### Don't Try to Escape, My Wife!

#### Chapter 91: I adore you

Nicole Bush was flustered, but it could hardly tell that she was nervous. She looked at Tim Louis coldly and said, "When did you become a good friend with Samuel Green? You start to mediate for him?"

Tim Louis was completely stunned and realized something immediately.

"No, I didn't try to mediate. I just talked nonsense. Actually, Samuel Green's favorite person is himself, right? Hey, beauty, do you want to consider me?"

Tim Louis leaned in with a smile.

Nicole Bush sneered and said, "Are you still fooling around?"

"I'm really not fooling around, and I just fall in love with you."

With the words, he wanted to lean on Nicole, but Nicole Bush had realized his intentions. She slightly slipped away. Tim Louis almost fell into the sea. Fortunately, Nicole Bush grabbed his hand.

"Holly molly! I know that you have a feeling for me, I know you love me.'

Tim Louis's mouth was still talking nonsense.

Nicole Bush didn't bother to care about him. After pulling him back, Tim Louis fell directly on Nicole Bush. Nicole didn't know whether it was intentional or not.

"Oh, I can't keep balance anymore. The wind is so strong here."

A scent of fragrance came across the face.

Tim Louis only felt refreshed and rejoiced.

He had met so many women, and all of them make him suffocated in a variety of perfumes. Nicole Bush did not have any perfumes, but had a unique smell, which made him intoxicated.

He took a deep breath; his look was extremely nasty.

"Get off!"

Nicole Bush couldn't stand Tim Lou's nasty look, reaching out to push him away, but Tim Louis grabbed her hand and said, "No wonder the old saying said that 'Die for a beauty is also a happy thing'. Beauty, you make me Intoxicated, oh my heart is beating for you. Can you feel it?"

While talking, he put Nicole Bush's hand on his chest.

"What are you doing?"

Samuel Green suddenly snorted and scared Nicole Bush withdrew her hand unconsciously, and kept a distance from Tim Louis for the first time, but in Samuel Green's view, it all seemed a little too obvious.

Tim Louis was so scared by Samuel Green's voice that he almost fell into the sea.

He also sensitively noticed Nicole Bush's first reaction.

Did she really have nothing to do with Samuel Green?

Samuel Green wanted to come for Nicole Bush, but when he saw this scene, his footsteps stopped.  
He still remembered what Lucas Bush said to him when he was unconscious on the operating bed.  
Although this child hated him a little, he will donate blood to himself at the most critical time, which  
made Samuel Green very moved.  
This was his son!  
Nicole Bush was not in the house, and did not know where she went.  
Samuel Green sat lightly on the edge of the bed, trying to separate the two brothers, hugged Joseph  
Green, and placed him beside Lucas Bush.

But Joseph Green was very unreliable while sleeping, and when he lay down, he took a foot and straddled Lucas Bush's waist directly, and his small arm tightly grabbed Lucas Bush's body, muttering, "Lucas, I won't let you go!"

Seeing Joseph Green so innocent, Samuel Green's eyes softened a lot.

Although he was born by Riley George, he really didn't like Riley George, which was very comforting to Samuel Green.

If what Macon Joe said is true, then for Joseph Green he would not let Joseph Green return to the Seapolis City, at least not the present

Lucas Bush was still alert when he was sleeping, and when he noticed someone was staring him, he quickly opened his eyes.

His eyes were clear, and he was not sleepy at all. When he saw Samuel Green, he was a little bit stunned, but he didn't say anything, but the next moment when he noticed Joseph Green's ugly sleeping posture, and he frowned tightly.

Lucas Bush stared at Joseph Green with some disgust, but unfortunately Joseph Green slept soundly, with a drop of saliva still in the corner of his mouth.

His brows were almost knotted.

Seeing the expression of Lucas Bush, Samuel Green suddenly smiled.

This was really his son, exactly the same as he was when he was young!

"Gently move his hands and feet away. If he didn't move, you can tell him that Daddy is back and he will be quiet."

Samuel Green said in a low voice.

Although Lucas Bush didn't want to do it, he was imprisoned like an octopus, and this was uncomfortable.

He tried hard to remove Joseph Green's hands and feet, but he seemed to be wrapped around himself, which made Lucas Bush speechless.

With no other way, he had to say dumbly, "Daddy is here!"

As soon as this sentence came out, Joseph Green, like a controlled doll, let go of Lucas Bush in a panic, and shrank honestly to sleep.

Samuel Green trembled a little because of what Lucas Bush said just now.

"Say what you said just now."

Samuel Green looked at his son with anticipation.

Lucas Bush glanced at him arrogantly and got up and got out of bed.

Nicole Bush's eyebrows were filled with more joy. Whoever came here, Samuel Green, as the person in charge here, was definitely going to leave. Now that Samuel Green would leave, she would be more comfortable with the children.

At this time, Nicole Bush didn't think about why she was so repulsive to being with Samuel Green. She simply didn't want to be with him, especially after experiencing such things.

Samuel Green's face was somewhat awkward, and Lucas Bush frowned slightly, but Joseph Green was not affected. Perhaps for Joseph Green, Samuel Green was originally busy, and usually did not have many chances to see Samuel Green at the Green Family, not to mention eating at the same table.

Nicole Bush coughed and said, "Don't you go out and see?"

"You really want me to leave?"

Samuel Green stared straight at Nicole Bush's eyes. Although he didn't want to admit it, Nicole Bush's eyes gave her away which made Samuel Green feel very uncomfortable.

A woman who once loved him so much, how can she be like this now?

It was not that Nicole Bush didn't see the pain in Samuel Green's eyes, but she pretended not to see it, and bowed her head and said, "If I said yes, will you leave?"

"Impossible! I haven't eaten the food you cooked for a long time. I won't leave in any case."

Samuel Green obviously didn't want Nicole Bush to be happy.

This woman was making him angrier and angrier now.

Nicole Bush was also guessing about such a result, so there was not much disappointment. She just shrugged indifferently, and then sat down beside Lucas Bush.

Joseph Green was puzzled.

How was the daddy now different from the daddy of the Seapolis City?

But Joseph Green didn't dare to ask Samuel Green, so he lowered his head and drank the water in front of him. Seeing that a glass of water was about to be drunk, suddenly a pair of chubby hands stretched out and took his glass.

"Huh? My water!"

Joseph Green murmured quickly, but saw Lucas Bush put the glass directly into the distance, and said lightly, "Eat."

"But Daddy hasn't eaten yet."

Joseph Green was also very hungry himself. The hungry almost make his stomach scream, but Samuel Green did not start.

So he cannot eat. Riley George told him that this is the rule of the Green Family.

Lucas Bush glanced at Samuel Green and said in a low voice, "Don't you hungry after transfusing so much blood?"

"Hell, yeah!"

Joseph Green spoke weakly, glancing at Samuel Green from time to time, his eyes were very pitiful.

Samuel Green suddenly felt he was very childish. In order to tangle with Nicole Bush, he ignored the children's feelings.

"You can eat."

Samuel Green spoke, Joseph Green quickly picked up the chopsticks, and Lucas Bush didn't even care about Samuel

#### **Chapter 94: Are You Sick?**

Nicole Bush was a bit repulsive.

"I have nothing to say to you."

Nicole Bush didn't want to care about Samuel Green. Although the story he just told was a bit touching, the person was not him. So why would she follow him?

Samuel Green grabbed Nicole Bush's arm without explanation, got up and left.

"Hey, hey, Samuel Green, are you bandits? I haven't finished my meal yet."

Nicole Bush was not as powerful as Samuel Green. The main reason was that she actually remembered the wound on Samuel Green at this time.

In case she exerts force, will his wound break open?

With such hesitation, Nicole Bush was dragged out by Samuel Green.

"Samuel Green, don't go too far!"

Although Nicole Bush growled, the strength in her hand was not too hard. Sensing this, Samuel Green slightly smiled.

This woman was aggressive but soft-hearted. Who said she didn't care about people?

Jacob Brown saw Samuel Green coming out, originally intended to go forward to report but seeing him pull Nicole Bush's hand out, and with a look of shy, Jacob Brown retreated silently.

Nicole Bush saw Jacob Brown, and quickly said, "Aren't you looking for Samuel Green? Get him away quickly."

It seemed that Jacob Brown hadn't heard it. He smiled and retreated.

Nicole Bush feels that Jacob Brown was simply abominable, and was exactly the same as Samuel Green!

Samuel Green was a little happy, and took Nicole Bush all the way to seaside.

The sea breeze was a bit strong, and Samuel Green took off his coat and put it on Nicole Bush.

When Nicole Bush wanted to take it off, she heard Samuel Green say, "I don't want me to use my force. You'd better to be quiet."

"Stop, you are saying as if you are physically strong now, I don't know who was lying on the operating table like a sick seedling a while ago, waiting for the blood of two children."

Nicole Bush poked Samuel Green's weakness without mercy.

"We go back to the Seapolis City immediately!"

Samuel Green made a decision immediately.

Jacob Brown did not know that Samuel Green was injured. After hearing Samuel Green's order, he quickly arranged for the helicopter to return to the Seapolis City.

Nicole Bush just came out when she heard the news. She still had some doubts and wanted to ask Samuel Green in person, but found Lucas Bush came over with a heavy heart.

"What's wrong? Lucas? Did you have a fight with Joseph Green?"

The only problem she thought of is this, and she didn't think Joseph Green could bully Lucas Bush.

Lucas Bush looked at Nicole Bush and asked doubtfully, "Mommy, where's your parent? Do I have grandpa and grandma?"

"Why do you ask this?"

Nicole Bush was somewhat sad.

She had never told her children about her parents in the past five years, not because she didn't want to say, but she didn't know how to tell them. Moreover, in the past five years, Zoe's illness had left Nicole Bush exhausted. She had little chance to mention her parent. Lucas Bush suddenly asked this question, which really surprised Nicole Bush.

"Did you hear anything?"

"Well, just now I heard Samuel Green's assistant tell him that Miss Bush's parents are in a hurry to go abroad, but it seems that something went wrong. Is Miss Bush you?"

Lucas Bush told Nicole Bush what he just overheard.

Nicole Bush suddenly panicked.

"Did you hear Samuel Green's assistant say this in person?"

"Yeah."

Seeing Nicole Bush nervous, Lucas Bush realized that Miss Bush should be Nicole Bush.

"Mommy, don't worry, Samuel Green is ready to go back, but he haven't left yet, you can follow him back. I will take care of myself here, and you don't need to worry about me."

Lucas Bush pacified Nicole Bush sensibly.

Nicole Bush thought that it was a gift that God could give her such a son. She should take care of Lucas Bush at this time.

But if the parents really had something happened, she couldn't just sit back and ignore it.

"Lucas, stay here, ok? No matter what happens, you go to the Instructor Macon Joe. He will protect you and protect Joseph Green."

Nicole Bush did not want to believe what Samuel Green said, but what if what he said is real?

If Joseph Green was really his brother's posthumous son, then she should not be jealous about a child, besides Lucas Bush was really good to him.

Lucas Bush was surprised, but nodded.

"Mommy, you must take good care of yourself. I will make a video with my sister every day, you can rest assured."

### **Chapter 96: It's Embarrassing**

"Ahhhh!"

Nicole Bush exclaimed, her body was already hugged by Samuel Green.

When they wo hugged together, a long-lost feeling touched each other again, leaving them briefly stunned.

Samuel Green's wound was actually painful, but at this moment, he felt it didn't matter if it hurt.

The plane was still bumpy, and Jacob Brown in front quickly said.

"Mr. Green, there was turbulence in the air, the plane was a little bumpy, you..."

Before he finished speaking, he turned around and saw Samuel Green and Nicole Bush hugged together.

He stopped quickly and continued to be dumb, but his words still let Nicole Bush and Samuel Green quickly loosen each other.

Samuel Green was naturally reluctant, not to mention living as a monk for five years. Now the person he holds was his wife, but he couldn't do anything and dare not do anything.

Nicole Bush felt a little embarrassed and quickly sat down and fastened herself with seat belt.

If it was not for checking out Samuel Green's wound, she wouldn't forget about the safety belt. It was quite embarrassing for this moment since such thing happened.

The two of them said nothing for a while.

The atmosphere was somewhat embarrassing, and Jacob Brown did not dare to say anything at this time.

The plane flew to the Seapolis City after more than an hour.

When they landed in the Seapolis City, Nicole Bush was anxious and excited.

Samuel Green put on his coat and concealed his injuries. Although the Green Family was second to none in the Seapolis City these years, it also made some people jealous and caused a lot of enemies. If at this time they knew that Samuel Green was not in good health, it was estimated that many people wanted to take the opportunity to kill him.

After all, if Samuel Green was dead, the Green Family was destined to fall, and those companies would be taken by other families.

The reality was always so cruel.

Samuel Green grabbed the coat, and Nicole Bush could not wait to get off the plane.

The weather outside was a bit gloomy, and it made people feel uncomfortable and depressed for no reason.

After Samuel Green got off the plane, he held Nicole Bush's hand tightly and said in a low voice, "Don't be nervous, I got this."

Nicole Bush wanted to withdraw her hand, but Samuel Green was holding so tight that she could only let him holding her hands.

Jacob Brown had already arranged for the car to waiting for them.

After getting off the plane, Samuel Green and Nicole Bush got on the car directly and drove towards the Bush family quickly.

"Dad, Mom..."

Nicole Bush called out softly, but Samuel Green held her hands tighter again, and he said in a low voice, "You need to think about it clearly, if you recognize them now, maybe you can stop them going abroad, and also stop those People who try to use your parents. If you need it, I will prove to them that you are their daughter as soon as possible."

Samuel Green's eyes looked a little anticipating.

No one in the world expected Nicole Bush to admit his identity more than he did, because once she admits, she was the young lady of the Green Family, the wife he was marrying by Samuel Green!

Feeling Samuel Green's hotly anticipated eyes, Nicole Bush really wanted to admit for a moment. Whether it was because of Samuel Green, she couldn't help but want to cry when she looked at her parents' old appearance.

She hasn't seen them in five years. The temples of her parents had been completely white, and her mother's face was even more wrapped in wrinkles.

Although she did not know what kind of days they have been living in the past five years, they were obviously not very good.

Samuel Green was right, as long as she told them her identity, they might not be used by others, but she couldn't say it now.

Nicole Bush's heart was tearing violently. The pain was a little uncomfortable, and even could not stand, and he could only maintain balance by leaning on Samuel Green.

"Let me lean on your shoulders."

This was the first time Nicole Bush has been friendly to Samuel Green since he returned to China, and it seems to be in demand.

Samuel Green hugged her shoulder in distress and a little disappointed glanced under his eyes.

He knew Nicole Bush as much as he knew himself. From Nicole Bush's eyes, he had seen the answer he wanted.

Nicole Bush does not want to recognize her identity!

Samuel Green was puzzled by this, but was helpless.

Nicole Bush said in a low voice, "I want to get something back in the car, you help me stop them first."

"I help you get the thing."

Samuel Green was a little uneasy when Nicole Bush went back to the car alone, looking at her face at this time, as if she would faint at anytime and anywhere.

Nicole Bush shook his head and said, "No, I can do it myself."

After she finished speaking, she released Samuel Green and turned around quickly, fearing that her tears would be seen by her parents.

Samuel Green looked at her staggering back. His eyes glanced over a sight of distress.

He didn't know what Nicole Bush was going to do, but since she wanted to do it, it would be good if he let her do it.

#### **Chapter 98: She Finally Went Home**

It was a green jadeite bracelet. When Nicole Bush's 20th birthday, Ms. Bush personally went to the Yunnan border to pick it for her. When she married Samuel Green, the only dowry she took was this.

Now that so many years have passed, how could Mrs. Bush not be excited when she saw this bracelet again? That's something Nicole Bush never left behind!

"Why do you have Nicole's stuff? Where is my daughter?"

Mrs. Bush hugged Nicole Bush's shoulders tightly, the tears in the corners of her eyes could not stop, and her body was trembling slightly.

Nicole Bush had experienced a lot of struggle in her heart. She really wanted to tell the woman in front of her that she was her daughter!

But Samuel Green's hopeful look and Mr. Bush's doubtful eyes all made her wake up instantly.

They were not young anymore, they have experienced the pain of losing a daughter, and they certainly could not experience another feeling of losing family again.

Nicole Bush suppressed her discomfort in the heart, said in a low voice, "She is healing in a very safe place. Aunt, I came to tell you that she will definitely come back to find you, but before she comes to you, please do not believe in others, and don't go anywhere, wait for her to come back."

"What happened to her? What happened to my Nicole?"

Mrs. Bush's tears could no longer be held back, and the teardrops dripped on the back of Nicole Bush's hand, burning very hot.

Nicole Bush choked with a sore throat and said in a low voice, "The fire made her look beyond recognition. She was healing and treating. Auntie, maybe her look won't be what you once knew when she came back, could you still accept her?"

"She is my daughter! I carried her for ten months! How could I not accept her? Even if there was some misunderstanding and awkwardness between us, but what can be compared to life and death in this world? Her Dad and I are so old that we can't live a few more years in our life. We just hope to see her in our lifetime and then we will be content."

Mrs. Bush cried silently.

Nicole Bush was distressed to insanity.

"I have some pictures of her here. Do you want to see her?"

Nicole Bush didn't actually plan to let his parents see her embarrassing face, but now if she couldn't persuade them, they would leave the Seapolis City and were exploited by those who were interested, and there may be unexpected things and accidents.

She didn't want anything happen to her parents!

When Mrs. Bush heard it, she quickly got a spirit.

"Sure, no matter what Nicole had become, we will accept her!"

Although Mr. Bush didn't say anything, he seemed eager.

Father's love was as thick as a mountain!

In the past, Nicole Bush always felt that her father was stern and even felt that he was somewhat impersonal, but after separation of life and death, she realized that the father's love always existed, but his expression was subtler and more forgiving.

Nicole Bush took Mrs. Bush and her Dad back to Bush's house.

Samuel Green saw them like this, just want to follow, but then heard Jacob Brown's sound, he hurried up, whispering, "Mr. Green, the Don Family's people got the news and was coming here."

"Do they come for Nicole?"

"It seems to be!"

Mrs. Bush was going to pick it up subconsciously, but was stopped by Nicole Bush.

“Auntie, let me answer it.”

Nicole Bush's eyes were dignified.

Mrs. Bush suddenly felt so familiar with this kind of eyes, so familiar that she shuddered, and a bold thought flashed through her mind.

But she didn't make any noise, just withdrew her hand gently.

Nicole Bush didn't pay too much attention to Bush's actions. All her thoughts were taken away by the phone in front of her.

Who would call this number?

Could it be that the person who wanted to deceive his parents to go abroad?

Nicole Bush answered the phone with a serious expression.

“Hello?”

Nicole Bush's voice was cold, and the other party seemed to freeze, and then quickly hung up.

The busy sound came from the phone, but this made Nicole Bush's heart sink.

If the call was made by mistake or by an acquaintance, it was impossible to hang up without saying a word, unless the other party did not want her to hear his voice, or for other reasons. But no matter what, Nicole Bush was a bit wary.

“What's wrong? Who's calling?”

Mrs. Bush had been watching Nicole Bush, and suddenly found that she was somewhat similar to her daughter.

Nicole Bush said with some concern, “Auntie, I think someone may want to control you by using Nicole. Although I don't know what they want to do, if you believe me, no matter what kind of letter or phone, please tell me first. I don't want Nicole to worry about you.”

If before this, Ms. Bush might not trust her, but now the more she looked at Nicole Bush, the more intimate she was. She tremblingly holds Nicole Bush's hand and says, “I will follow your instruction whatever it is. Be careful yourself, Ok?”

Nicole Bush was all excited, but she had to suppress it and nodded.

Mrs. Bush said to her, “Since you are Nicole's good friend, go to Nicole's room and rest for a while. I can see that you are very tired. When the meal is done, I will tell you.”

Nicole Bush was really tired, but she was reluctant to give up this time to rest. Ms. Bush had a firm attitude and she had to return to her boudoir.

It was exactly the same as the decoration when she hadn't married Samuel. It was even cleaned and tidied up, there was no dust, she could see that her parents really missed her.

Without Mrs. Bush around, Nicole Bush couldn't help crying anymore.

She caressed the picture on the bedside table, which was taken when she was still at home. She was so youthful and so glorious in the picture, but so strange at this time.

In five years, the facelift had almost made her forget her own appearance. Now when she saw this photo, the memories of the scenes come to mind. Comparing parents' care for her with the old and weak parents now, Nicole Bush sat by the bed and choked silently.

The note said "My baby."

"My!"

Mr. Bush's hands were a little excited, but he smiled and said, "This child looks really handsome."

"Yeah, when he was born, he was very adorable. Since he was born, he has been considerate and sensible."

When it came to her son, Nicole Bush was full of pride.

Mr. Bush calmly opened the photo album and slowly looked at it, and the more he saw, the more joyful he felt.

"I was not easy for Nicole to be abroad?"

Mr. Bush suddenly changed the subject.

Nicole Bush said in a low voice, "It's nothing, there are children here to accompany her, and it's a happy and fulfilling life."

Mrs. Bush said anxiously, "Give it to me, why are you so selfish, old man?"

"I did not finish yet."

Mr. Bush and Mrs. Bush started arguing like two children.

Nicole Bush saw them like this, lips raised slightly. She vowed to bring Lucas Bush back to see the parents.

Just when she shared family happiness with Mr. Bush and Mrs. Bush, Samuel Green did not go well.

Shortly after leaving the Bush family, Samuel Green met the team brought by Jason Don halfway.

There were exactly eight Bentleys, each of which was full of people, and it looked like a huge situation.

Samuel Green parked the car directly in the middle of the road, preventing them from moving forward.

"Jason Don, what do you mean?"

Samuel Green did not talk about friendship at this time.

It was impossible for him to still maintain a gentlemanly manner when others was about to hurt his woman.

Jason Don wasn't surprised to meet Samuel Green here.

He rolled down the window and said coldly, "Mr. Green, this is your business today, and I hope you let it go."

"I said, Catherine is my woman, you have to ask me if you want to touch her."
