

Escape Wife 15

Chapter 15 What Are You Guys Doing?

Nicole was really freaked out.

Samuel was an overbearing and persistent man. He did what he wanted regardless of others' gaze. She had already known this long ago.

Though, catching his attention was part of her plan, she didn't expect herself to be exposed so soon.

As long as the fire burns on her body was shown in front of Samuel, it would be difficult for her plan to be fulfilled. The shot through the heart for the past five years would be wasted.

Thinking of this, a power suddenly surged in Nicole's body. She raised her eyes quickly and smashed Samuel's nose with her head.

A sore feeling attacked Samuel all of a sudden.

He loosened his grip on Nicole, and the blood flowed down his nose. His beautiful eyes stared at this bold woman as if they were fed with poison.

"You are good at hard-to-get. But, Nicole, you are too young and too innocent for me. Tell me, what's your purpose? What's your true identity?"

Although Samuel stepped back subconsciously due to the pain and his nose bleeding, yet his fierce look and oppressing aura did not diminish at all.

Nicole's heart almost jumped out of her throat.
