Chapter 22 His Wife Is Back

After Nicole returned to the room, she directly sent a message to Samuel.

"Mr. Green, sorry. In the Seapolis City, I may be a bit not acclimatized. I have sent an application to the headquarters to transfer me back to the head office. There will be a new designer to work with you. What is more, Miss Riley's public apology also shows that I'm a bit tough. In that case, let's break up peacefully. Catherine"

Nicole turned off her cell phone after sending it, and then leaned on the bed and fell asleep in a daze.

When Samuel received the message, he was slightly surprised.

This was his personal phone number. Even Riley did not know it. He had canceled this phone number since Nicole was buried in the fire five years ago. Then, for no reason, he went to get this number again. It could be said that in addition to his assistant .Jacob, only Nicole knew this number.

Now this Catherine actually sent a text message to him on this number. He absolutely would not believe that .Jacob would tell such a private thing to a strange woman like Catherine. So, it turned out that Catherine was Nicole!

This made Samuel a bit excited.

Combined with all the signs, Samuel became more and more unsettled.

He called .Jacob directly.
