

## Envelope 4751

### [Chapter 4751 -](#)

4751 freedom!

The nine hearts turtle ancestor's true spirit clone was very shocked. Chen Xiaobei had completely overturned his entire worldview.

This was because Chen Xiaobei had passed the second stage without consuming the ten thousand divine pills!

Moreover, he didn't rely on it like the nine-heart turtle ancestor did. Instead, he had truly comprehended the true essence of the Holy way of destruction and obtained the recognition of the ancestor of all DAOs. He had passed the test without a doubt!

Therefore, at this moment, the two choices given by the nine hearts turtle ancestor's Truesoul avatar were not something that the nine hearts turtle ancestor had enjoyed in the past!

Because of this, not only was the Truesoul clone of the nine hearts turtle ancestor slapped in the face, but it was also filled with envy and jealousy.

"Tell me, what are the two choices?"

Chen Xiaobei transformed back into his human form and opened the black jade box. He took a deep breath of the medicinal fragrance and replenished the energy he had just used.

Even though he did not use up much of his energy this time, Chen Xiaobei knew that the next test would be very difficult and dangerous. He had to be in his best condition at all times!

the first option is to end the test and enter the ten thousand Dao secret realm to cultivate!

The nine hearts turtle ancestor's true spirit avatar said in a deep voice, "After making this choice, you will be given a chance to become a true Supreme divine ancestor!"

Chen Xiaobei's expression changed.

One had to know that all the Supreme divine ancestors in this world only appeared after they had obtained the approval of the myriad Dao ancestor!

In other words, without the recognition of the ancestor of all DAOs, no one could become the Supreme divine ancestor through their own efforts!

The first option that was placed before him would give Chen Xiaobei the chance to become the Supreme divine ancestor!

This was definitely a heaven-sent opportunity that most people could only dream of!

Clearly, back then, after the nine hearts turtle ancestor passed the third Test, he chose to end the test without any hesitation and entered the 10000 Dao secret realm!

And the nine hearts turtle ancestor had indeed become the Supreme Saint ancestor!

However, since then, the nine hearts turtle ancestor's freedom had been absolutely restricted!

In fact, the myriad Dao ancestor had left a huge psychological shadow in the nine hearts turtle ancestor's mind!

To put it bluntly, although the nine-heart turtle ancestor had become the Supreme sacred ancestor, he was actually just a loyal dog raised by the myriad Dao ancestor in his courtyard.

When the myriad Dao ancestor needed it, he would send nine hearts turtle ancestor to do something. When he didn't need it, he wouldn't allow nine hearts turtle ancestor to leave the myriad Dao secret realm.

Although nine-heart turtle ancestor's safety was guaranteed in the 10000 Dao secret realm, and even 10000 Saint souls couldn't hurt him, he was still a Saint Soul.

However, Chen Xiaobei would rather die than live a life of imprisonment without freedom!

At that moment, Chen Xiaobei even felt a little sympathy for the nine-hearts tortoise ancestor!

After all, Chen Xiaobei already knew the result, so he would not make the first choice.

Back then, the nine hearts turtle ancestor might not have known that he would lose his freedom completely and would become someone else's loyal dog!

If he had known all of this back then, the nine hearts turtle ancestor would probably not have made the first choice.

Therefore, to put it bluntly, nine heart turtle ancestor had been fooled by the ancestor of myriad DAOs.

Thinking about it, he was indeed quite pitiful!

"Don't just stare! Let's continue with the second option!"

Chen Xiaobei urged without hesitation.

"What!"

The nine hearts turtle ancestor's true spirit avatar was stunned for a moment. He asked in disbelief, "Are you not going to choose the first option? Don't you want to become the Supreme Saint ancestor?"

Obviously, the Supreme divine ancestor was the ultimate goal for ordinary people.

As for the nine hearts turtle ancestor's true spirit clone and his true body, they were two separate individuals with two separate sets of thoughts and memories.

Therefore, at this moment, the nine hearts turtle ancestor's Truesoul avatar did not know the result of making the first choice.

It was precisely because of this that, in the eyes of the Truesoul clone of the nine hearts turtle ancestor, the first option was definitely the best choice! They could not understand why Chen Xiaobei did not choose to do so!

"I want to know more about it, can't I?" Chen Xiaobei said impatiently.

“Yes ... Of course you can! However, I’m sure that you’ll still make the first choice in the end!”

The nine hearts turtle ancestor’s true spirit avatar paused for a moment before continuing, “ your second choice is to obtain the reward for passing this round and then continue to accept the next round’s test!

“I choose the second option!” Chen Xiaobei answered without any hesitation.

“What?” The nine hearts turtle ancestor’s Truesoul avatar was stunned. He thought he had heard wrong and couldn’t believe his ears.

“I choose the second option!”

Chen Xiaobei repeated, his attitude firm.

Chen Xiaobei knew the consequences of the first choice, so he would not choose the first one!

As for the second choice, other than maintaining his freedom, he could also obtain another reward!

The reward for the first stage was already Chen Xiaobei’s greatest opportunity. Even if the reward for this stage was not better than the first stage, it would be the same level!

To Chen Xiaobei, this would still be a huge opportunity and help!

Therefore, in the absence of a third choice, the second choice was definitely the best choice without any suspense!

“Are you crazy?”

The nine hearts turtle ancestor’s true spirit clone still could not understand Chen Xiaobei’s decision.

“Do you know what kind of crisis you’ll be facing in the next round?” Don’t think that you can get away with it with your cleverness! Choosing the second option is the same as choosing death!”

Clearly, in the eyes of the nine hearts turtle ancestor’s Truesoul clone, the first choice would allow him to become the ultimate dream of all living beings in the world, the Supreme Saint ancestor! As for the second choice, he would once again be in a life-threatening situation!

Even a fool wouldn’t choose the wrong question for free points!

Therefore, the nine hearts turtle ancestor’s true spirit clone was treating Chen Xiaobei as an idiot! Stupid! Idiot!

He could not understand why Chen Xiaobei would make such a choice!

“Stop being so long-winded! Hurry up and give me my reward!”

Of course, Chen Xiaobei knew that he had made the right choice.

Moreover, Chen Xiaobei had a third option.

And that was to leave the ten thousand DAOs Supreme domain immediately after receiving the reward!

By then, Chen Xiaobei would have earned two Super Rewards and would still be able to stay free. It was definitely a great gain!

“Fine ... Since you don’t know what’s good for you, I can only hope that you won’t regret it!”

The nine hearts turtle ancestor’s true spirit clone did not like Chen Xiaobei, so he would not try to persuade Chen Xiaobei.

The nine hearts turtle ancestor’s true spirit clone’s tone was cold and murderous. He wanted Chen Xiaobei to die a horrible death!

“Whoosh ...”

Then, a black jade box appeared in front of Chen Xiaobei.

### [Chapter 4752](#)

4752 It’s useless!

After that, Chen Xiaobei opened the black jade box.

There was a second ten thousand Saint pills in the box.

Even though it was the same reward as the first round, it was still a huge boost to Chen Xiaobei.

since it’s the same reward, I only need to keep one ten thousand divine pills to save my life. I can use the other one directly!

Chen Xiaobei raised his eyebrows and made a decision.

So, Chen Xiaobei put away the ten thousand DAOs divine pill in front of him and took out the previous one and swallowed it.

“Whoosh ...”

Then, the vast and mysterious medicinal power of the divine pill swept through Chen Xiaobei’s body like a tsunami.

Chen Xiaobei could feel that every single pore in his body was filled with an incredible amount of power.

Then, four options appeared in Chen Xiaobei’s mind.

Physical strength!

The strength of Saint Origin Energy!

Spiritual power strength!

The level of the sacred soul great world!

Obviously, the function of the ten thousand divine pills was to choose any one of the four options and directly upgrade it to the Supreme divine ancestor level!

“Physical strength and Saint Origin Energy strength represent both defensive and offensive strength. They are still very useful!”

that's right! Chen Xiaobei thought to himself. with the physical strength of a Supreme divine ancestor, it means that I have the defensive and offensive power of a Supreme divine ancestor. With these two points alone, I can defeat anyone below the level of a Supreme divine ancestor!

"However, if you only have a physical body and don't have the same level of Saint Origin Energy, you still can't beat the other Supreme Saint ancestors! After all, other Supreme divine ancestors usually have Supreme treasures in addition to their Supreme physical bodies and Saint elemental energy!"

therefore, it's meaningless to simply choose a Supreme Saint ancestor's body. After all, the Orb of Destruction is one of my trump cards, and it can already fight against anyone below the Supreme Saint ancestor level!

Chen Xiaobei had given up on the option of strengthening his physical body.

"As for the strength of my Saint Origin Energy, it seems pretty good. Once it reaches the Supreme Saint ancestor level, I can use my own Saint Origin Energy to activate Supreme treasures, such as the pan Sheng axe! This way, I'll be able to fight the Supreme sacred ancestor! But ..."

I don't think so! Chen Xiaobei said. if I run into a Supreme divine ancestor who can seal magical treasures, I won't be able to use the Saint pan axe. Then, even if I have the strength of a Supreme divine ancestor, it'll be useless!

without the Saint pan axe as a carrier, my current physical body and other trump cards are far from enough to bear the strength of the Supreme Saint Origin Energy!

"It's like I have a nuclear bomb, but I don't have a nuclear missile launcher! Throwing a nuclear bomb directly with your hands or using a low-level launcher will only harm you in the end!"

It was obvious that the level of his Saint Qi was too high, and his body and low-level magical treasures couldn't withstand it. If he suppressed the level of his Saint Qi, then this wave of improvement would be meaningless!

So, Chen Xiaobei did not plan to upgrade his Saint Qi.

of course, if I take two ten-thousand-path divine pills at the same time and increase my Saint origin power and physical strength at the same time, the result will be completely different!

"That way, my body will be able to withstand the circulation of the Supreme-level sacred-ancestor-level sacred-ancestor-level power, and I'll be able to unleash the power of the Supreme-ancestor-level with my body! That's basically the combat power of a Supreme divine ancestor!"

"However, there are still many dangers in the future. I have to leave a ten thousand divine pill to save my life! If I take both now, then I'll have to wait for my death when I'm in danger!" [movelusb.com](http://movelusb.com)

It was clear that Chen Xiaobei had been close to death more than once today!

Chen Xiaobei was calmer and more cautious than ever.

More importantly, Chen Xiaobei knew very well that the test of the elder of ten thousand DAOs would not be any easier just because one had taken the ten thousand divine pills. So, even if one had taken two ten thousand divine pills, one would still be in danger of death!

Because of this, Chen Xiaobei had to hold on to this life-saving charm.

then, the remaining options are spiritual power and the level of the sacred soul world!

Chen Xiaobei did not hesitate and said, "We can basically exclude the level of the sacred soul world! Although raising the level of the Saint Soul realm can also raise the level of the myriad DAOs Saint Emperor armor and all the special abilities derived from devouring!"

"However, I don't have the energy to activate the ten thousand DAOs Saint Emperor armor, so it's meaningless! By the same logic, if I have a level of ability and I don't have spiritual power to activate it, it's equivalent to an empty shell! It's just nice to look at, it doesn't help at all!"

"Of course, if I take two ten-thousand-path divine pills at the same time to improve the level of my sacred soul world and my spiritual power, the effect will be completely different! Basically, all of my abilities are at the level of a holy ancestor! That's a huge improvement!"

"However, I still have to leave behind a ten thousand Dao divine pill! Thus, I won't choose to upgrade the level of the sacred soul world for now. It won't be too late to choose later if I can obtain another myriad DAOs divine pill!"

Chen Xiaobei did a perfect process of elimination.

There was only one option left.

I choose to increase my spiritual power!

Chen Xiaobei made up his mind and made his choice.

"Whoosh ..."

The next moment, the medicinal power of the ten thousand Saint pills started to change.

A steady stream of medicinal power gushed into Chen Xiaobei's soul, strengthening and upgrading his mental power from the root.

"Boom boom boom ..."

Then, a series of terrifying spiritual energy fluctuations appeared!

Chen Xiaobei's spiritual power had undergone a qualitative change, reaching the Supreme holy ancestor level!

"Truly foolish!"

Upon seeing this, the nine hearts turtle ancestor's Truesoul avatar once again sneered, "You actually chose to increase your spiritual power? This was the most useless option! I never thought that you would be so stupid!"

Obviously, after nine hearts turtle ancestor passed the first stage, he chose to increase his physical strength by taking the ten thousand divine pills.

And at that time, the nine hearts turtle ancestor must have thought about it carefully.

In its opinion, increasing the level of spiritual power was the least option!

In fact, it was not even of any value!

He was simply useless!

The reason was very simple. Back then, nine hearts turtle ancestor did not possess any Supreme Saint ancestor-level special abilities. Therefore, even if he had the Supreme Saint ancestor-level mind power, it would be meaningless!

It was precisely because of this that the nine hearts turtle ancestor felt that increasing his mind power was useless!

“You don’t understand!”

However, Chen Xiaobei was not moved at all. In fact, he even felt like laughing.

Chapter 4753 -

4753 great profit!

Even though Chen Xiaobei did not have any holy ancestor-level special ability, it seemed that increasing his mental power level was just as the true spirit clone of the nine-hearts turtle ancestor had said. It was useless and a very stupid choice!

However, Chen Xiaobei did not make this decision because he was considering the use of his special ability!

It was digestion!

“Whoosh ...”

Chen Xiaobei did not say much to the nine hearts turtle ancestor’s true spirit clone. He stood where he was and used his holy ancestor level mental power to digest the Holy Shroud that he had just devoured!

Before this, Chen Xiaobei’s spiritual power was only at the peak of nine-star divine ancestor level!

So, even with the help of the Holy ancestor sunlight cache, Chen Xiaobei had to spend a lot of his lifespan to digest a small piece of the heaven and earth Holy Shroud!

But now, the situation was completely different!

Chen Xiaobei’s spiritual power had reached the Supreme holy ancestor level, which was the same level as the heaven and earth Holy Shroud!

The speed of digestion was more than a billion times faster than before!

“Whoosh ...”

A moment later, an extremely mysterious energy fluctuation exploded.

Chen Xiaobei had completely digested the heaven and earth Holy Shroud.

Chen Xiaobei could feel the unique ability that was derived from the heaven and earth Holy Shroud.

Before this, perhaps because he had digested too little of the heaven and earth Holy Shroud, Chen Xiaobei could not fully understand the effect of the special ability.

It was only when he was almost killed by the terrifying pressure that Chen Xiaobei realized that the heavenly Holy Shroud's special ability could block the pressure.

By then, Chen Xiaobei had completely digested the Holy Shroud.

Chen Xiaobei had finally fully understood the true effect of the heaven and earth Holy Shroud.

In reality, the heaven and earth sacred shroud was a defensive sacred object.

Thus, the special ability derived from the heaven and earth sacred shroud could simply be called the master-protecting special ability.

However, other than physical defense, the heaven and earth Holy membrane could also block many different attacks!

For example, pressure, curses, evil poisons, seals, control, and so on ... Could all be resisted!

What was even more unbelievable was that it could actually resist all the negative effects brought about by the change in laws!

For example, if the enemy could slow down or freeze time, Chen Xiaobei would not be affected by the Holy membrane!

There were many other uses of the same principle!

All in all, as long as he had the Holy membrane, even if Chen Xiaobei could not defeat the other Supreme divine ancestors, he could still be completely unscathed and be invincible!

In theory, if his opponent was a simple-minded person and attacked Chen Xiaobei until he ran out of Saint origin, Chen Xiaobei could still defeat the Supreme divine ancestor.

Of course, this kind of iron dullness only existed in theory. It was impossible to appear in reality.

So, in reality, Chen Xiaobei was still undefeated, but he could not defeat the other Supreme divine ancestors.

However, there was one more thing he had to pay attention to!

That was, if Chen Xiaobei wanted to be undefeatable against the Supreme divine ancestor, he had to ensure that his mental power level was at the same level as the Supreme divine ancestor!

Otherwise, he wouldn't be able to activate the Supreme sacred ancestor level heaven and earth sacred membrane!

Of course, this was not a big problem for Chen Xiaobei.

After all, Chen Xiaobei still had a divine pill of ten thousand DAOs in his hand. If he really encountered an unavoidable battle with a Supreme holy ancestor, he only needed to consume this divine pill to raise his mental power to the Supreme holy ancestor level. Then, he would be perfectly uninjured and invincible!

It was no exaggeration to say that Chen Xiaobei was no longer afraid of a holy ancestor-level opponent!

Although he couldn't win, at least he wouldn't lose!

Without a doubt, this was a very, very big improvement.

To Chen Xiaobei, it meant a lot! [movelusb.com](http://movelusb.com)

Of course, there were still some other variables in this.

First of all, Chen Xiaobei had never consumed a Supreme holy ancestor-level mutated Holy bloodfruit.

This meant that Chen Xiaobei's mental power would not be able to recover quickly after it was used up, and the amount would no longer be infinite!

In other words, if they really met tie Hanshu, they would attack Chen Xiaobei with their Supreme holy ancestor level power.

If that was the case, Chen Xiaobei's mental power would also be depleted as well.

Therefore, if they really encountered this kind of iron dumbass, it would depend on who exhausted who to death first. In any case, the remaining one would be the king. Whoever could withstand it would be the final winner!

Of course, other than that, Chen Xiaobei had also obtained another trump card!

It was the Saint pan axe!

Originally, there was no saint Qi in the axe, so Chen Xiaobei could not use its power.

However, as the heaven and earth Holy membrane was completely digested ...

The Supreme Holy Meridian core of the Saint burial tribe, which had always been enveloped by the heaven and earth Holy membrane, was completely revealed.

The energy was now in Chen Xiaobei's body.

After countless years of accumulation, this energy had already reached the level of a Supreme sacred ancestor.

"Whoosh ..."

Chen Xiaobei then transferred all the energy into the Pangu axe.

This way, the Saint pan axe would be able to activate the power of a Supreme Saint ancestor.

At a critical moment, using this trump card could be the final nail in the coffin, and greatly increase Chen Xiaobei's chances of winning.

Chen Xiaobei had already thought of this.

That was why Chen Xiaobei chose to increase his mental power after consuming the ten thousand divine pills.

This increase in his mental power had also brought Chen Xiaobei a third benefit!

The first benefit was that Chen Xiaobei had completely digested the heaven and earth Holy Shroud.

The second benefit was that Chen Xiaobei had obtained a portion of the Supreme holy ancestor level energy, which allowed him to activate the power of the Saint pan axe once.

The third benefit was that the core of the Saint burial tribe's Supreme Holy Meridian was preserved!

The effect of the core of the Supreme Holy Meridian was even more amazing!

"Whoosh ..."

The core of the Saint burial's Supreme Holy Meridian was inside Chen Xiaobei's body.

Chen Xiaobei could choose to keep it, or he could choose to digest it.

Of course, the first thing Chen Xiaobei needed to do was to understand the core of the Saint burial's Supreme Holy Meridian and find out what kind of magical effects and secrets it contained!

Chen Xiaobei was surprised to find that the core of the Holy Meridian was a special crystal!

Judging from its level, this crystal had clearly reached the level of a Supreme holy ancestor.

From its attributes, the crystal clearly exuded the aura of the Saint burial.

If Chen Xiaobei devoured and digested it, he should be able to derive a unique special ability!

Chen Xiaobei was very curious about this!

Chapter 4754 -

4754 different!

One had to know that the ancestor of all DAOs 'one word Saint destroyer curse had a total of ten Saint DAOs!

Pan, Hong, destruction, life, origin, void, extreme, origin, profound, Dao!

The first nine words corresponded to the first nine Supreme divine ancestors!

And the 10th word might be corresponding to the Saint path of the nine hearts turtle ancestor! Of course, there were other possibilities!

And these ten words all had their own special abilities!

Logically speaking, the word 'bury' should be missing! And the saintly way and special ability corresponding to the word 'bury'!

But!

The sky-burying Yuan sacred clan was actually a Yuan Sage clan!

Therefore, the innate Sage Dao ability of the sky burial Yuan Sage clan was exactly the same as that of the yuan Sage clan!

In other words, the sky burying Yuan sacred clan actually didn't have any divine Dao abilities!

However, as long as the Holy path existed, there would definitely be the Holy path's special ability!

So, Chen Xiaobei believed that if he devoured the core of the Saint burial's Supreme Holy Meridian, he could derive the corresponding special ability from the Saint burial's holy aura!

In theory, this special ability should also be quite special!

Once it was derived, it would definitely have endless wonderful uses!

However ... [movelusb.com](http://movelusb.com)

Chen Xiaobei was not in a hurry to digest the core of the Holy burial site.

Because!

The core of the Supreme Holy Meridian also had a very special use!

And that was to produce the power of the Holy path!

In theory, there was one Supreme Holy Meridian in the world, from which ten Supreme Holy meridians were derived.

From the ten Supreme Saint veins, all the Saint veins and spirit veins in the world were derived, providing power for all living beings in the world.

Take the core Holy Meridian of the Holy extermination clan as an example. All the Holy Meridian spirit meridians that branched out from this core Holy Meridian covered an area where more Holy Spirits lived, and the more power of the Holy Dao they could produce!

Chen Xiaobei also had some understanding of the magical effects of the power of the Holy path.

First of all, the Holy extermination's Supreme divine ancestor had told Chen Xiaobei that the divine power was a special ability that the Supreme divine ancestor used to cultivate. It was the only energy that could increase the Supreme divine ancestor's cultivation.

Secondly, the power of the saintly way could be used as a carrier or container for the Saint souls, temporarily sealing and controlling them! Chen Xiaobei was using his own power of the Holy path to control 10000 divine souls! It was equivalent to holding a King's bomb that could be fired at any time!

The third and most important point was that the power of the divine path could allow people or things to break through to the Supreme divine ancestor realm without the approval of the myriad Dao ancestor! The heaven Earth Holy Shroud was the best example!

Ever since the heaven and earth Holy membrane had covered the core of the Saint burial's Supreme Holy Meridian, all the power of the Holy way produced from it had been completely absorbed by the heaven and earth Holy membrane over the long years.

The heaven and earth sacred shroud had also successfully broken through to the Supreme sacred ancestor level without the approval of the myriad Dao ancestor.

This was very, very powerful!

One had to know that if one became the Supreme sacred ancestor through the recognition of the myriad Dao ancestor, they would basically end up like the nine-hearted turtle ancestor. Their life and death and freedom would be completely controlled, and they would become 100% loyal dogs that had lost their hearts.

This was something that Chen Xiaobei could not accept!

So, if Chen Xiaobei wanted to become the Supreme divine ancestor, he would have to find a way himself.

Right now, absorbing the power of the Holy way to break through was Chen Xiaobei's best choice!

However, the heaven and earth Holy membrane completely enveloped the core of the Saint burial's Supreme Holy Meridian, not letting go of any power of the Holy Dao!

Under such circumstances, the heaven Earth Holy membrane still spent an extremely long time before finally breaking through to the Supreme divine ancestor realm!

Chen Xiaobei did not have that much time!

Even if Chen Xiaobei already had control over the core, he would not just wait for the power of saintly way to be produced! If he continued waiting like that, even a few thousand or even a hundred underworld years wouldn't be enough!

For such a long time, Chen Xiaobei could not even use the Holy ancestral sunlight cache to accelerate!

This was because the acceleration of time would burn Chen Xiaobei's life!

With Chen Xiaobei's current lifespan, even if he burned all of it, it would not be enough!

So, even though Chen Xiaobei had control over the core of the Saint burial's Supreme Holy Meridian, it was impossible for him to use the power of the Holy way it produced to break through to the Supreme divine ancestor realm!

He had to think of another way!

Chen Xiaobei was caught in a dilemma.

One was to digest the core of the Supreme Saint burial Meridian and obtain a special ability.

The second was to not digest the core of the Saint burial Supreme Holy Meridian and slowly accumulate the power of saintly way.

Clearly, these two choices each had their own advantages and shortcomings.

Chen Xiaobei did not know what to do.

"Forget it. Since I can't choose, I'll put this multiple choice question aside for now!"

Chen Xiaobei's mind was very calm, and he did not get caught up in this.

Since he couldn't choose now, he would choose later.

No matter what he chose now, it would not help Chen Xiaobei significantly. He might as well wait for the right time to make the most beneficial choice.

Chen Xiaobei quickly stopped thinking about it.

next up is the third round of the test!

Chen Xiaobei calmed himself down and decided to continue on.

At the same time, Chen Xiaobei was still holding the jade box that contained the 10000 divine pills tightly in his hand.

“Whoosh ...”

As Chen Xiaobei walked forward, another portal opened.

Then, the scene in front of him changed again.

This time, what appeared before him was an even smaller space. Its length, width, and height did not exceed three meters!

Even if there were only three to five people standing inside, it would still feel crowded.

“Eh?”

Upon seeing this scene, it was the Truesoul avatar of the nine hearts turtle ancestor who cried out in surprise, “This trial is completely different from the third trial I faced back then ...”

“What?” Chen Xiaobei was also shocked.

After some thought, Chen Xiaobei guessed, “the ancestor of all Dao is such a powerful man. The test he set will definitely change according to the situation!

“What’s different?” The nine hearts turtle ancestor’s Truesoul clone was extremely puzzled.

“Of course it’s a different choice!”

I chose to increase my mental power after I consumed the ten thousand divine pills. You chose to increase your physical strength! Isn’t that the case?”

“I see ...”

The nine hearts turtle ancestor’s Truesoul avatar came to a sudden realization. “The third stage that I was facing at that time was indeed a test of physical strength! So, your test this time is a test of your spiritual power?”

With that said, he could basically confirm that this was the case.

Back then, nine heart turtle ancestor had chosen to increase his physical strength to the highest level of a Saint ancestor after taking the ten thousand Saint pills.

Therefore, the third stage’s test was to test its physical strength!

[Chapter 4755 -](#)

4755 fatal!

Back then, the nine hearts turtle ancestor had a turtle shell with extremely heaven-defying defense!

And after his physical body had been raised to the Supreme sacred ancestor level, the defensive power of the turtle shell could almost be said to be invincible against anyone below the ancestor of ten thousand DAOs!

It was because of this that the nine hearts turtle ancestor had successfully passed the third stage's test!

Therefore, it was now certain that Chen Xiaobei's test would be a test of mental power!

First of all, those who could pass the first round of the test all had the best talent in the world!

The effect of the 10000 Dao divine pills was equivalent to the extreme cultivation of a certain talent by the ancestor of the 10000 Dao! He was directly raised to the top!

In that case, the next trial would be to test the final effect of the cultivation after it was raised to the peak, and it would be able to meet the requirements of the ancestor of ten thousand DAOs!

And from the example of the nine hearts turtle ancestor, one basically had to be invincible below the Supreme level to be considered to have met the requirements of the ancestor of ten thousand DAOs and pass the test!

"Whoosh ..."

Chen Xiaobei did not have much time to think about it. The small space quickly changed.

First, a small bug appeared about a meter in front of Chen Xiaobei.

Normally, Chen Xiaobei could have turned the bug into ashes with a single thought.

But now, Chen Xiaobei's entire body was wrapped in a Special Dark gray flame!

Wrapped in the dark gray flame, Chen Xiaobei realized that not only had all the external forces in his body been sealed!

More importantly, his spiritual power was being consumed rapidly! [novelusb.com](http://novelusb.com)

what ... What is the meaning of this?!

The nine hearts turtle ancestor's Truesoul avatar was completely dumbfounded by what it saw.

Clearly, the nine hearts turtle ancestor's original body had not experienced this hurdle back then.

As for the nine hearts turtle ancestor's true spirit clone, it only had the memories of the moment when the clone appeared.

Therefore, the nine hearts turtle ancestor's true spirit clone did not know how this level was going to play out. He was completely dumbfounded.

"I have a new ability! An ability that has not been sealed!"

It was at this moment that Chen Xiaobei figured out how to play this stage. they probably want me to use my mental strength to activate this special ability and kill the little bug!

“What? It was that simple? I won’t believe it even if you beat me to death!”

The nine hearts turtle ancestor’s Truesoul clone let out a cry of disbelief.”My third trial almost blew my turtle shell into pieces! Your test is just to kill a fly? Are you trying to fool an idiot?”

“No! This isn’t simple at all!”

Chen Xiaobei did not say anything.

“Whoosh ...”

Chen Xiaobei ignited his mental power and activated the new ability.

Chen Xiaobei did not hold back. He activated his mental power to the highest level of the Holy ancestor level.

And the special ability he had just obtained had been directly pushed to the level of a Supreme Saint ancestor.

A dazzling ball of light, like a small sun, was formed in front of Chen Xiaobei.

“I’ll go! Are you crazy?”

The nine hearts turtle ancestor’s Truesoul avatar said in confusion, ” “The power of this ball of light has reached the level of a Supreme Saint ancestor, and you’re using it to kill a fly? Do you have nothing better to do?”

“BOOM!”

Chen Xiaobei did not answer. Instead, he threw the ball of light at the little bug.

“Whoosh ...”

What happened next shocked the Truesoul clone of the nine hearts turtle ancestor.

The grey flames on Chen Xiaobei’s body were like a barrier.

When the ball of light passed through the gray flames, its attack suddenly weakened rapidly.

There was no mistake!

The effect of these gray flames was to burn spiritual energy!

And mental strength was the energy of special abilities!

After his mental power was burned, the power of his special ability was naturally greatly reduced.

And if his mental power was completely burned out, his special ability would completely lose its effect and power.

“Puu ...”

As expected, the ball of light that could destroy heaven and earth had been burned out of energy before it could touch the little bug. It disappeared without a trace.

this ... This is too difficult!?

The nine hearts turtle ancestor's Truesoul avatar was stunned by what it saw.

Just a moment ago, it had thought that this level was simple, but now, it had slapped itself in the face and exclaimed that it was too difficult.

Obviously, Chen Xiaobei had given it his all. The special ability that was activated had the killing power of a Supreme holy ancestor.

However, in an instant, this extremely powerful special ability attack was disintegrated by the gray flames.

This meant that with Chen Xiaobei's current mental power, it was not enough to penetrate the barrier of the grey Qi flame. He could not even hurt the little bug, let alone kill it.

More importantly, Chen Xiaobei was extremely talented!

After taking the ten thousand divine pills, Chen Xiaobei's mental power was at least in the top three of all the Supreme divine ancestors!

And this level of spiritual power was unable to hurt the little bug at all!

It could be seen how difficult it was to pass this stage!

Moreover, in addition to the difficulty, there was also a huge danger in this stage, which could be fatal!

Don't forget!

The grey Qi flame was not just a barrier, it was also shrouding Chen Xiaobei's body, burning his mental power!

In other words, if Chen Xiaobei was unable to kill the little bug within the time limit, his mental power would be completely burned out by the gray Qi flame!

And the result of mental energy exhaustion was that the soul would be scattered and the person would die with grievances!

From this, it could be seen that this test was still as difficult as ever! It was as deadly as ever! There was no change at all!

All those who couldn't pass the level were trash, and their deaths were not to be regretted!

This was obviously the criteria set by the ancestor of all DAOs! He was really cold to the extreme! It was extremely harsh!

"You must have been badly abused back then, right?"

Chen Xiaobei was not in a hurry to launch a second wave of attacks.

If he continued to attack before he could think of a solution, he would only waste his mental strength and accelerate his death.

“.....”

The nine hearts turtle ancestor’s true spirit clone did not respond. It seemed to agree with Chen Xiaobei’s statement.

In fact, the nine hearts turtle ancestor’s Truesoul avatar had just said that when the nine hearts turtle ancestor’s true body participated in the third stage back then, his turtle shell had almost been shattered!

Clearly, back then, even if the nine-hearted turtle ancestor himself had chosen to increase his physical strength to the Supreme sacred ancestor level, he had still suffered from a great threat at the beginning and had almost lost his life.

“I understand!”

Chen Xiaobei’s eyes were like the stars in the night sky, shining with a wise light.

#### [Chapter 4756 -](#)

4756 The limit!

“After taking ten thousand divine pills, you can only reach the Supreme divine ancestor’s level in one ability! And according to our own talent, the final success rate may be higher than the average level, but we can’t be invincible among those of the same level!”

in other words, this test is to see if there is any additional potential on top of your talent! Chen Xiaobei said. Only when one’s potential reaches the level of a Supreme divine ancestor can they be recognized and be given the right to be used by the myriad Dao ancestor!”

As soon as he said that, the true spirit avatar of the nine hearts turtle ancestor immediately gave an affirmative answer. “Right! Your analysis is correct! When I participated in the test back then, I almost died a tragic death! It was only right before his death that he was able to withstand the fatal blow with his potential outburst! And after I withstood that attack, I passed the test!”

In other words, if Chen Xiaobei wanted to pass the test, he would need to unleash his potential and use his mental power to penetrate the barrier formed by the gray flame!

If he could not do it, Chen Xiaobei’s only end would be death!

However, the problem was that potential was something that could not be controlled by one’s will.

It wasn’t as if one’s potential could be easily activated.

Moreover, everyone’s potential was different. Even if you activated your potential, you might not be invincible among your peers.

According to the request of the myriad Dao ancestor, if one was not invincible among those of the same level, it was impossible to break through the barrier of the gray flame. Then the final outcome was one word-death!

This really stumped Chen Xiaobei!

As time went by, Chen Xiaobei could clearly feel that his mental power was on the verge of being exhausted!

If he could not come up with a solution soon, Chen Xiaobei's soul might just be destroyed!

"It seems that you won't be able to pass this test."

The nine hearts turtle ancestor's true spirit clone sneered, as if he was looking forward to seeing Chen Xiaobei die.

"It's impossible to die!"

Chen Xiaobei said, "I just want to feel the feeling of being put to death and then being reborn!"

As he spoke, Chen Xiaobei's mental power was almost at zero.

If it was an ordinary person, they would have basically fallen into a coma in this state.

However, Chen Xiaobei was able to remain calm and clear-headed with his strong mental state.

Chen Xiaobei wanted to know where his limits were.

"Die and then live? You must be dreaming!"

The nine hearts turtle ancestor's Truesoul clone said disdainfully, "Your soul is about to be destroyed! Without a soul, you will never be able to be Reborn! That's impossible!"

"Uh ..."

Chen Xiaobei did not say anything this time.

Chen Xiaobei could feel that his soul and state of mind had reached their limits.

Chen Xiaobei's soul felt like it was suffocating!

It wasn't that his body couldn't breathe, but that his soul had this feeling.

Then, Chen Xiaobei's soul started to shake, as if it would fall apart and disappear at any moment.

Chen Xiaobei was testing the waters on the brink of death! [movelusb.com](http://movelusb.com)

Once his soul was destroyed, Chen Xiaobei would completely disappear from this world, and there would be no way to reincarnate him!

"Idiot! He actually risked his life like this! If you don't die, who will?"

The nine hearts turtle ancestor's true spirit clone's voice was filled with contempt and disdain, as if Chen Xiaobei was a lunatic.

Of course, it was completely normal for the nine hearts turtle ancestor's Truesoul clone to have such a reaction.

After all, Chen Xiaobei's actions were really suicidal.

No normal person would do this except for a lunatic.

“Hiss ...”

Suddenly, Chen Xiaobei used the last of his consciousness to open the jade box before he lost consciousness.

The next moment, the smell of medicine filled the air. Chen Xiaobei took a deep breath.

In an instant, his almost exhausted spiritual energy was completely recovered.

f \* ck!!!

Seeing this, the Truesoul avatar of the nine hearts turtle ancestor couldn't help but curse.

The nine hearts turtle ancestor's true spirit clone was so focused on what he was seeing that he had forgotten that Chen Xiaobei still had a ten thousand divine pills with him.

This scene had once again smashed the face of the nine hearts turtle ancestor's true spirit clone.

Not only did Chen Xiaobei not die, but he was back to life in the blink of an eye.

Just a moment ago, the nine hearts turtle ancestor's true spirit clone thought that Chen Xiaobei was a crazy person who was seeking death.

However, at this moment, the nine hearts turtle ancestor's Truesoul avatar felt that it had been too stupid.

This was a slap to the face!

“I think I've found a way to break through my limits!”

Chen Xiaobei did not care about the true spirit clone of the nine hearts turtle ancestor at all. Instead, he was all excited.

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei seemed to think that the gray flame was burning his mental power too slowly, so he continued to burn his mental power to activate his special ability.

Of course, no matter how many times he activated his special ability, he still didn't hurt the little bug.

However, Chen Xiaobei's purpose was not to hurt the little bug but to exhaust his mental power and reach the limit of his mental power as soon as possible!

“Hiss ...”

When he reached his limit again, Chen Xiaobei used the medicinal fragrance to replenish his mental power.

Just like that, Chen Xiaobei started to repeat the exact same steps.

He first reached his limit and then completely recovered!

He would reach his limit and then recover completely!

This cycle repeated for dozens of times, hundreds of times, thousands of times ...

“Little brat! Are you crazy?”

Upon seeing this, the nine hearts turtle ancestor’s Truesoul avatar said with great disdain, “Don’t tell me you’re planning to use this medicinal fragrance to continue wasting time?”

Clearly, the original body of the nine-hearted turtle ancestor had hidden in his turtle shell for 330000 years. He had forcefully worn out the patience of the myriad Dao ancestor and directly skipped the second stage to the third stage.

In the eyes of the nine hearts turtle ancestor’s true spirit clone, Chen Xiaobei’s actions also seemed like he wanted to keep enduring.

“Little brat! You’re dreaming! The medicinal fragrance would be exhausted! Not to mention hundreds of thousands of years, at your rate of consumption, you won’t even be able to last a few dozen days!”

The nine hearts turtle ancestor’s Truesoul clone said in an unpleasant tone, “Since you can’t pass the level, you might as well give up. It’s not a bad ending to die quietly after exhausting your spiritual power! Why waste everyone’s time?”

die!!!

However, Chen Xiaobei ignored the true spirit clone of the nine hearts turtle ancestor.

Instead, he directly stimulated his mental power to the maximum and forcibly urged a special ability light ball to attack the little bug again.

#### [Chapter 4757 -](#)

4757 New choice!

“Little brat! Are you crazy? He clearly knew the result, yet he still made a pointless attack! It’s a complete waste of time and expressions!”

The nine hearts turtle ancestor’s true spirit clone did not even pay attention to the changes that Chen Xiaobei had made after he had repeatedly touched the limit for thousands of times!

At this moment, the nine hearts turtle ancestor’s true spirit clone thought that Chen Xiaobei was still doing the same meaningless thing!

“Whoosh ...”

However, this time, the result was completely different!

This new special ability light ball directly penetrated the barrier of the gray flame!

Even though 99.9999% of its power had been weakened!

However, the remaining 0.0001 percent of his power was enough to kill the little bug!

“Swish!”

In an instant, the remaining power of the special ability directly wiped out the little bug.

“Whoosh ...”

Then, the grey Qi flame that was engulfing Chen Xiaobei’s body also disappeared.

this ... This ... How is this possible???”

Seeing this, the nine hearts turtle ancestor’s Truesoul avatar let out another cry of shock.

It was obvious that the nine hearts turtle ancestor’s true spirit clone had been slapped in the face once again. His worldview had been overturned once again, and he had begun to doubt his life once more.

After it had ridiculed Chen Xiaobei and looked down on him, Chen Xiaobei had once again given it a tight slap in the face.

This face slap simply resounded through the sky!

don’t just stand there, hurry up and announce the results!

Chen Xiaobei urged impatiently.

“No... I can’t ...”

The nine hearts turtle ancestor’s true spirit avatar took a long time to recover before he said in embarrassment, “You must first tell me, how did you do it?”

“That’s easy!” Chen Xiaobei smiled. In the past, they had to do long-distance running in their physical education class! In the beginning, not many people could run down!”

“And the method our physical education teacher taught us was to persist for another 10 seconds after each run! As long as you can hold on, your limit will be extended a little more next time!”

“After that, I’ll use this method and continue to practice repeatedly. Little by little, you’ll make a lot. The quantitative change will eventually lead to a qualitative change! They would be able to last longer, run faster, and run further! Naturally, the limit will be greatly increased!”

to put it simply, it is very difficult to trigger one’s potential all at once. However, the stupid method of repeatedly touching the limits and breaking through them a little bit each time can dig out one’s potential bit by bit!

This time, Chen Xiaobei did not hide anything. He told them his plan for success.

It was because of the thousands of times he had touched the limit that Chen Xiaobei’s potential had been dug out and he had reached the final level!

Once it reached this level, it meant that Chen Xiaobei’s mental power was invincible among the same level as the Supreme divine ancestor!

One step further and he would be able to obtain the recognition of the myriad Dao ancestor!

“This ... This, this, this ...”

The nine hearts turtle ancestor’s Truesoul avatar was stunned by this.

It was obvious that it would never have thought of such a method even in its dreams.

Of course, even if it had thought of it, it would definitely not be able to do it.

That was because its first reaction after getting the ten thousand Saint pills was to take it and get immediate benefits.

However, Chen Xiaobei was very calm, always making sure that he had a ten thousand divine pills in his hand!

The reason why Chen Xiaobei was able to use this method to break out of the situation was partly because of his calm and quick-witted mind, and partly because of his caution. He was willing to take some risks just to keep one of the ten thousand DAOs divine pills!

If Chen Xiaobei had just taken the two pills ...

Then, Chen Xiaobei's only fate was death.

"Phew ..."

Finally, the nine hearts turtle ancestor's true spirit clone heaved a long sigh of relief, barely managing to digest the shock and astonishment in his heart.

Then, the true spirit avatar of the nine hearts turtle ancestor said in a deep voice, "Congratulations, you have successfully passed the third trial! According to the rules, you have three choices!"

"Three choices?" Chen Xiaobei's eyes lit up.

He didn't expect that as the test progressed, there would be an additional choice. It was really full of surprises!

the first choice is to enter the ten thousand Dao secret realm and obtain the right to become the Supreme Saint ancestor! The Truesoul clone of the nine hearts turtle ancestor said.

Like before, Chen Xiaobei did not choose the first option.

On the other hand, the nine hearts turtle ancestor's true spirit clone deliberately stopped there. It still thought that this was the best choice. If Chen Xiaobei had chosen it, it would not have needed to mention the other two choices.

"Continue!"

However, Chen Xiaobei did not even think about it and urged.

Chen Xiaobei knew all too well what would happen if he entered the ten thousand Dao secret realm. So, he would rather die than choose the first option.

"You ..."

The nine hearts turtle ancestor's Truesoul avatar was stunned for a moment before he continued, "the second option is to continue to the next test after receiving the reward!"

This choice was the same as the previous one.

Normally, Chen Xiaobei would still make this choice.

However, now that there was a third option, Chen Xiaobei had to listen to it first before making a decision.

Seeing that Chen Xiaobei did not answer, the nine hearts turtle ancestor's true spirit clone continued, "The third option is to leave this place and search for the 10000 Saint souls! As long as they could find any one of the Saint souls, they would be able to get a bigger reward! Furthermore, you'll obtain the right to become the venerated forefather!"

find 10000 Saint souls?! Chen Xiaobei was stunned.

He didn't expect that this was the third option!

Although this was out of Chen Xiaobei's expectations, it was still within his expectations.

After all, it was very important for the ancestor of all DAOs to find the Saint souls.

Before the ancestor of all DAOs had broken the Saint Soul, he had already thought of many ways to gather the Saint Soul.

Obviously, the top talents selected in this field were also pawns in the whole plan of the ancestor of the myriad DAOs. They could also contribute to the search for the 10000 Saint souls.

Of course, the ancestor of all DAOs did not force the people who passed the test to do anything.

Instead, he was given the freedom to choose.

This point was rather humane.

Of course, the reason why the ancestor of the myriad Dao allowed free choice was perhaps to see if the talent who could make it to this stage still had the courage and ability to continue to take the test. Was there a greater limit and potential that could be unearthed?

Of course, Chen Xiaobei did not make a rash decision. Instead, he asked, " I want to know what the reward is for finding 10000 Saint souls. su mo asked.

#### [Chapter 4758 -](#)

4758 -both!

Chen Xiaobei had already rejected the first option.

Between the second and third option, Chen Xiaobei had to consider which one would bring him more benefits before he could make the corresponding choice.

So, Chen Xiaobei had to figure out the exact reward for the third option.

Chen Xiaobei was looking forward to that.

After all, the true spirit clone of the nine hearts turtle ancestor had said that this was an even greater reward.

If one were to compare them horizontally, the greater meaning behind this might be that the value of this pill was even greater than that of a Saint pill!

Such a reward was very tempting to Chen Xiaobei!

“One ten thousand DAOs shengluo meteorite!”

The nine hearts turtle ancestor’s true spirit avatar said in a deep voice, “This meteorite is a Supreme Holy object! It can be used to refine pills, weapons, talismans, and formations with excellent effects!”

“The point is that these meteorites are extremely malleable. Even if you haven’t reached the Supreme realm, you can still shape them! Let it play the role you need!”

Chen Xiaobei’s eyes lit up when he heard that. He suddenly remembered something!

“Ten thousand shengluo meteorites?”

is that a black stone with no attributes?” Chen Xiaobei asked.

“Yup!”

The Truesoul clone of patriarch ninesuits said, “What’s wrong? You’ve seen it before?”

Oh, no. I’m just guessing ... Chen Xiaobei made up a lie.

Chen Xiaobei had not only seen the ten thousand shengluo meteorites before, he had even obtained two of them!

One of them turned into a Supreme-grade ten thousand DAOs Saint Emperor armor!

The other portion was fused with the chaos Blood Sword, causing it to reach supreme quality!

Back then, Chen Xiaobei was very curious about what that black stone was.

Chen Xiaobei finally got his answer.

No wonder the birth and activation of the myriad DAOs Saint Emperor puppet was related to the Dao of the one word Saint destroyer curse.

It turned out that this sacred object was closely related to the ancestor of all Dao.

“Oh right, what’s the connection between these meteorites and the ancestor of all DAOs?”

Chen Xiaobei went one step further, hoping to get more clues.

“I don’t know the details!”

The Truesoul clone of patriarch ninesuits said, “I only know that this myriad DAOs shengluo meteorite fell from the sky after the ancestral weapon of the myriad DAOs dissolved its Saint Soul!

“This is strange ...”

Chen Xiaobei furrowed his brows and asked, “The ancestor of all DAOs was the armament Saint Soul back then, so where is his physical body now?”

“I don’t know about that ...”

The Truesoul avatar of the nine hearts turtle ancestor said in a heavy tone, "In addition, you really have too many questions! From now on, you're not allowed to ask any questions that are not related to the test or the choice. Even if you do, I won't answer!"

Oh ... Chen Xiaobei replied.

He was still calculating in his heart.

First of all, these meteorites would fall from the sky after the ancestral weapon's Saint Soul was broken!

Secondly, the ancestor of all DAOs had only released his Saint Soul. His main body should not be affected!

In that case, the myriad DAOs shengluo meteorites might have some sort of connection with the physical body of the myriad Dao ancestor!

Of course, the clues that Chen Xiaobei had at the moment were very limited. He could not deduce the specific content of the connection!

"Don't just stand there! Hurry up and make your choice!"

The nine hearts turtle ancestor's Truesoul clone urged impatiently.

"What's the hurry?"

"I can ask you questions about the test and the choice, right?" Now, I still have a question!"

"Speak!" The nine hearts turtle ancestor's Truesoul clone was extremely impatient.

if I make the third choice, can I still return here and continue the subsequent tests?" Chen Xiaobei asked.

Clearly, Chen Xiaobei really wanted to get his hands on the ten thousand shengluo meteorites!

Furthermore, there was another reward for the third option, which was the right to become the Supreme divine ancestor! This was also a great temptation for Chen Xiaobei!

However, if he chose the second option and continued to take the test, he would be able to obtain more rewards and perhaps even more choices!

So, Chen Xiaobei did not want to give up the chance to take the test so easily!

If he could have both, that would be perfect!

"Sure!" [movelusb.com](http://movelusb.com)

The nine hearts turtle ancestor's Truesoul avatar gave an affirmative answer and said, "As long as you make the third choice and successfully find a Saint Soul of 10000 DAOs, you can return here! After all, you have to come back to receive the reward! At that time, you will have a new choice!"

"Alright!"

Chen Xiaobei was overjoyed and said without hesitation, "I choose the third option!"

Obviously, this was the option that Chen Xiaobei wanted-the option of getting the best of both worlds!

According to the nine hearts turtle ancestor's true spirit clone, as long as Chen Xiaobei found one of the 10000 Saint souls, he could come back to claim his reward!

The reward was a 10000 pieces of shengluo meteorites and the right to become the Supreme Saint ancestor!

Next, Chen Xiaobei could continue to participate in the subsequent tests and receive new rewards!

There was no delay on either side!

Most importantly, Chen Xiaobei already had one of the 10000 divine souls in his hands. He could complete his character at any time!

Just thinking about it made him feel great!

"I have one last question!" "After I find the 10000 divine souls, do I have to bring them back here?" Chen Xiaobei asked. Or take him somewhere else?"

Chen Xiaobei wanted to know if he should bring back the 10000 Saint souls. They should still be sent to the ten thousand Dao secret realm!

After all, the ten thousand Dao secret realm was where all the Saint souls gathered!

The nine hearts turtle ancestor's Truesoul avatar replied, " "If you find 10000 Saint souls, you need to send them to the 10000 secret realm! As for the method to get there, I'll send it to you through a communication rune later!"

but ... Chen Xiaobei continued, " if I send the 10000 Saint souls to the 10000 secret realm, how can I prove to you that I've completed my mission? "

"You don't have to worry about this!"

The Truesoul avatar of patriarch ninesuits said calmly, " "The Saint souls are psychic, it knows who sent it back to the secret realm! "If it were you, the next time you return, a space gate will open for you. At the same time, the promised reward will automatically arrive! On the other hand, if you can't find the 10000 Saint souls, you won't be able to come back!"

"Understood!"

alright! Chen Xiaobei nodded and said, " wait for me! I'll be back soon!"

"Alright! Then, I'll send you out now!"

Then, the nine hearts turtle ancestor's true spirit clone opened a special space gate.

It was special because there was a magical formation covering the space gate!

[Chapter 4759 -](#)

4759 cracking!

"Whoosh ..."

The energy fluctuation of the formation was very mysterious. Chen Xiaobei could not see through it.

More importantly, the aura of the ancestor of all Dao was faintly emitted from this formation. Even if one thought with their toes, they would know that it was not simple!

what's with this magical formation?!

Chen Xiaobei did not leave immediately. Instead, he voiced his doubts.

The Truesoul avatar of the nine hearts turtle ancestor said calmly, " I don't know either, because no one has ever made the same choice as you. This is my first time seeing this formation!

Clearly, the nine hearts turtle ancestor's Truesoul clone wasn't lying.

The reason for the existence of this formation was indeed an unsolved mystery.

The only answer was for Chen Xiaobei to solve it himself, and that was to pass through the formation.

"Actually, you don't have anything to worry about."

The Truesoul avatar of patriarch ninesuits said calmly, " "If the ancestor of all DAOs wanted to harm you, you would have died countless times! Moreover, you left with a mission, so the ancestor of the myriad Dao has no reason to harm you! Isn't it?"

Indeed, the words of the nine hearts turtle ancestor's true spirit avatar did make some sense.

The ancestor of all DAOs had set up these tests and given excellent rewards in order to select outstanding talents that could enter his eyes.

It wasn't easy to choose them, so there was no reason to frame them.

Moreover, there was no need to set up a trap.

That was because the ancestor of all DAOs had unparalleled strength, and even the nine hearts turtle ancestor could be invincible under unparalleled strength. Killing someone was as easy as turning his hand over. There was no need to set up a trap and waste time and expression.

"Okay ... Then I'll be leaving first, see you in a while!"

Chen Xiaobei calmed himself down. Although he had some doubts in his heart, he had to leave now that he had made this decision. He could not just stay here and waste his time.

"Chi ..."

Then, Chen Xiaobei stepped through the portal and stepped into the portal.

"Whoosh ..."

Then, a special power from the array descended.

Even though this was the first time Chen Xiaobei had experienced such a power, he was very familiar with its effects.

Chen Xiaobei felt a special force pouring into his mind.

Then, they gathered together and formed a huge shadow that shrouded Chen Xiaobei's mind!

There was no mistake!

This effect was similar to the special ability of the heart soul divine path.

It would form a profound psychological shadow in his heart, and from there, he would be able to control his opponent 100%.

"Shit!"

Chen Xiaobei was shocked.

Who would have thought that the formation's effect would be to control Chen Xiaobei?

However, although this result was unexpected, it was completely within reason.

After all, Chen Xiaobei was going to leave soon. If he was not 100% loyal to the ancestor of all DAOs, there would be many changes after he left.

That was why the elder of ten thousand DAOs would not harm Chen Xiaobei, but he would definitely control Chen Xiaobei.

This was the only way that the elder of ten thousand DAOs could let Chen Xiaobei go out and explore.

However, Chen Xiaobei could not accept this result! This went against Chen Xiaobei's Dao heart!

It was not an exaggeration to say that Chen Xiaobei would rather die than become someone else's loyal dog or lose his own heart!

That was why Chen Xiaobei had to fight back no matter what!

In the past, Chen Xiaobei would not have been able to resist.

However, the situation was completely under Chen Xiaobei's control!

"Whoosh ..."

Then, Chen Xiaobei burned his newly-upgraded mental power and activated the divine shroud's protective ability.

With the help of a Supreme sacred ancestor's mind power, the protective effect of the universal sacred shroud reached the same level as a Supreme sacred ancestor!

"Whoosh ..."

Chen Xiaobei could clearly feel the power of the formation being weakened by the Holy membrane. Or rather, it was being expelled out of his body!

However, it was clear that this formation was of a higher level than the heaven and earth sacred shroud.

Therefore, the heavenly earth Holy membrane was unable to completely dispel the power of the formation!

"Whoosh ..."

Thus, a huge psychological shadow formed in Chen Xiaobei's heart!

If it was someone else, with the formation of this psychological shadow, they would directly lose their original heart and become a 100% loyal dog to the ancestor of ten thousand DAOs!

However, to Chen Xiaobei, the situation had already been resolved!

Even though the Holy membrane was not able to completely block the formation's power, Chen Xiaobei's state of mind had already been elevated by a trillion times.

It was not an exaggeration to say that Chen Xiaobei's state of mind could already withstand the pressure of the myriad Dao ancestor in his normal state.

Unless the elder of ten thousand DAOs was enraged, or he released all his might, Chen Xiaobei's state of mind could not be suppressed.

At this moment, although the power of this array was very powerful, it was still very powerful.

However, after a portion of the power was blocked by the Holy membrane, the remaining power in Chen Xiaobei's body could no longer suppress Chen Xiaobei's mind!

However, there was a way to break through the control of others like the heart soul divine path!

As long as the mental state of the person being controlled surpassed that of the person controlling him, he could rely on his own mental state to break through the psychological shadow and regain his freedom!

break!!!

Chen Xiaobei's state of mind was already on par with the ancestor of all DAOs 'normal state, and the heavenly earth Holy membrane had blocked a part of the formation's power.

Chen Xiaobei's state of mind was already far beyond the formation's power.

So, even though Chen Xiaobei was mentally scarred, he could not control Chen Xiaobei.

In fact, this psychological shadow was like paper in front of Chen Xiaobei, and he easily broke through it.

Chen Xiaobei was still free!

Furthermore, such mind control abilities would no longer work on Chen Xiaobei.

Unless the elder of all DAOs was there to control Chen Xiaobei with all his might, he would not be able to.

"Whoosh ..."

At the same time, Chen Xiaobei had also successfully passed through the portal and returned to the real world.

The nine hearts turtle ancestor's true spirit clone did not know the purpose of the formation. Naturally, he could not tell if Chen Xiaobei was being controlled, so he did not suspect anything.

Of course, even if the nine hearts turtle ancestor's Truesoul avatar became suspicious, it would not have any effect. After all, his identity was only an invigilator in the trial space.

This meant that the true spirit clone of the nine hearts turtle ancestor could not come out, nor could it contact him. It posed no threat to Chen Xiaobei!

#### [Chapter 4760 -](#)

4760 Worried!

"Phew ... I'm finally out!"

Chen Xiaobei let out a long breath, the corners of his mouth lifted slightly. He was in a very good mood.

Entering the ten thousand DAOs Supreme domain this time was really a huge profit.

First, he had consumed a ten thousand divine pills to make his mind power reach the Supreme divine ancestor level. With the activation of his potential, he was invincible among those of the same level.

Next was the complete digestion of the heaven and earth sacred shroud. The grade and power of his Esper ability had been fully pulled up, and the effects were outstanding!

After that, the core of the Saint burial's Supreme Holy Meridian was also under his control. It would definitely be of great use in the future!

After that, he had obtained a portion of Supreme sacred ancestor level energy, which allowed him to activate the power of the pan Sheng axe once!

Finally, and most importantly, Chen Xiaobei still had one ten thousand divine pills left! At a critical moment, it could save lives and also Max out a certain ability! It was a good weapon to break the game!

what I need to do now is to send the king Bomb back to the ten thousand Dao secret realm!

this way, I can get one reward from the nine hearts turtle ancestor and two more rewards when I return to the ten thousand DAOs Supreme territory! Killing two birds with one stone, it's so cool!"

Clearly, the nine hearts turtle ancestor himself and his true spirit clone were two completely independent entities. Their thoughts and memories were already independent.

More importantly, the nine hearts turtle ancestor himself could not contact his true spirit clone, nor could he leave the area that they were supposed to guard.

This created a huge information imbalance, which gave Chen Xiaobei the chance to complete one mission and receive two rewards.

It was an absolute profit, and there was only one word to describe it-awesome!

However, Chen Xiaobei did not leave the secret realm.

This was because killing two birds with one stone was not enough to satisfy Chen Xiaobei's appetite!

it wasn't easy for me to obtain a King Bomb that I can control. I can't hand it over so easily!

Chen Xiaobei thought, how about I find a chance to kill the Saint-burying's Supreme divine ancestor? At that time, even if the demonized great saint Supreme divine ancestor wants to attack, I still have the Saint pan axe to block it. Although I can't defeat the demonized great saint Supreme divine ancestor, it will at least buy me time to retreat!"

The 10,000 divine souls were Chen Xiaobei's super king Bomb.

It would be a pity if he handed it over for nothing. Before that, he had to do something to bring out the value of the Wang bomb!

Chen Xiaobei was already planning to fight the Supreme holy ancestor of the Saint burial.

After all, the Saint Soul world of the Saint burial's Supreme divine ancestor had enslaved most of the Saint Pan's People. Chen Xiaobei and the Supreme divine ancestor would have to fight to the death sooner or later!

If there was a chance, it would naturally be better to get rid of the Saint burial's Supreme Saint ancestor as soon as possible!

but the problem is that we can now confirm that Saint burial and demonized great saint are both loyal dogs of nine hearts turtle ancestor!

that is to say, if I can't kill them all and let either the Saint burial Supreme holy ancestor or the demonized great saint Supreme holy ancestor live, then this matter will definitely be leaked to the nine heart turtle ancestor! At that time, I'll become the mortal enemy of the nine hearts turtle ancestor! Not only will you lose a lot of your rewards, you might even be hunted down by it!"

Obviously, Chen Xiaobei's idea was good, but after careful consideration, it was not perfect.

After all, Chen Xiaobei's Wang bomb could only kill the Saint burial's Supreme divine ancestor! And the Saint pan axe couldn't kill the demonized great divine Supreme divine ancestor at all!

This meant that once Chen Xiaobei made his move, it would be equivalent to having a falling out with the nine hearts turtle ancestor! The consequences would be unimaginable!

"No, I can't act rashly!"

Chen Xiaobei calmed himself down and thought, " my current strength is still very weak. It's not the time to fall out with the nine hearts turtle ancestor!

[ ding! The Saint-burying Supreme Saint ancestor has sent you a message! ]

Chen Xiaobei's communication rune suddenly received a message.

huh?!

Chen Xiaobei was taken aback, 'why is this guy looking for me? Do you want the heaven and earth Holy membrane and the core of the Holy Meridian?"

Chen Xiaobei's brows furrowed as he read the message.

[ Saint burial's Supreme Saint ancestor: you there? ] I have something to ask you!

It had to be said that the nine hearts turtle ancestor occupied an irreplaceable position in the heart of the Saint burial's Supreme sacred ancestor.

After the nine hearts turtle ancestor had proven Chen Xiaobei's identity, the Supreme divine ancestor's attitude toward Chen Xiaobei had changed drastically. He was now very polite!

Chen Xiaobei: Go ahead.

[ Supreme Saint ancestor of the Saint burial: you've cultivated the one word Saint destroyer incantation, right? ]

Chen Xiaobei: " yes, I have. Just ask me whatever you want. There's no need to beat around the bush.

[ Supreme Saint ancestor of the Saint burial: I obtained a one-word Saint destroyer curse by chance not long ago. Can you help me verify if it's real or fake? ]

"This fellow is truly worthy of being the Supreme divine ancestor. He's too cautious! It's been so long, and you're still doubting the one word Holy extermination curse!"

Chen Xiaobei frowned. He had to admit that the Supreme divine ancestor of the Saint-burying tribe was quite smart.

The one-word Saint-Killing Curse in the Supreme divine ancestor's hand had been sent by Chen Xiaobei's yuan Dao divine Lord through a red envelope.

Chen Xiaobei had already changed some of the contents of the one word Saint-killer curse.

If the Saint burial's Supreme Saint ancestor were to cultivate it directly, he would end up like crazy old man. His body would explode and his mind would go blank.

However, even after such a long time, the Saint burial's Supreme Saint ancestor still hadn't set his mind on cultivating.

He was cautious and smart enough. He was not easy to deal with. [novelusb.com](http://novelusb.com)

However, the Supreme divine ancestor would never have thought that Chen Xiaobei was the origin Dao divine ancestor, and the origin Dao divine ancestor was Chen Xiaobei's puppet.

Now that the Saint-burying's Supreme divine ancestor had come to ask Chen Xiaobei for advice, it was as good as jumping into a pit of fire.

Chen Xiaobei was 10000% sure that he would be able to fool the Saint burial's Supreme divine ancestor.

If the Supreme divine ancestor of the Saint burial had cultivated a fake one-word Saint-Killing Curse, then Chen Xiaobei's plan might have been realized!

After all, as long as the Saint burial's Supreme divine ancestor was crippled, Chen Xiaobei could focus on fighting the demonized great divine Supreme divine ancestor!

One Wang bomb was enough!

Chen Xiaobei-send it to me and I'll show you!

[ Saint burial's Supreme Saint ancestor: alright, I'll send it to you immediately! ]

Then, the Supreme Saint ancestor sent the fake one-word Saint-Killing Curse to Chen Xiaobei.

Chen Xiaobei was very familiar with the contents. He scanned through it and confirmed that it was the fake one-word Saint-killer curse that he had modified.

Chen Xiaobei: " I've seen it. It's real. Just follow it and cultivate!

[ but ... I'm still a little worried ... ] the Supreme Saint ancestor of Saint burial thought.

"What are you worried about?" Chen Xiaobei asked.
