Don't Try to Escape, My Wife!

Chapter 1581 What Benefit Can I Get If I Lie to You?

After Lucas fell asleep, Nicole came out and saw Samuel standing in the cold wind not knowing what he was thinking. She couldn't help but feel bad for him.

"What are you thinking? You are so absorbed in your thinking."

Nicole took out Samuel's jacket and draped over his shoulder.

Samuel finally came back to the reality. Seeing Nicole's worried eyes, he smiled bitterly. The coldness and the anxiety in his eyes were also dissipated a little bit.

"Nothing, I had a few words with my dad, and thought about the future of the company, Lucas hasn't woken up yet?"

"He fell asleep again. He hasn't recovered from the seasickness yet and I didn't want to bother him."

Nicole's words made Samuel feel a little confused.

"He had never had seasick before. I don't know how he got seasick now. "

"Probably some people just get seasick more easily. The doctor said it's okay."

Nicole's fingers accidentally touched the back of Samuel's hand while speaking, and his hand was somehow cold.

Samuel took her hand before she took her hand back, and said gently, "Get inside the house. it's windy outside, and you may catch a cold."

"I'm not that vulnerable."

"I am just worried about you."

With all the words Samuel said, Nicole couldn't find any excuses. She just let Samuel lead her into the house.

Zayn was particularly busy in the last two days. But Nicole and Samuel didn't mind what he was doing. Besides, Samuel seemed busy, too. He borrowed Zayn's computer and had meetings with all the executives as long as he was available. Davon had never come out of his lab since he got ins. No one knew how Laurence was doing.

Phoenix had a long and comfortable sleep, and then started to write her own novel, leaving all the fighting and arguing of the outside world out of her mind.

Nicole felt that she was the only one that didn't have anything urgent to do.

"Don't worry about Laurence. When will your friend come over?"

The word made Nicole a little depressed.

She suddenly had an urge to find Olivia in City B immediately and check out what was going on with her.

This urge grew stronger in her heart.

"Bro, I want to go to City B, can you help me with it?"

Davon was stunned for a moment. Phoenix also looked at Nicole and asked, "Are you going on your own?"

"Yep, something happened to my best friend, I have to go over and check it out."

"Mommy, let me go with you."

It was Lucas.

Nicole shook her head and said, "You need go back to Country R to find Mr. Morty, and then go back home with him. Your daddy is busy dealing with something urgent about the company recently. And I will be just fine on my own."

"Nicole!"

Davon was a little worried.

Nicole whispered, "My brother, Martin Close is dead now. And those who want to set us up are gone. What are you worried about? Besides, I'm not a fragile woman. I can't tell you everything about my best friend in a minutia. She doesn't even tell me the truth now. If someone comes with me, I'm afraid things might go ugly. So just let me go."

"Mr. Green will not agree."

Phoenix knew how much Samuel cared about Nicole and try to stop her directly.

With Samuel's business considered, Nicole smiled and said, "He has his own business, and I also have mine. Anyway, I also have shares in that film company."

Seeing that Nicole had already made up her mind, Davon didn't say anything, and just arranged the helicopter for her.

Lucas stayed here temporarily, waiting for Mr. Morty to come and pick him up.

Nicole wanted to say something to Samuel, but Samuel was still busy. She checked him out and said nothing after all. She went directly to the airport and got on the plane to City B.

"I have some knowledge about them."

Nicole said modestly.

The man looked at her and said, "I am Tony, are you going to get into the filming set?"

Now it was Nicole's turn to be surprised, but she nodded.

"Yep, I was planning to go in and find a friend, but unfortunately I can't get in there now."

Nicole smiled helplessly.

She never thought that one day she would face such a dilemma.

Tony said indifferently, "Come in with me, I am the producer of this set."

"Thanks."

Nicole was not hypocritical, closed the car door and followed Tony.

With Tony leading the way, the security didn't stop Nicole. She went all the way into the studio without any trouble.

Tony gave her a business card and said, "I seem to remember who you are. Catherine, the designer, right? I remember I saw one of your products in a design competition and it was brilliant. It's a pity that it's been two years since you released your last works. Many people say that you had been retired. I didn't expect to see you here. To be honest, I have a race car team. And I want to discuss the car with you sometime. I am wishing that you can give me some advice on how to promote my team."

Nicole didn't expect to meet a fan here, and she couldn't help but feel a little ashamed.

"There have been too many personal affairs in the past two years, so I didn't improve my designing much."

"You are very talented. Please don't give yourself up. I know you are married. But I didn't think a woman should abandon all her career and life goal after getting married, right?"

Tony was so right about this.

She had experienced too many things in the past two years. Fortunately, everything seemed to be just fine. With all the hatred solved, she really needed to struggle for her dreams now. After all, the housewife's life was not suitable for her.

Olivia Kent didn't care about the aching on her face. Her eyes were a little cold as she watched Nicole.

"Nicole, do you really think that you actually mean something to me?"

These words pierced through Nicole's heart like a knife, but she withdrew her trembling hand and said with a cold voice.

"What do I mean to you? How dare you ask me this question. Olivia Kent, since the day I met you, I have regarded you as my sister. Now you are hiding something from me. I will not force you to tell me. But I won't rest aside and watch you ruining yourself!"

"Why do you care about me? Do we have any legal relationship? Or that you are the one who once sponsored me to go to college, and I have to be grateful forever? My brother Booth Kent's leg was destroyed for you, and that's not enough for you? What do you want me to do? Isn't this enough to repay your kindness to me? How can the Kent family pay you back? Do you need me to give you my life?"

Olivia was also thrilled. She stood up and face Nicole directly. The cries of the question were the knife cutting into Nicole's heart, making her ache.

"Aren't you the reborn person? Aren't you someone else? How can you be so clear about the Kent family and me?"

Nicole suppressed the pain in her heart and kept questioning Olivia. Her eyes were staring at Olivia Kent fiercely.

Olivia sneered and said, "I'm giving you an excuse to free us from this trouble. Can't you tell that I don't want to have any contact and association with you anymore? Do you really have to be so straightforward? "

Eventually, Olivia confirmed her identity. The rebirth was just an excuse. But she did not feel relieved at all. On the contrary, she was painful.

She did not dare to bring Samuel here, because she was afraid that the relationship between her and Olivia would cause unnecessary trouble, if Samuel knew all this. But it is undeniable that Nicole's heart was aching at this moment.

"What happened?"

"Nicole, I beg you. Would you please leave me alone? I don't want to be friends with you, nothing more! I am a big star now. Do I seem like I need anything? I don't need anything at all! I am free of the control of you, so why should I wrong myself to please you?"

"Please me? Olivia, had you ever done anything please me?"

Nicole felt that every word she said with Olivia was so heartbreaking today.

Olivia pushed the chair aside directly, took out a hundred-dollar bill from her pocket, placed it on the table, and said coldly, "The coffee is on me today. Let's make it clear, No more contact in the future. Goodbye."

After speaking, Olivia left.

Nicole tried to grab her, but she dodged straight away. The hateful look in her eyes stung Nicole's heart.

Chapter 1585 Just Don't Disturb Me

Nicole didn't expect to hear such shocking content after coming out after Olivia.

She was full of anger. She stepped forward and kicked Jacob's calf.

"You cheated on her? How dare you treat my Olivia this way!"

She was originally curious about the reason why Olivia conjured such a bizarre lie?

It turned out to be the relationship between her and Jacob!

What is the most unbearable moment for a woman?

There's nothing more upset than husband's cheating,

No wonder she changed a lot.

Smoking, keeping toy boy, all the deviant behavior... All of these turned out to be because of the pain she had endured!

Nicole 's heart trembled fiercely.

"Jacob, do you think you can bully Olivia so unscrupulously without her family around? Or do you think I will turn a blind eye on this? That's right, Samuel and I had been really busy in the past two years, and our carelessness gave you that chance?"

Thinking of how Samuel being so supportive of Jacob, and how Samuel saying bad word about Olivia, Nicole even wanted to punched Samuel in his face.

Jacob didn't expect that Nicole would suddenly appear here. He just got the news that someone was looking for Olivia, and they came to this coffee shop. He was thinking about finding them here, but he didn't expect that the person was Nicole.

And what they said just now should have been heard by Nicole.

Jacob just let Nicole kick himself. He felt so numb and wilted.

"Madam, this is not my free will! And I didn't sleep or have sex with Julissa Caldwell, I swear!"

"You swear? Why should I believe you? Will my best friend Olivia frame you up?"

Nicole hated herself for leaving Olivia to deal with this alone.

She always thought that Olivia was self-reliant and that it would be fine to have Jacob by her side. But she didn't expect that it was the person they trusted the most hurt Olivia the most.

Nicole only thought for a moment. Then she said to Tony indifferently. "I've found the person, but I need to deal with something first."

"You came to a filming set to find someone. Is the person an actor or actress?"

Tony was quite idle, so he lit a cigarette and chatted with Nicole.

In the past few years, Samuel had quit smoking, so Nicole was quite sensitive to the smell of the cigarette. Tony instantly understood. He instantly put off the cigarette.

"I'm sorry. I've been used to it."

"It's alright."

Nicole didn't take it to heart.

Since she had planned to return to work, she couldn't make others get used to her. After all, she wasn't the Sun and others wouldn't circle around her.

Tony asked after completely put out the cigarette. "Are you here for Olivia?"

"Yes, I am."

Since a lot of people knew the relationship between Olivia and her, Nicole didn't think she needed to hide it.

Seeing that she admitted it so directly, Tony walked up to her and said mysteriously, "If I tell you a secret about Olivia, will it be a favor you owe me?"

"What do you want?"

Upon hearing that it was a secret about Olivia, Nicole knew that she must take care of it.

Tony answered with a smile, "Catherine, I want your next design."

"I don't work with outsiders. After all, my husband is in the automobile business. I don't need to work with outsiders," Nicole directly refused.

Although she was angry with Samuel because of Jacob's affair, Samuel was still her husband after all.

However, Tony shook his head and said, "I didn't ask you to come to work for me. If you want to, I would be really appreciated it. However, as you said, your husband, Samuel Green, can provide you with a platform, so I can't compete with him. What I want is you can make time and design a vehicle for me. That's all."

"Is that so?"

Although Finn didn’t know why Nicole wanted to investigate Jacob’s wife, as long as Nicole ordered, he would try his best to accomplish it.

After all, Night Elf Empire had been idle for a long time.

Sensing that Nicole was about to hang up, Finn immediately added, “Hold on, Ma’am. I still have another thing to tell you.”

“Go ahead.”

“Trevin Harper has recovered. I asked him to wait for me in Night Elf Empire. What kind of position should he take? Earlier, Mr. Green and you were isolated during the investigation, so we couldn’t contact you at all. Now since you called me, does it mean you’ll be fine from now on?”

Realizing that Finn was concerned about her, Nicole said indifferently, “Yeah. For the time being, I’ll be fine. As for Trevin Harper, please let him be a deputy manager first. Ask him to be your assistant. Later when I have time, I’ll go over to meet him in person. Has he completely recovered?”

“Yeah, he’s recovered. However, his hand would ache in the windy or rainy day.”

Upon hearing it, Nicole felt a bit upset.

It seemed the tendons of his right hand were almost cut off back then, so there was a sequela left.

“I see. Please ask him to take care of himself. I’ll make time to find him a good doctor in the future.”

“Okay, Ma’am.”

Nicole hung up the phone, feeling quite depressed.

It seemed that she thought something way too simple.

While Nicole read the message from Finn, her eyes were darkened.

Phil was quite rude, but Nicole didn't mind at all.

Phil stared at Nicole coldly and gave her an unreasonable answer.

Nicole slightly squinted.

"As long as you are willing to tell me, you can ask for anything. No matter if you want to be the A-list actor in the entertainment business or you want money, as you name it, I'll satisfy you."

That was the best condition that Nicole could offer.

Although the entertainment business was quite messy, as long as she wished, she could make anyone popular.

However, Phil sneered and said, "Think you can bribe me? Unfortunately, I don't need anything."

"Don't you?"

Nicole pressed her lips and stared at Phil, and suddenly she understood something.

"Do you like Olivia?"

Phil's face was stiffened. A trace of awkwardness flashed through his face.

"She's my Sugar Mommy. Isn't it normal I like her?"

Probably it was because Nicole was gazing at him, Phil suddenly didn't dare to look into her eyes.

Nicole had a complicated feeling in her heart.

"What did the doctor say?" Nicole asked, suppressing her murderous impulse.

Phil shook his head and answered, "It was quite weird. The doctor didn't find anything wrong with Ms. Kent. He said it had something to do with her mood, so he suggested she relax. However, how could Ms. Kent relax after her husband has cheated on her? That's why I'm always with Ms. Kent. I know she wants to divorce and makes me an excuse, but I don't mind."

"I do!"

Nicole finally understood what had happened exactly.

"Why did the wire fall? Wasn't there any security measure?"

"Yes, there was. It was quite weird. After Ms. Kent had fallen, the broken wire disappeared."

Nicole's eyes turned cold after listening to Phil.

Disappeared?

How could it be possible?

Nicole wondered if there was an inside man in the crew and what happened to Olivia was not an accident.

She also wondered about Olivia's sickness.

Was it really caused by her bad mood?

Nicole had no idea how, but she understood what she should do now.

Those people dared to harm her bestie. They must have a death wish.

"I see. Please don't tell Olivia I've met you and take good care of her for me. Besides, you need to pay attention to her public image. No matter what, Olivia is a celebrity and still married. I don't hope you would bring her any negative impact."

Phil paused a bit when hearing Nicole's words. However, he nodded in agreement in the end.

"I got it."

He was quite selfish and insisted on being together with Olivia.

Olivia was a good woman. Since Jacob didn't treasure her, Phil wanted to take the chance to gain her heart. However, after listening to Nicole's words, Phil understood that his selfishness would bring some negative impacts to Olivia.

Nicole knew that Phil was a smart man, but she didn't expect that he would be so considerate to Olivia. Hence, she said delightfully, "Since Olivia takes care of you, I hope you can appreciate this friendship with her. Please treat her better and leave her a way out. No matter how Jacob and she would end up, you can only confess your love to her when she is single and available. Otherwise, you would harm her. Do you understand?"

Chapter 1590 What a Hypocritical Woman

As he thought of it, Samuel didn't think it would work.
Why would he send a man to his wife? It was way too ridiculous.
However, he wondered how he could delight Nicole.
Samuel was so worried.
After hanging up the phone, Nicole forgot about this mission to her husband completely. She didn't plan to do anything on Olivia's matter. However, according to Olivia's reaction, she guessed if Olivia planned to give up and let Jacob and Julissa be together.
Nicole wondered why she would be willing to so aggrieved.
Was it just because she couldn't give birth to Jacob's child?
Thinking of that, Nicole felt extremely sorry for Olivia.
Olivia deserved a good man, but unexpectedly, she had met Jacob and her heart was broken by this man.
Nicole directly drove to Jacob's company.
As Jacob's assistant, Julissa became quite alert when seeing a pretty lady come over to meet Jacob.

Nicole directly pushed Julissa away and walked in.
