

Chapter 3365

Words:2256 Update:23/05/04 21:37:27

In just 10,000 years, Su Zimo could become a Great Sage. The main reason was that he had refined the Heavenly Dao Sacred Artifact in the Chaos Sacred Land!

The Chaos Bell was the Heavenly Dao Sacred Artifact that belonged to Chaos Qinglian.

From Chaos Qinglian's inherited memories, he knew that this Heavenly Dao Sacred Artifact had become a mountain peak.

Only the bloodline of the Chaos Green Lotus would be able to refine it once more.

Now that the Chaos Bell had reappeared in the world, it immediately attracted the attention of countless experts!

Back then, the Great Sage of Chaos did not participate in the great turmoil. The Mountain Elder and the Evil Lord did not personally experience the peerless battle at the peak.

They had never seen the true appearance of the Chaos Bell.

They had only heard this ancient and melodious bell sound!

It was also because of this bell sound.

It awakened their ancient memories.

Everyone looked over.

The mountain shattered, revealing an ancient and heavy bell. It was a chaotic dark yellow color and filled with chaotic energy. Its aura was majestic!

Only the Mountain Elder and the other two Great Sages could see clearly that the sun, moon, stars, mountains, rivers, and earth were engraved on the bell. There were also four strange traces of power!

The bell sound was mighty and resounded through heaven and earth. Time and space shook and the universe reversed.

The bell was brilliant.

Heaven and earth lost their color!

The five sacred masters also came out of seclusion.

They looked in the direction of the Chaos Sacred Land with shocked expressions.

"Could it be that Heavenly Dao Sacred Artifact?"

"No wonder that Araki Takeshi could become a Great Sage in 10,000 years."

"Why did Araki Takeshi take out this Heavenly Dao Sacred Artifact?"

Under the gazes of many experts, the Chaos Bell only stopped above the Chaos Sacred Land for a moment.

It smashed through the void.

It disappeared. No one knew where it went.

...

Greater Chilocosm, 33 Heavens.

Su Zimo dared to go to the 33 Heavens to find trouble with the Brahma Ghost Mother. His greatest reliance was not the Avici and Netherworld swords.

After all, these two swords came from the black-robed man.

Moreover, in the past, the Avici and Netherworld swords had also appeared, faintly showing signs of breaking free from his control.

Su Zimo had long had a premonition that one day, he might lose the Avici and Netherworld swords.

The Heavenly Dao Sacred Artifact, the Chaos Bell, was his greatest reliance!

When the sound of the bell reached the 33 Heavens, it became almost inaudible.

However, the Brahma Ghost Mother still heard him clearly, and her expression changed.

She subconsciously looked at Sacred King Samsara and quickly calmed down.

Back then, each of the Five Great Saint Masters had a Heavenly Dao Saint Artifact, but they had all returned empty-handed. If it was just the Bell of Chaos, it shouldn't be able to threaten her.

Boom!

With a loud bang, the earth quaked and the mountains shook!

The entire 33 Heavens suffered a tremendous impact. Heaven and earth lost their color and the Japanese language lost its luster.

It was as if it could be overturned at any moment!

The Bell of Chaos descended upon the 33 Heavens!

The sun, moon, stars, mountains, rivers, and earth were originally just engraved on the surface of the bell, but at this moment, they actually fell off and floated in the chaos!

The entire Bell of Chaos had already transformed into a world!

Dong!

The next moment, the second bell rang.

And as the sound of this bell reached the 33 Heavens, it became incomparably clear!

Brahma Ghost Mother turned pale with fright!

This meant that the Bell of Chaos had already pierced through the barrier of the 33 Heavens!

In reality, Su Zimo's battle prowess had already surpassed the five Sacred Lords.

His compatibility with the Bell of Chaos was also far above that of the five Sacred Lords. In his hands, he could unleash its greatest power!

When the Bell of Chaos descended, Su Zimo truly felt the invisible barrier that existed in the 33 Heavens. It also confirmed his speculation Just Now.

The power that erupted from this barrier was extremely strong!

In reality, even with the power of the Bell of Chaos, it was unable to suppress it.

Su Zimo could at most use the Bell of Chaos to temporarily pierce through this barrier and create a temporary stalemate.

But that was enough.

In reality, he didn't need the help of the Bell of Chaos to kill the Brahma Ghost Mother.

It was just that because of the laws of this invisible barrier in the 33 Heavens, his battle prowess couldn't be fully unleashed.

Now, with the Bell of Chaos creating a flaw in this invisible barrier, Su Zimo's battle prowess could be unleashed to the extreme in a short period of time!

When the bell rang for the second time, Su Zimo's eyes lit up. With a long roar, he attacked the Brahma Ghost Mother again!

The divine sense of a Sacred Lord far surpassed that of a Sacred Lord. Together with the Chaotic Sacred Body, Su Zimo's every attack erupted with the true power to destroy Dao and slay Sacred Lords!

Boom! Boom! Boom!

The Brahma Ghost Mother couldn't hold on any longer and retreated. Thousands of ghosts were beaten into ashes. The Hungry Ghost Path was also full of cracks and could collapse at any time!

"Master, save me!"

The Brahma Ghost Mother screamed.

Although the Demon Lord, the Lord of Hell, and the man with the crown didn't do anything, their gazes drifted toward Sacred King Samsara.

Saint King Samsara looked at this scene expressionlessly and did not do anything.

Poof!

The top of the Brahma Ghost Mother's head was shattered by Su Zimo's palm. Chaotic Qi surged out and instantly crushed her Primordial Spirit!

But the Hungry Ghost Path was still there. Her Primordial Spirit, flesh, and blood were attached to the Hungry Ghost Path. She could be resurrected soon!

"Die!"

Su Zimo shouted. His Qi and blood erupted. Chaotic Qi filled the air and instantly swallowed the Hungry Ghost Path, wanting to completely destroy it!

However, his strength was still lacking by a notch!

Right then, two divine lights, one black and one white, flew out of Su Zimo's eyes.

Zhu Zhao and You Ying descended!

Boom! Boom!

Two loud sounds came from the Zhu Zhao and You Ying's bodies as their auras surged!

10,000 years ago, after the Great Dao of Yin and Great Dao of Yang were empty, the two divine stones had regained their Sage Positions.

All these years, under the nourishment of the Chaotic Qi and Su Zimo's Sacred Body bloodline, the two divine stones inherited their memories and were on the verge of breaking through.

Now, under the intense battle between the Great Sages, the Sage might enveloped them and even the aura of the Heavenly Dao Saint Weapon, they broke through once more and became Great Sages!

Two divine lights burst forth from the Zhu Zhao and You Ying as well and entered the Chaotic Qi.

Yin and Yang chased each other and spun continuously, forming a gigantic Yin Yang Millstone. It exerted force at the same time as the Chaotic Qi to suppress and destroy the Hungry Ghost Path!

This was equivalent to three Great Sages attacking at the same time!

"Ahhh!"

Shrill cries of ghosts could be heard from the Hungry Ghost Path.

Under the impact of the Great Dao of Chaos, Great Dao of Yin, and Great Dao of Yang, the Hungry Ghost Path finally couldn't withstand it and collapsed completely!

The Brahma Ghost Mother died as well!

Throughout the entire process, Sacred King Samsara did not move at all.

However, just as Su Zimo was about to imprison the Brahma Ghost Mother's soul, Sacred King Samsara suddenly appeared. With a light wave of his sleeve, he dispelled Su Zimo's Great Dao of Chaos, Great Dao of Yin, and Great Dao of Yang!

Su Zimo frowned slightly.

Under his gaze, the Hungry Ghost Realm, which had been destroyed, was recovering at an astonishing speed.

Of course, even if the Hungry Ghost Path recovered, the Brahma Ghost Mother had already died when the Hungry Ghost Path was destroyed.

However, her soul had been saved by Saint King Samsara.

"That's enough."

Sacred King Samsara said indifferently, "Back then, she killed your Dao partner for one lifetime. Now, you've killed her for one lifetime. We're even."

Su Zimo was silent for a while and did not continue to pester him. He only nodded slightly and turned to leave.

Sacred King Samsara had already shown him enough respect by holding back until now.

If Sacred King Samsara wanted to interfere, he would not be able to kill the Brahma Ghost Mother at all.

Moreover, the Brahma Ghost Mother's soul was in Sacred King Samsara's hands. Even if he wanted to eliminate the Brahma Ghost Mother, he could not do it.
