Chapter 4761

4761 moved!

It had to be said that the Saint burial's Supreme Saint ancestor was being overly cautious.

Previously, Chen Xiaobei had repeatedly verified the authenticity of the one-word Saint-Killing Curse with the Supreme divine ancestor of the Saint burial.

However, the Saint burial's Supreme Saint ancestor had never cultivated it.

And the concern in his heart was naturally the key to this entire matter.

"I'm worried that there will be some negative side effects after cultivating this technique."

Chen Xiaobei, "negative effects?" Which aspect are you referring to?

"I'm not sure about the details, but you should be able to sense it, right?"

Chen Xiaobei: I don't feel any negative effects ...

"This ... Perhaps it's not convenient for you to say."

Chen Xiaobei: "I'm not going to beat around the bush. What do you want to ask? just tell me. Don't beat around the bush. Otherwise, you'll never get the answer you want!"

"This ..." The Supreme Saint ancestor of the Saint-burying sect thought.

The Supreme holy ancestor couldn't help but hesitate. It was as if he had some concerns and did not dare to speak his mind directly.

However, the Supreme Saint ancestor really wanted an answer, so after a brief moment of hesitation, he steeled his heart and continued to ask.

The Supreme Saint ancestor of the Saint burial thought, "I feel like there's a price to pay if you want to cultivate a technique as powerful as the one-word Saint destroyer curse!" For example, freedom! Even life and death!

Chen Xiaobei: Life and death? I understand now! Are you worried that your freedom and life will be controlled by someone else after you cultivate the one word Saint destroyer curse?

[right ... I'm indeed worried about that!] the Supreme Saint ancestor of the Saint burial said.

Chen Xiaobei's expression changed slightly.

He sighed inwardly, "as expected of the Supreme divine ancestor!" He was thinking far and wide! Freedom of life and death, even I didn't think of it back then! But the Saint burial's Supreme Saint ancestor thought of it!"

It was clear that the Saint burial's worries weren't without reason.

The one word Saint-Killing Curse had always been an important part of the ancestor of all DAOs 'plan.

Anyone who cultivated the one character Holy extermination curse would become a chess piece of the ancestor of all DAOs. They would be led into the trap step by step and become a tool to retrieve the 10000 Saint souls!

Chen Xiaobei had a deep understanding of this.

Although Chen Xiaobei's freedom and life and death were not restricted, he still had to look for the 10000 Saint souls if he wanted to achieve some of his goals!

For example, if Chen Xiaobei wanted to defeat the Supreme holy ancestor, he only had two options. One was to ambush him with 10000 Holy Souls, and the other was to cultivate the highest level of the one word Saint-Killing Curse!

In order to achieve this goal, Chen Xiaobei had to find 10000 divine souls.

In fact, he had already become a tool and was moving forward according to the plans of the ancestor of ten thousand DAOs.

Therefore, the elder of ten thousand DAOs was very smart. His plan was flawless. Even if he did not control Chen Xiaobei's freedom and life, he could still force Chen Xiaobei to look for the ten thousand Saint souls!

Of course, the Saint burial's Supreme Saint ancestor was also very smart. Before he started cultivating the one word Saint destroyer curse, he had already thought of the hidden dangers!

In this aspect, he was even stronger than Chen Xiaobei!

After all, when Chen Xiaobei first started cultivating the one word Saint-killer curse, he did not think much of it. It was only after meeting the nine-hearts tortoise ancestor that Chen Xiaobei began to worry that cultivating the one word Saint-killer curse would become a time bomb that would explode at some point in the future. The consequences were unimaginable!

However, Chen Xiaobei had already cultivated the one character Saint destroyer curse, so he could not back down now!

Even if they could foresee the danger of this time bomb, they could only brace themselves and continue. There was no way back!

The Supreme divine ancestor of the Saint-burying tribe had foreseen the danger and hidden danger. He could have avoided this time bomb, but he had come to Chen Xiaobei for advice. He had dug his own grave!

Chen Xiaobei-I can tell you this very clearly! Cultivating the one word Saint destroyer curse would not have any hidden dangers! That's because you and I both know that the nine hearts turtle ancestor's strength is far above ours! Therefore, it doesn't need to control our freedom of life and death! If we don't listen, it can kill us at will! Why bother to control us?

"This ... What you're saying makes sense!" The Supreme Saint ancestor of the Saint burial thought. but with your personality, you probably won't obediently obey the nine hearts turtle ancestor!

The Supreme divine ancestor was really smart. Not only did he foresee the hidden danger, but he also knew Chen Xiaobei well!

Indeed, with Chen Xiaobei's personality, he would never submit to anyone!

But now, to the Supreme divine ancestor, Chen Xiaobei was doing something for the nine hearts turtle ancestor. It was as if Chen Xiaobei had completely submitted to the nine hearts turtle ancestor!

This was a huge contradiction to Chen Xiaobei's personality!

This was also the reason why Saint burial's Supreme Saint ancestor was suspicious and worried!

The Saint burial's Supreme divine ancestor did not believe that Chen Xiaobei would submit to the nine-heart turtle ancestor without being controlled by anyone.

The logic behind the Saint burial's Supreme Saint ancestor was very rigorous and wise!

If it was an ordinary person, they definitely wouldn't be able to give a perfect answer, and it would be easy for the Saint burial's Supreme Saint ancestor to find a flaw!

But now, the Supreme divine ancestor of the Saint-burying sect had come for Chen Xiaobei!

He was once the number one profiteer in the Three Realms! The number one scammer!

The outcome was basically decided!

Chen Xiaobei: With my personality, I will definitely not submit to the nine hearts turtle ancestor!

[Saint burial's Supreme Saint ancestor: if that's the case, why did you obediently follow the turtle ancestor's orders?]

Chen Xiaobei-because I want to become stronger!

"What ... What does this mean?" the Supreme Saint ancestor of the Saint burial asked. How can you become stronger?

The Supreme Saint ancestor of Saint burial suddenly became agitated.

It was obvious that in this world where the strong preyed on the weak, those as insignificant as ants and as powerful as the Supreme were disdainful of pursuing higher realms and greater power!

Therefore, when he heard the word "stronger," the Supreme Saint ancestor became extremely excited!

Chen Xiaobei: The reason why I followed the instructions of the nine hearts turtle ancestor! It's precisely because I'm able to obtain a higher level one-word Holy extermination curse from it every time I complete a mission! "From there, my strength will continue to increase!"

[Saint burial's Supreme Saint ancestor: I see!] No wonder your cultivation realm could improve so quickly! It was no wonder there was a rumor that you could fight those of higher cultivation realms! It turned out that it was all because of the reward from the turtle ancestor!

If you really have the one word Saint-killer curse, then hurry up and start cultivating! when you cultivate to the Grand completion of stage one, you can enter the 10000 Dao secret realm and personally pay a visit to the nine heart turtle ancestor!

[Chapter 4762](#)

4762 sincerity!

[is ... Is that true!] the Saint-burying Supreme Saint ancestor asked. "Is ... Is ... Is this real!"

It was clear that Chen Xiaobei had once again pushed the Supreme divine ancestor's emotions to an even higher level!

First, Chen Xiaobei had used his power as bait to make the Supreme divine ancestor excited.

And now, Chen Xiaobei had just thrown out the bombshell of a visit to the nine hearts turtle ancestor!

One had to know that the nine hearts turtle ancestor was the Saint burial's Supreme Saint ancestor's benefactor! They were his second parents! It was an existence that was like a totem of faith!

Getting the Saint burial's Supreme Saint ancestor to personally pay respects to the nine hearts turtle ancestor was like letting a die-hard fan see the superstar that he admired the most. It was definitely something that he could only dream of! He might even faint from happiness!

That was precisely why the Saint burial's paramount Saint ancestor's emotions immediately flared up when he heard that he would be able to pay a visit to the nine hearts turtle ancestor in person. He was like an erupting volcano that could not be contained!

Of course, from Chen Xiaobei's perspective, this stupid fish had finally taken the bait!

Chen Xiaobei: Otherwise, how do you think I met the nine hearts turtle ancestor?

[Saint burial: this is great ... This is great ... After such a long time, I finally have the chance to meet the nine hearts turtle ancestor!!!]

Without a doubt, after this conversation, the Saint-burying Supreme divine ancestor's worries were completely dispelled. At the same time, he was completely attracted by the bait that Chen Xiaobei had thrown out!

He was even certain that after the conversation ended, the Saint burial's Supreme Saint ancestor would immediately start cultivating the one word Saint destroyer curse!

Of course, as the number one profiteer in the Three Realms, Chen Xiaobei would not be satisfied with this outcome!

Chen Xiaobei: " I did you a favor today. Shouldn't you thank me? "

[Saint burial's Supreme Saint ancestor: this is what I should do!] It should be! Go ahead! What do you want?

Chen Xiaobei, I don't know what you have. It's better if you say it! I'll see how sincere you are, then I'll decide if I should give you more help!

“Oh?” the Supreme Saint ancestor of the Saint burial chamber asked. What else can you help me with?

Chen Xiaobei: ” hehe! I’ve completed the missions given to me by the nine hearts tortoise ancestor multiple times. I have a total of four one-word Saint destroyer curses! Don’t you want it?

[this ... As long as I complete the task given to me by the nine hearts turtle ancestor, I can also get the corresponding reward. Why are you in such a hurry?]

Chen Xiaobei: ” alright then. Since you’re not in a hurry, just pretend I didn’t say anything. Just don’t regret it when you realize how difficult the mission is!

“Wait!” The Saint burial’s Supreme Saint ancestor shouted. Was the mission given by the nine hearts turtle ancestor very difficult?

Chen Xiaobei:

“This ...” The Supreme Saint ancestor of the Saint-burying sect thought.

Chen Xiaobei was starting to fool him again. He threw out an illusory question to let the Supreme holy ancestor imagine what he could do.

Someone as strong as the nine hearts turtle ancestor naturally would not propose a simple mission.

This way, if he couldn’t complete the mission, the Supreme Saint ancestor of the Saint burial wouldn’t be able to obtain a higher grade one word Saint destroyer curse, and he wouldn’t be able to increase his strength.

Thinking of this, Saint burial’s Supreme Saint ancestor immediately compromised.

[Saint burial’s Supreme Saint ancestor: I need your help!] Go ahead! What do I have to do to get the rest of the Level 4 one word Saint destroyer curses?

Chen Xiaobei: ” I’ve already told you. I don’t know what kind of trump card you have! So, you can name your own price! I’ll decide whether to give you the advanced one-word Saint destroyer curse based on your sincerity.

[Saint burial’s Supreme Saint ancestor: rest assured!] I will definitely be very sincere! However, how would I know if you would lie to me?

Chen Xiaobei: If I lie to you! If you kill me directly, I won’t even have a chance to fight back! Even if the nine hearts turtle ancestor were to ask about it afterward, it would still be my fault!

“This ... Alright!” The Supreme Saint ancestor of the Saint burial thought. I’ll do as you say!

Chen Xiaobei: ” then stop wasting time. Just state your price! There’s a limit to my patience, and I don’t like to haggle. So, I advise you not to beat around the bush and just give me the base price!

[Saint-burying Supreme Saint ancestor: if that’s the case, I’ll use the Saint-burying blade to exchange for it!]

“What the!! ck! What the fuck!”

Chen Xiaobei was ecstatic and jumped up in joy.

Originally, Chen Xiaobei knew that the Supreme divine ancestor was a greedy person and did not expect to get any useful trump cards.

However, he had never expected that the Supreme Saint ancestor of the Saint burial sect would desire the one-word Saint execution curse so much!

The first bid was the Saint burial saber!

This was crazy! Chen Xiaobei even wondered if he was hallucinating!

One had to know that the Saint burial saber was a Supreme treasure of the Saint ancestor. It could even be said to be the left and right arms of the Saint burial's Supreme Saint ancestor!

Without Saint burial knife, Supreme Saint ancestor was like Supreme Saint ancestor Saint destroyer without the Saint destroyer orb. His strength would be greatly reduced!

From this, it could be seen that the Supreme Saint ancestor of the Saint burial sect was really willing to go all out in order to obtain a higher level one-word Saint destroyer curse!

But even so, Chen Xiaobei managed to calm himself down.

"Although this was unexpected, it was completely within reason!"

'From what the Supreme divine ancestor of the Saint-burying sect thought, as long as he cultivated the one-word Saint-Killing Curse, his power would surpass the Supreme divine ancestor's level! This way, the Saint burial knife is useless to the Supreme Saint ancestor, and there's no point in keeping it. It's better to use it as a bargaining chip in exchange for the advanced one-word Saint destroyer curse!"

Chen Xiaobei's calm thinking had given him the right answer.

This was what the Supreme Saint ancestor of the Saint burial sect was thinking.

As long as he cultivated the one word Saint destroyer curse, he would be able to defeat anyone at the same level as him. By then, the Saint burial saber would be useless in his hands!

Chen Xiaobei was overjoyed when he realized this!

This was because Chen Xiaobei knew that this was the biggest benefit he could get from this operation!

Not only would he benefit, but he would also be able to reduce the power of the Saint burial's Supreme Saint ancestor!

It was really killing two birds with one stone, killing two birds with one stone!

Of course, Chen Xiaobei did not agree immediately. Instead, he deliberately delayed, pretending to be hesitant!

[Saint burial's Supreme Saint ancestor: have you thought it through?] This price is the most sincere I can offer! I'm sincerely cooperating with you! I hope you can agree! In the future, when I become stronger, I will naturally not forget your favor today!

Chen Xiaobei had a good grasp of the heart of the Saint-burying's Supreme divine ancestor!

As expected, after Chen Xiaobei's delay, the Saint-burying's Supreme divine ancestor started to panic. Not only did he ask for the Saint burial knife, but he also said that he owed Chen Xiaobei a favor!

She had been tricked into thanking Chen Xiaobei so sincerely!

He was so stupid that he cried!

Chen Xiaobei: I'll see how sincere you are! I'll accept this deal! Come on! They would directly send red packets to each other!

Chapter 4763

4763 Devouring!

[ding! Congratulations! You have snatched a red envelope from the Supreme holy ancestor of the Holy burial. You have received a Holy burial blade!]

It was obvious that the Supreme Saint ancestor of the Saint burial sect felt that nine hearts turtle ancestor was his greatest safeguard! As long as the nine hearts turtle ancestor was here, there was no need to be afraid of Chen Xiaobei's tricks!

Therefore, the Supreme Saint ancestor sent the Saint burial saber over without any hesitation!

After that, Chen Xiaobei did not play any tricks. He sorted out the rest of the advanced one word Saint-Killing Curse and sent it to the Supreme holy ancestor of the Saint-burying sect.

Now that things had come to this, Chen Xiaobei did not need to plan anything anymore.

As long as the Supreme divine ancestor of the Saint-burying sect cultivated the first fake one-word Saint-Killing Curse, he would be able to achieve Chen Xiaobei's goal. He would not need to tamper with the rest.

After all, cultivating the one word Saint destroyer curse was a gradual process. Only by cultivating the initial part to perfection could he continue to advance.

All Chen Xiaobei had to do now was to wait for the Supreme holy ancestor to jump into the pit himself.

The most ideal situation would be for the Saint-burying Supreme Saint ancestor to explode and die, or become as crazy as an old man.

This way, the Saint-burying Supreme divine ancestor would no longer be a threat to Chen Xiaobei.

The 10,000 divine souls that Chen Xiaobei had now could be used to deal with the demonized Supreme divine ancestor.

If things were to develop in this direction, it would be the best for Chen Xiaobei!

Chen Xiaobei did not know if there would be any other changes.

After all, the Saint burial's Supreme Saint ancestor had already reached the Supreme Saint ancestor realm, and old crazy couldn't compare to him.

Therefore, even if there were any changes, it would be completely within reason.

That was why Chen Xiaobei could not relax. He had to remain calm and be prepared for any unexpected situation!

the Supreme Saint ancestor of the Saint burial might not be able to fully master the one word Saint destroyer incantation in a short time. It'll take some time before we can see the results!

I have nothing to do anyway. Why don't I try to upgrade and peek into the origin?" Chen Xiaobei thought.

"Shua shua ... Shua shua ..."

Then, Chen Xiaobei took out all the Supreme sacred objects that he had collected!

They were the Holy life tribe's elixir of life! The extreme Saint blood of the extreme Saint tribe! The Light of Destruction of the Holy extermination clan! The Holy Shi clan's time sand! The black hole of the No saint tribe! The creation Saint crystal of the profound Sage clan! The Lotus seed of creation of the Saint pan clan! The spiritual fire seed of a Yuan Sage! The Qi of origin of the great sage Tribe! And the nine hearts turtle ancestor's 10000 DAOs of chaos!

The last item was the Saint burial tribe's Heaven Earth Holy Shroud!

Now that Chen Xiaobei had devoured and digested the divine membrane, he only needed to look inside to see its origin. So, he did not need to use it as it would have the same effect.

"Whoosh ..."

After that, Chen Xiaobei activated his special ability to peek into the origin.

In Chen Xiaobei's mental world, the origin and development process of various divine paths began to appear.

As expected, these saintly ways all originated from the ancestor of all DAOs.

In the beginning, it was like a small fire seed. Then, it gradually grew stronger, and then the saintly way concretization gradually evolved into these Supreme sacred objects.

"That's not right ..."

this is ... Chen Xiaobei frowned. based on our current methods, we can only see the origin of these sacred objects, but we can't see the origin of the ancestor of all DAOs ...

It was obvious that the Supreme divine ancestor had failed when he had come up with this method.

It was only a theoretical assumption.

On top of this theory, Chen Xiaobei had added two more Supreme sacred objects.

However, from the results of practice, he still could not achieve the expected results.

"Don't tell me that we have to give up on this plan completely?"

Chen Xiaobei furrowed his brows and looked very disappointed.

Suddenly, Chen Xiaobei noticed something strange.

“Whoosh ...”

When he was peeking into the origin, one of the images in Chen Xiaobei’s mental world was different from the other Supreme sacred objects.

That was the heaven and earth sacred shroud.

At this moment, the other Supreme sacred objects were all purely derived from the ancestor of all DAOs. They evolved the sacred DAOs, manifested their forms, and finally condensed into a physical entity!

However, an extra cycle had appeared in the heaven Earth Holy membrane!

In the beginning, the heaven and earth Holy membrane also originated from the ancestor of all Dao and gave birth to the Saint burial sacred Dao. Then, it further manifested the heaven and earth embryonic membrane and slowly evolved into the heaven and earth Holy membrane!

The images of the other Supreme sacred artifacts stopped at this point!

However, the image of the heaven and earth sacred shroud gave rise to a series of subsequent changes!

The heaven and earth Holy membrane was like a placenta that was breeding life, and a special life form was being born from it!

This life form had a very strange form. It was like a divine giant dragon with four legs and nine claws, but it had a human head, a strange light, and the evil of a ghost!

Gradually, this life form went from complex to simple and returned to its original state, finally turning into a nine-colored giant egg.

Then, the giant egg was discharged from the sacred shroud as if it was born.

Only now did the peeking on the origin of the heaven and earth Holy membrane finally stop.

“As expected of a unique existence that even the ancestor of all DAOs can’t influence! Even its origin is so special!”

Chen Xiaobei thought to himself, ‘but, what is the life that was born? What was with the giant egg? Where did they end up? What kind of creature did it hatch?’

All of a sudden, a series of questions appeared in Chen Xiaobei’s mind. He was very confused.

Obviously, Chen Xiaobei could not get an answer with the clues he had.

So, Chen Xiaobei was able to calm himself down with the help of his strong mental state.

After he calmed down, Chen Xiaobei immediately changed the direction of his thoughts.

the heaven and earth sacred shroud is special, but after I devoured it, I seem to have a more thorough understanding of the origin. Thus, I can see it even more clearly!

Without hesitation, Chen Xiaobei activated his special ability and devoured the rest of the ten divine items.

With the help of a ten thousand divine pills, Chen Xiaobei's mental power had reached the level of a Supreme divine ancestor. He could now directly digest a Supreme divine object!

According to Chen Xiaobei's plan, after he had fully digested it, his understanding of these sacred objects would be much deeper. He would be able to see their origins more clearly, and perhaps he would find something else!

[Chapter 4764](#)

4764 shock!

Whoosh ... Whoosh ... Whoosh ...

After that, Chen Xiaobei began to digest each of the Supreme sacred objects!

After digesting the Holy life tribe's water of life, the special ability of the Holy life tribe was born! Its effect was similar to the life word incantation. It could increase Chen Xiaobei's physical strength, Saint Qi, mental power, and recovery power!

After digesting the Supreme Saint tribe's Supreme divine blood, the special ability of the Supreme Saint tribe was born! Its effect was similar to the 'ultimate' spell, which could raise Chen Xiaobei's bloodline power to its maximum!

After digesting the Holy extermination clan's destructive light, they had given birth to the Holy extermination clan's special ability! Its effect was similar to the spell of extermination, which could greatly increase the damage and destructive power of Chen Xiaobei's attacks!

After digesting the Holy time sand of the Holy Shi clan, the special ability of the Holy Shi clan was born! Its effect was similar to the Shi word incantation. It could greatly improve Chen Xiaobei's control over the Law of Time, so much so that it was not limited by time!

After digesting the black hole of the No saint tribe, the special ability of the No saint tribe was born! The effect was similar to the wordless spell. It could greatly improve Chen Xiaobei's control over the laws of space. The void of space could ignore the constraints of space!

After digesting the Holy Crystal of fortune of the profound Sage Tribe, he had derived the special ability of the profound Sage Tribe. Its effect was similar to the 'profound' spell, allowing Chen Xiaobei to see the opportunities around him!

After digesting the Saint pan race's lotus seed of creation, the Saint pan race's special ability would be born. Its effect was similar to the pan curse, giving Chen Xiaobei the ability to create new things!

After digesting the yuan Sage's spiritual fire seed, the special ability of the yuan Sage Race was born. Its effect was similar to the "Yuan" curse, which could greatly increase the total amount of Chen Xiaobei's spiritual power and also the recovery of his spiritual power. At the same level, his spiritual power was almost infinite!

After digesting the Qi of origin of the great sage Tribe, Chen Xiaobei had gained the special ability of the great sage Tribe, which gave him the ability to peer into the origin and derive the origin!

In the end, after digesting the nine hearts turtle ancestor's 10000 DAOs of chaos, an extremely unique special ability was derived. It could not be described with a specific function, and its effect was infinitely close to the effect of the Dao word curse!

The main point was that it was close to the Dao word incantation, but it was not the Dao word incantation!

In other words, the Dao character mantra might be the strongest saintly way of the ancestor of all DAOs, and the power inherited by the nine-hearts turtle ancestor was far from reaching the level of the Dao character mantra!

To put it bluntly, it could be said to be a counterfeit version of the Dao word incantation!

Or perhaps it was a lower-dimensional version of the Dao word incantation!

However, even so, the special ability derived from the nine hearts turtle ancestor's 10000 DAOs of chaos could still suppress all other special abilities except the heaven Earth Holy membrane!

One could only imagine how terrifying the Dao word incantation of the ancestor of all DAOs was!

Of course, the reason why the ancestor of all DAOs didn't hand over the sacred object that represented the Dao character curse to nine-hearted turtle ancestor was probably because the sacred Dao didn't materialize into a physical object!

After all, the nine-heart turtle ancestor was 100% loyal to the ancestor of all DAOs. If the sacred Dao had a corresponding Supreme sacred artifact, it wouldn't be a problem to hand it over to the nine-heart turtle ancestor!

Therefore, it was very likely that the sacred Dao didn't have a corresponding Supreme sacred artifact!

It could only give the nine hearts turtle ancestor a low-end version of the 10000 DAOs of chaos!

"The actual effects of these abilities are similar to the one word Holy extermination curse! However, I've only cultivated my one word Holy extermination curse to the fourth stage! Therefore, it's not that strong!"

but the special ability that comes from digesting these holy items is on the same level as my Holy Spirit world. The actual effect is already better than the one word Holy extermination curse!

"In other words, if I can upgrade my sacred soul world to the Supreme sacred ancestor level, all my special abilities will be at the Supreme sacred ancestor level! When combined with a Supreme Saint ancestor's mind power, it can burst out with absolute power that can crush anyone of the same level!"

"When that time comes, I'll probably be able to deal with any other Supreme sacred ancestor with ease, aside from the nine hearts turtle ancestor! Just thinking about it makes me happy!"

Chen Xiaobei's deduction was correct, and it had a practical significance.

If he succeeded, Chen Xiaobei would be invincible against anyone below the nine hearts turtle ancestor.

After all, the current Supreme Holy ancestors were only at the Supreme holy ancestor level in all aspects! On the other hand, Chen Xiaobei's ability was unparalleled, and he could easily crush them.

"In fact, as long as I'm willing to, I can directly consume the remaining ten thousand divine pills and raise the North profound sacred soul great world to the Supreme sacred ancestor level! Perfectly achieve this goal!"

Chen Xiaobei's face was full of excitement. He was very confident in the results, and he was looking forward to it.

But!

Despite his excitement, Chen Xiaobei quickly calmed down.

"Of course, I can't rush to swallow the ten thousand Saint pills now! This is a super trump card that can be used to save a life at a critical moment!"

on one hand, I don't need to fight the Supreme divine ancestor now. There's no point in me taking the 10000 divine pills! Chen Xiaobei said.

"On the other hand, I'll definitely have to return to the ten thousand Dao Supreme domain. The trials and dangers there are even more terrifying than the Supreme divine ancestor's! It's necessary to keep the ten thousand divine pills!"

Chen Xiaobei's decision was the right one.

In fact, the main reason why Chen Xiaobei could pass the third Test of the ten thousand DAOs Supreme domain was because he did not consume the ten thousand DAOs divine pill that he had obtained earlier!

If not for Chen Xiaobei's strong will and the ten thousand divine pills that he kept, he would not have been able to use the extreme cultivation method to tap into his potential. His mental power would have dried up and he would have died!

After that experience, Chen Xiaobei could not simply consume the ten thousand divine pills.

This kind of super life-saving trump card could only be used at the moment of life and death.

alright ... Let's not care about these special abilities for now. Let's continue peeking into the origin of all the Supreme sacred artifacts and see if we can find any other clues.

Chen Xiaobei calmed himself down and began to look at the origin again.

The effect was exactly as Chen Xiaobei had expected. When he peeked again, the effect was much better than before.

Every Supreme sacred object had been completely digested, and the origin had been integrated into Chen Xiaobei's original body. Chen Xiaobei himself had become the end point of the Origin's development, becoming a part of the whole spying process.

Under such circumstances, origin Sight's effect was naturally greatly improved.

After a while, Chen Xiaobei made a new discovery.

More importantly, this new discovery was so shocking that Chen Xiaobei could not believe his eyes!

Chapter 4765

4765 The final!

As Chen Xiaobei explored deeper into the origins of the various Supreme sacred relics, a very strange phenomenon appeared in front of him!

Originally, all kinds of Supreme sacred objects were derived from the ancestor of all DAOs and derived from the saintly way. Then, they were condensed into physical objects by the manifestation of the saintly way!

At that moment, Chen Xiaobei was able to see a deeper picture of the origin!

For example, the Holy sand of time manifested by the Holy beginning Dao manifestation originated from the left eye of the ancestor of all DAOs!

The black hole created by Wu Sheng's Dao manifestation originated from the right eye of the ancestor of all DAOs!

The Light of Destruction manifested by the manifestation of the Holy Dao of destruction originated from the right hand of the ancestor of all Dao!

The inferior version of the sacred Dao's manifestation of chaos originated from the heart of the ancestor of all DAOs!

In other words, there were a total of 11 Supreme sacred objects, which corresponded to 11 important parts of the ancestor of all DAOs 'body.

After some observation, Chen Xiaobei realized that these 11 parts could be connected to each other to form a very special magical formation!

In other words, if these 11 saintly ways were all integrated into one, with the support of the array, their power could be greatly improved and they could burst out with unimaginable power!

"Now, I have 11 different saintly way abilities in my body! Perhaps, I can try to restore the formation with this idea!"

This formation was just Chen Xiaobei's guess. He did not have any concrete evidence.

So, if Chen Xiaobei wanted to verify the results, he would have to do it himself.

Whoosh ... Whoosh ... Whoosh ...

After that, Chen Xiaobei activated all 11 of his divine path abilities.

Furthermore, Chen Xiaobei had gathered each of the special abilities in the corresponding part of his body, exactly the same as when he used origin peeking.

Things seemed to have developed very smoothly up to this point.

However, it was clear that it would not be so simple to achieve the final result.

“No...”

Chen Xiaobei furrowed his brows and thought to himself, “I can vaguely sense that in order to form this formation, one must cultivate the one word Holy extermination curse to the highest level! Based on the current situation, I’m still unable to do it ...”

After a pause, Chen Xiaobei continued to plan, “Based on the current situation, these eleven Supreme sacred artifacts alone are not enough to spy on the origin of the ancestor of all DAOs, much less find his weakness. So, we have to think of another way.”

It was obvious that this method of peeking into the origin had been first thought of by the great saint Supreme divine ancestor.

However, this method had never succeeded.

Even though Chen Xiaobei had improved on the original method, he still could not get the desired result.

“But then again! If this method didn’t work at all, the myriad Dao ancestor wouldn’t have had any scruples back then, and he wouldn’t have allowed the nine-hearts turtle ancestor to scheme against the great saint Supreme divine ancestor, causing him to fall into a state of rebellion!”

this means that this method is indeed a threat to the ancestor of all DAOs, but it might still be missing a crucial part! I don’t have any clues yet, so it’s hard to achieve the final result!”

in other words, I have to find the most crucial link to be able to fully operate this method. Only then can I take a step further and discover the weakness of the ancestor of all DAOs by peeking at the origin!

Having said that, Chen Xiaobei dispelled all his special abilities.

The situation in front of him was as if he had found the door to victory, but he had not gotten the key to it.

Of course, in the current situation, this problem was almost impossible to solve.

So, Chen Xiaobei could only put this problem aside for the time being. He would solve it when he had more clues or opportunities.

next, I should think of a way to improve my cultivation realm and the level of the North profound sacred soul world!

Chen Xiaobei calmed himself down and decided on the next step of his plan.

It was very important for Chen Xiaobei to increase his cultivation and the level of the northern Mystic sacred soul world.

However, it wasn’t too difficult to achieve it.

Previously, Chen Xiaobei had not had the time to do so, so he had put these two things on hold.

Right now, he had to wait for the results of the Saint-burying’s Supreme divine ancestor’s cultivation of the one-word Saint-slaying curse. So, Chen Xiaobei finally had some free time.

He could use this time to greatly improve his cultivation realm and the level of the North Mystic sacred soul world.

in that case, I'll go to the territory of the yuan Sage Race first!

After confirming the target, Chen Xiaobei immediately said, " "According to my calculations, the yuan Sage clan's first elder's joust for a spouse Festival should have already reached the final stage! The most lively place right now should be the territory of the yuan Sage Tribe! The more lively it was, the more opportunities there were! The more beneficial it is for me to increase my strength, and the more likely it is for me to discover other important clues!"

"Of course, there's another important reason! The reason the yuan Sage Tribe is holding this martial contest is to use political marriages to rope in powerful allies to fight against the sky-burying Yuan Sage Tribe!"

"This is a huge threat to the sky burial Yuan sacred clan! Therefore, the sky burial Yuan sacred clan would definitely not sit back and do nothing! I've already wiped out the core upper echelons of the sky burial Yuan sacred clan!"

"Under such circumstances, it's very likely that the Saint burial's Supreme divine ancestor will personally intervene and disrupt the joust for a spouse Festival! Therefore, if I rush to the territory of the yuan Sage Race, I might be able to wait for an opportunity to get rid of the Saint burial grounds 'Supreme divine ancestor!"

It was clear that Chen Xiaobei was very smart and calm. It was necessary for him to choose to go to the territory of the yuan Sage clan! It was definitely not a decision made on a whim.

.....

Chen Xiaobei soon arrived at the territory of the yuan Sage clan.

This time, Chen Xiaobei did not wear a mask. He showed his real face to everyone.

After all, the Supreme divine ancestor of the Saint-burying sect had already treated Chen Xiaobei as one of his own. So, there was no need for Chen Xiaobei to hide.

After a quick stroll around the outskirts, Chen Xiaobei headed straight for the core territory of the yuan Sage clan.

It was just as Chen Xiaobei had expected.

At that moment, many top forces from different races had gathered in the core territory of the yuan Sage Tribe.

It could be said to be quite lively.

After asking around, Chen Xiaobei found out that he had come at the right time. The final match of the joust for a spouse was to be held the next morning.

The winner would marry the daughter of the great elder of the yuan Sage clan and the power behind the winner would form an alliance with the yuan Sage clan to fight against the sky-burying Yuan Sage clan!

Chapter 4766

4766 I don't want to participate!

Chen Xiaobei had planned to find a place to rest and wait for the finals tomorrow.

After all, Chen Xiaobei had no interest in the daughter of the Grand Elder of the Yuan Sage clan. He did not plan to participate in the martial arts competition either. All he wanted to do was wait for the results to change.

However, Chen Xiaobei had been asking around about the competition and that had attracted the attention of some people.

"You've been following me for a long time. If you have anything to say, why don't you just stand out and say it clearly!"

Chen Xiaobei suddenly stopped and turned around, his tone calm.

"I've been presumptuous!"

Then, a man slowly walked out from the corner of the street.

The man had fair skin, soft and beautiful facial features, small and red lips, and long and curled eyelashes.

The first impression she gave off was that she was a woman in disguise.

Looking down and seeing her curvaceous body, he could be completely sure that this was a tomboy dressed as a man.

"Who are you? Why are you following me?"

What's wrong? "Chen Xiaobei asked as he observed the man.

"Can we talk in private?"

The woman didn't answer immediately, but acted mysteriously.

"If you have something to say, say it here! I don't even know you, so don't make it seem like we're that close."

Obviously, Chen Xiaobei would not follow them.

Let's take a step to talk. Who knew where this step would lead to, what variables and dangers there would be?

"I'm doing this for your safety!"

The woman's brows furrowed slightly, looking a little unhappy.

Chen Xiaobei was very suspicious, 'you're thinking about my safety? He said it better than he sang it! If I were the one telling you this, would you believe me?"

this ... the woman was stunned.

Indeed, if a strange man came to the street and said that for her safety, he wanted to talk to her in private, she would definitely not agree and would think that the man was up to no good.

“Alright, I’ll be frank with you then!” The woman calmed herself down and walked to Chen Xiaobei’s side. Then, she asked, “You are Chen Xiaobei, right?”

huh?! Chen Xiaobei asked, “How do you know who I am?”

It was obvious that Chen Xiaobei did not know this woman at all. He had never even seen her before. So, how did she know Chen Xiaobei?

This was really strange!

my name is Yuan mengqing. I am a member of the yuan Sage Tribe!

“And you’re a super wanted criminal that the sky burial Yuan sacred clan is searching for!” The woman said in a deep voice. The sky burying Yuan sacred clan is using all their connections to search for you!”

“Our Yuan Sage clan and the sky-burier Yuan Sage clan are like fire and water! The enemy of my enemy is my friend! Therefore, I have the duty to protect your safety!”

Clearly, this explanation finally had some credibility and was more reasonable.

Originally, Chen Xiaobei did not wear a mask for convenience’s sake. He did not expect to be targeted so quickly.

However, the people who had their eyes on Chen Xiaobei were not the sky-burier Yuan Sage clan, but the yuan Sage clan.

This result was rather surprising.

However, after thinking about it carefully, although it was unexpected, it was completely reasonable.

After all, the yuan Sage clan was the origin of the sky-burier Yuan Sage clan and should have been able to suppress them!

However, the yuan Sage clan was now watching helplessly as the sky-burier Yuan Sage clan gradually grew stronger and stronger. In fact, the sky-burier Yuan Sage clan was even on the verge of surpassing the yuan Sage clan!

Most importantly, the sky-burying Yuan Sage clan and the yuan Sage clan were like fire and water, so a life-and-death battle was bound to happen sooner or later!

Under such circumstances, a huge sense of danger had already enveloped the entire Yuan Sage Tribe.

Because of this, the yuan Sage clan began to think of ways to unite all the forces that could be United. They wanted to find an opportunity to fight the sky burial Yuan Sage clan head-on and regain their absolute leadership!

The purpose of this joust for a spouse Festival was to seek powerful allies!

This woman was obviously trying to win Chen Xiaobei over and become his comrade.

As she said, the enemy of my enemy is my friend!

“Yes, I’m Chen Xiaobei.”

Chen Xiaobei nodded and said, “ however, the sky burial Yuan sacred clan might not be able to take care of me right now, so I’m very safe!

“What?”

Yuan mengqing was stunned and asked, “ “What do you mean by that? What do you mean by the sky burying Yuan sacred clan can’t take care of you?”

“Didn’t you guys hear?”

I’m sorry! Chen Xiaobei said, “ the core higher-ups of the sky burying Yuan sacred clan were all wiped out! The sky burial Yuan sacred clan is in a mess right now, so how can they care about me?”

Chen Xiaobei was not telling the truth.

The truth was that the Supreme divine ancestor of the Saint-burying sect saw Chen Xiaobei as one of his own, so he would not attack Chen Xiaobei.

However, Chen Xiaobei could not reveal this secret. Otherwise, he would become a Public Enemy of the yuan Sage clan.

“Of course we know about this!”

Yuan mengqing said in a deep voice, “however, even if the core and upper echelons are in chaos, there will still be many minions doing things! Therefore, young master Chen, you might not be safe and sound! It’s better to be careful!”

“Yes, you’re right.” Chen Xiaobei nodded and did not explain further.

“If Childe Chen doesn’t mind, please come to my humble home. There are some things that I would like to discuss in detail with you!”

Yuan mengqing immediately invited Chen Xiaobei.

“Alright,” he said.

Chen Xiaobei nodded in agreement.

To be fair, Chen Xiaobei did not trust Yuan mengqing one hundred percent.

However, Chen Xiaobei had a feeling that Yuan mengqing’s identity was not that simple. Listening to what she had to say would give him some important information.

.....

After that, Chen Xiaobei was led by Yuan mengqing to a small but elegant and quiet house.

After arranging a seat for Chen Xiaobei in the living room, Yuan mengqing quickly got to the main topic.

young master Chen, I believe that you have come to our Yuan Sage Tribe to participate in the joust for a spouse event tomorrow? ” Yuan mengqing asked directly.

“I’m not participating.” Chen Xiaobei shook his head, his tone calm.

“What!”

Yuan mengqing was surprised and asked, ” “Aren’t young master Chen and the sky burying Yuan sacred clan mortal enemies? If you win and form an alliance with our clan, it will be of great benefit to young master Chen! Why aren’t you participating?”

Chen Xiaobei shrugged and said, ” “Marriage isn’t the only way to form an alliance! If the yuan Sage Supreme divine ancestor acknowledges me, we can form an alliance even if we don’t have a marriage alliance!”

Yuan mengqing said, ‘that may be true, but an alliance through marriage can be even more unbreakable! The level of mutual trust is also higher, isn’t it?’

Chapter 4767

4767 I’ll give you three moves!

Obviously, Yuan mengqing’s words made sense.

The greatest effect of a marriage alliance was to increase the level of mutual trust between the two sides and strengthen the Alliance. movelusb.com

However, Chen Xiaobei was not interested in that.

This was because Chen Xiaobei had once been so weak that he had to rely on the power of an Alliance to fight against the sky-burier Yuan sacred clan.

However, Chen Xiaobei was already very, very powerful. Not only had he wiped out all the core members of the sky-burier sacred clan, but he had also set up a trap for the Saint-burier Supreme divine ancestor. As long as the Saint-burier Supreme divine ancestor cultivated a fake one-word Saint-Killing Curse, this powerful enemy would no longer be a threat.

Simply put, Chen Xiaobei did not need to form an alliance with anyone else to deal with the sky-burier Yuan sacred clan.

Naturally, there was no need to go through a marriage without any emotional Foundation.

Moreover, Chen Xiaobei already had an Alliance of his own!

The Holy extermination clan and holy life clan were both members of this Alliance!

More importantly, Chen Xiaobei was the leader of the Alliance!

Under such circumstances, there was no need for Chen Xiaobei to form an alliance with the yuan Sage Tribe.

Because of that, even though Yuan mengqing’s words made sense, Chen Xiaobei was still uninterested.

"I can accept the yuan Sage tribe's wish to form an alliance with me. However, I do not wish to participate in the joust for a spouse event! If we can't trust each other, it's fine if we don't form an alliance."

"This ..."

Hearing this, Yuan mengqing was stunned and said, "Young master Chen! You should know very well how terrifying the enemy you're facing is! Do you really think you can fight against the sky burial Yuan sacred clan by yourself? You're too arrogant!"

Obviously, Yuan mengqing had no idea about Chen Xiaobei's plan.

Therefore, Yuan mengqing thought that Chen Xiaobei was being too arrogant. To put it bluntly, he did not know how high the sky was! He didn't know what was good for him!

Of course, if Yuan mengqing were to know the truth, her expression would be extremely interesting and her face would be slapped swollen.

"You can just take it that I'm arrogant."

Chen Xiaobei shrugged, not intending to explain. "Do you have any other advice? If not, then I'll take my leave!"

"Hold on!"

Yuan mengqing stopped Chen Xiaobei.

After some thought, Yuan mengqing said seriously, "I heard that the sky burial Yuan sacred clan captured young master Chen because he was related to a Supreme opportunity. Is that true?"

... Chen Xiaobei's eyes flickered. He tried to keep his face impassive, but his mind was racing.

"Is it inconvenient for young master Chen to say?"

Yuan mengqing paused and continued, "actually, our Yuan Sage clan also has eyes and ears in the sky-burying Yuan Sage clan. Therefore, we have first-hand information on many things! Even if Childe Chen doesn't admit it, we know!"

Chen Xiaobei narrowed his eyes and said, "it seems that you have a very high status in the yuan Sage Tribe!

Yuan mengqing did not deny it and said indifferently, "I'm not trying to show off my identity. I just want to show some of my trump cards to let young master Chen know that my clan is very sincere!

"In that case ..."

what do you think?" Chen Xiaobei asked. what if I really have a Supreme opportunity with me? what are you going to do?"

"Marriage!"

it's impossible! Yuan mengqing said in a deep voice. it's impossible for our clan to ask young master Chen to hand over the Supreme opportunity! However, after the marriage, young master Chen can pass the opportunity to his children!"

"When the time comes, our clan will spare no effort in raising our children and let them achieve unprecedented achievements! We can even make them the new generation of Supreme divine ancestors!"

At this point, Yuan mengqing's eyes were filled with anticipation and even a bit of fanatical battle intent.

However, Chen Xiaobei did not like what he said.

do you mean that you want my child to become the bayonet in the game between your race and the sky burial Yuan sacred clan? "

Chen Xiaobei's face was cold and he asked, " "Do you think I'll agree to such a request?"

It was obvious that Yuan mengqing's words were very explicit.

It was clear that they wanted to use the child born after the marriage to inherit Chen Xiaobei's Supreme fortune.

Then, he would involve the child in the battle with the sky burying Yuan sacred clan.

To put it nicely, the yuan Sage clan was doing their best to raise their children. To put it bluntly, they were using their children as bayonets and cannon fodder, throwing them into endless danger!

As for becoming the new generation's Supreme divine ancestor, that was an even more ridiculous joke. The probability of that happening was absolutely zero, without any suspense!

Chen Xiaobei had always been a loyal person!

Family was the most important thing in Chen Xiaobei's life! It was absolutely not to be provoked!

It was obvious that Chen Xiaobei would never agree to Yuan mengqing's suggestion!

"You have no choice but to agree to this!"

However, at that moment, Yuan mengqing's expression suddenly darkened and she said coldly, " "You're an extremely important link to our Yuan Sage Tribe! If they can't be used by us, they will be eliminated by us! Do you understand?"

"Whoosh ..."

As soon as Yuan mengqing's voice fell, a violent Saint Origin Energy barrier suddenly rose around the entire house. It was like an inescapable net that completely covered the house.

Chen Xiaobei's face turned cold and said, " "You want to get rid of me? Do you think you have the ability to do so?"

"Ha, do you even need to ask?"

"Your cultivation is only at the five star divine ancestor realm!" Yuan mengqing sneered. It's as easy as flipping my hand if I want to take you down!"

"Then, let's try it!" Chen Xiaobei said nonchalantly.

It was not that Chen Xiaobei was trying to act cool, but with the trump card he had in his hand, he would not be afraid even if a Yuan Sage or a divine ancestor were to come, let alone a mere Yuan mengqing!

"You're really arrogant!"

Yuan mengqing's face was cold and she said indifferently, "In fact, I don't want to fall out with you! If it's possible, I advise you to accept the marriage proposal with my clan! This way, it'll be beneficial for both of us! However, if we shed all pretenses of cordiality, I'm afraid you'll suffer a great deal, and may even lose your life!"

"You talk too much nonsense!"

Chen Xiaobei's eyes were cold and he said impatiently, "Even if I agree to the marriage, I will still be like a slave in your hands. I will be controlled by you and at your mercy! What's the difference between that and death?"

"Since that's the case, we can only fight!"

Yuan mengqing was very arrogant and domineering as she said indifferently, "Don't say I'm bullying you! I'll let you have three moves first!"

Chapter 4768

4768 arrival!

give me three moves!?

Chen Xiaobei raised his brows, but he did not feel anything. In fact, he even wanted to laugh.

you're really generous," he said indifferently. but I guess you'll go back on your word, so I'll just make a move!

"What? I'm going back on my word?"

Yuan mengqing's eyes widened and she said in a domineering tone, "Why don't you find out what kind of person I, Yuan mengqing, am? I always keep my word and never go back on my words! I said I'll give you three moves, so I'll definitely give you three moves!"

"But what if you go back on your word?" Chen Xiaobei smiled and asked.

"I've already said that I won't go back on my word!"

if I go back on my word, I'm your pet! Yuan mengqing shouted.

One could tell that Yuan mengqing had a fiery temper and was even arrogant.

To Yuan mengqing, Chen Xiaobei was only a five-star divine ancestor. Compared to her, he was countless times weaker! Even if Chen Xiaobei had a hidden card, he would not be able to threaten her!

It was because of this arrogance that Yuan mengqing was so arrogant and said that she would give Chen Xiaobei three moves.

“You said it!”

Chen Xiaobei was not going to show any mercy to an enemy who was threatening him.

“Whoosh ...”

The next moment, Chen Xiaobei’s mind moved.

Then, a black ball of light appeared in Chen Xiaobei’s hand!

Then, the surface of the dark ball of light started to burn with golden flames, instantly emitting a terrifying and shocking pressure!

“This ... This, this, this ...”

Seeing this, Yuan mengqing’s expression changed drastically. Her pupils shrank and her eyes trembled. She broke out in a cold sweat and her heart turned cold instantly!

that’s the Supreme treasure of the Supreme holy ancestor, the Holy destroyer Pearl!

Yuan mengqing shrieked. Her hysterical voice was even scarier than seeing a ghost.

“Why are you shouting so loudly? Didn’t you want to give me three moves? This is only the first move!”

Chen Xiaobei laughed and looked at Yuan mengqing as if she was an idiot.

It was obvious that Yuan mengqing knew nothing about Chen Xiaobei’s trump card.

Yuan mengqing thought that with her cultivation, she could easily crush Chen Xiaobei. But she did not expect Chen Xiaobei to use such a terrifying killing move!

More importantly, Yuan mengqing could no longer remain calm at this critical moment. She could not even see the true nature of Chen Xiaobei’s attack.

In fact, this was a special ability that Chen Xiaobei had derived from consuming the Saint destroyer Orb’s fragments. It was not the actual Saint destroyer orb itself.

Because of that, Yuan mengqing was so scared that she almost peed her pants.

“Shua shua ... Shua shua ...”

Then, in her panic, Yuan mengqing used all her strength.

Countless Saint Origin Energy burst out from Yuan mengqing’s body like a meteor shower, and then merged into the surrounding formation.

Judging from the energy fluctuations, Yuan mengqing’s cultivation base had already reached the eight star divine ancestor realm. She was considered extremely powerful among the younger generation!

As Yuan mengqing’s Saint Origin Energy continued to flow into the formation, the energy fluctuation emitted by the formation began to rise!

At the same time, the formation was also burning the Saint Qi that it had already stored up. With the special effects of the formation, it was able to further enhance its power!

Thus, with the double augmentation, the power of the array was infinitely close to that of an early Nine Star divine ancestor!

In fact, with this array, Yuan mengqing was almost invincible among those at the same level as her eight star divine ancestor realm!

Unfortunately, they were pitifully weak in front of Chen Xiaobei's destruction superpower.

Chen Xiaobei's destruction ability was different from other abilities!

The level of the other special abilities was directly proportional to the level of the North Mystic sacred soul world.

As for the grade of the destruction attribute special ability, it was directly proportional to the amount of destruction energy! The more destructive power there was, the greater the lethality of the destruction Esper ability!

Earlier, Chen Xiaobei had used up all the Saint Qi in the ten thousand secret realms and converted it into two portions of nine-Star Peak-level Saint ancestral-level destruction energy!

This meant that Chen Xiaobei could activate the nine-Star Peak holy ancestor level destructive power twice!

The last time, when he wiped out the core senior members of the sky-burier Yuan sacred clan, Chen Xiaobei had already used up a portion of the destructive power.

Right now, Chen Xiaobei could still use his peak nine-star divine ancestor's destruction ability for the last time!

For a power of this level to crush Yuan mengqing was as easy as crushing an ant!

This was no longer a dragon-slaying saber used to kill a chicken, but a Saint-burying saber used to kill a chicken!

"Hiss ..."

Therefore, even though Yuan mengqing was trying her best to boost the formation's power, she could not help but gasp in fear. She could not remain calm.

"Heh, didn't you say you'd let me have three moves first?"

Chen Xiaobei laughed and looked at Yuan mengqing teasingly.

"I ... I ..."

Yuan mengqing was speechless and her face turned red. She felt as if she had been slapped in the face. It was so embarrassing.

After all, just a few seconds ago, Yuan mengqing swore that if she went back on her words and did not give Chen Xiaobei the three moves, she would be Chen Xiaobei's pet!

At this moment, Yuan mengqing had already gone back on her words and slapped her own face!

Yuan mengqing did not even dare to let Chen Xiaobei have half a move, let alone three!

This face slap was simply too loud!

“Whoosh ...”

Right at this moment, an extremely powerful aura pressure enveloped them!

A gap appeared in the array that covered the surroundings.

Then, a figure descended from the gap!

Obviously, Chen Xiaobei was not a person who would waste money. The reason why he used the destruction superpower's strongest effect was not just to deal with Yuan mengqing!

Don't forget that this was the core territory of the yuan Sage Race! It was Yuan mengqing's home ground!

Chen Xiaobei had already guessed that Yuan mengqing's identity was not simple!

Therefore, there would naturally be someone to protect Yuan mengqing!

That was the reason why Chen Xiaobei had to burn all the remaining destructive power, not to act cool, but to deal with the coming elites!

“Father!”

Yuan mengqing cheered excitedly. She retracted her Saint Origin Energy and rushed to the person's side as if she had found a life-saving straw. She heaved a sigh of relief.

With a backer, Yuan mengqing's confidence was boosted. “You little brat! My father is here! I'd like to see how many more waves you can make!”

When Chen Xiaobei heard this, he smiled and did not say anything.

Chapter 4769

4769 peace!

It was obvious that Chen Xiaobei had the trump card King's bomb in his hand. No matter who the enemy was, Chen Xiaobei would not be afraid!

It was not an exaggeration to say that if the nine-heart turtle ancestor dared to leave the ten thousand secret realm and come here, Chen Xiaobei would have used the king Bomb to blow him up!

And Yuan mengqing's father was obviously not comparable to the nine hearts turtle ancestor!

Because of that, Chen Xiaobei was very calm. Everything was under his control.

“What is your relationship with the Supreme holy ancestor?”

The person was a very domineering middle-aged man. His eyes were bright, and his eyebrows were sharp like swords. He was not angry, but he exuded an imposing aura.

One could tell from this aura that this person was definitely a core upper echelon of the yuan Sage Tribe!

In addition, Yuan mengqing, as his daughter, had already reached the level of an eight-star divine ancestor!

It was basically certain that the man who had just arrived was the core great elder of the yuan Sage Tribe! Yuan yang po!

And Yuan mengqing was the main character of this joust for a spouse event! She was the woman that the winner would marry!

It was obvious that Chen Xiaobei's repeated rejection of the joust for a spouse event had caused Yuan mengqing to feel defeated. It was no wonder that she was so angry!

But then again, the sense of defeat was only a small part of the reason why Yuan mengqing was so angry.

The main reason was Yuan mengqing's great ambition.

In order to obtain Chen Xiaobei's ultimate opportunity, Yuan mengqing did not hesitate to marry Chen Xiaobei. However, Chen Xiaobei rejected her marriage, and Yuan mengqing did not hesitate to turn against Chen Xiaobei!

To achieve their goals, they would do whatever it takes!

"Would you believe me if I told you that the Supreme holy ancestor is my little brother?"

Chen Xiaobei shrugged, his face calm and collected.

"You're crazy!"

Without waiting for Yuan yuanpo to answer, Yuan mengqing directly bared her teeth and complained, "How much fake wine did you drink? He could actually say such brainless words! The Supreme divine ancestor was the Supreme existence of this world! Such an existence would be your little brother? You should at least use your brain before you brag!" novelusb.com*m*

Even Yuan chanpo's face was filled with disdain. He despised Chen Xiaobei's bragging.

It was obvious that in Yuan mengqing and Yuan yuanpo's eyes, the Supreme divine ancestor was already a peak existence in the world!

Chen Xiaobei was only a five-star divine ancestor, not even an ant!

This was like a speck of dust saying that the universe was its little brother. It was simply ridiculous and foolish. No one would believe it!

However, if the Supreme holy ancestor was here, he would admit that he was Chen Xiaobei's underling without hesitation! He would blow up Yuan mengqing and Yuan yuanpo's faces!

In fact, not only was the Holy extermination Supreme holy ancestor Chen Xiaobei's little brother, but the life Holy Supreme holy ancestor was also Chen Xiaobei's little brother!

This was because the Holy extermination clan and the Holy life clan had formed an alliance with Chen Xiaobei, and the Holy life and Holy extermination Supreme divine ancestors had both elected Chen Xiaobei as their leader!

The relationship between the boss and the underling could be said to be clear at a glance.

In fact, the Holy Shi tribe might even join this Alliance.

If Yuan mengqing and Yuan Zupo knew that Chen Xiaobei not only had a Supreme divine ancestor as his little brother, but he also had three of them, their worldview would be shattered and they would start to doubt their lives! His face would be directly blown up!

“Young man! It’s not a good habit to act tough!”

I have some friendship with the Supreme divine ancestor,” Yuan qianpo said coldly. you’re being immoral by insulting him like this!

“Stop talking nonsense!”

Chen Xiaobei was too lazy to explain, so he said, “ I’ll give you a direct answer if I’m going to fight you or not! I’ve been waiting for a long time. If my hand trembled and I released my power, I’m afraid you’ll regret it!”

“You ...”

Yuan Zhen PO’s mouth twitched. She had never seen a young man as arrogant as Chen Xiaobei.

However, Yuan Xuan po knew that Chen Xiaobei did have the confidence to back up his arrogance!

Of course, that did not mean that Yuan chanpo was afraid of Chen Xiaobei!

“Young man! You’re too arrogant!”

Yuan Cheng po said solemnly, “ if you had the destruction Saint bead in your hand, I would have to admit defeat and beg for mercy. But, it’s a pity that what you have is only a ball of special energy. A peak nine-star sacred ancestor is very powerful, but my cultivation has also reached that level! Do you think I’m afraid of you?”

As the saying went, the older the wiser.

Yuan chanpo immediately saw the secret of the light ball in Chen Xiaobei’s hand.

Yuan Xuan po was able to become a core great elder of the yuan Sage Tribe, so he naturally had his own outstanding qualities!

Yuan chanpo was not afraid of Chen Xiaobei when they were at the same level!

“What? That’s just a ball of energy?”

Yuan mengqing only reacted at this moment and immediately scolded, “ To think that I thought you could really control the destruction orb! After all that, it was just a Bluff!”

Chen Xiaobei laughed, " hehe! You're talking as if you can beat me! I don't know who was the one who said just now that I'm the one who raised him if he doesn't give me three moves? Did you say that?"

"You ... Y-y-you ..."

Yuan mengqing was instantly rendered speechless. Her face flushed red and was burning.

When Chen Xiaobei had just attacked, Yuan mengqing was so scared that she almost peed her pants. She had used all her strength to defend herself.

She had the nerve to mock Chen Xiaobei for his Bluff.

This face slap was simply too loud!

"This ..."

At the same time, even Yuan Xuan po was ruthlessly slapped in the face.

After all, Yuan qianpo was Yuan mengqing's real father, but now, Yuan mengqing was raised by Wang Chen.

If this were to spread out, where would Yuan Cheng po put his old face?

"Stop talking nonsense!"

Chen Xiaobei had already lost his patience. "I'll ask you a second time, do you want to fight? It's a and?"

In an instant, a domineering aura was exuded from Chen Xiaobei's body.

Of course, it was only his aura. Chen Xiaobei did not deliberately release his aura. Otherwise, his aura alone would have been enough to kill Yuan mengqing and Yuan yuanpo!

After all, the yuan Sage clan and the sky-burier Yuan Sage clan were mortal enemies. If it was not necessary, Chen Xiaobei did not want to fall out with the yuan Sage clan!

"What ... What a powerful aura ..."

Even though Chen Xiaobei did not release his aura, Yuan mengqing still thought that Chen Xiaobei was extremely terrifying.

Yuan mengqing could feel a heavy mental pressure from Chen Xiaobei. She even mistook him for a divine ancestor!

"Peace! Of course, we can live in peace!"

Immediately after, Yuan Xuan po gave her own answer.

At the same time, Yuan Cheng PO's face was filled with shock, surprise, and disbelief. She was obviously shocked by Chen Xiaobei!

However, at the same time, an undetectable sinister look flashed across the depths of Yuan Cheng PO's eyes!

Chapter 4770

4770 ruthless!

“Whoosh ...”

Chen Xiaobei quickly dispelled the light ball in his hand.

It was not that Chen Xiaobei was so gullible that he believed Yuan chanpo’s words.

The main reason was that this was the core territory of the yuan Sage clan. If Chen Xiaobei refused to make peace, he would definitely be attacked by the yuan Sage Supreme divine ancestor.

Although Chen Xiaobei had Wang Zha to defeat the Supreme divine ancestor, he would lose Wang Zha after the victory. It would be a huge loss for Chen Xiaobei!

Furthermore, the yuan Sage Tribe was still Chen Xiaobei’s potential ally. He did not want to completely fall out with them.

So, Chen Xiaobei chose to accept Yuan Cheng PO’s peaceful suggestion.

This was the most beneficial decision.

As for yuanpin po, Chen Xiaobei did not trust her. If there were any changes in the future, it would not be too late for Chen Xiaobei to use the Wang bomb to deal with it. There was no need to fight with everything he had!

“Good, good, good! That’s great!”

Yuan qianpo instantly revealed a wide smile, “ it’s my honor to be able to turn hostility into friendship with young master Chen. If young master Chen doesn’t mind, please come to my Palace to rest and witness the Grand occasion of the martial arts competition tomorrow!

Childe Chen?”

Chen Xiaobei’s eyes narrowed. These three words alone proved that Yuan chanpo had been paying attention to Chen Xiaobei for a long time. So, there was no need for an introduction to recognize Chen Xiaobei.

Chen Xiaobei was even more cautious and alert now.

As the saying goes, like father like daughter!

From Yuan mengqing’s personality, one could guess that Yuan Cheng po was also an extremely ambitious and ruthless person!

She could even threaten Chen Xiaobei’s life.

no need. I’m planning to walk around the city by myself. I’ll naturally be there to watch the martial arts tournament tomorrow!

Chen Xiaobei said.

“This ...”

Yuan chanpo did not want to threaten Chen Xiaobei, so he agreed, " "Alright! I'll reserve a seat for you tomorrow, young master Chen. We'll be waiting for your arrival!"

"Well, that's it then." Chen Xiaobei shrugged and left the courtyard.

After Chen Xiaobei had left ...

Yuan mengqing immediately retorted, " "Father! How could you just let Chen Xiaobei go like this? What if he runs away?"

"You think I don't want to catch him?"

The smile on Yuan Cheng PO's face instantly disappeared. He coldly said, " "You've really underestimated this Chen Xiaobei! I'm afraid even I can't withstand the power he just used!"

"What? This ... How is this possible?" Hearing this, Yuan mengqing was dumbfounded.

father, you're already a peak nine-star divine ancestor! Why are you afraid of others when you're at the same level?!

what do you know!?

Yuan Cheng po said seriously, " that's the special ability of the destruction Saint orb. Although it's at the same level as me, its quality has already reached the Supreme Saint ancestor level. It's far better than me! More importantly, I don't know the specific effects of this special ability at all. If I fight rashly, the odds of winning aren't high, and I might even fail miserably in an easy task!"

It had to be said that Yuan Cheng po was really cautious and had a high IQ!

The main point was that the truth was exactly as he had expected!

Although Yuan Xuan po was a peak nine-star divine ancestor, he definitely had his own trump card and wasn't afraid of a battle between people of the same level!

However, Chen Xiaobei's Saint destroyer Orb's power was at the highest Saint ancestral level. It could defeat those of the same level!

In this way, Yuan Xuan po and his own trump cards might be able to resist the lethality and destructive power of the special ability!

However, Yuan Cheng po had no idea about the specific effects of the special ability!

In other words, Chen Xiaobei's Saint destroyer orb had one more trump card!

Yuan Amber had calculated this and decided to live in peace with Chen Xiaobei!

If not for that, Yuan chanpo would not have let Chen Xiaobei go!

Based on this small matter alone, Yuan Xuan po alone had already surpassed all the core upper echelons of the sky burying Yuan sacred clan!

This was because when Chen Xiaobei was fighting with the core senior members of the sky-burier Yuan sacred clan, they did not expect that the effect of their special ability would be such a crucial factor. In the end, Chen Xiaobei had wiped them out!

From this, it could be seen that Yuan Cheng PO's intelligence was high, and he was extremely cunning. He was definitely very difficult to deal with!

Of course, the core upper echelons of the sky burying Yuan sacred clan were not stupid. They might have thought of the main point of the special ability's effect!

However, they had been trapped in Chen Xiaobei's chaotic space and had to fight to the death. So, even if they saw the main point, they had to fight Chen Xiaobei to the end.

That was the reason why Chen Xiaobei had wiped out all the core senior members of the sky burying Yuan sacred clan.

And now, Yuan Xuan po was able to hold Chen Xiaobei back and escape unscathed from a sure-lose situation. It was obvious that he was superior to the core upper echelons of the sky burial Yuan sacred clan!

"But, father, if we let this kid go, it'll be like looking for a needle in a haystack if we want to catch him again!"

Yuan mengqing's brows were tightly knitted together. She seemed to be very regretful and unwilling.

"I won't!"

no! Yuan qianpo shook her head and said, " why did Chen Xiaobei come? " Wasn't it all for the sake of the joust for a spouse event tomorrow? I'm sure he'll appear again tomorrow!" movelusb.com **M**

"Will you?"

no! Yuan mengqing shook her head heavily and said, " but I've already made it clear that he should participate in tomorrow's groom search, but he has rejected me time and time again!

Yuan qianpo shook his head and said indifferently, " "He just didn't want to compete, he didn't refuse to watch! I said I'd leave a seat for him and he agreed!"

"Father!" Yuan mengqing frowned. Chen Xiaobei's a Rascal! He's harder to catch than a Loach! How can you believe his nonsense?"

"What's wrong? Do you think he won't come tomorrow?" Yuan Cheng po asked.

"As long as he's not an idiot, he won't come tomorrow!"

Yuan mengqing said in a deep voice,"almost all the big shots who will be there tomorrow want to capture him to obtain the Supreme opportunity!" If he dared to come, wouldn't he be sending a sheep into a pack of wolves? You'll be gnawed until not even your bones are left!"

"This might not be the case!"

Yuan Cheng po, however, shook his head and said, " "As you said, this kid is more cunning than a mudfish! The Saint burial's Supreme sacred ancestor had been trying to catch him for so long, but he still hadn't caught him! I'm guessing he must have some means of self-protection! It won't easily fall into the hands of others!"

well ... Yuan mengqing was stunned for a moment and then nodded."Father, what you said makes sense ..."

"Now, we can only wait and see!"

Yuan Cheng po said, " anyway, remember one thing. If we can't get it, we must find an opportunity to destroy it!!!
