Chapter 131: Visiting The Store

'I felt the disturbance in electric signals around me, so it's obvious that the camera is active and fully functional. But maybe George hasn't checked the footage yet?'

'Or perhaps, the cameras have motion detection at a certain range?'

Rudy looked at the time on his phone and muttered, "It's 7: 57 PM."

'The store from where Alice bought the swimming suit closes at 8 PM. I have to get there as soon as possible, or I might not find a clue.'

Rudy walked out of the gate as a normal person would and hid behind the tree to get away from the sights of any passerby who might be watching him.

Then, he teleported near the convenience store where Rebecca worked and soared into the sky above the clouds.

Rudy had been to that store in his past life, and he knew the exact address, so, fortunately, he wasn't going to waste time searching the shop.

Rudy landed on the alley near the supermarket and activated his see-through ability to check the surroundings.

'Hmm. It's Sunday, so I expected the place to be crowded, but it's not as crowded as I thought it would be.'

Rudy casually walked out of the alley and blended into the many passersby and customers in the supermarket.

He then rushed his way out of the market and entered the shopping mall.

'The supermarket won the case against the shopping mall, if I recall correctly.'

The only way to enter the shopping mall was to pass through the supermarket. And since supermarkets also had things that were sold in the mall, their sales were affected.

The mall tried to sue the supermarket, thinking they would win the case since they were the first one to exist. But the supermarket won the case instead, and the mall's complaint was considered invalid.

'There were a lot of controversies about the case, and it was a mess. But that's none of my concern.'

Rudy made his way into the shopping mall and took the stairs to the higher floors instead of taking the stairs.

After reaching the correct floor, Rudy entered the shop from where Alice had bought her swimsuit.

"Excuse me, Sir. But we are about to close," the employee in the shop said.

"Yeah, you can go ahead and close it. I am here to..." Rudy uttered as he glanced around the corner of the shop to check if the store had cameras installed or not; since that could help him immensely and make everything easy.

Fortunately, they had cameras in every corner of the store.

Rudy ignored the employees and walked to the counter, where the live feed of the cameras was shown.

"I want to check the footage of Friday," Rudy said to the man sitting in front of the monitor.

"Who are you? Are you the police? Can you show me an ID proof?" the man at the counter asked with a confused look on his face.

"No, I am not. I am just here to see the footage of the day before yesterday," Rudy replied as he gained access to the system.

"I am sorry, but we can't show you that. It's the matter of—!" The man at the counter fell off his chair as he saw the screen moving on its own.

"What's happening?!" he panicked.

'Alice said she came here after school ended— at around 6 PM. So...'

Rudy fast-forwarded the footage and stopped when he saw Alice entering the store with George. He once again fast-forwarded and saw the entire footage until Alice and George left the store.

'Hmm. The swimsuit wasn't tampered with. But maybe it was a defective piece?' Rudy wondered.

Rudy felt bad after looking at the employees who were freaking out, so he grabbed a random female swimsuit and swiped Maria's card.

"Can I have the receipt, please?" he asked in a calm voice.

The man at the counter slowly moved his trembling hand and handed the receipt to Rudy.

"Thanks."

Rudy was about to leave, but the female employee standing beside him gave a plastic bag to Rudy.

"Here."

"...!"

Rudy placed the swimsuit in the bag and left the store. But not before deleting the footage of him entering and leaving the store.

Rudy noticed most of the stores in the mall had closed, and the ones open were about to close soon.

'This is the only shopping mall in this town, so it has all the advantages. They won't have to worry about giving offers, as they know the customers are going to come to the mall anyway.'

'Or so was their plan. But the supermarket started, and it gave the same stuff at a much cheaper price compared to the mall. No wonder they sued the market.'

Rudy wanted to teleport directly to his room, as he was at curfew time.

'Mom warned me this morning that I have to be home before seven. And in my room before eight...'

"I don't know if she was serious about that or not, but I am past 8 PM. And since it's Monday tomorrow, she might leave for her night shift before I get home..." Rudy muttered.

If Rudy walked his way out of the mall, and then the supermarket, it would take him more than ten minutes. And the chances of him greeting Rebecca would become less as the time passed.

However, Rudy couldn't teleport even if he wanted to.

"There are cameras everywhere. Even if I go to the washroom and teleport from there. I am sure the man or woman sitting in front of the monitor would be staring at the screen and waiting for me to come out," Rudy scoffed.

"And if I don't come out, they will send someone to check-up, only to find it was empty. Then... it will become a big deal..."

Even though Rudy had the power to do anything he wanted, there were times when he was helpless. However, Rudy was Rudy, and his mind worked differently than everyone else.

Rudy glanced around to see the washroom sign and walked towards it.

Chapter 132: Home Sweet Home

Rudy glanced around to see the sign of the washroom and walked towards it. Then, he created a minor disturbance in the electric signals that blurred and made the footage laggy.

After confirming no one was looking at him, Rudy entered the washroom and teleported himself into his room.

There were many risks for him to teleport to his room, and one of the major risks was being caught by Rebecca.

Fortunately, his room was empty with no one in it.

SIGH!

He sighed in relief and activated his see-through ability to check if Rebecca had left or not. Luckily, she was still in the house, taking a bath in the bathroom.

"Where did Angelica go?" he wondered as he walked downstairs without making any noise.

He took off his shoes and placed them near the door. After that, he opened the front door and closed it with a loud voice, seemingly trying to make it look like he just got home.

He walked into the living room and kitchen, but Angelica wasn't there either.

"Where did that pervert go?" Rudy facepalmed himself and muttered, "It's okay, Rudy. She should be around here somewhere."

Unfortunately, as Angelica was a ghost, and she didn't have a physical form— even though Rudy could touch Angelica— his see-through ability looked past her as though normal eyes can't see the air.

"Rudy? Is that you?!" Rebecca asked from the bathroom.

"Yes."

"Good timing. Can you pass me the towel, please? I was in a hurry and forgot to take it with me!" Rebecca said from the other side of the door.

"..." Rudy exhaled sharply and said, "Sure."

"It's in my room! And while you are at it, bring my clothes too!"

SIGH!

Rudy let out a weary sigh and muttered, "She can be careless sometimes..."

Rudy walked into Rebecca's room and saw the towel and her clothes on the bed.

"Nice. I don't have to look through her closet and see her... underwear"

Rudy grabbed the clothes and the towel from the bed and rushed to the bathroom. He stood in front of the door and said, "I am placing them in the bucket, okay?"

"Can't you open the door and hang them on the hook to the other side?"

"Well... you are in there so..."

"Don't worry about it. I am in the tub, and the curtain is also closed" she said.

"Okay, then... I am coming..."

Rudy opened the door, or he could have, but it was locked from the inside.

'She forgot that she locked it...'

Rudy used his powers and unlocked the door from the other side. Then, he opened the door and walked inside.

"Oh wait! Did I lock the door?" Rebecca asked curiously. "Rudy? I heard the sound of the door opening. Are you inside the bathroom?"

"Umm... yes, mom. The door wasn't locked," Rudy uttered awkwardly and hung Rebecca's clothes on the hook.

He didn't want to see Rebecca's underwear, but when he was hanging up the tower and the clothes, Rebecca's bra slipped from between the clothes.

"...!"

Rudy immediately picked them up, and he was about to leave the room, but he saw Angelica standing in the corner of the bathroom. She was staring straight at him with a wide grin on her pale face.

'Not going to lie, I almost screamed...'

Rudy glared at Angelica and said, 'What are you doing there?! Get out!'

Of course, he was using telepathy to communicate with Angelica. He couldn't possibly yell when Rebecca was taking a bath on the other side of the curtain.

Angelica dashed at Rudy and hugged him without saying anything.

Rudy knew he wouldn't be able to do anything against Angelica as long as he was still in the bathroom, so he left after saying, "I will be closing the door."

After leaving the bathroom, Rudy teleported to his room and pushed Angelica on the bed.

"Ouch! So rough~" Angelica said in a seductive voice.

"What were you doing in the bathroom?" Rudy asked with a furious look on his face. "And you better not have tried to scare mom."

"Of course not."

"Then why were you in the bathroom....?" Rudy asked with a judging look on his face.

Angelica squinted her eyes and uttered, "How about first asking me how I was doing in your absence instead of yelling at me?"

"I am not yelling at you. I was just..."

"Just what?"

"Nevermind. You are right. I am sorry," Rudy let out a big sigh and asked, "So? Mind telling me what you did in my absence and why you were in the bathroom?"

"After you left, I was sleeping on the bed. But after a few hours, I was woken up by a noise. And... I opened my eyes to see your mom standing in front of the bed, looking straight at me."

"...!"

"Of course, she was just looking at the messy bed, but I was scared for a second. Then, she cleaned your room and looked through your closet as if she was looking for something," Angelica informed.

"And then...?" Rudy asked curiously.

"Then, she tried to fix the lock on your door, but she ended up breaking the door handle. So now, there is a hole instead of the handle," Angelica stated.

"What about the bathroom? Why were you there?"

"Since your mom was making too much noise in your room, I decided to take a nice bath. So I went to the bathroom, but a few minutes later, your mom came in and... ugh... I had to get out of the bathtub," Angelica groaned.

"But you could have just left..." Rudy shrugged his shoulders and said, "You can pass through subjects, right?"

"I tried to, but I couldn't." Angelica once again hugged Rudy and said, "I think it's because you were away from me."

"Hmmm..." Rudy hummed in wonder and uttered, "We both are connected, so maybe it affected your body somehow?"

"I don't know, and I don't care." Angelica kissed Rudy on the lips and said, "The only thing I care about right now is you. Give me lots of kisses and tell me how was the date?"

Rudy kissed Angelica and started telling her everything.

Chapter 133: Dinner With Rebecca (ii)

Rudy told everything to Angelica, but they couldn't contain themselves and ended up having sex while talking. Angelica asked Rudy many questions, and also made fun of him several times.

She enjoyed seeing Rudy in trouble, and that wasn't something new, so when he told her how George came back home just when things were getting heated between him and Alice, Angelica laughed out loud for minutes.

Rudy was angry, but he couldn't do anything. His snake was already ravaging Angelica's cave, which she was enjoying very much. And Rudy was longing to hear Angelica's moan and see her orgasmic face.

Sex with Angelica was like a daily dose for Rudy, and he needed it every day. It was the same for Angelica, but she had accepted the reality.

She knew that there would be days when she wouldn't get to spend time with Rudy once his harem increased. But she was worried about nothing.

They had sex until Rebecca called Rudy from downstairs for the dinner. Rudy released his load inside Angelica's cave and went downstairs.

"What were you doing? I could hear creaking noises coming from your room..." Rebecca asked with a judging look on her face.

"Uhh... I was just fixing the mattress of the bed. Did you clean my room, maybe?" Rudy asked with a knowing look on his face.

"No. I don't have time to clean your room, and you should do it yourself," Rebecca responded while averting her gaze.

"..."

"Come now, eat while the food is hot. I am also getting late for my shift," she said.

'Why did she lie?' Rudy wondered.

"Oh! And...uhh... I got a call from Joe. He was saying the landlord died in a natural disaster, and since he had no nominee or relatives, the property now belongs to the government," Rebecca informed.

"So... when will they move out?" Rudy asked curiously.

"They will send some stuff tomorrow in the morning, and the rest of the stuff in a few days," Rebecca replied.

"The house is going to be crowded soon..."

"Yeah."

'Wait a minute, I wanted to ask this in my previous life, but I didn't because I didn't know the whole story.'

Rudy raised his brow and asked, "Mom, can I ask you something?"

"Hmm? Sure."

"Logically speaking, Joe lives in an apartment, and it's bigger than our house. So why don't we move there instead of them moving here?" Rudy asked with a curious look on his face.

"Because... you have a school here, and no other school would provide you with a scholarship. And my job is here too," Rebecca responded.

"So what about Lucy's school? Won't she have to change schools?" Rudy asked curiously.

"She goes to an all-girl's high school which is located on the border of this town, and the next city. So the distance would almost be the same, and she won't have to change schools."

"And before you ask about Joe, he can take the train or bus to go to work," Rebecca added.

Rebecca answered Rudy's question as though she had already prepared the answer. But she didn't answer his main question.

'But why can't we move there? I get it's because of my school and her job, but Elenor has more convenience stores in the next city, and I can always commute to school.'

"And what about Lucy's friends?"

"Enough question. Focus on eating."

"..."

While Rudy was eating, Rebecca shot glances at Rudy as though she wanted to ask him something.

"It seems you forgot what I told you this morning," Rebecca uttered. "I am talking about the curfew, of course."

"Well, I was on a date with Alice, and I couldn't just bail out on her, you know?" Rudy shrugged his shoulders and said, "I didn't want to make her upset."

"Oh? So you care more about Alice's feelings than mine?" Rebecca remarked.

"It's not like that. If you had called me and asked me to come home, I would have come right away." Rudy looked into Rebecca's eyes and said, "You are the most important to me, mom."

Rebecca's face flushed a little, but she managed to stay calm by drinking a glass of water.

Angelica, who was sitting on the table in front of Rudy, shot a glance at Rudy and shook her head.

'Seriously, does he not listen to himself before speaking? He says absurd things without thinking of the consequences. And just because everything works out in the end, doesn't mean it would always work out,' Angelica uttered inwardly.

'But I guess... Rebecca is also the same as Rudy...'

After witnessing Rebecca today, Angelica found something shocking that left her baffled.

'I want to tell him what exactly Rebecca did today, but I can't. He himself hasn't realized his feelings towards her, so if I point them out or tell anything about Rebecca, Rudy would surely debunk me saying I am a pervert and I think too much— which isn't wrong, but it's...'

Angelica watched Rudy and Rebecca eat, but something was different today.

'Is it just me or does mom look in a happy mood today?' Rudy asked himself. Usually, she would be in a bad or neutral mood at dinner for some reason. But today... she seems to be in a good mood.'

'She even lied to me and said she didn't clean my room. Why would she do that?' Rudy wondered. 'She could have just said yes, or maybe said something like 'Since you would be sharing this room with Lucy soon, I was making some space and cleaning the useless things'. But she straight up lied and denied.'

Rudy wasn't truly worried about that as he thought Rebecca did that, so he wouldn't get angry at her, or feel embarrassed. But Rudy didn't have any adult magazines or anything that could get him in trouble.'

"How was the date with Alice?" Rebecca asked curiously.

"Yeah, it was great. And we—"

"Oh, I am getting late!" Rebecca got up from her chair and said, 'Let's talk about this in morning breakfast.'

After saying that, Rebecca grabbed her purse from the couch and hastily left the house.

Rudy glanced at Angelica and uttered, "I am surprised you kept your mouth shut this entire time."

"Nothing good happens when you and your mom talk," Angelica scoffed out loud. "You both are the same pea of the pod."

"That's not the correct phrase..."

Thanks for reading.

Chapter 134: Home Alone

Angelica was sleeping nicely on the bed with her hands beneath her head. She was curled up perfectly that no one would want to wake her up if they saw her sleeping.

However, no one could see her.

It has been a few hours since Rudy left, and it was around noon time.

The door of Rudy's room opened and Rebeca slowly walked in without making any noise. Then, she glanced around the room and let out a weary sigh.

"So he left, huh?" she muttered.

Rebecca had fallen asleep in Rudy's arms, and when she woke up, she found herself sleeping on the bed. She couldn't recall what exactly happened, but she knew that something had happened.

She then checked the time and came upstairs to check whether Rudy had left or not.

"He is on a date with Alice...?" She furrowed her brows and muttered, "Alice is a nice girl, and she is like a sister to Rudy. But... I wonder what their relationship is now."

"And who takes a girl to the water park on the first date? That's way too bold and creepy..."

Rebecca's brows were furrowed, and she was saying all that while glaring at the empty bed, that wasn't empty.

Angelica had woken up the moment she heard the word 'date', but she couldn't care less about that since she saw Rebecca glaring at her.

'Can she see me?!' Angelica panicked and got off the bed without making any creaking noise.

SIGH!

She sighed in relief after seeing Rebecca was still glaring at the bed.

"But why is she here?"

Rebeca fixed the mattress and the bedsheet of the bed while humming a certain song.

SNIFF~ SNIFF!

"What is this sweet smell?" Rebecca wondered as she sniffed more. "It's coming from the bedsheet. Did Rudy spill something while drinking or eating?"

"Yes, he spilled his white, thick, hot milk. And most of it spilled from my pussy after he creampie'd me," Angelica responded, knowing well Rebecca wouldn't be able to hear her.

But that didn't change the fact that she was being a pervert as she was.

After fixing the bed, Rebecca walked to Rudy's clothes and looked through his stuff.

"If you are looking for porn magazines, then you won't find them. I have already searched his entire room many times," Angelica stated.

"Hmm~ I am surprised that he isn't hiding anything. Isn't it normal for a boy of his age?" Rebecca wondered.

"Well..." Rebecca smiled and muttered, "Rudy is different."

Rudy was no different from any ordinary teenager. While he hadn't fooled around much in his past life because of obvious circumstances, there were times when he wanted to relax and relieve his stress.

Of course, he knew that bringing those stuff to his home would be a suicidal move, especially after Lucy started living in his room. So he used Eric's stuff.

Even now, he went to Eric's house to play adult games and movies. But most of the time, he used his phone to watch cultured videos.

Rebecca took out Rudy's clothes from the closet to clean the closet. She placed all the clothes on the bed and started cleaning the closet.

"There is so much dirt..." Rebecca coughed and covered her mouth. "I should seriously start getting strict on him. But he is so cute and... I don't want to make him angry."

Rebecca bit her lips and muttered, "I made him angry in the morning, too. But that was his fault."

"How dare he talk with another girl when I am with him." Rebecca puffed her cheeks and said, "That's unforgivable!"

"..." Angelica's eyes widened after hearing that.

"Is she seriously jealous?" she asked herself. "No, no. My perverted mind is thinking too much."

After cleaning the closet, Rebecca carefully placed Rudy's clothes in fine order. Now, the closet looked neat and clean with not a single dirt anywhere.

After that, she opened the window to let the air come and go from the room.

"I want to wipe the floor too, but I guess it doesn't matter. Or maybe I will ask Rudy later..." Rebecca glanced around to check whether she missed something or not, but everything was tidied.

She then gazed at Angelica, or rather, at the door behind her and murmured, "What should I do about the lock?"

'Is she going to fix it?' Angelica wondered. 'Rudy said the broken lock was the trigger to some future events that he doesn't want to miss. So either this didn't happen in his past life, or Rebecca failed in fixing the lock of the door.'

Angelica was curious to see the outcome.

Rebecca quickly went downstairs and came back a few seconds later with a screwdriver kit in her hand.

"I don't know if I can fix it or not, But I will try."

Rebecca used the screwdriver to remove the lock from the door, and checked if it was repairable or not.

"Hmm~" Rebecca inspected the lock closely and said, "It is repairable, I guess."

Rebecca removed all the screws from the lock and disassembled it to clean it from the inside.

"I can't count how many times I have repaired this lock, and it stops working after every few months..."

Rebecca reassembled the lock again and installed it on the door. But she suddenly stopped and removed the lock.

"Since Lucy will be sharing this room with him, fixing the lock can lead to certain events. They might be step-siblings now, but in the end, they are a boy and a girl. And that too, in their teenage years when their hormones run crazy..." she muttered.

"But if I remove the lock, Rudy might find it strange..."

In the end, Rebecca decided to remove the door handle too, which left a hole in the door which allowed anyone to look inside the room without entering the room.

"If he asks me anything, I will tell him that it broke when I was trying to repair the lock..."

Angelica couldn't take it anymore, so she decided to go to the bathroom and dip into the bathtub. But Rebecca came soon after and the rest was the story.

Chapter 135: Late Night Text

"Anh! Yes~ Harder! Harder~!?" Angelica moaned.

"Why are you so horny today?" Rudy asked as he increased his thrusting speed.

"I was alone for the entire day. What else did you expect? You have to fill me up entirely and ravage my pussy inside out until I pass out~" Angelica responded while moaning.

"You do know that I haven't slept yet, right? And if I don't get enough rest, my mind will start malfunctioning, and if that happens, my powers will go berserk. In other words, I want to sleep."

Even though Rudy was saying that he didn't want to stop banging Angelica. He knew that even if he went to bed and fell asleep, Angelica would still ride him until she was satisfied.

"It feels strange to have sex in the living room couch. It feels exciting for some reason." Angelica stated.

"Well, it's our first time having sex in my house other than my room, so I guess that's doing the trick," Rudy wondered.

"I didn't know changing places could make sex more exciting. Let's do it in your school next time." Angelica wrapped her arms around Rudy's neck, and legs around his waist. Then, she moved her face close to Rudy's ears and whispered, "Or maybe in your mother's bedroom."

After hearing the last part, Rudy's snake increased in size, and he ended up releasing his load inside Angelica's cave.

Angelica had learned to say the right things at the right time during sex to make it more exciting. She also enjoyed the change in Rudy's expression.

"Rather than a ghost, you are more suitable to be called a demon; a horny demon," Rudy said to Angelica.

Surely, it was truly a strange thing. No son would ever dare to have sex in their parent's room. It seemed wrong and illegal.

After creampieing Angelica, Rudy pulled out his snake from her cave and leaned on the couch.

SIGH!

He took a deep breath and relaxed.

"I feel like I will fall asleep if I close my eyes..." he muttered.

Angelica placed her head on Rudy's shoulders and said, "Sleep then."

"I am sure you will do what I think you will do. And I... do not want to do that, not in the living room, at least."

"Then let's go to your room," she said.

"Yeah, that's what I am planning to do. I don't want to sleep on the couch."

Rudy could walk upstairs to his room with minimal effort, but he was too lazy to do that. So he teleported to his room instead.

However, he forgot to teleport Angelica with him.

Rudy laid down on his bed and closed his eyes, only to open them a few seconds later because of the loud banging noise of the door of his room.

Of course, it was Angelica, and she looked furious because Rudy left her behind.

"How dare you leave me behind!" she yelled and jumped on top of him.

Then, she hugged him and said, "I was so lonely."

"I have never seen someone exaggerate as much as you," Rudy uttered without opening his eyes.

"Aren't you exaggerating about feeling exhausted too?" Angelica asked curiously. "You have spent more days without sleeping before this."

"Yeah, but I don't know why I am feeling sleepy. I mean... I did use my powers, but not that much. I didn't feel any mental stress as I didn't use the powers that put an extra load on my brain. And..." After a brief pause, Rudy opened his eyes and said, "I did have more sex than usual."

"Then you have to get used to it since now you officially have three girls to fuck any time you want," Angelica scoffed with a grin on her face.

"I have yet to peg Alice, but I am not that desperate."

"Lies!" Angelica squinted her eyes at Rudy and said, "You two were going at it, and I am sure you would have gone all the way if that man hadn't interrupted you."

"Hmm... you might be right." Rudy hugged Angelica and closed his eyes after saying, "I love you."

"I love you too. And that's why, I am going to let you sleep now." Angelica got off from top of Rudy and laid down beside him.

"I am both surprised and disappointed at the same time," Rudy chuckled.

"I don't want you to think that I am annoying. I act like that only because I want your attention and love."

"Alright then... I will sleep now..."

Rudy relaxed his body and he was about to doze off when he heard his phone's notification.

"..."

Rudy slowly opened his eyes with a little frustrated look on his phone and uttered, "What time is it, Angelica?"

"It's past 1 AM..."

SIGH!

Rudy raised his hand and used telekinesis to grab his phone without moving from his spot.

"I don't get calls or messages that often, and especially at night. But it might be Eric at this time since I don't think anyone else would—"

Rudy was speaking while checking the message, and he stopped after seeing the sender's name.

"Who is it?" Angelica asked curiously and peeked in.

"It's Alice..."

Rudy opened the message that said: [I miss you.]

"Why did she send a message this late?" Rudy wondered. "We have school tomorrow so... I think Alice shouldn't be awake."

Rudy pondered for a while and uttered, "And I don't remember any homework or assignments given by the school. Nor do we have any tests since our midterms ended a couple of days ago."

"Why are you wasting your time in thinking all of this when you can just reply to her text and ask her why she is awake?" Angelica remarked with a question.

"Never do that to a girl." Rudy sighed and muttered, "This happened with my girlfriend once when she messaged me at 2 AM. I asked her why she was up, and..."

"And what?" Angelica asked curiously.

"She blocked me..."

"Why?"

"Well, she was expecting 'I miss you too' as a reply..."

"Why don't you respond to Alice with that too?"

"Nah, I have something better in my mind.." Rudy sat up and said, "I will go visit her right now."

Chapter 136: Visiting Alice Late At Night

Rudy got off the bed and said, "I am going to Alice's house, do you want to come?"

"Are you... sure?"

"Hmm?"

"I mean... I am sure you two are going to fuck, and I don't want to be a third wheel when it's her first time," Angelica responded in a low voice.

Rudy smacked Angelica on the head and said, "You have to reply with yes or no."

Angelica hugged Rudy and entered his body after saying, "Of course, I want to come. I spent a day without you, now I don't want to spend the night alone..."

"Let's go then."

Rudy locked up the place from inside and teleported to Alice's room.

He wanted to surprise Alice by suddenly appearing in front of her. However, it didn't turn out as he wanted.

Rudy teleported to Alice's bed, while Alice was sitting by the window; seemingly looking at the moon and the stars. She was glancing at her phone every second as though she was waiting for Rudy's reply to her message.

"...."

'Wow! I know I have seen her many times already, but she looks gorgeous in her pajamas. And the moonlight is reflecting on her window and spreading across the room, making her beauty even more stunning!' Angelica said from inside Rudy's body.

'You suck at describing, but then again...' Rudy smiled at Alice and uttered inwardly: 'I can't describe her beauty either.'

Rudy wanted to let Alice be aware of his presence, but it was an awkward moment.

"Why is he not replying...?" Alice asked herself.

She stared at her screen for a while, and suddenly, her eyes widened as though she had seen something shocking.

She placed her hand on her mouth and spoke, "What?! It's 1: 11 AM?!"

"It was 9 Pm a while ago!" she exclaimed in a low voice. "No wonder he didn't reply. He must be sleeping."

After eating dinner with George, Alice went to her room and started recalling everything that had happened today. She was lost in her good memories and eventually started daydreaming.

"I am still awake," Rudy uttered casually.

Alice jumped back after hearing a voice in her room, but her gaze quickly fell on Rudy, and she sighed in relief.

SIGH!

She placed her hand on her chest and uttered, "Don't scare me like that."

"That's your first sentence after seeing me in your room at his hour?" Rudy asked with a surprised look on his face.

Alice shrugged her shoulders and walked to the bed. "How else did you want me to react? Or should I say, what else did you want me to say?"

"I don't know. Maybe a little anxious or something?"

"Well, I wanted to ask 'What are you doing here?', but I already knew the answer to that, so there was no point in asking that. So I skipped all the questions and went straight to greet you," she scoffed softly.

"So... why are you here?" she then asked.

"Since someone was missing me, I decided to give them a visit," Rudy replied with a grin on his face.

"Wow. I didn't know you would come here, though. But I guess... this is going to be a normal thing for me now..."

"Yup."

"Hey... so we now won't have to walk to school every day. You can simply teleport us there, right?!" she asked with an excited look on her face.

"I am not a driver... and no, we are not going to teleport to school every day."

"Why not?!"

"Us walking to school together in the early morning, and coming back home late in the evening..." After a brief pause, Rudy continued, "Those are... a very precious moment to me and for you too. I might sound childish and cringe right now, but believe me..."

"...."

Rudy smiled wryly at Alice and said, "You will miss those moments when you grow up. Because I did."

Alice hugged Rudy and said, "It's okay. I am here now."

Alice felt guilty about reminding Rudy of the sad memories of his past life, and the only thing she could do to comfort him was to give him a nice hug.

"Alice..." Rudy stroked Alice's hair and said, "There is someone I want you to meet."

"Hmm?"

Alice watched Rudy with a confused look on her face. However, she assumed Rudy would do something using his powers.

A few seconds later, Angelica came out of Rudy's body and sat on his lap.

"Aaa—!" Alice yelled out loud, but she quickly covered her mouth after realizing it was Angelica.

"Why would you yell after looking at me?" Angelica asked with a judging look on her face.

"Anyone would yell if they saw someone coming out of someone's body!" Alice retorted.

Alice then turned to Rudy and said, "You did this on purpose to scare me, right?"

"I swear I didn't." Rudy shook his head and said, "I didn't think She would make herself visible right away."

Rudy was telling the truth, and it was Angelica who wanted to mess with Alice.

Unlike with Reina, where Alice made herself visible in the pool to give some time to Reina to comprehend; Here, she showed herself to Alice from the start. And it wasn't a pleasant experience to watch someone come out of a body like that.

Alice glared at Angelica and said, "So you—!"

Knock~ Knock!

Alice was interrupted by the knock on her door.

"..."

Alice and Rudy glanced at each other with a surprised look on their faces and then nodded.

"Yes, dad?" Alice said in a sleepy voice.

"Are you okay, Alice?" George asked. "I heard a scream coming from your room."

"Yeah... I was sleeping and when I opened my eyes, I saw the shadow of the tree branch on my window. I mistook it for a claw and screamed."

"Okay."

"..."

"..."

"Good night, dad."

"Night."

Neither Alice nor Rudy, spoke a word until they heard the sound of footsteps going downstairs.

Rudy had super-hearing ability, so he made sure to listen to the sound of the door closing before speaking again.

SIGH!

Alice sighed in relief and said, "I didn't lock the door, so thank god, he didn't open the door. Otherwise, we would be in big trouble."

Chapter 137: Alice Meets Angelica

"Why did you not lock the door?" Rudy asked and locked the door using telekinesis.

"Why did you lock the door?!" Alice asked with a confused look on her face.

"What do you mean? What if he comes again and barges into your room without knocking the next time?"

"Well, I will make sure to not yell, and he already went to sleep now. And besides, it's honestly creepy to lock the door," Alice remarked. "You don't lock the door of your room either, right?"

"I don't have a lock. But I guess... you are right..." Rudy nodded and said, "It's kind of weird to lock the door when parents are home."

Alice stared at Angelica and sat on the bed beside him. She moved her hand to touch Angelica but quickly pulled her hand back because of fear.

"So this is the ghost girl..." she muttered.

"I have a name given by yours truly— Rudy, so call me Angelica," Angelica uttered in a haughty tone. "Otherwise, I will call you a human girl."

Alice turned to Rudy and said, "When you mentioned her, I thought she would be scary and give off an unfriendly vibe, but she is not scary at all. She is beautiful, and her pale skin is... attractive."

"Hmph! Not bad for human eyes" Angelica said.

"But she is indeed unfriendly," Angelica added with a scoff.

"I have no intention of being friends with you either." Angelica frowned her face and uttered, "Rudy is enough for me."

"Angelica..." Rudy placed his chin on Angelica's head and hugged her from behind.

While Angelica leaned back and embraced Rudy's warmth.

After seeing that, Alice bit her lips and said, "I also want to sit on your lap!"

"Heh!" Angelica smirked with a smug look on her face and waved her hand to shoo Alice. "Shoo! Shoo! Go away. This is my spot."

Rudy smacked Angelica on the head and said, "Get off."

"But..." Angelica gritted her teeth in frustration and got off Rudy's lap without saying anything.

"Heh!" Alice snickered at Angelica and uttered, "Know your place."

Alice was happy that he chose her over Angelica, but she was wrong. When Alice tried to sit on Rudy's lap, he turned to the side and stretched his legs so no one would be able to sit.

Rudy did that to prove his commitment about treating every girl on the same level and not giving them special treatment.

Alice sat beside Rudy, or she wanted to, but Angelica jumped and sat beside Rudy.

"..."

However, one more side had left, so she sat on the other side and placed her hand on Rudy's shoulder.

Angelica did the same and grabbed Rudy's hand in her hands. After seeing that, Alice grabbed Rudy's other hand in her hands

"It... feels weird to have two absolutely beautiful girls sitting beside me with their heads on my shoulders and my hands in their hands. It's an... exhilarating feeling that I didn't know I needed..." Rudy uttered in a low voice.

"Yeah, I bet. You are a lucky boy who has a hare," Angelica commented.

"But honestly..." Rudy let out a weary sigh and uttered, "It's going to be a pain to handle all of you together."

Rudy knew that not all the girls in his harem would miraculously get along in the first meeting. But it wasn't certain that they would hate them either.

Rudy already expected a few catfights, and he was ready for that as long as he didn't get involved because for him, poking an angry girl was the same as taking the food out from a hungry lion's mouth.

Rudy closed his eyes and enjoyed the comfort he was getting from Angelica and Alice— although they both were glaring at each other like a nemesis.

Rudy let his consciousness fade away and fall asleep. But he was woken up by Alice.

Angelica knew Rudy was sleepy, so she didn't make any moves, but Alice wasn't aware of that.

"I am surprised you didn't pull any moves on me yet..." Alice said with a grin on his face.

"You said you miss me, so I came here to destroy your loneliness. And besides, a relationship is not all about sex, it's about love too. While lust and love do constantly battle each other, they both are the two sides of the coin..."

Rudy paused for a while and continued, "I take that back. They are not the two sides of coins."

"Why?"

"In the future, people have sex without being in a relationship, but it's not like it doesn't happen now; it has just become more common and people are open about it," Rudy stated.

"Is that a bad thing?" Alice wondered.

"I am no one to judge. I am no saint or a devil, and I don't know what's right or what's wrong. My right can be someone's wrong, and someone's right can be my wrong." Rudy shrugged his shoulders and said, "Well, I don't care either way."

"Wow, you just gave a weird speech at a time like this..." Alice muttered.

Angelica shot a glance at Alice and said, "He do be like that sometimes. You just get used to it."

"Back to the topic..." Rudy kept his eyes close and uttered, "You are an innocent girl who has never masturbated before. So I highly doubt you would message me... or should I say, you would give me a booty call."

"I am not a horndog, you know?" he added.

"He is just saying that because we were fucking like rabbits for the past 4 hours, and he is satisfied with me now," Angelica quipped with a remark.

Rudy opened his eyes and shook his head at Angelica as though he was regretting bringing her with him.

SIGH!

He sighed in disbelief and turned to Alice to see her reaction, only to find her grinning at me.

"Uhh...?"

"And here I was going to let you have your way with my body, so you could satisfy yourself."

"....."

Chapter 138: A New Power?

"Umm... as much as I want to jump on that offer, currently, I am too sleepy to make any decision. And I would have agreed if it wasn't your first time."

Rudy leaned on Alice and placed his head on her shoulder.

"Right now, I would rather prefer a hug than sex," he said in a calm and sleepy voice.

Alice glanced at Angelica because she wanted to see how she would react after seeing Rudy choosing her shoulder to lean. But much to her surprise, Angelica's expression was neutral.

She wanted to ask 'Why are you not angry?' as Alice would have surely gotten angry if Rudy had leaned on Angelica's shoulder instead.

However, she didn't ask as she now knew that Rudy wanted to sleep.

She could help but recall the incident that happened in the bus where he was acting weird after she woke him up from his sleep. She didn't want to repeat that.

But unfortunately, bad luck had struck Alice.

She didn't want to move, but she suddenly needed to go to the washroom.

'I got scared 3 times in a row and now...' Alice placed and pressed her hands on her cave with a painful expression on her face.

'I would have to hold it in normally, but... I also got wet when he touched me... no, there is no point in lying.' Alice shook her head and uttered inwardly: 'I was wet a long time before that.'

'I don't know what's wrong with my body, but I feel itchy down there whenever I think about Rudy...'

Angelica was staring at Alice with an amused look on her face.

'What's wrong with her? She is acting so weird suddenly. Did she get possessed by a ghost or something?' she wondered.

Angelica then noticed Alice was touching her cave.

'Is she masturbating? What a lewd girl!'

"She is not a pervert like you," Rudy suddenly uttered with his eyes closed.

"Huh?" Alice was confused, but Angelica was left baffled.

"How did you read my mind?!" She asked. "You can only read thoughts that are directed to you, not to others."

Rudy finally opened his eyes and said, "I am not sure myself, but when I closed my eyes to sleep, my consciousness slowly drifted away. And then, I heard Alice's voice. At first, I assumed I was hearing things because Alice would never talk about getting wet, but I guess she is not an innocent girl anymore."

Alice's face flushed after hearing that. She got off the bed and said, "I am going to the washroom!"

Alice opened the door of her room and went to the washroom.

"I didn't hear the sound of her going downstairs..." Angelica muttered.

"They have two washrooms. One is on the ground floor, and another is on the upper floor," Rudy replied. "But it was created afterward."

"Just curious, but have you had a sleepover in Alice's room too?" Angelica asked.

"A lot. Alice and I were so close back then that people mistook us as siblings," Rudy said with a distant smile on his face.

"Siblings who fuck each other..." Angelica muttered.

Rudy shook his head at Angelica and said, "You did not just say that."

"What...? I only speak the truth," Angelica responded with a shoulder shrug.

"You are becoming more and more perverted. I am worried about my harem members..."

"Anyway, how did you read my mind?" Angelica squinted her eyes and said, "Did you get yet another ability?"

"I don't think so..." Rudy pondered for a while and uttered, "I think this is more like an evolved version of telepathy."

"And... what's it called?" Angelica asked with a curious look on her face.

"Umm... mind-reading... maybe?"

"How is that any different from telepathy....?" Angelica asked with a confused look on her face. "They both are the same, right?"

"Not exactly. Telepathy has so many restrictions, while mind reading is like... Reading all the thoughts of people as long as I am touching them. It has no limits, and... I can even see what they imagine."

"Okay, I am so confused that I am regretting asking you about this," Angelica said with a straight face.

"Let me give you a practical example." Rudy placed his hand on Angelica's head and said, "Imagine something."

'Rudy's big cock...'

Rudy's face twitched from the corner, and he smacked Angelica on the head.

"I said imagine, not think."

"What's the difference?!"

"Create an image in your mind or a video..."

Angelica closed her eyes and imagined something.

"..."

She then opened her eyes with an excited look on her face and asked, "Did you see it?"

"I didn't."

"You are lying! I know you saw it! Your facial expression says it all!" Angelica retorted.

"I shouldn't have tested this on you, and why am I even surprised. I should have expected you to think something like that since your head is full of nothing but indecent thoughts," Rudy remarked.

Angelica puffed her cheeks and said, "Your mind is too!"

"Yeah, it might be, but not as much as yours."

Angelica glared at Rudy for a few seconds and started crying. She covered her face with her hands and sniffed

"..."

"You are so mean!"

"..."

She peeked at Rudy from the gap of her fingers and made the sniffing sound again.

"...."

"Come on~ I thought you would comfort me!" Angelica groaned and hugged Rudy.

"We have spent a lot of time together, and I know everything about you...." Rudy then recalled he didn't know anything about her past. "I take that back too."

'I did try to look for Angelica's past, but the only clue I found was the school uniform she was wearing. I can find her real name by searching for the school, but this town doesn't have that uniform,' Rudy uttered inwardly.

A few seconds later, Alice returned and saw Angelica hugging Rudy.

"Are you two going to...?"

"No, of course not."

"You know..." Alice squirmed a little and said, "I kind of... want to do it..."

Chapter 139: Innocence Level Over 9000!

"Uhh... are you horny?" Rudy asked curiously.

"I think I am. I can't forget what we did today in the park, and I keep thinking about it. And when I think about it, I get wet and feel itchy around my vagina..." Alice muttered with a flushed face.

"Well, that's normal, and teenagers... humans..." Rudy corrected himself and said, "We make mistakes at the wrong time, and that's why they are called mistakes. Right now, you are horny and the only thing you can think about is... well, sex."

"But we are in a relationship now, and it's okay if we do it..." Alice muttered.

"That's right, but it's not given that we should directly jump on it, you know?" Rudy pulled Alice on the bed using telekinesis and placed her beside him. Then, he rested his head on her shoulder and continued, "Unlike me, who is an adult from inside, you are still a high schooler. You can take your time to adjust to the things in the relationship first before advancing it to the next step."

"When I asked about your decision, you said you want to do it with me. Did I say anything to you when you said that?" Alice asked Rudy with a judging look on her face.

"No..."

"That's it. If I didn't want to do it, I would have asked you to wait for a few weeks, but I didn't. And I am sure you would never try to do anything to me against my wish. But I want to do it. I am curious about it, and that's not the only reason," Alice stated with a serious look on her face.

The tone of Alice's voice and the expression on her face showed Rudy how serious Alice was.

It wasn't as though Alice suddenly turned into a lewd girl after entering Rudy's harem; they both had some fun in the waterpark. And they were going to go all the way in the evening after they returned from the waterpark, but they were blue-balled by George.

While Rudy had Angelica to have fun with, Alice was alone, and she had been left hanging since then.

Alice kissed Rudy and said, "In the evening, when you inserted your finger inside me, I felt good, and I was about to... cum. But you stopped and then said you wanted to try something. I have been trying to cum since then.... Please... end this suffering."

Curious, Rudy raised his brow with a judging look on his face and asked, "You do know that you can finger yourself and masturbate too, right?"

"I... can....?" Alice asked with a curious yet confused look on her face.

Rudy and Angelica facepalmed themselves, and Rudy muttered, "I am speechless."

While Angelica said, "Come on, you can't be this innocent."

"No... I mean, I knew I could finger myself, but I didn't know I would be able to cum too. I thought that only happens when the man you love fingers you..."

Alice was feeling ashamed and embarrassed for not knowing that. But it wasn't her fault.

"I think the school should add masturbating into sex education too. Who knows, there might be other innocents like you?" Rudy wondered.

"I... don't think so." Angelica shook her head and said, "She is either lying about everything or acting. Or she is an idiot for not knowing the basic stuff."

Alice frowned her face and glared at Angelica. She furrowed her brows and said, "Shut up, you pervert! I bet you have been a pervert since you were ten years old!"

"Who knows?" Angelica shrugged her shoulders and said, "I don't remember anything about my past, so I might as well be one. But, I am sure, I wasn't. Because Rudy made me a pervert."

Alice's glare turned to Rudy after hearing that.

"But don't you worry, once his massive cock is inside your virgin pussy, you will become a pervert too. You just wouldn't be able to resist the pleasure of his cock; it's otherworldly," Angelica said with a proud look on her face.

"Rudy..." Alice bit her lips and said, "Please fuck me. I can't be the only girl in your harem whom you haven't fucked."

"Oh, come on~!" Rudy groaned and glared at Angelica for saying all that.

"What...? I just helped you get laid..."

SIGH!

Rudy let out a weary sigh and stared at Alice with a gentle smile on his face.

"Are you sure of this?" he asked in a calm voice. "Once we have done it, there will be no going back. We would have crossed all the limits and have become true lovers."

"Yes. I am sure of it," Alice said with a confident look on her face.

Rudy chuckled at Alice after seeing the confident look on her face. He spread his arms and said, "Come here."

Alice grinned at Rudy and dashed at him to hug him. But, Rudy kissed her instead.

They kissed and kissed until Rudy glanced at Angelica from the corner of his eyes, only to find her looking at them with squinted eyes.

"Where is my thanks?" she asked.

Alice placed her hands around Rudy's head to block his view and kissed Rudy even more. Then, she glanced at Angelica from the corner of her eyes and smirked at her.

Angelica's face twitched from all the sides, and she gritted her teeth and muttered, "She is an innocent demon."

Rudy moved his hands to Alice's chest and squeezed them. But Alice wanted more.

She moved her face to his ears and whispered, "Take it off."

Rudy immediately stripped Alice's top and his shirt and pushed her on the bed. He pinned her and looked into her eyes before sucking her breasts.

He pinched her nipples, bit her nipples, and he did everything he could to make the foreplay as pleasurable as possible.

Then, he moved to the main dish.

He pulled down Alice's panties and licked his lips after seeing Alice's wet cave.

"Thanks for the food~" he said and started sucking Alice's cave.

Thanks for reading.

Chapter 140: Silence Before the Storm

"Hey! What are you— Anh~" she moaned. "What are you doing?!"

"I am eating your virgin pussy," Rudy replied in a muffled voice as he started eating Alice's cave.

"Don't— nnn~ Don't do that. It's dirty~"

"You sucked my cock like your favorite popsicle, so let me lick your pussy like my favorite... pussy..."

Rudy couldn't come up with anything better, but it wasn't his fault. No one would be able to think straight in a special situation like this.

Meanwhile, Angelica had started masturbating and both Rudy and Alice could hear her soft moan. She couldn't help herself after watching her man eating his nemesis' cave like that.

Rudy slowly inserted his tongue inside Alice's cave, but he didn't force it too much. He let him go until it could and started moving it.

However, that was too much for Alice, and she ended up orgasming with a loud moan.

"Aanmh~!" she filled the house with her moan.

Of course, Rudy quickly covered her mouth by placing his lips on her lips, but it was already too late.

Rudy instantly activated his super sense and heard a rustling sound from downstairs. He waited for a while, and it looked as though he had frozen; he was that still.

A few seconds later, Rudy finally moved and turned to Alice.

"Your father's room is right below your room?" Rudy asked with a confused and curious look on his face. "Back then, it was a guest room, right?"

"Yes." Alice nodded and said, "The air conditioner of his room is broken, so he sleeps in the guest's room."

'But it's... winter...'

Rudy raised his brow and sensed the entire area with all his sensory powers, including electrification. He looked for all the electric signals in the house and confirmed that the air conditioner of the guest's room — where George was sleeping— wasn't on, after all.

'Okay, these many clues are enough for me. There is something going on with George, and I have to find out everything before it's too late.'

Alice hugged Rudy and said, "I guess we can't do it after all."

"..."

"I am sure I will moan with every thrust, and... yeah, let's not do it today. Maybe we will do it when dad is not home," she said with a dejected look on her face.

Of course, Rudy couldn't see her face because she was hugging him, but her voice was enough for him to feel her emotions.

"Why don't you just go and do it somewhere else?" Angelica suggested.

"Oh! Right, we can do that!" Alice came back to her cheerful self and said, "Your mom works the night shift, right? So that means no one is your home."

"...."

"Let's go!" she said cheerfully.

"Let's not go." Rudy placed his hands on Alice's shoulders and said, "We can't do it at my home."

"Why not? You fuck Angelica there all the time, no?" She remarked.

"Yeah, but it's different with you. You are going to moan, and unlike your house where there is a space between two houses, my neighborhood is packed with houses sharing the same walls."

After a brief pause, he continued, " And if you moan, you are going to get the entire neighborhood at my doorstep in the morning to complain."

"But I am sure Angelica yells all the time too..." Alice muttered under her breath.

"Of course, she does. But don't forget that she is a ghost and no one can see or hear her. So no matter how loud she moans, we are safe," Rudy asserted.

Alice bit her lips and said, "Why is this happening? Just when I finally became lovers with you..."

Rudy caressed Alice's face and said in a gentle voice, "If you really want to have sex with me, then we can go to other places."

"Like?!" she chirped.

"Umm... forest?"

"No."

"Park...? Garden...?"

"Nuu..."

"Mountains...? On the tree?"

"Absolutely not. It's our first time, so I want to do it more... natural place..."

"Well, trees, forest, mountains, they are all natural places..." Rudy said with a soft scoff.

"Not that natural!"

Rudy pondered for a few seconds to find a suitable place to have sex, but nothing came to his mind. The places he suggested were the places that no one visited, especially at night. So there was no one to see or hear them until miles away, and they could do whatever they wanted without worrying about anything.

Of course, there were also other places where no one visited at night, but they weren't suitable to have sex, and if anyone saw them, they would be labeled as exhibitionists.

Rudy turned to Angelica and asked, "You are a pervert, so you should know the places where I can have sex with Alice."

Angelica squinted her eyes at Rudy and said, "You do know that I have spent way less time in this world compared to you? And I haven't even been to many places."

"Like I have..." Rudy sighed.

Alice also tried to think of the places, but her knowledge on that topic was close to nonexistent.

SIGH!

She sighed and jumped on the bed with a dejected look on her face. Then, she curled up and said, "Maybe this is the sign that we shouldn't do it? Maybe it's our fate?"

"Yeah, right. There is no such thing as fate, and even if there is, I will make sure to change it my way," Rudy asserted in a solemn voice. "I can have any power I wish to have, who is there to stop me?"

"Then how about you think of a suitable place?" Angelica remarked and ruined the whole moment.

"You had to do this, huh?" Rudy sighed and thought, 'I may have sounded arrogant there, but I only said that to make Alice feel good.'

Alice was a weak-minded girl, and anything small could affect her greatly. That's why, Rudy didn't want Alice to take the current situation seriously.

Suddenly, a suitable place came into Rudy's mind.

"Alice, you wait here for a minute, I will be right back."

After saying that, Rudy immediately teleported to the waterpark to take Reina's permission to have sex there.

That night, Rudy ended two lives, and his wrath has never been so rageful.
