

Escape Wife 7

Chapter 7 You're as Old as It Can Be

Lucas arranged the timeline in his head.

His eyes dimmed.

Joseph was older than him and Samuel was the father. A child that was 4 months older than him and it was rft his mom that gave birth to Joseph.

It could only mean one thing!

It meant that Samuel was cheating on his mom! It meant that Samuel bullied his mom!

Lucas beautiful eyes were filled with rage. He wished he could burn Samuel to death through the screen.

It seemed like the little prank he pulled at the airport was too mild.

Lucas took out a spy camera from his pocket and connected it to the computer. He quickly changed the IP address and then he posted the video of him peeing on Samuel's face on the internet.

Lucas smiled after finishing his deed.

How did he dare to accuse his mom of having a lover? He could now see for himself, how did it feel like to be on headlines!

After he was done, Lucas looked up more about .Joseph. He found out that Joseph was also enrolled in Olivia's kindergarten.

It wasrft so bad after all, coming to the kindergarten in Seapolis City.

Lucas smirked craftily and cleared his trace before turning off the computer. He then stood up and helped Nicole to unpack her luggage.

It was a bit hard for him to hang the clothes into the cupboard due to his small stature.

Lucas looked at his short legs vexedly and swore to himself that he would eat more so that he could grow up big and strong. That way he could protect his mom.

He moved a chair in front of the cupboard. He stepped on the chair and successfully hung his and Nicoles clothes into the cupboard.
