

Escape Wife 61

Chapter 61: Don't you cross the line

"Uh! Ah!"

Samuel Green coughed behind her.

Nicole Bush looked back at him subconsciously, but with no expression on her face, she turned back again to continue talking on the phone.

"Okay, see you around and let's hang out together next time. I will go out to meet you."

Nicole Bush is still chatting with Tim Louis happily.

Samuel Green's face was a little awkward.

He grabbed Nicole Bush's cell phone and hung up without saying anything.

Nicole Bush froze for a moment, and was immediately annoyed by his dictatorship.

"Samuel Green, are you crazy? This is my mobile phone! Why did you turn off my mobile phone? I'm chatting with friends."

"Can't stop you even with a hurting leg?"

Samuel Green finished with a low voice, turned around and walked towards the kitchen, taking Nicole Bush's cell phone with him.

"Give me my phone!"

Nicole Bush is desperately annoyed.

Samuel Green said lightly, "Watch TV, watching TV is good for your body and mind."

"Bullshit!"

Nicole Bush shouted directly.

Samuel Green was stunned.

He suddenly turned and looked at Nicole Bush.

The previous Nicole Bush always looked like a lady in front of him. Not to mention swearing, she didn't even speak loudly. Did she change? Or is this what she really is?

Samuel Green thinks that such a Nicole Bush is much more interesting now, at least it is lively and real. Though the previous Nicole Bush is nice and kind, but she always lacks a little bit of her own characteristics.

He suddenly smiled and said, "Come on, show me where the bullshit is."

This sentence choked Nicole Bush directly.

This nasty man!

How did he become so shameless?

She's sure that no one dare to swear to him, how could he not angry?

Samuel Green was not angry, but Nicole Bush couldn't be angrier. She picked up the TV remote control and turned on the TV resentfully, as if she had an animosity with the TV. She switch to a random TV to watch.

Zama was somewhat annoyed at the interaction between them, but seeing Samuel Green smiling, she couldn't say anything.

For the past five years, Samuel Green has been a completely walking dead, and now he finally smiles a little, she doesn't dare to make comments.
