

Escape Wife 1091

Don't Try to Escape, My Wife!

Chapter 1091 Nicole Did Something Behind Viola

It would be impossible for Nicole to shake off Viola's ruthless gaze. To be exact, Nicole had also been paying attention to Viola the moment she entered the room.

Viola was colder than before and also crueler, which was hard to be disguised.

Nicole looked at Viola with a faint smile and said, "Why are you looking at me like you were going to eat me? What did I do wrong?"

Edwin frowned.

"What are you doing? Why are you staring at Nicole? It was me who had punished you. What? Did I get you wrong? You have a problem with me?"

Edwin said in such a harsh tone that Viola was immediately weakened, "No, Grandfather, how can I have a problem with you?"

"Stop being a wolf in a sheep's clothing. If you weren't Audrey's daughter, I wouldn't care about you at all. You father didn't teach you well. How can you fit yourself in the society if you don't change your behaviors now?"

When Edwin thought of Dominic, he was furious.

Viola didn't dare to say anything. She lowered her head quickly, making it impossible for others to see her expression. No one knew what she was thinking.

Seeing this, Nicole only smiled slightly and said, "Grandfather, don't be angry. She still needs time. After all, she is my sister and one of the Shaws. She represents our family's image, right?"

Hearing this, Viola quickly raised her head and glanced at Nicole with anger and coldness.

Nicole was clearly prompting Edwin to punish her, and she wasn't trying to conceal her intention at all.

Nicole didn't care about whether Viola hated her or not. Why would they pretend to be sisters with so many contradictions between them?

She sneered and said to Edwin, "Grandfather, I have something I want to tell you. Shall we go to the study?"

Viola frowned again.

What did Nicole want to say to Edwin?

She even wanted to say it behind her back!

Was she thinking about urging Edwin to punish her again?

Viola felt that everything Edwin had done was a result of Nicole's temptation, so she hated Nicole even more.

One day, she would make Nicole kneel in front of her and beg her!

Nicole didn't care what Viola was thinking. She looked at Edwin with anticipation.

Edwin certainly wouldn't reject Nicole. He quickly put down the newspaper and smiled, "Alright, let's go to the study."

"Grandfather, take your time."

Nicole stood up and helped Edwin to his feet.

"Nicole, are you hiding something from me?"

Seeing Nicole's hesitant expression, Edwin had a bad feeling.

"Is Sally...?"

"No, Auntie is doing well. She just can't come back to see you for now. She will come back someday. She asked me to return this pocket watch to you. She said that she missed you very much."

Nicole didn't have the heart to watch Edwin feel sad.

Edwin was instantly overwhelmed with excitement.

"Does she know I'm her father?"

"Yes. She seems to know everything."

Nicole only figured it out just now.

Zayn told her that before his mother died, she asked him to find his sister and misled Zayn to believe that Nicole was his sister. Why would Sally do this?

At the time, Zayn was a child, and so was she. She didn't have any value back then. No one knew her true identity, but Sally had told Zayn. What was she up to?

Was Sally worried that Mr. and Mrs. Bush might be treating her badly and hurt her when her identity was discovered? Was that why Sally asked Zayn to find her and protect her?

Nicole felt that it might be too good to be true. But that was the only possibility she could think of.

From the moment she came into contact with Sally, Nicole realized that Sally knew everything about her. She had been watching her closely. Nicole wondered when Sally found out about her birth origin. Did she know it from the moment she was replaced?

Or when?

Nicole was a little confused.

She wouldn't get answers to these questions before she met Sally again in person.

Now, Edwin was overjoyed that he had found his missing daughter.

Nicole didn't want to interrupt his joy, so she said, "Edwin, I'm going out to get some air."

"Okay."

Edwin held the pocket watch, thinking about his eldest daughter and wife with complicated emotions.

Nicole turned around and left the study.

She had just opened the door when she saw Viola standing outside eavesdropping.

Viola did not feel awkward after being caught. She even asked, "Auntie? Mom actually has a twin sister?"

"Didn't your father ever tell you not to eavesdrop?"

Nicole frowned.

She chose to talk in the study because she didn't want Viola to know. She didn't expect that Viola would be so shameless to follow over.

"When will the result come out?"

Nicole said in a cold voice.

Cara shook head and said, "The test is complicated. Laurence asked a reliable doctor to do it, but we still need to wait until night."

"Tell me the result as soon as possible. Let Laurence keep an eye there. You go back now. Grandpa's mood is unstable today. I'm afraid Viola will make a move."

Nicole felt disturbed.

"Alright. Mrs. Green, Viola is like a bomb which may explode at any time. If we still let her stay with Mr. Shaw, I'm afraid that one day things will be out of control."

How could Nicole not understand what Cara meant?

But where she can send Viola to now?

Viola didn't do illegal things, so they couldn't send her to prison. Petty was in the international prison now. Although Nicole could also send Viola there, she wanted to see what Viola would do next.

Viola might be a touchstone for Nicole to get the answers she wanted.

"I will consider it."

As Cara left, Nicole called Laurence and told him about this thing.

Then she drove to the Green's.

She saw a familiar figure wandering around the door when she drove close to the mansion.

Nicole frowned slightly, but she still stopped the car.

"Zac."

She said.

Zac suddenly turned around and saw Nicole parking her car at the door. He felt a little awkward.

"Nicole."

Zac was embarrassed. He didn't do anything wrong to Nicole and Samuel, but Petty was his wife.

Nicole noticed his embarrassment. She smiled, "Come in."

"Alright."

Zac nodded.

They went inside one after another.

Samuel had woken up. Wendy told him Nicole had gone out for something. He contacted Ernesto and dealt with the company's business.

Just as he finished, he saw Nicole and Zac walk in together.

"Why did you two come back together?"

Samuel was a little surprised and asked.

Nicole smiled and said, "We met at the door. Let's have dinner tonight."

Seeing that Samuel's phone rang, Zac hurriedly stood up.

"Samuel, I'll go back and pack my things first."

"Alright, drive carefully."

Samuel nodded.

Zac took the car key and left.

Samuel glanced at the number on his phone and picked up.

"Mr. Green, there's something wrong with Mr. Shaw's surveillance system."

It was Ernesto.

"Speak."

Samuel said indifferently.

"Mr. Shaw's landline just dialed a number. It's not from this city. I tracked it down and found it's from Country F." Ernesto whispered.

"Country F?"

Samuel frowned slightly.

"Got it. Keep digging."

After saying that, Samuel hung up the phone.

Nicole walked down from upstairs and heaved a sigh of relief when she didn't see Zac.

"Has Zac left?"

"Yes, he will move back tonight, and I gave him a 1% stake of the company."

Samuel's words caused Nicole to be slightly stunned.

"So generous? You don't owe him. The person who owes him is Petty."

"I know, so the one percent stake belongs to Petty."

Samuel's words stunned Nicole again.

"Darling, aren't you too scheming?"

"Petty will stay in the international prison in the future. There is no need to share the interest with her. Why don't we give it to Zac? If the child is born, Zac will need a lot of money to raise a child. Besides, the Green family owes it to the Neo family. Petty just doesn't get it."

Although Samuel said this, his emotions were no longer fluctuating.

Nicole knew that he had been heart broken.

He was completely disappointed at Petty.

Nicole was afraid that he would continue to discuss this issue, so she hurriedly said, "I went to grandfather's house this afternoon."

"Did Viola cause trouble?"

Samuel's words immediately made Nicole laugh.

"You don't even know that Viola truly like making trouble."

Nicole told him what happened at Mr. Shaw's house.

After hearing that, Samuel suddenly said, "Ernesto called me just now and said that someone from grandfather's house had contacted the people from Country F with the landline number. Do you think it would be grandfather?"

Nicole was instantly stunned.

"How is that possible? Even if grandpa wants to see Sally, it's impossible for him to know her phone number. Even if he asked someone to investigate, Sally has faked her death for so many years, and how can she use her real name to get a mobile phone card? Without a mobile phone card on Sally's name, how could grandpa find Sally's contact?"

Chapter 1095 A Wise Answer

"Darling, how to make Viola suffer the consequences?"

Nicole was a little melancholy.

She didn't want to do bad things.

Seeing his wife in such a difficult position, Samuel smiled and said, "Easy. Just fight fire with fire."

"What do you mean?"

Nicole got interested.

"Viola tried to poison her grandfather, didn't she? She wanted her grandfather to die quietly. So we just do the same thing to her."

Hearing this, Nicole immediately frowned.

"How could she not notice the mutually exclusive species she set up herself?"

"We don't have to use the plant her set. We can change that. Just ensure the mechanism is the same.

Samuel's words enlightened Nicole.

"What plant?"

"I don't know, but your friends know. Both Ashley and Gabrielle graduated from medical university."

Hearing this, Nicole immediately smiled.

"Darling, you're too bad."

"Didn't you just like it?"

Samuel smirked, causing Nicole's heart to beat faster.

God.

After a long time being married, how could Samuel still flirt with her like this?

Nicole gave a flirty look at him.

Samuel had stayed away from sex for so many days and finally could do it after asking Blair. How could he do nothing?

Samuel jumped Nicole like a werewolf.

After exhilarating sex, Nicole was exhausted.

Looking at her being like this, Samuel smiled and said, "Do you still want to flirt with me?"

"Piss off!"

Nicole really wanted to kick this man out of bed, but she didn't even have the strength to lift her foot.

Samuel really loved this. He kissed her fiercely and made Nicole almost breathless.

Nicole simply stopped struggling.

Samuel smiled and directly picked her up to the bathroom.

After another round in the bathroom, Nicole slept as soon as she got to the bed. Her mind just went empty.

Samuel was full of energy and in a pretty good mood.

He laid down next to Nicole. Nicole immediately flipped over and found a comfortable place.

Samuel smiled again.

Sleep well.

When Nicole woke up the next day, Samuel was already gone.

She looked at the time and found it was only seven o'clock.

Nicole stretched. There was no doubt that Samuel had gone to the morning exercise.

After washing up, she went downstairs and saw Samuel return with two kids.

Nicole became happy after hearing her sons' compliments. Then, she despised Samuel.

"Mr. Green, as the boss of a listed company, your eloquence is inferior to that of two children. Don't you feel ashamed?"

Nicole tone depressed Samuel.

He thought, 'What did I do?'

"I'm ashamed for what? Don't you know they are lying?"

Samuel's words annoyed Nicole.

"You mean that I'm fat, don't you?"

"No, that's not what I mean."

Samuel hurriedly explained.

But Nicole didn't think so, "What do you mean? Say it, Samuel. You don't love me, right? Finally, you find an opportunity to say it, right? What about the flattery you have said to me? Did you really mean it? "

Seeing that Nicole was annoyed, Lucas beckoned to Joseph.

Joseph walked to him and said, "Don't you want to say something? I think Mommy is really angry."

"Say what? They are couples. Don't worry, they will be fine. Let's go get some food."

Lucas pushed Joseph to the kitchen.

Samuel was angry when he saw Lucas leaving with Joseph.

He thought, 'Don't you see that your father is in the hell?'

'How could you just leave?'

'It must be because I make fun of his figure!'

'What a vindictive boy!'

Samuel thought, but he didn't have time to think about this anymore because Nicole got more and more angry. She was sad.

"I know it. All affectionate words are lies. Yes..."

However, she was stopped by Samuel before she finished her words. He kissed her.

This trick worked.

Then one thing led to another.

Samuel carried Nicole into the bedroom.

Lucas said, "See? They are fine. Enjoy your food. I guess all food is ours."

Joseph coughed in embarrassment and lowered his head to eat.

Lucas looked at the door.

He thought, 'Nothing new.'

'However, it always works.'

...

Then, he started to enjoy his food.

It was almost noon when Nicole and Samuel finished.

Then Nicole thought of the children and felt embarrassed.

"Samuel, you bastard!"

She kicked him. Then both of them were stunned. Samuel was kicked off the bed.

Samuel never thought that he would be kicked off the bed.

Nicole also did not think she could kick Samuel off the bed.

Chapter 1097 It's All Because of This Man

Wendy did not know that Nicole was feeling bitter in her heart, and she was immediately frightened when she saw Nicole's depressed appearance.

"Madam, is something wrong with you? Do you want me to call Mr. Green down?"

Wendy's words touched Nicole's heart.

"Hurry up and call that bastard Samuel down."

When Nicole mentioned Samuel, she simply gritted her teeth.

It was all because of this man!

Didn't he know that there were two geniuses at home?

He was brazenly flirting with her in the daytime!

Now that she had lost all face and was so embarrassed.

Wendy did not know that Nicole was so conflicted in her heart. Seeing Nicole's bad expression, she thought that something serious had happened and hurriedly ran upstairs to call Samuel.

Just as Samuel was dressed, he heard Wendy directly push open the door and enter.

"Mr. Green, madam..."

"Get out of here!"

Samuel still had two buttons unfastened, and his expression was instantly cold like the frost, scaring Wendy so that she trembled.

Only then did she realize that she had forgotten the rules and did not knock on the door.

"Mr. Green, madam seems to have an urgency at the dining hall. She let me come up and find you."

Wendy didn't dare to stay after finishing her sentence. She turned around and ran, as if there was a ghost chasing after her.

Samuel was less angry.

If it was because of Nicole, it would be understandable for Wendy to be so rude.

Samuel quickly picked up the phone and also found Nicole's, so he also took her phone together.

After going downstairs, he saw Joseph reading on the sofa. He couldn't help but smile and say, "Don't be so diligent, you may get short-sightedness."

"I know, Daddy."

Joseph nodded and continued to look at his medical book.

After the New Year, there was a medical seminar. Master said that he wanted to take Joseph to join. Joseph always wanted to take advantage of time to enrich himself, otherwise, it would be embarrassing if he couldn't understand what others were saying.

It was said that he was a medical genius, but who knew how much effort he had put?

There weren't many geniuses in this world, it was just hard work and diligence.

Joseph's eyes lit up.

He pinched the corner of his eyes, relieved his fatigue and continued reading.

Seeing Joseph like this, Samuel couldn't help but think of Vincent.

Vincent used to be like this. No matter what he did, he wanted to try his best, or he would not do it. Joseph followed the personality of Vincent.

Just as Samuel was immersed in his memories, he heard Nicole made a noise to him.

He was stunned for a moment, then turned around to see Nicole's anxious expression, and couldn't help but walk over quickly.

"What's the matter?"

"Why are you asking me? It's all your fault! Samuel, I'm warning you, don't even think about touching me when the children are at home!"

Nicole said angrily, as if Samuel had committed something unforgivable.

"What's wrong?" Samuel asked with a dumbfounded expression.

"In any case, you are not allowed to touch me!"

Nicole's attitude was very firm.

Nicole was torn on her side, but Samuel thought nothing of it and went straight to the military region.

Because he had the rank on him, he was free to come and go in the military region.

Samuel paused when he saw Emory.

"Emory, why are you looking for me?"

"Aren't you going to explain?"

Emory showed a post on Twitter to Samuel directly.

This was clearly the scene of Samuel being proposed by Nicole last time he dressed as a woman.

Samuel did not have much reaction to this.

"It's me."

"Nonsense!"

Emory threw the phone on the table.

"Do you know who you are? You're a soldier! What is this? Role play? What do you think you are, an actor? Have you ever thought about the consequences of this? Do you know how much of a hindrance this is to your military career?"

Emory was almost mad with anger.

When he first saw this piece of news, he thought it was a prank by someone, but in the end, Samuel directly admitted that it was him on Twitter.

It didn't matter if he doted on his wife, but at least he had to be careful.

It didn't matter how much he pampered his wife at home. But now that Samuel had a military rank, he couldn't do as he pleased and do whatever his wife wanted to.

However, Samuel did not seem to have much trouble. Instead, he picked up the phone and enlarged the picture.

Yeah.

That was shot at a good angle.

Later he had to ask Ernesto to find out which newspaper took it and see if he could get a negative or something. If he could develop the film and placed it on the bedside table, probably Nicole would love it.

When Emory saw Samuel still smile slightly after he got angry, he couldn't help but angrily pick up the pen container and threw it over.

"Why are you still laughing?"

Samuel caught it immediately and smiled faintly. "It's not a big deal. Why are you so angry? Anyway, it has been developed like this. See when you can help me complete the retirement procedures."

Emory became gloomy instantly.

"Have you really decided? Sam, how many efforts you've made and how many struggles you've experienced before you reach this position. Isn't it a pity for you to retire now?"

Samuel looked at Emory frankly and said, "Boss, the first half of my life was devoted to the country, but in the rest of my life, I want to stay with my family. Everyone has a different pursuit. Right now, what I want the most is staying with my wife and children. But don't worry. I will do my best in the future if there is a need for me in the military, but I still want to spend as much time as possible with my wife and children"

"How can you have no ambition?"

Emory was furious.

"Do you know that you are a discouraged hero?"

"I know, but I like it."

Emory was annoyed at Samuel's mischievous look.

"Scram!"

"Then boss, the retirement procedures..."

Jason was a little embarrassed and worried.

"She was there, but I don't know where she is now. I will find her."

With that, Jason hung up the phone.

Nicole was extremely anxious, but there was a serious traffic jam. She got out of the car and ran towards the restaurant.

On the other side, Zoe didn't know that a few adults were going to turn everywhere upside down in order to find her.

She saw a little boy playing the piano on the stage. The beautiful melody of piano aroused her attention.

And this boy was so handsome!

Zoe was involuntarily attracted to him.

She went to the boy, poked him with her finger and whispered, "Move inside."

The boy paused for a moment. He was surprised to see Zoe here.

"Zoe?"

"You know me?"

Zoe asked in utter shock.

Armand was a little unhappy.

"You don't remember me?"

"Well, kind of."

Zoe replied awkwardly. In fact, she didn't remember Armand at all.

'Who is he?

If I tell him the truth that I don't know him, will he feel hurt?'

Noticing the awkwardness on Zoe's face, Armand couldn't help but sigh. "You wanna eat something? I'll buy it for you."

Zoe's eyes lit up as soon as she heard it. The light in her eyes was bright and dazzling.

"I want to eat strawberries. Someone was selling strawberries at the corner just now. They should be delicious!"

Zoe saw those strawberries when she followed behind Jason to get here. Unfortunately, Jason was so anxious to see his girlfriend that Zoe could only give up on those strawberries.

Now Jason and his girlfriend were enjoying their time, and Zoe wanted to see if the old lady who sold strawberries was still there.

Now that Armand promised to buy them for her, Zoe cheered up at once. Regardless of whether she knew him before, she grabbed Armand's hand and left.

"Hurry up, or else there won't be any left."

Armand couldn't help but chuckle when he saw Zoe's chubby little hand tugging at his finger.

How adorable!

"Okay."

Armand glanced at Zoe and looked around, asking, "Don't you tell your family?"

"No need. They're busy. They probably won't be finished after we eat up the strawberries."

Zoe said as she walked out with her long legs.

Armand smiled indulgently and followed her out the door.

There was indeed an old lady selling strawberries at the corner, and the strawberries were almost sold out.

Seeing this, Zoe hurriedly let go of Armand's hand and ran towards the old lady.

"Ma'am, I want to buy strawberries!"

"Zoe, slowly!"

Armand's heart skipped a beat as he saw Zoe running so quickly. He hurriedly reminded her to slow down. Suddenly, Zoe slipped and was about to fall to the ground.

"No!"

Zoe screamed.

Armand frowned slightly and pounced over, and Zoe lay prone on his body the next second.

Armand, who was indifferent and obsessed with cleanliness, was giving a blow on a girl's wound?

Flynn hurriedly rubbed his eyes and then heard Armand's cold voice.

"Flynn, bring me the medicine box."

"Mr. Armand, the skin is not broken. It's useless to apply the ointment. It's better to apply some balm on."

Flynn looked at it and saw that Zoe's knees were completely red but there was no lesion, so he could only say this.

From Zoe's clothes, it could be judged that her family background was not bad, but he didn't know who she was, and how she was kidnapped here by Armand.

Flynn was still looking at them when he saw that Armand's eyes were much colder.

"Why don't you go get it?"

"Oh. Ok."

Flynn received the dissatisfied look from Armand and hurriedly went to fetch the balm.

Just as he was about to squat down and give Zoe a massage, he heard Armand say, "Give it to me."

Flynn was stunned again.

"Mr. Armand, your hands are to play the piano, how can you..."

The rest of his words were directly blocked by Armand's eyes.

His eyes were so terrifying.

Flynn voluntarily handed over the balm in his hand.

Armand directly put some palm on his palm.

His slender white hands looked extremely beautiful with the palm on it, Zoe looked at it as if the pain on her knee had also lessened a lot.

"Hey, how did you take care of your hands? They look so good."

It was not the first time Armand had been praised for his beautiful hands since he was young, but now hearing Zoe's words, he couldn't help but feel that his fingers really looked much more beautiful.

"No special care. They were born like that. They are hereditary."

As Armand spoke, he rubbed the palm to heat it and then directly kneaded it on Zoe's knee.

"Hey, it hurts! Easy!"

Zoe immediately howled, tears falling down her cheeks.

Seeing that Zoe was crying, Armand became even more flustered.

This was the first time Flynn had seen Armand like this. He hurriedly said, "Armand, just like that. You must endure the pain. Otherwise, it would be easy for you to get inflamed."

Armand glared fiercely at Flynn, then lowered his head and continued to rub it for Zoe.

Zoe cried badly with tears falling constantly that she choked up in the end.

Armand finally kneaded her purple and his entire back was drenched.

"Alright, alright, stop crying."

Armand comforted Zoe embarrassedly.

Zoe suddenly threw herself into his embrace, crying so hard.

"So painful!"

"Then tell me, how can I make you feel better? Should I play the piano for you?"

This was the best method that Armand could think of.
