

Escape Wife 351

Don't Try to Escape, My Wife!

Chapter 351 I'll Chop off Your Hands

They were fighting with all their might. Both of them were famous in the Seapolis City, so no one dared to go forward to stop them, let alone call the police.

The manager broke out in cold sweat.

"What are we going to do? If something really happens, we'll..."

Seeing this, the waiter beside him whispered, "Why don't we call their families? It's better than seeing them fighting like this. This fight won't stop until one of them dies."

The manager hastily nodded his approval.

"Right, right. Quickly call their families."

The waiter then followed his instruction.

For Tim, they called the Louis residence. A servant received it and informed Mr. Louis in haste.

As for Samuel, they managed to get Nicole's phone number, so Nicole got the call.

Nicole was still sleeping then. When she heard the phone ringing, she thought it was from the Dons. Just as she wanted to hang up, she noticed it was an unknown number.

She hesitated for a moment and answered.

"Excuse me, are you from the Greens?"

"Who is speaking?"

Nicole was somewhat puzzled being asked if she was a Green out of the blue.

There were many Greens in this family. Who exactly was he looking for?

Hearing Nicole speaking, the waiter heaved a sigh of relief and said, "I am a waiter of a clubhouse. Mr. Samuel Green and Mr. Tim Louis are fighting here. We can't stop them. Please come and stop them. If the media or the police knew it, we'll all be affected."

Hearing this, Nicole suddenly sat up.

"Who are you talking about? Samuel? Are you sure?"

"Miss, who on earth doesn't know him here? How can I be wrong? We wouldn't dare to disturb you if we aren't sure."

The waiter was on the verge of tears.

Nicole then said, "Get it. I'll be right there."

She hurriedly put on her clothes and shoes, but she began to think to herself.

Samuel was no longer a child. Why would he fight with Tim in public?

He fought last time because of Olivia, but he only did it after the entire clubhouse was cordoned off. Why did he disregard all of it this time?

What exactly happened?

"Tim Louis!"

Samuel could not bear it anymore.

When he was about to turn around and punch Tim, he heard Nicole's cold words, "If you hit him again, you sleep in the study tonight."

Samuel's fist stopped in midair. He looked at Nicole depressingly.

He couldn't believe she used this to threaten him!

He was furious. Tim, however, was angry, too.

"What do you mean? Are you showing PDA in front of me? I got injured, too. And it was much worse than he was! Nicole, you should feel sorry for me even as a friend."

"Friend? Are you sure we're still friends?"

Nicole turned around and looked coldly at Tim.

"From the moment you assaulted Olivia, you should know we can't be friends anymore. She is my best friend, but you did that to her. After so many days, you didn't even apologize. On contrary, you think you're right. Being friends with someone like you just gives me nightmares."

Hearing what she said, Tim relaxed his grip on her hand. He couldn't believe it. He couldn't believe Nicole would say such thing to him.

"Don't you know what kind of person I am? Do you think I did that to Olivia?"

"I'm not blind. Or do you think everyone else is blind? Wasn't it you who called her over? It's all right if you did something wrong. But if you play dumb and act you're innocent, it's shameless. I won't forgive you for this. Should I thank you for not hurting me all the time?"

Nicole's last sentence pierced Samuel's heart.

He gripped the phone in his pocket again. When he thought of that picture, the storm returned to his eyes as fury gripped him.

Didn't he hurt Nicole?

So where did that picture come from?

Could there be someone else?

Samuel's killing intent couldn't be suppressed anymore.

Nicole clearly sensed it and felt surprised, but she did not say anything. Instead, Tim's face was as pale as paper.

"So that's how you think of me."

"What should I think of you after what you did? You didn't even have the courage to admit it. You just said it was alcohol and someone drugged you. If you didn't have the compass of heart, how would you do such a thing? You really disappointed me!"

After saying that, Nicole turned around and left. She did not forget to grab Samuel's hand.

Samuel was now like a wild beast out of control. Once she let go, she had no idea what he would do.

Nicole found it unbelievable when she thought of Samuel's angry face.

They got into the car and said nothing on their way.

It should be a great day, but now they were in no mood for celebration. They couldn't return to the Green's either.

"Zoe, what are you talking about?"

Before Nicole spoke, Lucas could no longer bear it.

Although Zoe had always liked her father, she had gone too far this time.

"But I'm telling the truth."

Zoe did not feel that she had said anything wrong.

Lucas looked at Samuel with contempt and said, "A man has to be protected by a woman. What do you think is good about such a man?"

"Lucas, stop it."

Nicole feared Lucas would provoke Samuel. He wasn't in a good mood today.

Samuel narrowed his eyes as expected.

"Hey, little kid. You need some lessons, huh?"

"You lost your fight outside, so you came back and vent your anger on me. Good for you, Samuel."

Lucas was not afraid of Samuel's cold face at all. His sarcasm angered him more.

Samuel was already depressed because of that picture, but now he was mocked by his own son. His face immediately sank.

"Whatever."

Then he went upstairs straightforward. It seemed that he was really angry.

Nicole was at a loss for words.

Zoe was on the verge of tears.

"Bad Lucas. Can't you be nice to Daddy? I don't like you anymore!"

Then she stomped angrily upstairs after Samuel.

"Daddy, Daddy..."

However, Samuel slammed the door as if he hadn't heard her.

Zoe stopped and looked at the closed door. She turned around and glared fiercely at Lucas and Nicole and said, "I hate you!"

After she finished speaking, she trotted back to her own room. She also slammed the door, just like her father.

Lucas and Nicole were left, flummoxed.

Samuel would never argue with a child. Why did he do it today?

Lucas poked Nicole with his finger and whispered, "What's wrong with him?"

"Come up!"

Seeing her innocent face, Samuel was even angrier.

"Samuel, what's wrong with you today?" Lucas frowned unhappily.

"Everything is wrong with me, so you'd better leave me alone."

Now Samuel couldn't be angrier. No one was pleasing to the eye.

Lucas wanted to continue, but was stopped by Nicole.

"Good boy, go to your room now."

"Mommy, don't spoil him. How can a man shout at a woman? That isn't what a gentleman should do."

Lucas' words were like invisible daggers. Samuel heard it clearly.

The fury gripped him again.

When was a little kid allowed to mock his own father?

Seeing Samuel seemed to be furious, Nicole said to Lucas in haste, "Be nice. Go back to your room now and think about it."

Lucas knew that Nicole was defending him, so he didn't bother to argue with Samuel. He whispered to Nicole, "Shout out if he is being bad to you. Grandpa and grandma are here. We'll all back you up. He wouldn't dare do it in front of us."

Nicole somehow wanted to laugh.

Why did she feel that in front of Lucas, she, a mother, was like a child, while her son was like a little big man?

"Get it. Go to your room now."

Nicole sent Lucas away. Then she put down the mango, washed her hands, and then lifted her feet up the stairs.

Seeing her taking her time, Samuel knew she knew nothing about that picture, but he just felt uncomfortable because it seemed she didn't care about it at all.

"You should work harder to be a good wife. Didn't you see my face was full of wounds? Why didn't you come up and put on some ointment for me?"

Seeing Nicole coming up, Samuel's tone somewhat softened.

Nicole felt Samuel was more like a child goofing around, making it impossible for her to talk to him.

"I'd love to, but I have no way, Mr. Green. You even rebuffed the offer of your sweetest daughter. Why should I do it again?"

Samuel was too embarrassed to reply Nicole.

Finally, he said angrily, "I'm in pain! Just do it. Do you want a scar left on my face?"

"Don't worry, it will do no harm. Besides, you don't rely on your face for a living."

Saying that, Nicole took out the medicine kit and began to apply medicine on him.

Her movements were very gentle, and her eyes were filled with pity.

Samuel's frantic heart suddenly calmed down.

"Whom have you done that to?"

Samuel couldn't help but ask.

After asking, he immediately regretted.

Nicole held a bowl while a pot of noodle soup was flowing on the floor. She cried out and jumped up, which scared Samuel.

"Nicole!"

"Mommy!"

Zoe was also frightened.

Samuel hastily put Zoe down and dashed to Nicole, pulling her gently out of her daze.

"Are you all right? Are you burned?"

Samuel's face turned pale.

Nicole shook her head foolishly, feeling she was an idiot.

"I, I just saw the pot was a little off. I was going to straighten it up. But it's too hot. Then there is a bowl in my hand. I feared the bowl would fall, so..., but..."

She was so embarrassed that she began to stammer.

The bowl was safe, she was holding it, but the pot unluckily fell.

Nicole had never thought she could do such an embarrassing thing before, but now, she wished the floor would open up and swallow her.

Samuel only cared about her safety. He ran through a full check over her before heaving a sigh of relief.

"Just rest on the sofa. Leave this to me."

Samuel pulled Nicole onto the sofa and sat her down, taking away the empty bowl in her hand.

Zoe looked at them in shock.

Samuel said to Zoe, "Come to your mommy. She was still in a state of shock. She could use a glass of water."

"Oh, OK!"

Zoe suddenly realized and hurriedly fetched a glass of water for Nicole.

Lucas and Nicole's parents also ran out when they heard the noise. When they knew what happened, they were somehow lost for words.

Lucas shook his head and said, "Do women get stupid after they get married?"

"Brat, what are you talking about?"

Ms. Bush knocked on Lucas' forehead.

Nicole felt it couldn't be more embarrassing. Not only had her children seen her, but also her parents. Even Olivia and Jacob had come out.

She wanted to become invisible now.

"Alright. It's fine. Everyone. I'll clean up here."

Seeing Nicole snuggling herself in the sofa like an ostrich, Samuel felt somewhat heartbroken.

Everyone returned to their rooms, only Zoe stayed.

She handed the water to Nicole and whispered, "Mommy, drink some water."

"Thanks, baby."

Chapter 356 Threatened by Samuel

Even though Nicole wanted to cooperate, Samuel resisted his desire and didn't touch her. Instead, he went to take a cold bath alone.

Left alone, Nicole suddenly felt lonely on the big bed.

...

Wrapping herself in the quilt, Nicole looked at Samuel who had just come out of the bathroom with a sad expression. Her gaze made Samuel feel as if he was a sinner.

"Are you horny?"

"Damn you!"

Nicole instantly felt her face burning.

Even if it was true, she wouldn't admit it.

Samuel smiled and hugged her against the blanket.

"Wait a few more days. You are too weak now. I can't do it to you. We have much time, right? I want you to be healthy and stay with me for the rest of your life. When we're old, we can admire the setting sun hand in hand. That's the life I want the most."

Words failed Nicole.

She was touched by her husband.

"Hurry up and come in to warm yourself. Or you might catch a cold."

Nicole hurriedly pulled back the blanket, feeling as if she was inviting Samuel.

When Nicole noticed it, she blushed again.

"Forget it. Go sleep in the study room."

"Alright."

Nicole was joking, but Samuel agreed, which surprised her.

"Are you serious?"

After that, Nicole thought that she was being pretentious.

Samuel smiled, "I'm going to the study to take care of the business. Besides, I just took a shower, and my body is cold. I don't want you to catch a cold. Be good. Good night. I'll be back later."

Then he cranked up the air conditioner before leaving the bedroom.

Nicole suddenly felt empty.

It felt as if she had been abandoned overnight.

This feeling made her upset.

Why did she suddenly become so anxious?

Could it be that she was too infatuated with Samuel recently?

Nicole shook her head and sighed. Then she laid down randomly with the blanket in her arms.

Samuel's aura lingered in the air. She smiled again and soon after, she fell asleep.

However, Samuel could not fall asleep for a long time.

He was overwhelmed by the strong sexual desire, but he had to control himself.

"Tim, you'd better not play dumb in front of me."

Although Samuel could not see anything suspicious, he asked.

Tim was instantly enraged.

"What do you mean? I don't even know what you want from me. What photos? What negatives? Have I ever taken a picture with you? Samuel, you'd better say it clearly. Although I am a playboy, I don't accept your random accusations."

Seeing Tim's excited expression, Samuel frowned slightly.

If Tim didn't send the picture, did Samuel need to show Tim the nude picture of Nicole?

Thinking of this, Samuel became more and more irritated.

"Are you sure you didn't send any message to Olivia, especially photos?"

"I'm wiser than sending pictures to Olivia in the middle of night. I know that she is Nicole's good friend."

Tim's words were reliable, but Samuel continued coldly, "You know that Olivia is Nicole's best friend, but you almost raped her."

"Fuck!"

This incident was a disgrace to Tim.

Until now, he didn't know why he would become like that that night, as if he was out of control. But when he wanted to investigate later, he got no clue.

Tim angrily kicked away the stool in front of him and sat there in a sulk.

Since he couldn't get anything from Tim, Samuel said coldly, "Tomorrow, come to the telecom company with me and retrieve your communication record on that day. You should take a look at it."

"Don't wait until tomorrow. Let's go right now."

Tim didn't want to be wrongly accused.

Telling from what Samuel meant, it was obvious that this series of events had been triggered by a photo. However, Tim did not remember that he had send any photo to Olivia.

Since Tim insisted, Samuel did not say anything. They immediately paid a visit to the boss of the telecom company. By using their connections, they forced the boss to go to the company to obtain Tim's communication record in the middle of the night.

When Tim saw that he did call Olivia and send her a multimedia message that day, he couldn't help but be stunned.

"How could this be? I really didn't call her that day!"

"Then why do you think Olivia would splash wine on your face somehow?"

Samuel obviously didn't believe Tim's explanation.

Tim returned angrily, "I didn't do it! If I have done it, I'll admit it. I even did such an outrageous thing to Olivia. Why do I bother to refuse to admit to calling her? But I'll only admit what I have done."

Hearing it, Samuel began to ponder.

Tim was startled.

"Holy shit! Who is this? Who wants to set me up? I really don't know what's going on with these photos."

Tim was helpless panic.

Samuel quickly started to track down the mysterious man's IP. Unfortunately, that man was very cunning, using a foreign transfer station. By the time Samuel found it, the photos had already been sent.

Samuel frowned slightly. It could be seen that he was in a very bad mood.

If he hadn't come to look for Tim tonight, Tim would have definitely been made a scapegoat.

No one would believe that two men who got into a flight in the daytime would look at the computer together at night.

Samuel stared at the photos, and directly deleted some indecent ones. The rest were photographs of Nicole and Tim. They were so intimate, which irritated Samuel.

Tim hurriedly shouted, "This is not true! Nicole and I have never acted like this!"

"I know!"

Samuel returned calmly.

Just as Tim was about to breathe a sigh of relief, he heard Samuel say, "Nicole is a decent woman. How could she have an affair with a playboy like you? It is an insult to her."

"Samuel, you have a sharp tongue."

Tim felt extremely wronged. But now he could tell that someone was deliberately framing him.

"What do you plan to do about this?"

"Investigate it!"

After that, Samuel directly deleted all the photos and information about Nicole from Tim's computer and phone.

"What can I do for you?"

Tim was really confused.

However, Samuel did not say anything and directly left.

"Samuel, I'm asking you. You have to tell Nicole that someone else frames me."

Before he could finish, Samuel stopped, looking at Tim with cold eyes.

"If Nicole knows it, I will make you suffer."

Then he kept walking without looking back.

Tim was depressed. After Samuel left, he sat there, contemplating.

Who was trying to frame him?

What was that person's purpose of doing this?

Samuel was also troubled by these doubts.

He left Tim's house and went straight back to the villa.

It was already three or four o'clock in the morning. But Samuel was not sleepy at all.

If he didn't probe into this matter, maybe there would be unfavorable news for Nicole in the future. However, Samuel didn't know who the mastermind was or what this man was going to do.

Facing this unknown threat, Samuel was at a loss.

When he returned to his bedroom, he saw that Nicole was sleeping soundly and even kicked off the quilt. Samuel couldn't help but sigh. He stepped forward and tucked her in. But in the next moment, Nicole directly turned over and hugged him.

"Don't move."

Chapter 359 He's Just a Little Weak

"Lucas, just you wait!"

Samuel gritted his teeth and said.

Lucas smiled and said, "Samuel, you are arguing with a child. Can't you just let it go?"

"No!"

Samuel was not fooled by his son's innocent smile.

This brat was as cunning as a fox. Others didn't know it, but Samuel knew.

Lucas was about to say something, but Zoe ran out of the room.

"Daddy, look at this hairpin. Isn't it beautiful? Mommy bought it for me."

Zoe was like a happy angel. She was dressed in a princess dress and circling around. It had been her greatest wish to go out and travel around in the past four years.

Now her wish was about to come true. How could she not be excited?

And she infected Lucas with her happiness, so Lucas got high-spirited too.

"Oh, I'll call Joseph and ask him where he is. We should bring him with us."

"Right, call Joseph and we can get out together."

Zoe's little face flushed red, and her excitement infected Samuel.

Samuel felt extremely satisfied that he could stay with his family.

Lucas went to call Joseph. Samuel took Zoe upon his lap. Then he smiled and said, "When we go out, you must follow closely after Daddy, Mommy and Lucas. You can't go anywhere alone, okay?"

"I know. I will be good."

Zoe was eager to go now, but they hadn't eaten breakfast yet.

When Lucas came back, he was a little disappointed. He shook his head and said, "Joseph said that he has lessons and he can't come. We should go by ourselves."

Vincent had been strict with Joseph recently, and Samuel did not interfere. After all, Vincent was Joseph's father.

"Alright, let's go wash our hands and have breakfast."

Seeing Nicole and Ms. Bush coming out of the kitchen, Samuel said to the children.

Lucas took Zoe to wash her hands.

They had a hearty breakfast with soup.

After Samuel went to the table, Nicole served him a bowl of soup and said in a hushed tone, "Have some soup. Finish it all."

"What kind of soup is this?"

Samuel felt that the soup tasted quite strong, so he couldn't help but wrinkle his nose.

Nicole did not answer his question. "Just eat it. Are you afraid that I will poison you?"

"No, babe. If you want, I'll eat it even if it's poison."

Samuel blurted out.

Ms. Bush pursed her lips and chuckled as she went to get Dad out for dinner.

After the family was at the table, they began to eat.

The atmosphere was very good. Everyone felt warm and happy.

Samuel took a sip of the soup and felt that it tasted good. Not long after, Nicole picked up another dish for him.

He felt that Nicole was especially virtuous today.

"Thank you, babe."

"Hurry up and eat."

"My stomach hurts. You could find a place to drink something with kids. I might take a bit longer. Don't worry."

After sending it, Samuel felt that he was getting weak.

He was so peaky right now.

After seeing Samuel's text, Nicole was very worried and called him.

"Are you alright?"

"I'm fine. I'm really fine. Don't worry about me. I'll find you guys later."

Samuel didn't want another special treatment from Nicole. He couldn't stand it anymore.

He was a dignified CEO, but now his wife made him so awkward. He simply didn't know what to say.

Since the children were eager to get in the park, Nicole could only say, "Alright, come in and find us later. If you feel uncomfortable, you must tell us. I will get a doctor for you. Don't hide it for fear of treatment."

"I know, love you. You're the best."

Samuel talked with her for a while and then hung up the phone.

Blair arrived soon.

He followed Samuel's instructions and went into the bathroom. When he saw Samuel, he couldn't help but laugh.

"How horny are you? You even have a nosebleed."

"Stop being sarcastic. Hurry up and do something. I don't know what Nicole had fed me this morning. I just feel so hot and uncomfortable. I'm going to explode."

Samuel finally got relieved.

Blair was born in a family of TCM, so he was an expert in this area.

"What did you do? Why did Nicole feed you those supplements? Wasn't she afraid that it would harm you?"

Blair checked Samuel's body. When he found what Samuel had eaten, he doubled up with laughter.

"Don't tell me you get kidney deficiency before 30 years old? These are all great supplements for the kidneys."

"Fuck off!"

This was the first time Samuel was so embarrassed. But Nicole was his wife, so how could he blame her?

"Tell me, what's going on?"

Blair was particularly curious.

"Can you cure me?"

"Not if you don't tell me what happened."

Blair just wanted to see Samuel's jokes.

Samuel was so uncomfortable. He didn't care about Blair's jokes anymore and told him about everything intermittently.

Hearing that, Blair stopped laughing.

His wife was the same back then, and he knew the pain better than anyone else.

"You don't want Nicole to know about this?"

"No, it only makes her sadder. The doctor said that he doesn't know if she could fully recover. So, Nicole should not get pregnant in these two to three years. Otherwise, both she and the baby would be in danger. There are some things that we men can do on our own."

Samuel lit a cigarette and smoked.
