Chapter 1021 My Wife Is Jealous

"I'll ask Ernesto to work on it."

Samuel immediately called Ernesto.

"Go and get Melissa's blood. Then you also need to think of a way to take the blood sample of Mr. and Mrs. Bush from the prison and run the paternity test. I want the result as soon as possible."

"Yes, Mr. Green."

Nicole thought about something when Samuel made the phone call. She couldn't help but think of her aunt that Edwin mentioned not long ago.

Nicole thought to herself, "It can't just be a coincidence."

"Samuel, is it possible for the children of a pair of twins to get a similar result if they run a paternity test?"

"Theoretically speaking, it is highly possible. Why do you ask?"

Samuel seemed to be confused.

Nicole told Samuel about her aunt.

Samuel frowned after hearing Nicole's story.

"Are you saying that Zayn's mother might be your aunt who got lost since childhood?"

"I guess so. After all, I used to run a paternity test with the Don family before and so did my mother. How could I become Zayn's younger sister? I don't even know who he is."

Samuel lost in thought at Nicole's words.

"What are you thinking? You think that I'm wrong?"

Nicole was a little anxious.

Samuel whispered, "You did the paternity test with Audrey and the Don family to get a new identity. After all, we faked your death five years ago. If you want to have a new household registration, you must have a new identity. It was the Don family that did the paternity test for you."

Nicole immediately understood what Samuel wanted to say.

"So you think the Don family did something to change the result of the paternity test in order to give me an identity? Why do they do this? There is no reason for the Don family to have a new family member."

Nicole made some sense here.

Samuel sighed and said, "You're right. As a matter of fact, we don't have to worry about it at all. We could pay a visit to Zayn's mother after we go to Country F. If she's really your aunt, she should look exactly the same as your mother. Everything would make sense if that is the case. But you need to remember not to tell everyone that you are Zayn's younger sister."

"Why?"

Nicole didn't quite understand.

Samuel whispered, "Zayn is the prince of the country F. The president in country F recently has some disagreement with the Cabinet. The country has great divisions over who should be the next successor and the fight for power is heating up now. Zayn's mother was only the fifth wife of the president. She had been favored for only a few years before she passed away, leaving Zayn alone and bullied by some people of influence. Some people even tried to assassinate him in order to become the legal successor to the president. It is a miracle that he is still alive now. In order to protect himself, he chose to embark his career in entertainment. That is why those people who initially want Zayn to die just let him go now. However, Zayn is highly ambitious. There might be some other reasons, but he does keep a low profile recent years and has some forces to protect himself secretly. But now Zayn has nothing to worry about because Pedro is dead. Zayn even begins to contend for power with Santino."

Chapter 1022 We Should Love Each Other

It was Fill.

"Boss, Melissa is awake. She keeps crying out, so we all can't sleep well. What should we do?"

A cold look passed over his face.

"You ask me what to do? You've been living the good life for so many years. No wonder you forget how you were trained."

Samuel's voice was emotionless.

A chill ran down Fill's spine.

During the past few years, Samuel played a role as a good father and husband, and his force kept hidden. Fill would have thought Samuel became good-tempered and kind. Now hearing Samuel's words, Fill realized he was so wrong.

"I know what to do now, boss."

"If you ask me such a meaningless question next time, you will be disqualified for leading the Sky Group."

After he said this, Samuel hung up.

His wife and daughter were still waiting for him to cook dinner.

Thinking of Nicole and Zoe, Samuel's anger and coldness dissipated at once.

He shook his head with a smile as he remembered Nicole got jealous of Zoe. Then he walked into the kitchen.

Nicole realized what she had done until she came back to her bedroom.

It was true.

She did get jealous of her daughter without feeling ashamed.

How childish she was!

But that was not a bad experience.

She sat at the table and saw that Daisy gave her a call, so she called back.

"What's the matter?"

"Ms. Bush, there's something wrong with our entertainer."

Daisy's words made Nicole frown slightly.

"What happened?"

"It's about Rebecca Rees. She was adopted. Not long after that, her foster parents had a son. The poor Rebecca has had a tough time since then. What's worse, they keep asking Rebecca for money. Rebecca never told us about this. Now her foster parents make a big deal by suing her. Reporters were packed outside the company. Anyway, our company makes headlines."

Daisy said with irony.

Nicole frowned slightly.

"Is Rebecca the B-list star we signed?"

"She is. When we signed the contract, I wondered why she chose our company, but I didn't give it much thought. Nobody knew she would be a hot potato. I've heard it said that her former agency terminated her contract because they were fed up with her foster parents."

Hearing what Daisy said, Nicole got to know how to handle it.

"Anyway, she is an entertainer of our company now, so we are responsible for helping her. Don't care what reporters say. Go find someone to check her bank account and see whether she transferred money to her foster parents recently. And plus, look for evidence that her foster parents treated her badly in childhood. We have to calm down and accept what happened. After all, more exposure is better than no exposure. As long as we cope well with this crisis, it will be a good opportunity for our company to gain wide notice."

To Daisy's surprise, Nicole saw the whole thing in a different way.

She felt a thrill of admiration for Nicole.

"Alright, Ms. Bush. I'll do it straight away. What about the public relations department?"

"Ask them to make no move and see what will happen next. If her foster parents are well-prepared, we should also be prepared. Do what I told you first."

Chapter 1023 I Don't Want to Interfere with Him

Samuel felt like he was on pins and needles in Nicole's melancholy eyes. But thinking of the operation he just had, he had to do so.

Zoe was satisfied with this meal. After she finished, she asked Samuel to tell her a story.

But what happened to Zoe scared her very much. Although Nicole was a little depressed, she let Samuel be with her daughter.

When Ashley came to change Nicole's wound dressing, Nicole still wore an unhappy face.

"Who messed with you? Why are you so depressed?"

"Who else can be? My rival."

Nicole shook her head.

"What rival?"

Ashley was a little confused.

"Who is it? Who took a fancy to Samuel? Wasn't he in the police station before? How could he flirt with other women? Is it a policewoman?"

Hearing Ashley's guess, Nicole laughed out.

"No, it's Zoe. Because people often say daughter is her father's lover in previous life. She always let Samuel to stay with her. And Samuel said just now that he would sleep with his little princess before the wounds on my body started to form scabs. I don't expect her to take my husband's attention away. How about your twins? "

Nicole asked for advice.

Ashley frowned and said, "You mean Yasmeen and Jasmine? Yasmeen is boyish, she won't be around Steven if Jasmine was not there. Jasmine is a quiet girl, and she only asks for her daddy occasionally. But I wish Steven would take care of our daughters and don't bother me."

"Why do I sense a bit jealousy?"

Nicole teased Ashley.

"Screw you. You are jealous of your daughter. Samuel only had an operation this morning, so he needs to be ascetic for at least half a month. Don't complain about him. There's no need to have sex every day, right?"

Nicole was surprised.

"What operation?"

Ashley was confused.

"You don't know?"

"What should I know? Tell me, what operation?"

Nicole was about to sit up, but Ashley pressed her down.

"Don't move. I'm changing the dressing. Don't worry, it's just a vasectomy. I came to Gabrielle for taking over an operation this morning. And I saw him let Blair do an operation for him, so I asked. I really don't know you have no idea about this. But didn't Samuel tell you this?"

Samuel hurriedly said, "Well, I'll go to the hospital to see Jacob."

After saying that, he turned around and left, but Nicole stopped him.

"You don't like me now, do you?"

Samuel felt nervous after hearing what Nicole said.

He replied instantly, "How can that be? I love you the most!"

"Then why did you run after seeing me?"

Nicole walked downstairs gracefully.

Samuel unconsciously stepped back.

"Did I? I just want to visit Jacob."

"Jacob is with Olivia. It's good for them to stay with each other. What are you going to do there? "

As Nicole spoke, she got close to Samuel.

Soon, Samuel backed away to the doorframe. Nicole grabbed his collar with one hand and touched his chest seductively with another.

His mouth suddenly went dry.

"Nicole, listen to me. I need to talk to Jacob ..."

"Now he is in a vegetative state. What can he do for you?"

Nicole looked at Samuel doubtfully.

Only then did Samuel realize that he had slipped out.

What should he do?

Would he confess or not?

He was confused.

Nicole felt a bit annoyed.

'Samuel, good for you.'

'You even gave up your opportunity to confess.'

'Such a brave man.'

Nicole's hand went to his chest and kept moving down.

"Darling, is there any beautiful policewomen in the police station who like you these days?"

"How can that be?"

Samuel felt flushed. His heart rate was elevated and his mouth was dry.

Damn it.

In the past, Nicole wouldn't seduce him. He just had a surgery today. What she did now really confused him.

Could it be that he didn't satisfy her last night?

It shouldn't be!

Samuel did not dare to get away from her touch, he had to bear it.

"Nicole, Zoe fell asleep. We..."

"You mean we should go upstairs?"

Nicole looked at him invitingly.

Samuel was astonished.

Chapter 1025 She's Not Nice

Her car was damaged by someone!

"Excuse me, are you the owner of this car?"

A cute girl stood in front of Nicole embarrassedly and she looked depressed.

"Yes."

Nicole thought the girl was about eighteen years old. She was so young.

She sighed involuntarily.

"What happened?"

The front of Nicole's car was so damaged. She was confused about why her car got hit severely even in the parking lot.

The girl said with a guilty conscience, "I just got my driving license, so I'm not good at driving now. I kept hitting your car while reversing."

"In the same position? How did you get your driving license?"

Nicole thought she shouldn't have gone out.

Early today, she wanted to visit Jacob and Olivia in the hospital, but she failed to enter the ward for fear of interrupting them making out. Now, when she was going to supermarket, her car was damaged by a girl. What an unlucky day!

Nicole looked angry, so the girl immediately said, "I'm responsible for it and I will pay for the repair! But I don't have enough money right now. Can I pay you in installments?"

Judging from the girl's clothes, Nicole knew she was not wealthy so she relented.

"Never mind. You don't have to pay. By the way, it's safer to take a taxi than driving by yourself."

She offered a kind suggestion.

However, the girl shook her head and said, "No, your car is damaged by me. I know that the car is very expensive and it's hard for me to compensate, but I have responsibility for my mistake. My name is Fernanda Cater. This is my phone number. You can send me the bill later and I will pay you every month."

Fernanda insisted.

Nicole looked at her again.

Fernanda had clear and transparent eyes. People would purify their souls when looking at her eyes.

She was not very gorgeous, but her finely carved features made her look nice.

Nicole began to like Fernanda.

"Hello, my name is Nicole Bush."

"You are Nicole Bush? Is the surname the same as 'Bush' of the Bush Group?"

Fernanda stared at her fixedly.

"Yes, I am. You know me?"

Nicole was a little surprised.

Nicole had never seen her before!

If she had, she would never forget. However, it was obvious that Fernanda knew her.

Fernanda hurriedly shook her head and handed over a card.

"Remember to call me. I have to go. See you later."

After finishing, she ran away from the parking lot.

There was a phone number written on the card with good handwriting. Nicole believed that she was an innocent girl, but she didn't know what that look was about just now?

Nicole couldn't figure it out.

Perhaps Fernanda did not want to give her compensation, she just took the opportunity to escape.

Nicole guessed randomly, but she didn't take it seriously.

"Joseph told me that food is the first necessity of the people. So, I don't feel ashamed that I like eat."

Zoe said seriously.

Then, Nicole did not say anything.

The meal quickly came up, and there was indeed an extra drumstick in it.

Nicole feels that Fernanda is really a promise-keeping person.

This was not her shop. She was just a shop assistant. Nicole was afraid that she had bought this extra chicken drumstick out of her own pocket.

And Nicole decided to return the money to her later.

It wasn't easy for a little girl to work. She couldn't let Fernanda buy this.

Thinking of this, Alison brought Jaylen here.

Jaylen was no longer as arrogant as before. Now, she was concealing herself like a mummy. But she still looked around with fear and finally came up to Nicole.

Nicole had no good impression of her, but for Zoe's sake, she still endured it.

"Mrs. Green, I'm sorry. It's my fault that I didn't recognize you. Please forgive me. You see, I'm in a terrible situation now. No matter what I did before, could you please spare me?"

Jaylen was about to kneel as soon as she saw Nicole, but she was stopped by Alison.

She still wanted to kneel down with all her strength, but Alison kept her up with only one foot.

Nicole glanced around, and she found someone was taking photo secretly.

She sneered.

It seemed that Jaylen still hadn't learned her lesson. But it didn't matter. Nicole wasn't in a hurry.

"You seem to have said to the wrong person. Jaylen, I don't know what you did to my daughter. But my daughter told me something. I don't know if these are real. So, could you tell us clearly what you did to my daughter in front of us and apologize to her. Then, I won't hold you accountable."

Nicole said calmly.

Zoe stopped eating when Jaylen came. Although she did not move, nor did she show a frightened expression, she sat there so quietly made Nicole feel heartache. How she wished she could kill Jaylen.

Jaylen was also a smart person, so she instantly understood what Nicole meant.

She hurriedly knelt down for Zoe. This time, Alison did not stop her.

Jaylen actually knelt down, and her kneecap hurt so much. But she could only endure it.

"Miss Zoe, I'm so sorry. I shouldn't have stopped you from eating. I shouldn't have let you get up in the middle of the night to paint. I shouldn't have scolded you. It's all my fault. I'm out of my mind to do such cruel things to a child like you. I am sorry. Please forgive me."

Every time Jaylen spoke out one thing, Nicole holds her hand tighter. In the end, her fingernails broke her palm, but she didn't feel the pain at all.

"I have to go out for a while."

Nicole left in a hurry.

Samuel hurriedly left Zoe to Alison, quickly stopped Nicole and said, "Where are you going? I can give you a ride."

Nicole paused for a moment and said, "Aren't you busy?"

"I'm not busy for now. Ernesto is dealing with the company's affairs. My most important duty is to stay with you and our child."

Then, Samuel held Nicole's hand and walked out.

Zoe knew that she was left by Daddy again, so she pouted.

"Ms. Lake, I also want to find a boyfriend! My dad leaves me alone again!"

Alison's pursed her lips with embarrassment.

'Are kids so precocious now?'

'She is only four years old and she wants a boyfriend?'

'I am already twenty-five and don't have a boyfriend. Isn't that too bad?'

Alison felt upset.

Nicole did not know her daughter's lofty ideal at all. After being taken into the car by Samuel, she said, "You don't even ask me where I am going?"

"You'll tell me where to go after getting in the car, won't you?"

Samuel started the car.

Well, this man knows her well.

Nicole whispered, "Go to KFC near the northern suburbs."

Samuel did not ask Nicole why she went there and headed for there.

He drove carefully at a moderate speed. It didn't take a long time to arrive at the KFC.

Fernanda's face still had tears. She kept looking at the time and looked around, being very anxious.

Nicole directly pulled down the window.

"Get on!"

Fernanda was slightly stunned.

She had just crashed Nicole's car lately and she didn't expect that Nicole got another car.

Fernanda knew that Nicole was from a wealthy family.

Fernanda became upset and felt a little bit inferior and annoyed.

After getting on the car, Fernanda glanced at Samuel, but did not see Samuel's face clearly because she was sitting behind him. However, just by looking at his manner, she felt that Samuel must be a big shot.

"How's Tim?"

Nicole did not know what Fernanda was thinking and directly said to her.

Although Nicole did not know how Fernanda was related to Tim, it was indeed Fernanda who called just now, saying that Tim had a car accident and asking Nicole if she wanted to go there together.

Nicole immediately rushed over.

When Samuel heard about Tim's name, he was slightly stunned.

"Tim Louis?"

asked

"Don't talk for now."

Nicole directly interrupted Samuel.

"Fernanda, Tim won't be able to come out for the moment. How about buying us some water?"

Nicole directly sent Fernanda out.

"OK."

Fernanda hurriedly nodded, but did not leave.

"This is the money. Take it."

Samuel took out a hundred from his pocket and handed it to Fernanda.

Nicole frowned slightly.

After Fernanda left, Nicole whispered, "Why do I dislike this girl all of a sudden?"

"Just because she's waiting for money?"

Nicole frowned much more.

"I thought she was kind at first, but is it true that she doesn't have enough money? A bottle of water is cheap. This afternoon she even bought Zoe a chicken drumstick, but just now it seemed that she couldn't even pay for the water. Can I take advantage of her money? Tim was still under surgery, but she was thinking not to spend his money. I suddenly feel that she isn't Tim's cup of tea."

Perhaps because of a woman's intuition, Nicole felt that the relationship between Fernanda and Tim was not like what Samuel said.

At the very least, she was sure that Tim would not like Fernanda.

However, Samuel said calmly, "Who cares? It's good enough to have such a girl to serve him now. Otherwise, would you serve him?"

"Samuel, what the hell were you thinking?"

Nicole suddenly started to talk, which startled Samuel.

"What can I do? I just want to see how far they can go."

"I think we'd better not interfere in this matter. I don't like them."

Previously, Nicole didn't know about their relationship and thought that Fernanda was a pretty good girl. But now she felt confused that Fernanda called her after Tim was sent to hospital. What did that mean?

It turned out that she didn't have any money and wanted Nicole and Samuel to pay for it. If she really loved Tim, money wasn't a matter.

However, Nicole felt uncomfortable about what Fernanda did.

Samuel saw a girl running over anxiously before he started to talk.

"May I ask is Tim under surgery inside?"

The girl was very beautiful with an ostentatious air.

Nicole glanced at her. This girl was wearing limited-edition bags and clothes, a typical lady of an eminent family.

"Who are you?"

"I'm her girlfriend, Evelyn Mason."

Evelyn's words surprised Samuel and Nicole.

"Tim's girlfriend?"

Nicole felt very confused.

"That's right? Who are you guys? Who are you to him?"

Evelyn frowned and looked at Nicole with hostility.

Chapter 1029 Take Her Away

Perhaps what Nicole said was correct. Fernanda really wasn't a good match for Tim. Besides, she had a bad temper....

Samuel couldn't help but recall Fernanda's attitude towards Nicole just now.

"Ernesto, get someone to keep an eye on Fernanda. Don't let her make waves."

Samuel called Ernesto directly.

Nicole was quite helpless. What did she get herself into?

Samuel hung up, looked at Tim, and whispered, "Are you gonna wait here till he wakes up?"

"I won't leave until Tim wakes up. I'm so worried about him."

Nicole knew what Samuel meant. She was not going to be the third wheel. But Tim did not wake up and no one knew what was going on between Fernanda and Evelyn. Nicole didn't trust a stranger to take care of Tim.

"I'll buy you something to drink. The water is too cold."

"Alright."

Nicole nodded.

Samuel walked out.

Nicole said to Evelyn, "I'm going to take a look at Tim's medical record. You watch over him."

"Okay."

Evelyn nodded.

Nicole went to Ashley.

"What? Are you still worried?"

"How badly is Tim hurt in the car accident?"

"It's not that serious. But it's too difficult to deal with. That's why I'm here. Don't be scared the moment you see me. It really isn't a big deal."

Ashley knew how important Tim was to Nicole and told her about Tim's condition at once.

Only then did Nicole let out a sigh of relief.

"What's going on between the two girls?"

Ashley rarely gossiped, but she still wanted to know about Nicole.

"I don't know." Nicole said gloomily, "I won't know until Tim wakes up."

"Tim really gets lucky."

Ashley smiled and shook her head.

Nicole chatted with Ashley for a while and felt that she should go. Then Nicole walked out of Ashley's temporary office.

Samuel waited outside, holding the phone and working. Seeing Nicole come out, Samuel handed over the hot milk to her.

"When did you come back?"

Nicole asked.

"I just came back not long ago."

Samuel's work was brought to a temporary close.

Nicole touched the hot milk in her hand and found it cooled off a little bit. She knew that Samuel should have been waiting for a while, but he never said that.

"You know I'm inside. Why don't you go in?"

"I wanted to give you some space to chat with Dr. Ashley. And I took care of my business."

Samuel said lovingly.

Chapter 1030 I Can't Afford It

"Evelyn, I beg you to leave me alone."

Tim was bitter.

He was sick.

"I don't speak. You rest."

Hearing Evelyn's words, Tim was annoyed.

"Can you stay away from me for a while?"

"No, Nicole told me to stay here and take care of you."

Evelyn directly used Nicole as her excuse.

"Who?"

"Nicole. Isn't she your cousin? That's what she said."

Evelyn used Nicole as her excuse shamelessly. Tim really shut up.

If Evelyn knew it worked, she should have said so from the beginning.

Nicole heard that Evelyn took advantage of Tim and couldn't stand it anymore.

She pushed the door open and walked in.

"Evelyn, I...."

"You're back. What did the doctor say? Tim won't be paralyzed, right?"

Evelyn immediately interrupted Nicole.

Evelyn was kidding.

If Tim knew that Evelyn used Nicole as her excuse, would he still be nice to Evelyn?

Evelyn asked as she blinked at Nicole, who was stunned.

Nicole looked up and met Tim's eyes which were not spirited but still quite gentle.

"Why are you here?"

"What a mess you've had. Who will sign the paper consenting to have the operation if I'm not here?"

Nicole glared at Tim and whispered, "Don't talk so heartlessly to Evelyn."

When Evelyn saw Nicole speaking, she immediately ran to Tim and said, "Look, I said that Nicole asked me to come."

Evelyn was so smug.

Hearing what Nicole said, Tim couldn't argue with that.

Tim coughed and said, "I'm fine. It's just a little car accident. I'll recover after a few days."

"It's the Greatest Global Scalpel who operated on you. It's not just a little car accident. Tim, I beg you. Cut it out. New Year's Day is coming. No one would stop you if you wanted to go abroad. But you came back just like this. Do you think we can celebrate the New Year at ease?"

Hearing Nicole's words, Tim was embarrassed.
