

Envelope 4711

Red Envelope Group of the Three Realms

Chapter 4711: Yi Nian!

Chen Xiaobei still had five more Saint souls to find!

What the young man in front of him said was exactly the most prominent feature of 10000 Saint souls!

When the Saint souls were attacked, they would absorb the power of the enemy's attack and turn it into their own power to launch a powerful counterattack!

As for the young man who was being beaten up, he said that his opponent had used a demonic technique in an attempt to severely injure his soul. As a result, his opponent had suffered a backlash from an unknown force. He had no idea what was going on!

In the ears of others, these words were like nonsense and had no credibility at all!

However, in Chen Xiaobei's ears, these words were like an extremely important clue that pointed to the fifth 10000-path divine soul!

This meant that the matter in front of him was of great significance. It was no longer a trivial matter, so Chen Xiaobei had to get involved!

Who are you?!

The luxuriously dressed and arrogant young men looked at Chen Xiaobei as if he was an idiot.

The teenager who was lying on the ground was also looking at Chen Xiaobei in surprise.

Obviously, this group of young people had extraordinary identities and status. They were domineering and did whatever they wanted in this small piece of land. No one had ever dared to stop them!

However, Chen Xiaobei suddenly appeared and asked them to stop!

In their eyes, Chen Xiaobei was simply tired of living! They didn't even ask about their identities and dared to meddle in their business! If he wasn't an idiot, then what was he?

"Who I am is not important! The most important thing is that I want to protect this young man!" Chen Xiaobei's tone was calm, but it exuded an unquestionable domineering aura.

"You ... You ..."

The group of young people could feel a domineering aura emanating from Chen Xiaobei's body! It was like a raging flame and a Thunderbolt, ruthlessly attacking their mental states, making them feel extremely frightened. They all gasped in fear!

"This ..."

Even the young man who was beaten up had a surprised expression on his face!

Under the influence of Chen Xiaobei's aura, the young man's heart started to beat faster and his chest felt heavy. He felt like he could not breathe!

However, this was not the most shocking part!

This was because the overbearing aura that Chen Xiaobei was exuding right now was only a natural aura. It was far from the level of pressure!

If Chen Xiaobei had released his aura, the young man could not imagine how terrifying it would be!

“You ... Don’t be a busybody! We’re the family of the great elder of the Western outer region! In this place, no one would dare to provoke us!”

After a moment of silence, a noble young man who was leading the group stood out and revealed his trump card!

As expected, they had the highest status and power in this main city!

Under normal circumstances, as long as they reported their background, they could directly resolve any crisis. No one dared to fight them head-on!

That was because, to put it bluntly, going against them was the same as going against the entire elder compound in the Western periphery of the sky burial Yuan sacred clan! If the matter was blown up, it might even alarm the middle-ranked elders!

This was not a joke!

The average person would not be able to bear the consequences of doing this!

However, Chen Xiaobei had never been an ordinary person! Furthermore, Chen Xiaobei had a feud with the sky-burial sacred clan! Therefore, he would not give any face to these second-generation rich brats at all!

I won’t repeat myself a third time. I want to protect this young man!

Chen Xiaobei said, “ if you know what’s good for you, then disappear from my sight immediately. Otherwise, you’ll definitely regret it!

“What!”

When the young leader saw that Chen Xiaobei did not give him any face, his face was instantly filled with anger.

Baring his teeth, he glared and scolded, “ “Are you crazy? You don’t even give face to our family! Believe it or not, I can call people over right now and kill you ...”

“Whoosh ...”

However, before the young man could finish his sentence, Chen Xiaobei’s body had already exploded with a terrifying aura!

Of course, Chen Xiaobei did not use the ten thousand sealers Supreme suppression!

He had only casually released a little bit of his normal pressure!

However, for Chen Xiaobei, a normal pressure was like the end of the world to those spoilt rich kids who did not have a high level of cultivation and low state of mind!

“Hiss ... Hiss ... Hiss ...”

In an instant, gasps of shock erupted from the crowd!

Feeling Chen Xiaobei’s true power, the group of pampered and arrogant second-generation filthy rich kids were all dumbfounded!

His pupils shrank and his eyes trembled! His mouth was wide open, and his expression was stiff! He had completely lost his soul! It was as if his spirit had been exhausted in an instant, and his soul had died!

In just a short moment, before these second generation young masters could even react to what had happened, they were all dead!

There was no mistake!

Their mental states had been completely shattered, their spirits were exhausted, and their souls had disappeared in an instant!

Only his stiff body was still standing on the spot, looking no different from a living person!

Even until the moment of their death, they did not know how they died!

Even some of the surrounding passersby did not realize that they were already dead!

In fact, even the young man who was being beaten didn’t know!

However, he was puzzled as to why this group of spoiled brats had suddenly stopped moving!

At this moment, even if the young man and the surrounding passersby were given a hundred million brains, they would never have imagined that this group of second-generation rich brats had already been turned into a group of zombies!

In that moment, Chen Xiaobei had really killed a group of divine ancestors with a single thought!

Chen Xiaobei’s state of mind and pressure had reached a terrifying level!

If the people around them knew the truth, they would probably be so shocked that their three views would collapse and they would doubt their lives! It even caused a huge commotion!

“Why are you still standing there? Come with me!”

Chen Xiaobei said to the young man.

“O-okay ...”

The young man struggled to get up from the ground and followed closely behind Chen Xiaobei.

After that, the two of them left the main city!

After finding a secluded place, Chen Xiaobei was ready to ask about some things.

In fact, the young man had many questions that he wanted to ask Chen Xiaobei.

In fact, it was the young man who asked first, "Senior! I ... I don't even know you, why ... Why did you save me?"

Obviously, there was no such thing as a free lunch in this world. This question was a huge problem for the young man!

Red Envelope Group of the Three Realms

Chapter 4712: doubtful point!

because I'm very interested in your soul!

Chen Xiaobei did not beat around the bush and stated his true purpose.

what ... What do you mean by that?!

The young man was shocked and his face turned pale. "You ... You can't be thinking of killing me and taking my soul away, right ..."

"This ..."

Chen Xiaobei did not know how to answer.

Indeed, if there were 10000 Saint souls hidden in the young man's soul, the young man's life would end when the 10000 Saint souls returned to the 10000 secret realm!

Even though Chen Xiaobei did not know this young man, and there was no connection or restraint between them, whether the young man died or not did not affect Chen Xiaobei at all!

But at the end of the day, Chen Xiaobei's Dao heart still held on to the principle of punishing evil and promoting good!

So, Chen Xiaobei did not want to take the life of this innocent young man!

At that moment, Chen Xiaobei was caught in a dilemma.

senior ... You ... You're not really going to kill me, are you?!

The young man's entire body trembled, and his heart was filled with great fear.

"Don't worry, I don't intend to kill you!"

Chen Xiaobei made up his mind and said, "I'll ask you a few questions first, then you can leave!"

Obviously, Chen Xiaobei did not intend to kill the innocent.

Since the nine hearts turtle ancestor had given him six Supreme sacred objects in one go, Chen Xiaobei was not in a hurry to retrieve the 10000 divine souls to exchange for the reward.

Moreover, he wasn't 100% sure about the situation. There might be 10000 Saint souls in the young man's soul, or there might not be!

Therefore, Chen Xiaobei was neither anxious nor uncertain. Naturally, there was no need and no reason for him to kill the innocent!

“You ... You can ask ...”

The young man’s voice was trembling, clearly very afraid.

“Don’t be nervous. What’s your name?” Chen Xiaobei started with the most common questions and tried to calm the young man down.

I ... I’m called the world-burying tribulation ... the young man said in a trembling voice.

mm ... Chen Xiaobei nodded and asked, “ this is the first time I’ve come to the territory of the sky burying Yuan sacred clan. I’m very curious as to why the Saint Origin Energy here is so thin!

“This ...”

The young vast burial tribulation’s expression froze for a moment, and he appeared to be a little afraid. It was as if he did not dare to answer the question!

don’t be afraid. I’m just curious. I don’t have any bad intentions. Chen Xiaobei tried his best to appear kind and sincere.

“That ... That’s because ...” He said.

After hesitating for a moment, the vast-burying tribulation mustered up his courage and said, “That’s because none of the Supreme sacred meridians of the sky burying Yuan sacred clan are for the Supreme sacred ancestor to enjoy alone! Only a very small amount of Saint Qi will be released!”

this ... Chen Xiaobei was stunned.

He knew that the Saint burial’s Supreme Saint ancestor was extremely greedy, but he never thought that he would be greedy to this extent. He occupied the entire Supreme Saint vein all by himself and didn’t care about the development and needs of his people at all!

After all, the Holy extermination Supreme divine ancestor had already explained to Chen Xiaobei once.

There were only nine Supreme Saint veins in the world, and all the other Saint veins and spirit veins were branches of these nine Supreme Saint veins!

In other words, these nine Supreme Holy meridians were like nine water sources, which had spread out into countless tributaries and nurtured all living beings in the world!

Once a large amount of Saint Origin Energy was absorbed from the source, the amount of Saint Origin Energy in the tributary would naturally decrease accordingly, and the energy that would eventually be distributed to all living beings would naturally be even less!

Another important point was that when a place received less energy, people would migrate to places with more energy.

The more living beings that each Supreme Holy Meridian could condense, the more power of The Holy Road that could be produced in the end!

It was for this reason that the Holy extermination clan's Supreme holy ancestor didn't dare to casually use the energy in his Supreme Holy Meridian. He was afraid that the Holy extermination clan would lose its members!

Of course, this was mainly because the Supreme holy ancestor could activate the Supreme holy ancestor's power, so he didn't need to use the power in the Supreme Holy Meridian!

This led to two huge suspicions!

First, the Saint burial's Supreme Saint ancestor was extremely greedy. He had monopolized the entire Supreme Saint vein and only allowed his clansmen to use a very small amount of Saint Origin Energy! Wasn't the Saint-burying sect's Supreme Saint ancestor afraid of losing his people?

Second, the Saint burial's Supreme Saint ancestor could already release the power of a Supreme Saint ancestor, so why would he need the power of the Supreme Saint vein? Wasn't this an unnecessary move?

It was obvious that these two points were very special and completely different from the other Supreme divine ancestors. There must be something important behind this!

Chen Xiaobei's curiosity was piqued.

"If that's the case, why don't you think of a way to move to another Supreme clan?" Chen Xiaobei asked the first suspicious point.

"We ... We don't dare to ..."

"It's because there's a Killing Curse in our Heaven Earth embryo membrane!" As long as we betray our race, we will be cursed to death!"

Chen Xiaobei was taken aback.

Chen Xiaobei had also fallen into the heavenly Dao's trap once before. It was at the Holy ancestor ancient battlefield that Chen Xiaobei had devoured the heavenly Dao's broken heaven and earth embryo membrane!

Then, he was directly threatened by something similar!

From this, it could be seen that the true purpose of the Saint burial's Supreme sacred ancestor giving everyone a Heaven Earth embryo membrane wasn't to make his people stronger, but to completely control them!

This way, even if the Saint burial's Supreme holy ancestor monopolized the Supreme Holy Meridian, the clansmen would not dare to move. They could only wait here and endure the suffering!

"It's also like this ..."

Chen Xiaobei then asked, "there's one thing I don't understand. The amount of Saint Origin Energy you've obtained is so little, but why is the overall strength of your clansmen so strong?"

Obviously, Saint Origin Energy was an indispensable resource for anyone!

Without Saint Origin Energy, the speed and effect of cultivation would be greatly reduced!

In that case, the members of the sky burial Yuan sacred clan should be weaker on average!

However, when Chen Xiaobei was in the city, he noticed that the sky-burier Yuan sacred clan was not weak at all. They could definitely sit on the throne of the top clan!

this is because we rear energy insects in our sacred soul world ... We rely on the energy provided by the energy insects to cultivate ...

Said the vast burial tribulation in a deep voice.

energy bug!?

When Chen Xiaobei heard this, he suddenly thought of something special!

Red Envelope Group of the Three Realms

Chapter 4713: follow!

There was no mistake!

The thing that appeared in Chen Xiaobei's mind was the human-shaped, faceless monster that he had seen before!

the energy worm is a very special creature. It was cultivated by the core higher-ups of our race. It's kept in captivity in the Saint Soul world and can provide us with the energy we need through the natural fetal membrane!

"The energy provided by these energy bugs is very suitable for the cultivation of our clan members," said the vast-sea burying tribulation in a deep voice. Their combined strength is naturally not weak!"

there's such a thing ... Chen Xiaobei was shocked.

Clearly, the energy bugs that the heaven-burying tribulation was talking about were not the same thing as the human-shaped, faceless monster that Chen Xiaobei had seen before.

This was because the human-shaped faceless monster was a special species created by the Saint pan clan!

More importantly, the energy provided by the human-shaped faceless monster was genuine Saint Origin Energy!

This was enough to prove that the human-shaped faceless monster and the energy worm were two different things!

However, the principle of their operation was the same!

It provided energy to the master through the embryo membrane of the heaven and earth for the master to cultivate or use!

According to the universe-burying tribulation, the energy provided by the energy bugs was actually more beneficial to the people of the sky-burying Yuan sacred clan. It could even speed up the improvement of their cultivation bases!

This was too strange ...

Chen Xiaobei immediately raised his question, " since these energy bugs are so useful, why don't the core upper echelons of the sky burial Yuan sacred clan use them? "

Obviously, this was another huge suspicion!

Given the Supreme Saint ancestor's greedy nature, he would definitely keep all the good stuff to himself. How could he let his subordinates enjoy it?

"That ... That's because the price of using the energy bugs is that we have to consume our own lifespan ..."

The vast burial tribulation revealed the truth with a single sentence.

As expected, there was no such thing as a free lunch!

This was especially true for the Saint-burying sect's Supreme Saint ancestor. Not even a cup of water for free existed, let alone a free lunch!

Don't forget! Chen Xiaobei had used his identity as the origin Dao divine ancestor to seek help from the Saint burial's Supreme divine ancestor! Every time, Chen Xiaobei had to pay a price for the Supreme holy ancestor to help him!

After all, the origin Dao divine ancestor was the young master appointed by the Supreme divine ancestor of the Saint burial chamber!

The Saint burial's Supreme Saint ancestor treated his clan's young master with such a profit-seeking attitude!

It was obvious that the Saint burial's Supreme Saint ancestor would never be at a disadvantage when dealing with others!

And at this moment, the answer given by the universe-burying tribulation had once again confirmed this!

Those magical energy bugs actually had to consume the lifespan of their clansmen before they could be used normally!

It was no wonder that the Supreme Saint ancestor and the core upper echelons of the sky burying Yuan sacred clan did not use such energy bugs!

In fact, the Saint burial's Supreme holy ancestor didn't even treat his clansmen as clansmen! They were completely treated as tools, chess pieces, or even cannon fodder!

To put it simply, the Saint burial's Supreme Saint ancestor only needed to quickly increase the cultivation of his clansmen, so that the overall strength of the entire clan could be comparable to the Supreme clans at the top of the ladder!

As for the lives of his clansmen, the Saint burial's Supreme sacred ancestor didn't care at all!

In any case, the Saint burial's Supreme Saint ancestor had controlled the lives of all his clansmen through the Killing Curse in the membrane of heaven and earth!

Therefore, the clansmen either had to be obedient or die without a burial place. There was no third choice!

Chen Xiaobei felt a little sorry for the lower-middle class members of the sky burying Yuan sacred clan!

From another point of view, these middle and lower-class people were actually the same as Saint Pan's People. They were all tools enslaved by the Saint burial's Supreme sacred ancestor!

"Hmm, I understand now ..."

alright! Chen Xiaobei nodded and said, " you can leave now!

"I ..."

Zang Haojie was stunned for a moment, but he shook his head and said in a low voice, " "I don't dare go back! I won't be able to survive in the Western Territory after offending the family of the great elder!"

"Didn't you pass the ring competition and can go to the middle level to continue fighting? Can't we just go there directly?" Chen Xiaobei asked.

"No..."

Zang Haojie shook his head and said, " the entire territory in the Western outer region is firmly controlled by the great elder's family. Without the elder Council's name list, I won't be recognized even if I go to the middle region ...

"I can't help you with this, you have to think of a way!" Chen Xiaobei said.

It was obvious that Chen Xiaobei had saved the Hao zang tribulation from the group of tyrants, and had chosen to let it go when he suspected that there were 10000 divine souls in the Hao zang tribulation's body!

Chen Xiaobei had already done his best to help the Hao burial tribulation!

Chen Xiaobei still had his own things to do. He could not waste any more time on such a trivial matter like the heaven-burying tribulation!

Because of that, Chen Xiaobei decided to leave on his own. As for the end of the universe-burying tribulation, it would depend on his own luck!

"Senior!"

But suddenly, the universe-burying tribulation stopped Chen Xiaobei and said in a serious tone, " "Can I be your disciple? You're the most powerful person I've ever seen! I hope you can accept me! Please, I beg you!"

As he spoke, he knelt on the ground and started to kowtow to Chen Xiaobei!

Chen Xiaobei was stunned.

Accepting a disciple?

Chen Xiaobei had not done such a thing for a long time!

More importantly, it had been a long time since Chen Xiaobei had found a good seedling to admire!

With Chen Xiaobei's current identity, status, and state of mind, an ordinary person was not worthy of being his disciple!

Chen Xiaobei looked at the world-burier tribulation kneeling in front of him and hesitated.

Objectively, Chen Xiaobei could tell that the heaven-burier tribulation's innate talent was not that good. It was only above average!

Even if Chen Xiaobei was willing to accept him, he would not be able to learn Chen Xiaobei's ultimate technique!

In addition, the heart realm of the vast burial tribulation wasn't strong! Even if he wanted to develop from the aspect of pressure, his future was very limited!

That was why Chen Xiaobei's first reaction was to reject it!

But!

In the current situation, it was clear that there was no way out for the universe-burying tribulation! If Chen Xiaobei did not accept him, he would be dead!

More importantly, there might be a Saint Soul of ten thousand DAOs hidden in the body of the vast burial tribulation! If he was killed by the people from the great elder's family, this Saint Soul would return to the ten thousand secret realm.

This way, Chen Xiaobei would have one less chance to get the reward!

Furthermore, if Chen Xiaobei did not want to kill them, there was no reason for him to hand them over to the enemy!

"How about this ..."

"I won't take you in as my disciple, but you can follow me for the time being!" The condition is that you must listen to me in all your actions!"

[Red Envelope Group of the Three Realms](#)

Chapter 4714: surrounded!

"That's great! That's great!"

The vast burial tribulation became excited and nodded his head with all his might, "Don't worry, senior. I'll definitely listen to you and won't dare to disobey you!"

"Okay, let's go!"

Chen Xiaobei nodded, then took out a human skin mask and put it on zang Haojie.

After that, Chen Xiaobei led the Hao zang tribulation to the core territory of the sky-burier sacred clan.

Even though Chen Xiaobei had accidentally come to the territory of the sky-burier sacred clan!

However, since he had come, it was impossible for him to return empty-handed!

Coincidentally, the Saint-burying's Supreme divine ancestor was not in his territory. This gave Chen Xiaobei a great opportunity to take action!

Chen Xiaobei's primary goal for this operation was to free the Saint pan tribesmen who had been enslaved by the sky-burier Sage's core senior members!

As for whether there would be any other gains, that would depend on further development!

Of course, in order to verify some things, Chen Xiaobei did not step into the void. Instead, he flew!

After all, even though the heaven-burier tribulation looked pitiful, Chen Xiaobei would not trust him one hundred percent!

Therefore, Chen Xiaobei needed to use his own eyes to see if the words of the heaven-burying tribulation were true!

That was why Chen Xiaobei first brought the vast-burying tribulation to the Western Middle section of the sky-burier sacred clan!

The facts had proven that the world-burying tribulation was not lying.

Even in the middle layer, the amount of Saint Origin Energy was still very little, almost the same as the outer layer. Those who didn't know would think that it was somewhere below the ancestral Saint domain.

This proved that the universe-burying tribulation was not lying!

At the same time, it also proved that the entire middle and bottom ranks of the sky burying Yuan sacred clan were just tools under the control of the Supreme sacred ancestor!

From a certain point of view, this group of sky burying Yuan sacred clan members were exactly the same as the Saint pan clan members. They were all enslaved!

Chen Xiaobei suddenly felt that his actions had gained another layer of meaning.

He was freeing the people of Saint pan and sky burying Yuan sacred clan!

In any case, these two things could only be realized after defeating the Saint burial's Supreme sacred ancestor!

He would kill two birds with one stone!

"Shua shua ... Shua shua ..."

But just as Chen Xiaobei was about to leave, a spatial Rift suddenly appeared in the dimension.

Moreover, dozens of people rushed out one after another!

From the cultivation of these dozens of people, a small half of them were one-star to three-star divine ancestors. They should be from the elder compound in the Western outer region! The other half were

three-star to five-star divine ancestors. They should be from the middle-level elder compound in the West!

The moment these people came out, they surrounded Chen Xiaobei and looked at him with murderous intent!

They were all here for Chen Xiaobei!

“What?”

Chen Xiaobei furrowed his brows in confusion.

“Middle-rank great elder! “This is the guy who killed many of my clan’s descendants!!!” You must avenge me!”

The outer elder let out a heart-wrenching roar. His hatred for Chen Xiaobei was so intense that it could not be quelled.

“I know!”

The middle-level great elder nodded, then gave the surrounding people a look.

“Shua shua ... Shua shua ...”

Then, the members of the elder compound started to activate their special cultivation techniques.

Seeing this scene, the vast burial tribulation instantly fell into a state of extreme nervousness and fear.

He said in fear, “not good ... Senior!” They had caught up! We definitely can’t escape ...”

“Maybe ...”

Chen Xiaobei’s dark eyes glinted with a strange light.

“Whoosh ...”

Then, as the elders around him cast their spells, a very powerful formation formed around Chen Xiaobei!

Judging from the energy fluctuations, the level of this array had reached the peak of the five-star divine ancestor realm!

It was obvious that the middle-level great elder was only an early-stage five-star divine ancestor. So, he could not guarantee that he could defeat Chen Xiaobei!

Of course, the middle-level great elders were not stupid. They recognized the principle of strength in numbers and gathered all the people in the Western Middle level and outer elder compound!

With the combined power of the crowd, they formed a formation that was three small realms higher than Chen Xiaobei’s cultivation!

In the eyes of the middle-level great elder, Chen Xiaobei would not be able to withstand an attack from the formation! In this battle, they would definitely capture him without shedding a drop of blood!

kill him ... Kill him!!!

The Grand Elder became extremely excited when he saw this.

Its eyes were glowing red, and it was baring its fangs. It looked like a beast that was about to eat Chen Xiaobei alive!

“Calm down!”

The middle-level great elder frowned and said, “Under this formation, there’s no way that kid can survive! There was no suspense at all! You don’t have to be so excited!”

“My children and grandchildren are the ones who died! How can I not be excited!” The outer elder’s body was shaking. He hated that his cultivation was too low. Otherwise, he would have killed Chen Xiaobei himself to vent his anger.

“Forget it,”

The middle-level great elder shook his head and sighed. Obviously, he didn’t like the outer Grand elder’s flustered and impatient appearance.

However, this was no longer important.

After all, Chen Xiaobei was like an ant in the eyes of the middle-level great elder.

Once the formation was activated, Chen Xiaobei would be reduced to ashes.

And all the problems would also vanish into thin air.

“Woof!”

Suddenly, one of the heaven-burier tribulations that was hiding behind Chen Xiaobei used all its strength and tried to escape from Chen Xiaobei!

Clearly, from the perspective of the heaven-burying tribulation, Chen Xiaobei would not be able to withstand the power of the formation!

If he did not escape, he was destined to be buried with Chen Xiaobei!

“Where do you want to go?”

Chen Xiaobei did not turn around. Instead, he used his Saint Qi to seal the Hao-burier tribulation, preventing it from escaping!

senior, please have mercy ... Please have mercy ... They came for you ... I don’t want to be buried with you ... Please have mercy and let me live ... You don’t want to involve the innocent, do you!?

The vast burial tribulation wailed hysterically, as if it was extremely afraid of death.

Of course, according to common sense, the words of the universe-burying tribulation made sense.

After all, Chen Xiaobei was the one who killed them. Logically speaking, the Hao-burier was innocent and should not be buried with Chen Xiaobei.

If this was before, Chen Xiaobei would have let zang Haojie go first!

However, Chen Xiaobei had no intention of letting him go!

Instead, he said coldly, "you're right!" They're coming for me! "But how did they know my exact location?" You can surround me right from the start? If you can give me a reasonable explanation, I'll let you go first!"

Red Envelope Group of the Three Realms

Chapter 4715: shock!

Obviously, it was normal and reasonable for the enemy to chase after Chen Xiaobei!

But the problem was that the enemy should not know where Chen Xiaobei was! It was even more impossible for them to accurately crush the void and surround Chen Xiaobei!

Therefore, the reason was very simple!

Chen Xiaobei's location had been leaked!

Without a doubt, the only person who could do this was the vast burial tribulation!

"This ... I ... This ..."

As expected, the Hao burial tribulation was left speechless by Chen Xiaobei's question. It could not give any reasonable explanation!

In fact, not long after Chen Xiaobei left, the outer elder was already alerted!

At that time, there were quite a few passers-by in the surroundings, so they naturally knew that the vast burial tribulation was also involved!

So, as soon as Chen Xiaobei left with the heaven-burial tribulation, the outer Grand Elder had already contacted the Tribulation!

After a series of threats and promises, the vast-burying tribulation sent Chen Xiaobei's location to the great elder of the outer circle!

That was why Chen Xiaobei was surrounded by pursuers!

"I ... I don't have anything to explain!"

After stammering for a long time, Hao zang Jie's expression suddenly changed and he roared, "I advise you to let me go immediately! Otherwise, you'll suffer endless torture! I can't live or die!"

"I saved you! Is this how you repay me?" Chen Xiaobei's tone was calm, but he was very disappointed with the universe-burying tribulation.

"You saved me? Did I ask you to save me? You're such a busybody!"

Zang Haojie gritted his teeth and glared at Chen Xiaobei. Not only was he not grateful for Chen Xiaobei's help, he was even mocking Chen Xiaobei for being a dog that did not know how to do anything!

"It seems that you really want to die!" Chen Xiaobei's tone was calm, but there was a cold killing intent in it.

Clearly, his shamelessness and cruelty had successfully angered Chen Xiaobei.

“Hehe! Even if I want to die, you can’t do anything to me!”

“You’ve already been enveloped by the formation!” The vast burial tribulation sneered disdainfully. You might not know yet! The level of this formation is three minor realms higher than your cultivation! He could kill you in an instant! Do you know what this means? This means that you will die before you can kill me!”

The reason why the heaven burial tribulation was so arrogant was because a powerful formation was already aimed at Chen Xiaobei! He could kill Chen Xiaobei at any time!

However, what the heaven-burying tribulation did not know was that in Chen Xiaobei’s eyes, the formation around him was a joke! It was not worth mentioning at all!

“Woof! “Whoosh!!!”

The next moment, Chen Xiaobei’s mind moved, and a vast amount of saintly celestial energy enveloped him!

It directly crushed the heaven burying tribulation’s body and Saint Soul into meat paste, turning them into blood plasma and vanishing into nothingness!

“Uh ... Ah ...”

Of course, the soul of the universe burying tribulation was preserved.

Moreover, Chen Xiaobei had also controlled his Saint energy to avoid touching zang Hao’s soul!

After all, it was suspected that there were 10000 Saint souls hidden in the soul of the universe-burying tribulation!

Even though he was not 100% sure, Chen Xiaobei did not dare to attack. If there were really 10000 divine souls, they might explode with a power that Chen Xiaobei could not withstand!

This was not a joke!

first elder ... Do it ... Kill this guy!

The vast burial tribulation’s soul let out a terrified scream.

A moment ago, the heaven-burying tribulation thought that it could threaten Chen Xiaobei!

However, he realized that Chen Xiaobei was not threatened by him at all! If Chen Xiaobei did not want to keep his soul, he would have turned into ashes by now. Not even a trace of his soul would be left in this world!

At the thought of this, he, the vast burial tribulation, felt incomparably terrified, shocked, and panicked! He could not wait for the great elder to kill Chen Xiaobei!

Because only in this way could he have a chance of surviving the vast burial tribulation!

“Swish!”

However, Chen Xiaobei quickly stopped thinking about the heaven-burier tribulation.

With a thought, he directly sent the soul of the universe-burying tribulation into the chaotic space!

Of course, Chen Xiaobei did not seal the soul of the universe-burying tribulation.

That was because if there really were 10000 Saint souls in the soul of the universe-burying tribulation, even the power of the seal would be devoured and then there would be a backlash!

That was why Chen Xiaobei did not seal the soul of the universe-burying tribulation!

Of course, the primal Chaos Space was an absolutely sealed, ultra-high-level space, and the vast burial tribulation was only left with a soul. It no longer had any cultivation or power!

This way, even if Chen Xiaobei did not seal or control the soul of the vast burial tribulation, he would not be able to escape from the chaotic space!

He would find an opportunity later to verify if the 10000 Saint souls were really hidden in the souls of the universe-burying tribulation!

“Boom boom boom ...”

At the same time, the middle-level great elder did not waste any more time with Chen Xiaobei. He waved his hand and ordered everyone to activate the power of the formation!

With a loud explosion, the power of a peak five-star divine ancestor suddenly burst out!

The dark red holy light condensed into nine explosive trajectories like meteorites and Thunderbolts. They crossed the sky, tore apart time and space, and emitted a terrifying and shocking aura!

In an instant, everything in the surroundings trembled, and even the laws were slightly distorted!

At the sight of this scene, the surrounding people all revealed a relaxed expression!

In their eyes, this power that was three levels higher than Chen Xiaobei's was enough to kill him!

There was absolutely no suspense!

So, at this moment, everyone looked at Chen Xiaobei as if they were looking at a cold corpse.

When the outer Grand Elder saw the scene before him, a huge fanatical and excited expression appeared on his face!

Having gotten his revenge, the first elder of the outer circle was naturally very satisfied!

“BOOM!”

The next moment, nine streams of power from different directions landed on Chen Xiaobei's body!

There was no mistake!

Chen Xiaobei did not Dodge, nor did he defend himself. He did not even make any movements. He just let the nine attacks hit him!

Of course, from the perspective of the crowd, the difference of three minor realms was enough to render Chen Xiaobei completely unable to react. It was completely reasonable for him to be hit by all the power!

At that moment, everyone was certain that Chen Xiaobei would die without a doubt!

“Whoosh ...”

However, in the next moment, when the aftershock of the power dissipated ...

The scene that appeared in front of their eyes made the hearts of the surrounding people instantly receive an incomparably violent shock!

It even directly subverted their three views and made them start to doubt their lives!

Red Envelope Group of the Three Realms

Chapter 4716: It's my turn!

4716 It's my turn!

The aftermath of the power dissipated, and the Holy Light gradually returned to normal!

To the crowd, Chen Xiaobei should have been completely annihilated. There was no doubt that he was dead!

However, at this moment, Chen Xiaobei was standing in his original position, unscathed!

It was clear that Chen Xiaobei was not injured at all. In fact, he was not affected at all!

After all, not only was Chen Xiaobei uninjured, he did not even move an inch!

To put it simply, the terrifying power of a peak five-star divine ancestor was like a breeze to Chen Xiaobei!

However, the scene in front of them was as terrifying as being electrocuted!

how ... How is this possible?!

The great elder of the Western periphery was dumbfounded. His face was ashen and his entire body trembled violently.

my God ... This ... This can't be an illusion, right?!

The middle-rank great elder of the Western Region was the same. He was so shocked that his heart was beating wildly, his breathing was rapid, and cold sweat was pouring out like rain!

The two leaders had fallen into a huge panic. The other elders around them naturally had their eyes as wide as a bull's and their mouths agape as if their jaws were about to drop to the ground!

According to their original understanding, a power that was three levels higher than Chen Xiaobei's was enough to annihilate him!

However, the truth was that Chen Xiaobei was perfectly fine. Not a single hair on his head was hurt. He did not even move an inch!

This result made the surrounding people suspect that it was an illusion! They couldn't believe their eyes!

Some people even pinched themselves to prove that they were not dreaming or hallucinating with the intense pain!

They couldn't imagine what was happening in front of them!

His three views were really shattered! He was doubting life!

"It's my turn!"

Chen Xiaobei did not waste any time with them. He took out his chaos Blood Sword!

It was obvious that Chen Xiaobei had two five-star divine ancestor trump cards in his hands!

They were the chaos Blood Sword and the myriad DAOs Saint Emperor armor!

The reason why Chen Xiaobei was safe and sound earlier was because the myriad Dao ancestor had completely absorbed the power of the formation and not a single bit of it landed on Chen Xiaobei!

And the main function of the myriad DAOs Saint Emperor armor was to defend and protect its owner!

He had to rely on the chaos Blood Sword to kill his enemies!

"Clang!!!"

With a deafening sword cry, the entire space was enveloped by a blood-red light. It was as if the entire world had turned into a blood-red purgatory!

A terrifying aura suddenly swept out! It made the surrounding people's hearts jump and their minds go blank. They felt fear from the bottom of their hearts!

"Get into formation! Quickly get into formation!"

The middle-rank great elder of the Western Region let out a hysterical scream.

It was obvious that the middle-level great elder's cultivation base was only at the early-stage five-star divine ancestor realm. Without the power of the array, he would definitely not be a match for the chaos Blood Sword!

At first, the surrounding people were already scared out of their wits like ants on a hot pan. However, with the roar of the middle-level great elder, everyone calmed down a little!

It was obvious that they would not be able to escape from the chaos Blood Sword if they were just running away!

After all, the difference in their cultivation realms was too great. Whether it was speed or strength, the chaos Blood Sword could crush them to the extreme!

Therefore, at this moment, with a roar from the middle-level great elder, everyone gathered together again!

If they split up and escape alone, no one would be able to escape!

Only by gathering everyone's power and activating the array could they fight against the chaos Blood Sword and have a chance of survival!

At the thought of this, the surrounding people no longer hesitated. They activated the formation as fast as they could!

Whoosh ... Whoosh ...

This time, not only the elders of the two elder Academies were exerting their strength, but even the two great elders of the middle and outer layers were also doing their best to add their strength into the array!

Of course, just the two of them weren't enough to raise the level of the array by a large realm!

Therefore, the power of the array was still at the peak of the five-star divine ancestor realm!

However, with the addition of the two of them, the power was clearly much stronger than before!

Although he was not invincible among his peers, he would definitely be suppressed by ordinary opponents of the same level!

Let's go all out with that kid!!!

The great elder of the Western outer region let out a hysterical roar. He had almost used all of his strength. His old face was completely distorted and his teeth were almost crushed!

BOOM! BOOM!

The next moment, the power of the array burst out!

He could clearly feel that the power was much stronger than before!

It was as if I wanted to crush time and space and obliterate all the laws. I was extremely terrifying!

If an ordinary peak five-star divine ancestor was standing here ... They would be suppressed by this power in an instant, and in the end, they would either die or be crippled!

However, it was a pity!

They would never have thought that Chen Xiaobei's chaos Blood Sword and ten thousand DAOs divine Emperor armor, although only at the pinnacle of five-star divine ancestor level, were of supreme quality!

The chaos Blood sword's full-power Strike could even fight a six-star divine ancestor!

In this situation, although the power of the other party's array had been greatly improved, it was still many times weaker than the six-star divine ancestor's. They couldn't be compared at all!

There was no comparison at all!

"Woof!"

The next moment, Chen Xiaobei swung his sword!

The blood-red sword Qi was like a dragon emerging from the sea, vast and terrifying!

“Whoosh ...”

In an instant, the power of the array was dispersed by the blood-colored Azure Dragon. It was like a puff of smoke that couldn't withstand a single blow!

“Woof!”

The power of the formation dissipated, but the blood-red Dragon's power was not consumed much. It was still extremely powerful and terrifying!

“Spare me ... Senior, spare me ...”

Seeing this scene, the middle-rank great elder of the Western Region let out a shuddering wail.

Then, he was the first one to fall to his knees and kowtow to Chen Xiaobei!

At the sight of this scene, the surrounding elders didn't dare to hesitate any longer. They knelt on the ground and kowtowed desperately!

“Spare me ... Spare me ...”

At this moment, the Grand Elder knelt on the ground and kept kowtowing.

At this moment, he threw all thoughts of revenge, dignity, and backbone out of his mind!

There was only one thought in his heart, and that was to live!

Red Envelope Group of the Three Realms

Chapter 4717: Verification!

4717 Verification!

“No need to talk nonsense. None of you will Live!”

However, Chen Xiaobei's face was calm, and his dark eyes were like the stars in the night sky, filled with cold murderous intent.

It was obvious that these people were here to kill Chen Xiaobei!

It was obvious that if Chen Xiaobei was the one begging for mercy, they would not let him go!

So, Chen Xiaobei would not let them go!

Furthermore, Chen Xiaobei had previously saved zang Hao's tribulation out of kindness, but in the end, it was just a story between a farmer and a snake! The heaven-burier tribulation turned around and bit Chen Xiaobei!

With the previous lesson, Chen Xiaobei was not going to let these people go!

After all, the chaos Blood Sword had already been revealed. If news of it got out, the entire sky-burier sacred clan would come to attack Chen Xiaobei. They might even draw the Saint-burier's Supreme divine ancestor back!

After all, the chaos Blood Sword was Chen Xiaobei's symbol!

This symbol was too obvious. Once it was shown, it would be the same as revealing his identity. This would definitely bring Chen Xiaobei a lot of trouble!

That was why Chen Xiaobei would definitely choose to get rid of the root of the problem and not leave any safety concerns for himself!

“Woof!”

The sword Qi was still a few hundred meters away from those people. The aftershock of the sword Qi directly cut those one-star and two-star divine ancestors with lower cultivation bases into pieces and turned them into blood mist!

Chen Xiaobei did not bother to collect their Saint souls and spirits. They turned into dust and disappeared along with their bodies!

“Clang!!!”

After the aftershock of the strong wind, the true power directly crushed down!

Except for the middle-level great elder, all the others were crushed directly. In an instant, they were like minced meat, leaving blurry afterimages in the air!

After the blood-colored Azure Dragon swept past, these afterimages also vanished into thin air, not even leaving behind a tiny bit of residue!

“Whoosh ...”

Of course, Chen Xiaobei still held back a trick in the end.

Chen Xiaobei had only severely injured the mid-level great elder’s Saint Soul and made him lose his ability to fight. However, he was not completely destroyed.

As for the mid-level great elder’s body and Saint Soul, Chen Xiaobei did not hesitate to destroy them. He had completely eliminated them!

After all, Chen Xiaobei’s cultivation had already reached the early five-star divine ancestor realm. Even if he kept the body of the middle-rank great elder, it would be meaningless!

As for the soul, leaving it behind was a hidden danger. Naturally, it had to be completely destroyed!

Lastly, the reason why Chen Xiaobei wanted to keep the Saint Soul of the middle-tier core great elder was to verify something!

He wanted to see if there were any members of the Saint pan clan in the middle-core great elder’s sacred soul world!

After all, the mid-level great elder was already the leader of the mid-level. He was only one step away from the high-level. Therefore, if there were some of Saint Pan’s clansmen in the mid-level great elder’s Saint Soul world, it was obviously impossible to kill them directly!

“Whoosh ...”

After that, Chen Xiaobei entered the middle-ranking great elder’s Saint Soul world.

After entering, Chen Xiaobei could not sense the aura of a Saint pan tribesman at all!

This meant that the middle and lower-ranking members of the sky burial Yuan sacred clan were not qualified to enslave the people of the Saint pan!

Only the higher-ups, or even the core higher-ups, had the right to do so!

After all, apart from the ones who had died in the war, there were not many people who had survived and were enslaved!

And most of them had been enslaved by the Saint burial's Supreme sacred ancestor!

Given the greedy nature of the Saint burial's Supreme divine ancestor, he must have given very little to his subordinates!

Therefore, Chen Xiaobei speculated that not only the lower-middle class, but even the higher-ups could not enslave the people of Saint pan!

Only the most powerful core members had the right to enslave the people of Saint pan! Only then would he be able to obtain a portion of Saint Pan's tribesmen from the Saint burial's Supreme divine ancestor!

Chen Xiaobei's heart was filled with hope!

This time, if he did it well, he might be able to free all of the Saint pan tribesmen except for the ones who were enslaved by the Saint burial's Supreme sacred ancestor!

"Shizzle ... Shizzle ..."

It was at this moment that Chen Xiaobei saw the so-called energy bugs with his own eyes!

It was a kind of gray-white Worm that looked like a maggot!

It was crawling and wriggling aimlessly in a desolate and gloomy space!

Just looking at it was very disgusting!

Of course, Chen Xiaobei had no interest in these things! He didn't want to bring them into the North Mystic sacred soul great world either!

After all, Chen Xiaobei's beixuan sacred world had already reached the pinnacle of a five-star divine ancestor!

Even if he devoured the sacred soul world in front of him, his level would not increase!

Furthermore, he didn't know how the Saint burial ancestor had created these disgusting worms! Besides, they were disgusting. Chen Xiaobei would not let them pollute the environment of the beixuan sacred soul world!

"Woof!"

The chaos Blood Sword slashed down, completely destroying the sacred soul and the sacred soul world within. They no longer existed!

“Next, it’s time to verify the soul of the great calamity!” Chen Xiaobei quickly left the scene.

After that, he reached a quiet place where no one was around before entering the chaotic space.

spare me ... Senior, spare me ... Senior ... I was wrong ... I won’t dare to do it again ...

As soon as he entered, the soul of the Hao zang tribulation flew over and knelt in front of Chen Xiaobei, begging for mercy.

“Whoosh ...”

But Chen Xiaobei did not waste any time. He extended a finger and a tiny amount of energy gathered at the tip of his finger!

“Senior ... You ... What are you doing? Are you going to kill me? I don’t dare to do it again ... I really don’t dare to do it again ... I beg you, please don’t kill me ...”

The vast burial tribulation was so frightened that he almost peed his pants.

After all, at this moment, only a remnant soul was left of the universe-burying tribulation. It had no ability to resist!

In fact, Chen Xiaobei did not even need to use his energy. All he needed to do was to take out some of the most yang and strong items and it would be enough to destroy zang Hao’s soul!

“Woof!”

However, after his betrayal before the Hao-burier tribulation, Chen Xiaobei was not going to show any mercy this time!

Chen Xiaobei flicked his finger, and the tiny bit of energy shot directly at the soul of the vast burial tribulation!

“It’s over ... It’s all over ...”

The great calamity instantly let out a wail of extreme despair.

The absolute suppression in speed made it impossible for the vast burial tribulation to escape.

In the next instant, the energy that Wang Chen had unleashed directly struck the soul of the vast burial tribulation!

[Red Envelope Group of the Three Realms](#)

Chapter 4718: great change!

“Woof!”

In an instant, the soul of the vast burial tribulation turned into ashes and disappeared without a trace!

“This ...”

Chen Xiaobei furrowed his brows and sighed. “They were annihilated just like that? It seems like I’ve been overthinking things ... This kid isn’t the carrier of the 10000 Saint souls at all ...”

Chen Xiaobei was a little disappointed with the result.

After all, from the start, he had only caused so much trouble because he wanted to save the vast burial tribulation.

In the end, it was all for nothing.

“Whoosh ...”

However, just as Chen Xiaobei was about to leave, a strange energy wave suddenly appeared.

It was as if it had appeared out of thin air, and its origin and origins were completely unknown.

what’s going on?!

Chen Xiaobei looked at it carefully.

“Whoosh ...”

Where the soul of the vast burial tribulation had disappeared, a spiritual body shining with nine-colored holy light appeared.

The strange energy fluctuation was emitted from this spirit body.

Swoosh Swoosh Swoosh ... Swoosh Swoosh Swoosh ...

Then, an even more unbelievable scene appeared.

The energy that Chen Xiaobei had released earlier had disappeared, but now, it reappeared around the spiritual body!

Furthermore, it was constantly revolving around the spirit body!

“H-how is this possible? That thing can control my energy?”

Chen Xiaobei’s face was filled with shock.

Logically speaking, the energy that Chen Xiaobei had just activated should have disappeared and would not have reappeared!

More importantly, even if Chen Xiaobei’s energy reappeared, it should be controlled by Chen Xiaobei himself!

That was why Chen Xiaobei was so shocked by what he saw.

could it be ... That they are 10000 Saint souls?!

Chen Xiaobei studied the spiritual body closely.

Chen Xiaobei had never seen the 10000 divine souls in this state before.

Therefore, he could not be 100% sure.

Whoosh!!!

Then, the energy surrounding the spirit body gradually became stronger than before!

In the end, it suddenly shot out!

The target of the arrow was Chen Xiaobei!

“It looks like there really are 10000 Saint souls!”

Chen Xiaobei quickly made his judgment.

Judging from the energy fluctuation, the power and speed of the attack were about 50% stronger than when Chen Xiaobei released it earlier! It was considered a very big enhancement!

Luckily, Chen Xiaobei did not use his full strength!

Otherwise, if Chen Xiaobei had used the chaos Blood Sword to attack the soul of the vast-burying tribulation, the power of the counterattack would have exceeded the limit of what the thousand DAOs Holy Emperor armor could withstand!

“Bang!”

With a wave of his hand, Chen Xiaobei destroyed the incoming energy beam.

After all, Chen Xiaobei had purposely lowered the strength of his energy.

Therefore, even though the power of the counterattack had been increased by about 50%, it still could not hurt Chen Xiaobei at all.

Chen Xiaobei easily defeated it.

“Whoosh ...”

After the energy was destroyed, the spirit body gradually dimmed.

It even gradually became transparent and formless, as if it was about to disappear into thin air.

“Swish!”

Chen Xiaobei was quick to react and immediately rushed over.

He held the spirit body in his hand.

However, he could not hold it at all.

He could only watch as the spirit body disappeared in his palm.

“Shit! The carrier of the 10000 Saint souls was the soul! After I destroyed the soul of the vast burial tribulation, this Saint Soul lost its carrier!”

Chen Xiaobei looked at the thousands of Saint souls that were disappearing, and he was extremely nervous.

“Also, the energy I activated was too weak. I didn’t seem to have activated the ability to return the Saint souls to the secret realm! I wonder what the consequences will be if it just disappears like that!”

Obviously, the Saint souls didn't have any energy!

Therefore, the Saint souls would only return to the ten thousand secret realm after absorbing enough energy from a powerful attack!

The power that Chen Xiaobei had activated was too weak to support the 10000 Saint souls to return to the 10000 Dao secret realm!

If the 10000 Saint souls were to disappear, Chen Xiaobei did not know what would happen!

"Whoosh ..."

In the end, the 10000 Saint souls disappeared from Chen Xiaobei's palm.

After all, Chen Xiaobei had never been in such a situation before. He did not know how to salvage the situation and could only watch as it happened.

"We're in big trouble now ..."

Chen Xiaobei's brows were tightly knitted together, and he looked very anxious.

It was obvious that the 10000 divine souls had disappeared. Chen Xiaobei used all his power to sense them, but he could not sense where they had gone!

This time, the problem had become very serious!

there's no other way ... I can only return to the 10000 Dao secret realm and ask nine heart turtle ancestor how to solve this problem ...

Chen Xiaobei sighed.

Under such circumstances, the sky burying Yuan sacred clan's plan would definitely have to be put on hold.

"Whoosh ..."

Suddenly, Chen Xiaobei felt a strange energy fluctuation in his body.

what's going on???

Chen Xiaobei's eyes widened, and his heart started to race.

This was because Chen Xiaobei was certain that the energy did not belong to him! It shouldn't have appeared out of thin air!

"Shit!"

what? " Chen Xiaobei exclaimed.

Chen Xiaobei could clearly feel that the energy wave was rushing toward his soul.

"Could it be that ... The Saint souls haven't disappeared, but they're looking for new carriers? And my soul is its new host!"

Chen Xiaobei exclaimed.

Chen Xiaobei's judgment was right!

It was impossible for the 10000 Saint souls to disappear into thin air. After all, that was one-ninth of the soul of the ancestor of all DAOs!

If he disappeared, wouldn't the myriad Dao ancestor be completely finished?

At this moment, the special energy fluctuation was approaching Wang Chen's soul!

What made Wang Chen most desperate was that he had no power to stop it!

Of course, the main reason was that they didn't dare to stop him!

After all, as long as the 10000 Saint souls absorbed enough energy, they could launch a powerful counterattack against Chen Xiaobei!

Therefore, Chen Xiaobei did not dare to use his energy to block it!

Furthermore, even if he used the energy barrier, the energy would be controlled by the 10000 Saint souls and would cause harm to Chen Xiaobei!

"It's over ... It's completely over ..."

Chen Xiaobei was panicking, and his face was filled with despair.

Red Envelope Group of the Three Realms

Chapter 4719: King's explosion!

4719 King's explosion!

The situation was beyond Chen Xiaobei's control!

In fact, Chen Xiaobei had never experienced anything like this!

There was no solution at all!

He could only watch as the Saint souls invaded his soul and turned his soul into a carrier. He himself would be turned into a puppet!

Without a doubt, this was an outcome that Chen Xiaobei could not accept!

However, no matter how unacceptable it was, Chen Xiaobei could not change the situation!

"Whoosh ..."

Then, the 10000 Saint souls had already invaded Chen Xiaobei's soul!

Chen Xiaobei could clearly feel that his soul had been injected with a mysterious stream of air!

Then, the Qi quickly spread out and filled Chen Xiaobei's entire soul!

"No! I definitely don't want to be someone else's puppet! Absolutely not!"

Even though he was in despair, Chen Xiaobei did not intend to give up.

He would rather die than admit defeat!

The reason why Chen Xiaobei could still be so determined despite his rejection was because he had a very strong state of mind!

“Whoosh ...”

At this moment, driven by his instinct, Chen Xiaobei could not help but release the mightiest suppression!

This pressure was not released by Chen Xiaobei on his own accord. It was released naturally due to Chen Xiaobei’s emotional fluctuations, as if it was a self-protection mechanism!

Since it was for self-protection, the target of the pressure was naturally the culprit who caused Chen Xiaobei’s emotional turmoil!

They were 10000 Saint souls!

“Chi ...”

In the next moment, a terrifying Supreme pressure completely enveloped the Saint souls.

At this point, Chen Xiaobei’s heart was still calm and his mind was clear. So, he knew what was happening.

However, Chen Xiaobei did not have much hope.

After all, pressure was an intangible force field. How could it affect 10000 Saint souls?

Therefore, at this moment, even if he took the initiative to use the Supreme suppression to protect himself!

However, Chen Xiaobei did not think that this method of self-preservation would be of any use!

“Whoosh ...”

But in the next moment, Chen Xiaobei froze.

This was because what happened next was completely out of Chen Xiaobei’s expectations. It even brought him a huge surprise!

The ten thousand divine souls that had invaded Chen Xiaobei’s soul were suddenly suppressed and slowed down!

how ... How is this possible?!

Chen Xiaobei was overjoyed when he felt the result.

He had never expected that the unparalleled pressure of ten thousand cuts could actually restrain ten thousand Saint souls! This was simply too unbelievable!

Chen Xiaobei could not believe it!

However, after thinking about it carefully, this was actually not strange!

Chen Xiaobei had defeated the elder of ten thousand DAOs 'suppression with the mightiest mightiness back At World's End!

And it was during that time that Chen Xiaobei's state of mind and pressure had been elevated to a higher level!

In short, if it was in the past, Chen Xiaobei's pressure would have been 100% ineffective against spirit bodies!

However, after that transformation, Chen Xiaobei's coercion had completely advanced to the ten thousand section unparalleled coercion! Something special might have been born from it!

And these were things that Chen Xiaobei had not noticed all this while!

It was this special item that had helped Chen Xiaobei resist the invasion of the 10000 divine souls!

Of course, whether it was the pressure or the special things derived from the pressure, none of them were in the form of energy!

This meant that the 10000 Saint souls could not absorb Chen Xiaobei's pressure, and they could not absorb the special thing in his pressure!

The Saint souls were still in a state of no energy, so they could not attack Chen Xiaobei! He would not return to the ten thousand Dao secret realm!

This way, as long as Chen Xiaobei continued to increase his pressure, he could completely control the 10000 divine souls, even control them and expel them out of his body, completely escaping the threat!

"I know! It's the power of the heart soul divine path!"

Chen Xiaobei was very smart. After a moment of careful observation, he immediately noticed the special change in his aura!

There was no mistake!

This change was closely related to Chen Xiaobei's divine path of the soul!

It was a trace of the power of the Holy path that was added to Chen Xiaobei's pressure!

Although one could comprehend the divine Dao after becoming a divine ancestor!

However, there was no one who could truly control the power of the Holy way!

Don't forget!

Even someone as powerful as a Supreme Saint ancestor had to absorb the power of the Saint Dao to cultivate!

This showed that even the Supreme divine ancestor couldn't generate the power of the divine Dao!

Originally, Chen Xiaobei would never be able to do it!

However, Chen Xiaobei's state of mind and pressure had been elevated to a level above the Supreme divine ancestor's after the mental tempering in World's End!

It was also because of this that Chen Xiaobei's holy path was closely related to his state of mind!

It was like a match made in heaven, allowing Chen Xiaobei to reach a state that was above the Supreme divine ancestor! Therefore, he had unconsciously produced some power of the Holy path!

And now, this power of the Holy way was Chen Xiaobei's life-saving straw!

"Whoosh!"

After that, Chen Xiaobei stabilized his state of mind and released the most powerful ten thousand severals suppression!

All the pressure was on the 10000 Saint souls!

Slowly, the 10000 Saint souls began to leave Chen Xiaobei's soul!

In the end, it exited Chen Xiaobei's body!

What was even more amazing was that under Chen Xiaobei's pressure, the 10000 Saint souls did not disappear into thin air. Instead, they remained in the state of the nine-colored holy light spiritual body!

Of course, to be more precise, it was not Chen Xiaobei's aura that enveloped the 10000 divine souls!

It was Chen Xiaobei's power of saintly way that wrapped around the 10000 divine souls!

this is really great!!!

Chen Xiaobei's mood was lifted to the max when he saw this!

By controlling this Holy soul, Chen Xiaobei had another super king Bomb in his hand!

He had once again entered the state of 'I'm invincible, you can do whatever you want'!

It was not an exaggeration to say that if Chen Xiaobei had two of these King bombs, he could challenge the Alliance of the demonized great divine Supreme divine ancestor and the Saint-burying Supreme divine ancestor!

[Red Envelope Group of the Three Realms](#)

Chapter 4720: breaking the game at the start!

After that, Chen Xiaobei wrapped the 10000 divine souls with his power of saintly way and put them into the chaotic space.

Originally, Chen Xiaobei had planned to go to the ten thousand secret realm and ask the nine heart turtle ancestor for a solution to the problem, but now that was unnecessary.

So, Chen Xiaobei could continue with his original plan.

That was to head to the core territory of the sky burial Yuan sacred clan and find an opportunity to free all the people of Saint pan.

Of course, this time, Chen Xiaobei was careful. He did not use his true form to move around. Instead, he used the origin Dao divine ancestor as a puppet to go to the core territory of the sky-burier Yuan divine clan.

This was because Chen Xiaobei's real body did not have any say in the core territory of the sky-burier Yuan sacred clan. It was not easy to achieve his goal!

On the contrary, the origin Dao divine ancestor was the young master of the entire clan handpicked by the Supreme divine ancestor of the Saint burial. His status and the weight of his words were not something ordinary people could compare to!

As long as Chen Xiaobei planned it well, he would be able to achieve his goal smoothly and safely!

.....

Chen Xiaobei stepped into the void and arrived at the core territory of the sky-burier sacred clan!

Finally, the Saint Origin Energy in this area was much purer than before.

However, compared to the core territories of the other Supreme sacred ancestor clans, the amount of Saint Origin Energy here was pitifully small!

From this, it could be seen that the Supreme holy ancestor of the Saint burial hadn't only exploited the lower and middle ranks of his clansmen, but even the higher ranks had been exploited and embezzled!

Under such intense exploitation, the higher-ups didn't dare to betray the sky burial Yuan sacred clan. It was obvious that their lives were controlled by the Supreme Saint ancestor and they didn't dare to betray their race!

One could only imagine how greedy the Saint burial's Supreme Saint ancestor was!

However, there was still a huge suspicion in this!

What did he do with the Saint Origin Energy that the sky burial Yuan sacred clan had exploited and embezzled?

One had to know that the Supreme Saint ancestor could release the Supreme Saint Origin Energy on his own, but in terms of energy, the Supreme Saint ancestor didn't need to cut down the Saint Origin Energy in his Supreme Saint meridians, because he didn't need it at all!

And someone at the level of the Saint burying Supreme Saint ancestor would definitely not do something meaningless!

Therefore, there must be a huge secret behind this suspicion.

Of course, Chen Xiaobei could not find the answer yet. He would have to wait until he found more clues to solve the puzzle.

Soon after.

Chen Xiaobei controlled the origin Dao divine ancestor and strolled around the core city.

After all, the origin Dao divine ancestor's cultivation wasn't high, so he wasn't qualified to come to the core territory.

Therefore, Chen Xiaobei could not get much information about this area from the origin Dao divine ancestor's memory. He could only slowly walk around to get more familiar with it.

However, things were much simpler than Chen Xiaobei had expected!

Just as they were strolling around, a group of people with extraordinary status swarmed in just by looking at their clothes and aura!

The moment they saw this group of big shots, the pedestrians on the street knelt down in unison and prostrated themselves on the ground! They even shouted in worship!

From the voices of the passers-by, Chen Xiaobei knew that this group of important figures were the core elders of the sky burial Yuan sacred clan!

Chen Xiaobei could not see through any of these people's cultivation.

Judging from the strength of the elders in the core of the first echelon, the cultivation base of this large group of people in front of him was at least at the seven Star divine ancestor level!

The strongest among them was the great core elder, whose cultivation base had probably reached the peak of nine-star divine ancestor level!

It was no wonder that the surrounding passersby would kneel on the ground and worship him without hesitation!

After all, in front of these core elders, the surrounding passersby were as insignificant as ants!

greetings, young master!

Just as the surrounding passers-by were all bowing down to the group of core elders. The group of core elders knelt down in front of Chen Xiaobei!

Of course, to be more precise, he knelt in front of the origin Dao divine ancestor!

However, the origin Dao divine ancestor was just a puppet without any consciousness. So, from a spiritual perspective, these people were actually kneeling to Chen Xiaobei!

Then, the group of core elders bowed to Chen Xiaobei like the passers-by.

Chen Xiaobei was shocked by what he saw.

After all, Chen Xiaobei did not know much about the core area in the beginning. He did not even know where to start his next move.

But now, the identity of the origin Dao divine ancestor played a crucial role. Chen Xiaobei saw hope in breaking out of this situation.

The game was broken at the start!

Chen Xiaobei had never encountered such a good thing!

"Elders, there's no need to be so polite. Please rise!"

Chen Xiaobei controlled the origin Dao divine ancestor and acted very humble.

thank you, young master!

Even though Chen Xiaobei was being humble, the group of core elders did not dare to show any disrespect. After thanking him loudly, they slowly stood up!

After standing up, this group of core elders still maintained their bowing postures and were very, very humble!

Chen Xiaobei could not help but click his tongue in wonder.

It had to be said that the Saint burial's Supreme Saint ancestor was a very powerful controller!

Not only were the middle and lower levels of the sky burying Yuan sacred clan firmly under his control, but even the higher-ups and core people were completely under his control!

In fact, the cultivation of an origin Dao divine ancestor was simply too weak in the eyes of these core elders!

However, it was precisely because the origin Dao divine ancestor was the young master appointed by the Supreme divine ancestor of Saint burial! Therefore, these core elders would never dare to offend an origin Dao divine ancestor!

That was because offending an origin Dao divine ancestor was equivalent to offending the Supreme divine ancestor of the Saint burial chamber!

The core elders didn't even dare to think about the consequences of offending the Saint burial's Supreme Saint ancestor!

Because of this, the core elders were extremely humble and submissive to the origin Dao divine ancestor!

Even the first core elder, who was a peak Nine Star divine ancestor, was very respectful and cautious in front of an origin Dao divine ancestor.

This was exactly what Chen Xiaobei wanted to see.

"Everyone has come at the right time. I have something to discuss with everyone!"

Chen Xiaobei controlled the origin Dao divine ancestor and said with a serious expression, "This matter is extremely important. We must discuss it in an absolutely private place!"

"This ..."

The Grand core elder's expression darkened. "Of course, no problem! I have my own private space, absolutely safe and private! I wonder what you want to discuss, young master? Should we report this to the Saint burial's Supreme Saint ancestor?"
