Chapter 2061: One Punch 1

He's quite capable if he can withstand a single punch of mine.

When she heard that, Ji Yaoxue was relieved and could not help but smile. She allowed Su Zimo to hold her hand and walk towards the God Emperor.

Everyone from Tianhuang Mainland was excited and their eyes were filled with endless anticipation.

This was the boldness of the Eternal Martial Emperor!

A single sentence could make one's blood boil!

When the God Emperor heard that, his handsome face turned dark instantly.

Up till this point of his cultivation, he had never heard such arrogant words.

This was no longer a provocation or contempt.

This was complete disregard!

As the God Emperor of God's Mainland, he felt that his combat strength was extraordinary and he had already reached the peak of a minor chiliocosm—he had never suffered such humiliation.

"Martial Emperor!"

The God Emperor channeled his blood qi slowly and said coldly, "You're way too arrogant! This is a minor chiliocosm. No matter what realm you cultivate to, there's a limit to the power you can release!"

"Your Karmic Flames can no longer hurt me. I don't believe that I can't even withstand a single punch from you!"

The moment he said that, the blood qi in the God Emperor's body surged and rose rapidly to its peak. His body shone with an endless golden radiance like a blazing sun that burst forth with a blinding light!

Splash!

The divine blood surged like a tsunami!

The moment the God Emperor stepped foot into Tianhuang Mainland, the golden light of his blood qi was something that even the Emperors of Tianhuang Mainland could not withstand.

However, at that moment, the golden light that burst forth seemed to be restricted by an invisible power and shrank continuously, only flickering slightly on the surface of the God Emperor's body.

Su Zimo's blood qi rose slowly as well. It was as though a gigantic furnace was burning within his body.

Before the golden light of the God Emperor's blood qi could shine over, it was burned into nothingness by Su Zimo's blood qi!

The space around Su Zimo distorted!

As for Ji Yaoxue, she was right beside Su Zimo. However, she did not feel uncomfortable at all. Instead, it was as though a warm ray of sunlight was shining on her and it was very comfortable.

Su Zimo merely walked towards the God Emperor step by step. However, the golden blood qi in the God Emperor's body seemed to be suppressed by an incomparably powerful aura and could not break free!

The sound of the tsunami in the God Emperor's body had already vanished!

The circulation of his bloodline slowed down.

The God Emperor was originally a blazing sun. However, as Su Zimo approached, his blazing sun gradually shrank into a fireball.

Green veins popped up on the God Emperor's forehead and neck.

If he could not break free, his blood qi would be suppressed by Su Zimo even before the latter could attack!

"Ah!"

The God Emperor roared into the skies and milky-white lights flowed down from the God's Crown once more.

The light allowed the God Emperor to obtain a temporary release.

The God Emperor was invigorated and released his blood qi, causing the sound of a tsunami to echo once more.

His figure floated up slowly and a gigantic phantom appeared beneath him.

It was an ancient and mysterious pyramid made of gigantic rocks. It was golden all over and was natural, emitting rays of golden light with a rampant might.

Beneath the pyramid, countless living beings of all races knelt. There were millions of them and there was no end in sight.

Every single living being clasped their palms together and looked up at the pyramid in the skies piously, chanting prayers continuously.

Golden threads extended from the heads of the living beings and eventually gathered in the pyramid.

The God Emperor stood at the top of the pyramid and spread his arms. Through the pyramid beneath him, he absorbed a mysterious power from millions of living beings continuously and the golden light in his body intensified!

His aura rose continuously!

The energy fluctuation released by his body became increasingly terrifying!

At that moment, the God Emperor wore the God's Crown and stood on millions of living beings. He was like the only divine being in the world and was unparalleled!

The Bloodline phenomenon of the God race!

"How could this be?"

The Emperors of Tianhuang Mainland seemed to have sensed something and exclaimed.

Above their heads, there were golden threads as well that surged towards the pyramid beneath the God Emperor's feet.

The Bloodline phenomenon of the God Emperor turned the entire world into his God's Kingdom and absorbed the power of all living beings in the world!

"Martial Emperor, my Bloodline phenomenon is synthesized with the supreme divine power, God's Kingdom. This world is my kingdom! All living beings of Tianhuang Mainland are my subjects. How are you going to fight me?!"

The God Emperor stood on the pyramid and his voice spread in all directions!

"Your God's Kingdom is merely a speck of dust in my furnace. How are you going to fight me?"

Right then, Su Zimo's voice sounded.

"Mmm?"

The God Emperor's expression changed starkly. Suddenly, he realized that Su Zimo had already vanished from his God's Kingdom!

However, Su Zimo's voice came from all directions, as though it was outside his God's Kingdom!

Immediately after, be it everyone from Tianhuang Mainland or the God race army, they witnessed a strange and terrifying scene!

The God Emperor's God's Kingdom seemed to be shrinking.

Outside the God's Kingdom, there was a gigantic furnace that enveloped it with raging flames!

The God Emperor's God's Kingdom accommodated Heaven and Earth and absorbed the power of all living beings.

However, Su Zimo's Martial Dao Furnace devoured the God's Kingdom and wanted to burn it into ashes!

The God Emperor's God's Kingdom had an extremely high intent and could accommodate Heaven and Earth.

However, Su Zimo's Martial Dao Furnace was superior!

The temperature in the God's Kingdom rose continuously.

Flames burst forth from the gigantic pyramid.

The God Emperor was shocked.

Right then, Su Zimo suddenly appeared before him. He held Ji Yaoxue's hand with his left hand and punched towards the God Emperor with his right fist!

Boom! Boom! Boom!

Su Zimo's bloodline surged. It was not the sound of a tsunami, but more like raging tides crashing onto shore with a massive might that was shuddering!

The God Emperor roared and circulated all the power in his body as well. His golden blood qi condensed into a single spot and he waved his golden fist, punching towards Su Zimo.

Boom!

The fists collided with a deafening bang!

Instantly, the surrounding phenomenons dissipated.

Su Zimo and the God Emperor returned to Tianhuang Mainland. The God's Kingdom and furnace had already vanished.

The two of them exchanged punches and did not move at all.

The world went silent.

Everyone held their breaths and awaited the final outcome.

Crack! Crack! Crack!

Suddenly, a faint cracking sound came from the battlefield. When it landed in everyone's ears, it was like thunder!

Cracks appeared on the God Emperor's face.

The cracks extended rapidly to his entire body.

Right in front of everyone, the God Emperor's body exploded into a golden blood mist!

The moment the golden blood mist appeared, it was refined once more and turned into ashes!

Emperors could use Blood Rebirth.

But now, the God Emperor did not even have a single drop of divine blood left!

The God race army looked at everything in a daze and could not accept it for a moment.

They had lost.

The God Emperor was completely defeated!

As the Martial Emperor had said, he could not even withstand a single punch from him!

Chapter 2062: Lotus With Every Step

Ever since the God Emperor became the Emperor of God's Mainland, his combat strength had been heaven-defying and he was invincible in the lower world.

Even the High Priest in the Central Divine City of God's Mainland who had lived for countless years referred to this generation's God Emperor as the strongest God Emperor in the history of the God race!

But now, the God Emperor's body was shattered by a single punch from the Martial Emperor of Tianhuang Mainland and there was not even a single drop of divine blood left!

Not only did the Martial Emperor's punch strike the God Emperor heavily, it even shattered the confidence and pride of the God race army!

!!

Actually, the God Emperor was not wrong previously.

Although the Martial Dao Prime Body's cultivation realm was already comparable to an Earth Immortal of the upper world when he lingered in the lower world, he did not dare to use his full strength.

If he used the power of an Earth Immortal, he could kill the God Emperor with a single gaze without even attacking!

However, at the same time, he would also suffer a backlash from the Heaven and Earth laws.

Therefore, the attack of the Martial Dao Prime Body earlier on did not exceed the upper limit of the lower world's power or reach the level of the Black Immortals of the upper world.

Even so, the God Emperor could not withstand a punch from the Martial Dao Prime Body!

Swoosh!

Suddenly!

The God's Crown that floated in midair suddenly transformed into a golden streak of light and sped towards the west.

"Mmm?"

Su Zimo's gaze shifted and a tremendous might descended, suppressing the God's Crown.

The space around the God's Crown seemed to be restricted by an invisible force!

Splash!

The eight gems on the God's Crown shone with a milky-white glow once more.

The God's Crown shuddered and broke free from Su Zimo's spirit consciousness pressure. Instantly, it fled thousands of kilometers into the depths of the Kunlun Ruins towards the rainbow cave that connected to God's Mainland.

"He's not dead?"

Su Zimo sneered.

At the final moment, the God Emperor's Essence Spirit chose to escape into the God's Crown and avoided a calamity.

At that moment, the God Emperor's Essence Spirit escaped into the distance with the help of the God's Crown—it was clear that he wanted to escape back to God's Mainland.

The power contained by the God's Crown was rather strange. Su Zimo was slightly surprised that it could break free from his spirit consciousness pressure.

"Aren't you going to chase after him?"

Ji Yaoxue was worried when she saw the God Emperor escape.

If such a strong foe was not eliminated completely, he would definitely become a huge calamity for Tianhuang Mainland in the future!

"It's fine,"

Su Zimo shook his head. "It's difficult for him to reconstruct his body without any divine blood."

Pausing for a moment, Su Zimo looked to the west and said indifferently, "Furthermore, even if he didn't escape back, I was about to go take a look at God's Mainland."

"The blood debt of ten million living beings in Tianhuang Mainland has to be repaid with divine blood!"

Su Zimo was truly enraged this time round.

Because of Nian Qi, he was not too guarded against the God race.

To think that Tianhuang Mainland would suffer such a serious injury from the invasion of the God race.

More importantly, Ji Yaoxue was injured and some of his old friends from Tianhuang Mainland nearly died as well!

If he had returned slightly later, the consequences would have been unimaginable.

Back then, Nian Qi was conferred the title of Emperor and came to kowtow to the Divine Hou to complete her salvation.

If not for Nian Qi, Su Zimo would have headed to God's Mainland in the west alone and massacred everything after settling the Blood Fiend catastrophe more than 2,000 years ago!

Turning around, Su Zimo looked at the Cloud Dragon Emperor and everyone else from Tianhuang Mainland and extended his palm.

An extremely rich lifeforce condensed in his palm and divine powers surged!

Everlasting Vitality!

Su Zimo's spirit consciousness moved and he waved his palm gently in midair, murmuring, "Wind and Rain."

Phew!

A gentle breeze blew and it drizzled.

The wind contained a tremendous amount of lifeforce that surged like a spring breeze.

The withered vegetation that was soaked in blood on the ground regrew under the breeze.

The injuries of everyone from Tianhuang Mainland healed significantly as well.

A jade green drizzle fell from the skies.

When the raindrops landed on everyone from Tianhuang Mainland, their wounds healed at a visible speed.

Even the wounds on the Emperors of Tianhuang Mainland that were pierced by the God Emperor's golden light were healing!

The Martial Dao Prime Body fused two supreme divine powers, Everlasting Vitality and Wind and Rain, allowing them to heal the living beings of the ten thousand races of Tianhuang Mainland!

Such methods could be considered as a miracle!

Su Zimo looked at everyone from Tianhuang Mainland and asked, "Do you want to follow me to the west to take a look?"

When they heard that, the living beings of the ten thousand races of Tianhuang Mainland were in an uproar!

In other words, the Martial Emperor wanted to lead them to the west and God's Mainland!

"Of course!"

Little Fatty burst into laughter and was the first to stand out. "Even at my age, I've yet to see how God's Mainland looks like!"

"Let's go to God's Mainland and kill them all!"

Everyone from Tianhuang Mainland shouted.

"Puny race, how dare you invade the territory of the God race! You will definitely be judged by God!"

A commander of the God race army stood out and shouted.

Another black-robed God race being said coldly, "No outsiders can leave God's Mainland alive!"

"Martial Emperor, I advise you to think about it carefully,"

A God race commander said in a deep voice, "If you bring people into God's Mainland now, it'll be equivalent to declaring war on the God race!"

"You have to think carefully. Declaring war on the God race will be a catastrophe for you and Tianhuang Mainland!"

The Blue Dragon Emperor cursed angrily, "So what if we declare war? The God race was the one who declared war on Tianhuang Mainland first!"

Turning around slowly, Su Zimo looked at the vast God race army opposite him and said indifferently, "I'm not too sure about what you said."

“However, I know one thing. I’m a catastrophe for you guys!”

Before his sentence was finished, Su Zimo held Ji Yaoxue’s hand and soared into the air, heading west without even looking at the God race army beneath them.

The God race army was slightly stunned.

The Martial Emperor of Tianhuang Mainland had let them off just like that?!

Right then, in midair, Su Zimo took a step forward and a gigantic green lotus flower appeared beneath his feet!

The green lotus flower emanated rays of resplendent light that were divine and flawless.

The God race beings that were enveloped by the green lotus flower exploded one after another, turning into blood mists that were washed away by the green light released by the green lotus flower!

Even the Emperors of the God race were not spared and died on the spot!

Su Zimo took a second step and another gigantic green lotus flower appeared beneath his feet.

Large patches of the God race were purged by the green lotus flower!

With every step Su Zimo took, a green lotus flower would appear beneath his feet.

Heavenly Flower Fall and Earth Gushing Golden Lotus—those were two greater divine powers of the Buddhist monasteries and were extremely powerful.

If those two greater divine powers could be comprehended to an extreme, they could develop a supreme divine power of the Buddhist monasteries—Lotus With Every Step!

A pure land would be created with every single step.

All foreign living beings in that step would be purified by the green lotus and turn into a pure land of the Buddhist monasteries without exception!

By the time Su Zimo led Ji Yaoxue into the depths of the Kunlun Ruins and approached the rainbow cave, the God race army behind him had already been cleansed by the green lotuses and turned into dust that was buried in the Kunlun Ruins forever!

Chapter 2063: Eastern Purple Qi

Su Zimo and Ji Yaoxue led everyone from Tianhuang Mainland into the rainbow cave and experienced a mysterious feeling. The sensation of time alternated between arduous and swift.

Everyone from Tianhuang Mainland felt their eyes light up—they had already left Tianhuang Mainland and entered another world.

An unfamiliar, ancient, solemn and dignified aura surged over.

God's Mainland!

!!

“Outsiders!”

Right then, a shout sounded from ahead.

There were many God race beings guarding the spatial node of God's Mainland as well. When they saw Su Zimo and the other Tianhuang Mainland cultivators enter God's Mainland, they were shocked!

All the God race beings knew that the God Emperor was leading the God race army this time round to flatten Tianhuang Mainland and rule over it with the faith of the God race.

However, not long ago, a golden light flew out from this spatial node and fled towards the Central Divine City.

Most of the God race beings did not manage to see what it was.

An Emperor of the God race guarding the borders could vaguely recognize that it was the supreme divine weapon of the God race, the God's Crown!

The God's Crown came from the upper world and was even more noble than the four Divine Judgment Weapons of the God race. Only the God Emperor was qualified to wear and control it.

The God race Emperor at the borders sensed that something was amiss.

Unless something major happened, the God Emperor would carry the God's Crown with him at all times.

Could something huge have happened?

The God race Emperor denied that speculation thereafter.

Before the God Emperor set off this time round, the High Priest of the God race expended his Essence Blood and released the God race's secret skill, the Great Divination Technique, to divine fortune.

The outcome of the Great Divination Technique was auspicious!

The God Emperor would sweep through Tianhuang Mainland and no living being or obstacle could stop the God race's conquest!

This God race Emperor was not the only one—all the God race beings had no doubts about the High Priest's prophecy.

The God Emperor ruled over God's Mainland and was supreme and peerless.

As for the High Priest, his status was extremely unique and extraordinary. He was the wise man of the God race and even the God Emperor had to be respectful to him.

That was because the God race's High Priest controlled the most mysterious secret skill of the God race, the Great Divination Technique!

In the primordial era, the God race invaded Tianhuang Mainland. Due to the God Emperor's pride and confidence back then, he did not invite the High Priest out of seclusion and took matters into his own hands. In the end, he returned in a crushing defeat.

There would definitely be no mistake in the outcome of the Great Divination Technique.

That was the consensus of the God race.

At that thought, the God race Emperor did not react.

It was only when he saw Su Zimo and the others from Tianhuang Mainland appear before him that he realized something big had happened!

"Outsiders!"

The God race Emperor rose slowly into the air and arrived opposite Su Zimo. With a cold expression, he said slowly, "Scram! Lowlifes like you are not allowed to step foot on God's Mainland!"

"Outsiders are here!"

"Kill them!"

Many God race beings at the borders of God's Mainland noticed everyone from Tianhuang Mainland and charged over with murderous auras.

The deep-rooted pride in the blood of the God race caused their first reaction when they saw everyone from Tianhuang Mainland to be disdainful.

Su Zimo had an indifferent expression and did not even look at the God race Emperor opposite him. He merely stood shoulder to shoulder with Ji Yaoxue and walked through the air.

He extended his palm and gripped gently in the direction of the God race Emperor through the distant void.

Boom! Boom!

The space around the God race Emperor collapsed instantly!

Right in front of everyone, the God race Emperor was crushed by a sudden terrifying power and turned into a blood mist, his Essence Spirit destroyed!

The God race beings at the border had just gathered and saw this before they could charge over.

Many God race beings exclaimed in shock!

An Emperor of the God race died just like that.

He could not even defend against a single attack from the other party!

“W-Who are you guys?!”

An Ancestor God tried his best to suppress the fear in his heart and questioned Su Zimo and the others loudly.

“I’m Desolate Martial and I’m here to collect a blood debt from the God race!”

Su Zimo said and flicked his finger at the same time.

Tsk! Tsk! Tsk!

One after another, white sword qi burst forth from his fingertips and swarmed towards the God race army.

Heaven Slaying Sword Qi, 108,000 swords!

In the hands of the Martial Dao Prime Body, there were more than 108,000 Heaven Slaying Sword Qi—it was endless!

The killing intent shook the heavens and the stars were shifted out of alignment!

Even the Emperors of the God race could not defend against Su Zimo's attack.

Against the Heaven Slaying Sword Qi released by Su Zimo, the remaining God race army was even more fragile and their lives were worthless!

Divine blood, phenomena, divine weapons and divine powers.

None of their trump cards could defend against a single Heaven Slaying Sword Qi!

The Martial Dao Prime Body's understanding of the Heaven Slaying Sword Qi far surpassed 2,000 years ago and its might was naturally terrifying!

Even a few Ancestor Gods at the borders of God's Mainland had their glabella pierced by a sword qi and died!

Initially, everyone from Tianhuang Mainland wanted to attack and fight the army of God's Mainland.

However, before long, they realized that they did not even have to move. All they had to do was follow behind the Martial Emperor.

Su Zimo barged right in without any pauses.

Everyone from Tianhuang Mainland followed closely and looked around.

God's Mainland had its own unique civilization. The buildings, mountains, rivers and even trees on this land were extremely different from Tianhuang Mainland.

There were a billion minor chiliocosms and every single minor chiliocosm nurtured different civilizations and living beings.

Along the way, experts of the God race stood out from time to time, wanting to block the path of everyone from Tianhuang Mainland. However, they were killed by Su Zimo casually.

Su Zimo wanted to lead everyone from Tianhuang Mainland west and kill their way into the Central Divine City!

He wanted to kill the God Emperor right in front of the God race!

He wanted to use the blood of the God race to brand an indestructible mark on this land and race!

The name of that mark would be called fear!

...

At the same time, in the Central Divine City.

This divine city had been through countless years and stood upright. The city walls shone with a golden metallic luster, sacred and flawless with defined edges!

This divine city was the center of God's Mainland.

At that moment, a golden light flew into the divine city and barged into the palace where the God Emperor cultivated—no one could stop it!

"Hurry and call the High Priest out of seclusion to take over the situation. I need time to condense my body once more!"

The moment many God race guards charged over, they heard the God Emperor's extremely weak voice.

With that said, the God Emperor's voice vanished.

Many God race guards exchanged puzzled glances.

In their hearts, the God Emperor was supreme and invincible.

Who could shatter the God Emperor's body?

What happened?

"I'll inform the High Priest!"

Right then, a God race guard said and was about to run in the direction of the sacrificial platform.

The moment he turned around, he saw a white-haired red-robed old man wielding a white staff standing not far away, looking towards the east.

The red-robed old man was the God race's High Priest!

Nobody knew when the High Priest appeared.

"H-How is that possible?"

The wrinkles on the High Priest's face seemed to have deepened as he murmured repeatedly, "My Great Divination Technique was clearly not wrong..."

"High Priest, what happened? The God Emperor seemed to have..."

A God race guard hesitated.

The High Priest had a grim expression as he said slowly, "Purple Qi is streaming over from the east, the God race... is in for a calamity!"

Chapter 2064: I'm the God!

Su Zimo led everyone from Tianhuang Mainland west. Before long, they saw the first ancient city ahead.

Many God race riders and mages had long formed a formation in front of the ancient city.

The mages were at the front and the priests were at the back.

Although there were only a few thousand of them, the weakest among them was also at the Conjoint Body realm.

!!

In the crowd, there was even a mage who was an Emperor!

"Barbarians of the East, stop in your tracks!"

The God race rider in the lead wielded his sword and shouted at Su Zimo and the others.

"Outsiders from Tianhuang Mainland, since you've stepped foot into the territory of the God race, let the light of the God race cleanse your filthy souls and send them to Hell!"

The Mage Emperor at the back waved his staff and chanted an ancient language.

A powerful energy fluctuation spread out in midair.

A blinding light spread out from the top of the Mage Emperor's staff and entered the heads of everyone from Tianhuang Mainland, scattering a large rain of light.

Every single drop of the rain could kill low-level Emperors!

"Kill!"

The many God race riders at the front roared as well and charged towards everyone from Tianhuang Mainland.

“Hmph!”

Su Zimo harrumphed coldly.

The moment that voice sounded, the Mage Emperor’s actions paused in midair.

His eyes widened in fear!

Blood scars appeared on his face!

The Mage Emperor’s body was relatively weak and the reason why he stood at the back was to avoid a fatal blow to his body.

However, he had not expected that his body could not even withstand a single harrumph from Su Zimo!

The golden armor of the God race riders at the front exploded as well!

“How dare the light of a firefly try to compete against the shine of the moon for glory!”

Su Zimo hollered and extended his palm.

It was as though he was holding a ball of purple light in his palm.

Su Zimo gripped his palm tightly!

Buzz!

The ball of light exploded and countless purple lights burst forth from the gaps between his fingers, spreading in all directions. The rain of light in midair evaporated instantly after being swept by the purple lights!

Before the God race riders at the front could arrive, they were swept by a large purple light and fell from midair!

Before they landed on the ground, the God race riders were already corpses!

The Mage Emperor stood alone in midair without the protection of any God race riders.

Su Zimo did not even look at him and continued forward with everyone from Tianhuang Mainland.

The sound domain secret skill he released earlier on was enough to shatter that Emperor’s Essence Spirit!

Bang!

The Mage Emperor's body shattered and his Essence Spirit was filled with cracks. It was dim and dissipated slowly.

Many God race beings stood on the city walls of the ancient city.

Most of the God race beings were weak and had yet to cultivate to the Conjoint Body realm.

However, there was no fear in the way the God race beings looked at Su Zimo. Instead, they were filled with provocation!

The sort of confidence and pride was already deep in their bones.

"Outsiders, do you know what you're doing?!"

"Ignorant barbarians, you're killing gods!"

"Anyone who kills a god in God's Mainland will definitely receive the judgment of god and receive divine punishment!"

Suddenly, shouts sounded from the ancient city.

"Anyone who kills a god will definitely receive the judgment of god and receive divine punishment!"

Tens of millions of God race beings gathered in the massive ancient city and let out a series of shouts that shook the nine heavens with a majestic aura!

"Hahahaha!"

Suddenly, Su Zimo reared his head in laughter.

His laughter reverberated through the world and drowned out the shouts of tens of millions of God race beings!

Instantly, it was as though Su Zimo's laughter was the only thing left in the world!

Crack! Crack! Crack!

Massive cracks appeared on the city walls of the ancient city.

Even the indestructible city walls that had been through time could not withstand Su Zimo's wild laughter!

"God's judgment and divine punishment?"

Su Zimo retracted his smile and looked at the many God race beings in the ancient city opposite him, saying slowly, "Here, I'm the god!"

The moment he said that, the ancient city collapsed as though it could not withstand such a terrifying aura!

Countless God race beings were buried in the dust and let out tragic cries.

Su Zimo's spirit consciousness moved and swept across the ruins of the ancient city, capturing the Conjoint Body Mighty Figures and Ancestor Gods hidden in the ancient city.

With a single thought, the God race Mighty Figures and Ancestor Gods died on the spot!

Su Zimo led everyone from Tianhuang Mainland and continued west.

...

Central Divine City.

Many experts of the God race gathered beside the High Priest and everyone looked up at the east.

At that moment, not only the High Priest, everyone in the divine city could clearly see the terrifying scene in the east!

A purple qi was approaching slowly from the east. It was getting richer and even dyed the skies in the east!

Although they were far away, every God race being in the Central Divine City could sense an unstoppable pressure!

"High Priest!"

An Emperor of the God race said in a deep voice, "Let's head out of the city and fight. The Light Rider Army will definitely be able to kill these outsiders!"

"No! Splitting our strength now is equivalent to courting death,"

The High Priest shook his head. "Everyone, listen to my orders. Gather in the central city and await the final battle!"

After a brief pause, he asked again, "Did anyone inform the temple?"

"I've already informed them and they'll be here soon,"

Behind the High Priest was a little girl in red robes. She was not old and was around 13 years old as she said softly.

“Alright,”

The High Priest was slightly relieved. “Once the God Emperor’s body is reconstructed, together with me and the temple rider, the three of us will join forces and gather the strength of the city to fight this expert of Tianhuang Mainland!”

“Grandpa High Priest, do you think that this expert from Tianhuang Mainland is the Martial Emperor that Sister Nian Qi mentioned?”

The girl suddenly asked.

“Martial Emperor...”

The High Priest’s expression adrift as the words Nian Qi said to him before she ascended flashed through his mind.

They must never ever try to invade Tianhuang Mainland again.

Within, there was an expert that God’s Mainland could not withstand!

In truth, back when Nian Qi returned from Tianhuang Mainland and was eventually conferred the title of Empress, apart from her talent, there was also the push of the High Priest.

That was because in his Great Divination Technique, it was predicted that there would be a calamity for the God race. The only way to resolve the calamity was through Nian Qi.

Therefore, with his help, Nian Qi was able to go against everyone’s objections and become the God Empress.

The High Priest did not stop Nian Qi from joining forces with Tianhuang Mainland to complete her salvation.

Later on, the news from Tianhuang Mainland confirmed the accuracy of the Great Divination Technique and his judgment!

A woman appeared on Tianhuang Mainland’s side and killed experts of the upper world consecutively. In the end, she even perfected the Heaven and Earth laws of Tianhuang Mainland before ascending.

When that woman appeared, even the God race beings in the most ancient and secretive place of God's Mainland were scared out of their wits and did not dare to breathe!

"Could it be the Martial Emperor?"

The girl asked again, as though she had something on her mind.

The past flashed through the High Priest's mind and he gradually snapped out of his stupor. When he heard the girl's question, he shook his head. "I don't know either."

He did not know who the current expert of Tianhuang Mainland was.

However, he only knew one thing.

His Great Divination Technique did not notice that there was such a terrifying expert in Tianhuang Mainland nor did he predict today's events!

The secret skill of the God race that had been passed down for a long time was useless against this person!

Chapter 2065: Advancing Alone

Boom! Boom!

Another ancient divine city was destroyed by Su Zimo!

Purple clouds filled the skies as lightning flashed and thunder rumbled. Streaks of purple power of thunder descended and turned the Emperors and Ancestor Gods of the divine city into ashes!

This was no ordinary power of thunder.

!!

The purple lightning contained the comprehension of the Martial Dao Prime Body towards Tribulation!

Under the envelopment of the purple Heavenly Tribulation, the divine city was reduced to ruins!

This was already the tenth divine city that Su Zimo had crushed!

Flames, floods, earth ruptures, skies collapsing, ice... terrifying calamities descended on God's Mainland. Those powerful divine powers were at the fingertips of the Martial Dao Prime Body.

Even the most ordinary Dharmic art would be devastating for the God race if it was released by him.

Su Zimo led everyone from Tianhuang Mainland west and killed any God race being that dared to stop him with a flick of his finger.

Right from the beginning, everyone from Tianhuang Mainland that followed him did not attack.

Everyone from Tianhuang Mainland was now used to this scene.

From their initial resistance, retaliation and prideful contempt, the God race beings were now only left with panic and fear as they fled in all directions.

In the face of absolute power, the God race beings were in a sorry state and were no different from other living beings.

The noble pride of the God race was crushed by Su Zimo!

"I don't believe it!"

A God race being with disheveled hair broke free from the dust and soared into the air, shouting at Su Zimo, "You're just a puny human with a weak bloodline. How can you compare to the God race?!"

In fact, Su Zimo did not even attack and merely glanced at that person indifferently.

The bloodline of the God race being evaporated into nothingness!

"Who opened the gates of hell and unleashed these fiends of the east?!"

"Everyone, flee for your lives. Darkness has already descended."

Some of the God race beings fell into the dust in a daze.

Su Zimo led everyone from Tianhuang Mainland forward and ignored the God race beings.

He maintained some restraint in his attacks unless some God race beings had death wishes and wanted to challenge him.

Otherwise, he would only kill the Ancestor Gods and Emperors in every divine city he passed!

Su Zimo wanted to kill all the Ancestor Gods and Emperors of God's Mainland!

"The hell fiends are headed west. Everyone, head to the Central Divine City! The High Priest and our God Emperor are gathering an army there, prepared to fight these fiends to the death!"

"The High Priest has sent an oracle. Everyone, hurry and seek refuge in the Central Divine City!"

"The High Priest and God Emperor are in the Central Divine City and are prepared to kill this Fiend Emperor from Tianhuang Mainland to purge away the darkness!"

One after another, news spread through the entire God's Mainland.

More and more God race beings fled and abandoned the cities.

In the end, Su Zimo led everyone from Tianhuang Mainland and charged straight into God's Mainland without any resistance. They headed west and got closer and closer to the Central Divine City.

"Martial Emperor, God's Mainland has waged war everywhere and has a strong foundation,"

After pondering for a long time, the storyteller stood out and analyzed calmly, "Now that we're deep in the hinterland, it'll be troublesome if the God race and God Emperor gather all the power of God's Mainland together."

"Our arrival this time round is a little sudden and we didn't prepare well. If we start a battle rashly, Tianhuang Mainland will suffer immense losses as well."

Su Zimo shook his head. "There's no need for you guys to attack. Just watch from the side."

"This..."

The storyteller winced and gasped.

In other words, the Martial Emperor meant that he wanted to fight against the entire God's Mainland and suppress a world singlehandedly!

Everyone from Tianhuang Mainland advanced.

Finally, everyone caught sight of an unimaginably majestic ancient city!

Or rather, it could no longer be considered as a city.

The ancient city walls stood tall and extended along the horizon on both sides without any end. It stood horizontally in front of them, as though it was cutting a continent into two!

A dense crowd of God race beings stood on the city walls.

Some of the God race beings wielded spears, swords, longbows and staffs.

Every single God race being surged with golden blood qi and shone with a resplendent glow. Their battle intent surged as they glared at everyone from Tianhuang Mainland murderously!

Almost all the top experts of God's Mainland were gathered here, prepared to kill everyone from Tianhuang Mainland!

The number of God race beings accommodated in the Central Divine City had already reached billions.

In fact, God race beings from all directions were still gathering towards the Central Divine City!

"Kill! Kill! Kill!"

Many God race beings in the Central Divine City shouted.

One could imagine the ardor and zeal coursing through their blood when billions of God race beings gathered and roared into the skies—what sort of an aura was that?!

The entire world was trembling!

On the side of Tianhuang Mainland, even the storyteller, Cloud Dragon Emperor and the other Emperors of Tianhuang Mainland were shocked, let alone ordinary cultivators.

The God race was innately strong.

If the billions of God race beings swarmed forward together with the Ancestor God and Emperors, even they would be drowned instantly!

Indeed, the fact that God's Mainland could conquer other minor chiliocosms continuously meant that they had a foundation that other worlds could not match.

Back in Tianhuang Mainland, there were only tens of thousands of God race beings but they had already become one of the Primordial Nine Races and the most terrifying faction in Tianhuang Mainland.

Now that billions of God race beings were gathered in the Central Divine City, it was an unimaginably terrifying scene!

Although everyone from Tianhuang Mainland had absolute confidence in the Martial Emperor, they were shaken at that moment.

The difference in their formations was way too great!

On the side of Tianhuang Mainland, everyone headed west in an aggressive manner like an unstoppable torrent.

However, when they arrived at the Central Divine City, they bumped into an endless golden ocean.

The golden ocean was already enraged and created raging tides that could surge over at any moment and drown them!

Everyone from Tianhuang Mainland had pale expressions.

Against the terrifying formation of the Central Divine City, many people were already terrified and did not dare to advance.

“You guys can stand here,”

Su Zimo glanced sideways and said to everyone from Tianhuang Mainland behind him.

“Martial Emperor, we’ll accompany you!”

The storyteller, Cloud Dragon Emperor and the others said hurriedly.

“There’s no need,”

Su Zimo shook his head. “You guys can’t help me. Just watch from here.”

With that said, Su Zimo walked through the air in the direction of the divine city alone with an indifferent expression.

Even against the massive formation of the God race, Su Zimo’s eyes were calm as he advanced slowly.

The billions of God race beings formed an invisible aura that could crush everything!

However, when the aura surged over and landed on Su Zimo, it vanished silently and did not even manage to wrinkle his purple robes.

As Su Zimo approached, his aura rose rapidly instead. His black hair fluttered without any wind and his eyes seemed to be burning with flames!

Su Zimo's footsteps were neither fast nor slow.

However, every single step he took would cause a huge shock in the air!

Spiderweb-like cracks appeared in the void beneath his feet.

The skies changed and the ground shook!

Chapter 2066: Three Great Experts

As Su Zimo approached, his aura rose as well.

In the end, it reached the point where it could fight against the billions of God race beings!

Although the God race beings shouted with killing intent, Su Zimo could already sense a hint of fear in the depths of their eyes.

They were afraid.

!!

For countless years, the God race hunted everywhere and trampled countless living beings beneath their feet—they had never taken the human race seriously either.

But now, the human before them was at an unimaginable level!

Right then, a figure appeared on the city wall of the divine city. He wore a wide red Dharmic robe and wielded a white staff. His beard was white and his face was filled with wrinkles.

The old man's eyes were deep. Even though he was in his twilight years, his dark blue eyes were still clear and shone with wisdom.

"Martial Emperor!"

The old man said slowly, "I'm the High Priest of the God race. I hope that you can take the big picture into account and retreat to your own world with everyone from Tianhuang Mainland to avoid this catastrophe-level war."

"The God race has offended Tianhuang Mainland time and again. I'm here this time round to collect a debt," Su Zimo said.

"What happened back then has long become a thing of the past,"

The High Priest said, "More than 2,000 years ago, the God Empress of our race, Nian Qi, knelt in the God Slaying Valley and prostrated to the Divine Hous' corpses to complete her salvation."

Su Zimo said indifferently, "I can let bygones be bygones. However, this time round, the God race invaded Tianhuang Mainland once more and nearly ten million living beings died. How do you guys intend to pay for this blood debt?"

"Martial Emperor, you traveled west and destroyed many ancient cities of God's Mainland. The God race blood in your hands is probably in the tens of millions. Both parties have long paid for this blood debt,"

The High Priest said in a deep voice.

"It's not enough,"

Su Zimo shook his head gently.

"What do you want?"

The High Priest asked.

Su Zimo's expression was cold as he said slowly, "I'm going to make the God race pay ten times over for this blood debt!"

"How dare you!"

Right then, a furious roar sounded from the divine city.

"Roar!"

Immediately after, a howl that resembled a dragon's roar sounded in a dignified and furious manner.

A gigantic demon beast rose slowly from the Central Divine City. Although it had a dragon's head, its body was like a lizard with wings on its back. It spat out flames from its mouth and let out a series of threatening growls at Su Zimo with a ferocious gaze.

On the back of the demon beast stood a man with a gigantic spear. He wore golden armor and had a terrifying aura.

“Heavens, it’s the temple’s Dragon Rider!”

“Our Dragon Rider has appeared!”

“The Martial Emperor has to die!”

Cheers broke out from the divine city.

Many God race beings were invigorated when they saw the man.

In the legends of the God race, the strongest God race riders were the Dragon Riders.

Only those that subdued the divine dragons of the God race were qualified to be Dragon Riders.

As for the divine dragons of the God race, almost all of them were buried in the God Slaying Valley in the primordial war and died in the hands of two Divine Hous.

Ever since then, the divine dragons of the God race had gone extinct on God’s Mainland.

Many God race beings had not expected that there would be a legendary Dragon Rider presiding over the fort in the divine city!

“Martial Emperor,”

The gaze of the High Priest turned even deeper as he said slowly, “I advise you to retreat as soon as possible. The foundation of the God race is definitely not something you can imagine.”

The High Priest’s words seemed to have a deeper meaning.

“Cut the crap with the outsider,”

The Dragon Rider said coldly, “Outsiders that dare to step foot on the territory of the God race will definitely suffer divine punishment!”

Boom!

Right then, another loud bang sounded from the center of the divine city.

“Martial Emperor, today is the day you die!”

A dignified voice sounded. Thereafter, a golden figure wearing the God's Crown rose slowly and descended on the city wall.

This was the God Emperor who had escaped death from Tianhuang Mainland!

The God Emperor held a gigantic sword in his right hand that was filled with pitch-black patterns. In his left hand, he held a pitch-black shield that surged with ink-like fog.

The God Emperor was wielding the Sword of Misfortune and Shield of Calamity of the four divine weapons!

Su Zimo was slightly surprised.

He had already refined the God Emperor's divine blood. To think that the God Emperor could condense another body in just a few days.

There was a high chance that it was because of the God's Crown.

"The God Emperor is invincible!"

"Peerless and supreme!"

Many God race beings shouted once more when they saw the God Emperor appear.

Now that the God Emperor, Dragon Rider and High Priest were gathered, the aura of the God race was at its peak!

Su Zimo's expression was calm.

It had to be said that the power cultivated by the three God race beings had almost reached the limits of the lower world.

Even the Green Lotus True Body of the past might not have been confident of winning against the three of them.

Unfortunately, they were facing the Martial Dao Prime Body.

This was a variable in the trichiliocosm!

The Martial Dao Prime Body was beyond the three realms and five elements—even the God race's Great Divination Technique could not detect him!

"Martial Emperor, no matter how strong you are, there's a limit to your strength in the lower world,"

The God Emperor shouted, "I've already understood your strength! You can defeat me alone, but you can't defeat the three of us or the billion-strong army of the God race!"

"All God race beings, heed my orders..."

Right then, the God Emperor raised the Sword of Misfortune in his hands and paused for a moment. He pointed at Su Zimo and roared, "Kill!"

"Kill!"

With that order, a loud roar burst forth from the divine city.

Billions of God race beings swarmed out like a golden tsunami and charged towards Su Zimo, causing the world to tremble!

That power was not limited to a single person.

Even a world might not be able to defend against it!

"Roar!"

At the same time, the Dragon Rider rode on his divine dragon and charged towards Su Zimo with one of the four divine weapons, the Spear of Judgment.

In the blink of an eye, the Dragon Rider had already arrived before Su Zimo.

A distance of more than ten feet was covered instantly!

On the other side, the God Emperor with the God's Crown on his head and the two divine weapons, the Sword of Misfortune and Shield of Calamity, had already appeared on the other side of Su Zimo.

Above the city wall, the figure of the High Priest rose slowly into the air and waved the Staff of Dawn, one of the four divine weapons. He looked up at the firmaments slightly with a pious expression and chanted.

Endless light spilled from the Staff of Dawn.

The three peak experts of the God race attacked at the same time!

Behind the three God race experts was an army of billions that swarmed over with a mighty might!

Actually, the God Emperor was not wrong.

If the power wielded by Su Zimo was only at the level he displayed when he punched the God Emperor in Tianhuang Mainland...

It would be difficult for him to defend against the current situation indeed.

However, in reality, that punch had not reached the peak of the power that the Martial Dao Prime Body could use in the lower world!

"You guys truly know nothing about my strength,"

Su Zimo sighed gently.

"God's Restraint!"

As the God race High Priest chanted, the Staff of Dawn waved and shone with divine lights.

Suddenly, golden ropes appeared out of thin air around Su Zimo's body, not giving him any time to dodge!

Although the High Priest was the furthest away from Su Zimo and was casting his skill from the city wall, his attack descended right away!

The shimmering golden ropes tightened continuously, as though they wanted to snap Su Zimo's body!

What was even more frightening was that Su Zimo's bloodline could not be activated against the golden light of the ropes, as though it was suppressed by a mysterious power.

God's Restraint did not only restrict the cultivator's body, but also their bloodline and Essence Spirit!

Su Zimo's expression was calm and his eyes were emotionless.

Suddenly!

A purple halo appeared behind Su Zimo.

A loud bang sounded from his body as well, as though he had broken free from some shackles and opened a door to a mystic realm. His aura surged!

A Fate Ring appeared!

Pang! Pang! Pang!

The golden ropes that bound him were snapped by the purple light instantly, turning into nothingness and dissipating into the world.

Right then, the second secret skill of the High Priest descended.

“God’s Judgment!”

Suddenly, a gigantic golden sword appeared above Su Zimo’s head and slashed down at his neck!

Buzz!

A second purple halo appeared behind Su Zimo.

Boom!

The golden sword struck the purple halo with a loud bang.

The golden sword dissipated.

Su Zimo did not budge at all!

“Divine Punishment!”

Before the High Priest’s third secret skill was formed, another purple halo appeared behind Su Zimo.

The third Fate Ring descended!

Although they were thousands of feet apart, the High Priest still shuddered and his body swayed. Blood oozed from the corner of his mouth and he looked even older, as though he was at the end of his road.

He had already given it his all by releasing three God race secret skills in succession without holding back.

Even so, his three secret skills were dispelled one after another.

Before the final secret skill could be formed, it was destroyed by the Fate Ring of the Martial Dao Prime Body.

The High Priest’s Essence Spirit and body suffered a strong backlash!

No matter the outcome of the God race for this battle, he could no longer hold out.

“What exactly is that...”

In the eyes of the High Priest, under the illumination of the three purple halos, Su Zimo seemed to have become the only true god in the world, looking down on the world and all living beings!

Even a race as noble as the God race had to bow down!

Although the Martial Dao Prime Body had long cultivated to the sixth level of the Fate Ring realm, he was wary of the backlash of the Heaven and Earth laws and could not release it with all his might.

As for the three Fate Rings, they were the peak of the power of the lower world!

Back when the Martial Dao Prime Body fought against Dao Lord Blood Fiend, he released three Fate Rings and fought.

In Tianhuang Mainland, although Su Zimo destroyed the God Emperor with a single punch, he had actually held back and did not use the power of his Fate Rings.

The Fate Rings were the rings of life.

Although the three rings of life looked ordinary, they contained all the Dao and Dharmic arts that the Martial Dao Prime Body had synthesized since he started cultivating!

The Martial Dao Prime Body was only truly at the peak of his power when his Fate Rings were released!

With the descent of the three Fate Rings, Su Zimo's strength increased exponentially!

The three secret skills of the High Priest descended and the three Fate Rings of the Martial Dao Prime Body condensed to dispel it. Although it sounded slow, everything happened in an instant.

“Bloodline phenomenon!”

“Divine Blood Hoop!”

“Heavenly God Descent!”

“Adjudication Strike!”

The God Emperor and Dragon Rider charged in front of Su Zimo without holding back and released their Bloodline phenomenon and innate divine powers, releasing the most ferocious killing power!

“Battle!”

Su Zimo hollered and carried three Fate Rings. Against the ferocious attacks of the God Emperor and Dragon Rider, he did not dodge or avoid. Instead, he counterattacked and Dharmic Dao interweaved beneath his feet, forming the image of a turtle and snake coiling together!

The turtle and snake coiled around one another and roared into the skies.

Boom!

When the ferocious attacks of the God Emperor and Dragon Rider collided with the turtle and snake, the latter blocked everything!

The God Emperor wielded the Sword of Misfortune and circulated his blood qi, slashing forward.

The Dragon Rider gripped the Spear of Judgment with both hands and thrust with a sharp expression.

The evil dragon beneath the Dragon Rider roared as well and spat out pitch-black flames, biting towards Su Zimo’s legs.

Su Zimo’s gaze was burning as he glared at the God Emperor in front of him. His blood qi surged and he punched!

The Martial Dao Prime Body did not have any weapons.

His fist and body were his weapons!

That punch was indestructible and could destroy everything!

With that punch, the air around the God Emperor seemed to have burned up and the divine blood in his body surged uncontrollably and began to evaporate!

At that moment, the God Emperor felt as though his body was about to explode!

The God Emperor had never felt such a terrifying punch.

It was even more terrifying and despairing than the punch he experienced in Tianhuang Mainland!

Initially, he thought that he would definitely be able to deal with Su Zimo with the help of the divine weapons.

But now, in the face of such a terrifying punch, the God Emperor actually had an illusion that the Sword of Misfortune in his hands was like paper.

The God Emperor wanted to roar and retaliate with all his might.

However, he realized that he could only open his mouth and could not even make a sound.

Su Zimo's punch was as violent as fire, as though it could incinerate everything. The moment the God Emperor opened his mouth, his throat seemed like it could spew fire!

The God Emperor bit his tongue gently and spat out a stream of golden Essence Blood onto the Sword of Misfortune.

Shing!

Black fiend qi surged from the sword.

The God Emperor raised the Sword of Misfortune and slashed down viciously at Su Zimo's fist!

Boom!

The fist and sword collided.

The God Emperor shuddered.

He felt as though his sword had struck metal instead of flesh.

Crack! Crack! Crack!

Immediately after, a jarring crack sounded from the Sword of Misfortune.

The God Emperor looked at the cracks that were gradually spreading on the sword and his pupils constricted.

One of the four Divine Judgment Weapons of God's Mainland was shattered by a single punch from the Eternal Martial Emperor of Tianhuang Mainland!

Suddenly!

The God Emperor's expression changed starkly.

The Sword of Misfortune shattered and he felt a violent and scorching power surge over, almost engulfing him!

The God Emperor hurriedly threw away the Sword of Misfortune that was filled with cracks and retreated.

Even so, he was a half-step too late.

Bang!

The God Emperor's body could not withstand the impact of that power and exploded.

Immediately after, a milky-white glow flowed out from the gems on the God's Crown. It was divine and flawless, wrapping around his damaged body and reconstructing it rapidly.

The God Emperor's face was pale.

If not for the Sword of Misfortune that endured most of the Martial Emperor's power, even the God's Crown might not have been able to protect him from that punch!

2068 Complete Suppression!

On the other side.

The Dragon Rider rode on the evil dragon and arrived with the Spear of Judgment.

The Spear of Judgment shone with a bedazzling light.

The spear was etched with countless mysterious runes and contained an ancient power of the God race—the power of judgment!

The power of judgment could even kill the other party most of the time!

Even if they could defend against the sharpness of the Spear of Judgment, they would be easily killed by the power of judgment.

At the same time, the evil dragon flapped its gigantic meat wings and spat out pitch-black flames, biting towards Su Zimo's legs!

Su Zimo's blood qi surged and a gigantic phantom appeared behind him.

It resembled a dragon and phoenix with a dragon's head and phoenix's tail. A pair of gigantic wings grew on its back and it was scarlet like flames, as though boiling lava was flowing through its body!

The phantom materialized rapidly and descended into the world.

The many God race beings that were charging over suddenly felt a shuddering aura. An uncontrollable fear that came from the depths of their bloodlines surged into their hearts.

Psst!

Many God race beings raised their heads and gasped.

Taboo... Dragon, Dragon Phoenix!

The phantom conjured behind Su Zimo was a Dragon Phoenix!

Even the evil dragon beneath the Dragon Rider was affected. It glared at the Dragon Phoenix phantom in midair with bewildered eyes.

"What are you afraid of? It's fake!"

The Dragon Rider slapped the evil dragon beneath him and roared, "This is only his Bloodline phenomenon!"

Suddenly!

The Dragon Phoenix phantom in midair opened its eyes.

Instantly, the Dragon Phoenix seemed to have come to life. Its gaze shifted and landed on the evil dragon beneath it. It opened his mouth and scarlet dragon saliva flowed.

"Roar!"

A deafening roar burst forth from the depths of the Dragon Phoenix's throat!

The evil dragon shuddered in fear with that roar.

"Attack!"

The Dragon Rider roared once more and stabbed the evil dragon with the Spear of Judgment.

In pain, the evil dragon could only charge towards Su Zimo.

Enraged, the Dragon Phoenix swooped down and grabbed the back of the evil dragon with its gigantic, menacing dragon claws. The dragon head lowered and opened its mouth, biting the neck of the evil dragon!

Crack!

The head of the evil dragon was snapped by a single bite from the Dragon Phoenix!

The evil dragon's body was torn into two by the Dragon Phoenix Claw as well. Its smelly organs spilled down from midair and were burned by the Dragon Phoenix Flames, turning into ashes before long.

Actually, the Dragon Rider was not wrong.

Indeed, this Dragon Phoenix was only a Bloodline phenomenon conjured by Su Zimo.

After the Martial Dao Prime Body fused the Dragon Phoenix True Body's body, he fused his bloodline into his body and inherited the Bloodline phenomenon.

However, even if it was a phenomenon, it was a taboo that could not be challenged!

The Dragon Phoenix phenomenon killed an Emperor-level evil dragon on the spot!

While the Dragon Phoenix was killing the evil dragon, the Dragon Rider had already arrived in midair. Descending from the skies, he held his spear with both hands and stabbed towards Su Zimo's head!

Without even looking, Su Zimo raised his palm and grabbed the Spear of Judgment barehanded.

Piak!

The Spear of Judgment was grabbed by Su Zimo with one hand and did not budge at all!

The power of judgment surrounding the Spear of Judgment was shattered by the three Fate Rings behind Su Zimo instantly and did not affect him at all.

Shing!

Suddenly, Su Zimo exerted strength and grabbed the Spear of Judgment, yanking it!

"Ah!"

The Dragon Rider cried out in pain and could not hold on at all. The Spear of Judgment was snatched away by Su Zimo with one hand and blood gushed out from his palms.

At that moment, the God Emperor on the other side had just reconstructed his body with the help of the God's Crown and stood up.

Wielding the Spear of Judgment, Su Zimo merely glanced at him indifferently and threw it in reverse!

Swoosh!

A golden light tore through the air in a flash.

Su Zimo did not know the secret skills of the God race nor did he know how to control the Spear of Judgment.

All he did was to focus all the power of his body and bloodline on the Spear of Judgment before releasing it—that was enough to destroy everything!

Before the God Emperor could steady himself, he saw a golden light in his pupils.

The God Emperor was shocked and could not dodge in time. He could only defend with the Shield of Calamity in his hands.

This was a true fight between a shield and a spear.

The spear and shield were divine weapons of God's Mainland.

Boom!

When the Spear of Judgment collided with the Shield of Calamity, the world seemed to pause for a moment.

A gigantic air current burst forth from the collision point of the two divine weapons and spread wildly in all directions, causing dust to fly everywhere.

Cracks appeared on the surface of the two divine weapons.

There was no victor in the fight between the spear and shield.

In the blink of an eye, three of the four Divine Judgment Weapons were crippled by Su Zimo!

Although the Spear of Judgment was shattered, the God Emperor could not defend against the berserk power contained in it and his body collapsed once more.

Swoosh!

This time round, the God Emperor did not linger on the battlefield.

Before the God's Crown could condense a body, his Essence Spirit hid within and fled into the distance.

Of the three top experts of the God race, the Dragon Rider was the only one still standing in midair, unable to advance or retreat.

He had not fought for a long time.

The moment he was distracted, Su Zimo's figure had already arrived before him. Without any unnecessary movements, three Fate Rings condensed behind him and he punched!

It was already too late for the Dragon Rider to retreat.

He roared and channeled his Essence Spirit. Suddenly, the golden armor on his body burned with raging flames.

Those were golden flames.

The Dragon Rider was enveloped by the flames as though he was born from the flames!

"I'll let you witness the sacred flame of the God race!"

The Dragon Rider roared.

He had burned his divine blood and spirit to release that flame.

That was the most ancient secret skill of the God race. By sacrificing his divine blood and soul, he would definitely die no matter the outcome.

"Playing with fire in front of me?"

With a mocking expression, Su Zimo suddenly opened his mouth and took a deep breath!

Phew!

The golden flames that were initially burning on the Dragon Rider's body turned into a stream of golden light that was devoured by Su Zimo!

"How dare you..."

The Dragon Rider's eyes widened.

He could not imagine that someone would dare to devour the God race's sacred flame!

This guy had an absolute death wish!

However, he could not continue after saying three words.

There was nothing unusual about Su Zimo.

He swallowed the golden flames with a calm expression without any pain. Instead, he smacked his lips as though he was savoring the taste of the flames.

The three Fate Rings behind Su Zimo seemed to have turned even more mysterious!

Bang!

Su Zimo punched the Dragon Rider on the cheek and shattered his head.

The Essence Spirit of the Dragon Rider could not escape either. It was shattered by Su Zimo's punch and his headless corpse fell.

The three top-tier experts of the God race charged forward and were suppressed by Su Zimo in less than ten breaths!

Among them, the Dragon Rider and the evil dragon beneath him even died on the battlefield!

The remaining High Priest was at the end of his road and stood on the city wall, swaying when he saw that.

The God Emperor was defeated and fled.

Eternal Sacred King #Chapter 2069 - 2069 Heaven and Earth Furnace - Read Eternal Sacred King Chapter 2069 - 2069 Heaven and Earth Furnace

The billions of God race beings were terrified when they saw that.

However, at that moment, with so many God race beings gathered together and charging towards Su Zimo, the situation was already set. Even if anyone wanted to retreat, it was useless.

The golden tide surged over and the ground shook as though it could drown everything!

"You want to challenge me?"

The gaze of the Martial Dao Prime Body burned and his bloodline surged. As though a tsunami was surging through his body, his blood qi was channeled to its limits and he vanished in front of everyone!

“Where is he?!”

“Teleportation technique?”

The billions of God race beings charged forward and questions flashed through everyone’s minds.

Suddenly!

The expressions of many God race beings changed as they looked up instinctively.

In the world, the weather changed and the skies suddenly changed colors. As though they were shrouded by the setting sun, it was incomparably scarlet and soaked through the evening glow.

Before long, the color of the other half of the skies gradually turned sky-blue.

“What’s wrong?”

“What divine power and secret skill is that?”

Many God race beings looked around with bewildered expressions.

Some of the God race beings even channeled their Essence Spirits and released divine powers that struck the strange firmaments.

However, those divine powers disappeared into the void without causing any ripples.

“It’s so hot. What’s going on?”

Some of the God race beings had already begun to notice something unusual.

The temperature of the world was rising rapidly!

Suddenly!

Flames burst forth from the firmaments!

Many God race beings looked up and their expressions changed.

Massive fireballs began to descend from the skies and smashed towards the crowd, covering the entire world!

The fireballs engulfed the boundless Central Divine City!

The billions of God race beings were way too dense.

A single gigantic fireball could engulf a few God race beings with ease—this was a devastating catastrophe for the God race beings below!

Boom! Boom!

A fireball descended and smashed onto the city wall, creating a gigantic hole in the golden and indestructible city wall with flames splattering everywhere.

Some of the God race beings could not dodge in time and were tainted by the flames. In the blink of an eye, they burned and turned into ashes before long.

The God race army was in a mess.

The ancient divine city fell into a sea of flames as well.

“Grandpa High Priest, should I beg the Martial Emperor for mercy?”

A little girl looked at everything before her and cried.

The High Priest was already at his wits' end and his expression was dark. However, there was no hint of retreat in his hazy eyes.

He stomped heavily with the Staff of Dawn in his hands and shouted, “Everyone, don’t panic. The God race is protected by the gods and has the advantage in numbers. As long as everyone joins forces, we’ll be able to dispel this phenomenon of the Martial Emperor!”

“Light Riders, gather with me at the center!”

An Emperor of the God race was also controlling the God race army with all his might.

Under the orders of the High Priest and some Emperors of the God race, many God race beings gradually suppressed the fear in their hearts and calmed down, trying their best to gather closer.

Suddenly!

The color in the skies changed. Apart from the gigantic fireballs, a faint blue fire rain descended.

The flames did not seem to have any temperature or earthshaking aura.

However, if it landed on a God race cultivator, he would die immediately, turning into ashes with his soul dissipated!

The billions-strong God race army had just calmed down when they were baptized by the blue fire rain and collapsed once more in a mess!

The High Priest took a deep breath and used the last of his strength to shout, “Everyone, listen to my orders and release your divine powers with me! Use your Bloodline phenomenons and attack the firmaments above our heads!”

The High Priest’s voice was hoarse and his shout sounded like the final cry of his life.

That shout shocked the God race beings once more.

“I’ll give it my all!”

“Even if I have to be burned by the flames, I have to pierce a hole in the firmaments!”

One after another, the God race beings no longer fled. They condensed their Bloodline phenomenons and channeled their innate divine powers. Wielding Dharmic treasures, they accumulated strength and were prepared to join forces to penetrate the firmaments!

Suddenly!

A ball of flames burned from the body of an Emperor of the God race and engulfed him before long without any warning!

Many God race beings could clearly see that the scarlet flames did not come from the skies, but from the God race being’s body!

“Ah!”

The God race being let out a tragic cry and his body contorted continuously. His divine blood surged but it could not extinguish the flames in his body.

He released divine powers consecutively but the flames in his body intensified instead.

In just a few breaths, the God race Emperor was burned to ashes.

A demonic red lotus flower appeared where he stood.

“What’s that?”

The God race beings who saw that were scared out of their wits.

“Your body is also...”

A God race being pointed at another God race being with a horrified expression.

The same flames burst forth from the body of the clansman opposite him. In three breaths, the God race being was incinerated, leaving a red lotus imprint!

At the same time, balls of flames ignited in the bodies of many God race beings!

Karmic Flames!

Anyone tainted by negative karma would be burned by the Karmic Flames!

Under the orders of the High Priest, the billions-strong God race army finally overcame the fear in their hearts. Before they could combine their strength, they were defeated by the Red Lotus Karmic Fire!

All the God race beings, including Ancestor Gods and Emperors, fell into endless fear and could no longer fight.

No one thought about how to resist as many God race beings fled everywhere, wanting to escape from the hellish sea of flames.

Many God race beings discovered that no flames descended on the foothold of the living beings of Tianhuang Mainland.

The many God race beings swarmed in that direction!

Boom! Boom! Boom!

However, the God race beings were blocked before they could reach everyone from Tianhuang Mainland.

A faint red curved iron wall appeared between the living beings of Tianhuang Mainland and the God race, connected through the world!

Some of the God race beings collided against the red iron wall and smoke billowed on the spot. Their flesh was burned and their flesh split open. Their bones were barbecued red and they died!

At the same time, the God race beings that were fleeing in all directions encountered the same situation.

Anyone that struck the fiery red iron walls would die as well!

All the God race beings seemed to be trapped in a sealed vessel and could not advance or retreat with nowhere to run!

The first flame was the Dragon Phoenix Flame that the Martial Dao Prime Body inherited from the Dragon Phoenix True Body.

The second flame was the Tribulation Fire that he comprehended later on.

Every single Tribulation Fire contained the power of the Heavenly Tribulation and the God race of the lower worlds could not defend against it at all!

The third flame was the Red Lotus Karmic Fire.

The Martial Dao Prime Body released his Bloodline phenomenon and absorbed the God race and the Central Divine City. Using Heaven and Earth as a furnace, the three flames augmented and incinerated everything!

The God race beings were trapped within and could not see everything clearly.

Everyone from Tianhuang Mainland who was standing outside was shocked. In their eyes, a gigantic furnace vaguely appeared in the world. It was scarlet and burned with flames, standing upright!

2070 God's Ground

On the city wall, flames surged from the High Priest's body as well.

"Grandpa High Priest!"

The little girl behind him exclaimed and wanted to charge forward.

Although the little girl was also from the God race, she did not have much negative karma in her body.

The Martial Dao Prime Body released Karmic Flames but not all God race beings had to endure it.

God race beings with insufficient negative karma would not attract Karmic Flames.

The High Priest shook his head gently and released a spirit consciousness to repel the little girl, smiling bitterly. "To think that this calamity of the God race would still come."

Even without the Karmic Flames, he would not have been able to survive.

The High Priest turned back to look at the dilapidated ancient city that had fallen into the sea of flames. He then looked at his clansmen who were fleeing in all directions outside the divine city and his gaze gradually dimmed.

“Nian Qing, go on,”

The High Priest murmured softly, “I hope you can save the remaining clansmen.”

The moment he said that, the old body of the High Priest was engulfed by the Karmic Flames and turned into dust in the blink of an eye, leaving a red lotus flower imprinted on the city wall.

“Senior Martial Emperor, Senior Martial Emperor!”

The little girl named Nian Qing wiped away her tears wildly and carefully took out a page of golden paper from her robes, shouting at the firmaments.

The figure of the Martial Dao Prime Body appeared faintly in midair.

He looked down at the world and was slightly stunned when his gaze landed on the little girl on the city wall.

The girl had golden hair that was slightly curled, resembling the Nian Qi he first met back then.

The Martial Dao Prime Body closed his eyes for a moment before opening them. With a thought of his spirit consciousness, he dispersed the furnace of the world and the apocalyptic flames dissipated as well.

In just dozens of breaths, hundreds of millions of God race beings died. Furthermore, many of them were experts at the level of Emperors, Ancestor Gods and Mighty Figures.

The Martial Dao Prime Body had no intention of wiping them out entirely.

Not everyone in the God race loved to fight and wanted to conquer everywhere, dominating over other living beings.

Of course, the Martial Dao Prime Body was decisive to kill. In this battle, almost all the Emperors of the God race and the Ancestor Gods were killed!

After today, the God race would probably require an unimaginable period of time before they could recover to their peak.

In fact, there was a high chance that they would not be able to recover from this setback.

Of course, the most important goal of the Martial Dao Prime Body's killing move was to make the God race feel fear!

He wanted that fear to be deeply rooted in the bloodline and soul of the God race.

He wanted God's Mainland to be so fearful that they would never dare to step foot into Tianhuang Mainland ever again!

At that moment, the Heaven and Earth Furnace vanished and the flames dissipated. The God race beings who survived the calamity stood on the spot with lost expressions.

The Martial Dao Prime Body stood in midair and walked slowly towards the Central Divine City, passing above their heads.

However, none of the God race beings dared to raise their heads!

If any living being dared to walk above the God race before today, it would be an unacceptable provocation and they would definitely suffer the punishment of the God race.

However, at that moment, no God race being dared to look at the figure in midair.

They were afraid that their gazes would incur the wrath of that person and bring about a calamity of death or even annihilation of their entire race!

All the God race beings realized that this person's methods could destroy the entire God race and turn God's Mainland into a lifeless flaming hell!

At that moment, every single God race being lowered their haughty heads against that figure.

Before long, the Martial Dao Prime Body arrived on the city wall.

He looked at the little girl beside him and was about to speak when his gaze landed on the golden paper.

In the void outside the city wall far away, a crack suddenly appeared and a figure appeared. Wearing the God's Crown, it was the God Emperor who had escaped earlier on!

"Martial Emperor!"

The God Emperor looked at the dilapidated and devastated divine city with a menacing expression and hatred. Gritting his teeth, he said, "You'll ascend one day! I'll wait patiently. The day you ascend will be the day your entire Tianhuang Mainland will be annihilated!"

"Mmm?"

The Martial Dao Prime Body swept his gaze and looked at the God Emperor.

When she heard that, the little girl's expression changed starkly.

Initially, the Martial Emperor had already stopped—the little girl did not wish to bring about the extinction of the God race because of the God Emperor.

"Senior Martial Emperor..."

The little girl shouted hurriedly.

However, she realized that the Martial Dao Prime Body had already vanished from her line of sight.

In the blink of an eye, the Martial Dao Prime Body had already arrived before the God Emperor and reached out to grab the latter!

The God Emperor's expression changed starkly. Without hesitation, he retreated into the void crack.

The Martial Dao Prime Body sneered and chased after him without hesitation!

After charging into the void crack, the Martial Dao Prime Body felt his eyes light up, as though he had entered another world.

This world was filled with light everywhere and was very different from God's Mainland and Tianhuang Mainland.

In God's Mainland and Tianhuang Mainland, the Martial Dao Prime Body could sense the threat of the Heaven and Earth laws the entire time.

As long as the power he released exceeded the upper limit of the lower worlds, it would definitely cause a backlash from the Heaven and Earth laws of the lower worlds!

However, that threat did not exist in this world!

There was even some Heaven and Earth Essence Qi in this space, although it was extremely thin.

“The upper world?”

The Martial Dao Prime Body’s heart skipped a beat.

However, he quickly denied that thought.

This could not be the upper world. However, it was probably a small dimension created by a top-tier expert of the upper world. Independent of the billion minor chiliocosms, this place was not bound by the Heaven and Earth laws of the lower worlds.

Actually, there was such a place in Tianhuang Mainland as well.

Back when Die Yue imparted Su Zimo’s cultivation technique to him in Ping Yang Town, she opened up a Dao Ground in his room.

The Dao Ground was extremely similar to the world before him.

However, there was no Heaven and Earth Essence Qi in that Dao Ground.

The Martial Dao Prime Body would not suffer the backlash of the Heaven and Earth laws when he cultivated in the Dao Ground in Ping Yang Town. Therefore, his cultivation could continue to advance.

“Hahahaha!”

The God Emperor reared his head in laughter and glared at the Martial Dao Prime Body, saying hatefully, “Martial Emperor, you’ve been tricked! The reason why I said that earlier on was to lure you over!”

“Oh?”

The Martial Dao Prime Body had an indifferent expression and asked, “What is this place?”

“This is the most secretive and ancient mystic realm of God’s Mainland, God’s Ground!”

The God Emperor could not help but laugh. He looked at the Martial Dao Prime Body as though he was looking at a dead man and said slowly, “In this world, there are true gods of the God race!”

“The cultivation realms of the God race beings in God’s Ground have far surpassed Emperors and are at the level of Black Gods!”

The Martial Dao Prime Body had a calm expression and there were still no emotions in his eyes.

“Hahahaha!”

When the God Emperor saw that, he burst into laughter. “Martial Emperor, you must be scared out of your wits!”

The Martial Dao Prime Body was still silent.

The God Emperor was enlightened and sneered, “I got it. Given your knowledge, you don’t even know what a Black God is at all. Do you want me to explain it to you so that you can die in peace?”
