

Escape Wife 1241

Don't Try to Escape, My Wife!

Chapter 1241 What a Capricious Man

Nicole had mixed feelings about what Fill had done. But everyone had their own choices. If Fill really could get over Whitney, it might be a good thing.

Thinking of this, Nicole relaxed a lot.

"What should we do now? Do we need to go in?"

"No. They need some time alone."

Samuel held Nicole's hand and the two of them walked out of the hospital.

The sun shining high outside relaxed Nicole a lot. It was like the haze she had been wreathed in suddenly lifted, making her comfortable.

"Do you want to hang out?"

Seeing the smile on Nicole's face, Samuel suddenly felt very good.

Nicole was stunned for a moment, then shook her head and said, "We don't know how Lucas is yet. Let's go back and take a look at Lucas."

"That brat will be fine. He needs to rest for a while. Even if you go back, you can do nothing but look at him. You have been in a bad mood these days, so why don't you come with me and get some good food? Or some amazing clothes? I heard that women got happier after they went shopping.

Samuel's words amused Nicole.

If Lucas knew that his father didn't care about him at all, he must be sad.

"You're so good at pampering women now. Is it because you have done that with other women recently?"

Nicole joked with him.

Samuel said seriously, "I didn't pamper anyone else. I just want my wife to be happy. What's more, I upset you just now, and that's how I want to make up."

Nicole recalled their fights before, and said, "It wasn't entirely your fault. I was too inconsiderate and opinionated. I shouldn't have made my move without discussing with you. And I didn't think carefully about safety measures as I had cared so much about your feelings. I even let you face dangers alone. What a selfish person I am!"

Hearing Nicole's words, Samuel hurriedly said, "Don't say that. I know that you did it all for me. In addition, will you forgive my bad temper? I was mad at that time. Don't take my words then seriously. Can I make up by giving you a card? You can max it out today!"

Nicole immediately laughed.

"Max out your card? Are you sure we can?"

Samuel rubbed his head embarrassedly and said, "Maybe I should get a card with a low limit later?"

"Stop it."

Nicole glanced at him and smiled, and then walked out.

Since Samuel was in a good mood today, she would like to hang out with him. After all, they came here for trips.

Seeing that Nicole was happy, Samuel followed up.

He subconsciously clasped Nicole's hand. That was a wonderful feeling.

He decided there wouldn't be arguments with Nicole anymore, which would deprive the happiness like they had now and lead to distress.

In the distance, there was a small stall selling small octopus balls.

Nicole hadn't eaten such a snack for a long time, so she was interested.

"Let's go eat some small balls!"

She raised her head and smiled at Samuel.

Samuel was a little confused.

"What is that?"

Chapter 1242 I Am Here with You. You Don't Have to Be Afraid of Anything

Someone shot on the street?

Nicole's heart missed a beat.

Did people nowadays have no compassion?

How could they shoot on the street without confirmation?

Nicole felt so angry.

Samuel suddenly tightened his grip on her hand and whispered, "You go in first. I'll handle it."

Nicole hesitated for a second.

She wanted to stay, but when she saw Samuel's deep eyes, she couldn't figure out what was on Samuel's mind.

Maybe he had his own plan.

Nicole knew that it was not the time for her to be opinionated, so she gave a slight nod.

After they let go of each other's hands, Nicole quickly walked towards the mall.

Suddenly, a bullet from a silenced pistol shot towards Nicole.

Nicole subconsciously squatted down and rolled on the spot. She avoided the bullet. The bullet hit the glass door on the side and immediately pierced through. The alarm sounded and the place was in an uproar.

Samuel's eyes suddenly turned cold.

They really dared to shoot on the street!

Samuel suddenly turned his head and jumped forward.

The shooter was slightly stunned when he saw Samuel's well-known face. Then he subconsciously wanted to pull the trigger again. However, Samuel was so fast that the shooter only saw the shadow in front of him before he could not see the figure clearly. In the next moment, the pain of breaking came from the shooter's wrist.

"No!"

A painful cry suddenly sounded.

Nicole was also a little surprised.

She didn't see Samuel's movements clearly just now.

He was too fast!

Since when Samuel could run that fast?

While Nicole was shocked, Samuel had already broken the shooter's arm. Then he directly slapped the shooter in the face.

"Shooting on the street? Aren't you afraid of injuring innocent people? What does this suit you're wearing stand for? Don't you know that?"

Samuel was like a murderous god. No one would dare to approach him.

There were two people who looked like adjutants in the car, but as shocked by Samuel, they didn't dare to make a single move.

"Bastards! What are you waiting for? Get him! And that woman!"

Rhys shouted like a madman. In the next moment, a gun was already on his forehead.

"Try it."

hand until the end of the world.

Chapter 1243 I Can't Tell You Even If You Are My Daddy

Nicole never knew that it would feel so good and unreal to play four hands with Samuel.

The room was filled with the melodious sound of the piano. They still played Beethoven's "For Elise". However, Nicole felt that this classic piece of music was given a different flavor.

Their fingers danced over the black and white keys, like two elves happily wandering around the world.

The two of them only had each other in their eyes. They didn't notice that the two of them were cooperating in such a tacit and harmonious manner.

The surrounding people were dumbfounded. Some of them quickly took out their phones, recorded the scene and posted the video online.

Nicole and Samuel were unaware of that.

They had no idea that any little thing they did would become a trending topic.

Gabrielle was about to give birth. To ease the contractions, she went on Twitter. When she saw the video of Nicole and Samuel playing the piano together, she paused.

Blair always kept an eye on his wife. Seeing that Gabrielle was stunned, he stepped forward and checked. Then he was enraged at once when he saw the video.

"What does Samuel mean? Isn't he in love with Nicole? Now he is playing the piano with another woman. He goes too far! Does he know how much Nicole has given up for him and how much Nicole has lost? He is a scum!"

Gabrielle was slightly stunned.

"When did you get close to Nicole?"

She knew his husband very well.

At the beginning, Blair didn't like Nicole at all. He always felt that Nicole had dragged down Samuel. As Samuel's brother, he knew what Samuel had gone through in the past few years, so he naturally supported Samuel.

Gabrielle didn't speak up for Nicole because only women would understand Nicole's difficulties. She also believed that Blair and the others would see Nicole's advantages sooner or later. She knew that Nicole was a good woman to match up with Samuel.

However, Gabrielle did not expect that Blair would accept Nicole in such a short time, so she got a little surprised.

Blair was afraid that his wife would misunderstand, so he hurriedly explained, "What do you mean by that I get close to Nicole? She is Samuel's wife, so I have to protect her. Besides, isn't she your friend? My wife's good friend must be as kind as my wife."

"You always fawn over me."

A smile touched Gabrielle's lips. However, she screamed again with a burst of contractions.

"Gabrielle, take a deep breath."

Blair sweated heavily, as if it wasn't Gabrielle who was going to give birth, but him.

Gabrielle grabbed the phone and said painfully, "This is Nicole. Don't mistake her for someone else. She just had some makeup on. Take a closer look. You can tell that it's her. But will this trending topic reveal their location? After all, their situation is a bit special now."

Blair's heart skipped a beat.

Yes, Samuel was not in good situation now.

"Leave them alone. Take care of yourself now. We just need to worry about the baby now. Samuel is a capable man. Don't worry, he will handle it."

As soon as Blair finished speaking, the trending topic about Samuel and Nicole in the list instantly disappeared.

At Sky Group headquarters, Lucas was still pale. However, he quickly typed on the keyboard with both hands and soon stopped.

A silver fox logo appeared on the computer, and then a sentence was sent.

"Kid, nice working with you!"

Lucas frowned slightly.

Kid?

Lucas really didn't know how he was supposed to feel about Silver Fox's personality.

However, it was a good thing that he could work with Silver Fox to remove the trending topic without any traces.

Chapter 1244 That's Not Cute of You

Samuel was stunned.

Morty knew about the Golden Bug?

"Don't mess with me!"

Anger was revealed in Samuel's voice. Even though Morty had a high social status and the two of them had been through a lot together, Samuel felt the irresistible wrath in his heart.

Morty was not an idiot. Of course he could sense Samuel's anger. However, he smiled and said, "What? You want to come to the Capital City to kill me?"

"Yeah, I can do that. You know, nothing can get in my way. I can go anywhere as I please."

Samuel was telling the truth.

Samuel used to be a confined beast, but now he was a wild horse without the reins. There was really nothing he was afraid of in the world.

Morty turned serious and said in a low voice, "I want to look into one guy. I can't let anyone know about it, so I need to use your man. We've known each other for so many years. Just do me a favor, will you?"

"Beg me."

Samuel suddenly got a good mood.

Morty would not easily beg anyone.

Others may not know him, but Samuel knew him very well.

Morty had always got his pride. Even if facing a close friend, he had never put aside his pride. After all, his identity was indeed noble. This would be the first time he begged for help.

Samuel was expecting Morty to hang up the phone out of anger, but instead, Morty replied very straightforwardly, "OK, I beg you. Could you please lend me your man?"

At this moment, Samuel was completely dumbfounded.

This was so not Morty.

Maybe the person he wanted to look into meant something to him.

Samuel knew Morty well. For so many years, Morty had never been close to anyone. He even remained distant with people who had been through life-and-death adversity with him.

He had his pride.

Also, in his position, he could obtain information about anyone.

As long as he made a phone call, there would be plenty of talented people offering to work for him. Samuel really wondered who would be the guy that Morty was trying to find. He set aside his identity and played it so low-key.

"A woman?"

"A man."

Samuel thought that Morty played it low-key because of a woman, but Morty's answer really surprised him.

"You are into men?"

"Damn you! I'm not a rabbit!"

Chapter 1245 I Need to Be Alone

"Despicable things?"

Samuel knew a lot about the dirty things of many large families, but he didn't dare to say that at will.

Morty sneered and said, "Yes, despicable things. They drugged my aunt and threw her on the bed of a Neo. At that time, the Neo family was just as powerful as the Don family. My aunt lost her virginity for that. The Hills were afraid that the Neos would deny the fact. So they gathered many people and caught my aunt on the bed. They almost made my aunt commit suicide."

Samuel didn't want to hear such scandal anymore.

"Mr. Morty, I don't want to hear this anymore. I..."

"You have listened to the beginning of it. It's too late, Samuel. You have known about the scandal of the Hill family. And you must hear it out. Otherwise, I might have to do something to keep your mouth shut. You know, Hills are cold-blooded."

Morty's voice was cold.

He was the heir of the Hill family. One day, he would be the commander of that large family. And now, Morty was in control of the Hill family. Samuel knew that what he said wasn't an exaggeration.

Samuel was a little upset. He shouldn't be curious. But there was also no need to back out now.

Morty must have planned to use him in the beginning. Maybe Morty did this to prepare to be the leader of Hills.

Morty was not the only one who wanted to be the head of the family. Naturally, he needed to do something to help him succeed. The brotherhood back then was not enough to save his life. Therefore, Samuel could understand the changes in Morty.

"Then continue."

Hearing Samuel's words, Morty felt somewhat bitter.

Morty realized that he would never be able to return to the past.

Morty took a deep breath and said, "The Hills were afraid that Auntie would commit suicide, so they sent people to put her under house arrest. At the same time, they sent people to discuss my aunt's marriage to the Neo family. In the discussion, they tried their best to get benefits from the Neos. Perhaps the Neos were satisfied with my Auntie at the beginning, but the Hill family was in a difficult situation at that time, and they had asked too much from the Neos. As a result, the Neos were quite unhappy about that. In the end, although the wedding date was set, it was delayed again and again. Later, Auntie was found pregnant."

"A lady was pregnant before marriage. This was a huge scandal at that time. In order to protect the reputation of their family, the Hills secretly sent people to force Auntie to have an abortion. At that

time, Auntie almost went crazy. Fortunately, my mother gave birth to me, but my mother also passed away because of dystocia."

The Neos helped the Hill family through the difficulties, but my aunt's marriage was postponed indefinitely. The Hills also acted as if this

cared about her. No one cared about what she felt. They even

of the world. People tend to avoid the unknown. And they will easily be panicked when facing things hard to understand. All this made the Harper Town more mysterious. Moreover, in the Harper Town, the method of raising bugs was passed down from generation to generation. Outsiders did not know how this works. So Lindo started the rumor that the bugs they raised had spread the plague. And people in that town had gone crazy. Moreover, he said the plague was out of control and it would endanger the surrounding towns and even the entire region in no time. People believed what he said was no exaggeration. Therefore, with that fake order, the Harper Town was annihilated very quickly. Luckily, William and my aunt had left the town when Lindo took actions. At that time, soldiers participating in the operation included Dons, Shaws, Cawkers and Neos. Lindo is indeed good at calculation. Even

though his higher-ups would find that he faked the order, they would not give him severe punishments because the four great families were involved. All this made the success of

Don't Try to Escape, My Wife!

Chapter 1246 I'm Really Sad

Samuel did not know how he hung up the phone. He had even forgotten that Nicole was waiting for him in the café. He stood alone on the street. He could hardly see people around.

All he could see and think was the slaughter.

That inhumane slaughter.

He thought that there were conspiracy and scheme that destroyed the Harper Town. He never thought that it was because of a jealous man and his plan to kill Mr. Morty's auntie and William.

'Lindo!'

'Damn you!'

'You should go to hell!'

Samuel's eyes turned golden again, and even his blood was boiling.

Because of the Memory Bug, he could clearly feel the despair and sorrow of the clansmen at that time.

Harper Town was such a beautiful town, but the people there were all killed in that slaughter.

Samuel suddenly conjured up a scene.

A familiar woman was lying in the arms of a man in the cave. It seemed that they had just had sex, and they were emotionally unstable. Beside them was a one-month-year-old child.

The woman looked at the man and said sadly, "Aaron, I gave a birth to your son behind my clansmen's back. He is our son. His eyebrows look like mine!"

The man hugged the woman and anxiously said, "Follow me. You are my wife. Our son can't lose his mother. Go with me, please."

"Aaron, I'm my father's only child, and I'm the young master of the town. People in our town can't marry outsiders, so we can't be together."

The woman cried. She was helpless but decisive.

She had her duty. She could not leave the town because of love.

"Aaron, you know, our town is hereditary. The Golden Bug only recognizes the blood of the Harpers. I have my responsibilities, and I can't leave my town."

I'll stay. Our son and I will stay with you. Even if I can't marry you, I'll be with you forever. I love you. I can give up everything for

staggered and almost fell, but

Chapter 1247 Where Is His Conscience?

"Samuel!"

Nicole's heart skipped a beat. She hurriedly went forward and found that Samuel had fainted.

Samuel was a person with a strong mind. Even under the control of the Golden Bug, he could still control his emotions. However, at this moment, he fainted. Samuel must be very sad in his heart.

It was understandable.

They were both Zama's children, but they were treated differently. It was natural for Samuel to feel resentful and sad.

It hurt Nicole to see Samuel like this. She even began to hate Memory Bug.

She called for help and carried Samuel back.

When Zoe and Joseph saw Samuel being carried in, they were a little surprised. They hurriedly asked, "Mommy, what happened to Daddy?"

"Nothing. He's been a little tired lately. Don't bother him, okay?"

"Yes."

Zoe nodded.

Zoe saw the exhaustion and worries in Nicole's eyes. This expression often appeared on Mommy's face five years ago, but at that time, the person Mommy worried about was her. Now, the person Mommy was worried about became Daddy.

Zoe grabbed Joseph's arm and whispered, "Joseph, is Daddy okay? I'm a little worried."

Usually, Zoe only cared about food. Seeing that Zoe suddenly became so serious, Joseph was slightly stunned. He whispered, "It's not a big deal. It should have something to do with the bugs. I've read ancient books. Such symptoms will disappear after some time. After all, bugs can recognize bloodlines. And Daddy has the bloodline of the Harper Town."

"I hate bugs. If only I could burn them all!"

Zoe's words stunned Lucas, who had just left the room. Lucas stared at Samuel's room and whispered, "Burning them down is not necessarily a good thing."

"Lucas, why did you get out of bed? You're badly injured. What are you doing? Hurry up and go back to bed. Don't let Mommy worry about you. I don't think Mommy will be able to cope with that all alone."

Lucas smiled bitterly because of Zoe's words.

"Lying feels terrible."

"But you have to do so. You are a patient. Just behave like one. Hurry up."

As she spoke, Zoe went over to support Lucas. Her movements were quite gentle, which surprised Lucas.

This was the first time that Zoe was so nice to him. Lucas couldn't help but feel delighted.

"Zoe, it seems that you have grown up all of a sudden."

"You were only born a few minutes earlier than me. Don't speak like an adult, okay?"

Although Zoe said this, her movements were still gentle.

Joseph smiled, walked over, and followed Lucas into the room.

Samuel woke up not long after lying down.

Chapter 1248 Your Body Doesn't Allow That

Nicole shook her head.

"Morty is your friend. Although his identity may make him dishonest to you in some matters, I believe that he did not lie to you in this matter. I just feel that there are many things that we might not be able to figure out. And these things may be the key to this matter."

Nicole said truthfully.

She did not know Morty. And she had never seen Morty before. She had only heard of his name a few times, so she did not have much understanding of Morty. However, Samuel always came to Morty in difficult times. That meant that Morty was worthy of Samuel's trust.

Nicole believed the people Samuel trusted.

This showed Nicole's support for Samuel.

Samuel frowned. He remained silent.

Samuel and Nicole were silent for a moment. After a while, Samuel broke the stalemate.

"Nicole, I want to go to the Harper Town. Perhaps the answer to many things will be found there."

"Alright."

Nicole knew that they would go to the Harper Town sooner or later. So she showed no objection. Moreover, Zoe also wanted to go to the Harper Town because of some mission. They could go there and settle all the things once for all.

"Lucas's health doesn't seem to be very good. Don't take him there this time. He needs to rest. I'm worried about him no matter where he is. And his health doesn't allow him to travel with us. Why don't

we put him at the headquarters of Sky Group? Many people can take care of him there. Fill is also there. I think it should be safe enough for Lucas."

After all, Nicole was a mother. And she was worried about her child.

Samuel nodded and said, "That sounds nice. And he can also help Silver Fox investigate your second uncle's whereabouts. According to Morty, he could be in Country F. We need Lucas and Silver Fox to do this. After all, Country F is heavily guarded and we can't enter."

Nicole nodded.

"But we need to make sure that Lucas gets enough rest. After all, he was injured. And his heart was almost hurt."

Saying this, Nicole was very angry. She wished she could slap Petty a few more times.

"By the way, did Zac wake up?"

"Not yet. The doctor said that Zac doesn't have much desire to survive."

Samuel sighed. He understood Zac.

Zac's feelings for Petty were strong. And he felt much more heartache because of that.

Zac had practically lived for Petty. In fact, for Petty, he had put down his hatred for the Greens. He wanted to grow old with her. He was willing to fight for Petty. However, in the end, it turned out all this was just his wishful thinking.

Don't Try to Escape, My Wife!

Chapter 1249 Are You Sure You Are My Son?

Lucas's silence surprised Nicole, but she didn't say anything. She looked at her son quietly, feeling that he was becoming more and more like Samuel.

He was calm, precocious, rational, and even a little scheming and indifferent.

He was not much different from Samuel.

Nicole looked at her son in front of her and couldn't help but wonder what kind of woman Lucas would fall in love with in the future.

Nicole laughed when she realized what she was thinking about.

Lucas was only five years old. It was not the time for her to worry about this.

Seeing that Nicole suddenly laughed, Lucas was stunned for a moment and asked, "Mommy, what's the matter? Why are you laughing?"

"Nothing. I was just thinking about what kind of woman you would love in the future. For a moment, I feel that I worry too much."

Lucas didn't think that he would hear this from his mother. He was stunned for a moment, and then his little face turned red.

"Mommy, I'm still a child."

"Yes. You are still a child. It's too early for Mommy to think about this. But my son is so handsome and sensible. I'm sure many girls will like you in the future. I'm afraid you will have too many choices."

Nicole imagined what her son would look like when he grew up.

Her son was so handsome, so naturally, many girls would like him. But she didn't know whether Lucas would be cold to girls like Samuel.

Hearing Nicole's words, Lucas couldn't help but think of an arrogant and domineering girl who was even somewhat rude.

The girl even peeped at him peeing.

By the way, what was her name?

Lucas was a little distracted for a moment.

After Nicole finished speaking, she looked at her son and felt that she was a little crazy. Then, she found that this was the first time Lucas was absent-minded in front of her.

"Lucas, what are you thinking about?"

Lucas quickly regained his senses and said calmly, "Nothing. I wonder if Morgan knows anything. Can Daddy and Mommy contact Morgan? Why don't you try to ask her?"

Nicole had also thought about Morgan, but they should not go to the Harper Town in a big way, so Nicole whispered, "We'll consider this when we get to the Harper Town. Right now, she was probably

after Sally. Leave this to me and your Daddy. When we are not around, take good care of yourself. This is the headquarter of Sky Group. You will be the owner one day. And Mr. Fill will also look after you when he gets well. Learn to take care of yourself during this period, okay?"

"Okay, Mommy. Don't worry about me. Be careful when you get to the Harper Town. Also, Zoe might have something to do there. Although she didn't say that out, it should have something to do with Uncle Emory. You should pay more attention to her. After all, she's not familiar with the place."

After hearing Lucas's words, Nicole nodded.

Chapter 1250 You Actually Need to Guess?

"Ysabel? Why are you here? Did something happen to Fill?"

That was Nicole's first thought.

Ysabel shook her head and whispered, "Fill let me come to get his stuff."

"What is it?"

It was Samuel who asked.

He had been dissatisfied since Ysabel hurt Fill. But after he knew who Ysabel was and what Fill was going to do, Samuel did not want to embarrass her.

After all, Ysabel would be Fill's wife.

Ysabel was very afraid of Samuel.

Samuel was different from Fill. He carried the inhospitality in his bones, which held people off. It was terrifying for Ysabel.

Fill appeared cold and aggressive, which left others feeling too intimidated to approach. But Ysabel could accept it.

Hearing Samuel's question, Ysabel couldn't help but take a step back and murmured, "I don't know. He told me to go to his bedroom to find a jade pendant with an eagle on it."

Samuel's face immediately went an ugly green and his tone became harsh.

"He told you to come to get it?"

"Yes, that's right."

Ysabel wondered if she said something wrong since she noticed Samuel didn't look well. She was getting an aggressive vibe from him.

She swallowed and quickly hid behind Nicole.

Nicole was also a little surprised by Samuel's changes in mood. She couldn't help but ask, "What's wrong? Isn't it just a jade pendant?"

Samuel looked at Ysabel meaningfully. Without a word, he left with Nicole.

Just as he left, Ysabel almost lost her balance.

She was so scared.

Samuel was even more frightening than Fill.

She prayed they would never meet again.

Ysabel thought as she quickly ran inside.

Samuel was silent all the way.

Nicole knew he had something on his mind, but she didn't ask. Samuel was just like this. When he was ready to say, he would say. Before that, he wouldn't say even if Nicole asked.

Soon, they arrived at the hospital Fill was in.

Samuel opened the door and walked in.
