Don't Try to Escape, My Wife!

Chapter 301 Acting

"Of course not!" Nicole refuted. It made her regretted so much after the promise to make Samuel stay with Soseph for three months. How could she accept the request that if Soseph asked for having sex with Samuel.

Though it seemed that her answer did satisfy Samuel, he still looked a bit sullen.

"Don't you think that I will have feelings for her if I stay with her for three months?"

"What?" Nicole was stunned.

'Does he have a crush on Soseph?' Nicole couldn't help but think of the worst result. But she could tell nothing from the calm and cold face of Samuel.

"Samuel, did you?"

"I had feelings for you after I married you. The longer the stay, the more possible the love will rise." Samuel felt a bit uncomfortable to be traded like goods. But he didn't have the heart to blame his wife. However, he still deemed it necessary to teach her a lesson.

Nicole didn't know how to refute. In order to escape from taking blame, she leaned backwards and pretended to be faint.

"Nicole!" Samuel immediately held her in his arms. He was so nervous that he rushed to the emergency room with her in his arms.

"Doctor!" Samuel shouted anxiously. While Nicole was a bit guilty when noticing his reaction, but she still chose to pretend to avoid taking blame.

Then Nicole was sent into the emergency room on the stretcher while Samuel was waiting outside nervously.

But suddenly, Nicole sat up straight on the stretch, which startled the doctor present. She just hinted at them with her eyes blinking and said in a low voice, "I am okay. But I can't leave here so soon, please."

The doctor soon noticed what she meant. He just smiled and did as Nicole requested.

Seeing that Samuel was still waiting anxiously outside the emergency room, Nicole felt a bit sorry for him, "Just tell him I am still too feeble due to the bad mood."

"Okay, Mrs. Green." The doctor did not show any rejection to her little trick.

When Nicole was sent out of the emergency room on the stretcher, Samuel asked worriedly, "Doctor, is she okay?"

"Mrs. Green is fine. But she is too feeble that she fainted out of fear. She will be alright after taking a rest."

But Samuel suddenly noticed that Nicole rolled her eyes at this moment.

Chapter 302 The Happy Moment

After playing for a while, Samuel was a bit exhausted due to his weak body after operation.

Lucas still wanted to have fun playing with his father. However, Noticing his face turning pale, Lucas asked worried, "Dad, are you okay?"

"Get me a cup of water."

Samuel felt a bit uneasy for his weak body. It seemed that he had to take a good rest to recover.

Lucas served his father a cup of water, "Dad, did you just get hurt again because of me?"

"I am fine. I am just too weak after operation. Let us go to exercise after I recover." Samuel stroked Lucas's hair dotingly.

"Okay, just rest assure! I will make you the same strong as now when you are even in your seventies!"

His sweet words made Samuel amused, "In my seventies? I will be really old then."

"Come on, our family is so rich. We could definitely afford to develop state-of-the-art technology and I will invent a dose of rejuvenation medicine and bring you back to your twenties! Then we could be brothers!" Lucas stated brightly.

"Kid, now you are even dreaming of being my brother?" Samuel rubbed his head and took a gulp of water.

The hot water refreshed him a bit. But he still rested himself on the bed and while Lucas leaned forward him casually with his leg waving casually.

"Dad, did you really send that woman named Soseph away?"

"Yes. After all, she saved your sister. We owe her this time." Samuel deemed his son a sensible and mature kid. So he thought it was necessary to let him know how to cope with those issues.

Lucas nodded, "What if she dares to come back to bully mommy?"

"Then I will show no mercy since we have paid off for this."

"Okay." Lucas nodded knowingly.

Then he continued with a bit of worry, "Dad, when will we go back to the military hospital."

"What? You think I bother you?" Samuel teased.

“Come on, just take your time and take rest to nourish your weak body. It’s really difficult for me to support the whole family on my own.”

“You? Support the whole family on your own?” Samuel was a bit amused by his smug tone.

Since Nicole didn’t want to make her children worried about her, she then was about to walk out of the ward to answer the phone, “What’s the matter, uncle?” While speaking, she hinted at Laurel, then she went out.

But Lucas a bit confused when hearing that, “Dad, does my mom have an uncle?”

“Yes, you will have more relatives, who are the family members of your mommy. I will take you to visit them when you have time.” Laurel answered with patience. But it was still a little bit complicated for kids to understand what happened. So she would choose to take Lucas and Zoe to meet the Don Family when everything was settled.

“Okay.” Lucas then continued to play with Zoe.

“Nicole, how are you doing?” Jason asked.

“I am fine. What’s the matter?” Nicole was a bit surprised as Jason hadn’t known the grudge between her and Soseph yet.

“Well, I have something to tell you. But you have to stay calm.”

“What’s the matter?” Nicole was a bit uneasy.

Jason sighed, “You adopted parents, couple Bush, have been worrying about you. You didn’t come back to their house but to the base when you just return from abroad. So we kept everything as secret from them. But just a few days ago, they heard that you were almost got shot and was luckily saved by Samuel. But your adopted mom was so anxious that she had a heart attack. Now she is still in the emergency room.”

“Where is my mom?” Nicole asked anxiously.

Jason immediately comforted her, “Don’t worry, Mrs. Bush has been sent to the hospital when I heard of it. She was sent to the downtown hospital, which is exactly the same place where you stay. She is in Emergency Room 2.”

“Alright, thanks.” Nicole then rushed to the emergency room. But she stopped and returned to the ward and told Laurel to take care of kids. Then she rushed to the emergency room again.

Noticing that his grandma was in the hospital, Lucas said to Laurel, “Grandma, I want to go with mommy.”

“Are you okay with that?” Laurel also worried about Nicole.

“Of course, now I am a big boy. I can shoulder the family before dad recover.” Lucas nodded.

“Okay, go ahead.” Laurel nodded though she was still a bit worried.

Chapter 304 Misunderstanding

Seeing that Nicole still reluctant to tell him what happened, Dad Bush sighed, "Do you love Samuel so deeply that you still choose to defend him with the cost of suffering with kids?"

"No, dad, I didn't suffer. What happened?" Nicole noticed there might be a misunderstanding. She didn't think she would suffer as she was aware that Samuel loved her so much that he was even willing to sacrifice himself to save her.

Dad Bush shook his head, "Don't lie to me. I could tell from both of your and Lucas's face. They are really so domineering that they even hit your faces. After all, you are also the member of the Don Family. I can ask them for help!"

Upon hearing that, Nicole smiled and explained, "Dad, it is just a misunderstanding. The injuries on my face and Lucas's have nothing to do with the Green Family."

Then Nicole told her dad what was going on between her and Soseph.

Dad Bush was really surprised to hear that, "How could there be such an ungrateful one in the world?! You have saved her in the base but she still tried to plot against you! What's wrong with her!"

He felt really angry when knowing that.

Seeing that her dad was overwhelmed with anger, Nicole comforted, "Alright, dad, it's over. Samuel has already got her out of the city. And don't think your grandson is a timid boy. He is smart. He won't let himself suffer in vain."

"What? Lucas is still a boy. How can he fight against an adult? Look at his face!" Dad Bush said caringly. After all, Lucas was the apple in his eyes.

“Okay dad, it’s over. I and Lucas are fine and we have a good day in the Green Family. Don’t worry. Just take care of yourself and mom.” Nicole patted on her dad’s back gently to comfort him.

Dad Bush said with relief, “Well, Nicole, you still need to tell the Don family your opinion. After all, it was all our fault that I and your mom got lost your identity. I really feel sorry for you.”

“Dad, it is not your fault. You were also deceived by others.”

Nicole felt a bit frustrated when recalling what had happened in the past. She had been in a relationship with Allen for five years before and she thought they could still be friends even they broke up. However, everything went beyond her expectation. She couldn’t just sit by when Allen started to hurt those who she cared the most.

“But it was all because of us that you lost your identity. Since the Don Family can bring your identity back, I and your mom are okay with that even if you are now addressed as Nicole Don.”

Though he said so, Nicole could tell that her dad was in a low spirit.

“Alright, dad, I have told you that I would always be your daughter forever. My name is Nicole Bush and the Don Family respects my choice.”

“They are really so generous.”

Samuel was surprised.

"You..."

"Alright, don't be so childish."

After the kiss, Nicole stroked Samuel's head, smiled, and got up to get food for Samuel.

Samuel's lips twitched.

Who did she take him for?

Lucas?

Or Zoe?

Was she overflowing with maternal love?

She treated him like a child!

Samuel wanted to say something else, but Nicole had already left.

Looking at Nicole's back, Samuel curled his lips into a big smile. It seemed that her lips were still on his forehead. The kiss was so soft and sweet.

He gently touched his forehead and smiled foolishly.

When Jacob came in, he saw Samuel smile in that way. He was amazed, but then immediately gave a short cough.

"Mr. Green."

Samuel's face suddenly darkened.

"Don't you know that you shall knock on the door before you enter? You've forgotten all the rules these days!"

Samuel was naturally in a bad mood when his assistant saw his silly expression.

He could show all kinds of expressions in front of Nicole, but definitely not in front of Jacob!

Jacob felt that he was so unlucky, and was depressed for a moment.

"Someone dialed Mrs. Green's original phone number. You asked me to keep her original phone number, and I am here to report this."

Jacob hurriedly explained his purpose of coming.

Hearing that it was related to Nicole, Samuel's mood lightened.

"What's going on? Who dialed the number?"

"Mrs. Green's best friend, Olivia."

If it was someone else, Jacob wouldn't have come to Samuel. However, the one was Nicole's best friend, so Jacob didn't know how to deal with it.

Although Nicole didn't have contact with Olivia these days, Jacob knew that Olivia was very important to Nicole.

Samuel frowned.

Thinking of Olivia's dissatisfaction with him, he was somewhat upset.

It was not easy for him to lead a happy life with Nicole, and they were in a steady relationship now. If Olivia tried to cause trouble again...

Thinking of this, Samuel wanted to say "leave it at that", but Nicole pushed open the door and walked in.

"What happened to Olivia?"

"Olivia!"

Nicole quickly ran over and saw Olivia was at a loss. She cuddled herself in a corner like an abandoned child.

She was no longer as tough as she used to be. Now she looked so fragile and pitiful.

Nicole hugged her tightly, but she pushed Nicole away. It was as if Olivia was in a sealed space. She didn't listen, didn't look, didn't think, and didn't cry.

She was like a fragile porcelain doll, and tried to hold back her tears.

"Sorry, I'm late. Olivia, it's me. I'm Nicole!"

When Nicole wanted to get close to Olivia, Olivia suddenly opened her mouth and bit onto Nicole's arm.

"Mrs. Green!"

"Don't come over! I'm fine!"

Nicole stopped Jacob from approaching and allowed Olivia to bite her to vent all uneasiness and fear.

A faint smell of blood rippled in Olivia's mouth, allowing her to regain her rationality temporarily.

She suddenly let go of Nicole.

"Are you feeling any better?"

Nicole's voice was very soft. She was afraid that she would frighten Olivia.

Her wrist was bleeding.

When Olivia finally realized that Nicole was here, she wailed.

"Nicole, I'm so scared! I've been calling you, but no one answered. I thought you abandoned me too. That bastard left me here alone. The cold wind whistles and there are urns everywhere. I am totally scared! I am nearly scared to death!"

Olivia cried so sadly that she even couldn't breathe.

Nicole's heart ached. She patted Olivia's back, but she also heard that Olivia said "that bastard".

Her eyes narrowed, and helped Olivia up from the ground after she vented her feelings.

Olivia's legs almost went numb. The itch made her grin, and she no longer looked tough.

Jacob hurriedly stepped forward to help.

Olivia had an impression of Jacob. When she saw Jacob, she was somewhat surprised. Then, she asked in a low voice, "Is Samuel also here?"

"No, he was injured in order to save me. Now he is in the hospital."

Nicole said briefly.

Olivia was slightly stunned. She didn't seem to believe that Samuel would block the saber for Nicole. However, Nicole had never lied to her.

It seemed that she should look at Samuel with new eyes.

Olivia did not say anything else and allowed Nicole to help her as she walked down step by step.

Chapter 307 Who Is Jealous?

The car was heading towards the Central Hospital. Jacob considerably turned on the DVD to play the music. It was a very slow tune, which soothed the listeners.

Olivia gradually calmed down.

She turned to look at Jacob.

Jacob was an ordinary-looking man. He wasn't that well-featured, so women wouldn't fall in love with him at first sight. But getting along with him was comfortable.

Olivia hadn't paid much attention to him before, but now she realized that Jacob had outstanding temperament and cultivation.

"What degree do you have?"

Olivia suddenly asked.

Jacob was astonished, but quickly replied, "Double master's degree."

"Double master's degree? You are extraordinary! Why do you only work as a special assistant for Samuel? Don't you think it's a pity?"

Olivia was just an undergraduate, so she admired people with a master's degree.

She had always thought that a bachelor's degree was enough for being the special assistance of Samuel.

But Jacob smiled and said, "I studied in the United States. It was Mr. Green who sponsored me to finish both my bachelor's course and my double master's courses there. Without Mr. Green, I wouldn't be the person I am now, so I came back to work for him after graduation."

"Samuel is wealthy. You don't need to pay back."

What Olivia said was the truth. She didn't like Samuel, and she always felt that Samuel wasn't a decent person. She hated the rich so much that she didn't have a good impression of all the rich second generation.

If it weren't for Nicole who fancied Samuel, she would never talk with Samuel.

However, she was also sponsored by Nicole to finish her bachelor's degree.

Thinking of this, Olivia realized that she had something in common with Jacob. She suddenly had a strange feeling.

However, Jacob shook his head and said, "You can't say that. No matter how wealthy Mr. Green is, he's not obliged to help me. But when I needed help the most, Mr. Green helped me and even didn't ask me to return the money. One must know how to repay kindness. Without Mr. Green, I might just be a high school graduate now, and can't lead such a good life"

Hearing Jacob's words, Olivia did not refute.

It seemed that she had some prejudice against Samuel in the past.

Perhaps there truly are some good people among the rich second generation.

Olivia thought to herself, and didn't say anything more.

Jacob also did not continue the conversation, but they didn't feel embarrassed. Instead, they enjoyed the peace. Maybe it was because of the music, or maybe it was because they liked each other's accompany.

Nicole listened to their conversation from behind. She suddenly felt that they were a good match.

Nicole knew that Jacob had already paid back the money that he owed Samuel. He also had some shares in a venture capital company owned by Samuel. Although he was Samuel's special assistant, Jacob could be considered a wealthy man, but he kept a low profile.

"How old are you? How can you fall down on this smooth floor?"

Samuel broke out in a cold sweat.

Nicole scared him so many times. Fortunately, his heart was pretty strong; otherwise, he would have a heart attack.

Nicole now felt that the Samuel was exceptionally handsome.

Five years had passed. He became more masculine, making her impossible to shift her gaze away from him.

She actively stretched out her arms and wrapped them around Samuel's neck. She whispered, "If I didn't do so, you wouldn't throw yourself into my arms."

"It was you who threw yourself into my arms! Nicole, you are so good at reversing right and wrong now. I think..."

Before Samuel could finish his words, Nicole tiptoed and pressed her soft lips against his to stop him.

Nicole kissed him with eagerness and desire.

Samuel was slightly stunned, but he quickly took the initiative. Soon, Nicole was out of breath.

She was panting heavily. Samuel had lust for her now.

"Do you know what you are doing now?"

Samuel's voice was hoarse.

Nicole giggled and said, "Let's have another child. If we have twins again, let one have the surname of "Bush" and the other have the surname of "Don", OK?"

Samuel was surprised. He asked, "Are you serious?"

"Yes! What? Don't you want more children?"

Nicole suddenly felt a little nervous.

Samuel hugged Nicole tightly and said emotionally, "When Lucas and Zoe were born, I wasn't there by your side. I didn't do much for them. I definitely want another child, so that I can make up for all of this. But if it is too demanding for you, I think two children are good enough."

"I do want to have another child."

Nicole said shyly.

Ever since they established their relationship again, she had been thinking about giving birth to another child for Samuel.

She just wanted to make up for Samuel's regret.

Five years ago, they separated because of a misunderstanding. Lucas and Zoe couldn't enjoy their father's love, and Samuel couldn't accompany them.

Now although they had a happy family, they still felt regretful.

Nicole didn't want to make herself and Samuel regret anymore. Moreover, she should do this for the Don family and the Bush family.

She could choose her surname willfully, but she could not break the elderly's hearts.

Samuel looked at Nicole affectionately and said, "Let nature take its course. We can have a try, but don't put so much pressure on yourself."

He still remembered the pain that Nicole endured five years ago in order to conceive a child. Thinking of this, his heart hurt.

He would rather not have another child than let Nicole endure great pain.

Seeing Samuel's expression, Nicole knew that his heart ached for her. She was touched.

She wrapped her arms around Samuel's neck again and said, "What did the doctor say about your wound? Are you okay?"

Samuel frowned slightly, and looked at the phone. It was Jason.

He glanced at Zoe before answering the phone.

"Samuel, you'd better come here. There's something wrong with Zama."

Jason's voice wasn't loud, but Samuel frowned again.

"I'll be right there."

He had planned to go over tomorrow, but he didn't expect that Zama made some trouble again.

Zoe asked pitifully, "Daddy, are you leaving? Can't you stay with me now I'm sick?"

Samuel felt so guilty.

He really wanted to stay with Zoe, but unfortunately, there were always things that spoiled their time together.

"When Daddy settles all these things and you are stronger, Daddy will take you and Lucas out to play, okay?"

"Really? Don't lie to me! You will become a puppy if you lie to me!"

Zoe hurriedly extended her pinky towards Samuel.

"Alright. If I lie to you, I am a puppy."

Samuel twisted his pinky with Zoe's and they pressed their thumbs.

Zoe was much happier now. She took out the game console left behind by Lucas and said, "Look, Lucas gave it to me. Daddy, I also want a present from you."

"Alright, what do you want?"

"I need to think about it. I haven't made up my mind yet."

Zoe tilted her head and smiled sweetly.

Seeing Zoe's appearance, Samuel suddenly felt that he would like to give her all the best things in the world.

"OK, it's up to my baby. No matter what you want, daddy will make your dream come true."

"Daddy is the best."

Zoe played in Samuel's embrace for a while before Nicole came in.

Nicole immediately saw that Samuel and Zoe were playing together. She laughed and said, "What are you two doing?"

"Mommy, Daddy said he would give me a present later!"

"Naughty girl. All you know is to ask for presents."

Nicole poked Zoe's forehead.

Zoe stuck out her tongue and laughed mischievously.

Seeing that Zoe's mood was improved, Nicole also felt happy.

Samuel looked at them and hesitated about whether he should tell Nicole that thing.

"What's up?" asked Nicole.

Chapter 310 The Person I Care About the Most Is You

"What is the sound?"

Nicole was a little slow, but Audrey sprang to her feet.

"Your grandmother!"

She quickly ran towards Mrs. Don's room.

Nicole was slightly stunned and didn't get it now.

Grandma?

She thought for a while before realizing that it was Mrs. Don.

Thinking of Mrs. Don, Nicole hurriedly followed.

"Mom."

Audrey's voice came with a trace of urgency.

Nicole's heart tightened.

She pushed open the door and walked in. Mrs. Don was lying on the ground, her mouth and her right hand twitching. Apparently, it looked like a stroke.

Mrs. Don was very old. She didn't have a good impression of this old lady when she blackmailed her. Later on, realizing that she did it for her granddaughter, Nicole was relieved.

However, she didn't expect that there would be such a wonderful thing in this world. She was Mrs. Don's granddaughter!

"Don't touch her. Call an ambulance!"

Nicole rushed to hold Mrs. Don.

Mrs. Don was excited when she saw Nicole. Unfortunately, she couldn't speak.

"Relax. I know what you're going to say. I'm back. No matter what, I'm home. I'll be with you when I am free, okay?"

Nicole somewhat regretted it.

If she had come earlier to see her, wouldn't it be like this now?

Mrs. Don wanted to say something, but she couldn't say it clearly. Tears streamed from her eyes.

She held onto Nicole's hand tightly. Even if she was too weak to do it, she still wouldn't let go, as if she was afraid that Nicole would suddenly run away.

There was something in her eyes, but Nicole could no longer understand it.

Standing aside, Audrey called an ambulance and even quickly called Jason and the others.

When Jason and Samuel came out, they looked solemn. After seeing that Mrs. Don seemed to have suffered a stroke, they became gloomy.

"Did you call an ambulance?"

Jason asked Audrey.

"Yes. It will be here soon. Mom was just a little uncomfortable earlier. But how could it happen all of a sudden?"

Audrey was confused and extremely worried.
