, these two grades of medicine were simply out of his reach. He could not take them out and did not know where to find them.

Even if he were to take a step back, he would still need an eight-star divine ancestor level medicine to stabilize mie xuanling's injuries and stop them from worsening!

"Hang in there ... You must hang in there ..."

Chen Xiaobei was panicking. He could not find the medicine and could only watch as mie xuanling's body and soul slowly died!

"The death of the physical body can still be reconstructed. I must think of a way to protect her soul!"

At this critical moment, Chen Xiaobei could not care less.

He immediately activated the life word incantation, burning his mental energy and vitality to strengthen mie xuanling's soul.

"It seems to be effective, but it's still far from enough ..."

Chen Xiaobei's brows were tightly knitted together. He was still very anxious.

Although the life word mantra could have a certain effect and delay the deterioration of mie xuanling's injuries, it was still a very good thing.

But right now, Chen Xiaobei's one word Holy extermination curse was only at the level of a two star divine ancestor. The effect of the life word curse was far from enough to cure mie xuanling. At most, it could only delay mie xuanling's death for a few minutes!

"If it really doesn't work, I can only take a gamble!" Chen Xiaobei made his final decision.

Chapter 4594: Chaos origin source!

4594 Chaos origin source!

"Swish!"

Chen Xiaobei then brought mie xuanling into the chaotic space.

"Swish!"

After that, Chen Xiaobei took out all the Saint pan dew he had.

With Chen Xiaobei's current resources, it would be impossible to save miexuan Ling's life.

So, Chen Xiaobei could only try his luck.

By relying on the unique ability of the Saint pan green jade dew to create variables, he was able to change this hopeless situation.

After a period of time, Chen Xiaobei had accumulated a large amount of Saint pan dew.

He could totally perform a high-level random creation.

Of course, before that, Chen Xiaobei had to choose one item to create randomly.

"Whoosh ..."

Then, Chen Xiaobei took out another portion of the mid-level five-star divine ancestor's energy and injected it into the sacred bloodvine.

Then, the three-star divine ancestor sunlight cache sped up time, and a mutated Holy bloodfruit was produced very quickly!

There was no mistake!

The basic item that Chen Xiaobei had chosen to create was the mutated Holy bloodfruit!

The reason why he made such a choice was because his most important goal right now was to protect miexanling's soul.

And the survival of the soul was closely related to the strength of the spiritual power.

The special ability of the mutant Holy bloodfruit was to quickly recover spiritual power.

That was why Chen Xiaobei was betting on what he could turn the Saint pan dew into.

And this thing would directly determine the life and death of mie xuanling!

"Shua shua ... Shua shua ..."

Without hesitation, Chen Xiaobei fused all the Saint pan dew into the mutant Holy bloodfruit.

"Whoosh ..."

Then, a burst of green light spread out, accompanied by an extremely strong spiritual fluctuation and the unique aura of the origin of the Saint pan clan!

Under the cover of the verdant holy light, the mutant Holy bloodfruit began to undergo a mysterious change!

"Whoosh ..."

It was much faster than Chen Xiaobei had expected. All of the Saint pan Jasper dew had been absorbed in no time.

As for the mutated Holy bloodfruit, it had also undergone a fundamental change and had become a brand new item.

how ... How is this possible?!

When Chen Xiaobei saw the new item, he was so shocked that he could not believe his eyes!

Chen Xiaobei's state of mind was already very strong. He would not be so shocked unless he could not hold it in anymore!

"Whoosh ..."

The mutated Saint bloodfruit had turned into a black fruit, like black jade. It was round, smooth, and exuded a mysterious light!

Most importantly, the black jade Fruit was covered in a dark golden flame!

He didn't do anything wrong!

This dark golden flame was exactly the same as the dark golden flame of sacred ancestor xuanzhao's mysterious master!

Of course, Chen Xiaobei had not seen his Lord, so he did not recognize the gold-black Qi flame!

What really shocked Chen Xiaobei was the terrifying aura that the golden-black Qi flame gave off!

After Chen Xiaobei had formed the divine path of the soul, his state of mind was already comparable to the Supreme divine ancestor!

Chen Xiaobei's state of mind was shocked by the golden-black Qi flame's aura!

Even though Chen Xiaobei could completely withstand the shock!

However, this was enough to prove that the pressure of the dark gold Qi flame had already reached the level of a Supreme holy ancestor!

This was extremely terrifying!

"I used a total of eighty-three drops of Saint pan dew to turn a five-star Saint ancestor level mutated Saint bloodfruit into a Supreme Saint ancestor level fruit? This ... This is too much!"

Chen Xiaobei gulped, feeling as if his world view had been shattered.

He even began to suspect that he would use up all his luck in this gamble!

One had to know that the creation of items with the Saint pan green jade dew was completely random!

Not only was the type of a newly created item random, but even its level was also random!

In other words, if one was unlucky, the new item might be useless and of a low level!

On the other hand, only those who were extremely lucky would be able to create new items of a higher level! Usually, it was already very, very difficult and very lucky to be one realm higher!

However, at this moment, the intermediate five-star divine ancestor mutated Holy bloodfruit had been directly transformed into the Supreme divine ancestor-level dark gold inkflame fruit!

This could no longer be described as good luck!

Just as Chen Xiaobei was worried about, this operation might exhaust his entire life's luck, and even the good luck of his next life!

"Whoosh ..."

Of course, Chen Xiaobei was not in the mood to think about his luck. He immediately communicated with the dark gold inky flame fruit's spiritual energy. He wanted to understand what kind of special ability this Supreme holy ancestor-level fruit had.

"This ... This, this, this ..."

As soon as the spiritual connection was established, Chen Xiaobei could feel a terrifying aura rushing into his mind. It brought with it an intense pressure and a shocking impact!

If it was an ordinary person, they wouldn't be able to bear it at all. In an instant, their brain would short-circuit, their state of mind would collapse, their spirit would collapse, and even their soul would be destroyed!

Fortunately, Chen Xiaobei had developed the divine path of the heart and soul, so his state of mind was extremely strong. Although he was shocked, he was not physically hurt.

Then, the content that really surprised Chen Xiaobei was revealed.

this ... This is a special ability that is completely opposite to the special ability of the great Divine Tribe!

Chen Xiaobei was dumbfounded. the word 'Hong' represents the origin, but this golden flame exudes the aura of the end!

"However, it's not just a simple end and endpoint. There's also a feeling that it's the opposite of the origin! Standing on the opposite side of the origin and operating in reverse!"

"This is a two-way logic. When you stand at the starting point, the end point you look at is the end point! When you stand at the finish line, the starting point you look at will become the finish line!"

"It's easy to see that the special ability of this Black Gold Flame should be reversed! Or rather, the origin of rebellion! Wait a moment!"

Chen Xiaobei was in the middle of sensing his special ability when he realized a huge problem.

"The great saint Supreme divine ancestor was caught in a state of reversing the natural source, and he was in self-contradiction and unable to extricate himself! Isn't that the state we're in now?"

Chen Xiaobei's eyes widened as he tried to reason with her, " the starting point is the ending point, and the ending point is also the starting point. If you can't put yourself in the right place, you will be trapped in the completely opposite infinite loop! And this is the state of the Great saint Supreme divine ancestor!"

[Red Envelope Group of the Three Realms](#)

Chapter 4595: success!

Origin! The end!

With different positions and different perspectives, these two positions were naturally different!

The great divine Supreme divine ancestor was the creator of the origin divine path. Legend had it that he was the origin of everything!

Under such circumstances, the appearance of the origin of the rebellion had caused him to fall into a strange circle, unable to extricate himself!

After all, if he denied the origin, it would be the same as denying his own Dao heart!

Even someone as powerful as the great saint Supreme divine ancestor was stumped by this question!

This was a typical case of the onlooker seeing things more clearly than the onlooker!

At this moment, Chen Xiaobei could see through this problem from the perspective of a bystander.

“If I can master the origin of chaos, I might be able to save the great saint Supreme divine ancestor! This way, not only will I have a powerful ally, but Lingshi won’t have to work so hard for the revival of the great Divine Tribe!”

Obviously, Chen Xiaobei had thought things through.

Not only did he consider his own interests, but he was also constantly concerned about Yan Lingshi’s safety.

Ever since Yan Lingshi had inherited the legacy left behind by the great sage Supreme divine ancestor, she had been entrusted with the heavy responsibility of reviving the great sage Tribe!

Without a doubt, this was an extremely difficult and dangerous mission!

Chen Xiaobei could not help but worry for Yan Lingshi!

As long as Chen Xiaobei could pull the Saint Supreme divine ancestor back from the state of chaos, the Saint Supreme divine ancestor would be able to carry out the plan to revive the entire clan. Yan Lingshi would be completely safe!

“However, this is just a beautiful idea!”

Chen Xiaobei quickly calmed down. It’s as if he’s possessed by the devil, and it’s even more terrifying and complicated than that!

“Once the great saint Supreme divine ancestor loses his mind, he’ll do something crazy! He’ll become an extremely dangerous demonized Supreme divine ancestor!”

“If that’s the case, then saving the great saint would be a huge problem! Therefore, we can’t make a conclusion yet. We’ll decide after we see the actual situation!”

Chen Xiaobei was very calm. He had analyzed the situation very thoroughly. He had already thought of both the good and bad sides!

This way, he could maximize his benefits and minimize the danger!

In fact!

Chen Xiaobei’s worry was completely right!

The mysterious master of Saint ancestor xuanzhao was actually the great saint, the Supreme Saint, who had lost his mind!

Even though the great sage Supreme saint’s goal was still to revive the great sage clan, his entire aura and his way of doing things had changed completely!

In the past, the great sage was the creator of the origin sacred Dao. He was the symbol of the origin and the light of the righteous Dao!

And today, the great saint utmost being Saint had turned completely dark and demonic. He was now a sinister and cunning man who would do anything to achieve his goals! He was a completely different person from before!

It wouldn't be an exaggeration to say that a demonized great saint Supreme Saint was no less dangerous than the Saint burial Supreme Saint!

Of course, Chen Xiaobei had not seen the demonized Hong Sheng Supreme Saint, so he did not know what was at stake here. He even wanted to save him!

"Stop!"

Chen Xiaobei cleared his mind and turned his attention back to mie xuanling.

"She should be saved!"

Chen Xiaobei said, "According to the laws of the origin of chaos, life is the starting point of death, and death can also be the starting point of new life! As long as I can use my ability to reverse the origin of chaos, I can bring her back to life and reverse the origin!"

Nine hearts turtle ancestor had said the same thing when Chen Xiaobei was creating the divine path of heart!

Going from death to life, returning to the original!

This was a great fortune! A great opportunity! Great fortune!

If mie xuanling could survive this, he might even be able to benefit from this misfortune and obtain some unexpected gains!

"Hiss ..."

Then, Chen Xiaobei took out a tiny wisp of dark gold Qi flame from the dark gold ink flame fruit!

Obviously, the level of the dark gold inky flame fruit was too high. Chen Xiaobei could swallow it but could not digest it!

Therefore, Chen Xiaobei could only consume a tiny bit of the golden-black Qi flame!

Even so, it would still take more than a year to completely digest it and derive the corresponding special ability!

Of course, Chen Xiaobei's lifespan was more than enough. One netherworld year was just a drop in the ocean!

It was not a problem at all!

"Whoosh ..."

Chen Xiaobei activated the three-star divine ancestor sunlight cache and swallowed the wisp of golden-black flames. At the same time, he burned his life force to speed up time so that he could digest it as quickly as possible!

It was just like how he had digested sacred ancestor zang Shang's Heaven Earth embryo membrane!

The items that he could digest could not be higher than Chen Xiaobei's mental power by two small realms.

Chen Xiaobei's mental power was at the same level as the mutant Holy bloodfruit, which was a five-star divine ancestor intermediate stage.

Under such circumstances, Chen Xiaobei could only digest things that were equivalent to the peak of a five-star divine ancestor. The special ability that was derived from it could only reach the peak of a five-star divine ancestor!

At this moment.

Although the Wujin Qi flame that Chen Xiaobei had consumed was only a tiny bit of the Wujin ink flame fruit, it was enough for Chen Xiaobei to develop the chaos origin ability of a peak five-star divine ancestor!

Although this level was still far lower than the level of the xuanling destruction curse, it was already far higher than the level of the life word curse, and its effect would naturally be much better!

"The origin of chaos! A life and death battle!"

activate! Chen Xiaobei shouted and activated the special ability that he had just acquired.

"Whoosh ..."

The next moment, Chen Xiaobei's eyes lit up with the same dark golden flame! His two eyes became like two dark golden fireballs, very cool and very strange, like a Dark Demon, making people shiver!

"Woof! Yi ..."

Then, the light of the special ability was added to mie xuanling's body.

The spirit light from her left eye strengthened her body and soul. At the same time, the origin of chaos began!

"Whoosh ..."

Then, an extremely mysterious change began to appear.

Originally, mie xuanling's body and soul were on the verge of death.

Death was her final destination!

However, at this moment, the starting point and ending point had been reversed. The soul and body that were originally walking towards death were now walking towards new life!

"I've succeeded!"

Chen Xiaobei could clearly feel that his soul, which was on the verge of being destroyed, was gradually stabilizing! His body, which was gradually turning cold, was also gradually showing signs of life!

However, the difference between Chen Xiaobei's ability and miexuan Ling's was too big!

Therefore, the recovery speed of mie Xuan's soul was extremely slow. The recovery speed of his physical body was even slower!

Of course, no matter how slow it was, it was no longer a problem!

As long as mie xuanling's life was saved, Chen Xiaobei would have won!

"Whoosh ..."

After that, Chen Xiaobei started to burn his own lifespan to activate the three-star divine ancestor sunlight cache to speed up miexuan Ling's recovery!

[Red Envelope Group of the Three Realms](#)

Chapter 4596: -malfunction!

Although mie xuanling's supernatural ability had begun to recover from the chaos, the level of her supernatural ability was far inferior to her own level. As a result, the speed of recovery was very slow.

In the sunlight domain, 900 million years had passed before mie xuanling finally woke up.

This only meant that her soul had gained consciousness. It was still very, very far away from her body's recovery.

After all, her body was a special inborn Holy body. The Brahma's flawless and dustless Holy body was of a higher level than her soul.

As a result, another dark year passed in the sunlight domain before mie xuanling's body returned to its normal state of being able to move freely.

Of course, this was already a very good result.

"Thank you!"

Ever since miexuan's soul had regained consciousness, she had been thanking Chen Xiaobei.

There was no doubt that it was all Chen Xiaobei's credit that they managed to escape the death of xuanling! If Chen Xiaobei had not risked his life to wait for her! If Chen Xiaobei had not risked his life to save her! She would have been a cold corpse by now.

Therefore, mie xuanling was grateful to Chen Xiaobei from the bottom of her heart. At the same time, her trust in Chen Xiaobei had increased to a hundred percent.

now, you can move normally. Although your combat power is far from recovered, we must seize the time to explore these ruins. If the enemy chases us in, we will still die without a doubt!

Chen Xiaobei kept the three-star divine ancestor sunlight cache.

Originally, if he had continued to burn his lifespan to accelerate time, he could have allowed mie xuanling to recover further. Be it his injuries or combat ability, they would have been greatly restored.

But Chen Xiaobei's worry was not without reason.

After all, mie xuanling didn't have the strength advantage. Even if her injuries and combat power were fully recovered, she was still no match for the enemy.

Therefore, the most important thing now was not to completely cure mie xuanling, but to find the opportunities in the ruins and the other exits.

"You're right!"

Mie xuanling nodded and said solemnly, "The technique you used just now should be the one word Saint destroyer curse! That old bastard xuanzhao has already seen you, he will definitely not let you off! Even if he couldn't get in, he would guard the entrance to the remains! We have to find another way to leave!"

Chen Xiaobei and mie xuanling were worried that the xuanzhao divine ancestor was guarding the entrance.

In fact, there was another demonized great divine Supreme divine ancestor, who was countless times more terrifying than xuanzhao divine ancestor, guarding outside.

Once Chen Xiaobei and mie xuanling got out, there was no doubt that they would be doomed.

Therefore, there was only one way to survive, and that was to find another exit and leave this independent space.

Let's go. We'll look around and get a clear idea of the environment first!

Chen Xiaobei took the lead and walked forward.

Mie xuanling followed closely behind like an obedient little wife.

This was a vast and boundless forest, with lush vegetation and birds and beasts passing through. It was full of vitality.

However, there wasn't a lot of Saint Qi in this space, and the grade of these birds and beasts was also very low. They hadn't even opened their sentience and were still in a very primitive state.

Very soon, mie xuanling was very disappointed. It seems that this is just an ordinary independent great world left behind by the profound Sage clan, and it doesn't seem like there are any high-level opportunities here ... This operation was really a waste!

Clearly, mie xuanling had been looking forward to this ruin. Before coming here, she had thought that she would be able to get some great fortune and wanted to share it with Chen Xiaobei.

From the looks of it, there were no high-grade resources in this space at all.

Not only did mie xuanling and Chen Xiaobei's trip go to waste, but they had also caused mie xuanling to be severely injured.

It was really a huge loss.

"Don't worry! There must be a chance here! Let me look carefully!"

Chen Xiaobei was very calm.

This was because Chen Xiaobei had used the " Xuan " spell before he entered this isolated space. He had seen the light of the supernatural power of destiny shining at the entrance of the space!

This was enough to prove that there was indeed an opportunity that could help Chen Xiaobei in this space!

"Whoosh ..."

Then, Chen Xiaobei used the 'black' word incantation.

Since mie xuanling already knew about the one-word Saint-killer curse, there was no need for Chen Xiaobei to hide it anymore.

Fortunately, after the life and death situation, mie xuanling was grateful to Chen Xiaobei. She trusted Chen Xiaobei and saw him as a true ally.

Therefore, even if miexuan Ling knew about the one-word Saint-killer curse, she would not do anything to harm Chen Xiaobei.

Chen Xiaobei did not need to hide anymore.

"Whoosh ..."

With the activation of his special ability, Chen Xiaobei quickly found a location that was shining with the bright light of creation.

Then, Chen Xiaobei brought mie xuanling over.

That location was in the middle of the forest.

There was a huge sacrificial altar with totems densely covered in inscriptions around it. It looked like a place to worship the heavens and ancestors.

And the light was coming from the center of the altar.

"You stay here and wait for me!"

Chen Xiaobei then flew up to the altar.

Mie xuanling's brows furrowed as she watched Chen Xiaobei's every move.

"Whoosh ..."

Then, Chen Xiaobei condensed his Pangu true form and released the spiritual aura unique to the Saint pan clan.

boom boom boom ... Boom boom boom ...

Soon, the altar and the totems around it started to shake, as if they had formed a mysterious resonance with Chen Xiaobei.

It was as if the opportunity would appear in front of Chen Xiaobei at any moment.

"Whoosh ..."

However, very quickly, the commotion and resonance in the surroundings calmed down, but the opportunity did not appear.

“What ... What is going on?”

Seeing this, mie xuanling was very confused and her brows were tightly knitted.

“Same as before!”

this space has been sealed by the power of the ancestor of all DAOs. We have to remove this seal first so that the true form of Pangu and the legacy of the Saint pan can resonate without any hindrances! Chen Xiaobei said.

“In other words, I’ll have to use the one-word board curse again?” Mie xuanling was very smart and immediately understood what Chen Xiaobei meant.

“Whoosh ...”

Chen Xiaobei did not say anything and immediately activated the pan word incantation.

“Chi ...”

However, the situation this time was completely different from before!

Previously, after activating the plate curse, the seal left behind by the ancestor of the myriad Dao was immediately removed, and the entrance to the ruins appeared!

However, the seal was not removed. Instead, it sent a force that destroyed Chen Xiaobei’s plate Dharma laksana!

“How did this happen?” Chen Xiaobei furrowed his brows in confusion.

Mie xuanling’s beautiful eyes moved slightly, as if she had her own thoughts.

[Red Envelope Group of the Three Realms](#)

Chapter 4597: Severe consequences!

4597 Severe consequences!

I can sense that there’s a resonance between the seal and the plate curse you cast. It’s just that they don’t approve of it, and there’s no hostility or killing intent between them!

“Could it be that the one word Saint destroyer curse you cast is not of a high enough level?” asked mie xuanling.

“This ...”

Chen Xiaobei was stunned. “It’s possible!”

That was because the ultimate goal of the ancestor of all DAOs was to gather the nine Saint souls of all DAOs and re-enter the world!

The nine-heart turtle ancestor had also said that the ancestor of myriad DAOs had already planned it out!

And the ruin in front of him was very likely a chess piece in the myriad Dao ancestor's plan!

The ancestor of all DAOs had placed a seal on the ruins, so anyone who wanted to enter the seal had to have cultivated the one word Holy extermination curse!

On the altar before him, another high-level seal had been placed!

In other words, if he wanted to break the seal and obtain an opportunity, he would have to upgrade the one word Holy extermination curse!

If he wanted to upgrade the one word Saint destroyer curse, he had to find a Saint Soul of 10000 DAOs first. This way, he would directly step into the plans of the ancestor of 10000 DAOs!

Simply put, if he wanted to obtain an opportunity, he had to help the ancestor of the myriad DAOs find a myriad DAOs Saint Soul!

With such a plan in mind, even if Chen Xiaobei did not want to upgrade the one word Holy extermination curse, he had no choice but to do so!

He was completely forced into this situation!

Just as the nine hearts turtle ancestor had said, the ancestor of all DAOs had planned everything. Chen Xiaobei could not go against it or escape. He could only be like a chess piece, walking step by step until the ancestor of all DAOs returned to the world and became his slave!

That was why mie xuanling's analysis made sense, and Chen Xiaobei agreed with it!

"In that case, you should think of a way to upgrade your ability first."

Mie xuanling said in a deep voice, " up until now, that old thief xuanzhao still hasn't come in. This is enough to prove that the level of the spatial law in this space is extremely high! It's almost impossible for us to find another exit. Therefore, this opportunity is our only hope of survival!"

It was obvious that mie xuanling was very smart and had a clear understanding of the situation.

The entire space was enveloped by the seal of the ancestor of all DAOs, and it was absolutely impossible to break through the spatial wall. Even if they found the exit, they would be blocked by the seal and would still be unable to get out.

Therefore, mie xuanling and Chen Xiaobei's only chance was to undo the seal on the altar and see what kind of opportunity the Saint pan clan had left behind. They could only find a way to escape from this.

"I understand the logic ..."

but, the one word Saint destroyer curse has a very special way to level up. I have to leave this place to level up! Chen Xiaobei said. However, we can't go out now!"

Obviously, to upgrade the one word Saint destroyer curse, he needed to find 10000 Saint souls and send them back to the secret realm.

In order to find the Saint souls and go to the secret realm, he had to leave this independent space first.

In this way, the current situation was equivalent to a dead end.

With a powerful enemy guarding outside and the one word Saint-killer curse unable to be upgraded, Chen Xiaobei and miexuan Ling were trapped inside.

“It shouldn’t be ...”

However, at this moment, mie xuanling suggested another idea, “According to what you said, the spatial seal was left behind by the ancestor of the myriad Dao! And there’s a way to remove the seal. This proves that the ancestor of the myriad DAOs wishes for the seal to be removed!”

“However, if we can’t get out, we won’t be able to level up the one word Saint destroyer curse. That’s equivalent to completely trapping people in here, and isn’t that going against the original intentions of the ancestor of all DAOs? This is self-contradictory!”

“Yeah!” Chen Xiaobei’s eyes lit up.

Obviously, the ultimate goal of the ancestor of all Dao was to gather all the Saint souls.

If Chen Xiaobei could not get out, he would not be able to find the 10000 divine souls.

The ancestor of all DAOs would have definitely thought of this.

This meant that the elder of ten thousand DAOs would definitely open a back door here. Even if he could not get Chen Xiaobei out, he would be able to get Chen Xiaobei to the ten thousand Dao secret realm!

no word. Void of space!

Chen Xiaobei immediately activated the wordless curse.

In an instant, the surrounding space turned into nothingness. There was indeed a space gate in the void.

This was just like how the nine-hearts turtle ancestor had descended on the origin ground of the sky burial Yuan sacred clan.

From this, it could be seen that the ten thousand Dao secret realm was connected to many of these independent spaces.

As long as there was a connection, there would definitely be a space gate.

Previously, Chen Xiaobei had gone to the ten thousand secret realm from the origin place of the sky burying Yuan sacred clan.

So, even if he did not enter the gate, Chen Xiaobei could tell that the secret realm of ten thousand DAOs was behind it.

“Next, I’m going to a special place. You can stay here and wait for me!”

Chen Xiaobei said.

you found the exit!? what? ” mie xuanling was very curious and asked, ” can I go with you? ”

“Uh ...”

“If you want to come with me, it’s not impossible.” I’ll ask the nine heart turtle ancestor if he can cure your injuries!”

The ten thousand Dao secret realm was Chen Xiaobei’s biggest secret and he should not let anyone know about it. So, Chen Xiaobei’s first thought was not to bring mie xuanling with him.

However, mie xuanling had already seen Chen Xiaobei casting the one word Saint-killer curse. This was Chen Xiaobei’s biggest secret.

Chen Xiaobei thought about it. Now that miexuan Ling knew about the one-word Saint-Killing Curse, there was no need to keep the secret of the ten thousand secret realms a secret.

Moreover, the nine hearts turtle ancestor was a Supreme holy ancestor level existence. He should have a way to cure mie xuanling.

A healthy mie xuanling was definitely more important than a burden, and could help Chen Xiaobei more.

“Follow me!”

Chen Xiaobei brought mie xuanling to the gate.

The portal was hidden in the air and only Chen Xiaobei could see it. So, before they went in, Chen Xiaobei held onto mie xuanling’s hand.

It was only Chen Xiaobei’s instinctive action, but it shocked mianxuanling.

“Chi ...”

Due to the special nature of her body, mie xuanling would never touch anything that she could avoid. Even her family had to bathe and change clothes if they wanted to see her. They couldn’t touch her directly.

But now, Chen Xiaobei was holding her hand tightly.

This feeling made her nervous. Her delicate body tensed up, her eyes were dull, and even her whole body was trembling.

“Swish!”

After being stunned for about two seconds, mie xuanling suddenly pulled his hand away. His eyes were fixed on his palm, and he became nervous.

“What’s wrong with you?”

Chen Xiaobei was stunned for a moment, then he said, “I’m sorry! I forgot that your body is very special! I didn’t do it on purpose!”

“I know you didn’t do it on purpose! However, this might get me killed!”

Mie xuanling’s expression changed completely, and her beautiful eyes were filled with despair!

“Dead? It can’t be that serious, right?”

Chen Xiaobei was shocked as well. He did not expect that his unintentional action would cause such a serious consequence!

Red Envelope Group of the Three Realms

Chapter 4598: dead end!

The atmosphere became tense in an instant.

what the hell is going on?! Chen Xiaobei asked anxiously.

“This is related to my physical body.”

As mie xuanling spoke, she burned her mental power to activate the special ability of her body.

There was a dark gray handprint on her hand that Chen Xiaobei had pulled.

Obviously, Chen Xiaobei’s hands could not be that dirty. The dark-gray handprint was actually formed by Chen Xiaobei’s aura and mortal dust.

According to what mie xuanling had said, his body was very special. He must not be contaminated by the mortal world, or his body would become imperfect.

However, even so, it was not to the point of death!

Chen Xiaobei could not figure it out, and he was very worried!

“Not only can my physical body improve my combat and defensive abilities, but I can also use a cloning ability!”

the Brahma’s flawless and dustless body of purification, ” mie xuanling said. it’s like a piece of spotless white paper. It can perfectly form an independent avatar!

“However, once my main body is contaminated by the mortal dust, the corresponding location of my clone will have a black and gray mark! It will also emit the aura of the object it touches!”

“At this moment, my clone is undercover among the enemies. Once the enemies discover anything amiss, my clone will die without a doubt! More importantly, if my clone dies, my main body will die as well!”

Now that things had come to this, mie xuanling no longer hid anything and told Chen Xiaobei everything about the danger she was facing.

“This ...”

Chen Xiaobei quickly said, ” “You should just withdraw your clone! As for all the losses caused by the failure of your undercover mission, I will bear them!”

It was obvious that the reason why mie xuanling had risked his life to go undercover was because he had to carry out a very important mission.

The only thing Chen Xiaobei could think of was to get mie xuanling to withdraw her clone from the enemy’s side. However, doing so might cause her to fail her mission.

However, Chen Xiaobei was a responsible man. Since he had already caused trouble, he would take full responsibility!

Even if there was a huge loss, Chen Xiaobei was willing to bear it all!

“It’s too late ...”

Mie xuanling’s face turned pale and her pupils contracted uncontrollably.

“My clone has been captured by the enemy ...” He said in despair.

“What? You’ve been exposed so quickly?”

Chen Xiaobei’s jaw dropped. He did not expect things to get out of hand like this.

Chen Xiaobei even suspected that creating the ebony Gold ink flame fruit had really used up all his luck in his life.

Most importantly, this wasn’t just bad luck. It was a direct threat to mie xuanling’s life!

Just because he subconsciously pulled her hand!

He was really unlucky!

the enemy’s strength is very terrifying ... Moreover, my clone happened to be beside the enemy, so it was inevitable that I would be discovered ...

Mie xuanling sighed and fell into extreme despair.

Chen Xiaobei was also worried. then ... Then will your clone be killed? ”

“Not yet ...”

Mie xuanling shook his head and said in a deep voice, ” “The enemy already knows that it’s the avatar of the Brahma’s flawless and dustless Jingnan saintly being, so they’ve naturally confirmed that I’m the one behind this! The enemy is planning to seal the clone first and then come to negotiate with me!”

Chen Xiaobei’s eyes lit up. “If the enemy wants to negotiate, there’s still room for negotiation!”

“There’s no hope ...”

Mie xuanling shook his head bitterly and said in a low voice, ” “The enemy’s conditions must be to make me a loyal dog and then turn into his spy. It’s a destructive scheme against my Holy extermination clan! I can’t agree to that no matter what!”

It was obvious that mie xuanling was not afraid of death.

Back when they were outside the remains, mie xuanling had tried her best to buy time for Chen Xiaobei, but in the end, she had given up on it.

At this moment, the enemy was threatening the rise and fall of the entire Holy extermination clan, so mie xuanling would definitely not submit to him.

As long as mie xuanling rejected the enemy, she would be of no use to him!

In this way, the matter was still unsolvable. There was no room for maneuver, and there was no suspense to change.

“Don’t be in such a hurry!”

Chen Xiaobei calmed down and said, “Since the enemy wants to negotiate with you, they must first contact you! In other words, for a short period of time, the enemy would not touch your clone! As long as there is time, there will be changes!”

Mie xuanling was very smart and calm. He said indifferently, “Now that things have come to this, we can only take one step at a time! Let’s hope there really is a change. If there isn’t, I’ll just die!”

this ... Chen Xiaobei’s brows were tightly knitted together. He was filled with self-blame and guilt.

Mie xuanling’s eyes flickered as she saw through Chen Xiaobei’s psychological changes.

He said very seriously, “you don’t need to have any psychological burden!” My life was originally saved by you! If not for you, I would have died at the hands of that old bastard xuanzhao! Now, I’ll pay you back for saving my life!”

Chen Xiaobei was even more upset when he heard that.

Although he didn’t say anything, he swore in his heart that he would protect mie xuanling from death no matter what.

“Come with me first! Things will definitely take a turn for the better!”

Chen Xiaobei’s strong mental state suppressed all his worries and anxiousness. Now, he had to be calm and take every step properly. He could not afford to make any more mistakes.

“Mm ...”

Mie xuanling nodded and followed Chen Xiaobei.

Whoosh ... Whoosh ...

Then, the two of them passed through the space gate hidden in the void.

After that, he arrived at the ten thousand Dao secret realm.

“Eh? Why did you come back so quickly? Why did you bring an outsider?”

The voice of the nine hearts turtle ancestor was transmitted over immediately.

Chen Xiaobei and mie xuanling looked toward the source of the sound and saw the nine-headed giant turtle.

Just the Holy Light shining on its nine heads was like nine independent great cosmoses.

It was extremely shocking! It was filled with an incomparably huge visual impact!

Mie xuanling’s expression changed drastically in shock, and her heart beat wildly. She had never seen or even heard of such a Saint Beast in her life.

“I entered an independent space by chance. When I was looking for an exit, I found the space gate that led to this place, so I came here.”

Chen Xiaobei explained the situation.

Oh, I thought you’ve already found the second 10000-Daoist Saint Soul.

Nine hearts turtle ancestor paused and focused his eyes on mie xuanling again. He said coldly, “You should know that master’s Secret can not be revealed at all! Did you bring this woman in to let her die?”

Red Envelope Group of the Three Realms

Chapter 4599: lost!

“This woman is very important! You can’t touch her!”

no! Chen Xiaobei said, “not only can you not touch her, but I also need you to help me cure her!

When the nine hearts turtle ancestor heard this, he was instantly a little displeased. “You brat, you’ve become so rude after going out for a while! How dare you speak to me with such an attitude!”

“You want to kill my friend, so how can I be nice to you?”

cut the crap! If you still want me to look for the 10000 divine souls, then be nice to me! If you don’t want me to look for them, then kill us both! To you, it’ll be as easy as flipping your hand!”

“You ...”

The nine-hearted turtle ancestor was stunned. He really could not do anything to Chen Xiaobei.

He could only soften his tone and say in a deep voice, “Alright, I won’t fight with you! As long as you do your best for master, anything can be discussed!”

“This is more like it!”

I’m sorry! Chen Xiaobei said, “first, help me heal my friend’s injuries, then send us back to the real world!

“No!”

no! nine hearts turtle ancestor refused decisively. according to the rules, you have to find a 10000-Daoist Saint Soul to get one reward. If you want me to cure your friend, you’ll have to use one reward!

Obviously, Chen Xiaobei had already discovered this rule.

The first time he left the ten thousand secret realm, there was a huge amount of Saint Qi at the exit for Chen Xiaobei to use.

However, when Chen Xiaobei returned to the exit, he could no longer use any of his Saint Qi.

Back then, Chen Xiaobei was certain that he would have to find 10000 Saint souls to receive the corresponding reward.

There was no such thing as a free lunch in this world! The myriad Dao ancestor didn’t even have one!

“Also, I can’t bring you back to the real world!”

“I’m not going to let you go,” nine hearts turtle ancestor said in a deep voice. Just like last time, you can only leave after you’ve cultivated the new one word Saint destroyer curse!

“This ...”

Chen Xiaobei was stunned.

The last time Chen Xiaobei entered the secret realm from the birthplace of the sky-burier Yuan sacred clan, he had used the soul of the heavenly Dao to obtain the advanced version of the one word Saint-killer curse. After cultivating it, he could leave the secret realm through the exit.

Now, the rules were the same as before. Chen Xiaobei needed to cultivate the higher level of the one word Holy extermination curse before he could leave this place and return to the real world.

If they didn’t follow the rules, even the nine hearts turtle ancestor wouldn’t be able to open the exit.

“But I didn’t find a second 10000-Daoist Saint Soul. So, I’m going to be trapped here forever?”

Chen Xiaobei furrowed his brows, looking very anxious.

“No, you can go back the way you came.”

“If I’m not mistaken, you should be from the birthplace of the Saint pan clan,” nine hearts turtle ancestor said indifferently. “You can still go back through the space gate just now!”

“What!”

Chen Xiaobei was stunned. He did not expect that the independent space was the birthplace of the Saint pan clan.

No wonder the level of the entire space seemed so low.

Just like the origin of the sky-burier Yuan sacred clan, they were both in the lower planes below the ancestral Saint domain.

“Since I’ve said so much, I might as well say a little more.”

“There was no Supreme holy ancestor in the world, much less a clan with a Supreme holy ancestor,” the nine hearts turtle ancestor said slowly. “It’s all because of master’s opportunities that the Supreme Holy ancestors rose from the ordinary and established the Supreme holy ancestor clan step by step!”

Hearing this, mie xuanling was completely confused.

However, Chen Xiaobei knew exactly what he meant.

For example, the sky burial Yuan sacred clan had been a slave tribe from the beginning! And the Saint-burying Supreme Saint ancestor was the lowest level of slaves!

It was because the nine hearts turtle ancestor had given them the refining method of the heaven and earth embryo membrane and the Saint burial saber, which was at the level of the Supreme Saint

ancestor, that the slave race had risen to power. Not only had they given birth to the Supreme Saint ancestor, but they had also become one of the most powerful races!

By the same logic, the Saint pan clan should have been a very weak force in the beginning, and they lived in the independent space just now!

Later on, they obtained the pan word creation ability and the Saint pan axe, which allowed the Saint pan Supreme ancestor to rise and expand the Saint pan clan!

From this, it could be inferred that all the Supreme Holy ancestors and Supreme great clans had developed in this way!

In the end, without the opportunities given by the ancestor of all DAOs, there would be no such Supreme existences!

“Why are you telling me this?”

Chen Xiaobei was very confused. He did not know the true intention of the nine hearts turtle ancestor.

“I’m telling you this because I want to tell you that there is a great opportunity related to the Saint pan clan in the birthplace,” nine hearts turtle ancestor said indifferently. “It can be of great help to you!”

Chen Xiaobei shook his head helplessly. “I’ve found the opportunity you mentioned. However, I’ll need to use a higher-grade one-word Saint destroyer curse to break the seal left by the ancestor of all DAOs!”

“Oh?”

The nine hearts turtle ancestor’s expression froze for a moment. “I can’t help you with this! If you want to get the chance, you have to find a second 10000-Daoist Saint Soul!”

“Do you think I don’t want to find it!?”

Chen Xiaobei had a headache and said helplessly, “Outside the ruins, there are very powerful enemies waiting to kill me! If I can’t return to the real world, I won’t be able to find the 20000th Saint Soul!”

“I understand, but I can’t help you.” The nine hearts turtle ancestor said indifferently.

“You can help!”

“I’m not sure!” Chen Xiaobei said, “With your strength, you can go out with me and kill the enemy easily. Then, you can help me break out of this situation! After that, I’ll immediately go look for the 20000th Saint Soul!”

“No!”

The nine-hearted turtle ancestor shook his head and said solemnly, “I told you last time that I can’t leave the ten thousand Dao secret realm. Otherwise, I’ll find the Saint souls myself. Why would I need you?”

this ... Chen Xiaobei was at a loss for what to do.

The nine hearts turtle ancestor thought for a moment and said, “This might be master’s plan! You’re taking the initiative to die in the hands of the enemy! After the one word Holy extermination curse is

learned by an enemy, your enemy will become the master's new servant and will take over your subsequent search mission!"

"What?"

Chen Xiaobei was stunned. "According to what you're saying, I'm not the only choice of the ancestor of all DAOs?"

"Of course not!"

Nine hearts turtle ancestor said indifferently, " anyone who has cultivated the one word Saint destroyer curse can become the master's slave! In master's calculations, you may just be a transition! After you, there might be even stronger servants!"

what? " Chen Xiaobei frowned. so, if I can't think of a solution today, I'll be dead? "

"Right!"

that's right! the nine hearts turtle ancestor nodded. if you can't break out of this, you can either hide here and wait for death, or you can go out and get killed by the enemy!

"After I died, didn't the one word Saint destroyer curse lose its legacy?" Chen Xiaobei asked.

[Red Envelope Group of the Three Realms](#)

Chapter 4600: game!

no, you're thinking too much. The one word Saint destroyer curse will never be lost!

The nine-hearted turtle ancestor shook his head and said indifferently, " "If you've decided to wait for death here, I'll give you the one word Saint destroyer curse at the right time! It's just like the last time I gave it away. It's very simple!"

It was obvious that there was no such thing as a Saint destroyer curse in the world. It was the nine hearts turtle ancestor who had sent this cultivation technique into the world. It was only after supremacy Ling Kong had obtained it that it became known to everyone!

In fact, before supremacy Ling Kong, there was someone who had received the one-word Saint destroyer incantation. However, that person died like Chen Xiaobei, and supremacy Ling Kong became his successor.

After supremacy Ling Kong's death, Chen Xiaobei became his successor.

In short, as long as the nine hearts turtle ancestor was around, the one word Saint destroyer curse would never be lost.

This might also be the reason why the nine hearts turtle ancestor would never leave the ten thousand Dao secret realm.

After all, the nine hearts turtle ancestor was only a Supreme Saint ancestor, and he wasn't invincible. If he left the ten thousand Dao secret realm and was surrounded by several Supreme Saint ancestors, the one word Saint destroyer curse would be completely lost, and the myriad Dao ancestor would never be able to return!

It was because of this that the nine hearts turtle ancestor was so cautious and determined not to leave the ten thousand Dao secret realm!

Even if he went out to give out the opportunity, he would only send it to the door of the space gate. He would put down the opportunity and immediately turn back, leaving no traces behind and minimizing the risk!

“According to what you said, I could become a useless abandoned pawn at any time. Is that what you mean?”

Chen Xiaobei’s heart had never felt so heavy before, and he had never felt so hopeless before.

“That’s right!”

The nine hearts turtle ancestor nodded without any hesitation.

He said in a deep voice, “you’d better quickly think of a way!” If you can’t even overcome such a small difficulty, you can’t find the 10000 Saint souls behind, and you’re not qualified to be the master’s chess piece! Do you understand?”

Reality was cruel!

In front of the absolute power of the myriad Dao ancestor and the nine hearts turtle ancestor, those who had no value were not even worthy to be chess pieces or slaves!

The myriad Dao ancestor and nine heart turtle ancestor did not care if Chen Xiaobei died or not!

It’s just a change of chess piece and a waste of time!

And to the myriad Dao ancestor and nine heart turtle ancestor, time might be the least valuable thing! They could definitely afford to waste time!

Therefore, Chen Xiaobei could not rely on nine hearts turtle ancestor at this moment!

If he wanted to live, he could only rely on himself!

“Now that things have come to this, there’s only one chance left!”

It was obvious that Chen Xiaobei had no other way out. He was left with one last uncertain trump card.

“Swish!”

Chen Xiaobei released Wu Shanhe from the chaotic space.

There was no mistake!

Chen Xiaobei decided to take a gamble. He wanted to see if Wu Shanhe was one of the nine reincarnators of the ancestor of all DAOs!

Before this, Chen Xiaobei had considered that Wu Shanhe’s characteristics were almost all in line with the characteristics of a 10000-path reincarnator!

However, he had never had the chance to verify it!

At this moment, Chen Xiaobei was in a dead end, and Wu Shanhe was his last chance to break out of this situation!

If Wu Shanhe was the infinite DAOs reincarnator, Chen Xiaobei would have a chance to escape and also cure mie xuanling!

However, if Wu Shanhe was not the infinite reincarnated beings, then what awaited Chen Xiaobei would be death! They could either hide in the ten thousand Dao secret realm and wait for death, or they could rush out and be killed by the xuanzhao Saint ancestor and the demonized great saint Supreme Saint!

Life and death depended on this one move!

“Master, what instructions do you have for me?” Wu Shanhe asked respectfully.

“Your soul has left your body. I need to verify some of my speculations!” Chen Xiaobei had placed all his hopes on Wu Shanhe.

Seeing this scene, nine hearts turtle ancestor and mie xuanling were very confused.

He could not understand why Chen Xiaobei would summon a weak Wu Shanhe at this critical moment.

The nine hearts turtle ancestor sneered and said, ‘are you trying anything in a hurry? You want to verify 10000 Saint souls with just a random person? Don’t you think that’s too much of a joke?’

Obviously, the nine hearts turtle ancestor did not know Wu Shan He well. He thought that Chen Xiaobei had just randomly picked someone to test him.

There were countless living beings in the world. It was much more difficult to find one of them to have 10000 Saint souls than to win the lottery.

Because of this, the nine hearts turtle ancestor only smiled indifferently and did not take Wu Shan He seriously at all.

In his eyes, Chen Xiaobei’s actions were laughable.

“Yes, sir!”

At the same time, Wu Shanhe’s first reaction when he saw the nine hearts turtle ancestor was naturally unparalleled shock!

However, Wu Shanhe was one hundred percent loyal to Chen Xiaobei. He quickly shifted his attention away from nine hearts turtle ancestor and followed Wang Chen’s instructions to leave his body!

“Swish!”

Wu Shanhe’s Saint Soul had already been devoured by Chen Xiaobei, so when his soul left his body, it was directly exposed to the medium.

Whoosh ... Whoosh ...

Then, Chen Xiaobei activated both the Dao of all creation and the Dao of all in one.

As the light from the special ability enveloped Wu Shanhe's soul, a dazzling phenomenon suddenly erupted. A multi-colored Holy Radiance and a vast and unparalleled pressure burst out from Wu Shanhe's soul like a tsunami.

For a moment, the surrounding darkness was illuminated with a myriad of colors. Even the Holy brilliance of the nine hearts turtle ancestor, which was as vast as the universe, was instantly overshadowed.

"I've succeeded!"

Chen Xiaobei's eyes lit up. He was so excited.

how ... How is this possible?!

Seeing the scene before him, the nine hearts turtle ancestor was dumbfounded. His scalp went numb and he could not believe his eyes.

Just a moment ago, the nine hearts turtle ancestor had thought that Chen Xiaobei's actions were laughable. He did not think that Chen Xiaobei would succeed and did not even care about it.

However, at this moment, Wu Shanhe's soul actually activated the unique phenomenon of the ten thousand secret realms!

This proved that Wu Shanhe's soul was the second 10000-Daoist Saint Soul!

To the nine hearts turtle ancestor, this was really a slap to his face at the speed of light!

"Whoosh ..."

In the next moment, Wu Shanhe's soul rose into the air and fused with the illusory human figure left behind by Tiandao's soul!

All of a sudden, the figure was surrounded by brilliant holy light.

As the Holy Light was too dazzling, it felt like a bright star in the endless darkness. It was very magnificent and full of visual impact!

"This ... This is too shocking ..."

Seeing this, mie xuanling was stunned. He had never seen such a magnificent scene in his life.

This terrifying holy light had even surpassed the Supreme divine ancestor!

However, what happened next was even more mysterious, which shocked mie xuanling!
