

## Envelope 4781

Chapter 4781

4781 Nine Swords!

“Yeah!”

The surrounding people also asked questions in confusion.

“The daughter of a Yuan Sage is known as the number one genius among the younger generation! Since we’re going to explore the ruins today, how can she not have a share?”

although this is a martial arts contest for marriage and women should avoid arousing suspicion, a heroine like the daughter of a Yuan Sage should not be bothered by trifles!

Yuan Sage, don’t tell me you have some other special scheme up your sleeve!?

.....

All the Supreme divine ancestors present looked at the yuan Sage Supreme divine ancestor with suspicion.

Without a doubt, none of these people were easy to fool. They would only give up after getting a reasonable explanation!

“To tell you the truth, my daughter has already entered the ruins and has been studying how to open the core array!”

The yuan Sage Supreme divine ancestor answered.

The surrounding Supreme divine ancestors were all surprised.

However, after thinking about it carefully, this was completely reasonable.

After all, the formation was extremely special and of a high level. It could contain a huge opportunity!

The yuan Sage Supreme divine ancestor would not share such a good thing with others so easily!

To put it bluntly, the yuan Sage Supreme divine ancestor, his daughter, and most of the core upper echelons of the yuan Sage Tribe had already entered the ruins! However, they were all helpless against the magical formation at the core!

This was the reason why the yuan Sage Supreme divine ancestor had placed his hopes on someone else to activate the array and why the martial arts competition had ended up in the finals!

To put it bluntly, it was not allowed for his own people. Otherwise, the yuan Sage Supreme divine ancestor would definitely not let his fertile water flow into others’ fields!

this is the first time we’ve seen something like this!

“The bride of the joust for a spouse Festival actually has to compete with the groom? this is truly unprecedented!” The paramount holy ancestor laughed.

The first holy ancestor also laughed, "If the yuan Sage's daughter wins in the end, wouldn't the other participants be in an awkward position? Hahaha ..."

The expressions of the surrounding Supreme divine ancestors changed slightly.

They were all smart people and could naturally guess that the yuan Sage Supreme divine ancestor had already given his daughter the Supreme treasure of the yuan Sage Race!

More importantly, the daughter of a Yuan Sage Supreme divine ancestor had always been recognized as the number one genius among the younger generation!

This way, the daughter of a Yuan Sage Supreme divine ancestor would definitely be a great competitor!

The final winner might really be the daughter of a Yuan Sage Supreme divine ancestor!

If that was the case, then the other participants, as well as the Supreme divine ancestors behind them, would be completely disgraced and even become a laughing stock!

At the thought of this, everyone secretly cursed the yuan Sage Supreme divine ancestor for being a cunning old fox!

In the beginning, the yuan Sage Supreme divine ancestor had never mentioned that his daughter was in the ruins, nor had he reminded the other participants to bring their Supreme treasures in!

This was equivalent to digging a huge pit for all the participants to jump into!

Even if the daughter of a Yuan Sage Supreme divine ancestor failed to activate the core array in the end, she would still be able to crush the other participants with the Supreme magical treasure in her hands and take the final opportunity for herself!

This showed that the yuan Sage Supreme divine ancestor's schemes were very, very deep, and he had almost schemed against everyone!

To put it bluntly, all the participants would become the tools of the yuan Sage Supreme divine ancestor!

Any opportunity obtained by any participant would eventually fall into the hands of the daughter of a Yuan Sage Supreme divine ancestor!

This wishful thinking was really too much!

However, Chen Xiaobei's appearance had messed up the Supreme divine ancestor's rhythm.

Out of wariness against Chen Xiaobei, all the Supreme divine ancestors had given their contestants their Supreme magical treasures!

This way, even if he were to face the daughter of a Yuan Sage Supreme divine ancestor, he would still be able to maintain a certain level of competitiveness and would not be crushed by the other party and have his opportunities snatched away!

So, Chen Xiaobei's appearance had completely destroyed the yuan Sage Supreme divine ancestor's plan!

However, at this moment, from the yuan Sage Supreme divine ancestor's expression and reaction, he was still calm and composed, as if he did not care about the changes that Chen Xiaobei had brought!

The Supreme divine ancestors didn't say anything about how things had developed.

The various Supreme divine ancestors had seen through the yuan Sage Supreme divine ancestor's scheme. However, the situation had already changed, and they had a chance of winning. The key was to see who would have the last laugh!

Therefore, none of the Supreme divine ancestors tried to expose the yuan Sage Supreme divine ancestor.

Thus, everyone lived together in peace and looked at the live broadcast screen in the sky.

.....

All the participants had passed through the portal and entered the independent space of the competition.

However, he did not see the daughter of a Yuan Sage Supreme divine ancestor in this independent space.

This also meant that there might be other spaces outside of this independent space!

I heard that we have to complete some tests before we can go to the core of the ruins!

Xuantaizong narrowed his eyes and carefully observed his surroundings. At the same time, his right hand tightly held the profound Sage tribe's Supreme magical treasure, the profound secrets heavenly net, and his entire body was on high alert.

"Don't be nervous!"

The Supreme holy ancestor had an indifferent expression on his face as he said, "We're all the top combat power of the younger generation! Is there any test that can stump us?"

"This might not be the case!"

Wu Yuji's eyes narrowed and he said in a deep voice, "Don't forget that even someone as powerful as the yuan Sage Supreme divine ancestor has yet to activate the array at the core! From another point of view, the yuan Sage Supreme divine ancestor probably didn't pass the final test!"

Everyone's expression changed instantly.

It could be seen that xuantai sect was cautious, Ji Haoyuan was arrogant, and Wu Yuji was very smart!

At this moment, Jade-less machine's analysis reminded everyone.

The test here was definitely not one that could be passed with one hundred percent certainty.

Otherwise, the yuan Sage Supreme divine ancestor would have already taken the core opportunity and none of this would have happened.

"Whoosh ..."

Then, in the middle of this independent space, a dark pillar of holy light appeared.

has it started!?

All of a sudden, everyone's eyes immediately focused on him.

Whoosh ... Whoosh ... Whoosh ...

Following that, the pillar of holy light continued to change, revealing an extremely majestic dragon-headed Holy senior's Dharma form!

"Clang! Clang! Clang ..."

Immediately after, nine extreme Holy shadows shot out from the Dragon-headed Dharma form!

With the sound of air being torn apart, nine sharp swords appeared and slashed at the nine participants!

Chapter 4782

4782 ridicule!

my God ... What a fast sword!!!

Seeing this scene, the people around them immediately exclaimed.

"Whoosh! Whoosh! Whoosh ..."

Although the danger was sudden, all the participants were top geniuses who had experienced hundreds of battles. They were ready to fight back at the first moment!

All the people holding supreme dharma Treasures raised their King bombs without hesitation!

In their eyes, the Supreme sacred ancestor level was the highest level of power in the world!

Therefore, at this moment, anyone who had a Supreme treasure in their hands was very calm and not flustered at all!

And those who did not have Supreme magical treasures could be divided into two situations!

The first was mie shikong and the annihilation Emperor Qilin. These two guys didn't have any intention of resisting and counterattacking. They used their fastest speed to hide behind the life separation Gu.

Because the Holy extermination clan and holy life clan were both members of the beixuan Alliance, Sheng lishang would definitely protect mie shikong and the sovereign annihilation Qilin!

However, this small detail was captured by the smart people present!

Chen Xiaobei was the leader of the beixuan Alliance!

In the face of danger, mieshi Kong and the Emperor-killing scale did not choose to hide behind Chen Xiaobei but behind the life separation dagger!

It was as if Chen Xiaobei, the alliance leader, was telling everyone that he was not as strong as the life separation Gu!

This was more or less a slap to Chen Xiaobei's face!

In the eyes of those who were more observant, Chen Xiaobei's capabilities would be even more suspicious. Was this beixuan Alliance leader the real deal? Or was he acting?

However, unlike mie shikong and mie huanglin, even though Chen Xiaobei and do Zhen did not have any Supreme magical treasures in their hands, they did not have any intention of dodging the holy sword that came at them!

Chen Xiaobei and do Jin did not even plan to block the attack.

It was as if he wanted to let the sharp sword cut his body.

are these two guys crazy!?

All the participants were in disbelief when they saw this.

At the same time, the Supreme divine ancestors and the billions of spectators in the real world were all dumbfounded and confused.

Only the yuan Sage Supreme divine ancestor looked calm. However, his eyes were fixed on Chen Xiaobei and do Jin. He was paying the most attention to the two participants with the lowest cultivation!

“Clang! Clang!”

The next moment, just as the sword was about to hit Chen Xiaobei and do Jin, it suddenly drew an arc, turned sharply downward, and stabbed into the ground in front of them!

More than half of the sword’s body was buried in the ground, and then it settled down firmly. After that, there were no other strange movements.

“Clang clang clang ...”

Immediately after, the remaining Seven Swords stabbed into the ground in front of the other seven contestants.

Similarly, half of the sword body was buried into the ground, apart from that, there was no other movement.

“This ... This, this, this ...”

Seeing this, the other seven participants couldn’t help but reveal extremely embarrassed expressions.

Just a second ago, they were laughing at Chen Xiaobei and do Jin for being crazy!

However, at this moment, they realized that they were the ones who were laughed at! He was so frightened by a harmless sword of Holy splendor that he was so nervous that he even directly used his King’s bomb!

Such a reaction showed that they were very timid and did not have any self-control at all. They were also making a big fuss over a small issue!

Even though this was only a small detail!

However, at this moment, the seven Supreme Holy ancestors and the hundreds of millions of spectators were watching!

Any small detail would be magnified infinitely!

Because of this, the other seven participants felt very embarrassed and embarrassed.

Mieshi Kong and the annihilation Emperor scale, in particular, were blushing and their cheeks were burning. They even felt ashamed.

At this moment, every participant represented the Supreme sacred ancestor behind them and the Supreme race!

If a participant lost face, the Supreme divine ancestor and race behind him would lose face as well!

The Supreme holy ancestor's mouth twitched in embarrassment, and he wished he could find a hole to hide in!

If he had known that this would happen, he would have decisively asked mie shikong and the annihilation Emperor scale to give up just now so that they wouldn't embarrass themselves in public!

At the same time, the Supreme holy ancestor also thought of his most valued disciple, mie xuanling!

In terms of talent, mie xuanling was definitely far superior to mie shikong and the annihilation Emperor scale!

However, mie xuanling's cultivation level was not as high as theirs. Besides, she had been taken away by Chen Xiaobei and had not returned to the Supreme holy ancestor's side!

More importantly, mie xuanling was a woman and could not participate in the joust for a spouse Festival!

If it weren't for these restrictions, the Supreme holy ancestor would definitely want mie xuanling to participate!

Even though mie xuanling was a woman, she wouldn't hide behind someone else in such a dangerous situation like mie shikong and the annihilation Emperor scale!

It was really embarrassing!

"Pfft ..."

Upon seeing this, the Supreme holy ancestor immediately sneered, "Holy extermination, your two personal disciples are too cowardly! Since he was such a coward, why didn't he just forfeit? Now, he had become the laughingstock of the entire ancestral sanctuary! Isn't this a slap to your old face? Hahaha ..."

this ... the Supreme Holy extermination Saint was stunned and embarrassed.

The surrounding Supreme Holy ancestors all laughed silently at this scene. They all looked at the Supreme holy ancestor of the Holy extermination clan with mockery and ridicule.

**BOOM! BOOM!**

However, at this moment, there was a terrifying uproar on the livestream screen.

Everyone was shocked and immediately focused their attention on it.

boom boom boom!!!

The Supreme treasure of the Supreme Saint tribe, the Supreme Dao blood marrow, was floating in front of Ji Haoyuan. It was surrounded by an extremely intense energy fluctuation. It was as if it was trembling and distorting even if it lost control!

“Ji Haoyuan! Are you crazy?”

At the side, xuantaizong and Wu Yuji both revealed an expression of disbelief and shouted, “This holy sword is of no threat to us! How did you activate the power of the extreme blood marrow?”

“I ... I ...”

Ji Haoyuan was stunned and said, “I was nervous and didn’t control the extreme blood marrow well. I accidentally activated its power ...”

“This ...”

Xuantaizong and Jade-less machine were stunned by the answer.

Chen Xiaobei could not help but laugh, “heh, I didn’t expect that the person with the least courage and the worst psychological quality among us would be young master Ji Haoyuan!

Everyone in the beixuan Alliance laughed at his words.

At the same time, the Supreme Holy ancestors’ expressions changed drastically upon seeing this, and it was a spectacular sight!

Chapter 4783

4783 counterattack!

“Supreme Saint! Your son is too timid! Just the slightest movement was enough to activate the power of a Supreme sacred ancestor! He’s far worse than my two good-for-nothing disciples!”

The corners of the Holy extermination Supreme holy ancestor’s mouth curled up, and he mimicked the tone of the Supreme holy ancestor.

He continued to taunt, “furthermore, not only is he timid, his reaction is also half a beat slower than others!” The sword had already been on the ground for a few seconds, and he had only activated its power now. Was there something wrong with his brain? Hahaha ...”

It was obvious that Ji Haoyuan had been really frightened by the holy sword. He had been too nervous, which had led to his mistake!

Originally, this was also something that could be understood!

The only person to blame was the Supreme holy ancestor himself. He had just ridiculed the Supreme holy ancestor in public, causing him to lose face and face!

How could a figure like the Supreme Holy extermination possibly swallow this down?

At this moment, the Supreme holy ancestor had retaliated with both principal and interest, making the Supreme holy ancestor even more embarrassed!

“You ...”

The Supreme holy ancestor’s face contorted, and he was so depressed that he wanted to vomit blood. At the same time, his ears were red, and his face was burning hot. He wanted nothing more than to find a hole and hide in it!

This face slap was simply too loud!

The life Saint Supreme divine ancestor, who was also a member of the beixuan Alliance, sneered. “As we all know, mieshi Kong and Emperor-killing Kylin aren’t the most outstanding personal disciples of Saint destroyer, so it’s fine for them to make a fool of themselves! However, Ji Haoyuan was the son of the Supreme Saint and the future master of the Supreme Saint tribe! You’ve been humiliated in public, and the entire clan has been humiliated!”

“This ... This, this, this ...”

When the Supreme holy ancestor heard this, not only did his face contort, but it also alternated between red and green. He felt as if he had just eaten a pile of sh \* t, and he was extremely depressed.

The hundreds of millions of spectators couldn’t help but sneer at this scene. Just a moment ago, they had been laughing at the Holy extermination Supreme holy ancestor. Now, almost everyone was laughing at the Supreme holy ancestor. They were treating Ji Haoyuan as a big joke!

After all, mie shikong and the annihilation Emperor Qilin were just cowards!

However, Ji Haoyuan was not only timid, but his reaction was also slow. He didn’t look very smart and was obviously much more laughable than mie shikong and the destruction Emperor scale!

.....

At the same time, in the ruins.

The giant dragon-headed Dharma form opened its mouth and said solemnly, “Everyone, please use your best strength to pull out the sharp swords in front of you! Those who can draw the sword will be considered to have passed the first test!”

As soon as he said that, all the participants immediately looked serious.

It turned out that these Holy swords were the content of the first test. Pulling out the sword would be considered a pass!

It didn’t seem too difficult!

“Heavens!”

However, at this moment, everyone’s eyes focused on the sharp sword in front of Ji Haoyuan!

No one, including Chen Xiaobei, could have expected this! [movelusb.com](http://movelusb.com)

After being bombarded by the Supreme power of the extreme blood marrow, the area was still intact!

Not only was the holy sword still in its original spot, it did not move at all! Even the surrounding floor did not show any signs of cracking!

This was very, very terrifying!

One had to know that the extreme blood marrow was a Supreme treasure of the extreme Saint clan. The power it had just unleashed was also at the level of a Supreme divine ancestor!

In other words, the power of a Supreme sacred ancestor couldn't destroy anything in this space!

Whether it was the holy sword or the spatial dimension laws, they were both higher than the Supreme sacred ancestor level!

All of a sudden, everyone was stunned!

Even the Supreme divine ancestors who were watching this scene were shocked!

This was because, in the consciousness of most people, the Supreme divine ancestor level was the highest level in the world!

There was absolutely no existence higher than the venerated forefather!

However, the scene that appeared in front of their eyes had directly subverted their three views! He had clearly told everyone! In this world, there were indeed existences that surpassed the Supreme divine ancestor!

If they hadn't seen it with their own eyes, they wouldn't have believed it!

However, at this moment, the facts spoke louder than words, and everyone had to believe it!

"Yuan Sage! What ... What's going on with this ruin?" The Supreme holy ancestor asked impatiently.

All of the Supreme divine ancestors perked up their ears.

"As you can see, the comprehensive level of this ruin is above the Supreme divine ancestor!"

"From the sword drawing test at the beginning to the protective array at the end, every test is above the Supreme divine ancestor!" The Yuan Sage Supreme divine ancestor said. He had to have his most outstanding performance to clear the game! Otherwise, even if you can use the power of a Supreme sacred ancestor, you won't be able to force your way through!"

All of the Supreme divine ancestors were shocked by this!

Of course, after thinking about it carefully, this was completely reasonable!

Otherwise, with the strength of a Yuan Sage Supreme divine ancestor, he would have already broken the core array with brute force and obtained the final opportunity!

It was precisely because the level of the core array was higher than the Supreme holy ancestor's level!

Therefore, the Yuan Sage Supreme divine ancestor was powerless and could only place his hopes on the top geniuses of the younger generation to try and pass the test and obtain the final opportunity!

As a result, there was today's martial arts competition!

"Since that's the case, we shouldn't let the younger generation in! We should be the ones going in!"

The Supreme holy ancestor slammed the table and stood up. His tone was extremely serious, and there was a hint of anxiety in his voice.

It was obvious that the Supreme Holy paramount divine ancestor was worried that Ji Haoyuan would encounter some danger in such a top-notch ruin. As his father, he would not be able to accept it!

“Supreme Saint, please calm down!”

The yuan Sage Supreme divine ancestor said indifferently, “I’ve already made it very clear that after entering the ruins, it’s not about who has the higher cultivation and strength to pass! It’s all about luck!”

“To put it bluntly, even if the few of us enter the remains, we may not be able to obtain better results! So, let’s just calm down and watch the children’s performance! What do you think?”

It was obvious that the yuan Sage Supreme divine ancestor’s words were only a superficial courtesy!

The level of this ruin was so shocking, so the final opportunity must be extremely important!

Therefore, the yuan Sage Supreme divine ancestor would definitely not allow other Supreme divine ancestors to enter!

The yuan Sage Supreme divine ancestor had even planned to let these juniors enter, which was to let her daughter snatch the final opportunity!

From this, it could be seen that the yuan Sage Supreme divine ancestor had already planned this out clearly and had taken every step in order to gain the upper hand! Naturally, he couldn’t let the other Supreme divine ancestors interfere!

Chapter 4784

4784 simple!

“It’s fine ...”

The Supreme holy ancestor wasn’t stupid. Although he was a little anxious, he knew that he didn’t have the initiative. He couldn’t decide the rules of the game.

He could only follow the yuan Sage Supreme divine ancestor’s plan for the time being.

Within the ruins.

All the participants had calmed down from their state of shock.

“Even the power of a Supreme sacred ancestor can’t break the ground. It seems like we can only pull out these swords with our own strength!”

Jade-less machine composed himself and came to a definite conclusion.

Everyone around him nodded in agreement.

Although some of them had Supreme sacred ancestor level Dharma Treasures, they were completely useless here.

Whether he could clear the game or not, he could only rely on himself!

“I’ll try it first!”

Ji Haoyuan was the first to step forward impatiently.

After all, he had just lost face. Ji Haoyuan was eager to perform well to regain his face.

“Don’t rush!”

However, at this moment, Wu Yuji stopped Ji Haoyuan.

He said in a deep voice, “things won’t be that simple. Let someone else try first!” After that, we’ll make our move!” [move1usb.com](http://move1usb.com)

“Well said!” Xuantaizong immediately nodded in agreement.

then ... Alright ... Ji Haoyuan nodded and listened to the suggestion.

After all, the three of them had already formed a three-Race Alliance before they came in. Ji Haoyuan had to take care of his allies’ feelings, so he could only agree to the suggestion.

Otherwise, with Ji Haoyuan’s impulsive and boorish character, he would definitely not listen to others’ advice.

“Then who should go first?” Ji Haoyuan scanned the surroundings.

Now, there were only five people from beixuan Alliance left on the other side, as well as do Jin, who had not clearly formed an alliance with anyone.

Persimmons naturally had to be crushed by the soft ones!

“Kid!”

Ji Haoyuan gave do Jin a sidelong glance with an extremely domineering gaze and ordered, “Draw your sword immediately! Let’s see what mysteries this test has!”

Chen Xiaobei furrowed his brows.

Other people might not know do Jin well, but Chen Xiaobei and do Jin had met in private and even formed an alliance!

Chen Xiaobei knew that do Jin was not as simple as he looked!

So, Chen Xiaobei was very curious to see do Jin’s reaction!

With Chen Xiaobei’s personality, he would not have let Ji Haoyuan get on his bad side. He would have fought back!

“Alright!”

However, at that moment, do Jin had a harmless expression on his face. He nodded and was about to reach out to pull out his sword.

He didn’t show any dissatisfaction or emotion at all.

“At least you know what’s good for you!”

When Ji Haoyuan saw that do Jin was so obedient to him, he couldn't help but raise his chin and said pretentiously, "Perform well! If you can successfully pull out the sword in front of you! I'll make an exception and take you in as my little brother. From now on, you'll follow me ..."

"Swish!"

At this moment, before Ji Haoyuan could finish his words!

With a light sound, do Jin had already pulled out the sharp sword in front of him.

The key was that it looked like it was real. There was no difficulty at all, and it was even easier than pulling grass.

In fact, before most of the people could even react, do Jin had already pulled out his sword!

"This ... Isn't this too simple?"

Seeing this, Ji Haoyuan immediately smiled. He raised his chin and said, "Jade-free machine! You think you're smart? In fact, he was thinking too much! It was such a simple test, yet he still needed to find someone else to try it first! It was like taking off his pants and farting! That's unnecessary!"

this ... Jade-free machine was stunned and speechless.

Obviously, the Jade-less machine was indeed smart. Letting someone else try it first was definitely a good decision.

However, at that moment, when he saw do Jin pull out his sword so easily, Jade-free machine's originally correct decision inevitably became an unnecessary move.

Most importantly, Ji Haoyuan had even used the word 'taking off my pants and farting' to describe Wu Yuji's decision.

In an instant, Jade-less machine felt very embarrassed.

The scene in front of him was also seen by everyone in the real world.

Naturally, the Supreme holy ancestor's face also turned dark, and he was quite displeased.

"Alright!"

Seeing this, xuantaizong hurriedly tried to smooth things over, Ji Haoyuan, don't talk so much. This Jade-free machine is for your own good!

"Alright, alright, alright! Just take it as for my own good! That's not important!"

Ji Haoyuan laughed disdainfully. With an arrogant look on his face, he raised his chin and said, "Get out of the way! Now, it's my turn to draw my sword!"

As soon as he said this, a trace of unnoticeable displeasure flashed across Wu Yuji and xuantaizong's eyes.

Obviously, Ji Haoyuan's attitude did not give any face to Wu Yuji and xuantai sect!

They were all peerless geniuses at the top of the younger generation, so they naturally had a sense of pride in their hearts!

Therefore, no one owed anyone anything! No one was convinced of the other!

If not for the existence of the Alliance of the three races, Wu Yuji and xuantai sect would have fallen out with Ji Haoyuan directly!

However, Ji Haoyuan did not seem to have considered this.

He continued to do what he wanted and reached out to grab the hilt of the sword in front of him.

“Rise!”

Ji Haoyuan raised his chin, smiled pretentiously, and said the word ‘up’.

According to Ji Haoyuan’s thoughts, he should have easily pulled out the sword in front of him just like do Jin!

However, the reality was that the sharp sword did not move at all!

“This ...”

Ji Haoyuan was stunned on the spot. He instantly failed to act cool, and he was extremely embarrassed.

“Up ... Up, up, up ...”

Immediately after, Ji Haoyuan instantly circulated his Saint Origin Energy and used all his strength to pull out his sword.

From the energy fluctuations, it could be seen that Ji Haoyuan’s cultivation base had reached the level of a Nine Star divine ancestor!

Among the younger generation, this level of cultivation was absolutely the top existence! No wonder he was so arrogant!

However!

Even though Ji Haoyuan had exhausted all his strength, the sharp sword in front of him did not move at all. It showed no signs of being pulled out.

In an instant, Ji Haoyuan’s face turned the color of a pig’s liver!

He was so embarrassed that he wanted to find a hole to hide in!

what ... What’s going on???? ”

After struggling for a moment, Ji Haoyuan released his hands with extreme embarrassment and depression. He then looked at the Jade-less machine with a blank expression.

Jade-free machine was expressionless and only asked indifferently, ” “Didn’t you just say that this test was very simple? You could have just pulled out your sword, why ask me? Don’t tell me that you also like to take off your pants and fart?”

I ... You ... This ... upon hearing this, Ji Haoyuan's face turned green. The expression on his face was extremely interesting!

Chapter 4785

4785 I don't dare!

"Pa!"

The result was like a loud slap on Ji Haoyuan's face!

The slap left him dumbfounded, speechless, extremely embarrassed, and completely disgraced!

The Supreme Holy paramount divine ancestor was also extremely embarrassed when he saw this. He really wanted Ji Haoyuan to give up right now and stop embarrassing himself!

At the same time, a sneer appeared on the Supreme holy ancestor's face as he enjoyed the show!

Within the ruins.

"Jade-free machine! Don't be angry!"

Xuantaizong continued to play the role of a peacemaker and said in a deep voice, "The key now is to join hands to clear the game! The three of us can't fight among ourselves!"

After hearing this, Ji Haoyuan lowered his head slightly and said, "Wu Yuji, I was the one who offended you with my words just now. I apologize to you. Is that okay?"

"Mm ..."

Wu Yuji also knew the severity of the situation. After taking back his breath, he did not intend to continue pestering him.

He turned to look at Do Jin and asked solemnly, "Little brat! How did you pull this sword out?"

Do Jin had a harmless smile on his face as he said, "That's simple. The Dragon-headed saint's Dharma form has already made it clear. Everyone, use the power that you're best at to draw your swords!"

"The best?"

Wu Yuji thought for a moment and immediately said, "I understand!"

"Whoosh ..."

After saying that, Jade-less machine activated the special ability of the No saint tribe, spatial silence!

Then, he gathered the power of his special ability in his palm.

Crack ... Crack ... Crack ...

Then, Jade-less machine held the sword with one hand and pulled it up with force.

Following the commotion, the ground began to crack.

Although he still could not pull out the sword, at least the direction of his efforts had been confirmed!

rise!!!

With a blood-boiling battle cry, Jade-less machine activated its power to the limit.

He held the sword with both hands and used all his strength. His whole body began to tremble, and the veins on his forehead even popped out. He gritted his teeth so hard that it sounded like his molars were about to be crushed!

“Clang!!!” *novelusb.com*

Finally, with Jade-less machine’s full effort, the sharp sword was pulled out!

“Phew ... Phew ...”

Wu Yuji gasped for air, his lips trembling. He sighed from the bottom of his heart, “I’ve finally succeeded! I feel like I’ve used up all my strength! Just a little more and I would have failed!”

“This ...”

The surrounding participants were all shocked by the scene before them.

“How did this happen? That kid who called him “real” just now had clearly pulled out the sword with ease! Why is it so difficult to get a Jade-free chance?”

Xuantaizong and Ji Haoyuan were dumbfounded, their faces full of confusion.

At the same time, beixuan Alliance’s life separation evil, Shi hengtian, mie shikong, and mie huanglin were also at a loss. They couldn’t think of a reason at all!

Chen Xiaobei was the only one who could see through the mystery!

Of course, other than Chen Xiaobei, the Jade-less machine had also noticed the key points!

“Whether you can pull out the sword or not has nothing to do with your cultivation! It’s about the ability that a person is best at, and what level they can reach!”

let me give you an example,” Wu Yuji explained. it’s the same special ability of my no saint tribe. The higher my level of comprehension is, the higher the chance of drawing the sword! On the other hand, even if someone’s cultivation is higher than mine, their level of comprehension isn’t as high as mine, and their chances of drawing the sword are also lower than mine!”

“I see!”

When everyone heard this, they finally understood.

Thus, everyone began to try.

Everyone present was the top geniuses of the younger generation. They naturally had a deep understanding of their own race’s abilities, far beyond the average Clansman!

However, the level of this ruin was extremely high, so the test for everyone was naturally extremely harsh!

For example, Jade-less machine was an absolute genius. His level of comprehension of spatial nothingness was probably one of the best in the No saint tribe!

And when he pulled out the sword just now, it seemed extremely difficult, and he almost couldn't pull it out!

From this, it could be seen that this test was actually very harsh!

"Uh ... Uh ah ..."

Sure enough, other than Chen Xiaobei, every other participant in the arena was using all their strength. The sound of them struggling could be heard!

One could see that xuantaizong, Ji Haoyuan, and Sheng liyao were all in the same state as the Jade-less machine when they drew their swords!

It could be seen that their talents were at the top of the ladder among the crowd. Their comprehension of the special abilities of their respective races was also very high!

Next, Shi hengtian was considered to be the talent of the second group! Although he had also pulled out his sword, it was obviously more difficult than the first team! It was clear that his talent and comprehension of special abilities were slightly lower!

As for mieshi Kong and the annihilation Emperor scale, they were the talents of the third-echelon team!

Even after the others had drawn their swords, the two of them were still struggling with all their might. They even looked like they were about to fail!

Under the same circumstances, if mie xuanling were to draw the sword, she would definitely be able to reach the level of the first-level team, or even surpass them!

"Clang! Clang!"

However, although mieshi Kong and the annihilation Emperor scale weren't the most talented, they were still the first and second direct disciples of the Supreme Saint ancestor, after all. They were actually quite talented!

Finally, the two of them exhausted all their strength and were on the verge of collapsing when they finally pulled out their respective swords.

Although he was in a sorry state, he had passed the test!

"North Mystic Divine ancestor! Why aren't you drawing your sword?"

After everyone had successfully pulled out their swords, Chen Xiaobei was still standing there, motionless.

"Me?"

Chen Xiaobei calmed himself down and said, "I wanted to see everyone's strength first, so I didn't have time to make a move."

It was obvious that Chen Xiaobei had been keeping a low profile and observing in secret, hoping that he would be able to win a hundred battles by knowing himself and his enemy!

By now, Chen Xiaobei had seen through everyone's talent and cultivation. He had also roughly figured out the combined abilities and personality traits of the three people!

All this information would come in handy later!

"Hehe, you make it sound nice, but in my opinion, you just don't dare to draw your sword!"

Suddenly, Ji Haoyuan sneered and looked at Chen Xiaobei with a provocative look.

"You don't dare?"

Chen Xiaobei raised his eyebrows and asked, "Why wouldn't I dare?"

because I suspect that you don't have the ability at all!

you're the leader of the beixuan Alliance, " Ji Haoyuan said. you're just bluffing! You're up to no good!

Everyone was shocked by his words!

Chapter 4786

4786 question!

It had to be said that Ji Haoyuan had a boorish personality.

Even though the crowd was suspicious of Chen Xiaobei's strength and identity, no one was like Ji Haoyuan, who would say it out loud! [movelusb.com](http://movelusb.com)

After all, saying it out loud in public was equivalent to slapping Chen Xiaobei in the face, and completely opposing him.

If Chen Xiaobei was just bluffing, then it was fine. Ji Haoyuan could definitely crush Chen Xiaobei, so it did not matter if they were on the opposite side!

However, if Chen Xiaobei was indeed very strong and had a strong foundation, then Ji Haoyuan's action of slapping Chen Xiaobei's face and opposing him was undoubtedly like shooting himself in the foot. It was extremely stupid!

Therefore, at this moment, everyone was not surprised by the content of Ji Haoyuan's words, but by his actions!

He was really too rash and rash.

For a moment, even Wu Yuji and xuantaizong, who had formed an alliance with Ji Haoyuan, could not help but feel a little regretful. They secretly issued a warning in their hearts.

But then again!

Although Ji Haoyuan's words were a little rash, there was indeed a certain rationality and possibility!

After all, Chen Xiaobei was only a five-star divine ancestor. No one could understand how Chen Xiaobei had become the leader of the beixuan Alliance!

It was precisely because of this that the possibility mentioned by Ji Haoyuan existed! Chen Xiaobei and the Holy extermination Supreme holy ancestor, the Holy birth Supreme holy ancestor, were putting on an act together. They were plotting something!

Therefore, even though they did not slap Chen Xiaobei in the face like Ji Haoyuan did, they were all suspicious of him!

“Open your eyes wide and watch!”

Even in such a situation, Chen Xiaobei remained calm and said, “ now, I’ll show you why I can be the leader of the beixuan Alliance!

Chen Xiaobei then turned his attention to the holy sword.

“Acting tough!”

Ji Haoyuan curled his lips in disdain and said coldly, “ “The few of us were able to pull this sword out because of our Supreme Saint ancestor-grade abilities! You, on the other hand, don’t belong to any race, so there’s no way you’ll have the ability of a Supreme Saint ancestor! So, I bet that you can’t pull out the sword!”

It could be seen that although Ji Haoyuan was rather reckless, he was not stupid.

The reason why he dared to publicly slap Chen Xiaobei’s face was because he had seen through some clues and had his own reasons.

It was obvious that the other participants had a hard time pulling out their swords.

Especially mie shikong and the annihilation Emperor scale, they almost failed on the spot.

However, the power used by these participants was the innate ability of their respective races, and the quality had reached the Supreme sacred ancestor level!

Chen Xiaobei, on the other hand, did not belong to any of the big clans. He was destined to not have the Supreme power of a divine ancestor. He was not even as powerful as the Emperor Kirin.

Naturally, Chen Xiaobei would not be able to pull the sword out!

It was because of this that Ji Haoyuan dared to publicly slap Chen Xiaobei in the face!

Therefore, from this point of view, Ji Haoyuan was quite smart.

However, a boor was a boor after all. He failed to take care of the same problem in all aspects!

There was another person who was in the same situation as Chen Xiaobei!

That was do Jin!

based on the information he had, do Jin did not belong to any of the great clans.

According to Ji Haoyuan's logic, it was impossible for do Jin to possess the power of a Supreme sacred ancestor. He should not have been able to pull out the sword!

But!

The reality was that do Jin had indeed pulled out his sword, and it was very, very easy!

This result proved that Ji Haoyuan's logic actually had a huge loophole!

This was also related to Ji Haoyuan's boorish personality. It was difficult for him to be so meticulous and think through everything. He would speak out directly when he thought of something on impulse. He would not even change his perspective to observe and think!

Of course, the speed at which do Jin pulled out his sword was too fast, and the people around them did not even see clearly what kind of power do Jin used!

Perhaps it was a special ability of a divine ancestor, but he was too fast for anyone to see, including Chen Xiaobei!

And at that moment, no one would place their attention on do Jin!

Everyone was watching Chen Xiaobei's every move, waiting to see if he could pull out the sword. To see if Chen Xiaobei truly deserved to be the leader of the beixuan Alliance. Or was he bluffing?

"Clang!!!"

However, at this moment, a sharp whistle was heard.

The sword in front of Chen Xiaobei flew out from the ground!

Everyone, including the Supreme Holy ancestors and the hundreds of millions of viewers watching the live broadcast, couldn't react in time.

Chen Xiaobei had pulled out the sword in an instant!

More importantly, Chen Xiaobei's hands did not even touch the hilt!

In fact, no one could even sense what kind of power Chen Xiaobei had used!

This was very, very terrifying!

what ... What's going on???"

Ji Haoyuan was dumbfounded. His eyes were as wide as a bull's, and his pupils contracted uncontrollably. He was completely dumbfounded.

All the participants had similar expressions on their faces. They were all dumbfounded and looked as if they had seen a ghost.

Even the Supreme Holy ancestors outside were in disbelief!

The surrounding hundreds of millions of spectators were even more shocked. They simply couldn't believe their eyes!

“That kid ... Oh no... How did the North Mystic Divine ancestor do it? This ... This can't be ...”

The Supreme holy ancestor was dumbfounded.

After all, the process of the others pulling out their swords was very, very difficult. Not only did they use all their strength, but they also overdrew their potential!

However, Chen Xiaobei's expression and state of mind did not change at all!

Chen Xiaobei did not even use any perceivable power. He did not even touch the sword with his hands!

This was simply inconceivable to the extreme!

Even the Supreme divine ancestors were completely dumbfounded. They stood rooted to the ground, unable to understand what was going on!

“I ... I'm not sure ... I've never seen such a situation before!”

The yuan Sage Supreme divine ancestor was also shocked and even suspected that he was hallucinating.

After all, the yuan Sage Supreme divine ancestor had already explored the ruins and was familiar with the situation inside. He had even found many people he could trust to enter the ruins and take part in the test!

However, the yuan Sage Supreme divine ancestor had never seen anything like Chen Xiaobei's situation. He did not even dare to think about it!

he ... How did he do it???

All of a sudden, everyone had the same question in their hearts!

In fact, even do Jin, who was so profound and unpredictable, was no exception!

Chapter 4787

4787 shock!

There was no mistake!

Do Jin could not understand how Chen Xiaobei had done it.

How was he able to pull the sword out of the air without using any power or even touching the sword with his hands?

This could not be explained with common sense, and Dao Zhen could not understand it no matter how much he thought about it.

“Stop looking at me!”

Chen Xiaobei only smiled and said, “The method of drawing the sword is my secret, and I can't explain it to you! The only thing I can tell you is that this is as easy as flipping my hand!”

“This ... This, this, this ...”

Everyone's expression changed drastically once again.

It was as easy as flipping his hand!

There was no difficulty at all!

Just these two simple sentences had directly caused a hundred thousand times critical damage to the hearts of all the participants!

After all, when these participants pulled out their swords, not only did they use all their strength, but they even risked their lives. They struggled repeatedly on the edge of failure and finally pulled out their swords with great difficulty, passing the test!

However, this test, which was extremely difficult in the eyes of the crowd, became as easy as flipping his hand in Chen Xiaobei's mouth!

As the saying goes, there is no harm without comparison!

Compared to Chen Xiaobei, all the participants felt weak. They felt as if their pride had been seriously trampled on!

Especially Ji Haoyuan!

Just a moment ago, Ji Haoyuan was smacking Chen Xiaobei's face in front of everyone, questioning whether Chen Xiaobei was acting as the leader of the beixuan Alliance! It was a Bluff! It was a conspiracy!

Chen Xiaobei responded in the most domineering way possible!

This result was like a loud slap to Ji Haoyuan's face! He had directly smacked this fellow's face until it exploded!

Of course, this slap was also on the face of all the suspicious Chen Xiaobei!

However, the others were not as impetuous as Ji Haoyuan, who did not speak his mind. Therefore, although they were also slapped in the face, they only felt embarrassed and ashamed. They were not like Ji Haoyuan, who was blushing and feeling ashamed!

In fact, even the Supreme Saint Supreme divine ancestor outside had been slapped in the face as well, and he was so depressed that he wanted to vomit blood!

At the same time, even do Jin, who had been silent all this while, had his eyes flash with great surprise and shock! At the same time, he was filled with great doubts!

Obviously, do Jin knew Chen Xiaobei better than anyone else! [movelusb.com](http://movelusb.com)

So, do Jin knew that Chen Xiaobei could pull out the sword!

But to do Jin's surprise, Chen Xiaobei managed to pull out the sword in this way!

Do Jin could not understand how Chen Xiaobei had done it.

Most importantly, do Jin did not understand it, not because he was distracted, nor because he could not react in time!

In fact, do Jin had been watching Chen Xiaobei closely. Chen Xiaobei's every move did not escape his eyes!

However, even under such close observation, do Jin still could not figure out how Chen Xiaobei did it.

This was the most terrifying part!

Suddenly, do Jin's gaze towards Chen Xiaobei changed drastically!

His mood also became particularly complicated!

However, do Jin's face still had a calm expression, and he did not show the shock in his heart!

The subtle changes in his gaze were not easily noticed.

More importantly, everyone's attention was on Chen Xiaobei. No one paid attention to do Jin.

it looks like the North Mystic sacred Lord is really extraordinary. She deserves it!

The Supreme divine ancestor immediately praised Chen Xiaobei and said, " after this, regardless of whether the beixuan divine ancestor wins or loses, I hope to form an alliance with the beixuan Alliance!

Anyone with eyes could tell that the Supreme divine ancestor was holding back against Chen Xiaobei!

Although the yuan Sage Supreme divine ancestor had been polite to Chen Xiaobei, he was still suspicious of Chen Xiaobei's capabilities!

Chen Xiaobei's display of power had made the yuan Sage Supreme divine ancestor's eyes light up. His view of Chen Xiaobei had changed so much that the yuan Sage Supreme divine ancestor did not even mention forming an alliance with Chen Xiaobei earlier, but now he was so eager to form an alliance with the beixuan Alliance!

Of course, he had to highlight the main points here! It was an Alliance! And not join!

In other words, the yuan Sage Supreme divine ancestor wanted to be on equal footing with Chen Xiaobei, not join the beixuan Alliance and make Chen Xiaobei the leader!

From this, it could be seen that even though the yuan Sage Supreme divine ancestor saw Chen Xiaobei in a different light, he was not convinced by Chen Xiaobei, and would not submit to Chen Xiaobei!

However, in the face of the yuan Sage Supreme divine ancestor's attitude, the Holy extermination Supreme divine ancestor only smiled indifferently.

Yuan Sage, there is no need to be so agitated. What our Alliance master just did was only the tip of the iceberg! he said.

"What?"

The surrounding Supreme divine ancestors couldn't believe their eyes."When the North Mystic Divine ancestor pulled out his sword just now, it was only the tip of the iceberg! This ... How is this possible?"

In everyone's eyes, Chen Xiaobei was just a five-star divine ancestor. Furthermore, Chen Xiaobei did not belong to any of the Supreme clans, so he would not have the Supreme divine path's talent!

Under such circumstances, even if Chen Xiaobei had some strength, he could not be as powerful as the Supreme holy ancestor had said!

After all, if the tip of the iceberg was already so shocking, how terrifying would it be if he used all his strength?

This was simply inconceivable! It was unbelievable!

“If you don’t believe me, then just wait and see!” The Supreme holy ancestor smiled. He had great confidence in Chen Xiaobei.

“Father ...”

Seeing this, Yuan mengqing shivered and said in a low voice, “ this kid is too terrifying ... What should we do if he wants to take revenge on us after coming out of the ruins? ”

Clearly, Yuan mengqing and Yuan zhenpo had a conflict with Chen Xiaobei!

Even though Chen Xiaobei did not pursue the matter, it did not mean that he would not do so in the future.

So, seeing Chen Xiaobei’s performance, which shocked everyone, made dream come true. His heart clenched, and he felt uneasy!

“Don’t worry! Things are not as simple as you think!”

Yuan Cheng po was relatively calm as he said in a deep voice, “ Today’s battle is enough to change the ancestral Saint domain! Who would have the last laugh was completely unknown! That kid might not come out alive!”

Chapter 4788 Worth it!

“Whoosh ...”

Within the ruins.

As Chen Xiaobei pulled out the sword, the Dragon-headed Lord in the middle suddenly emitted a strong wave of energy.

Then, a circle of grey holy light spread out like water waves, covering the entire space and all the participants!

“Woof!”

Then, as the Holy Light ring shrank and teleported, it directly caused the effect of space rotation.

When the ring of Holy splendor disappeared, all the participants had already arrived in another independent space.

The situation of this independent space had already undergone a huge change from before.

The space just now was relatively small, and it looked like a completely sealed room.

At this moment, the space suddenly became extremely vast, and there were even plants and rocks in the surroundings, making one feel as if they were in a huge primitive forest!

“Whoosh ...”

And in the middle of the forest, there was a huge tower!

From a distance, it looked like a giant pillar that connected the heavens and the earth!

At this moment, the Dragon head Holy senior’s Dharma form directly appeared at the top of the tower.

With an extremely deep voice, he said solemnly, “Next, it will be a free-for-all battle! Everyone could attack each other or work together! In the end, if you successfully reach the bottom of the tower, you will have successfully passed the test!”

“In addition, the first person to reach the bottom of the tower will be able to obtain a portion of Nine Star divine ancestor peak level divine ancestor black resin! It can be taken by one person or shared with teammates!”

As soon as he said that, all the participants, and even all the spectators, revealed extremely shocked expressions!

“Really? A Nine Star Peak sacred ancestor level sacred ancestor black resin? Whoever can obtain it can directly break through the realm without any bottlenecks and greatly increase their strength!”

Xuantaizong immediately cried out.

The other participants, including Chen Xiaobei, were all looking at the tower in the distance with a look of surprise on their faces.

A resource like sacred ancestor Mystic resin was extremely, extremely rare!

Furthermore, the higher the grade of the sacred ancestor black resin, the rarer and rarer it was!

Other than Chen Xiaobei and do Zhen, the rest of the participants were all top talents who had been trained by the Supreme clans!

However, their cultivation base was only between the late-stage eight star divine ancestor and the early-stage nine Star divine ancestor realm. Even a small realm was extremely difficult to break through!

However, at this moment, this round actually set up a portion of Nine Star divine ancestor peak divine ancestor black resin as a reward!

Without a doubt, this was a huge temptation to anyone!

In an instant, Ji Haoyuan, the boorish fellow, had a fanatical look on his face. Like a hungry dog that had not eaten for a few days, he was on the verge of losing his mind as he rushed over recklessly!

Even the extremely intelligent Jade-less machine and the extremely cautious xuantaizong were greatly moved, and their faces were filled with an expression of impatience!

After all, the three of them had already reached the mid-stage nine Star divine ancestor realm!

If they could get their hands on the sacred ancestor Mystic resin, they would be able to break through to the nine Star divine ancestor late-stage realm and then approach the peak of the nine Star divine ancestor realm!

In their eyes, the Supreme divine ancestor was the most powerful existence in the world!

The most important thing was that becoming a Supreme Saint ancestor wasn't something that could be done just because one wanted to!

Therefore, the peak nine-star divine ancestor was their lifelong pursuit and even their highest dream!

From this, it could be seen that a portion of Nine Star divine ancestor peak divine ancestor Mystic resin had a huge temptation for them!

Naturally, it wasn't just the three of them. Even the people from the beixuan Alliance were filled with extreme desire for the nine Star divine ancestor peak divine ancestor black resin!

Even Chen Xiaobei was no exception!

After all, Chen Xiaobei's cultivation was still very low. Although he had many trump cards, it was still very important for him to increase his strength!

After all, one's trump card would be used up one day. Only when one's cultivation realm was strong enough could one be truly powerful! Only then would he be able to truly rest easy!

Among all of them, only do Jin had an indifferent expression. He was still calm and harmless, as if he did not need the sacred ancestor dark resin at all!

At the same time-

The Supreme divine ancestors outside couldn't sit still.

"Yuan Sage! Is the reward real or fake?"

The Supreme holy ancestor immediately asked.

At the same time, all the Supreme Holy ancestors present, including the Supreme Holy one, had complicated expressions on their faces.

"Of course it's true!"

The yuan Sage Supreme divine ancestor smiled faintly and said, "What's wrong? With such a reward, aren't you all happy?"

The life saint's Supreme divine ancestor frowned and said solemnly, "The reward is good! But it's also the root of conflict!"

Everyone nodded in agreement.

Without this reward, all the participants would be able to go to the tower together!

However, with this reward, there would definitely be people who would be tempted by it and become selfish. This way, conflicts would inevitably erupt!

That was why it was said that good and bad came together!

This Nine Star divine ancestor peak divine ancestor Mystic resin was everyone's opportunity, but it would also be the source of everyone's disaster!

"This is a martial arts competition to begin with! Have you all forgotten?"

"Everyone should have known that there would be danger before participating in the martial arts competition," the yuan Sage Supreme divine ancestor said in a deep voice. If there's no danger, why would you all hand over your race's Supreme treasures to the participants?"

The surrounding Supreme divine ancestors all fell silent.

Obviously, this was originally a joust for a spouse Festival!

A martial arts competition was its essence!

However, the yuan Sage Supreme divine ancestor had used the test of this ruin to replace the old-fashioned arena competition!

It was just a change of form, but the result was still the winner takes all!

The surrounding Supreme divine ancestors were well aware of this and naturally could not blame the yuan Sage Supreme divine ancestor.

"Everyone, you should still correct your attitudes! There was no such thing as a free lunch in this world! The greater the opportunity, the greater the danger! Everyone knows this better than I do! Isn't it?"

The yuan Sage Supreme divine ancestor smiled indifferently. "Without this competition, it would be extremely difficult for these participants to break through a minor realm! Isn't such a huge opportunity worth the risk?"

The surrounding Supreme divine ancestors couldn't help but nod in agreement!

Indeed, if such an opportunity were to appear in the real world, they would definitely fight for it with all their might even if they had to fight to the death!

After all, as long as they could get their hands on it, they would be able to greatly increase the cultivation of their son or disciple, as well as the overall strength of their clan!

It was definitely worth the risk!

Chapter 4789

4789 seal!

"I still have some questions!"

The life saint's Supreme Saint ancestor's eyes narrowed as he asked, this test is ... As long as I pass this test, I can get a portion of Nine Star divine ancestor peak divine ancestor Mystic resin? "

"Yes, I am!"

The Yuan Sage Supreme divine ancestor nodded and said, "Each test will produce one copy, and the first person to reach the bottom of the tower will get it! If the same person takes the test repeatedly, there will be no reward!"

The expressions of the surrounding Supreme divine ancestors all changed slightly.

Obviously, if the rewards could be obtained by repeatedly refreshing, a Yuan Sage Supreme divine ancestor would only need to pass this test repeatedly to obtain a huge amount of Nine Star divine ancestor peak divine ancestor black resin. The entire Yuan Sage clan would become unprecedentedly powerful!

This was clearly impossible!

If there was such a good thing, the Yuan Sage Supreme divine ancestor would not have made the remains public and shared it with everyone!

Of course, there was an even more important point. Everyone couldn't believe that someone could take out so many Nine Star divine ancestor peak divine ancestor black resin!

After all, a portion of Nine Star divine ancestor peak divine ancestor Mystic resin required the corpse of a Nine Star divine ancestor peak to refine!

Furthermore, there was a possibility of failure!

More importantly, there were very few peak nine-star divine ancestors in this world!

Because of this, the nine Star divine ancestor's peak divine ancestor black resin was even rarer. Even the Supreme divine ancestors present were unable to obtain it!

Therefore, everyone couldn't imagine what kind of person could accumulate a certain amount of Nine Star divine ancestor peak divine ancestor black resin as a reward for clearing the level!

All of a sudden, the identity of the master of this monument became a huge suspicion in everyone's heart!

The life Saint Supreme divine ancestor composed himself and asked, "Yuan Sage, you've already passed the level once! With your cultivation, refining the nine Star divine ancestor's peak divine ancestor black resin is already meaningless! Since that's the case, why don't you sell it to me?"

It was obvious that the nine Star divine ancestor's peak divine ancestor Mystic resin had no effect on the Supreme divine ancestor's cultivation. [movelusb.com](http://movelusb.com)

Therefore, the life Holy paramount divine ancestor's idea was completely reasonable.

"I'm sorry ..."

The Yuan Sage Supreme divine ancestor shook his head and said, "At that time, I passed the level with my daughter and some people I trusted. Therefore, I only obtained a portion of Nine Star divine ancestor peak divine ancestor black resin and gave it to my daughter to refine!"

The life saint's paramount divine ancestor only smiled slightly, as if he'd already guessed this answer. When he'd asked to buy it, he'd only been testing the waters!

“The daughter of a Yuan Sage is known as the number one genius among the younger generation in the world! He had already reached the late-stage nine Star divine ancestor realm! If you refine the nine Star divine ancestor’s peak divine ancestor Mystic resin, you’ll be able to reach the peak of the nine Star divine ancestor realm directly!”

The Supreme holy ancestor revealed an excited expression. “Once she reaches this realm, coupled with the talent of a Yuan Sage’s daughter, she will very likely become the strongest powerhouse under the divine ancestor! Whoever can marry the daughter of a Yuan Sage will be extremely lucky!”

Everyone’s expression changed again.

Indeed, the daughter of a Yuan Sage Supreme divine ancestor had been exceptionally talented since she was young and was publicly acknowledged as the number one genius of the younger generation!

Her extraordinary talent was enough to make her invincible among her peers!

Once she refined that portion of Nine Star divine ancestor peak divine ancestor black resin, she would definitely be able to charge for the throne of the strongest expert below the divine ancestor!

In this way, whoever could marry her would be like a tiger that had grown wings, obtaining a huge increase in overall strength, and their future prospects would be limitless!

Because of this, the Supreme holy ancestor was extremely excited.

He was still fantasizing that his son, Ji Haoyuan, would win the final victory and return with the beauty in his arms. He would then obtain an opportunity that was above the Supreme divine ancestor!

It was killing two birds with one stone, killing two birds with one stone!

Just thinking about it made the Supreme Saint Supreme divine ancestor extremely happy.

However, at the same time, some of the more vigilant Supreme divine ancestors had completely different thoughts!

This was because the daughter of a Yuan Sage Supreme divine ancestor was still in the ruins!

Regardless of who obtained the final opportunity, there was a possibility that the daughter of a Yuan Sage Supreme divine ancestor would snatch it away from them!

The most important thing was that the daughter of a Yuan Sage Supreme divine ancestor was invincible among those of the same cultivation level. She also had a Supreme treasure of the Yuan Sage Race. If they were to really fight, these contestants would really not be her match!

If things were to develop in this direction, it would definitely cause great danger to the future participants!

Of course, this situation was only a kind of deduction out of careful consideration!

In fact, the Yuan Sage Supreme divine ancestor did not dare to be so explicit!

That was because plotting against the participants in such a public manner was equivalent to making an enemy out of the Supreme clans behind these participants!

Unless the yuan Sage Supreme divine ancestor was willing to go to war with the six Supreme divine ancestors for the sake of these ruins! Otherwise, his daughter would not attack the other participants in public!

Therefore, at this moment, the situation was actually not clear!

Most of the Supreme divine ancestors could only choose to remain silent.

He continued to calm down and watch the subsequent developments.

.....

Within the ruins.

The situation had also undergone a subtle change.

Although they didn't say it out loud, the way they looked at each other was already beginning to reveal hostility.

Just as the Supreme divine ancestors outside were thinking, the huge temptation of the reward was enough to cause conflict and even risk their lives.

However, the participants were not ready to make a move yet!

After all, this round's test was to see who could reach the giant tower first, not who could knock down the others first.

Therefore, as long as he was fast enough, there was no need to fight to the death with others!

After all, almost everyone here had Supreme sacred ancestor level Dharma Treasures. If they really fought, no matter who won, they would suffer a huge loss!

If his injuries were too severe, he would not be able to pass the subsequent tests. Then, winning this round would be meaningless!

Therefore, although everyone was hostile to each other at this moment, they had a tacit understanding to maintain peace. No one would fight to the death unless it was absolutely necessary!

"Everyone! I'll take my leave first!"

The boorish Ji Haoyuan was unwilling to wait even a second longer and immediately flew toward the giant Pagoda.

huh?!

However, at this moment, everyone was stunned.

That was because Ji Haoyuan had stopped moving and had not flown up at all.

what ... What's going on???"

Ji Haoyuan was dumbfounded. He tried again with a face full of surprise.

"My ... My Saint Qi has been sealed!" He exclaimed. It can't be used at all!"

Everyone was shocked by his words!

Chapter 4790

4790 help!

“Hmm? How could this be ... My Saint Qi has also been sealed ...”

“Mine too ... This test is indeed not simple!”

doesn't this mean that we can only rely on our physical strength to get to the giant tower? ”

.....

All of a sudden, all of the participants tried to use their Saint Qi and found that they couldn't use it anymore.

Even Chen Xiaobei and do Jin were no exception.

Since he couldn't use Saint Qi, flying was the same as being restricted.

In other words, all the participants had to rely on their own physical strength to pass this test.

“Even if I only rely on my physical strength, I'll still be the fastest to arrive!”

Ji Haoyuan was full of energy, like a hungry dog, full of greed and desire for the finishing point.

“Swish!”

As soon as he finished speaking, Ji Haoyuan was the first to rush out. His boorish character was clear at a glance.

“Why aren't you two running?”

Chen Xiaobei looked at Wu Yuji and xuantaizong with interest.

I feel that the test of this stage is not as simple as just sealing Saint Origin Energy! Xuantaizong squinted his eyes, maintaining his usual caution.

Of course, this kind of caution was actually very normal! It was also very necessary!

After all, the first round of the test was extremely difficult for everyone, and there was even a risk of failure!

Because of this, how could the second trial be a simple race? This was clearly unreasonable!

“BOOM!”

Sure enough, before xuantaizong's voice had died away, a huge explosion suddenly erupted in the direction where Ji Haoyuan was running.

The terrifying power even caused the entire space to tremble.

“Xuantai sect was right!”

All of a sudden, everyone's eyes turned to the place where the loud sound came from.

"Zzzzzzzzzzzz ..."

A huge centipede that was thousands of meters long suddenly burrowed out of the ground.

This centipede had a flaming carapace. Wherever it passed, the surrounding forest would instantly turn into a sea of fire!

At the same time, its countless legs were like sharp blades, showing off their sharpness. They were full of power as they waved, as if they were about to tear space apart!

Its head had three huge mouthparts, with thick fangs and dense thorns. There was even dark green venom on them!

One could see that when a drop of venom landed on the ground, it corroded a huge black pit in the ground, and a foul-smelling poisonous gas was emitted from the pit!

The surrounding plants immediately withered and lost their vitality the moment they came into contact with the poisonous gas!

"BOOM!"

Then, the huge centipede suddenly flicked its tail!

In terms of speed and strength, it was almost comparable to a middle-stage nine Star divine ancestor!

Following the explosion, something suddenly flew back!

The speed at which this thing was flying back was extremely fast, and it heavily slammed into the ground in front of everyone!

Like a meteorite, it directly smashed a deep pit in the ground!

At this moment, everyone saw clearly that the thing that was flying back was Ji Haoyuan, who had just rushed over!

"Uh ... Pfft ..."

Ji Haoyuan was lying at the bottom of the huge pit, spurting out a large amount of blood!

At the same time, Ji Haoyuan's wound was so deep that he had already been cut by several sharp blades. Blood was flowing out of his wound uncontrollably!

Without a doubt, Ji Haoyuan had been injured by the giant flaming centipede!

In terms of strength, Ji Haoyuan's cultivation realm was actually at the same level as the flame centipede!

However, without the protection of Saint Origin Energy, the body strength of the flame centipede was obviously stronger than Ji Haoyuan's!

Because of this, its tail swing just now had directly injured Ji Haoyuan!

“Damned animal! This young master will turn you into ashes!”

Of course, although Ji Haoyuan was at a disadvantage, he was still a top genius among the younger generation, after all. He would not be defeated so easily.

Although he was injured and bleeding, they were all superficial wounds. The impact was not big!

“Woof!”

Ji Haoyuan suddenly jumped out of the pit. He didn’t care about his injuries at all and directly rushed toward the flame centipede!

In the process of charging forward, Ji Haoyuan raised the extreme blood marrow that he had been holding in his hand!

It was obvious that the Supreme treasure of the Supreme Saint tribe was powerful enough to turn the flame centipede into ashes.

However, reality once again gave Ji Haoyuan a blow in the head!

“Shit! Even the extreme blood marrow’s Saint Origin Energy has been sealed!”

Ji Haoyuan originally wanted to use the king Bomb in his hand to kill the flaming centipede.

However, halfway through, he realized that he couldn’t activate the special ability of the extreme grade blood marrow!

Without Saint Qi as energy, the power of the extreme blood marrow couldn’t be activated. To put it bluntly, this Supreme magic treasure had already become a decoration! [novelusb.com](http://novelusb.com)

“Woof!”

In the next moment, the huge tail of the fire centipede swept over again!

Ji Haoyuan had thought that he had lived his entire life. The sudden turn of events caught him by surprise. In addition, the speed of the flame centipede was faster than him to begin with!

Therefore, the result of this attack was already needless to say!

“BOOM!”

Another explosion was heard, and Ji Haoyuan was once again sent flying thousands of meters away.

This time, Ji Haoyuan’s injuries were obviously more serious!

His chest was directly cut open, revealing his ribs and heart and lungs.

Blood instantly gushed out like a fountain!

Under such circumstances, even Ji Haoyuan, who had a boorish personality, was completely terrified!

“Save me ... Save me ... Come and save me ...” He cried.

Ji Haoyuan screamed hysterically.

With his Saint Origin Energy sealed, he was unable to open his storage space!

Even if there were healing pills in the storage dimension, they could not be used!

At this moment, his body was already heavily injured. If he didn't get treatment in time, his body would be at risk of being scrapped!

Ji Haoyuan's Saint Soul and soul were still around, and he could still rebuild his physical body!

However, at his level, it was extremely troublesome to reconstruct his body!

Most importantly, once he lost his physical body, Ji Haoyuan's strength would be greatly reduced. If he was not careful, he might even run the risk of his soul being destroyed!

This was equivalent to declaring that he, Ji Haoyuan, had lost the right to participate in the martial arts competition! He could no longer compete with others!

Because of this, Ji Haoyuan was completely terrified at this moment. He did not care about his dignity and face anymore as he desperately shouted for help!

However, at this moment, all the other participants were focused on the huge flame centipede. For a moment, no one paid any attention to Ji Haoyuan!

Ji Haoyuan was in despair. He had no choice but to shout, " I'll give the extreme blood marrow to anyone who saves me!!!
