Chapter 4721: wipe them all out!

It was clear that the great core elder was still very cautious.

Even though he didn't suspect the origin Dao divine ancestor, his first reaction was to report this to the buried Saint Supreme divine ancestor!

After all, the Saint burial's Supreme Saint ancestor was the Supreme ruler of the entire race!

He couldn't hide anything important from the Supreme holy ancestor. Otherwise, the Supreme holy ancestor would be extremely displeased, and the consequences would be unimaginable!

The great Elder God had worked for the Saint burial's Supreme sacred ancestor for many years, so he naturally knew these hidden rules very well. He definitely wouldn't dare to break them easily!

I want to discuss something about Chen Xiaobei!

Chen Xiaobei controlled the origin Dao divine ancestor and said, "I once obtained another Supreme opportunity given to me by the nine hearts turtle ancestor in the place of origin of my clan! I'm sure everyone knows this!"

"Of course ... Of course I know ..."

The surrounding core elders nodded their heads and praised, "The young master is a proud Son of Heaven with great fortune! There's even a chance that he'll become the second Supreme sacred ancestor of our race! The entire sky burial Yuan sacred clan knew about this! Everyone has high hopes for you, young master! I'm looking forward to your rise and to bring our entire clan to new heights!"

It was obvious that the entire Yuan Sage clan had known that the yuan Dao divine ancestor had obtained a Supreme opportunity when the Saint burial Supreme divine ancestor had appointed him as the young master!

In the past, the Saint burial's Supreme Saint ancestor had obtained a Supreme opportunity from the nine hearts turtle ancestor, which had allowed him to achieve his current achievements!

Because of this, the clansmen of the yuan sacred sky burial clan believed that the yuan Dao divine ancestor had obtained a second Supreme opportunity and could become a Supreme divine ancestor just like the Saint burial Supreme divine ancestor!

Because of this, all the members of the sky burial Yuan sacred clan were filled with respect and anticipation for the origin Dao divine ancestor!

Just now, these core elders had bowed to the origin Dao divine ancestor because they were under the pressure of the Saint burial sect's Supreme divine ancestor. On the other hand, they didn't dare offend the future Supreme divine ancestor!

Of course, to the ordinary members of the sky burial Yuan sacred clan, other than respect for the origin Dao divine ancestor, they also had Great Expectations!

Everyone knew the reason, but no one dared to say it out loud!

As the saying goes, there's no construction without destruction, and the new won't come if the old doesn't go!

Not only were the clansmen of the sky burying Yuan sacred clan being exploited and embezzled by the Supreme sacred ancestor, but their lives were also threatened, and their freedom was completely restricted!

In such a situation, the members of the sky burying Yuan sacred clan had no choice but to maintain the status quo because of their fear of the Saint burial's Supreme sacred ancestor!

As the saying goes, respect brings loyalty, fear of side chaos!

The clansmen no longer had any respect for the Saint burial's Supreme sacred ancestor. In their state of fear, everyone was actually hoping that someone could replace him!

And before that, this kind of hope was an almost impossible fantasy!

Therefore, everyone was just thinking about it.

However, as the news of the origin Dao divine ancestor obtaining a Supreme opportunity spread among the clan, the clan members 'originally impossible hopes were suddenly fulfilled!

Because of this, the clansmen had a tacit understanding but did not dare to say it out loud. In fact, they were hoping that one day, the origin Dao divine ancestor would become the Supreme divine ancestor and completely replace the Supreme divine ancestor, Saint burial!

To the members of the sky burial Yuan sacred clan, this might not be a better outcome, but it definitely wouldn't be worse!

Therefore, almost everyone was full of anticipation for the origin Dao divine ancestor!

At that moment, Chen Xiaobei could already sense a faint aura!

That was why Chen Xiaobei wanted to make use of the opportunity to make a big deal out of it!

"After I obtained the Supreme opportunity! The nine hearts turtle ancestor gave me some missions to gain experience!"

Chen Xiaobei controlled the origin Dao divine ancestor and said, " and now, our mission is to capture Chen Xiaobei!

"Chen Xiaobei? No wonder!"

The great core Elder God immediately came to a realization."We were very confused before! Why would the Supreme divine ancestor want us to use all of our power to capture Chen Xiaobei, who is as weak as an ant?!"

"So, this Chen Xiaobei is related to your Supreme fortune! Now we know, we will do our best to help you catch him! To help you complete your mission as soon as possible!"

As soon as he said that, the surrounding core elders also had expressions of sudden realization.

In the past, they did not know why they wanted to capture Chen Xiaobei. Now, they finally had the answer to their questions.

Seeing that no one was suspicious, Chen Xiaobei gave them another calming pill.

He said in a deep voice, "in the end, this matter is my business. All you need to do is to listen to my arrangements!" Of course, if you're still worried, you can also report this to the Saint burial's Supreme Saint ancestor!"

Chen Xiaobei said that because he had predicted that the Supreme holy ancestor would not return.

The arrest of Chen Xiaobei was arranged by the Supreme divine ancestor of the Saint burial.

Therefore, even if the great elder reported this to the Saint burial Supreme sacred ancestor, the Supreme sacred ancestor would only order the great elder to follow the origin Dao sacred ancestor's orders.

"I'd better report it ..."

The Grand Elder God was very cautious and loyal to the Saint burial's Supreme sacred ancestor, so even though the outcome was obvious, he still had to follow the rules and go through the process.

From this small detail, it could be seen that the true core upper echelons were actually slightly different from the middle and lower-level members!

The middle and lower level members were exploited, their lives threatened, and their freedom restricted! He hated the Saint burial's Supreme holy ancestor to the core, and he was eager to find someone to replace him!

But!

These core upper echelons were completely loyal to the Saint burial's Supreme sacred ancestor!

This could be seen from whether or not to report this matter!

Between Chen Xiaobei and the Saint-burying's Supreme divine ancestor, these core members would only stand on the side of the Supreme divine ancestor!

Just this one detail was enough to determine the fate of these core upper echelons!

Because, at this moment, choosing a side was actually choosing a battle line!

If these core members were to stand on the same side as the Saint-burying's Supreme divine ancestor, it would mean that they were standing against Chen Xiaobei. Sooner or later, they would become Chen Xiaobei's enemy! Furthermore, they were mortal enemies!

Since they had made such a decision, Chen Xiaobei would not let them go!

The Grand Elder God quickly received a reply from the Supreme sacred ancestor.

Just as Chen Xiaobei had expected, the Saint burial's Supreme divine ancestor had the core Elder God follow the origin Dao divine ancestor's orders.

Next, it was time for Chen Xiaobei to reel in his net!

These people who would become his mortal enemies sooner or later would be wiped out by Chen Xiaobei!

Chapter 4722: net closed!

“Alright, since the Saint burial’s Supreme Saint ancestor asked you to listen to me, things will be easy! Come with me to my personal space!”

Chen Xiaobei said calmly as he controlled the origin Dao divine ancestor.

“Young master ... There’s something I don’t understand ...”

The Grand core elder frowned and asked respectfully, “ if it’s just to keep it a secret, we can go to the elder’s house to discuss it. Why do we have to go into the independent space? ”

“Nonsense!”

Chen Xiaobei controlled the origin Dao divine ancestor and said, “ I allowed you to enter my independent space because I have something special to show you! This kind of thing could not enter the real world, otherwise, it would disappear without a trace! When the time comes, will you be in charge?”

Obviously, Chen Xiaobei’s words were half true!

He didn’t show them the fake part, but he told them the real part based on the characteristics of the 10000 Saint souls!

It would disappear as soon as it entered the real world! This way, the elders would have no reason to reject Chen Xiaobei!

“I didn’t mean it that way ... Since young master’s item is so special, then I will naturally follow young master’s arrangements! This subordinate has no objections!”

The Grand core elder immediately admitted defeat. He couldn’t afford to take such a huge responsibility.

After all, it was related to a Supreme opportunity. If there was a slight mistake, the core Grand Elder would not be able to bear the consequences.

Therefore, he was naturally willing to follow the arrangements. This way, even if something went wrong, it would not be his responsibility!

It was a classic example of Shuai Guo getting first place!

“Then come!”

Chen Xiaobei opened the chaotic space and brought everyone in.

The other elders went in first.

Chen Xiaobei and the great core elder were the last to enter.

Before he went in, Chen Xiaobei asked if all the core members of the upper echelons were here.

He received a positive answer.

Satisfied, Chen Xiaobei brought the great core elder into the chaotic space.

The reason Chen Xiaobei asked this was because after a series of deductions and observations, Chen Xiaobei realized that the enslaved members of the Saint pan family would not have been assigned to the lower-middle level members of the sky burying Yuan sacred clan! Even the ordinary higher-ups would not be able to get one!

After all, the sky burial Yuan sacred clan even embezzled and exploited their Saint Origin Energy! How could they possibly share the precious resources of the Saint pan race with them?

Therefore, Chen Xiaobei was certain that most of the Saint Pan's tribesmen who had survived were enslaved by the Supreme holy ancestor in his Saint Soul world!

Only a very small portion was used as a reward and distributed to the core upper echelons present!

After all, no matter how greedy the Saint burial ancestor was, he still needed someone to help him!

Therefore, he also needed to win over the hearts of the people!

After all, blindly controlling life and death might be useful to the weak, but it would have the opposite effect on the strong!

The Saint burial's Supreme Saint ancestor was very smart. He knew that he had to use both kindness and severity to control people's hearts in order to obtain absolute loyalty!

After countless years of being brainwashed, these core upper echelons had all become absolutely loyal to the Saint burial's Supreme Saint ancestor!

Therefore, even if the origin Dao divine ancestor really became the Supreme divine ancestor, these core elders would still stand on the side of the Saint burial Supreme divine ancestor without hesitation!

That was why they would become Chen Xiaobei's mortal enemies!

"Young master! Don't tell me that this is what you want us to see?"

Everyone looked around the chaotic space and immediately saw the 10000 Saint souls wrapped in the power of saintly way!

The crowd was stunned for a few seconds before they burst into an uproar!

"It's indeed an extraordinary item! We've never seen it before!"

"Not only have I never seen it, I've never even heard of it! This special aura is extremely profound and powerful. I can faintly feel that it's above the Supreme divine ancestor!"

"That's right! I can clearly feel it too! This aura had already surpassed the Supreme divine ancestor! It's simply unbelievable!"

"Young master! What the hell was this thing? It's too terrifying!"

.....

It was obvious that the Supreme divine ancestor was the highest level in everyone's mind!

That was why an existence above the Supreme sacred ancestor had appeared! That was why everyone was so shocked and astonished!

"It doesn't matter what it is! What's important is that you all must die Here today!"

Now that all the big fish had fallen into Chen Xiaobei's net, there was no need for him to continue his act!

"Whoosh ..."

As soon as he finished speaking, Chen Xiaobei left the origin Dao divine ancestor puppet and returned to his original form.

"You ... Y-y-you ..."

In an instant, all the core elders present looked as if they had been struck by lightning. Their pupils shrank and their scalps turned numb. They could not believe their eyes!

The person they had risked their lives to capture was now standing in front of them!

More importantly, the young master that they respected so much was just a puppet of Chen Xiaobei!

Even if they had a hundred million more brains, they would never have imagined that such an outcome would actually occur!

All of them were core elders and looked down on everyone. They could not even see Chen Xiaobei's weakness when he was right in front of them. They even bowed to him respectfully! In the end, she jumped into the pit that Chen Xiaobei had dug!

This was super ironic! A super face smacking!

To the core elders of the sky burial Yuan sacred clan, who had always been conceited, this was simply a great humiliation. They even felt that they were extremely stupid!

Of course, this did not mean that they were afraid of Chen Xiaobei.

"You little brat! There's a path to heaven, but you refuse to take it. There's no Door to Hell, but you charge in! Are you tired of living?"

"Little trash! Why don't you take a look at what kind of trash your cultivation base is, and you actually dare to scheme against us? He really doesn't know the immensity of heaven and earth!"

"I have to admit that you did it, you little bastard! You've successfully chosen the time of your death!"

"This is convenient for us! If we can capture you, we will have made a great contribution! At that time, the Saint burial's Supreme Saint ancestor will definitely reward us handsomely!"

.....

Chen Xiaobei's cultivation was only at the early phase of five-star divine ancestor.

In front of these core elders, he was as weak as an ant. They did not even need to lift a finger to kill Chen Xiaobei.

Because of that, in their eyes, Chen Xiaobei had brought about his own death! There would be no suspense at all!

“Don’t talk nonsense! Directly take him down!”

The Grand core elder said impatiently.

However, in the next moment, everyone’s expression changed drastically, including the Grand core elder!

Chapter 4723: In your dreams!

4723 In your dreams!

While the core elders were mocking Chen Xiaobei, Chen Xiaobei had already unleashed his killing move!

Of course, he didn’t need to use the ten thousand Saint souls to deal with these rotten eggs!

Chen Xiaobei still had another trump card that was more than enough to deal with them!

“Whoosh ...”

A black ball of light appeared in Chen Xiaobei’s hand!

Then, the surface of the dark ball of light started to burn with golden flames, instantly emitting a terrifying and shocking pressure!

“This ... This, this, this ...”

Seeing this, the surrounding core elders were like mice that had seen a Tiger. They were all scared out of their wits and their eyes were bigger than a cow’s.

that’s the Supreme treasure of the Supreme holy ancestor, the Holy destroyer Pearl!

“Heavens! Why is the destruction orb in this kid’s hands?”

“No wonder this kid dared to scheme against us! So you’ve already prepared a trump card!”

we’re dead ... We’re completely dead this time!!!

.....

Anguished wails and screams erupted one after another.

Without a doubt, in front of a Supreme true treasure, these core elders were even weaker than ants. They would be completely wiped out in an instant!

Because of this, they all burst out with extreme fear and shock! He was really so scared that he almost peed himself!

“Don’t panic!”

However, at this moment, the Grand core elder saw through the mystery and shouted loudly, "That's not the destruction orb! It's an extremely special ability!"

As soon as he said that, everyone looked over carefully and finally let out a sigh of relief.

"It's done! That was not the destruction Saint orb itself! I was wondering why the energy fluctuations had remained at the peak of Nine Star divine ancestor!"

"You scared me! If it's only a peak Nine Star divine ancestor, the great elder can resist it alone. With our help, we can suppress it in minutes!"

"It looks like this kid is just bluffing! There's no way he can escape from our grasp!"

it seems that our credit still belongs to us. We can't run away!

hahaha ... I really didn't need to put in any effort to get it!

.....

All of a sudden, the core elders who were scared witless earlier all revealed arrogant and proud expressions.

They had already seen through Chen Xiaobei's killing move, and they could easily suppress it.

This way, Chen Xiaobei would still be their plaything, and he would not be able to escape from their grasp.

"Whoosh ..."

At the same time, Chen Xiaobei did not say anything. He continued to gather his power and prepared to attack!

There was no mistake!

What Chen Xiaobei was using now was the special ability that he had obtained after consuming the Holy race extermination fragment!

The Orb of Destruction that was floating in Chen Xiaobei's hand was actually a Dharma form formed by the power of destruction. It was not a real object!

Of course, Chen Xiaobei had used up all his Saint Qi in the ten thousand secret realm.

This amount of Saint Origin Energy was equivalent to three portions of peak Nine Star divine ancestor's energy! One of them had been used to speed up the growth of the mutated Holy bloodfruit!

As for the remaining two, they were completely transformed into destructive power!

This meant that Chen Xiaobei could use the nine Star divine ancestor's destructive power twice!

In Chen Xiaobei's opinion, this move alone was enough to wipe out all the big fish in front of him!

"Don't underestimate the enemy!"

As expected, the great core elder immediately put a stop to everyone's pride and confidence.

He shouted solemnly, "it's not that simple!!!" Although it was not the destruction Saint orb! However, the essence of its power comes from the same source as the Holy destroyer's Pearl!"

"The Holy Dao of destruction is one of the Supreme Holy Dao! He was born stronger than us! To put it bluntly, I definitely can't withstand the power of destruction at the same cultivation level!"

"So, don't be careless! Show me your full strength! Let's form the formation together! Only in this way can we have a chance of winning!"

It was obvious that this core Grand Elder did have some extraordinary points.

While the others were starting to feel smug and self-satisfied, this core great elder still made the calmest judgment!

Just as he had analyzed, if they underestimated their enemy, they would be defeated in minutes!

Only by following what he said and using everyone's full strength to form an array and twist all their strength into a rope would they have a chance to resist the power of destruction!

"Yes, sir ... Yes, sir ..."

The people around them were not fools. They immediately realized the seriousness of the problem.

After all, his cultivation base was lower than the peak of the nine Star divine ancestor realm. Therefore, he couldn't see the severity of the situation just now!

However, after the core Grand elder's reminder, they all became serious and did not dare to let their guard down!

Whoosh ... Whoosh ... Whoosh ...

Then, all the core elders started to use their maximum Saint Origin Energy.

Then, he used the sky burial Yuan Saint clan's unique array to gather everyone's saint origin power and transfer it to the core great elder!

"Boom boom boom ..."

In an instant, a terrifyingly vast power descended like the universe!

The energy fluctuations alone were enough to create an enormous pressure on the chaotic space!

Fortunately, this was a chaotic space!

If it was just an ordinary Meru space, it would have already started to collapse and would break at any time. It simply couldn't withstand such energy fluctuations!

Not to mention the power of the attack that erupted after the energy was gathered! It could probably destroy the spatial wall of the Meru space in an instant!

"Whoosh!"

At the same time, the Grand core elder had also activated his energy to the extreme. With the support of the array that everyone had condensed together, he had obtained the elevation of several dimensions!

It could even be said without any exaggeration that, excluding the Supreme-grade power, the current Saint burial core great elder was already invincible among those of the same rank!

“Very good! Very good!”

The Grand core elder cheered excitedly, “ with such power, I have absolute confidence that I can defeat all my opponents at the same level!

When these words came out, it was naturally particularly exciting.

The other core elders around them also revealed expressions of joy and excitement.

There was no doubt that if they could take Chen Xiaobei down, it would be a huge contribution to their cause. It would bring them unprecedented benefits!

Everyone was so excited that they could not wait for Chen Xiaobei to be defeated in the next second!

“Ha, that’s a beautiful dream!”

Suddenly, Chen Xiaobei sneered, “ That’s right! In terms of power! You’re already invincible among your peers! However, you seem to have forgotten that this is not my power, but my special ability!”

Red Envelope Group of the Three Realms

Chapter 4724: destruction!

It was obvious that if they were to compete in terms of power, all the core elders of the sky burying Yuan sacred clan could crush those of the same level if they joined forces!

However, what Chen Xiaobei was using now was the special ability derived from the Saint destroyer Pearl fragment. It was not just pure power!

The special ability of the Holy destroyer Pearl was actually destruction!

you ... What do you mean by this?!

The sky burying Yuan sacred clan’s first core elder was confused.

In such a short time, the great core elder did not have the time to react to Chen Xiaobei’s words.

However, an ominous feeling rose in the heart of the Grand core elder.

He felt that things might not be as simple as they seemed.

“BOOM!”

However, the battle had already reached this stage. Even if he had a bad feeling, there was no way out!

After all, there were only two options for the elders. They could either defeat Chen Xiaobei or be defeated by Chen Xiaobei!

The core elders of the sky burial Yuan sacred clan had no other choice!

Because of this, regardless of whether Chen Xiaobei's attack was powerful or special, the core elders of the sky-burial Yuan sacred clan had to brace themselves and fight! Of course, he would also do his best to fight!

With a loud explosion, all the power that was added to the Saint burial core great elder's body, combined with his own power, suddenly exploded!

The terrifying energy fluctuation caused the space and time to tremble violently!

In an instant, the entire chaotic space was subjected to a terrifying pressure and impact!

Of course, this pressure and impact force were only the strong wind and shock waves from the aftermath of this attack!

If this wave of power were to strike the chaotic space, it was likely that even the chaotic space would not be able to withstand it and the spatial wall would collapse!

Of course, at this moment, this power would definitely not miss!

The Saint burial core elder focused all of his energy on Chen Xiaobei! It was definitely stable enough! It was accurate! How ruthless!

In an instant, the terrifying power was right in front of Chen Xiaobei!

The huge light wave was like a sun that was billions of times bigger. It was huge, vast, and terrifying!

In front of this ball of light, Chen Xiaobei was as small as an ant, almost negligible!

There was no doubt that if an ordinary five-star divine ancestor were to stand there, the aftershock of the attack would be enough to wipe them out without even needing to hit them!

Even a true peak nine-star divine ancestor wouldn't be able to withstand this terrifying power! If he tried to block it forcefully, he would either die or be crippled, and he would still be defeated in the end!

Therefore, the core elders of the sky burial origin sacred clan were full of confidence!

In an instant, they could already imagine Chen Xiaobei being crushed, turned into ashes, and destroyed!

However, in the next moment, a situation that they could never have imagined appeared!

annihilate. Supreme holy flame!!!

Chen Xiaobei did not waste any time and immediately activated the special ability in his hand!

Suddenly, the Golden flames on the dark ball of light in Chen Xiaobei's hand exploded and two huge pillars of fire shot out!

The vast and vigorous pillars of fire were like two golden dragons of fire!

The two fiery Azure Dragons opened their bloody mouths and bit at the light ball that was a billion times brighter than the sun!

And then, a scene that no one could have dreamed of appeared!

“Whoosh ...”

The huge ball of light, which was like a sun a trillion times brighter than the sun, disintegrated in a very special form from the middle!

It was as if the huge ball of light was made of sand, and the two golden dragons were like wild and violent hurricanes!

Wherever the old dragon passed, the huge ball of light was like a collapsing sand pile, flowing in all directions, shrinking, and then collapsing!

this ... How is this possible???”

The core elders of the sky burial origin sacred clan shrieked in shock when they saw this. They couldn't believe their eyes!

“I ... I finally understand ...” He said.

At the same time, Saint burial's core great elder finally came to a realization!

In fact, when Chen Xiaobei said that he had not activated his power but his special ability, the Saint burial core elder had a bad feeling that things were not as simple as they seemed!

However, everything had happened too suddenly and the battle was already in full swing, so the Saint burial core elder did not have the time to think clearly!

However, at this moment, the Saint burial core great elder finally understood what was going on!

Chen Xiaobei is using the destruction ability of the Saint destroyer orb!

The Saint burial core great elder said in a deep voice, “In other words, he directly destroyed the energy law within a small area! Therefore, the power that we combined was not blocked by him! “It's because of the collapse of the energy laws that caused all the energy to dissipate. This caused the power of the might to disintegrate from its source and be utterly routed!”

It had to be said that Saint burial's core great elder had some experience and knowledge.

His analysis was completely correct!

This was the main reason why Chen Xiaobei was so confident from the start!

“You're quite smart! Unfortunately, it's all too late!”

Chen Xiaobei raised his eyebrows and continued to direct the two golden dragons toward the sky-burial sacred clan's core elders!

It was obvious that the destruction special ability could, in theory, destroy all existences other than the laws of destruction!

Whoosh ... Whoosh ... Whoosh ...

One of the fiery Azure Dragons charged over. Wherever it passed, the bodies and Saint souls of the high-level elders were completely destroyed!

In an instant, all the people who had been fine turned into colorful fragments and fine sand. As the fiery Azure Dragon swept past, they were completely destroyed and scattered with the wind!

Of course, their Saint souls had been preserved!

At the same time, this raging Azure Dragon dealt with all the elders whose cultivation was lower than peak Nine Star divine ancestor!

The other raging flame Azure Dragon was aimed at the Saint burial core great elder! Although the two of them were at the same level, the raging flame Azure Dragon had the highest quality! Without the support of the Saint burial core elder, the raging flame Azure Dragon had the absolute advantage!

The result was without any suspense!

“Whoosh ...”

The Saint burial core great elder tried his best to Dodge, but he was still bitten by the Dragon!

His entire body was destroyed like dust, and his soul was completely destroyed!

Chapter 4725-quantity!

All the core members of the sky burying Yuan sacred clan had been wiped out in one fell swoop, just as Chen Xiaobei had planned. Not a single one of them had escaped!

Of course, their Saint souls had been preserved!

This was because there were enslaved members of the Saint pan race in their sacred soul world!

Whoosh ... Whoosh ... Whoosh ...

Without hesitation, Chen Xiaobei entered each of the Saint souls to check.

As expected, the situation was the same as before.

On average, there were 10000 enslaved members of the Saint pan race in the sacred soul world of each core elder!

There were more Grand elders, 30000 of them!

And through these people, they created a vast number of human-shaped faceless monsters, which provided them with an endless stream of Saint elemental energy!

As for the enslaved members of the Saint pan race, they were just like before, wrapped in an extremely special film and fell into a state of eternal sleep!

In fact, this state could also be understood as a sealed state. It was an absolute control over them, an absolute slave!

This kind of membrane was very strong and special. Ordinary methods could not break it at all!

Luckily, Chen Xiaobei had found out that the great burial heaven Mystic infinite talisman given by the Saint burial's Supreme divine ancestor was the key to opening this seal!

However, Chen Xiaobei only had two of these talismans left, and there were more than 150 people in front of him!

As far as the county was concerned, just two talismans were simply a drop in the bucket. It was simply impossible to free everyone!

although I can learn how to make this talisman, it's of an extremely high level. It takes a lot of energy and rare materials to make it ...

Chen Xiaobei frowned and said, "Time can be accelerated, so it's not a problem! However, it's not that easy to gather all the materials!"

"After all, the required materials are all specific. Their grades are already very high, and they are extremely rare! The key is that I need a huge amount of them!"

that way, even the Treasuries of the Holy extermination clan, holy life clan, and great sage clan might not be able to gather enough materials!

It was clear that Chen Xiaobei was now in a difficult situation.

Even though he was already the Alliance head of the three great clans, there were still some things that he couldn't do easily.

"Wait a moment!"

Suddenly, Chen Xiaobei's eyes lit up and he became excited again. I almost forgot about the green gem!!!

Obviously, Green Treasure didn't only know how to create puppets to exchange for the Crown Prince!

In theory, as long as there was enough energy and resources, the green gem could create anything it had ever seen!

Of course, the great burial heaven Mystic immeasurable talisman could also be created by Lu Bao!

This way, Chen Xiaobei did not need to provide any specific materials. He only needed to provide any materials of the same grade!

This would greatly reduce the difficulty of gathering the materials!

In fact, Chen Xiaobei did not even need to use the resources in the three allies' Treasury. He could solve the problem on the spot!

After all, Chen Xiaobei had kept all of the storage spaces of the 150 plus people!

As the core elders of the sky burial Yuan sacred clan, these 150 people must have had a lot of resources and foundations!

It was no exaggeration to say that each of their storage spaces was equivalent to a giant treasure vault!

“Green Treasure! Look at this, you can create it, right?”

Chen Xiaobei held the green gem in one hand and took out a great burial heaven Mystic infinite talisman in the other.

“Of course you can!”

Lu Bao nodded and said, “however, the level of this talisman is too high. The resources required are huge!” Basically, to create one, you’ll need ten types of peak Nine Star divine ancestor heavenly materials and earthly treasures!”

“Yes! It’s good that you can create it!”

Chen Xiaobei then took out another core elder’s storage space.

“Whoosh ...”

Then, Chen Xiaobei brought Green Treasure into the inventory.

Sure enough, there were a lot of resources stored inside. It was unknown how many underworld years this core high-level elder had accumulated. It was not an exaggeration to say that sacred ancestor level resources were piled up like a mountain.

However, there weren’t many resources at the peak of the nine Star divine ancestor.

Chen Xiaobei looked around and only found five items!

Compared to the other resources that had been piled up like mountains, the resources of a Nine Star divine ancestor peak level were even scarcer than the feathers of a Phoenix and the horns of a Qilin!

Lu Bao, I don’t have enough resources at the peak of Nine Star divine ancestor. Can we use other low-level resources to make up for it?” Chen Xiaobei asked.

“Of course you can!”

Lu Bao nodded and said, “if the level is not enough, I’ll make up for it with quantity!” After all, it’s Saint Pan’s power of creation that I’m using to create things! Therefore, no matter what we devour, we just need to gather enough Genesis Energy from Saint pan!”

“Alright! Then you can eat as much as you want!” Chen Xiaobei’s brows were raised, and he finally felt relieved.

Whoosh ... Whoosh ... Whoosh ...

Then, Green Treasure flew directly to the center of the space and activated whirlwind mode.

All the resources in the surroundings were sucked into the green Treasure’s mouth and turned into Saint Pan’s power of creation at the fastest speed possible!

Just as Lu Bao had said, if the level was not enough, he would make up for it with quantity!

Although the level of these resources was low, there were a lot of them!

This was like a grain of sand. Although it was extremely small, when trillions of grains of sand accumulated, they could form a desert!

“Alright, I’m done!”

Finally, when the entire Treasury was devoured by the green Treasure, the required amount of Saint Pan’s power of creation was finally enough!

“Whoosh ...”

After that, Lu Bao activated Saint Pan’s supernatural power of creation.

Then, a brand new Mystic infinite talisman of Grand burial heaven floated into Chen Xiaobei’s hand.

“Amazing! My green gem!”

Chen Xiaobei’s face lit up with joy and excitement. “This way, I can free all the people of Saint pan!”

“However, Green Treasure, you might have to suffer!” Chen Xiaobei frowned.

“I’m not tired!”

I’m a member of the Saint pan clan. It was the Supreme divine ancestor who created me. Therefore, it is my responsibility and mission to free the Saint pan clan! Lu Bao said with great enthusiasm.

“Good! Then let’s continue!” Chen Xiaobei’s fighting spirit was ignited when he saw Green Treasure’s enthusiasm. His blood was boiling.

Then, the process repeated itself.

In order to speed things up, Chen Xiaobei even used the Holy ancestral sunlight cache.

Finally, after all his storage space was cleared, Chen Xiaobei had obtained 156 great burial heaven Mystic infinite talismans!

In addition to the two cards he already had, he had a total of 158 cards!

Chapter 4726 The target!

There were a total of 153 core senior elders ‘sacred soul worlds present.

Chen Xiaobei used the mystic infinite talisman of Grand burial heaven one by one to rescue all the sealed and enslaved people of the Saint pan.

The total number of people was close to two million.

This number seemed to be a lot, but compared to the number of Saint pan clan members at their peak, it was probably not even a drop in the ocean!

Of course, most of the people of Saint pan had died in the Great War, and there were not many who survived!

However, these two million people were still not a lot compared to the number of people sealed and enslaved in the Supreme sacred ancestor’s sacred soul macro world!

So, if Chen Xiaobei wanted to truly free the Saint Pan's People, the most important thing was to defeat the Saint burial's Supreme divine ancestor! Release the people of Saint pan from the Supreme sacred ancestor's sacred soul world!

Of course, everything had to be developed and pushed forward step by step!

For Chen Xiaobei to be able to achieve what he had now, he could already be considered a very, very successful man!

After dealing with this wave, Chen Xiaobei was left with five great burial heaven Mystic infinite talismans!

Keep it well, it will naturally be useful in the future!

As for the two million people who were just released, Chen Xiaobei sent them into his own saintly world.

With the last group of people and the third elder present, they could easily explain the current situation to these two million people. They could also tell them that Chen Xiaobei had saved them, that they were all loyal to Chen Xiaobei, and that they would do their best to help him!

Chen Xiaobei's first goal after coming to the sky burying Yuan sacred clan's territory had been achieved!

However, Chen Xiaobei did not plan to leave immediately! Instead, he had a follow-up plan!

"Whoosh ..."

Chen Xiaobei left the chaos dimension and returned to the core territory of the sky-burier Yuan sacred clan.

After a closer look, Chen Xiaobei realized that everything was normal. There was no commotion or any unusual behavior caused by the disappearance of all the core elders!

This made Chen Xiaobei even more determined to take action!

After all, if the scene moved, it could alert the Saint burial's Supreme Saint ancestor! Chen Xiaobei's actions would be very dangerous!

However, everything was normal, which meant that the Saint burial's Supreme divine ancestor would not be alarmed. He would still be waiting for Chen Xiaobei to come out of the place where the Saint pan clan originated!

Oh! Of course, it was also possible that the Supreme divine ancestor was secretly cultivating the new one-word Saint-Killing Curse that Chen Xiaobei had given him!

Of course, it was extremely difficult to learn the one word Holy extermination curse!

Even someone as powerful as the nine hearts turtle ancestor would need a full one million years to cultivate a first-tier sacred ancestor-level one-word Saint-slaying curse!

It was obvious that the Saint burial's Supreme sacred ancestor would need a lot of time to learn it!

Of course, it didn't need a million years. novelusb.com

This was because Chen Xiaobei was teaching the Supreme divine ancestor the original version of the one-word Saint destroyer incantation. It was not even at the level of a divine ancestor. Compared to the advanced version, the time needed to learn and cultivate it would be greatly reduced!

Everything would depend on the Saint-burying Supreme sacred ancestor's own comprehension!

If he suddenly had an epiphany, he might explode on the spot in a short time!

If he didn't have an epiphany, then it would take at least hundreds or thousands of years to learn it!

There was no guarantee that something like this would happen, so Chen Xiaobei had to be on guard.

Luckily, everything was normal and there was no risk of alerting the enemy. So, Chen Xiaobei decided to proceed with the next step of his plan!

And now, the core elder's home had been taken over by Chen Xiaobei!

Naturally, Chen Xiaobei's next target was the Saint burial's Supreme domain, which was above the elder Council!

After his conversation with the Holy extermination's Supreme divine ancestor, Chen Xiaobei was certain that each Supreme divine ancestor had a completely independent and high-level domain!

In addition to being a symbol of the Supreme Saint ancestor's status, this domain space was also the core of every Supreme Saint vein of a Supreme race!

There was no mistake!

Chen Xiaobei's target this time was the sky-burier sacred clan's Supreme Holy Meridian!

After all, Chen Xiaobei had already confirmed that the sky burial origin sacred clan had been taking away the Saint Qi of the middle and lower levels!

And the use and usage of this Saint Qi had become a huge question!

Chen Xiaobei had always wanted to solve this mystery, and now, he finally had the chance!

.....

After that, Chen Xiaobei took control of the origin Dao divine ancestor puppet and entered the core elder's house as the young master of sky burial origin divine clan.

In the center of the central Elder Hall, there was a huge black throne!

This throne seemed to be made of black holy light. It gave off a very powerful aura. It was as if the entire space was suppressed and cold!

After asking the core elder's guard, Chen Xiaobei found out that the throne was the entrance to the Saint burial's Supreme realm!

However, ordinary people would definitely not be able to enter!

Only the true body of the Saint burial's Supreme sacred ancestor could freely enter and exit the Saint burial's Supreme domain!

Chen Xiaobei did not explain much. He just made up an excuse and sent all the guards away!

Although these guards were suspicious, their status was extremely low and they had no right to interfere with the young master's matters!

Furthermore, these guards couldn't possibly contact the Supreme Saint ancestor of the Saint burial.

Therefore, Chen Xiaobei could proceed with the next step without worry.

"There should be a hidden space gate around the throne! As long as I find it, I can go in!"

Chen Xiaobei controlled the origin Dao divine ancestor to observe the surroundings of the throne.

It was obvious that one could not see any profoundness with the naked eye!

However, this was not a problem for Chen Xiaobei!

"Hong! Peeking at the origin!"

Chen Xiaobei then activated his origin peeking ability.

With the experience of peeking at the origin of the spatial dimension laws in the chaotic space, Chen Xiaobei was very familiar with it this time. He could easily spy on the spatial dimension laws around him!

"Whoosh ..."

Very quickly, Chen Xiaobei was able to see through the complicated and high-level laws of space and peeked at the origin of everything!

After that, Chen Xiaobei locked onto the hidden portal that no one but the Supreme divine ancestor could see!

"Woof!"

After further prying into the origins of this space gate, he was able to see the origin of this space gate.

Chen Xiaobei had successfully found the weakest hole in the portal's origin!

Then, Chen Xiaobei controlled the origin Dao divine ancestor, waved his hand, and opened a crack in space where the space gate was!

I've succeeded!!!

Chen Xiaobei was overjoyed and full of anticipation as he stepped into the cave!

Chapter 4727-accumulation!

It was obvious that the entrance to the Supreme realm was not accessible to ordinary people. It could be said to be the strongest security system in the world!

Therefore, as long as one stepped into it, there would be no more danger!

After all, no one would put other protective measures in an absolutely safe box. It would be unnecessary!

“Whoosh ...”

Chen Xiaobei stepped through the crack and entered the Saint burial’s Supreme realm!

Of course, Chen Xiaobei then carefully closed the crack so that it would not be exposed from the outside.

After that, Chen Xiaobei started to observe his surroundings.

It was similar to the Supreme domain of the Holy extermination Supreme Patriarch, and the first thing that came into view was a massive Palace!

After all, the Saint burial’s Supreme Saint ancestor would occasionally summon some people here, so it was only natural for him to have this domineering Palace!

Of course, since it was just for show, it was naturally for people to see!

The secret that Chen Xiaobei was looking for could not be seen by anyone. It could not even be detected by anyone!

So, Chen Xiaobei went around the palace and headed deeper into the Saint burial’s Supreme territory!

Very quickly, Chen Xiaobei saw a magnificent sight behind the palace!

“Whoosh ...”

A nine-colored ball of light, as large as the sun, was floating in the air.

And from this ball of light, countless threads of light were derived!

These rays of light were like tree roots, crisscrossing and extending in all directions. They continued to spread and expand, and eventually, more and more of them appeared. It was impossible to count how many branches there were!

At the same time, Chen Xiaobei could feel a vast amount of Saint Qi from the ball of light!

“Don’t tell me ...”

this ... Chen Xiaobei was shocked. Is this the core of the sky burying Yuan sacred clan’s Supreme Holy Meridian?!

Chen Xiaobei’s guess was right!

This ball of light was the core of the sky burying Yuan sacred clan’s Supreme sacred Meridian!

The light rays that extended in all directions like tree roots actually represented the Saint veins and spirit veins that were derived from this Supreme Saint vein!

The slightly thicker rays of light represented Saint veins, and the countless fine rays of light that extended outwards to the end represented spirit veins!

However, the light rays that should have extended beyond this domain were restrained by a special energy! Most of the Saint Origin Energy couldn’t flow out, and only a small portion could escape!

Obviously, it was because of this that the Saint Origin Energy in the territory of the sky burying Yuan sacred clan was extremely thin. It even felt like a place under the ancestral Saint territory!

“That’s strange ...”

Chen Xiaobei furrowed his brows and asked, “The Saint Origin Energy flowing out of this Supreme Saint Meridian is blocked by a special energy, and it’s not directly consumed ...”

Chen Xiaobei could clearly feel the terrifying Saint Qi fluctuations coming from the giant ball of light!

This meant that the Saint Qi that had been blocked had not been used up, but had been completely accumulated!

This was extremely terrifying!

After all, the accumulation time was not one or two days, but a long time that had to be calculated in the units of underworld years! It was even possible for him to spend ten million years!

After such a long period of time, even if only one drop of water was accumulated every day, it would be enough to form a trillion oceans!

But now, the Saint Origin Energy that he had accumulated every day was very, very large and vast!

Chen Xiaobei could not even estimate how much Saint Qi He had accumulated!

In fact, Chen Xiaobei even thought that this amount of Saint Qi might have reached the highest level!

After all, according to the energy ratio of the previous minor realms, the energy gap between each minor realm was a trillion times!

However, the amount of energy accumulated by this Supreme Holy Meridian had already exceeded the normal amount by trillions of times!

And above the Supreme was the Supreme!

In other words, in theory, if one had a Supreme level of energy, one could activate supreme power!

Even 10,000 Saint souls might not be able to resist the true supreme power!

After all, the 10000 Saint souls were the independent bodies of the ancestor of 10000 DAOs after he was split into nine!

If it was the myriad DAOs divine ancestor himself, he could naturally relax his supreme power!

However, if the myriad DAOs divine ancestor only used one-ninth of his power, he definitely wouldn’t be able to block it!

In theory, Chen Xiaobei could destroy one of the 10000 divine souls and prevent the elder of 10000 DAOs from descending!

However, this was only a theoretical possibility!

This was because Chen Xiaobei had no way of activating the Supreme level power!

Although the ten thousand DAOs Saint Emperor armor, chaos Blood Sword, and one-word Saint execution curse were all Supreme-grade existences!

However, the quality and level were worlds apart!

For example, the myriad DAOs divine Emperor armor and the chaos Blood Sword were only peak five-star divine ancestors. The power they could unleash could resist a six-star divine ancestor!

He was only a six-star divine ancestor, but he was countless times weaker than the Supreme power. They weren't even on the same level!

In other words, if Chen Xiaobei wanted to activate the Supreme power, he would need a Supreme treasure or a Supreme magical formation in addition to a Supreme level of energy!

However, it was obvious that this was impossible! movelusb.com

This was because no matter what Chen Xiaobei did, he could not upgrade the chaos Blood Sword and the thousand DAOs Holy Emperor armor to the highest level!

And in this world, there was no such thing as a Supreme level!

Even if something of this level existed, it must have been sealed by the ancestor of all DAOs.

After all, the ancestor of all Dao was so smart that he would never allow anything that could threaten him to exist!

The Saint pan clan and the great saint clan were almost exterminated because they threatened the ancestor of all DAOs!

Of course, this was not absolute!

Chen Xiaobei did not know that the Supreme divine ancestor had created a power that could hurt the ancestor of all DAOs!

However, Chen Xiaobei now knew how the divine ancestor had peeked into the origins of the ancestor of all DAOs!

Even though this method had not been verified yet, at least Chen Xiaobei saw some hope!

With hope, there would be a direction to move forward and the motivation to fight!

As for whether it would succeed or not, that would depend on the actual situation!

great sage origin peeking!

Chen Xiaobei calmed himself down and used his special ability again to spy on the situation around the core of the Supreme Holy Meridian.

Chen Xiaobei was going one step further, to find out the real reason for the control of the Saint Qi!

Chapter 4728-not wronged!

"Whoosh ..."

The origin peeking ability gradually swept through the entire core of the Supreme Holy Meridian.

Very quickly, Chen Xiaobei found the source of the problem.

“There seems to be a special film covering the core of the life vein!”

Chen Xiaobei frowned and hesitated for a moment.

Then, Chen Xiaobei suddenly exclaimed, “Could it be! This membrane is the Supreme sacred item of the sky burying Yuan sacred clan, the heaven Earth sacred membrane?”

From his conversation with nine hearts turtle ancestor, Chen Xiaobei learned that the sky-burier Holy clan’s Supreme sacred object was a unique membrane!

In fact, even someone as powerful as the ancestor of all DAOs could not accurately know the essence of this thing, let alone control its level and form!

One could imagine that this was a very, very special kind of existence!

Naturally, the Saint burial ancestor couldn’t completely control the heaven and earth Holy membrane, which was why it had been left here!

Of course, it was also possible that the heaven Earth Holy Shroud wanted to stay here, so the Saint burial ancestor couldn’t control it at all and could only let it do as it pleased!

“Whoosh ...”

Then, Chen Xiaobei continued to spy on the origin.

As expected, the origin of this special membrane was the heaven Earth membrane!

It had been through continuous upgrading, strengthening, sublimation, and transformation to gradually form the current state!

Chen Xiaobei could also see how the embryo membrane of heaven and earth evolved into the Holy membrane!

Needless to say, the levels below the Supreme divine ancestor were the most common ways to upgrade, such as swallowing a high-level sacred soul world or fusing high-level materials, etc.

However, when one reached the bottleneck of the Supreme sacred ancestor level, the way to sublimate and transform was very different!

He had absorbed an extremely special energy to break through from the peak nine-star divine ancestor level to the Supreme divine ancestor level!

There was no mistake!

This special energy was the power of the saintly way!

Moreover, the most special thing was that one could only achieve a breakthrough and transformation through its slow absorption!

In other words, back then, the ancestor of all Dao might have tried to forcibly inject the power of the Holy way into it to upgrade it, but he did not succeed in the end!

This was why the ancestor of all DAOs believed that he could not affect the level and form of the heaven and earth Holy membrane!

Chen Xiaobei thought.

Clearly, such thoughts and speculations had a certain level of rationality.

What Chen Xiaobei did not know was that when the Holy Shroud appeared, it was the day before the elder of ten thousand DAOs decided to die!

Therefore, the ancestor of the myriad DAOs did not have much time to study the heaven and earth Holy Shroud in depth. Otherwise, with his wisdom, he would have been able to discover the secrets within!

Of course, the heaven Earth Holy membrane was the only one that had not been acknowledged by the myriad Dao ancestor and had broken through to the Supreme holy ancestor level!

Therefore, the ancestor of all DAOs still attached great importance to the heaven and earth sacred shroud!

Even though the ancestral weapon of the myriad DAOs had been broken and his Saint Soul had been split into nine, he had not stopped his research on the heaven and earth Saint membrane!

Of course, this kind of research was no longer carried out by the myriad Dao ancestor himself. Instead, he had asked nine heart turtle ancestor to hand over the heaven Earth Holy membrane to the Saint burial's Supreme Saint ancestor, who was bound to rise up in power!

After all, after the myriad Dao ancestor's calculations and schemes, the Saint burial's Supreme sacred ancestor was destined to rise to power and maintain an extremely powerful stance for a long time!

Thus, the myriad Dao ancestor believed that giving the heaven Earth Holy membrane to the Saint burial's Supreme sacred ancestor for research was the best choice!

In the eyes of the myriad Dao ancestor, when he returned to the world, the Saint burial's Supreme Saint ancestor might be able to give him the answer he wanted!

But then again, the myriad Dao ancestor knew very well that the heaven and earth Holy membrane should be handed over to the great saint Supreme divine ancestor for research. That would be the most suitable!

However, at that time, the Supreme divine ancestor had been plotted against because he had peeked into the origin of the myriad Dao ancestor and had fallen into the chaos!

Thus, the myriad Dao ancestor could only take a step back and hand the heaven and earth Holy membrane over to the Saint burial's Supreme Saint ancestor!

In order to allow Saint burial to study the heaven Earth Holy membrane better, the myriad Dao ancestor had even taught him the method to make it!

His goal was to have the Saint burial's Supreme sacred ancestor study this special existence from the origin of the heaven Earth Holy membrane! Then, step by step, he would reach the peak and he would get the final answer!

It was obvious that the ancestor of all DAOs had made the best choice and made the most thorough arrangements!

However, the facts proved that this second-best choice did not bring a good result!

At the very least, from the current situation, it seemed like the Saint burial ancestor hadn't fully studied the heaven and earth Holy membrane. Instead, he was being restricted by it!

There was no mistake!

The heaven and earth Saint shroud wrapped around the Supreme Saint Meridian's core to absorb the power of the Saint Dao within!

On the other hand, the Saint Origin Energy was conveniently wrapped inside the heaven Earth Saint shroud, so only a very small amount could flow out!

In other words, for so many years, not only had the Supreme Saint ancestor failed to absorb the power of the Saint path from his Supreme Saint meridians, but he couldn't even use his Saint origin power as he wished!

In fact, the Saint-burying Supreme Saint ancestor had been wronged!

In reality, it wasn't that he wanted to embezzle the Saint Origin Energy of his clansmen. After all, Saint Origin Energy didn't mean much to him! Just as Chen Xiaobei had suspected, the Supreme divine ancestor of the Saint-burying sect had no place to use his Saint Qi!

It was precisely because of the heaven Earth Saint shroud's protection and restraint that Saint Origin Energy could not flow out!

The Saint burial's Supreme Saint ancestor couldn't reveal this secret, so he had to take the blame himself for exploiting his clansmen!

Of course, the Supreme sacred ancestor of the Saint burial sect had been wronged in this matter.

However, he had used the heaven and earth embryo membrane to control the life and death of his clansmen and restrict their freedom. This was an irrefutable crime and he would not be accused wrongly!

In addition, the reason why the Saint ancestor of the Saint burial tribe could not absorb the power of the divine path and was still able to do so well was that the Supreme Holy Meridian of the Saint pan tribe was also under his control!

From this, it could be seen that when the Supreme Saint ancestor of the Saint burial sect launched the extermination war against the Saint pan clan, it was a war for energy resources!

It was the dishonorable battle that was triggered by the Saint burial's Supreme holy ancestor, who was trying to seize the Supreme Holy Meridian of the Saint pan race and absorb the power of the Holy Dao!

Chen Xiaobei's expression changed!

there are no other Supreme Saint veins in this Supreme domain!

Chen Xiaobei furrowed his brows in surprise. could it be that the Supreme Saint ancestor of the Saint burial tribe has transferred the Supreme Holy Meridian of the Saint pan clan to his own Saint Soul world? ”

“If that's the case, then I really didn't wrong him before! He clearly had a huge source of Saint Qi, but he didn't share it with his clansmen! This is even more excessive than exploitation and deduction!”

in this case, the previous doubts have appeared again. Why did he control so much Saint origin power?
”

Chapter 4729 A variable!

Obviously, in addition to controlling the Supreme Holy Meridian of the Saint pan clan, the Saint burial ancestor had also enslaved a large number of Saint pan clan members to produce Saint Origin Energy for him every day! movelusb.com

This meant that the Saint burial's Supreme Saint ancestor was actually in control of an extremely large amount of Saint Origin Energy!

However, in this situation, the Saint burial's Supreme Saint ancestor didn't share this Saint origin power with his clansmen, not even a single bit!

This not only showed how greedy and cold he was, but it also made Chen Xiaobei very confused!

What was the purpose of the Supreme Saint ancestor's accumulation of so much Saint origin power?

Of course, Chen Xiaobei did not have an answer to this question yet!

He could only continue to be puzzled and wait for the opportunity to reveal the answer in the future! This kind of opportunity would only appear after they defeated the Saint burial's Supreme Saint ancestor!

After all, this was related to the ultimate secret of burying the Supreme divine ancestor. He could not tell Chen Xiaobei about it in person. He had to find out for himself!

“Let's not care about anything else! The most important thing is to solve the problem at hand!”

Chen Xiaobei continued to study the heavenly Holy Shroud.

This thing was very, very special. It was completely unaffected by the myriad Dao ancestor's influence, and it was even more impossible to control it.

In other words, if Chen Xiaobei could study the nature of the heaven and earth Holy Shroud, he might be able to gain an ability that would not be affected by the ancestor of all DAOs!

If this goal was achieved, it would be too awesome!

By then, not only would Chen Xiaobei not be affected, but he would also be able to free those who were affected!

However, from the looks of it, nine hearts turtle ancestor was the only one who was directly affected by the myriad Dao ancestor!

But even if it was just freeing the nine-heart turtle ancestor from the influence of the elder of ten thousand DAOs, it would be of great help to Chen Xiaobei!

Furthermore, the ancestor of all DAOs might have other pawns other than the nine-hearted turtle ancestor!

Therefore, whether it was in the short term or in the long term, resisting the control of the ancestor of ten thousand DAOs was an extremely important ability!

And most importantly, this hypothesis was not a complete fantasy, but a real opportunity to be realized!

This was because Chen Xiaobei had experienced the way the ancestor of ten thousand DAOs controlled others in World's End!

This method was very similar to the heart soul divine path! It was to leave a huge psychological shadow in the mind of others, causing people to feel fear from the bottom of their hearts and to submit to it 100% willingly!

To put it bluntly, as long as he could break through this psychological shadow, he would be free from the control of the ancestor of ten thousand DAOs!

And the most direct way to break through this psychological shadow was to have a stronger mental state than the ancestor of ten thousand DAOs!

As long as his mental state was stronger than the ancestor of ten thousand Dao's, he could easily break through the psychological shadow left behind by the ancestor of ten thousand Dao. He could even leave a shadow in the heart of the ancestor of ten thousand Dao and control him in reverse!

Of course, although this method was the most direct, the possibility of achieving it was almost zero!

Even Chen Xiaobei, who had a strong mental state, had never thought that one day, his mental state would be stronger than the ancestor of all DAOs!

Therefore, this method was basically only feasible in theory. In reality, there was no need to even think about it!

Therefore, Chen Xiaobei could only take a step back and look for a breakthrough in other places to achieve the same effect!

And now, Chen Xiaobei had found a breakthrough!

There was no mistake!

It was the heaven and earth sacred shroud!

If Chen Xiaobei's idea was true, then he could at least be like the heaven and earth Holy Shroud, free from the influence and control of the ancestor of all DAOs!

Going one step further, he might even be able to help others not to be affected and controlled by the myriad Dao ancestor!

If he could do these two things, even if he could not defeat the myriad Dao ancestor, he would still be able to gain a lot of benefits!

“Whoosh ...”

Therefore, Chen Xiaobei was very serious at this moment. He studied the Holy Shroud carefully, from its origin to its peak, over and over again. He studied it in detail, not missing out on any details!

However, Chen Xiaobei soon realized that the reality was cruel!

Even with Chen Xiaobei’s ability to study and research, he could not find any useful information! Not to mention cracking the core’s essence!

However, after thinking about it carefully, this was not strange!

After all, the great sage saintly way was created by the ancestor of all DAOs!

The elder of ten thousand DAOs might have already known how to peek into the origin. So, Chen Xiaobei’s thoughts and attempts might have been done by the elder of ten thousand DAOs before!

If even the ancestor of all DAOs could not find the answer, Chen Xiaobei would not be able to find it even if he used the same method!

Of course, there were no absolutes in this world!

In the long years, there would always be changes!

For example, before the ancestor of all DAOs created the great divine saintly way, Ken Kai didn’t expect that in the long, distant future, the great divine saintly Supreme divine ancestor would actually come up with a way to reverse-peek at the origin of the ancestor of all DAOs!

By the same logic, when the ancestor of all DAOs created the Saint pan Dao, he never thought that one day, the Supreme divine ancestor would be able to create a power that could hurt him!

And these were all variables in the destiny of the world!

This was also the real reason why the ancestor of all Dao wanted to split the Saint Soul weapon into nine parts!

To put it bluntly, the ancestor of all DAOs, in his inherent state, had some questions that could never be answered or solved!

Only by trying out more changes could he possibly grasp the variables over the long years and thus solve the problems he encountered!

Currently, there were three major problems!

First, how could he resolve the threat of Saint Hong peeking into the origin?

Second, how could he defend against the damage caused by the special power created by Saint Pan's saintly way?

Third, how could he influence and control the heaven and earth sacred shroud?

These three points were the problems that Chen Xiaobei knew the ancestor of all DAOs had.

Perhaps, there were other problems that Chen Xiaobei did not know about.

And when the ancestor of all DAOs returned to the world, he might be able to find the answers to some of these difficult questions.

This kind of operation was really very, very powerful!

Even Chen Xiaobei was impressed!

But then again, the changes in the long river of time could appear at any time!

And now, Chen Xiaobei was the biggest variable!

This was because Chen Xiaobei also had the ability to make the ancestor of all DAOs admire him!

"Saint pan! Chaos devour!"

Obviously, just studying and studying would not be able to achieve any results. So, Chen Xiaobei gave up on treatment and used the simplest and crudest way to solve the problem!

"Whoosh ..."

Activating his special ability, Chen Xiaobei devoured the Holy membrane and the core of the Supreme Holy Meridian in one go!

Chapter 4730 Disappointed!

Chen Xiaobei's state of mind was strong enough to withstand the mental pressure of consuming a Supreme holy ancestor-level item!

At the same time, Chen Xiaobei had also consumed a Peak 9-star Saint ancestor level mutated Holy bloodfruit. It could stimulate his mental power to digest the things he had consumed!

Although there was still a huge gap between them, and it would take a long time to digest it, as long as he could digest it, the rest would be left to time!

with my current spiritual power level, I'll need an immeasurable amount of time to completely digest this universal Holy membrane!

I'll try my best to digest a part of it first. I'll see if I can derive the corresponding special ability! Chen Xiaobei said.

Chen Xiaobei quickly took out the Holy ancestor sunlight cache!

"Whoosh ..."

As he activated his special ability, Chen Xiaobei's lifespan began to burn rapidly, and the time in the sunlight domain also began to pass quickly!

Although it seemed like a peak nine-star divine ancestor was only one step away from the Supreme divine ancestor level!

However, in reality, the difference between the two was huge!

Because of this, even if it was just a small part, it would take a lot of time.

Luckily, Chen Xiaobei had a habit of saving up his lifespan, and he did not spend much time breaking through to the next realm.

Therefore, he had accumulated a lot of life span. Even if he used it in the units of underworld years, it was still enough!

"Whoosh ..."

Finally, after a long time, as if he was digesting the Holy Orb of Destruction's fragments, Chen Xiaobei had successfully digested the heavenly earth Holy Shroud that was the size of a fingernail!

Then, Chen Xiaobei could clearly feel a special ability being born!

"Is it the ability to protect its master?"

Chen Xiaobei's expression turned strange.

This was because Chen Xiaobei was very familiar with this special ability. It felt just like the protective ability of the heaven Earth membrane. There was nothing special about it.

"This ..."

Chen Xiaobei was stunned.

The heaven and earth sacred membrane was the ultimate form of the heaven and earth embryonic membrane.

However, didn't such a powerful Supreme sacred ancestor level sacred artifact have any other extraordinary aspects? Even his superpower was the same as the natural fetal membrane?

This was simply too undeserving of its name!

Obviously, Chen Xiaobei was the Holy Shroud of heaven and earth and had very high expectations.

However, the result was far from what he had expected.

If he only had the protection ability of a Supreme Saint ancestor, he would only be able to block the attacks of the Supreme Saint ancestor at most. It actually didn't make much sense!

After all, the true body of the heaven and earth sacred shroud could not be affected by the ancestor of all DAOs!

This gap was not just a little bit!

could it be that I have to digest the entire heaven and earth Holy membrane before I can derive the ultimate form of my special ability? ”

Chen Xiaobei was taken aback.

However, Chen Xiaobei shook his head and said, ” “Something’s wrong! My special ability of the Holy destroyer Pearl was derived from just digesting a fragment!”

by the same logic, even if I’ve only digested a small piece of the heaven and earth Holy Shroud, I should have completely derived the special ability of the heaven and earth Holy Shroud!

After some simple calculations, Chen Xiaobei was still a little disappointed.

This was because, under normal circumstances, the true special ability of the heaven and earth Holy membrane had already been derived.

And this special ability, at present, seemed to only be able to protect.

It was really too useless!

After all, Chen Xiaobei would rather use the same amount of energy to attack than to defend!

If he couldn’t defeat the enemy, once the energy was exhausted, the protective Esper ability would become useless and meaningless!

“Woof!”

Just as Chen Xiaobei was feeling disappointed, there was a sudden burst of violent fluctuations in the space!

“Shit!” movelusb.com

Chen Xiaobei immediately became alert.

His first instinct was to sense danger.

After all, Chen Xiaobei was currently in the Saint burial’s Supreme domain!

The disappearance of the heaven and earth Holy membrane and the core of the Holy Meridian at the same time would definitely attract the attention of the outside world!

In this way, danger was imminent!

“Swish!”

Indeed, in the next instant, the spatial barrier was torn apart, and a familiar, terrifying figure stepped into the Supreme domain of the Saint burial!

Other than Chen Xiaobei, there was only one other person who could enter and exit the Supreme realm of the Saint burial!

There was no mistake!

It was none other than the Saint burial’s Supreme Saint ancestor!

“Whoosh ...”

With the appearance of the Saint burial’s Supreme Saint ancestor, a black holy light that looked like a heavenly pillar appeared!

There were countless blood-red runes in the black holy light!

Under the Holy Light, a powerful pressure spread out from the Supreme Saint ancestor. Not only was the space shaking, but even the invisible laws were being stripped away and twisted!

It felt as if the world had been turned upside down, and the earth was about to bury the sky! All living beings were as small as dust and could be devoured and buried at any time. They were completely annihilated without a single trace of life!

“And you are? Chen ... Chen Xiaobei!”

The Supreme Saint ancestor was stunned. He couldn’t imagine what kind of person could enter his Supreme domain and take away the heaven and earth Holy membrane and the core of the Holy Meridian!

When the Supreme divine ancestor looked closer, he realized that the person was Chen Xiaobei!

This result was like a super explosive slap to the Supreme Saint ancestor’s face. At the same time, it also dealt him a billion times more critical damage!

Just a second ago, the Saint burial’s Supreme divine ancestor was certain that Chen Xiaobei was still in the birthplace of the Saint pan clan and had not come out!

The Saint-burying Supreme divine ancestor had even formed an alliance with the demonized great saint Supreme divine ancestor and waited there foolishly, thinking that Chen Xiaobei would come out sooner or later!

However, the reality was that Chen Xiaobei had already come out and used some unknown method to start a wave of extreme stealing!

This face slap simply resounded through the sky!

In addition to being slapped in the face, the Supreme Saint ancestor felt as if his flesh was being cut and his blood was being drained. It was extremely painful!

Whether it was the Holy Meridian’s core or the heaven and earth Holy Shroud, they were the most important things to the Supreme holy ancestor of the Saint burial chamber. But now, Chen Xiaobei had taken them away!

In fact, even the words ‘cut off his flesh and let out his blood’ were not enough to describe the feelings of the Saint burial’s Supreme holy ancestor!

It should be said that it was as if his heart and liver were dug out!

Naturally, an extremely dense killing intent enveloped the entire space!

At the same time, the powerful Saint Origin Energy sealed the entire space!

“Little bastard! Today, you will die without a doubt!”

The Saint burial’s Supreme Saint ancestor let out a furious roar, and his killing intent reached its peak.
