

## Chapter 3353

Words:2054    Update:23/05/02 10:07:53

Su Zimo had been heavily injured by the shockwaves of the battle between great saints. He'd only been hanging on by a thread thanks to the powerful vitality of Qinglian's true body. When he'd been sucked into the spacetime crack, his consciousness had blurred.

This was the most serious injury he'd suffered since ascending to the multiverse.

If he hadn't merged with the three lotuses, he probably would've died already!

And this time, the danger had come from the sacred masters!

The difference between them was too great.

Su Zimo was only at initial success in the Dao Control Realm. He couldn't withstand this kind of injury at all.

However, when he arrived at the spacetime crack, the two godstones that had been silent since the appearance of the Yin Yang Sacred Master suddenly burst forth with power and pulled Su Zimo's body into the spacetime tunnel.

Yin and yang intertwined, destroying Su Zimo's remaining presence and traces.

When the Nirvana Sacred Master captured the Night Spirit and wanted to capture Su Zimo again, he'd already lost track of him.

While Su Zimo was dazed, the bloodline of Qinglian's true body circulated slowly and repaired his battered body.

The two godstones also flowed with the power of yin and yang and filled Su Zimo's body, doing their best to maintain his vitality.

Moreover, Su Zimo could faintly sense that the two godstones seemed to have brought him to a strange space. He was wrapped in a warm current that was extremely comfortable.

Though his eyes were closed and his consciousness was weak, he could still sense light and darkness alternating around him.

Two types of extremely dense power were furiously converging on Zhu Zhao and You Ying and surging into his body!

Under the nourishment of these two types of power, not only did Zhu Zhao and You Ying's auras skyrocketed, even his injuries were healing at a visible rate!

This was the extremely pure power of yin and yang.

When yin and yang came together, life flourished!

Su Zimo was rapidly waking up. His bloodline circulated faster and faster, and the great dao of chaos manifested. His cultivation was also rising steadily!

Under the nourishment of the power of Yin and Yang, his strength rose rapidly as well, and he advanced towards an extremely crucial level of cultivation!

At this moment, Su Zimo was still unaware that various strange phenomena were occurring in the Great Wide World while he was healing.

Originally, the Great Wide World alternated between light and darkness every twelve hours.

But all of a sudden, the Greater Thousand World was divided into two areas of light and darkness.

As time passed, the two areas of light and darkness kept changing and chasing each other.

In the area of light, a bit of darkness gradually appeared.

In the dark area, a ball of light gradually burst forth!

The entire Greater Thousand Worlds had almost evolved into a gigantic Taiji Yin Yang Diagram!

All the beings of the myriad races were shocked to see this.

Everyone subconsciously assumed that this was a result of the battle between Great Sages.

In the Forbidden Land of Time and Space, the Yin Yang Saint Lord seemed to have sensed something. His expression changed as he looked in the direction of the Yin Yang Sacred Land and frowned.

"Something happened to the Holy Land!"

The Yin Yang Saint Master said in a low voice, "I have to go back and take a look."

However, he did not sense any top experts coming to the Yin Yang Sacred Land.

But the two Yin Yang Seas of the Yin Yang Sacred Land seemed to have encountered something and were rapidly drying up!

"You want to leave at such a critical moment?"

The Spacetime Saint Lord was a little anxious when he heard this. He could not help but shout.

If he teamed up with the Yin Yang Saint Lord and used the two Heavenly Dao Saint Artifacts, they would naturally be able to suppress the Mountain Elder and the Evil Lord.

But if the Yin Yang Saint Lord left, he would be left alone to face the Mountain Elder and the Evil Lord.

He would not be able to withstand the combined forces of the Mountain Elder and the Evil Lord. Instead, he would be at a disadvantage.

The Yin Yang Saint Lord hesitated.

If he left now, he would be letting the Spacetime Saint Lord down.

But the Yin Yang Sacred Land was his foundation. He could not afford to lose it.

The Spacetime Saint Lord said in a low voice, "There are still many Sages in the Yin Yang Sacred Land. Why are you panicking? Can't you tell which side is more important? "

The Yin Yang Saint Lord thought about it and agreed.

It would not be too late to return to the Yin Yang Sacred Land after suppressing the Mountain Elder and the Evil Lord.

Thinking of this, the Yin Yang Saint Lord's attacks became more aggressive. He teamed up with the Spacetime Saint Lord and charged toward the Mountain Elder and the Evil Lord!

...

There were 18 Water Residences in the north of the Great Thousand World. There were rivers and lakes everywhere, and the Yin Yang Sacred Land was the overseer.

The Yin Yang Ocean was the core of the Yin Yang Sacred Land.

Legend had it that the Yin Yang Ocean was formed after the turmoil of the Great Thousand World more than six billion years ago.

This ocean would change every 12 hours.

The alternation of light and darkness in the Great Thousand World originated from the Yin Yang Ocean!

At this moment, the Yin Yang Ocean was rapidly drying up.

The commotion here also alarmed the Sages of the Yin Yang Sacred Land!

"What's going on?"

"The Yin Yang Ocean is drying up. Its power is rapidly depleting!"

"No, it seems like it's being devoured by something!"

The Sages descended above the Yin Yang Ocean and looked down.

The Yin Yang Ocean was also changing its form. Like the Tai Chi Yin-Yang Diagram in the Great Thousand World, the Yin Yang fish kept spinning and chasing each other, forming a huge whirlpool!

Even the Sages in the sky could not withstand this power. Their bodies were uncontrollably being pulled into the whirlpool.

The Sages were shocked. They hurriedly released their Saint power to stabilize themselves.

"There's someone in the center of the whirlpool!"

One of the Sages' eyes lit up as he shouted.

The Sages gathered their Saint power. Their eyes shot out beams of divine light as they looked at the center of the whirlpool in the Yin Yang Ocean.

In the deepest part of the ocean, which was also the center of the whirlpool, a green figure was sitting cross-legged, faintly discernible.

"It's him!"

"Araki Takeshi!"

"He's not dead. He's actually here!"

The Sages were also watching the battle between the Great Sages in the Forbidden Land of Time and Space. Naturally, they knew what had happened there.

In the Sages' senses, not only was Su Zimo not dead, but he had also recovered from his injuries in a short period of time.

The aura in his body was rapidly rising and reaching its peak!

"How is this possible?"

"How did he recover from his injuries in such a short period of time? And he can even absorb such a huge amount of power from the Yin Yang Ocean?"

"Ah!"

One of the Sages noticed the two balls of black and white divine light in Su Zimo's eyes. He seemed to have thought of something and was shocked. He could not help but exclaim!

"What's wrong?"

The other Sages asked.

"They're back!"

The Sage swallowed his saliva. His face was pale, and there was deep fear in his eyes.

"Who? Who's back?"

"Do you still remember how this Yin Yang Sea was formed?"

One of the Sages suddenly asked.

This seemed to have touched on a taboo in the Yin Yang Sacred Land. The other Sages could not help but shudder.

"That's ... the Yin Yang Ocean that evolved from the flesh and blood of the two Chaos Holy Spirits in the Sacred Land."

"You mean ..."

"That's right! Only they can absorb the power of the Yin Yang Ocean in such a short period of time!"

"Because this Yin Yang Ocean was originally their flesh and blood!"
