#### Chapter 4631: scheme!

“My master’s name is heavenspan ancestor!”

Chen Xiaobei raised his eyebrows and said, “He’s in another realm right now, and you can’t get in at all! In fact, without master’s permission, even I can’t enter and leave freely!”

“This ... This, this, this ...”

The Supreme Holy extermination was so shocked that his eyes were filled with reverence as he muttered to himself, the ancestor of the heavenspan realm ... I never thought that there would be such a terrifying existence in this world ... This is simply too unbelievable!

Mie xuanling’s eyes were wide open, and she looked at Chen Xiaobei nervously as if she had seen a ghost.

Obviously, they did not know that Chen Xiaobei was just spouting nonsense.

After all, they were unable to verify the existence of the ancestor of the heavenspan realm, just like how they had never known of the existence of Supreme treasures.

“Alright, don’t think about my master’s matter. That’s not something you should consider!”

if you have the time, why don’t you go to the territory of the No saint tribe and find out more about the sky-burier Yuan Divine Tribe? that will be helpful for my mission! At the same time, it’ll be of great help to your Holy extermination clan! Isn’t it?”

“Yes, yes, yes! The North Mystic Divine ancestor is right!” The Supreme holy ancestor nodded and said, “You guys go first! If you encounter any difficulties or need anything, you can contact me. I will do my best to help you solve it!”

Clearly, the Holy extermination Supreme divine ancestor was very afraid of the heavenly Grandmaster ancestor that Chen Xiaobei had mentioned.

Although he was not sure if Chen Xiaobei was telling the truth, no Supreme divine ancestor would joke about their own lives.

It was better to believe in such things than to not believe them.

If it was true, then the sky Master ancestor would be able to kill the Supreme holy ancestor with a flip of his hand.

This was not a joke!

The Supreme holy ancestor would never take such a risk unless he had no other choice!

.....

After that, Chen Xiaobei and mie xuanling stepped into the void and headed to the territory of the non-Saint tribe.

Of course, in order to hide their identities, Chen Xiaobei and mie xuanling both wore human skin masks and used the Holy extermination clan's Secret technique to fake their cultivation to deceive others.

This was because the Saint burial and demonized great saint Supreme divine ancestors were using all their power to track down Chen Xiaobei and miexuan Ling.

Therefore, Chen Xiaobei and mie xuanling could not be exposed.

But now, Chen Xiaobei's human-skinned mask could deceive people on the surface, and the secret skill of fake mirror could deceive anyone below the Supreme divine ancestor.

Their faces didn't match, and their cultivation levels didn't match.

This way, no one would know the true identity of Chen Xiaobei and mie xuanling.

Swoosh ... Swoosh Swoosh ...

With a wave of space law fluctuations, the void split open.

Chen Xiaobei and mie xuanling arrived at the core of the No saint tribe.

It was obvious that this matter was of great importance. They would not be able to find any clues in the outer and middle areas. They could only find clues in the core area.

Just like the Holy extermination clan, the core area of the No saint clan was about the same size. It was not very big and did not have a large population.

However, the people who could live here all had very high cultivation realms.

Apart from servants, guards, and attendants, the lowest cultivation realm of ordinary people was five star divine ancestor.

Chen Xiaobei and mie xuanling had used the secret skill of the fake mirror to disguise their cultivation as early six-star divine ancestor.

This realm wasn't too high in the core area, so it wasn't easy to attract attention. At the same time, it wasn't too low, so no one would come to find trouble.

After strolling on the street for a while, he finally stopped.

"Are you familiar with this place?" Chen asked. Where should we go next?"

"I'm not too familiar with it either ..."

Mie xuanling shook his head. my tribe has a very ordinary relationship with the No saint tribe. We rarely interact with each other. Moreover, my identity is very special. I don't easily appear in other people's territory!

I knew it ... Chen Xiaobei's brows furrowed, his eyes cold.

"As expected what?" Mie xuanling asked in confusion.

"I'll tell you, don't be angry!"

“This is all part of your Sifu’s plan!” Chen Xiaobei said. He kept saying that he sent you out to carry out a mission! However, you’re not familiar with the non-Saint tribe at all. It’ll be extremely difficult for you to complete the task! In fact, to put it bluntly, the possibility is almost zero!”

“Don’t forget that we’re going to investigate the most confidential inside story of the Supreme divine ancestor! How difficult and dangerous it was! Even a fool could see that! Can’t your master tell? He clearly knew this would be the result, yet he still sent you here. He clearly has other plans!”

“This ...”

Mie xuanling bit her lip. She did not want to admit it, but she knew that Chen Xiaobei was telling the truth.

The Supreme holy ancestor had sent them on an impossible mission!

This in itself was a huge contradiction!

It was clear that the mission was just an excuse, and the Supreme holy ancestor had other motives.

“What is master thinking?”

In the end, mie xuanling chose to believe in Chen Xiaobei.

“If I’m not mistaken, your master wants my chaos Blood Sword!” He said.

I’m fine! Chen Xiaobei said, “ he was trying to find out who my Sifu was just now, but I gave him an answer! However, he didn’t give up, so he asked me to accompany you to carry out this extremely dangerous and difficult mission! You’re testing me with your actions!”

It was clear that the Supreme holy ancestor was very smart.

When Chen Xiaobei had said that his master could destroy the sky-burier Yuan sacred clan, the Supreme divine ancestor did not believe him completely but he did not take the risk.

Instead, he wanted Chen Xiaobei to carry out the mission with mie xuanling. Chen Xiaobei would definitely be in great danger during the mission.

Chen Xiaobei might even be attacked by the Supreme divine ancestor.

By then, they would be able to verify whether Chen Xiaobei had the backing to fight against the Supreme divine ancestor!

After that, the Supreme Holy extermination would decide whether or not to take the chaos Blood Sword. This way, nothing would go wrong and the benefits would be maximized.

“I’m willing to believe it ... So what should we do next?”

Mie xuanling frowned. Although she didn’t want to betray the master she had always respected, she wasn’t stupid enough to jump into a pit of fire when her master had already plotted against her.

At that moment, mie xuanling’s eyes were fixed on Chen Xiaobei. She had complete trust in Chen Xiaobei.

She was willing to listen to Chen Xiaobei's instructions on what to do next.

### Red Envelope Group of the Three Realms

#### **Chapter 4632: target!**

I don't have a clear goal. However, the biggest clue in this matter is the No-Saint Supreme space-breaking spell!

of course! Chen Xiaobei said. this kind of holy ancestor-level being must be related to the top of the non-Saint tribe! So, that's the direction of our investigation!"

"Understood."

that's right! mie xuanling nodded and said, " based on the general direction you've given me, I've thought of someone!

"Who is it?" Chen Xiaobei asked.

the third core elder of the No saint tribe! yes, " mie xuanling said. as far as I know, this person met with my father once. At that time, they were discussing the ownership of a relic! They parted on bad terms in the end!"

"This ..."

Chen Xiaobei was surprised. "Since we parted on bad terms, we can't go look for this person."

"Of course we can't ask him for help, but this person is a breakthrough for us!"

yes, " mie xuanling said, " back then, when this person negotiated with my father, Xuan zhenyi was also there! Maybe that's when they got together!"

"I see!"

Chen Xiaobei added, " there's another possibility. They've been in contact for a long time, but during that private meeting, they took the opportunity to exchange information and discuss some schemes in secret. It's very likely that Xuan zhenyi was behind your father's failed negotiations!

"This ... This shouldn't be ..."

what? " mie xuanling frowned slightly. although I don't like Xuan zhenyi, this woman has always had a good relationship with my father. She wouldn't go so far as to frame my father behind his back!

a good relationship?!

"I'm afraid it's because you don't have much contact with your family!" Your father's relationship with Xuan zhenyi is not as good as you think!"

"This ..."

Mie xuanling's expression froze for a moment and he said, " "It felt normal before, but when I got home this time, I realized that father seemed to be suddenly very afraid of Xuan zhenyi! If it was in the past, Xuan zhenyi wouldn't have dared to say anything if father allowed you to stay!"

let's put this question aside for now. We'll have an answer in the future!

"now, our main target has been locked on. We need to think of a way to deal with this third elder!

"Do it!?"

Mie xuanling immediately became nervous, 'the third core elder of the No saint tribe is about as strong as that old bastard xuanzhao! The two of us are no match for him!"

"Of course we can't fight them with force, but we can think of a way to outwit them!" Said Chen Xiaobei, smiling.

outwit!?

what? "mie xuanling was confused. if you have a way to do it, why didn't you do it with the Saint burial Supreme divine ancestor last time? "

"That was then and this is now!"

I don't know! Chen Xiaobei smiled. last time, I was in a hurry. I didn't have the time to plan. Besides, I didn't even learn your fake mirror! This time, I have more than enough time and the secret technique to help me calculate my opponent's death!"

you ... What do you plan to do?! Mie xuanling's face was filled with curiosity.

let's go. Let's find a place to rest first. I'll call someone over. Chen Xiaobei smiled confidently.

.....

After that, Chen Xiaobei and mie xuanling came to a quiet forest.

Chen Xiaobei's men also arrived at the scene.

There was no mistake!

This man was one of Chen Xiaobei's loyal dogs, Wu chaoheng!

"Master!"

After Wu chaoheng arrived at the scene, he saluted respectfully and did not dare to show any neglect.

Mie xuanling was surprised. She did not expect Chen Xiaobei to have a pawn in the sanctuary division.

However, mie xuanling was still a little worried. After all, mie xuanling's cultivation realm was too low. Even if he was a hidden chess piece, he wouldn't be able to play a big role.

how's the matter I gave you before?! Chen Xiaobei asked.

Previously, it was the sky burying Yuan sacred clan's plan to steal the sacred ancestor ancient battlefield that was controlled by the No-Saint tribe.

When Chen Xiaobei found out about the conspiracy, he went with the flow and intercepted the Tianyuan divine clan, bringing the Holy ancestor ancient battlefield into the beixuan great world.

After Chen Xiaobei left, he left behind a dead body of the sky-burier sacred clan member as evidence, as well as Wu chaoheng's body as proof. This was to pin the blame on the sky-burier sacred clan.

I'm fortunate to have followed master's instructions and pushed all the blame to the sky burial Yuan sacred clan!

Wu chaoheng said in a deep voice,"after this incident happened, it directly alarmed the core Elder Council of my clan!" Two days ago, the core Elder Council decided to send the third core elder to investigate this matter. After finding out the truth, they will take revenge on the sky burial Yuan sacred clan!"

"Oh? It's the core third elder who's investigating?"

Both Chen Xiaobei and mie xuanling looked surprised, but at the same time, they thought that it was reasonable.

It was unexpected because he didn't expect that it would be such a coincidence that the third core elder would come to investigate this matter.

This was reasonable because there might be a big problem with this core third elder.

Chen Xiaobei even suspected that the third elder might have some hidden connection with the sky-burier Yuan sacred clan. That was why he took the initiative to investigate this matter.

In the end, this core third elder could turn a big matter into a small one. He could even use fake evidence and investigation results to shift the blame to someone else and prevent the sky burying Yuan sacred clan from being retaliated by Wu Sheng!

Of course, there was an even bigger reason why the core third elder had taken the initiative to investigate this matter.

That was to find the person who had truly taken away the sacred ancestor ancient battlefield.

Which was to find Chen Xiaobei!

After all, the sky burial Yuan sacred clan had definitely not come to steal the sacred ancestor ancient battlefield for no reason. There must be a bigger reason behind this.

Therefore, finding the sacred ancestor ancient battlefield was a very important task for the sky burial origin sacred clan.

The third elder of the No-Saint core was one of the claws of the sky burying Yuan sacred clan. He was at the forefront of the investigation.

"That's right! It's the third core elder!"

Wu chaoheng was still unclear about the specific situation, so he asked with a face full of doubt, "What's wrong? Master, do you know the third elder?"

no! Chen Xiaobei shook his head. I don't know this person. Tell me more about him. Be as detailed as you can!

“Yes, sir!”

Wu chaofeng calmed himself down and quickly said, “The third core elder is a capable general that our Supreme divine ancestor relies on! His cultivation base had reached the late-stage nine Star divine ancestor realm, so he was very capable! Especially when he has a special ability that is unparalleled in the world!”

“What special ability?” Chen Xiaobei and mie xuanling’s curiosity was piqued.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4633: super strong!**

“Great Dark Destroyer enchantment!”

Wu chaoheng said, “the third core elder was born with The Dark Destroyer Phantom undying Saint body!” Once the great wizardry barrier was activated, it could seal the opponent! Anyone with a cultivation base equal to or lower than the core third elder could be forcibly sealed and would never be able to break free! He’s absolutely invincible among his peers!”

Both Chen Xiaobei and mie xuanling were shocked.

He did not expect the third elder of the No-Saint core to be so powerful.

With this special ability, he was absolutely invincible among his peers. If his cultivation realm reached the peak of the Saint ancestor realm, wouldn’t he be the number one person under the Supreme?

But then, Chen Xiaobei asked, “ this ability is powerful, but how can it be called undying? ”

there’s another important effect of the great Dark Destroyer enchantment!

Wu chaofeng calmed himself down and said in a deep voice, “If the third core elder encounters a strong enemy, no matter how badly injured he is, even if his body is destroyed, he can be reborn in the great Dark Destroyer enchantment! After his rebirth, his physical body and cultivation were both at their peak! That’s why they’re known as undying!”

this ... Isn’t this too powerful!?

Chen Xiaobei and mie xuanling were both shocked and their brows furrowed.

He had never expected that this enemy would be so troublesome.

“Of course!”

Wu chaoheng said, “ the third core elder relied on his own strength to obtain the absolute approval of our clan’s Supreme divine ancestor. He was heavily relied on! Furthermore, there were rumors that the third core elder was about to break through to the peak of the divine ancestor realm! Once the breakthrough is successful, even the current core Grand Elder will have to give up his position, and the third core elder will be promoted to the new Grand Elder!”

Chen Xiaobei and mie xuanling looked at each other again.

From Wu chaocheng's words, it could be seen that this third elder of the No-Saint core group was not only powerful, but his status and power in the No-Saint tribe had also almost reached the peak.

Because of this, Chen Xiaobei and mie xuanling felt a great sense of danger again.

The more he thought about it, the more he felt that this matter would not be easy to handle. He was afraid that if he was the slightest bit careless, he would fall into an absolute dead end.

Of course, this also confirmed Chen Xiaobei's previous judgment.

The reason why the Supreme holy ancestor had sent mie xuanling and Chen Xiaobei on this mission was to push them into the fire pit and force Chen Xiaobei to reveal his true strength.

If Chen Xiaobei could pass the test, the Supreme holy ancestor would not act rashly.

However, if Chen Xiaobei could not even get past this, it would prove that Chen Xiaobei did not have a strong backer. In that case, the Holy extermination Supreme divine ancestor could attack Chen Xiaobei and take the chaos Blood Sword without any hesitation.

Because of this, even if this was a difficult and dangerous task, Chen Xiaobei could not back down.

He had to face the difficulties!

Chen Xiaobei calmed himself down and asked, "listen up, I'm going to deal with this core third elder. Think about it carefully, does he have any weaknesses?"

"This ..."

Upon hearing this, Wu chaocheng's pupils instantly shrank, his eyes trembled, and bean-sized cold sweat kept pouring out.

"Master!" He cried out in fear. You ... Are you kidding me ... With your cultivation, I'm afraid you can't even deal with the 3rd core elder's 12 Saint ancestors Dark Destroyer, let alone the 3rd core elder!"

"The twelve Holy ancestors Dark Destroyer? Who are these people!" Chen Xiaobei asked.

Wu chaocheng explained, "these twelve people are the dead bodies of the core third elder's personal guards!" Four five-star divine ancestors, four six-star divine ancestors, and four seven-star divine ancestors! Their cultivations aren't low, and they can use the little Dark Destroyer technique. Their combined combat power is terrifying!"

"No way!"

Mie xuanling exclaimed, "Wu chaocheng actually has such a powerful personal guard?! Especially the four Seven Star divine ancestors. Even in a Supreme clan, they can become core elders!"

"Yup,"

Wu chaocheng nodded and said, "why else would you say that the third core elder is powerful?" His Foundation is so strong that even the core Grand Elder has to be convinced!"

Chen Xiaobei furrowed his brows and continued to ask, "Who are these twelve people? How could he still use the small dark exterminating barrier? Could he be a relative of the third elder of the No saint core? Is there a bloodline connection?"

"No..."

Wu chaoheng shook his head and said with uncertainty, "There are many theories about the origins of these twelve people! Some said that they were found by the core third elder in an ancient ruin! Some say that they were born from the great Dark Destroyer formation technique!"

"No matter which theory it is, the third core elder has never personally confirmed it! Therefore, no one knew the exact situation! The others only knew that the 12 Saint ancestors dark destruction were 100% loyal to the core third elder! Other than the core third elder, no one else can order them!"

Chen Xiaobei and mie xuanling were shocked again.

Once again, he became extremely wary of the third elder of the No saint core. He knew very well that it would be extremely difficult and dangerous to deal with this person.

Mie xuanling frowned. Looking at the current situation, the third elder of the No saint core group is like a mystery. We only know how powerful he is. We don't know what his weaknesses are! This is extremely disadvantageous to us!"

"Since that's the case, we can go from easy to difficult, step by step!"

what?" Chen Xiaobei said, "aren't there four five-star divine ancestors among the twelve Dark Destroyer divine ancestors?! Let's start with these four! As long as I can capture one of them, I'll be able to unravel all the mysteries after prying into his memories!"

"That's a good idea!" Mie xuanling nodded in agreement with Chen Xiaobei's decision.

Upon hearing this, Wu chaoheng immediately said, "If master wants to make a move on the four Saint ancestors, I can find someone to track them down!"

"Oh?" "Do you have any ideas?" Chen Xiaobei's eyes lit up.

"There are!"

Wu chaoheng nodded and said, "recently, the third core elder and the 12 Holy ancestors dark destruction have gone to the outer area of the Holy tribe's Eastern Region to investigate the theft of the Holy ancestor's ancient battlefield!" And that place is my territory to begin with. I can get to the bottom of it with just one question!"

Obviously, it was impossible for 13 people to investigate a case together. They had to investigate separately.

As long as the 13 of them split up, Chen Xiaobei would have the chance to take on the weakest of them and solve the mystery. His chances of defeating the third core elder would be much higher!

"Good! Then you can ask now! I'll be waiting!" yes! Chen Xiaobei nodded, his fighting spirit burning.

"Yes, sir!" Wu chaoheng nodded and immediately began to use the communication runes to inquire.

## Red Envelope Group of the Three Realms

### **Chapter 4634: battle!**

In the outer Eastern Region of the No saint tribe, Wu chaocheng was also considered a figure.

So, it didn't take long for them to get the information.

"Master, I already know the location of the weakest of the 12 Dark Destroyer sacred ancestors. If you've made up your mind, we can go there now! However, I still want to advise you to think twice ..."

Obviously, Wu chaocheng was very, very afraid of the enemy this time. If it was not necessary, Wu chaocheng would definitely not want to go.

However, Wu chaocheng was still Chen Xiaobei's loyal dog, and he was 100% loyal.

So, as long as Chen Xiaobei made up his mind, Wu chaocheng would go no matter how scared he was, even if it meant losing his life!

"No need to talk nonsense, immediately go over!"

Chen Xiaobei had already made up his mind.

Moreover, Chen Xiaobei had a reason to go. On one hand, it was related to the sky-burier divine clan. Chen Xiaobei had to find out more about the enemy so that he could know himself and his enemy well. On the other hand, the Supreme holy ancestor was watching from behind. If Chen Xiaobei showed any weakness, he would be killed by the Supreme holy ancestor.

Because of this, Chen Xiaobei not only wanted to do this, but he also wanted to do it beautifully.

"Yes, sir ..."

Although Wu chaocheng's face was filled with fear, he did not refuse.

Swoosh ... Swoosh ...

Wu chaocheng directly stepped into the void and went to the location provided by his eyes and ears.

Chen Xiaobei and mie xuanling followed closely behind.

.....

In the outer Eastern Region of the No saint tribe.

In a forest hundreds of millions of miles away from the main city.

A middle-aged man in a thick black robe was floating in the sky.

There were more than 3000 one-star divine ancestors with him. They were also wearing black robes and looked very mysterious. At the same time, they exuded an extremely strange aura.

Whoosh ... Whoosh ... Whoosh ...

At this moment, the 3000 divine ancestors were all floating above the forest. They were a million miles away from each other, and they released their divine senses to cover the forest.

Under the cover of their divine sense, everything in the forest could be clearly seen.

In just an instant, a huge forest was completely searched.

“Shua shua ... Shua shua ...”

However, they didn't find the person they were looking for. They quickly gathered together and formed an orderly formation, following behind the black-robed man.

“In!”

The black-robed man waved his hand and led the team forward.

Under this man's lead, the 3000 divine ancestors were like a disciplined Army. They followed orders in unison.

Soon, they went to another area that needed to be searched.

At the same time-

Chen Xiaobei and the other two had been hiding in the dark, watching everything that had just happened.

Seeing this, Chen Xiaobei's heart did not waver. He even wanted to laugh. “They want to find me by doing a carpet search like this? Isn't this a little too laughable?”

Clearly, this kind of carpet search method was very old-fashioned, even a little stupid, and it was a waste of effort.

After all, the person who stole the sacred ancestor ancient battlefield was not a wooden block. How could he stay in one place and wait for them to find him?

Moreover, they only had so few people after a carpet search. It was not as extensive as the heavenly Dao back then.

With just a thought from the heavenly Dao, he could create trillions of clones. That was a true inch-by-inch search without any dead spots.

However, this kind of carpet search would only be effective in an absolutely sealed independent space.

In the boundless real space, the target was not restricted at all. A carpet search like this was no different from looking for a needle in a haystack.

The chances of success were minuscule.

Chen Xiaobei could not help but complain.

from the looks of it, the third elder of the No-Saint core is probably related to the sky burial Yuan sacred clan!

Mie xuanling's beautiful eyes had a special ability and she said in a deep voice, “ that's because the third elder knows that the northern Mystic Divine ancestor has taken the Holy ancestor ancient battlefield and that it wasn't listed in the sky burial origin sacred clan's hands. Therefore, this investigation is just

for show to give the higher-ups of the No-Saint sect an explanation. That's why they're using such an unreasonable method of searching."

"That's right!"

that's right! Chen Xiaobei nodded. it doesn't make sense, but at least we can tell the higher-ups of no saint that the third elder has done his best to investigate this matter. However, he still can't find any evidence that points to the sky-burier sacred clan! This way, we can delay the revenge of the higher-ups against the sky burying Yuan sacred clan. Once they find any clues related to me, we can reverse the verdict and completely clear the sky burying Yuan sacred clan of suspicion!"

what about you? " mie xuanling asked nervously, " are they able to find any clues related to you? "

"Of course I can't!"

I didn't show my face at all in that scheme. I used the puppet to carry out the plan. I'm sure that I didn't leave any traces behind!

I'm relieved ... mie xuanling heaved a sigh of relief.

this way, the sky burial Yuan sacred clan will never be able to clear their name! Wu chaocheng added. according to master's plan, I am the witness. There is also a corpse of Yuan Sage sky-burier clan as evidence. In the end, Yuan Sage sky-burier clan is the scapegoat!

"It's not that simple!"

I don't think so. Chen Xiaobei said, " the reason why the higher-ups of non-Saint haven't made a move yet is because we can't confirm everything with just a corpse and a few statements from you! After all, the dead can't testify. A more cautious person would still be suspicious!"

"Yes ... Master is right!" Wu chaocheng nodded, full of admiration and respect for Chen Xiaobei.

although my previous plan didn't completely trigger the battle between the No saint tribe and the sky burial Yuan sacred tribe, it at least proved one thing!

no! Chen Xiaobei said, " the Supreme divine ancestor and most of the higher-ups of the No saint tribe did not form an alliance with the sky-burier sacred tribe! This is at least good news for us! As long as he could deal with the third elder of the No saint core, he would be able to firmly grasp the initiative! That will be the time for the No-Saint tribe to declare war on the sky-burier Yuan sacred clan!"

since that's the case, let's stop talking nonsense and act immediately! Mie xuanling had complete trust in Chen Xiaobei and was ready to strike.

"You don't need to fight this battle, just leave it to me!" Chen Xiaobei raised his eyebrows and said.

"Why?"

Mie xuanling was puzzled. if I do it, I'll be able to solve it quickly. If it were you, it might take a long time. You might even alert the enemy!

"I won't! Just watch me!"

Chen Xiaobei smiled and said with confidence, " "I don't just want to defeat my opponent, I also want to figure out some important questions!"

### Red Envelope Group of the Three Realms

#### **Chapter 4635: seal!**

"Stop!"

After the team had advanced for a distance, the black-robed man suddenly raised his hand.

The 3,000 Holy ancestors stopped in their tracks.

Then, the black-robed man slowly turned around and locked his eyes on Chen Xiaobei.

"Who are you?" The black-robed man asked.

Because Chen Xiaobei was wearing a human-skinned mask and had used the secret skill of fake mirror, the black-robed man could not tell who Chen Xiaobei was.

If the third elder was really related to the sky-burier sacred clan, then the twelve Dark Destroyer sacred ancestors under him would definitely know about Chen Xiaobei.

If they recognized Chen Xiaobei, not only would the third elder be alerted, but the Supreme divine ancestor of Saint burial and demonized great saint would also be alerted.

These two supreme beings were still waiting outside the ruins, waiting to come out.

If they knew that Chen Xiaobei had returned to the real world, they would definitely go crazy and kill him.

it doesn't matter who I am. What's important is that I want to fight you!

Chen Xiaobei shrugged his shoulders, his expression as calm as the wind.

"You? You're simply courting death!"

The black-robed man's voice was low and a strong killing intent was already released.

Chen Xiaobei's illusion mirror had disguised himself as a five-star divine ancestor.

Although he was on the same level as the black-robed man, he was as weak as an ant in the eyes of the black-robed man.

It was clear that this black-robed man was also invincible among his peers. Even if he did not, with the 3000 one-star divine ancestors around him, he could easily crush Chen Xiaobei.

That was why the black-robed man was filled with killing intent, confidence in the battle, and disdain for Chen Xiaobei.

"Won't you know if you're looking for death after you try?"

Chen Xiaobei was very calm and did not show any fear. Instead, he continued to provoke her.

"Good! Since you want to die! Then I, dark twelve, will fulfill your wish!"

The black-robed man called himself dark twelve. He gave off a demonic and eerie aura as if he had walked out of the endless dark abyss of hell. It was creepy and even made the air around him gloomy and cold.

At a distance.

Mie xuanling and Wu chaocheng couldn't help but look solemn. They were more or less worried.

Mie xuanling's beautiful eyes stared at the battle and she couldn't help but ask, "You said that the twelve Saint ancestors can use The Dark Destroyer barrier. Is it powerful? Can you be invincible among those of the same level?"

"Of course it's powerful!"

Wu chaocheng immediately said, "although I can't say that he's absolutely invincible among those of the same level, he can at least be said to be at the top level among those of the same level!" At this moment, with the support of the 3000 Holy Dark Destroyer guards, he's basically invincible among his peers!"

Mie xuanling became even more worried after hearing this.

Even though Chen Xiaobei had the chaos Blood Sword and the ten thousand DAOs Holy Emperor armor, they were too eye-catching. Once they were used, it would expose Chen Xiaobei and miexuan Ling's identity, which would bring them even more danger.

However, if Chen Xiaobei did not use these two magical items, he would not be able to defeat dark twelve with just his cultivation and special ability.

How could mie xuanling not be worried when a fatal danger could come at him at any time?

"Dark exterminating barrier: seal!"

Dark twelve did not waste any time. He did not underestimate his opponent. He immediately used his ultimate killing move, not giving Chen Xiaobei any chance to escape.

"Whoosh ..."

The next moment, a huge black hole-like void energy sphere appeared above dark twelve's head!

The space was distorted and rotated around the black hole!

An extremely terrifying and evil aura spread out from the barrier. It was like the mouth of a Supreme demon that could swallow all living things.

"This is bad!"

Seeing this scene, Wu chaocheng became nervous, "Dark twelve is too cautious. He used a big move as soon as he started and didn't give any chance! If master can't resist it, he'll be swallowed by the dark exterminating small barrier and die!"

"I don't think so ..."

Mie xuanling shook his head and said in a deep voice, "The North Mystic Divine ancestor has a trump card. If his life is in danger, he can use it to turn the tables! Even though that might expose our identities, our lives are still more important!"

Mie xuanling knew that Chen Xiaobei's cultivation was only at the pinnacle of three-star divine ancestor, and his special ability was only at the intermediate-stage of five-star divine ancestor.

In this situation, if Chen Xiaobei did not use the chaos Blood Sword and the ten thousand DAOs Holy Emperor armor, he would be sealed in the dark Destroyer little wizardry barrier and die.

Chen Xiaobei was not an idiot. Even if he had to expose his identity, he would still use his trump card.

Therefore, even though mie xuanling was worried, she had never thought that Chen Xiaobei would lose to dark twelve.

"Whoosh ..."

However, right at this moment, the terrifying dark extermination barrier came down on him.

To everyone's surprise, Chen Xiaobei did not even use the chaos Blood Sword or the thousand DAOs Holy Emperor armor. He did not even need to move. He just stood there calmly.

Those who did not know better would think that Chen Xiaobei was tired of living and came here to commit suicide.

It was an honor to be killed by dark twelve. At least it would sound better than suicide.

"Whoosh ..."

The next moment, Chen Xiaobei was swallowed up and disappeared from where he was.

huh?!

Dark twelve was confused. He didn't expect the battle to end like this.

"What an idiot!" He snorted coldly in disdain.

how ... How is this possible?!

At the same time, mie xuanling was dumbfounded and even his voice trembled. "Why ... Why didn't you use your trump card? what is the North Mystic Divine ancestor doing? Was it really a suicide? That's ... That's not possible!"

"Whoosh ..."

Then, mie xuanling's body exploded with pure white Saint vitality, ready to rush to Chen Xiaobei's rescue.

"Wait a moment!"

However, at this moment, Wu chaoheng hurriedly called out to mie xuanling.

He said in a deep voice, "I can still feel master's aura!" He's not dead yet!"

“Nonsense! If he didn’t die now, he would die immediately! I have to save him!” Mie xuanling was extremely agitated, and his battle intent was at its peak.

“No! You listen to me!”

Wu chaoheng quickly explained, “master’s aura is very stable, which means that he is not affected by the small dark exterminating barrier at all!” As the saying goes, how can you get the Tiger Cub without entering The Tiger’s Den! This might all be master’s scheme!”

is ... Is this true?! Mie xuanling’s face was filled with shock and disbelief.

### Red Envelope Group of the Three Realms

#### **Chapter 4636: Monster!**

4636 Monster!

“Of course it’s true!”

Wu chaoheng said solemnly, “I’m 100% loyal to my master. I will never risk my master’s life!” I’m sure that his breathing is very stable! He definitely didn’t suffer any damage!”

Obviously, Wu chaoheng’s heart and soul had been affected by the Saint path of heart and soul, leaving behind a psychological shadow that could not be removed.

If Chen Xiaobei was hurt and the power of the divine path of the heart was weakened, Wu chaoheng would be the first to sense it.

Therefore, Wu chaoheng’s judgment could not be wrong!

“I know!”

Mie xuanling was too anxious just now and forgot an important factor.

At this moment, mie xuanling calmed down a little. Combined with Wu chaoheng’s explanation, he immediately understood the reason.

“The North Mystic Divine ancestor is hiding a Supreme defensive treasure! It must be this Supreme treasure that blocked the damage of The Dark Destroyer little seal and kept the North Mystic Divine ancestor safe and sound!”

Mie xuanling finally heaved a sigh of relief and quickly retracted her Saint Origin Energy to avoid being discovered.

“According to what you’ve said, it’s completely true!”

Wu chaoheng added, “ master has a Supreme treasure to protect his body. Therefore, he is not afraid of being devoured by the small wizardry barrier of darkness. On the contrary, he deliberately wants to be devoured. Once he enters the small wizardry barrier of darkness, he will be able to find out many unknown secrets!

“That’s right!”

yes! mie xuanling nodded heavily and said, " the third elder of the No saint core has The Dark Destroyer ethereal immortal Holy body. He's the only one in the world who has it! Not only is the great Dark Destroyer enchantment an unsolved mystery, but even the twelve Holy ancestors of Dark Destroyer are unknown existences!"

"At this moment, the North Mystic Divine ancestor was deliberately swallowed by the small Dark Destroyer enchantment to unravel these secrets! From there, we can find the weakness of the great Dark Destroyer enchantment. In the future, when we deal with the third elder of the No saint core group, our chances of winning will greatly increase!"

Mie xuanling and Wu chaoheng finally understood Chen Xiaobei's plan.

The two of them were filled with admiration and even worship for Chen Xiaobei's wisdom and courage!

At the same time, Chen Xiaobei was already inside a black barrier.

There was originally a very terrifying special ability that could control anyone who entered the barrier and then completely destroy them.

Just as mie xuanling had expected, Chen Xiaobei had the ten thousand Holy Emperor's armor to protect him. He was completely immune to the special ability damage of the barrier.

This way, Chen Xiaobei could move freely within the barrier without any injuries.

If he went one step further, he would be able to find an opportunity to pry into the secrets inside.

Xuan character, fate and fortune!

Originally, it would have been very difficult to find any clues in the darkness.

However, Chen Xiaobei had the one-word Holy extermination curse. He could activate his special ability with just a thought.

Immediately after, the entire dark barrier was enveloped by the ability.

"Whoosh ..."

Soon, Chen Xiaobei locked onto a location that was emitting a special ability light.

Obviously, that place was where the opportunity that could help Chen Xiaobei was hidden.

So, Chen Xiaobei ran towards the direction of the sound.

Then, another black hole appeared in front of him, emitting an even more terrifying Yin Qi. It was as if this was the entrance to the ultimate hell, and one would be doomed once they entered it!

"This is really strange!"

Chen Xiaobei did not act rashly. He looked at the terrifying black hole in front of him, confused and confused.

"This small Dark Destroyer barrier should be a special seal formed by special ability energy! It was not an independent space, so why was there another passage? This is too abnormal!"

It was obvious that the purpose of a seal was to seal and kill enemies.

How could they possibly leave another exit for the enemy?

but then again, those who were swallowed by the dark exterminating formation can't move freely like me. Naturally, they can't walk to the black hole.

that's right! Chen Xiaobei analyzed, " so, this black hole is not the exit of the seal, but a passage to another place! Of course, even so, this was still very abnormal! I've never heard of a seal that could lead to another place!"

All of a sudden, Chen Xiaobei was very confused.

After all, this was the first time he had encountered such a situation, and there had never been any precedent for reference.

"Let's not care about that! Since this black hole is shining with the spiritual light of creation and opportunity, it means that it will be of help to me. I will just go in directly, there is no need to be so conflicted!"

Chen Xiaobei then jumped into the black hole.

"Swish!"

Soon, Chen Xiaobei was in another space.

This place was no longer filled with darkness. Instead, it was a very strange independent world.

Chen Xiaobei reappeared in the sky of this independent world.

In the sky, there were a total of 13 Black holes, one big and 12 small!

And Chen Xiaobei came out from one of the smallest black holes.

"It seems like the thirteen black holes in the sky correspond to the third elder of the silent core and the twelve Saint ancestors of Dark Destroyer! The black hole that I came out from was the smallest, which corresponded to dark twelve, who was the weakest! If I'm not mistaken, this should be their origin!"

Chen Xiaobei focused his attention on the independent world below him.

This world was extremely large. It was a trillion times larger than the mysterious North great world! They were simply not on the same level!

if this is a sacred soul world, its master's cultivation must have reached the shocking level of a nine-star divine ancestor!

Chen Xiaobei made a simple guess, but then his expression changed.

wait a moment!!!

Chen Xiaobei said, " could this independent great world be the third elder's Saint Soul great world?!

Obviously, the third elder of the No-Saint core was a super expert in the late stage of Nine Star divine ancestor.

It just so happened to match the level of this independent great world.

“This is too strange!”

what?! Chen Xiaobei was stunned. a Saint Soul world that is connected to a large Dark Destroyer Inferno and twelve small Dark Destroyer Inferno? what kind of structure is this?! I’ve never seen or heard of such a thing!”

“Whoosh ...”

With great surprise and curiosity, Chen Xiaobei quickly descended from the sky and landed on the macro world.

how ... How is this possible?!

Chen Xiaobei was shocked once again.

He could not believe his eyes.

A large number of strange monsters appeared in front of them!

Human-shaped, faceless, huge numbers, densely packed, and crawling all over the ground, the scene was simply terrifying!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4637: Honeycomb!**

4637 Honeycomb!

These monsters were huge in number, densely packed and everywhere. Looking down from the sky, they looked like ants on the ground.

However, what was even stranger was that these monsters were humanoid in shape. Their size was also similar to that of an adult. In order to crawl, their hands and feet were somewhat twisted.

And the most hair-raising thing was that these monsters had no faces.

There were no eyes, ears, mouth, or nose, and his head was like a big meatball. It was extremely terrifying.

these ... These monsters ... Why do I feel like I’ve seen them before?!

Chen Xiaobei was confused by what he saw.

He felt that he had seen these monsters somewhere before, but after thinking about it carefully, he could not remember where he had seen them.

This was really, really strange!

The small wizardry barrier of dark destruction was connected to a Saint Soul world.

And in this macro world, there were no other life forms except for these human-shaped faceless monsters.

Flowers, birds, fish, insects, grass, trees, and beasts, they definitely did not exist here.

The entire space exuded an extremely strange and sinister aura. It was like a terrifying hell, with faceless little ghosts crawling all over the ground.

“Wait a moment!”

Chen Xiaobei calmed himself down and suddenly thought of an important question.

He couldn't help but exclaim, “ I seem to remember where I've seen these monsters before ... It's ... It's in the memory of Pangu's inheritance!!!

There was no mistake!

Chen Xiaobei finally remembered.

Back in Pangu world, Chen Xiaobei had seen a similar scene in Pangu's inherited memories.

At that time, Pangu world was also full of strange monsters.

These monsters were like pigs, dogs, and beasts. They were enslaved and raised by the heavenly Dao, and they could provide energy to the heavenly Dao every day.

The monsters were the enslaved and modified members of the Saint pan clan, or rather, the descendants of the Saint pan clan.

These monsters looked slightly different from the ones in front of him, so Chen Xiaobei did not recognize them at first.

The reason why Chen Xiaobei found them familiar was because these two monsters had something in common! First of all, the two monsters had no eyes, ears, mouth, or nose. Secondly, the two monsters were like animals in captivity. They had no intelligence, let alone the ability to think! The meaning of their existence was to become their master's 'nourishment'!

could ... Could it be that ... These monsters are also descendants of the Saint pan clan?!

Chen Xiaobei's expression was extremely serious.

It was obvious that this possibility existed.

After all, the third elder of the No-Saint core had a secret connection with the sky burial Yuan sacred clan.

There was no such thing as a free lunch in the world.

The sky burying Yuan sacred clan naturally had to pay a price if they wanted to obtain the help of the third elder.

According to this logic, the sky burying Yuan sacred clan's embryo membrane and the way they enslaved the Saint pan clan were the price they had to pay.

The third elder had chosen to work for the sky-burier Yuan sacred clan in order to obtain these two unique secrets.

“It’s possible ... According to this deduction, it’s very possible ...”

Chen Xiaobei’s face changed. He was filled with an unprecedented fighting spirit. He was ready to investigate further and prove his speculation.

“This is just my speculation ... After all, these monsters don’t have any obvious aura of the Saint pan clan! Thus, in order to prove this conjecture, I have to go deeper into this world to find concrete evidence!”

Chen Xiaobei calmed himself down, turned into his purple Qi Dharmakaya, and merged with the monsters.

He began to search for clues carefully.

“Chi ...”

Once again, Chen Xiaobei felt the viciousness of the sky-burier sacred clan. At the same time, he was even more determined to shoulder the mission on his shoulders.

They had to set the entire Saint pan clan free and let the enslaved people regain their freedom.

In order to achieve this ultimate goal, he was willing to pay any price.

what’s that!?

Very quickly, Chen Xiaobei found a very strange mountain where the monsters were gathered.

This mountain was extremely huge, with a radius of a trillion miles, towering into the sky.

The reason why it was strange was that the mountain’s outer appearance was like a huge beehive.

“Whoosh ...”

As Chen Xiaobei got closer, an even more terrifying scene appeared before his eyes.

In this huge beehive with a radius of trillions of miles, there were densely packed monsters that were in the process of hatching!

These monsters were like babies, sleeping in the Beehive-like caves one by one.

The entrance of the cave was sealed by a translucent film.

And through these thin membranes, one could vaguely see that these unhatched little monsters had eyes, ears, mouth, and nose.

However, as the degree of incubation deepened, the more mature the little monsters were, the less obvious their eyes, ears, mouth, and nose would be.

When they broke out of the membrane, their eyes, ears, mouth, and nose would completely disappear. In contrast, their consciousness and thinking ability would also be completely erased.

It was like a normal baby having his sight, hearing, smell, taste, and divine sense destroyed before he could make a move!

This kind of method could be said to be extremely cruel, extremely inhumane, and extremely insane!  
If it were any other race, after being enslaved like this, they would definitely resist at all costs.

“Woof!”

Chen Xiaobei followed the mountain for a while, then flew straight up to the top.

“Whoosh ...”

Near the top of the mountain, a strange black holy light spread out, like a huge black Sun.

Within the black holy light, there were countless mysterious runes!

Seeing this, Chen Xiaobei was certain of his speculation. “I was right! This is the ironclad proof that the sky burial Yuan sacred clan is colluding with the third elder of the No-Saint core!”

Chen Xiaobei was so sure because he had seen the Holy Light of the Saint-burying Supreme holy ancestor before.

It was exactly the same as the huge black holy light in front of him.

“I can feel it! The aura of the Saint pan race! It’s under the cover of this black holy light!”

Chen Xiaobei was excited.

The fog was being lifted layer by layer, and the truth was already close at hand.

As long as he entered the black holy light, he would be able to discover even greater secrets!

#### **Chapter 4638: The mystery is solved!**

4638 The mystery is solved!

“Whoosh ...”

Without hesitation, Chen Xiaobei flew into the dark holy light.

It was as if he had entered another space.

An even more shocking scene appeared before Chen Xiaobei’s eyes.

About 10,000 Saint pan clan members were wrapped in a disgusting grayish-white membrane.

Tens of thousands of people gathered together, like a very large tumor.

Then, countless tubes that looked like blood vessels connected the huge sarcoma of tens of thousands of people to the honeycomb mountain below.

Whoosh ... Whoosh ... Whoosh ...

One could see with the naked eye that the ten thousand man sarcoma was constantly sending its energy into the Beehive Mountain.

Chen Xiaobei was very familiar with this special ability.

It was the power of creation of the Saint pan clan.

“I see!”

Chen Xiaobei said, “No wonder the sky burial sacred clan could only obtain energy by enslaving the Saint pan clan! This is because only the special ability of the Saint pan clan can continuously create those human-shaped, faceless monsters!”

those monsters, on the other hand, are a brand-new species. They have no eyes, ears, mouths, noses, consciousness, and thoughts. The only value and meaning of their lives is to provide a steady stream of energy. Other than Saint Pan’s creation ability, there’s no other way to find or breed this monster!”

It was clear that the first mystery would be solved very quickly.

Why didn’t the sky burial Yuan sacred clan destroy the other large clans and enslave other living beings?

This was because, apart from the Saint pan clan, no other races and living beings could realize the infinite energy supply plan of the sky burying Yuan sacred clan!

at the same time, the sky-burying Yuan Sage clan is a branch of the yuan Sage clan. Therefore, they used a special technique to allow all the enslaved pan Sheng tribesmen to obtain the yuan Sage clan’s special ability! From there, one would possess an inexhaustible amount of spiritual energy!”

this way, the enslaved members of the Saint pan clan can activate their special ability without limit. They can create the human-shaped faceless monsters without limit! Chen Xiaobei thought. From there, we can obtain more energy limitlessly!”

“According to this plan, in theory, the sky burying Yuan Saint clan would be able to obtain endless Saint origin power and rise at an extremely fast speed, eventually becoming one of the Supreme Saint ancestor clans! To become the most powerful force in the world!”

“However, reality isn’t like this. Because, the human form faceless monster will die. When the speed of creation of the human form faceless monster is slower than the speed of death, the energy provided will become less and less! On the other hand, only when the speed of creation of the human-shaped faceless monster is faster than the speed of its death will it be able to obtain more and more Saint Qi!”

“The speed at which these human-shaped, faceless monsters are created is related to the cultivation base of the people of the Saint pan who they are angry at. Of course, it is also related to the number of slaves! That’s why not all members of the sky burial Yuan sacred clan can obtain an endless supply of Saint Origin Energy!”

“In the entire sky burial Yuan Saint clan, only the Saint burial Supreme sacred ancestor has enslaved the most number of people from the Saint pan clan, who have the highest cultivation! You’ll be able to obtain the most Saint Origin Energy and rise to power at the fastest speed possible, becoming the Supreme Saint ancestor!”

Chen Xiaobei continued to analyze the situation, and more and more mysteries were solved.

Chen Xiaobei’s ultimate mission was also becoming clearer.

In the past, Chen Xiaobei only knew that as a reincarnator of the Pangu clan, his biggest mission was to free the Pangu clan!

However, Chen Xiaobei did not know the exact method to free the Saint pan clan.

Chen Xiaobei finally understood!

As long as he could defeat the sky-burying Yuan sacred clan members, he would be able to rescue the enraged members of the Saint pan clan from their Saint Soul world.

The most important thing was to defeat the Saint burial's Supreme sacred ancestor!

This was because the Saint burial's Supreme divine ancestor had enslaved the most number of Saint Pan's tribesmen!

"I've defeated members of the sky burial Yuan sacred clan before, but their Saint Soul world didn't look like this! There were no human-shaped, faceless monsters, nor were there any enslaved members of the pan Sheng clan!

Chen Xiaobei frowned and thought for a while.

"I understand!"

not all Saint pan tribesmen are qualified to enslave them! Chen Xiaobei said. Only those who participated in the war between the sky burial Yuan Sage clan and the Saint pan clan back then have the right to do so!"

"These people must be a part of the core area of the sky burial Yuan sacred clan! He's an existence that stands proudly at the top of the sky burial Yuan sacred clan!"

in other words, I don't have to completely annihilate the sky-burying Yuan sacred clan to release the Saint pan clan. I just need to capture everyone in the core area of the sky-burying Yuan sacred clan and release all the enslaved Saint pan clan members from their Saint Soul world.

"Of course, the most important thing is still the Saint-burying Supreme sacred ancestor! The number of people he had enslaved alone might be more than the total number of people the others had enslaved! Therefore, defeating the Saint burial's Supreme sacred ancestor is the only way to free the Saint pan clan!"

Chen Xiaobei calmed himself down and his eyes became serious.

The mystery of the ultimate mission had been completely solved.

The problem in front of Chen Xiaobei had become bigger and more dangerous than before.

based on the current situation, if I want to defeat the Saint burial's Supreme sacred ancestor, I'll have to make the one word Holy extermination curse reach the level of a peak sacred ancestor!

that's because I can't become the Supreme divine ancestor without the approval of the elder of all DAOs! Chen Xiaobei said. My realm will always be one level lower than all the Supreme sacred ancestors! If I want to defeat the Supreme Saint ancestor, I'll have to use the power of the one word Holy extermination curse, which means I'll have to find the 10000 Saint souls!"

Nine hearts turtle ancestor had said before that Chen Xiaobei would not be able to escape the myriad Dao ancestor's trap.

Chen Xiaobei did not believe it at first, but now he had no choice but to believe it!

After thinking about it carefully, this was indeed a super big chess game planned by the ancestor of all DAOs!

First, the ancestor of the myriad Dao had asked the nine-hearted turtle ancestor to bestow him with an opportunity, allowing the sky burial Yuan sacred clan to rise up.

After that, the sky burial Yuan sacred clan started a war with the Saint pan clan and enslaved the Saint pan clan.

After that, Chen Xiaobei became a reincarnator of the Pangu clan. The ultimate secret that he had to shoulder was to release the Saint pan clan.

In the end, Chen Xiaobei would have to use the one word Holy curse to defeat the Supreme holy ancestor of the Saint burial.

He had to gather all the 10000 Saint souls!

In this way, the ancestor of all DAOs was destined to return to the world and become the Supreme ruler!

And Chen Xiaobei would also be trapped in a hopeless situation!

In the end, he was still trapped in the situation and could not escape!

"Phew ..."

Of course, Chen Xiaobei's mental state was strong enough. He took a deep breath and forced himself to calm down.

"Don't think about things that haven't happened yet! What I need to do now is to do my best to save everyone I can!"

Chen Xiaobei turned to look at the 10000-man blob in the air.

His gaze was extremely solemn.

It was obvious that it would not be an easy task to save them.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4639: Memory!**

4639 Memory!

"I definitely can't use force! If the third elder of the No-Saint core was alerted, this was his Saint Soul world, and he could descend in an instant! At that time, I will die without a doubt!"

Chen Xiaobei calmed himself down. He would not act rashly.

"Since I can't use force, I can only use my wits!"

Chen Xiaobei quickly withdrew from the dark holy light.

After that, Chen Xiaobei returned to the dark twelve's little Dark Destroyer seal through the black hole.

Just like before, the energy within the barrier was completely blocked by the ten thousand DAOs Holy Emperor armor and could not hurt Chen Xiaobei at all.

“Clang!!!”

Then, Chen Xiaobei took out the chaos Blood Sword.

break!!!

Chen Xiaobei did not waste any time. He swung his sword, and the power of a five-star divine ancestor was unleashed!

Although he was a peak five-star divine ancestor, his speed and power were comparable to that of a six-star divine ancestor. He could be said to be invincible among his peers!

“Woof!”

In the next moment, a blood-red light broke through the dark Destroyer little array.

However, Chen Xiaobei was not in a hurry to leave.

Instead, he directly activated another ultimate skill: Mo Sha possessed!!!

This was because Chen Xiaobei and the chaos Blood Sword had formed a life-link, and their special abilities were linked.

Therefore, by burning its own Saint Qi, the chaos Blood Sword could activate all of Chen Xiaobei's special abilities.

Furthermore, the level of the special ability that Chen Xiaobei had activated was equivalent to the chaos Blood sword's level, which was two small realms higher than Chen Xiaobei's own.

“Whoosh ...”

The next moment, the chaos Blood Sword turned into a beam of blood light and rushed out of the dark Destroyer enchantment. It entered dark twelve's body.

what ... What's going on?!

At that moment, dark twelve didn't even know what had happened.

The chaos Blood Sword was too fast!

Dark twelve couldn't react in time, and the 3000 Saint ancestors around him naturally didn't notice anything.

At this moment, the only person who could see what was happening was mie xuanling, who was hiding in the distance.

“The North Mystic Divine ancestor has retaliated!”

Mie xuanling revealed an excited expression and said with great agitation, " that bloody light is the North Mystic Divine ancestor's Supreme treasure!

"Ah?"

Wu chaocheng said with a blank face,"what blood light!?" How come I didn't see anything? "Did master counterattack?" Can we escape successfully?"

"Don't worry!"

Mie xuanling finally heaved a sigh of relief and revealed a rare smile. as long as the North Mystic Divine ancestor uses that Supreme treasure, he won't lose to anyone below the six-star divine ancestor level!

It was obvious that mie xuanling had seen how powerful the chaos Blood Sword was!

Even mie xuanyu, an early-stage six-star divine ancestor who was invincible among his peers, couldn't do anything to the chaos Blood Sword!

This five-star divine ancestor, dark twelve, was even more defenseless. Chen Xiaobei could do whatever he wanted to him!

"Uh ..."

In the next moment, dark twelve's eyes glazed over and his body stiffened. He was possessed by the chaos Blood Sword.

He had become a marionette that Chen Xiaobei could control perfectly.

This scene was truly ironic and face-smacking.

Just a moment ago, dark twelve was still looking at Chen Xiaobei with disdain and contempt. He thought of Chen Xiaobei as an ant, a piece of trash, and a lunatic.

However, dark twelve did not even have the time to react before he was possessed by Chen Xiaobei. He did not even know how he died.

This face slap was simply too loud.

Of course, dark twelve was not dead. His soul, Saint Soul, and physical body were all under Chen Xiaobei's control.

In fact, the reason why Chen Xiaobei wanted to use Mo Sha's possession was because he was afraid that if he used other trump cards to kill dark twelve, it would alert the third elder.

After all, dark twelve's small Ward of dark annihilation was connected to the third elder's Saint Soul world.

If the connection disappeared, the third elder of the No saint core would definitely know immediately.

This would be equivalent to beating the grass and alerting the snake.

But now, Chen Xiaobei had only taken over dark twelve's body. Everything else was the same. Even the 3000 Holy ancestors could not tell.

This way, he would not have to worry about alerting the third elder of the No saint core.

“Peek!”

Meanwhile, Chen Xiaobei had stayed inside the small Dark Destroyer enchantment and did not come out.

Then, Chen Xiaobei activated his memory peeking ability.

The light of his supernatural ability enveloped dark twelve’s soul and began to pry into all his memories.

Of course, dark twelve’s memories were very complicated. Chen Xiaobei could not finish reading all of them in a short time. So, he only picked the memories related to the third elder of the No saint core to read.

“I see ... I see ...”

As he continued to read through the memories, Chen Xiaobei was getting more and more important information. He was in a state of shock.

First, Chen Xiaobei had confirmed that the third elder was a Lackey of the Supreme holy ancestor, and the 10000 Saint pan tribesmen were the reward that the Supreme holy ancestor had given to the third elder.

In order to prevent the third elder from changing sides, the Supreme Saint ancestor seemed to have left a way to take back the control of the 10000 Saint pan tribesmen!

In other words, the Supreme Saint ancestor and the third elder of the No-Saint core didn’t trust each other completely.

Secondly, the third elder of the No saint core could really be reborn in the great Dark Destroyer enchantment!

However, there was a condition for rebirth. He had to devour enough Holy ancestors in the great Dark Destroyer enchantment in advance!

The barrier ability used the devoured holy ancestor’s soul to reconstruct the third elder’s soul without a Holy core! Then, he would use even more of his body to turn into energy and restore the cultivation of the third elder of the No saint core!

This meant that, in theory, after devouring enough Holy ancestors, the third elder of the No-Saint core group did indeed have the heaven-defying ability to resurrect infinitely.

However, in reality, it was very difficult for the third elder to devour so many Holy ancestors without a Holy core.

After all, the third elder of the No-Saint core had already reached the level of a nine-star divine ancestor. His body and cultivation were of the same level. If he devoured a lower-level divine ancestor, it would be difficult for him to revive even if he devoured billions of them.

Devouring a high-rank divine ancestor was not an easy task.

On one hand, there weren't many high-level divine ancestors to begin with.

On the other hand, high-level divine ancestors were all important figures in the major forces. If they devoured them at will, it would be equivalent to declaring war on the corresponding forces. This was no joke!

Because of this, although the third elder of the No saint core had invincible abilities, he could not resurrect infinitely!

According to dark twelve's memory, the third elder of the No saint core could be resurrected three times!

Next, Chen Xiaobei went on to read the memories of the twelve Dark Destroyer divine ancestors.

The background of these 12 people surprised Chen Xiaobei.

He had never expected that there were actually 12 man-made people!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4640: duping!**

There was no mistake!

These 12 Holy ancestors Dark Destroyer were all created by the third elder of the No saint core!

The method of making it was similar to the method the third elder of the No saint core used to reincarnate.

They were all made from the divine ancestors devoured by the great Dark Destroyer boundary.

Using the physical body to create the physical body, using the physical body to create cultivation, and then using the soul to create the soul.

The strength of the creation body was also related to the strength of the sacred ancestor devoured. Thus, the cultivation of the 12 sacred ancestors dark destruction varied, and not all of them could reach the highest limit.

Of course, these creations still had three unique advantages!

The first advantage was that the creation body was 100% loyal to the third elder of the No saint core group and would rather die than betray him!

The second advantage was that the third elder could give special abilities to the creation body. This was why the 12 Saint ancestors could use The Dark Destroyer small barrier.

The third advantage was that the 12 small Dark Destroyer wards were all connected to the third elder's Saint Soul world. If anything happened to any of The Dark Destroyer Saint ancestors, the third elder could immediately provide support through the Saint Soul world!

By the same logic, the twelve Dark Destroyer witches could also go directly to the third elder of the No saint core through this connection!

this way, I'll have the opportunity to launch a sneak attack!

Chen Xiaobei's eyes lit up as he started to calculate. "I have taken over dark twelve's body and peeked into his memories. I can use all his abilities! This way, I can go to the third elder's side at any time and launch a fatal sneak attack!"

This was a huge advantage for Chen Xiaobei.

As long as it was used properly, it could definitely achieve the effect of a one-hit kill.

"However, the trump card I have now is not enough to hurt the third elder of the No-Saint core group! This way, even if we can ambush them, it would be meaningless!"

Chen Xiaobei frowned helplessly.

A close-range sneak attack was definitely fatal, but his own strength could not hurt the other party at all. In such a situation, a sneak attack would lose its meaning.

of course, there is a more important question!

"The third elder still has three chances to revive!" Chen Xiaobei said. In other words, even if I succeed in my sneak attack, he can still come back to life safe and sound. In fact, it won't change the situation at all!"

It was clear that Chen Xiaobei had encountered a very difficult opponent this time.

It seemed like he had solved all the mysteries, but he was still far from solving the problem.

Furthermore, there was an even more important problem!

The third elder of the No saint core group was in cahoots with the Supreme holy ancestor of the Saint burial.

Once Chen Xiaobei's identity was exposed, the Saint burial's Supreme divine ancestor would be drawn to him, and he would be dead for sure.

Because of that, Chen Xiaobei could not make a move before he was completely confident!

"I'll have to keep this trump card for now and not use it easily! I need to think of another way to push my plan forward!"

Chen Xiaobei calmed himself down and continued to think.

After some careful planning, Chen Xiaobei finally decided to take out another card of his.

An origin Dao divine ancestor!

This guy was also a puppet that Chen Xiaobei had taken over!

After Chen Xiaobei's manipulation, the origin Dao divine ancestor was now the young master of the sky-burier Yuan divine clan. He was highly valued by the Supreme divine ancestor!

Since the third elder of the No saint core group was in an invulnerable state ...

Then, Chen Xiaobei would have to find another way. The most direct way would be to start with the direct superior of the third elder!

There was no mistake!

Chen Xiaobei's next target was to bury the Supreme holy ancestor!

Chen Xiaobei activated the origin Dao divine ancestor's communication rune and used his identity to send a message to the Saint burial's Supreme divine ancestor.

By the way, the small Dark Destroyer boundary was a special ability boundary and wasn't an independent space. Therefore, the message from the communication rune could be sent out.

[ Yuan Dao divine ancestor (Chen Xiaobei): disciple Yuan Dao greets the Supreme of our tribe! ] I have something important to report to you. Please reply quickly!

The Supreme Saint ancestor of the Saint burial chamber, Yuan Dao! You're already the young master that I've recognized! If you have any problems, you can make your own decisions. If you are not capable enough, you can even mobilize the core elders to help you! I have something urgent to attend to right now, and it's really not convenient for me to leave!

Clearly, the Saint burial Supreme divine ancestor and the demonized great saint Supreme divine ancestor were still waiting for Chen Xiaobei outside the Saint Pan's origin.

Saint burial's Supreme divine ancestor was afraid that Chen Xiaobei would fall into the demonized great saint's hands after he left. So, he would not leave unless he had no other choice.

The origin divine ancestor (Chen Xiaobei): " actually, I've just encountered a Nine Star divine ancestor. I want to borrow some of your trump cards to deal with him! Therefore, you don't have to come in person!

[ Saint burial's Supreme Saint ancestor: Nine Star Saint ancestor? ] How did you end up with such a powerful opponent?

[ origin Dao divine ancestor (Chen Xiaobei): this is related to a Supreme opportunity. I can't reveal too much. If you trust me, please help me this time! ]

[ Saint-burying Supreme Saint ancestor: Supreme opportunity? ] (Surprised, curious)

[ Saint burial's Supreme Saint ancestor: yes, of course I can help you! ] I won't give you the trump card. Tell me who that person is, and I'll get the core great elder to help you settle it!

The origin divine ancestor (Chen Xiaobei)! I'm in an independent space, the core great elder can't enter!

[ Saint burial's Supreme Saint ancestor: independent space? ] You are in an independent space, how can you contact me? (Suspicion)

The origin Dao divine ancestor (Chen Xiaobei): " because I learned the wordless curse of the one word Saint destroyer curse!

"What?!" The Supreme Saint ancestor of the Saint burial sect was shocked. One word Saint-Killing Curse? Are you talking about the one-word Saint-Killing Curse? (Extremely shocked)

The origin divine ancestor (Chen Xiaobei)! I've learned the wordless incantation, and I can use the special ability of space silence within a certain range. Therefore, I can send out messages!

[ Saint burial's Supreme Saint ancestor: rest assured! ] I will definitely save you! I will definitely not let anything happen to you!

[ origin divine ancestor (Chen Xiaobei): if that's the case, please give me some of your trump cards. I'll be safe after I defeat my opponent! ]

"Of course!" The Supreme Saint ancestor of the Saint burial replied. However, how should I give you my trump card?

The origin divine ancestor (Chen Xiaobei): I have a special spiritual network here. I'll send you the corresponding spiritual connection immediately. As long as you can connect to this network, you can send me red packets! After that, I'll also send you the specific method of using it! Just follow the method and insert the trump card, then send it to me!
