Chapter 541: walking Elena To Her House

Rudy walked Elena to her house while changing the topic to divert her attention from the horror thoughts. And before Elena knew it, they had already reached her house.

They had also bought food from the restaurant on the way as it was already too late to cook.

Rudy handed her the bag and said, "Here you go. Eat a lot and sleep tight."

"I thought you bought this for the girls..."

"I can buy another one at home."

Elena smiled at Rudy and nodded before muttering, "Thank you... for today."

"No, thank you. I really enjoyed it. I didn't realize how much I needed company until today."

"So..." Elena squirmed and asked, "Will we go on another date soon?"

"Maybe next week?"

Elena nodded once again.

In the end, Rudy couldn't help but feel attracted to Elena. He stared into her eyes and slowly moved his face closer.

"..."

Elena didn't move back and closed her eyes, seemingly giving Rudy the green light to proceed further.

Rudy locked his lips with her and kissed her. Then, they looked into each other's eyes and kissed again.

The bag slipped from Elena's hand, and she kissed Rudy more passionately. She wrapped her arms around his neck and pulled him close, pressing his face against hers.

They kissed and kissed without caring for anything else. And after a few minutes, Elena stopped and whispered, "My grandparents sleep early. Do you want to come to my room?"

"Are you sure? You might regret it tomorrow."

"I don't care."

Rudy grabbed the bag from the floor while Elena pulled him inside and locked the door. She took him straight to her room upstairs and locked her room as well.

"What about food?" Rudy asked.

"I will eat it later."

"It will get cold."

Elena frowned her face and pushed Rudy onto the bed.

"Are you trying to avoid this?" she asked with a judging look on her face.

"It may look like that, but I am not."

"Then stop running away!" She jumped on top of him and began kissing him aggressively.

Rudy kissed her back and slowly touched her body to increase her mood.

"I... I don't know what to do next, so can you... do it...!" Elena said meekly.

"Sure thing."

Rudy placed his hands on Elena's shoulder and sat up. He looked into her eyes and kissed her a few times to make her feel good.

Then, he slowly moved his hands to her breasts and squeezed them a little before squeezing them a bit harder.

"Ahm~"

Elena sat on Rudy's lap and wrapped her legs around his waist and her arms around his neck. She let Rudy play with her body as she was feeling good.

A few kisses and squeezes later, Rudy moved his face closer to her ear and whispered, "Time to strip."

Elena's face flushed a little, but she nodded and got up from Rudy's lap. Usually, Rudy would take off his partner's clothes, but this time, Rudy wanted to watch Elena strip.

Elena took off her top and bottom but kept her bra and panties. She turned to the side to avoid showing her body and glanced at Rudy from the corner of her eyes.

"You still have some clothes on you," Rudy remarked.

"I am taking them off. Give me a few seconds to prepare myself."

Rudy watched Elena take off her bras and then her panties. But she was so embarrassed that she turned around.

"I cannot see your beauty if you turn around."

"But it's embarrassing!"

"That is true."

"How about you also take your clothes off first? Then I will turn around?" Elena suggested. She wanted some time to prepare herself mentally.

She thought Rudy would at least take a minute or two to strip, but unfortunately for her, Rudy had already expected that. He had stripped as soon as Elena turned around.

"I have stripped for you."

"You are lying."

"Well, you will have to turn around and confirm for yourself."

Elena turned a little to the side and shot a quick glance at Rudy. After seeing him naked, she covered her eyes and said, "You are naked!"

"Yes. Now get on the bed and sit near me."

Elena turned around and slowly climbed onto the bed on her all fours. She then covered her private places and said, "Don't stare too much."

Rudy pulled her close and kissed her on the lips a few times to ease her mood.

"When we met two weeks ago, who would have thought that we would end up like this..." Rudy muttered with a smile on his face.

"..."

"Say..." Rudy played with Elena's body and asked, "How did you become interested in me?"

"Do I... really have to say it?"

"I am curious."

"Well... we... have a lot in common."

"Do we?"

"Whenever we walked, I felt this connection I had never felt before. I wanted to tell you everything, I wanted to talk with you all day, I... wanted to stare at you... I wanted to... touch you.

Whenever I closed my eyes, I saw your face. And the more we talked, the more I wanted to know more about it. I asked Jessica a few things, but obviously, she didn't know what I was trying to ask most of the time.

I was happy with just being able to touch and talk with you every day, but the weekends killed me. Not seeing you and hearing your voice for two days was like torture to me. So... I used your action as an excuse and asked you for a date.

To be honest, I wasn't sure if you would come, but I was excited about it nonetheless. I couldn't sleep properly and woke up early today. I spent two hours getting ready and reached the cafe thirty minutes early.

I had never been on a date before, so my knowledge was limited, although I have read about it in novels and shows. Every second felt like an eternity to me when I was waiting for you."

[Esper Harem in the Apocalypse](#)

Chapter 542: Bed Talk

"I waited for you and hoped for the best. But when the clock hit the promised time, you weren't there. I was scared. I thought you wouldn't come. I felt like crying and running away, but I still waited.

I was afraid that I pushed you away from me, and you would never talk to me again. When ten minutes passed, and you didn't come, I was sure that you wouldn't come. So I decided to leave, but I ran into Jessica's classmate's mother, and we talked inside the cafe for a few minutes.

Just when I was about to leave, I saw you and couldn't contain my happiness. And... you know the rest..."

"You are right..." Rudy smiled and said, "I guess we are indeed the same. I also have a habit of overthinking things like you do. We both have similarities, and that's why you felt attracted to me. But your feeling for me is not love, is it?"

If that's the case, then I don't think we should commit anything intimate before we sort our feelings. Don't get me wrong, I am not trying to run away. I want to make love with you, but I am worried about you. One day, down the road, you might think I took advantage of your naiveness in love," Rudy stated with a distant smile on his face.

He remembered someone when he said that, and he couldn't help but miss them.

'I want to go back to the 2008 timeline. I really do. After all, that's where I belong. But... I don't want to leave this timeline. I have met the girl I love the most, and I have a chance to save her. I have met... Angelica... who is alive and doing well. If I stay here, I can save her.'

Elena kissed Rudy on the lips and said, "I know I said I don't love you yet, but that was a while ago. I fell in love with you just now."

"Oh? Isn't that convenient?"

"I loved how you cared more about me than... sex. You could have just went along with it and had sex with me, but you were considerate of me. You truly are a great person. I am glad I met you and fell in love with you," she said with the happiest smile on her face.

"I..." Rudy lowered his gaze and muttered, "I am not that great of a person. If you knew my true self, you would hate me."

Elena pulled Rudy's cheeks and said, "Robert, you are—"

"Rudy."

"Hmm?"

"My name is Rudy. Please call me that."

Elena's eyes widened after hearing that. She gulped down and asked, "You were lying about your name this whole time?"

"I am lying about many things. I cannot tell you, but I want you to know that I am not what you think I am," he said in a low voice.

"Did you... did... Everything that happened today was also a lie...?" she asked with a gloomy face.

"No. Everything about me is a lie, but other than that, everything else is the truth."

"So... you are not Jessica and Rebecca's relative?"

"No, that wasn't a lie. I am indeed their relative."

"Then..." she looked into his eyes and calmly asked, "How do you feel about me?"

"I think you are a good girl. When you asked me out on a date, I was conflicted. To be honest, I was going to turn you down because of my... reasons. But I couldn't do it. I guess I have grown close to you, and I was afraid of hurting you.

As for my feelings for you..." After a brief pause, he said, "I like you. You are beautiful and kind. And as you already said, we are similar in many ways. I am interested in you, and I want our relationship to be real. I don't love you yet, but I think I will fall for you soon enough," Rudy replied honestly.

Rudy believed honesty was the key to a healthy relationship, and that's why he wanted to let Elena know about himself before they progressed to the last stage. Sure, having a few secrets was fine, but those secrets shouldn't affect one's relationship in any way.

After all, love was greater than anything else, and true love would never waver in any conditions.

"Okay. As I previously said, I am interested in you, not in your past. You can tell me when you are ready. And honestly, even if you don't tell me, I don't mind. The fact that you were honest with me made me fall in love with you even more."

Rudy chuckled wryly and squeezed Elena's breasts gently.

"You should be angry instead, idiot," he said before kissing her on the lips.

"Earlier, you said that if I wasn't in love with you, I shouldn't have sex with you. But I can say the same to you. I love you, but you don't love me yet, right? Are you sure you want to sleep with a girl you don't love?" Elena asked with a grin on her face.

Rudy pinned Elena to the bed as the tip of his snake poked her stomach repeatedly.

"What would you do if I say I don't want to have sex with you?"

Elena grabbed Rudy's hands and said, "I would let you go either way."

Rudy moved his face close and kissed her on the lips. He slowly moved to her breasts and then to her cave.

When he touched her cave, she let out a soft moan. He slowly inserted her finger to realize how wet she was. She let out soft moans as he fingered her cave, and soon, it began to twitch.

To make her orgasm even better, he inserted another finger and rubbed the walls of her cave from all the sides. Elena jerked her body as she got closer to orgasm and stopped when she let out a loud moan.

"Anh~!"

Chapter 543: Exploring Elena

"Anh~!"

Elena's hips stayed midair for a few seconds until Rudy began to eat her cave.

"Are you sure you want to moan like that? Your grandparents would wake up, you know?" he said while licking her cave.

"It's okay. Once they have fallen asleep, they won't wake up no matter what happens. They also take their meds, so there is that. In other words, I can moan all I want ... or should I say... you can go rough on me?"

"You really know what to say to make me excited, huh?"

"I can somehow guess what you are thinking."

"Then, tell me what I will do next?" Rudy asked curiously.

"Well..." Elena laid her gaze on Rudy's snake and gulped down. "You will ask me to touch it."

Rudy moved back and said, "Go ahead."

"..."

Elena slowly moved her hand to Rudy's snake and touched it.

"I knew it was hard but still... It feels like I am touching a rock. No... it's hot and big like a rod, so it feels like I am touching an iron rod..."

Elena grabbed the snake with both hands and muttered, "It's so big... I am grabbing it with both of my hands, yet, there is still some space left in the third hand, and then there is the tip..."

"Are you ready to take it in?"

Elena stared at Rudy's snake and asked, "How many girls have tasted this?"

"Hmm?"

"Don't play dumb." Elena squinted her eyes and uttered, "You were awfully good when you fingered me earlier. I am sure you are well experienced with the girls."

"You are not wrong..."

"But you didn't lie when you said I am the only girl you are currently seeing, right?" she asked with a judging look on her face.

"Yes," Rudy nodded. "But that could change in the future."

"No need to talk about the past and the future. We are living in the present so let's focus on it, shall we?"

"You are right."

"So..." Elena stroked Rudy's snake up and down and asked, "Did the girls cry when you injected them with your massive dick?"

"No. On the contrary, they moaned."

"Are you sure it won't hurt?" rubbed her thumb on the tip of his snake and said, "Because your cock is big, and I don't think it will fit inside me."

Rudy gently pushed her down and said, "It always fits."

Rudy placed his hand on Elena's cave and used his powers to numb her pain receptors so she wouldn't feel any pain.

He rubbed the tip on the entrance of Elena's cave and made the tip wet using Elena's cave juice.

"Why do you keep rubbing it! Plunge it in. I am getting nervous here!"

"I am trying to make my dick wet so it can enter your pussy in a few thrusts."

"Okay."

Elena got up and spat on Rudy's snake before sucking it as much as she could. She then used her hands to spread her saliva and made Rudy's snake wet.

"There you go!"

"You are wild... just like someone I know..."

Rudy placed his snake on Elena's cave and slowly inserted the tip inside.

"I can feel it! It's spreading to my pussy!"

"Are you ready? I will plunge it in one go."

Elena nodded and said, "Can you kiss me while you do that?"

"No. I want to see your reaction and the face you make while I penetrate you."

"You meanie!"

Even though Rudy had said he would plunge his snake inside Elena's cave in one go, he didn't. He slowly penetrated her cave and watched Elena's expression with an amused look on his face.

Of course, he wouldn't have done that if it was painful to Elena, but it wasn't. And the only thing Elena felt while losing her virginity was a pleasure.

"Is it in?" she asked. "I can feel the tip of your dick hitting deep inside me."

"Why don't you check it?"

Elena looked at the connection between her cave and Rudy's snake and muttered, "Only half of your dick is in! If you push it further, it will rip my womb and enter my stomach!"

"No, it won't. Your pussy will slowly loosen up and get used to it. Don't worry about it," he said calmly.

Elena squinted her eyes and remarked, "Must be nice to have a lot of experience in this. Is it fun to tease the innocent me?"

"You are not as innocent as you make it out to be," Rudy commented. "I know it."

Of course, Rudy could read Elena's thoughts whenever he touched her, and they were touching each other most of the date.

"See? You are teasing me again!"

Rudy slowly began to move his hips back and forth as Elena let out soft moans with each thrust. She stared at Rudy as he pleased her body and enjoyed feeling good.

"We are having sex...." she muttered. "I cannot believe it. Until yesterday, I was anxious to even talk to you when we were alone, and right now... we are doing something that lovers would do. I feel so excited!"

"We are lovers, right?" Rudy asked calmly.

"Mnh~ I don't know. But as long as you talk with me and meet me daily. I don't mind even if you get on with another girl."

"It looks like you also lost your thought process with your virginity," Rudy commented.

"Don't say that. I am— nmh~ I am being honest here. But I am also a selfish girl. And now that our relationship is at this level, I want you to kiss me every time we meet. But only when we are alone.

And..." Elena moved her hips up and wrapped her legs around Rudy's waist. "And maybe we will also have sex once in a while."

Rudy pinched Elena's nipples and asked, "What is once in a while?"

"I don't know. Maybe whenever I am in the mood?" she grinned.

"Oh? So you are treating me as a call boy now, huh?"

"Nuu... you can also call me when you are in the mood."

Chapter 544: It Always Fits

Rudy grabbed Elena's waist and increased his thrusting speed at a steady pace. Elena's moans got louder, but she was trying her best to not moan out loud as even if her grandparents didn't wake up, her neighbors could wake up.

Within a few minutes, Elena had her first orgasm with a snake.

"Amnh~ I can't believe I orgasmed so fast. It feels so good~ And even though I just lost my virginity, I don't feel any pain."

"My dick is magical. It takes away all the pain and turns it into pleasure." Rudy pulled his snake out of her cave and kissed her on the lips a few times.

He wanted to change the position, but Elena took that opportunity to suck Rudy's snake.

Of course, she wasn't good at it, and she could only suck the lip, but she was trying her best to make Rudy feel good.

A few minutes later, she stopped and said, "I am ready for another round."

Rudy lifted Elena's body and placed her on top of him.

Elena stroked Rudy's snake and asked, "Do you want me to ride you?"

"If you want to. Or I can make you ride me."

Elena got up a little and pointed the tip of Rudy's snake at her cave. She pushed her hips down a little, so the tip could enter her cave, and then she forced herself down.

"Anh~ Yes~ I did it~!" she moaned out loud and orgasmed as soon as her cave swallowed the snake.

"See?" Rudy pointed his gaze at Elena's cave and said, "It always fits."

"I... cannot... move..." Elena tried to move back and forth, but she had reached her limit.

"No need to worry about moving when Rudy's snake is grooving."

Rudy slowly began to move his hips up and down, but the pleasure was too much for Elena, so she stopped him.

"Do something else first. You can't just drill your massive cock inside me like that."

"Okay then." Rudy placed his hands on Elena's hips and slowly moved them back and forth.

"Mnh~ This feels like you trying to massage my pussy with your dick~"

"Is it effective?"

"Yes~ It's very effective~"

"Should I increase the intensity of the massage then?" he asked with a grin.

"Please do~ And make sure you touch every corner of my pussy~"

"Now that's a challenge."

Rudy moved Elena's hips back and forth at a steady pace, but he had to increase the speed without increasing it too much.

He raised his hands to touch Elena's breasts but stopped midway and said, "Come to me."

"Hmm~?"

"Move your upper body towards me in a way that your boobs touch my hands."

"But I will lose the balance~"

"You won't."

Elena did as Rudy asked her to do and moved closer to Rudy. Her breasts and the weight of her upper body were in Rudy's hands. Of course, the weight was nothing for Rudy, and Elena could feel Rudy's snake reacher even deeper.

"What did you do? How could just moving a little could make me feel even better?" she asked while moaning.

"It's the magic of my dick."

Elena regained her strength and moved her hips back and forth. And Rudy took that opportunity to turn on his piston and thrust his hips up and down.

"Hey~ That's cheating~!"

Rudy squeezed Elena's breasts and increased his speed even more as she said, "Everything is fair is sex."

They continued for a few minutes, and Elena orgasmed again before Rudy could ejaculate.

"Can you—anh~ Can you stop for a minute or two? My body is not responding to me?"

"No can do."

"Then at least decrease—mnh~! Slow down a little."

"No can do."

Rudy moved his hands from Elena's breasts and hugged her instead, pulling her down to him.

"Anh~!"

Elena could no longer move her body, and Rudy couldn't stop moving his hips. His snake came in and out of her cave, and every time it went in, Elena squeaked a short, soft moan.

If Rudy thrust hard, she would moan loudly.

Now that their faces were close to each other, Elena kissed Rudy on the lips while her cave got drilled by Rudy's snake.

A few minutes later, Rudy eventually released his first load and filled Elena's cave.

"Ooaanh~!"

Rudy jerked his hips as he emptied his balls inside Elena's cave.

"That... was a weird moan, but I like it," Rudy commented.

"I was trying to speak, and then that happened all of a sudden..." Elena laid herself on top of Rudy and relaxed.

"Are you okay?" Rudy asked while stroking her hair.

"Yeah... that felt amazing. Did you cum?" she asked curiously.

"Yes."

"So that's what it feels like to get creampie'd." She kissed Rudy and asked, "If you pull your dick out right now, will you cum leak?"

"Obviously."

"Hmm~"

"Why do you ask? If you are worried about your bedsheet getting stained, then it's already stained with your blood."

"No... I wanted to taste it, but I don't know if it's safe to drink or not," she responded.

'I don't know if the research is already done on that in this timeline. And even if it has, I doubt most people in the world would know. There is no mainstream internet or search engines in this timeline. And they would have to put the research out on the internet for people to read it, and only those who have access to the internet would know about it.

To be honest, I have no idea how many things are researched and invented by this timeline. I used to think that people must be carrying a big device as a phone, but feature phones are already a thing.

The same with the television. I thought only black and white televisions existed in this timeline, but colored televisions were already invented years ago. Seriously, the technology of this world has advanced so much in the last few decades.

I am sure that in the 2020s, there will be flying cars, super-advanced robots, and artificial intelligence. I cannot wait to see how this world evolves even further for the better and greater for humanity.'

[Esper Harem in the Apocalypse](#)

Chapter 545: Elena and Rudy

"Do you know if it's safe to drink it?"

"I think it's safe to drink it. Especially my cum. You will consume the rich elements present in my cum that would boost your immune system and physique," Rudy asserted.

"What do you call your cum?" Elena asked and scoffed as she answered, "Magical cum? Or Magical Serum?"

Rudy squinted his eyes and pushed Elena to the side, pinning her to the bed. He grabbed her legs and placed them on his shoulders.

"Hey— wait!"

Then, he touched Elena's clit and rubbed his thumb on it as he slowly turned on his piston again.

"Why are you angry? I was just trying to tease you!" she said while holding her laugh.

"I am not angry. I am horny."

Rudy spread Elena's cave using his thumbs and moved his hips back and forth. He watched his snake penetrate her cave and make its way deeper.

He could also see the little bulge below Elena's navel whenever he pushed his snake deeper. And the bulge moved with his snake.

Rudy pressed it and said, "You are already so tight. Let's make you even tighter."

"Move slowly~ Your dick is rubbing my insides~!"

"Does it feel good?"

"Yes~ But if you keep doing this, I will end up orgasming again~"

"Go ahead and orgasm as many times as you want."

A few minutes later, Elena orgasmed as her cave juice mixed with Rudy's milk. But Rudy also released his load after a few minutes and mixed the juices even further.

He laid down beside Elena on his side but kept his snake inside her cave as pulling it out would leak the juice.

After letting Elena rest for no less than a minute, Rudy began to hump her from the side.

"Why are you so good at this~?"

"Practice makes one perfect." Rudy lifted Elena's leg so he could drill her properly. But within a few minutes, their position had changed, and Elena was lying on her back on top of Rudy.

Rudy's piston was still one, and his snake was drilling Elena's cave even in that position. Once again, Elena was the first to orgasm, but this time, she had managed to hold it for a while.

"Can you sit up?" Rudy asked.

"Mmn?"

"Reverse cowgirl. You know what that is, right?"

"I have to ride you, but while facing my back to you?"

"Yes."

"Okay."

Elena sat up and asked, "How do I move?"

"However you want."

Elena began moving back and forth, which was the easiest thing to do. But after a while, Rudy grabbed her hips and moved them up and down while thrusting.

Eventually, Rudy shot his milk and filled her cave.

"Wanh~"

Rudy tickled Elena and asked, "Why do you act so cute?"

"Because I am cute~!"

"Can't deny that."

"My pussy is filled with our cums. If you let out more, it will surely leak~"

Rudy placed his hand on Elena's back, then he gently pushed her forward, and she got on her all fours. Of course, Rudy moved with her to keep his snake inside her.

"Oh~ This position~ It's called doggy style, right?"

"Yes."

"I read about it in a journal I found in my school library. It had everything related to healthy sex life and many more things to ensure before having sex and all. But I only read a few pages because I thought it was stupid.

Why would changing position matter in sex when the only thing happening is the penis going in and out of a vagina?

But today, I realized I was the stupid one. I wish I had read more of that book so I could also do something to pleasure you even more."

While Elena was telling her story, Rudy had already begun humping his hips on her. He could feel his snake mixing his milk and Elena's juice in her cave, which made the humping seamless.

They were making a milkshake inside a cave with a snake, and more was yet to cum.

Rudy squeezed Elena's breast and said, "You know, when you said your grandparents won't wake up even if you moan, I thought you were just saying that. But they are truly fast asleep."

"Yes~ So go harder~ Flood my pussy with your cum and nail the fuck out of me~!"

Thus, their session continued.

When Rudy returned home after the date with Elena, he was happy. He had bought food on his way, but Rebecca had also cooked some food as Rudy was late.

When he reached home, it was past 9:30 PM, but the girls waited for him to return and didn't eat dinner. Their usual dinner time was around 9PM, so it wasn't a long wait. After reaching home, he apologized to the girls, but much to his surprise, neither of them was angry.

They ate together, but Rudy couldn't stop smiling during dinner, and Rebecca couldn't stop repeatedly glancing at Rudy. Jessica, however, was confused and continued eating.

Rebecca wanted to ask why Rudy was so happy, but she decided not to as she thought she would be invading his private life.

Even after spending a month with Rudy, neither Jessica nor Rebecca knew much about Rudy. However, they had accepted Rudy as a family member and loved him dearly. He had become an important part of their life, and they wanted him to live with them forever.

After eating, Rudy got them ice cream, which they ate leisurely. They then talked for a while and went to bed as Rudy promised them to take them on a picnic the next day.

As usual, Rudy crashed into the couch and recalled what happened with Elena today.

"I can't believe that really happened..." he muttered. "Sex on the first day is a wild thought. Let's hope Elena doesn't regret that when I meet her again."

Never in his wildest dream had he thought that he would get laid again in the 1989 timeline. But regardless of his worries and doubts, Rudy had no regrets about starting his relationship with Elena.

Chapter 546: Lucid Memory

Rudy woke up to feeling something heavy on his chest as if someone had put something on him.

His blurry vision cleared when he opened his eyes, and he saw the girl he loved the most— Angelica, sitting on top of him.

"..."

Rudy blinked a few times and glanced around, only to realize that he was sleeping on the bed of his room.

"Am I... back in the 2008 timeline?" he wondered.

"No, this is just your memory. Since you were missing me and this timeline so much, your brain showed you one of your wholesome memories," Angelica responded.

"If this is a memory, then how do you know what I am talking about?" Rudy asked curiously.

"Hmm~" Angelica pondered for a few seconds and said, "I don't really know how this phenomenon is occurring. Is it because your body is my host, or perhaps because we shared the same dream dimension when you were in the vampire world?"

"So you are saying that our dreams, or rather, our memories, have connected with each other?"

"Something like that."

Rudy touched Angelica's body and felt it.

"Are you the real Angelica?" he asked hesitantly.

"That depends on how you want to perceive me. This is no more than a mere memory, so you can assume I am fake, but if you do that, that would also mean you are fake too.

If you want me to think I am real, then I will be real. However, if you are talking about the 2008 timeline Angelica, then I am not her. She is in 2008 with the rest of your harem."

"This is messing with my brain..." Rudy muttered.

"That's because you are thinking about it. Just stop thinking for once and enjoy."

"You are right..."

Rudy hugged Angelica and cuddled with her without caring for anything else in the world.

"How do you feel now?"

"Good. I am at peace."

"I am happy to hear that."

Rudy couldn't hold his curiosity, so he asked, "So you are the Angelica from memory, but somehow you are self-conscious and aware that this is a memory, right?"

"Indeed."

"Do you know what the 2008 Angelica is currently doing?"

"I already said she is with your harem."

"Are you talking about live status?"

"Yes."

"Is she worried about me because I have been missing for a month?"

"No. They don't know anything."

"Wait... could it be that the time passes differently between the timelines?" Rudy asked curiously.

"No. The time in the 2008 timeline is passing normally as it should, but the time in this timeline is passing rapidly in comparison to the 2008 timeline. However, for you, it's normal because the flow of time is making up for the speed."

"It feels weird to hear these statements from you. Angelica could never know of such things," he chuckled wryly.

"That's because I am using your intelligence to speak."

"If I return to the 2008 timeline, would I still be in the cemetery with no loss of time?"

"Exactly."

"So it doesn't matter how much time I spend here. But... what if I never return until 2008?" Rudy wondered.

"Then the you from 2008 will be rewritten with the current you. You should find a way to return to the 2008 timeline before 2008 approaches. And as I said, I am using your intelligence, so you should be aware of everything," she asserted calmly.

"Yeah."

Angelica laid on top of Rudy and placed her head on his chest.

"..." Rudy patted her and muttered, "You love sleeping on top of me, don't you?"

"Yes. The sound of your heartbeats calms me down. I feel like I can listen to them all day and never get bored of them."

After talking and spending time with Angelica, Rudy fell asleep in the memory and woke up in reality.

When he opened his eyes, he saw Jessica sleeping on top of him with her head on his chest. However, she wasn't actually sleeping.

When she noticed Rudy was awake, she looked at him and said, "Even though you said you would take us on a picnic, you woke up late."

"What time is it?" Rudy asked calmly.

"It's ten!" She pouted.

"Then you should have woken me up."

"I was going to, but sis said I should let you sleep." Rudy glanced at Rebecca, who was making something in the kitchen.

Rebecca had woken up early because she wanted to be the first one to take a bath before Rudy, but she couldn't wake up early. However, when she saw Rudy was still sleeping, she found it weird that Rudy was always the first to wake up and prepare breakfast.

She was scared that something might have happened to Rudy, so she came near him and checked his heartbeat. But she didn't know how to check and couldn't feel his pulse. She thought Rudy had died, but she sighed in relief when she saw his stomach moving up and down.

She checked his breath and reassured herself that he was simply sleeping. She had no one else in her life other than Rudy, and she didn't want to lose him. She didn't want to be alone again.

After taking a bath, she woke Jessica up and asked her to check Rudy's heartbeat. And when she did, she couldn't stop listening to them.

"You are a liar!" Jessica puffed her cheeks even more. "Miss Elena says lying is bad!"

"I didn't lie. And... Well, it's not that late. We can easily go on a picnic and enjoy our day."

"Really?!" Jessica chirped.

"Yes. And Rebecca was aware of it." He pointed his gaze at Rebecca and said, "Look, she is making food to eat at a picnic."

"Yay! I cannot wait! Hurry up and get ready~!"

Rudy pulled Jessica's cheeks and said, "How can I get up if you don't get off me first?"

"Ehe!" Jessica placed her ear on Rudy's chest and said, "But I like listening to your heartbeats. It calms me down. It's so fast, strong, and loud! I feel like I can listen to them all day!"

Rudy smiled wryly and gently patted Jessica on the head.

"I know..." he mumbled.

Jessica... was the real identity of... Angelica.

Chapter 547: Sunday Picnic

After getting ready, Rudy, Rebecca, and Jessica prepared to leave for the picnic, but when they walked out, they saw Elena standing there in the corner, squirming.

Seemingly, she had come to visit them but wasn't sure if she should. Or perhaps, she was embarrassed to meet Rudy. Regardless, they saw her, and she had no idea about it as she was focused on herself.

"..."

Rudy glanced at Jessica and signaled her to go to Elena and surprise her, but it didn't go well.

When Jessica approached Elena and called her name, she jolted and ended up hitting her head on the wall she was hiding behind. Fortunately, it was simply a mere bump and nothing serious.

After realizing she had been caught, she stood in front of Rudy and fidgeted with a flushed face.

"What are you doing here?" Rudy asked curiously.

"I was... here for home checking..." Elena responded while averting her gaze.

"What's that?"

"Teachers... come to their student's houses to check how they are doing at... home..."

"I see. And they do that on Sundays?" Rudy asked with a judging look on his face.

"..."

Of course, Rudy knew Elena was lying, but he wanted her to confess the real reason she was there.

"I came here to meet... Jessica." She took a deep breath to clear her mind and asked, "Are you going somewhere?"

"Yes! We are going on a picnic!" Jessica said while jumping.

"Pic... nic?" Elena turned to Rudy and asked, "Where are you going?"

"To the next city. We will go ride a bus and take a long route to enjoy the countryside scenery. Then, we will eat the lunch Rebecca has prepared and later watch the movie in the theater. After that, we will go to the water park they like. And at last, go to the mall to do some shopping and return before the sun has set."

"It seems you will be busy for the day..." Elena muttered.

"Yes."

"I see... well... I will go home then..." she said with a gloomy face.

"Actually... Looking after two kids is too much work. So why don't you come with me to watch over Jessica?" Rudy suggested while holding his grin.

"Are you... sure?" Elena glanced at Rebecca, and she didn't seem to be against it. But Jessica, for some reason, while squinting her eyes at Elena.

"Jessica? You don't want her to come with us?" Rudy asked her?"

Jessica puffed her cheeks and said, "I will have to behave well in front of her..."

"You don't have to."

"..." Elena shot a weird glare at Rudy after hearing that.

"I mean, you have to behave well. But you don't have to worry about behaving well. Elena is not coming with us as a teacher, she is coming as our... friend," Rudy calmly explained.

Rudy wasn't sure if he should tell Rebecca and Jessica about his relationship with Elena.

'Would they even understand anything?' he thought.

But most importantly, he wasn't sure what his relationship with Elena was. They went on a date and, in the end, confessed their feelings before moving their relationship forward. But neither of them had asked either of them out. However, they were indeed lovers.

Elena didn't seem to have any idea about it, so it was up to Rudy to bring that up in a natural way. Regardless, Elena had promised to be with Rudy forever, so there was no rush.

Rudy wanted to give some time to Elena to think about herself and her relationship. After all, he was serious about his relationship with Elena.

"I can come with you if you don't mind..."

Thus, they all went on a picnic together and did what Rudy had said to Elena. They also got to see the beautiful sunset by the seaside while they were on their way back by traveling on a bus.

Rudy loved the scene so much that he took a picture and set it as his wallpaper. Moreover, Rudy finally bought a feature phone and got himself a new sim. He also bought one for the house so Jessica and Rebecca could call him when they needed him if he was away for some reason.

Since it was night and too late to make dinner, they all ate out and parted ways. But Rudy wanted to drop Elena at her house, although she said she was fine as it wasn't as dark as it was the other day.

However, Rudy first took the girls to their house and then went to Elena's house. On their way, Elena eventually realized what Rudy was implying, and her face flushed as they walked the rest of the way.

After reaching her home, they went to Elena's room, and Rudy returned home after an hour and a half after playing on her bed.

The next day, when Rudy went to drop off Jessica at her school, Elena was at the school's gate as usual, but she avoided eye contact with Rudy as it was too embarrassing for her.

They didn't talk on that day, even when Rudy came to pick Jessica up. Since Rudy had decided to give some time to Elena, he couldn't complain. But even on the next day, Elena acted the same.

Rudy thought she would get used to it on the third date, but it passed the same way. Three days passed without them kissing, touching, or, let alone, talking to each other.

Rudy was a little annoyed as Elena ran away whenever he tried to talk with her. And to teach her a lesson, he went to her house at night after eating dinner and knocked on her door.

Elena was, of course, surprised to see Rudy there, but she invited him in. They went to her room and talked. Sure, Rudy only went there to talk, but things escalated, and they ended up doing much more than talking.

Turned out that the school had a strict rule about faculties, where they weren't allowed to be in a relationship with their student's parents. Unless they were in a relationship prior to that, otherwise.

Chapter 548: Wife Material

Since Rudy and Elena were having their moment after three days, the session continued for longer than usual.

"So you weren't avoiding me but simply keeping your distance from me?" Rudy asked as he slowly thrust his hips back and forth.

"Yes~"

Rudy pinched Elena's nipples and said, "Then you could have told me that beforehand. Why do you have a phone, huh? I was so worried, thinking you didn't need me anymore."

"I would never even think that. And... I think it was obvious about the rule. Did your school not have such a rule?"

"A teacher dating a student or vice versa is a... well, a common sense rule. That's an obvious thing everyone should know. But I honestly wasn't sure of the rule of a parent dating a teacher. But yeah, that doesn't sound like a questionable relationship, although not to a degree where I would call it an immoral relationship."

"I... waited for your call, but you never called me..." Elena pouted and said, "Every time I was alone, I stared at my phone, hoping you would call me, but that didn't happen. Even at night, deep down, I hoped you would visit me, but I always fell asleep while waiting for you..."

"But I was just giving you space. I didn't want to seem like an obsessive boyfriend who couldn't live for a second without his girlfriend. And honestly, this is your first relationship, so I don't blame you for acting like that. I was the same."

In his past life, when Elise eventually agreed to go out with Rudy, they went on their first day the next day. And never talked for a week because Rudy was too shy and nervous about doing so.

"This is the best example of why communication is necessary in a relationship," Rudy stated. "And you know, you didn't have to keep your distance from me like that. You could have just acted normally as you used to. No one will suspect us if we are just having a friendly conversation when we are in public."

"You are right..."

Half an hour passed, and Rudy was taking a break from the session. He was lying on the bed, and Elena was sucking his snake, cleaning and drinking his milk.

"You don't have to do that every time, you know? Today, I released all my loads in your mouth as you wanted."

"But I like doing it."

"Then sit on me and turn around."

"Hmm?"

"Do you know what sixty-nine means?" Rudy asked with a knowing look on his face.

"..." Elena's face flushed a little, but she immediately got up and sat on Rudy's face.

A few minutes later, Elena orgasmed, but Rudy continued eating her out.

"I wonder what would happen if someone learns about our relationship?" Rudy wondered curiously.
"Technically, neither of us are breaking any rules."

"What do you mean?"

"Well, I am not Jessica's parent. And you are not a teacher," Rudy remarked.

"That's true. But you are her guardian. And even if we get caught, only I would be in trouble. I will be kicked out of school. And I hate to admit it, but even though I am called 'smart', I hate studying.

I don't want to go to college or university. And I don't want to do another job either. I like teaching the kids, and I love that job. If I get kicked, I will have to find another way to make money. Sure, my current job doesn't pay me that much money as I don't have a degree and stuff. But I am happy with what I make.

I can live comfortably with my pay, and that's all I want. My life is perfect. I have a sweet lover, I enjoy my job, I have a house, I have food to eat, and I have grandparents who are just awesome. I don't need anything else in my life.

I know people say 'money doesn't bring happiness, but I don't think that's completely true. You can buy anything you want with the money, but there is no fun or passion in that. You won't feel the same way you would when you buy the same thing in a different circumstance.

And hey..." Elena bit the tip of Rudy's snake and said, "Life gets pretty boring when you have everything, right?"

Rudy chuckled after recalling that he had said the same thing before.

"Yeah, you are right. And I cannot believe we are so much alike. I used to think the same as you. I was happy with what I had, and I was a... down to earth type of person. However, I have changed a lot.

I can no longer be satisfied with what I have, and I always want more. I want to be the best. I want to be at the top. I want to be above everyone else, so my loved ones would never have to think of anything other than me."

"That's not bad either. Is being the best and on the top, your life goal?" Elena wondered.

"You can assume that, yes."

"Hmm. It's a nice one. You will always have that passion to move forward. I like it. Maybe I will also make that my life goal? To be the best and at the top at whatever I do?"

Elena grinned and added, "Or would you rather want me to focus on you and not think of anything else?"

Rudy squinted his eyes but raised his brows and uttered, "You are already becoming a wife-material, do you know that?"

"Is that a good thing or a bad thing?"

Rudy returned home past midnight after spending his best night of the 1989 timeline with Elena. He was genuinely falling in love with Elena as she was filling his void of having a lover.

"That was the best night," he said.

He made his way into the living room and prepared to sleep, but he felt uneasy for some reason, so he went to check up on the girls, only to see Jessica wasn't there.

He scanned the house and used all his vision abilities without caring to go blind. However, Jessica was nowhere to be seen.

Chapter 549: All Seeing

"Where did she go?"

Rudy woke Rebecca up and asked, "Where is Jessica?!"

Rebecca slowly opened her eyes and stared at Rudy.

"Mmm?"

"Where is Jessica?"

Rebecca rubbed her eyes and glanced to her side while saying, "She is sleeping..."

Her eyes automatically widened when she realized Jessica wasn't there.

She got up from the bed and searched through the house, but couldn't find her.

"Where is Jess?!" she asked with an anxious look on her face.

"You don't know?"

"No... we were sleeping..."

SIGH!

Rudy was constantly trying to use the 'find my prey' ability to locate Jessica, but it wasn't working for some reason.

'Why the hell is it not working. I have already touched Jessica many times, so it should be working!'

There was one time when Rudy's ability didn't work, and that was when the Ross family was abducted into the dimension ball. It wasn't as though he couldn't find them, he couldn't see them even after locating them.

'Is the same thing happening this time? But this is 1989!'

"When was the last time you saw her?" Rudy asked impatiently.

"When we went to sleep. You were also on the couch..."

"Yes, but I..."

Rebecca furrowed her brows and asked, "Did you go to visit Elena again?"

"How... do you know that...?"

Rebecca shrugged her shoulders and responded, "That's where you will go since you only visit Elena at night."

"That's true, but we are talking about Jessica right now."

"Last Sunday, when you went to drop Elena at her house after dropping us here, Jessica wanted to go after you. But I stopped her as it was night, and there was no way I was letting her go alone.

I think she..." Rebecca's face turned pale as she said, "She might have woken up after you left and went to..."

Rudy understood what Rebecca was trying to say even without hearing her full sentence.

"Seriously!" He looked at the time and said, "It's past 2 am! What was she thinking?!"

"Will she be okay?!" Rebecca panicked.

"Yeah." He patted Rebecca on the head and said, "She will be fine."

'I teleported here after leaving Elena's house. If I had flown my way, I would have seen her,' Rudy uttered inwardly.

"Still, we don't know when she left. It takes hardly fifteen minutes to reach Elena's house. So if she left before that, she should be..."

Rudy took out his 1989 phone and dialed Elena.

After a few rings, Elena answered the call in a low voice.

[Are you missing me already?] That was the first thing she uttered after picking up the phone.

"Jessica. Is she there?" Rudy asked.

"Huh? Jessica? No, why would she be here?" Rudy could easily sense the confusion in Elena's voice.

"She is not here, and there are chances that she is on her way there."

"Wait a minute..." Rudy heard loud and fast footsteps over the phone, seemingly, Elena rushed to her window to look outside.

"..."

"I don't see her. It's dark."

"Okay. I will be on my way to look for her."

"I will too—!"

Before Elena could finish, Rudy hung up the phone as he was in a hurry.

Rudy turned to Rebecca, who was panicking and calmly said, "Don't worry. I will bring her back in no time."

"I will come with you!"

"No. Please stay here. What if Jessica returns and doesn't find anyone here? She will freak out. So wait for us here."

"But..."

"What?"

Rebecca hugged herself as her legs trembled.

"I will be scared alone..."

"..." Rudy sat in front of Rebecca and placed his hands on her shoulders. "Rebecca, look me in the eyes."

Rebecca looked into Rudy's eyes and stopped trembling.

"You are a strong girl. You don't have to be afraid of anything. You are the best and the greatest sister of all time. I have learned a lot from you, and you had given me the strength to move forward when I was alone. So just be patient, and you will get anything you want in your life."

"..." Rudy's words have been embedded in Rebecca's mind ever since then, and her maturity has increased.

Rudy had unknowingly and unintentionally hypnotized Rebecca into believing that she was a strong girl who didn't have to fear anything in the world.

"I will go look for her. Make sure to lock the door."

When Rudy left through the front door, he noticed it was open, further proving that Jessica had indeed left the house as Rudy had locked the door before going to visit Elena.

Rudy rushed out of the house and soared into the sky so he could have a big field of view.

'No need to panic, Rudy. This is 1989, and nothing happens to Angelica at that time. She... dies in the year 2000. Nothing should happen to her now. But...'

Rudy clenched his fists and flew even higher. Then, he spread his hands and activated his new, yet old, vision ability.

"All vision!"

That ability was a mix of all his vision abilities, as well as all his sensory abilities, including the 'find my prey' ability.

Of course, he could only use it for a few seconds before he became blind, but that was the least concerning thing to Rudy.

Rudy sharpened all his senses and increased the radius to far more than the actual town. He was sensing every tiny moment of the town.

He had already achieved the first step to reach Omnipresence, but now, he had stepped on the first pillar to acquire Omniscient, where he knew everything happening in the town.

Still, using so many abilities not only strained his mental strength, but his brain couldn't process through so much information at once. It needed more time, which Rudy didn't have.

"I sense something strange in the forest behind the school near Elena's house."

Rudy landed near the forest and covered his mouth because of the stench of blood in the air. It was so intense that Rudy jumped in the air to avoid it.

"So much blood."

Hundreds of dead bodies were in the forest, and everything was covered in blood.

Amid all that, he spotted Jessica's body on the huge slab of rock. And a shadow was lurking around it.

"...!"

Chapter 550: Lurking Shadow

A while ago, when Rudy was busy with Elena.

Jessica opened her eyes and stared at the ceiling for a few seconds.

"Is it morning already?" she muttered.

She got up from her bed and went to the living room to ask Rudy, but he wasn't there.

"Am I late for school...."

She could look at the time, but all the lights in the house were closed except the bedroom light, and there was no clock there.

"Umm... where is Rudy..." she rubbed her eyes and slowly made her way to the bathroom, but Rudy wasn't there either.

"..." She looked at the window from there and realized it was still night.

"Oh... so where did Rudy go..."

She went to the bedroom to wake Rebecca up, but she didn't wake up.

"..." She puffed her cheeks and muttered, "I am sure he went to meet Miss Elena again. He lives with us, so why does he go there? I will bring him back!"

Jessica rushed to the front door, which was locked, and her hand didn't reach the lock. So she jumped a few times and managed to unlock it.

"Stupid Rudy!"

She went out without knowing what the time was. She thought only a few minutes had passed since they fell asleep and ran her way to Elena's house.

"Stupid. Stupid, Stupid!" She was so focused and angry at Rudy that the thought of being alone at night never crossed her mind.

Usually, she would be scared to even go to the bathroom alone at night and always wake Rebecca up in the middle of the night.

Elena's house was on the way between the school and her house, so she had seen it several times but never actually went there.

After walking for a few minutes, she reached the intersection, where she had to go right and walk for a few minutes to get to Elena's house. However, when she stood there, she eventually realized that she was out alone in the middle of the night.

Undoubtedly, Jessica made a stupid move, but she couldn't be blamed for her action. After all, she was merely seven years old, and a kid would never stop at anything once they had made up their mind.

When she realized what she was doing, everything came back to her. Her body trembled as she glanced around to look for someone, but it was dead silence.

"Why am I here?!" she panicked.

"Is this the dream where I go to the bathroom to pee and pee on the bed?"

She even started thinking that she was dreaming and she wasn't actually outside the house. She was denying her actions, not because she didn't remember doing them, but because she didn't want them to be real.

"Please, let this be a dream. Let this be a dream."

She closed her eyes and repeatedly said the same thing.

"Let this be a dream. Let this be a dream. Let this be a dream!"

She hoped that she would wake up on her bed when she opened her eyes, but that didn't happen.

"No... I want to go back!"

She turned around and decided to run her way back to the house, but she was still too scared to do so.

"Since I am already here, and Rudy is at Mis Elena's house... I should go there..."

It would have taken Jessica at least ten minutes to return home if she had walked without stopping—even for a second. While Elena's house was roughly five minutes away from the intersection.

"Will Rudy be angry?" she wondered. "What if he yells at me? No... what if he leaves us like father did?"

Jessica rushed to Elena's house as soon as possible, but on her way, she heard a weird rustling noise.

"...!"

She looked behind her and to her sides but couldn't see anyone.

"What was that?"

She increased her speed and ran as fast as she could. But she couldn't stop hearing the same sound again and again. It was as though the sound was following her.

Jessica was scared, but she knew that she shouldn't stop until she reached Elena's house, and she did.

She was breathing so heavily that she felt like her heart was about to pop out of her chest.

She was standing on the porch of the house, waiting for her breaths to slow down so she could utter a word.

RUSTLE!

Then, she heard the same sound again, but it was crisp and clear, as though it came from behind her.

"..." She slowly looked back while trembling, but no one was there.

Suddenly, she was covered in the shadow, and she disappeared along with the shadow.

At that time, Rudy had already left before Jessica reached Elena's house.

When Jessica opened her eyes again, she found herself sitting on the huge slab of rock in the middle of the forest.

"..." She panicked and jumped down, but before her feet could touch the ground, she was pushed back on the slab by the shadow.

"Where am I?!" she yelled.

A few seconds later, the shadow revealed itself and sat on the slab beside Jessica.

"Who are you?!" Jessica jumped again, but the shadow pulled her back to the slab.

"Why did you bring me here?!"

The shadow's entire body was covered in mist, making it impossible to see it.

Tears rolled down Jessica's eyes as she yelled, "I want to go home!"

"I am sorry I was being a bad girl! I promise I won't leave the house again! Please let me go home!"

The shadow tapped on Jessica's shoulder and pointed its finger at the dead bodies in the forest.

"...!" Jessica's eyes widened after seeing that. "Are you going to kill me too?! Please don't eat me! I don't taste good!"

The shadow shook its head and took out a red, apple-like fruit from its pocket.

"No. I don't want to eat it. I know you will eat me if I eat this!"

The shadow handed the fruit to Jessica and slowly spoke, "Dangerous here."

Jessica thought the shadow would kill her if she didn't eat the fruit, so she ate it.

"It's so sweet!" she said after taking only one bite.

After eating the fruit, Jessica calmed down and eventually fell asleep on the rock slab. And at the same time, Rudy arrived.
