Chapter 101: Who Did She Think She Is

“What did you say?”

Nicole thought she had heard it wrong.

Could this be another Samuel's trick again?

But why couldn't her compress her emotion?

Nicole's hands were trembling, and even accidentally crashed the corner of the sofa with her knee when she got up.

“What's wrong? What happened?”

Mrs. Bush was very worried when she saw Nicole's wired behavior.

Nicole took a look at Mrs. Bush and Mr. Bush. They had treated Samuel as their own son for the past five years. If they knew this, they might not be so anxious.

It's really false to say that she is not jealous.

Her own parents should have been loving her, but now they like Samuel so much and coincidentally at the time when she doesn't want to continue with Samuel anymore.

Nicole coughed and said, “Samuel has some trouble with the designing and needs me to go back to deal with it. Aunt, uncle, I will come to visit you someday later.”

She tried hard to make her tone as calm as possible, but her palms had oozed sweat.

“Go, go. Samuel hasn't been living a happy life in recent years. You can help him as much as you can.”

Mrs. Bush is now looking at Samuel as a mother-in-law looking at her son-in-law.

Nicole didn't say anything, said goodbye to Mrs. Bush quickly, then went out and got herself a taxi, and went to the military hospital immediately.

After coming to the military hospital, the people here surprised Nicole.

There were two rows of men in black standing in front of the operating room. A man in a wheelchair was murderous, and Jacob stared at them angrily.

“Jacob, how is Samuel?”

Nicole stepped forward and asked, she could feel her nervousness, but she told herself that it was all for Zoe, not for Samuel.

Jacob saw Nicole coming and greeted her quickly.

“Miss Bush, President Green is still rescuing.”

“What happened?”

When Nicole and Samuel left, Samuel was okay. Why did all this happen so suddenly?

Jacob hadn't spoken yet, and Jason who was sitting on the side spoke first.

Chapter 102: he Never be so panic before

Jason is really awkward to stay or leave. His face is even burning, but now he can only glare Nicole with his eyes, and really dare not do anything.

Nicole ignored him, and said to Jacob on the side, "Samuel has a special blood type. I have contacted other hospitals on my way here way. I think it will be delivered soon. Get yourself ready."

Jacob paused for a moment, reacted immediately, and secretly admired Nicole's ability to deal with troubles.

He panicked, and he forgot that Samuel's blood type is special on their way here. Fortunately, Nicole is now fully prepared.

Now seeing this, Nicole did somewhat care about Samuel, does she?

Recalling Nicole's angry slap at Jason just now, Jacob is really sorry. If he had knew that he should take a picture with his mobile phone, and Mr. Green will definitely be very happy.

Nicole saw Jacob still standing still, frowning slightly.

“Why don't you go?”

“I'm afraid that if I leave, they will be against you.”

This is also a question considered by Jacob.

Samuel entrusted Nicole to him before he fell into a coma. He could not let Nicole be bullied by Jason here.

Nicole said coldly, "They don't dare to do anything to me for the time being. Going to get the blood source is the most important thing.”

As she said, the door of the operating room opened, and the doctor walked out of it anxiously.

“Mr. Green is rare panda blood. The blood in our blood bank is not enough. I need to get blood from other hospitals now, but I don't know if we can make it.”

“I have informed the Central Hospital and the Second Hospital on the way here. Now they should be on the road. Although there are not many spare blood sources, they should be able to support it. Doctor, will Samuel be okay?”

Nicole didn't realize that when she asked the last sentence, her whole voice was shaking.

The doctor glanced at Nicole and found that Jacob was also there, so he said in a low voice, “As long as the blood source reach here timely, we will do our best, but Mr. Green has a wound on his chest. This injury is indeed serious.”

As soon as this was finished, Jacob froze.

“President Green has...”

Before he finished asking, Nicole stared at him coldly, indicating a sense of warning.

Jacob shut up quickly.

Nicole looked back at Jason and said, “If something happens to Samuel, the Seapolis City will really be messed up.”

This was the first time since he was born that he was threatened by a woman. Trembling with anger, but he could not do anything to her. This stiffness made him stare at Nicole bitterly, then turned his head.

The blood sources of the central hospital and the second hospital soon arrived. The doctor did not dare to delay and quickly entered the operating room.

Chapter 103: Can I stay with him all the night?

Nicole didn't care about Jason's thoughts. She stood up first and quickly came to the door of the operating room.

“Doctor, how is he?”

Nicole's palm is sweating.

She hasn't felt this way for a long time. The tension seems to be a hundred times or even thousands of times tenses than when she was about to check out in the college entrance examination.

The doctor took off his mask and said with a sigh of relief, "He's fine now, but I'll see if he will have a fever tonight. If he can survive this evening and wake up tomorrow, everything will be okay, if he can't..."

The doctor didn't say anything later, but Nicole still understood.

Tonight is the most crucial night.

"Can I stay with Samuel tonight?"

Nicole knew that Samuel might be sent directly to the ICU due to his serious injury. In the ICU, family members will not be allowed to accompany the patient, but Nicole will not be at ease if she has to simply go back.

She kept telling herself that Samuel was Zoe's only hope. Only when she watched him survived that she can guarantee Zoe still have hope.

The doctor is a little embarrassed.

Jacob came back at this time.

"Let her stay, she is our President Green's fiancée and our future hostess of the Green Family!"

These words of Jacob made Nicole stunned.

Seeing Jacob say this, the doctor quickly show more respect for Nicole.

"Ms. Bush, please put on sterile clothes and follow us into the ICU. But before you enter the ICU, you'd better eat something, because we don't allow family members to eat and drink inside. You know, the patient has nutrient solution."

Nicole nod at the doctor's words.

Although she is not hungry yet, in order to take care of Samuel, she forced herself to eat something before changing the sterile clothes and following Samuel into the ICU.

Jason wanted to say something at this time, but no one gave him a chance.

Seeing him like this, Jacob said lightly, "Master Don, you'd better wait outside. Miss Bush has said, you can't leave as long as Mr. Green is not out of danger."

"Bullshit! How can a woman decide where I, Jason, want to go?"

After Jason said this, his bodyguards were a little anxious to act on Jacob.

Whether it is decided by a woman or not, master Don can leave here, why did he still stay here all the time and wait until Samuel come out safely?

But no one dares to say this to Jason, unless he doesn't want to live.

Chapter 104: Don't pretend to be foolish in front of me

Nicole had long guessed that Zoe would ask this question. After all, whether it is Lucas or Zoe, they look like Samuel.

If the three of them stand together, anyone can see the parent-child relationship between them.

But at this moment Nicole didn't know how to tell Same Green's identity to Zoe.

"He's..."

"Is he my daddy?"

Zoe asked anxiously, her tone so urgent.

Nicole suddenly froze.

Is this a telepathy between the child and Samuel?

She wanted to deny it, but when she looked at Zoe's hopeful eyes, she couldn't open her mouth.

"Zoe, can mommy tell you about it when mum go back?"

"Oh."

Zoe was obviously disappointed, but said with a smile, "Mommy, what's wrong with him? Is he sick too? Is it the same as Zoe's? Can he come to the United States to be treated with Zoe?"

For Zoe, the people lying in the hospital are all patients, and the pale face like her may be as sick as her.

Although she didn't know what death was, she knew from Nicole and Lucas's eyes that they would separate sooner or later.

Nicole was repeatedly talked to tears by his daughter's words.

"No, he was injured. It will be better if he cultivates well."

"Mommy, if I recovered, can I go to see him?"

Zoe automatically called Samuel Uncle. Nicole felt as if she was cut by a knife at the moment.

"Zoe, be good, as long as Zoe listens to the doctor, you will be fine. Let alone uncle Samuel, what Zoe wants to do, mommy promises you, you will be able to do it."

"Mum, you are so nice. Then you must take good care of your uncle, otherwise I won't see him when I go back."

Zoe's eyes were longing.

Nicole nodded quickly and agreed.

"Good girl, is your godfather coming soon? Tidy up or else if your godfather see you play your mobile phone early in the morning and he will blame you again."

Zoe heard the words and quickly threw out her tongue.

"Mummy, goodbye."

"Goodbye baby."

“Miss Bush!”

Jacob's face suddenly turned pale.

Samuel is already fall into coma. If anything happened to Nicole, how can he explain to Samuel?

Jacob was so scared that he was going to the doctor, but Jason stopped him.

“You don't need to go to the doctor anymore. She was too excited and fainted. You held her up. I helped press the acupoint and she will be all right.”

Jason's words made Jacob a little bit doubtful, but seeing Jason's serious expression at this time, he still helped to held Nicole still.

This is a technical job to press people’s acupoint, if press it too light it’s powerless to wake them up, if you pinch the acupoint really hard, you will make the patients uncomfortable.

Jason used to do this a lot when he was in the army. When facing Nicole, he suddenly couldn't do it freely.

The faint fragrance belonging to the woman passed into Jason's nose.

He is a man who rarely get close to women, not because of any special hobbies, but because he feels that he would rather be along than be a boyfriend of an ordinary girl. Now he suddenly smelled the sweet incense of Nicole, and for a while he was moved.

Realizing what he was thinking, Jason quickly stopped his thoughts and struck Nicole's acupoint.

The severe pain made Nicole exclaim, and the whole person woke up instantly.

Jason was facing Nicole because of the pressing. Nicole saw Jason's enlarged face close to her when she opened her eyes.

She unconsciously raised her arm directly.

With a sound, Jason's face was slapped by Nicole again.

Jacob couldn't look at Jason.

An heir to the Don Family, he was slapped twice by a woman in one day. If this was spread out, the honor of Jason will all fade away.

Jason did not expect that he was greeted by a slap.

He froze for a moment, and his face sank immediately.

But he didn't say anything. This slap was what he owed Nicole.

Nicole didn't realize that she seemed to misunderstand until she finished her slap.

"What's wrong with me?"

Nicole quickly asked Jacob on the side.

Jacob told Jason about pinching her acupoint.

Nicole stood up coldly, said thank you coldly, and never said anything to Jason again.

Jason couldn't tell her emotion. a little angry? but it seemed that there was a trace of disappointment. As for why, he didn't want to think about it for the time being.

The lights of the emergency room went out, and Samuel was pushed out again.

The doctor was a little tired, and said in a low voice, "Mr. Green's temperature has become back to normal, but he has to be observed, if he can wake up tomorrow morning, it will be fine."

After all, it is still unknown.

Nicole tells herself that she cannot fall asleep. What will happen to Samuel if she is asleep?

The two entered the ICU again.

This time Samuel never talked nonsense, nor had a fever, and slept soundly, but Nicole did not dare to blink.

“Come out! Catherine, come out!”

Zama slaps the glass angrily, and doesn't care if such behavior will make the glass broken.

Jacob is a little depressed, what's wrong with Zama?

He quickly got off the car and try to stop, but unfortunately Nicole has already been awakened.

After staying up all night, she was suddenly disturbed. To be honest, Nicole was in a bad mood.

She rolled down the window and looked at Zama coldly.

“What do you want to do?”

“What do I want to do? You're a vicious woman! Mr. Green was so badly wounded for you, who the hell
do you think you are. Catherine, if you're an intellectual woman, get the fuck out of here, stay away
from our master, otherwise...”

“Otherwise what?”

Nicole's eyes were a bit cold.

Nicole didn't blame Zama no matter what she had done to her for the sake of Zama is the nanny of Samuel, and she had taken care of her for three years after marriage. Now, Zama is getting tougher and harder, does she really think Nicole will be afraid of her bully?

Jacob saw the situation a bit out of control, and quickly came out to stop their fighting.

“Zama, Ms. Bush took care of Mr. Green in the hospital yesterday and didn't close her eyes all night. Don't bother her. Let Ms. Bush go back to rest. At noon, Mr. Green need to drink the soup made by Ms. Bush.”

“Drink her soup? Damn her! I'm still afraid that she will poison Mr. Green! Jacob! Can't you see that this woman simply hides her secret target, she just wishes Mr. Green died. Are you leaving or not? If you still stay here, I will kill you even if I have to sacrifice my life today! What kind of family is the Don Family? You dare to involve the Green Family to fight against the Don

Family. You are really a abominable woman!”

Zama said as she picked up the broom, stretched out towards the car window. The posture seemed to really make Nicole's face look.

Jacob suddenly became scared.

“Zama, don't be excited, Zama!”

Jacob hasn't got off the car yet, Nicole has opened the door and walked down.

Zama's broom had nearly hurt her face, and she grabbed Zama's wrist with a little force.

Zama screamed in pain.

“Dare you resist?”

Nicole smiled directly.

“You're going to beat me; do I need to stand here wait for you to beat me? Do you think I'm a fool or have a problem with my brain? Zama, you are too old. If you cant do the job as a housekeeper, go home and get some rest early, I don't think Samuel will treat you badly.”

Nicole said this as the hostess of the family.

Zama was mad to death.

“Who the hell do you think you are? How dare you to speak as if you are the hostess of the Green Family! Don't dream about it! I tell you, Mr. Green have grown up eating my milk since master is three months old, I am part of the Green Family, I can't watch master be scouted by you.”

"Mommy!"

Hearing Lucas's voice, Nicole was stunned.

"Lucas? Why are you back?"

She and Samuel just returned from the base, but why did Lucas come back?

Lucas ran up panting, picked up the water in the living room and took a few sips. Joseph Green followed him.

"Auntie, did you know that my daddy was in trouble? Which hospital is he in? I'm going to visit daddy."

Joseph Green's words made Nicole understand immediately.

"Who told you that daddy was injured?"

It has only been one night and one morning since the accident Samuel. Who told the children this news?

And how did the news spread to them when they were training at the base?

Lucas frowned slightly, noticed that there's something wrong in Nicole's words.

"Mommy, you just called us to come back."

When Lucas said this, Nicole was even more puzzled.

"I called you?"

"Yeah, Instructor Joe said that you called him and said that Samuel is about to die. It's you that call us hurry back to see him for the last time. Mummy, what on earth is going on?"

Lucas saw Nicole shock expression and knew that something was wrong.

Nicole is also very confused.

It is impossible for her to tell the children about Samuel, let alone let the children come back at this time, but who is using her identity to call Macon?

She did not believe that Macon want to do something to Samuel. Although she didn't get along with him for long, she could see the deep feelings between Macon and Samuel.

So who is that?

Nicole was a little uneasy, but she didn't want to show it in front of the children.

She smiled and said, "Samuel is fine. Since you are all back, take a shower and change clothes. I will take you to see him later. Also, Lucas, you shouldn't call Samuel's name in the future, you can Call him uncle."

"Oh."

Lucas can clearly feel that Nicole is different from the past, especially when talking about Samuel, her gentle eyes make him a little jealous.

It seems that in these few days when he is away, Samuel has worked hard at mommy.

Lucas was thinking in his mind, but his expression is not obvious. He obediently led Joseph Green to take a bath and change clothes.

Samuel was stunned.

He seemed to be shocked by electric shock. He looked straight at Nicole in a close distance, feeling the softness on his lips, like a fool for a while.

The beautiful eyes indicated shock and surprise.

Nicole is a little embarrassed.

"Close your eyes."

She growled scornfully.

Samuel did it quickly, like a child. Nicole burst into laughter because of that obedient look.

Samuel actually feels stupid.

He and Nicole have been married for eight years. Although they have been separated for five years. But he is not act like a monk in those three years. Why did this suddenly become like a pure and shy boy?

Samuel just wanted to do something, but felt the sweet fragrance of Nicole rushing into his nose again. The soft touch licked his thin lips gently, like a feather brushing his chest, gently, itchy.

He simply felt extremely thirsty, and his hands had embraced Nicole warmly, turning himself into active. He was no longer satisfied with this kind of tasting, he breathed heavily, and a violent kiss cover Nicole with a fierce momentum.

Nicole feels like electric shocked all over.

She felt like she was a lonely boat on the sea, drifting ups and downs, unable to find directions, and could only pull Samuel's clothe tightly.

Just when these two almost roll together and went off fire, they were interrupted with a slight cough.

“Mummy, is there any soup?”

Lucas's voice was soft, but Nicole quickly pushed Samuel away, almost flushing to her whole neck.

God!

Why did she forget that there are two small fellows in this room?

Such a shy scene being seen by her son, she felt that she really had no courage to turn around and face her son.

Samuel wasn't satisfied by that kiss, but was interrupted by that naughty boy. He raised his head and met Lucas's provocative eyes. He can only put on an innocent look.

This stupid boy is definitely intentional!

“Wait, I'll give you some.”

Nicole almost fled into the room.

Lucas looked at Samuel without speaking, but his mouth made a silent speak.

“You stay away from my mummy!”

This is definitely a warning.

And Lucas's eyes weren't very kind.

For the first time, Samuel felt his son's rejection and aversion to him.

“Lucas, I think we need to talk about it.”

Samuel thinks this matter can be important or they can overlook it, but Lucas just turned around, left him a proud back and didn't care about him anymore.

For a time, Samuel discovered that he was rejected, but was also rejected by his own son.

Nicole had to speak up to stop Lucas from messing things up.

“He's your...”

“Mommy is godfather's wife! The godfather has already said that he will marry mommy in the future! And from childhood to age, when I got a fever and got sick, it was the godfather who took care of me. When I need a father, it's also the godfather who be with me. Mommy, you can't fail the godfather!”

Lucas seemed to know what Nicole was going to say. When Nicole hadn't spoken that words, he already hurriedly spoke.

Samuel finally let Nicole open her heart to him, and did not expect that the person who stopped them at this time was actually their son!

“No matter how good your godfather is, he is also a godfather! Do you understand what does it mean to be a godfather? That's not biological!”

Samuel wanted to tell himself not to argue with his son, but his jealousy just came out crazy.

Allen is a very good man.

in the past five years, he has replaced his position as the guardian of his wife and children, which has made Samuel extremely uncomfortable. Now he sees his son taking his side.

Samuel feels extremely cool inside his heart.

Lucas heard Samuel saying this and shouted angrily, “I will make him biological as long as I want to!”

“Lucas!”

“You Green, don't think that just because you have a loud voice and stronger body. I'll be afraid of you! I just don't like you and my mom together. You're a big bad guy, I just don't like you!”

Lucas rarely be so willful. After he finished speaking, his eyes were red, and the tears fell down. The looks on her face makes everybody distressing.

Nicole was very sad.

“Lucas, listen to Mommy, Mommy and your godfather are just good friends.”

“No! Mummy, you changed!”

Lucas cried and ran out of the ward.

“Lucas!”

Nicole was a little worried, but she was worried about Joseph Green and Samuel too and gave him a subconscious look.

Samuel said in a low voice, “Go and bring the bodyguard at the door with you. Rest assured, he is still a child, and I won't bother him.”

“Samuel, give him a little time. After all, from birth to now, all his fantasy and understanding of his father come from Allen.”

Nicole's sentence seemed to be inserted into Samuel's chest with a knife.

But what can he say?

If it wasn't for him that he wanted to send Nicole away, how could they be separated and caused the discord between father and son?

“Go, I understand. Comfort the stinky boy.”

Samuel smiled faintly, even though his heart was bleeding.

Nicole no longer dared to delay, and ran out quickly.

Joseph Green was frightened by this scene directly.

Chapter 110: This is a big deal

"Lucas! Lucas!"

Allen felt something wrong and called several times in a row, but no one answered the phone. He called back quickly, but the phone was stuck.

He thought that Lucas was in trouble.

Thinking of all those kid robbers, Allen was a little uneasy.

He quickly called Nicole.

"Allen? How's Zoe?"

When Nicole received a call from Allen, she was completely tired.

She came out with Lucas, but where is the child?

Seeing Allen calling her at this time, she felt that Zoe was in a bad situation.

Allen said anxiously, "Zoe is fine, she has been particularly stable recently, you can rest assured."

"That's good."

"Nicole, Lucas called me just now, and his is very sad. What's wrong with you? Is he somewhere near you?"

Allen's words directly left Nicole a bit desperate.

"I was in a bit of a conflict with Lucas. The child ran out with anger. I followed, but I couldn't find the child. So he hid himself

and called you. The child really is really open to you."

Nicole heard Allen saying that Lucas called him, and she was a little relieved. It seems that the stink boy should be hiding nearby.

Allen is not as optimistic as Nicole.

“Nicole, Lucas and I were talking on the phone, but he suddenly screamed, and then the phone couldn't get through. I called back, there was always a block there. Where are you? Can you go and see if something happened to Lucas?”

As soon as these words came out, Nicole's heartbeat accelerated directly.

“What did you say?”

“I said something might happen to Lucas!”

“I'll go find him immediately!”

Nicole felt her legs is getting powerless.

God, please don't let anything happen to Lucas!

If the god want to blame somebody, he can blame her. It's her fault that she didn't tell Lucas about Samuel 's identity early. It's all his fault.

Lucas and Zoe are the most important thing of Nicole. Now Zoe has been living in the hospital for a long time. If Lucas has anything wrong, how can she restart with Samuel?

Nicole started looking for Lucas like crazy.
