Words:2159 Update:23/05/02 15:06:14

The power of the Yin Yang Ocean was enormous.

In a moment, it was all devoured by the two Divine Stones, Zhu Zhao and You Ying. The Yin Yang Ocean had dried up!

Most of the power had fused into the Zhuzhao and Youying Godstones.

Only a small part of the power entered Su Zimo's body.

But even so, Su Zimo's cultivation level rose rapidly in a short time!

Boom!

A loud sound came from Su Zimo's body. He had broken through and his aura soared!

He had reached the Greater Dao Manipulation Realm and become a Supreme Venerable!

The increase in cultivation level was secondary.

The most important thing was his Primordial Spirit.

His Primordial Spirit had reached the peak of the Dao Manipulation Realm, the Supreme Venerable level.

This time, under the nourishment of such pure Yin and Yang energy, the boost brought about by the breakthrough in his cultivation had soared, and he had finally broken through the threshold of the Saint Realm!

However, although the two Divine Stones Zhu Zhao and You Ying had absorbed the Yin Yang Ocean and awakened their consciousness, they were still unable to merge and become Saints.

He could clearly sense that the Great Daos of the Illumination and Nether Glow Divine Stones were restricted and could not be fused.

After talking with the black-robed man, he had already guessed the origin of Zhu Zhao and You Ying.

The black-robed man had said that there were originally nine Chaotic Holy Spirits in the Three Thousand Worlds. More than six billion years ago, the Yin Holy Spirit and the Yang Holy Spirit had died.

Seeing the reactions of Zhu Zhao and You Ying, he could almost conclude that the Yin Holy Spirit and the Yang Holy Spirit were Zhu Zhao and You Ying!

Since they were Chaotic Holy Spirits, it meant that Zhu Zhao and You Ying were once Supreme Venerables.

But now, the two Holy Spirits could not merge.

Su Zimo realized that after the two Holy Spirits died, the Yin Great Dao and the Yang Great Dao were empty and had been merged by other Saints.

"What are you panicking for!"

Taiyin Saint looked coldly at Su Zimo who had just broken through and said, "This guy is just a Supreme Venerable. Just kill him."

"That's right."

Taiyin Saint said, "With us occupying the Yin Great Dao and the Yang Great Dao, the two Chaotic Holy Spirits will not be able to return to their peak!"

In the Yin Yang Sacred Ground, the Taiyin Saint and the Taiyin Saint had the highest status.

These two were the first Taiyin and Taiyin Tribe to be born in the world.

When the Saints heard that, they nodded secretly and quickly calmed down.

Right then, Su Zimo, who was below, suddenly opened his eyes. His black and white pupils stared fixedly at the two Saints of Supreme Yin and Supreme Yang in midair.

With the existence of Zhu Zhao and You Ying, among the hundreds of Sages, Su Zimo immediately sensed these two Sages who controlled the Great Dao of Yin and Great Dao of Yang!

Boom!

A Sage made his move. His holy power surged and pressed down on Su Zimo!

Crash!

Su Zimo's blood essence surged, and the Creation Qinglian, Red Lotus of Karmic Fire, and Golden Lotus of Virtuous Virtue materialized. The Zhu Zhao and You Ying materialized the [Tai Chi Divine Art], and the Tai Chi Divine Art.

The Sage's expression changed!

How could this be?

When the Saints merged with the Dao, the Saint was the Dao.

Everyone below the Saint level was an ant.

All living beings had to live and act under the rules of the three thousand Great Daos.

Experts below the level of Saints were no match for Saints at all.

But at this moment, Su Zimo's appearance broke this boundary!

Su Zimo, who was at the phenomenal success stage of the Dao Manipulation Realm, was still unable to reach Dao Integration.

Even so, with the Chaos Great Dao he controlled, coupled with the Chaos Qinglian's bloodline phenomenon, and the power of the Zhu Zhao and You Ying, it was difficult for a single Sage to suppress him.

"After all, he has the bloodline of the Chaos Qinglian."

Tai Yin Sage snorted and said, "Everyone, let's attack together and kill him to prevent future trouble!"

Under the orders of the Tai Yin and Tai Yang Sages, hundreds of Sages from the Yin Yang Sacred Land attacked at the same time.

In an instant, many Great Daos appeared, crisscrossing in the sky. They contained an unstoppable aura and pressure that enveloped down!

The surging holy power was suffocating.

No matter how strong Su Zimo's body and bloodline were, Qinglian's true body had not grown to its peak, and the difference between their cultivation realms was too great.

Facing the attacks of hundreds of Sages, the three lotus phenomena were instantly shattered!

In the Forbidden Land of Time and Space, just one Sage of the Nine Heavens was enough to kill Su Zimo.

Moreover, there were hundreds of Sages in front of him.

However, Su Zimo's Essence Soul had already stepped into the Sage Stage!

His Sage Stage Essence Soul could clearly sense that the Avici and Netherworld swords contained even more terrifying power!

However, due to his cultivation realm, he could not use it.

Now, with his Sage Stage Essence Soul, he could try to use it.

At that thought, Su Zimo's eyes lit up. He took out the Avici and Netherworld swords. Holding the swords with both hands, he merged into the Taiji Divine Diagram. He spun the Avici and Netherworld swords and slashed at the many Great Daos in the sky!

Boom!

With a loud bang, heaven and earth shook!

The hundreds of Sages trembled.

Su Zimo's figure holding two swords also appeared.

Time seemed to have stopped.

After a short pause, the Avici and Netherworld swords tore open a gap in the inescapable net formed by hundreds of Great Daos!

Su Zimo escaped.

The Sages' expressions changed!

Those two swords could actually tear open a gap in the holy power condensed by hundreds of Sages!

"We can't let him go!"

The Sun Sage roared.

Su Zimo originally planned to escape far away, but when he heard this, he suddenly turned around. His eyes were like torches as he stared at the two Sages of Extreme Yin and Extreme Yang with a strong killing intent.

The two Sages of Extreme Yin and Extreme Yang wanted to kill him, and he had the same idea!

Only by killing the two Sages of Extreme Yin and Extreme Yang would Zhu Zhao and You Ying have a chance to become Sages and recover to their peak.

"Kill!"

Su Zimo roared. Holding the Avici and Netherworld swords, he took advantage of the chaos in the hundreds of Sages' formation to rush in front of the two Sages of Extreme Yin and Extreme Yang and slashed with his swords!

"How dare you!"

The two Sages were shocked and furious. They quickly attacked and took out their Sacred Artifacts.

Clang clang!

Two ear-piercing sounds rang out.

The two Sacred Artifacts had just been taken out when they were broken by the Avici Sword!

The Netherworld Sword waved its sword, and killing intent surged and gushed out!

In the eyes of the two Sages of Extreme Yin and Extreme Yang, they saw a scarlet sea of blood that emitted a strong smell of blood.

In the sea of blood, blood-colored human faces appeared. They were all Sages who had fallen many years ago!

These Sages seemed to have turned into ghosts as they charged over!

"Ahi!"

The two Sages of Extreme Yin and Extreme Yang were shocked. Under the influence of the Netherworld Sword's killing intent, their minds suffered quite a bit of impact.

More importantly, the Great Dao of Yin and Great Dao of Yang that they controlled were obviously affected by Su Zimo's gaze. They could not display their peak strength.

Under this situation, the Netherworld Sword slashed down!

Pfft!

The two Sages of Extreme Yin and Extreme Yang were cut in half. Blood spurted out, and the Sages' blood dyed the sky red.

The Avici Sword pierced through the air and directly imprisoned the Primordial Spirits of the two Sages, suppressing them in the Avici Hell.

As long as the Great Dao was not destroyed, the Sages would not die.

Even if the Primordial Spirits of the two Sages of Extreme Yin and Extreme Yang were killed, they could still use the Great Dao to revive.

Since that was the case, it was better to suppress the Primordial Spirits of the two Sages in the Avici Sword first, making them beg for death.

In the future, when Su Zimo controlled the power of the Great Dao of Destruction, he would completely kill them!
