

## Chapter 3329

The Forbidden Land of Spacetime.

Although there were many Autarchs gathered around the City of Life, more than three hundred thousand of them, there were not many who attacked the human Autarchs.

Most of them had the mentality of watching a good show from the sidelines.

Those who truly wanted to kill these Human Race Supremes were either enemies of the Human Race in the past, or they cultivated the same Great Dao and competed with each other.

Even so, there were still more than ten thousand Autarchs!

To the hundreds of human Autarchs, more than ten thousand Autarchs was a force that they would find difficult to resist.

If not for the fisherman, woodcutter, farmer, and chefs of Xuan Mi Mountain, all the Autarchs of the thirty-six Grotto-Heavens and seventy-two Blessed Lands standing at the very front would have perished!

The Great Daos cultivated by the four Autarchs of Xuan Mi Mountain were extremely unique. Some were extremely ordinary, but when used by the four of them, they possessed boundless power!

The fisherman wielded a fishing rod, using the Great Dao as a line to fish out all living beings!

Every time he flung out his fishing rod, he would fish out a Autarch and toss them out.

Meanwhile, the woodcutter cultivated the Dao of Felling.

However, this was different from how he usually cut down trees.

At this moment, the hatchet in his hand was no longer felling trees, but Autarchs!

The chefs cultivated the Great Dao of Cooking. Wielding two ox-dismembering knives, they flew up and down with ease.

In the blink of an eye, they could turn a living being into a skeleton, without a speck of flesh or blood on them!

Meanwhile, the farmer cultivated the Great Dao of Life.

In his hands, the power of the Great Dao flowed endlessly, filling the sky with willow catkins that healed the injuries of the fisherman, the woodcutter, the chefs, and the other human Autarchs.

Of course, in the eyes of the Autarchs of the various Sacred Lands, the humans below were already birds in a cage, fish on the chopping block.

With a single order, hundreds of thousands of Autarchs could charge forward and crush these humans to death at any time!

"Are you still going to put up a desperate struggle?"

Autarch Gu Sha of the Spacetime Sacred Land stood in the air, looking down at the fisherman and the others. He smiled faintly and said, "I'm only giving these human Autarchs a chance to live because of the four of you, but you'd better know what's good for you!"

The fisherman said in a low voice, "Gu Sha, we will take the remaining human Autarchs and leave this place. We will not fight with you for the Great Dao Saint position!"

"No."

Supreme Gu Sha's expression was cold as he shook his head and said, "If you leave this place, you will still have a chance to become a Saint. Because of our old friendship, I don't want to kill all of you. As long as you are willing to destroy your great Dao, I can spare your lives. "

Destroying one's own Great Dao meant that one's cultivation level would drop, and one would have to cultivate from the beginning!

"Don't waste your breath on him!"

One of the Human Race Supremes laughed and said, "The Human Race has given birth to two Saints. Today, even if we die here, we can rest in peace!"

"Exactly!"

Another Human Race Supreme Martial Artist said, "If you don't become a Saint, death is inevitable. If I can die in the human race's sacred land, under the Stone of Life, that would be the best ending I can think of! "

The Supremes of the human race were united against a common enemy. They were already prepared to die.

They stood on the land that had given birth to the human race, unwilling to throw away the dignity of the human race, and even more unwilling to abandon the glory of the human race!

They knew that at this moment, there were countless members of their race, creatures of all races, watching them from the outside.

If they were to submit in front of the myriad races, it would be difficult for the human race to straighten their backs in the future!

"Since you all want to die, I'll fulfill your wish."

Supreme Gu Sha waved his hand, pointed forward, and ordered, "Kill them all!"

Many of the Supremes in the crowd hesitated.

In fact, many Supremes had gathered under the five sacred lands only to protect themselves. They had no choice but to do so.

They had no grudges with the human race, and they did not want to be enemies with the human race.

However, at this moment, the Supremes of the various races were no longer in control.

Moreover, killing these human Supremes was equivalent to clearing away the obstacles. It could indeed increase their chances of becoming a Saint by a little.

"Hahahaha!"

Chef suddenly laughed loudly and said, "How sad, how sad!"

"You obey the five sacred lands and help them do evil. Do you really think you can be spared? Today, we will be buried here, and the next one will be you! "

The Supremes of the myriad races were silent.

Even if Gu Hou realized this, what could he do?

Could they join forces to deal with the five sacred lands?

In the Upper-Class World, the five sacred lands were high and mighty, controlling everything. Who dared to go against them?

More and more Supremes stepped forward and joined the battle.

Between heaven and earth, the Great Dao crisscrossed, intertwining and spreading.

The pressure on the fisherman and the other humans increased!

They were already at the end of their rope to be able to hold on until now.

After all, the difference in numbers between the two sides was too great.

Even if Supreme Gu Sha did not give the order, they would not be able to hold on for long.

The fisherman said coldly, "Your sacred lands broke the rules, causing everyone here to be in danger and fall into war. You deserve to be killed!"

Supreme Gu Sha chuckled and said, "What is a sacred land? The existence of a sacred land is to ignore the rules and laws! "

"All the rules and laws in this world are to restrict you ants. The people of our sacred lands can surpass the rules at any time!"

"The sacred lands are nothing special."

At this moment, a voice came from afar.

Before anyone could react, this voice had already arrived in front of them at an extremely fast speed!

The person spoke again, "Not to mention the people of the sacred lands, I have also killed the Sacred Race!"

As soon as he finished speaking, it was earth-shattering!

The person who spoke had even killed the Sacred Race!

This sentence caused an uproar among the Supremes of the myriad races.

Even the attacks on the fisherman and the other Supremes of the human race paused.

The Supremes of the myriad races turned their heads and looked towards the voice.

They saw two figures flying in the air. It was a man and a woman.

The man had black hair and a green robe, while the woman wore a blood-red robe.

The two of them stood side by side, their clothes fluttering in the wind, like an immortal couple made in heaven.

"Who are these two people?"

"I seem to have seen that green-robed man somewhere before."

Whether it was Su Zimo or Die Yue, it had not been long since they rose to power.

Su Zimo had truly become famous in the Vast Thousand World in the four great mountain ranges of the Ancestral Fire Sacred Land.

However, that was a battle between Heavenly Venerables, and not many Dao Manipulation Realm experts paid attention to it. Almost all the Supremes present had never seen him before.

After Die Yue stepped into cultivation, she lived in seclusion in Xuan Mi Mountain all year round and rarely showed herself. In the Vast Thousand World, she was also unknown.

Therefore, after the two of them appeared, not many of the Supremes present recognized them.

"Ha, a Dao Venerate at the initial stage of the Dao Manipulation Realm actually dares to come here."

A Protoss Supreme sneered slightly.

Almost all those who entered the Forbidden Land of Time and Space were perfected Dao Manipulation Realm experts who could break through to the Saint Realm at any time.

Su Zimo was only at the initial stage of the Dao Manipulation Realm, so he was naturally not taken seriously by the Supremes.

"A Dao Venerate dares to say that he has killed people from the Sacred Land and even the Sacred Race?" Another Heavenly Eye Clan Supreme sneered.

"Haha, aren't you afraid of biting your tongue?"

The Supremes all roared with laughter.

"He really did kill the Sacred Race, and he killed four of them!"

At this moment, Gu Sha's voice sounded.

The smiles of the Supremes froze on their faces, and the laughter around them gradually faded.

Gu Sha stared at Su Zimo and said faintly, "Su Zimo, you are finally willing to come out!"

Gu Sha was among the experts who attacked the Chaotic Sacred Land back then!
