### Chapter 271: This Girl Is Not Simple

At the moment Samuel Green was also worried.

"It's true if we don't go back, Zoe will be definitely in danger. But if I don't go back, the operation can't go on and it might not be as terrible as we think. Now I only hope Finn Wood can bring people here as soon as possible"

"How did you contact him? I wanted to send you a message but the signal was blocked."

Nicole Bush was speechless of it.

She felt as if she was put into a box and waited to be killed, which was quite depressing.

However, Samuel Green said coldly, "Have you forgotten that I'm the owner here? Signal can be blocked but it can also be unblocked. When I returned, I found the base was in a mess and also I noticed that signal was blocked. So I ran to the security department and sent out the signal during their absence. I guess Lucas should have got the message."

"Did you contact Lucas? He's only a kid"

Nicole thought Samuel had too much expectation for his son.

When mentioning Lucas, Samuel was very proud, "Only you think he's a kid. I didn't know how to contact Finn Wood. Who else could I look for help except Lucas? I decided to return when I felt worried and even failed to call you"

Hearing his words, Nicole was surprised.

"Is Lucas brilliant?"

"You don't know how brilliant our son is, especially in the field of computer science. I'll be defeated by him several years later."

"Have you exaggerated? He's no more than a kid"

Although Nicole said so, she could help raising the corners of her lips. Obviously she was happy and proud.

Watching this woman whose words were against thought, Samuel liked her more and more.

He found he had a trend of self-abuse. Why did he like this woman?

They sat outside for a while. Then he stood up, preparing to hold her back to the tent.

Nicole said in a low voice, "It's better to stay outside. Let Soseph sleep longer. Have you seen her black-ringed eyes? She hasn't slept for days. If we go inside now, we'll disturb her sleep"

"It's my tent. Don't you think she attracts too much attention?"

Samuel was really unhappy.

Nicole was sweating because she was wrapped in the quilt and held tightly by Samuel. Now she seemed better from the cold, but Samuel didn't dare to be careless.

Nicole whispered, "She's only 18. Why do you always give her a hard time? If you really don't like her, why did you save her?"

"Wasn't it you who saved her?"

Samuel's meaning behind his words was very clear. If Nicole didn't insist on, he wouldn't have taken Soseph, a burden with him.

Hearing his awkward words, Nicole smiled, "OK. Our great CEO, Mr. Green accepted others for me. I am very grateful to you. Are you satisfied?"

"Oral gratefulness?"

"Or?"

Nicole found Samuel behaved more and more like a hoodlum.

Nicole suddenly found a determined flash in Soseph's eyes, which made her heart beat.

Was she really wrong?

Did Soseph really have a crush on Samuel?

But didn't they know each other for a very short time?

Nicole felt unhappy.

She could save Soseph, but it didn't mean she was generous enough to give away her man. If she didn't know it, it would be fine. But since she knew Soseph's attempt, she felt disgusted as if she had eaten a fly.

"Soseph, are you awake? If you have nothing to do, you can take a sunbath here. My husband and I are tired. We're gonna inside"

Nicole kept smiling, but the smile didn't reach the bottom of her eyes and a sense of alienation appeared in her eyes.

Sensing her change, Samuel didn't feel worried.

His woman was not that stupid. She had crisis awareness.

When he heard Nicole say so, he directly held her with his arms and got up. Without looking at Soseph, he passed by her.

Soseph froze there, which was different from her expectation.

She was regretful, but she didn't say anything. She narrowed her eyes and took a seat where Samuel and Nicole sat before as if she was really taking a sunbath.

But nobody knew what she was thinking.

After Samuel and Nicole went into the tent, Nicole's face was gloomy.

Samuel smiled, "Are you feeling uncomfortable? Why are you so careless?"

"When did you find it?"

Nicole thought Samuel had found it earlier, but he didn't tell her.

The man was so bad. He let her being tricked by a young girl without warning her. He was an asshole.

"Tell me. Do you enjoy it? Do you feel it good to be liked by a girl of 18?"

Nicole's words were jealousy.

Samuel said in an innocent voice, "Tell you what? You've seen my attitude towards her, but you complain about me now.'

"My mistake, huh?"

Nicole was angrier.

How to define herself?

Soseph had found that too, and she got into the tent immediately.

Nicole looked at her, and neither of them spoke to the other.

But Nicole's face became serious.

As the sound from outside got closer and closer, Samuel rushed back. Seeing the drone, he tried to knock it down with

stones, but before he could do anything, the drone flew low in front of Samuel, and there was a piece of paper on it, which read, "Samuel, wait till I save you"

Samuel smiled at the childish letters.

That little boy!

Samuel took a direct shot at the drone, and it sped off in the distance.

Soseph was somewhat surprised to see this, and Nicole had already figured it out.

She opened the tent and came out.

"Lucas?"

"Yes, it seems that we can't stay here anylonger"

It could tell Samuel was in a good mood.

"Who's Lucas?"

Soseph had come out, asking. In her opinion, it would be nice to spend some time with Samuel, even if she could just say few

words.

Nicole's face went sour.

Nicole had laid her card on the table, but Soseph still stayed with them, which made her feel she could hardly bear it.

Samuel held Nicole in his arms and said, "That guy told us to wait for him. He'll be here soon"

As he spoke, he walked off to the side with Nicole, ignoring Soseph.

Soseph's brow furrowed, and a flicker of emotion passed under her eyes.

Not discouraged, she stepped forward and said, "Let me deal with this fish"

Samuel tossed the fish directly to Soseph.

Soseph failed to catch it, and the fish fell to the ground. Soseph looked eagerly at Samuel, but Samuel went right into the tent

with Nicole in his arms.

Inside the tent, Nicole was somewhat distressed to see Soseph scrambling to catch fish, but didn't say anything.

“What? Do you think I've gone too far?”

How could Samuel not know what Nicole was thinking?

#### **Chapter 274: Does It Make Sense to Ask This Now**

As soon as Nicole felt choked, Samuel covered her nose, and then Samuel kicked away the drone. With a sound, they were surrounded by tear gas.

And then Samuel coughed heavily. It was the first time Samuel had ever been caught in a tear gas trap.

“Lucas!”

He gritted his teeth and shouted, but he inhaled too much tear gas. His pair of beautiful eyes was now in tears.

Nicole felt better as Samuel always covered her nose. She tried to do something for Samuel, but Samuel stopped her.

“Leave me alone and go and find some water”

And he backed Nicole out.

Nicole thought it was not the time to leave, and since she could tell who Macon's men were and who hers were. She put her

arm over her nose and ran in again.

“Let's go!”

Nicole grabbed Samuel by the arm and turned to run.

When Lucas saw this, the corner of his mouth twitched.

“Oh, gosh. When will mommy realize she picked the wrong person?”

Lucas's little face almost crumpled up.

He just wanted to play a joke with Samuel, who was always so stern and so superior. However, mommy could not bear to see her sweetheart suffer, and had to go back and helped him out.

All right, she's got the wrong guy?

Lucas was anxious.

But when he saw who Nicole was holding, Lucas wanted to cry.

He made a quick call to Samuel's walkie-talkie.

### **Chapter 275: The Son Had Gone too Far**

Macon looked at Nicole with such sincerity and clarity that he suddenly couldn't stand it.  
He felt ashamed in front of Nicole.  
At last he realized what kind of woman Samuel loved.  
“You're very good, Nicole. Really, if you weren't Samuel's wife, maybe I wouldn't have done this to you”  
“If I weren't Samuel's wife, I wouldn't know who you are. Macon, we all met because of Samuel. You  
know him very well. If you could have told Samuel about your  
situation in the first place, maybe your family wouldn't have been reunited. It is you who choose not to  
believe your friend and you took the opposite side of him. But I hope I  
can help you, and you don't hurt him. Though your betrayal has hurt him, don't get things worse. Do you  
bear to see the best friends become enemies?”  
Nicole's words made Macon feel ashamed, and he didn't dare to look at her in the eyes.  
He said coldly, "Come on. Maybe I can give you a chance to back out”

“No, instead of hiding like this, I'd rather go up to Zama and ask her what she doesn't like about me as her daughter-in-law”

Nicole was absolutely fearless at this point.

Macon looked at Nicole, puzzled, and said, “Aren't you afraid of death? Don't you know what Zama is like? You were sold abroad by her and almost became the plaything of others. Don't you know how vicious she is? You know nothing. Come with me to Zama. Can you imagine what will happen to you? If anything happened to you, Samuel would be mad, wouldn't he?”

“Now that you have any grudge against Samuel, it seems that you didn't hate him that much, do you? Macon, you don't have to worry about that,

Nicole smiled, so cool and beautiful that Macon was momentarily confused and somehow awed.

“Thank you.”

Nicole had little interest in Macon's gratitude, and after they had reached an agreement, Nicole got into Macon's car.

Macon drove away, and Lucas saw clearly from the UAV, looking anxious.

“Samuel, follow the directions I gave you. Mommy was taken away by Macon”

Samuel, too, was anxious, but now he was calm.

“What did Macon do to your mommy?”

“Nothing. They talked for a while, but I couldn't hear them. It was like Mommy got in the car herself, and then they left”

Lucas thought mommy must be insane, or hadn't she known Macon's identity yet?

But it was impossible!

“Samuel, hurry. What are you dawdling about for?”

“Shut up! I don't need you to tell me what to do.” Samuel growled.

Macon was a bit stunned. "I know what to do. Thank you."

Nicole said nothing more.

Nicole never expected the thing would become what it had been now, but under this circumstance, she could only handle what was coming to her.

When she heard Nicole had been here, Zama came out immediately.

Nicole had long not seen Zama in a while, and Zama seemed to have aged a lot.

"Zama, we haven't met for a long time," Nicole said with a smile. "You seem to be having a rough time. You've got crow's feet

around your eyes."

"Shut up!"

Zama was angry at Nicole's happy look.

How could this woman, who five years ago was so submissive and obedient, become so annoyed five years later?

She not only changed her look, but also changed her character.

"Macon, I'm glad you brought her here."

Zama smiled at Macon, trying to maintain her grace, but failed. When she saw Nicole, all of her grace was gone.

Macon said to Zama, "I brought you the person you wanted. Where is my wife and child?"

Zama paused and then continued, "You don't think your wife and child are here, do you? We have been working together for so many years. Why don't you believe me? Stop Samuel if he wants to come here, and I'll release your wife and child."

"You said that you only wanted Nicole, and you didn't ask me to confront Samuel. Zama, keep your words. Besides, don't you

know how powerful Samuel is? You ask me to go against Samuel? It is just like throwing straws against the wind." Macon said angrily.

Zama was really mean and unreliable.

Zama laughed and said, "Macon, do you have any other options? Samuel already knew you betrayed him. Do you think he'll ever forgive you? You could only stand with me now. Think about it. You might see your wife and child if you work with me, but if you rebel against me, I cannot assure you that they will be safe."

Nicole cheered up when Samuel showed up.

She didn't expect Samuel to arrive so soon. Seeing this, Zama didn't look good.

"Macon" she cried.

Macon wasn't willing to do that, but he got in Samuel's way.

"Samuel, you can't go there."

Looking at his former comrade in arms, Samuel's eyes were slightly sour.

"You have chosen to go against me. You should know that if you tell me about that, I will help you, but why you didn't? Don't you

believe me?"

Macon was perplexed by Samuel's question, and he whispered, "I'll take care of my own business."

“Is this your own business? What did you say to me when your wife divorced you? Now you're telling me that it's your own

business? If so, why would you meddle in my family's business? How important am I in your heart, Macon?”

Samuel was really disappointed.

Macon was his best friend for so many years, but now he went against Samuel.

Zama saw that Macon was hesitant, and she said hastily, “Macon, you have promised your son to take him abroad.”

“Shut up!” Samuel yelled at Zama.

The roar startled Zama.

In all these years, she had never seen Samuel treat her like that.

“I'm your mother!”

“Do you deserve it?” Samuel's eyes were red.

“If I had the choice, I would rather give you back my life than having such a mad mother!”

Samuel's words went straight to Zama's chest like a knife.

“You...”

“If you don't stop Samuel today, you'll never see your wife and child again,” she told Macon, shaking with anger.

Macon was in a dilemma, but he stopped Samuel.

“You know I have no choice.”

Samuel looked at Macon disappointedly, trying to say something, but finally said nothing.

Nicole was kind of out of breath after being hit by Petty, and when she was trying to say something, Petty grabbed her.

She was in pain, but still wanted to stop Lucas.

Was he deliberately stirring up troubles?

Who on earth brought him here?

Nicole was in pain, and Samuel was still in fight with Macon. Zama was now pinning all her hopes on Lucas.

"Can you take us to the ring now? But if the ring is in the Seapolis City, we might get it another day."

Zama knew that in the Seapolis City, many people were there to catch her. She would not be so stupid to go to the Seapolis City with Lucas.

Shaking his head, Lucas said, "No, the ring is in the base. I saw it before and it is beautiful, so I just took it away. But now I hide it. You can't hurt my mommy, or I won't give you the ring."

He looked very angry, with his little mouth pursing.

"No, I won't hit her."

Zama hurriedly signaled Petty to stop hitting Nicole.

Petty gave Nicole a hard look, but Petty hit Nicole so hard that Nicole couldn't talk for a while.

Sweat oozed from Nicole's forehead.

Lucas asked anxiously, "Mommy, how do you feel now?"

"I'm all right."

Not wanting to worry her son, she said she was fine, but her voice trembled.

Lucas's eyes grew cold, looking at Zama, he said, "If you dare beat my mommy, I'll ask someone to throw the ring away, and no one could get it."

"OK, good boy, take me to get the ring."

Lucas looked at Zama as if he was still wondering if her words were believable.

At this point, Samuel was at a disadvantage when fighting with Macon.

Zama couldn't wait any longer. "Take me to get the ring, and I will let you and mommy home to see Zoe, OK?"

"Really?" Lucas tilted his head, looking incredulous.

"It's true, of course. I wouldn't lie."

"All right."

Lucas nodded and reluctantly agreed.

"I want mommy to stay here. How about we go to get the ring? And we'll come back to mommy." Lucas's voice was cute.

Zama chuckled. A kid was still a kid. She was intended to convince Lucas to keep Nicole here as a hostage, but the kid actually came out the idea himself.

"All right, all right, I agree."

Zama seemed like a nice person right now. She would even promise to get the moon for Lucas if he had such a demand, but it was her decision to do it or not.

Lucas said proudly.

Finn gave Lucas thumbs up and said, "That's amazing."

"Sure! My mother is the owner of the Night Elf Empire!" Lucas was very proud.

Zama was So angry, but she couldn't break free. With so many men around, she couldn't take off her pants.

But Finn didn't think so. They wouldn't take Zama away with the car.

Zama watched as they came here, and she wanted to start the car, intending to drive straight out of here, but the car went

broken.

Lucas sighed and said, "I really don't know why you are so stupid. Do you really think that I will be taken away by you? I'm not as stupid as you are. The car has ready run out of gas. Don't you look at the gas gauge when you're driving?"

After saying that, Lucas looked at Zama in a helpless way, as if Zama was mentally retarded. Zama was so angry that she

passed out.

“What? She passed out?” Lucas said with some schadenfreude.

Finn wanted to laugh, but dared not to. “How do we take her away now?” asked Finn.

“Take off her pants and take her away. She is an old woman but she’s so shameless. What are you afraid of? Oh, you’re afraid it will hurt your eyes to see her not having pants, right? Well, I am sorry to bother you.”

Lucas sighed as he spoke, and Finn couldn’t hold back now and laughed out loud.

“Stop laughing, drive me back, or my Mommy will worry about me.”

Lucas then remembered Nicole was still waiting for him.

He would get another rap on the knuckles from her soon.

Lucas sighed as he got into the car.

Finn asked someone to drive Lucas back, but Zama was really stripped of her pants and she was carried into the car in red

underpants with her hands tied tightly.

Worried about Lucas, Nicole watched Samuel dodge and fell to the ground as Macon attacked him.

“Samuell”

Nicole felt like her heart was breaking.

She could not bear to see Samuel being hurt, but there was nothing she could do.

Macon couldn’t bear to hit Samuel anymore.

“You have to think about it, Macon. Your wife and child are waiting for you,” Petty said coldly. “Knock Samuel down, and Zama will bring your family together.”

“Shut up! You just intimidate him. What else do you know?”

Nicole hit straight at Petty and bumped into her.

Samuel just frightened him, but when he heard what Lucas said, Samuel came over to Lucas angrily.

“What did you say? Say it again.”  
“I'm going to find another man for mommy! I want to change my daddy!”

Lucas still dared to defy Samuel's authority.  
Nicole was stunned and felt speechless of what Lucas had become.

How did Lucas get trained by Vincent? He was so naughty now!  
Let alone Samuel, even she wanted beat him.

“Would you like to experience mixed beating?”

Nicole spoke in a low voice.

Lucas looked at Nicole with an incredulous stare and said, “Mommy, are you going to forsake your own son for the sake of your sweetheart?”

Nicole felt headache.

“Stop taking.”

“Oh, mommy, you don't love me anymore!”

Lucas started to play tricks. He was crying.

Nicole felt that Lucas was asking for beating.

She pulled Lucas to her and whispered, “It is enough. There are no tears in your eyes.”

Lucas was a little stunned, hurriedly touched his saliva on the corner of his eye, and asked gravely, “Are there tears now?”

“I could beat the tears out of your eyes.”

Samuel thought Lucas was really lawless.

The boy was showing his presence all the time, and he didn't know if Riley had caused too much pain to him when Riley took him away.

Seeing that Lucas continue to cling to Nicole’s arms, Samuel, who now had a love-hate relationship with Lucas, whispered,

“Come here, let me hug you.”

“No! I have told you that I want to change another daddy. Don't bribe me. First you hit me, and now you're going to hug me. I don't believe you!”

Lucas turned his head away, as if he really hated Samuel.

Nicole shook her head and laughed.

“Well, stop playing coquetry. Who was happy to see your daddy?”

“Mommy, do you mean Joseph?”

Lucas refused to admit he was happy.
