Chapter 4651: mutation!

What the!! ck! So strong!

Chen Xiaobei was taken aback. He did not expect The Dark Destroyer enchantment to be torn apart so quickly!

Most importantly, the time law within the great Dark Destroyer enchantment was also instantly destroyed!

One had to know that something like laws was a rather special existence!

Under normal circumstances, it could distort the laws internally, but it could not completely destroy the laws!

Moreover, the great enchantment of Dark Destroyer originated from the undying Holy body of The Dark Destroyer Phantom spirit, and its quality was definitely at the peak of the Holy ancestor level!

In other words, all the laws within the great wizardry barrier had reached the peak of the sacred ancestor level!

And a nomological law at this level was almost impossible to destroy!

Because otherwise, it would be the rule created by the Creator!

In other words, these high-level nomological laws were created by the ancestor of ten thousand Dao! It was used to restrain all living beings in the world!

If these laws could be destroyed at will, then the ancestor of all Dao would not be able to restrain all living beings very well. Wouldn't that be a slap in the face?

The destructive power released by the black ball of light in the Supreme Holy extermination's hand was actually able to destroy the world laws of a peak holy ancestor! He was really too powerful! It was too terrifying!

However, the Supreme Holy extermination had only destroyed the time laws within the great Dark Destroyer enchantment. It was a small amount of destruction!

If it was a large-scale nomological destruction, even this kind of destructive power would definitely not be able to do it!

Of course, even if it was just a small area of destruction, it was already powerful enough!

Chen Xiaobei could not help but wonder how powerful it would be if he could own such a magical item! How refreshing!

However, this kind of thinking could only be a thought in the end!

After all, this black ball of light was as important as his life to the Supreme holy ancestor! It was absolutely impossible to give it to others! The only way Chen Xiaobei could think of was to fight them head-on, defeat the Holy extermination Supreme holy ancestor, and then take it from him!

Of course, this was not realistic!

“Swish!”

In the next instant, the Supreme Holy extermination created a new time law.

However, the level of this time law was very low. It had not even reached the level of a holy ancestor.

As such, the Supreme Holy extermination could create it with a single thought, and then strengthen it within the great Dark Destroyer enchantment.

The effect of this rule was to accelerate the time inside the big dark exterminating barrier, making the three days inside completely pass by in one second of the real time.

Simply put, it was like a low-level sunlight cache!

Of course, when one reached the level of a Supreme divine ancestor, they didn’t need to use the sunlight cache. They could simply accelerate time and create a time law within a small area to achieve their own goals!

“Uh ...”

In the next second, a deep panting sound was heard from within the great Dark Destroyer enchantment.

Then, a figure emerged from the darkness.

There was no mistake!

He was the third elder of the No saint core!

At this moment, the third elder of the No saint core had completed his rebirth! His body, Saint Soul, and soul had all recovered to their best states!

“BOOM!”

However, in the next moment, the third elder didn’t even open his eyes. He didn’t even see what was happening outside. A Scarlet-golden fire Dragon had already crushed down!

“Whoosh ...”

This time, the Supreme holy ancestor didn’t show any mercy. He burned the third elder into ashes and turned him into a ball of energy that merged with the black ball of light.

At this moment, the third elder of the No saint core did not even know how he had died. He entered the state of rebirth again with endless fear and astonishment.

how many times can he resurrect?! Asked the Supreme Holy extermination.

three! Chen Xiaobei said, ” I only have two chances left after I was revived!

“Uh ...”

A second later, the third elder of the No saint core was revived again.

“BOOM!”

However, another golden flame fire Dragon came crashing down, turning him into ashes again. He was once again in a state of resurrection.

This time, in addition to infinite fear and shock, the third elder also felt extremely depressed!

In order to accumulate these three chances of resurrection, the third elder of the No saint core had spent countless time, energy, and effort. He even had to risk being hunted down by the major forces!

However, at this moment, in just three seconds, the two chances of resurrection of the third elder of the No saint core were directly scrapped!

Most importantly, the third elder of the No saint core group still did not know how he had died!

That feeling was like being forced to eat a hundred tons of poop. It was so depressing that it penetrated his heart and liver!

“Uh ...”

Another second passed, and the third elder of the No saint core was resurrected for the third time!

This time, his heart was filled with great despair because if he died again, he would not have the chance to be resurrected. He would be dead for good!

However, this time, he survived!

“Whoosh ...”

The Golden flame fire Dragon still came down and bit the third elder of the No saint core!

However, this time, the Holy extermination Supreme holy ancestor didn't kill him. Instead, he left the third elder half-alive!

“Swish!”

Then, the Golden Phoenix Fire Dragon returned and sealed the third elder of the No saint core into the black light ball!

At this moment, through the black light ball, one could see that the third elder of the No saint core and Xuan zhenyi had met in the space inside the light ball!

Then, Xuan zhenyi would tell them what had happened just now!

After learning of his son's death, the third elder of the No saint core group instantly fell into great mental pain!

As he could not acknowledge his son, the third elder of the No saint core group was particularly fond of and pampered his son. He would even often plan how to acknowledge his son!

At this moment, the greater the hope that the third elder of the No saint core group had, the more intense the torture of despair he was feeling!

“Uh ... Uh ah ...”

Then, with a thought from the Supreme holy ancestor, the Golden flame began to burn Xuan zhenyi.

He didn't kill her immediately, but burned her body bit by bit, making her suffer an intense pain that made her wish she was dead!

At the same time, the third elder of the No saint core had seen everything. His heart was filled with great torture! His heart felt like it was being stabbed by a knife and a needle, it was simply too painful to die!

Finally!

After a period of torture, Xuan zhenyi was completely annihilated!

At this moment, the third elder's mind had already been destroyed. His entire face was distorted, and his eyes were dull and dazed. He felt like a Living Dead person!

“Hmph! Go to hell!”

At this moment, a satisfied smile appeared on the Supreme holy ancestor's face, as if he had finally gotten his revenge!

However, in the next moment! But suddenly, a huge change occurred!

Red Envelope Group of the Three Realms

Chapter 4652: collapse!

Logically speaking, with the Supreme Holy extermination's power, killing the third elder of the No-Saint core group would only take a thought!

But then, something happened that both Chen Xiaobei and the Holy extermination Supreme divine ancestor could not even dream of!

“Whoosh ...”

After being burned by the Supreme golden flames, the body and Saint Soul of the third elder of the No-Saint core group were instantly destroyed and turned into ashes!

However, the soul of the third elder of the No saint core had been preserved!

No matter how the Supreme golden ni-Lion burned it, this soul would never die!

Moreover, what was even stranger was that this soul seemed to have lost its self-consciousness. It was no longer the soul of the third elder in the No saint core!

Instead, it had become another independent soul!

how ... How is this possible?!

The Supreme Holy extermination was dumbfounded and couldn't believe his eyes.

Chen Xiaobei was also stunned. “Did you not try your best? How come this soul hasn’t been destroyed?”

“Everyone below the utmost being is an ant!”

“I don’t even need to use my full power to annihilate the third elder!” The Supreme Holy destruction Saint said solemnly. I don’t know why this happened either!”

don’t tell me ... Chen Xiaobei suddenly had an idea.

Were they 10000 Saint souls?

Chen Xiaobei’s quick-witted mind made his own guess.

There was no doubt that even the power of a Supreme sacred ancestor couldn’t destroy this soul.

In that case, the quality of this soul must have reached the highest level!

The Supreme Saint Soul was ten thousand Saint souls!

Obviously, under such circumstances, the third elder of the No saint core was one of the nine 10000-Daoist reincarnators, and his soul was the third 10000-Daoist Saint Soul!

Chen Xiaobei did not expect this to happen!

Chen Xiaobei had thought that he would have to look for all nine of them on his own to gather them.

However, he had never expected that there would be a situation where 10000 Saint souls would come to him on their own!

This was probably one of the plans of the ancestor of all Dao!

Even if Chen Xiaobei gave up on saving the Saint pan clan and did not search for the 10000 divine souls, as long as he delayed it long enough, there was still a chance that the nine 10000 divine souls would appear on their own in the long river of history!

Just as the nine hearts turtle ancestor had said, everything was within the myriad Dao ancestor’s plan. Whether Chen Xiaobei was willing to cooperate or not, he could not change the final result!

In this situation, Chen Xiaobei had completely lost the initiative and could only accept the reality!

The nine-heart turtle ancestor had said that if the Saint souls were attacked, they would return to the secret realm of ten thousand DAOs!

This was something that Chen Xiaobei could not stop!

Even the Supreme Saint ancestor couldn’t stop it!

“Whoosh ...”

Suddenly, a strange energy wave burst out of the Saint souls.

Then, the surrounding Supreme golden flames were quickly absorbed into the Saint souls. In addition to the Supreme golden flames, some Black Dragon Pearl-shaped energy balls were also quickly absorbed!

what ... What's going on???? ”

The Supreme Holy extermination's jaw dropped, and he looked as if he had just seen a ghost. He was shocked, shocked, astonished, and dumbfounded!

“Come out ... Get the hell out here ... Don't absorb my destruction energy! If you absorb any more, it'll be completely gone!”

Then, the Supreme holy ancestor tried to release the 10000 Saint souls from the black ball.

However, at this moment, the Saint souls seemed to have taken root in the black light ball.

No matter how hard the Supreme holy ancestor tried, he couldn't release the 10000 Saint souls.

“This ... This is too overbearing ...”

Chen Xiaobei could not help but sigh at the sight.

The Supreme Saint ancestor was extremely powerful and could destroy everything below the Supreme level with a single thought.

However, in the face of a supreme power, even the Supreme Saint ancestor was as weak as an ant.

There was no room for resistance!

Other than accepting his fate, he could do nothing!

“Whoosh ...”

Soon, the Supreme Golden Phoenix and the power of destruction within the black light ball were completely absorbed.

At this moment, the black ball of light's Holy Radiance had completely disappeared.

It looked like a transparent crystal ball.

“Whoosh!”

Then, an even more shocking scene appeared!

The 10,000 Saint souls trembled violently, as if they were trying to break free from their shackles!

At the same time, a terrifying power passed through the crystal ball and into the Supreme holy ancestor's hand.

it's over ... It's completely over this time!!!

A look of utter despair appeared on the Supreme holy ancestor's face.

“What's wrong?”

Chen Xiaobei looked at the Supreme holy ancestor with confusion.

After all, this was the first time Chen Xiaobei had seen something like this. He could not imagine what would happen next!

“Ka ka ka ...”

In the next moment, the crystal ball directly cracked, turning into fragments all over the ground!

It was as if a trillion nuclear bombs had exploded in their minds at the same time, causing a huge psychological impact on Chen Xiaobei and the Holy extermination Supreme divine ancestor!

One had to know that this crystal ball was a Supreme holy ancestor level treasure!

It was completely destroyed just like that, turning into countless fragments!

This was simply too, too, too crazy!

“Blargh! Pfft ...”

At the same time, the Supreme Holy extermination Saint ancestor spat out a mouthful of blood. His body, Saint Soul, and soul were all severely injured!

It was clear that this crystal ball was one of the Supreme Holy extermination’s life-bound treasures.

The human-treasure fusion would greatly improve both the Supreme holy ancestor and the crystal ball.

However, the downside of this was that if the crystal ball was destroyed, the Supreme holy ancestor would be severely injured!

“Oh ...”

The Supreme Holy extermination couldn’t even fly steadily, and he was on the verge of collapse.

“North Mystic Divine ancestor! I need to recuperate immediately. Please help me collect the fragments of the Orb of Destruction ... You must collect them ...”

The Supreme holy ancestor was severely injured and clearly couldn’t hold on any longer.

He immediately took out a pill and consumed it, then circulated his Saint Qi to start healing his injuries.

“Woof!”

Fortunately, the Saint souls didn’t launch any follow-up attacks.

After breaking the Saint destroyer Pearl, the 10000 Saint souls flew into the sky!

It actually tore a huge crack in this independent space and then disappeared into the void!

“Whoosh ...”

At the same time, the terrifying wind brought by the collapse of the spatial crack swept down directly.

The fragments of the destruction Saint orb were blown everywhere, and many were swept into the spatial turbulence.

“Saint destroyer! I’ll try to recover some of the fragments! You can collect the fragments in this space by yourself!”

Without hesitation, Chen Xiaobei entered the crack.

Red Envelope Group of the Three Realms

Chapter 4653: Evil smile!

4653 Evil smile!

“This ...”

The Holy extermination Supreme divine ancestor could not move. He could only watch as Chen Xiaobei charged into the tear in the void.

The scattered fragments in the surroundings were still being blown away and swept into the void turbulence.

“It’s over ... It’s completely over ...”

The Supreme Holy extermination divine ancestor fell into extreme despair.

Clearly, once these fragments entered the spatial turbulence, it was almost impossible to find all of them.

And in this world, every Supreme Saint ancestor had a Supreme treasure!

This was an important factor in maintaining the balance between the various powers!

But now, not only was the Supreme holy ancestor severely injured, but he had also lost his Supreme true treasure, causing his strength to drop drastically!

It wasn’t an exaggeration to say that the Supreme holy ancestor had become the weakest of all the Supreme Holy ancestors!

Once the other Supreme races started a war against the Holy extermination clan, the Holy extermination clan would be completely defenseless!

This way, the Holy extermination clan might become the next Saint pan clan!

The thought of this made the Supreme Holy extermination’s despair and fear reach an extreme!

One had to know that the Holy extermination Supreme holy ancestor was an ambitious person. He wasn’t even satisfied with the position of the Supreme holy ancestor!

But now, the Supreme holy ancestor was in grave danger!

If a war really broke out between the Supreme races, not only would the Holy extermination Saint be unable to keep his position, but he might even lose his life!

Compared to the higher position that his ambition desired, it was like the difference between heaven and hell.

“Pfft ...”

Thinking of this, the Supreme Holy extermination’s state of mind became unstable, and he spat out another mouthful of blood.

Not only did his injuries not get better, but they also got worse.

.....

At the same time, Chen Xiaobei had already been dragged into the spatial turbulence.

With Chen Xiaobei's speed, there was no way he could catch up to the 10000 divine souls. So, he did not bother to chase after them.

Instead, he immediately used all his strength to search for the fragments of the sacred Orb of Destruction.

In the space turbulence, the fragments were flying in all directions, their trajectories uncertain and their whereabouts unknown. It was impossible to collect all of them.

Therefore, Chen Xiaobei's target was very clear. He had his eyes on the biggest piece of debris and was going after it with all his might.

Obviously, Chen Xiaobei was not a good person.

Once Chen Xiaobei caught up with the fragment, he would keep it in his pocket and never return it to the Supreme holy ancestor.

That was why Chen Xiaobei was giving his all to chase after her!

Of course, this was not to say that Chen Xiaobei had gone back on his word. The main reason was that the Supreme holy ancestor had plotted against Chen Xiaobei first!

If the Holy extermination Supreme divine ancestor could get his hands on the chaos Blood Sword, why couldn't Chen Xiaobei take the biggest fragment?

Whoosh ... Whoosh ...

Along the way, he did not know how long he had been in the turbulent space, nor did he know where he had been transported to.

Finally, after a long chase, Chen Xiaobei had the fragment in his hand.

"Break!"

After that, Chen Xiaobei did not care where he was.

He took out the chaos Blood Sword and burned his energy to activate its power. Suddenly, he slashed out at the void.

"Swish ..."

The next moment, a new spatial Rift was created by the chaos Blood Sword.

"Swish!"

Chen Xiaobei took advantage of the situation and managed to escape from the spatial turbulence.

The next scene that appeared in front of him left Chen Xiaobei speechless.

Chen Xiaobei was now in the air above a vast ocean. The ocean was so vast that it could be compared to the territory of a Supreme clan.

The ocean also exuded an extremely terrifying pressure!

Judging from the strength of the pressure alone, it had already reached the level of a Supreme holy ancestor!

This was the real reason why Chen Xiaobei was so shocked!

"I ... I can't possibly be in the Holy domain of some Supreme holy ancestor, right? Thirty-Six Stratagems, leaving is the best strategy!"

Chen Xiaobei was so nervous that he wanted to leave immediately.

After all, Chen Xiaobei was still far from being able to fight against the Supreme divine ancestor. If the Supreme divine ancestor thought of him as a fly and killed him with a thought, Chen Xiaobei would be at a great disadvantage.

"Wait a minute ..."

However, just as he was about to leave, Chen Xiaobei paused. "That's not right! If this was the Saint domain of a Supreme Saint ancestor, then the spatial dimension laws should be at the level of a Supreme Saint ancestor! That sword just now definitely couldn't have created a spatial crack!"

It was clear that all of the Supreme divine ancestors had their own domains!

For example, the Holy extermination Supreme domain of the Supreme holy ancestor!

Without the summoning of the Supreme holy ancestor, there was no way for outsiders to enter!

By the same logic, if an outsider entered the Holy extermination's Supreme territory, they would not be able to leave without the permission of the Supreme holy ancestor!

Only the Supreme sacred ancestor could step through the void and move freely within the Supreme domain!

But just now, the chaos Blood Sword had cut through the void, allowing Chen Xiaobei to escape from the space turbulence!

This proved that the spatial dimension laws here were not higher than a mid-stage six-star divine ancestor!

In other words, this wasn't the Supreme divine ancestor's territory. Instead, it was a relatively low-level area!

In other words, this place was equivalent to the intersection between the middle and core regions of the Supreme sacred ancestor's family. It was far from the Supreme sacred domain!

"This is strange ..."

Chen Xiaobei was stunned and asked, " it's not a Supreme sacred domain, but it's emitting the pressure of a Supreme divine ancestor. What secret is hidden in this sea? "

Chen Xiaobei's curiosity was piqued.

"Do you want to go down and take a look?"

Chen Xiaobei was still hesitating. After all, there was a Supreme holy ancestor's pressure coming from below. If he went down, he would be walking right into the muzzle of a gun. He would be in an unsolvable situation.

However, the current situation was so abnormal that there might be a huge opportunity hidden within.

Chen Xiaobei was not willing to leave just like that.

"Profound Sage! It's a great opportunity!"

Chen Xiaobei focused his mind and activated the "Black" spell to scan the entire sea.

"Whoosh ..."

Sure enough, there was indeed a ball of light shining in the sea.

This meant that there was indeed an opportunity that could help Chen Xiaobei!

However, fortune often coexisted with danger. Chen Xiaobei could only identify the Fortune but not the danger.

"There it is!"

Suddenly, Chen Xiaobei thought of a great idea!

"Whoosh ..."

Chen Xiaobei took out dark twelve, the puppet, and took control of his body.

Then, he couldn't help but smile evilly, "I'll go down and take a look!" If there's any danger, immediately use the little Dark Destroyer enchantment and retreat to the Supreme holy ancestor's side. He'll take the blame for me! Hehe ..."

[Red Envelope Group of the Three Realms](#)

Chapter 4654: What a coincidence!

4654 What a coincidence!

After that, Chen Xiaobei controlled dark twelve to approach the Holy Light of creation.

Chen Xiaobei had been worried that he might encounter some danger. After all, the pressure in the sea was at the level of a Supreme divine ancestor. This was no joke.

However, as he got closer to the light of the creation special ability, Chen Xiaobei realized that the ocean was unusually quiet. It did not look like there was any danger.

Finally, the light was getting closer and closer, and Chen Xiaobei could see it clearly.

It turned out to be a space gate.

The terrifying pressure of the Supreme sacred ancestor level was coming from this space gate.

What was even more amazing was that Chen Xiaobei could sense the aura of the Saint pan clan when he got close to the gate.

It was amazing!

it seems like this space gate leads to a place related to the Saint pan clan!

Chen Xiaobei's curiosity was piqued.

However, Chen Xiaobei did not dare to go in now.

This was because Chen Xiaobei could use the little Dark Destroyer enchantment to escape in the real world. However, once he entered the isolated space, the little Dark Destroyer enchantment's ability to escape would be rendered useless.

If Chen Xiaobei encountered a crisis that he could not defend against, he would not have a chance to escape.

"Oh right! I've just saved ten thousand Saint pan tribesmen! I might be able to get some useful clues if I wake them up!"

Chen Xiaobei's eyes lit up, and he was very excited.

"Whoosh ..."

Without hesitating, Chen Xiaobei entered the chaotic space.

As expected, the people of the Saint pan had woken up.

There were men, women, old and young.

The leader of the group was a middle-aged man who looked very dignified and full of the air of respect of a superior.

"Who are you? Are you the one who brought us here?"

The middle-aged man locked his eyes on Chen Xiaobei and asked.

"Whoosh ..."

Chen Xiaobei immediately revealed his Pangu true form.

In this way, he had revealed his identity. Moreover, there was irrefutable evidence, and there was no need for any explanation.

"You ... Y-y-you ..."

The middle-aged man was dumbfounded and couldn't help but exclaim, " "You're a reincarnator of Pangu! That's great ... That's great!"

The surrounding Saint pan tribesmen cheered when they saw this.

"That's great! for a long time, we have been waiting for the rise of reincarnators of Pangu to save our race! "However, every effort in the past has ended in failure. This time, I've finally succeeded!"

“Thank you for saving us! From now on, you’re not only Pangu’s reincarnator, you’re also our Savior and our second parent!”

“That’s great! He had finally succeeded! This reincarnator of the Pangu clan was simply too outstanding! He is our bright hope! He will lead the Saint pan clan to a great Renaissance!”

.....

All of a sudden, everyone, including the middle-aged man, looked at Chen Xiaobei with a sincere gaze.

Gratitude! Reverence! Admiration! Shocking! It even revealed a strong sense of loyalty!

It was as if from this moment on, Chen Xiaobei would become their leader, the person they would follow and pledge their loyalty to!

“And who are you?”

what’s the matter? ” Chen Xiaobei asked calmly as he retracted his true form of Pangu.

I am the third core elder of the Saint pan clan! The middle-aged man also immediately revealed his identity!

“What?”

Chen Xiaobei was surprised. do you have a personal disciple named su mi?!

“That’s right! How did you know?” The third core elder of Saint pan was also surprised.

I’ve already met su mi when I was in the heavenly sanctuary and have a life and death friendship with her!

su mi! Chen Xiaobei said, ” su mi also told me that it was her master who asked her to assist the reincarnator of Pangu!

“That’s right! That’s right!”

The third core elder nodded and said, ” “That’s because our group was handed over to the third elder by the Supreme Saint ancestor! Therefore, the seal on us has loosened a little!”

“Every once in a while, I would think of a way to contact Su mi and get her to carry out some missions! Of course, the most important task was to assist the reincarnator of Pangu! Now, su mi really didn’t let me down!”

As soon as he said that, the cause and effect were aligned.

The reason why the third elder of the Saint pan core could contact Su mi was because he and the other 10000 Saint pan tribesmen had been handed over to the third elder of the non-Saint core. The seal could not be perfect!

It was because of this that su mi was able to obtain the instructions of the core third elder!

Of course, even though the third elder had sent su mi on many dangerous missions, he had also given her a lot of guidance. In fact, at certain times, he could even use communication runes to send su mi some hidden cards!

It could be seen that the third elder of the core of Saint pan was a competent master.

Of course, su mi was also an outstanding disciple. She helped Chen Xiaobei through a difficult time and could be considered to have completed the mission perfectly!

“What are your plans next?”

Even though the third core elder of Saint pan had a high status, he was still very respectful to Chen Xiaobei.

now that our relationship has been established, I'll move all of you into my Holy Spirit world. It's a complete independent world now. You can live freely there!

As soon as he said that, the surrounding Saint pan tribesmen all exclaimed in excitement.

It was obvious that they had been sealed and enslaved for countless years, and they desired freedom more than anyone else.

Now, not only did Chen Xiaobei give them freedom, he also gave them a guarantee of their safety, keeping them away from danger.

They were naturally extremely excited and impatient to see the results.

Of course, he was also filled with gratitude and respect for Chen Xiaobei, and his loyalty skyrocketed!

“Whoosh ...”

After that, Chen Xiaobei sent all these people into the beixuan sacred soul world.

However, Chen Xiaobei had asked the third elder to stay.

Chen Xiaobei said, “Your cultivation is very high. You can follow me and help me solve some problems!”

“No problem!”

The third elder of the core group said, “As long as it's beneficial to my clan, I'll definitely go through water and tread on fire without hesitation!”

Obviously, as the third core elder of Saint pan, this person's cultivation had already reached the late-stage of Nine Star divine ancestor, which was already considered a very, very powerful existence.

Of course, other than his strength, his memories and experiences would also be of great help to Chen Xiaobei!

I just found a special portal. Come with me! Chen Xiaobei said.

[Red Envelope Group of the Three Realms](#)

Chapter 4655: A wonder!

4655 A wonder!

“No problem! I’ll follow you to take a look!”

The third elder nodded and followed Chen Xiaobei back to the sea in the real world.

“Whoosh ...”

At this moment, there was still an extremely terrifying pressure of a sacred ancestor from the space gate. At the same time, it was accompanied by a clear aura of the Saint pan clan.

“What a terrifying pressure ...”

As soon as the third core elder came out, he was still a little unaccustomed to the pressure. He was extremely nervous and restrained, and even his breathing and heartbeat were a little unnatural.

Of course, the third core elder was also someone who had seen the world. He was not directly intimidated by this pressure. He quickly stabilized his state of mind and gradually adapted.

there’s an aura of the Saint pan clan in it?!

After the third core elder calmed down, he quickly sensed the special aura.

“What? You don’t know where the space gate leads to?” Chen Xiaobei frowned.

This was because from the third elder’s surprised reaction, it could be seen that it was his first time here.

“I don’t know either ...”

The third core elder shook his head and said, “In my memory, there has never been such a huge ocean in the world ... It’s really strange!” He said.

this ... Chen Xiaobei was shocked.

However, after thinking about it carefully, it was really the case!

One had to know that the area of this ocean was comparable to the entire territory of a Supreme sacred ancestor!

Such a huge ocean should be known by everyone!

However, Chen Xiaobei had peeked into many people’s memories, and none of them had ever seen such a huge ocean.

This was really, really strange!

“However, although it’s my first time here, I have two bold guesses!”

The third core elder’s eyes narrowed.

Then, he said in a deep voice, “as far as I know, there are only two existences that can emit this level of pressure!” One is the Supreme divine ancestor of the Saint pan race! The second is the Supreme treasure of the Saint pan clan, the Saint pan axe!”

how ... How is this possible?! Chen Xiaobei was shocked again.

One had to know that both the Supreme divine ancestor and the Saint pan axe were the most powerful existences in the world!

No matter which one of them helped Chen Xiaobei, it would be a great opportunity for him to soar to the top! It was comparable to the Supreme super king Explosion!

although I don't think it's possible, there are only two possibilities!

The third core elder paused and continued, " "However, our race's Supreme sacred ancestor was sealed in the Saint Soul world by the Saint burial Supreme sacred ancestor! Unless this space gate leads to the Saint Soul world where the Supreme Saint ancestor is buried, we can rule out the first possibility!"

"This ..."

Chen Xiaobei was shocked again. that is to say, if this space gate doesn't lead to the Saint Soul world where the Saint ancestor is buried, then the thing behind the gate must be the Supreme treasure, the Saint pan axe? "

"That's right!"

The third core elder nodded and said, " back then, although our tribe was defeated, our Supreme divine ancestor threw the Saint pan axe with all his might, but the Supreme divine ancestor of the Saint burial tribe didn't get it in the end!

Chen Xiaobei already had a rough idea of what was going on.

it's almost impossible for this space gate to lead to the Saint Soul world of the Saint burial ancestor. There's a high chance that the Saint pan axe is hidden behind it! Chen Xiaobei said.

"Yes, I think so too!" The third core elder said worriedly, " "However, I have some concerns. If there is any danger behind this, it will be very difficult for us to escape!"

Clearly, Chen Xiaobei had the same thought as the third elder.

However, Chen Xiaobei changed his mind.

"I won't!"

if the Saint pan axe is hidden behind this dimension door, it means that this is an independent dimension that is completely isolated from the outside world. That's why no one has found it! Chen Xiaobei said. And your cultivation is already high enough. In this world, any danger that isn't man-made shouldn't be able to hurt you!"

"This ..."

The third core elder was slightly taken aback, but he nodded heavily and said, " "You're right! If it was a man-made danger, the Saint pan axe would have been discovered by that person long ago and reappeared in the world! In other words, there would be no one behind this space gate! In that case, I basically don't need to be afraid of any other dangers!"

It was obvious that the danger they felt, like an ambush, or a sealing array, all required the participation of others.

And if someone participated, they would definitely find the Saint pan axe and bring it back to the world.

If this was the case, then there was no one behind the spatial gate.

Natural dangers such as wind, rain, Thunder, and lightning could no longer hurt the third core elder.

Because of this, Chen Xiaobei could finally relax and not have any more worries.

“Whoosh ...”

Chen Xiaobei did not say anything more and entered the portal.

The third core elder of Saint pan followed closely behind.

The space spun.

An extremely unique scene instantly appeared before the two of them.

In front of him was a vast white cloud, and it was as if he was walking in the sky.

However, other than these clouds and mist, there was nothing else in this space!

In fact, he could not even feel a trace of Saint Origin Energy.

Fortunately, the aura of the Saint pan race and the Supreme divine ancestor gave Chen Xiaobei and the third core elder a direction to go in.

The two of them gathered their thoughts and cautiously approached the area.

Although the two of them had determined that there would be no danger in this space, they still did not dare to let their guard down. It was better to be safe than sorry!

Finally!

After some time, a green holy light appeared in the eyes of Chen Xiaobei and the third elder!

The center of the Holy Light was in the sky.

The green holy light was in a vertical shape, reaching up to the nine Heavens and down to the earth abyss. It was a majestic sight, and it was a huge visual impact on Chen Xiaobei and the third elder.

it's really the Saint pan axe!

Then, the third core elder exclaimed and pointed at the center of the green holy light!

how did this happen?!

Chen Xiaobei looked at it carefully and saw a mighty green battle axe.

However, the strange thing was that the battle axe seemed to be embedded in the sky, and even the sky had cracks!

What was going on?

Red Envelope Group of the Three Realms

Chapter 4656: shock!

“Woof! Whoosh!”

After that, Chen Xiaobei and the third elder immediately flew in that direction.

As he got closer and closer to the axe, the pressure in the space became more and more terrifying! It felt as if a trillion mountains had come crashing down, extremely heavy and oppressive!

“I can’t ... I ... I can’t take it anymore ... I can’t get any closer ...”

The third core elder was already struggling to speak, and his breathing and heartbeat seemed to have stopped!

This feeling was really, really scary!

For a moment, the third elder even felt like he was a tiny ant that could be crushed into dust by the invisible pressure at any time!

Because of this, the third core elder had no choice but to stop under this immense mental pressure!

They didn’t dare to get any closer to the Saint pan axe!

“Then you can wait here!”

Chen Xiaobei continued to fly toward the axe.

It was obvious that Chen Xiaobei’s state of mind was far stronger than the third core elder’s. So, even as the Saint pan Axe’s pressure grew stronger, Chen Xiaobei was still able to deal with it calmly without much discomfort.

After a period of time ...

Chen Xiaobei had successfully arrived in front of the axe!

They could finally see clearly that the Saint pan axe had struck a spatial wall!

The space wall was at the edge of the space, and it was above the sky. It looked like the Saint pan axe had cut through the sky, and even the sky was split open!

At the same time, there seemed to be something special in the crack that was constantly stimulating the spirituality of the Saint pan axe!

That was why the Saint pan axe was able to release that massive holy light!

“That’s strange ...”

Chen Xiaobei furrowed his brows and asked curiously, “ if this is an independent space, then there should be spatial turbulence outside the space wall ... Why would there be something that could stimulate the spirituality of the axe?!”

It was obvious that the scene that appeared in front of him was very illogical.

However, at this moment, Chen Xiaobei could not find out the answer through observation.

in that case, I'll take down the Saint pan axe. Maybe that will solve the mystery!

Chen Xiaobei took a deep breath and gripped the Saint pan axe tightly!

"Whoosh ..."

The next moment, before Chen Xiaobei could exert any force, the Saint pan axe started to shake violently! It was as if it was rejecting Chen Xiaobei's touch!

However, the moment Chen Xiaobei let go of his hand, the violent trembling immediately stopped.

"What's going on? I am! reincarnator of Pangu! Why is the pan Sheng axe rejecting me!"

Chen Xiaobei furrowed his brows in confusion.

He was a real reincarnator of Pangu! He had Pangu's bloodline in him! And the true body of Pangu! At the same time, it had also devoured the true spirit of the Saint pan axe!

It was impossible for the Saint pan axe to not sense the resonance of so many people from the same source!

But why did she still reject Chen Xiaobei so much? This was very abnormal!

it might be because there's danger behind ... The pan Sheng axe is protecting you ...

As the saying goes, the onlooker sees more of the game than the player. The third elder of the core group of Saint pan immediately expressed his opinion, which was obviously very reasonable.

"That's right! That should be the case!"

it's me! Chen Xiaobei said, "the axe is not rejecting me. It's warning me not to pull it out! Otherwise, you'll be trapped in the great danger behind the spatial wall!"

Obviously, this explanation was very reasonable.

After all, Chen Xiaobei was the reincarnated one of Pangu, the hope of the entire Saint pan clan.

Therefore, the Saint pan axe was the will of the Saint pan clan. It would protect Chen Xiaobei.

In other words, unless Chen Xiaobei was strong enough to protect himself, the Saint pan axe would not allow him to pull himself out!

"Whoosh ..."

At the same time, Chen Xiaobei cast the 'black' spell.

One could clearly see that the light of destiny and opportunity was coming from the crack created by the Saint pan axe.

Chen Xiaobei was very curious about this.

Logically speaking, there should be an independent space behind a spatial wall.

But now, there was a great opportunity inside, as well as a special danger that even the Saint pan axe could not resist.

Chen Xiaobei had never seen or heard of such a situation.

However, before he was strong enough, Chen Xiaobei did not dare to investigate.

The slightest carelessness would lead to death.

forget it, let's go. I'll come back to check when I'm stronger!

In the end, Chen Xiaobei decided to leave.

It was obvious that this was the best and only choice.

"Alright ..."

The third core elder nodded, then turned around and flew away.

Chen Xiaobei also made his move, ready to fly back to where he came from.

"Whoosh ..."

However, just as Chen Xiaobei was about to move, a very special aura was released from the cracks!

The aura was colorless and odorless. Chen Xiaobei could not see it at all.

However, at this moment, this aura was actually flashing with the special spiritual light of creation and opportunity. In other words, this aura itself was an opportunity that could help Chen Xiaobei!

What is this?!

Chen Xiaobei was stunned.

"Hiss ..."

Out of curiosity, Chen Xiaobei took a deep breath and absorbed all the energy that was shining with the spiritual light and filled with destiny into his body.

huh!???

Chen Xiaobei's face was filled with shock. His pupils shrank and his eyes trembled. His entire body was frozen on the spot, unable to move.

"What's wrong!"

The third core elder also noticed something was wrong and turned to look at Chen Xiaobei.

Chen Xiaobei was frozen in place.

The third core elder was very worried and was about to fly over to check.

"Whoosh!"

Suddenly, Chen Xiaobei's body exploded with a terrifying aura!

This pressure was far more terrifying than that of the Saint pan axe!

As a result, the third elder of the core of Saint pan couldn't get close at all. In fact, he was even being pushed back!

what ... What's going on???

The third core elder was dumbfounded. "Although I didn't dare to get close to the pressure just now, it definitely wasn't enough to force me to retreat! This ... This level of pressure is already above the Supreme divine ancestor!"

Red Envelope Group of the Three Realms

Chapter 4657: desperate situation!

Obviously, the third core elder was really frightened!

This was because the third elder was like everyone else in this world. In their knowledge and consciousness, the Supreme holy ancestor level was the highest level, and nothing could ever be above it!

Therefore, in the face of this pressure that clearly surpassed the level of a Supreme holy ancestor, the third core elder was dumbfounded and felt his scalp go numb. He even felt that his three views of the world had been completely shattered in an instant!

For a moment, the third core elder even wondered if he was dreaming! He was dreaming that there might be a pressure that surpassed the level of a Supreme holy ancestor in this world? This was absolutely impossible!

"Whoosh ..."

Chen Xiaobei did not answer the third elder's question.

Chen Xiaobei was also deeply shocked by the pressure, and he was on the verge of collapse!

There was no mistake!

At that moment, it looked like the pressure was coming from Chen Xiaobei's body!

In fact, the pressure came from the special aura that Chen Xiaobei had absorbed into his body!

Chen Xiaobei had no idea what this aura was!

But after experiencing the pressure that was above the Supreme divine ancestor, Chen Xiaobei knew it!

This was the aura of the myriad Dao ancestor!

This pressure was also the pressure of the ancestor of all DAOs!

However!

The amount of Qi that Chen Xiaobei had inhaled was very small, and the pressure that he was exuding was only a drop in the ocean of the ancestor of all DAOs 'true pressure!

In other words, if the actual body of the ancestor of ten thousand DAOs was standing here, the pressure that he would exude would be countless times more terrifying than the pressure that this trace of aura was exuding!

This showed that the power of the elder of ten thousand DAOs could easily crush Chen Xiaobei's mind and make him mentally collapse.

If he was really in such a situation, the third core elder of Saint pan would become demented in an instant and die of a mental breakdown.

From small to big!

Just based on this terrifying pressure, one could imagine how terrifying the ancestor of all Dao was in the absolute sense! It was absolutely powerful! An absolutely crushing power!

"Uh ..."

At that moment, Chen Xiaobei was having a hard time trying to calm himself down under the pressure of the aura!

It was not an overstatement to say that if Chen Xiaobei had breathed in even a little more of that special aura, he would not have been able to withstand the pressure and would have been killed!

Chen Xiaobei had finally realized how powerful the ancestor of all DAOs was!

He had a deeper understanding of the huge gap between him and the ancestor of ten thousand DAOs!

Suddenly, Chen Xiaobei felt a rare sense of despair!

This kind of despair was greater than any dead end that Chen Xiaobei had ever been in. He could not see a single ray of hope!

This was the absolute difference in strength!

Chen Xiaobei felt that he would never be able to fight against the power of the ancestor of all DAOs.

He was truly in extreme despair!

"Uh ..."

As the despair in his heart increased, Chen Xiaobei's mental state began to show signs of collapse.

It was like a thousand-mile long dam that was slowly cracking. Once it collapsed, it would be a terrible flood that could not be stopped!

By then, Chen Xiaobei's new realm would collapse, and no one would be able to save him!

"We're finished! We're completely finished this time!"

At the same time, the third core elder had been forced to retreat far, far away. He did not dare to get close to Chen Xiaobei, and there was no way he could save him.

Chen Xiaobei was the only hope for the third elder and the entire Saint pan race.

However, at this moment, the third elder of the Saint pan core could only watch helplessly as his hope was destroyed!

To the third core elder, he was naturally suffering in his heart. He deeply felt his weakness, helplessness, and pitifulness ... He fell into extreme pain and despair!

“Submit or be destroyed? Surrender or die? Submit or die ...”

While Chen Xiaobei was struggling, a question kept repeating itself in his mind!

It was as if he was forcing Chen Xiaobei to make a choice!

Surrender and you can live!

If he refused, he would die!

The choice seemed very simple. If they chose to submit, they would be able to save their lives!

However, in reality, there was another mystery to this!

Once they chose to submit, a huge psychological shadow would be left in their hearts. From now on, they would fear the ancestor of ten thousand DAOs from the bottom of their souls!

This way, Chen Xiaobei would become the same as nine hearts turtle ancestor, a slave that would 100% submit to the ancestor of all DAOs!

This process was similar to the heart soul divine path!

Unless Chen Xiaobei's state of mind could one day surpass that of the ancestor of all DAOs, he would never be able to get rid of his status as a servant!

Chen Xiaobei had finally experienced the power of the myriad Dao ancestor!

Chen Xiaobei did not think that he could defeat the myriad Dao ancestor!

Therefore, at this moment, he could not choose to surrender. He had to continue to fight. Otherwise, if he became the slave of the ancestor of all DAOs, Chen Xiaobei's life would be over!

“Submit or be destroyed? Surrender or die? Submit or die ...”

Because Chen Xiaobei had been in a deadlock and had not made a choice!

The voice in Chen Xiaobei's mind grew louder and louder, like the rumbling of Thunder. Every word was a terrifying blow to Chen Xiaobei's mind!

If this continued, Chen Xiaobei's mental state might not be able to hold on and collapse!

So, it did not mean that Chen Xiaobei would be safe if he did not choose!

Once one's mental state collapsed, choosing or not choosing would lead to death!

wait a moment!!!

Suddenly, Chen Xiaobei, who was in a state of despair, thought of an important question.

the way the ancestor of all DAOs uses pressure to cast a psychological shadow in others 'hearts is exactly the same as my heart soul saintly way ... Could it be ...

Chen Xiaobei made a bold guess.

“Soul! Soul snatching!”

Chen Xiaobei used his heart soul divine path special ability to counter the pressure of the elder of all DAOs!

“Whoosh ...”

In that instant, Chen Xiaobei's own pressure burst out. At the same time, the divine path of the heart and soul was like a sharp sword that burst out from Chen Xiaobei's mind and slashed at the pressure of the ancestor of all DAOs!

Red Envelope Group of the Three Realms

Chapter 4658: Supreme pressure!

4658 Supreme pressure!

“Clang!!!”

In an instant, Chen Xiaobei's aura retaliated.

Then, he could clearly feel that the pressure from the ancestor of all Dao had weakened a lot.

Even though it was still enough to make Chen Xiaobei feel uncomfortable and have difficulty breathing.

But now, the despair in Chen Xiaobei's heart had been greatly reduced. He could even see a glimmer of hope!

Without a doubt, this was a huge breakthrough!

One had to know that mental state was a very special ability. Every time you could withstand an even stronger pressure, your mental state would immediately become stronger!

At this moment, Chen Xiaobei had finally managed to fight back and gain some breathing space!

From absolute despair to a glimmer of hope, in fact, it was already a kind of progress!

Because of this, Chen Xiaobei's state of mind had also improved to a certain extent!

“Whoosh ...”

This way, the pressure that Chen Xiaobei could release was stronger than before!

Furthermore, Chen Xiaobei's aura was even stronger!

Then, Chen Xiaobei's pressure was able to counter the elder of ten thousand DAOs 'pressure. The counterattack was stronger!

Just like that, a virtuous cycle was formed!

The first step was to increase Chen Xiaobei's own pressure. The second step was to increase his ability to resist the ancestor of all DAOs 'pressure. The third step was to increase Chen Xiaobei's mental state. The fourth step was to increase Chen Xiaobei's pressure!

Under this positive cycle, Chen Xiaobei's state of mind was getting stronger and stronger, and his resistance to the pressure of the ancestor of all DAOs was getting stronger and stronger!

In short, Chen Xiaobei had entered a state of rapid training and leveling up!

With enough time, Chen Xiaobei's state of mind would be able to withstand the pressure of the ancestor of all DAOs!

By then, the pressure in the aura would no longer be able to do anything to Chen Xiaobei!

Chen Xiaobei's mental state and aura would also reach the same level as the 10000 traces of aura!

He was directly above the Supreme holy ancestor!

.....

Just like that, time passed by little by little, and almost nine days and nine nights had passed.

this is really unbelievable ...

The third core elder was dumbfounded. His pupils shrank, and even his voice was trembling. he's actually able to hold on for so long ... And his energy is getting better and better ... It's really unimaginable!!!

Obviously, on the first day, the third core elder had already thought that Chen Xiaobei was in a hopeless situation!

Even the third elder's hope had been completely destroyed!

However, as time went by, Chen Xiaobei did not die. Instead, he was getting better and better!

To the third core elder, this was an extremely magical and even miraculous result!

The third elder could not understand how Chen Xiaobei did it!

After all, the third core elder had personally experienced the terrifying pressure that was definitely above the Supreme divine ancestor!

It could be called Supreme pressure!

The third core elder was even forced to retreat far away, not daring to get close to the unparalleled pressure!

Otherwise, even the third core elder of Saint pan, who was a nine-star divine ancestor, could be crushed by the Supreme pressure. At the very least, he would be demented, and at the very worst, his spirit would be exhausted, and his soul would be destroyed!

However, it was under such a terrifying pressure that Chen Xiaobei miraculously survived!

More importantly, Chen Xiaobei had gone from struggling to hold on to his life to being at ease. It was as if he was resting with his eyes closed, completely unaffected by the Supreme pressure!

The result had completely changed the third elder's view of the world. He even wondered if he was dreaming!

"Whoosh!"

However, the next moment, a terrifying aura burst out from Chen Xiaobei's body!

The third core elder was so shocked that his scalp went numb!

Without a doubt, this was definitely not a dream!

Then, the third elder's eyes locked onto Chen Xiaobei, filled with curiosity and anticipation!

break!!!

The next moment, Chen Xiaobei, who had been silent for nine days and nine nights, suddenly let out a domineering battle roar!

"Clang!!!"

Chen Xiaobei's state of mind seemed to have broken through a bottleneck and reached a whole new level!

In that instant, Chen Xiaobei's aura once again transformed into three Holy swords in his mind!

Mind sword! The Sword of Spirit! The sword of the Holy path!

Then, the three Holy swords merged into one, forming an unparalleled pressure that belonged only to Chen Xiaobei!

Ten-thousand-several-unparalleled suppression!

This was the name that Chen Xiaobei came up with!

What he meant was that the ancestor of all DAOs had thousands of divine DAOs, but Chen Xiaobei could extract thousands of lives from them!

To put it bluntly, the ten thousand segments of Supreme might was the nemesis of ten thousand rays of Supreme might!

"Whoosh ..."

In the next moment, the three aeons as one's 10000 segments of Supreme pressure slashed down like a holy sword, directly annihilating the 10000 streams of Supreme pressure brought about by that trace of special aura!

"Heavens! This ... This is too strong!"

Seeing this, the third core elder let out a hysterical cry. His eyes were so wide that they seemed to fall out of their sockets, and his mouth was so wide that his jaw was about to fall off!

Without a doubt, the scene in front of him had an unparalleled impact on the heart of the third elder!

Previously, the third elder of the core group of Saint pan had only been refreshed!

However, at this moment, the third elder's views of the world were crushed. He even started to doubt his life!

he ... Not only did he withstand the Supreme pressure ... But he also won the final victory ... My God ... This reincarnator of Pangu's Foundation is unfathomable and unimaginable!

The third core elder was shocked, but at the same time, he was pleasantly surprised. "Without a doubt, he is the hope for the revival of the Saint pan clan! If even he could not do it! I'm afraid that our clan will never be able to rise again!"

All of a sudden, Chen Xiaobei's image in the third elder's heart became even more sacred.

From this moment on, Chen Xiaobei would be the leader of the Saint pan clan. He would not have the cultivation of the divine ancestor, but he would have the status and power of the divine ancestor! Every single member of the Saint pan family was loyal to Chen Xiaobei!

"Whoosh ..."

And then, Chen Xiaobei's body started to change!"

Red Envelope Group of the Three Realms

Chapter 4659: Supreme domain?

4659 Supreme domain?

Suddenly, Chen Xiaobei's body exploded with a strong wave of Saint Qi!

Like a volcano erupting, Chen Xiaobei's Saint Qi exploded and reached an unprecedented height!

Then, the Saint Qi fluctuations gradually calmed down and stabilized at a new height!

There was no mistake!

In that instant, Chen Xiaobei had a breakthrough in his cultivation!

He had directly reached the early stage of four star divine ancestor!

This was really a pleasant surprise. Chen Xiaobei did not expect that when his state of mind broke through to the next level, his cultivation also broke through to the next level!

As long as he had enough Saint Qi, Chen Xiaobei's cultivation could quickly increase to the pinnacle of four star divine ancestor!

And now, Chen Xiaobei had the chance to obtain unlimited Saint Qi!

the third Saint Soul should have returned to the 10000 Dao secret realm. In this case, as long as I go to the 10000 Dao secret realm to find the nine-heart turtle ancestor, I can get a mission reward! If I choose unlimited Saint Origin Energy, I can increase my cultivation level, and at the same time, I can charge all my treasures with energy!"

Obviously, Chen Xiaobei had already thought of the next step of his plan. Very soon, he would have a wave of comprehensive improvement.

as for Saint Pan's axe ... I'm still not strong enough to pull it out now. I can only try again in the future!

Chen Xiaobei took one last look at the Saint pan axe, then turned around and left.

Chen Xiaobei now had the mightiest suppression and his cultivation had also broken through a major realm!

However, one should not forget that Chen Xiaobei was only able to resist the pressure of a special aura!

If Chen Xiaobei pulled out the Saint pan axe, it might release a pressure that was a billion times more terrifying than the aura, or other dangers!

With Chen Xiaobei's current ability, he was still far from being able to fight against it!

He could only wait until he was strong enough or had some special opportunity to come back and collect the axe!

What Chen Xiaobei needed to do now was to go to the ten thousand secret realm and increase his overall power!

.....

young master!

At the same time, the third elder of the Saint pan core group knelt on one knee and bowed to Chen Xiaobei.

With the change in his title, Chen Xiaobei's status and power had been officially recognized!

From this day on, Chen Xiaobei would be the leader of the Saint pan tribe, leading this fallen race to a great revival!

"No need to be so polite! Let's just leave!"

let's go! Chen Xiaobei ordered, and then flew toward the portal.

"Yes, sir!"

The third core elder followed closely behind.

As they flew, the third elder of the core group couldn't help but ask, " "Young master! What was this place? Also, what's with that terrifying pressure at the beginning?"

"I can't be sure where this place is! But ..."

Chen Xiaobei said, " "I dare to guess that this is the end of the world!"

the world's ... End!? When the third core elder heard this, he was shocked, surprised, and dumbfounded.

"That's right!"

yes! Chen Xiaobei nodded. do you still remember what you said? when the Saint pan was about to lose the battle, he threw the axe with all his might to prevent the Saint burial's Supreme divine ancestor from getting the axe!

The third core elder swallowed and said in shock, " you ... You mean ... The Saint pan axe was thrown to the end of the world!?

"Yes, I am!"

that's right! Chen Xiaobei nodded. the reason why I came to this conclusion is because the Saint pan axe was embedded in the spatial wall! There were even many cracks! The aura on the other side of the rift was completely different from that of this world! If we can open that spatial wall, we should be able to go to another world!"

another world?! The third core elder was stunned. He swallowed his saliva and looked terrified.

After all, just a trace of aura from that world was already extremely terrifying!

If he really went to that world, how terrifying would it be?

Just thinking about it made the third elder's heart jump and his scalp tingle.

"Don't be nervous!"

I don't think so. Chen Xiaobei said, " even though there might be another independent world inside the dimension wall, it won't be that big. There won't be many people there!

this ... Why is this happening?! The third core elder was confused.

"That's because there's only one Supreme expert in this world, and that's the legendary ancestor of all DAOs! And that terrifying pressure just now came from the myriad Dao ancestor!"

that's why I'm guessing that the world outside the dimension wall is an independent world that belongs to the elder of all DAOs! Just like the Supreme domain of the Supreme Saint ancestor, it was just a space that was above everything and not disturbed by the outside world! There is no complete world system!"

Obviously, Chen Xiaobei's guess was very reasonable.

Just like the Holy extermination Supreme domain of the Holy extermination Supreme sacred ancestor, the myriad Dao ancestor should also have an independent domain!

And behind the space wall that had been cut open by the Saint pan axe, the pressure of the ancestor of all DAOs was exuding!

This proved that the owner of the space behind him was the ancestor of all DAOs!

And if there were others in that space, the Saint pan axe should have been discovered long ago!

In other words, the owner of the space behind him was the ancestor of all DAOs, and there was no one else in the space!

To sum it up, the space behind him should be the Supreme domain of the ancestor of all DAOs!

That was the reason why Chen Xiaobei had given up on the Saint pan axe. He was worried that there would be some fatal danger in the ten thousand DAOs Supreme domain!

If he entered rashly, he would definitely die!

“Whoosh ...”

After that, Chen Xiaobei and the third elder went through the portal and returned to the ocean!

“That’s strange ...”

When he returned to the sea, Chen Xiaobei was stunned. “Perhaps my guess is not entirely correct! That was because no one was controlling the Saint pan axe after it was thrown out! How could it have flown into the space gate at the bottom of the sea? Isn’t this too much of a coincidence?”

this ... the third core elder was dumbfounded. He could not follow Chen Xiaobei’s train of thought.

could it be ... Chen Xiaobei’s eyes lit up as he suddenly had a new idea!

Red Envelope Group of the Three Realms

Chapter 4660: multitasking!

It was obvious that the current situation was very special.

First of all, this huge ocean didn’t seem to be in the ancestral divine territory.

Secondly, there was a space gate hidden in the deepest part of the ocean. It was impossible for ordinary people to discover it.

However, after the Saint pan axe had been thrown with all its might, it had flown right into the space gate.

How could there be such a coincidence in this world?

Under such circumstances, Chen Xiaobei could not help but make a bold guess.”Could it be! Did the Supreme divine ancestor know about the existence of such an independent space? That’s why you hid the axe here when you knew you were going to lose?”

“This ...”

The third core elder’s expression changed. “That’s possible, but I’ve never heard the Supreme divine ancestor mention anything about this place! Therefore, I can’t be sure ...”

“Yes, this is just my guess! The answer will only be revealed after we rescue the Supreme divine ancestor!”

if I’m right, the Saint Pan’s Supreme divine ancestor will be of great help to me. He might even help me enter the ten thousand DAOs Supreme domain! Chen Xiaobei said.

Chen Xiaobei was certain that behind the space wall that the Saint pan axe had created was the Supreme territory of the ancestor of all DAOs.

The 'Xuan' character had also realized that there was still an opportunity that could help Chen Xiaobei in the ten thousand DAOs Supreme domain!

Just the tiny bit of Qi from the ten thousand DAOs Supreme territory had helped Chen Xiaobei's cultivation and small realm to break through the bottleneck of a major realm!

If Chen Xiaobei was able to enter and be surrounded by that special aura, he might be able to improve even more!

Of course, there might be other important opportunities in the ten thousand Dao Supreme domain!

Everything would only be revealed when Chen Xiaobei entered it!

If his speculation was correct, the Saint Pan's Supreme divine ancestor would play a crucial role in Chen Xiaobei's entry into the ten thousand DAOs Supreme domain!

Therefore, for the time being, Chen Xiaobei's top priority was to find a way to rescue the Saint pan from the Saint Soul world where the Saint Supreme holy ancestor was buried!

.....

Soon after.

Chen Xiaobei sent the third core elder into the sacred soul world.

Then, Chen Xiaobei stepped into the void and went to the entrance of the secret realm.

we've actually arrived successfully!!!

Chen Xiaobei stood at the entrance and looked surprised. "That huge ocean also exists in the real world! It's just that it's been hidden in some unknown corner, and even concealed with a secret technique ..."

It was obvious that no one in the world knew the specific situation of the huge ocean and the independent space at the bottom of the sea.

To Chen Xiaobei, this question was still a mystery. He needed more time to find the clues before he could find the real answer.

"Whoosh ..."

Then, Chen Xiaobei nodded and entered the ten thousand secret realm through the entrance.

whoosh ... Whoosh ... Whoosh ...

At this moment, there were already three dazzling stars in the sky of the dark secret realm!

There was no mistake!

That was three Saint souls of 10000 DAOs!

"You're here?"

At the same time, the voice of the nine hearts turtle ancestor also came from the darkness.

Then, its nine heads shone with a holy light that was as vast as the universe.

The darkness instantly turned into nine dazzling colors, like a dream.

Nine hearts turtle ancestor continued, "I thought the third 10000-Daoist Saint Soul returned on its own!" I didn't expect it to be related to you! I still have to give you a reward!"

Chen Xiaobei was not the only one who could find the 10000 divine souls.

Under certain circumstances, the Saint Soul could return on its own. For example, if the host of the third Saint Soul died, the immortal Saint Soul would return to the secret realm on its own.

In this situation, Chen Xiaobei was in a passive position and had no control over the outcome.

Moreover, according to the nine hearts turtle ancestor, if the return of the 10000 Saint souls had nothing to do with Chen Xiaobei, he would lose his chance to receive the reward.

"Of course it's related to me!"

Chen Xiaobei glared at her and said, " don't tell me you're thinking of pocketing my reward!?"

"That's not necessary!"

Nine hearts turtle ancestor said indifferently, " in my current state, I can already be said to have no desires! I won't covet your reward, I'm just following master's rules strictly, that's all!"

"If that's the case, then stop talking nonsense! Just give me your Saint Qi!" Chen Xiaobei said impatiently.

"No problem!"

With a thought from turtle ancestor Chen jiuXin, two changes immediately appeared in the space.

"Whoosh ..."

The first change was an endless amount of Saint Qi being released, as if it was inexhaustible. It was impossible to estimate the level and quantity of this Saint Qi.

This was Chen Xiaobei's reward. He could use the Saint Qi as he pleased until he could no longer use it!

"Whoosh ..."

The second change was the one word Saint destroyer curse, which was one level higher!

This was Chen Xiaobei's mission. As the level of the one word Holy extermination curse increased, Chen Xiaobei would fall deeper into the ancestor of all DAOs 'trap. He might end up being completely controlled by the ancestor of all DAOs and be trapped in an unsolvable situation!

Of course, Chen Xiaobei had no other choice!

In order to free all of Saint Pan's People, he had to defeat the Saint burial's Supreme sacred ancestor!

Without the approval of the elder of all DAOs, Chen Xiaobei would not be able to reach the level of the Supreme divine ancestor, and naturally, he would not be able to defeat the Supreme divine ancestor of the Saint burial chamber.

Therefore, Chen Xiaobei had to use the one word Holy extermination curse's supreme quality power to fight against the Supreme divine ancestor.

This meant that Chen Xiaobei would have to do his best to find the remaining 10000 divine souls.

And this was the scheme of the ancestor of all DAOs!

Chen Xiaobei was already a part of the plan, and it was unknown if he could escape. He could only take one step at a time!

"Whoosh ..."

Chen Xiaobei then took out the three-star divine ancestor sunlight cache.
