Chapter 321: Vampire Harem

"Wait, when will you come back?" Rudy suddenly turned around and asked Vriti before she could leave.

"Why do you ask?" Vriti raised her brow and warned, "You better not do anything weird to Princess Rias."

Rudy ignored Vriti's comment and said, "Bring me a glass full of blood moon milkshake."

Vriti smirked and asked, "You might not know but ordering someone else's personal maid is a major crime in this kingdom."

"..." Rudy's face twitched in anger, but he didn't say anything because if he did, Vriti would retort to it, and their verbal fight would never end.

Sometimes, ignorance was true bliss. Still, he made her mother his personal maid, so he had no complaints.

"If you don't leave this place on the count of three, I will demand the blood moon fruit that I just gave you."

"You—!"

"One. Two. Three." Rudy counted three in less than a second.

"What—! You can't do me like that. At least give me some time to—"

"And you are still here wasting my time."

"Fine! Fine! I am leaving! And know that I hate you!" After bickering with Rudy for unnecessary reasons, Vriti left for the royal palace to eat.

SIGH!

Rudy wanted to sit somewhere, but the only thing he could sit on was the bed and the floor. He would have seated on the floor, but it was uneven with the sharp floor of the cave.

"Hmm... I don't feel like sitting on the bed. I feel repulsed to it for some reason..."

Rudy brushed the floor evenly with a sharp wind and water force. He gathered the debris and made a chair out of it within a minute.

After ensuring the chair was strong and sturdy enough, he sat on it and muttered, "I am really getting the hang of my powers, huh?"

Before coming to this world, I used my powers for my daily needs, and there wasn't much use for them. I never used them the way I have used them here. I also came up with new powers and learned a lot about how they work.

I can create any power I want as long as I can understand the logic behind it. It wouldn't be wrong for me to say that coming here was one of the best decisions I have ever made— although it was Jane who forced me to stay here. And I am glad she did, or I would have missed many of the things.

Still, I have yet to find the origins of my power."

Rudy looked at his hands and tried to conjure silver, but nothing happened.

'That makes sense. The vampire world shouldn't have silver or any related elements.'

Rudy tried to conjure gold, and gold rock was gathered in his palm.

"If I can use this ability in the human world, I can become a billionaire overnight. But that would raise a helluva suspicion, and I might get in trouble. They just need a reason to mess.

But I can sell that to the black market or something and get the money. It's not really illegal if I am the one creating it. Well, I have many plans about that, and Maria is essential for most of the plans. I will work on them as soon as I go there."

Rudy gazed at Rias and smiled. He couldn't help but recall all his moments with Rias and became sad.

'Looking back, I was so harsh to her most of the time. Even though I was just trying to hide my embarrassment and all. I was so shy and innocent when it came to talking to girls other than mom, Alice, and Erika. '

"Heh..." he scoffed at himself and muttered, "Now who is the tsundere..."

'Rias never gave up on me and kept pursuing me until I gave up. Now, it's my time to keep pursuing her until she agrees to join my harem.'

Rudy eventually fell asleep while looking at Rias, but he woke up to a familiar feeling, and when he opened his eyes, he saw Jane sitting on his lap.

"..."

She was about to penetrate her cave with Rudy's snake but stopped when he opened his eyes and caught her.

"Hey... you are awake. Did you sleep well?" she asked with an awkward smile on her face.

Rudy raised his brow and responded, "I don't mind you fucking me or using my body to pleasure yourself when I am sleeping, but at least don't act like you are innocent when I caught you red-handed."

"You were sleeping, so I thought I shouldn't disturb you..."

Rudy slowly and swiftly penetrated his snake inside Jane's cave by putting his tip inside and pulling her hips down.

"Mnh~"

"Wow~ You are so wet," he said. "Why were you horny? Didn't we do it like uhm... how long has it been and how long have I been asleep?"

He asked calmly with a curious look on his face.

"I don't know how long you were sleeping since I came here five minutes ago and saw you sleeping. But it has been around three hours since we last made some love," Jane responded.

"Is that so?" Rudy glanced around the room to look for Vriti, but she wasn't there.

'She hasn't returned yet? It has been more than enough time... is she also bullied like Niti by the other maids? I should do something about them, or they will keep bullying Niti like this.' he wondered.

'Since Niti was bullied by the other royal maids because she was the personal maid of Jane, who was not only a half human but the child of the blue moon too; it wouldn't be surprising if Vriti was also bullied since Rias is also a half human.

Wait, once I take Jane and Rias with me to the human world, they would be bullied even more. Hmm... how about I take Niti with me? Yeah, I will do that.'

Rudy's list of his vampire harem was increasing the more he spent time in the vampire world.

Chapter 322: So Many Worries

Jane kissed Rudy on the lips and said, "Why did you call me horny?"

"Because you are?" Rudy shrugged while pulling Jane's hips back and forth.

"Didn't you say you are also always horny when you are with a girl you love?" she asked with a knowing look on her face.

"Let's not have this conversation." Even though Rudy said that, he asked Jane: "You tell me, why are you here?"

"I searched for you in the royal bathhouse, royal dining hall, but you weren't there. So I thought you would be here, and I was right.

And before you jump to some weird conclusion and call me possessive or obsessive, I want to make it clear that I didn't come here to disturb your precious time with Rias. I only came to check up on you, and I was about to leave after a minute or so.

But I saw you sleeping, and then I looked at Rias. And..."

Jane averted her gaze without saying anything else.

"And...?"

She gulped down anxiously and muttered, "I had this thought: I want to have sex with him in front of Rias. And I had this urge to do it right away. Is that normal?"

"You are awakening weird fetishes. And you are so tight right now."

"You are also bigger than usual!" she remarked. "Are you getting excited because we are doing it in front of Rias?"

"What would you do if she woke up?" Rudy asked curiously and added, "I mean, she could be waking up at any time now since the three days are about to end soon."

"I honestly have no idea, and I don't want to think about it," she said while moving her hips passionately.

"Why? Because you are scared?" he teased with a grin.

"That too, but if she woke while we were in the middle of making love, I would get more excited~"

'Yeah, she has awakened a new fetish. And this fetish might act against her too,' Rudy uttered inwardly.

"What about you?" Jane asked. "What would you do if she were to wake up and catch us?"

"Hmm." Rudy pondered for a few seconds before replying: "Not going to lie, I would go limp. And then blame everything on you. I will say 'Jane forced me to do all that. She charmed me and made me her slave. She ordered me around and made me do things against my wishes.' or something along these lines."

"You... wouldn't do that..." Panic was visible on Jane's face.

"Yeah, I wouldn't." Rudy kissed Jane on the lips and said, "I will take the responsibility and handle everything. "

"You don't have to bear everything alone. I will share the blame and the responsibility with you. We love each other, right?"

Rudy and Jane then indulged in love-making without any care and switched positions after each round.

Vriti walked into the chamber in a hurry and saw them getting intimate.

"Oh, my Lord!" She covered her eyes with one hand and yelled, "What is going on here?!"

"You are here!" Rudy turned to Vriti while thrusting his hips and noticed a blood moon milkshake in her hand. "And I didn't expect you to actually bring me the milkshake."

He scoffed softly.

"I did because Mama told me." Vriti peeked from the gaps between her fingers and said, "Can you at least stop for a second and have some shame. And Princess Jane, I heard about your relationship with this human from mama just now, and I am not happy about it.

How could you do such a terrible thing to your sister? How do you think she would feel once she found out that her dear sister, who always protected her and thought of her well-being, stole her lover?

Especially after how you opposed her relationship with a human and forcefully brought her here against her wishes."

Vriti's words hit Jane right in the deepest and most sensitive parts of her heart. She said exactly what Jane didn't want to hear but was aware of that.

"Hey..." Rudy furrowed his brows at Vriti and said, "You have said enough."

"And true facts."

"You might consider Rias as your daughter as you raised her, but Jane is an adult, and she knows what she is doing. She can take responsibility for her actions. She doesn't need anyone to remind her," Rudy asserted in a solemn voice.

"Shut up!" Vriti hissed loudly at Rudy and said, "You are just using them for pleasure and then throw them aside when you get bored of them!"

Vesier, who was Vriti's biological father, had left an impact on her. She knew what type of person he was and learned most of the things about him from Niti and the other maids.

Just like any other growing-up girl, she needed a father who would drop her to school and come to pick her up. Who would praise her, reward her for doing something good, and scold her for doing something bad.

However, Vriti didn't need someone like Vesier as her father. She hated herself that someone like him was her father, and she had his blood flowing in her body. She was disgusted by him and men like him.

After learning about Rudy's relationship with Jane from Niti and hearing the other maids talking about him, Vriti considered Rudy to be the same kind of man as Vesier.

She hated him for that reason. However, it wasn't her fault to think like that. Any sane person would think the same if a man is found out to be dating two sisters at the same time.

"You are taking advantage of their naiveness, and you will—"

"I would stop there if I was you." Rudy glared at Vriti and uttered, "I understand your concerns, but I am not that type of person. Now, if you would excuse us and kindly get the fuck out of this room."

Rudy's voice didn't sound angry, but the look on his face showed otherwise.

Chapter 323: Culprit Plays Victim

"...."

Vriti bit her lips and placed the glass on the floor before leaving the chamber. She couldn't go against Jane's wishes, and since she considered Rias her daughter, Jane was like a niece to her. On top of that, she was a princess and the heir to the throne.

Sure, it was Rudy who asked her to leave, but Jane didn't stop him, so that could mean she wished for the same thing.

"You were kind of harsh to her...." Jane muttered.

"That's what I was aiming for. If I acted kindly or calmly, she would have kept bashing us. I do understand where she was coming from, and I am not actually angry at her. But I just wanted to leave us alone for now," Rudy responded with a sigh.

Rudy moved his hand towards the glass and used telekinesis to pull it closer without dropping even a single drop of the milkshake.

Jane puckered her lips and said, "You are having so much fun~ Not fair~"

"Do you want to drink it as well?" Rudy asked.

"Yes~ Maybe save a few sips for me at the end."

"Hmm... okay."

Rudy drank a few sips and eventually chugged the entire glass without leaving anything for Jane.

"No~ Why would you tease me like that!"

"Because your reactions are cute," Rudy replied with a grin.

Jane squinted her eyes and shook her hips vigorously until his snake started twitching. Then, she stopped and pulled out his snake from her cave. She began to stroke it with her hands and grabbed the empty glass from Rudy.

"..." Rudy had realized what Jane was trying to do. He facepalmed himself and thought, 'Are all vampires like this? Niti did the same thing.'

Rudy blamed the girls and the vampires for their actions, while it was his fault. He had corrupted the innocent girls and made them the way they are now.

Rudy released his load, and Jane filled it in the glass. After filling the entire glass, she grabbed the blood food fruit and squeezed it in her hands.

She mixed the blood moon fruit's juice with his milk in the glass and used her fingers to stir it well. She did all that without breaking her eye contact with Rudy.

"..." Rudy shook his head in disbelief but didn't say anything.

After mixing the fruit juice well with Rudy's milk, Jane sniffed it before taking a sip. She licked her tongue, again and again, to savor the taste before gulping down.

Then, she licked her finger, which she had used to stir the milkshake. She noticed Rudy was staring at her, so she moved the glass close to his face and asked, "Do you want to drink some? It's tasty."

"..."

Jane moved the glass even closer to his face and said, "Have a sip."

Rudy furrowed his brow and said, "You do know that I get rid of it in a second without even blinking, right?"

Jane instantly pulled the glass back and hid it behind her. She puffed her cheeks and uttered, "Don't you dare."

Rudy tapped on his lap and said, "Put that glass aside and sit on my lap like an obedient girl."

"Let me drink this first. Then we will have fun for the rest of the night."

"I don't know how to—" He stopped when he heard something from the outside. "Someone is outside..."

"Maybe Vriti returned?" Jane wondered.

She got up and opened the wall of the mountain from inside.

"Princess Jane, you were here too?"

It was Niti.

"Niti, what are you doing here? Don't tell me Vriti sent you here to—"

"Oh, no. I am here for Master Rudy." Niti turned to Rudy and said, "The Vampire Monarch has summoned you to the throne room."

"Uhhh... Okay...." Rudy glanced back and forth and Jane and Niti.

"Now," Niti added.

"Well, I will take my leave then." Rudy got up from the chair he had made and wore his pants, but not before flashing his snake to Niti.

"Will you cum back?" Jane asked with an alluring gaze in her eyes.

"Umm..." Rudy turned to Niti and asked, "What time is it?"

"It's nearly morning," Niti responded.

"Then, I won't be coming back. I don't know how much time Virgil will take, and I plan to take a bath after that. Can't let Rias smell your scent on me as soon as she wakes up," he scoffed softly.

"Okay. I will sleep beside Rias until she wakes up. I want to be the first person she sees after waking up as I was the last she had seen before the slumber," she muttered with a distant look on her face.

"I also need to apologize for the things before we proceed to the topic of the harem," she shortly added.

"Alright. See you soon." After saying that, Rudy left the chamber and teleported to the palace.

Jane and Niti looked at each other for a few seconds without saying anything. But Jane raised her brow and asked with a judging look on her face:

"I noticed the way you call Rudy. Why do you call him 'Master' Rudy?"

"Well... you are my master, and the lover of my master is also my master, right?" she replied with an awkward smile on her face.

"..." Jane didn't say anything and kept staring at her.

"If you don't wish me to call him that, I may as well call him 'Rudy' like you do."

"No. Master Rudy is fine."

"Uhhh... I will take my leave now," Niti said and turned around.

"Hey, wait..." Niti hurriedly drank the freshly made blood moon milkshake and handed the half-filled glass to Niti. "Take this with you and wash the glass thoroughly. Or better yet, just throw the glass in the mountains."

"As you wish. Is there anything else I can... do..." Niti's face suddenly turned pale as her eyes widened, and she choked on her words.

She took a deep breath and thought, 'Did Princess Rias just...'

Chapter 324: A Promised Reward

Jane initially wanted to drink the milkshake sip by sip and savor the taste, but now that Rudy had left, her mood died down. However, she couldn't leave the glass like that, so she drank what she could and gave it to Niti before getting on the bed and sleeping beside Rias.

"I will be sleeping now. You may send Vriti here if she is free," Jane uttered calmly.

Niti forced her smile and said, "Good night."

She left the chamber with the glass in her hand and took a deep breath.

'What was that? Did I see it right?' she asked herself. 'I saw it two times, though...'

She placed her hand on the chest and muttered, "It might just be my imagination, or maybe I didn't see it clearly in the dark, perhaps it's because Princess Jane got onto the bed, and that shook Princess Rias' body; I saw her eyelids moving for a split second. And not once, but twice..."

The mere thought of Rias catching Rudy and Jane in action made Niti's heartbeat go crazy. She was afraid that it would be her turn soon and she would be punished, without knowing that Rudy was sworn to protect her as well.

Niti spread her wings and flew away.

FLAP~ FLAP!

On her way, she looked at the half-filled glass and muttered, "I thought it was Master Rudy who ordered it. Maybe he couldn't drink it?"

'I know Princess Jane asked me to get rid of it, but I can't do that. I will drink it and wash the glass as she wanted.'

Niti took a sip, and her eyes instantly widened.

'This taste... It's so familiar yet different from the blood moon milkshake. It actually tastes... better and sweeter.'

Without even realizing the contents of the milkshake, she drank her favorite Rudy milk mixed with blood moon fruit juice.

She smiled and recalled her time with Rudy.

"I wonder when we will do it again...." she muttered.

She first went to the kitchen and washed the glass as she was instructed by Jane, and after that, she went to the royal throne room.

She was curious why Rudy was summoned by Virgil at such an hour.

'Master Rudy did mention that he made moves on the Great Mad Queen Nyxia. Did the Vampire Monarch find out about it and call Master Rudy to punish him?'

Niti shook her head and scoffed softly as she muttered, "No one can punish Master Rudy. In fact, he punishes everyone on the bed."

When Niti reached and entered the royal throne room, the atmosphere was cold, and the silence was eerie. Just after stepping a foot inside made her feel uneasy, and she wanted to leave already.

'What happened here...?' She wondered.

A while ago, Rudy teleported to the palace in Jane's room and made his way to the royal throne room.

He wasn't exactly worried as he had a firm idea why Virgil had called him. As he went closer to the throne room, the guards' numbers and the security got tight.

More than twelve guards were standing at the massive door of the throne room.

'Not going to lie, when I crashed into the party that day, I thought that hall was a throne room since there was a throne at the pedestal, but I learned today that it was just a chair for the vampire monarch to sit on and enjoy the show.'

SIGH!

Rudy entered the throne room and was greeted by various royals, nobles, and elders, who were sitting and standing at their respective seats. Some were happy, and some were upset, while the rest seemed uninterested and were only there for the sake of formality.

Rudy didn't care about any of that or what they thought of him. As long as they didn't mess with him, they wouldn't end up like Vesier, who was currently stargazing in the space.

"Rudy... welcome. We all have been waiting for you," Virgil warmly welcomed Rudy as soon as he entered.

Nyxia was standing beside Virgil even though there was a throne beside Virgil's throne.

"It's good to be here... or... something like that..." Rudy shrugged.

"Do you know why I called you here?" Virgil asked calmly.

'Well, I do. But I will play to play dumb for my plan to work,' he uttered inwardly and shook his head.

"I am not quite sure," he responded.

After a brief silence, Virgil uttered, "It's about the blood moon trees. A guard came to inform me and disturbed my sleep. I was furious at him for such an action, but what he told me left my ears yearning for more. I saw what you did with the blood moon garden, and I cannot describe my gratitude in words."

"I see."

"What did you do? How did you produce the blood moon trees?" one of the elders of the board asked.

"It's a secret," Rudy responded in a neutral tone.

"You imbecile! That's no way to talk in the presence of the Vampire Monarch," the elder yelled. "And this is our world, our rules. You are currently standing in the royal throne room. You are being questioned. You are being judged! So answer the questions honestly, or there will be consequences!"

Even Virgil didn't ask how Rudy produced the blood moon trees because he already knew what Rudy would reply with.

"I don't care about anything. But you better be glad that I have produced new trees." Rudy frowned his face and asserted, "Just as I created them, I can destroy them in less than a second. So keep groveling in front of me if you don't want to face my wrath."

"How dare you—"

"Alright, that's enough," Virgil interjected. "I didn't call him here for all this. I called him here to reward him."

He turned to Rudy and asked, "Rudy, what do you want as a reward?"

"I didn't do this for a reward, though."

'I totally did this to get a reward! My plan is going perfectly so far!' Rudy rejoiced inwardly.

Rudy wished for something that left everyone speechless and baffled— that no one would ever dare to wish for, even to the god.

[Esper Harem in the Apocalypse](#)

Chapter 325: Rudy's Daring Wwishes

Virgil chuckled softly and calmly said, "No need to be so formal. I know you must already have everything you want, but if I can somehow help you with anything, just name it."

"If you are forcing me like that, then I can't refuse this offer." Rudy pretended to ponder for a few seconds and said, "I have three things I want."

'That came out a little too obvious, didn't it? But Let's hope they didn't catch it.'

"Sure. Just name them."

"The first thing I want is... the beds from here. With mattresses and bed sheets."

"Umm... and? Where do you want them, and how many of them?"

"Hmm..." Rudy hummed in wonder and responded, "Around 10 maybe. I will take them with me in the human world."

"Oh...kay. I can arrange that, yes." Virgil nodded confidently. "State your next wish."

"You might already know my second wish, which is to take Jane and Rias with me to the human world," Rudy stated nonchalantly.

"...!" The throne hall was filled with silence, but the people present there were making all kinds of faces.

"And their personal maids too," he added. "

'Since asking for Niti specifically would raise suspicion, I will ask for both.'

After a moment of silence, Virgil let out a short sigh and uttered, "That is not for me to decide. I cannot control someone else's life against their wishes unless they are breaking a rule. So if you want to take them with you, you can, but only if they wish so. You have my approval."

'Well, that's what I wanted to hear. Nice! Everything is going so perfectly that it's kind of creeping me out. Time for the final wish! The real reason why I planned all this!'

"What is your third wish?" Virgil asked.

Rudy looked into Virgil's eyes and then moved his gaze to Nyxia before saying out loud: "Give me your mother."

"...."

At the same time, Niti walked in and quietly stood in the corner with the other maids. She asked what happened to the maids standing beside her, but most of them ignored her.

However, not all the maids bullied Niti. Some of them had been her friends since they were kids and were on very good terms. One of them stood behind Niti and told her everything.

Niti couldn't help but cover her mouth in shock after learning what Rudy had done.

She had expected that he would take Jane and Rias with him when he returned to the human world, but she never expected him to take her and Vriti with him too. She couldn't be happier than she already was.

But she was baffled after knowing that he wished to take Nyxia with him too. She felt even more repulsed than she felt when she entered the throne room.

Rudy stood proudly in front of everyone without any fear in his eyes or face. While the rest of the people were present, there made all kinds of faces. Still, some of them were enraged after hearing that, and the others were in disbelief.

They all thought the same thing: 'This boy has lost his mind.'

Nyxia was feared by everyone in not only the vampire world but also in the other worlds of races. When the kids misbehaved, their mothers always said— 'Stop, or the Mad Queen Nyxia will come and eat you.'

And it wasn't an exaggeration.

Even Virgil, who was the Vampire Monarch and the strongest vampire of all time, couldn't dare to go against her, not because she was his mother, but because he was genuinely afraid of angering her.

However, Nyxia was tamed a lot compared to old times, but she was still feared by all.

Rudy had made such an entity fall for him.

No one knew about it, and when Rudy asked for Nyxia as this third and the last wish, everyone thought it was a death wish instead.

Rudy looked at Virgil, and he was dazed, as expected. He turned to Nyxia and found her grinning and smirking happily at him with an alluring gaze in her eyes.

'Oh, come on. Don't look at me like that, or else I will get a boner!'

"You fool!" Another elder— who was Virgil's blood-related brother and Nyxia's son— yelled, "How dare you insult my mother like that!"

"How is that an insult?" Rudy asked with a curious and confused look on his face. "And if it was an insult, why didn't you or anyone oppose when I asked the same for Rias and Jane?"

That question was enough for everyone to sweat. They averted their gazes and stayed silent.

"Virgil." Rudy called out to Virgil and said, "I know that is not for you to decide, and you can't control someone else's life against their wishes unless they are breaking a rule. Thus, I will ask Nyxia directly."

Rudy turned to Nyxia and asked, "Nyxia, do you wish to come with me?"

Nyxia gently smiled at Rudy and calmly responded, "No. I do not."

"..."

'What the—!'

"But you have got guts to talk to me so casually, I will give you that," she added.

'There is something between my guts too!'

Rudy had planned everything from the start only to get Nyxia, but he never expected to be turned down by her like that. Still, he wasn't going to give up without getting a reasonable answer.

"Can I ask why?"

"It's simple." Nyxia shrugged her shoulders and said, "You are a human, and I am a vampire. What exactly do you want to achieve by wishing for me?"

'Is she doing this on purpose so that I would back down? Too bad, Nyxia. I can be shameless if I want to.'

Rudy cleared his throat and uttered loudly: "I want to add you to my harem and make love with you! I want to start a family with you!"

Even Nyxia was taken aback after hearing that. She never expected Rudy to seriously answer her question and confess his desire like that.

Of course, the throne hall was once again filled with silence and stares from everyone.

[Esper Harem in the Apocalypse](#)

Chapter 326: After the Rejection

"The summon is dismissed," Virgil announced.

Everyone began to leave the throne hall, and their maids followed him.

Rudy stayed in the throne hall and waited for everyone to leave so he could ask Nyxia why she rejected him.

A few minutes later, everyone had left except for Nyxia, Virgil, and Niti.

Virgil turned to Nyxia and uttered, "I have something to talk to you about."

'Oh, come on. This is going to take a while!' Rudy let out a weary sigh and left the throne hall.

SIGH!

'I don't know if I should say my plan failed or it was half successful.'

As Rudy was walking, he heard footsteps behind him. So he slowed down his walking speed so the person behind him would walk past him.

A few seconds later, Niti walked past Rudy.

"..."

Rudy didn't waste a single second and began running after Niti. Of course, Niti noticed it and started to run faster.

Rudy chased after her in the empty hallway and leaped on her from behind.

"No! Let me go!" she yelled.

"Why were you running, huh?" Rudy asked while pushing her against the wall.

"Because I knew you would do this!" she responded as she tried to break free.

"But I did this because you started running."

"..."

"So you brought this on yourself? And doesn't that actually mean you were expecting me to grab me from behind?" Rudy asked with a judging look on his face.

"No. I was not expecting you to suddenly grab me from behind and plunge your dick inside me!"

"... I didn't even say anything about fucking you, you perverted masochist maid!"

However, Rudy still unzipped his pants, ripped Niti's clothes from a spot, and penetrated his snake inside her wet cave.

"And you are wet too!"

"No—mnh!" Niti wrapped her arms around his neck.

"Why not? You wanted this, right?"

"Not in the open like this. What if someone saw us?"

"Who cares?"

"I do. I don't want to be branded as 'a maid who slept with her master's lover.'."

"But we are standing, not sleeping," Rudy scoffed with a grin. "And why are you worried about what others would think? I am going to take you with me to the human world."

"I am afraid that won't be possible."

"Why not? I am sure you want to come too, right? And if you are worried about what Jane would think, I will handle that as well. Once Rias wakes up, I will confess everything and make my wishes."

"That's not the only problem. I am a vampire. I can't be in a human world— mnh! Unlike Princess Jane and Princess Rias, I am a full-fledged vampire. I can't survive under the sun like they do. And I am a low-rank vampire, so I don't have enough resistance against the anti-vampire things," she stated.

"That's a... uhh... well, I will take care of that as well." Rudy squeezed Niti

s breast and asked. "As long as you are not under direct sunlight, you are safe, right?"

"Yes~"

"I can't believe you two are having such a serious conversation while doing such an indecent activity in the open like this."

"...!"

Nyxia appeared from the balcony and sat on the ledge, right next to Rudy and Niti.

"Queen Nyxia!" Niti's eyes widened in shock and fear, and she begged Rudy to let go of her, but Rudy continued pleasuring her without caring about Nyxia's presence.

Nyxia raised her brow at Rudy and said, "You just confessed to me a few minutes ago, and here you are fucking a maid."

"I don't want to talk with someone who doesn't value my feelings," Rudy asserted without even looking at Nyxia.

"Arara~ Looks like someone is sulking. So cute~"

Nyxia jumped and hugged Rudy from behind while Rudy kept thrusting his hips into Niti.

"..."

Nyxia squinted her eyes and nipped on Rudy's ears, hoping he could react to her, but he wasn't going to forgive her this soon.

Niti bit her lips and placed her head on Rudy's back.

"I have my reasons. And if you can't respect my reasons and circumstances, then I don't think we should be together," she said in a low voice.

"...."

Rudy turned around with Niti and faced Nyxia.

"Can't you at least stop for a few minutes while we are talking?" Nyxia asked.

"No. I am going to cum soon," he responded.

Nyxia folded her arms below her bosom and muttered, "Then I will wait for you to finish."

"I said soon, but it will take at least ten minutes."

"..."

Niti couldn't do anything but enjoy the sweet pleasure. Getting seen by Nyxia in such a state was surely humiliating for her. However, Niti was turned on instead because of her masochist nature.

"You are taking revenge on me, aren't you?" Nyxia asked with a judging look on her face.

"No? My revenge is scary. Something I always look forward to doing when I find the next prey. That insanity helps me be sane," he muttered under his breath. "Anyway, what do you want, miss mad queen?"

Nyxia furrowed her brows and said, "Don't call me that."

"I don't remember you calling me by name either, so why should I call you by your name?"

"I knew it! You are taking revenge on me!"

"I am not. I am just being me now. I have no reason to be kind to someone who rejected me, do I? I have some self-esteem too."

Nyxia frowned her face and pulled Rudy by his collar. She kissed him on the lips, but since she was aggressive and their position wasn't exactly what one would call ideal, she ended up biting his lips and drinking his blood.

"Are you happy now?"

"What was that? And why would you do that?" he asked with a knowing look on his face. While, in truth, he was only teasing Nyxia, he wasn't truly angry at her.

SIGH!

Nyxia glanced around and said, "Let's go somewhere else. It's not safe out here."

Chapter 327: Nyxia's Demand

Nyxia wanted to go somewhere else as it was risky, so Rudy suggested the best place.

"To your room?"

"No. Let's go to Jane's room."

"No. If Jane returned to her room and saw me alone in the room with you two, things could go out of hand." After a brief pause, he said, "Let's go to the royal bathhouse then. I was heading that way anyway."

"No, not there," Niti interjected. "If it's Princess Jane's room, I can make an excuse like the last time. But if she caught me in the royal bathhouse with you—"

"You can just say something like you were there to give me clothes or something."

"And what about me? What am I supposed to say? Nyxia asked curiously.

"Uhh... you can just turn on your haughty mode and say, 'This is my palace. This is my bath house. I can be whenever I want!' or something like you always do," Rudy responded with a shrug.

"That won't work on Jane."

"Then... err... I will just teleport to Jane's room when I see the door opening?"

"Then why don't we go to Jane's room and then teleport to the bathhouse when someone comes to Jane's room? I would prefer a bed over a pool," she stated.

"I believe I already said I was heading to the royal bathhouse because I wanted to bathe."

"Fine~ Let's go there, then," Nyxia groaned with a sigh.

Rudy touched Nyxia and teleported all of them to the royal bathhouse.

Niti and Nyxia were left speechless after experiencing the teleportation for the first time.

"So this is how your teleportation works..." Nyxia muttered.

"Hmm? Didn't you also mention you could teleport too?"

"Yeah, but it works differently. What I was talking about was a teleportation portal. There are portals installed all over the vampire world but only accessible by the royals. And the portal has to be open from both sides.

That night, the portal was working from my side, but something was wrong with the portal of this palace." Nyxia shot a glance at Rudy and said, "Now I think it was because of you..."

She stopped when she saw Rudy was still humping Niti.

"Can't you at least stop when I am talking?"

"I can't. And why can't we have a conversation while I am pleasuring Niti?"

Nyxia bit her lips and muttered, "Would you believe me if I said I am getting jealous?"

"Well... It's hard to imagine you getting jealous of someone you rejected. But knowing you, you are not the type of woman who would lie, so yeah, I believe you."

Rudy stripped Niti's clothes and embraced her naked body.

Niti was even more embarrassed, but it turned her on even more.

'If she is enjoying this, she is a masochist. And if I am enjoying teasing the masochist, doesn't that make me a sadist?' Rudy wondered.

Niti eventually gave in to the temptation and once again submitted her body to Rudy. She wrapped her arms around his neck and her legs around his waist.

"Annh~! Yes~ Yes~ Keep going~"

Nyxia watched Rudy's snake going in and out of Niti's cave and raised her brows out of curiosity.

'It's going in so swiftly without any problems even though it's so big. And what a crazy speed. It's raving her pussy without mercy, and she is enjoying it...'

Rudy noticed Nyxia's gaze and smirked from the corner of his lips.

"So? Why did you bring us here? Are you interested in joining?" he asked with a grin on his face.

"No. I brought you here to clear the misunderstanding you have about me." Nyxia cleared her throat and took a deep breath while staring at Rudy with an anxious look on her face.

'What is she going to tell me? She is usually nonchalant about everything she says, but right now, she looks pretty nervous...' Rudy was as confused as a baby looking at the mirror for the first time.

"Nevermind." She shook her head and said, "I can't do it."

"Wow. Why am I even surprised? I should have expected that" Rudy sighed. "And don't worry about it. I wasn't angry at you or anything. I am an adult and mature enough to not cause a tantrum after getting rejected by someone. I was just trying to tease you a little, that's all," he said calmly with a gentle smile on his face, but still humping his hips into Niti.

"I cannot join your harem," Nyxia suddenly said.

"I know. But may I ask the reason? Is it because I am your great grand daughters' lover?" Rudy wondered.

"No. That's the least of my concern." After a brief pause, she continued, "I already told you that I would join your harem if you convinced Glorias to join my harem, but that was the first requirement."

"Oh, great. So this is like a game where I would have to do certain things to make you fall in love with me and add you to the harem?"

"Kind of... yeah.." she nodded. "I am not an easy girl like some maid," she said while shooting a glance at Niti.

"I am not an easy girl~" Niti retorted while moaning.

"Your moans are saying something else," she remarked.

"You would be moaning even louder if his mighty dick entered inside you. It will control every part of your body, and before you even realize it, you will get addicted to it~"

"Well done, Niti. I couldn't have said it better myself."

"..." Nyxia rolled her eyes and said, "When you named me as your reward in front of everyone, I was genuinely surprised. But I was impressed. No one would ever dare to do something like that. And I am sure you didn't do it because you have powers, but because you wanted me, am I right?"

"Somewhat. I mean, I would have surely chosen a different approach if I was a normal human."

"Hmm. Well, I would have saved you from any dangers or sudden attacks. I can't afford to lose you, or my lovely granddaughters will be sad."

"Wait, what if you make impossible requirements that I can fulfill?" Rudy asked with a judging look on his face.

Chapter 328: Nyxia's Answer

"Arara~ I thought you could do anything for me," she remarked with a smirk.

"I can. But if you ask me something like 'you have to spend your life in this world' or 'you will have to leave all your lovers behind,' then I am sorry, but I can't do such things," she said in a neutral tone.

"Don't worry. I am not the mad queen anymore, and I won't ask for such impossible things. And you should know that I also want to join your harem," she stated nonchalantly.

"...!" Rudy stopped humping his hips and turned to Nyxia with eyes wide open.

"What did you just say?" he asked to confirm.

"So that made you stop and finally look at me, huh?" Nyxia squinted her eyes and uttered, "I said I want to join your harem."

"..."

"So make sure to impress me, and don't make me wait too long, or I will change my mind," she chuckled and uttered inwardly: 'I have already waited for you long enough.'

"I can't believe I am saying this, but... I can't wait to fuck you one day. All this haughtiness and cheekiness of yours... I will make you meek like Jane," he asserted while licking his lips seductively.

"It will take more than your long dick to make me meek, darling~"

"Don't call me that. It feels weird coming from your mouth."

"Darling~" she teased with a grin on her face.

"..."

"Darling~"

"..."

"Darling~"

Rudy's face twitched every time she said that, but deep down, he was enjoying it. She was calling him in such a passionate way that he could feel her feelings behind those words. As though she was sad and lonely but happy and excited at the same time.

A few minutes passed, and Rudy's snake began to twitch inside Niti's cave. While Nyxia was watching them while touching herself.

"Well, well, someone is getting horny by watching us," Rudy commented. "Want to join?"

"No."

"Oh, by the way. Were you able to orgasm after you left when Virgil caught us yesterday?"

"No. I don't like pleasuring myself alone."

"But you are doing that right now."

"I am not alone. I am doing it while watching you."

Rudy averted his gaze and asked, "Do you want me to help you?"

Nyxia pointed her gaze at Niti and said, "How about you focus on her?"

Rudy increased his speed as he got closer to ejaculating.

"I am going to fill your pussy soon."

"No! Not inside again~ It took me over two overs to take it all out. And many of it got wasted, and I could only collect a handful of it~"

"You... collected it...?"

"Of course~ There is no way I would let your precious milk go into the drain. It's like my holy water~"

"Wait... please don't tell me you drank it after collecting it."

"Obviously~ You promised me that you would give your milk to me every day, so I didn't store it."

"Eww! That's so gross!" Nyxia commented with a disgusted look on her face.

"That's not gross! You would understand if you ever tasted it. It's so sweet and rich in taste that even the blood moon fruit's sweetness is nothing compared to it," Niti retorted.

"Surely, you jest. The blood moon fruit is the first thing ever to come into existence in this world. How can you even compare it to the dirty fluid that comes out of a man," she shook her head in disbelief.

"I am not lying. It's truly the sweetest thing I have ever drank!."

"So, where do you want it?" Rudy asked. "Your mouth?"

"Yes."

"Not going to lie, getting creampie'd should feel better. Do you not like that?"

"I do. But I would rather drink your sweet milk."

Niti let go of Rudy and sat on her knees. She opened her mouth widely, and Rudy shot his milk inside her mouth like how the water comes out of a hose.

"...!" Nyxia raised her brows after seeing how much milk Rudy was letting out. 'How is he letting out so much? It's like he is peeing rather than cumming!'

After the last few shots, Niti swallowed some of it and made some space to suck Rudy's snake. She cleaned it while sucking and swallowing it and glanced at Nyxia from the corner of her eyes.

Rudy looked at Nyxia and said, "Do you want to drink it?"

"She drank everything!"

Niti began to suck it with a delightful expression on her face, seemingly giving him a blowjob.

"I will shoot again after a few minutes."

"Then..." Nyxia averted her gaze and muttered, "Save a few drops for me. I would like to taste it and confirm if it really tastes sweeter than the blood moon fruit or if this maid was just making things up."

Rudy smirked and glanced at Niti, who grinned in response.

"And..." Rudy pointed his gaze at Nyxia's cave and said, "I can help you, and it will feel better than doing it yourself."

"What will you do?"

"That's a secret. You can either say yes and enjoy the pleasure or say no and keep doing what you are doing," he responded with a shrug.

If Nyxia was an antic piece, then Rudy was the antic piece collector. He knew how to handle cheeky girls and tame haughty girls.

Nyxia couldn't relieve herself yesterday and was agitated for the rest of the day. She now had a chance to feel the pleasure she hadn't felt in centuries, and she couldn't say no to Rudy's offer.

She slowly walked to Rudy and stood in front of him. She looked at him in the eyes and squirmed as though she was embarrassed.

"So...? Do it."

"You have to get undressed first."

Nyxia squinted her eyes, took off clothes, and revealed her voluptuous otherworldly beauty to Rudy. For some reason— unlike when they were in the pool together where Nyxia was brazenly showing off her naked body— this time, she was covering her private parts with her hands as though she was embarrassed to be seen by Rudy.

Chapter 329: After a Long Time

"It's my second time seeing you naked, and I still can't get enough of it. I can stare at your body all day and night and never get tired..." Rudy said while licking his lips. "And you look cute when you are shy."

"Enough of these cheesy lines. Do what you have to do."

"Let's go to the pool first."

Rudy teleported himself and Niti into the pool while Nyxia walked there.

Niti tapped on Rudy's thighs and said inwardly: 'It's difficult to suck it when half of my face is underwater.'

"Okay." Rudy sat on the ledge while Niti stayed under the water, but instead of sitting on her knees, she was now standing on her knees.

Her hands were on Rudy's thighs, and her face was between them.

Nyxia finally reached the pool and stood behind Rudy.

'Since she is sucking him off, so I shouldn't be cautious about him pulling any weird moves on me,' she uttered inwardly.

"What do I have to do now?" she asked.

"Well, well, someone is getting desperate," Rudy teased with a grin. He was waiting for Nyxia to ask so he could use that line on her.

"Stand in front of me," he ordered.

"But..." Nyxia looked at the small space on the ledge between Rudy and Niti and said, "There is not enough space for me to—"

"Just do it."

Nyxia reluctantly stood in front of Rudy.

"Perfect~!"

Nyxia's cave was perfectly aligned in front of Rudy's face.

Rudy touched Nyxia's cave with his hands and spread it using his thumb.

"Pink and red. And I noticed it the last time, but you have shaved too."

"I didn't." Nyxia shrugged her shoulders and casually said, "I never had public hair."

"What?"

"Yeah. I was born with many strange anomalies that I wasn't aware of until I came to the age."

"Well, let's not waste our time discussing that, shall we?" Rudy slowly inserted his finger inside Nyxia's cave and said, "I know you said you haven't relieved yourself in ages, but can I know the exact time?"

"A week after my husband left me," Nyxia responded in a neutral tone.

"Wasn't that like two thousand years ago? How did you manage to abstain for so long? I mean, naturally speaking, one can randomly get in a mood after some time. Even my girlfriend used to masturbate while talking to me on the phone whenever I went to visit my family sometimes," he uttered with a distant smile on his face.

"I did. I tried relieving myself, but I never got the same satisfaction. And it left me—"

"And it left you with the feeling of loneliness, guilt, and regret," Rudy completed Nyxia's sentences. "I know. I have been paying close attention to everything you say."

"Oh? You impressed me again. I thought all our conversations were just to pass the time."

"Of course not. They are precious moments for me. I listen and understand everything my loved ones say. If I don't, then I am no different than the others."

"Hmm~"

"I will make you feel good, and it won't leave you with any sense of guilt or regret," Rudy said with a grin.

"Arara~ Just because you were able to please a few girls, don't think you can— anh~!"

Nyxia instantly covered her mouth as soon as she let out a moan. Her eyes widened, and she stopped breathing for a few seconds because of the sudden shock.

She had never felt pleasure in two thousand years, but Rudy made her taste it once again.

When Nyxia looked down to see what Rudy had done, she saw him sucking her cave while playing with her clit.

"Hey..." she wanted to say something, but even she didn't know what. She simply wanted to interact with him.

Rudy continued cleaning her cave with his tongue and increased his speed. Nyxia also began to get into the mood and removed her hands from her face.

Instead, she placed them on Rudy's head and pushed it against her cave.

While Rudy was eating Nyxia's cave, Niti was eating Rudy's snake. They both were getting the pleasure, while Niti was looking forward to having another round of her favorite milk.

Nyxia's legs grew weak, and she could barely stand still. Rudy noticed it and used telekinesis to surround Nyxia to balance her.

After a few minutes of eating and sucking, Nyxia orgasmed for the first time in two thousand years. She almost passed out from the pleasure and dropped to her knees on top of Rudy.

Rudy grabbed her by her hips and kept her up as Niti was still sucking his snake.

"Get into the pool. I am going to shoot soon," he said to Nyxia.

Nyxia got into the pool beside Niti and watched them in curiosity.

'How can she take something so big in her mouth and move at such a speed? How is she not gagging or choking?' Nyxia wondered.

Rudy noticed Nyxia looking at Niti and asked, "Want to suck it?"

"No," Nyxia instantly refused.

"But I sucked your pussy. Wouldn't it be fair if you sucked my dick too? Equivalent exchange, what do you say?" he asked with a grin on his face.

"Oh? So you are trying to make a deal? I see. Then how about this." Nyxia raised her brow and said, "You can do whatever you want with me and my body for the rest of the day. I will be your personal maid... no, I will be your slave for the day."

"That sounds too good to be true. So what's the catch?" he asked with a knowing look on his face.

"If you accept my offer, then I will be yours for one day. But after that, you will have to forget about me. I won't join your harem, nor will I ever show my face to you. We will walk our own path and never meet again," she asserted in a solemn voice.

"Sure."

Chapter 330: sweet Shots

"Huh?" Nyxia's eyes widened in shock. "You are... okay with that...?"

"You should have let me finish what I was saying. If you thought I would say 'sure' and do as you say, then you are wrong. I want you and your body, not for a day, but for my entire life.

So I would rather wait until you join my harem and fuck you every day and night. Not to mention, if you thought I would agree to those terms and do as you say, you couldn't be more wrong.

You don't know me that well, Nyxia. Maybe I would actually agree to those terms and break my promise. Who knows? I can go to any length to achieve what I want. But I would rather prefer them— in this case— you, to do it willingly.

The last thing I want to do is to hear my loved ones. Even in my worst nightmares, I would never think of doing something that would make my loved ones sad, at least, knowingly."

PHEW!

Nyxia placed her hand on her chest and sighed in relief.

'I thought he was serious about that. That would have been a punch in the gut, for sure. I should stop doing this to him. It's clearly not working, and I am the one getting played instead.'

"I am going to cum in ten seconds! Get ready, girls!"

Even after Rudy said that Niti didn't stop sucking his snake. Five seconds passed, and she was still going at it.

"Hey!" Nyxia pushed Niti aside and said, "Don't you dare take all of it for yourself."

Rudy stroked his snake and said, "Three. Two. One!"

Both Niti and Nyxia opened their mouths and took out their tongues as they waited for the shot.

Rudy first shot in Nyxia's mouth and then Niti's. He repeated the same process until he ran out of milk and filled their mouths with it.

It was Nyxia's first time ever drinking the essence of a man, and she had no idea how it tasted. So she wanted to taste some before drinking more. However, to do that, she would have had to close her mouth and gulp down, that would mean she wouldn't have gotten as many shots as Niti.

So she decided to keep her mouth open and taste it afterward.

Niti slowly began to swallow it while savoring it. But Nyxia's mouth was still open, and she was reluctant to drink it.

"If you don't want to drink, then it's completely fine. As I said, I don't want to force you. Do it only if you want to, or else spit it out," he said calmly.

"Hmmm!" Niti shook her hands and pointed the finger at herself. Seemingly, she was trying to say: 'If you don't want it, then give it to me.'

However, Nyxia wanted to please Rudy. She knew how Rudy enjoyed it when Niti drank and praised his milk.

'I can't do anything he asks because of the circumstances, but I can at least do these small things and make him happy so he would know that I love him too,' Nyxia uttered inwardly.

She closed her mouth and hesitantly swallowed a little, only to open her eyes again with a resolute expression on her face.

Sips by sips, she swallowed everything and looked at Rudy with a satisfied face.

"See? It's sweet, right? I told you so," Niti remarked.

"I do agree it's sweet, but I don't think it's supposed to taste like that," she muttered.

"I think you are right about that." Rudy nodded and said, "In the human world, none of the girls particularly described the taste as sweet."

"It could be because of this world. It's filled with magic, and it's somehow affecting your body too. And... I do feel more energetic after drinking your essence, so..." Nyxia shrugged without completing her sentence.

"Maybe. Anyway, I am going to take a bath now. What about you girls?" Rudy asked them.

"I might as well take a bath while I am here," Nyxia responded.

Rudy turned to Niti and asked, "What about you, Niti?"

"I will take my leave. I need to bring you new clothes and also change mine." Niti squinted her eyes at him and continued, "You ripped my clothes. Now I will have to wear another one. You should know that we only get two pairs a year."

"You are coming with me to the human world, so don't worry about it. There, you will get to wear modern clothes. And I bet you would look awesome in them."

Niti left the bathhouse and made her way to the maid's chamber to change her clothes.

Rudy dipped into the pool with Nyxia and enjoyed the hot water hitting his skin and affecting his muscles.

Niti sat beside Rudy and placed her head on his shoulder.

"Say, darling. Have you ever thought of becoming a king?"

"What type of question is that? And the answer would be no. I don't have time for the world when I am busy with my own life," he responded.

"I think you will be an awesome king. Show your power to the human world and assert your dominance. Become their king and rule over it," Nyxia suggested in a neutral voice.

"Out of all people, you should know how tiring it is to rule a kingdom. You were the Vampire Monarch, too, right? And didn't you say to yourself that you got bored with it?"

"Heh..." she chuckled softly and muttered, "You won't believe it, but my goal was to rule this vampire world and take over the other worlds too. I had the power and knowledge required to do that, but I was stopped by my husband."

'I know it's childish of me, but I get jealous every time she mentions her husband,' Rudy uttered inwardly.

"Can you... uhh... can you tell me more about your—"

The door of the royal bathhouse suddenly opened, and Niti rushed in with a new pair of clothes for Rudy. She was also breathing heavily. Seemingly, she ran all the way there.

"That was so fast of you—"

"Hurry up and wear the clothes!"

"What's wrong? Why do you look so anxious? Is Jane looking for me?" Rudy asked with a calm yet confused look on his face.

"No..." Niti shook her head and said, "It's not only Princess Jane. Princess Rias has woken up!"
