### Don't Try to Escape, My Wife!

#### Chapter 221: Is It Fun for You to Make Fun of Me?

Nicole felt that she had become a shameless person. How could she allow Samuel to kiss her on such an occasion? Moreover, the previous incident was still influencing Zoe. Zoe could not see it again.

Thinking of this, Nicole hurriedly pushed Samuel away.

“Stop messing around. Zoe will be out soon.”

She whispered, afraid that the two children inside would hear her.

However, Samuel whispered, “What are you afraid of? There's still a while before they go out.”

“No”

Nicole didn't want to embarrass herself.

However, Samuel couldn't let her go.

While they were still kissing, Joseph coughed and pretended to be mature, “Last time, Grandma seemed to say that you guys shouldn't do something in front of us, right?”

Hearing that, Nicole bushed.

Samuel glared at him fiercely, but Joseph didn't care at all.

“Zoe is about to come out.”

Zoe was threatening Samuel.

Samuel felt that he had lost his authority, and was threatened by a little kid. Moreover, this little kid used to be afraid of him.

This was too depressing.

Nicole didn't care what Samuel was thinking. Now, she was afraid that Zoe would have a negative opinion of her. This child had strong possessiveness towards Samuel. Maybe it was because Zoe had longed for paternal love since she was little. She finally got it. In this way, Zoe wished Samuel could be her exclusive. Even her mother shouldn't bother them.

Seeing that Nicole cared so much, Samuel did not have the impulse just now.

He tidied up Nicole's clothes before turning around to prepare tableware for them.

Nicole heaved a sigh of relief, but she was a little disappointed.

She looked at Samuel, who seemed as usual. However, her legs were weak and her cheeks were red. It seemed that she was the only one who was affected, which gave her complicated feeling.

Nicole was a little confused. Perhaps after Samuel confessed his emotions, she had also become pretentious and wanted more from him.

She shook her head, intending to clear her mind. Just at that time, Nicole saw Zoe coming out. Right away, Zoe turned to look towards Samuel.

Seeing that Samuel was placing her chopsticks, she happily ran towards Samuel.

“Daddy, I can do it myself”

Zoe ran over from Nicole's side without even looking at her.

Nicole had a huge psychological gap.

This girl completely ignored her now, didn't she?

Samuel held up Zoe and put her on his lap. He smiled and said, “What do you want to eat? Daddy will pick it up for you”

When Viola said those words, everyone was stunned.

Nicole looked unpleasant.

Samuel was her husband, but now, someone announced to pursue Samuel in front of Nicole. Nicole immediately had an embarrassed expression.

“Viola, I think there might be some misunderstandings:’

“Don't bother with that. Nicole, I didn't expect you to be so lucky. However, I have taken a fancy to this man. I don't care what

relationship you have. From now on, I will pursue him!”

Viola said with great determination.

Zoe burst into tears when she heard this.

“You are a bad woman. Daddy is mine! You are not allowed to take Daddy from me!”

She hugged Samuel tightly and disliked Viola, who appeared from nowhere.

Viola looked at Zoe coldly and said, “I'm not robbing you. Why are you nervous? Don't worry. I'm not interested in you”

Zoe cried with a howling sound.

“Daddy, I don't like this bad woman. Let her go!”

Zoe hugged Samuel and cried.

Samuel looked angry.

“Viola, please get out!”

“I haven't finished talking to Nicole yet. I.”

“F\*\*k off!”

Samuel's voice was suddenly low. It was extremely depressing as if the wind howled a storm was to approach. Even Joseph

couldn't help but shiver.

That was so terrifying!

The original daddy is back!

He subconsciously grabbed Nicole's hand.

Nicole was also a little scared.

Samuel rarely had such bad manners, but Viola hit his bottom line.

Zoe was their sweetheart. Not only did Viola treat Zoe badly, Viola even declared a war on Nicole, wanting to be a home

wrecker. This was unbearable.

Viola was also shocked.

No one had dared to talk to her that way since she was young. However, she was only stunned for a short time before she

said with excitement, "Wow, you are so masculine! I like it!"

Nicole was speechless with an awkward expression again.

"Viola, what do you want to say to me? You can come out to tell me"

She pulled Viola's hand and almost pulled her out.

Joseph was afraid that something would happen to Nicole, so he wanted to follow her, but was pushed back by Nicole.

Zoe cried sadly. Samuel could not go out for help even if he wanted to. He soon squatted to comfort Zoe.

After Viola was pulled out by Nicole, she shook off Nicole's hand.

"Don't touch me! You hypocritical woman!"

Nicole felt that her good intentions were repaid with a false countercharge.

If it weren't for her sympathy for Viola's disfigured face, Nicole wouldn't have told Viola Charlotte's address. Who would have thought that Viola could make such a mess? For a moment, Nicole felt that she was causing herself trouble.

"No matter what you think, the address and phone number I gave you are all true. As for why Charlotte didn't treat your face, that's Charlotte's business. I don't have much to talk to you. From now on, there's no need for us to contact anymore."

After saying that, Nicole turned around and left.

Viola stopped her.

"What do you mean? You kept investigating me in the sanatorium and treated me like a suspect. Did you do all of these on purpose? Tell me, is it that you have noticed me a long time ago? Did you want me to make a fool of myself?"

Nicole was puzzled by Viola's words.

“Viola, I don’t know what kind of person you are, but as I said earlier, I really want to help you. As for why Charlotte didn't help you, how would I know?”

“Come on, if what you said is true, call Charlotte now. If she says she knows you, then I won't cause you any trouble”

Nicole was a little depressed by Viola’s words, but after thinking about it, she didn’t have anything to fear about. Nicole took out her phone and called Charlotte.

But after she dialed the familiar number, she heard the notification that the line was busy. In the end, no one answered. In fact, the call was hung up as soon as Nicole called.

This was not that Charlotte used to do as far as Nicole concerned!

Cruel and unscrupulous?

Was that her?

Nicole felt that she could not bear it.

"Allen, you shouldn't say that. You should know that I've always remembered your kindness"

"Then tell Samuel to let go of the Brooks. Can you come to me? I don't need a child, and I can treat you very well. Just like in the past five years, I can treat you better than Samuel could do. Can you come back?"

Allen suddenly lowered his voice. Somehow, he seemed like pleading Nicole.

Allen had completely abandoned his pride and his grace. As a result, Nicole felt sorry and suffering.

"Relationships are determined by destiny. Allen, I only treat you as my brother and friend"

"Speaking of which, are you still reluctant to part with him? Do you still love him? No matter what he did to you, regardless that the fire five years ago hurt you, you still insist on being with him, right?"

Allen's voice suddenly rose, which sounded terrifying.

It was as if he had been invaded by a devil, so that he was unreasonable.

Nicole took a deep breath and said, "Allen, my feelings for Samuel have not changed from the beginning to the end. Even though I suffered from the fire five years ago, now it has been proved to be a misunderstanding. It has nothing to do with him"

"Laughter, it has nothing to do with him. Right, it does. Otherwise, the fire wouldn't have burned you, right? But why don't you think over if it wasn't for his romantic affairs, how could you be affected? You complain that I did such a thing to Zoe, but who caused Zoe to suffer at the beginning? Isn't it because of him? If he can protect you and your kids, will it be my turn to do these? Can you be in such a dilemma? You have him in your heart so that you speak for him. Besides, you think he's always doing the tight thing. Don't you think that Charlotte's disappearance could be related to him?"

"What do you mean?"

Nicole's heart beat fast.

"You mean something happened to Charlotte?"

"Come on, don't tell me that you don't know?"

Allen's sarcastic words made Nicole feel very uncomfortable.

"What happened to Charlotte?"

"Why don't you ask your good husband, Samuel? What did he do to Charlotte?"

Allen's words made Nicole feel worried again.

"No way! Samuel doesn't know Charlotte at all. Besides, he doesn't have any grudges with Charlotte. Why did he go for Charlotte?"

"You want to know the details? Come to this address alone, and I'll tell you everything. Nicole, you know best how I treat you, don't you?"

Allen hung up after those words.

Nicole's hands were trembling.

Could Allen be telling the truth?

Nicole was already in a bad mood, and now Viola was causing more trouble. Nicole became even more depressed.

"Viola, there are so many men in this world. Why do you have to fight with me?"

"Because Samuel is a good man! You must fight with others to get good things. Don't you know that? Or do you think Samuel

was born to treat you well? Why are you worth his love?"

Nicole couldn't give a proper answer to Viola's question.

Indeed!

Why was she worth it?

Wasn't she acting that way because Samuel loved her?

Nicole knew that no matter what she did, Samuel could forgive her and tolerate her?

But why did she take it for granted?

Nicole seemed to have figured something out and wanted to explain to Samuel. She was grateful to Allen, but it was not what Samuel had thought.

Nicole was ready to leave, but was stopped by Viola.

“Step aside!”

“If you want me to step aside, yield Samuel to me!”

Viola laughed. Although her smile was terrifying, it did not scare Nicole.

“Samuel is not an object, not something that I can yield to you. If you can make him like you, then he will be yours”

“You are quite confident. Don't underestimate me. Samuel will fall in love with me despite that my face is still disfigured. Listen, even without Charlotte, I will still recover my beauty. If you don't believe me, we'll see!”

Nicole did not take Viola's provocation to heart.

Nicole knew best what kind of person Samuel was. Once he fell in love with someone, Samuel would not easily change.

Although Nicole had made him angry and disappointed just now, Samuel still would not make any wrong decision.

Therefore, Nicole did not pay much attention to Viola.

Nicole quickly left. When she went to look for Samuel, Nicole discovered that he had gone out.

Jacob was about to say something.

“If you have anything to say, just say it”

Seeing his strange look, Nicole took the initiative to speak.

Jacob rubbed the back of his head and said in an awkward manner, “Madame, did you quarrel with Mr. Samuel?”

“You can tell?”

Nicole smiled with embarrassment.

If Jacob could tell it, anyone else not tell that Samuel was angry?

Jacob shook his head and said, “Even if I can't tell, I can feel it. Mr. Samuel asked me to invite a jewelry designer to design a

It was Charlotte!  
It was Charlotte's phone number!  
Nicole's hand trembled slightly.  
Recently, she argued with Samuel for Charlotte, but now she received her call.  
Why didn't she answer it just now?

Or was there any connection?

Nicole watched the news reported on TV, and a bad idea came to her mind.

Did Charlotte do this to help Allen?

Was it all planned by Allen?

As Nicole thought this, her phone kept ringing.

She had no choice but to take a deep breath and suppressed all her emotions before answering the phone.

“Nicole, help! Help me”

Charlotte's voice came from the other end of the phone.

At this time, Nicole no longer felt nervous and worried as before.

She stared at Allen's sorry status on the TV, but an inexplicable emotion flashed through his eyes.

Nicole did not understand, but she felt that it might have something to do with Allen.

“Charlotte, where are you?”

Nicole's voice was terrifyingly calm. This caused Charlotte to be stunned for a moment, but she returned to her frightened

voice, “I don't know, could you help me? I'm scared!”

“Why did you escape?”

Nicole did not ask about her situation, but asked such a question.

Charlotte started crying.

“Nicole, what's wrong with you? What do you mean? I was captured. I was suddenly attacked at home and fainted. When I

woke up, I was here. I don't know where here is, and it's dark. I'm so scared”

Charlotte's words had no flaws, but why was it such a coincidence?

When Samuel was looking for Charlotte to find out her parents' disappearance, she was taken away?

“Charlotte, we're friends, aren't we?”

Nicole's words made Charlotte become speechless because of astonishment.

Finn knew that this was a serious thing from Nicole's voice.

He hurriedly followed Nicole according to her location and the people followed him were all strong at first glance.

Nicole was quite satisfied with his arrangement.

Finn installed a tracking system on Nicole's phone, but just in case, Finn gave Nicole an earring.

'There's also a tracking system in here, just in case.'

Seeing that Finn was so thoughtful, Nicole nodded and put on the earrings in front of him.

“Does Mr. Green know that you act alone?”

Finn's words shocked Nicole for a moment, “I have texted him. I think he will come over soon, but I can't wait any longer. I have to go first.”

“Lady Green, you must be careful.”

“Got it! Let your men follow me from afar. Don't let anyone find them out.”

There were too many things that Nicole could not figure out, so she could only let Finn's people follow her from a distance.

Finn conveyed her words, and for a moment, a few cars completely turned around and hid in other car arrays.

Nicole was very surprised by their concealment techniques.

Fin said proudly, “They have all studied reconnaissance and counter reconnaissance. Don't worry. Everything is going to be okay.”

“Thank you, bye.”

“Please be careful.”

After the farewell, Nicole moved to seaside.

There were four places on the seaside. She didn't know which seaside Charlotte was on, so she could search one by one.

Nicole knew it was a waste of time, but even if it was a waste of time, she had to find her parents first.

The car drove to the East Bay.

This was a villa area.

Nicole had studied before. Only here was a villa area. If one wanted to hide people, it must be here. The other three places had a bathing beach each. If you want to kidnap someone, you must avoid it, right?

She didn't know if her guess was correct, but she could only come this way.

After the car stopped in the villa area, Nicole was in trouble.

There were many villas here, which one was it?

There were several villas near the seaside. Which one was Charlotte and her parents lived in?

Nicole was conflicted.

She drove slowly in front of the villas on the last row.

Few people were live in the villas on this row. Many of them were left idle after buying them. Only one or two of them had servants to clean them. It was hard to tell if there were any people living inside.

### **Chapter 227: I Can't Go**

Hearing Charlotte's words, Nicole's heart went cold.

It turned out that from the beginning, she had become a thorn in Charlotte, but Charlotte successfully disguised herself for five years, which made Nicole admire.

"Did you kidnap my parents for Allen?"

Nicole didn't want to hear about the story between Charlotte and Allen.

She always felt that they were innocent, but hearing Charlotte's words, she felt that Allen took advantage of Charlotte.

So, what was the truth?

She did not know, but she only wanted to know where her parents were.

Charlotte saw that Nicole was not interested in her and Allen's relationship, which made her at a loss.

"He has a passion for you, but you are so unkind. Nicole, sometimes I feel that you are stonyhearted."

"You are not me. How do you know my feeling? I am grateful to Allen for saving me five years ago, and I am grateful to you for your plastic surgery. However, this does not mean that I must accept all your emotions. To put it bluntly, I didn't ask Allen to like me, nor did I force you to be friends with me. You think you treat me well? I really think you're good. I remember your

kindness. But what are you telling me now? All of these were fake! So, what's real? Charlotte, have you ever been sincere towards me in the past five years? You know how I treat you, and you see how I treat Allen. I'm afraid I can't respond to his feelings. I can only work hard to create more wealth for him. I have my own way of repaying your kindness, and I don't have to betray my feelings, do I?"

Nicole didn't want to say this, but seeing Charlotte's persistence, she couldn't help but sigh softly and said it.

Charlotte was stunned for a moment, then suddenly smiled, "Sometimes I envy you. You always know what you need and what you need to keep. Unlike me, I lose myself for a man."

Did she confess now?

Nicole didn't know, but she was anxious.

"How can I see my parents?"

Nicole looked at Charlotte and was not interested in her words.

Charlotte smiled bitterly, "It is Allen's idea to kidnap your parents. He wants to use your parents to control you. Besides him, the person who knows all about your life for the past five years is me. He can't be the villain, so I can only do it."

"So, you were the one who called my parents and asked them to apply for passports to go abroad?"

Nicole suddenly understood.

She thought it was Zac, but it was not. At that time, she thought it was strange. Who would have known about her and her parents so well?

It was Charlotte!

It was Allen's idea!

In other words, Allen had been planning since then.

Asking her go back to find Samuel for the matching of Zoe was just an excuse.

He was afraid that Nicole would not come back and that Nicole and Samuel would reignite the past feelings, so he wanted to control Nicole by her parents.

However, he did not expect that she and Samuel would destroy that plan. In order to let her parents stay, she almost confessed her identity.

Only Charlotte and Allen knew her like that.

Even if she knew that her parents were lured abroad, Nicole did not dare to confess to her parents at that time. Being kept in the dark, her parents were easier to be lured, wasn't it?

“What did you do to them?”

Nicole's eyes turned cold.

Being betrayed by someone closest was already unbearable. Now, the feeling of being schemed made her even more furious.

Now, Nicole did not need to hide anything.

She picked up her teacup and took a sip of her tea, “I told you, we didn't do anything to them. The photos you saw were all synthetic. Don't you know that? However, worries would cause chaos. At first, Allen's idea was to control your parents and let you return to his side. If you stay with him, it doesn't matter that you don't like him, but I've changed my mind.”

“What do you mean?”

Nicole could tell that Charlotte and Allen were at odds.

Charlotte whispered, “I like Allen. I've always wanted him. Over the past five years, I've refused all my suitors because I can only be Allen's wife. That's why I won't let you ruin my plan.”

“You want to kill me?”

Nicole was shocked.

“Nicole, are you deliberately trying to pick a quarrel with me? Do you know how many people are inside and outside here? Do you think you can take your parents away by yourself?”

Seeing that Nicole had rejected her kindness, Charlotte couldn't help but put a long face.

She knew Allen, so she wanted Nicole to leave first. Once Nicole was alive, Allen might even be afraid and kept Samuel and her child alive.

She didn't believe that Nicole wouldn't understand such a simple truth. Why did she want to kick against the pricks?

Nicole did not want to treat Allen as an enemy. No matter what Allen did, she would let Samuel solve it. She even felt that once she did not show up, many things could still remain the same.

But now, Charlotte's betrayal had completely awakened her.

Such self-deception was useless.

Your cowardliness won't stop bad people, and they would not pity you. They would take more.

For five years, her failure to protect Zoe was a scar on her heart. Now, if Samuel and Zoe were in danger again, would she be considered as a human?

Charlotte looked at Nicole and whispered, "Nicole, I'm sorry. I took you as my friend for the past five years, but there's a saying that those who have different belief should not work together. Now that you are in Allen's side, I won't say anything, but I won't leave today. I'm taking my parents away from here, and you can't stop me!"

"What? You've been in the Seapolis City for a few months, and you have the ability? Or do you think you can fight against me? Nicole, I advise you not to fight a hopeless battle. Let alone the people outside, you cannot even fight against me."

Then, she took off her coat.

For five years, Nicole was familiar with her, so she knew that Charlotte was an expert in judo, and she was nothing, but now Nicole did not fear at all.

She sighed, "Let's go."

The moment she said, Charlotte's expression changed.

"You brought someone? Impossible! No one can enter here! This is a high-end residential area!"

However, Nicole did not say anything.

She came to her parents' side and inspected them. After discovering that they were unscathed, she heaved a sigh of relief.

Suddenly, a disorderly sound came from outside.

Charlotte's face was even longer.

She suddenly wanted to capture Nicole, but Nicole took out her gun and aimed it at Charlotte.

"I know you're skillful, and I know I can't defeat you. But Charlotte, don't force me to do it."

Nicole's posture of holding the gun was accurate, and her hands were not trembling.

Dad Bush felt that something was wrong with Nicole and hurriedly asked.

Nicole looked at her father and whispered, "Dad, there are some things that I can't explain to you for a while. I can't leave now. You leave with Laurel and Joseph first. Zoe is not suitable for taking planes. I have arranged a ship for you to leave. Zoe's health is not good. She needs to have a kidney transplant operation. She hasn't left the hospital in all these years. She doesn't know what the outside world looks like. Please take them back to the Seapolis City safely. As for Lucas, I will bring him back to see you when I have the chance."

Hearing what Nicole said, which like arranging the future, Dad Bush became even more uneasy.

"No, leave with us. Nicole, your father, and I have lost you once. We can't lose you again. Listen to mom and leave with us. Samuel is methodical. No matter what happens, he will solve it. You leave with us first!"

Ms. Bush held Nicole's hand tightly.

She remembered the paternity test report in the Seapolis City.

How could she not be her daughter?

She was pregnant and had brought her up. How could people say that she was not her daughter with just a piece of paper?

Before coming to the United States, they had such thoughts. They wanted to personally tell Nicole about the paternity test, but what happened after coming here made them realize that they could not lose Nicole again.

Therefore, they directly suppressed this, pretending that nothing had happened.

If you looked carefully, Nicole didn't like them. When she was young, many people praised Nicole for her beauty. Now that Nicole has undergone plastic surgery, she didn't look like them at all.

But so what?

For so many years, they were father and daughter!

Seeing Ms. Bush's sadness, Dad Bush whispered, "Your mother is right. There's nothing Samuel can't solve. Leave with us."

"Mom and dad, I can't leave. Someone is watching me. If I leave here, no one can leave. If you love me, take my children and Laurel to leave here. Along the way, I've already arranged someone to protect you. I can directly send you to the Don family in the Seapolis City. I think Jason will protect you. If I don't go back, don't let anyone get close to you and Zoe. "

Nicole said seriously.

Ms. Bush still wanted to say something, but she was stopped by Dad Bush.

He could tell that Nicole's personality was the same as five years ago. Once she made decision, she would not change. No matter how much others did not understand it, she would insist on it, just like she insisted on marry Samuel five years ago.

"Ok, we will listen to you. But you must promise us to come back safely with Samuel! Mom and Dad are too old to raise another child for you, understand?"

Dad Bush's words made Nicole feel very warm.

She nodded, afraid that Ms. Bush would cry so much that she hurriedly got up and went to Laurel's place.

Laurel had prepared before Nicole left. Now that she had returned safely, Laurel was relieved.

"Are you hurt?"

"No."

Nicole looked at Laurel, and she was somewhat reluctant to part.

### **Chapter 230: Better Know What You're Doing**

Nicole felt as if her heart was torn apart.

Tears rolled down her cheeks.

“Let's go, lady.”

Finn knew she was upset, but there was nothing he could do. They were at the dock. If they were too eye-catching, Zoe and the others could be at risk.

Nicole suppressed her sorrow, nodded, and followed Finn out of the dock.

“Where are we going?”

“Where Samuel is.”

Nicole knew it was useless for her to continue hiding.

This war which had started because of her was bound to end by her.

Nicole asked Finn to stop at the Fallen Angel Club. She got off and drove her own car to Samuel's place.

When Allen heard Charlotte was injured and unconscious, he knew something might have happened to her.

He was anxious, but Samuel kept pestering him, making him unable to get away.

Just as they were about to fight, Secretary Cole ran over and said to Allen, “Mr. Brook, our factory in the north caught fire due to unknown causes.”

Allen shot his gaze at Samuel.

Samuel's eyes turned cold.

“Did you do it?”

“I don't know what you're talking about.”

Samuel felt uneasy when he knew Nicole went to see Charlotte alone, but he couldn't go with her, so he asked Jacob to create a little chaos, hoping to buy Nicole some time so that she could leave safely.

Now that he heard Secretary Cole's words, Samuel knew his plan had worked.

Allen wished he could kill Samuel now. Unfortunately, with the reporters here, he could do nothing.

They were deadlocked.

The next moment Jacob came with his men.

"Mr. Green."

Seeing Jacob's men, Allen became even more dumbfounded.

"Go check up on Charlotte in the villa, now."

Allen sent Secretary Cole away.
