Chapter 1571 Sixty Per Cent Certainty

“Dad, Mom!”

When Nicole heard Audrey and Xander’s voice, she couldn’t help but feels overjoyed.

“Why are you guys here? Is it okay for you to come here?”

Because of Davon, Nicole was very cautious. She was even a little afraid to speak to Xander. Now seeing them all here, she was a little worried.

After coming in, Audrey poked Nicole’s head and said with a smile, “How dare you do that for Davon and hide this from us? Do you know how worried we are?”

“I have prepared for the worst, so I didn’t tell you, Dad.”

Nicole hurriedly explained to them and was afraid that they would not believe it.

Davon smiled and said, “I’ve already told them. So, it doesn’t matter, right Uncle Xander?”

Seeing Davon was so partial to Nicole, Xander was very satisfied. He smiled and said, “You have scored a lucky hit. Now, he is the real Davon Don. But we can’t hold a ceremony for it.”

“The ceremony is not important. What matters is that we are together.”

Davon said with a smile. She was particularly open-minded.

“Do you really know the importance of a family getting together? Now, your wife, mother and father all didn’t know that you are still alive. You should think it clear how to explain to them later.”

Xander’s words immediately made Davon’s face turn gloomy.

Only then did Nicole remember what happened earlier. She couldn’t help but smile and say, “Davon, something’s going to happen soon. You trust me. That’s true.”

“Even you want to curse me, right?”

Davon got a little gloomy.

Samuel quickly dragged Nicole back into his arms and said faintly, “Phoenix is estimated to be back in a while. She has always thought you were dead. But you suddenly gave her a birthday gift, and only you know what she likes. You think it’s a surprise, but for her, it was very scary. She told us that there was a ghost in her house. You’d better think about how to explain to her.”

"I know it better than anyone. I have also made research on my own blood composition. For the time being, I can't make a breakthrough. This is a blood mutation. At present, we still can't detect it or study a neutralization method. But it's okay for the human body. That's it."

Davon was quite optimistic.

“By the way, I have also researched the medicine that could help women with infertility. Nicole, I heard your friend is not in good health. You can contact and get her here. I can give her a checkup, and then see if the drug I researched is useful for her or not. If it is useful, she can keep taking the medicine.”

Davon’s words instantly made Nicole excited.

“Do you mean Olivia can have her own baby?”

In the past few years, Olivia had become a well-known singer and had begun to develop in the entertainment circle last year. She suddenly became popular because she played an period costume drama. Therefore, she had been very busy during this period. Even Jacob had to wait for several hours to see her. Therefore, he complained a lot to Samuel recently.

Samuel had always thought that Nicole didn’t know about this. It was not until Nicole said it at this moment that he knew she had been paying attention to Olivia.

Olivia and Jacob loved each other very much. But unfortunately, they couldn’t have their own child. They had been married for two years. In the two years, they seldom had time to get together. Olivia sometimes chatted with Nicole and said that if she can have a child with Jacob, it didn’t matter even if she gave up acting.

When she finished giving birth to her second child, she could feel Olivia wanted to have a child very much. But in order not to stimulate her, Nicole tried to reduce the time she came to visit her.

Nicole was overjoyed when she heard that maybe Olivia could be cured.

Davon said with a smile, “My wife and I don’t have children either. But I must consider the offspring of our family. So, your friend should be grateful to my wife.”

Davon directly did favors to Phoenix.

“You are afraid that Phoenix wouldn’t forgive you, so you want to find someone to put in a good word for you, right?”

Samuel knew very well what Davon was thinking about.

Chapter 1573 He Wanted to Retire

Was there something wrong with the baby because of him?

If so, he would be steeped in crime.

"Nicole, tell me what's the matter with the baby!"

Audrey and Xander were also worried.

They just heard that Nicole gave birth to twins. They were boys, but they haven't seen them. It was not that they didn't want to go back, but they couldn't.

Their duty was to guard here. There were more and more mutated species in the Dark Forest. Someone had been injured recently, so Audrey and Xander can't leave.

It was a pity for them because they hadn't seen their grandchildren when they were born, but now they were worried hearing that there were still some problems with the boys.

Nicole said with a smile, "Nothing. The boys are healthy. All the indicators are good, but the younger son has some problems with his eyes."

"What's the problem?"

Davon, Xander and Audrey asked at the same time.

Samuel said, "His eyes are blue. Nicole once drank a drop of Laurence's blood. The old man is afraid this was Laurence's blood inheritance, so he kept the younger one there."

Davon immediately became angry.

"What the hell! Just a drop of blood? Why didn't he say Laurence was our master?"

Nicole wanted to laugh, but she held back.

Chapter 1574 Everyone Had Seen Through It

“Mr. Davon, Princess Inez is back. The Lord let me ask you if you want to pick her up in person. He said you have to face her sooner or later, and the early the better.”

The head guard's words made Davon a little agitated. But Samuel and Nicole laughed.

“Davon, just go. Just as he said, you have to face her sooner or later.”

Davon felt that Nicole was not cute for the first time.

“You have learned bad from Samuel. If I'm killed by Phoenix, you can think about how many people will be miserable.”

After that, Davon stood up and walked out, as if he faced death unflinchingly.

Nicole was stunned. She thought of Olivia, Phoenix, and also Maddie. It seemed that they all needed Davon for surgery.

“Samuel, why don't we help him?”

“They can make up themselves. We shouldn't intervene.”

Samuel refused directly.

Nicole also thought so. They hadn't seen each other for nearly two years.

“Why don't we go and have a rest? It's very tiring. When Olivia and others arrived, they would be more tired.”

Samuel's words made Nicole blush.

“No, I want to accompany my parents.”

She knew what Samuel was thinking about.

She didn't want to have a “rest” with him.

Samuel was a little depressed when he was rejected by Nicole.

“You promised me before.”

“When did I promise?”

Nicole planned to act shamelessly.

Audrey couldn't bear to see them like this.

Thinking of this, Phoenix directly stepped on the accelerator.
Davon was speechless.
He just saw that Phoenix slowed down the car. He thought Phoenix forgave himself and couldn’t bear to

Forget it. He must run back because there was nothing else he could do for her.
Davon kept running, but Phoenix had arrived at the palace.
When the head guard saw the Lincoln car was approaching, he hurried went over.
“Mr. Davon.”
As a result, it was Phoenix who got off the bus. He was stunned.
“Princess Inez?”
“What? You call him Mr. Davon. Have he changed his family name?”
Phoenix asked coldly.

The head guard quickly swallowed saliva and said, "He has changed his surname."

"Are you sure?"

The question was so sharp that the head guard even didn't dare to answer.

He can see that Princess Inez was very angry and wanted to find someone to vent her anger. He didn't want to make her angrier.

He quickly said, "Princess Inez, the Lord has ordered me to wait for you here. Your palace is still the same. Shall I take you there?"

"No. Are Nicole and Samuel here?"

Phoenix now wanted to know why Davon had done that to her. Why didn't he even tell his wife? Did Nicole and Samuel know?

Chapter 1576 Samuel Has Changed

Nicole flushed, while Phoenix seemed to be pondering about the feasibility of it.

Seeing that Nicole had stopped crying, Samuel continued, "For a man like Davon, you have to teach him a lesson. You're newly married, how could he treat you like that? You have to spend rest of your life together. Will he act the same if you have any other problems? Can you withstand it?"

"No, I can't!"

Phoenix felt it unbearable when thinking of it. And to repeat this suffering? Impossible!

"Then just teach him a lesson."

Nicole finally realized that Samuel was stirring up a quarrel between them.

She shot a glare at Samuel and said in a low voice, "Phoenix, don't take his words to your heart. He's talking nonsense."

"You two can go on with your business and I will come back to make some preparations."

Phoenix suddenly turned around and left.

Nicole asked in astonishment, "Preparations?"

"Candles, a whip and some other instruments of torture. I believe he will learn a lesson."

Phoenix slammed closed the door after finishing the words, which scared Nicole.

Oh gosh, it would be so gory!

"Samuel Green, if something bad happens to my brother, I will not forgive you easily."

Samuel pulled Nicole into his arms and said with a smile, "He's a strong man. What will happen to him? Moreover, it is a kind of entertainment between the husband and wife. Will you like to try it with me?"

“Fuck off.”

Nicole thought Samuel had changed a lot.

...

After coming back to the palace, Phoenix asked her men to prepare the things she mentioned just now. When Davon ran back to the palace, panting, he thought his legs were about to be broken. Right at this moment, the guard commander walked over.

“Mr. Sawyer, Princess Inez asked you to come to her palace to find her.”

A trace of sympathy flashed across his eyes.

Davon felt the way the guard commander looked at him was a bit weird.

Chapter 1577 I Just Know She's My Wife

"Olivia, are you..."

The words "Cheating on your husband" were stuck in Nicole's throat and she didn't utter the words in the end.

Olivia casually waved her hand and said to the hunk behind her, "Well, you can go out first. I want to chat with my friend."

"Olivia, let me serve you. You must be tired after the filming." The hunk sucked up to her.

Nicole frowned when she heard the words.

It sounded so fishy.

Olivia's expression turned a bit gloomy and her voice also became cold.

"I asked you to go out. Didn't you hear it?"

Seeing that Olivia was angry, the hunk left the room. However, before leaving, he stole a glance at the screen of the phone, but Olivia blocked his gaze in time.

After his leaving, Nicole finally couldn't suppress her curiosity and asked, "Olivia, is there any problem with your relationship with Jacob?"

Olivia's expression froze. Then she curled her lips into a helpless smile.

"Nonsense. We're good."

"Olivia!"

Nicole's voice turned serious.

She was clear of Olivia's personality. How would she support a toyboy?

And how would Jacob allow it?

This was impossible. But she didn't hear that anything had happened between Olivia and Jacob.

Nicole blamed herself at the moment. She had neglected Olivia for a long time so that she knew nothing about her current condition.

Noticing the anger in Nicole's voice, Olivia said in a low voice, "It's normal in the entertainment industry. Don't feel surprised."

"You're just yourself. And you won't do that. I never think that you're a person who would follow suit. What's wrong between you and Jacob?"

Chapter 1578 You Look Different Today

Nicole didn't know what was wrong with Olivia, nor could she figure it out. She was lost in her thought and only when she heard the news that Tim had come back did she gather herself and walk out of the room.

Seeing that Nicole looked upset, Samuel took a step forward and asked, "What's wrong? Did you quarrel with Olivia?"

Only then did he realize it was not possible.

Everyone knew about what Nicole meant to Olivia, so how would she quarrel with Nicole? Moreover, they wouldn't have any relationship in terms of benefits.

Nicole shook her head and asked in a low voice, "Do you think there's such a fantastic thing like a rebirth in the world?"

"Are you immersed in novels?"

Samuel's subconscious question stunned Nicole.

"So you think it's impossible?"

"There are many weird things in this world, but as for such a ridiculous thing like a rebirth, it would only happen in novels and it's almost impossible to encounter this in the reality? Could it be that you met someone reborn?"

Samuel's words enlightened Nicole.

"So everything about rebirth is a lie. She lied to me?"

"Who? Olivia? She said she was reborn?"

Samuel immediately associated it with the reason why Nicole looked upset and couldn't help but comment, "Is she so immersed in the movies? Rebirth? Why didn't she say she was transmigrated into a dead body and became alive? Or why didn't she say she was from heaven?"

Feeling his words annoying, Nicole shot a glare at Samuel.

"You can't comment Olivia like that. There must be some reasons behind."

"I think she's making a fuss. What reasons does she have? Come on, don't tell me that give the same explanation to Jacob."

Samuel had a quick mind and immediately associated it. Although Nicole didn't want to admit it, she could only accept it when seeing the confidence in Samuel's eyes. She twitched her mouth.

"Lucas and Laurence have come back, and we shall deal with that matter first."

Chapter 1579 We Can't Treat It Lightly

As a matter of fact, Nicole was worried about many things, for example, whether Laurence had woken up or not; did Lucas encounter any problems; and what was going on with Cara.

Noticing that she was nervous, Samuel gently held up her hand and comforted her in a low voice, "Don't worry about it. We've come here and just let nature take its course."

Nicole replied with a nasal sound and nodded her head.

To ease Nicole's restlessness, Samuel took out his phone, opened Pop Stone and handed it to her.

"Play this game."

"What?"

Nicole was rendered speechless when she saw the game. But when seeing the anticipation in Samuel's eyes, she still took the phone from him and started the game.

Nicole gradually felt relaxed and Samuel slightly curled his lips into a smile.

When they arrived at the wharf, they found there were no unrelated people in this place as the guard commander had instructed them in advance.

Nicole and Samuel got out of the car. The sea wind was strong and Samuel put a coat that he prepared in advance on Nicole.

Seeing that no ship was driving into the port on the sea, Nicole gradually became anxious.

"Didn't you say they will arrive soon? Why haven't they arrived?"

"Don't worry. Then will come."

Samuel was also worried about it as he was also not certain of it. He didn't know whether Ethan could suppress them or not.

When they were waiting for the ship anxiously, Tim and Evelyn finally arrived at the port.

It was the first time for Nicole to see the Mason family's ship. It looked very magnificent and formidable with the unique canvas of the Mason family.

Seeing that Nicole had been absent-minded after coming back, Samuel knew that she was thinking about what happened to Tim. When no one was around them, he leaned forward and whispered into Nicole’s ear, “Nothing happens to time. Indeed, Mr. Ethan comes to the neighboring country not simply for Rheumatoid Arthritis. But I guess it doesn’t have any relationship with his health condition. I heard they come there for business. Mr. Ethan will deliver the family’s businesses to Tim later, so he takes him to that country to broaden his horizon. At the same time, he can enjoy the sweet time with Evelyn. Don’t think too much of it.”

Nicole was stunned when she heard Samuel’s words.

“How do you know this?”

“I asked my men to investigate it before they came here.”

Nicole was shocked and asked, “You investigated Mr. Ethan? Aren’t you afraid...”

“If Tim didn’t help me deliver the news from the inside, do you think that I could arrange them into the Mason family’s ship?”

Nicole immediately figured it out.

Well, if Tim wanted to do so, she indeed had to respect his decision.

Laurence was then sent into the palace. Although Davon didn’t want to get out of Phoenix’s bed, he still dressed himself and got out of the bed when thinking of Laurence’s emergency. He wasn’t sure whether Laurence would have any reaction after taking the medicine.

Phoenix hugged him from behind and rubbed her curvy, shapely body against Davon. Davon felt more reluctant to leave more.

“Don’t make a fuss. Laurence is still waiting for me.”

“Well, come back as soon as it’s solved.”

Phoenix also didn’t want Davon to leave.
