Chapter 741: Mission Impregnation

Rudy placed Eleanor on the bed and got between her legs. Then, he pointed his snake at her cave and asked, "Are you ready for the battle?"

"Shouldn't you be taking your sword out of the sheath instead of putting it in?" she asked with a grin.

"You see, my sword is far too strong to be out of the sheath. So that's why I keep it inside various sheaths most of the time."

"Oh? Then hurry up and put it inside my sheath."

Rudy penetrated Eleanor's cave and pushed his snake all the way in.

"Mnh~ Yes. Move~ I want you to be rough~"

Rudy placed his hands on the bed and leaned forward. Then, he only moved his hips up and down.

"I want—anh~ I want it deeper~ Go harder~!" Eleanor begged while moaning.

Since Rudy was leaning forward, his face was close to Eleanor's chest and face. He licked her nipples and started sucking on them.

"Mnh~ Did you not hear me? I said I want you to be rough, so go harder~!"

"Shut up." Rudy kissed Eleanor on the lips and moved his hand to squeeze her boobs.

In truth, he didn't need to use his hands as a support to lean forward. He could simply use his power and alter the gravity around him to make himself stable in one spot.

After a few kisses, Rudy noticed Eleanor had begun to move her hips up and down in sync with his hips. Whenever he moved his hips back, Eleanor moved her hips up.

Rudy snake stayed inside fully even when he moved his hips back.

"Mnh~" Eleanor moaned.

She wanted to say something, but since her lips were sealed by Rudy's lips, she couldn't help but enjoy it.

'I am about to cum!' Eleanor uttered inwardly, knowing well that Rudy would hear her. And that's the reason she said it that way.

Rudy stopped kissing her and grabbed Eleanor by her waist. He raised her up a little and increased his thrusting speed.

"Yes~ This is what I was talking about~! Go harder~!"

"I am rough enough. I can't go more rough on a human like you."

"I don't care~! Break me~!"

"Make me do it," Rudy smirked to tease her.

Eleanor puckered her lips and said, "Kiss me~!"

Rudy fulfilled her request and kissed her while squeezing her boob with one hand.

After the kiss, she moved to his ears and whispered in a seductive voice, "How does it feel to have sex with your best friend's mother?"

Rudy's snake twitched after hearing that.

"Anh~ Your dick suddenly got harder~" She licked her lips and looked into Rudy's eyes before asking, "Did that make you excited?"

"It didn't."

Eleanor raised her brow with a knowing look on her face and said, "You know, not a lot of boys get to fuck their friends' mothers. You are a lucky one. You were my first and last love. I gave you everything, including my virginity, and my everything belongs to you.

Me, my body, my soul, my love, my fortune, my kids... everything. They are all yours. So I want you to give me something, too~!"

"What do you want?"

"Your child~"

"You already have two."

"I want one more~ And we will raise it together this time~"

"Are you even listening to yourself? What would Eric and Erika think if you got pregnant? They would think you are fooling around with someone. And obviously... they would want to know who the father is."

"Yes~"

"And what will you tell them?"

"You are right. I didn't think this through~" She moved her hips up and down. "Mnh~ Okay! Impregnate me once Eric and Erika have moved overseas~"

"Do you seriously think you can hide your pregnancy from them? And it's not just Eric and Erika, you know a lot of people. I, for one, don't care what others think about me, but I don't want a soul to look at you and think you are a slutty woman. I swear I would burn them out of existence."

"Whoa~ Why so serious? Even if I do get pregnant, my baby bump wouldn't be noticeable until I am in my fourth to fifth month. I can easily hide it by wearing baggy clothes.

It's truly not a big deal for me. When I was pregnant with Eric and Erika, people didn't realize it until I was in my 8th month. I hid it so well. I mean... yeah, some people questioned my character.

And those who knew thought you ran away before our wedding day because you found out I was pregnant and didn't want to take the responsibility. While some thought you ran because you thought I cheated on you and the kids weren't yours.

Listen, it's their job to assume and judge others. It happens every day with everyone. You can't do anything about that. The only opinion that matters to me is yours."

"..."

"I want to have your child again, but I leave the decision to you. Obviously, I won't force you to impregnate me like I did before. That time, I had no other choice."

"Hmm."

"Mnh~ I will cum soon. What's your decision?"

"I don't want to say no to you. If any of my harem members wants to get impregnated, then it's my job to impregnate them. But only girls over 22 years. If you want to have my child, then I will gladly leave my seed in your womb, no matter how many times you want.

However, not now. Let us get settled in the castle first. I promise you will have my child."

"I love you~!"

Rudy inserted his middle finger in Eleanor's mouth, and she started sucking it. While his other hand was rubbing her clit. He had held her up by the waist using his power.

"Nmh~" She moaned while sucking onto Rudy's finger.

"Can you hold it for a few more seconds?" he asked while looking into her eyes. "I am about to cum too. I will fill you up nicely as a reward if you manage to hold your orgasm."

"Ai vill tri~!"

[Esper Harem in the Apocalypse](#)

Chapter 742: Dirty Talk

Rudy increased his speed and began to thrust harder. When he was a few seconds close to cumming, he took out his finger from Eleanor's mouth and leaned forward to kiss her while his hand got busy squeezing her boob.

That was too stimulating for Eleanor, and she ended up orgasming before Rudy could fill her up.

"Mnnh~!"

A few seconds later, Rudy released his fresh and hot milk inside her wet cave.

"Aanh~ That was amazing~! I wish I had held it for a few more seconds."

"Yet, you still got your reward. See how big my heart is?" he smugged.

"Hmm~" Eleanor grinned and asked, "Is your heart bigger than your dick?"

"They say the heart is about the size of one's closed fist."

"That's if you are a kid. For an adult, it's about the size of two closed fists," Eleanor corrected Rudy.

"Then compare it."

Rudy pulled out his snake and moved closer to Eleanor's face.

"I don't need to measure it with my hands to get my answer. Your dick is obviously bigger in height. Still, I would say your heart is bigger. It pumps blood into your body while your dick pumps cum in my body."

"Wow... your dirty talk has gotten a lot better compared to 18 years ago."

"I simply gained more knowledge."

Rudy grabbed his snake and moved to Eleanor's cave, saying, "Now it's time to gain more pleasure."

"Wait! I need a small break."

"Huh? Why? We used to go nonstop for hours back then."

Eleanor squinted her eyes and asked, "Do you still see me as a 19-year-old girl?"

"Well.."

"I don't blame you. It's completely natural since it hasn't been long for you. I now get tired easily and need some breaks in between. I am no longer a spoiled teenager... I am a mature adult now."

She said with a proud face.

"Yeah, I saw how 'mature' you were when we were having sex. You were begging me to fuck you harder," he scoffed.

"That's because sex is my weakness! And we are doing it after a long time, so I lost my senses!"

Rudy kissed Eleanor on the lips and said, "If sex is your weakness, then let me exploit it."

"No, seriously, I need a small break."

"Fine~!"

Rudy lay down on the bed beside Eleanor and sucked on her boob while playing with her nipples.

"It's the boys who usually need a break after each round," he said. "Since they are the ones doing all the moving and working hard."

"Girls work hard too."

"And after each nut, they feel at peace. As they say, a nut before bed makes a great sleep."

"I do remember reading that the boys feel weak after releasing their semen. But I thought that wasn't for all since you never seem to get tired no matter how much you fuck around."

"That's called post-nut clarity, where you feel like you have achieved Zen. And it's not as though I don't feel that, I simply recover faster so that I don't need to take a break."

He bit on her nipples.

"Does that mean you never feel post-nut clarity?"

"In a way.... yes..." he sighed. "Unless I am completely dried up, which is a rare occurrence. Only Jane has managed to do that."

"She is your favorite choice for sex, after all."

"I wouldn't deny that. Although... It was fun when she was still inexperienced. Now that she has learned a few techniques... she gets cheeky sometimes..."

"I am sure you would be dried out when you deflower Rebecca."

"I... actually can't wait for that to happen. I hate that she knows how much I want her, and she still chose to be scared of that diary."

Eleanor smiled slightly with a distant look in her eyes.

She got on top of Rudy and sat on his stomach.

"I will take the lead now. You enjoy the show~"

"I know how it's going to end. You will orgasm three times and then ask me to take the lead because you can't move your body because of the pleasure."

Eleanor raised her hips a little, grabbed Rudy's snake, and pointed it at the entrance of her cave, then inserted the tip and pushed her hips down, swallowing his entire snake inside her wet cave.

"Mnh~ The most satisfying feeling when taking the lead is that I can feel the pleasure of getting plugged by a big, thick, hard, and hot dick inside my wet pussy! Nothing beats that except getting filled up afterward."

"...seriously... you have gotten a lot better at dirty talking."

"Sheesh~ Thanks~"

Eleanor began to move her hips back and forth as she massaged Rudy's snake inside her tight cave.

"Mnh~ I... Mnh~"

"What was that?"

"I wanted to talk about the diary. Please, don't be too harsh on Rebecca. She just doesn't want to risk losing you."

"I know. Why do you think I respect her decision? I, for one, don't give two fucks about that diary, but mom does, and that's why... I am being patient."

"Nhm~ That's good."

"That reminds me... what exactly happened after I returned to 2008? Mom told me her part of the story, but she asked me to ask you about yours. You stayed with Mom and Jessica for months, but then...? What happened?"

Eleanor had expected Rudy to ask her that question, and she was well prepared for it. It wasn't as though she didn't want to answer him, she was scared of being judged by Rudy.

Rudy had asked her to look after Jessica, Lilim, and Rebecca after his disappearance, so she thought Rudy would get angry if he learned the truth.

"After... you left... I took care of the girls. You were given to Rebecca by a shadow, so the days and nights were busy taking care of you. Only Rebecca and I knew that the baby was you.

Jessica and Lilim were too young to understand that. Everything was going well, but... Lilim suddenly disappeared one day."

[Esper Harem in the Apocalypse](#)

Chapter 743: Eleanor's Story

"One day, when I woke up... Lilim wasn't there, and she never returned. I was scared... too scared to do anything. She was just a little girl... even younger than Jessica.

I couldn't even go to the police... what was I supposed to tell them? I had no relation with Lilim, nor did I have any proof of her belonging to this world. But she returned the next day to inform me that she would be living on her own.

Obviously, I tried to stop her, but she never listened.

'I don't belong to the place where daddy is not present.' She had said to me.

I told her that the baby was you, but she didn't believe me. I couldn't blame her. Had you not told me your story, I wouldn't have believed that the baby was you. I certainly would have thought that Rebecca kidnapped the baby from somewhere.

It wasn't as though I wanted to force Lilim to stay with the girls, but I obviously couldn't let her go out in the world alone. Even if she was a demon, she was still a little girl. But she said she had everything under control.

So I let her go under one condition."

"Let me guess... the condition was that she would need to visit you every week?" Rudy guessed with a knowing look on his face.

"Yes. I guess you heard it from Lilim."

"She didn't tell me that, but I heard her part of the story where she mentioned a few notable things. I tried to connect the dots and guessed this."

"Continuing the story... Jessica and Rebecca lived together, and I mostly stayed with them. But a few months later, Grandpa and Grandma's health got worse, so I had to stay with them to look after them.

I asked Rebecca to move in with me, but she didn't like the idea. She said she could handle everything on her own and didn't need my help. I got angry after hearing that. I was trying my best for them, and... she never cared.

No offense, but she had become very arrogant and selfish for your sake. I then stopped talking with her and only spoke with Jessica at school, but I stopped going to school when I couldn't hide the baby bump anymore.

Then I was nearing my labor days, so it was almost impossible for me to walk across the room without grunting in pain and taking a minute break after every step. In short, it was hard, and I had no one to take care of me.

Grandma's health got even worse, and she couldn't move from her bed. She was bedridden. Grandpa was in the same condition, but he could do his stuff on his own. And... a few days later... Grandma passed away.

There..." Eleanor chuckled wryly and muttered, "How was I supposed to arrange a funeral? When I realized I was helpless... I passed out. When I woke up, I was in the hospital.

I was scared... I thought something had happened to Eric and Erika. But the nurse said they were fine. I asked them how I got there, and she said my family called an ambulance.

Obviously, my first thought was that grandpa called an ambulance, but... it was my mother. I had never been that happy to see my mother in my life. And... she was crying... apparently.

They told me I was out for a day, and grandma's funeral was already taken care of. After that, Grandpa and I moved in with my parents. I was confident that mom and dad would taunt me after seeing me pregnant, but surprisingly that never happened.

They never asked me who the father was. I guess... I had a wrong impression of them. It wasn't as though they didn't care about me... they simply didn't know how to raise a daughter.

As you know, my mom got pregnant in high school, so I guess that explains why they were awkward when I entered middle school. They weren't sure what rules should be set and thus ended up giving me freedom.

I took that as they didn't love me. I mean... we stopped interacting even when we lived in the same house. We rarely saw each other, so... that was given. We all were at fault. I... when I ran away from home, I hated them for neglecting me and my needs.

But after everything happened and I kind of raised the girls... I understood them a little as an adult. Having so many responsibilities at such a young age is difficult. Dad had to work harder to provide for mom and me.

He was a junior... so to say, he was younger than her, yet he had to step into the world of adulthood at a very young age. His parents were against the idea of me being pregnant with his child.

So they asked mom to abort... well, me. Dad denied it... then... his parents disowned him from their name. Mom had already dropped out of school, and dad had to drop out too.

Maybe... that's why they never asked or told me about my pregnancy. They didn't want me to go through the same thing they did. They didn't want to repeat their parent's mistakes and abandoned their children in their time of need.

Needless to say, our relationship didn't exactly get better even after we started living together. But it was better than before. A few weeks later, I gave birth to twins. Mom told me to stay with them as long as I wanted, but I was worried about Jessica and Rebecca.

I had Eric and Erika with me, so traveling with them was out of the question. It was a three-hour ride from the city. I could leave Eric and Erika with mom and dad, but they were always busy with their work. And I couldn't ask Grandpa to look after them as he was too old. So all I could do was call them... and I... did."

Chapter 744: Just Another Interrogation

"Jessica was the one who picked up the call. She said Rebecca was taking a bath, and Lilim was playing with you. I asked her a few things, and then she hung up.

I lived with my parents for five years while starting my business from there. The money I invested was already worth a lot, so I had funds too. Of course, I kept my contact with the girls. And then I bought a car, so I could drive to Hel once in a while to meet them after Eric and Erika had learned to sit properly without support.

And... I eventually bought land there and built this house. Grandpa's house was demolished with several others in the area, where now lies that tunnel, although destroyed now."

"Umm... What happened to grandpa? Is he still kicking?"

Eleanor shook her head and said, "He passed away ten years ago. Died in his sleep... while smiling..."

"I see."

Eleanor leaned forward and tried to kiss Rudy, but she couldn't reach his lips, so Rudy pulled her down and kissed her instead.

"You told me your story while shaking your hips with my dick inside. I was feeling the pleasure and sadness too."

"Well, this... actually helped me open up more. I was able to tell you everything without... getting distracted."

"Can you move faster now?"

Eleanor squinted her eyes and said, "I see what you did there."

"What do I do?" Rudy played dumb.

"You can obviously feel my insides twitching and clamping your dick from all sides. You know I am about to orgasm, and thus you asked me to move faster so that you can enjoy my reactions."

"If you know that, then start moving faster. Or..." Rudy used his power to move Eleanor's hips back and forth.

"Anh~!"

"See? Even when you are on the top and taking the lead... I am the one who controls you."

"It's your dick! It's like a joystick... controlling me as if I am a video game!"

"And the one using the joystick is me."

"Mnh~ If you can move me like that, then go on. Move me so fast that I don't get time to think!"

"Only if you squeeze my dick tighter. Crush it between your walls!"

Rudy moved Eleanor's body using his powers while she tried her best to not orgasm. She was feeling so good that she didn't want to stop feeling that pleasure. She knew that she would have to take a break once she orgasmed, and the pleasure would stop.

"I have a question," Rudy suddenly uttered.

"Now is not the—Anh! Now is not the right time to ask questions! I wouldn't be able to answer properly!"

"That's why I want to ask them now. Why did you name Eric and Erika? Was it because I showed you my present and you thought you would have to name them Eric and Erika? I mean... that would create a paradox, so... I am curious."

"I-Nhm~ I named them after Grandpa and Grandma."

"Their name was... Eric and Erika?"

"Yes~ As you know, they were cousins, but their names happen to be similar because of a coincidence."

"How could someone's name be a coincidence?"

"I don't know~ Now let me focus, or I won't be able to hold it~"

"Damn, you are squeezing me tightly. I don't think I can hold for much longer either."

"Let's— Anh~ Let's cum together this time... for real. I will hold it until you are ready~ I promise~"

"I actually have one more question. Can I shoot it before I shoot inside you?"

"Hmm~ You would ask me even if I say no."

"Since Eric and Erika are my kids... our kids, did you notice anything strange about them? Let's say... them having... powers?"

"No~ That was my first concern as well, but I don't think they have powers. They are 100% humans. If they had powers, I would have no need to hide anything from you~"

"True. But are you sure they don't have powers? Like even minor ones? Maybe... telepathy... and superstrength or something? Perhaps... their powers haven't been activated yet...?"

"The latter one is a possibility. But if they truly awaken their powers, I will personally take all the responsibility and tell them everything."

"You don't have to do anything alone. You have already done enough."

"Are you going to cum with me~? How much longer~ I don't think I can hold it anymore~~"

"You can do it~ Your pussy is crushing my dick inside, and it's twitching... leaving vibrations all over my dick."

"I can feel your dick twitching, too~"

"Hey... you know... I just realized..."

"What~?"

"See, Eric is handsome— second to me in my class, and he is super athletic. Maybe he got that from me?" Rudy wondered.

"Why would you question his athletic ability? And you are not an athletic person."

"What about Erika?"

"What about her~? She is not athletic."

"Yeah, but she is smart. What if she got her intelligence from me?"

"Definitely not! If anything, she got her intelligence from me!"

"That reminds me... Erika... she... loves me..."

"Hmm~?"

"Like... romantically. She even confessed to me before she left for overseas, and she had asked me to give her an answer at her departure."

"Is that why you didn't come to drop her off when she was leaving?"

"Yes. I mean... I did love her but as a friend. The romance and all that was foreign to me. And boy, am I glad I didn't agree to date her. We would have probably done the deed by now, and then I would have discovered that she was my..."

"You are talking about your past life, right?"

"Yes, but she confessed to me in this one too. She actually called me recently and asked me for the answer when she arrives here."

"What are you going to say to her?" Eleanor asked curiously.

"That's what I am conflicted about. In my past life, I told her I wasn't interested, and she... moved overseas again... never to return. I don't want that to happen in this life."

"You can... just accept her love, then? I wouldn't mind it if you two were to enter a relationship."

[Esper Harem in the Apocalypse](#)

Chapter 745: Eleanor's Fetish

"I wouldn't really mind if you were to date, Erika."

"...you did not just say that! What's wrong with you?! How could a mother be okay with her daughter being in a relationship with the same man as her, who, in fact, is her father?!"

"You are—"

"Oh, Right! I forgot your incest fetish! Oh Man, Oh Man! I never thought you would actually use your daughter to satisfy your fetish."

"Listen to me! I am saying that I wouldn't mind it 'if' you actually decided to date her. Like, I am not opposed to the idea if 'you' are okay with it. I am not saying that you should date her. Also, you are her childhood and best friend, and I know you haven't suddenly started seeing her as your daughter."

"Still, why would you be okay with it?"

"I know you. And what better man can she find if not you? You wouldn't want her to get involved with the wrong guy either, am I right?"

"That's a different question. Every father in this world feels insecure about their daughter hanging out with boys or being in a relationship with them. That's a natural instinct."

"Again, I am not asking you to do anything. I just said that you have my permission in case you are wondering what I would think if something does happen between you and Erika," Eleanor groaned.

"Nothing would happen."

"Then how will you answer her confession without breaking her heart? Surely, you won't tell her the truth... right?" she asked anxiously.

"Look, I promised you that I wouldn't tell them unless you change your mind. But if it comes to a situation where I have no other choice but to reveal the truth... I will tell them.

I am not going to make up a thousand lies to back up one lie to hide the truth, okay? That's not me. And as for you wondering how am I going to respond to her confession without destroying our relationship...

I..." Rudy let out a soft sigh and uttered, "What if I just told Erika that I am currently dating Alice? I mean... that's the truth, so..."

"Let me get this straight... Erika confessed to you a few months ago before she left for overseas, and she asked for your answer, but you... chickened out. Now, she wants the answer once she returns... and you are going to tell her that you started dating Alice without giving her the response she deserved or at least informing her!"

"..." Rudy could feel anger in Eleanor's voice.

"And you think that's not going to break her heart or destroy your relationship with her?" she then added a remark.

"Well... what if I tell her that... err... I was dating Alice even before that, but we were keeping our relationship secret because Alice didn't want her father to know about it... or something something?" Rudy wondered with a nervous chuckle.

"Good luck with that. Like Erika would be convinced by that."

"Then, I will just tell her the truth," Rudy shrugged.

"Hold your horses. We will find a way."

"And if we don't... you will let her tell me the truth... right?" he asked with a knowing look on her face.

"Yes... if..." she nodded.

"Glad to have you on the same page again."

"I can't believe you made me hold my orgasm for so long~! When are you cumming~?!"

"When you moan my name and show your love to me."

"Anh~ Why are you so mean at times like this~? It's not fair~"

"Did you say something?" Rudy grinned.

"Rudy!" She yelled but soon started moaning his name. "Rudy~ Rudy~! Please~"

"You are making me look like a sadist."

Rudy sat up and kissed Eleanor on the lips before pushing her to the bed and railing her from the top.

"Yes~ Yes~ Keep going~!"

Rudy continued thrusting his hips as he got closer and closer to shooting his load inside.

"Anh~ Yes~ I love you~ I love you~! Amh~ I am cumming~ I am cumming~! Aanh~!"

The next second, Rudy released his fresh milk inside Eleanor, and they both finished at the same time.

Eleanor had a satisfied, orgasmic look on her face as though she didn't want anything in her life anymore.

Rudy poked her nipples and asked, "Are you okay?"

"Hmm~ Don't pull it out."

"I won't. You are just as tight right now, so pulling my dick out would be a shame."

"Can you slowly stir up my insides like you often used to after we were done with the daily rounds?" she asked in a low voice.

"I can."

Rudy lifted Eleanor and placed her on top of her. She rested her head on his chest and kept her face up so she could kiss him whenever she wanted. While her legs were open with her cave filled with fresh milk and a hot road inside, which was stirring up and making a milkshake with her cave juice.

They stayed like that for minutes, and they kissed and talked about the things they couldn't otherwise talk about.

Once Eleanor had taken a break and descended from heaven, she puckered her lips and said, "I hate you~"

"Is that so?"

"Yes~" she said cheerfully.

"Then I guess I need to pull my dick out of your pussy. You wouldn't want the dick of the person you hate, right?"

"No~"

"But you hate me."

"You can keep your dick inside me. I am not heartless."

"Oh? Then how about you massage it too? It is tired after working so hard."

"But I massaged it tightly a while ago."

"So you are saying that it has rested enough, and now it's time to get back to work?" Rudy asked with a slight smile.

"Hmm~ What type of work?"

"My dick only knows one job, which is to mine the caves."

Eleanor chuckled and kissed Rudy on the lips before getting up. She pulled Rudy's snake from her cave and let the milkshake drip on the bed sheet.

She turned around, showing her hips to Rudy, and said, "I think you should mine me from behind."

"Piston... on!"

Chapter 746: Eric's Call

Two hours passed since Rudy and Eleanor went to the bathroom and came out after their first round. They continued their session on the bed and talked this out.

As Eleanor had said, sex was a great way for them to discuss any and everything, and it worked well for them, even in 1989.

Once everything between them had been solved, they continued their sessions, and time passed. Evening hid under the carpet of the black sky known as night, and stars twinkled across it.

It was still early at night, so they had so much time left to bond even more.

Since Rudy's snake had been working hard in mining Eleanor's cave, Eleanor was giving it a special mouth massage. She had gotten between Rudy's legs and began sucking him off, seemingly cleaning and preparing his snake for the next round.

Rudy was watching Eleanor's fine work of art with a smile on his face.

"You know... seeing my dick in a girl's mouth has got to be one of the best sights."

"I have sucked it so many times. I am sure you no longer feel anything special."

"You are sucking it after eighteen years. And I am not trying to... be rude, but you need to practice."

Eleanor suddenly stopped sucking and pulled it out of her mouth.

"What?"

"I am just saying... since it's been eighteen years... you lost your skills."

"It doesn't feel good?"

"Of course, it does. I was just giving you a... well, a review."

"Hmm... thanks for letting me know. I should have kept that in mind. What exactly do I need to improve?" she asked him while licking the sides of this snake.

"You are already doing great. Maybe... work on the suction. And your teeth are... coming in a way sometimes, but that's fine. You don't have to worry about that. Just focus on the suction and your tongue work."

Eleanor followed Rudy's advice and got immersed in sucking him off.

RING~ RING!

The phone buzzed.

Rudy and Eleanor looked into each other's eyes, seemingly wondering whose phone rang. They both had the same ringtone, which was also the default tone.

Rudy used his ability and said, "That's not mine. It's yours, and the caller is none other than... Eric."

"Hmm~?" Eleanor raised her brow while sucking the tip.

"What do you want me to do? I can pick it up and put it on the speaker, or I can hang it up. Your phone.... your call."

"Pick it up. I don't want to worry him unnecessarily."

Rudy used telekinesis to place the phone on his stomach near Eleanor's mouth since she was sucking him off. He picked up the call and put it on a speaker.

[Mom? Why is your phone still in service? Are you still at the airport?] Eric asked in a calm but confused voice.

"Hmm~"

Rudy facepalmed himself as Eleanor tried to respond while sucking his snake.

[What?]

Eleanor stopped sucking and said, "The plane landed at the airport a few minutes ago. I am on my way to my office right now."

[Oh! That was quick. What are you doing?]

Eleanor kissed the tip of Rudy's snake and asked, "I just told you I am on my way to the office right now."

[Not that. I heard some... slurping sounds in the background. Are you eating or drinking anything?]

"Oh, yes. I am eating the famous sausage I told you about. They are the world's best sausage. They taste great, and they are so... so... juicy and unusual size!"

She said with a grin while biting on Rudy's snake.

[You brought some with you? Save one for me, will you? I want to see if they are really great or if you are simply exaggerating like always.]

"Not possible. I only have one, and it belongs to me. And I am very, very hungry," she licked her lips.

[Great. So how long will it take you to arrive home? I am at the construction site right now, as you asked me to. Thinking of going home if it's going to take you a while.]

"I am actually not sure how long it will take, but you can stay out for a few more hours if you want. Go to a nice hotel and get yourself a big dinner."

[Yeah, I was thinking the same thing, actually. Do you want me to pack some things for you?] he asked curiously.

"I am good. This sausage is enough for me."

[Okay... oh! Yeah, should I lock the doors or keep them unlocked for you? Do you have the keys? I mean, I know you have them, but do you have them with you right now.]

"You can lock the doors and go to sleep. I might arrive late at night. We will have a chat tomorrow morning, kay?"

[Yeah, I guess so. Erika also contacted me just now and asked me if you were okay. She was too scared to call you... she didn't want someone else to pick up the call and inform her that you were... you know. Anyway, I am glad nothing happened to the passengers on the plane.]

"Yeah. They must be feeling lucky that they survived."

[Goodbye. See you at home tomorrow!]

"Hmm~ See you~"

Before Eric hung up the call, Eleanor had started eating her sausage.

"..."

She looked at Rudy and found him staring at her with a contemptuous look on her face.

"What?" she asked.

"You couldn't stop touching and licking and kissing and sucking my dick for two minutes to talk with your son?"

"I talked with him just fine." She shrugged and played with the tip with her tongue. "And he didn't suspect anything."

"It's not about that. It's just..." Rudy let out a frustrated sigh. "Leave it. I don't know what to say."

"You felt guilty, right?" she asked with a knowing look on her face.

"Well... yes.... obviously. How could I not be in such a situation? And you made me feel even more guilty by mentioning sausage and stuff."

SIGH!

"I should get used to this feeling," he added with a sigh.

"You should. And even though you felt guilty, your dick felt excited. It has already started twitching. Is the drink getting ready?"

"Yes. Plug it in your mouth and start sucking. It's the only way to shut you up."

Chapter 747: Suckers

Eleanor sucked Rudy's snake until he released his milk. She was using her tongue, teeth, and lips to play with his snake while her hands were playing with his balls.

It seemed no different than a farmer milking a cow, while here, Eleanor was milking Rudy's essence.

"Your express delivery of fresh Rudy's cream will be cumming in your mouth in the next ten seconds. Get ready to receive it!" Rudy stated in a mechanical voice.

Eleanor, who was fooling around all this time, suddenly began to suck more seriously and didn't let his snake slip out of her mouth. She wrapped her lips around the tip of his snake as though she was sealing it.

She didn't want to waste even a drop of her precious drink.

"I am cumming!"

With a loud announcement, Rudy delivered his cream into Eleanor's mouth and kept shooting it until her mouth was puffed.

She sucked off the tip and used her tongue to clean it properly before taking his snake out of her mouth. She swallowed a few sips before opening her mouth filled with Rudy's fresh and hot white cream and showed it to Rudy.

"It's sho much!"

"Be careful, or you will spill it."

Eleanor slowly swallowed it sip by sip, and eventually finished drinking the cream. She licked her tongue and lips before opening her mouth again.

"How was the quality of the product? Please rate your experience so we can continue providing you with our 100% natural drinks, with no added chemicals or flavors."

"Heh!" Eleanor climbed on top of Rudy and said, "Stop with that voice. How are you so good at mimicking that?"

"It's called talent," he said with a smug face.

"I guess, I will have to rate it then." Eleanor pondered for a while without breaking her eye contact with Rudy. "The taste was just as I remember it from eighteen years ago. Nothing much has changed, although I found it thick.

I can still feel it stuck in my throat, which is good, in my opinion, because I can have an everlasting taste of it for the rest of the day."

"Why do you think I called it a cream and not milk?" Rudy pinched and pulled Eleanor's nipple with a grin on his face.

"Oh? So you can now even cook your cum before serving it?"

"Not really. I just think it's better to release cream in your mouth and milk in your pussy."

"Why?"

"The quantity remains the same. And if I release my cream in your pussy and stir it up with your love juice using my dick... I wouldn't be able to make a milkshake... it would become... pea'nut' butter..."

"Pfft!" Eleanor laughed out loud after hearing that, and so did Rudy.

"I see what you did there," she said.

"Did you, now?"

"You are so clever! And you are the one who is great at dirty talk, not me."

"No, no. I wasn't even trying to—"

"See?" Eleanor interrupted Rudy and said, "You weren't even trying, and you were so great. Think, how would it be if you tried."

"I don't want to. Boys like it when girls do dirty talk... especially during sex."

Eleanor buried Rudy's face between her breasts and asked, "So are we going to fuck?"

"Obviously. I thought you were taking another break or something."

"I feel energetic after drinking your special cream. I think we can go nonstop for a few rounds without taking breaks now."

"That's great to hear."

Rudy plugged his snake up and plugged it into Eleanor's cave without moving.

"Mnh~" She moaned. "Don't use your powers like this."

Eleanor was sitting on Rudy's lap, and they were sitting face to face. They moved their bodies slowly and enjoyed the session.

"Is this one of your slow rounds when you fuck slowly while rubbing my insides and then get faster the closer you get to cumming?" Eleanor asked with a grin.

"Yes, why? You don't like it when I fuck you slow?"

"I wanted something... umm, I wanted you to do something."

"What is it?"

"You can manifest vampire's fangs, right?"

"Yes."

"I want you to drink my blood while you fuck me."

"Yeah, not happening," Rudy instantly rejected Eleanor's request.

"Why?!"

"Because it's dangerous. I nearly killed Nyxia when I drank her blood, and she is one of the strongest vampires. And you are only a human... if I drink your blood, you will die even before you realize."

"I won't. I trust you. And I know you won't let anything happen to me."

"Well, I don't trust myself."

"Come on~ Please?"

"No means no. We are not doing that. It's too risky."

"But I fulfilled your request, so it's your duty to fulfill mine."

"What request are you talking about? I don't remember requesting you anything except... of course, you think you are doing me a favor by having sex with me. Because that's mutual pleasure."

"I am talking about me."

"Uhh... I don't understand."

"When we met in 1989, you said you wanted to fuck a milf. Well... I am a real milf in the flesh, and you are fucking me. I am your first milf, right?"

"Well... you are not wrong but..."

"But?"

"You are not the first. Did you forget Niti?"

"Hmm? She doesn't... oh! Right. She has a daughter who is older than Jane and Rias!" she exclaimed in realization.

"Wait, you seriously forgot about Niti?"

Eleanor shook her head and said, "I didn't forget about her, I forgot that she has a daughter."

"I sometimes forget that too."

"I was so excited to be your first milf..." Eleanor bit her lips.

Rudy couldn't watch his dear wife sulk, so he said, "Get ready."

"Huh?"

"I will drink your blood."

"Really?!"

"I can't say no when you make such an innocent face."

"Thank you!"

Rudy manifested his vampire fangs and showed them to Eleanor.

"...is it... weird that I find you more attractive with fangs?"

Rudy kissed Eleanor's neck first, then buried his fangs inside, sucking her blood.

"Mnh~!" Eleanor hugged Rudy tightly and continued moving her body.

Chapter 748: Unlimited Mining

A few seconds later, Rudy stopped and showed his blood-red lips to Eleanor. He licked the blood from his lips and said, "Are you okay?"

"Yes! And that felt awesome! Let's do it every now and then!"

"No. Don't awaken weird kinks... what's wrong with you?"

Eleanor puckered her lips and muttered, "I just want to make our sex more exciting."

"It's already exciting as it is. And sucking blood doesn't really make me feel good, you know?"

"It doesn't?!" she exclaimed in surprise.

"No. Why would you even think it feels good?"

"Because... I feel good?"

"The host will always feel good. It's the charm of the process. Think about it, if it hurt every time the vampires drank someone's blood, they would probably die sooner than they would from blood loss."

"Then why would vampires drink blood if it doesn't feel good?" Eleanor asked curiously.

"Blood is their food. It's like water to them. We drink water all the time, even though water has no taste. It's the same for the vampires, although it works differently for them. You see, I am a human, and I don't have specialized taste buds like they do."

They can taste blood better than I do. Nyxia once told me that most humans have the same taste in blood, but there are a few whose blood is precious and delicious. That's why vampires used to feed on them.

Mine blood is the best blood... according to Jane and Rias. I just tasted your blood, and it tastes like... blood... obviously. But when I drank Nyxia's blood... it was like.... honey... no, even sweeter.

At that time, I had no idea what was happening. I was standing with her on the balcony, and my gaze kept falling on her neck even though I wanted to look at her juicy lips. And... I... sprouted fangs.

The next thing I knew, I was sucking Nyxia's blood. Mind you, never have I ever thought about drinking anyone's blood. It just feels... gross just thinking about it.

However, as soon as I buried my fangs in her neck and the first drop of her blood climbed my fangs and reached my tongue... I couldn't stop myself. I... I ended up drinking almost all the blood in her body.

She could have died. So... that's why I didn't want to drink your blood. Because as ridiculous as it may sound, it's hard to control yourself in such situations, and I am not even a vampire.

Imagine what it would be like for them. No wonder they sometimes end up killing their loved ones accidentally while sucking their blood."

Eleanor pondered something while staring into Rudy's eyes, although she was lost in her thoughts.

"So you are saying that you were able to control yourself right now because my blood didn't taste good."

"I wouldn't say that. I just... set a timer on myself. Had I sucked your blood for more than three seconds, my fangs would have automatically disappeared."

"Oh... that's a cool ability..."

"Yeah, it's very simple... actually. Yet, so effective. I can basically control any and everything I want... whenever I want."

"Can you also set a timer on your dick?"

"What do you mean? Why would I need to do that? My dick is fully under my control already. Maybe I should set a timer on you?" he grinned.

"Why me?!"

"Because you stop moving your hips."

"But you are moving, so I wanted to enjoy for a few minutes."

"I will pay you according to your hard work."

Eleanor placed her hands on Rudy's shoulder and pushed him back to the bed's slat. She then placed her hands on Rudy's knees and leaned back with the support.

"Watch me work hard now!"

She moved her hips back and forth and up and down in all the directions."

"Slow down, or you will get tired after five minutes and then ask me to move."

Eleanor didn't stop and instead increased her speed. Rudy watched her boobs bounce up and down as she moved.

"Mnh~ Yes~ yes~"

Rudy moved his hands to her boobs and copped a feel before squeezing them softly. He then moved his face close and began sucking her nipple while squeezing and pinching the other one.

"Mnh~ Don't suck so hard~ No matter what you do, my milk won't come out. You will have to impregnate me again~"

Rudy continued sucking her nipples from one to another while Eleanor moved her body at her pace and enjoyed getting mined.

A few minutes later, she orgasmed, and Rudy came some minutes after that.

It was now time to take a break, although Rudy wanted to continue.

"How long are we going to fuck?" He asked Eleanor while playing with her hair.

Eleanor was sitting face to face on Rudy's lap, with his snake inside her to stir the milkshake in her cave.

"I want to continue all night, but I feel like I am going to pass out soon. I am too tired and... I feel... so.. so.. satisfied right now that I wouldn't complain if I die."

Rudy gently pulled Eleanor's hair and said, "Don't say things like that."

"Eric should also be arriving soon, so obviously, we can't continue, or he will hear my moans. So how about you fuck me until I pass out?" Eleanor suggested.

"And then what? Leave you as it is?"

"Hmm. I will take a bath when I wake up and tidy up my room. But you can cover me with a blanket if you want, although it's not cold."

"You are so selfish, do you know that? You want to pass out from the pleasure but then leave me hanging."

"Huh? Oh... no. You can keep fucking me even after I pass out. I don't mind. Instead, I might have a nice dream. But stop once you have finished that round."

"When should I start this special offer?" he asked with a grin.

"Once my pussy calls you."

She got off his lap and took his snake in her hand. She licked the sides and kissed the tip before saying, "Let me have a mouth full of fresh drink before I go to sleep."

Chapter 749: Hard Feelings ft Pleasure

"Anh~ Anh! Amn~ Yes~ Yes~"

Eleanor's boobs bounced up and down as Rudy raised her from behind.

Rudy had lifted Eleanor from the stop while humping her from the back. And only his hips were moving back and forth.

"I am cumming!" He grunted and released his load inside her.

"That was... intense..." Eleanor managed to utter with an orgasmic face. "Why are you rough when I feel sleepy?"

"It's your imagination. When someone feels sleepy, most of their body functions slow down. I am not talking about internal functions but the senses and voluntary parts of the body.

Right now, your brain has weakened your body and limited your senses, but your pussy is 100% active, and you are feeling pleasure."

"I don't need a biology lecture, or I will pass out instantly."

Eleanor lay on the bed on her back and smiled at Rudy.

"What's with that smile?"

"Nothing~ I am just very happy right now~ We are back together again, and now my... now I have nothing more to ask. Thanks... Rudy. My life has been awesome ever since the day I met you.

You made me a mother and gave me two kids. I loved raising them. I never got bored, and never in my life did I think that they were a burden. It's all thanks to you. You gave me a perfect life even when you weren't here. And now you have made it even more amazing."

She said in a calm voice.

"I wish mom had too."

"She had her reasons. I am not angry at her for choosing her own way to live. You had left them money, which she used for almost everything. She didn't waste them unnecessarily.

But then... Jessica died and... the house... she talked the matter out with a lawyer and didn't tell me about it. She never told me anything about anything. Her responses were always vague.

It was as though... she... never trusted me. As if I was her enemy. After the whole lawyer fiasco, Rebecca had no one and no thing for her. Jessica was dead, she had no money, and she couldn't do anything.

At that time... I offered her my help but she... she was always so stubborn. I gave her tons of money, but she returned it to me. I thought I would help her indirectly, but she caught me.

Her relationship with me wasn't bad, by the way. She acted strange whenever it was something related to you. I mean, she let you play with Eric and Erika, and sometimes you even had sleepovers in this house.

That was when she had night shifts. She was already twenty by then, so I wasn't worried about her as I was back then. But I still couldn't see her working so hard for no reason, so I asked her if she would like to work for me.

She said she would if she could manage her time. I asked her to leave other jobs and work for me only, but she said she didn't want to be dependent on me. Still, I made her stop working in most of her jobs.

She used to work as a cashier at my stores, and I used my connection to get her jobs in the nearby areas so she wouldn't go far from your house. I even paid her triple compared to other employees.

But one day... somehow... she found that out. She came to my cabin, glared into my eyes, and tossed her resignation paper on my face. She was angry... no, she was pissed, actually.

She said she wanted to resign. I, obviously, tried to stop her, but she didn't listen. Then I told her that I paid her more because she worked night shifts and proxied other employees almost all the time.

And that wasn't a lie. Still, she wasn't convinced. She said I was paying her too much because of Rudy... well, you. And then we talked back to each other... It turned into yelling and then fighting.

Don't worry, it was a verbal fight. We fought for an hour straight and took out all our pent-up frustration. She was in the right according to her perspective, and I was right in both of our perspectives.

Summary of the fight, she thought that if I did too much favor to her, I would ask to have you in return. She thought I would steal you. She was also afraid of losing you. But she would have known that I would never lay my hands on a kid.

Even if that kid was you, you weren't my Rudy. You were just a kid. Sure, if you had regained your memories at that time, then... Well, I can't promise what I would have done. But that's totally a different topic.

Rebecca was your mother, and that was not going to change, and I made that clear that night. She still left the job, though."

Eleanor sighed and continued, "She said she couldn't do night shifts because she felt bad for leaving you alone at home. So I suggested she could just leave you at my house every night, but she obviously turned me down.

But I somehow managed to convince her, and ever since that day, you have spent weekends at my house while she worked the night shift."

"..."

"That's about it. And hey, it was mine and Rebecca's matter, and it's already solved, so please don't try to interfere."

"I won't. Even if either of you were at fault, I wouldn't have done a thing. Mom had her reasons, and you had yours; I know that."

"So why are you making a long face? You don't seem too happy. I know it wasn't a heartwarming or heart-touching story, but still. The look on your face shows that you are... disappointed..."

"You know me so well that you can even guess my mood by looking at my face," he chuckled nervously.

Eleanor pulled Rudy close and buried his face between her bosom.

"What is it?" she asked.

"In my past life..."

"Hmm?"

"In my past life... I was... I was r*ped by you..."

[Esper Harem in the Apocalypse](#)

Chapter 750: Watching Memories

"I... r*ped you in your past life...? This has to be a joke... right?"

Rudy shook his head and said, "It's not. I am telling the truth."

"But... why... how...? I would never do that... not even in my dreams..."

"I know."

"So how...? What happened? And... how old were you...? Were you... still... a minor?" Her face turned pale.

"No, I was already eighteen."

Eleanor let out a sigh of relief and muttered, "At least I didn't commit two sins. But if you weren't a minor... how did I... how did it happen? Even if you didn't have your powers in your past life, I am sure you could have stopped me."

"Let's watch everything. I can telecast my memories on the television, and we can see them like a movie. I will narrate as we watch."

Rudy and Eleanor turned to the television as Rudy played his memories and began to narrate them:

"It was your birthday, and you had hosted a party, but not in a party hall or at your house; you had hosted the party in a mega-resort hotel owned by you.

Yes, I am talking about the one Eric visited just now. It was also the grand opening of the hotel, and you played a smart move by hosting your party there. It was a free promotion and publicity.

You had invited all the rich people in the world. Yes, the entire world. Celebrities, idols, politicians, influencers, everyone was welcomed. And the party was a... phenomenal experience.

The decoration was otherworldly, and there was an arrangement of everything one could need. On top of that, everything on that day was free. Unlimited food and drinks from the countless items on the menu.

And free hotel rooms to everyone, but they were supposed to be booked —for free. There were multiple helipads for personal flights. Underground passages. Special assistants who knew every

language, so conversing was made easy. In other words, your party and hospitality amazed even the celebrities and big shots.

Of course, the media came unannounced, but that was a part of your plan. The entries and exits were crowded by the paparazzi. It has become a trending topic everywhere on the news and social media.

People flew there just to see the resort hotel from their eyes. Investors flooded in, and you had already made ten times the cost you had spent to make that hotel. You might be wondering how you had money when everything was free, I will tell you that later.

Anyway, the night was young, and the halls were swarmed by people dancing, drinking, and doing all kinds of things. It was a wild night, and everyone was going crazy. No one was there to stop them from doing whatever they wanted.

Of course, you had arranged special security in case anything went wrong, but they were undercover and mixed with the people.

I was... invited... obviously. However, I didn't go. The party and stuff wasn't my thing, and our final exams were just around the corner, so I wanted to study instead of enjoy.

Then Eric came to my house and dragged me with him. So I came to the party and... already felt like going home. I felt so anxious after seeing so many people. Then... I ran into you.

You looked... so gorgeous... honestly. You know... I never told anyone this, but... I was always jealous of your husband. I thought he was a lucky bastard to have kids with you. Except... I didn't know that was me.

I mean... I found you hot... like, not in a sexual way or thinking about doing things with you. After all, You were my best friend's mother, and you were like a mother to me too. I basically spent half of my life at your house.

So I wished you a happy birthday, and you asked me a few questions. You were already quite drunk. But then you left to meet other guests while I moved into the next hall to find mom.

She was supposed to be a bartender. So I went to the hall where they gave drinks... only to learn that you didn't let mom work that day and asked her to have fun at the party instead.

So I searched for her in all the halls and floors but couldn't find her. Obviously, even if I had walked past her, I wouldn't have found her. I tried to call her, but she didn't answer my call.

I thought she must be busy and enjoying herself at the party, but... looking at everyone there... I felt insecure. I didn't want mom to interact or engage with them. Don't get me wrong, I wanted her to have fun, but... I wanted her to be in my sight so that I could protect her.

I called her again, and she answered the call. Curious and relieved, I asked where she was, and she said she was in the hotel room upstairs because she had a headache from the loud noises.

I asked her a few things and then hung up the call as she said she wanted to sleep. I was planning to leave the hotel and go home, but since mom told me she was at the hotel, I changed my mind and decided to stay.

No one was at home. Mom hadn't married Joe in my past life— yet, unlike in this universe. So Lucy wasn't home either. I am embarrassed to say this, but I was also scared to travel alone at night.

I had nothing to do at the party. Eric was enjoying himself, and so was Erika. Alice was invited too, but she didn't come, and she was a girl, so neither Eric nor I could force her.

I was lost... like literally. The loudspeakers and the noise everyone was making made me go crazy. I felt anxious and panicked. I was about to have a mental breakdown, so I decided to head to the quieter area, which was the lobby— where the drinks were served too.

And that... was a mistake."
