### Red Envelope Group of the Three Realms

#### Chapter 4641: courting death!

[ Saint burial's Supreme Saint ancestor: send red packets? ] What was going on?

It was obvious that the Supreme Saint ancestor had never given out any red packets before, so he was naturally at a loss.

But very quickly, Chen Xiaobei sent the spiritual connection and the specific operation method over.

With the wisdom of the Saint burial's Supreme Saint ancestor, he naturally learned it instantly.

[ ding! Congratulations on snatching a red envelope from the Supreme holy ancestor of the Holy burial. You have received three Nine Star holy ancestor middle-stage great heaven burial mysterious infinite talismans! ]

"I've succeeded!"

Oh! Chen Xiaobei was excited. I didn't expect the Supreme divine ancestor to be so easy to fool! I was tricked so easily! Hahaha ..."

However, Chen Xiaobei soon realized that he had been too naive.

[ Supreme Saint ancestor: I've already given you the trump card you wanted. Now, you can send me the one word Saint destroyer curse! ]

Obviously, the Supreme divine ancestor did not give Chen Xiaobei the three talismans just because he was gullible. He wanted to use the three talismans to exchange for the one word Saint killer curse!

[ origin divine ancestor (Chen Xiaobei): I'm afraid that's not very convenient ... ]

Of course, Chen Xiaobei could not send the one word Saint-Killing Curse to the Supreme holy ancestor. He was just about to find an excuse to cover it up when the Supreme holy ancestor spoke first!

[ Saint burial's Supreme Saint ancestor: you're the young master of our sky burial origin Saint clan! ] We should always consider the benefits of our clan! Otherwise, you'll be considered disloyal, unfilial, unkind, and unjust! Not only will he not be qualified to be our clan's young master, but he will also be killed by all of our clan members!

It was obvious that this was a threat!

If Chen Xiaobei did not hand over the one-word Saint destroyer curse, he would be seen as disloyal, unfilial, and unrighteous.

By then, the Supreme divine ancestor would have listed Chen Xiaobei as the mortal enemy of the entire clan. After killing Chen Xiaobei, he would still be able to take the one-word Saint-Killing Curse with a valid reason, and the entire clan would have nothing to say!

Of course, such a threat was nothing to Chen Xiaobei.

For a moment, Chen Xiaobei felt nothing. He even wanted to laugh. "Since you're looking for death, I'll fulfill your wish!"

The origin divine ancestor (Chen Xiaobei): I didn't mean not to give it to you! It's just that the one word Saint destroyer curse is very special. Even if I give it to you, you might not be able to cultivate it! I might even harm you!

"What a joke!" The Supreme Saint ancestor of the Saint burial thought. I've already reached the Supreme divine ancestor realm, so there's no cultivation technique in this world that I can't learn! Besides, cultivation techniques can only help others, so how could they harm me?"

[ origin Dao divine ancestor (Chen Xiaobei): this one-word Saint-slaying curse is a Supreme opportunity. Only those who are fated can cultivate it! ] If other people cultivated, they would suffer from Qi deviation at the very least, and at the very worst, their bodies would explode and they would die! Even if you're the Supreme divine ancestor, I'm afraid it'll be difficult for you to avoid it!

"I don't believe it!" The Supreme Saint ancestor of the Saint burial sect replied. You don't need to say anything more, just send me the one word Saint destroyer curse. I will decide whether to refine it or not!

[ origin divine ancestor (Chen Xiaobei): fine! Since you're so determined, I'll do as you wish! ] However, if there's a problem with the training, you can't blame it on me!

[ Saint burial's Supreme Saint ancestor: don't worry. You've already warned me. As long as you send me the one-word Saint destroyer curse, no matter what I refine, you'll be a loyal subject. I'll definitely remember your contribution! ]

[ origin divine ancestor (Chen Xiaobei): sure. Just wait to receive the red envelope! ]

Chen Xiaobei almost burst out laughing.

He immediately sent over the fake one-word Saint destroyer curse that old Feng had been cultivating.

This fake one was based on the real one and was modified by Chen Xiaobei, so normal people would not be able to see any flaws.

Old Feng was originally a perfectly fine person, but after cultivating the fake, he immediately became crazy and had not recovered until now.

The Supreme divine ancestor was digging his own grave, and Chen Xiaobei was just taking advantage of the situation.

If he didn't, then he would be considered lucky!

If he practiced it, the Saint-burying Supreme divine ancestor would go crazy at the very least. If it was serious, he would become like an old man and no longer pose a threat to Chen Xiaobei!

It was like a time bomb. Whether it exploded or not, it would be very beneficial to Chen Xiaobei!

Alright, let's not worry about the Supreme Saint ancestor for now. I already have a trump card to deal with the third elder of the No-Saint core group. I can take him down immediately!

Chen Xiaobei's face was filled with excitement, and he could not wait to start.

"Whoosh ..."

Then, Chen Xiaobei took out the three great burial heaven Mystic infinite talismans.

Then, Chen Xiaobei took one of them, placed the other on the origin divine ancestor, and the last on dark twelve.

As the saying goes, a cunning rabbit has Three Burrows!

Chen Xiaobei's plan was to leave two more trump cards behind so that his sneak attack would be foolproof.

"Return!"

Then, Chen Xiaobei commanded dark twelve to give an order to the three thousand Holy ancestors.

There was no mistake!

These 3,000 Saint ancestors were also artificial men.

There were many one-star divine ancestors, so it was easy to devour them. Naturally, it wasn't difficult to create one-star divine ancestor dark destruction.

"Whoosh ..."

Then, the small Dark Destroyer enchantment was activated, and the 3000 Holy ancestors all returned to dark twelve's small Dark Destroyer enchantment.

Chen Xiaobei left The Dark Destroyer little wizardry barrier and returned to mie xuanling and Wu chaoheng.

Wu chaoheng, help me find the location of the third elder of the No saint core group! Chen Xiaobei ordered.

"Yes, sir!"

Without hesitation, Wu chaoheng used the communication rune to help Chen Xiaobei find out his location.

"North Mystic Divine ancestor! Are you alright? What's the situation inside?"

Mie xuanling asked curiously.

of course I'm fine. There's a special enchantment inside that's connected to the third elder's Saint Soul world. I'll use that tunnel to ambush him and take him down in one fell swoop!

this ... This is too magical!? Mie xuanling's eyes widened in disbelief.

However, after calming down, mie xuanyu could completely understand.

That was because mie xuanling herself was an innate sacred body. There were many innate sacred bodies in this world and they were of different types. Each of them had their own magical uses, extremely mysterious and magical!

the operation later will be very dangerous. You don't have to follow me! Chen Xiaobei said.

how can this be!?

Xuan mie's face was full of worry. we're working together. How can I leave alone before the mission is completed?!

"Stop arguing!"

I'm not asking you to run away! I have another mission for you! Chen Xiaobei said.

what's the mission?! Mie xuanling asked curiously.

#### **Chapter 4642: backup plan!**

"Go back to the Holy extermination clan and keep an eye on mie xuanyu and Xuan zhenyi! if nothing goes wrong, after I take down the third elder of the No saint core, I can directly reveal the secret they are hiding! We can't let them get away!"

Chen Xiaobei voiced out his thoughts.

It was clear that Chen Xiaobei had a long-term vision. It was like he was playing a big game of chess, taking one step and looking at three.

As long as he could see it, Chen Xiaobei had to keep the initiative in his hands.

"I understand!"

Mie xuanling nodded and said,"I'll keep an eye on them now!" We definitely won't let them escape!"

"In addition, you have to pay attention to two other people!" Chen Xiaobei said.

"Who is it?" Mie xuanling was very confused.

"Your master and your father!"

Chen Xiaobei said, "Your master covets the chaos Blood Sword and will probably use you as a hostage to threaten me! In addition, your father might already be under Xuan zhenyi's control and might harm you!"

how ... How is this possible?!

Mie xuanling was taken aback. She didn't want to believe all this.

However, when he thought about the actual situation, it seemed like what Chen Xiaobei had said was true.

"I understand ..."

In the end, mie xuanling nodded in agreement.

As the saying goes, one must always be on one's guard. Since Chen Xiaobei had already reminded her, miexuan Ling would naturally be more careful.

After that, Chen Xiaobei and mie xuanling split up.

Wu chaocheng returned to his clan. After all, he could no longer help Chen Xiaobei in the upcoming operation. If he revealed himself in the battle, he would only expose his identity. So, there was no need for him to follow Chen Xiaobei.

After everything was in place, Chen Xiaobei was ready to start the operation.

“Whoosh ...”

First, Chen Xiaobei controlled the two of them to pass through the small Dark Destroyer enchantment and enter the third elder's Saint Soul world.

“Clang!!!”

This time, Chen Xiaobei took out the chaos Blood Sword.

Chen Xiaobei then used up a portion of the chaos Blood sword's peak five-star divine ancestor level energy to activate its strongest power. The sword then slashed at the dark holy light above the Beehive Mountain.

“Woof!”

In an instant, the sky was filled with blood light and the entire space trembled. Even the mindless faceless monsters stopped moving. They shouldn't be afraid, but under the terrifying pressure of the chaos Blood Sword, they seemed to be afraid.

The blood-red sword Qi was like a dragon and sky, instantly becoming extremely huge.

The sword was extremely sharp. Wherever it passed, it was as if laws were cut apart and space was torn apart.

“Whoosh ...”

That layer of dark holy light was only an energy body condensed from a special ability, so it wasn't of a high level.

Wherever the blood-red sword passed, the dark holy light was instantly dispersed.

“Swish!”

Then, the sword edge hacked directly on the thin membrane that wrapped the Saint pan tribesmen.

But!

To Chen Xiaobei's surprise, the membrane was extremely strong. Even the chaos Blood Sword, which had the destructive power of a six-star divine ancestor, could not break the membrane.

In fact, even when the blade of the sword streaked across, it could not even leave a mark on the thin film.

It seems like this thin film is the real reason why the people of Saint pan are imprisoned. Perhaps it's also one of the Trump cards of the Saint burial's Supreme Saint ancestor!

Chen Xiaobei observed it carefully and found that it was very similar to the heaven Earth membrane.

It was the myriad Dao ancestor who had instructed nine heart turtle ancestor to deliver the creation method to the Saint burial Supreme sacred ancestor.

The tens of thousands of Saint pan tribesmen before him were all tightly wrapped in the thin film. Not only were they unable to escape, but they were also in a state of deep sleep.

What was even more amazing was that the people of the Saint pan race who were trapped in the thin film seemed to have an endless lifespan.

It had been a long time since the battle between the sky burial Yuan Sage clan and the Saint pan clan.

Logically speaking, some of the lower-leveled members of the Saint pan race should have already reached the end of their lifespans and were walking towards death.

However, at this moment, the tens of thousands of Saint pan tribesmen who were trapped by the thin film, regardless of their cultivation base, were still alive.

It was obvious that this thin film was like a hibernation chamber in science fiction movies. As long as one slept in it, their metabolism would be greatly reduced, and the speed of aging and the loss of life would be greatly reduced.

If this film was really the work of the Supreme holy ancestor, it was definitely many times more powerful than the hibernation chambers in science fiction movies.

In other words, as long as one was imprisoned in this thin film, their lifespan would almost never be consumed.

It was for this reason that the tens of thousands of Saint pan tribesmen, regardless of their cultivation base, were still in good condition, as if they were asleep.

"This is both good and bad news for me ..." He said.

Chen Xiaobei frowned. The good news is that the people of the Saint pan tribe are all healthy. If we can save them, they can return to their normal lives. They might even be able to contribute to the revival of the tribe!

"However, the bad news is that if this film was made by the Supreme holy ancestor of the Saint burial chamber, even the third elder of the No-Saint core will not be able to remove it! This way, I won't be able to save them in a short time!"

From dark twelve's memories, Chen Xiaobei knew that the Supreme divine ancestor of Saint burial did not trust the third elder completely. He had a backup plan to take back the people of Saint pan.

Chen Xiaobei was now certain that this special membrane was the ultimate trump card of the Saint-burying divine ancestor.

With this membrane, the third elder would never be able to gain absolute control over the 10000 Saint pan tribesmen. There was even an array on the membrane. If the third elder didn't listen to him, the Supreme Saint ancestor of the Saint burial chamber could simply sever the special ability of the Saint pan tribesmen and stop the production of those faceless monsters.

This way, as time passed, the original faceless monsters would die in large numbers, but no new faceless monsters would be created. The third elder of the non-Saint core group would be completely cut off from his energy source and suffer a huge loss.

It was obvious that the Supreme holy ancestor was very smart. He had managed to trap the third elder with his plan.

If he did as he was told, he would have energy. If he didn't, he wouldn't have any energy. He might even be hunted down by the Saint burial's Supreme sacred ancestor.

It was because of this that the third elder was so obedient and always considered everything for the sky burial Yuan sacred clan.

"Whoosh ..."

At this moment, a violent fluctuation came from the space of the sacred soul world.

A sudden change occurred!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4643: Take a guess!**

4643 Take a guess!

"Swish!"

Chen Xiaobei was the first to notice the danger.

What happened next was a wave of well-calculated operations.

First, Chen Xiaobei merged the chaos Blood Sword into the origin Dao divine ancestor's body. This way, he could control the origin Dao divine ancestor perfectly.

Then, Chen Xiaobei used his real body to stand where he was.

Finally, Chen Xiaobei put the origin Dao divine ancestor and dark twelve back into the chaotic space.

"Whoosh ..."

At the same time, the changes in the space were still going on.

A figure appeared in the sky, then descended at an extremely fast speed.

It was so fast that Chen Xiaobei could not even see it clearly.

From the aura of this person, he could sense a special aura unique to the No saint tribe.

There was no mistake!

This person who had suddenly appeared was the third elder of the non-Saint core!

“You little brat! Who are you? How did you end up in my sacred soul world?”

The third elder of the No saint core group appeared in front of Chen Xiaobei.

He glared at Chen Xiaobei and bared his fangs like a hungry beast. He wanted to pounce on Chen Xiaobei, tear him into pieces, and skin him alive.

In fact, the third elder had already seen through Chen Xiaobei’s cultivation.

The difference in power between the two of them was so huge that it was not an exaggeration to say that the third elder of the non-Saint core group could kill Chen Xiaobei with a single thought.

However, the third elder of the No saint core did not make a move rashly.

This was because the third elder was very confused, shocked, and dumbfounded. He could not figure out why Chen Xiaobei would appear in his Saint Soul world!

This made the third elder of the No saint core very nervous and uneasy.

Before knowing Chen Xiaobei’s true strength, the third elder of the non-Saint core could not act rashly.

I’m Xuan zhenyi’s ally. She asked me to look for you to ask you about the next step of the plan!

Chen Xiaobei made up a random excuse.

Xuan zhenyi!?

The third elder of the No saint core group was stunned for a moment. His eyes flickered, which proved that he was indeed related to Xuan zhenyi.

However, the third elder of the No saint core was not stupid.

no! he immediately denied it. don’t try to get information from me, kid. I don’t know Xuan zhenyi at all! I don’t even have any plans for the next step!”

“Don’t deny it!”

if Xuan zhenyi did not tell me about your relationship, I would not have come here to find you. I would not have even mentioned the name ‘Xuan zhenyi’ to you! Chen Xiaobei said.

“This ...”

The third elder of the No saint core group was stunned. Chen Xiaobei was his ancestor when it came to tricking people.

No matter how smart the third elder was, he would still be tricked by Chen Xiaobei.

After all, even though Chen Xiaobei was bluffing, he was not spouting nonsense without any basis. He had some clues in advance, and by adding some details to the foundation of the clues, it would greatly increase the credibility of his words.

“Impossible!”

The third elder of the No saint core group composed himself and immediately denied, “ Zhen Yi and I have a fixed way of contacting each other. We’ve never said that we would find someone else to pass on the message!

“Ha.”

hehe! Chen Xiaobei chuckled. didn’t you just say that you don’t know Xuan zhenyi? ”

“I ...”

The third elder of the No saint core group was stunned and speechless.

“You still call her Zhen Yi? You two must have a special relationship!”

Chen Xiaobei’s wise eyes seemed to have found a more important clue.

Chen Xiaobei focused his attention on the third elder’s face.

There was actually a sense of deja vu.

Although this third elder of the No saint core group was in a high position and had superior status and power, it was very strange that he actually exuded a wretched and dark aura of a small figure. This kind of temperament was very inconsistent with his identity.

“Hmph! You little brat! Don’t try to trick me into talking again! I can be 100% sure that you’re not Zhen Yi’s man!”

The third elder of the No saint core group glared at him. His body was filled with fighting intent and cold killing intent.

“So what if I’m not?”

Chen Xiaobei looked at the third elder provocatively.

“So what?”

you’re nothing but a lowly ant! the third elder of the No saint core group shouted angrily. in my eyes, you’ve always been an extremely pathetic ant! I can turn you into ashes with a casual twist of my hand! You actually dare to ask this Lord what?”

Obviously, the third elder of the No-Saint core had the independence of a Nine Star divine ancestor and was very, very powerful.

Chen Xiaobei, on the other hand, was only a peak three-star divine ancestor. The difference in strength between the two was too great to be compared.

It was not an overstatement to say that the third elder did not even need to make a move. He could kill Chen Xiaobei with a single thought. That was why the third elder looked down on Chen Xiaobei.

Of course, even if the third elder had a hundred million brains, he would never have thought that Chen Xiaobei had already gotten the trump card from the Saint burial’s Supreme divine ancestor!

It was a nine-star divine ancestor's peak-level great burial heaven abstruse immeasurable talisman!

With this trump card in hand, Chen Xiaobei would have the ability to fight the third elder of the No saint core group!

That was why Chen Xiaobei was not affected by the third elder's arrogance and contempt. In fact, he even wanted to laugh.

why not?" Chen Xiaobei asked. since you're so confident, why can't you tell me more?"

"Of course, there's nothing wrong with that!"

The third elder of the No saint core group said indifferently, 'as long as I want to, you will die! Therefore, no matter what I tell you, it's not a problem at all! However, Who Do You Think You Are? you're just an ant. Do you think I need to waste my breath on you?"

The third elder of the non-Saint core group, Chen Xiaobei, was full of disdain.

Why would a normal person talk to an ant about their feelings?

"Since you won't tell me, I'll guess it myself!"

Chen Xiaobei raised his eyebrows and said, "If I'm not wrong, you've made a huge cuckold out of the Holy extermination core elder, mie cangheng! Am I right?"

"This ..."

When the third elder of the No saint core heard this, he was stunned and his eyes were filled with shock.

Chen Xiaobei's guess was right.

Of course, this was mainly because the third elder of the No saint core group was extremely disdainful of Chen Xiaobei. He did not even bother to hide his emotions.

"As expected!"

I can tell that you're just like mie xuanyu! Chen Xiaobei raised his eyebrows. I can tell that the aura of a small fry on you is exactly the same as mie xuanyu's!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4644: silence!**

"What!"

The third elder of the No saint core group was instantly furious. He no longer hid his anger and roared, "You brat, you're saying that my son and I are both dark and wretched nobodies! You're simply courting death!"

There was no mistake!

Everything should be Chen Xiaobei's doing!

Mie xuanyu was actually the son of Xuan zhenyi and the third elder of the No saint core group.

That was why when Chen Xiaobei first met mie xuanyu, he felt that he did not look like his sister, mie xuanling, at all. In fact, they were two completely different species, 1.8 trillion times different!

Even if they had the same father but different mothers, the gap should not be so huge! After all, mie xuanling's father, mie cangheng, could definitely be considered a handsome man!

Only with different parents could a son like mie xuanyu be born.

In fact, Chen Xiaobei was being kind just now. Mie xuanyu was not only a dark and perverted man, but he was also very ugly. It could be said that he had inherited all the ugly parts of the third elder of the No saint core and Xuan zhenyi!

"What's the hurry? I'm going to keep guessing!"

Chen Xiaobei raised his eyebrows and continued, " because you're the core elder that the Supreme Saint ancestor relies on the most, the Supreme space-breaking spell was originally given to you by the Supreme Saint ancestor, but you gave it to your son!

in addition, the profound Sage Tribe originally wanted to form an alliance with the Holy extermination tribe. However, because of your relationship with Xuan zhenyi, this woman has been trying to facilitate the Alliance between the profound Sage Tribe and the No-Saint tribe. Therefore, the first failure of the Alliance between the profound Sage Tribe and the Holy extermination tribe was caused by you and Xuan zhenyi!

at the same time, you're also colluding with the sky burying Yuan sacred clan. Although I don't know what you're plotting, I'm sure that you'll be severely punished by the Supreme divine ancestor if you're exposed! They might even face a collective crusade from their mortal enemies!"

Chen Xiaobei was as calm as ever, and his tone was even calmer. There was no fear in his voice, and instead, he exuded a domineering aura that seemed to be in control of the situation.

"You ... Y-y-you ..."

Chen Xiaobei's words hit the third elder's soft spot.

The truth was that colluding with the sky-burier Yuan sacred clan would not only bring disaster to the third elder, but the first two things that Chen Xiaobei mentioned would also bring him a lot of trouble if they were made public!

The first thing was that the third elder of the No-Saint core group had cuckolded mie cangheng!

One had to know that mie cangheng was the core great elder of the Holy extermination clan!

Even if mie cangheng was controlled by Xuan zhenyi and did not come for revenge! However, the Holy extermination clan was extremely powerful and attached great importance to glory and dignity. They were also extremely combative! Even the Supreme holy ancestor might be involved in this matter!

By then, the third elder would be the one in the wrong, and even the Supreme Saint ancestor would have no reason to protect him. The consequences would be unimaginable!

The second thing was that the third elder and Xuan zhenyi had destroyed the first Alliance between the profound Sage Tribe and the Holy extermination tribe.

The danger brought by this matter far exceeded the first.

This was because the profound Sage Supreme divine ancestor had married his own daughter to the Holy extermination clan, which showed how sincere he was in forming an alliance.

The Supreme holy ancestor also had high hopes for the Alliance.

Because of this, the third elder of the No-Saint core group had destroyed the first Alliance, which was equivalent to offending both the profound Sage and the Holy extermination Supreme divine ancestors.

There was no need to say how miserable the consequences would be!

“Hiss ...”

Because of this, the third elder, who was originally extremely furious, suddenly froze on the spot. He could not help but gasp in shock and panic!

“Very good! It seems that I was right!”

Chen Xiaobei smiled, his wise black eyes seemed to be able to see through everything.

“Hmph!”

However, the third elder of the No saint core was someone who had seen many things, and he quickly calmed himself down.

His eyes instantly turned extremely vicious, and a killing intent that seemed to have substance suddenly burst out.

He said word by word, “do you think you’re very smart?!” If you guessed everything right, the result you got in exchange was death! I can’t let you leave here alive no matter what! Of course, you won’t be able to survive either!”

Obviously, only four people in this world could keep this secret forever.

Therefore, the third elder was determined to kill Chen Xiaobei. He would not allow Chen Xiaobei to live.

Of course, in the third elder’s eyes, Chen Xiaobei was just an ant. Oh no, he was not even an ant. He was just a tiny speck of dust. There was absolutely no chance of survival!

“Whoosh ...”

As he spoke, the third elder of the No saint core group released a terrifying amount of Saint Qi.

The dark Saint Origin Energy covered the sky and the earth. It was as if the entire Saint Soul world had turned dark.

Many of the faceless monsters were trembling as if they had been hit by a petrification spell. They were frozen on the spot, and their instinctive fear was at its peak.

“Boom boom boom ...”

The next moment, the black-gray Saint Qi twisted into a wild storm and came crashing down on Chen Xiaobei.

“You little brat! Go to hell!”

The third elder let out a furious roar. He looked at Chen Xiaobei as if he was looking at a frozen corpse. He could already imagine Chen Xiaobei turning into ashes!

“Just this?”

However, in this situation, Chen Xiaobei only snorted in disdain.

“Woof!”

The next moment, Chen Xiaobei waved his hand and took out a great burial heaven Mystic infinite talisman that he had prepared earlier!

“Boom boom boom ...”

With a terrifying explosion, the peak nine-star sacred ancestor-level talisman suddenly burst out with all its power!

The pure black Saint Origin Energy suddenly surged like a billion volcanoes erupting at the same time. The aftershock alone was enough to make the world shake, the laws of nature collapse, and everything else lose its color as if the end of the world had come!

“Whoosh ...”

At the same time, blood-colored runes that looked like stars in the sky appeared in the dark Saint Origin Energy that covered the sky!

These blood-colored runes seemed to be able to give life and soul to the dark Saint Origin Energy!

In an instant, the aura of his dark Saint Origin Energy underwent a terrifying change! At the same time, it also exuded an extremely powerful Supreme pressure!

It felt as if the Supreme Saint ancestor had personally come to bury the Saint!

my God ... This ... What the hell is going on? ”

In an instant, the third elder of the No saint core was shocked to the extreme. His eyes were so wide that it looked like his eyeballs were about to fall out, and his mouth was so wide that it looked like his jaw was about to fall off.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4645: A coincidence!**

4645 A coincidence!

is ... Is that the Saint burial's Supreme Saint ancestor?!

The third elder's body trembled violently. His pupils contracted uncontrollably, and all the hair on his body stood up. He broke out in a cold sweat like rain!

“You guess!”

Chen Xiaobei smiled evilly. Without further ado, he activated the talisman’s power and attacked the third elder.

“No... Don’t ... Don’t ... I’m loyal to the Supreme holy ancestor ... Why do you want to kill me? Why!”

The third elder of the No saint core group let out a hysterical scream as if his liver and guts were about to split apart and he had lost his soul.

“BOOM!”

However, in the next moment, the special Dark blood pattern Saint origin power suddenly hit the third elder.

The third elder of the No saint core group did not even have the time to wail in pain. In an instant, he was crushed and turned into ashes. Not even a trace of him was left!

This result was indeed very ironic!

Just a few seconds ago, the third elder was still looking at Chen Xiaobei as if he was a corpse. He could even imagine Chen Xiaobei’s face turning into ashes.

However, a few seconds later, he, the third elder of the No saint core group, was the one who had been turned into ashes by Chen Xiaobei!

This face slap was simply too loud!

“Boom boom boom ...”

The power of the third elder of the No-Saint core was far weaker than that of a peak nine-star divine ancestor. Therefore, after the third elder of the No-Saint core was killed, only a little of the power of the talisman was consumed. A large part of the power was condensed and did not dissipate!

“Since that’s the case, I’ll try to use my opponent’s spear to attack my opponent’s shield!”

Chen Xiaobei activated the rest of the talisman’s power and directed it at the ‘giant tumor’ in the air.

The 10,000 Saint pan tribesmen were wrapped in a special film. Even the chaos Blood Sword couldn’t cut through the film, not even leaving a mark.

However, the remaining power of the talisman had reached the level of a Nine Star divine ancestor, which was countless times stronger than the chaos Blood Sword.

As long as the membrane wasn’t at the level of a Supreme holy ancestor, this attack had a high chance of breaking it!

Even if it couldn’t be completely destroyed, it could at least create some cracks.

“Boom boom boom ...”

In the next moment, the power of the talisman exploded on the ‘large tumor’.

“Whoosh ...”

A moment later, the power of the talisman had been completely absorbed by the 'big sarcoma', leaving nothing behind. It did not even cause any damage to the surrounding environment.

how ... How is this possible?!

Chen Xiaobei was dumbfounded. It seems that this membrane has reached the level of a Supreme divine ancestor. It can even absorb the power of a nine-star divine ancestor. It's so powerful!

Just a moment ago, Chen Xiaobei was still looking forward to this wave of attack.

However, the situation in front of Chen Xiaobei made him feel hopeless.

If the barrier was really at the level of a divine ancestor, then before Chen Xiaobei reached that level, he would not be able to save any of the pan Sheng people.

This was a huge blow to Chen Xiaobei's enthusiasm.

"Whoosh ... Weng!"

However, at this moment, things took a turn for the better.

Ripples of energy suddenly appeared on the surface of the 'large blob'.

Then, the originally tight film suddenly relaxed.

what's going on?!

Chen Xiaobei's eyes lit up, and he quickly flew over to check.

He was instantly surprised and overjoyed!

"Shua!"

Chen Xiaobei released a stream of Saint vitality and cut through the membrane as if it was a plastic bag.

could it be that the talisman given to me by the Supreme Saint ancestor of the Saint burial chamber is the key to unlocking this special membrane?!

Chen Xiaobei was overjoyed.

He didn't expect the trump card given to him by the Saint burial's Supreme Saint ancestor to have such a use.

However, although this result was unexpected, it was completely within reason.

This was because the 'huge tumor' was covered by the Supreme Saint ancestor's dark blood-patterned Saint origin power.

It could be said that this special film was like a formation that only recognized the aura and Saint Origin Energy of the Saint burial ground's Supreme Saint ancestor.

The talisman that Chen Xiaobei had just taken out was filled with the aura and saintly vital energy of the Saint-burying Supreme divine ancestor. It was as if the Supreme divine ancestor had personally come to the scene.

Because of this, the seal of the thin film was directly removed.

this is too awesome!!!

I've found a way to save him! If I need help in the future, I'll just have to get the Supreme holy ancestor to give me that talisman! The one-word Saint-Killing Curse I gave him was fake anyway! He'll definitely need more from me!

Chen Xiaobei had found a way to save the people of Saint pan by accident.

Other than the Saint pan tribesmen who were enslaved by the Saint burial's Supreme divine ancestor, Chen Xiaobei could use this method to save all the other Saint pan tribesmen.

It would be even more convenient if Chen Xiaobei could make those talismans himself.

Chen Xiaobei's ultimate goal had always been to free the Saint pan clan.

Now that Chen Xiaobei was finally on the right track to his ultimate goal, he was extremely excited.

"Shua shua ... Shua shua ..."

Then, Chen Xiaobei used all his strength and saved all 10000 of the Saint pan tribesmen as fast as he could.

However, at this moment, they were still in a state of deep sleep and it seemed that they would not wake up for a while.

So, Chen Xiaobei sent all of them into the chaotic space.

"It'll take some time for the third elder of the No saint core to revive, but the 12 Saint ancestors Dark Destroyer will probably return! So, I have to carry out the next step of my plan!"

Despite his excitement, Chen Xiaobei was still very calm.

Through dark twelve's memories, Chen Xiaobei knew the rough time when the third elder would be resurrected. During this time, the twelve Dark Destroyer Saint ancestors would gather to act as guardians!

Chen Xiaobei had already planned everything out!

"Whoosh ..."

Immediately, Chen Xiaobei's real body turned into a purple Qi Dharmakaya.

At the same time, he released dark twelve. The purple Qi entered dark twelve's body and the possession ability was activated.

Dark twelve was now a puppet under Chen Xiaobei's complete control!

Whoosh ... Whoosh ... Whoosh ...

Then, the 11 Black holes in the sky started to ripple.

There was no mistake!

They were the other 11 of the 12 Holy ancestors Dark Destroyer. They had returned to the third elder's Saint Soul world through the dark Destroyer small enchantment!

### Red Envelope Group of the Three Realms

#### **Chapter 4646: completed!**

The other 11 Saint ancestor dark destruction arrived one after another.

There were four Seven Star divine ancestors, four six star divine ancestors, and three five star divine ancestors.

With the dark twelve, who was possessed by Chen Xiaobei, all of them were present.

These twelve people were all dressed in black robes and looked like twelve brothers. They were surprisingly identical.

"Dark twelve! You're the first to arrive, so what happened here? How could Lord father be killed?"

At this moment, the eldest brother, an Yi, walked out and asked in a deep voice.

"I'm not sure about that ..."

Chen Xiaobei took control of dark twelve and said, " it was already like this when I arrived. I didn't see what it was!

"Dammit! How could this be?"

Dark one and the others looked around with their brows deeply furrowed. They appeared to be extremely shocked and astonished. They simply couldn't believe their eyes.

Because at this moment, not only was the third elder of the No saint core killed, but the 10000 enslaved Saint pan tribesmen had also disappeared!

If this was in the real world, it would be understandable.

However, at this moment, they were in the third elder's Saint Soul world!

Because of this, no matter how hard they racked their brains, they couldn't figure out how all of this had happened! Who was it that could move freely in the Saint Soul world of the third elder, who was a core without a Saint? Who was it that could save ten thousand Saint pan tribesmen?

This was simply unbelievable! It was simply too crazy!

For a moment, dark one and the others had the same thought!

could ... Could ... Could it be that the Supreme holy ancestor has made a move?!

Everyone looked at each other, their eyes wide open. They were all extremely shocked and terrified.

"Of course it's not the Supreme divine ancestor!"

Chen Xiaobei took control of dark twelve and said, " "If it's the Supreme divine ancestor, then there's no need for them to retreat. They can just wait here for Lord father to resurrect!"

“This ... That’s true ...”

Dark one nodded and said awkwardly, “the Supreme divine ancestor has absolute power. Even if Lord father is resurrected, he’ll still die!” The reason why the enemy retreated was obviously because they were afraid of the resurrected Lord father!”

then what should we do next?! Chen Xiaobei asked.

let’s just wait here, ” dark one said indifferently. three days later, master will be able to resurrect in full condition. At that time, we’ll naturally find out what happened after asking master!

“I see ...”

Chen Xiaobei took control of dark twelve and said, ” why don’t you brothers wait here? my cultivation is the weakest, so there’s no point in guarding here. Why don’t we go out and do something useful? ”

huh?!

Dark one’s expression froze for a moment before he said, “twelve!” Why do I feel that you’re very different from before? In the past, you were always obedient and never put forward your own ideas or requests!”

Chen Xiaobei took control of dark twelve and explained, ” “Hasn’t today’s situation never happened before? His master had died in his sacred soul world, and the people of Saint pan had been rescued! It’s very likely that this was done by the enemies of the sky burial Yuan sacred clan!”

“This ...”

Hearing this, dark one couldn’t help but be stunned. Then, he heavily nodded and said, ” “What you said makes sense! How about this, we’ll keep watch while you go out and contact the Saint burial’s Supreme Saint ancestor. Tell him what happened and ask him how to deal with it!”

“Yes, sir!”

Chen Xiaobei took control of dark twelve and bowed to him. Then, he returned to the dark twelve’s little wizardry barrier through the black hole in the sky.

Then, he returned to the real world through the small Dark Destroyer boundary.

However, Chen Xiaobei did not contact the Saint-burying’s Supreme divine ancestor immediately. Instead, he revealed his true form, stepped through the void, and returned to Saint destruction mountain.

Holy extermination mountain was right below the Holy extermination Supreme territory. As soon as Chen Xiaobei arrived, the Holy extermination Supreme divine ancestor noticed him.

“North Mystic Divine ancestor! Why did he return so quickly? Did I fail the mission?”

The Supreme Holy extermination asked in a deep, solemn voice.

Clearly, Chen Xiaobei and mie xuanling had only left for a short time. According to holy ancestor mie’s thinking, they could not have completed their mission so quickly.

So, the first thought that came to the Supreme divine ancestor's mind was that Chen Xiaobei and mie xuanling had failed their mission.

"Ha."

However, Chen Xiaobei only smiled and said calmly, "such a simple mission, how much time can it take?!"

"What? Simple?"

The Supreme Holy extermination's expression faltered, and he couldn't believe his ears.

This mission involved the core higher-ups of the No saint tribe. It was originally used by the Holy extermination Supreme divine ancestor to test Chen Xiaobei's strength.

If Chen Xiaobei was not strong enough, the Supreme holy ancestor would have tried to snatch the chaos Blood Sword.

On the other hand, if Chen Xiaobei completed the mission easily, the Holy extermination Supreme divine ancestor would have to take into account the power behind Chen Xiaobei!

However, the task that the Holy extermination Supreme divine ancestor had thought to be very difficult had been completed by Chen Xiaobei in a very short time.

This was simply inconceivable!

The first reaction of the Supreme Holy extermination was disbelief.

He asked in a deep voice, "really?!" North Mystic Divine ancestor, you're also a respected figure. Don't you find it embarrassing to lie?"

"Lying?"

hehe! Chen Xiaobei laughed. then, you'll have to see if I'm telling the truth!

"Whoosh ..."

Then, Chen Xiaobei released dark twelve.

this ... This is!?

The Supreme holy ancestor's brows furrowed slightly. He was a little confused at first, but he was soon surprised.

"These are the 12 Holy ancestors dark destruction, who are under the command of the third elder of the No saint core!" These twelve Saint ancestors were of the same breath and branch. If one of them was in trouble, the other eleven would come to help! Even the third elder of the non-Saint core group would support him! You ... How did you catch him?"

Chen Xiaobei smiled. I used my special ability to possess her body. I didn't hurt her at all. That's why the other Saint ancestors and the third elder of the non-Saint core group didn't notice! At the same time, I was very stealthed, and this guy didn't have a chance to ask for help!"

possession!?

The Supreme holy ancestor looked at it and couldn't help but praise, "Good move! What a good scheme! He was actually able to possess a Saint ancestor dark destruction without anyone knowing! The North profound divine ancestor is indeed powerful!"

The Supreme holy ancestor paused for a moment before continuing, but how can this Saint ancestor Dark Destroyer prove that you've completed your mission? "

"Isn't that simple?" Chen Xiaobei smiled. You can pry into his memories! Or, use his communication rune to directly contact the biggest mastermind behind the entire conspiracy!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4647: ironclad evidence!**

"Alright!"

The Supreme Holy extermination didn't waste any time and descended from the Supreme domain again.

"Whoosh ..."

Then, Chen Xiaobei handed over dark twelve.

The Supreme holy ancestor began to use his Supreme ability to pry into dark twelve's memories.

Soon, the Supreme holy ancestor read the information he wanted. "I didn't expect the third elder of the No saint core to be a Lackey of the Supreme Saint ancestor! Betraying the non-Saint tribe for a little benefit!"

It had to be said that the third elder of the No saint core was really a talent.

He had been colluding with the Saint burial's Supreme Saint ancestor for a long time, but he had never revealed any flaws or been discovered by anyone.

The Supreme holy ancestor was extremely surprised to hear this.

but this still doesn't prove that you've completed your mission!

The Supreme holy ancestor's brows furrowed slightly. He wasn't satisfied with this result.

"Don't be in such a hurry!"

you can use dark twelve's communication rune. You can contact the Dao zang Saint Supreme divine ancestor directly! Chen Xiaobei said.

why should I contact the Saint burial's Supreme Saint ancestor?!

it's their business that the Supreme holy ancestor of Saint burial colluded with the third elder of the No-Saint core group, " the Supreme holy ancestor said coldly. it's not like it'll do me any harm. Why should I meddle in their business? "

"No, no, no!"

of course not! Chen Xiaobei smiled. this will do you a lot of harm! I haven't told you the other half of the more explosive content!"

what other content is there!? The Supreme holy ancestor's curiosity was piqued, and he looked at Chen Xiaobei with wide eyes.

Chen Xiaobei paused for a moment, trying to keep the Supreme divine ancestor in suspense.

I've already found out that the first Alliance between the Holy extermination clan and the profound Sage clan was instigated by the Supreme holy ancestor of the Saint burial tribe. It was destroyed by the third elder of the No-Saint core and Xuan zhenyi!

"What?"

The Supreme holy ancestor's expression changed drastically.

However, he was a Supreme existence after all, so his state of mind was naturally extremely calm.

He quickly raised his doubts. you have no proof. What evidence do you have?! I must warn you! If you don't have concrete evidence, it's best not to make irresponsible remarks. Otherwise, the consequences will be very, very serious!"

"Of course I have evidence!"

you might not believe me, but mie xuanyu is actually the son of Xuan zhenyi and the third elder of the No saint core group! Chen Xiaobei said. Your clan's core Grand Elder, mie cangheng, has been cuckolded!"

"The No-Saint Supreme space-breaking spell that mie xuanyu used was given to him by the third elder of the No-Saint core group! I won't feel any heartache if I give such an important treasure to my own son!"

"If you still don't believe me, you can grab Xuan zhenyi and pry into her memories. When the time comes, there will naturally be irrefutable evidence! I don't need to explain anymore!"

Chen Xiaobei's face was full of confidence, and his tone was calm, as if everything was under his control.

"What? This ... This ... This ... How is this possible?"

The Supreme holy ancestor was completely stunned. He couldn't believe his ears.

At the same time, the Supreme holy ancestor's expression became extremely ugly.

After all, the Grand core elder had been cuckolded. This was a disgrace to the entire Holy extermination clan, and it made him, the Supreme holy ancestor of the Holy extermination clan, feel ashamed and furious.

But this time, the Supreme holy ancestor no longer had any doubts.

Chen Xiaobei's words made sense, and he could even get Xuan zhenyi to verify it.

Therefore, Chen Xiaobei would not lie.

It was precisely because all of this was real that the Supreme Holy extermination Saint was so furious, humiliated, and even filled with killing intent.

Chen Xiaobei had already seen through this!

The entire Holy extermination clan was like this. They revered powerlessness, worshipped the strong, and valued dignity and glory the most!

At this moment, the core Grand Elder was being humiliated. This was a blasphemy and trampling on the dignity and glory of the Holy extermination clan. As the Supreme ruler of the clan, the Holy extermination's Supreme divine ancestor was naturally the most furious!

Of course, other than that, Chen Xiaobei had another plan in mind.

That was, the first Alliance between the profound Sage Tribe and the Holy extermination tribe had been destroyed, which had also made the Holy extermination tribe's Supreme divine ancestor extremely angry!

With these two things added together, the Supreme Holy extermination wanted nothing more than to kill the third elder right away!

"Woof!"

The next moment, before Chen Xiaobei could react, the Holy extermination Supreme holy ancestor disappeared from where he was.

"Woof!"

In another instant, the Supreme holy ancestor was back where he had been.

At this moment, the Supreme holy ancestor had brought back four more people: mie cangheng, mie xuanling, Xuan zhenyi, and mie xuanyu.

"Greetings, master!"

Mie xuanling bowed respectfully and then looked at Chen Xiaobei.

Seeing that Chen Xiaobei was safe and sound, mie xuanling heaved a sigh of relief. At the same time, she looked at Chen Xiaobei with her beautiful eyes, full of anticipation for his next performance.

"Greetings, Supreme holy ancestor!"

Immediately after, the family of three, mie cangheng, Xuan zhenyi, and mie xuanyu, also bowed to the Supreme holy ancestor. They were extremely humble and respectful.

"Whoosh ..."

The Supreme Holy extermination didn't say anything as he sent his Supreme ability down.

He began to pry into Xuan zhenyi's memories.

you ... What are you doing?!

Xuan zhenyi turned pale with fright and screamed hysterically.

It was obvious that she knew very well that her memories must not be pried into.

However, Xuan zhenyi couldn't move at all under the suppression of the Supreme holy ancestor's special ability, let alone resist.

"Mother!"

Mie xuanyu didn't dare to move forward. He knelt on the ground and begged for mercy.

"Supreme holy ancestor ... I beg you ... Please let my mother go ... I beg you ..."

"Bang Bang Bang ..."

At the same time, mie cangheng also knelt on the ground. His whole person seemed a little dull. He didn't say anything and just kept kowtowing.

This scene was really strange!

How could the Grand Elder of the Holy extermination clan be such a good-for-nothing?

"Father ..."

Mie xuanling couldn't help but frown. He felt that his father was very different from everything else. It was as if he had become a different person.

"Damn it!"

However, the next moment, the Supreme Holy extermination Saint ancestor let out a furious roar.

The terrifying pressure came down, and it was as if the entire mountain was shaking.

It was obvious that the Supreme holy ancestor had confirmed everything from Xuan zhenyi's memories!

Next, the Supreme holy ancestor would definitely take revenge!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4648: revenge!**

"North Mystic Divine ancestor! Wait here for a moment!"

The Supreme holy ancestor was extremely furious, but he still managed to remain calm.

It was obvious that he was going to take revenge. However, he had to make things clear before he took revenge.

"Whoosh ..."

However, the Supreme holy ancestor had also released a special power before this!

The dark destruction special ability shrouded mie cangheng directly!

"Father!"

Mie xuanling turned pale with fright, thinking that the Supreme holy ancestor was going to vent his anger on mie cangheng.

“Chi ...”

However, in the next moment, the power of this special ability seemed to have destroyed some kind of shackles on mie cangheng’s body, greatly improving his spirit and energy. It was as if he had suddenly recovered his former glory!

“Uh ...”

However, immediately after, mie cangheng let out a mournful wail.

“Ugh ...”

Then, an unexpected scene appeared!

Mie cangheng bent down and retched. He actually vomited a black Gu worm that looked like a poisonous Scorpion!

what ... What the hell is going on?!?

Mie xuanling was dumbfounded and fell into great shock.

Chen Xiaobei was also taken aback, deep in thought.

“Chi ... Chi!”

However, the Supreme holy ancestor didn’t explain any further.

The next moment, the Supreme Holy extermination stepped into the void and disappeared.

At the same time, the Supreme holy ancestor also took Xuan zhenyi, mie xuanyu, and dark twelve.

It was obvious that the reason why the Supreme divine ancestor didn’t explain was because mie cangheng could explain it himself.

“Phew ... Phew ...”

Mie cangheng panted heavily and only shouted at the sky after a long time, “ thank you, utmost being, for saving me... Thank you ...

Chen Xiaobei and mie xuanling’s faces changed again.

Chen Xiaobei was the first to guess what had happened. He said, “ Just now, the Supreme divine ancestor of the Holy extermination pried into Xuan zhenyi’s memory and probably learned about this woman. She used this Gu worm to control your father! The Supreme holy ancestor was so powerful that with a thought, he dispelled the Gu worm and allowed your father to return to normal!”

“That’s right! That’s exactly the case!”

Mie cangheng said in a deep voice, “ Xuan zhenyi is an extremely vicious woman. To think that I’ve always trusted her. However, she sneaked an attack on me and controlled me with Gu worms! Simply dammit!”

At this moment, mie cangheng's essence, energy, and spirit had not only greatly improved, but his words also revealed an extremely strong and overbearing pressure. He finally had the demeanor of a core elder of a Supreme clan!

"No wonder ..."

Upon hearing this, mie xuanling came to a realization and said, "I've been feeling strange ever since I came home this time. It's as if my father has changed into a different person! It turned out! This was all Xuan zhenyi's doing! This vicious woman! I will never let her go!"

As the situation developed, all the secrets were revealed.

Now, it was time to see how the Supreme holy ancestor would take revenge!

.....

After a while, the Supreme holy ancestor returned.

At the same time, Xuan zhenyi, mie xuanyu, and dark twelve were also brought back.

At this moment, other than the puppet dark twelve, who had no reaction, Xuan zhenyi and mie xuanyu both had expressions of extreme despair and fear.

It was clear that the Holy extermination paramount divine ancestor had just left to bring them to the profound divine paramount divine ancestor.

In front of the profound Sage Supreme divine ancestor, he had to show the witnesses and material evidence to make things clear.

Then, he could take revenge in a legitimate way.

It was obvious that the profound Sage Supreme divine ancestor was also extremely angry after prying into Xuan zhenyi's memories. Although Xuan zhenyi was his biological daughter, she was also a traitor to the entire profound Sage Tribe!

Therefore, the profound Sage Supreme divine ancestor decided to put righteousness before family and didn't interfere in this matter.

In addition, the Supreme holy ancestor will bring Xuan zhenyi back for the Supreme holy ancestor to deal with.

"Whoosh ..."

With a thought, a black ball of light appeared in the Supreme Holy extermination's hand.

Then, the surface of the dark ball of light started to burn with golden flames, instantly emitting a terrifying and shocking pressure!

Plop ... Plop ...

In an instant, Xuan zhenyi and mie xuanyu couldn't help but kneel.

At this moment, this terrifying pressure completely enveloped them. Xuan zhenyi was still fine, as she had the cultivation of a peak divine ancestor and could barely hold on for a moment!

However, mie xuanyu, a mere six-star divine ancestor, didn't have such a strong state of mind!

"Hiss ..."

Mie xuanyu took a deep breath as his mental state was crushed!

He had a mental breakdown and was dumbfounded like an idiot. He stood rooted to the ground! His nose was crooked and his eyes were slanted. A line of saliva was flowing down from the corner of his mouth!

"Son!"

When Xuan zhenyi saw this, she was extremely nervous and heartbroken.

However, under the shroud of that terrifying pressure, Xuan zhenyi's entire body seemed to be pressed firmly to the ground. Other than kneeling down and resisting, she could not do anything else.

He could only watch as mie xuanyu's state of mind was destroyed and he became an idiot.

This feeling of despair caused great mental torture to Xuan zhenyi.

There was no doubt that this was the Supreme holy ancestor's revenge on Xuan zhenyi!

After all, they were all top powerhouses. Physical torture was nothing, but mental and spiritual pain was often worse than death!

At the sight of this scene, the anger in mie cangheng and mie xuanling's hearts was finally alleviated a little!

Enemies should receive such retribution!

annihilate. Supreme holy flame!!!

The Supreme holy ancestor suddenly let out a low roar.

The Golden flames on the black ball of light suddenly rose and spewed out two huge pillars of fire!

Like two golden fire dragons, they opened their bloody mouths and bit down on mie xuanyu and Xuan zhenyi!

In the next moment, mie xuanyu was turned into ashes. His body, Saint Soul, and soul were all gone!

At the same time, a black ball of light that looked like a dragon Pearl was condensed in the mouth of the Golden fire Dragon!

The Golden Dragon then retreated, and the black ball in its mouth merged into the black ball in the Supreme Saint ancestor's hand!

It looked like a form of energy replenishment! Or rather, it was devouring!

At the same time, Xuan zhenyi was bitten by another golden fire Dragon, and her body began to disintegrate!

However, Xuan zhenyi did not immediately turn into ashes!

It wasn't that Xuan zhenyi was strong, but the main reason was that the Supreme holy ancestor hadn't used his full strength!

He had deliberately left her alive to torture the other one!

"The North Mystic Divine ancestor!"

The Supreme holy ancestor's eyes narrowed as he asked, where is the third elder of the No saint core now?!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 4649: Terrifying!**

4649 Terrifying!

"Woof!"

The Scarlet-golden fire Dragon held Xuan Yingyi in its mouth and retreated back into the dark ball of light.

An extremely magical scene then appeared!

Xuan zhenyi was directly sealed into the black ball of light.

Moreover, the light ball was in a semi-transparent state. One could clearly see a golden fire Dragon in the light ball, biting and tormenting Xuan zhenyi, but it did not kill her directly!

There was no doubt that the Supreme holy ancestor could kill Xuan zhenyi with a single thought.

The reason why he kept her alive was naturally for the sake of another enemy!

There was no mistake!

This was definitely not the extent of the Supreme holy ancestor's revenge!

As the main culprit, the third elder of the No saint core group would definitely not be able to escape the revenge of the Supreme holy ancestor!

This was exactly what Chen Xiaobei wanted to see!

With the Holy extermination Supreme divine ancestor's revenge, the third elder would die without a doubt. Chen Xiaobei would be able to save two of his great burial heaven Mystic infinite talismans, which was equivalent to having two more Supreme divine ancestor-level trump cards!

Just thinking about it made him feel great!

"Give dark twelve back to me and I'll take you there!" Chen Xiaobei's tone was calm.

At this moment, even mie cangheng and mie xuanling were nervous when they faced the terrifying pressure of the black ball in the Supreme holy ancestor's hand.

However, Chen Xiaobei was calm and composed. Those who did not know better would think that Chen Xiaobei was also a Supreme divine ancestor.

Of course, the Supreme Holy extermination had also noticed this detail!

Chen Xiaobei was only a three-star divine ancestor, but he had the mental state of a divine ancestor!

This was simply too unbelievable!

In addition, Chen Xiaobei had completed the mission of investigating Xuan zhenyi at lightning speed!

At that moment, the Holy extermination Supreme holy ancestor had to believe that Chen Xiaobei had the support of a super powerful being!

Especially Chen Xiaobei's mental state!

To the Holy extermination's Supreme divine ancestor, Chen Xiaobei could only slowly develop such a strong mental state by spending a long time with a Supreme existence that was above all!

Because of this, the Holy extermination Supreme divine ancestor was almost certain that there was someone behind Chen Xiaobei that he could not afford to offend.

Therefore, the Supreme holy ancestor lowered himself and said very politely, "Then, I'll have to trouble you to lead the way, North Mystic Divine ancestor!"

After that, the Holy extermination Supreme holy ancestor returned dark twelve to Chen Xiaobei.

"Swish!"

Then, Chen Xiaobei's Dharmakaya left his body and possessed dark twelve.

"Whoosh ..."

Then, Chen Xiaobei took control of dark twelve and activated The Dark Destroyer sub-realm. "Come with me, Supreme holy ancestor!"

After that, Chen Xiaobei took control of dark twelve and entered the small Dark Destroyer seal!

"Swish!"

The Supreme Holy extermination didn't think too much about it and followed him in.

After that, the dark annihilation small wizardry disappeared as if nothing had happened, leaving only mie cangheng and mie xuanling looking at each other in disbelief.

.....

On the other hand, Chen Xiaobei had brought the Supreme holy ancestor through the dark Destroyer enchantment and into the third elder's Holy soul world.

At this moment, the other 11 Holy ancestors dark destruction were still waiting for the third elder, who was about to be resurrected.

“This ... This this this this ...”

All eleven of them were dumbfounded, and their scalps went numb as they looked at Supreme holy ancestor dark destruction as if they had seen a ghost.

An Yikwang swallowed his saliva and asked in a relaxed manner, “Twelve! You ... What the hell are you doing? I want you to contact the Saint burial’s Supreme Saint ancestor! Why ... Why did you bring the Supreme holy ancestor here?”

“Ha, take a good look at who I am.” Chen Xiaobei revealed his true form.

you ... You ... You’re the Chen Xiaobei that the sky burial origin sacred clan has been looking for!

Dark one quickly recognized Chen Xiaobei.

At the same time, the other Saint ancestor dark destruction around him also looked surprised.

Chen Xiaobei? ”

The Supreme Holy extermination’s expression faltered slightly, as if this was the first time he had heard of this name.

Of course, this was not strange.

This was because the Saint extermination clan and Yuan sky burying sacred clan had a deep enmity. Therefore, news of Yuan sky burying sacred clan’s search couldn’t reach the territory of the Saint extermination clan. Naturally, the Supreme Saint ancestor of the Saint extermination clan wouldn’t find out too quickly.

However, an Yi’s words had once again confirmed the fact that they had colluded with the sky burial Yuan sacred clan!

The Saint extermination clan had a feud with the sky burying Yuan sacred clan.

In addition, the Supreme holy ancestor had determined that the greatest mastermind behind this hatred was the Supreme holy ancestor of the Saint burial sect.

The new hatred added to the old hatred, so the Supreme Holy extermination Saint naturally wouldn’t be polite!

“Whoosh ...”

The Supreme holy ancestor didn’t waste any time and immediately released the black ball of light.

Suddenly, the Golden flames started burning again. Eleven huge golden fire dragons suddenly swept out.

“Shua shua ... Shua shua ...”

Before the 11 golden fire dragons could land, the 11 Saint ancestors dark destruction kneeled on the ground and shivered. They couldn't move even a bit!

"Ah ... Ah ... Ah ... Ah ..."

Then, screams sounded as the 11 Saint ancestors were devoured and burned to death by the Scarlet Fire Dragon without any resistance!

Whoosh ... Whoosh ... Whoosh ...

Just like before, the bodies, Saint souls, and souls of the 11 Saint ancestors had all condensed into essence.

It was like a Black Dragon Pearl in the mouths of 11 golden dragons.

As the Golden Dragon returned, the eleven Dragon Pearls fused into the black ball of light in the Supreme Holy extermination's hand.

It was like some kind of special energy that was directly stored.

flame wind, Supreme Holy Phoenix!!!

And the vengeful nature of the Supreme holy ancestor's revenge was still not over.

In the next moment, with a thought, an earth-shattering golden flame enveloped the entire sacred soul world.

"What ... What a terrifying power ..."

Chen Xiaobei could not help but exclaim in his heart.

The third elder's Saint Soul world had already reached the late-stage nine Star divine ancestor realm!

It could be seen that the sacred soul great world was extremely huge.

Even if the North profound sacred world were to enter, it would only be the tip of the iceberg, a drop in the bucket.

However!

At this moment!

The Golden flames enveloped the entire sacred soul world!

He didn't leave any room for negotiation!

This was the power of a Supreme Saint ancestor!

It was simply terrifying!

"Boom boom boom ..."

In the next moment, the Golden flames descended with a vast might that could incinerate everything!

## Red Envelope Group of the Three Realms

### **Chapter 4650: destruction!**

“Whoosh ...”

As the Golden flames swept across the world, the countless faceless monsters in the entire sacred soul world were burned to ashes and vanished.

Then, the Golden flames swept back a huge ball of energy called the ‘Dragon Pearl’ and fused with the black ball in the Supreme holy ancestor’s hand.

It was obvious that each of these monsters did not contain much energy, but their numbers were unusually large.

The Dragon Pearl that he had condensed was actually larger than any of the previous ones.

Seeing this, Chen Xiaobei was certain that the Holy ancestors that Jin Lu had incinerated had all turned into energy and were stored in the mysterious black ball of light!

Boom ... Boom boom boom ...

Then, the Golden flame did not dissipate but continued to burn!

All of a sudden, the third elder’s Saint Soul world seemed to have suffered a destructive damage and started to collapse on a large scale!

It felt like the end of the world!

The earth was burned by the flames, cracking into pieces, melting into scorched earth, and finally burning into dust, not leaving a trace!

“He’s so strong!”

Chen Xiaobei gasped in surprise again.

The third elder’s Saint Soul world was extremely huge!

The North profound sacred world was like the tip of the iceberg compared to this sacred soul world!

However, at this moment, the Holy extermination Supreme holy ancestor had completely destroyed the sacred soul world with a single thought! If it had been the North profound sacred soul great world, it would probably have been annihilated in an instant!

This was the power of the Supreme Saint ancestor!

It was simply terrifying!

“Whoosh ...”

Then, an even larger energy Dragon Pearl Rose up and merged into the black ball in the Supreme Holy extermination’s hand!

Although Chen Xiaobei did not know what the energy Dragon Balls could be used for.

However, from the black ball of light's aura, Chen Xiaobei could tell that it was a holy ancestor-level Supreme treasure!

This Supreme treasure was like the Saint pan axe of the Saint pan clan and the Saint burial saber of the sky burial Yuan sacred clan. They were all bestowed by the ancestor of all Dao!

Chen Xiaobei made a further guess.

After the ancestor of all DAOs had chosen a Supreme divine ancestor, the opportunity would descend!

And this opportunity contained three types of content.

The first was to recognize the chosen one to break through the bottleneck of the peak divine ancestor realm and become a Supreme divine ancestor!

The second type was a unique Dharma Treasure, such as the Saint burial saber, Saint pan axe, and the black ball of light in the Supreme Saint ancestor's hand!

As for the third type of opportunity, it should be the special ability of each race. Saint pan created, Saint destroying, and Saint burying were still uncertain, but from the special ability of the heaven and earth embryo membrane, it could be considered breeding!

This was because the heaven Earth fetal membrane's main function was to give birth to an independent great world and then give birth to the second sacred soul's special ability!

In this way, although the myriad Dao ancestor had chosen nine Supreme divine ancestors, the abilities and magic treasures given to them were all of the same level. This was to ensure that they kept each other in check so that no one could grow to the level that could threaten the myriad Dao ancestor!

At the same time, in a one-on-one battle, it was difficult to determine the victor! This way, a delicate balance could be maintained!

And by doing so, the ancestor of all DAOs seemed to have exposed a huge problem!

And that was that he was not absolutely invincible!

If it was absolute invincibility and absolute domination, he wouldn't have needed to create so many factions, and there wouldn't be a need for these factions to keep each other in check. With absolute invincibility, he could suppress and calm everything!

In other words, as long as one reached the Supreme divine ancestor realm, they could threaten the ancestor of all DAOs.

This was why the myriad Dao ancestor wanted the Supreme divine ancestors to keep each other in check and maintain a delicate balance.

Chen Xiaobei was excited at the thought.

This was because Chen Xiaobei had received a piece of bad news. Without the approval of the myriad Dao ancestor, he could not become the Supreme divine ancestor.

In that case, if he wanted to defeat the Supreme Saint ancestor of the Saint burial sect and save the Saint pan clan, he would have to gather all the Saint souls and learn the highest level of the one word Saint destroyer curse. In the end, he would be able to bring the ancestor of all Dao back to the world!

If the elder of all DAOs was invincible, then his arrival would mean Chen Xiaobei's end.

However, at this moment!

Through his observation, thinking, and reasoning, Chen Xiaobei had found a big clue!

The ancestor of all DAOs was not absolutely invincible!

In other words, even if the elder of ten thousand DAOs reappeared, Chen Xiaobei still had a chance to defeat him!

Although it would be extremely difficult, as long as there was a chance of survival, it was great news for Chen Xiaobei! It was better than certain death!

Moreover, Chen Xiaobei was a disciple of the tribe of severity!

The doctrine of the tribe of severity was to cut off a slim chance of survival from the immeasurable cultivation tribulation!

The situation that Chen Xiaobei was facing now was the same as the immeasurable catastrophe!

As long as he could cut off a thread of life, he would be able to survive the death tribulation and step onto a higher level!

"The North Mystic Divine ancestor!"

At this moment, the Holy extermination Supreme holy ancestor asked impatiently, "Where is the third elder of the No saint core? This sacred soul great world has already been annihilated. Why haven't we found him yet?"

yes! Chen Xiaobei said, " the third elder of the No saint core group is in his Dark Destroyer enchantment. He is using the divine ancestor that he has devoured to revive himself! I should be able to fully recover in three days!"

"Three days? I don't even want to wait three seconds!"

The Supreme Holy extermination's eyes narrowed as he looked at the largest black hole in the sky.

However, when he reached the entrance, he stopped and narrowed his eyes. "It's too easy on him to destroy him like this! I haven't let him suffer any torture or destruction! How can we let him die so easily?"

what do you plan to do?! Chen Xiaobei was curious.

"Swish ..."

The next moment, a scene that Chen Xiaobei could not even dream of appeared before his eyes.

"Creak!"

The black ball of light in the Supreme holy ancestor's hand released a special energy that was filled with extreme destructive power!

This energy wrapped around the Supreme holy ancestor's hand!

In the next instant, the Supreme Holy extermination waved his hand and tore apart the great Dark Destroyer enchantment!

“Whoosh ...”

Then, the Supreme Holy extermination reached out once more and forcibly pulled out the time laws within the great Dark Destroyer enchantment!

He squeezed hard!

The time law was directly destroyed, dissipating into nothingness!
