

Escape Wife 481

Chapter 481 We're Husband and Wife

Nicole felt a little pain, but she did not stop Samuel.

She could tell that Samuel was extremely downcast now.

In her eyes, he was lofty and omnipotent, but now she realized that he was helpless like a child, arousing the love of a mother in her.

It was completely different from her affection for Lucas. It was mixed with love, making her feel no regrets.

"I said that I would not let you suffer any more grievances, but after you married me, you seemed to suffer more than before. I am not a good husband. I failed to protect you. I really can't imagine what I would do if you were sick in bed when I came back. I can't even protect my wife and children. Who am I, Young Master Green? What kind of man am I? "

Right now, Samuel's self-blame was like a flood, almost drowning him.

He thought that he was a responsible man and endured all the things. However, after knowing what happened to Nicole, he realized that he was nothing.

It was his incompetence that caused his beloved ones to be in danger again and again.

"Nicole, I'm sorry."

"Don't say that. You didn't do me wrong. It was all my choice. I chose you. I chose this kind of life. I know what kind of hardship it takes to be your wife. I'm ready. So Samuel, don't blame yourself. You're not a god, you're just an ordinary person. I know that you're doing everything you can to protect me and our children. I told you, I'll go through hell with you. This is not a joke."

Hearing that, Samuel felt even sadder.

"Sometimes I really wish you could be like other women. I want you to rely on me and count on me. You don't even know how distressed I am to see you so strong."

Samuel's hand holding Nicole trembled slightly.

He felt extremely gloomy and depressed at the thought of almost losing her.

"We're husband and wife. You love me, and I love you. Don't be like this. Others may think I'm bullying you."

Nicole was comforting Samuel.

She did not know what Samuel had gone through, and what he had learned when she was asleep, but it made her heart ache to see his sad face. It was so painful that she almost suffocated.

Samuel took a deep breath and said, "How lucky I am to have you as my wife."

"Idiot."

Nicole laughed.

As long as Samuel was by her side, no matter what happened, she would have no regrets.

She was such a one-track-minded person, and she loved the man she chose wholeheartedly.

"If I'm an idiot, what about you? If it were an ordinary woman, she would have run away long ago. Only a little idiot like you would stay by my side and accompany me. Facing all the tricks and schemes around me, you are still here without flinching."

Lucas really wanted to kill Johnny's mother now. He directly ran to Zoe and helped her up, ignoring Johnny's mother.

"Are you hurt?"

Lucas was so worried about her.

When he saw Zoe's left face rapidly swelling up, his gaze changed.

"It hurts!"

Zoe had ever been treated like this. Tears fell down her cheeks immediately.

Johnny's mother sneered and said, "Stinky girl, don't even look at yourself. How dare you compare our Johnny? You deserve a good spanking!"

Their teacher Miss Lynn did not know the background of Lucas and Zoe. But judging from Nicole's elegance in the morning, she knew that Nicole was not from an ordinary family.

Now Johnny's mother did this to Zoe. She really didn't know how to explain it to Nicole.

"Mrs. Davis, you're going too far. The children are just horsing around. As a parent, how could you hit her?"

Miss Lynn said angrily.

But Johnny's mother said indifferently, "I hit her. But what's wrong? She's just a new transfer. Who knows what her background is? People nowadays want to send their children to exclusive schools, without knowing whether they have ability. Humph!"

Lucas suddenly stood up, walked to Johnny's mother and kicked her on the knee.

The knee was the weakest part of human's body.

Johnny's mother did not have any precautions and knelt on the ground after being kicked by Lucas, which shocked everyone.

Lucas said coldly, "My sister is someone you can hit? Who are you?"

Lucas was about to kill her.

He could bully Zoe, but as an outsider, this shrew wasn't in a position to maltreat Zoe, the treasure of his family, like this.

Johnny's mother never expected that a child would have such strength that made her kneel on the ground. She was so angry that she immediately screamed.

"You stinking brat, I'm going to kill you!"

Seeing they were going to fight, Miss Lynn was almost about to cry.

Right at this moment, Nicole walked in. When she saw Johnny's mother waving her arm towards Lucas, she stepped forward without any hesitation and kicked her away.

Lucas was already prepared to fight with Johnny's mother, but she didn't expect Nicole to suddenly appear. Nicole kicked Johnny's mother away, and her fat body hit several tables before stopping.

"They are killing me! They are going to kill me!"

Johnny's mother felt that her ribs were about to break.

She screamed like a pig.

Miss Lynn had never seen such a scene before. She was so scared that she could barely stand.

"Lady Bush, let me explain it to you."

"Mommy, she hit Zoe."

Samuel coughed and then held Zoe's finger.

"It's not good for a girl to stare at that."

"He peed his pants. I said a few words to him. He insisted that he didn't pee, so I told him to take the pants off for us to see. But he refused. He even called me a hooligan. That's why I don't want to play with him."

Zoe was plausible, but Nicole felt that her face was about to burn.

Their treasure actually wanted to see the testicle of that kid. Naturally, he was unhappy.

Was this really their daughter?

Why didn't she find before that this child was talented enough to know this without being taught?

Nicole felt extremely ashamed.

She would rather stay outside from the beginning.

Samuel was also surprised.

Only Lucas could be considered calm. After all, he was there when this thing happened. Zoe was a bit too bold, but he was just protecting her. What was wrong?

It was Johnny's honor that his sister took a look at that.

When Johnny heard Zoe's words, he cried even more sadly.

"Mommy, she's a hooligan. She insisted on seeing that, so I took off her skirt. That's fair!"

Johnny might not know what fairness was, but in the world of children, if you wanted to strip my pants, I would strip your skirt first. It was so simple and rough.

Miss Lynn finally understood.

She looked awkwardly at Johnny's mother and Nicole and asked, "Well, Mrs. Davis and Lady Bush, what shall we do with this matter?"

Nicole was extremely embarrassed.

How to deal with this?

Right now, she wished she could hide Zoe and quickly leave this place.

This was so embarrassing.

It was the first time she had met a little girl who wanted to see that of a little boy.

Samuel was calm and said in a low voice, "Miss Lynn, you decide."

This sentence caused Miss Lynn's expression to be somewhat conflicted.

She decided?

How?

This was the overlord of the Seapolis City. If she couldn't handle it properly, she would be done.

However, when she saw Zoe and Lucas' eyes, she thought of something.

Chapter 484 You Can't Stifle His Talent

"Miss Lynn? Miss Lynn?"

Nicole subconsciously called her twice.

Miss Lynn thought that a successful man like Samuel must be stiff and cold. How could he be as considerate as an ordinary man?

But what did she see?

She found Samuel, who enjoyed a high social status, was so kind and doting on his child. At the sight of such a scene, people would feel that Samuel was not aloof, as if he was within their reach.

Miss Lynn didn't know how to describe this feeling, but she was infatuated with him.

Successful as Samuel was, he was so amiable.

When Nicole found that Miss Lynn did not react after she called the latter twice, Nicole became angrier.

Nicole did not say anything further to Miss Lynn and followed Samuel and the children out of the kindergarten.

To the children, the unpleasant incident happened just now was like a game. They had forgotten about it.

Now they were enjoying themselves with Samuel.

Lucas never knew that sitting on Samuel's shoulder was like this.

Lucas was like a giant, looking far away, while his father was more like a mountain, supporting him and Zoe as well as giving them a sense of security.

Lucas tilted his head and looked at Samuel with a soft light in his eyes.

Samuel sensed Lucas' gaze.

Lucas had always been very arrogant. Having received such a gaze from Lucas, Samuel couldn't help but feel happy.

As for Zoe, she had always been a happy person. When she was joyful, she shouted loudly, as if she could completely release her emotions in this way.

They enjoyed themselves for a while. When Samuel was a little tired, he put the children down.

When he turned around, he found Nicole standing beside the car and looking at her phone out of boredom.

It was weird.

Nicole seemed to be in a bad mood.

Samuel realized that something went wrong with Nicole.

Noticing Samuel kept looking at Nicole, Zoe couldn't help but ask, "Daddy, what are you looking at? Is Mommy beautiful?"

"Yeah, your mommy is very beautiful, isn't she?"

Samuel always praised Nicole, and then he brought Lucas and Zoe up to Nicole.

Realizing that Nicole was playing a game, Anti-pop, he couldn't help but laugh.

"Why are you playing such a childish game? Come and join us."

Nicole looked at Samuel coldly and said, "I'm not in good health and can't do such strenuous exercise."

Samuel sensed Nicole's tone sounded odd.

Samuel finally realized that Nicole seemed to be angry.

"What's wrong? How have I provoked you? Why don't you tell me? Even though you want to punish me, you have to let me know why, right?"

Samuel looked at Nicole in a humble attitude. Moreover, their children were present. Nicole felt that she was making a big fuss.

After all, Samuel did not do it on purpose.

Zoe was having fun.

Seeing that Lucas wasn't happy, Samuel was puzzled and asked, "What's wrong? Why are you unhappy?"

"Nothing."

Lucas hurriedly shook his head.

Seeing that her son was a little depressed, Nicole whispered, "Lucas, if you really like shooting, ask your daddy to get someone to teach you when you grow up. You're too young now, so I feel worried about you learning it, understand?"

"I see."

Lucas was exceptionally quiet and obedient, but no one knew that he was so stubborn that none could stop him from doing what he wanted.

Since Lucas seemed to have agreed, Nicole heaved a sigh of relief and said to Samuel, "Nothing. I met someone just now, but I didn't like him. So I didn't allow Lucas to come into contact with him."

"Who was he?"

"He said he was from a shooting club. I had an instinct that he wasn't a good guy, so I ignored him."

Nicole explained simply without taking this matter to heart.

Zoe was enjoying herself. After a while, when she got tired, the family returned to the Green's.

When Laurel saw them, she laughed and said, "It's been only a day since you left for the kindergarten. Why do you get so dirty?"

Since Zoe was so grubby, Laurel hurriedly asked servants to bath Zoe.

Lucas went to the bathroom on his own initiative.

Nicole and Samuel were a little tired.

Noticing that Nicole wore herself out, Samuel whispered, "Go to the bedroom and rest. I'll call you at dinnertime."

"I'm not that weak. I can go to the kitchen to take a look. You said you wanted to have the food I cooked."

"Take it easy. Are you afraid you won't have time to serve me? Go to rest, or do you want me to hold you in my arms and take you upstairs?"

Samuel spoke in front of Laurel, making Nicole's face flush with embarrassment, but Samuel did not mind it.

Laurel coughed and said, "I'm too old to stand it anymore. I'd better go and take care of my flowers."

After that, she left.

Nicole bashfully punched Samuel in his chest and said, "It's your fault. Look at you."

"What are you afraid of? We're a couple. Besides, Mom once had the same experience. She understands."

As Samuel spoke, he kissed Nicole's face secretly.

Nicole hurriedly looked around and felt that they were not in a fit state to stay at home.

Laurel took a few steps and suddenly stopped. She turned around and said to Samuel, "Vincent is back. He seems to be disciplining Joseph in the study. Go and talk to Vincent. Joseph is so young. Don't be too strict. It's still too early to train him at such a young age."

After that, Laurel left.

Samuel stiffened slightly.

Nicole noticed sensitively that Samuel looked weird.

"What's wrong?"

Samuel became serious as he felt that Joseph was a bit strange.

"Nothing. Nothing."

Joseph shivered slightly, trying to free himself from Samuel's hand. However, he did not succeed. He knitted his eyebrows. It seemed that he was in a lot of pain.

Suddenly, Samuel rolled up Joseph's sleeve.

His arm was bruised. It was so severe that Samuel couldn't bear to look at it.

"Vincent! What the hell is wrong with you? It's your son!"

It had only been a while since Samuel saw Joseph last time. And now he was covered in bruises, many of which were caused by whipping. Samuel was shocked.

The child, who was just four years old, had been tortured.

Joseph looked much healthier and his face was not pale now, but the bruises under his clothes irritated Samuel.

He rolled up Joseph's shirt.

His belly was also black and blue. Samuel pulled Joseph aside. Then he grabbed Vincent's collar and shouted, "He is your son, not your soldier! He was only four years old! Vincent, what were you doing

when you were four? Do you remember? You were playing in the mud! Look at the bruises. The old days have gone. Do you still believe that beating makes a dutiful son?"

"Samuel, he is my son. Don't worry. I know how to educate him. A boy won't make progress without punishment. Besides, I was wasting time when I was four years old, so I struggled when I grew up. Look how successful you are. What about me? We are at the same age. What have I achieved? My son should not be as ordinary as me. He's suffering a little now, but he'll be grateful to me when he grows up!"

"Nonsense!"

Samuel has raised Joseph for four years and he was very affectionate to the child. It was painful for him to see Joseph badly treated by Vincent.

"Listen, from now on, I will take care of Joseph. You can do anything you want, but you should not vent your anger on the child. You were not educating him at all! Have he done anything wrong? Why did you beat him so bad? Mom and Lucas had wondered why they didn't see Joseph recently. It turned out that you had locked him up and abused him."

Vincent was a little angry.

"What do you mean by abuse? I only asked him to stand at military posture and practice horse stance. But he failed. There are so many children in the base. All of them can do that. Why can't he? Why can't Vincent Green's son do that?"

Vincent pushed Samuel away.

Samuel finally knew where Vincent had taken Joseph. He stared at Vincent doubtfully.

"You took Joseph to the base? Where did those children come from? Don't you know? They are all orphans! And the youngest one is at least ten years old, right? How old is Joseph? How old is your son? He's only four years old!"

Samuel felt that Vincent was crazy.

Chapter 487 Don't You Feel Ashamed

Nicole was reading news on computer in her bedroom. She frowned when she heard someone knocking on the door.

"Who is it?"

"Mommy, go to the study. Hurry up! Daddy and Uncle are fighting."

Joseph started crying as he heard Nicole's voice.

Hearing what he said, Nicole threw back the covers and got out of the bed. She wrapped a coat around her shoulders and opened the door.

"Joseph? What happened?"

She was puzzled to see Joseph covered in dirt. Nicole noticed the grazes on his palm. She couldn't help but say worriedly, "Come on in. Let me give you some ointment."

"Forget about it. Mommy, go to the study now. Daddy and Uncle are fighting."

Nicole didn't know when Joseph started to call Samuel Uncle.

She was somewhat stunned, but then Nicole felt it was right.

She replied, "Alright. Don't cry. Mommy will go there now."

Nicole rushed to the study room with Joseph.

She could hear the crackling noise, but Nicole could not open the door. It seemed that it had been locked from inside.

"What's going on?"

Lucas came out of the bathroom after shower. He asked as he saw Joseph crying and Nicole knocking on the door of the study.

Nicole hurriedly said, "Lucas, go find Grandma and get the key to the study."

"Well... Alright!"

Lucas' hair wasn't dry yet, but he directly ran to the greenhouse.

"Grandma, Mommy asked me to take the key to the study."

Mrs. Green was watering the flowers. She was stunned by what Joseph said.

"What does she want?"

"The study room's key. I don't know what's going on. Mommy can't open the door. And Joseph is crying outside the study."

Lucas told Mrs. Green what he saw.

Mrs. Green paused and then gave the key to Lucas.

"Give it to your mommy now. Be quick. I'll be right there."

Lucas took the key and ran away.

Mrs. Green was not quick in walking, so she could only follow behind slowly.

When Nicole got the key, she said to Lucas, "Stay here with Joseph. Don't come in."

"Okay!"

Lucas replied, but Joseph cried and said, "Mommy, I want to go into the room."

Samuel did not expect Laurel to be so angry. He wanted to catch Laurel's cane, but it was too late.

The cane directly smashed into Vincent's forehead, causing a bruise. It could be seen that the hit was heavy.

However, Laurel was not mollified at all. She was so angry that she almost stood unsteadily.

"He's only four years old! How could you beat him up? When you were four, did I hit you? He is your own son! How ridiculous! Are you insane?"

Laurel's eyes instantly became tearful.

Joseph was her eldest grandson.

She hadn't seen him for a long time. She didn't expect that the child would suffer such a torture.

"Mom, calm down. Sit down first."

Seeing that Laurel was almost out of breath, Nicole hurriedly stepped forward to support her and found a seat for her to sit down.

Laurel's tears finally flowed down her cheeks.

"You've grown up and experienced a lot. Now you're the president of Eternal Group, so you can do whatever you want, right? Your brother has been the president for so many years, have you ever seen him hit a child?"

Vincent finally spoke.

"Mom, Joseph is different from Lucas. Joseph is too stupid, so he needs to have his training wheels on."

"Bullshit!"

Laurel rarely swore, but now she was so angry that she even directly did so.

"Is my grandson stupid? He is good. What's wrong with him? You always compare him with Lucas. Why do you insist on Joseph being the same as Lucas? Vincent, you were not like this in the past. What's wrong with you?"

Vincent took a deep breath and said, "They are all children of the Green family. So, it is natural that I compare him with Lucas. Mom, I have been inferior to my brother since childhood, and now Joseph is inferior to Lucas. He can only work harder to stand on the same level as Lucas."

"What level? Lucas and Joseph will walk different paths in the future. Why should they be compared?"

What Laurel said made Lucas feel somewhat guilty.

Was it because of him that Joseph was beaten?

Lucas looked at Joseph and whispered, "I'm sorry."

"It has nothing to do with you."

Joseph hurriedly shook his head, saying, "It's because I'm too stupid."

"You're not stupid. In fact, sometimes you're smarter than me. Do you remember when we were in the backyard last time? I didn't even know how to flush ants from that anthill, but you knew. So, you're smarter than me."

Lucas didn't want to hear Joseph say this.

Why would they become like this?

They got along well in the past, right?

When Vincent heard what they said, he sneered and said, "Mom, did you hear that? Lucas is so young and knows how to design his own computer, but what about Joseph? He only knows how to flush ants from their nest. This is the difference! I can't let my son fall behind his peers, so I have to train him."

"Is this the reason why you beat him up? He's your son, not your soldier!"

Laurel was so angry that she trembled.

"Go to the ancestral hall and kneel in front of your father!"

Laurel was furious.

Vincent did not say anything. He directly stood up and left.

Joseph fell asleep while crying in Nicole's arms. Even when he fell asleep, he still sobbed subconsciously, looking heart-wrenching.

Nicole put Joseph on her bed and applied the medicine to Joseph's wounds.

The more she watched, the more distressed she felt.

Lucas stood at the side and did not leave.

He watched as Nicole applied medicine to Joseph's wounds and whispered, "Mommy, can I stay here with Joseph?"

"Alright, but he's a little tired. Don't wake him up."

Seeing that her son and Joseph have a good relationship, Nicole couldn't help but feel a little relieved.

"OK."

Lucas nodded.

Seeing Lucas like this, Nicole knew that he was still worried, and she was afraid that he would hate Vincent. She whispered, "You are not allowed to meet your uncle today, do you understand?"

"He hit Joseph!"

Lucas' eyes narrowed slightly.

Nicole knew that their brotherhood was deep. Now when she saw Lucas like this, she couldn't help but sigh, saying, "That's your uncle, Joseph's biological father. If your daddy beat you up, can you take revenge on him?"

"He won't hit me so hard."

Lucas frowned tightly.

Nicole knew that he couldn't think through this in her heart. To be honest, she was also a little angry. However, she couldn't let her child think the same way now.

"Alright, everyone's parents are different. Since you care about Joseph, get along well with him in the future, okay?"

"I know. I will definitely protect him."

Lucas nodded.

"Alright, you stay here with Joseph. I'll go down to see your daddy and grandma. I'll call you guys for dinner later."

"Alright."

Lucas was exceptionally quiet.

He had already washed his face, and now he was sitting beside Joseph's bed, staring at him.

Nicole sighed, shook her head, and walked out of the bedroom.

Laurel had yet to calm down.

Samuel did not have time to apply medicine, and he just whispered to Laurel.

"Mom, we don't know what Vincent has experienced outside these five years. Perhaps he was a bit harsh on Joseph, but after all, he is his father. Perhaps after beating Joseph up, he would also feel sorry for himself. Don't be angry."

Actually, Joseph did not sleep well.

He had gone through so much that he had trouble falling asleep.

After Nicole left, Joseph woke up and subconsciously got up. He was stunned as he saw Lucas sitting beside the bed.

"What are you doing here?"

"I'm afraid that you'll fall asleep."

Lucas whispered, then stood up and poured a glass of water for Joseph.

Joseph was surprised.

He was used to do such little things before, and Lucas never did it. It was a bit awkward to see Lucas being so gentle.

"Take it!"

When Lucas saw Joseph looking at him blankly, he thought that Joseph was beaten dumb.

Joseph took the glass and smiled.

"What's so funny?"

"Nothing. I just feel that it's good to have you at home."

Lucas was speechless.

He walked to the door and opened it to take a look. Nicole and the others were talking downstairs. No one looked upstairs. He closed the door and locked it. Then, he came back to sit beside Joseph.

Joseph was puzzled.

"What are you doing?"

"I want to tell you something."

Lucas' mysterious expression aroused Joseph's curiosity.

"What?"

Lucas looked at him as if considering whether to tell him or not. Joseph got impatient as he waited.

"What exactly are you going to say?"

"Let's run away from home."

Joseph was startled.

"Running away from home? Are you serious?"

"Keep your voice down!"

Lucas hurriedly covered Joseph's mouth and whispered, "Do you still want to stay here? Look at your injuries. Grandma and my daddy are protecting you now, but Uncle Vincent is your father. If he wants to take you away, what can we do? I can't stop him, right? But you'll suffer again if you go with him."

Joseph frowned.

"But he's my daddy. I have to listen to him. Besides, he did everything for my own sake. People said that Daddy beats me because he is too concerned about my future."

"Nonsense! We can teach ourselves! Remember the coach? We did a good job without him, didn't we? Your daddy is crazy. If you stay with him, you'll be beaten to death. And I will lose my only brother."

Joseph didn't reply.

To be honest, he didn't want to go back to the base with Vincent.
