Don't Try to Escape, My Wife!

Chapter 1351 Be Careful When You Play with Fire, Or You Will Burn Yourself

Nicole could feel the daggers that Phoenix shot at her, but she didn't care. In the beginning, Phoenix wasn't going to befriend her. Moreover, everything she did to her man was reasonable and legal, wasn't it? Why should she care about his opinion?

Thinking of this, Nicole stretched and smiled sweetly at Samuel, "I'm hungry."

"Phoenix has prepared food. Wash your face and go eat."

Samuel touched Nicole's head with incomparable affection.

"Alright."

Nicole got up and left, led by a maid.

Phoenix bit her lower lip so hard that it was broken. Her hands were tightly clenched together. She looked at Samuel and felt very uncomfortable.

"If you have anything to say, just go ahead."

Phoenix bit her lower lip and whispered, "Mr. Green, aren't you spoiling her too much? Women can't be spoiled, otherwise, she would go too far."

Samuel's eyes suddenly darkened.

"My woman deserves to be spoiled. Don't talk about this again."

Samuel's protection made Phoenix very uncomfortable, but looking at Samuel's cold face, Phoenix did not say anything as she was a sensible woman.

When Nicole returned, she sensed that Phoenix and Samuel were at a stalemate, but she pretended not to know it, "It's so cold here. Can we eat now?"

"Serve the food."

Phoenix ignored Nicole's voice as much as possible, and even wanted to ignore this person, but Nicole's sense of existence was too strong.

"Darling, I want to eat shrimp."

Nicole said with a smile, her tone deliberately carrying a trace of coquettish feeling.

Samuel smiled affectionately, and naturally, he was quite cooperative.

After shelling, he put the shrimp in Nicole's bowl, but he didn't eat much.

Phoenix watched from the side. She wanted to speak a few times, but she restrained herself. However, she stared at Nicole with a look of disapproval and even condemnation. She hoped that Nicole would be self-aware and not enslave Samuel like this. Unfortunately, Nicole seemed to be blind and did not sense her gaze at all.

"Hubby, there are crabs. I want to eat them too."

"Alright."

Samuel helped Nicole shell the crabs and put them in her bowl.

Nicole was immersed in enjoying the food.

Seeing that Phoenix dared not say anything though she was angry, Nicole felt that her rage had finally been eased a little.

From beginning to end, Yanice sat at the side and ate quietly. She just shook her head and didn't say anything.

Samuel did not eat much, and Phoenix was almost full because of anger. Yanice

Chapter 1352 What's on Your Mind?

"Princess, I know that you are kind-hearted. Just pretend that you don't know about this matter. I'll handle it. If anything happens, you can say it was my own idea. At that time, Mr. Green won't hate you.

I'm your maid. Seeing that you're in a bad mood, it's normal for me to avenge you. I just hope that you will treat my brother well and give him a bright future. "

Helen had no other family members other than a younger brother. She had promised her parents that she would nurture him. Now that she had such an opportunity, even if she had to risk her life, she had to give her younger brother a bright future.

Phoenix looked at Helen with a complicated expression. She was somewhat touched in her heart.

Her heart had turned lifeless many years ago. Even if there was still a trace of warmth left, it would be because of Samuel. Therefore, even though Helen had been serving her all these years, and even if Helen had done her best, Phoenix did not take it to heart. After all, she was the princess. Loyalty was the minimum requirement for a maid.

However, at this moment, Phoenix treated Helen as one of her people.

"Don't worry, I will take good care of your brother."

"Thank you, princess."

Helen immediately smiled happily, but there was a hint of bitterness in her smile.

The fate of lowly people like her could only be changed in this way. Either they died because of protecting their master, or they had value to be used so that they could benefit their loved ones.

Phoenix looked at Nicole and Samuel who were following behind her and whispered, "Alright, don't let that woman discover anything."

"Yes."

Helen hurriedly returned to her seat.

Seeing that Phoenix wasn't impatient, Samuel couldn't help but pause for a moment. He felt that it was a little strange, but he didn't say anything.

The group of people tacitly didn't say anything and directly went to Trevin's residence.

Because of Phoenix's care, Trevin was much better, but he was still unconscious, and the injuries on his face and body shocked Nicole and Samuel.

"Why is he like this?"

After all, Nicole was Trevin's superior. Seeing that she could hardly see his face clearly, she couldn't help but feel worried and angry.

Phoenix glanced at her and muttered to herself. As Helen had said, this woman was easy. She would have sex with whoever she found attractive. Now that Trevin had become like this, she was very concerned about him.

Who was she to him?

Phoenix snorted coldly and said to Samuel, "Mr. Green, when he was sent over, he was even more serious than this. At that time, the doctor said that he could not be saved if he was here a little late. I

used some medicine to keep his life. Now, his life is saved, but whether he can wake up or not depends on his luck."

"Who did it?"

Samuel guessed in his heart, but he still asked.

"Major. But now that Major is protected by my father, I can't do anything to him. Also, my father has some complaints about me saving Trevin."

Nicole, who had been feeling a little depressed for a few days because of Phoenix's existence, finally heaved a sigh of relief.

Seeing his wife like this, Samuel was relieved and felt heartache.

She didn't have to endure all of this, but because of him, she did.

Nicole was excited and did not see the guilt flashing through Samuel's eyes. She quickly ran to Yanice to inform her.

Samuel took the opportunity to go to Phoenix's place.

Seeing Samuel come, Phoenix was surprised, but she was also delighted. It was mainly because Samuel met her alone, which made her fantasy run wild.

Samuel could see her joy, but he said coldly, "Phoenix, I only came here with one sentence."

"Mr. Green, go ahead."

"I will not forget your kindness to me. If there is a need, I can pay my life for it. However, Nicole is my bottom line. Don't hurt her."

These words completely erased Phoenix's joy.

"Is Mr. Green here to say this to me?"

"Otherwise?"

Samuel took out a cigarette but did not light it. Instead, he placed it between his fingers and fiddled with it. His gaze at Phoenix became harsh.

"Although I don't want to think of you like this, I know what tricks people will play when at the imperial palace. Tomorrow, Leo will invite everyone to the banquet to rope in Davon. You'd better not make a move on Nicole. She is the woman I love the most. I can give up many things in my life, even if it means I have to be an ingrate, I will not hesitate. The only thing I want is her safety. We've been siblings for so many years, and I don't want to have a grudge with you over this. Phoenix, you are a smart person. A smart person shouldn't do stupid things. I can forgive you for doing some things once, but if I see them again, our friendship will come to an end."

Samuel's words turned Phoenix's body cold, and she even felt embarrassed when she was seen through by him.

"Mr. Green, you've never said such harsh words to me before. Is it because of that Nicole? What's so good about her?"

"You will find her a good person as time passes as long as you are willing to pay attention to get along with her. Phoenix, I don't like every woman who is good at sex. You know who I am. If it weren't for my willingness, even if she has had sex with me, I won't keep her living until now. Moreover, she is from the Don family and the Shaw family. If you want to deal with her, you'd better think about the power behind her. Otherwise, you will burn yourself. "

Samuel was unwilling to hurt Phoenix, and he had given her the greatest tolerance. If it weren't for the fact that he owed her, if it weren't for their years of friendship, there would be no need for him to come here and say so many things.

Phoenix thought otherwise.

"Mr. Green, are you with her because of the power behind her? If it comes to power, I have as much as she does."

"Phoenix! Can't you let go of your obsession? My heart is very small, so small that I can only accommodate one person. Right now, that person is Nicole. If something really happens to her, I will feel guilty for my entire life. I will definitely not change because of others. Let me be honest with you. I was the one falling for Nicole. Back then, she was set up at the banquet. It was because that person was her that I drank the drugged wine and married her for a reason. But after the marriage, I was busy with my work and felt that I had gotten her, so I didn't care much about her. That was why she was framed and

took my children away. We've been apart for five years, and I won't allow it to happen again. If the one who hurt her is you, I might not do anything to you, but I will never forgive you."

Chapter 1354 Have You Ever Been in Love?

"Who is it?"

Phoenix was very surprised and even placed her hand on her waist.

This was her palace. It was filled with her people from inside to outside. Someone actually sneaked in, and the most shocking thing was that she didn't notice it!

This was what Phoenix found terrifying.

She stared fixedly at a corner of the room. The voice came from the window. It could be seen that the person was either under the window or behind it.

Phoenix was ready to attack at any time.

At this moment, Nicole slowly walked out from behind the curtain.

"It's me."

When Phoenix saw that it was Nicole, she had indescribable feelings.

Why was she here?

More exactly, when was she here?

If she had been here when Samuel came, wouldn't she have seen her sorry state just now?

At the thought of this, a trace of ruthlessness flashed through Phoenix's eyes.

She really didn't like this woman!

Nicole felt her anger, but she didn't care. Instead, she came to Phoenix, poured herself a glass of wine in front of her, and sniffed it.

"Good wine. You actually kept such a good wine for yourself. You bad woman."

"Nicole, why are you here? Is this something a young lady should do?"

Phoenix's voice was ice-cold. Ordinary people would have been frightened by her aura, but it seemed to be nothing to Nicole. She took a sip of wine and felt her entire body warm.

Country F was too cold. She did not want to be a stalker. However, Yanice was asleep. She had no choice but to go back, and she saw Samuel walking towards Phoenix. She involuntarily followed him and witnessed the entire scene.

Originally, Nicole did not intend to appear, but Phoenix's painful appearance made her somewhat unbearable. Most importantly, when Phoenix and Helen said that they would cancel the plan and send someone to protect her, Nicole knew that Phoenix was not that bad.

Now that Nicole saw Phoenix shooting daggers at her, she found herself like a bad person.

"Don't be nervous. Apart from being a young lady, I am also the owner of Night Elf Empire. Master Phoenix should know about this."

"I always thought it was because of Mr. Green."

Phoenix did not conceal her disdain and displeasure.

Nicole didn't care. A woman who had coveted her husband for many years suddenly realized that she should let go of her obsession. To Nicole, this was something worth celebrating.

As long as Phoenix wouldn't snatch her man away, she didn't want to have another enemy.

"I feel like you were looking down on me with that."

"I'm glad you know yourself well."

Phoenix could tell that Nicole was not here to fight with her, but she just couldn't vent her anger.

Chapter 1355 Was It Worth It for a Man?

"Who is it?"

Phoenix's voice carried a trace of coldness and anger.

Helen quickly walked in.

"Princess, the king's men are here."

Helen cautiously took a glance and found two cups on the table. She ignored etiquette and stepped forward to hide a cup in her sleeve.

When Phoenix saw this, she couldn't help but praise her in her heart, but a trace of doubt flashed through her eyes.

Leo had never come to her, nor did he care about her. Why did he suddenly come?

Did he discover something?

Phoenix subconsciously glanced at Nicole's room and couldn't help but say, "I'm going out to take a look. No one is allowed to enter my room without my permission."

Helen had guessed something, but she still nodded.

Phoenix was a little worried, but she could no longer stay here in the current situation. If something happened to Nicole, Samuel would think that she had done it on purpose.

Damn it!

Sure enough, she couldn't live in peace with this woman.

"I'm telling you again, no one is allowed to enter. Otherwise, kill them!"

Phoenix's serious look made Helen realize the seriousness of the matter. She hurriedly said, "What if the king's men barge in?"

"I already said, kill them!"

Phoenix's eyes flashed with malice.

Helen was shocked.

Was this the foreplay of getting into a fight with the king?

Was it worth it for a man?

Helen didn't know, but she felt that the current Phoenix was especially crazy and frightening.

"Helen, have you figured it out? Will you follow me or the king? If you regret it now, I can let you go."

What Phoenix understood best after all these years was people, so any change in Helen's expression was caught by her eyes.

Helen was stunned for a moment as she felt cold all over.

She knelt.

"Princess, I will live and die as your people."

"Since that's the case, send someone to transfer Trevin to the basement. Also, the substitute I asked you to prepare can be used."

After Phoenix received Trevin, she was afraid that Zayn would cause her trouble. At that time, she had Helen find a substitute. In fact, to prevent Major from seeing the flaws, she specially ordered her men to break the substitute's limbs and then fix them. Everything looked so real.

"Yes."

Time was of the essence, and Helen couldn't go out, so she called to instruct.

Chapter 1356 Unless Someone Used It

When she saw this man, Nicole felt a sense of familiarity.

"Handsome, have we met somewhere?"

Just as Nicole finished asking, she felt that her words were inappropriate. She hurriedly said, "Sorry, I just feel a familiar feeling from you. Don't think too much about it."

"Do you want me to think too much?"

The man smiled. That handsome dimple made her feel bathed in the spring breeze.

Sienna saw the two like this and couldn't help but laugh, "Leave this later, save the patient."

"Yes, yes, yes, please."

Nicole moved aside.

The man walked over and touched Trevin's forehead, frowning slightly.

"This is a fever caused by an infection of injuries. If my guess is correct, there should be inflammation in his body as well. How much torture has he suffered? Is he your people?"

The man's words instantly made Nicole nervous, so she involuntarily nodded at his last question and said, "Yes, he is my people. Can he be cured?"

"Other people may not be able to, but I can."

"Then I'll leave him to you."

Nicole's concern for Trevin froze the man for a moment, and then he started to treat him without saying anything.

Sienna walked out at some point and closed the door.

Only Nicole, the man, and the unconscious Trevin were left in the room.

The room was deathly silent. Nicole was extremely worried, but the man was confident. Trevin didn't know anything about what had happened.

After the man rescued him for more than ten minutes, Trevin's fever was gone.

"You're really amazing. He's cured of his fever."

Nicole touched Trevin's forehead and felt that his body temperature had stabilized before she let out a sigh of relief.

The man packed up his medicine chest and whispered, "Don't be happy for now. I just temporarily controlled his inflammation. I will send someone to take him away tomorrow for treatment. Even a doctor's miracle can't cure him here."

"What do you mean?"

Nicole immediately noticed something was amiss.

The man looked at Nicole and said with a complicated expression, "This is palace. You don't need to know about the dirty tricks played here."

"Are you saying that he was attacked after being rescued?"

Nicole's heart skipped a beat.

Could it be Phoenix?

If so, she would never forgive her.

The man whispered, "It shouldn't be the person who took care of him. The injuries on his body are obvious, but inside, he is poisoned."

"Poisoned?"

Nicole was surprised.

man nodded and said, "Yes, the poison is colorless and odorless. It is spread via a certain smell. And this smell was only contained in the incense that Zayn lit in his palace. "Nicole, are you still there?"

Sally did not hear Nicole's voice. She thought that the signal was not good and hurriedly asked.

"Yes, I'm here."

Nicole immediately regained her senses and replied, "Sally, who exactly is this Davon? Is he reliable? I heard that Leo is trying to rope him in."

"He is in charge of all the businesses of the Sawyer family, and now he runs the businesses very well. His branches are almost in every corner of the world. His properties can be even equal to a country's wealth. Leo doesn't have any ore veins, so he is in extreme want of money. At this time, Davon is naturally welcomed by Leo. However, Davon can handle this matter himself. Don't worry."

Hearing Sally's words, Nicole asked again, "What kind of business does he do?"

"Medicine. His business scope includes medical equipment, medicines, and even anti-cancer drugs as well as some treatments for incurable diseases. Nowadays, people are afraid of death, and all rich people want to live longer. So the industry is very hot. However, only professionals can run a medical business. Davon is a postdoctoral fellow and is even studying medical subjects. He is a talent."

Nicole rarely saw Sally think so highly of a person. Now, Sally praised Davon extravagantly, which made Nicole disbelieve it.

"Sally, have you seen it with your own eyes? Perhaps this man is raising someone capable to praise himself."

"Impossible."

Hearing Sally's affirmative answer, Nicole did not want to say anything, but she became much more interested in this man called Davon.

"Alright, I'll hang up and go to see Zayn."

"Okay. If Zayn is in need, ask him to find Davon."

Nicole nodded and hung up.

Sienna came back at this time. Seeing Nicole thinking something, Sienna whispered, "Are you worried about Zayn?"

"Yes."

Nicole knew that Sienna was on Zayn's side, so she didn't hide anything from Sienna.

"I want to go with you to see Zayn."

"I'll go myself. You'd better stay here. If Leo's men come over during your absence, you won't be able to explain."

Nicole remembered that Phoenix had been inspected. What tricks did Leo play?

Sienna did not expect this. Hearing Nicole's words, she could not help but nod.

"Then be careful."

"Okay."

When Nicole left the secret passage and arrived at Zayn's palace, Zayn was about to go out to look for them. When he saw Nicole, he was extremely worried.

He pulled Nicole in and asked Daniella to guard the entrance. Then he asked in a low voice, "Are you alright?"

"I'm fine."

"What about him?"

Zayn was referring to Samuel.

Nicole replied that Samuel was also fine, and then Zayn heaved a sigh of relief.

Chapter 1358 Who's in There?

There was someone else in the room!

A woman!

Nicole's face darkened. Her worries were instantly extinguished.

The woman's moaning grew louder and louder. There was also the sound of a man panting, suddenly, Nicole's heart was filled with anger.

Was Samuel set up?

Or did he decide to do this himself?

Did he assume that she wouldn't come back so soon, so he took the opportunity and slept with another woman?

Nicole knew about Samuel's strong sexual desire. She had been satisfying his needs these past few days, but he just couldn't hold it for just a minute? Or did he think she just couldn't satisfy him?

Nicole felt the anger boiling up inside her.

The noise inside was getting louder and louder, so loud that she couldn't contain her anger anymore. She took a step forward and was about to kick open the door, but suddenly, someone grabbed her arm.

"Who is it?"

Almost like a reflex, Nicole attacked but was stopped.

"It's me."

Samuel's voice came from behind her, Nicole was stunned for a moment.

"Samuel?"

"Who else could it be? Or do you think the person inside was me?"

Samuel looked at Nicole, who was in surprise, and immediately understood why she was so furious. His face darkened.

"Am I that kind of person to you?"

Nicole felt a little guilty, but she said with confidence, "Who knows if you will be tricked? What if some woman is on to you again?"

Samuel was amused somehow.

"Aren't you tired from being so jealous?"

"Isn't it all because of you?"

Nicole replied dejectedly.

She hated being so jealous, but she couldn't help it.

Seeing that Nicole was angry, Samuel could not bear to see her in a bad mood, even though he was the one who was wronged. "Alright, alright, it's all my fault, okay?"

"It is your fault. It's all because you are too handsome and there are always your admirers. I had just dealt with Phoenix, who knows if there will be another one?"

Nicole's words immediately made Samuel laugh.

"Aren't you the 'another one'?"

"Stop it!"

Nicole didn't want to talk nonsense with him. She frowned and asked, "If the person inside is not you, then who is it?"

"I have no idea."

"I do."

Phoenix suddenly appeared behind them, startling Nicole.

"Mr. Major doesn't have that heart."

"Doesn't he? It seems like he dares to do anything."

Phoenix snorted coldly and whispered, "I want the list of everyone who follows Major. You understand?"

"Princess Inez, you're trying to force me to death. If Mr. Major knew that I had betrayed him, he would have killed me."

"Do you think he still trusts you? Major has a suspicious nature. Just because of the affair you had with my maid, he won't believe you anymore, even if you vow in God's name. Compared to that, you should show your loyalty to me and I will guarantee your security."

Threatened and tempted, the guard was persuaded by Phoenix in the end.

When Phoenix told Nicole and Samuel the news, Nicole even began to admire Phoenix a little.

"Phoenix's really suitable for the job of intelligence."

Nicole sincerely appreciated her work.

Samuel did not comment, nor did he say anything. Because he knew that if he said something good about Phoenix at this time, he would get on the wrong side of Nicole.

Seeing that Samuel remained silent, Nicole kicked him and said, "Why do you keep silent?"

"What should I say?"

Samuel played dumb and looked at Nicole.

Nicole glared at him and smiled, "You really believe that I don't know what you're thinking about?"

"I swear that I didn't mean anything bad. I was just thinking about something else. And sorry to miss your words."

Samuel seriously made up an excuse.

Nicole did not expose him, but instead asked, "So, what were you thinking about?"

"I was wondering how Yanice could be sent out tomorrow."

Nicole pondered for a moment and whispered, "I called Sally. She said that Davon is her man. And we can trust him."

"Really?"

Samuel was a little surprised.

Then Nicole told Samuel about Trevin.

Samuel became a little serious.

"Are you saying that Sally is poisoned?"

"I suppose."

Nicole felt that her guess was almost true.

Leo was heartless. If Sally fell in love with him, perhaps Leo would treat Sally better. However, Sally only loved William. To Leo, she only temporized. Naturally, Leo would not show any mercy to her.

However, Leo still needed Sally, so he poisoned her and gradually controlled Sally. Indeed, Leo was a sinister man.

Without the doctor, perhaps Sally wouldn't have known what Leo had done to her until she died. And Zayn would die young.

However, did Leo know about Zayn's poisoning?

Or was it just Major's plan?

Nicole didn't know about it, nor could she figure it out.

Samuel pondered for a moment and said, "You've also been to Zayn's palace before. Ask Sienna to call the doctor here tomorrow. You also need an examination."

"Move!"

Samuel ordered. Phoenix and Nicole were prepared to fight.

"I have to go out first. According to the rules, I need to go to the main hall first. From now on, I may not be able to take care of you. You guys should pay attention."

Phoenix was a little worried. She looked at Samuel and also Nicole. Her expression was complicated, but it carried a trace of worry.

Nicole said with a smile, "Don't worry. I have to keep an eye on my husband. I will try to live."

Phoenix's mouth twitched.

What was this woman talking about?

Nicole looked at Phoenix's face and felt good. Well, she admitted that she said it on purpose.

Facing such a serious action, Nicole wanted to adjust the mood.

Nicole then patted Phoenix's shoulder and whispered, "Be careful. I'm afraid Leo and Major are watching you because of Trevin even if they don't find anything. So no matter what, don't expose yourself. Trust me and Samuel. We'll be fine."

"But..."

"Phoenix, you are Samuel's most important friend, and mine as well. I don't want this to be the last time we meet. I want to receive your wedding anniversary gift every year."

Phoenix had been very moved, but at this, she sobered up.

This woman...

"I know. I will be careful. Mr. Green, Nicole, I'll go first."

Phoenix was short of time and could not stay here for too long. She then left.

Samuel looked at Nicole and said, "You've become friends? Aren't you jealous?"

"Men are not important, but friendship is."

Nicole casually swung her long hair. In the next moment, Samuel pulled her into his arms and kissed her passionately.

"Men are not important?"

Samuel's voice softened Nicole's heart.

"I'm wrong! You're important. My husband is the best."

Nicole hurriedly explained.

Samuel's eyes had something wistful. But they were about to meet the enemy. He wouldn't want to do anything here, would he?

Samuel smiled and looked at Nicole's nervous expression, "I'll spare you for this time."

"Thanks! My husband!"

Nicole jumped out of his embrace.

They then studied the route of action.

They could only rely on the secret passages here. There was more than one secret passage to Sienna's. Phoenix had told Samuel and Nicole about the rest of them. It was almost the biggest secret in the palace.
