Don't Try to Escape, My Wife!

Chapter 291: Watch Your Attitude!

At the thought of that, Nicole stood up immediately, watching Samuel walking out of the hospital with the help of Jacob.

She suddenly noticed that Samuel was supported by Jacob while walking.

Nicole felt shocked.

Samuel still pretended to be fine when talking in front of her, but now he could not even stand up straight?

But Samuel was bleeding, injured seriously at that time and he ran out of the operation room as soon as he was bandaged.

No wonder he was so weak.

Nicole felt heartache when seeing the trembling body of Samuel, who still showed great concern about her and her daughter.

How could she just give up such a nice man!

Although it was a bit inappropriate to break her promise with Soseph, Nicole still made up her mind to do so.

She could fulfill whatever Soseph wanted, but there was no exception when it came to Samuel.

Samuel almost stumbled down at the gate. He completely leaned on Jacob, whispering, "Don't tell my wife about my injury."

"Mr. Bush, but you..."

"Get me into the car and send me back before Lucas wake up. This is the normal symptom of post-operation." Said Samuel with his trembling tone.

'Come on, don't push yourself! How could it be normal symptom of post operation!' Jacob sighed.

But he dared not say it out. He, as an assistant, was not qualified enough to judge Samuel deep affection for his own wife and

kid.

After sending Samuel back, Jacob received a call from Laurel. He had to go to the company to help her deal with the affairs

there.

Samuel nodded to show his consent and then Jacob left. Before Lucas woke up, Samuel fainted in the bed.

Finn sighed and then called the doctor for help.

Even the doctor was rendered speechless.

When the sun rose, Zoe finally awoke. Though she was still a bit feeble, she smiled when seeing Nicole.

“Mommy.”

Zoe said in a feeble voice. But she still looked hopeful, which ignited the hope in Nicole's heart.

“How do you feel?”

She came to the front of Zoe and stroked her face.

Though Zoe looked pale, her face felt warm, within which there was a trace of hope.

Zoe smiled, “I feel better. Mommy, I can even go to run.”

While saying that, she was about to get up, but was stopped by Nicole.

"What? Are you pissed off? Are you going to retaliate with your noble identity and powerful family? Are you going to kill me? You did better just kill me and make sure I am dead! Or I will definitely revenge on you!" Soseph shouted out fiercely.

"What do you want?!"

"I just want you to keep your previous promise that Samuel will stay by my side for three months. As for the promise between Samuel and me, it is none of your business. So I also accepted his request to make me your adopted sister. And you should also do as you have promised."

"Samuel and I are couple! We reach everything in consensus. How could you separate us!"

"Because I have saved your daughter! Is that enough for a reason?"

Soseph stayed brassy.

"Well, we can't make an agreement, right?"

"Yeah, no agreement. Well, I need some water, boiled and hot water."

Though angry Nicole was, she still suppressed her anger and served Soseph a glass of water.

Soseph sneered and splashed the hot water towards Nicole's face.

"Ah!" Nicole screamed out of shock. She felt her face burning hurt.

The carer was frightened. She immediately passed Nicole the towel.

"That's the punishment for you broking your promise! I won't show your mercy next time." Soseph said coldly.

"You..."

Nicole trembled all over out of anger and she was about to slap her. But she couldn't bear to hit her when seeing her pale face.

"Nicole, what are you doing?!"

Laurel suddenly came in. Seeing that Nicole was going to slap Soseph, she hurried forward to push her away.

"Soseph saved Zoe! That's the way you show your gratitude to the saviour of Zoe?"

Nicole was stunned. When she was about to explain what happened just now, Soseph suddenly held Laurel's waist and cried,

“No, Grandma Laurel, don’t blame her! It’s all my fault. I should have leave as soon as possible after operation! I am so sorry to annoy her! I am leaving now!”

Nicole smiled at Zoe, "Zoe, look!"

"Wow, it's apple!"

Zoe smiled in delight.

Zoe loved apples, but she was not allowed to have as much as she wanted because of her kidney disease. Sometimes she was only permitted to have only one.

So she felt so delighted when seeing apples.

"Though you can have some apples now, you still need to be limited in number as you just went through operation."

"Mommy, come on..." Zoe pouted.

"I am doing this for your health. Listen to me, okay?" Nicole stroked her head gently.

"No..." Zoe tilted her head sullenly.

"Well, you can have one third of an apple."

"Okay."

Finally, they reached consensus. Then Nicole peeled 1/3 of an apple for Zoe.

Laurel said to the carer beside her, "Watch Zoe. I need to go out to have a talk with Nicole."

Nicole was a bit surprised upon hearing that. But she said nothing and smiled at Zoe again. Then she left the ward with Laurel.

Laurel let her to the conference room which was organized by her.

Nicole didn't know the conversation between Soseph and Laurel, but she felt nothing wrong for what she had done. So she had been determined she would never admit her fault even blamed by Laurel.

Seeing the stubborn and repulsive look on her face, Laurel sighed, "Nicole, you are the wife of Samuel and also the hostess of Night Elf Empire. Why not restrain yourself?"

Hearing that, Nicole raised her head to look at Laurel with a sullen face.

"Don't stare at me like that! You are now a mother of two kids and you are even jealous of a young girl like Soseph? Though she might be a bit infatuated with Samuel because of his handsome look, you should be more confident of yourself."

Chapter 294: Grievance

From Nicole's point of view, no one would understand the grudge between her and Soseph. Even Laurel might deem her too narrow-minded and she believed that Soseph wouldn't do something evil against her.

Acutally, Nicole was the one who was bullied.

She felt so aggrieved when receiving the call from Samuel.

She walked out of the doctor's office and picked up the phone.

“Samuel...”

Her voice trembled with sob, which was clearly noticed by Samuel.

“What happened? I heard from mom that your face was allergic to make-up and it's in bad condition. How are you going now? Let me see your face through video chat, okay?”

As expected, Laurel had informed Samuel of it in advance.

Nicole didn't know about the conversation between them. But she presumed that if she blamed Soseph for this because she splashed hot water on her face, Laurel wouldn't easily believe it and might even deem it a slander against Soseph.

What's worse, Samuel knew nothing about the deal between Nicole and Soseph. He would definitely be mad at her once he was aware of it.

After all, no one would like to be traded, especially in a relationship.

However, from Samuel's point of view, he deemed her words as a self-abasement because of the appearance of Soseph.

He sighed and said caringly, "Honey, let me see your face."

"No! I look quite awful. I will be fine a few days later."

"Honey, you will always be the most beautiful one in my heart even with any make-up. I will make Jacob bring you some ointment. No scar will be left with it."

"Okay." She felt really aggrieved as it was her first time to be defeated by a girl who was not even in her twenties.

Unfortunately, Samuel was not aware of her grievance and then he continued, "If you feel annoying to see Soseph, I will transfer her to another hospital, okay?"

"Alright, get her somewhere else."

"Okay, I will call the director of the military hospital and transfer her to the hospital near me."

The military hospital was the best one besides the hospital where Soseph settled at the moment.

"No!" Nicole shouted.

"What's wrong with it?"

"I said NO!"

Chapter 295 The Cunning Lucas

When Lucas's phone rang, Samuel just finished the talk with Nicole. When he was about to talk to his son, he noticed Lucas's phone ringing.

"Who's calling?"

"Come on dad, it's my privacy." Lucas replied.

Then he picked up the phone and walked out.

“Privacy? Kid's privacy?” Samuel shook his head.

Lucas walked to a quiet corner and then he connected the video chat with Zoe. Then he saw her unhappy face.

“Bother, don't you care about me anymore?”

“How comes! I love you, sis.”

Lucas felt relieved when noticing that Zoe looked much better, though her face was still pale.

“Why don't you come to see me if you still care about me? I haven't seen you for so long and it is Joseph who always stays with me. Are you busy with something?”

Zoe had been staying by Lucas's side since she was born. But they had to separate because Lucas needed to return home with Nicole. But since Zoe had also returned, why didn't her brother come to see her?

Lucas felt so sorry to see his sister shedding tears.

“Alright, alright, I will come to see you later, okay?”

“Keep your promise! Mommy is in a bad mood and grandma told me that her face turned awful because she was allergic to the make-up. But I do remember that mommy has never been allergic to make-up before.” Zoe told Lucas everything.

Hearing that, Lucas's eyes squinted.

“Is it serious? How is mom?”

“Her face looks exceedingly red. I think it's quite serious.”

“Okay, I will come to see you later. Don't be naughty, okay?” As the elder brother, Lucas was a much more sensible kid.

“Yeah, brother, I want some apples.” Zoe smiled as she knew that Lucas would come to see her soon.

“No, you haven't totally recovered. I will buy you apples every day when you recover.”

“Okay, keep your promise!”

“Of course, I will.”

“You are the best brother in the world!”

Lucas felt sweet when hearing that. He didn't hang up the chat until it had been a while.

But since he had promised to visit Zoe later, how was he going to tell Samuel about it?

Lucas walked to the door of Samuel's ward while thinking,

Chapter 296 When A Tough Lady Met A Rough Guy

Olivia stared at Lucas with doubt. Under her gaze, Lucas felt weird.

"Come on, I don't have any bad idea"

Lucas broke free from Olivia's grip. When he was about to run away, he was caught on the collar by her.

"Come on, I know you! Stop playing fool in front of me. Tell me, where is your mommy?"

Olivia failed to keep in touch with Nicole when she back after training in the army base, who claimed that she did this for her good.

Olivia always thought that Samuel was not the suitable one to be Nicole's husband, but as her best friend, Olivia had never told her about it to avoid quarrel.

Just as Nicole had never told Olivia about her life in a rich family after she married five years ago. But Olivia would always be her haven when she was depressed.

Olivia would be willing to appear at any time as long as Nicole was in need and she would disappear if Nicole was fine. That was the deep friendship between them.

But now Lucas asked her out today alone. Olivia was still worried.

Lucas really regretted doing so.

What he wanted was just an excuse to fudge the taxi driver, but he didn't expect that Olivia still insisted on knowing the truth.

Lucas didn't want his mom to know his plan.

Suddenly, Lucas saw someone familiar. A smile appeared on the corner of his mouth.

Then he shouted at that person standing not far away from him, "Mr. Tim, help!"

Tim felt worried because of her mother's disease. Now her mother was getting a little better, but his father started to argue with him. He walked out of the hospital, puffing out of annoyance. But he suddenly heard the familiar voice calling him.

Then he noticed it was boy, who was grabbed by a woman on his collar. Olivia shouted at Lucas, "Help? How dare you ask for help? If you don't make it clear in front of me, you are not allowed to leave! Come with me."

Then Olivia was about to drag Lucas away.

"Mr. Tim!" Lucas waved at Tim anxiously.

It was not until then Tim finally saw the face of Lucas clearly. He suddenly noticed it was Nicole's son who asked for help.

Tim walked to the place where those cinerary caskets were placed and then he threw her on the ground.

Olivia shivered out of coldness.

Her face turned pale when she saw those cinerary caskets. She kept shaking her heads.

But Tim just sneered, "Do you think you can just run away when you pissed me off. If it weren't for the fact that you are the best friend of Nicole, I would beat you up today."

'Bastard!' Olivia shouted in her mind.

Though Tim seemed to know what she was cursing, he still did not care about her hostile attitude, "Oh, by the way, all the workers here have a leave today, so there will be no one here until tomorrow's morning. See, there are so many 'friends-in-the-boxes' staying with you tonight. I will pick you up tomorrow. Have fun." Then Tim was about to leave.

'Are you going to leave me alone here?' Olivia was flustered, but she could do nothing but shed tears as she was totally tied up.

However, Tim showed no care to the woman he had no feelings for. What was worse, Olivia left a really awful impression on him.

Then Tim left without hesitation.

The wind blew around here. Olivia kept shivering out of fear.

'Help!!!!' Olivia shouted in her mind.

Meanwhile, Lucas, who was not aware of the situation of Olivia, ran into the ward. He was so delighted when he saw Zoe.

"Brother!" Zoe exclaimed out of joy, but Lucas told her to keep silent.

Then Lucas sneaked to the door of the room where Nicole was taking a nap. Seeing that she was still in sound sleep, Lucas felt worried when he saw her red and swollen face.

'How could it just be a simple allergic reaction!' Lucas slowly stepped backwards.

Chapter 298 How Dare You!

Of course, Lucas did it on purpose. But his pitiful eyes made the carer hard to refuse.

“How about that? I need to call the doctor for the lady in the ward. How about you go to the bathroom in the ward. But don’t disturb her, okay?” The carer said to Lucas gently.

“But she is so rude to me!” Lucas said in a trembled voice.

“Don’t talk to her. She could only lie on bed now. She won’t hurt you if you don’t provoke her. Just go to pee and I will call the doctor.” The carer said anxiously.

Though she also hated Soseph, she was hired by the Green Family to take care of her. If there was something wrong with Soseph, she would be in trouble.

Lucas nodded reluctantly.

However, that was exactly what he wanted.

Seeing that Lucas nodded with consent, the carer held him in her arms and walked into the ward.

The cut left after operation on Soseph’s waist was bleeding. She gritted out of pain. She was even more exasperated when seeing the carer came in with Lucas.

“I told you to get out! If you throw this damn kid outside the ward, I can give you another chance to serve me again. Or I will...”

However, the carer ignored her and walked into the bathroom with Lucas, then she said in a low voice, “Wait me here, okay? I need to call the doctor.”

“Okay.” Lucas replied obediently.

Though the carer felt a bit sorry for this kid, she soon trotted out of the ward. Perhaps even the carer herself forgot that there was a bell used for calling doctor in the ward.

“Hey, come back!” Soseph shouted at the carer, who had been in a distance.

Lucas then walked into the ward from the bathroom and came to the front of Soseph.

Soseph could tell that this kid was hostile against her from his eyes.

Laurel immediately walked into the hospital with Samuel.

Meanwhile, the doctor was bandaging Soseph.

Due to Lucas's attack, the cut on her Soseph kept bleeding and she hurt so much.

The more painful she was, the more irritated she was, "Where the hell is that brat! I am going to skin him alive!" Soseph shouted like a fierce monster.

"Who are you going to skin!" Samuel walked in, who had just heard of her shouting.

Soseph stunned when seeing Samuel. So did the doctor.

The doctor was so nervous as he didn't know how to explain to Samuel for Soseph's bleeding when he saw the rage clouding Samuel's face.

"Mr. Green, I was bullied by him!" Soseph begged in a pitiful voice.

"Really? Who dare to bully you, my distinguished guest!" Samuel sneered with irony. However, Soseph failed to notice it.

When both the doctor and the carer wanted to say something, they were all stopped but a cold glimpse of Samuel.

If Samuel felt offended, he even had the powerful to overturn the hospital.

However, Soseph deemed that Samuel was so mad because of her injury. At the thought of that, she was even a bit happy.

"Mr. Green. There is a damn kid breaking in, who kept poking my cut. See? I am infected! And the damn kid was still shouting that his dad was the most powerful one in this city! What a bad-mannered family! Look at the way they spoiled that kid! They should all be arrested!"

Chapter 300 It's A Plot

"What happened?" Nicole was woken up by the noise outside. Then she was noticed that there was a
quarrel in Soseph's ward. Then she rushed here.

If there was something wrong with Soseph, Nicole couldn't bear to be blamed again.

"Mommy, I was beat by a bad woman!" Hearing the voice of Lucas, Nicole hurried forward and saw the
swollen face of Lucas. Suddenly, her face turned enraged.

"Who did that?!" Nicole questioned with rage.

"Nicole, let me handle this." Samuel felt sorry for Nicole when seeing her coming.

Seeing that both Laurel and Samuel were here, and there was even a trace of guilt on Laurel's face,
Nicole was aware of what was happening.

"It's you, right?" Nicole turned to glare at Soseph.

Soseph shivered when facing her. But at the thought of her flinch even when she was splashed with hot
water, Soseph pretended to be calm and said, "I don't even know he is your son before. And it was him
who rushed in to poke my wound hard, so I fought back. And I have saved you daughter..."

However, Nicole rushed to her front and slapped her on the face.

"Nicole, you hit me? I have saved your daughter!!!" Soseph raised her voice.

But Nicole still remained cold and raised her arms and kept slapping her for more than dozens of times.
She didn't stop until her arms turned numb.

Soseph was totally stunned. She had never expected that Nicole would be so aggressive this time.

Nicole continued after slapping her, "I, and even the Green Family, appreciated that you have said my daughter with your kidney. But how dare you hit my son! All kids of mine are apples in my eyes! I can endure it even if you splashed me hot water. I forgave you for your donation of kidney instead of flinch! Do you think you have the right to beat my son even if you are the savior of my daughter? Listen up! Your kidney is only worth hundreds of thousands of dollars according to the average price in the black market! Now I will pay you one million and get the hell out of this city!"

Soseph refuted out of anger as well, "We have a deal! You have promised me that you can make Samuel by my side for three months and you won't have any contact with him within this period! That is the reason why I donated my kidney for your daughter! Do you think I really care even if you daughter died of illness!"
