

Escape Wife 1071

Chapter 1071 This Is So Beautiful

This was so beautiful!

Nicole couldn't even move her eyes away.

Samuel was a little awkward.

"What's that face for?"

Samuel felt uncomfortable since the fishtail dress was wrapping him up and made him like a mummy.

Nicole directly dragged Samuel out.

"Hey."

Samuel hesitated, but he could not hold back Nicole's excitement. So he closed his eyes and let Nicole drag him out.

"Look, how do you like?"

Nicole pointed at Samuel and asked the waitress beside her.

The waitress was surprised.

"Wow, you look so beautiful. And your eyes are so attractive."

Samuel frowned slightly.

'Is the waitress blind?'

'I am a man, okay?'

Just as Samuel was about to say something, Nicole spoke.

"See? I told you! Please pass me the one over there. Yes, that beautiful lace dress."

Samuel couldn't help but purse his lips.

'Is Nicole addicted to buying me women's clothes?'

However, Nicole ignored his refusal at all. She swiped the card quickly and pushed Samuel in to change the clothes.

Compared to the fishtail dress he was in, Samuel thought that this lace dress might be better. At least, it allowed him to breathe freely. He had been worried that if he breathed deeply, this fishtail dress would be torn apart.

It was hard to imagine how much women had to suffer for beauty.

The fishtail dress couldn't be designed for human.

Samuel dawdled to change his clothes. He really wanted to stay in the fitting room forever.

The waitress finally thought about something and whispered to another one, "I remember it was a man who just got into the fitting room, right?"

"Oh, right, it was a man. How come a beauty came out then?"

They were surprised.

Nicole didn't care what they said. She suddenly remembered the waitresses had been staring at Samuel, so she said, "Well, this is his special hobby. Please don't judge him. And please keep it a secret."

The waitresses were startled.

A special hobby?

What a pity!

How came such a handsome man had such a special hobby?

As if having seen through their thoughts, Nicole was so happy.

'Don't ever covet my husband!'

'Now you can stop making moves on him, can't you?'

Samuel finally walked out.

He walked in an awkward way.

What the hell?
Twitter headlines?!
She just played a role-playing game with her husband. How did they make the headlines?
That was crazy!
Nicole quickly opened Twitter.

As expected, the flirting image of her stretching out her finger and raising Samuel's chin was posted online. She didn't know who took this photo. But the photo just happened to show her evil charm and Samuel's shyness.

If she hadn't personally experienced it, she wouldn't believe that person was Samuel!

No wonder Ashley and the others didn't recognize him.

Nicole suddenly felt that the situation was going wild.

Ashley and the others saw it. Her grandfather and uncle must have seen it!

Would they also think that she had done such a disgraceful thing behind Samuel's back?

Nicole suddenly felt like crying.

Now she was in trouble.

After Samuel packed himself up, he saw Nicole looking at her phone with a look of helplessness. He couldn't help but ask.

"What's wrong? I proposed in a woman's dress as you wish. Why are you still unhappy? Or are you not satisfied with the photography work of that boy?"

Nicole looked at Samuel who knew nothing about what had happened. She felt helpless and said, "Samuel, we made the headlines."

"What?"

Samuel was a little surprised.

Nicole directly showed Twitter to Samuel and said guiltily, "I'm sorry. I didn't think of that."

If people found out that this beauty was Samuel. The image of Samuel would be destroyed!

Nicole instantly felt that she didn't consider carefully.

Originally, it was a small affair between husband and wife, but now the situation has gone too far. How could she fix it?

What was wrong with these people?

Why did they take her photo?

They even posted it online. Did they get her permission?

Nicole thought to herself and carefully looked at Samuel, who was frowning and not saying anything.

Was he angry?

What should she do?

Just as Nicole was at a loss, her phone in Samuel's hand rang.

Samuel looked at the phone. It was from Jason.

He directly handed it to Nicole.

She knew why Jason called. Nicole shook her head, but Samuel answered the phone for her.

"Nicole, what the hell are you doing? Are you crazy? Or did someone force you to do so? Tell me! Who is the one forcing you? I will go kill him. Probably Samuel hadn't seen it. If he sees it, what can you do? You love Samuel so much! Why do you like women now? Tell me! When did you change your sexual orientation?"

Jason's voice was a little cracking. Nicole could tell how angry Jason was.

"Uncle Jason, it's not what you think. I just..."

Nicole suddenly stopped.

Nicole looked at Samuel's smiling face and couldn't help but be a little infatuated.

Seeing his wife looking at him like this, Samuel couldn't help but stretched out his finger to tap the tip of her nose.

"What."

Nicole frowned slightly, a little furious.

However, Samuel liked it more.

"Do you have an answer?"

"No, but you said you would take me on a boat trip."

Nicole said with a smile.

A world of only them?

Wasn't a boat trip the answer?

Samuel smiled faintly. He didn't say if it was right or wrong. He just had his men pack their things and took Nicole to the helicopter.

Seeing that there was no one on the helicopter, Nicole couldn't help but be stunned.

"Where's the pilot?"

Samuel smiled and said, "From today, I will be your pilot."

"You? Can you do that?"

Nicole was immediately shocked.

Samuel was disliked by his wife so he could not help but frown.

"Woman couldn't suspect the men when facing them."

Nicole was a little awkward.

Nicole's face instantly blushed, but for the sake of her life, she asked again, "You really could do that?"

"Yes! Let's go, darling."

Samuel gestured with a gentlemanly invitation.

Although Nicole was a little hesitant, when she saw Samuel's confident expression, she took a deep breath and said, "Forget it. Being able to live and die together is also a kind of happiness."

Samuel's mouth twitched immediately.

Was he so distrustful to his wife?

After getting up, Nicole sat in the passenger seat and quickly fastened her seat belt.

When Samuel came up, Nicole asked again.

"Darling, can you?"

Samuel glanced at her. This glance was really meaningful. Seeing this, Nicole laughed foolishly and didn't dare to ask a single word more.

When the plane started, Nicole tightly gripped the handle and her heartbeat accelerated.

So fucking exciting!

She was actually taken out for a ride by her husband on the helicopter. If she said it to others, those women would definitely be envied to death.

With that thought in mind, Nicole took out her phone and directly took a picture of Samuel's side face as he flew the plane and posted it on Twitter, with the caption, "Wow, how handsome my husband is when he flies the plane!"

The moment this microblog was posted, it immediately caused a huge discussion.

Nicole ignored it and post the picture on her Twitter again.

Ashley was the first to comment.

"A woman who are showing off your love affairs, how could you do this?"

Gabrielle then commented,

"It seems like that all other men couldn't know how to fly the helicopter! My husband Blair just didn't want to fly it."

Claire just "Liked" directly without saying anything. However, the next second, a video appeared on her Twitter.

It was somewhat cold outside.

Samuel held Nicole's small hands tightly and entered the villa with her.

It was also a little cold in the villa.

Nicole looked at the European style decoration and the fireplace and felt delighted.

"No servants?"

"Yes, just we two."

Samuel threw his coat onto the sofa and got up to light the fireplace.

Soon it got warm in the room.

"I'll do the cleaning."

Nicole also took off her coat and went to the bathroom to get a rag to clean up.

They cleaned the room like ordinary couples.

It has been a long time since Nicole had had exercises. So she got tired soon.

She looked at Samuel shoveling the snow at the door. The way he waved his shovel was really handsome.

'It's his birthday.'

Nicole got up and went to the kitchen. Seeing that flour and everything had been prepared, she rolled up her sleeves and began to make a bowl of noodle for Samuel.

After Samuel cleaned up the snow outside, he was feeling so hot.

As soon as he entered the house, he saw Nicole making noodle for him. So he put up a beautiful smile.

Birthdays used to be nothing special to him. In the past, Laurel had always been abroad, so Zama would celebrate he and Vincent's birthday for them. At that time, he had not understood why Zama would be so concerned about their birthdays. Now that he knew, he felt so pitiful.

Later, he had found out that he was just a tool. So he had thought that his birthday was a disgrace, a symbol of his failed life. But now Nicole was busy preparing something for his birthday.

If it could be like this every year, it would be nice to have a birthday.

A lamp, a woman, and a kitchen were enough to make him feel warm.

Samuel walked over and hugged Nicole from behind.

The familiar aura made Nicole smile.

"The noodles will be ready soon."

"Thank you, Nicole."

Samuel placed his chin on Nicole's shoulder.

Nicole's heart softened.

"Come on. Wait outside. It'll be ready in a moment."

"Alright."

Samuel reluctantly let go of Nicole.

Nicole quickly brought it out.

"Come on, honey. Time for your noodles."

Nicole smiled as she looked at Samuel.

There were no servants, no children, but only the two of them. They were like ordinary couples, living a simple, calm, yet peaceful and harmonious life.

Samuel sat down at the table.

He picked up his chopsticks and took a bite.

"How is it?"

"Delicious."

Samuel spoke gently and then ate all the noodles.

Seeing that Samuel had eaten it up, Nicole was very satisfied.

She prepared a bowl of noodles for herself too. Because she was really hungry, so she ate a little fast.

Watching him left, Nicole quickly took Samuel's phone and unlocked it.

She didn't want to peep on his privacy, but only wanted to know who bullied him.

The last call was to Steven.

Steven?

Nicole was slightly stunned.

Then, she wasn't surprised. In Seapolis City, except for the four young masters, who else would laugh at Samuel and made him so helpless?

Although she didn't know what Steven had said to Samuel, she remembered that Samuel recently dressed up as a woman, and that could be the reason.

Nicole smiled faintly.

She took out her phone and sent a message to Ashley.

"Do you want to see Steven dress like a woman?"

Ashley paused after reading the message, and then replied, "No."

"Are you afraid of seeing that? I understand how you feel. Even dressed up like a woman, Samuel still looks nice. Who else could be like him? Well, no offence. Just ignore me."

Ashley stared at Nicole's message.

Ignored her?

How?

Ashley knew that Nicole said that on purpose, but she just couldn't bear it.

"Steven!"

Ashley said in a low voice.

Steven came out from shower and saw Ashley looked upset, so he checked on her.

"What's wrong?"

"Did you make fun of Samuel for dressing like a woman?"

Ashley looked at Steven with a smile. But somehow, he felt she was planning on something.

"So? He looked funny, so I mocked him. Why can't I? And, you are my wife, why do you even care about that?"

"Nothing. I remember you said that you will go back for the New Year, right?"

"Yeah?"

"If you want me and the kids to go back with you together, you also got to let me see you dress up like a woman."

Ashley said indifferently and looked at Steven.

Steven was speechless.

"Ashley, you promised, and you know how much they want to see the kids."

"Then do as I said."

"Are you out of your mind?"

Steven felt humiliated. He turned around and went to the bedroom and slammed the door.

Ashley was mad.

She jumped up.

"Steven, what do you mean? Samuel can dress like a woman to please Nicole, why can't you? I see. They married for love, and you married me because I forced you to. Is that why you don't bother to make me happy? That's right, how can I be compared with Nicole?"

Ashley started to feel sorry for herself. Her words were like swords piercing into Steven's heart.

"Why do you bring that up? It's been so many years, and you are still talking about it. Have I ever complained about it?"

Steven opened the door and looked at Ashley's back. She was shivering. Although he didn't hear her cry, he felt bad the way she looked.

He suddenly felt sad.

"Alright, it's no big deal. I'll do it."

How could she be kidnapped wherever she went?

Nicole wanted to get loose, but the person behind her said, "Don't move if you want to be alive. I'm just using your speedboat as a hiding place."

"Sir, you don't have to abduct me to use my boat, do you?"

Nicole snorted contemptuously.

Using?

What a joke!

When Samuel arrived, he saw the man threatened his wife.

"Don't move, or this beautiful lady will be in danger."

The man smiled evilly.

Samuel frowned slightly.

He was rather confident that he could take hold of the man if he made a move. However, the street outside was quiet, so Samuel wasn't sure if there were any snipers nearby.

The man in front of him wore camouflage on his face that was used by Special Forces. He was likely to be a mercenary who killed without blinking.

Such soldiers obviously weren't coming for them. They were just unlucky to encounter them.

"What are you doing? Let go of my wife. I'll give you anything you want."

Samuel's eyes darkened slightly.

The man nodded and said to Nicole, "Beautiful lady, please get on the boat."

At this time, Nicole could only obey.

She looked at Samuel gloomily and said, "Is today's birthday wasted?"

She spoke Chinese.

Samuel smiled and said, "I'll make up for you later."

"No. It is said that it's unlucky to postpone birthdays. I hate it."

Nicole got back on the boat.

The man raised his eyebrows slightly.

"Which one of you celebrates your birthday today?"

His Chinese was very fluent. Nicole and Samuel were both stunned for a moment, but neither of them spoke.

He didn't care whose birthday today was!

The man and Nicole returned to the speedboat. A dozen people suddenly surged out from behind the man and boarded the boat at the same time.

Nicole and Samuel frowned when they sensed that these men were skilled fighters.

They all wore camouflage, making it hard for them to see their faces clearly. However, their fierce appearances were frightening.

After Nicole boarded the boat, the man allowed her to be with Samuel without making things difficult for her.

"Are you alright?"

Samuel frowned and looked at her.

Nicole shook her head.

She sat down beside Samuel.

The man looked at them and smiled, "No matter whose birthday is today, it's my treat."

Then he sent someone to buy a birthday cake.

Nicole wanted to refuse, but Samuel held her hand tightly.

As Nicole finished, she realized that it was a silly question.

Who was Zayn?

He was her cousin. Why on earth would he kidnap her?

Besides, Zayn was now in Country F. He wouldn't have time to come here and kidnap her.

Nicole chuckled, "My brain isn't working well recently."

"Well, maybe you should have some monkey brain to help you become smart."

Nicole didn't like to be mocked by Samuel.

"Shouldn't you say something to make me feel better?"

"What would you like to hear?"

Samuel's mood wasn't affected at all, as if nothing had happened just now.

Nicole was depressed.

She looked at the harbor and whispered, "Those people aren't the bodyguards of the Green family, are they?"

"No."

Samuel turned around and whispered, "They're from Sky Group. We're not in our motherland now. The people from the Green family might draw unwanted attention to us."

Nicole was surprised.

"Sky Group? They work for Fill?"

"Yes."

Few people knew about the relationship between Samuel and Fill or the fact that Samuel was the highest leader of Sky Group. However, the upper echelons of Sky Group knew about it. Therefore, Samuel contacted the people of Sky Group to secretly protect her.

That was why those people called him Mr. Samuel.

Nicole couldn't help but think of Fill.

"Fill hasn't returned yet?"

"He can't come back for the time being. Whether this Whitney is real or fake, Fill will not leave her out there on her own. Let's leave him to it."

Hearing Samuel's words, Nicole nodded.

"I hope that by the time we get home, the ancient book is already there."

Seeing that Nicole was still thinking about the ancient book, Samuel felt touched.

"I'm feeling a lot better now. Don't worry too much. Moreover, even if the ancient book arrives, Blair and Joseph will need some time to study it. We should be patient."

Nicole nodded.

"What bad luck! Why would we come across such a psycho? If he's not Zayn, who will he be?"

Nicole was back to the point.

Samuel whispered, "Zayn's brother."

"Which one?"

Samuel was amused and said, "I didn't look into it."

"I see."

Nicole felt the same way. They came here for a tour, why should they care who that man was? Yet, she was curious what a prince from Country F was doing here.

"Is this place close to Country F?"

Nicole suddenly thought of this possibility.

"Yes."

Samuel didn't keep it from her.

Nicole was upset instantly.

"Why was this happening to us?"

Chapter 1078 I'm Just Making a Suggestion

Seeing Nicole's surprised look, Samuel asked.

"What's wrong?"

"Look who's that!"

Nicole narrowed her eyes.

Samuel followed Nicole's gaze and saw a familiar figure disappearing into a hotel.

Trevin?

What was he doing here?

Samuel narrowed his eyes.

Nicole smiled and said, "Do you think I'm being betrayed by my own people again?"

Samuel felt sorry for her upon hearing that.

Nicole used to trust Finn very much, but what happened in the end?

Finn worked for Laurel and betrayed Nicole.

Finn had nearly sacrificed his life in exchange for Nicole's forgiveness, but the trust had long disappeared.

She had personally promoted Trevin, but wasn't Trevin supposed to be in Bordeaux now?

What was he doing here?

Samuel and Nicole hadn't decided to come here until the last minute, so no one knew their whereabouts. In other words, Trevin didn't come here for them. He had secretly come here behind their back.

What was he doing here?

This question was bothering Nicole.

Only the Harpers could find the ancient book, and Trevin was a Harper. With the ring Lucas gave him, he found the ancient book. But why did it end up in Fill's hands?

Nicole had never thought about this before, but now she felt that it was too much of a coincidence.

"Shall I send someone over to take a look?"

Nicole didn't say yes or no, but her face was somewhat gloomy.

Samuel waved his hand, and two people followed Trevin into the hotel. They would need some time to get information.

Seeing that Nicole was in a bad mood, he cooed, "Let's go watch a movie."

"Will you be upset if I say no?"

Nicole didn't want to do anything to upset Samuel on his birthday, but she was really not in a good mood.

Trevin was like a thorn in her chest now.

She didn't know if this thorn could be pulled out.

If he turned out to be another Finn, she didn't know how she would feel.

Samuel could relate to her and he said, "If Trevin was really doing something behind our back, it must have something to do with Maia."

"Maia dug her own grave. I didn't kill her. Is he going to blame me for that?"

"There are things that you and I cannot control. Some people just see things differently. Let's wait and see."

Samuel had made a good point.

Nicole nodded.

"Let's go watch a movie."

Nicole suddenly said.

Samuel had no objection.

Did he love her back then?

Wasn't the answer obvious?

However, Samuel did not want to answer it right now. He just wanted to swallow the little woman in front of him.

Nicole found her body burning and her heart racing.

Samuel really wanted to combine with Nicole, but he stopped at the last step.

"What should we do?"

Seeing Samuel's sad look, Nicole couldn't help but smile and say, "It's fine. We'll have plenty of time in the future."

"But I don't want you to suffer."

"I'm not suffering."

Nicole blushed.

What was wrong with this man today?

Just when Nicole wanted to get up, Samuel held her and whispered in her ear, "Actually, I can still make you happy."

When Nicole was in a daze, Samuel had made a move.

She blushed all the way down to her neck.

Afterwards, Nicole leaned in Samuel's embrace, sweating profusely.

Samuel's eyes were filled with affection.

"Let me carry you to take a bath."

"I can walk."

Nicole was still blushing about what just happened.

She didn't know that could work before.

Samuel loved Nicole's shy look and said softly, "Can you still move?"

"Don't tease me."

Nicole wanted to bury her blushing face somewhere.

Samuel smiled and carried Nicole to the bathroom.

After they took a bath together, Nicole was a little tired, so Samuel went to bed with her.

Nicole soon fell asleep, but Samuel could not.

He got up and went to the deck. He wanted to smoke, only to find that he didn't have any cigarettes with him.

Two men showed up and stood behind him.

"Mr. Samuel."

"Fill is here now?"

Samuel's voice was not loud, and the wind whipping on his face blurred the sound.

This was the happiest birthday he ever had. Unfortunately, he couldn't stay with Nicole without any distractions.

As long as a person was alive, he would have burdens. The higher he was standing, the more things he had to worry about.

For the safety of his wife and children, he had to bother himself with these shitty matters.

Chapter 1080 Why Do You Betray Me?

Nicole frowned slightly.

What happened to Trevin was not enough to make Samuel so irritated.

"Be quiet. He needs to get more sleep. You guys can buy some breakfast like millet porridge. We need to take good care of his stomach. I think he's not feeling well recently."

Nicole asked someone to buy breakfast..

Actually, Samuel was a light sleeper. He used to receive training in the military region. As a result, he would wake up easily even if the sound was small, but he slept so deeply today.

Nicole thought to herself, "He either slept too late last night or he's sick."

"Could this man be sick?"

Nicole frowned slightly and quickly ran into the room.

She put her hand on Samuel's head and it was a little hot.

Nicole hurriedly found a thermometer to take Samuel's temperature.

Samuel really had a fever!

Nicole thought to herself, "How could this man have a fever!"

Nicole was a little anxious.

"Can you call a doctor?"

Nicole said to someone.

That person hurriedly went to the hospital to invite a doctor to see Samuel when he found out that Samuel had a fever.

The doctor said in a low voice after confirming Samuel's symptoms, "He has a fever caused by a cold. He just needs to take some medicine to bring his fever down. However, he needs to get more rest because he suffers from a lack of sleep."

Nicole nodded and walked the doctor to the door.

When she returned, Samuel was still sleeping.

He rarely slept for such a long period of time.

Nicole held Samuel's hand and felt that his body temperature was still rising.

Nicole thought to herself, "What happened to this man?"

"Why does he have a fever?"

"Is it because we watched the stars last night?"

"But we didn't go out!"

Nicole was puzzled. She couldn't help but think of the cigarette butts on the deck.

"What time did he sleep last night?"

"It's over five in the morning."

Nicole was slightly stunned.

Nicole thought to himself, "What kept this man up so late that he barely slept all night?"

"Standing on the deck looking at the sea alone?"

Nicole felt a little distressed.

She went to get some hot water, used a hot towel to wipe Samuel's body, and gave him the medicine.
