Chapter 561 Sleep with Me

"Who?"

Just as Nicole was about to make a move, she was controlled, and she heard a familiar voice.

"It's me!"

Nicole instantly became tearful.

"Samuel! Samuel!"

She turned around, and the moment she saw Samuel, tears gushed down her cheeks.

"Don't cry!"

Seeing Nicole's teary eyes, Samuel couldn't help but feel heartache.

"How did you know I was here?"

"I followed you."

Samuel held Nicole's hand.

Her hands were warm and were no longer as cold as before. She looked much better, and she even had a hint of rosiness.

From Nicole's face, Samuel seemed to have seen the original version of her, so healthy, so beautiful.

"You are recovered?"

He asked happily.

Nicole's heart skipped a beat, but she didn't reveal it on her face. She smiled and said, "Yeah, you know how extraordinary Gabrielle is."

"That's great."

Samuel was overjoyed.

The thing he had always been worried about was Nicole's health. Now that she had recovered, he was relieved.

"I heard from Tim that something's wrong with your nerves?"

Nicole changed the topic.

She was always concerned about Samuel's health like he did to her.

However, Samuel smiled and said, "I'm fine. Don't worry, I can hold on until I get back to Seapolis, and I'll have Blair have a check on me, everything will be fine, don't worry."

"Are you really fine? Josh said that failure of hypnosis can damage nerves, and Tim said that sometimes you can't control your emotions. You..."

"I will hurt anyone but you."

Samuel's eyes were so gentle.

Nicole was instantly infatuated.

Recently, they spent less time together than apart. She missed being with Samuel so much.

"How do we get out of here?"

She leaned in Samuel's embrace, completely forgetting that there were another two people in the room.

Samuel stroked her long hair and whispered, "I've notified Jacob to contact my men to come here. When they arrive, no matter how powerful Dungeon is, I will root it out."

As he said this, Samuel's eyes flashed with coldness.

Chapter 562 So Anxious You Are

Samuel's face suddenly flushed.

Nicole rarely saw Samuel being shy, so she couldn't help but smile and say, "What's wrong? Are you shy?"

"Just kiss me, why are you so nagging?"

Samuel was a little discomfited but held Nicole's head and his cold lips pressed on hers.

Nicole felt it funny and kissed him.

His lips were as fascinating as ever.

Nicole did not know how long she could stay with him, but reluctance was like a hand that was tearing her heart apart.

If she was gone, what would Samuel do?

What about the children?

She had fulfilled everything she promised Lucas, but about this one, Nicole was afraid that she might not make it.

Thinking of this, Nicole seemed to put all emotions in her life in this kiss.

Samuel felt that Nicole was thrilled. He thought the reason was that she was worried about him and finally relieved, so he did not take it seriously. Instead, he mocked, "Look, so anxious you are. You're gonna do something with me in the broad daylight, aren't you?"

Nicole's heart was bitter, but she covered it up under her smile.

"Yes, I am."

"You aren't bashful."

"Why would I? I feel enough to have you."

Nicole kissed Samuel again, leaving him no chance to speak.

Samuel's desire was instantly triggered.

He and Nicole spent less time together than apart, and during this period of time, his longing of her was accumulated. Now that she was in his arms, it was hard for him to hold the desire back unless he was a saint.

Samuel suddenly took off his coat and covered the surveillance camera with it. Then, his kiss overwhelmed Nicole.

Nicole would like to die in joy but was afraid to die here. She restrained herself but wanted indulgence at the same time, and she became sensitive due to the contradictory thoughts.

At this critical moment, Samuel suddenly regained his self-control and stopped. He looked at Nicole.

Nicole's heart skipped a beat.

Did Samuel discover something?

Or did he think of something?

"What's the matter?"

Nicole tried her best to put on a puzzled expression.

Seeing her being so enthusiastic and passionate beneath him, Samuel chickened out.

Last time, he hurt Nicole because of his impulse, and he didn't dare to act rashly this time.

"Forget it. When we get back to Seapolis City, let Gabrielle give you another examination, and then we'll do it. Anyway, we have time."

"What do you mean?"

When Nicole heard what Samuel said, she found it unbelievable.

However, Samuel did not continue this topic. He smiled and said, "Done resting?"

Hearing what he said, Nicole's face suddenly blushed.

"Yeah!"

"Why are you so passionate today?"

Samuel stepped forward and hugged her in his arms.

Nicole smiled and said, "You don't like it?"

"I do."

Samuel appreciated Nicole's charm, but Nicole felt reluctance in her heart.

Would the sweetness only last for two days?

She didn't dare to think, ask, or even speak.

After they got dressed, Nicole said, "We can't provoke Satan King until your men arrive."

"What is the woman's condition?"

Hearing Samuel's question, Nicole knew that he knew everything, so she told Samuel that the woman wanted to meet Lucas.

"She wants to see my son? Who does she think she is?"

"Don't care about that, the most important thing now is that before Jacob arrives with your men, we have to get along peacefully with her. After all, there are people from Dungeon everywhere. By the way, who started Dungeon? The owner was able to inform wealthy people all over the country of such a place and brazenly auction off items and people, this person must have a powerful background."

Nicole had this feeling ever since she entered Dungeon.

Samuel nodded and said, "Yes, Dungeon has the most advanced medical equipment and even the best hypnotist in the world. This person's power can't be underestimated."

"Could it be Vincent?"

Nicole asked subconsciously. After that, she felt it improper. She looked at Samuel nervously.

However, Samuel was not impacted much. He said, "It's not him. Although he has a close relationship with the owner of Dungeon, he is definitely not him. Vincent does not have the power, if he does, he didn't need to return to Seapolis City to deal with us, let alone use me to control the Eternal Group as a step to achieve his goal."

"Goal? What is his goal?"

Nicole frowned.

Samuel's eyes were a little dispiriting, and his voice was a little hoarse.

"His target should be me."

"You? What does he want to do to you?"

Nicole seemed to feel Samuel's guilt, and she held his hand and said, "What's wrong? Why do you look so guilty? Did you cheat on me?"

"How is that possible? There aren't many women in this world that I have an eye on. I have no one in my heart except you."

Nicole felt very good upon hearing his words.

"You are good at amusing me."

"I'm serious. Don't you know my thoughts?"

Samuel seldom said sweet words. Nicole sometimes thought he was a nerd, but now he would say love words from time to time, which created the feeling of puppy love for her.

"Even if you say so, but if one day I am gone, time will be the best healer, and perhaps you will forget about me in a year or two. Perhaps a more beautiful woman will show up and you will fall in love with her."

Nicole said vaguely.

Samuel suddenly had a long face.

"What are you talking about? We have a long way to go. Even if we get old and sick, I will follow you after you pass away. At that time, the children must be married and they don't need me anymore. The road to heaven is too lonely, let me go with you."

Samuel said casually, but Nicole was shocked.

She knew that Samuel would do it.

If she couldn't make it after two days, what would Samuel do at that time?

Nicole didn't know, but she was a little scared.

She looked at Samuel and said seriously, "Samuel, promise me that no matter how long I die ahead of you, you must live well. We have kids. They are so young. They can't lose their mother and then lose their father. You can't do this. I would rather you forget about me after I die and live a happy life than die with me and leave our children as orphans. Promise me! "

Nicole looked extremely serious.

Samuel frowned.

"What's wrong with you?"

"What do you mean?"

"Are you hiding something from me?"

Nicole was worried about Samuel's sensitivity. She said, "How can I? Do you think I will love another man?"

"Don't change the subject. Why do I feel that something is wrong with you? What you said just now sounded like your will."

"Samuel, you wish I were dead, right? Didn't you just say something about this? Do you have the heart to let me die?"

Nicole suddenly became furious.

Seeing that Nicole was angry, Samuel said, "How can I! I can't wait to live with you forever."

Forever?

Could they make it?

Nicole's heart was a little bitter, but she pretended to be angry and said, "Then what did you mean? What do you mean by saying that I was telling my will?"

"I didn't mean that. I just..."

"You did! I am warning you, I will hold what I said for the rest of my life. If you don't agree to it, I will hide far away from you in the next life so that you can never find me again."

Samuel's hand off and walked forward, and her heart was filled

Laurence's voice rang in Nicole's ears.

Nicole was astounded. Before getting up, she heard Samuel coldly say, "Let go of your hand."

Laurence glanced at Samuel and let go of Nicole without saying anything.

Nicole wanted to explain, but she felt that it was unnecessary.

She was pulled behind Samuel's back, and then he looked at Laurence coldly and left.

"Damn you, stop there! I'm telling you, don't think that women are pushovers, try bullying this woman again?"

Satan King couldn't stop Samuel just now, so she chased after him. However, Samuel ignored her.

The sweet atmosphere changed with the intervention of the two outsiders.

Nicole looked at Samuel and found that he was in a bad mood. She said, "Laurence was auctioned off by me on behalf of others. However, that woman didn't have money, so Laurence followed me."

"I believe you. I just don't like other men touching you."

Nicole felt funny about his words.

"I almost fell down just now. He just helped me. You should be thankful to him."

"Sure, I'll deduct 100,000 from his debt as my gratitude."

Samuel's words were irritating. He was showing off his wealth. But now, Nicole didn't say anything about this, otherwise, he would do something beyond her expectation out of jealousy.

"Where are you taking me?"

"To eat!"

After Samuel finished speaking, Nicole realized that her stomach was empty.

"I almost forgot that I haven't eaten yet."

"Even if you did, I wouldn't."

Samuel smiled and took Nicole to the cafeteria.

Although the hospital was not impressive, the food it served was not bad. Samuel and Nicole were not picky, so they enjoyed their food. Moreover, with the beloved one around, everything they ate was delicious.

Nicole looked straight at Samuel, making him embarrassed.

"What are you looking at?"

"Your handsomeness."

Samuel paused when hearing her words, and his ears were blushed. Then he pretended to be calm and said, "Isn't this a fact that everyone knows?"

Nicole clicked her tongue.

Nicole felt that she could never appreciate him enough

During these days, Samuel had lost weight. She could see Samuel's protruding cheeks. Although she didn't know what he had experienced in Dungeon, she knew that it wasn't pleasant.

"Samuel."

"Yeah?"

"Nothing, I just wanted to call you."

Samuel found Nicole's words so childish.

Chapter 566 I'd Rather She Never Loved Me

Satan King was a little dumbfounded by the beating, and she got angry.

"She is dying. Don't expect me to tell you good news. She was on the verge of death when she came, for she took some medicine that could destroy her healthy. The medicine is imperfect and can be considered a failure. It's already pretty good that she's been able to hold on until now. I've checked her body. Because of stimulation, her uterus has shrunk. It's even more serious now. Those harmful drugs have damaged her liver and kidneys. She will soon die. However, you can rest assured that she won't be in too much pain. It can be considered a kind of luck for her to pass in her sleep."

As he almost finished, Satan King's voice was somewhat gloomy.

Satan King was accustomed to seeing people part forever, and didn't care about watching one more person die. However, Nicole had sacrificed everything for Samuel, including her life. Satan King thought Nicole was stupid.

Satan King sighed, feeling a little uncomfortable for the first time.

After hearing this, Samuel was completely astonished.

"Are you telling the truth?"

"Why do I bother to lie to you? I've never seen such a stupid woman. Nowadays, there is no woman who doesn't want money or power from a man. Nicole doesn't want anything, and she even sacrifices her life for the so-called love. No other women. If it weren't for her foolishness, do you think I would have allowed you to stay here so kindly? I'm not that foolish to get into a fight with the people from Dungeon. Nicole doesn't have much time. It can be considered my last kindness to her. I want her to know that you're fine when she can still see you, so she'll rest in peace. Otherwise, I won't take you in. You haven't given me anything."

As Satan King spoke, she increasingly felt wronged.

This was the first time she had ever been kind enough. But she caused such trouble for herself.

Samuel suddenly staggered and almost fell down.

Nicole came here because of him, which meant that she sacrificed her life to save him.

Samuel felt he was useless.

He kept saying that he would protect Nicole and give her the best life, but what about now? Because of him, Nicole was dying.

"No. When I saw her just now, she looked good. She didn't seem like a dying person."

Samuel suddenly remembered what she looked like when he first saw Nicole.

Satan King glared at him and said, "Don't you understand it is the momentary recovery of consciousness just before death? People always face their closest relatives with their most beautiful sides before they die."

"Nonsense! I don't believe it! I don't believe it at all!"

Samuel was at a complete loss.

No!

It was not like that!

Nicole was so young, not even thirty years old!

If she left now, what would Samuel do?

Samuel had just promised her that he would wear a woman's dress and tell her how much he loved her on the streets of the Seapolis City.

He hadn't done it yet. How could she die?

As long as there was a glimmer of hope, Samuel would not give up.

Samuel only heard what Gabrielle said at first and completely ignored the second half.

"Mr. Green, it's just a hypothesis. My father's junior sister was once called the best doctor in the world. Unfortunately, I heard that she died in a big fire a few years ago," Gabrielle said gloomily.

"What are you talking about?"

Samuel's only hope had just been aroused, but it was extinguished by Gabrielle's reply.

"Sorry, Mr. Green."

Samuel's hand holding the phone was almost deformed. Looking in the direction of Nicole's ward, he whispered, "Can I go to hell and drag her back?"

"What?"

Gabrielle thought that Samuel was somewhat unconscious due to the fatal blow.

How could a dead person crawl out from the hell to treat Nicole?

"Mr. Green, I'm sorry for your loss."

"Nicole's still alive. Why should I bother? Even if she's asleep, she's still alive."

After Samuel finished speaking, he hung up. He found that his hands were trembling, and even his body was trembling.

He was scared!

He was truly scared!

Even if he was hypnotized by the people from Dungeon, he had never been afraid. Even if he was drugged and turned into an addict, he had never been afraid, because he knew that Nicole was still waiting for him at home.

Now he was scared.

He felt that he had no home anymore.

Without Nicole, it wasn't home.

Samuel walked back to the ward slowly.

Nicole was still asleep.

Just like Satan King said, Nicole fell asleep with satisfaction.

Yes.

She was just tired, so she fell asleep.

Samuel sat beside her and held her hand.

Nicole's hands had already turned slightly cold. Just like when she was in bad health, her hands were slightly warm, which made Samuel even more afraid.

Tortured by fear of losing Nicole at any moment, Samuel sobbed.

"Nicole, do you regret it? If I give you another chance to choose, will you still choose to fall in love with me? Do you still want to be the daughter-in-law of the Green family? Why are you so stupid? There are so many outstanding men. Why do you fall in love with me?"

Samuel put her finger on his face and rubbed it. The cool temperature left him uneasy.

Chapter 568 Two Requirements

Satan King's eyes were filled with tears. Before she could even look at Lucas closely, she was interrupted by Samuel.

"Let me take another look. I haven't spoken to him yet."

Satan King was very anxious.

However, Samuel said coldly, "He is my son! You just said you wanted to see my son, but you didn't say how. Now that I have met your requirement, what else do you want to do? Do you want to go back on your word? Let me tell you, if my wife really dies, I will really turn everything here into ashes. Don't think that Dungeon is awesome, and that I don't dare to touch you."

Seeing Samuel behaved like this, Satan King retreated retracted his hand in midair.

She looked greedily at the phone in Samuel's hand, as if it was the most precious thing in the world.

"Alright, I will save her, but you have to meet two conditions."

"Speak!"

Now, not to mention two conditions, even if it was ten or eight, Samuel would not hesitate to agree.

Since Samuel was so sincere, Satan King said in disbelief, "You have not even asked me what requirements are."

"As long as you can save Nicole, you can take anything except my life. My life is Nicole's, and I have to spend the rest of my life with her."

Satan King was surprised on hearing it.

She was somewhat distracted.

"If that person loved me so deeply, I don't think I would have done that either."

It seemed that Satan King had experienced something, but Samuel did not have any desire to probe into it.

"Tell me your requirements."

Samuel's cold tone awakened Satan King from her sorrow.

She looked at Samuel. Noticing that he was sincere, she thought for a moment and said, "Two requirements. First, if I am really lucky enough to save your wife, you have to promise me that you will give your son or daughter to me as my disciple. On the day I cure your wife, I need to see my disciple. He will return to you in ten years."

Samuel frowned.

Neither Lucas nor Zoe would he give to Satan King.

"Change it to another one."

"I only want it. If you agree, I will have a try. Perhaps there is a sliver of hope. If not, the door is behind you. Please."

Satan King didn't dwell on it and directly pointed at the door.

Samuel was in a dilemma.

It was impossible for him to leave his own child for ten years to save Nicole, but this was the only chance to save Nicole.

"Why do you insist on having my child as your disciple?"

"You don't need to know this."

The weakness in Satan King's eyes flashed, and now she was cold and heartless, returning to her original state.

Samuel started to struggle.

Chapter 569 He Had No Other Choice

After Lucas sent the location to Joseph, he suddenly found a thin figure not far away.

It was Hedy!

After moving into Blair's place, Hedy was so unaccustomed to it that she followed behind Lucas all day long. They were closely associated with each other, which made Lucas feel a little distressed.

Now that he was about to leave for ten years, he didn't know what Hedy would do and whether she would blame him.

Lucas hurriedly walked over and gave her his personal protective talisman.

"This is for you."

Hedy was slightly shocked. Although she could not speak, she gave him a wink, asking him what he meant.

Lucas said indifferently, "I'm going out. If you miss me, just look at this. I'll be back."

"Where are you going?"

Hedy asked Lucas in sign language.

Lucas smiled, "I'm going to find my daddy and mommy. They need some help over there. Hedy, Blair, and Gabrielle are good people. You don't need to worry about being abused here. If you are unhappy, you can go talk with my sister. My sister Zoe is a foodie. As long as you have delicious food, she will definitely be friends with you."

Hedy's eyes suddenly became moist.

She was reluctant to let Lucas go, but she could not stop Lucas from helping his parents. Hedy held Lucas' hand and remained silent for a long time.

Seeing that it was almost time to meet Joseph, Lucas whispered, "I'm going to see my brother. Come with me. When I'm not around, you can turn to my brother if you need anything. He will help you."

Hedy shook her head and said in sign language, "I don't need anyone. I'll wait for you to come back."

Lucas smiled contentedly.

"You are so cute!"

He wanted to pat Hedy's head, but he was not high enough. So, he just patted her hand and say, "Wait for me."

"Alright!"

After saying goodbye to Hedy, Lucas contacted the people from Night Elf Empire, asking them to prepare a helicopter.

Right at this moment, Joseph rushed over.

At the sight of Joseph, Lucas was especially happy.

Joseph was his close brother.

"Joseph, here you are."

"What do you bring with you?"

Joseph looked at the thing in his hand and asked with puzzlement.

"These things are amazing," Lucas said proudly. "This is the air gun I prepared. I can put chili powder in it. If that old witch tortures me, I'll use this to attack her."

"Lucas, do you really have to go?"

Joseph looked at Lucas and was especially reluctant to part with him.

Lucas suddenly quieted down and whispered, "I want to save my mommy. This is my only chance and Satan King's only requirement. I have no other choice."

Chapter 570 Show Me Your Sincerity

"What?"

Samuel frowned.

He didn't want to fight with people from Dungeon before Jacob's men arrived. He was not afraid of them. But he didn't want to leave Nicole alone.

Nicole was sick. And Satan King still wanted him to go to Dungeon. It was a sign of unfriendliness to Samuel.

Satan King looked away and said coldly, "Right. I am asking you to go to Dungeon. This place is just a remote mountain village. What I need are precious medical ingredients. You can only get them in Dungeon. Even if you have money, a helicopter or any other ways to get them, it would be too late. You don't have much time left with your wife, do you?"

Samuel was slightly stunned. He subconsciously glanced at Nicole's ward and asked, "What do you need?"

"Cordyceps, lucid lipid of flying squirrels, bat excrement Luminous Grit, musk, bear gall, and pangolin skin. They are not hard to get. But lucid lipid and Luminous Grit are extremely rare. They are currently available in Dungeon only, but there is no auction. I don't care how you're going to get them. Remember, I can't save her without these things. If you get these ingredients, I can bring her back to life and get rid of all her illnesses."

Samuel wrinkled his brows as he listened to Satan King.

These were all precious medical ingredients.

"Isn't she weak now? She can't take any herbal tonics now. You may kill her with those medicinal ingredients. Are you sure you can save her?"

Satan King sneered, "You have my words. Do you know why I want the blood of Laurence? His blood is the most important thing. I can't save your wife without him even if you find all these ingredients. It seems like God is helping you. The rare medicine man is your wife's possession."

Samuel frowned even deeper.

He didn't like people to say that Laurence belonged to Nicole.

The man was too beautiful and coquettish.

Satan King didn't care what he thought. She glanced at Samuel and said, "Why are you still here? Your wife doesn't have much time left."

Samuel paused for a moment and said, "Please take care of her when I'm away."

"Don't worry. I'll do my job since I've received my reward. People in Dungeon may refuse to give you the medical ingredients. You have to work things out by yourself. And you must be quick. If you can't bring them here before 8 p.m., don't blame me for not being able to save her."

Hearing what she said, Samuel hurriedly set off. When he passed the corridor, he saw Karina and Laurence.

Karina stopped Samuel and wrote, "Is Mr. Tim really crippled?"

"Yes."

Samuel looked at Karina and replied.

A trace of guilt flashed through Karina's eyes. She retreated to the side.

Laurence looked at Samuel and whispered, "Do you need me to go with you?"

"No. Just try your best to protect her before I come back. I'll repay you."

"It's okay. I will take care of her."

Samuel felt uncomfortable again.
