## *Chapter 1991: Spatial Superposition*

The wings behind Su Zimo flapped and he transformed into a golden streak of light, entering the radius of the jade talisman's glow in the blink of an eye.

The otherworldly soldiers that were chasing seemed to have sensed something and were extremely wary of the light emitted by the jade talisman. They stopped in their tracks and dispersed.

The jade talisman was right in front of him!

Up till now, Su Zimo did not know what secrets the jade talisman held.

However, for the three Immortal Kingdoms, four immortal sects and countless sects and factions of the Divine Firmament Mainland to flock to it, this jade talisman was definitely not simple!

Without hesitation, Su Zimo rose into the air swiftly and grabbed the jade talisman high above.

As long as he could get his hands on the jade talisman, it would mean that he had the advantage.

Be it to fight or retreat, he could seize the initiative.

Furthermore, he no longer had to fear the otherworldly soldiers with the jade talisman in his hands.

Su Zimo was extremely fast and extended his palm. Just as he was about to grab the jade talisman, an extremely cold and murderous aura burst forth from behind him!

A sword beam tore through the air at an astonishing speed and slashed towards Su Zimo's outstretched arm!

That killing intent was way too terrifying. In that instant, Su Zimo felt as though he had fallen into an ice cellar and his limbs went cold.

If not for the fact that he was the Green Lotus True Body and his blood qi was strong, that killing intent would have frozen his bloodline!

The killing intent was so strong that even the Heaven and Earth Slaying Sword Arts he cultivated could not compare to it.

“Could it be...”

A thought flashed through Su Zimo’s mind.

Now that he was faced with a strong enemy and the situation was critical, he did not dare to be distracted or think too much.

That sword qi was truly stunning.

It was sharp, as though it could sever everything in the world, penetrate the void and destroy everything!

Although the Green Lotus True Body could take on a connate black-grade Dharmic treasure head-on, he could not defend against that sword strike!

Su Zimo could almost predict that if he continued to reach for the jade talisman, his entire palm would be severed by the sword qi before he could even touch it!

“It’s Yun Ting!”

Without turning back, Su Zimo already guessed who attacked.

Yun Ting was the only one who could release such a terrifying sword qi.

Su Zimo released the True Dragon Nine Flashes and crossed the obstruction of the otherworldly soldiers first, but Yun Ting was not weak either!

Disregarding the consumption of Essence Qi, he released Void Crossing Sword continuously to break free from the entanglement of the otherworldly general and charged over right after!

Yun Ting was bent on getting his hands on the jade talisman and he would not allow anyone to lay their hands on it!

Therefore, he did not hold back at all when he stopped Su Zimo this time round and released his Human Slaying Sword Qi!

Prior to this, although Yun Ting released sword qi that was sharp and could slice through metal and jade, those were only the most ordinary sword qi he had cultivated.

The Human Slaying Sword Qi was much more terrifying than that!

Su Zimo’s expression was calm and his eyes were unmoved.

He had experienced too many situations like this and it was nothing much.

He retracted his palm and his figure flashed, disappearing from the spot.

At the Level 9 Black Essence realm, Su Zimo could already release the True Dragon Flash three times in a short period of time.

This was his second flash!

When Su Zimo reappeared, he was already behind Yun Ting!

Without hesitation, Su Zimo raised his palm and slapped the top of Yun Ting's head.

This time round, Su Zimo did not hold back either and released the Great Chaos Essence Palm!

Her fair and tender palm expanded instantly, as though it had transformed into a gigantic millstone, suppressing Yun Ting. Its aura was shocking and it was so strong that the air exploded with a loud bang!

Not only did he avoid Yun Ting's sword qi, he even reversed the situation and counterattacked!

This change was extremely sudden. Su Zimo descended behind Yun Ting without any warning and the latter had no time to react.

He did not even have time to turn around, let alone escape!

"Good timing!"

Instead of panicking, Yun Ting hollered and his blood qi surged in rage!

Suddenly, Yun Ting's black hair stood on end and shot into the skies like countless swords, emitting an extremely sharp aura!

"Amazing!"

When he saw that, Su Zimo praised from the depths of his heart.

Although Yun Ting was not old, his cultivation in the Dao of the sword was way too deep.

He had already fused the Sword Dao into every part of his body and had even cultivated it to the tip of his hair.

Even his hair was a killing weapon that was extremely sharp—even divine weapons and Dharmic treasures could not compare to it!

Yun Ting's long hair stood on end, resembling countless flying swords!

Boom!

The Great Chaos Essence Palm descended and collided with Yun Ting's long hair with a loud bang!

Although the hair looked soft, its sharpness was terrifying and wanted to pierce the gigantic millstone above his head!

Creak! Creak!

The millstone crushed and spun, colliding against Yun Ting's long hair with an ear-piercing sound.

Clang! Clang!

A part of Yun Ting's black hair snapped and the sound of a bowstring snapping could be heard.

At the same time, Su Zimo felt a sharp pain in his palm.

His long hair was like a sword and destroyed the Great Chaos Essence Palm!

Even Su Zimo was stunned by Yun Ting's move.

Yun Ting's long hair snapped and the Great Chaos Essence Palm dissipated at the same time.

Su Zimo did not continue fighting and his figure flashed once more.

The third flash!

This time round, when Su Zimo reappeared, he was already beside the jade talisman.

The jade talisman was within reach!

Given the methods displayed by Yun Ting, it would be difficult to secure victory within a short period of time.

Yun Ting was truly the most troublesome and powerful opponent he had encountered since he ascended to the upper world!

If he continued fighting, it would be easy for other changes to happen when Fang Xuan and the others caught up.

At that thought, Su Zimo made a prompt decision to retreat and get his hands on the jade talisman first.

“Don’t even think about getting your hands on the jade talisman with me around!”

The moment Su Zimo reached out, Yun Ting’s voice sounded in his ears.

Su Zimo ignored Yun Ting’s threat.

No matter how fast the latter was, he could not compare to the True Dragon Nine Flashes.

Su Zimo reached out and his expression changed slightly.

He missed!

The jade talisman was right in front of him but his grab missed!

The jade talisman was still there motionlessly but Su Zimo did not manage to grab it.

It was as though there was a layer of space between his palm and the jade talisman.

“Spatial Superposition?”

Su Zimo frowned.

Although Spatial Superposition was only a lesser divine power, it was extremely mysterious and difficult to comprehend.

Space and time divine powers were extremely difficult to comprehend.

Once comprehended and released, they would indeed be extremely powerful and shocking.

Time-related divine powers such as Time Like a Saber had always been one of Su Zimo’s strongest killing moves!

Although the Spatial Superposition released by Yun Ting earlier on was not lethal, it created a layer of space between Su Zimo and the jade talisman, causing his grab to miss.

With that single move, Yun Ting had already arrived opposite Su Zimo.

The jade talisman was right in front of them.

However, if Su Zimo wanted to get his hands on the jade talisman, he would have to get through Yun Ting.

It was the same for Yun Ting.

## **Eternal Sacred King #Chapter 1992 - Fight! - Read Eternal Sacred King Chapter 1992 - Fight!**

*Chapter 1992: Fight!*

“This person is very strong!”

Su Zimo looked at Yun Ting who was not far away and murmured internally.

After ascending to the upper world, apart from Tang Ziyi, Yun Ting was the only one who could make him release the True Dragon Nine Flashes thrice in succession without any success.

Furthermore, Su Zimo had a feeling that even if he could release a fourth flash, he would not be able to suppress this person.

This was an extremely strong opponent that could even threaten him!

Ever since he started cultivating, there were not many cultivators who could make him feel threatened.

In Tianhuang Mainland, there were only a few people.

More importantly, there was a special connection between him and this Prince Yun Ting.

Previously, when Yun Ting released that terrifying sword qi, a guess flashed through his mind.

However, the situation was critical and he could not divert his attention to think about it.

Now, Su Zimo was even more certain of his guess as he looked at Yun Ting who was emitting a sharp aura.

“Seems like you’ve guessed it,”

Yun Ting chuckled.

Su Zimo asked, "Human Slaying Sword Art?"

There was a high chance that only the Human Slaying Sword Art could possess such a terrifying killing intent that was even stronger than the Heaven and Earth Slaying Sword Arts!

"That's right!"

Yun Ting did not hide anything and said frankly, "I cultivated the Human Slaying Sword Art while you cultivated the Heaven Slaying Sword Art."

"There have long been rumors that the Heaven and Earth Slaying Sword Arts were left behind in the lower worlds. To think that the person who cultivated the Heaven Slaying Sword Art would ascend to the upper world and even bump into me. This is the will of the heavens! This is an opportunity!"

Yun Ting was in high spirits and his words revealed immense confidence.

"The three great sword arts have been separated for many years. Even the heavens want to fuse them into one again."

"The Heaven Slaying Sword Art has already appeared. If nothing goes wrong, the Earth Slaying Sword Art will appear soon as well. I'll search for the Earth Slaying Sword Art after I snatch your Heaven Slaying Sword Art."

"At that time, when the three great sword arts are fused, I, Yun Ting, will become the number one sword in Divine Firmament Mainland, Nine Firmament Immortal Domain and even the entire Heavenly World!"

"In the future, I'll head to the Sword World and challenge all the Sword Dao experts there!"

"I, Yun Ting, will use my sword to defeat all experts in the world and reign supreme for all eternity!"

With every word Yun Ting said, the sharpness of his body would turn sharper and his aura would strengthen!

Yun Ting was accumulating strength!

Although every single sentence he said seemed like he was muttering to himself, he was actually accumulating momentum for himself and exerting pressure on Su Zimo!

Su Zimo's expression turned grim.

It had been a long time since he had encountered such a terrifying and powerful opponent!

The last person who gave him such pressure was Monk Daming.

“It’s true that it is heaven’s will to want to fuse the three great sword arts into one,”

Suddenly, Su Zimo smiled and said slowly, “However, this might not be your opportunity!”

Yun Ting’s intention to fuse the three great sword arts was shared with Su Zimo.

Yun Ting glared at Su Zimo and nodded with a smile. “You’re right, we have the same thoughts. Therefore, even if we don’t fight for the jade talisman, we’ll definitely fight!”

His gaze was sharp as a sword and the glint in his eyes could even cause one to feel a sharp pain!

If not for the fact that Su Zimo possessed the Illumination and Nether Glow divine stones and cultivated two visual techniques, he would not have been able to meet Yun Ting’s gaze!

However, Su Zimo knew very well that if he avoided Yun Ting’s gaze, the latter would definitely strike with the most ferocious attack given his senses!

That was the terror of Yun Ting!

On the other side, Yun Ting’s evaluation of Su Zimo increased as well.

If it was anyone else, they would not have been able to withstand his gaze.

To think that this person who had ascended from the lower worlds could meet his gaze without being disadvantaged!

Although the two of them were merely facing off on the surface, they were actually testing the waters!

Any slight fluctuation or breathing or abnormal pulse would result in a shocking battle!

Both parties were scrutinizing the other, carefully searching for openings.

Among the otherworldly soldiers, Fang Xuan and the others were still advancing with all their might.

When Fang Xuan and the others arrived, something else would definitely happen.

There was not much time left for the two of them.

“Very good,”

Yun Ting was the first to speak and said in a deep voice, “You’re indeed a good opponent and worthy of my full strength!”

The moment he said that, Yun Ting’s pupils constricted like needles. Thereafter, two extremely sharp sword lights burst forth with a chilling aura!

The two sword lights streaked through the void and even let out a sword hum.

Without witnessing personally, it would be difficult to imagine that such terrifying sword lights were released from the eyes.

Visual technique, Frost Soul Sword Eye!

The two sword lights burst forth and the surrounding void seemed to freeze as the temperature dipped.

Su Zimo channeled his Essence Spirit without holding back and released Illumination and Nether Glow!

However, something unexpected happened.

Illumination Eye was released normally and released a blinding beam of light that charged towards the two sword beams.

However, there was no reaction from the Nether Glow Eye.

When Su Zimo’s spirit consciousness entered his left eye, it did not cause any ripples, as though it had encountered some obstruction.

Previously on the lone island, the Nether Glow Stone absorbed a tremendous amount of power of darkness and it was difficult for Su Zimo to activate it with his current Essence Spirit power.

Of course, that power did not disappear and was hidden in the Nether Glow Stone the entire time.

If it was released one day, it would create an extremely terrifying scene!

Boom!

The two sword lights collided with the blazing beam of light and the ice melted, but they were reborn before long.

If Illumination and Nether Glow were released at the same time, they would definitely be superior to the Frost Soul Sword Eye.

However, at that moment, there was only Illumination Eye. In this clash of visual techniques, Su Zimo was disadvantaged.

Layers of frost formed on his body rapidly with a chilling intent.

Boom!

Yun Ting suddenly attacked and crossed the void, arriving instantly with a punch!

Su Zimo had just been covered in frost and his movements were slightly affected when Yun Ting attacked!

Any openings or opportunities would not be missed in a fight between top monster incarnates!

All the momentum that Yun Ting had accumulated earlier on was gathered on that punch. It was torrential and unstoppable!

In fact, Su Zimo felt suffocated. Before the punch arrived, his cheek was already in pain from the wind!

He was way too strong!

Against that punch, Su Zimo had nowhere to dodge. He punched in reverse, as though a gigantic seal was formed, towards Yun Ting's fist!

Bang!

The fists collided and the sound of flesh and bones grinding echoed.

The power of the two of them was released completely in that punch!

The two of them were evenly matched in terms of physique!

But soon, Su Zimo felt a sharp pain on his fist.

Yun Ting's Sword Dao had already been cultivated to every part of his body. His brows, hair and even the hairs on his body were sharp killing weapons.

Apart from the burst of his physical strength, Yun Ting's punch was also sharp!

Although the sharpness of the Sword Dao could not break through the defense of the Green Lotus True Body, it stung Su Zimo.

## **Eternal Sacred King #Chapter 1993 - Change - Read**

### **Eternal Sacred King Chapter 1993 - Change**

#### *Chapter 1993: Change*

Both parties shuddered from the clash and it was hard to tell who was stronger.

Su Zimo's expression was unchanged. He took advantage of the moment when the two of them were fighting to change his move at the last moment, turning his fist into a palm.

The Great Chaos Essence Palm was formed and crushed towards Yun Ting!

The moment Su Zimo changed his move, Yun Ting changed his move as well. He closed two fingers and conjured a sword finger, turning his fist into a sword!

The two of them had a strange chemistry and displayed unparalleled combat talent, unwilling to let go of any opportunity.

The Great Chaos Essence Palm was thick and steady with immense strength.

His sword finger was sharp and could slice through metal and jade!

The palm and sword collided with another loud bang.

Crack! Crack! Crack!

Cracks appeared on the gigantic millstone formed by the Great Chaos Essence Palm.

The sharpness released by Yun Ting's sword finger shattered inch by inch as well!

The two of them swayed slightly before retreating rapidly to distance themselves so that they could resolve the power that surged into their bodies.

Although the fight between the two of them seemed short, it was almost at the peak of a Grade 9 Black Immortal's strength!

Su Zimo frowned slightly.

Ever since the Green Lotus True Body grew to Grade 9, no one could defend against the power of the Green Lotus True Body's body even if he did not use blood qi.

Be it the paragons of the four immortal sects or Fang Xuan earlier on, they were weaker.

Yun Ting was the only one who could fight the Green Lotus True Body head-on without being disadvantaged!

Ever since Su Zimo ascended to the upper world, the Green Lotus True Body had grown rapidly. He cultivated a Taboo Mystic Classic like the Prajna Nirvana Sutra and had already cultivated to the peak of Grade 9 after absorbing utmost treasures such as the Sal Tree Leaf and Seven Glow Immortal Ginseng.

He was only a step away from advancing to Grade 10!

Even so, the Green Lotus True Body could not gain the upper hand.

In terms of strength, Yun Ting's physique was not weaker than his.

In battle, Yun Ting displayed extremely terrifying talent and techniques as well!

Yun Ting was only 200 years old and was too young.

His potential was limitless!

Up till this point of his cultivation, Su Zimo was already more than 2,000 years old.

While Su Zimo was pondering, Yun Ting was even more shocked!

Initially, Yun Ting thought that Su Zimo specialized in the Heaven Slaying Sword Art and movement technique.

However, he had not expected that there would be someone in the upper world who could defend against his physical strength!

From the moment he was born, a phenomenon accompanied him.

In order to help him temper his body, his father had searched for countless treasures and elixirs!

He cultivated ten top-tier body tempering cultivation techniques!

When he was 100 years old, he fused the ten body tempering cultivation techniques with the Human Slaying Sword Art and underwent a complete transformation, attaining greater mastery of his body and bloodline!

Even ordinary Earth Immortals could not defend against his sword finger.

Yun Ting had not expected that someone of the same cultivation realm could match him!

“Good, good, good!”

Yun Ting nodded repeatedly with a delighted expression. The sword intent in his eyes intensified and burned!

Su Zimo’s aura rose continuously as well with a surging battle intent and a burning gaze!

Neither of them would retreat against such a rare opponent!

Yun Ting’s appearance triggered Su Zimo’s pride as well!

“Battle!”

Almost at the same time, the two of them shouted and their figures swayed as they collided once more.

Bang! Bang! Bang!

Clang! Clang!

Su Zimo’s fists, palms, claws, feet, shoulders, elbows, knees and every other part of his body could release extremely terrifying killing moves with unparalleled strength!

Every single attack was accompanied by a fervent killing intent!

Those methods were fused with the Mystic Classic of the Twelve Demon Kings of the Great Wilderness and the combat techniques of the Azure Dragon to form a combat technique that was suitable for his Green Lotus True Body and possessed shocking might.

Yun Ting was not weak either!

His fingers, hair, sleeves, fists and every single move could release a sharp edge.

No matter how ferocious Su Zimo’s attacks were, he could resolve them!

The two of them fought in melee combat and fought with speed. It was almost impossible to tell their figures apart as the sound of collisions could be heard continuously.

Melee combat was the most dangerous.

However, the two of them fought fiercely and within dozens of breaths, they had already exchanged hundreds of blows. Neither of them could gain the upper hand and it was a stalemate.

Bang!

The two of them clashed once more before retreating and breathing slowly.

At that moment, it revealed how terrifying their stamina was.

Neither of them had expended too much energy after the fight—both of them merely had heavy breathing and slightly rosy faces.

“You should be proud to be able to defend against so many of my moves,”

Yun Ting raised his head slightly. “Use the Heaven Slaying Sword Art. Let me see what level you’ve cultivated it to.”

“Alright, as you wish!”

Su Zimo sneered, “I want to see how powerful the legendary Human Slaying Sword Art is to be ranked at the top of the three great sword arts!”

The moment he said that, Su Zimo channeled his Essence Spirit and conjured a sword art with his left hand. His aura changed and he emitted a cold killing intent!

The skies above the hall were filled with stars but at that moment, they lost their trajectory and were in chaos!

Yun Ting looked at the stars in the firmaments and murmured, “When the heaven’s killing intent is released, the stars are shifted out of alignment. Not bad, not bad.”

As he said that, Yun Ting raised his palm slowly.

A ball of sword light condensed in his palm.

If his palm represented a world, the sword light was akin to shattering the entire world!

Yun Ting’s killing intent intensified!

“This is the Human Slaying Sword Art?”

Su Zimo’s eyes shone brightly.

Indeed, he sensed a shuddering aura from the sword light that seemed like it could destroy the world!

Yun Ting nodded slightly. “Indeed, this is the Human Slaying Sword Art. However, this is not the peak of its power.”

“Mmm?”

Su Zimo’s heart skipped a beat.

Even though it was not the strongest manifestation of the Human Slaying Sword Art, he already felt a sense of threat and trepidation!

Yun Ting paused for a moment before changing the topic. He chuckled and said confidently, “However, it’s enough to deal with your Heaven Slaying Sword Art.”

“Is that so?”

Su Zimo’s gaze intensified as he released the Heaven Slaying Sword Art with all his might.

Su Zimo waved his sword finger and instantly, 108,000 sword qi spewed out from his fingertip. They were dense and blazing, covering the skies!

His other hand was empty the entire time, ready.

If the Heaven Slaying Sword Art could not defeat him, he would condense his sword finger and release the Earth Slaying Sword Art!

Yun Ting flipped his palm and sent the sword light in his palm out as well!

Compared to Su Zimo’s 108,000 Heaven Slaying Sword Qi, the sword light seemed much weaker. However, it was filled with a terrifying aura!

Once the sword light exploded, it would definitely be earthshaking!

Just as the two great sword arts were about to collide, a change happened!

On the other side, a black figure charged towards Su Zimo with lightning speed and a murderous aura!

The figure came from Su Zimo’s side at an extremely fast speed. It closed in rapidly and punched towards Su Zimo’s temple. It was incomparably ferocious and the air tore with a buzzing sound!

This person’s timing was perfect.

This was the moment where Su Zimo had no time or energy to deal with other unforeseen circumstances after attacking!

“Prince Yun Ting, let me help you kill this lad!”

The intruder laughed with a sinister smile hidden in the darkness!

Fang Xuan of the Yan Yang Immortal Kingdom!

## **Eternal Sacred King #Chapter 1994 - Tacit Understanding - Read Eternal Sacred King Chapter 1994 - Tacit Understanding**

*Chapter 1994: Tacit Understanding*

Su Zimo and Yun Ting were fighting and neither of them dared to be distracted as they gave it their all. Neither of them noticed that Fang Xuan had already charged out of the encirclement of the otherworldly soldiers.

Fang Xuan was brilliant and strong. He could definitely be considered as a top monster incarnate among the Black Immortals and could even fight against Su Zimo or Yun Ting.

Even in a head-on fight, he might not lose to the two of them.

However, Fang Xuan was scheming and crafty.

In this chaotic and complicated situation, he would definitely not choose to fight Su Zimo alone!

The best way was to join forces with Yun Ting!

Yun Ting had a noble status. Apart from his strength, as a prince, he might possess other unfathomable trump cards.

If he joined forces with Yun Ting to get rid of Su Zimo, the rest would not be a threat!

Even if he could not get his hands on the jade talisman in the end, the benefits of befriending Yun Ting would be unimaginable!

As someone who had ascended from the lower worlds, he would not let go of any chance to change his fate and could even resort to unscrupulous means!

Therefore, Fang Xuan's attack this time round was thunderous and did not give Su Zimo any chance to escape!

Although Su Zimo's spirit perception warned him first, the pressure and threat Yun Ting gave him was way too great!

The current situation was equivalent to him fighting one against two!

Furthermore, both of them were top-tier experts of the Black Essence realm!

The pressure on Su Zimo increased exponentially!

It had been a long time since he had been forced into such a dangerous situation by a cultivator of the same cultivation realm.

If Su Zimo were to release all his trump cards, he would naturally be able to neutralize their attacks.

However, his Green Lotus True Body would not be able to remain hidden.

As long as he used his blood qi, Prince Yun Ting would definitely recognize him given the latter's experience.

But now that the situation was critical, he would definitely be severely injured if he did not use his blood qi or even his Bloodline phenomenon!

Su Zimo had no way out.

Instantly, countless thoughts flashed through his mind. Thereafter, a resolute look flashed through his eyes as he prepared to attack with his full strength!

Right then, a change happened in the situation.

...

Fang Xuan's sudden appearance not only shocked Su Zimo, even Yun Ting was slightly stunned.

Immediately, Yun Ting's expression was enraged and killing intent flashed through his eyes!

He was too proud and disdained to join forces with others.

It was rare to meet an opponent like Su Zimo. If he wanted to win, he would do it openly!

Furthermore, Fang Xuan was not joining forces with him—it was an ambush!

In fact, Yun Ting felt like he was being used.

Given his pride, he would definitely not allow Su Zimo to die in front of him like this.

In a flash, Yun Ting glanced at Su Zimo and his spirit consciousness moved.

The Human Slaying Sword Light that was about to collide with the Heaven Slaying Sword Qi suddenly dissipated into Essence Qi and dispersed in the hall!

Yun Ting retracted his attack at the last moment!

In a fight, if one party suddenly stopped and the other party did not or could not stop in time, it would be equivalent to committing suicide!

That choice was way too risky!

It was equivalent to Yun Ting exposing himself to the 108,000 Heaven Slaying Sword Qi!

The moment Yun Ting dispersed the Human Slaying Sword Light, his other hand conjured a sword art with a cold killing intent and slashed towards Fang Xuan!

The Human Slaying Sword Qi burst forth and was aimed at Fang Xuan!

“You!”

When Fang Xuan noticed that, he was shocked and enraged, cursing internally as a lunatic!

He had schemed and deduced countless possible changes, but he had not expected Yun Ting to make such a choice!

On the other side, Yun Ting’s change of move surprised Su Zimo as well.

Initially, he was surrounded by two top experts and was in a dangerous situation.

But now, the situation was reversed because of Yun Ting’s choice!

Instead, he had a chance of becoming the biggest winner!

As long as he did not stop, even if the 108,000 Heaven Slaying Sword Qi could not kill Yun Ting, they could severely injure him.

At the same time, Yun Ting had already attacked Fang Xuan and released his Human Slaying Sword Qi.

If Su Zimo turned to deal with Fang Xuan, there was a high chance that he would severely injure the latter.

With that, he could get rid of two of his greatest opponents and threats!

Su Zimo did not even look at Fang Xuan at the side. He merely looked at Yun Ting deeply and his spirit consciousness moved. He chose to stop as well and dispersed the 108,000 Heaven Slaying Sword Qi!

Yun Ting was prideful and stopped because of that.

Su Zimo was an upright person and would not hit someone when they were down.

The two of them had different personalities and backgrounds and had never met before. Earlier on, they were still fighting intensely. However, at this moment, they had a strange tacit understanding!

Initially, Su Zimo was prepared to condense the Earth Slaying Sword Art with his empty palm.

However, at that moment, his killing intent was triggered!

This Fang Xuan was way too sinister!

It was like a viper hiding in the dark, never knowing when it would appear and deal a fatal blow.

Instantly, Su Zimo channeled his spirit consciousness and the gray fog in his palm surged, forming a saber that emitted a shuddering aura!

The greater divine power, Time Is Like a Saber!

Against Fang Xuan's punch, Su Zimo did not dodge or avoid and slashed with the Time Saber in reverse!

In the blink of an eye, the situation changed and Fang Xuan was surrounded by two monster incarnates, Su Zimo and Yun Ting!

Indeed, Fang Xuan was faster.

However, even if he could hit Su Zimo on the head, it would be difficult for him to escape from the killing sword qi behind him!

Fang Xuan did not have the guts to use his life in exchange.

He had ascended through the Four of Nine Heavenly Tribulation and did not want to die yet!

Instantly, Fang Xuan could only retreat.

Right then, the Time Saber slashed over!

Although the gray saber was strange, Fang Xuan did not feel much threat.

Furthermore, compared to the killing sword qi on the other side, the gray saber seemed even more ordinary.

Most of Fang Xuan's energy was spent on dealing with the Human Slaying Sword Qi.

He took a deep breath and condensed at least a dozen lesser divine powers in front of him, most of them defensive divine powers!

On the other side, he waved his sleeves as he retreated towards the Time Saber.

Bang!

The saber was shattered by him with ease and his sleeves were not damaged at all!

"How could this be?"

The fact that he was able to neutralize the gray saber with ease alarmed Fang Xuan instead.

However, it was too late.

The power of time had already surged into his body.

Initially, Fang Xuannian was only slightly more than 10,000 years old. For a Black Immortal with a lifespan of 100,000 years, he was considered young.

However, his lifespan was reduced by 60,000 years after he was slashed by the Time Saber!

In the lower worlds, the Time Saber could sever 30,000 years of lifespan with a single slash.

In the upper world, when released with Heaven and Earth Essence Qi, its power would increase exponentially and a single slash could sever 60,000 years of lifespan!

Initially, Fang Xuan was only a black-robed young man. In the blink of an eye, he missed his peak and was now more than 70,000 years old!

Fang Xuan was not wrong.

Indeed, the Time Saber could not threaten his life.

However, the impact of losing 60,000 years of lifespan was way too great for him!

It was difficult to accept the difference and loss of time in a short period of time.

Furthermore, now that Fang Xuan was more than 70,000 years old, in terms of physique, blood qi, Essence Spirit and body, he had already missed his peak and was now going downhill.

## **Eternal Sacred King #Chapter 1995 - Death of Fang Xuan - Read Eternal Sacred King Chapter 1995 - Death of Fang Xuan**

### *Chapter 1995: Death of Fang Xuan*

Although Su Zimo's slash did not manage to kill Fang Xuan directly, the impact on him was way too great!

Fang Xuan's figure swayed slightly and for a moment, many openings appeared in the dozens of divine powers and secret skills condensed in front of him!

Due to the Time Saber, a full 60,000 years of his lifespan disappeared and his Essence Spirit fluctuated violently.

It was already incredible that the divine powers and secret skills did not dissipate on the spot—that was also proof of Fang Xuan's terrifying control!

Even if he was struck by the Time Saber, he could calm down right away and try his best to adapt to his current body.

If it was just the Time Saber, it would naturally not be a threat to Fang Xuan.

However, the moment Fang Xuan's lifespan decreased, the Human Slaying Sword Qi descended!

Poof! Poof! Poof!

The dozens of divine powers and secret skills in front of Fang Xuan shattered one after another and could not defend against the killing power of the Human Slaying Sword Qi!

If Fang Xuan had not been struck by the Time Saber, he would not have been in such a sorry state after condensing the dozens of divine powers and secret skills.

However, his Essence Spirit was unstable after being struck by the Time Saber and flaws appeared in the dozens of divine powers and secret skills.

Coupled with the fact that the Human Slaying Sword Qi was way too terrifying and killing intent was at its limits, the dozens of divine powers and secret skills were penetrated by it with ease!

The sharpness of the Human Slaying Sword Qi surged towards Fang Xuan, wanting to slice him up.

“Ah!”

At that moment of life and death, Fang Xuan roared with a menacing expression and chopped down with his left arm using his right hand!

Pfft!

Fang Xuan’s hand cleaver was extremely sharp as well and sliced off his left arm in a single motion.

Fresh blood gushed out and floated in the air without dissipating!

“It’s not that easy to kill me!”

Fang Xuan growled and channeled his Essence Spirit, releasing a secret skill from the Divine Elephant Breathing Technique at the cost of losing an arm!

Bang!

The severed arm exploded and many flesh and bones gathered in front of Fang Xuan, forming a blood-colored elephant tusk with a torrential blood stench!

Under Fang Xuan’s control, the elephant tusk smashed towards the Human Slaying Sword Qi.

Clang!

It was a clash of sharpness!

An ear-piercing sound echoed, as though metal was colliding.

Crack! Crack! Crack!

Cracks appeared on the blood-colored elephant tusk and after a brief pause, it shattered!

Although the Human Slaying Sword Qi had faded significantly, it still emitted a chilling killing intent that was enough to kill any Black Immortal!

Even Fang Xuan's severed arm and secret skill could not defend against a single Human Slaying Sword Qi!

However, that single delay gave Fang Xuan a rare breather.

Swoosh!

Fang Xuan channeled his bloodline and the sound of a tsunami echoed from his body.

Immediately after, a gigantic divine elephant appeared behind Fang Xuan and swung its trunk, roaring into the skies!

On both sides of the divine elephant's trunk were six gigantic white tusks that were smooth as jade and sharp!

That was Fang Xuan's Bloodline phenomenon, the Six Tusk Divine Elephant!

One of the innate divine powers that Su Zimo cultivated came from the Six Tusk Divine Elephant.

As though it sensed the threat as well, the divine elephant swung its trunk and whipped towards the incoming sword light!

Poof!

The sword light was sharp and sliced the divine elephant's trunk into two!

The Human Slaying Sword Qi was way too ferocious!

It penetrated the dozens of divine powers and secret skills of Fang Xuan, destroyed the secret skill condensed by his severed arm and even shattered his Bloodline phenomenon!

Of course, after colliding with the Bloodline phenomenon, the Human Slaying Sword Qi dissipated as well.

Clutching his broken arm, Fang Xuan retreated and distanced himself from Su Zimo and Yun Ting rapidly. He was overjoyed and his eyes were filled with the exhilaration of surviving a calamity.

This was the combined attack of Su Zimo and Yun Ting!

Fang Xuan was proud to be able to escape from their killing moves and survive!

Apart from Fang Xuan, there was probably no one else in the Emperor's Tomb who could defend against the two killing moves earlier on.

“Hahahaha!”

Fang Xuan laughed wildly and shouted, “I’ve already said that you guys can’t kill me!”

Although he lost an arm this time round, he did not suffer any setbacks after this battle. Instead, he comprehended much more.

This was an experience at the brink of life and death that was extremely difficult to replicate!

Once he returned to the Yan Yang Immortal Kingdom, he would definitely advance to the Earth Essence realm and become an Earth Immortal!

At that time, his lifespan would increase to 200,000 years and the loss of 60,000 years would be nothing.

Earth Immortals could regrow severed limbs and so his severed arm could be regrown.

This brush with life and death was a rare experience and ordeal for him!

As long as he could get out alive, his combat strength would increase significantly!

This was a true monster incarnate.

As long as they could survive the test of life and death, they could grow rapidly!

Su Zimo glanced at Fang Xuan indifferently and lamented internally.

If this person were to leave, he would definitely become a strong foe and a huge calamity.

However, he was in front of a great enemy at the moment and could not split himself into two to chase after Fang Xuan.

That was unless he intended to let Yun Ting have the jade talisman.

Yun Ting knew that as well. He looked at Fang Xuan and smiled gently, shouting, “You’re quite capable to be able to defend against my Human Slaying Sword Qi. I’ll spare your life today. Scram!”

“Hehe!”

Fang Xuan sneered, “I’ll remember the favor of losing my arm and lifespan today. If we meet in the future, I’ll definitely thank you guys properly!”

After saying that, Fang Xuan prepared to leave.

He had lost an arm and his lifespan was reduced. In order to dispel the Human Slaying Sword Qi earlier on, he had almost used all his trump cards and could no longer fight for the jade talisman.

Right now, the most important thing was for him to escape while he still had the strength to do so.

Just as he turned around, a cold glint flashed!

Fast. It was too fast!

There was no time to react at all!

Fang Xuan felt his throat turn cold. Immediately after, a warm and sticky liquid sprayed out continuously in a scarlet manner!

That was his blood!

With a horrified expression, Fang Xuan reached out in a panic and clutched the wound on his throat.

However, blood continued flowing through his fingers and could not be stopped!

His throat was almost severed by some sharp weapon!

Not far in front of Fang Xuan, a purple figure appeared.

Tang Ziyi was expressionless as she waved her hand gently.

Blood dripped down from her sharp fingernails and they became squeaky clean once more.

“You! Croak... croak...!”

Fang Xuan pointed at Tang Ziyi with an enraged expression, as though he wanted to say something. However, he could only let out a strange sound.

“You can’t leave,”

Tang Ziyi flicked her fingernails and said indifferently.

The five fingernails retracted slowly as though they had never appeared.

Her fingers were slender like green onions and her jade-like hands were lean—they did not look like hands that could kill!

Broop! Broop!

Fang Xuan wanted to speak again.

However, the moment he opened his mouth, blood began to flow and he could not say a single word.

The anger in Fang Xuan's eyes gradually turned into fear.

He could clearly sense the loss of life in his body that could not be stopped or reversed!

He realized that he was not going to survive.

Even if his Essence Spirit could leave his body, it would not last long.

A strong sense of indignance surged in his heart.

He managed to defend against the combined attack of Su Zimo and Yun Ting. To think that he could not avoid that final fatal attack!

## **Eternal Sacred King #Chapter 1996 - Heaven Slaying, Earth Slaying! - Read Eternal Sacred King Chapter 1996 - Heaven Slaying, Earth Slaying!**

*Chapter 1996: Heaven Slaying, Earth Slaying!*

Fang Xuan glared at Tang Ziyi with bloodshot eyes.

Although he looked weak right now, as long as Tang Ziyi leaned forward, he could still launch his final counterattack before his blood qi deteriorated completely!

However, as a top assassin, Tang Ziyi was way too cautious.

It was a fatal attack without any entanglement and she maintained a relatively safe distance from Fang Xuan.

She did not need to do anything else. As long as she looked at Fang Xuan quietly and waited patiently, the latter would definitely die!

!!

Her fingernails were sharp and lightning was hidden on them. Fang Xuan's torn throat could not be healed at all!

Fang Xuan could only wait for death!

Su Zimo felt emotional when he saw that.

Previously, Fang Xuan took the initiative to attack Tang Ziyi and the outcome was undecided.

To think that Fang Xuan would still die in Tang Ziyi's hands in the end.

That was the terror of a top-tier assassin!

Of course, Fang Xuan's death was not unjustified.

This was equivalent to Su Zimo, Yun Ting and Tang Ziyi, three peerless monster incarnates attacking!

There was probably no Black Immortal in this world who could survive the encirclement of these three people.

In that short period of time, Fang Xuan's eyes dimmed and his face turned pale. His body began to sway and he could not hold on any longer.

A light shone on Fang Xuan's head and an Essence Spirit left his body.

He could only abandon his body.

However, his Essence Spirit did not fly far before it was tainted by the curse of the Emperor's Tomb. Its aura was weak and dimmed as it gradually dissipated.

Fang Xuan was invincible in the lower worlds and had passed the Four of Nine Heavenly Tribulation. In terms of potential and endowment, he was not much inferior to Su Zimo.

However, he still died here and no one would remember him in the future.

This was the cruelty of the upper world.

Because of Fang Xuan's background, Su Zimo thought of himself and felt emotional.

However, Yun Ting's expression was calm.

As a prince of the upper world, although he was very young, he was long indifferent to such things.

Throughout history, there had been too many monster incarnates like Fang Xuan who died!

To Yun Ting, those who died early were nothing.

Only true experts could rise continuously and stand tall!

Yun Ting looked at Su Zimo and suddenly asked, "Why did you stop earlier on?"

He was asking about the 108,000 Heaven Slaying Sword Qi that Su Zimo condensed initially before dissipating.

Su Zimo said, "Since you chose to change moves, I won't hit you when you're down either."

"Fu..."

Yun Ting chuckled and raised his brow. "You're thinking too much. Since I dared to change moves, I'm naturally confident that I can withstand your Heaven Slaying Sword Qi!"

"However, you're different from me. If I hadn't changed my move earlier on, you would have died!"

Su Zimo smiled as well. "That's unnecessary. Even if you hadn't changed moves, I would have been able to escape unscathed from you and Fang Xuan's combined attacks!"

Although the two of them stopped attacking for the time being, they still competed fiercely through words.

Su Zimo was not lying either.

Of course, even if he could escape unscathed, he would definitely expose the secret of the Green Lotus True Body.

Yun Ting pouted. "Your trump card has already been exposed. That time divine power is indeed not bad. However, since I've already seen it and am prepared, it's no longer a threat to me."

Pausing for a moment, Yun Ting glanced at Tang Ziyi who was not far away and said proudly, "The two of you can come at me together. I'll take it alone!"

Yun Ting was way too conceited!

He did not care to join forces with others nor was he afraid of them joining forces against him!

Tang Ziyi was expressionless.

For her, she had no qualms about bullying with numbers.

For assassins, they only pursued results.

She would not feel burdened either.

Even if Yun Ting did not say it, she would find an opportunity to get rid of him!

Right then, four figures approached rapidly and surrounded Tang Ziyi.

The moment Fang Xuan died, the four paragons of the four immortal sects had already charged through the encirclement of the otherworldly soldiers!

The four of them were extremely smart and could see through the situation.

Su Zimo and Yun Ting were like two ferocious tigers. The wisest thing for them to do right now was to let the two ferocious tigers fight and kill one another!

As for the four of them, if they could resolve the latent danger of Tang Ziyi, they could sit by and watch the tigers fight, controlling the situation and becoming the eventual victors!

If Su Zimo and Tang Ziyi were to join forces to kill Yun Ting, the four of them might not be a match for Su Zimo and her.

## **Eternal Sacred King #Chapter 1997 - Human Slaying Sword Intent - Read Eternal Sacred King Chapter 1997 - Human Slaying Sword Intent**

*Chapter 1997: Human Slaying Sword Intent*

Yun Ting was truly delighted.

The Heaven and Earth Slaying Sword Arts were both in the hands of a single person. Furthermore, they were in front of him—this was a gift from the heavens!

What were opportunities?

This!

As long as he defeated Su Zimo, he would be able to obtain the two sword arts and fuse them together!

“Good, good, good!”

After laughing, Yun Ting nodded repeatedly. "It's best that you mastered the Heaven and Earth Slaying Sword Arts."

"This way, I don't have to hold back. I'll let you witness the true might of the Human Slaying Sword Art!"

The stronger Su Zimo was, the more excited Yun Ting was!

In his eyes, all his opponents were his sword testing stones and would only make his Sword Dao sharper and unstoppable!

"You've only mastered one of the three great sword arts. No matter how strong the Human Slaying Sword Art is, how can it fight against Heaven and Earth?!"

Su Zimo conjured the Heaven and Earth Slaying Sword Arts with both hands and sneered at the energetic Yun Ting.

"Hahahaha!"

Yun Ting stood in midair and was surrounded by countless sword qi. His black hair danced as he laughed. "Today, I'll tell you why the Human Slaying Sword is the top of the three great sword arts!"

Even with the Heaven Slaying Sword hovering above his head, Yun Ting's aura was still unparalleled and could not be suppressed by the Soaring Serpent and Blue Dragon!

With every word, the sharpness of Yun Ting's body intensified, as though he wanted to break through the world and sever the void!

Yun Ting's figure turned blurry and was faintly discernible in midair.

In its place was a sharp sword with torrential killing intent!

Looking at the current Yun Ting, Su Zimo gradually understood.

He finally understood why the Human Slaying Sword Art is the top of the three great sword arts.

Right then, Yun Ting's voice sounded once more.

"Although the expert who created this sword art is not from the Heavenly World, he is still a human."

"When the heaven's killing intent is released, the stars are shifted out of alignment."

"When the earth's killing intent is released, the Dragon Snake shall rise!"

“When the human’s killing intent is released, Heaven and Earth shall topple!”

“The intention of this sword art is to fight against Heaven and Earth with the body of a human! Everywhere it points, even Heaven and Earth shall topple and give way!”

After saying that, Yun Ting’s figure vanished completely and in its place was a sword that was about to tear Heaven and Earth apart with extreme killing power!

Apart from its killing power, the Human Slaying Sword Art contained an unyielding sword intent that rose against the tides and could not be suppressed by Heaven and Earth!

Although the Heaven and Earth Slaying Sword Arts were strong, they were way too inferior in terms of intent and were countered by the Human Slaying Sword Art.

The Human Slaying Sword slashed forward!

Boom!

There was no sound of metal clashing when the three great sword arts collided. Instead, there was a loud bang!

Crack! Crack! Crack!

Immediately after, a series of cracking sounds could be heard from midair.

Cracks appeared on the Heaven Slaying Sword, Soaring Serpent and Blue Dragon.

Although the light on the Human Slaying Sword dimmed significantly, it was still filled with an extremely sharp edge that could destroy the world!

The Human Slaying Sword Art was way too strong!

Even the Heaven and Earth Slaying Swords could not defend against the might of the Human Slaying Sword.

Swoosh!

The Human Slaying Sword charged through the encirclement of the Heaven and Earth Slaying Sword Arts and descended from the skies, slashing towards Su Zimo!

Although the entire process sounded slow, it happened in an instant.

After destroying the two sword arts, the Human Slaying Sword descended on Su Zimo’s head without any pause and did not give him any time to react.

At that moment, Yun Ting was slightly stunned as well.

Unknowingly, a gigantic turtle shell had formed in front of Su Zimo. It was filled with divine powers and shone brightly.

There were complicated ravines on the turtle shell that shone mysteriously!

Innate divine power, Spirit Turtle Shield!

Under normal circumstances, Su Zimo did not have time to activate that innate divine power.

However, after he sensed the sword intent contained by the Human Slaying Sword Art, he realized that the Heaven and Earth Slaying Sword Arts could not defend against it at all.

It was a complete suppression of strength, aura and intent!

Therefore, after releasing the two sword arts, Su Zimo did not pause at all and forcefully activated the Spirit Turtle Shield!

Divine powers and secret skills such as the Heaven and Earth Slaying Sword Arts as well as the Spirit Turtle Shield consumed a lot of Essence Spirit.

If it was any other Black Immortal, their Essence Spirits would not be able to withstand the release of those three divine powers and secret skills in a short period of time and would collapse on the spot!

Thankfully, Su Zimo's Essence Spirit had already reached the Earth Immortal realm.

Furthermore, he was a Green Lotus Essence Spirit and could withstand many divine powers and secret skills in a short period of time.

The Spirit Turtle Shield was the strongest defensive technique in the Mystic Classic of the Twelve Demon Kings of the Great Wilderness.

The Human Slaying Sword Art was the peak of killing power.

Boom!

In the blink of an eye, the Human Slaying Sword Art struck the Spirit Turtle Shield and let out a deafening bang!

The entire hall shook!

On the other side of the battlefield, the four paragons and Tang Ziyi were alarmed.

The sword and shield collided and released a blinding light.

The five of them merely glanced from the corner of their eyes from afar and felt a sharp pain!

The four paragons were shocked and felt relieved at the same time.

Thankfully, the four of them did not participate in the fight between the two of them. Otherwise, who could defend against such an attack?

The light of the collision of the sword and shield engulfed the two of them instantly. In fact, the five of them did not even know who had the upper hand in this clash.

After a while, the light gradually dissipated and Su Zimo and Yun Ting reappeared.

The two of them were still standing where they were. The sword and shield had vanished and they did not seem to have moved at all.

Only those who were still alive in the hall knew how terrifying the fight between the two of them was!

“It should be a draw,”

Tang Ziyi heaved a sigh of relief.

Although she was facing four strong foes, she knew in her heart that the one opposite Su Zimo was even more terrifying!

Su Zimo frowned slightly.

The Human Slaying Sword Art was much stronger than he had imagined!

Even after being exhausted by Heaven and Earth Slaying Sword Arts, the Human Slaying Sword Art could still tie with the Spirit Turtle Shield!

This meant that if he merely released the divine power of the Spirit Turtle Shield, he would not be able to defend against the sharpness of the Human Slaying Sword Art!

On the other side, although Yun Ting looked calm, his heart was in turmoil!

The Human Slaying Sword Art had returned fruitless and was blocked!

Up till this point of his cultivation, there had never been anyone of the same cultivation realm who could defend against the sharpness of the Human Slaying Sword Art.

The person before him was completely unharmed against the Human Slaying Sword Art!

“Indeed, you surprised me,”

Yun Ting composed himself swiftly and spoke slowly.

“However... ”

Pausing for a moment, Yun Ting changed the topic. “If that’s all you’ve got, you’ll definitely lose today.”

Confidence returned to Yun Ting’s eyes as he raised his head proudly.

He was not lying.

Even if he could not release the Human Slaying Sword Art again within a short period of time, he still had many powerful trump cards that he could rely on.

However, to Yun Ting, Su Zimo was at his wits’ end.

As the prince of an Immortal Kingdom, he had a noble status and unlimited resources—that was why he had so many powerful methods.

However, Su Zimo was someone who ascended from the lower worlds after all. Without the Heaven and Earth Slaying Sword Arts as well as the turtle shell divine power or strange movement technique, what else could this person have left?

## **Eternal Sacred King #Chapter 1998 - Might of Sword Blood - Read Eternal Sacred King Chapter 1998 - Might of Sword Blood**

*Chapter 1998: Might of Sword Blood*

The situation in the hall was gradually becoming clearer.

The only ones who truly broke out of the encirclement of the otherworldly soldiers were Su Zimo, Yun Ting, Fang Xuan, Tang Ziyi and the paragons of the four immortal sects—there were less than ten people in total.

Now that Fang Xuan was dead, the seven of them were the only ones left to fight for the jade talisman.

The other cultivators no longer had a chance.

To be precise, it was already extremely fortunate if those cultivators managed to survive!

!!

The number of otherworldly soldiers increased and there was no way to kill them all. Furthermore, the otherworldly soldiers that awakened later on were stronger and the Black Immortals in the tomb were sliced like vegetables.

There were more than 10,000 cultivators who entered the hall but now, there were less than 1,000!

Blood qi filled the hall and corpses were strewn everywhere.

Some cultivators with foresight had already begun charging out of the hall.

The otherworldly soldiers seemed to be restricted by something and could not leave the palace.

As long as they escaped from the palace, they would be able to survive!

Beneath the jade talisman, Su Zimo faced off against Yun Ting.

The paragons of the four immortal sects surrounded Tang Ziyi and fought intensely without stopping.

Although the battle between the five of them was not as earthshaking as the fight between Su Zimo and Yun Ting, it was still dangerous.

While Tang Ziyi was best at assassination, it was difficult for her to unleash it in such a battle.

She was surrounded by four paragons and could not break out at all!

Her combat strength was definitely superior to any of the four paragons individually.

However, the difference between one and four was too great.

Up till this point of the battle, Tang Ziyi had only been contending against the four paragons with her unfathomable movement techniques and immense combat talent.

She Ziyi had been dodging and defending the entire time without retaliating.

The four paragons had great chemistry with one another. Even if someone revealed an opening, others would make up for it swiftly.

If Tang Ziyi were to retaliate forcefully, there was a high chance that she would be severely injured!

The current situation was a little strange.

Among the seven of them, Su Zimo and Yun Ting were definitely superior in terms of combat strength.

However, the two of them could fight at any moment and it might benefit others instead.

The situation was changing rapidly and all seven of them had a chance of snatching the jade talisman!

Yun Ting swept his gaze across the battlefield at the side before looking at Su Zimo and saying slowly, "I'm determined to get my hands on the jade talisman as well as the Heaven and Earth Slaying Sword Arts! I won't give you another chance!"

Yun Ting was confident that he was invincible and there was a hint of cynicism in his expression when he attacked previously.

It was only now that he was serious and fully prepared!

Splash!

A tsunami surged from Yun Ting's body with a terrifying might.

Tsunami Blood!

Clang! Clang!

Immediately after, the sound of sword qi clashing echoed through the tsunami, piercing through metal and cracking rocks with a sharp edge!

Su Zimo's expression turned grim.

Yun Ting's blood qi was way too strong!

This was not just a simple Tsunami Blood. Every single drop of blood in Yun Ting's body contained an extreme killing intent that could destroy the world!

Sword blood flowed through Yun Ting's body.

It was no exaggeration to say that a single drop of his blood could kill a Grade 9 Black Immortal!

The pressure on Su Zimo and Yun Ting increased exponentially.

Blood qi surged through the void through Yun Ting's body.

Streaks of sword scars appeared on Su Zimo's green robes and his cheeks were in pain.

Before Yun Ting attacked, Su Zimo already felt like he was about to be torn apart and drowned by the blood qi!

Sensing that blood qi, the Green Lotus bloodline became restless as well.

Taking a deep breath of air, Su Zimo suppressed the Green Lotus bloodline in his body.

The Creation Green Lotus was the only one in the world and was extremely important.

Back then, it even attracted an assassination attempt from an Immortal King of the Heavenly World—Su Zimo did not dare to be careless!

Unless it was a life and death situation, he would definitely not expose his Green Lotus bloodline.

“You’ve lost!”

The moment Su Zimo suppressed his bloodline, Yun Ting sensed something and attacked with a bright gaze!

That was the terror of top-tier experts.

Any slight change could not escape their senses.

Su Zimo suppressed his bloodline and his aura naturally weakened. Yun Ting seized the opportunity and released a ferocious attack!

Yun Ting closed two fingers with both hands and conjured a sword art, as though he was waving two swords with a murderous aura.

The moment he attacked, dozens of sword lights enveloped Su Zimo completely!

After releasing his blood qi, Yun Ting's combat strength increased exponentially and he almost crushed Su Zimo in a single move!

“Ah!”

# **Eternal Sacred King #Chapter 1999 - You're Still Young - Read Eternal Sacred King Chapter 1999 - You're Still Young**

## *Chapter 1999: You're Still Young*

Initially, Yun Ting had a thought in his heart that he wanted to take Su Zimo under his wing after suppressing the latter. That way, Su Zimo would become a great help to him.

But now, he realized that given Su Zimo's capabilities and talent, he would definitely not submit to others!

"Let's fight!"

Yun Ting's blood qi surged and his sword qi buzzed as he shouted, "Let's see how long you can last against my attacks!"

His sword finger could penetrate Su Zimo's defense.

!!

At the very least, he had the absolute upper hand and the initiative!

Furthermore, he had even stronger trump cards that he had yet to use.

Once released, those methods would be earthshaking and apocalyptic—even he could not control it!

The moment he said that, Yun Ting attacked once more, waving his sword finger towards Su Zimo.

Su Zimo was fearless. Relying on the augmentation of the Six Tusk Divine Strength, he leaped up and fought against Yun Ting!

Su Zimo was invincible among his peers in melee combat and was almost invincible.

It was not only because the Green Lotus True Body was strong, but also because of his melee combat techniques.

It had the toughness of dragons and elephants, the ferocity of tigers and leopards, the nimbleness of apes and snakes as well as the steadiness of bears and turtles.

Those techniques originated from the Mystic Classic of the Twelve Demon Kings of the Great Wilderness and had gone through countless life and death experiences. After comprehending and summarizing, Su Zimo reorganized them, fused them with other brilliant combat skills and mastered them, forming his own unique combat skills!

Although those combat skills were derived from the Mystic Classic of the Twelve Demon Kings of the Great Wilderness, they were more suitable for Su Zimo than the Mystic Classic of the Twelve Demon Kings of the Great Wilderness itself.

However, against Yun Ting, Su Zimo could not gain any advantage in melee combat!

Although Yun Ting was restricted and had to use his fingers in place of an actual sword, he could still release countless exquisite sword techniques!

Coupled with the sharpness of his sword finger, Yun Ting was still in control of the situation and had the upper hand.

Even so, Yun Ting was getting more and more alarmed.

What sword techniques did he cultivate?

Those sword techniques were created by many seniors and sword cultivators of the upper world after countless years of comprehension.

Coupled with his sword blood and talent in the Dao of the sword, the power of every sword technique would be magnified when released by him!

However, no matter how ferocious his attacks were, they were resolved by Su Zimo's combat techniques one after another.

He had never seen any of Su Zimo's combat techniques before.

At times, when Su Zimo attacked, it was as though he was possessed by a True Dragon and his strength was unparalleled.

However, in the blink of an eye, Su Zimo's aura changed and his movement technique became agile, slithering around him like an ape.

Even the sharp sword finger that he relied on the most did not affect Su Zimo much.

In the blink of an eye, the two of them had exchanged hundreds of blows.

Dozens of wounds appeared on Su Zimo's body from his sword finger.

However, Su Zimo's regeneration capabilities were way too strong!

Even in such an intense battle, Su Zimo's wounds healed quickly without losing much blood qi!

On the contrary, if his attacks weakened slightly, Su Zimo would definitely retaliate in an extremely ferocious manner!

There were a few times when he was almost grabbed by Su Zimo's palm.

Su Zimo's fingernails were sharp like the claws of a tiger.

If it landed on him, there would definitely be five bloodied wounds!

As time passed by, Yun Ting became frustrated.

Although he was more than 200 years old, he was way too young for the upper world.

He had rich cultivation resources, shocking talent, a deep background and noble status. However, he was too young and his mental state was much inferior.

Up till this point of his cultivation, Yun Ting had fought countless battles and encountered many paragons and monster incarnates—he had never been delayed to this extent.

However, Su Zimo was unusually calm the entire time. He was in no hurry and his eyes were expressionless.

His spirit perception had even sensed the restlessness in Yun Ting's heart!

If one's mental state was unstable, they would definitely reveal some openings.

Yun Ting's heart skipped a beat and the sharpness of his sword finger merely trembled slightly. Su Zimo sensed it and counterattacked with a bright gaze!

"You're still young,"

Su Zimo said indifferently.

His tone sounded like he was lecturing a junior. When Yun Ting heard that, he was so angry that he almost vomited blood.

The change in his mental state was way too subtle and could not even be considered as an opening.

However, that was enough for Su Zimo!

Clang! Clang!

The sound of metal clashing echoed—it was Su Zimo's fingernails that collided with Yun Ting's sword finger and sparks flew.

Su Zimo's fingernails were severed by Yun Ting's sword finger.

Su Zimo's other palm seized the opportunity and passed through the layers of sword shadows, landing heavily on Yun Ting's chest!

Bang!

That was the Great Chaos Essence Palm and Su Zimo did not hold back!

"Mmm?"

Su Zimo pushed his palm down and frowned slightly.

His palm did not strike flesh. Instead, it was cold to the touch!

The moment the palm landed, the clothes on Yun Ting's chest were shattered, revealing a shimmering silver inner armor.

Thud! Thud! Thud!

Yun Ting retreated continuously and every step he took left a deep footprint on the ground.

## **Eternal Sacred King #Chapter 2000 - Im Sorry, I Want to Win - Read Eternal Sacred King Chapter 2000 - Im Sorry, I Want to Win**

*Chapter 2000: I'm Sorry, I Want to Win*

After killing the blue-dressed woman, the Zephyr Thunder Wings behind Tang Ziyi flapped wildly and lightning crackled on her body as she dodged to the side.

Although she was fast, the middle-aged Daoist was not slow either!

Almost at the same time that Tang Ziyi killed the blue-dressed woman, the middle-aged Daoist's sleeves struck.

The sleeves looked elegant and soft, but they suddenly tightened when they descended, descending from the skies like two thick and tough iron rods!

While Tang Ziyi could avoid the fatal blow at the back of her head, she could not avoid the killing move that came from her back.

!!

Bang!

The sleeves first struck the Zephyr Thunder Wings, shattering them before colliding heavily against Tang Ziyi's back with a dull thud.

Tang Ziyi shuddered and staggered. Opening her mouth slightly, she spat out a mouthful of blood and her face turned incomparably pale.

Even so, her expression was extremely calm, as though she could not feel any pain.

Both parties were top-tier experts and the difference in their combat strength was not great to begin with.

There was no way she could escape unscathed after forcefully killing one of them against the encirclement of the four of them.

The middle-aged Daoist priest used the secret skill, Heart Piercing. The power of that attack was extremely terrifying and could even penetrate Tang Ziyi's back!

Tang Ziyi's reaction was extremely ingenious as well. While she summoned the Zephyr Thunder Wings to speed up, the pair of wings blocked a lot of power for her and minimized the damage she suffered.

"Hmph!"

The middle-aged Daoist priest was not annoyed that he could not kill Tang Ziyi with a single move. He merely sneered, "Let's see how many moves you can last after being struck by my Heart Piercing!"

Tang Ziyi darted out and the bald monk and iron tower man closed in with murderous auras, not giving her any chance to catch her breath!

She was expressionless as she twisted and turned in the encirclement of the three of them, her movement technique clearly slower.

In just a few breaths, there were countless dangers and she was almost killed on the spot by the three of them!

Although one of the four paragons was dead, Tang Ziyi's situation was even more dangerous and she could die on the spot at any moment!

Su Zimo frowned slightly.

If he were to attack, he would naturally be able to save Tang Ziyi.

However, that would be equivalent to giving the jade talisman to Yun Ting.

A life was at stake. No matter how important the jade talisman was, it was just an object. It did not matter if it was given to Yun Ting.

At that thought, Su Zimo made up his mind and was prepared to give up on the jade talisman to help Tang Ziyi.

However, the moment he willed it and before he could do anything, he felt an extremely terrifying aura lock onto him!

If he made a single move, he would definitely attract an unimaginably terrifying attack!

Against that aura, Su Zimo even had the illusion that he could be sliced into nothingness at any moment!

“How dare you get distracted in front of me and harbor other thoughts?”

Yun Ting’s voice sounded. It was calm and contained suppressed anger.

It was like the calm before a storm and the dullness under the thick dark clouds was suffocating.

Su Zimo looked at Yun Ting and could not help but feel shocked!

At that moment, Yun Ting’s figure floated slowly and the blood qi in his body surged—it was clear that he had already pushed it to his limits.

The blood qi circled around his body and formed blood-colored sword qi that intertwined behind him in a dense manner!

Clang! Clang!

The blood-colored sword qi trembled continuously and let out sword hums that intertwined.

A gigantic blood-colored sword gradually appeared behind Yun Ting and soared into the skies. Even the dome of the hall could not conceal its sharpness!

The blood-colored sword emitted a destructive aura before it even materialized completely.

It was as though nothing in the world across all living beings of the three realms could defend against a single slash from the blood-colored sword!

Bloodline phenomena!

That was Yun Ting's Bloodline phenomenon but it was clear that he had not mastered it completely.

That power was way too strong and terrifying!

Yun Ting could not control it at all.

Even Su Zimo felt his heart tremble as the Green Lotus bloodline surged within his body uncontrollably.

Once Yun Ting's Bloodline phenomenon was formed, he could only fight it head-on by summoning the Bloodline phenomenon of the Creation Green Lotus!

Su Zimo's expression turned grim.

The Bloodline phenomenon conjured by Yun Ting was enough to kill him!

It won't be just a serious injury, but a complete death!

Yun Ting's face was bloodshot and his body trembled slightly. He was also enduring immense pressure when he channeled his Bloodline phenomenon.

Up till this point of his cultivation, there had never been a cultivator of the same cultivation realm who could force him to release his Bloodline phenomenon!

"Su Zimo, I admire you very much and can't bear to kill you,"

Yun Ting glared at Su Zimo with bloodshot eyes and said slowly, "However, at this point of the battle, we have to determine the victor today!"

"I, Yun Ting, don't want to lose and I'll definitely not lose!"

If it was before this, Yun Ting would definitely obtain the jade talisman first before fighting Su Zimo.

But now that he was struck by Su Zimo's palm, he would have lost if not for the protection of the Ice Soul Silver Armor.

Given his pride and conceit, he could not accept such an outcome!

He had already forgotten about the jade talisman and the Heaven and Earth Slaying Sword Arts.

Right now, he only had a single thought—to give it his all and use all his strength to defeat Su Zimo!

An endless stream of sword qi gathered and the blood-colored sword became more corporeal.

Yun Ting's long hair danced and he seemed to be dyed red under the illumination of the blood-colored sword!

"I haven't fully controlled the power of this Bloodline phenomenon yet. Once released, I won't be able to control it either,"

Yun Ting lowered his head slightly and whispered, "You're most likely going to die."

There was a hint of pity in Yun Ting's tone.

It was rare for him to meet an opponent like Su Zimo and he truly could not bear to kill the latter.

Even if he could not subdue him, he would have liked to befriend him.

But now, he had no other choice!

Pausing for a moment, Yun Ting seemed to have made up his mind. Raising his head, he looked at Su Zimo and said firmly, "I'm sorry, I want to win!"

"Don't worry about me!"

Right then, Tang Ziyi's voice sounded.

Although she was surrounded by danger, she sensed the commotion on Su Zimo's side.

She knew that if Su Zimo was still thinking about her and was distracted, he would definitely die if he could not use his full strength!

"Hit!"

Suddenly, the bald monk hollered.

Bang!

Although Tang Ziyi tried her best to dodge, she was still punched on the shoulder by the bald monk.

Crack! Crack! Crack!

The sound of bones cracking was extremely terrifying.

Tang Ziyi's shoulder was shattered by a single punch from the bald monk and her entire arm could not move.

"Hehe, how dare you send a voice transmission to your little lover in the midst of our encirclement?"

The bald monk gave a strange laugh and his attacks turned sharper.

Tang Ziyi was severely injured by the middle-aged Daoist and her strength was greatly reduced. She was struggling against the encirclement of the three of them.

Now that her arm was crippled by the bald monk, the situation was turning increasingly dangerous and her life was hanging by a thread!

Su Zimo glanced at Tang Ziyi and retracted his gaze. He then looked at Yun Ting and said indifferently, "I'm sorry, you can't win."
