

## Chapter 3351

Words:2190    Update:23/05/02 00:23:30

A long time after the black-robed man left, Wu Dao's true body gradually regained his senses and sighed.

To think that Ji Yaoxue and Demoness Ji would have such a connection with Chaos Qinglian.

It was no wonder why Demoness Ji could obtain the inheritance of the Nine Nether Pure Maiden back then.

The Nine Heavens Mystic Maiden and Nine Nether Pure Maiden had both attained their Dao as Emperors.

What was left in the Dream Token should be their own souls.

As for Chaos Qinglian's soul, it continued to undergo reincarnation.

He possessed the Chaos Qinglian's body.

The Ji sisters were the reincarnation of Chaos Qinglian's soul.

There was an unforgettable bond between the three of them. Now that he thought about it, it might have been fate.

Wu Dao's true body's heart skipped a beat as he thought of another matter.

With Saint Gu Yao's cultivation base, if she could create an illusory body ...

She should not have done it casually.

The black-robed man had just said that Chaos Qinglian's soul had fused with another soul and reincarnated into Demoness Ji.

That soul might have something to do with Saint Gu Yao.

In the Forbidden Ground of Time and Space, Saint Gu Yao had revealed a name in her conversation with the mountain elder – Yan Ji.

After Demoness Ji ascended, no one knew where she went.

Wu Dao's true body could not help but think of a possibility.

This matter could only be verified in the future.

Wu Dao's true body moved and left the Holy Ground. Stepping on the Blood Sea, he arrived at the edge of the Blood Sea in the blink of an eye.

He had just tried to leave the Netherworld Blood Sea when that sense of danger appeared once more.

Wu Dao's true body did not force it.

Instead, he sat quietly at the edge of the Blood Sea.

He was waiting for someone.

Four had already left.

The Netherworld had also disappeared with the black-robed man.

There was no need for Kitsune to stay in the medium-class realm.

Before long, Kitsune arrived.

"Master."

Kitsune said, "The Netherworld has suddenly disappeared. I don't know where it went."

Wu Dao's main body nodded and said, "You don't have to guard the Middle World anymore. The threat from the Underworld has already disappeared. Prepare to ascend."

Wu Dao's original body gave a few more instructions and introduced the situation of the Great Thousand World to Kitsune. Only then did he return to the Holy Ground.

Now, he was the only one left alive.

The only things that accompanied him were the piles of bones around him and the endless sea of blood.

Wu Dao's true body wanted to continue divining Wu Dao.

From the black-robed man's conversation, Xiao Chen learned about the origins of the three thousand realms. This allowed Wu Dao's true body to gain a new understanding of his Yuanwu Realm.

Even if he had set up three thousand Great Daos in the Yuanwu World and created an alternate world, it would still be inferior to the three thousand worlds he was in.

He was too weak.

The current trichiliocosm had evolved for countless billions of years.

Even if the Yuanwu World continued to perfect the foundation of the Three Thousand Great Daos and evolve living beings, it was impossible for it to be on par with the Three Thousand Great Daos.

His highest achievement was a small Three Thousand Worlds, but he was still suppressed by the Three Thousand Worlds' nomological power.

It was no different from the Heaven and Earth Creation Painting.

"Heaven and Earth Creation Painting ..."

Wu Dao's true body muttered softly, deep in thought.

He had a vague idea in his heart.

However, the prerequisite was that he had to continue perfecting the Yuanwu World.

...

Space-time Forbidden Zone.

After the Book of Human merged with the Book of Life and Death, it underwent a transformation. Its aura increased greatly, and it was on par with the two Heavenly Dao Saint artifacts.

With the Book of Human in hand, the Mountain Elder quickly stabilized the situation.

It would be difficult for the Space-Time and Yin-Yang Sacred Lords to break through the Mountain Elder's defenses in a short period of time.

Furthermore, the Evil Lord was supporting them from the side.

Of course, if this stalemate continued, it would be extremely disadvantageous for the Mountain Elder and the Evil Lord.

After all, of the five Sacred Lords, other than the Ancestral Flame Sacred Lord who had left, there were still two who had yet to appear.

As long as one more Sacred Lord made a move, they would be able to instantly break the balance and change the battle situation!

Four Great Sages and three Heavenly Dao Saint artifacts clashed continuously in the Space-time Forbidden Zone, shattering this world into pieces!

The Stone of Life had already merged with the Book of Human, constantly repairing this world.

Suddenly!

A violent tremor came from the Great Thousand World. It was as if the world had been turned upside down. A terrifying aura suddenly descended and then disappeared!

Whether it was the Space-Time and Yin-Yang Sacred Lords in the Space-time Forbidden Zone, or the three Sacred Lords of Tian Fa, Ancestral Flame, or Nirvana, they were all shocked at this moment.

"This aura ..."

"Could it be that he is still alive?"

This thought flashed through the minds of the five Sacred Lords. Their faces turned pale, and a trace of fear flashed past their eyes.

The Heavenly Dao Saint artifact in the Tian Fa Sacred Ground let out a series of dragon roars. Lightning flashed all over its body, and it released streaks of Heavenly Tribulation that fell on the Great Thousand World!

In an instant, lightning covered the entire sky, as if it wanted to destroy everything in the world!

Even the Tian Fa Sacred Lord could not control it!

After a long while, the Heavenly Dao Saint artifact still could not find its target. The violent aura gradually calmed down.

Su Zimo realized that the black-robed man had just descended on the Great Thousand World!

However, the black-robed man did not show himself. His aura also disappeared in a flash.

However, just a single strand of aura that leaked out was enough to turn the Great Thousand World upside down. Even the Five Great Saint Masters revealed looks of horror!

Rumble!

Suddenly!

Just as the battle in the Space-time Forbidden Zone paused for a moment because of this change, a thick, hairy arm that exuded a savage aura descended from the sky like a pillar to the heavens.

It opened its huge hand and grabbed at the monkey on the ground!

Under the pressure of the three Heavenly Dao Saint artifacts, even the Nine Heavens Sages could not move.

However, this huge hand was able to force its way in!

The monkey, Su Zimo, Night Spirit, and the others stood together.

Everyone felt their vision darken. They could not help but feel that something was wrong.

When the monkey saw this huge hand, a trace of excitement flashed past his eyes. He sent a voice transmission. "Big Brother, Night Spirit, don't be afraid. It's Master!"

The Space-Time Sacred Lord, Yin-Yang Sacred Lord, Mountain Elder, and Evil Lord naturally recognized the owner of this hairy hand immediately.

The Chaotic World Great Sage!

This Chaotic World Demonic Ape was one of the nine Chaotic Sacred Spirits that had attained the Great Dao when this Chaotic World was first formed.

During the great turmoil back then, this Chaotic World Demonic Ape had not been involved and had luckily survived.

Regardless of whether it was the five Sacred Lords or the four Dao Masters, no one was willing to make an enemy out of such a neutral Great Sage.

Earlier on, the Nine Heavens Sages had declared that they would keep Su Zimo and Night Spirit, but not the monkey. This was also because they were wary of the Chaotic World Great Sage.

The Chaotic World Great Sage did not reveal himself. Instead, he took advantage of the chaos to take the monkey away from this dangerous place!

The monkey sensed the Chaotic World Great Sage's intention and was anxious. He hurriedly sent a voice transmission. "They are my sworn brothers who have gone through life and death with me. Master, please take them away with you!"

The current situation was unclear. If Su Zimo and Night Spirit were to stay here, no one knew what the consequences would be.

The hairy hand paused slightly, as if hesitating.

When the monkey saw this, he beat his chest and stomped his feet. He bared his teeth and shouted, "If you don't take them away, I won't leave either. I won't learn your skills from now on!"

"You little monkey, you're really good at acting!"

Outside the sky, the Chaotic World Great Sage cursed a few times. The hairy hand grabbed Su Zimo, the monkey, and Night Spirit and quickly left the Forbidden Land of Time and Space.
