### Don't Try to Escape, My Wife!

#### Chapter 13 Don't Ask What You Shouldn't Ask

After Nicole left the Eternal Group, she hurriedly found a drugstore and bought some ice and anti-inflammatory drugs. Then she went back home.

It was lucky that Lucas went to the kindergarten with Olivia, otherwise, if her son saw her like this, god knows what he would ask.

Sometimes Nicole was thankful to the God, bringing her such an angel like Lucas during her most desperate time. Though he was young, yet he cared about her in every way.

Thinking of her son, Nicole's expression alleviated a lot.

When she reached home, she applied the ice to her face. She couldn't help narrowing her eyes with the cold feeling.

She was a person who had rendered outstanding service if she gave birth to a son for Samuel. Besides, Samuel had feeling for her. He would kill his wife for her, wouldn't he? But why hadn't he married her?
