#### Chapter 651: Pool House

Rudy teleported to the pool house with Alice, but it was empty, except only Vriti, using her phone on the bed.

She was startled when Rudy and Alice appeared out of nowhere, but she managed to not show any reaction.

"Where is everyone?" Rudy asked Vriti.

"Pool."

"They have taken a liking to the pool. I have to make sure our new place has a big pool," he muttered.

"Why are you here then? You don't like pools?"

"I was sleeping at night and woke up a while ago. I can't go there because the sun is up. And the others have been there since night. They will return at... mid...day? Is that a word?"

"Yes, you can call it midday. But it's better if you call it noon."

"Understood."

Rudy nudged Alice and asked, "What will you do now?"

"Well, I will go there, I guess? What will you do?"

"I will drop you there."

"Umm..." Vriti clenched the bedsheet and meekly uttered, "If you are going there, please take me with you. I am bored."

"Of course. And..." Rudy conjured a black umbrella in his hand and enlarged it to almost double its original size.

"That is... I saw it in the movies..." Vriti muttered.

"Yes, this is an umbrella, and you can use it to travel under the sun. It's not a permanent or harmless solution, but with this, you won't be burned by the sun's light. You will still feel hot, though."

Alice opened the umbrella and said, "It feels heavy, and the canopy is thick."

"I made it for the vampires, so it would feel heavy to normal humans. And the canopy is multilayered. Also, the roof is big enough to provide shade in a 3-meter radius. So no matter where the sun is in the sky, its rays won't fall near anyone using the umbrella," Rudy asserted the functions of the umbrella.

"..."

"And just in case..." Rudy made ten copies of the umbrella and said, "I will make multiple copies for everyone."

"I want to test it, so can I walk my way there?" Vriti asked.

"Your wish," Rudy shrugged.

"I will go with her then," Alice quipped.

"Are you sure? I can drop you off if you want, and that would be quicker."

'What's with the difference in treatment? Could he not say the same to me?' Vriti sighed.

Alice handed the umbrella to Vriti, and they both walked out of the pool house under the shade of the umbrella.

"And... they left..."

Rudy jumped on the nearest bed and let out a short sigh.

"What do I do now? I have nothing to do. Should I go home?" he asked himself.

"No. It's been like three hours since I last met mom, and she is sleeping right now. If I go home... I will probably try to make moves on her since my horny ass can't rest when I am around her."

SIGH!

"I guess I will sleep.... no. No sleeping. All I am doing is sleeping. Why am I sleeping so much? I don't feel tired."

Rudy took out his phone and searched on the internet about his condition.

"I obviously don't have any disease or disorder, but there might be some similar symptoms."

He opened the first article that came up after searching, and read the reasons why he felt sleepy all the time.

"Most of them are about health and medical conditions, nutrients and fatigue-related. But I have none of that. Hmm... stress is one of the reasons."

After a brief silence, he asked himself, "Am I stressed?"

'It's true that a lot of things have been happening, and the most I was worried about was mom and Elena, but both matters have been solved peacefully. Stress is mental related, and I can't come up with powers to counter that.

Besides, I have many stress relievers. The first one is, of course, my harem. I have so many girls I can play with. Second is my powers; I can do anything I want. And third is... this life; I have fixed most of the mistakes I had made in my past life.'

"Maybe I should go to the pool and hang out with girls? I can't flirt or make a move on them because Jane and Rias will be there. Still, it's better than being alone."

"Rudy! Rudy! Help me!"

Rudy heard the call for help. And the voice belonged to none other than Jane, who was presently the strongest member of his harem.

He jumped out of bed to the door of the pool house. He was ready to smite the whole world, whoever dared to harm Jane. However, when he opened the door, all his fury vanished.

Jane was at the doorway, trying to enter the pool house, but she couldn't because the umbrella was too big to fit in the entrance.

"...what are you doing?" Rudy asked.

"I can't enter! Why is this thing not going through?!"

Rudy shook his head in disbelief and said, "Obviously, something so big wouldn't pass through the narrow doorway. Have you become an idiot after spending time in the human world?"

Jane furrowed her brows and glared at Rudy.

"What's with that glare?"

She puckered her lips and said, "You big dick can enter and fit the narrow pussies of your harem members without ease, so why can't this pass through the doorway?"

"..." Rudy took the umbrella from Jane's hand and closed it before saying, "No comments."

"How did you turn it small?!" Jane exclaimed in curiosity.

Rudy opened and closed the umbrella in front of Jane to see the change in her reactions.

"You saw this in the movies, didn't you? So why are you so surprised to see it?"

"Because not everything in the movies is true, so I assumed that was fake."

'I am seriously worried about her survival in the human world.'

"Here, here. Let me try it too!"

Rudy gave the umbrella to Jane and let her play with it.

He smiled at her and said, "You are like a kid getting all excited to play with a new toy."

#### **Chapter 652: Jane in the Closed Room with Rudy**

"Did Alice tell you I am here?" Rudy asked. "I was about to go there myself."

"No, but I assumed you must also be here since Alice was here. I am glad I came here to check."

"Don't worry, I made sure to avoid Rias while coming here. She didn't see me leave," she added.

She was opening and closing the umbrella again and again as though she found it fascinating.

"Can I ask something?" Jane asked.

"Don't ask my permission to ask something."

"I didn't want you to call me stupid for asking the question because it is somewhat dumb."

"Go ahead. It's nothing new," he grinned to tease her.

"Suppose, if I push this... umm...?"

"Umbrella."

"Yes. Suppose, if I push this inside someone's mouth or... from their backside, and then open it, what would happen?"

"Absolutely nothing."

"Eh... I was expecting them to explode from the inside."

"The force of the umbrella opening would be lesser than the pressure applied on it from the outside."

"And... what does that mean?"

"Of course... why did I expect that you would understand." Rudy sighed and said, "Close the umbrella."

Jane closed the umbrella and said, "Done."

"Now wrap your palm around it. I mean, grab it with your hands. Clench it."

Jane did as Rudy asked her to do and asked, "Now what?"

"Now press that button and open the umbrella."

"Are you sure? What if it destroys my hand?"

"It won't."

Jane trusted Rudy more than anyone, so she closed her eyes and opened the umbrella.

"See?"

"So, in other words, my grip around it is stronger than the umbrella?"

"You can say that."

Jane tossed the umbrella to the side and said, "I suddenly lost all my interest in this thing."

"That was quick."

"I wanted to explode someone into pieces using it, but that's not possible."

"You can do that with a grenade or a bomb. Actually, I have tried that, and it felt good."

Rudy cast his memory on the television and said, "This is from a warehouse where a couple of bad guys kidnapped innocent kids to use them as a sacrifice for a god."

It was a clip of when Rudy stuffed a grenade in the leader's mouth and tossed him in the air as his body organs rained down.

"That feels so satisfying! Where can I get my hands on the grenades?" Jane asked.

"Why?"

"I will find a bad person and explode them."

"Calm down, you psycho. Let's talk about something else."

Rudy and Jane relaxed on the bed and talked about various things until Rudy mentioned what happened in school.

"I don't know, but for some reason, when I close my eyes for more than three seconds, I lose consciousness and fall asleep," he said.

"Isn't that good?"

"No, it's not. Even when I accidentally keep my eyes closed for more than five seconds, I fall asleep and wake up later after a random interval."

"Do you have any idea why it's happening? Your powers give you abilities based on what you want, right? Did you wish for something like that?"

"As a matter of fact, I did create an ability that allowed me to sleep, but the requirement was that I needed to keep my eyes closed for more than a minute."

"Congratulations. You evolved that ability, and your powers changed the requirement to five seconds. How about you name this ability— insta-sleep?" she chuckled.

"You are enjoying this, aren't you?" Rudy asked with a tired gaze.

"Because it's funny."

"I have to find a way to devolve this ability."

"You can do that later." Jane wrapped her hands around Rudy's neck and pushed him onto the bed while kissing him on the lips.

"We have a golden chance to have some fun, so let's use this time wisely," she added.

Rudy squeezed Jane's breasts and said, "I couldn't agree more."

Jane undressed Rudy, only taking off her clothes and keeping the undergarments on. Then, she sat on his face, and they sucked each other off.

When they both were ready, Rudy penetrated her from behind and started humping her. Once the first round was completed, they changed to various positions, but Rudy was the one taking the lead in all of them.

After finishing the fifth round, Rudy laid down beside Jane and said, "You are out of breath in five rounds only? It seems like the human world made you weak too."

"Shut up. Who said I was tired? I am just looking out for you and giving you time to take a one-minute break."

"Yeah, right."

Jane sat on top of Rudy and said, "I will ride you now."

Rudy closed his eyes and chuckled, "Let's see how long you can continue that."

A few seconds later, Jane was ready for round six. She raised her hips and plugged Rudy's snake inside her cave.

"Mhm~"

She slowly started moving her hips back and forth at a steady speed before increasing.

"What's wrong? You won't play with my boobs like you always do?" she asked.

After receiving no response from Rudy, she realized that Rudy had fallen asleep. Poor Rudy only wanted to take a breather after the post-nut clarity but ended up falling asleep.

"I... didn't think this could happen during sex too. It's a great disadvantage."

Jane looked at the connection between her cave and Rudy's snake and wondered, "Should I stop? But I already started it and won't be able to calm down unless I orgasm. And he is also hard, so I will wait for him to go limp before stopping. Just this round, and I will stop."

A few minutes later, Jane's cave received a reward for her hard work.

"Yes~"

Jane stayed connected with Rudy and looked at his face.

"He still hasn't woken up. And he is still hard." She started moving her hips again after saying, "I will stop after the next round."

Two rounds later, she stopped and muttered, "I want to continue, but it's time for everyone to return. If Rias saw me in this situation, she would chop me into pieces— especially after knowing that I was fucking him while he was sleeping."

#### **Chapter 653: Versus Temptation**

Jane got up from the top of Rudy and the bed and grabbed her clothes which she had taken off before having fun with Rudy.

While getting dressed, she couldn't take her eyes off Rudy's still erect snake. She gulped down and clenched her fists as she muttered:

"What a life I am living. I am afraid of getting caught having sex with my husband. No... I won't be scared of anything, and I refuse to live like this!"

Jane tossed her clothes to the side and climbed on the bed again. She penetrated her cave with Rudy's snake and began riding him once again.

'I am already feeling a little sleepy, so I will stop after one round.'

Even after two rounds, Jane didn't stop and proceeded to the third round. She stopped only when she felt tired and in need of rest.

She kept Rudy's snake inside her cave and rested on top of him.

"He still hasn't woken up after cumming so many times. He must be having a good dream. After all, I am pleasuring him with my body."

She stayed like that for a few minutes and enjoyed getting her cave stirred by Rudy's snake with the milk and juice.

"I miss the days when we were in the vampire world before Rias woke up. We spent three days having sex all the time. That's probably the best time of my life so far. I don't know how long I am going to hide our relationship with Rias.

I love you, but I don't want Rias to hate me. She would hate you too if she found out that you have been sleeping with her twin sister."

SIGH~

"What a mess I have got us in. If all the girls have separate rooms instead of separate beds in the same room, Rudy can sleep with any girl he wants without getting caught. But I don't think Rudy would do that.

He never hides anything from his harem members. He told me about the harem right away, so there is no way he would want to keep it a secret from Rias. To be honest, I am surprised he hasn't told her yet.

Wait, what if he has already told Rias? No... he would tell me if he did something like that. And there would be no reason to hide our relationship from Rias. Besides, Rias wouldn't be keeping quiet about it. Why hasn't he told her yet? What is he waiting for...?

Me? Maybe he wants me to tell her? No... he said we would take equal responsibility. Seriously, he worries about everyone and forgets to take care of himself. He only has good qualities.

How can a girl not fall in love with him after spending time with him? It's impossible for a girl to not develop feelings for him. I am sure other girls want to have Rudy, but they know they are not worthy enough.

Not to mention, not every girl can handle his magical dick. And one girl can't satisfy his libido. That's why he needs a harem. I know his reason for making a harem was different, but Rudy knows better that libido cannot be satisfied with a couple of girls. And if all his harem members were humans, they wouldn't be able to handle a night-long sex session every night."

Jane was praising Rudy in his sleep as though she was falling in love with him all over again.

Her eyes were closing as it was almost her bedtime, so she finally pulled Rudy's snake out of her cave and laid down beside him. She was feeling as though she was in heaven. She could fall asleep as soon as she closed her eyes.

"I should sleep in my bed..." She got up from the bed and glanced around to find her bed, only to realize that she was riding Rudy on her bed.

"Why did he have to choose my bed?! If any of the girls walk in and sees him naked in my bed..., especially Rias. I can place him on Rias' bed, but that wouldn't change anything.

If a boy and a girl were alone together in a closed room, even an idiot would know what they were doing inside. Not to mention, this place now smells of fuck. The vampire girls would recognize the smell right away."

Jane quickly wore her clothes and left the pool house with an umbrella after saying, "I will return when someone else enters the room."

Five minutes later, Niti walked into the pool house in order to sleep, but she saw Rudy sleeping on Jane's bed.

"I didn't know Master Rudy was here. Why is he sleeping on Princess Jane's bed?" she wondered.

Jane had covered Rudy with a blanket, but he was still naked.

When Niti walked closer to Jane's bed, her nose caught up to the smell of her favorite drink— that was Rudy's milk. She lifted the blanket, and it was clear as the sky that Jane and Rudy had some fun while the other girls were at the pool.

She gulped down after seeing Rudy's erect snake, but what made her horny was the smell of his milk. She glanced around the room and slowly took off her bottom before getting on top of Rudy.

She didn't waste a single second and began sucking on Rudy's snake.

It wasn't her first time doing that. Moreover, she was caught red-handed by Rudy when she was sucking him off when he was sleeping.

'He wasn't angry at that time, so now... when we have already done many more things, I don't think he would mind if I try to please him when he is sleeping.'

After fooling herself by thinking that, she slowly pushed her hips down into Rudy's snake and swallowed it with her cave.

'It's so hard and sturdy even when he is sleeping. But it sucks that I will have to do that moving.'

Now, it was Niti's turn to enjoy the mining of her cave and receive her favorite drink as a reward.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 654: Another One**

Niti continued her fun for three rounds and stopped to take a few seconds-long breaks.

"It's so tiring to do the moving. My legs and back are crying, but the pleasure I am getting is a hundred times more than the pain, so I will keep going."

She looked at the time and muttered, 'It's been forty minutes since I started, and I have already been filled three times. Usually, one round lasts for half an hour, but since he is sleeping, he can't hold it back or change his thrusting speed like he does when he is awake.'

I will continue for twenty more minutes and stop. I hope no one enters the room, although I locked it from inside just in case. But I have no idea what I will tell them after opening the door. There is no other way to leave this room as we sealed the windows because we didn't want the sunlight to enter the room.

If they catch me with Master Rudy in a closed room, I wonder what they will do. Master Rudy would try to defend me, but everyone else must be angry and disappointed in me.

Princess Jane would feel betrayed after learning that I committed an immoral act with her lover cum husband.'

"Amh~ But isn't Princess Jane doing the same thing to Princess Rias? I am just a servant, but she is a sister. Does she have any right to get angry at me when she is betraying her own sister?"

I think I should be scared of what Princess Rias would do if she caught me. I treat both sisters as my daughters, so that would mean that I committed adultery with my daughters' husband. I never thought of this before.

Most importantly... Mnh~ what would Vriti think if she saw her mother in this situation? She would have conflicted feelings, no doubt."

While thinking about Vriti, a thought crossed Niti's mind.

"If... Amh~ What are the chances that Master Rudy didn't make any moves on Vriti? Ever since Vriti realized that Rudy is the Lord, her attitude towards him has changed completely. She also knows about his harem.

No girl can resist the Lord's charm. If he wishes for a girl, she will become his. Vriti has already been charmed by him. I wouldn't be surprised to see Master Rudy and Vriti making love.

It feels weird. Even though I said both princesses are like my daughter, they are not. As much as I feel guilty for sleeping with their husband, it feels... strange imagining Vriti and Master Rudy making love.

Is this jealousy?" She asked himself. "No, I don't think so. Then what is this strange feeling? Is it because I don't want my daughter to mate with the same man I love?"

Niti kept herself busy with her thoughts while she received pleasure from Rudy's snake.

"Nhm~"

After the fourth round, Niti decided to stop and leave the pool house before anyone arrived.

A few minutes later, Maria arrived with a pack of snacks in her hand.

"I can't believe I haven't slept yet."

Maria was with the girls at the reserved pool. She wanted to leave when the sun was rising, but Ruby seemed to be enjoying herself, and Maria didn't want to ruin the moment. So instead, she helped Reina fill up the other pools, and Ruby had fallen asleep when she returned.

She asked the other girls if they weren't feeling sleepy, and they said it wasn't their sleeping time yet. She wanted to come to the pool house and sleep, but no one was there except Vriti, and she didn't want to be alone with a vampire.

So she asked Jane to go with her, but since the sun was up, she refused, so she had no other choice but to stay there with the other girls. She tried to sleep there, but she couldn't sleep without the softness of the mattress.

To pass the time, she decided to go to Reina's office and help her out. And when she returned after an hour, she noticed Alice and Vriti were there with an umbrella. She naturally assumed Rudy must have dropped them off.

While she was talking with Alice, Jane took the umbrella and made a run to the pool house to spend time with Rudy. She knew very well what Jane and Rudy were going to do in the closed pool house, so she had to wait until she returned.

But then, Niti took the chance and came to the pool house.

Maria was feeling sleepy, and her frustration was over the roof. She had decided that she would go to the pool house next, no matter what happened, and she made it. She had already seen Rudy and thought he had fallen asleep after pleasuring the girls.

She was about to head to her bed, which was next to Jane's bed, but decided to sleep next to Rudy. She used the same blanket and hugged Rudy, only to feel the soft and hard texture of his skin and flesh.

"..."

She didn't want to look under the blanket, so she moved her hand toward his crotch and checked the status of his snake.

"It's hard..." she muttered while looking at Rudy's face to see if he was reacting to what she was doing.

Then, she got under the blanket and glanced at his snake. Her hand was still grabbing his snake, and she could feel it a little wet but hot. According to her, Rudy's snake was inside someone a few minutes ago.

"Why is he naked?" she wondered. "Rudy can't be so careless to sleep naked on Jane's bed after having sex. Niti was here a while ago, and she stayed here for an hour. So that would mean Rudy just fell asleep a few minutes ago, or he was asleep before that, and Niti took advantage of him.

Is it okay to do that? I mean... shouldn't that be considered r\*pe? But Niti is a harem member, so it's okay? But having sex with someone against their will or without their permission is... definitely r\*pe."

In the end, Maria eventually found herself on top of Rudy and started Tribbing.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 655: Purest vs Scariest**

Maria continued Tribbing and gained pleasure, but she was missing something greater and better.

'I don't understand... it felt good the last time, so why doesn't it this time? Am I not doing it properly?' She wondered.

She was close to orgasm, but she needed a dose.

'I don't think I can cum like this...' She looked at Rudy's snake and muttered, "Should I put it in?"

She shook her head and said, "No... I can't do that. But the other girls did... Niti surely did..."

A pause later, she mumbled, "But I am not like them."

Maria stared at Rudy's snake with a lustful gaze and gulped down.

'We are married, and I am his wife... but we still can't... no, we can, but not like this. It is not normal.. nothing is normal in this harem relationship...'

Maria was trying to find a way to justify her actions, but she was too innocent for that.

"What if... I just insert the tip? I just want to cum, and I think I will cum once I use the tip."

Maria lifted her hips and aimed Rudy's snake at her cave.

'Here I go...'

She slowly penetrated the tip inside her cave and orgasmed a second later.

'Anh~!'

When she orgasmed, she relaxed her body and ended up plunging Rudy's snake inside her cave.

"...!"

She tried to get up, but the pleasure was too much.

"It's so~ big~"

She stayed like that for a few seconds until she came back to her senses.

"Oh no! What have I done?! I need to get up... but... since it's already in... I can stay like this for a few seconds... right?"

At that moment, Maria realized that the other girls must have gone through the same thoughts and feelings.

'But... this is not okay. I am doing something terrible to Rudy. It's a crime to have sex with someone without their consent.'

Maria was more worried about that instead of getting caught by someone. After fighting with her inner thoughts, Maria decided to stop and get up, but just as she was about to do that, the door suddenly opened.

"..." Maria jolted and slowly jerked her head back to the doorway to see who had caught her.

Her eyes took a few seconds to get used to the bright light coming from the doorway, but she had caught a glimpse of red shade and knew who it was.

"Rias..."

Rias closed the door and walked in with a soft glare in her eyes. She stopped in front of Jane's bed and stared at Maria.

"This is..." Maria avoided eye contact with Rias and said, "This is not what you think. I am... massaging him!"

Rias pointed her gaze at Rudy's snake that was inside Maria's cave and said, "That is massaging?"

"Yes! Since his... dick brings pleasure to many girls, it must also get tired. So I was massaging it by squeezing it from all the sides..."

Rias' gaze became sharper, and she let out a sigh of disbelief.

"I was lying! I couldn't hold myself after looking at his dick and somehow ended up in this situation! I will get up now, so please don't eat me!"

"Why... would I eat you?" Rias asked with a confused look on her face.

"You are a vampire, and don't vampires eat humans?"

"No, we only drink their blood. Although, yes. There are vampires who like eating human flesh."

Maria bit her lips and said, "You can drink my blood, but please don't eat me."

"I am not going to eat you, nor am I going to drink your blood. I have promised Rudy that I wouldn't eat anyone's blood except his."

"So you won't drink my blood or eat me?"

"No."

"That means you will kill me and get rid of my body?!"

"Calm down. Why are you so scared of me?"

"Because you caught me having sex with Rudy..." she mumbled.

"And...? As far as I am aware, Rudy has married three girls. Me, Jane, and you. And all girls have equal authority over him regardless of who he has married. I am not angry at you for having sex with Rudy," Rias stated.

"But I am doing it while he is sleeping."

"That's what I am disappointed about. I was sure that you were the purest girl in his harem, but I guess I was wrong. Alice is still the purest."

"You are right..." Maria nodded meekly. "I don't think I can call myself pure after what I just did."

Rias sat on the bed next to Jane's bed and curiously asked, "Why are you scared of me, again? Because I am a vampire? But you talk with Jane and the other vampires freely. And whenever we talk, you treat me as though I am a class bully."

"Every harem member is scared of you."

"What? No."

"Yes, they are."

Rias twirled her hair with her finger as she pondered.

"Maybe you are right. I never paid much attention to it. I am used to ignoring my surroundings. I mean... that's something I have a habit of because of how I lived in the vampire world. There is nothing wrong here, so I should stop doing that."

"When will you go to the vampire world the next time?" Maria asked in a low voice.

"Hmm?" Rias was taken aback by Maria's question. "Why do you ask?"

"Umm..."

"Do you want to get rid of me?" Rias jokingly asked.

"No." Maria shook her head and muttered, "I... I want to go there."

"Oh... it's not a place to go. And it's definitely not a tourist location, if that's what you are wondering."

"I see..."

After looking at the gloomy look on Maria's face, Rias said, "But you can go or come with us if Rudy takes us there. No one in the vampire world can stop you if Rudy wills so. They wouldn't dare to go against Rudy's order."

"I wonder when that will happen."

"Why don't you ask him?" Rias said while pointing her gaze at Rudy.

"Hmm?"

"He is pretending to be asleep."

[Esper Harem in the Apocalypse](#)

#### **Chapter 656: Mouthful**

"He is awake."

"What?!" Maria exclaimed and tried to get off Rudy, but Rudy pulled her in and opened his eyes.

He sighed at Rias and said, "You ruined the surprise."

"What surprise? I bet you were going to open your eyes and surprise her when she was close to orgasm."

"You know me too well," he chuckled softly.

"You were awake this whole time?!" Maria shouted.

"Not the entire time. I woke up when you were trying to use the tip to orgasm but ended up taking it all in."

"That was a mistake."

"Don't worry about it. I don't mind if you fuck me in my sleep. Otherwise, Angelica would mind if I minded."

"If you were awake, then you should have said so! I was feeling so guilty!"

"That's why I didn't. Had I opened my eyes earlier, you would have felt more guilty. Not to mention, you were thinking that you were r\*ping me, which you were not."

"How is it not a r\*pe?" she asked with a confused look on her face.

"Because I have already given my permission?"

"I didn't know that."

"The reason I don't fuck you girls when you are sleeping is that, for me, the most necessary thing when I have sex is your reactions and moans. Without that, sex feels boring and incomplete.

Not to mention, Angelica has fucked me the most in my sleep. Sometimes, she would ride me for the entire night while watching her anime on my phone."

Rudy sat up and hugged Maria before squinting his eyes at Rias.

"Don't scare my wife like that."

Rias shrugged and said, "I was just telling her the truth about the vampire world."

"Uhm..." Maria looked into Rudy's eyes and said, "I think we should stop. It's inappropriate to have sex in front of someone."

"I agree, and I would usually stop. But the vampire sisters are perverts, and they like watching."

"I don't know about Jane, but I certainly don't," Rias refuted Rudy's claims.

"Oh? I am sure you hadn't forgotten how you were touching yourself when I was having sex with Reina the other day."

"So what?! It's not like I have a fetish to watch my husband fuck other girls."

"But you never tried to stop me. If you want me to stop, you just have to say 'Stop. Don't have sex with other girls in front of me.' and I promise you, I will never have sex with other girls in front of you, never."

"Well..." Rias averted her gaze to the side and muttered, "It's not like I don't like watching..."

"You know, if you are a pervert, then be honest about it. Angelica, for example, she never tries to hide anything about her perverted nature. Sometimes, I actually wonder if she realizes she is a pervert," he sighed softly.

"I am not a pervert." Rias puffed her chest and proudly said, "I am a royal vampire and the princess of OrionHeart kingdom. I have to be the best in everything, and right now, I am watching you two to learn more about sex and the sex positions, so I can pleasure my husband better than— hey! Listen to me!"

While Rias was giving her speech, Rudy started humping Maria. He had pushed her to the bed, thrusting his hips back and forth.

However, it wasn't as though he wasn't paying attention to what Rias was saying, but he knew Rias was bluffing and making excuses to hide her pervert...ness.

"Anh~ Mnh~ More~ More~!" Maria moaned.

Maria was wearing her clothes, unlike Jane and Niti, who weren't totally naked, but more than Maria. She never planned to have sex with Rudy, but she ended up doing it anyway.

She was wearing shorts, which were easy to take off in less than a second.

Meanwhile, Rias was watching them with an earnest look on her face. She continued watching them until she realized she had fallen into Rudy's trap. But it was too late to care.

"Rias," Rudy called out to her and signaled her to come closer.

"..." Rias hesitantly got onto Jane's bed and watched them from close.

"Nhm~ Nh~ Mnh~" Maria turned her face to the side in embarrassment as it was her first time being watched. But she still continued moaning as that was out of her control.

"Do you want it?" Rudy asked Rias.

"Hmm?"

"I know you want it."

Rias reluctantly opened her mouth and moved it close.

"Heh."

Rudy pulled his snake out of Maria's cave and put the tip in Rias' mouth.

"Here I cum!"

He released his load inside Rias' mouth and filled it with his fresh, hot milk. Rias' mouth became a little puffed, but she swallowed a few sips as she didn't want to spill it.

Rias was looking into Rudy's eyes from the moment he placed the tip in her mouth. And she locked her gaze with him until she swallowed everything.

She licked her lips afterward and sucked her tongue, seemingly hoping to savor the taste for the last time.

"How was it?" he asked with a little anxious look on his face.

Rias nodded and said, "I guess you weren't exaggerating when you said it tastes better than the blood moon fruit. It was rich in taste, and I can see myself getting addicted to it."

Rudy let out a sigh of relief and muttered, "You might not know, but there are 'master chefs' shows on television, where the contestants make food and serve the chef, who tastes it before rating their cooking. I was feeling the same when you were tasting my milk. I was afraid you might not like it."

"But I am the one who cooked and worked hard!" Maria quipped. She puffed her cheeks and said, "Why did you give her the dish!"

Rudy swiftly plunged his snake inside Maria's cave and said, "Don't worry, we can cook again."

"Mnh~"

"I better hurry before the gang arrives."

"Don't worry. There was only one umbrella, and I brought it with me. So they can't come here even if they want to," Rias informed.

"That's... very sadistic of you."

After a few minutes of cooking inside Maria's cave, Rudy's snake was ready to release the fresh milk and serve it where Maria wanted.

"Where do you want it?" Rudy asked.

"As much as I want to drink it, release it inside me. Because I will yearn for more once I taste it, and I don't want that, not now."

"Alright! Your order of a pussyfull of milk has arrived!"

After saying that, Rudy shot his load inside Maria's cave.

#### **Chapter 657: Utilizing Free Time**

Rudy kept his snake inside Maria and asked, "Do you want to go more rounds?"

Maria shook her head and said, "I was already feeling sleepy, and after the pleasure, I think I am about to pass out."

"Then sleep."

Rudy and Maria got dressed and sat on Maria's bed, while Rias sat on her bed.

Maria was resting her head on Rudy's lap, and Rudy was patting her.

After watching the wholesome scene, Rias shook her head and said, "No one would believe that until a minute ago, you two were intimate."

"Oh, yeah. Maria, you better sleep soon since you have to wake up at night."

"Hmm? Why?" she asked with closed eyes.

"Did you forget? There is an underworld auction tonight."

"It's tonight?!" She opened her eyes and said, "Why didn't you say sooner?"

"I was expecting you to know it already."

"I don't keep up with the dates anymore."

"I am sure Ruby knew it. And she didn't tell you," Rudy remarked.

"Go away now. I need to sleep."

"Yeah, I was planning to go too. There are a few things I need to take care of."

Rudy got up from the bed and turned to Rias.

"I will most likely buy a house in that auction, so you better be ready to execute your plan. I will not wait any longer to fuck you. And no more excuses."

"I never thought I would see you so demanding about sex."

"It's not about sex, it's about our relationship. Don't you find it frustrating that even though we are married, we haven't done anything a married couple would do? Don't you find it frustrating that the other harem members have already had sex with me, but you haven't?" Rudy asked with a knowing look on his face.

Rias shrugged her shoulders and responded, "It's not that bad. And I know you are always thinking about all of us, so... don't worry about that."

Rudy dashed out of the pool house after saying, "I will bring the girls here. Maybe you would like to pretend to be sleeping."

Rudy teleported to the reserved pool and teleported to the pool house for the girls.

"Finally! I can sleep!" Jane yawned.

"Refrain from going outside when the sun is up, please. You girls have been at the pool since last night, and not only were you all careless and didn't pay attention to the sun, but you also didn't think about the other girls."

Jane sat on her bed and pressed her hand on the bedsheet.

"By other girls, I assume you are referring to the human girls."

"Yes. Don't mess up their sleep schedule. Unlike the vampires, they have a weaker body and need rest."

"I understand. I will keep that in mind next time."

"You also have to take care of yourself," Rudy then added. "And I made umbrellas in case you really need to go out. But I would suggest you don't. You can call me anytime you need something from outside."

Jane nodded and said, "I will sleep now."

"Good night to everyone."

Rudy teleported to his house and glanced at Rebecca's room.

'Obviously, she is sleeping. It's only been a few hours since she returned from her shift. I will take care of an important business in the meantime.'

He teleported to the city and talked with the builders one after another. He gathered the best people from their expertise and hired them for the job. However, he didn't give them a date as he had one more lead he wanted to talk to, but the person wasn't available for a while.

A few hours had passed in the meetings and traveling from one place to another. It was close to evening, and Alice called Rudy at the pool house to pick her up, so he could drop her off at her home.

She asked him to come to Reina's office as the rest of the girls were fast asleep, and she had nothing to do.

"You come so fast that sometimes, I think of calling you at the last minute," Alice muttered.

"I cum slow when it matters," he said with a grin.

"..."

"Anyway, did you eat?"

"Yes. I made some food for Reina and me."

Rudy scratched his cheek and asked, "What are you doing at night?"

"Sleeping?"

"Are you trying to break into her room when she is sleeping?" Reina commented.

"Focus on counting our money, or you will lose track."

Reina was counting the money on her desk.

"Why did you ask then?" Alice wondered.

"I am going to the auction with Maria and Angelica tonight, and I got an inside intel that they will be auctioning big houses. I am thinking of getting one for obvious reasons, but I also want to ask you girls about your opinion," Rudy explained calmly.

"About what?"

"About the house, of course."

"Oh, you mean the interior and the exterior of the house?"

"Yup."

"It doesn't matter, though. Does it?" Alice wondered while glancing back and forth at Reina and Rudy.

"You girls will be living there, so it does matter a lot. If you don't like the house, you wouldn't want to come. And even if you live there, you wouldn't feel like a house, but rather like a cage."

"How will you show the house when you are taking only Maria and Angelica?"

"I can only take two people with me, and you and Reina would be sleeping at night, so I didn't bother asking you two."

"What time is the auction?"

"The pass said the entry would start at 10 PM and the auction would start at 12 AM. And it would run for four hours and end at 4 AM. Then, there is an after-party, or rather, a gathering of the people who contribute to the auction and those who bought stuff there."

Let's assume the party would run for two hours, so.. it's already morning by then," Rudy shrugged. "And I have some stuff to do in the underworld, so I assumed Maria would be the best choice since she is from the underworld and she wouldn't feel overwhelmed or intimidated.

And Angelica is Angelica, so I will have to take her with me. I am afraid that if I leave her behind, she is going to turn the world upside down."

#### **Chapter 658: An (Un)Familiar Guest**

"I want to go there. It sounds so cool, like in the movies..." Alice mumbled.

"You can come if you want. I am not stopping you."

"But we have school tomorrow. Not to mention, you can only take two people with you."

"That rule doesn't matter. The rule is made by the Queen of the underworld, who rules over all the underworld in the world. And... I personally know that Queen, and she won't stop me from taking as many people as I want."

"In fact, I would rather take all the girls with me," he added.

"Sorry, I can't come." Reina raised her hand.

"I know. You all are busy with your stuff, and I don't want to interfere with that. Your daytime belongs to you, but your nighttime will be mine."

Reina stopped counting money and looked at Rudy with a resolute expression on her face.

"That sounded cool, not going to lie."

"I don't even need to try to sound cool to be cool." He proudly said with a smug look on his face, "I am always cool."

"And that wasn't..." Reina looked at the money in her hand and sighed, "I forgot the count..."

"It's 112."

"How do you know that?"

"Because I was counting with you."

"While talking with Alice and me?"

"Yup. And I kind of expected you to mess up the count."

Reina squinted her eyes and said, "You do something awesome and then something stupid."

"How much does the water park make per day?" Rudy asked curiously.

"It's not stable every day. It depends on the number of customers I get."

"Yeah, but what's the approximate number?"

"Umm... about five thousand dollars a day on weekdays and almost double on the weekends."

"That's less than I expected."

"It's still one hundred and fifty thousand dollars per month," Alice stated.

"Around fifty thousand dollars go into maintenance and expenses each month."

"But I just increased the price a few weeks ago. If I keep increasing the price every month, it might upset the regular customers."

"Yeah, you are right. Let's increase the price once we renovate the place. I have talked with twenty builders who have previously worked on mega projects all over the world. They will provide us with a 3D blueprint in a few weeks, so you can make changes if you want."

"It's going to cost a lot of money, isn't it..."

"Don't worry about the money."

"I am anxious. What if we never recover the money we spent making an amusement park? Sure, it will become the main attraction of the city, but I don't think people from other cities would come all the way here for that."

"That's why we have to do something no one has. We have to make it so unique and appealing that even people from other countries would come just to get a glance of this place," Rudy proclaimed with a serious look on his face.

"You are setting the bar too high!"

"It's good to have high hopes. And at this point... nothing seems impossible to me. I can do anything I want, and I am not being arrogant when I say that. I have powers, and I can use them however I want."

Well, we can talk about this later. It's getting late, so I will leave for now."

He kissed Reina on the lips and said, "I also have a surprise planned for you, but that will take a long time."

"Thanks for spoiling the surprise but not ruining it."

"You are welcome."

Rudy grabbed Alice and teleported in front of her house.

"Thanks for today. I had fun," she said.

"Are you coming to the auction?"

"I don't know..." she muttered. "I want to come, but we have school tomorrow."

"You can skip. We have sports week, and our attendance isn't included, so you can skip."

"What about Janet? We have to pick her up, right?"

"I can pick her up."

"And then, what? You will leave after dropping her off, and she will be alone. I think you already know this, but she doesn't have any real friends."

"She does. What happened to the group she always hung out with?"

"After Janet started spending time with us, they cut her off. But not completely. They still talk, but they don't invite or include her in their group activities," Alice informed.

"I will take care of Janet. If you want to come or change your mind, let me know before 10 PM. I will come to pick you up."

"Okay." Alice nodded and leaned forward for the kiss.

Rudy chuckled softly and kissed her on the lips.

"I feel like we haven't been spending enough time together," Rudy said to Alice.

"It's just your imagination."

Alice entered her house while Rudy teleported to his house.

He glanced around the sky to check whether someone was watching them, but it was clear.

[Are you perhaps looking for me?] A voice asked from behind.

Rudy turned around and saw a tiny glowing golden orb.

"Was it you the other day?"

[Yes, but I ran away after you started chasing me.]

"I wasn't chasing you, I just wanted to have a little chat with you."

[I could sense blood thirst from your aura.]

"That was just my normal aura. If I wanted to harm you, I wouldn't have chased you. I can remove you from existence at any given moment. Anyway, what are you? And why can't I sense you still?"

[My characteristics are the same as the inanimate objects in your surroundings. Walls, rocks, plants, trees, clouds, water. I can manifest from any of them.]

"Hmm~" Rudy hummed in wonder and said, "That makes sense. But I cannot see any living organs inside you. What are you, exactly?"

[I am an inanimate object.]

"But you are alive."

[Indeed, I am simply using an object to talk to you. My real self is not present in this world. I cannot see or listen to anything. I can simply sense. Your words are being carried away with frequency and hitting this orb, which are later converted into a code and deciphered when they reach me.]

'That's a nice technique.'

"What are you doing here?"

[I am looking for the Lord.]

### [Esper Harem in the Apocalypse](#)

#### **Chapter 659: Seeking Lord's Help**

[I am looking for the Lord.] The orb said.

"Oh? What do you want from the Lord?"

[I cannot tell that to anyone except the Lord. Do you know where he is?]

"I cannot tell that to anyone unless you first tell me what you want from the Lord. Think of me as a messenger. The Lord has many responsibilities and is busy with important tasks.

I will have to see if your task is important or not. So tell me, what do you want from the Lord?" he asked calmly, but in a demanding tone.

[I truly cannot tell you. It's very sensitive information, and if it gets to someone other than the Lord, it could be dangerous for our race.]

'The Lord is indeed supposed to protect the races from evil, but their internal matter doesn't matter to the Lord. However, if their entire race is in danger, that would mean that the threat could spread and endanger other races too.'

"What race do you belong to?" he asked after giving a deep thought about his decision.

[Fairy Land. I am a fairy.]

"...!"

[Now, please, take me to the Lord.]

"Go ahead. You are speaking with him."

[You... are the Lord?]

'She cannot see me nor hear my true voice. She can only sense me and her surroundings, but that doesn't mean I should reveal my identity as the Lord. It's not the time yet.'

"I am speaking on behalf of the Lord. He is listening to you from his space."

[If so, then I want proof that the Lord is listening to this conversation.]

"What kind of proof? You can't see or hear anything."

[Yes, but I can sense. If the Lord reveals his presence, I can surely sense it.]

"Are you sure about that? You might not be able to comprehend the Lord's presence."

[...] After a brief pause, the fairy said, [Maybe just a glimpse?]

'I will just waste more time if I keep asking her questions. Let's get over this quickly.'

Rudy emitted a fragment of his aura and said, "The Lord is here."

[Truly... he is so magnificent...]

"You have thirty seconds to say what you want. If the Lord doesn't find your request appealing, then you will be punished for wasting his time."

[My Lord! My name is Zia, and I am the youngest princess of the Fairyland. Our race is in danger, and we need your help. A warlock has been killing the fairies, and he has already killed most of the royal family.

I am one of the last remaining fairies with pure fairy blood, and I seek your aid to save us from the calamity that has ensued on us!]

'Warlock is a term used for the humans who kill a certain race using their own power and become their slayers. There is only one case I can think of that is similar to this.'

"When did the Warlock appear?"

[I am not privy to that information. But our strongest warriors were sent to the human world and never returned.]

'Yeah, they are talking about the Landlord I killed way back.'

"Rejoice, the Warlock has been eliminated."

[So fast?!]

"That was just a sample of the Lord's true power."

[I cannot thank you enough. I, and the rest of the Fairyland, are greatly indebted to you. If you ever decide to visit the Fairyland, please use this orb to contact us. We would also like you to come here so we can give our offerings to you.]

"The Lord said he would think about it."

[Thank you. I must leave and share the happy news with everyone. Please keep this orb with you. You will have to chant a spell to activate it. Please listen to the spell carefully, I will say it to deactivate the orb.]

The fairy chanted the spell, and the orb stopped glowing. It dropped to the ground and rolled at Rudy's feet.

"It's like a pearl." Rudy picked it up and inspected it properly before placing it in his pocket.

'Still, this matter was odd. Does that mean the fairy has been looking for the Lord ever since then? But how did she know that the Lord was in the human world? Come to think of it, the fairy seemed stupid... no, more like naive.

She was easily convinced. The landlord has said the same thing. According to his story, the male and female fairies were stupid. Is this a common nature of the fairies? To be so kind, innocent, and naive?'

Rudy entered the house and saw Rebecca in the kitchen, facing her back to Rudy.

'I didn't make any noise when I entered, and mom didn't react. That means... this is a perfect chance to surprise her,'

Rudy stealthily entered the kitchen and hugged Rebecca from behind. Turned out Rebecca was washing the knife, so when Rudy hugged her, Rebecca tried to stab him, but Rudy stopped her by saying:

"It's me."

"Oh, come on! Don't pull such stunts! What if I had stabbed you?!"

"Nothing would have happened. And you know it. In fact, I am amazed by the speed of your reaction."

"Don't do something like this ever again, got it?!"

"Can't promise. Hugging a girl from behind when she is busy in the kitchen is the best feeling ever. Have you ever dreamed of something like this?" he asked while rubbing his cheek against Rebecca's cheek.

"I haven't. Now, let me go."

"You are lying. I bet you have dreamed of this moment."

"Let me go."

Rudy turned Rebecca around and locked her in a position.

"Do you still want me to let you go?" He licked his lips and moved his face close to kiss Rebecca.

But Rebecca turned her face to the side and said, "Lucy said in the morning that she would be arriving late, so I am getting everything ready for dinner."

Rudy raised his brow and said, "You were supposed to kiss me and make out with me."

Rudy tried to kiss her again, but she turned her face to the side.

"We are mother and son right now. So stop it."

"..." He moved his face to Rebecca's ears and whispered, "You can't run away now, Rebecca."

### [Esper Harem in the Apocalypse](#)

#### **Chapter 660: New Life With Rebecca**

Rudy and Rebecca's relationship was weird, to begin with, but they were making it more and more weird by indulging in indirect activities rather than being upfront about it. Rudy was blunt, but Rebecca was still reluctant about everything because of the diary.

"You can't run away now, Rebecca."

Since Rudy called her by her name, they were now lovers.

Rebecca glared softly at Rudy as she couldn't make excuses to avoid kissing him.

Rudy moved his face close to kiss her, but Rebecca turned her face to the side once again.

"Why are you avoiding the kiss? We are currently lovers, so you have no reason to avoid kissing. Also, as you said, Lucy would be arriving late, so this is a rare chance for us to spend some quality time together."

"It's best if we don't get too comfortable in our relationship. We should take it slow."

"No, we are already taking it slow enough. And weren't you the one who wanted to have an intimate relationship with me? Why are you going back on your words?"

"I am not."

"Then let's kiss. We should kiss at least a few times a day to feel like we are lovers."

"Fine~"

Rebecca moved her face close and kissed Rudy on the lips.

"Happy?"

"One kiss is not enough. And that wasn't even a proper kiss."

"But our lips touched."

"Let me show you what the real kiss feels like."

Rudy grabbed Rebecca's waist and pulled her close. Her sacred place was rubbing against Rudy's crotch, and her legs were wrapped around Rudy's waist while she sat on the kitchen platform.

Rudy moved his hands up from Rebecca's waist to below her bosom to hold her properly, then locked his lips with her.

Rebecca automatically wrapped her hands around Rudy's neck and went in for another kiss. She looked into his eyes while kissing him and thought:

'Kissing him makes me feel so relaxed that I feel like I could kiss him all day and never get tired.'

Rudy smiled inwardly after he read Rebecca's thought. He was happy to know that Rebecca was enjoying kissing him.

While they were immersed in kissing, Rebecca felt something hard rubbing against her sacred place, which caught her attention.

Of course, she knew what was hitting her, but she couldn't bring herself to say it to Rudy.

"Ignore it. It's normal for this to happen. Let's focus on kissing only," Rudy said and continued kissing her.

DING~ DONG!

Rebecca stopped and pushed him back when the doorbell rang.

"Is it Lucy?" she wondered.

"No, she wouldn't knock or ring the doorbell. She likes to dash right in." Rudy used his ability and said, "It's a... cop."

"Huh? Why is a cop here?!" Rebecca panicked. "Did you do something?"

"I have done many things, and thus I am confused."

"Did you commit a crime?!"

"Come on, mom. You already know how I am. Worldly laws and rules aren't applicable to me."

"You are my son, and I have every right to worry about you!"

"Yes, yes. You stay here, I will see what this is about."

Rudy opened the front door and greeted the police officer.

"Good evening. Are you at the right house?" he asked the officer.

"Are you Rudy?"

"Yes, I am."

"Then, I am at the right house."

"Why are you here? There is no police station in this town, and..." Rudy looked past the officer's shoulder and saw a motorbike parked in front of the house.

The officer moved his hand on his back and took out a gun.

"..."

Then, he pulled an envelope from the other side and handed it to Rudy.

"I am here to deliver this."

Rudy opened the letter and read the context.

"This is..."

"Chief Cassandra asked me to deliver it to you. She said it was urgent, and you must get it as soon as possible."

Rudy looked at the officer and asked, "You are off duty, I believe?"

"Yes."

"Good, good. Thank you for bringing me this. And give my regards to Cassandra."

The officer nodded and turned around after saying, "Have a good day."

He turned on his bike and drove away as Rudy watched him while he closed the door.

When he returned to the living room, he saw Rebecca standing with an anxious look on her face.

"Is everything alright?!"

Rudy gave the envelope to Rebecca and said, "You might want to read this."

Rebecca opened the letter and read it carefully while muttering a few words in every sentence.

The envelope contained a letter and a document about their house's legal papers.

"How..." Rebecca looked at Rudy dumbfounded, as though she couldn't comprehend what she had just read.

"This house now officially belongs to you. And no one can take it away.," she said with a gentle smile.

'I didn't expect Cassandra to act so fast. She solved my request in one day. I should help her out with something in the future. Also, it feels great to have a police officer as an acquaintance.'

After reading the letter, Rebecca couldn't contain her happiness and hugged Rudy tightly. It was meant to be a pure and normal hug, but considering what they had been doing a while ago, Rudy was still in the mood.

He hugged Rebecca back and slowly moved his hands down to her hips and squeezed them.

Rebecca immediately pushed him away and jumped back a few steps to make some distance between them.

"Why would you do that? We were kissing a while ago."

"Yes, but then you called me 'mom', so we can't do that anymore."

Rudy raised his brow and asked, "Is this how you reward me for what I did for you?"

He slowly stepped forward to move closer to Rebecca, but Rebecca stepped away from him and maintained a safe distance.

Soon, Rebecca started running around the living room while circling the couch, and Rudy chased after her.

However, there was a smile on Rebecca's face that showed that she was enjoying it. And Rudy was simply playing along with her.

"You can't catch me~" She giggled.

That was Rebecca's happiness, and Rudy could do anything to protect it.
