

Escape Wife 81

Chapter 81: Are You In Love?

This foot could be regarded as fast and ruthless, just dying to kick the opponent directly.

The other party no longer dared to be careless, and quickly revealed his name.

"Wait! Wait! Wait! I am Tim! Be merciful! Beauty! I have no child yet."

Tim was startled by the cold sweat.

This woman was amazingly explosive. If he didn't say his name, and just waited for her to discover, it was estimated that his life would really be ruined.

Tim was sweating.

Nicole's foot was less than three centimeters away from his cock.

Upon hearing Tim's name, Nicole narrowly stopped her foot, but she almost didn't stand still. Fortunately, there was a table next to her, which temporarily helped her.

"Why are you here?"

Nicole was a little surprised, but also a little bit afraid.

And Tim's cold sweat flushed down his forehead, looking at the male character that he had try so hard to save, and said with a wry smile, "I am so sad, you can't even identify my voice? If this attracts Samuel's people, I'm really dead."

After talking, Tim sat directly on the ground, gasping.

Nicole was somewhat embarrassed.

"I don't know it's you, didn't you leave?"

"Where am I going? I finally came to Samuel's base. Isn't it too sorry for me to just go back? That nasty Samuel went to the

Don Family and said that it is all my responsibility. Though

I'm willing to carry this responsibility for you, but I'm a little bit reluctant to be set up by Samuel."

Tim said angrily.

Nicole's face changed suddenly.

If she was just skeptical of Samuel at the beginning of the talking with Olivia Kent, she was now basically confirmed that it's Samuel who did it.

This man was really mean!

She almost was tricked by his bravery.

If it were not Tim, she might really be guilty of Samuel.

Nicole was very guilty because she involved in Tim.

“Sorry, I get you involved.”

“Hey, I'm willing to do this. But the Don Family is powerful, and it's not so easy to deal with me. Well, don't worry about this. I won't let Samuel walk away easily. Can you do me a favor?”

Tim looked at her.

Nicole knew he must be targeted at Samuel's training base, but when she thought of Samuel's despicableness, even if Tim did something, it was nothing but guilt.

"Well, what should I do for you?"

Nicole found a stool and sat down, and quickly looked outside, only to speak when no one was passing by.

Tim saw her being so cautious and said with a smile, “Relax, they are all on the training ground at this point, and they won't find me. Although the security system here is very powerful, it is useless to me.”

He said proudly.

Seeing him like this, Nicole couldn't help but laugh and said, "Yes, you are the best."

"Of course!"

Tim is like a bragging boy reminding Nicole of Lucas Bush.

Why did she suddenly feel that these two people were very alike?

Nicole laughed even brighter when she thought of what Tim would do when he knew that she was comparing her son to him.

“Olivia!”

Nicole ran there anxiously, and saw Olivia Kent chasing a man with a broom, and the man's figure was somewhat familiar.

"Tim?"

Nicole shouted somewhat uncertainly.

As soon as Tim heard the familiar voice, he quickly ran behind Nicole and grabbed her arm tightly, said pitifully, "My dear, hurry up to protect me, this woman is too brutal."

The broom in Olivia Kent's hand was still raised in midair, and she was stunned when she saw Tim and Nicole were so familiar with each other.

"Nicole, do you know him?"

Nicole felt that her head had got really hurt.

"What are you doing here?"

Nicole pulled Tim away from behind.

Tim grieved and said, "You don't want me to stay with you. I have to find a place to stay, otherwise where do I live? It's cold outside. You are so irresponsible to me. Can't I still make a living for myself?"

This made Olivia Kent's mouth wide open.

What the heck?

"Nicole, you and him..."

"No, I have nothing to do with him!"

Nicole quickly explained, and quickly covered Tim's mouth.

This bastard was used to talking nonsense, and he didn't care too much, but there was no guarantee that others would not misunderstand.

At this moment, Lucas Bush's voice rang.

"Mommy, is this the man you're in love with? He doesn't look very good."

Lucas, like a little man, stood there, with his hands around his chest, and looked at Tim with a scrutiny gesture, his eyes somewhat made Tim feel familiar with.

"You are Catherine's son, right? My name is Tim. Nice to meet you!"

Tim hurried to introduce himself to Lucas Bush.

Lucas Bush didn't appreciate it. He glanced at him and ignored him. Then he came to Nicole and Olivia Kent and said, "When I just came, I saw Instructor Joe coming here. So mommy, what should we do with this man?"

Nicole froze in an instant.

Macon Joe was coming?

In other words, Tim could be exposed at any time, and if exposed, the consequences would be disastrous.

Nicole looked anxiously at Lucas Bush and said, "Do you have any good ideas? Now I can't let anyone know that Tim is here."

"Ok, I get it."

Lucas Bush made a grimace at Nicole, then opened Olivia Kent's cupboard and pouted at Tim who was standing on the side.

Tim looked at the narrow cupboard in front of him and asked with some doubt, "Do you want me to hide inside?"

"Or you can choose to hide under the bed, but I can tell you that Instructor Joe likes to check the bed."

Lucas Bush said lightly, but the voice was a little contemptuous.

Chapter 83: Is This A Game You Set?

Samuel touched his nose with his hand, and the bright red liquid embarrassed him.

He stood up quickly, went to the bathroom, and took a cold shower.

At this moment, Jacob just knocked on the door and came in.

"Mr. Green, the Don Family..."

"Get out!"

Samuel snorted, and the violent voice scared Jacob.

"Mr. Green?"

Jacob rarely saw Samuel was so emotional. When he just wanted to go to the bathroom, he heard Samuel, "You'd better get out right now! If your eyes flutter, or see what you shouldn't see. I will cut your eyes out!"

This sentence made Jacob dare not go forward. He wanted to see what he could not see around him, but he did not dare, and he quickly withdrew from the office.

Samuel was relieved to hear that the office door was closed.

He didn't dare to stay in the bathroom for too long. After a cold shower, he quickly left the bathroom.

Nicole had been lying on the table and started painting in the video.

Samuel never knew that Nicole liked painting so much five years ago, but now he realized that he knew too little about Nicole.

It is said that women are the most beautiful when they are serious.

Nicole was immersed in a soft light at this time, and Samuel's heartbeat accelerated because of the serious and beautiful look, hoping to kiss her across the screen.

He unreasonably called Nicole.

Nicole heard the phone, and gave a subconscious look.

Samuel clearly saw Nicole frown slightly when she saw the phone number.

That was exclusion!

She actually rejected his phone!

It seemed that besides rejecting him, she even excluded everything about him.

But why?

She used to love herself so much, was everything fake?

Samuel suddenly felt very uncomfortable.

He stubbornly kept calling.

Nicole watched the phone blinking non-stop, and she turned on mute in order to avoid affecting Lucas Bush's sleep, but the flashing screen still bothered her.

What did this man want to do?

Nicole simply turned the phone upside down, so that she won't be disturbed.

Samuel saw clearly from the video.

Chapter 84: She Is My Only One

Samuel was somewhat surprised by Mrs. Don's behavior, but because of this, Samuel was also more cautious.

"Mrs. Don, if you have any trouble, you can say it clearly. This is really not the style of the Don family."

Samuel respected the Don Family, and felt that the Don Family would not do such a shameless thing.

His words made Mrs. Don feel a little ashamed.

Her face blushed, and she sighed and said, "There is no style of the Don Family now. If I have any other way, I would not take this step so shamelessly. Jason Don knew nothing about it. All of this is my plan, and I hope Mr. Green will not involve Jason Don. He is the only kid the Don Family left."

When it came to this, Mrs. Don sighed.

Samuel felt sorry for hearing this.

"Mrs. Don, tell me the truth."

Mrs. Don took a deep breath and said in a low voice, "It's not that the Don Family is bothering you, but something happened."

"What's up?"

Samuel couldn't figure it out.

The Green Family and Don Family had never had any contact. Although they all served for the country, the Don Family's filed was different from him. After retreating from the army, there was no contact. Samuel really did not know what would be related to the Don Family.

Mrs. Don whispered, "I remember Mr. Green had a wife five years ago?"

"Yes."

Samuel was not surprised that Mrs. Don asked this. After all, everyone knew that Samuel's wife wanted to elope with someone and ended up in a blaze. That thing was so well-known that even kids in this city knew about it.

Mrs. Don sighed and said, "Did Mr. Green find your wife's body?"

"Mrs. Don, what does this matter have to do with your Don Family?"

Samuel frowned slightly, obviously didn't want to talk about this.

Mrs. Don took a photo from her pocket and handed it to Samuel, whispering, "Do you know the man?"

Samuel frowned slightly.

He certainly knew the man!

Don decided

Chapter 85: There Will Be Plenty of Chances for Him to Make Contribution

Samuel turned around and left without turning his head back after saying so.
Jacob was stunned on the spot.
What was wrong with Mr. Green?
Why was he so care about that woman who had just arrived in the Seapolis City for just ten days?
Even the previous wife couldn't make Mr. Green so concerned, how could Catherine?

He just said two more words, but Mr. Green wanted to fire him.

Jacob was aggrieved. He had been with Samuel for about six years. It was the first time he saw Samuel being so serious to tell him that he wanted to fire him, and this was caused by a woman.

But no matter how wronged, Jacob still kept up with him.

"Mr. Green, I was wrong."

Samuel also knew his anger almost lost control, but his feelings about Nicole was not a joke.

He sighed, got into the car, and sat directly in the back seat, but still couldn't calm himself down. He then took out a cigarette and lit it, and smoked one after one.

Jacob went to the cab, and when he saw Samuel, he whispered, "Mr. Green, if you think I'm bothering, you can cut my salary, just don't spoil your own body like this. Your lungs can't stand you smoking."

Samuel took a deep suck of the cigarette and extinguished it.

He looked at the traffic outside and whispered, "Jacob, I know that you and I have a deep relationship. Although we are boss and employee, we are already close brothers. I also know what you do is for me. It's hard to understand that I did all these things for a woman who has just known a dozen days, right?"

Seeing Samuel take the initiative to talk about this, Jacob asked a question.

"Yes, I think it's incredible. Since Catherine arrived at the Seapolis City, you are weird. I don't dare to ask you, but she really doesn't deserve your caring and love. And I don't think she is a reasonable woman. I don't know why you care such a heartless woman."

Samuel smiled slightly, his eyes somewhat wet.

"Well. I think I should have treated her like this a long time ago. If I treated her like that five years ago, maybe now our son will be growing up beside me, and she won't experience so much hardship. A woman with children traveled so far. Everyone can imagine how difficult it is for her to leave her hometown."

Jacob was stunned.

"Mr. Green, did you mean that Catherine was Mrs. Green?"

He couldn't believe it.

How is this possible?

But Samuel said with a smile, "Remember the paternity test I asked you to do? That were Lucas Bush and my sample, we are a father-son, and Lucas Bush is Catherine's son, who do you think she is?"

Chapter 86: Are You My Father?

"Nicole! Nicole, I'm here!"

Samuel stepped forward and hugged Nicole tightly, but she still cried and even punched and kicked Samuel.

"Samuel, you are ruthless! This is our child! How can you treat me like this?"

Nicole's tears flooded like a river rushed through the gate, and her tears instantly soaked Samuel's clothes.

"Nicole, open your eyes and look at me, you are dreaming! Wake up!"

"No! It hurts! It hurts! The fire burns so painfully! Please save me and my child."

Nicole pushed Samuel away, but consciously she still protected her belly, just like when the fire burned five years ago.

Samuel's heart was suddenly torn apart.

Five years ago, he had not seen everything that Nicole experienced in that fire, but now seeing this scene, he felt that his heart was torn apart alive.

Was she struggling in the fire five years ago and no one was going to save her?

What about Zac Neo?

At that time, Zac Neo was his best bodyguard and assistant. He specially sent him to protect Nicole. How could he let Nicole go through all this?

Samuel wanted to step forward, but heard a young voice ringing.

"Why are you here?"

Samuel turned back slightly and saw Lucas Bush's squinting eyes immediately alert when he saw him.

"Lucas, your mum..."

Before Samuel finished his words, he saw Lucas Bush quickly jumped off the bed. With bare feet, he ran directly to Nicole. He took her hand gently and put her hand on his face, he said softly, "Mommy, I'm here, I'm Lucas, your son Lucas. Don't be afraid, the fire is over, I'm still alive, Mommy, do not afraid."

With saying, Lucas Bush stretched his arms and hugged Nicole tightly.

Although he was relatively small, his tiny arm seemed to bring Nicole pacification with infinite strength.

The fidgety and restless Nicole gradually calmed down, but she still didn't wake up, but held Lucas Bush tightly, and kept calling Lucas Bush's name in her mouth.

Lucas Bush stretched out his arm and patted Nicole's back gently, just like when Nicole coaxed Lucas Bush when he was a kid.

Samuel's eyes suddenly turned red.

He could tell that Lucas Bush was not doing so for the first time.

Seeing his son's small body comforting Nicole so skillfully, Samuel's tears twirled in his eyes.

Don't Try to Escape, My Wife!

Chapter 87: You Know Everything about Yourself

Originally, he planned to use Lucas Bush's custody to make Nicole stay with him. Now when he heard Macon Joe's words, he felt he was a complete jerk.

Not to mention that his son didn't recognize him as a father, and he even made himself feel abominable!

Samuel patted Macon Joe on the shoulder and said, "Thank you, Macon Joe, thank you for letting me understand this."

"So you are planning to marry Miss Catherine?"

Macon Joe could see that Samuel's feelings for Nicole were different from others, so he asked casually.

Samuel whispered, "Lucas Bush is my son, my biological son! And Catherine is Lucas Bush's biological mother, so what do you think I can do?"

Macon Joe suddenly froze.

He knew that Samuel had married a wife, but he did not love Nicole, this was a fact that all the people in the Seapolis City knew.

"This Catherine is your mistress and Lucas is your illegitimate child?"

Macon Joe could only guess this way. Although he felt that Samuel may not be able to do such a thing, his brain couldn't think of anything else.

Samuel froze for a moment, and then understood what Macon Joe was thinking, and said with a smile, "From the beginning, she is the only woman I love."

But when Macon Joe heard this, it seemed that from the beginning to the end Catherine was the only woman Samuel kept outside of the family but the one he really loved.

"No wonder Mr. Green ask us to take care of Lucas Bush. It turned out he is the junior master. I now realized that the junior master Joseph and the junior master Lucas Bush look really similar. But the talents of the two brothers are really different. Master Lucas likes you very much."

Hearing this, Samuel's eyes flickered and whispered, "Never, ever say that Joseph's talent is worse than anyone. Everyone has their advantages. Joseph is no different from ordinary children, and he is even better. It's just you should not to compare him to Lucas."

"Mr. Green, I don't mean that, I..."

"I know. From an early age, I am a talented boy. I can learn everything instantly. All the elders around me say that I am a genius and treat at me differently. Only when I am 20 years old did I realize that there is no difference in everyone. Those people who shows no talent at all at ordinary times is more effective than me, a genius who can't perform well at the critical moment.'

Samuel's voice was painful.

Macon Joe didn't understand why he said that. When he wanted to ask, Samuel had got up and went to the training ground next to them, and started training himself.

He could see that Samuel had a lot of pain in his heart, but he couldn't tell them to anyone else.

In the moonlight, Samuel sweated as if he was raining, Macon Joe accompanied him, and Lucas Bush was lying on the window sill, watching Samuel's vigorous posture

Nicole seemed to know nothing, and had been asleep quietly.

When the early morning light rose from the horizon, Samuel stopped tiredly, and the whole person lay on the board, as if falling asleep.

Nicole opened her eyes slightly, always feeling something was wrong.

There seemed to be a familiar breath in the room.

She frowned slightly and turned her head to look at Lucas Bush, seeing him sleeping soundly, and holding her hand tightly with his small hands, so hard and so strong.

Nicole's lips slightly smiled.

Don't Try to Escape, My Wife!

Chapter 88: Nicole, I Love You

"Nicole, is my death the only way to make you turn back? Is making me suffer the pain you suffered the only method to make you believe that I really loved you? If this is what you want, my life is yours!"

Samuel finished, and raised his dagger to penetrate deeply into his heart.

With the sound of "poo", the sound of iron sinking into the skin appeared so empty and loud on the silent training ground.

Nicole's footsteps stopped, and her heart was instantly tightened.

No!

He won't!

How could Samuel, such a selfish man, hurt himself?

But her feet seemed to be filled with lead, so she couldn't lift it.

Nicole felt uncomfortable with her jerky eye, and a warm liquid suddenly rushed up. Those old loves and hatreds were entangled in her chests at this time, as if was about to explode.

She dared not look back, she couldn't look back. She didn't even want to look back!

Samuel saw her with such determination, and said with a bitter smile, "Even if I die, you will not return to me anymore? Believe it or not, Nicole is the only woman and the only wife of Samuel in my life! Lucas Bush is my only son!"

The words "Lucas Bush" stimulated Nicole.

Lucas, Zoe!

No!

Samuel couldn't die!

She was not because of distress, not because of reluctance, but because of Zoe!

For Zoe, Samuel couldn't die!

Nicole seemed to have found a reasonable reason. She suddenly turned around and saw Samuel fall in the pool of blood in the morning light.

The dagger penetrated his chest deeply, and the bright red blood had soaked his upper body.

The moment Samuel's eyes turned at Nicole, they finally became colorful.

"You still care about me, right? Nicole, you still love me!"

Samuel smiled in the corner of his mouth, leaned back and collapsed.

"No!"

Nicole only felt the pain of tearing her heart and the pain five years ago was not as hurt as it was now.

She ran quickly towards Samuel, and her tears flooded like an overwhelmed lake.

"Samuel, if you dare to die, I will not spare you!"

Nicole hugged Samuel tightly.

His eyes flashed with anxiety, distressed, and complex emotions that Samuel couldn't understand.

a chance, a chance to explain this for you. Will you? Nicole, I used to think I married you just because of responsibility, because I had sex with you, because I made you lose the most precious chastity of a woman in front of everyone. But

Chapter 89: I Don't Want to Be the Son of Your Father

Lucas Bush glanced at Nicole, and his eyes were evasive.

He didn't know what happened, and suddenly he didn't want Samuel to die at this moment.

"Sorry, mom."

Lucas Bush's voice was very low, almost inaudible, but Nicole still heard it.

She suddenly felt quite distressed.

Lucas was a good child and a sensible child. His relationship with Joseph was so good. He must be for Joseph?

It was definitely not because he knew Samuel's identity, right?

Nicole was very tangled, but looking at her son's guilty eyes, she stepped forward and touched his head and said, "It's OK, Mommy just didn't expect you to be so caring, you will sacrifice so much for your friend's Daddy."

Joseph heard Lucas Bush saying he was also the same blood and jumped up with joy.

"Lucas, that's great! We are really brothers and even the blood type is the same. I will tell my daddy to recognize you as a godson, and we will be real brothers by then."

"I don't want it! I don't want to be a son of your daddy! I save him also for your sake, don't think about anything else."

Lucas Bush's attitude was very firm, and his tone was not very good.

Joseph felt a bit stumped, and felt Lucas Bush was sometimes hard to understand, but he was very grateful for him to save his father at this time.

Seeing that the two children were so active, the doctor quickly looked at Nicole.

"Ms. Bush, look ..."

"Just do as they said, but don't exceed their normal blood volume.'

"This is for sure!"

The doctor was overjoyed and quickly took Lucas Bush and Joseph to the blood test room.

When Olivia Kent saw them all gone, he whispered, "Why do you save him? Besides, Lucas is just a child."

"Zoe needs Samuel alive. At least he can't die yet."

Nicole didn't know whether it was for Olivia Kent or for herself, but she felt her heart sore and uncomfortable.

Lucas Bush and Joseph came out quickly. The doctor said that the blood types were exactly the same, and he was about to draw blood immediately.

Joseph was the first to get in because he was Samuel's son.

Lucas Bush took Nicole's hand and whispered, "Mummy, are you angry?"

"Why do you ask this?"

Nicole consciously never showed her attitude towards Samuel in front of her son, let alone talked about her grievances with

Samuel, but she was a little uneasy when she saw how Lucas Bush behaved now.

Did son know something?

Lucas Bush hesitated and said, "I feel like you don't like him very much. I saved him. Are you unhappy?"

"Are you happy?"

Chapter 90: Samuel Falls In Love with You

Nicole retreated slightly, not intending to disturb Lucas Bush.

Lucas Bush was actually a very restrained boy. Although he was sensible, it was not easy to communicate with others, unless he thought that was a particularly important person and then he would be nice to that guy

Although she knew that Lucas Bush relationship with Joseph was unusual, Lucas Bush had realized Joseph's influence on Lucas Bush since he occasionally rejected him and despised him.

Now she saw Lucas Bush carefully cover him with quilt, and then bent over to take off his shoes. He frowned slightly when he saw that Joseph was not wearing socks. He put those two legs on the bed and pulled the quilt to cover his feet.

Nicole didn't know what kind of reaction she should make.

Was it blocking?

Still let it go?

Lucas Bush and Joseph would certainly not be together for a long time.

As long as Samuel could save Zoe, maybe Joseph would break up with Lucas Bush because of this. After all, everyone could tell the importance of Samuel to Joseph.

If he knew that something happened to Samuel and Samuel had to save Zoe. Who would the child choose between father and brother?

Nicole did not want Lucas Bush to be hurt, but she had no way to stop it now, she could just hope that he would make it if it was really that day.

"Well!"

Nicole coughed twice intentionally.

Lucas Bush got up quickly, his eyes panicked.

"Mommy."

"Are you hungry? The meal will be fine after a while, but why is Joseph sleeping?"

Nicole pretended not to see what Lucas Bush did just now, and asked blankly.

Lucas Bush said with a sigh of relief, "He gets up late every day. He gets up early today, and the training intensity is so hard for him. Mommy, when the meal is ready, just leave him one come out and he will eat after he wake up. Today he had a blood transfusion and he was very weak. It is estimated that he could not participate in the training. Let him rest for a while.

Listening to Lucas Bush being so considerate for Joseph, Nicole was a bit awkward.

"You also had a blood transfusion, and you can go to sleep after eating."

"I'm fine, I'm strong!"

Lucas Bush smiled and showed his arm as if he really had muscles.

Nicole embraced him in his arms, but she didn't know where to start.

There was a sound of boiling water in the kitchen, and Nicole quickly let go of her son and walked over.

Lucas Bush watched Nicole leave, and then stumbled.

He still overestimated himself.
