

Escape Wife 39

Chapter 39: I won't pull your pants down

Nicole immediately wiped her tears, but Samuel saw it.

“What's the matter?”

He came up quickly and saw Nicole holding her cell phone. Nicole was talking to Allen on the screen. It was obvious that they just made a video call.

Samuel looked into Nicole's red eyes and her resentment. He became angry again.

“You complained to Allen, right? You told him Samuel couldn't take care of you, so you had an accident, right? Did Allen comfort you? Did he ask you to go back to France at once? Did you tell him I just kissed you? Is he going to come here and kill me at once?”

Samuel's words made Nicole more upset. He mentioned the kiss.

The kiss made her lose her mind for a moment.

Nicole remembered the weak Zoe and resented Samuel and herself.

“Samuel, get out of here!”

She didn't want to hide her hatred for him. If it was not against the law, she would kill him!

But she couldn't!

She couldn't do it for Zoe!

Nicole was shaking with anger. Her anger shocked Samuel.

“Why do you hate me so much? Nicole, you...”

“President Green, something happened to Joseph.”

Before Samuel could say anything, Jacob broke in.

When he saw Samuel and Nicole, he was scared.

Did he come at the wrong time?

Samuel's eyes were sharp. Jacob could only say, “President Green, Joseph has a fever.”

“How could this happen?”

Samuel hated Jacob interrupting him, but when he heard that Joseph had a fever, he was worried.

Nicole saw it and mocked herself in her heart.

“You have loved him with all your heart before! He is the father of your children! Zoe is weak now, but he doesn't know. Even if he knows, he will not worry about Lucas and Zoe as much as he does about Riley's son.”

Samuel didn't know what Nicole was thinking at this time. Seeing Jacob's hesitation, his eyes twinkled and he roared loudly.
