Chapter 631: Voyeurism

"Mnh~ Mnh~ Anh~!" Reina moaned.

After Rudy turned on his piston and began humping Reina, Reina couldn't stop moaning.

When Rudy realized that she was feeling good while being watched, Rudy thought it would be the best time to increase the pleasure.

Still, Reina had covered her mouth with her hand at first, but when that didn't work, she pulled Rudy Rudy close and locked her lips with his. However, her moans were still muffled.

Rias was mostly a human with the basic vampiric abilities and features. Hence, she also had a super hearing, and even the muffled moans of Reina were audible to Rias— crisp and clear.

She was curious and wanted to watch them having sex, so she first glanced at them from the corners of her eyes to see if their faces were in view, but after confirming that only Rudy could see her, she slowly turned around without making any noise and watched the show.

Rudy was surprised, but he was close to shooting his load, so he kept quiet and focused on humping Reina.

However, Rias was slowly getting into the mood.

Of course, it wasn't her first time watching Rudy have sex with other girls. The first time was when she woke up from her slumber and watched her own twin sister doing it with Rudy.

Obviously, Rudy was already used to being caught and watched by other girls when he was in action, but he let himself get caught rather than being caught off guard. Most of the time, he was aware that someone was watching them.

He was caught the most when he was doing it with Jane. The first time was when Niti had walked in on them having sex— although Virgil also caught them naked on the bed.

The third time was when Jane's cousin— Miu, had walked into the room, and the fourth and the fifth time was when Vriti and Rias saw Jane and Rudy getting intimate in the chamber.

Due to being caught and watched so many times, Jane had awakened a fetish, which was going to work against her through Rias' secret plan.

A few minutes later, Rudy released his load inside Reina's cave and didn't pull his snake out until he was finished.

After that, he sat comfortably on the couch while Reina sat beside him.

Rias' gaze was fixated on Rudy's snake, and it was evident from her face that she was in the mood.

Rudy waved his snake at Rias and said, "Do you want to touch it?"

Rias pondered for a while and got up from the chair to walk to Rudy. She stood in front of him and had a closer look at his snake.

"This is my second time watching you having sex with a girl, but I am still surprised that this can fit inside a girl. I know you must have heard that a dozen times now, but till... it's too big to fit inside even though I know it was inside Reina a while ago," she uttered without taking her eyes off Rudy's snake.

"It's interesting, isn't it?" Rudy grinned. "It's a magic of my—"

"No need to finish that. I know you will make a joke about it and then comment something."

Rudy once again waved his snake at Rias and asked, "Don't you want to touch it?"

"I want to, but..."

Rias slowly moved her hand and touched Rudy's snake.

"It's wet and hot... and hard... and long..."

"How about you suck it?" he immediately asked without wasting his time.

"What will you ask after that? Do you want to have sex? Or maybe something else?" Rias raised her brows.

"I won't ask about sex since... you are pretty stubborn about your plan."

"I am not stubborn. I just want to have my first time in a way I want."

"Your way includes many things."

"You said you will find a bigger house when every girl can have their own room, and I am waiting for that."

"Don't worry about that. I have already pulled some connections."

Rias stroked Rudy's snake without even asking, as she knew what Rudy wanted. Unlike the other girls, Rias was knowledgeable about sex, and her knowledge was from both the vampire and the human world.

The vampires didn't have a custom of foreplay, although it was known amongst them. But Rias learned many things during her stay in the human world.

"So, you said you were here for me? How did you know I was here?" Rudy asked curiously.

"I didn't know you were here, I came here to check if you were here. I first went to your house, but you weren't there. Then I—"

"Wait, what? You went to my house?"

"Don't worry, I didn't go inside. And no one saw me. When you weren't there, I thought you were here, so..." she shrugged.

"You do know that you can just phone call me whenever you need me, right?"

"I tried. But the call didn't go through."

"Weird. What was it saying?"

"First, it was unreachable, and then it said your phone was switched off."

"It shouldn't have run out of charge since it had a 69% charge the last time I saw it." Rudy placed his hand in his pocket but couldn't feel his phone.

"...!" He got up from the couch and checked his other pocket, but it wasn't there either. He glanced around the couch, thinking it must have dropped while he was humping Reina, but the phone wasn't there.

"What's wrong?"

"I can't find my phone. Did I drop it somewhere?" he wondered. "I had it with me when I was at the agency building. and then I... oh..."

Rudy stripped his pants and placed them on the floor.

"What are you doing?" Rias asked with a puzzled look on her face.

Rudy placed his hands on the pants and enlarged them, then he took out his phone from his pocket.

"I need to touch something directly with my skin when I shrink or enlarge. My phone was in my hands when I shrunk, and then I put it in my pocket. When I enlarged myself, my phone didn't enlarge with me and my clothes."

Rias sighed and said, "So I was searching for you to remind you of something."

"Hmm? Am I forgetting something?"

"No, but it's something you asked me to remind you back in 1989."

[Esper Harem in the Apocalypse](#)

Chapter 632: Memory Seed

"Something... I asked you to remind me?" Rudy raised his brows and asked, "Can you elaborate? Because I don't remember ever telling you that."

"That's because you wiped your memories about it before you sealed my memories. Obviously, you won't remember because it never happened for you," Rias responded.

Rudy sat back on the couch and pondered for a few seconds.

"Yeah, it makes sense that I won't remember it. I just tried to unseal my memories, thinking maybe I would remember them, but as you said, I wiped that memory rather than sealing it.

Still, why would I do that? Removing memories is stupid. I would always choose to seal them if I had to." He looked at Rias and asked, "What did I ask to remind you?"

"That's it."

"Hah?"

"You just asked me to remind you that you have wiped a fragment of your memory. You didn't tell me anything else."

"Why the fuck did I do that?" Rudy facepalmed himself and thought, "There is no way to bring those memories back as they don't exist anymore. So why would I ask Rias to remind me of that? There is nothing I can do about it... right?"

"I am not sure, but you seemed pretty tense about it and warned me multiple times to remind you. You said it was very important. I wanted to tell you this when we met by the convenience store, but then you suddenly mentioned how you wanted to add Rebecca to your harem, so it slipped from my mind," she shrugged.

"Did I tell you why I asked you to remind you? Or did I leave any clues?" Rudy asked curiously.

Rias shook her head and said, "You said you would automatically find a clue when everything is in motion. You just need to wait for it to happen."

"Great... another one of those things." Rudy leaned back on the couch and wondered, 'Did I find out something I shouldn't have? Or perhaps something to be aware of for a certain period of time? Well, as Rias said, it must be something serious. I don't think I would resort to such action if it wasn't serious.'

"Thanks for reminding me, Rias."

"Don't worry about it." Rias turned around and said, "Okay, so I will take my leave now."

"Err... are you just going to leave me hanging after giving me a handjob?"

"I wasn't here to give you a handjob."

"Come on... don't you want to suck my dick?"

"I don't."

"You must have heard from Jane, Niti, and Nyxia that my cum tastes sweeter than the blood moon fruit, right?" he asked with a knowing look on his face.

"Of course, they never told me directly as none of them knows that I am aware of your immoral relationships with them. But yes, I heard Jane say that when you and Jane cheated on me in my chamber."

Rudy chuckled softly and muttered, "You love to hit it right in the feels, eh?"

Rias puffed her chest and proudly said, 'That's my specialty.'

"So, don't you want to taste my sweet milk?"

"I want to, but it doesn't have to be now."

"Fair enough," Rudy sighed.

Rias bit her lips after seeing the disappointed look on Rudy's face and said, "Look, I am no longer trying to avoid having sex with you, nor am I stalling. Everything depends on you now. The sooner you get us a big house with separate rooms for each girl, the faster you will get to fuck me."

"In simple words, you are the one stalling," she added.

"You do know that I can create a mansion if I want to, right? But this place belongs to Reina, and we are expanding the waterpark. It's already in the process."

Rias bit on her thumb's nail and asked, "I am the only girl in your harem whom you haven't fucked, right?"

"No, there is Alice. Actually, Alice and I had many chances, but we never got it on. Her father is at home most of the time, and I can't take her to my house. Also, she does suck me off at school during breaks when we eat lunch together.

One time, I asked her if she would like to have sex with me at school, mountains, in forests, or even at a freaking hotel. But she turned me down, saying she wanted to be at a special place for her first time.

Sure, that might sound stupid, but you know Alice is a bit high on the emotional side and her attachment to her feelings and her belongings is a little more sentimental than any other. I don't want to hurt her so..."

He shrugged and said, "Also, she is not 18 yet. She will turn 18 with me and mom. I am still confused and curious as to why Alice's birth date changed in this universe."

Rias looked at her nails and mumbled, "You should worry more about yourself as a Lord."

"I am on that." He said while getting dressed.

Rudy turned to Reina, who was relaxing after getting her cave filled— and asked, "I will tell the girls to eat dinner with you, alright?"

Reina blinked and asked, "If you don't mind, can you empty the pools later once it's closed?"

"I sure can. Do you want me to fill them up again?"

"No, I will do that in the morning."

"Okay."

Rudy walked to Rias and asked, "Are you going to the gang? I can take you."

"Okay."

Rudy and Rias teleported to the vampire gang.

"See! I told you she was with Rudy!" Jane pointed her finger at Rudy and Rias.

"No. I met her at Reina's office."

Jane wanted to comment on something, but she couldn't do that in Rias' presence.

"Alice, Angelica, we are going home," he called out to them.

"I was just going to call you," Alice nodded.

"Okay, girls. See you soon. If anything comes up, feel free to call me. I will make sure my phone stays on."

Rudy dropped Alice at her house and then took Angelica to his house.

"Angelica... I have something to tell you."

Chapter 633: Angelica Meets Rebecca

"Angelica, I have something to tell you," Rudy said calmly.

"What is it?"

"Well, long story short, I talked about you with mom, and she wants to meet you, so can you make yourself visible to everyone?"

"To... everyone in the world?"

"No, no. I could ask you to make yourself visible to mom only, but that would be weird if Lucy couldn't see you. And... in short, make yourself visible to everyone I know."

"Done."

"That was fast."

"Can I ask why your mom wants to meet me? It's... somewhat strange. I feel anxious."

"You don't have to. Just act as you always do..." Rudy remembered that Angelica's normal was her pervy side. "Actually, just act like how a normal adult girl would."

"And what is normal?"

"Umm, why don't you just act like a girlfriend meeting her boyfriend's parents for the first time? You would want to make a good impression of yourself, right?"

Angelica nodded and said, "But is it okay for me to meet her? Wait, what did you tell her that she wants to meet me?"

"Truth. I told her the truth. And yes, she knows that you are a ghost, so you don't have to try to hide anything from her," he reassured her with a gentle smile.

"Okay..." Angelica took a deep breath and muttered, "This is my second time feeling so anxious. The first time was when I tried to make moves on you. I was afraid of being turned down."

Rudy gently spanked Angelica on the butt and said, "As if I could reject a sexy, thirsty ghost."

"You said you told her everything, so does that mean you also told her about your powers?"

"Yes. So you don't have to lie or worry about a single thing. Just talk with her like you would talk with your sister."

Rudy purposely mentioned that to see Angelica's reaction.

"I don't think I had a sister. No one knows about me, so it's obvious that I was not from around here."

'The worst thing about Jessica's fate is that not only is she dead, but no one knows about her existence either.'

"Are you ready?" he asked Angelica.

"Can you... hold my hand?"

"Sure."

Rudy held Angelica's hand and knocked on the door. He could have opened it, but Lucy was present, and he wanted her to see Angelica.

A few seconds after knocking, Lucy opened the door with a smile on her face. But her smile vanished when she saw Angelica.

"Uhm..." She stood at the doorway and stared back and forth at Rudy and Angelica. Then, she noticed them holding hands.

"Who... is she?" She asked.

"Let us get inside first. I will introduce her to you and mom."

"Yeah..."

Lucy reluctantly let Rudy and Angelica enter the house and then followed them after closing the door.

Rebecca was in the kitchen, watching over the soup on the stove that Lucy had made for the first time.

"Err... mom."

Rebecca gazed at Rudy after hearing his voice and noticed Angelica.

"..." Her face froze, and she showed no reaction when she saw Angelica. She was too shocked to act.

Rudy walked over to her and turned off the stove first. Then, he held her hand and led her to the living room, where Lucy was already waiting for her answers.

"This will be your first time meeting each other." Rudy pointed his hand at Angelica and said, "Mom, Lucy, this is Angelica. She is a very close friend of mine. We go to the same school every day."

Lucy let out a sigh of relief after hearing that.

"Are you in the same classes as well?" Lucy asked.

"Yes, she sits close to me."

"We have done many things together in every part of the school," Angelica quipped.

"Huh?"

"Projects, assignments, and other school duties. She is talking about that."

"Oh... right."

Rudy wasn't lying as he and Angelica indeed go to the same school together, and she always sits on his lap to annoy him.

'Anxious, my ass! She is acting her usual self as always!' Rudy shot a judging glare at Angelica and shook his head.

"Won't you introduce me to them?" Angelica asked innocently.

Rudy facepalmed himself and thought, 'Why did I forget that she is a master at acting.'

"Of course. Angelica, this beautiful lady sitting on the couch is my mother. And this thing is my sister."

"Don't call me 'this thing'! And it's step, I am your step-sister!" Lucy frowned.

"It's the same thing," Rudy shrugged.

"No, it's not. Especially when you are introducing me to someone for the first time."

"Okay, cool." Rudy turned to Angelica and said, "Angelica, this is my step-thing."

Lucy squinted her eyes and said, "I will remember this."

"Oh? What will you do?" Rudy smirked.

"I will also bring my friends over sometimes and introduce you in a way you wouldn't want to be introduced," Lucy shrugged.

"..." Rudy gulped down nervously and muttered, "She always has a perfect comeback and revenge planned."

"That's enough. Stop fighting, you two," Rebecca interjected. "At least have some manners in front of a guest."

'Your guest herself doesn't have the word 'manners' in her dictionary,' Rudy uttered inwardly.

"I will continue making dinner," Lucy stated. After walking a few steps, she turned to Angelica and asked, "Will you be staying for dinner?"

"Umm..." Angelica glanced at Rudy for help.

"Yes, she will."

"Okay."

Now, only Rudy, Angelica, and Rebecca were in the living room.

They both stared at each other in an awkward situation.

"Mom, Angelica, you two talk with each other. I have something to do, so I will be right back."

"Wait!" Angelica grabbed Rudy's hand and asked, "Where are you going?"

"I got some 'things' to do." He patted Angelica's head and whispered, "Don't worry about anything. Mom already knows everything. And I personally think if I give you two some alone time to walk with each other."

After saying that, Rudy left the house and teleported to the waterpark after saying that. There, he emptied the pools as he had promised Reina and then went to the police department in the next city to meet Cassandra.

[Esper Harem in the Apocalypse](#)

Chapter 634: Meeting Cassandra

He entered the department as if he owned it and casually walked into Cassandra's office without being stopped by anyone.

"Transfer this case to the new guy, and you should resume the last week's murder case," Cassandra said to an officer standing in the office.

"Yes, chief!"

The officer turned around and left the office while staring at Rudy.

Cassandra sat on her chair and let out a weary sigh while looking at the file in her hands.

"What's wrong? Can't solve a case?" Rudy scoffed softly.

"That's not it. There are too many cases and too few officers. What can one do when crimes in the city are more than the officers?" Cassandra wondered.

"I don't know, but that sounds serious. Anything common between the crimes?"

Cassandra shook her head and said, "No. That's the first thing I do when I receive a new case. Even finding new leads is tough without clues."

"Sounds rough."

Cassandra moved her gaze from the file and looked at Rudy.

"Why are you here, by the way? If you are here for John, then he is not here."

"No, I am actually here for a personal reason."

"Oh? Did your dog step on another bee?" Cassandra scoffed with a grin.

"Haha, very funny," Rudy forced his laugh.

"That said, why are you here, though?" Cassandra asked with a serious look on her face.

Rudy placed a document on the desk and said, "I don't think I need to say anything."

"..." Cassandra picked up the document and read the context.

"I wanted to ask you if you can help me out with this."

Cassandra finished reading the document and asked, "What do you want me to do?"

The document was the legal ownership paper of Rebecca's house.

"According to this document, the property mentioned on that still belongs to the previous owner, Rebecca. It was never passed down to Fred Mores, am I correct?"

Cassandra nodded and said, "This... umm, Miss Rebecca has indeed signed the property papers to Fred Mores, but Miss Rebecca had no legal signature in the record, and hence this property transfer was canceled.

Fred Mores must have also received notice to bring Miss Rebecca to sign the papers again, but that has yet to happen. Can I ask from where you got your hands on this document and who exactly Miss Rebecca is?"

She asked with a judging look on her face.

"As you must already know about Fred Moore's case. It's all over the news, and I don't think people and the media would stop talking about him anytime soon. So Miss Rebecca showed me this paper and asked me if everything was fine with her property."

Rudy had gotten the legal property papers from Fred's office after he was arrested. He knew exactly where to find it as he already had the data from their system.

"Oh, okay. So you want to know if Miss Rebecca needs to change anything to claim her property back?"

"Well, it still belongs to her, so I was here to ask if there is any additional process?"

"I don't want to comment on anything as I could be wrong. Do you want me to hire a lawyer for you or, rather, for Miss Rebecca?"

"Yes, that would help Miss Rebecca a lot, but can I ask if that would be a government lawyer?"

"Yes...?"

"I see."

Cassandra raised her brow and asked with a judging look on her face, "Any problems with that?"

"As you might already know, Fred Mores was backed up by the government, more precisely, Bobby Tony Tress. There could be other corrupted politicians and their underlings. I don't want to go too deep into this, but you know what I am talking about."

"Hmm." Cassandra nodded and said, "People call Bobby BTT. Anyway, I will try to get a lawyer I personally know. Because of my young age and achievement, having friends in a settled occupation was, or is, tough.

I have a friend who is still studying for her law degree, but I can't ask her for help for obvious reasons. Regardless, Miss Rebecca doesn't have to worry about this matter. I hope you can pass that on to her."

"Yes, I trust you on that. But since Fred has been arrested and will be prosecuted for his crimes, his case could run for months or even years. I don't want Miss Rebecca's property case to be buried under all that."

Cassandra nodded and calmly said, "You have to trust me on this."

"Of course."

Cassandra moved her gaze back to the file she was reading.

"Since you are helping me, I will help you, too. Is there anything you want me to do?" Rudy asked sincerely.

"Not at this moment, no. But I want your thoughts on a question if you don't mind."

"Go ahead."

"Crimes and criminals. They have existed in every era and civilization, and there is no true way to stop that. If you stop one criminal, a new one will be born. But some criminals try to justify their crimes.

In some cases, they call it an act of revenge for what happened to them. Disregarding the laws and rules for a second, do you think any crime can be considered justifiable?" Cassandra asked in a solemn voice.

For some reason, her voice sounded a little different. Perhaps, it was because she always talked in a joking manner and never became serious.

"That's... an interesting question... really. But thinking about it, there are times when crimes are not considered crimes. Wars, for example. Old era or new era, soldiers or warriors... they have killed many, but not because they wanted to. They are simply fighting for their country, but the opponent is also fighting for the same thing.

So who is what here? Disregarding who started the war or the reason for the war, the soldiers or warriors are doing their jobs in the end. They got a family to feed and protect. Pointlessly killing someone and having a reason to kill someone is totally a different thing. So it's... tough for me to answer your question."

Cassandra looked into Rudy's eyes with a serious gaze and uttered, "Oh, you already answered my question."

Rudy smiled slightly and said, "Let's hope we don't get to that point."

"I fight for my hero, hoping to meet him one day. What do you fight for, Rudy Ross?"

Rudy shook his head and answered, "I don't know. There is nothing right or wrong for me, personally... because no one can judge me."

Chapter 635: Whispers of Ghost

When Rudy was busy with Cassandra, Angelica and Rebecca were having a talk.

Lucy repeatedly glanced at Rebecca and Angelica, wondering what they were talking about.

'Why did Rudy bring a classmate over for no reason? I don't understand. And why is Rebecca so interactive with her? I don't think she has ever talked like that with me. We mostly talk about other things and not normal conversations.

I think it's my fault for not opening up to her like a daughter. I don't think of her as a mother, but she is Rudy's mother.'

She bit her lips and mumbled, "I can't let a random classmate beat me like this."

Lucy crouched down behind the platform while hanging her hands up.

'At this rate, I will end up becoming a nonexistent family member of his household. Rudy rarely stays home, and Rebecca sleeps during the daytime. I am not getting enough chances to interact and bond with them. I have to do something before it's too late.'

Lucy closed her eyes and opened them soon after deciding something. She stood up and checked the cabinets as if she was looking for something.

"Oh, come on..." Lucy let out a frustrated sigh and muttered, "I wanted to make Rudy and Rebecca's favorite dessert, but we don't have the ingredients."

She shot a quick glance at Angelica and Rebecca and thought, "They are busy talking, and I don't think Rudy would return anytime soon. I can go to the store and buy ingredients."

Lucy turned off the stoves except one and hurriedly entered Rebecca's room. She opened Rebecca's closet and took a few notes from the drawer.

'This should be enough.'

Lucy rushed to the living room and then to the front door while saying, "I will be right back."

"Where are you going?" Rebecca asked.

"Just going to buy some stuff. I took the money from the drawer."

"Oh...kay. It's getting dark, so be careful out there."

After Lucy left, Rebecca glanced at the kitchen to look at the stoves.

"I wonder what happened..." she muttered.

"Maybe she just wanted us to talk more freely in her absence?" Angelica wondered.

"Why would she do that? We were talking freely, right?"

"But there are things she doesn't know."

"True, but why should she leave if she has no knowledge of certain things?"

"..."

"I think she just went to buy something for dinner."

"Maybe..."

"..."

"..."

There was an awkward silence between them.

"Umm..." Rebecca smiled awkwardly and asked, "How does it feel to be a ghost?"

"I don't really know. I don't know how it feels to be an alive human, so I have nothing to compare it to, but it's not different, I guess? Rudy always keeps me company, so I never feel lonely," she smiled.

"You seem to have taken a liking to him."

"Of course. He makes me happy and keeps me company."

"That's his specialty," Rebecca chuckled.

"If you don't mind, can I ask you something?"

"Sure. You don't have to ask me for permission. You can think of me as your sister."

"You know that Rudy has powers, and he can do anything. But he is soft when it comes to feelings, emotions, and relationships. He doesn't want to misuse his powers in those three things, and sometimes... he feels conflicted.

He loves you, but he doesn't want to be hated by you. He is keeping his distance from you to keep your relationship pure, but he is having a lot of trouble doing that. Since you already know everything, what are your thoughts on this topic?" Angelica asked curiously.

"Rudy and I... we both have decided to think about it and decide. Whatever we decide, that will be our final decision which will never change in the future, no matter what happens."

"I see. So he already discussed that with you."

After a few seconds, Angelica asked, "I wouldn't ask you to change your decision or to think of Rudy's feelings while making your choice. In fact, it would hurt Rudy if you were not honest with him."

"I know."

Angelica still had no idea that Rebecca wasn't Rudy's actual mother, so she was more nervous than Rudy was.

"I have to admit, though..." Angelica smiled slightly and muttered, "It would be kind of weird to have you in his harem, and I am sure the other girls would feel the same."

"..." Rebecca raised her brows after hearing that.

"Every girl would probably also be scared of you. Right now, they can mess with each other and tease them. But they can't do anything to you as you are Rudy's mother. Messing with you or angering you would mean angering Rudy, which they wouldn't want to do even in their deadliest nightmares."

Rebecca took a deep breath and asked, "I forgot, but how many members are in his harem again?"

"Uhm... Alice, Rias, Reina, Jane, Niti, Maria, Rize..." She counted on her fingers. "He is also trying to get Nyxia to join his harem. Then... Elise. And..."

Rebecca's gaze was sharpening with every name she heard.

"Then there is... Lilim, yes. And me. I don't know if he has more, though."

"...!" The last two names shocked Rebecca more than anything else she was revealed to.

"Lilim...? You mean the demon Lilim?" Rebecca asked to confirm.

"Yes. I am surprised he has told you that too. I guess I was worried for nothing," she sighed.

"Do you know if he has done anything with them?" Rebecca asked curiously, but not with a cheerful face or voice.

"He hasn't told you that?" Angelica wondered. "I guess it was awkward for him to mention that to you, but if you want to know, I can tell you."

"Please do. I want to know how he met each of his harem members and how far he has taken his relationship with them. I want full details of his relationship with you and Lilim."

"Wait, wait. Even I can't go too much into the details. We have done so many things that I can't state everything in one night. But I will tell you what's important and how we started."

Chapter 636: Dinner With Family

The sun was about to set completely, but its lights still painted the sky red, pink, and somewhat purplish. The clouds were moving slowly as though they were stuck in traffic.

A vast sea was still, not moving even a little as there was no wind. It was utterly silent, like midnight, with no sign of life. Suddenly, there was a faint sound in the distance.

Then, something passed by with the speed of light or even faster. And a second later, Rudy landed on top of the sea as if he had teleported there, but he didn't crash. He stood on top of the sea without causing a single ripple on it.

It was almost as though Rudy wasn't there.

"Tch!" He clicked his tongue and muttered, "I lost it."

When Rudy was returning after meeting Cassandra, he teleported to his house, but he had a strange sense of feeling that something was not right. He felt like he was being watched.

When he looked up at the sky, he saw something glowing with the size of a firefly. At first, he assumed it was a star twinkling, a visible satellite, or something else. But he felt curious and decided to check it. But it started moving away from him.

It was so small and far away that it wouldn't even be visible to the naked eye or even binoculars. When Rudy noticed it was moving away, he increased his speed and noticed that the thing was also moving fast.

Rudy decided to mark the object with his eyes so he wouldn't lose track of it, but surprisingly enough, it wasn't getting marked. He also couldn't figure out how far it was, but he could still see it.

For a second, he even thought that was a glitch in the matrix, and he was seeing something from another dimension or world. Still, he had to check it.

When Rudy was close enough to the thing, he tried to mark it again, but it suddenly picked up speed so fast that it disappeared from Rudy's sight. Rudy wouldn't have realized it if he wasn't already familiar with how fast the speed of light was.

Rudy was surprised to see how a small object could achieve a fast speed.

During the chase, Rudy caught up to the object many times, but it somehow found a way to escape again. Rudy couldn't achieve the speed of light, but he was on par with the object.

Had he known where the object would turn or move next, he could have planned his chase better, but he was just randomly following something with no destination. It wasn't a chase on the surface where the person could only run on the street; the sky had no limits and restrictions.

After chasing it for a while, the object suddenly disappeared as if it had broken through the light barrier, and Rudy lost track of it.

"Either it traveled even faster than the light or teleported somewhere. But what was it? It was smaller than a raindrop, to be honest. I am surprised I could see that and even managed to chase it like this.

It's safe to assume that whatever it was, it didn't belong to this world. Was it a creature? What race could be so small if not the insects? I don't think it meant any harm, but what was it doing there?

I can't even pass judgment on them as the town is the hotspot to the doors, gates, and portals to the other world. They are supposed to be there. Maybe I shouldn't have chased it and rather called out to it?

I mean, if I was chilling in the air like that and someone suddenly started chasing me, I would also run, given I didn't have the Lord's power. Not that I would actually run... I was just thinking from the creature's perspective. Anyway..."

Rudy glanced around and muttered, "Where the hell am I? What's this place? I am pretty sure I circled the earth like ten times in different directions while chasing that thing."

He looked at the beautiful scenery and wondered, "Is the sun setting or rising? I can't see anything other than the endless horizon of the sea, so I don't even know if that's east or west."

Rudy took out his phone and clicked a few pictures of the beautiful scenery to show it to others, but then he thought his eyes were the best camera in the world and he could just turn his vision into data and show it as a recording.

The sky's reflection on the sea surface was impeccable, clearer than a mirror.

"Is it strange that the first thought to come to my mind after seeing this scenery was, 'I want to have sex here'?"

Rudy flew a little higher, getting all the view, and he almost ended up flying outside the atmosphere.

"Oh, so the sun was setting."

After that, Rudy teleported in front of his house and casually walked inside.

"I am home~" he said cheerfully.

He walked in and saw Rebecca and Angelica looking at Rudy as though they were waiting for him to come to the living room after entering the house.

"What's up?" He glanced around and asked, "Where is Lucy?"

Rebecca stared at Rudy while Angelica smiled awkwardly at him.

"Err... do you two need more time to talk? I can go into my room if you want."

"No, there is no need. We talked about everything there was. Go wash your hands, I will serve the food," Rebecca responded.

"Uhm..." Rudy shook his head and said, "I am not eating unless Lucy returns."

Rudy used his tracking ability and nodded, "She is here."

A second later, the front door opened, and Lucy walked in with a grocery bag.

"You are back..." Lucy said when she saw Rudy.

"Yes. Where have you been?"

"I... wanted to make dessert for your friend. Is it too late?"

"It's not, but we can make it later after dinner. I will help you make it."

After that, they all ate dinner like a typical family, and Rudy later helped Lucy make dessert for everyone.

Chapter 637: Mia is MIA

Angelica was sitting in the living room, Lucy and Rudy were washing dishes, and Rebecca was preparing to leave for her work.

She came out of her room with a handbag in her hand and said, "Rudy, I am leaving."

"Yes, take care, mom."

Angelica got up and said, "Rudy, I should leave too. It's getting late."

"..."

"Goodbye."

"Yeah."

Rebecca left the house, and Angelica followed her.

"..." Lucy nudged Rudy and said, "Shouldn't you drop her off at her house? You brought her here, so you should drop her. And it's already dark."

"She can go alone. It's not her first time traveling at night. And her house is on the way to the convenience store, so mom is kind of dropping her off," Rudy shrugged.

Angelica had turned herself invisible and returned to Rudy's body as she needed to rest and recharge.

"Still, even for formalities."

"It's fine. You worry too much about what others would feel and think. I know I am not the one to say this, but you should also think a little more about yourself."

"I am. And if I was leaving the house so late at night, I would obviously ask you to accompany me. If you rejected me, I would drag you with me."

Rudy washed his hands and wiped them with a towel.

"You said you needed my help with your homework?"

"Yes, I will come to your room later at night."

"It's already night."

"Yes, but I have things to do before that. And it's not actually related to my homework, I just want to study ahead in advance."

Lucy dried the dishes and asked, "Don't you have anything to do? Maybe go out like you always do?"

"I don't."

A few seconds later, Rudy's phone rang.

RING~ RING~!

It was from Maria.

Rudy answered the call with a "Wassup?"

"Ruby is still not back yet. You said you would go find her if she doesn't return by night." Rudy could feel panic in Maria's voice.

"Don't worry, I am on it."

"Thanks."

BEEP~!

Rudy hung up the call and saw Lucy staring at him.

"Looks like you have something to do."

"Yeah. I will be back in a few. Lock the doors, okay? And if I don't return after an hour or two, call me. I promised I would help you with your studies, so I will," he asserted.

Rudy left the house through the front door and flew away.

Meanwhile, Ruby was sitting on the bench by the beach, watching the waves hitting the shore.

"Don't you feel cold?" Rudy asked.

"...!" Ruby jolted in shock and turned around to see Rudy standing there with his hands in his pockets.

At the same time, the wind howled loudly and sent a big wave their way. But they were at a safe distance from the sea.

Rudy's hair swayed with his clothes, and so did Ruby's.

Ruby turned her face to the sea and asked, "How did you find me?"

"I was stalking you."

"...."

"Why would you run away like that if you have nowhere to go?" Rudy asked in a solemn voice.

"I have many places to go. I just decided to take a rest here and enjoy the wind and the sea."

"Maria is worried about you. Do you like to make her worry?"

Ruby bit her lips and muttered, "Whose fault do you think it is?"

Ruby walked and sat on the bench beside Rudy.

"You know... I had respect for you. You were so independent and cheeky for your age. But I was wrong. You are just a spoiled brat. You are no different than Maria."

"Don't badmouth Maria!" Ruby hissed.

"I am not. I am stating the truth, and Maria knows it. She doesn't get offended because she knows I am right. And it's not even an offensive statement. Then why do you feel offended if it's not the truth?"

"Don't try to confuse me with your questions! You can't change my mind! I am not going back to that place!"

"Listen... Mia..."

"Don't call me that."

"You are the one who asked me to call you that." After a brief pause, Rudy continued, "Now listen to me... I love Maria."

"And ten other girls," Ruby remarked.

"You are exaggerating."

"Oh, am I?"

SIGH!

"I won't try to explain to you as it doesn't matter if you don't want to understand it. So I will give you two options which would be the best for both Maria and you."

"I am not letting you make decisions of my—"

"I am not. But I can make decisions for Maria's life, and she can make for mine."

"..."

"The first choice is simple; you come back with me and live with the other girls, or rather Maria. She would be pleased to have your company and know that you are safe and sound."

"That's not happening," Ruby immediately retorted.

"The second choice is that you go away. You leave this place and never show your face to Maria. Never try to meet or contact her. You can do anything you want... you can go to any part of the world and forget Maria.

I will tell her that I couldn't find you. She will be sad for a few days or even weeks, but she won't miss you after that." Rudy looked at Ruby and added, "And I am serious about this. The choice is yours to make, and you don't have time to think, so choose wisely."

"To think that I thought you were a good person..." Ruby muttered under her breath.

"Is it too hard to choose? If you keep on running like this, you will hurt Maria. She only wants you to be happy. Sometimes, sacrifices must be made. You have to let go of one thing to get another," he uttered in a solemn voice.

"And what did you sacrifice, huh?" Ruby furrowed her brows at Rudy and asked, "What did you let go?"

"..."

"I know you are thinking of Maria's well-being, and I want the same thing. But I am not going to be a puppet of your options. I won't do what you want me to do. Thus, I have a better and neutral proposal that would work for both of us."

Chapter 638: The Promised Morning

The girls had just finished eating, and they were relaxing outside Reina's office.

"If the pool was filled, we could have taken a few dips," Jane said while glancing at the pools.

"Sorry, I had Rudy empty them not long ago. And I need to keep them like this overnight."

They had juice and soda cans in their hands, which they were drinking, but Maria wasn't, as she was worried about Ruby.

Suddenly, Rudy landed in front of them with Ruby in his arms and said, "Party without me, huh?"

As soon as Rudy let go of Ruby, she rushed to Maria and hugged her.

"Thank god you are alright!" Maria looked at Rudy and asked, "Where did you find her?"

"By the beach. She was crying her eyes out as though she had gotten lost and didn't know the way back," he chuckled.

"That's not true!" Ruby hissed.

"Why did you run away?" Maria asked Ruby.

"..." But Ruby didn't say anything in response.

"Don't worry, she won't run away again. We have made a deal."

"What type of deal?" Maria asked with a confused look on her face.

"That's a secret," Ruby responded.

Reina pointed her finger at her office and said, "There is food in my office if you are hungry."

Ruby nodded and went to Reina's office with Maria.

"I will also take my leave now."

"Where is Angelica?" Rias asked.

"She is sleeping. I will bring her here tomorrow morning."

After saying that, Rudy teleported to his house. He opened and closed the door loud enough to let Lucy know that he was home.

"I will be in my room."

Rudy went to his room and closed his eyes to relax, but he ended up falling asleep. He was later woken up by Lucy, so he got up and said:

"You are here. I fell asleep while waiting for you."

"Yeah, I know."

"What do you need help with?" he asked calmly.

"We will do it later at night or when you are free."

"Hmm?"

Lucy pointed her gaze at Rudy's window and said, "It's morning already, stupid."

"Oh..." Rudy held his head and muttered, "That didn't feel like a long sleep."

"Go wash your face or take a bath if you want. The breakfast is ready."

'Wait... if it's morning already, then...'

"Has mom returned yet?"

"No, but she should be coming soon."

Rudy was too lazy to take a bath as his eyes were still heavy, and he was feeling more sleepy than before. He washed his hands and ate breakfast with Lucy, but mentally he was exhausted.

"I came to your room after a few minutes of your arrival, but you were sleeping. At first, I thought you were trying to tease me and pretending to be asleep, so I pinched your nose and tried many ways to annoy you, but you didn't wake up, so I went to sleep," Lucy informed.

"Sorry about that."

'Did I cancel the event with Lucy? Or perhaps delayed it? But wait, isn't it better if that event never happens? And even if it does happen, it wouldn't go the same way it did in my past life.'

"I have to go to school early today, so can you do the dishes for me?" Lucy asked meekly.

"Yeah, sure. Be careful on your way."

"Thank you. I will wash dishes someday when it's your turn."

After eating breakfast in a hurry, Lucy left.

Rudy lazily finished his breakfast and washed the dishes while waiting for Rebecca. He would have called her or went to the store, but when he tracked Rebecca, she was already on her way home.

A few minutes later, Rebecca finally reached home and saw Rudy waiting for her in the living room.

"I take it as you are waiting for my answer?" Rebecca asked with a slight grin on her face.

"Well, yes. I don't think I will be able to rest easy until I hear the answer."

"I thought you would already be on your way to school, but I forgot it's sports week, and you rarely go there as the attendance is not counted."

"I plan to go today, though. We have classes for the first two periods and then sports."

Rebecca sat on the couch beside Rudy and let out a weary sigh.

"So, who will go first?" she asked.

"You go. Because I am worried that you will change your decision after hearing mine."

"I promised I won't do that, but I will go first, as I am sure you will not back down."

"..."

Rudy took a deep breath and prepared himself for the answer. He was feeling the same as one would after confessing to the person they liked and waiting for their response.

After a minute of silence and suspense, Rebecca opened her mouth and said, "As I said the last time, I will say the same thing."

"Which is...? We talked a lot and agreed on many things. Which one are you referring to?"

"I want to start having a romantic relationship with you. My thought process and perspective have already changed after we kissed, so it would be a matter of time before I develop romantic feelings for you again," she stated calmly while looking at Rudy's face to observe his reaction.

Rudy didn't show the reaction Rebecca was expecting, so she became a bit nervous. All the time, she had never been anxious as she was sure that Rudy wanted to have a romantic relationship with her. Especially after finding out how he lusted after her.

But now that it was time for the announcement of Rudy's decision, her heart started beating fast, and she couldn't sit still until she had heard his answer. She realized how Rudy must have felt while waiting for her answer.

"I thought about my answer after we... after our moment, and I thought about many things, out of which, most were about you. I am happy to hear your answer, but... my answer is not the same," he said in a low voice.

"..."

"I... want you to continue being my mother."

Chapter 639: Relationship Counselling

"Wha...t?" Rebecca couldn't believe her ears. She thought she had heard it wrong.

"I want you to stay as my mother."

"But... I thought you... you wanted to have a romantic relationship with me?"

Rudy quietly nodded and said, "That's true. But I think it's for the best if we don't do it. You mean a lot to me, and I want to preserve the already pure relationship we have. You will still be my Goddess and my Queen, and I will do anything for you."

"I see..." Rebecca got up from the couch and headed toward the kitchen to wash her hands.

"Mom, I am really sorry. It pains me as much as it pains you. In fact, some of me still want to have a romantic relationship with you."

"It's okay. Don't worry about it." Rebecca continued washing her hands even though it had been a minute.

"..."

"You certainly didn't have any problem when you slept with Jessica and Lilim, who were much younger than me when you met them in the past. "

"So Angelica told you everything, huh?" Rudy got up from the couch and walked to Rebecca.

"Don't play dumb!" Rebecca turned around and furrowed her brows at Rudy before saying, "I have raised you for eighteen years, and I have known you even before that. Do you seriously think you can fool me by playing dumb?"

"I am no idea what you are talking about," Rudy played dumb.

"You are not stupid enough to let Angelica tell me everything. It seems as though you planned it beforehand so you wouldn't have to tell me about the harem yourself. And please tell me you were just trying to tease me and that you are not actually serious about your decision."

"I am half serious."

"I knew it!"

Whatever Rebecca said was true, and it was indeed all part of his plan. He had purposely told Angelica that he had already told Rebecca 'everything', while he actually hadn't. And he knew that Angelica wasn't a tight-lipped person, so he hoped that his plan would work.

Rudy placed his hand on Rebecca's waist and pulled her close before hugging her.

Rebecca's face flushed a little as she said, "Don't do such things to me if you don't want our relationship to be like that."

Rudy chuckled softly and said, "You didn't let me finish my answer."

"Do you like teasing me that much? Or are you taking revenge on me for all those times when I was harsh on raising you?"

"Heh. My revenge is sweet, not bitter." Rudy looked at Rebecca's lips and slowly moved his face forward to kiss her, but he stopped and controlled himself.

Rebecca pumped her head on Rudy's forehead and asked, "Tell me your answer, please. I can't bear this feeling anymore."

"I want our relationship to stay as it is. I want us to be mother and son. But sometimes, we can be more than that."

"..."

"I am touching you right now, so I can read your mind."

Rebecca separated from Rudy so he wouldn't read her mind anymore.

"Did you seriously just think that?" Rudy asked with a judging look on his face.

"That was just a passing thought. And it happened because you said something so unreasonable!"

"I don't think I am being unreasonable. You are asking me to leave you behind as a mother and accept you as a lover. I don't have my birth parents, nor do I know who they are. Of course, I don't care about them, and you are the only parent in my life.

I am sure you were worried about the same thing as me. You didn't want to leave me behind as a son and accept me as a lover, right? I don't want to lose my mother, and you don't want to lose your son."

"But I had to choose either one, and I did." Rebecca nodded.

"What if I don't want to choose?"

"Then you are being greedy."

"Let me explain in simple words."

"I think I know what you are trying to say, but sure, go ahead and use simple words."

"We can have a normal mother and son relationship when we are doing nothing-- which is, most of the time. And we can have a lover relationship when we are doing something like lovers do."

"And how is any of that 'not being' unreasonable, huh?" she questioned.

"But you yourself said that it would take time for you to develop romantic feelings for me again. So until your feelings transits to that phase, we can live my way, right?"

Rebecca pondered for a while and said, "Okay, I am okay with that, but I have one condition!"

"I saw that coming." Rudy chuckled. "What is your condition, dear mother?"

"This! She poked her finger on Rudy's chest and said, "You won't refer to or call me 'mom or mother' when we are having a lovers moment, okay?!"

"..."

"If you truly want to respect our pure relationship, then you must keep it pure!"

"Fine" Rudy raised his hands as though he was surrendering. "So we are cool now, right?"

"That depends on what you mean by that."

"Is that so?" Rudy licked his lips and stepped closer to Rebecca, but Rebecca stepped back and kept her distance from Rudy until she hit the kitchen platform, and there was nowhere else to go.

"Step back!" Rebecca hissed like a cautious cat.

"You are living alone with a young boy in his late teens. And you just gave him an 'okay' pass to do anything he wants with you. It's too late to be afraid, miss."

Rudy hugged Rebecca and added, "Thank you for putting up with my selfish ass, Rebecca."

Rebecca hugged Rudy back and sat on the platform before wrapping her legs around his waist and her arms around his neck.

She looked him in the eyes and said, "You just called me by my name."

"You know what that means, right?"

Rebecca didn't say anything in response and pressed her lips on Rudy's lips.

Chapter 640: Exciting Day

Ever since Rudy and Rebecca started kissing, their lips didn't separate. They continued kissing while embracing and pressing their bodies against each other.

'I can't believe this is really happening. We are kissing! I know we have kissed before, but this is our first time kissing as lovers!' Rebecca uttered inwardly, knowing well that Rudy could hear her.

Rudy noticed something moving in his peripheral vision, so he rolled his eyes to the corner and saw Freya staring at them from the living room.

'I just fed her after Lucy left. I thought she had fallen asleep after eating but apparently not.'

"Let's shift to your room."

Rudy teleported to Rebecca's bed and continued kissing her. He was on top of her, so he could play with her body however he wanted.

He slowly moved his hands to her breasts and squeezed them in a way Rebecca wouldn't feel uncomfortable. He started to unbutton her top so he could feed his eyes with a beautiful view, but Rebecca stopped him by grabbing his hands.

"Stop."

"What's wrong? We are now lovers, so we can do this, right? If it's too fast, then we can take it slow, of course."

"Yes, it's too fast, but that's not the only point."

"..." Rudy let out a short sigh and muttered, "You are worried about what that diary said..."

"Yes. It strictly prohibited me from having an intimate relationship with you. I don't want to take any risks, please," she said with an anxious look on her face.

"But... we are lovers now. If we don't have an intimate relationship, then are we even lovers? And as you already know, I am intimate with Angelica and Lilim, and nothing has happened.

"That's because you didn't know who they were, and it happened before you time traveled. Can you wait until our birthday?"

"Why is that?"

"The diary will finish, and then I no longer have to follow it. I know it sounds stupid, but please. This will be my last request."

"It doesn't sound stupid, but what if you still need to follow the diary even after it ends?" Rudy asked curiously.

"Then I will gladly break that rule. I won't let the diary bind me forever."

Rudy kissed Rebecca on the lips and calmly said, "You waited for me for so long, I can wait for a dozen days."

"Thank you." Rebecca let out a sigh of relief.

Rudy didn't waste a second and started kissing Rebecca again.

"Did you not hear what I said?"

"Kissing is not intimate."

"What do you mean? It totally is!"

"Maybe it is, but I think sex is more on an intimate relationship than kissing. So we can still kiss and satisfy ourselves."

"Maybe... you are right." Even Rebecca couldn't contain her feelings anymore.

"That means we can actually do more than kissing but less than sex..." Rudy whispered in Rebecca's ears.

"...!"

"We can suck each other off. We can relieve each other. We can even do anal—"

"No anal!"

"Just a tip," Rudy teased with a grin.

"No tip!"

Rudy kissed Rebecca on the cheek and said, "I was just teasing you."

They continued kissing each other until suddenly, the front door flung open, and Lucy walked inside in a hurry.

"Thank god, I missed the first bus! I forgot my homework book, so now I can take the next bus without getting late! But I missed my duties today!"

Rudy quickly hid under the blanket and also covered Rebecca under it.

Lucy took off her shoes while glancing in the house and muttered, "Looks like Rudy already left."

When she entered the living room, she saw Rebecca's handbag.

"Oh, she is home. Good."

Lucy went directly into Rebecca's room and saw her sleeping on the bed. She searched through the desk and the table by the bed, but she couldn't find her homework book anywhere.

"Weird. It's not in my bag, nor here. Did it fall off somewhere?" Lucy muttered to herself.

She looked at the bed and thought, "Maybe it's..."

She walked to the bed and tried to lift the blanket, but Rebecca opened her eyes and acted as if she had just woken up from sleep.

"Lucy? You are home? It's evening already?"

"Ah, no. I am here for my book; I think I left it on the bed while packing my school bag. Can I leave the blanket and check it?"

"Sure, sure."

Lucy lifted the blanket and sighed in relief after seeing her books.

"There they are. Thank god I didn't misplace them."

She hurriedly placed the books in her bag and said, "Sorry to disturb your sleep. You can sleep now. I will lock the door for you."

"Thank you."

"And yeah, I will be late from school today. I have decided to come home after finishing my homework at a cafe or the school library with my friends. It's quicker and better that way."

"Okay, but be careful."

Lucy left in a hurry and locked the door.

Rudy teleported back to Rebecca's bed and uttered, "This is why sex at home is dangerous."

"We weren't having sex."

Rudy looked at the time and said, "I will take my leave too."

"Already?"

"Yes." He kissed Rebecca on the forehead and said, "I know you are tired from your shift, so you should rest too. We will continue after I return from school."

"..."

He licked his lips while saying, "You better be ready."

He went to his room and came downstairs after a few seconds. He had worn his school uniform and taken his school bag in such a short amount of time.

"Bye, mom!"

"Bye..."

He teleported to Alice's house to pick her up, and then they picked up Janet on their way. They reached the school on time, and everything was going well until Rudy dozed off in Rize's lecture.

He was woken up by repeated whispers from Eric and Alice.

"..."

He was given the same warning by Rize and was asked to return within two minutes.

Rudy was genuinely feeling sleepy, so he went to the washroom to wash his face. He was about to return until his phone buzzed in silent mode, and the caller happened to be none other than Elenor.
