Words:2261      Update:23/05/06 04:34:00

Bang!

A black shadow suddenly appeared in front of Su Zimo. With a casual grab, it crushed the Heavenly Punishment in front of him!

Sacred King Samsara had appeared!

Su Zimo heaved a sigh of relief.

If Sacred King Samsara had not blocked the Heavenly Punishment, even with the Bell of Chaos and Sacred Body of Chaos, he would not have been able to withstand two hits.

He would definitely die!

Once Qinglian's true body died, it would even affect Wu Dao's deduction process!

Sacred King Samsara gently waved his hand and said, "Heavenly Punishment, you are much weaker than before. It seems that your injuries will be very difficult to recover."

As expected!

The five Taishi Primordial Spirits were already injured!

A trace of doubt suddenly rose in Su Zimo's heart.

They were all Heavenly Dao Sacred Kings.

Why were the five Taishi Primordial Spirits' injuries still not healed?

And Sacred King Samsara seemed to have recovered.

What kind of injuries could make the five Taishi Primordial Spirits unable to recover?

The Yin Yang Primordial Spirit said calmly, "Chaos and life have already fallen. You alone can't do anything."

The Space-Time Primordial Spirit said in a low voice, "Even if we are injured, as long as we join forces, we can still suppress the Heavenly Punishment!"

"I don't think so."

"Hahahaha ..."

Sacred King Samsara looked at the five Taishi Primordial Spirits and suddenly laughed. His shoulders shrugged, and he looked slightly deranged.

The Nirvana Primordial Spirit said coldly, "No need to listen to him. Join forces and kill him!"

Boom!

The Nirvana Primordial Spirit attacked.

The power of the Heavenly Dao exploded, and the entire space was filled with a destructive aura!

Under the Nirvana Heavenly Dao, everything would return to nirvana and turn into dust!

Smack!

Sacred King Samsara casually slapped and scattered the Nirvana Heavenly Dao power that had just condensed.

"There's no need to use these tricks to show off."

Sacred King Samsara said with a mocking expression.

The Nirvana Primordial Spirit's face darkened.

With a single thought, a large spear brimming with murderous intent broke through the layers of clouds and mist and arrived in his palm.

It was the Heavenly Dao Sacred Artifact, the Saint Slaying Spear!

"Everyone, don't be arrogant."

The Nirvana Primordial Spirit said in a low voice.

The four Taishi Primordial Spirits understood and put away the remaining four Heavenly Dao Saint Artifacts.

Noticing this commotion, the Demon Lord, Deva Path Sovereign, Hell Sovereign, and Evil Lord all appeared. They led their armies and left the 33 Heavens for the first time!

In a flash, in the skies above the 33 Heavens, evil spirits danced wildly. Ghostly shadows flickered and banners fluttered in the wind. Killing intent overflowed to the heavens!

Previously, the Demon Lord, the Lord of Hell, and the others did not dare to rashly leave the 33 Heavens because of the existence of the five Heavenly Dao Saint Artifacts.

Now, without the threat of the Heavenly Dao Saint Weapon, the Masters of the Four Daos had all shown up!

The Mountain Elder led the human Saints to the air above the Life Sacred Land.

Primal Chaos Sacred Land.

Zhu Zhao, You Ying, and Die Yue led the experts from the Chaos Sacred Land into the air and looked in the direction of the five sacred lands.

In the eastern sky, an incomparably thick and sturdy staff appeared.

Beside the gigantic rod, an even more massive body appeared vaguely, emitting a terrifying aura!

The Great Sage of Chaos had appeared!

The Great Sage of Chaos, who had remained neutral during the previous turmoil, was also preparing to make a move in this life!

In the Great Thousand World, the winds and clouds surged, and the heavens and earth changed color!

"Azure Dragon!"

The Demon Lord's voice traveled to the five sacred lands. "Heavenly Dao Reincarnation, did the five of you think this day would come?"

Heavenly Dao Reincarnation!

These four words seemed to have a powerful magical power. The living beings in the five sacred lands felt waves of palpitations and unease.

The five sacred lords' expressions were ugly.

When they heard the words Heavenly Dao Reincarnation, they couldn't help but recall the past. It was as if it was yesterday, and everything was still vivid in their minds.

In reality, the destruction of the three sacred lands had been caused by the five of them!

During that great turmoil, the Chaos Sacred King and Life Sacred King had fallen, and the Samsara Sacred King had gone missing.

The five Taishi Primordial Spirits were all injured. Before they fell into a deep sleep, the five Heavenly Dao Saint Artifacts had been handed to them so that they could preside over the situation and stabilize the three thousand worlds.

It was also because of the five Heavenly Dao Saint Artifacts that they were able to destroy the three sacred lands in one fell swoop!

In this life, the Heavenly Dao Saint Artifacts in their hands had been taken back, and they had lost their greatest reliance.

The Samsara Sacred Land, Chaos Sacred Land, and Life Sacred Land had not only risen again, but the number of Great Saints they had surpassed them!

They would suffer the backlash of the three sacred lands!

All of this was like the Heavenly Dao Reincarnation, karma, and retribution.

Even the hearts of the Five Sacred Masters started to waver.

But soon, the five sacred lords calmed down and regained their composure.

"As long as the five Primordial Spirits suppress the Samsara Sacred King, the situation will be settled!" the Yinyang Sacred Lord said in a low voice.

"That's right!"

The Heavenly Punishment Sacred Lord said. "The five sacred lands have existed for so many years, and we have a strong foundation. It won't be easy for the three sacred lands to defeat us!"

"What we need to do is to delay as much time as possible and wait for news from the five Primordial Spirits."

The Space-Time Sacred Lord said. "We don't have any Heavenly Dao Saint Artifacts, and neither do they. Even if they have the advantage in numbers, it will be difficult for them to kill us."

"Ancestral Fire, Guyao has already become a Great Saint. Which side will she stand on?"

The four sacred lords looked at the Ancestral Fire Sacred Lord.

The Ancestral Fire Sacred Lord shook his head lightly. "She won't stand on either side. Even if she sees me die, she won't do anything.

The moment she becomes a Great Saint, the karma between us will be completely severed. "

"Kill!"

Without any restraints, the numerous evil spirits and dark ghosts of the 33 Heavens could no longer hold themselves back. As if they had gone mad, they charged towards the five Holy Lands!

The Greater Thousand World fell into a huge turmoil once again!

The flames of war rose everywhere. Not many of the living beings of the Myriad Races were spared.

...

Boom!

The two Taishi Primordial Spirits, Yin-Yang and Heavenly Punishment, attacked at the same time. They took out the two Heavenly Dao Saint Artifacts, the Taiji Diagram and the Heavenly Punishment Sword, and suppressed Sacred King Samsara!

Yin and Yang chased each other, and the world spun!

At this moment, Sacred King Samsara seemed to be trapped in the Taiji Diagram, and he could be killed at any time!

Heaven and Earth were Yin and Yang.

Death and life were Yin and Yang.

Sun and Moon were Yin and Yang.

Day and night were Yin and Yang.

Cold and Summer were Yin and Yang.

Spring, Summer, Autumn, and Winter were Yin and Yang as well!

All things were Yin and Yang!

This was also the reason why Yin and Yang became the Heavenly Dao!

Even Sacred King Samsara couldn't escape from the Heavenly Dao of Yin and Yang.

The Taiji Diagram, the Heavenly Dao Saint Artifact, could only unleash its true power in the hands of the Yin and Yang Primordial Spirits!

The Heavenly Dao of Yin and Yang filled every inch of space, and there was nowhere to hide!

Buzz! Buzz!

The Heavenly Punishment Sword kept trembling.

Every time it trembled, it would release a dazzling bolt of lightning.

The Heavenly Punishment Sword was punishing on behalf of the heavens. What kind of power and power was this?

Only the Heavenly Dao could act on behalf of the heavens!

A sword light appeared in the Taiji Diagram.

The Heavenly Punishment Sword descended, and together with the Taiji Diagram, it slashed toward Sacred King Samsara!

Sacred King Samsara was trapped, but he wasn't anxious.

His expression was as usual as he casually tossed a pitch-black ancient book into the air. The pages of the book moved even though there was no wind. The pages opened one by one, releasing a black halo that blocked the Taiji diagram and the Heaven's Punishment Sword!

The Human Book!

To be precise, it was the Human Book after fusing with the Book of Life and Death!
