Chapter 311 I'm Not Even Close to You

Nicole had arranged everything. When Finn arrived, Mrs. Don was still under emergency treatment.

She talked to Jason before leaving.

Audrey was a little worried about Nicole and whispered, "Let your uncle handle it. As a girl, it's really dangerous for you."

Nicole knew that Audrey was worried about her, but the grudge between her and Zama could not be resolved even though she didn't pick a fight.

"Don't worry. I'm fine."

Nicole comforted Audrey and left the hospital.

Finn had been with Nicole for some time. Seeing Nicole's appearance, he knew that something was unusual.

"Madam, are you going to kill someone today?"

"I don't know yet, but when I enter, everyone stays outside, including the Dons."

Nicole's voice was as cold as ice.

Although Finn didn't know what Nicole was going to do, he still nodded.

After arriving at the Don's, because Jason had already told everyone about Nicole's identity, the Dons didn't stop her.

Nicole arrived at the dungeon without meeting any hindrance.

Zama wasn't as miserable as Nicole had imagined, but with a hint of anticipation. She even smiled more arrogantly when she saw Nicole.

"Are you here to ask me to answer for a wrongdoing? So? Are you feeling bad? Are you in pain? How do you feel that so many people have ended up like this because of you?"

Now Zama was like a madman, mocking her the moment she opened her mouth.

Nicole looked at her coldly and suddenly stepped forward. She jerked her hand up and slapped Zama in the face.

"How dare you hit me! Nicole, I'm your mother-in-law!"

Zama knew that Nicole would be angry, but based on her understanding of Nicole, Nicole was reasonable and even a little cowardly. Otherwise, why had Nicole not acted since she had done so many things?

Despair gave courage even to a coward. But in Zama's eyes, Nicole was nothing. She had already lost herself as she fell in love with Samuel.

Right now, this slap surprised and irritated Zama.

"Nicole, Samuel is my son. You are his wife, and I am your mother-in-law! How dare you hit me? Aren't you afraid of being punished by God?"

Zama was a little ferocious with anger.

However, Nicole said coldly, "Do you think you are qualified to be my mother-in-law and Samuel's mother? If it weren't for this relationship, do you really think you would have lived till now? Well, there is a saying like he who is unjust is doomed to destruction. Your good days are over."

With that, she looked coldly at Zama with malice all over her face.

Nicole watched as Zama's fear increased and then sneered, "It's surprising that you're afraid too. Didn't it occur to you that the same thing would happen to you when you drugged someone else?"

Unfortunately, there is a saying that you have to suffer from your own actions. Have you heard of it? The thing you eat is refined from the medicine you gave to others. Although the ingredients may not be as pure as yours, it should be enough."

"Nicole, you will die a terrible death! You will be struck by lightning!"

Hearing this, Zama trembled all over.

No one knew better than she did about the drugs.

She never thought that this kind of thing would be used on her.

But Nicole still smiled, "Even if I was struck by lightning, I would still have to drag you with me. Also, I forgot to tell you that Samuel refined this medicine and gave it to me before I came."

"Nonsense! I don't believe it! Samuel won't do this to me! He won't!"

Zama's mood collapsed.

Samuel was Zama's last trump card.

She knew better than anyone that Samuel was kind though with a cold face.

Although he had been rather silent since childhood, Samuel was dependent on her, his biological mother, loved her and even protected her. When Nicole returned five years later, he didn't even do anything excessive to her though he learned her dislike to Nicole. Wasn't it because of her identity?

Even if Lucas was taken away by her, Samuel still didn't settle the score. To Zama, it meant she was special to Samuel.

Now that Samuel knew her true identity, how could he be so heartless to her?

However, seeing Nicole's serious face, Zama still hesitated, doubted and even felt pain creeping up on her bit by bit.

"No! It can be! Samuel won't!"

She roared as if this was the only way to overturn Nicole's lies.

Nicole only looked at her coldly and didn't say anything. The cold smile on her lips was like a sharp dagger piercing into Zama's chest.

"It's you! It's you, you bitch! You're the one who made Samuel bad, aren't you? I'm his biological mother, and you'll kill him if you do this!"

Zama struggled, wishing she could tear Nicole apart with her own hands.

The calmer Nicole was, the more anxious she became.

Her body felt worse and worse, and her stomach started to ache.

Zama got scared indeed.

"Nicole, let go of me! I don't want to die! I can't die yet!"

Nicole somewhat restrained her emotions. Looking at Xander's painting in Mrs. Don's room, she thought about how clear and real the dream she had was.

She breathed, "Dad, don't worry. I won't let anything happen to Grandma and the Dons. Absolutely not!"

After saying that, she stood up and sat back on the main seat of the sofa. Then, she said indifferently.

"Come in!"

The door was opened, and Petty walked in.

Unlike a few days ago, Petty had lost a lot of weight and looked more haggard. When she saw Nicole, she was somewhat excited.

"Are you saying that Zac is still alive? Is that true?"

Her voice trembled.

She had seen him die with her own eyes. However, she could not take his corpse away. Later, it was Zama who said that she would help her retrieve his ashes, yet there had been no news.

Some people said that Zac had been torn into pieces by Samuel, while others said that Zac's ashes had been scattered into the sea. No matter what, Petty could not accept it. This was also one of the main reasons why she followed Zama to go against Samuel and Nicole without hesitation.

She couldn't let Zac die without a complete corpse or a burial ground. She had to seek justice for Zac.

Hearing the news that Zac was still alive, Petty was excited with anticipation.

Nicole looked at Petty. Although Petty was detestable for doing many wrong things, she had always been faithful to Zac in love.

She couldn't help but admire Samuel's way of doing things. He knew how to grab onto a person's weakness and let that person work for him willingly.

Back then, it was Samuel who deliberately let Petty go. Keeping Zac was also Samuel's plan. Now, it seemed that everything went as Samuel planned.

He was like an unhurried chess player who had everyone's movements under his control.

Nicole felt that she still had a lot to learn from Samuel, but now was not the time to think about it.

Seeing that Petty's eyes were filled with desire, Nicole took out her phone and showed the video from Samuel to Petty.

Zac was recovering from his injuries in a sanatorium. But he seemed to be doing well with more flesh on his face.

Petty held the phone and watched the video greedily, tears finally flowing down her cheeks.

Her eyes had been ruined, but it could not stop her from being excited in the slightest.

"He's alive! He's alive! Where is he? Where is he now?"

Petty looked at Nicole excitedly.

"I can't tell you where he is right now, but if you can help me, I promise you that I'll let you two go when it's done," Nicole said indifferently, "I can ask Samuel to keep you alive and help you go abroad. You can leave the Seapolis City with a sum of money and find a place where no one knows you to spend the rest of your lives. After that, the grudges between you and me, and the Greens will be dealt with."

Petty suddenly quieted down.

Chapter 314 Give Me Some Time

After Nicole and Finn left the Don's, they quickly got in the car. Suddenly, Lucas called.

"Mommy!"

"Lucas? What's wrong? Does anything happen to your grandparents?"

The first thing Nicole thought of was her parents.

She was scared now.

They were her family and her weaknesses. Before she became powerful, she was terrified that someone would harm them. And she was helpless.

It was a terrible feeling.

"Mommy, you are underestimating me. With me, who can do anything to grandparents?" Lucas said, curling his lips.

This brat sounded so confident that Nicole felt proud and less worried.

"Okay, my son is the best."

Nicole hurriedly praised him.

"Of course! I'm your son! You are so awesome. How can I be stupid?"

Lucas was a honey-lipped boy. What he said filled Nicole's heart with sweetness and joy.

"Alright, stop bragging. Why are you calling me?"

"Daddy asked me to install a positioning system on you. I saw you go to the Don's just now and connected it to the Don's monitoring system. And I found something interesting!"

Lucas said excitedly.

Nicole's heart jolted.

"What did you find?"

"I've already sent it to your phone. You can check it. But Mommy, I need a reward."

Lucas tilted his head and said.

It was not a big deal to reward Lucas. After promising him, she hung up the phone and opened the video.

An unimpressive maid in the video flashed past the kitchen after hearing Nicole say that Mrs. Don was out of the operating room. Then, she quickly left the Don's through the back door and made a call by a public telephone nearby. Nicole didn't know who she called.

However, Nicole's expression instantly changed.

"Finn, control this woman. I want to know where she dialed. Is it difficult?"

"Not at all. Lucas can do this."

Finn said proudly.

Chapter 315 I Hope You're Fine

Nicole answered the phone immediately. It was Samuel.

She felt somewhat uneasy because Samuel called at this time.

"Samuel? What's wrong?"

There was a trace of urgency in her voice.

Samuel sensed that she was nervous. He asked in an undertone, "Are you very nervous?"

"Yeah, a little. After all, this is the first time I've participated in something like this."

Nicole was candid.

There were no secrets between them. Plus, Samuel taught her. She didn't have anything to hide from him.

Samuel continued, "Do you want me to be with you?"

"No."

Nicole refused. Samuel was disappointed.

"That was an unequivocal rejection!"

Nicole cleared her throat.

She said, "You know I didn't mean that. I care about you. I don't want you to be exhausted given your poor health conditions."

"I understand."

The corners of his mouth turned up.

How could he not know Nicole cared about him? He just wanted to banter with her so that she wouldn't be too nervous.

"Don't worry about Petty. Even if it's been a long time, you have to be patient. Petty has been receiving professional training since she was little. Even if something goes wrong, she will be able to deal with it. Besides, she has feelings for Zac. She will be fine."

Hearing that, Nicole sighed and said, "Don't you think we've gone too far? We take advantage of her feelings and threaten her to do things for us. I really feel bad."

"You're just too kind."

Samuel had expected that Nicole would feel guilty. After all, it was her first time. She wished everything could have a happy ending, but how could it be possible?

Nicole knew she shouldn't have such feelings, but Samuel was the only person whom she could spoke her mind to.

"I'm not. I just feel a bit uneasy."

"You'll get used to it gradually," Samuel comforted her softly.

Suddenly, his phone rang.

Nicole was surprised, and she became nervous again.

"Is it news from Petty?"

"I have to hang up. I'll check the situation and let you know later."

With that, Samuel hung up.

Hearing the beeps, Nicole grew more anxious.

Chapter 316 The Older, the Wiser

Seeing Samuel being unconscious, Nicole felt sorry and was reluctant to part leaving. However, she got up and carried him to the bed next to Mrs. Don's, and pulled over the quilt and tucked him in.

She stared at Samuel, who was fast asleep and whispered in distress, "I'm sorry. I can't let you do it for me. I know that you would sacrifice yourself for me. But do you know that I would do the same for you? You haven't had a good rest since you were injured. Have some rest. Don't worry. I will come back."

With that, Nicole kissed him on the forehead, and resolutely turned around and left.

Finn was waiting outside.

Nicole gave him a look and Finn immediately followed. People at the door were replaced by those of Night Elf Empire.

The moment she got in the car, Nicole put on a sharp expression.

"What's going on?"

"Petty was caught. Zama locked her up and sent us a video. Look at this."

Finn played the video for Nicole.

In the video, Petty was being tortured, her body covered in blood.

Although Petty had done bad things to her, she risked her life for Zac and Nicole.

Nicole frowned.

"Nicole, this is a trap," Finn explained.

...

Nicole nodded and said, "I know this is a trap. Zama wanted to lure me into it. But how can I stand by and do nothing when Petty's life is at risk?"

Unable to answer it, Finn said, "Petty is just a bait. She ended up being caught because of her own doing. Stakes are extremely high now. You shouldn't take risks for her. Besides, Samuel isn't with you. What if..."

"Finn, we are all members of the Night Elf Empire. Petty is not in our organization, but she did this me. What would you do if our member was caught? Would you turn a blind eye to him or her? Petty wasn't one of us. But when she promised to do everything for me. I considered her to be our friend from that moment. This is my promise to her."

Words failed Finn when he heard Nicole's explanation. The way he looked at Nicole changed.

"You know it is a trap. But you insist on going. Do you have any plans?"

"Yeah. I want to use the trap for our own good. The only way to catch tiger cubs is to go into the tiger's den. Since Zama wants to lure me, I'll do it. Only in this way can she let down her guard. She'll do as she's told for her own survival. Finn, get ready and stay alert."

Nicole had planned it a long time ago.

Her plan was dangerous. So she couldn't let Samuel follow her. He couldn't be awake, either, because she knew too well that he was unable to stand her suffering.

Finn didn't expect Nicole to be so bold. He said worriedly, "Isn't it too risky?"

"We are supposed to do risky things since we belong to the empire. Will Zama make antidote if we don't take risks? Since I take over Night Elf Empire, have I done anything that is not risky? As long as everything is planned, it will be fine. I believe you."

Chapter 317 What Do You Think I'm Trying to Do

Seeing Nicole grinding her teeth and being desperate to kill her, Zama sneered complacently.

"Do you think that you and Samuel can easily sever my ties in the Seapolis City and with the Green family in the past twenty years? Samuel treated me very well. He was very obedient. It was because of you, such a wicked woman, that he escaped from my control and refused to acknowledge his family. He knows I am his mother, but he still goes against my will. If it hadn't been for you, I would have accomplished a lot, and Night Elf Empire would have been mine!" Nicole, I despise you and you little tricks!"

Zama stepped forward, slapping Nicole in the face.

There was a scent of blood in Nicole's mouth, and her cheek was burning with pain.

"How do you feel? Does it hurt?"

Zama grabbed her long hair and said fiercely, "I said before I am his mother, your mother-in-law. How dare you attack me! Even if you were fortunate to escape once, I will punish you. Nicole, you'd better be prepared. I won't let you get away with it!"

Nicole felt that her scalp was almost torn off. Even so, she spat on Zama's face.

"You suck! Do you really think you can harm me? Let me tell you. Samuel will avenge me when he wakes up!"

"Well! Are you still fantasizing that my son will save you? Unfortunately, if you hadn't drugged him, he might have come to save you. Tell you the truth. Samuel will stay asleep until tomorrow night. Do you think that Tim can replace my men? You are simply too naive! It's not only Samuel. Mrs. Don will not wake up. When my son awakes, you will be dead. Everything will be too late."

Zama punched Nicole again.

Nicole felt her stomach hurt so badly that it almost exploded.

So Zama knew how to fight!

She underestimated Zama.

Nicole was trembling with pain. Cold sweat was running down her spine.

Zama jeered at Nicole who was in a mess and said, "You didn't expect that, did you? I am a maid of the Green family. I have been working hard as a servant for more than 20 years. How can I fight? To tell you the truth, I am a Judo expert! So do you think a weak woman like you can beat me?"

"You will go to hell!"

Nicole spat out blood. She had underestimated Zama.

Zama, however, smiled in satisfaction.

"Go to hell? I'm afraid you won't be able to see that. You'll die today. Only when you die will I get everything I want and my son will come back to me. Nicole, don't blame me. It's only because you're in my way."

"I'm in the way of the person behind you."

Chapter 318 You'll Regret It

Seeing Nicole's surprised expression, Zama said with a sneer, "Are you surprised? Or do you think it's impossible? You've only heard achievements from Laurel Green, haven't you? You think that the Greens are all good people, don't you? Don't you know there is a thing called karma? If they hadn't done anything bad, they would have their own children. I wouldn't have to be a surrogate mother? They deserve it!"

"Impossible!"

Nicole shook her head, unable to believe it was true.

"The Greens are merchants. How could they destroy your village?"

"Merchants? Nonsense!"

Zama's expression was a bit gloomy.

"If they were just businessmen, there would be no Night Elf Empire. Do businessmen need such an organization to protect them? Businessmen? This is just a lie to deceive others. If they did business, Night Elf Empire night would never exist! How kind and nice they seem to be! But in fact they are doing evil things!"

"Do you think I'll be deceived?"

Although Nicole was shocked, she could tell right from wrong.

Zama became more vehement.

"You don't believe me, do you? That's fine. You like my son, the successor of the Greens. You are the leader of Night Elf Empire Night. I don't blame you for not believing what I've said. I don't need your trust. I'm just telling you, the family owes me, and I will let them pay the price. Laurel ended up like this because of her own doing. She has done too many bad things. She has to bear the consequences!"

"You have a grudge against the Greens. But why did you involve the Dons? Mrs. Don didn't offend you at all, did she?"

"The Dons? Do you think they had nothing to do with the incident?"

Zama's tone was icy.

"I don't believe a single word. This is just your excuse to cover up your crimes anyway."

Nicole felt that her organs were bleeding profusely.

Petty was anxious, but she couldn't move at all. She wanted to say something, but she couldn't interrupt.

Nicole's lips moved, try to say something. But Zama's pointed at her forehead with the gun.

"Alright, it doesn't matter whether you believe me or not. Persuading you is not my purpose. After all, you are a poor woman who's been blinded by love. You know nothing about hatred! Don't worry. You're going to die. I will send your body back to the Greens after your death! Laurel will see with her own eyes how the successor she chose died in my hands!"

The pitch-black muzzle of the gun frightened Nicole.

This was the first time someone had pointed at her head with a gun.

She didn't know how it felt when she was shot dead.

She found herself weird. How could she think of such a strange problem now?

"No! You can't kill her!"

Petty shouted in tears.

She couldn't let Nicole die!

Chapter 319 I Only Want Nicole

There was a bitter scent of blood in Nicole's mouth, but she could no longer feel it. Her mind was concentrated on the severe pain of her abdomen. She was trembling. A large amount of blood flowed out along her thighs.

That was a baby!

The baby of her and Samuel!

Nicole was grief-stricken, but she had to endure the sorrow.

Zama had been watching her coldly, turning a blind eye to Nicole's misery and being satisfied.

When Petty became conscious, she saw Nicole was dying. She remembered Zac.

If Nicole died, would Zac still be alive?

Petty gritted her teeth and struggled, trying to get up. But she couldn't move at all.

She shed tears of despair as she watched Nicole dying.

"If you die, I will bury you properly. Don't worry!" Zama said in a particularly satisfied tone.

Nicole was frail to say a single word. She was in agony and wished she could kill Zama now.

She tugged at her shirt, her fingernails broken. But she didn't know it.

A man barged in when Nicole was about to fall into a coma.

"Stop!"

Stunned, Zama looked at the man in disbelief and shouted, "Samuel? Aren't you in the hospital? Why?"

"Look at me! I'm not Samuel!"

He pushed Zama away and took a step forward to hug Nicole in his arms.

When Nicole saw the familiar face, she wanted to speak. But she suddenly realized that something was wrong.

"You're Vincent, aren't you?"

"Nicole, I'm sorry. I'm late."

Seeing Nicole being hurt so badly, Vincent was heartbroken.

If Samuel had seen it, he would have been distressed.

Nicole held Vincent's hand and said, "Take her antidote. Laurel and Ms. Don need it."

Samuel turned around and left. This time, Vincent did not stop him.

Their kindness and filial piety always hurt them the most.

If they had put righteousness above family royalty in the beginning, wouldn't there have been such things?

When Samuel walked out, Jacob's face turned into an ugly green. Olivia's eyes were also alight with hatred when she looked at Samuel.

"Can you make the life less dangerous for Nicole? If you can't give her a safe life, just let her go. I don't care if you love her very much. Think about it carefully. Ever since she was with you, has she had a good day? She had endured all the unbearable pain as a woman. I don't care what you've done for her or what you've lost. All I know is that she lives in danger when she's with you. If this is the happiness you want to give her, I beg you, just let her go."

This time, Olivia was not hysterical, nor was she very emotional. Instead, she just sounded very sad.

This was the first time Samuel couldn't say anything to retort her.

Jacob hesitated. Then he pulled Olivia behind him and whispered, "Mr. Green, where are you going? You're not well..."

"Go find Zama. Where is she?"

Samuel sounded fierce as if he wanted to kill her.

Jacob shook his head and said, "Finn knows it. I didn't participate in that, so..."

"I see. Keep an eye on here. Call me once Nicole comes out."

"Alright!"

Just after Jacob said that, Samuel walked away. However, when he passed by Olivia, he suddenly said to her.

"I wouldn't say that she will never be in danger again, but I will do my best to eliminate all the dangers around her. I hope you can give me another chance."

With that, he left.

Olivia was shocked.

What did Samuel say?

He wanted her to give him another chance?

How would that lofty Mr. Green beg such an ordinary person like her?

Olivia looked at Samuel's back in puzzlement. Then she realized that his shoulders weren't as strong as they used to be.

Nicole's accident had given Samuel too much of a blow, making his back bend slightly.

Olivia suddenly felt sad for him too.

So, she turned her head and remained silent.

Seeing her like this, Jacob whispered, "You are too prejudiced against Mr. Green."

"Maybe."
