

The Eternal Supreme - Chapter 2231 – 2262

Chapter 2231: Chapter 2231

Chapter 2231: Chapter 2231-never to be separated

Xiao Hong's body suddenly stopped in its tracks, and a look of shock appeared on its face.

Yuan's voice was also heard. what are you doing?!

Zhuo kun's body began to fade as he slowly fused into Yuan's body. He looked at the person in his arms lovingly, his face filled with kindness.

Yuan was anxious and struggled with all her might, but she couldn't break free no matter what. She couldn't help but cry, "Stop it, you're going to die!"

"Didn't you say that you'll fuse together and never separate?" Zhuo kun smiled indifferently. This way, we won't be separated."

Richard cried, "I'm asking you to eat me!" You still want to step into the world King realm and strive for that higher realm. You're the man who wants to rule the world and roam the universe!"

"Without you, what's the use of me ruling the world?" Zhuo kun asked.

"I won't allow you to do this!"

Yuan's injuries had healed, and her strength had surpassed Zhuo kun's, so she immediately tried to stop him.

"I've already allowed myself to completely degrade," Zhuo kun frowned and said, "as a demon commander, you should understand that this process is irreversible. Even if you don't want my devil essence, I can't live anymore. Why waste it? I'm still hoping to use your body to pursue that higher realm." Yuan's shoulders trembled violently, and she was already sobbing.

He was unable to stop Zhuo kun's descent. It wasn't that he couldn't, but that he no longer wanted to. This process was already irreversible. She didn't want to waste a single drop of his devil essence. At this moment, she only hoped that he would be with her completely and forever.

I'll definitely fulfill your wish! Yuan cried. I'll let you feel the existence of the Saint Demon Realm and even higher realms through my body!

Zhuo kun lovingly stroked her long hair with a faint smile.

This smile was his best expression. His final voice and answer were forever frozen there, not going away for a long time.

Xiao Hong looked on quietly, but the AMO wheel did not slash down.

She let out a long sigh, and the mo weapon in her hand disappeared.

Because at this time, Yuan had already recovered. Even if it was somewhat unstable, the devil essence fluctuations coming from her body were only stronger than before. It would be meaningless for her to make another move.

Xiao Hong and Fei Ni looked at each other. Both of them had the same thought-it was not good to stay here any longer.

Currently, Yuan was still in a daze, while Zhuo kun's figure continued to fade away. However, his figure was indifferently fixed in the sky, like smoke and clouds. He didn't dissipate so quickly.

Yuan looked at it with infatuation, and her entire person seemed to have turned into stone. She didn't dare to touch the cloud of smoke, afraid that Zhuo kun would disperse at the slightest touch. She just watched it quietly, hoping that time would stop forever, until the end of time.

Feini sighed and said, "let's go." I used to hate her, but now that she's so pitiful,

I don't hate her anymore."

Xiao Hong nodded and said, "As long as Zhuo kun's image is still there, she won't move. We'll have enough time to escape."

Feini said, "the purpose of this trip has not been achieved. Qiu and the crocodile are still missing. Perhaps they went to the 'pit' they mentioned. He didn't know what a 'world pit' was and where it was. Let's go back to Yanwu first and discuss further."

Just as the two of them were about to leave, their bodies suddenly trembled and they immediately became alert.

Not far away, Luanyu, Shilong, and Yuanlong were standing quietly with dozens of true spirits behind them. They were all looking at them coldly.

Fei Ni and Xiao Hong's expressions changed drastically, and they knew that this was bad.

Chi and the other two Dragon sons “expressions also changed greatly as they stared at Luanyu with anger and killing intent.

“This is really interesting.”

Luanyu said with a fake smile. His tone was extremely cold, and his Green Dragon eyes flickered with excitement. He couldn't help but lick his lips, as if everything in front of him was already in his grasp.

Yuan shouted happily, “three brothers, well done!” This time, Li Yunxiao can't escape even if he has wings!”

The three Dragon children's faces were ashen. Chi even gritted his teeth and said angrily, “Idiot! In addition to Li Yunxiao, Luanyu was also the murderer of third brother!”

“What are you saying, fourth brother?” Yuan was shocked.

Blazing Oi came from nowhere- Knowing that he couldn't persuade this idiot.

he immediately scolded, “If I'd known this earlier, I would've killed you before the land of ten thousand spirits even opened, so that you wouldn't be helping the evildoer!”

“Fourth brother, you're hurting the relationship between us brothers by saying that, ” Yuan said unhappily.

Blaze was so angry that he was wailing. He wanted to kill someone but was stopped by Jing and Mang. Jing sighed, “he's just like that. No matter how angry you are, it's useless.” We should think about what to do now.”

Chi's expression changed slightly. With the three of them in their current condition, they were definitely not the opponents of Luanyu, Shi Long and the others. If Yuan could switch sides, they might be able to fight, but that was obviously impossible.

Luanyu comforted Yuan and said, “the three of them have always been muddleheaded. You know that.” After we kill Yunxiao and avenge your third brother, we'll take the three of them back and teach them a good lesson.”

The three people's expressions changed drastically when they heard this, and they couldn't help but feel a chill run down their spines. If he was brought back, the outcome could be imagined. His dragon essence would most likely be extracted and become the drug primer for his failure to resist the five decays of heaven and man.

Yuan nodded his head seriously and said, “Father is right.” The three of them were so angry that they wanted to rush up and beat him to death.

Fei Ni and Xiao Hong were panicking. Even though they were both leaders of their own territories, the difference in power between them was too obvious. There was no chance for them to turn the tables. They could not help but feel anxious.

Xiao Hong calmed down and replied, " the three Dragon sons seem to be facing a great enemy. Why don't we join forces with them? maybe we'll have a chance.

Feini nodded her head and looked over.

Who knows if it was intentional or not, or if Chi and the others did it on purpose, their gazes also happened to be cast over. The two of them looked at each other and immediately understood each other's thoughts. They could not help but nod.

How could this scene escape Luanyu's eyes? he chuckled and said, "It's really strange. Yuan 'er, look at your three useless brothers. At this moment, he wants to join hands with Yunxiao's men to deal with us."

Yuan's eyes were filled with anger. my three brothers, " he shouted, " are you all out of your minds?!

"Waaaaahhhhhhhhhhh! I really want to tear you apart!"

They were in a dire situation and would die if they weren't careful. This stupid thing was still helping the enemy.

"Since fourth brother says so," Yuan said angrily, "it's just as father said, you're stubborn. In that case, I can only join hands with Royal father and capture my brothers first!"

"Before the land of ten thousand spirits opens, I should have killed this brat first!" Chi gritted his teeth and said.

"It's too late now," Jing said. If we work together with the heavenly Phoenix and the others, we still have a chance to turn the tables."

"Tsk, tsk, you guys are a disgrace to our dragon clan. The picture is too simple, so this King will do his duty as a father today."

Luanyu sneered. The many true spirits behind him immediately roared wildly, and the aura on their bodies instantly soared.

The killing intent that had just risen suddenly seemed to have frozen. The surrounding temperature did not drop, but everyone felt an unusually cold aura spreading in their hearts, almost freezing them all.

Luanyu's expression changed as she looked at that Yuan in shock.

Yi didn't move at all. His body was hidden in Zhuo kun's faint shadow, but his face was covered with a layer of frost. whoever dares to make another noise will die!

Her words were filled with unparalleled cold killing intent, causing one to smver.

When those true spirits went berserk, the space trembled and Zhuo kun's illusory figure became a little dazed. His figure had become much fainter, causing her eyes to turn red. Those true spirits had already entered her kill list and were already dead in her eyes.

If not for the fact that she was unwilling to leave Zhuo kun's embrace, she would have already killed him.

Luanyu was slightly shocked. He had also seen the scene just now. After Yuan had fused with Zhuo kun, not only had her injuries completely healed, but her aura had also reached an extremely terrifying level.

He cupped his fists and said, "Sir, you must be the devil Lord of the devil realm."

I am luanyu. Back then, Lord Zhuo kun was a good friend on the same Battlefield. We had gone through life and death together, and we were like brothers. I didn't expect that after a hundred thousand years, we would be separated by heaven and earth, never to see each other again."

"It turns out that father also knows that person, and they have such a deep relationship!" Yuan jing said.

Luanyu secretly rolled her eyes at him and continued, "Back then, Lord Zhuo kun's heroic bearing, wisdom, and courage were all worthy of admiration. The laughter and laughter, the voice and smile of pointing out the country, were like yesterday. Although it's like a dream, it's been passed down for thousands of years, sad and sorrowful."

When it came to the emotional part, he couldn't help but wipe his eyes with his sleeve and continued, " "This li Yunxiao harmed my beloved son, and now he has harmed Lord Zhuo kun. I, luanyu, swear that I will definitely kill him to avenge my Lord!"

He said it firmly and with righteous indignation, full of anger and righteousness.

The entire sky quieted down, and everyone watched him quietly. Luanyu sneaked a glance at Yuan, but did not see any reaction from the other party, and could not help but Mutter in her heart.

He didn't know what Yuan's attitude was, and if he made a move, would it make her unhappy?

Just as he was hesitating, Yuan finally spoke, "I'll say it for the last time, all who make noise-die!"

"You coward!"

Luanyu was furious. He had said so much with great emotion, but it was actually a waste of effort.

However, the current situation was extremely good. The three Dragon children, Fei Ni, and Xiao Hong working together were barely able to match up to Yuri's side. Although Yuan also wanted to kill Yunxiao, she had become The Guardian of the weaker side, making Luanyu not dare to act rashly.

"Good! As the saying goes, the dead should be respected, let alone brother Zhuo kun!"

Luanyu thought about it again and again, and felt that it was not appropriate to fight with Yuan, so she immediately said, "For the sake of brother Zhuo kun, I'll let Yunxiao and the others live a little longer. Everyone, listen up and mourn for Lord Zhuo kun."

He was the first to lower his head, his expression filled with grief.

The true spirits also hung their heads, looking weak, and some even let out low, sorrowful cries..

Chapter 2232: Chapter 2232-should I save him?

Fei Ni was speechless and cursed, "That's enough!"

I can't believe a true dragon like him has become like this. Xiao Hong shook her head. it's disgusting.

The three Dragon children seemed to have heard their conversation, and their faces were all hot and embarrassed.

"Regarding Mister Zhuo kun's death, we are also helpless. Since Mister Yuri is here to mourn for us, we won't disturb him and will take our leave. Everyone, goodbye."

"You want to leave? Hmph!"

Luanyu snorted coldly, his pained expression immediately turning murderous.

Feini sneered, "didn't my Lord want to mourn?" Do you dare to make a move here? Lord Zhuo kun's afterimage is about to disappear. Will you be able to take the consequences of angering this great aunt?"

Luanyu was slightly surprised. She looked in the direction of Xiang Yuan and saw that Zhuo kun's shadow was indeed getting fainter and fainter. Yuan's emotions seemed to have started to fluctuate. Her face was filled with pain, reluctance, and despair.

"Let's go!"

Just as Luanyu was distracted, Feini and Xiao Hong blinked at each other and turned into a ray of light, flying away.

"Chase!"

Luanyu was taken aback. She could not let Yunxiao run away with this once-in-a-lifetime opportunity. Even if he had to let the three Dragon sons go for the time being, he had to take down Yunxiao.

But at the same time, he was afraid of offending Yuan, so he said in a deep voice, "Be careful, don't let the energy fluctuations be too great."

If all of the true spirits were to charge forward at the same time, they would be in deep trouble if Zhuo kun's projection were to be dispersed by the shockwaves.

The group of people carefully turned into streaks of light and purposely made a detour before they chased after Fei Ni and Xiao Hong.

In the misty clouds, there were hundreds of martial artists sitting cross-legged around a huge water mirror. Each of them made a hand seal and entered the mirror light.

Nanqiu Yu stood with her hands behind her back and looked on quietly, but her expression was not good.

This heaven peeking mirror shadow technique was completely different from ordinary water mirror techniques. It was a Supreme mystical power. Within a certain range, as long as there was light spilling out, it could completely capture the image, which had nothing to do with the cultivation of the martial artist.

For ordinary water mirror Arts, if the person peeking at it was powerful, they would be affected by the spatial fluctuations and would not be able to see clearly, or it could be said that they would not be able to form at all.

However, even this mirror image technique was completely useless just now. All it projected was a dense black light, dark and without the sun and moon.

She had never encountered such a situation before, and it made her anxious as she paced back and forth.

The scene just now happened to be the fierce confrontation between Yunxiao's three thousand worlds and the six demonic weapons, which had even broken the sky-peeking mirror shadow.

"Alright, he's appeared!"

"It's repaired!"

Suddenly, a few exclamations rang out, and the hundreds of figures immediately began to clamor, all breathing a sigh of relief.

don't slack off," nanqiu Yu hurriedly shouted. the mirror image has just recovered and is not stable enough. Continue to use the incantation seals to strengthen the formation!" The images were blurry, but he could still see a lot of them.

The people repairing the mirror didn't dare to delay and continued to cast incantations into the mirror light.

Nanqiu Yu's eyes shot out a sharp light as she stared at the light screen.

After a while, the figures in the light screen moved and quickly dispersed, leaving only Yuan's figure standing there alone. It was as if he wanted to embrace Zhuo kun, but no matter how hard he tried, he could not hold onto the already blurry figure.

The atmosphere in ethereal clouds turned heavy. Everyone was silent, as if waiting for nanqiu Yu to make a decision.

"Do you guys think that Yingluo should go and save feini and Xiao Hong?"

After a long while, nanqiu Yu finally spoke, her tone hesitant. He turned around and looked at the elders behind him.

"I want it! Of course we have to save him!"

The illusory light of the chains of law flickered in the sky, and Zhuo qingfan's figure appeared. His ashen face was filled with rage as he said coldly, "Saving the two of them is the same as saving li Yunxiao. Yunxiao is the leader of the heavenly martial Alliance. If he dies here, you won't be the only ones in trouble, but the entire heavenly martial realm!"

A red-robed elder said, "it's reasonable to save him." But how? Luanyu is leading two creation realm experts and dozens of true spirit realm experts to chase after them. Can our natural moat ocean stop such a force?"

Zhuo qingfan immediately said, “the location of the heavenly Palace is illusory. Lure feini and Xiao Hong in, then use the formation to confuse luanyu and the others.” We can also ask for help from Yanwu, and reinforcements will come soon.”

“Childish,” the elder sneered. If he wanted to bring the two of them into the heavenly Palace, he had to show himself. Once they appeared, it was impossible to shake off the Yuri family’s pursuit. Besides, you’ve overestimated the defense of the heavenly Palace. Can it last until the experts of Yanwu arrive? I don’t think it’s possible.”

the world is in trouble now, ” Zhuo qingfan said coldly. if the devil race invades, the people will be plunged into misery and suffering. Not only did you guys refuse to take responsibility, but you also refused to help. Besides, if Yunxiao dies, Yanwu will be in an uproar, and the fact that you left him to die will be exposed. It’s hard to guarantee that Yanwu will not vent its anger on you.”

what a joke! the elder rebuked. do you think we’re afraid of Yanwu? Moreover, why should I save him? Just because he was the leader of the heavenly martial Alliance? The natural moat ocean had not been involved in worldly affairs for a long time, so they had no interest in these things. If you don’t want to save us, you don’t have to reason with us.” He was clearly really angry.

“Old man!” Zhuo qingfan cursed angrily. Pig brain! If the heavenly martial Union collapsed, no one in the world would be able to resist the demonic Army. At that time, you will also have to kneel in front of the demons and call them father! You’re not interested in worldly affairs? I think you’re brainless! After cultivating in seclusion for so long, your intelligence has all dropped!”

“You dare to scold me!”

The elder shot to his feet, his eyes filled with killing intent. He glared at Zhuo qingfan like a venomous snake.

“Hehe.” you’re so powerful, Sir, ” Zhuo qingfan said with a smile. I was so scared.

“You coward!”

The elder was furious and was about to make a move when he was immediately pulled down by the people around him.

“I wouldn’t have scolded you if I was afraid of you,” Zhuo qingfan sneered.

Since I dare to curse, I naturally won’t provoke an ant like you.”

Nanqiu Yu’s head hurt and she quickly advised, ” “Alright, alright, let’s stop talking. What was the point of conflict at this time? quickly think about whether to save the two of

them or not. I'm wrong. I'm going to save her and Yunxiao, as well as the many experts in the divine realm tablet."

"I think he can be saved," Qin Fei said. Lord Zhuo qingfan is right. Li Yunxiao can't die."

The rest of the elders also began to discuss among themselves. They all had different opinions.

"Let's stop discussing and vote," Nanqiu Yu said. Save or not to save!"

Soon, all the elders expressed their stand. Most of them gave up and felt that it did not matter. The remaining people who voted to save him won by a slight margin.

The face of the elder who suggested not to save him turned ashen. He couldn't hold it in anymore and said angrily, "Have you all really thought it through? Saving Yunxiao is not only a matter of whether he has the ability or not, but it is also very likely to affect the major Affairs of our sect!"

"Since the result is out, elder Zhang, there's no need to say anything more," Nanqiu Yu said. As for the result, he would do his best. If Li Yunxiao dies, it will indeed have a great impact on our sect and the whole world."

Elder Zhang snorted in anger and left with a flick of his sleeves, no longer paying attention to the crowd.

Nanqiu Yu! Zhuo qingfan was overjoyed. I've known you for so many years. This is the happiest I've ever seen you make me happy.

"It's everyone's responsibility to see the rise and fall of the world," Nanqiu Yu smiled bitterly. I'll let Lord Xu Kong out now, and you can go to Yanwu and get help. I'll try my best to stall for time."

With that, several incantation seals were sent into the sky, shaking the nomological light up and down. With a whoosh, it disappeared.

Without another word, Zhuo qingfan disappeared into the horizon.

Nanqiu Yu looked at the huge mirror image and immediately ordered, "Open the gate of the heavenly Palace and fully activate the misty cloud formation.

After giving the order, his figure flickered and disappeared from the spot. He actually wanted to personally welcome the two girls.

In the sky above the sea, white clouds suddenly rolled. The originally clear sky suddenly became a vast expanse, like fog and illusion.

Feini and Xiao Hong were startled and stopped in mid-air, looking ahead in shock.

why is there a sudden change in the weather? is there an ambush ahead? ” feini asked in shock.

“How’s that possible?” Xiao Hong chuckled. We’ve just come out of the land of ten thousand spirits, and this is the North Sea. Not to mention that it was impossible for there to be an ambush, even if there was one, they would be courting death. Moreover, the weather above the four Seas is unpredictable, and there are even weirder celestial phenomena.”

Feini was a little embarrassed and said, ” “So that’s the case. Younger sister is really experienced and knowledgeable. My sister is rarely out at sea, so she feels a little strange. In that case, let’s go. Furthermore, these clouds are truly strange in number. They can also block the ruling plume for a while.”

Xiao Hong laughed bitterly and shook his head, ” “It’s just a few clouds, how can they stop a true dragon? Don’t say anymore, let’s continue.”

The two of them talked for a while and recovered some strength before flying into the clouds.

As soon as they stepped inside, their expressions changed.

how is that possible?! Xiao Hong exclaimed in shock.

As soon as he entered the clouds, his sense of direction instantly disappeared, as if he was lost within.

“There’s indeed an ambush,” feini said in a deep voice. But it’s indeed strange. It shouldn’t be someone from Yuri clan. Then who is it?”

“There shouldn’t be anyone capable of trapping us on the North Sea,” Xiao Hong said.

“Hehe, I wouldn’t dare to say that I’ve trapped him. I’m just using a small trick to help the two of you.”

Within the misty cloud formation, a golden light appeared, and nanqiu Yu walked out, stroking her beard and smiling.

“Lady nanqiu Yu!” Feini was shocked and overjoyed.

“That’s me,” nanqiu Yu replied with a smile. I heard that the two Daren are in

trouble, so I specially came to welcome you.” His eyes fell on Yunxiao, who was in feini’s arms, and he said, ” “Is young master Yun alright?”

“Thank you for your help, my Lord.” Feini said happily. Her husband had only fainted from exhaustion and was not in any serious condition. I’ll be fine after a short rest.” that’s good, ” nanqiu Yu said, relieved. follow me.

[I didn’t update today..]

The two of them were overjoyed and followed behind nanqiu Yu, quickly disappearing into the misty cloud formation.

Feini said, ” there are still many experts from the heavenly martial Union in the divine realm tablet. However, my husband is unconscious at the moment. They can’t come out for the time being. As long as husband can wake up, we can summon them to fight the enemy together.”

“That’s good,” nanqiu Yu nodded.

In fact, he was still a little worried. After all, he was the one who had led Yunxiao into the land of myriad spirits, and if he knew about it, he did not know what kind of storm it would cause.

Yunxiao’s control over the divine realm tablet was much better than before. In the past, the strength of Duanmu Youyu and the others was enough to break out of the void, but now, it was a complete and solid world, and they could not get out without absolute power.

The three of them took a few steps in the clouds and completely disappeared.

In just a moment, luanyu and the others caught up. Staring at the misty sea of clouds, their faces sank.

“Father, there seems to be a problem with Yun Qianqian!” Yuan jing said.

Luanyu sneered and said, “a bunch of ignorant people. Can this kind of insignificant Skill Stop me?” However, this seat is rather curious. Those two girls definitely didn’t have the time to set up a formation at the last minute.

Who did this?”

“No matter who did it, anyone who dares to go against me is courting death,” Yuan said. Let this child break this formation!”

Luanyu nodded and said, “perhaps it was here since early in the morning and just happened to be borrowed by those two girls.” This formation is indeed quite unique. It

actually concealed the auras of those two girls. The person who set up this formation must have some skill.”

Yuan’s eyes turned cold, and the Dragon Qi in his body instantly burst out, forming a storm outside his body. Under the rotation, it turned into a saber shadow and slashed straight!

“BOOM!”

The sky was clearly split open, and the White clouds in front of him were split into two. In the center was a bottomless crack. The White clouds churned violently, and as the crack continued to expand, they spread to both sides.

However, it stopped after a short while. The White clouds were still and unmoving, but they had transformed into two seas of clouds.

Yuri and abyss’s expressions turned ugly.

“You Xuan, you’re the spirit of wind gathering,” Yuan suddenly shouted, “blow away these clouds!”

‘Yes!’

A green-skinned true spirit behind him replied. His body was like a hunchbacked old man with a row of bone spikes on his back.

You Xuan walked forward and activated his origin power. The surface of his body was instantly covered with a layer of green mist. His mouth and tongue were like a bird’s beak. The bone spurs behind him instantly straightened. His large hand, which was like a futon, formed a seal in front of his body and struck out fiercely!

“Hu hu!”

A burst of Green Wind surged between heaven and earth and turned into hundreds of tornadoes, overwhelming the sky and earth as they rushed toward the misty cloud formation.

The two clouds were blown thousands of feet away before they stopped, but they didn’t dissipate. The green Wind also blew into the clouds and disappeared.

Beads of sweat appeared on you Xuan’s face. He had tried his best, but the results had been minimal. He was afraid that Yuan would blame him for being dissatisfied.

“This thing is like marshmallow,” Yuan shouted. “I can’t get it open no matter what.”
Father, what should we do now?”

Luanyu said with a gloomy face, “these clouds must be supported by an extremely powerful formation. That’s why they don’t scatter.” Since that’s the case, let’s enter this formation. I don’t believe a mere bewildering formation can trap me!”

The group of people stepped into the formation and immediately felt their five senses lost, and their divine sense was difficult to distinguish.

it’s a pity that big brother’s consciousness isn’t clear, ” Yuan said in a deep voice. otherwise, with his divine power, the five dragons sky-ripping howl, he would definitely be able to break this strange maze.

Shi long followed behind the two, his face blank as if he didn’t hear anything.

Luanyu turned around and glanced at him indifferently. Suddenly, his eyes flashed with a bright light and he said, ” “The five dragon Sky-ripping howl?”

Shi long seemed to have received an order. His body moved, and in a flash, he rushed into the sky.

Then, a Dragon field opened up and pressed down on the clouds.

Dragon light flickered in the Dragon Realm. Suddenly, five dragon silhouettes appeared. They seemed to descend from the sky and started to chase and spin around each other.

it’s this move! Yuan was surprised and happy. it’s this move!

The five light Dragons spoke in the Dragon language and turned into balls of light that flew out. They formed a magnificent picture of five dragons spitting pearls in the sky. The pearls formed by the Dragon language arranged themselves in a certain order and suddenly shattered!

Dragon roars burst out from the diagram, and the entire sky shook. The sound waves turned into sharp astral winds that slashed in all directions like blades.

The faces of the true spirits all changed, and they covered their ears with all their might, letting out painful cries from their throats.

You Xuan’s body was also trembling violently. The layer of green mist was like a defensive armor, and it was shaken by the sound waves.

At this moment, tens of thousands of sword lights suddenly flew out from the clouds and slashed toward the five dragons!

However, although the sword radiance was sharp, it was unable to get close to the Dragon’s body and was directly destroyed by the sound waves.

“Hmph! Finally, you can’t help but make a move?”

Luanyu laughed coldly and leaped up. Under his hand seals, a Dragon Seal fell from the sky, pressing down towards the clouds.

“Boom boom boom!”

A large patch of clouds crumbled and countless formation lights rose from all directions, exploding into vortexes. This was a sign that the formation had been broken.

Above the heavenly Palace, nanqiu Yu and the others ‘expressions changed drastically.

“How could it be so fast? Originally, as soon as they entered the array, my heart was at ease, but I didn’t expect that it would be broken in the blink of an eye!”

“After all, there are two manifestation Stage practitioners here. No matter how strong the formation is, it won’t be able to stop them. It’s only a matter of time before it’s broken, but isn’t it a little too fast?”

The elders in front of the square began to discuss among themselves as they looked at the huge water mirror. Many of them looked worried, and some of them even regretted saving feini and Xiao Hong.

Feini was also worried, “my Lord, what should we do?” Why don’t we abandon the city and head to Yanwu? We’ll be safe as long as we get back to Yanwu.”

“No! The heaven Palace has been the base of the heavenly moat ocean for countless years, and I would rather die than abandon it.

An elder immediately refuted. The rest of the elders were also determined not to leave.

“Don’t panic, everyone,” nanqiu Yu said. Although the natural moat ocean doesn’t care about worldly affairs, the foundation it has accumulated over countless years is not something that can be compared to.”

He took out an item from his hand and a small mountain appeared in his palm. He could not help but look at Fei Ni and smiled, “Young master Yun seems to have a profound level weapon called the ‘seven-colored Tusita Heaven’ ,”

Feini nodded gently and said, “that’s right.” It’s made from several types of mutated earth elements.”

“The mountain in my hand is also an extremely powerful mutated earth element called ‘traceless’.” It could be used to block them. It’s a pity that it’s only one element. If I could have the cooperation of young master Yun’s Tusita peak, I would be able to achieve half the result with twice the effort.”

Feini glanced at Yunxiao, who was still in a coma, and said worriedly, "I'm afraid it's Yingluo."

"I'll try." Suddenly, a faint sound came out of Yunxiao's mouth.

"Argh! My husband!"

Feini was shocked and quickly went forward to check on his injuries. Yunxiao opened his eyes slightly. He was still extremely weak and barely breathing.

I'm sorry, " Yunxiao forced a smile and said. I've made you worry.

Feini was both sad and happy. She said bitterly, "Why would husband and feini say such words?"

"Help me up," Yunxiao said.

His body was completely empty, as if he was only a skin bag. His spiritual energy was completely empty, and his meridians were like dried up rivers, completely shriveled.

Feini could clearly feel Yunxiao's skin shriveling when she touched it, and she could not help but feel her heart ache, and tears flowed down her face.

Xiao Hong was also shocked by how weak he was. She couldn't help but ask, "what kind of sword is that? how could it suck you up to this point?!"

"Sword? What sword?"

Nanqiu Yu asked, frowning.

He grew suspicious. The part where the water mirror image lost was when they were swept into the six paths space, and he did not see who Yunxiao was using. By the time the video recovered, they could see that Zhuo kun and Chi were heavily injured.

it's a long story. Yunxiao shook his head. I'll try to take out the Tusita heavenly peak first.

Nanqiu Yu was taken aback. She had thought that his weakness was normal after exhausting his energy. But now, seeing how difficult it was for him to even retrieve a profound level weapon, he finally understood that it was extraordinary.

Feini took out some pills and treasures and fed them to him, hoping that they would help him recover some strength. However, it was as if they had sunk into the ocean, and there was no reaction.

Yunxiao took a moment to recover, then raised his hand and tried to rotate his dantian. However, his dantian was empty. There was no power, not even

demonic Qi.

He gritted his teeth and groaned. He bit the tip of his tongue to let his blood flow out and then swallowed it.

Suddenly, a warm feeling flowed through his body, and a slight power of blood flowed into his meridians.

It was only then that a faint light emerged from Yunxiao's palm, and the Tusita heavenly peak slowly flew out.

that's great! nanqiu Yu was overjoyed. if we have this as the formation eye, we can definitely trap that Yuri for a while!

Yunxiao nodded slightly, then bit his fingertip and drew a few runes on the mountain. After sealing his divine sense, he gave it to nanqiu Yu.

At the same time, he exerted all his strength to take out the divine realm tablet. He had Bo mu and the others inside come out.

After doing all of this, his entire body went limp once more, and he felt as if the blood in his body had dried up.

"Fly away, you're so proud!"

When qu Hongyan and the others came out and saw Yunxiao's weak state, they immediately understood and were all surprised.

"I'm fine," Yunxiao said weakly. I just need some time to recover.

He said it lightly, but he also understood that it was relatively easy to recover his spiritual energy. The exhausted essence, Qi, and spirit had not been recovered since he had refined them into floating state,

It was as if the sword was pressing down on his dantian, blocking his self-recovery ability.

"You guys chat first, I'll go and stop that luanyu," nanqiu Yu said.

He raised the traceless mountain in his hand, sent a few runes into it, and immediately broke through the air.

Within the misty cloud formation, as the White clouds continued to disperse, the sky suddenly turned dark, and a large amount of dust appeared.

The dust particles began to gather and form mountains with a radius of several hundred feet.

Luanyu looked at him coldly and said in a cold voice, “you only know how to play with some insignificant tricks?” The person hiding in the dark, wait for me to kill my way over and I’ll directly smash you into dust!”

The thousands of mountains seemed to be responding to Luan Yu’s words, and suddenly fell from the sky.

The air was blasted with layers of air waves, and the entire sea was set off by the terrifying pressure, surging in all directions.

Luanyu and the rest stood in the middle of the tens of thousands of mountain peaks, allowing the heaven and earth to turn upside down as the tens of thousands of mountains fell like rain.

“You want to suppress us with your strength? dream on!” Yuan Qian laughed.

“BOOM!”

“BOOM!”

The mountains landed in the surroundings, shaking up a large amount of dust. An earth-elemental enchantment appeared in the sky, and it was as if the power of the earth was pressing down.

“Shatter it!” Luanyu shouted.

yes, ” Yuan replied. He clenched his fist, and Dragon Qi burst out in all directions. Then, a dragon light rushed into the sky.

At the same time, a six-colored ray of light spun out of the sky and fell.

Luanyu’s eyes slightly widened as she warned, “be careful.” He had seen the Tusita heavenly peak before. Back then, he did not dare to fight it head-on with his strength as a divine sovereign realm expert. Only those in the void realm could resist it. But with Yuan’s power, it should not be a problem.

“BOOM!”

Yuan’s punch landed on the Tusita heavenly peak, causing the mountain to collapse and the earth to crack. Countless soil and rocks were sent flying. The six-colored light

seemed to have been frozen, and the power of the punch actually managed to withstand the mountain.

Yuan's expression changed, and he seemed extremely dissatisfied. He gritted his teeth and said angrily, "What the hell is this?" He felt that his punch should have shattered this earth-elemental world.

Yuan Meng gritted his teeth and poured more strength into his arm, increasing it by a little. The entire mountain suddenly shook violently, and cracks spread out like a spider web. The mountain peak finally couldn't take it anymore and exploded with a boom. It was as if the world had collapsed. The six-colored light dissipated and fell into the thousands of mountains.

In the heavenly Palace, in front of the water mirror's image, Feini could not help but exclaim, "It actually shattered!"

Qu Hongyan said, "With Yuanlong's strength, it's normal for him to shatter the mountain with one punch." What I'm worried about now is that I don't know what else can stop them."

Yunxiao frowned slightly as he watched. At his current level, the Tusita heavenly peak was indeed not of much use, but it was, after all, a profound level weapon that had accompanied him all the way here, and had made a lot of contributions. She still felt sad when she saw it being destroyed by someone.

"Everyone, don't worry and don't be sad," Nanqiu Yu said. The destruction of the Tushita heavenly peak was within my expectations, but I had no choice. Only when the seven elements are combined can sacred mountain unleash the power of 'spirit trapping'.

In the water mirror, after the Tusita peak exploded, a large amount of earth elements disintegrated and scattered into the surrounding mountains and valleys. The entire world was filled with a thick smell of dust, causing Luanyu and the others to frown.

"What's going on?"

Yuanlong was shocked. Although he had destroyed the Tusita peak, he did not get rid of the whole predicament. On the contrary, the sealing power was even stronger than before.

The countless mountains formed by the strange soil traceless had disappeared. Standing around them were a total of seven huge mountains, giving off different lights. They actually fused together in the sky and condensed into a realm barrier.

"The seven-colored Tusita peak?"

Luanyu was shocked, but it didn't feel like it. Regardless, the seven-colored earth-elemental radiance was not much different from the seven-colored Tusita heavenly peak.

Yuan Qi shouted loudly, flew up, and threw several punches. The Dragon lights struck the seven-colored barrier, creating deep vortexes and causing sacred mountain to tremble.

lady nanqiu Yu, you've been plotting against my Dou Shuai heavenly peak since the beginning.

In the heavenly Palace, Yunxiao stared at the light screen for a while and said coldly, " if I didn't do something from the start, how could the seven earth elements fuse so perfectly? "

"Hehe."

Nanqiu Yu smiled awkwardly and said, " I've been thinking about this ever since I saw young master Yun's Tusita sky peak. This was because the natural moat ocean happened to have this piece of 'traceless' strange soil, and it had been nassed down along with the formation of three mountains five peaks. The

formation also said that if you can gather all seven types of mutant soil, the three mountains five peaks formation will be able to trap a spirit."

Yunxiao nodded. all techniques are connected. The principle of this array is most likely the same as the refining method of the Tusita heavenly peak. Judging from the power of the formation, it should be able to trap them for a while. I wonder if I can take back the seven paths of strange soil?"

Nanqiu Yu said,'difficult! If luanyu and the others scattered them, these earth elements would lose their special power and would probably directly condense into a mountain range, falling into the sea and forming a mountain-like Island."

it's a pity, " Yunxiao sighed. although it's not as I wish, I can only do this. After saying that, he continued to use the four great divine arts to regulate his breathing.

Moreover, he didn't care about anything else, and directly used it in front of everyone, which made everyone in the natural moat ocean look at him with their eyes wide open, hoping to see something.

Although the four divine arts were wonderful, they were of little help to Yunxiao. He had been in this strange state ever since he made master floating. it's useless. That sword has merged with the mysterious space, and its power has already transcended a world. It will drag you down directly. Unless you can completely control the Shen methodology,

you will not be able to control the sword. In the future, you will only be a burden on the Shen methodology.”

Suddenly, a man’s voice rang out in his heart. It was so sudden and inexplicable that it gave Yunxiao a fright.”Who is it?”

“Hehe, me? I was just a little curious, so I came over to take a look.”

The voice chuckled, as if it was praising him. “You’re not bad. If we can overcome the sword’s weakness, then we might be able to break out of this realm and surpass the realm King.”

Yunxiao was extremely shocked. He had only come to see out of curiosity when he heard the man’s words. What was going on? Not only was he stunned, but he was also a little shocked and afraid.

After all, no matter who it was, to suddenly find out that someone had directly entered your heart to ” take a look ” out of ” curiosity ” and even talked to you, that kind of feeling was really inconceivable and made one’s hair stand on end.

“Who the hell are you?” he shouted again. And where did it come from? Don’t be so sneaky!”

The voice laughed and said, ” if you can break out of the realm of heavenly martial arts in the future, you may know who I am and where I came from. This sword wasn’t something that you could’ve forged with your abilities, but since you managed to forge it by chance, then it’s up to fate. Since this is the way of the heavens, I don’t mind giving you a clear path. With your current strength, it is impossible for you to grasp the complete Shen methodology. Other than that, there’s another way to suppress the power of the sword, and that is to use the soul of the true dragon as the spirit to suppress the burden that the sword has on you. Otherwise, if you continue like this, your death is only a matter of time.”

“The soul of a true dragon? Ruling plume?” Yunxiao was taken aback.

The voice continued, “although luanyu’s strength has fallen, he is still a true dragon. Moreover, at his peak, he was one of the most powerful true dragons in history.” If you don’t like him, you can wait for the next true dragon to appear. It shouldn’t be long now.”

Yunxiao was shocked. The space-time coordinates given to him by the hundred-wheel knot were indeed not far away. How did the person in her heart know?

“My Lord, Who are you? Are you a senior expert from the realm of heavenly martial arts?”

Yunxiao immediately became respectful and said solemnly, "If senior is an expert of this world, then now that we're facing a demonic tribulation, I hope senior can step forward and protect this world."

"Protect this world? Hehe.

The voice laughed without any emotion. It was just a pure laugh.

If you want to eliminate the hidden danger of the two worlds forever, you can go to the devil World after you have suppressed the sword and cultivated to the realm of

World King."

"A trip to the devil World?" senior, " Yunxiao said in surprise. can you say more? "

"I've already said a lot," the voice said,"if it wasn't for the fact that I'm happy to see that you're a good junior, I wouldn't have contacted you. That's all I have to say. Take care of yourself. Before you break through to the realm King, we probably won't have the chance to contact each other again."

Yunxiao could tell that he was going to leave, so he said in a hurry, "Senior, please wait a moment. I still have one more thing to ask. Where did senior come from and enter my heart?"

The voice was silent for a while, and just when Yunxiao thought he had left, the voice rang out again. "This is just a wisp of my spiritual sense. You were the one who caught my attention when you swung that sword in the six realms.

That's all I have to say, I won't say anymore, I won't."

The voice finally died down, and no matter how Yunxiao called out, there was no reply.

Yunxiao felt a pang of discomfort in his heart, as if someone was peeking at him. This feeling was similar to when che you was around, but it was also different.

At least he knew about che you's background, but this person was as mysterious as a tea egg, he had no clue at all.

The only clue was that this person came from the six realms. If he wanted to see him again, he would have to go to the six realms. And from what he said, it seemed that he might not see him even if he went to the six realms.

Also, this person's strength was very likely to have surpassed the world King realm. He wondered what kind of existence he was.

Yunxiao had a trace of nostalgia for the Supreme realm. But there was no doubt that there was still a long way to go, and he didn't know if he could successfully overcome the crisis in front of him.

“The sword spirit? the soul of the true dragon?”

Yunxiao's eyes flickered, and the blood in his heart began to burn. I've finally found a way to deal with this sword. It's just the soul of the Yuri. How can I get

Now that luanyu was outside, forget about going out to extract his soul, as long as he didn't come in, he would be thankful..

Chapter 2235: Chapter 2234 -reinforcements arrive

“Feiyang, what's wrong?”

Qu Hongyan could not help but ask with concern when she saw that he seemed to be a little flustered.

I'm fine. Yunxiao shook his head and said, " I'm fine. I'm thinking about how to deal with Yuri."

Nanqiu Yu said, " they have two creation realm experts. Zhiyu himself is not far from the creation realm. With so many true spirit realm experts, the natural moat ocean will definitely not be able to hold on. We can only delay as much as possible and wait for the reinforcements from Yanwu."

At this moment, a powerful light burst out from the three mountains five peaks. The seven-colored formation light was unstable, and no one knew how long it could last. lady nanqiu Yu, " Yunxiao suddenly asked. has Zhuo qingfan been staying with you all this time? "

Nanqiu Yu's heart skipped a beat, and she said, " "What's wrong?" The rest of the elders were also shocked.

These people were used to living in seclusion and only knew how to cultivate.

Only nanqiu Yu could deal with the ways of the world. The rest of the elders 'expressions changed, and the heavenly martial League immediately noticed the abnormality.

but, " Yunxiao said calmly, " Zhuo qingfan has been out for a long time and has not contacted me. He is very worried.

Nanqiu Yu was depressed. She knew that they had already seen through something, but she could not explain it, so she said, "Young master Yun, don't worry. Lord Xu Kong was indeed here with me just now, and we had a good chat. They've already returned to Yanwu to get reinforcements." that's good, " Yunxiao said. I can finally rest assured.

Even though he knew that there was more to it, it did not matter as long as Zhuo qingfan was safe and sound.

Nanqiu Yu also heaved a sigh of relief. This matter seemed to have passed just like that. She said, " Even if the reinforcements from Yanwu don't arrive, with you here, we should be fine.

Beiming Nan and the others nodded slightly and began to meditate, speeding up the recovery of their strength.

Yunxiao took out a divine pill from his body. It was the only remaining one he had obtained from the Emperor pill tower.

In his current condition, it would take at least three to five years to recover his strength. He could only find a way to rely on external forces.

The pill dissolved as soon as it entered his mouth. A Nebula-like energy spread out in his dantian and flowed into his meridians. His shriveled meridians were like rain after a long drought as they stretched out. Yunxiao's face was slightly flushed.

At this moment, within the three mountains five peaks.

A large number of attacks landed on the seven-colored barrier like raindrops, and bottomless cracks appeared around the mountain. The seven-colored light kept changing.

"Dammit! We're really trapped!"

Luanyu began to worry. She had originally thought that the barrier would be easy to break, but after bombarding it for a while, although it caused the earth to shake and the mountains to shake, there was no sign of it breaking.

Yuan's fighting spirit was still high, and he said loudly, "Father, don't worry. Although this array is strong, as long as you keep attacking, you will be able to break it!"

Luanyu cursed in his heart, "idiot!" If they were exhausted from the bombardment, those people hiding in the dark would counterattack and kill them. Then, it would be us who would have to run for our lives.

However, there were too many things he had to rely on Yuan for, so it was not convenient for him to scold too harshly."Yuan 'er, you should rest for a while. There might be an even more intense battle later on, so let them do the breaking of the formation."

He looked around and stared at one of the dark peaks. He pointed at it and said,

Focus all your attacks on this mountain!"

"Thank you for your concern, father," Yuan replied, after a brief pause. At the same time, he shouted, "listen to father's orders, everyone!" If you can't break this formation, I'll blow you all up!"

Those true spirits were all complaining and attacking the Montenegro gloomily.

After Yuan stopped, the fluctuations of the entire formation became smaller. The true spirits gritted their teeth and attacked, but they only shook the Montenegro. The other six peaks were barely affected.

father, " Yuan said worriedly. if we delay like this, will we give Yunxiao and the others a chance to catch their breath? "

Luanyu said, " there's definitely panting. But they've all suffered such heavy injuries. It's not something that can be recovered in ten days or half a month. What's there to be afraid of? You and I have to hold back our strength and wait to tear that group of people to pieces!"

His large dragon eyes flickered with killing intent, and he hated the person who set up the formation to the bone. what I'm most worried about now is that they will ask for help from the heavenly martial Union. If those people from mysterious separation Island rush over, then we will be in big trouble.

He calculated and said,'it'll take at least four or five days to get here from

Yanwu without a teleportation formation. I'll give you two days to destroy this Montenegro in three days. If you can't do it, then there's no need for you to exist!"

The faces of the true spirits all turned pale as they attacked the Montenegro with all their might. Its strength was more than a few times stronger than before, and the Montenegro was constantly being shaken off.

a bunch of wretches! Yuan cursed. if I don't give you some pressure, you'll just be putting in the effort!

Those true spirits were filled with fear and bitterness. Feeling the killing intent from Yuri, they didn't dare to relax in the slightest. Some of them even crazily charged towards the Montenegro.

This Montenegro was the weakest of the seven mountains formed from mutant soil. Once it was broken, the entire formation would be greatly affected and lose its power.

“BOOM!”

Two days later, the Black Mountain in the Yuri temple was almost completely damaged. He raised his hand and slashed out with a sword light!

The true self non-phase sword power turned into a Dragon and hit the Montenegro. Finally, the sky collapsed and the earth collapsed. The whole seven-colored light was unstable, and the wind and clouds surged.

“Boom boom boom!”

A large amount of soil and rocks on the mountain crumbled as the black light continued to shrink. The barrier of the three mountains five peaks gradually turned from seven colors to six colors.

The true spirits widened their eyes and couldn't help but be overjoyed.

Everyone was almost exhausted and the formation in front of them was about to break. They finally heaved a sigh of relief and fell to the ground, gasping for breath.

In the heavenly Palace, nanqiu Yu and the others were also on guard as they looked at the water mirror.

Just as he was feeling anxious, a burst of laughter suddenly rang out in the square. haha, we've finally arrived.

Zhuo qingfan's figure flickered, and he suddenly appeared with a smile on his face.

Everyone was overjoyed, and nanqiu Yu hurriedly said, ” “The rescue is here?”

Zhuo qingfan nodded. hurry up and activate the teleportation formation. They've been teleported here from bigwheel Island four hours ago.

Nanqiu Yu immediately sent people to the teleportation zone to welcome the experts from the heavenly martial League.

Qu Hongyan and the others were also overjoyed and heaved a sigh of relief.

"I wonder who they are," feini said. She glanced at Yunxiao, who was still sitting cross-legged in the void, digesting the power of the divine pill and not disturbed by the outside world.

Zhuo qingfan smiled. when they heard that li Yunxiao was in trouble, the entire Yanwu exploded. The four Lords of mysterious separation Island, the demons, and some experts of Yanwu all came here. At the moment, only Lord mu lingdi is left in the city to guard."

Feini was overjoyed,"that's great!" When everyone is here, we'll immediately open the gates of the heavenly Palace and welcome luanyu and the others!" Her eyes flashed with killing intent. Thinking of the depression of being hunted down two days ago, a raging fire of revenge ignited in her heart. Soon, li Mangshan and the others arrived one after another. Everyone was overjoyed.

Yunxiao also came back to his senses and greeted everyone.

Feini explained the situation to everyone in detail, but she omitted the matter of the six paths of space. After all, everyone in the heavenly martial League knew who Yunxiao had refined, but they were still taken aback when they heard that he had almost killed two demon Venerables with a single sword strike.

Furthermore, one of the demon supremacies was at the peak of the creation realm and was only a step away from becoming a Holy demon.

"I didn't expect the Lord of the earth realm to still be alive," li Mangshan said in a deep voice.

"It's a pity that Lord mu di didn't come," said beimang Nan,"otherwise, he would have been even more emotional. Comrades from a hundred thousand years ago, things have remained the same, but people have changed. It's really uncomfortable to become enemies today."

"Since Zhuo kun has already joined the devil, it's no pity that Feiyang killed him. The only thing I'm worried about now is that female demon venerable.

After absorbing Zhuo kun, her strength will probably be even greater."

Everyone's hearts sank, as if a stone was pressing down on their hearts.

Qu Hongyan did not finish her sentence, but everyone knew that she had already stepped into the Holy Demon Realm!

After all, Zhuo kun was only a step away from becoming a Holy demon, and Yuan's strength was also extraordinary. With the two of them combined, there was no doubt that they were Holy demons.

However, no one was willing to say it out loud, so as not to add a few more wisps of oppression to the already heavy atmosphere.

I'll deal with it when the soldiers come, " Yunxiao said. when the water comes, I'll cover it with earth. Things will work out when they come to it. The enemy has always been stronger than us, but we've never been afraid. There's nothing to fear even if it's a Holy demon."

The group of people couldn't help but nod their heads, their hearts relaxing. At most, he would die. He was only intimidated by the Holy demon's name.

Yunxiao's eyes flickered as he said with a smile, "Let's not worry about that Holy demon for now. There are a few Dragons waiting for us to deal with outside the door. That dragon essence is a good thing."

He licked his lips, and his eyes glowed with a cruel light. "I'm going to take Luanyu's Dragon Soul and the three of them's dragon essence. They're great tonics, enough to replenish the loss of my spiritual power."

Mo Dao also want a little of the Dragon essence. Take a small amount and the rest is for you." You just need to stay in the heavenly Palace and watch. Wait for us to go skin those three dragons and pull out their tendons."

there's enough dragon essence, " Yunxiao said with a smile. I can't get it alone. Let's take it and split it equally."

The rest of the people were overjoyed. Everyone wanted Long Yuan, but it was not convenient for them to say it. Now that Yunxiao had said so, it immediately aroused everyone's enthusiasm.

Especially those from the natural moat ocean, they couldn't stop laughing. Originally, with their strength, it was impossible for them to obtain dragon essence in this lifetime.

Luo Qingyun was also among them, and he couldn't help but feel warm in his heart. If he could obtain the Dragon origin power of a true dragon or a dragon child, it would be enough for him to break through the bottleneck and step into the void tier.

"Open the gates of the heavenly Palace and welcome Lord True dragon and the two Dragon sons," Nanqiu Yu said with a smile as she stroked her beard.

The order was passed down, and a rumbling sound came from not far away, as if it came from the void. It was the gate of the heavenly Palace slowly opening.

Chapter 2236: Chapter 2236 -sacred demon

In the three mountains five peaks, the moment the Montenegro crumbled, the entire formation instantly weakened.

Luanyu's expression turned cold. In an instant, he sent out over a hundred sword rays, slashing towards the other Red Mountain peak!

Without the seven-colored protection, it was much easier to destroy the red Mountain. Hundreds of sword Qi turned into sword-shaped swords and fell down like rain!

“BOOM! BOOM! BOOM!”

The red Mountain peak suffered hundreds of sword auras and collapsed continuously. Some of the mountains were even pierced through by the sword radiance.

Soon, the red light on the formation also dimmed and disappeared. Only the five-colored barrier was left in the sky, looking thin and old.

“Boom boom boom!”

Yuan and Shi long also attacked. With the strength of the creation realm, they destroyed the mountain easily.

At this point, the entire three mountains five peaks formation was completely destroyed. The sky was filled with dust and it was dark.

True spirit you Xuan roared and a Green Wind blew from his body, blowing away the endless dust. A path that was several thousand feet wide immediately appeared under everyone's feet, leading into the sea of clouds.

On the other side of the sea of clouds, there seemed to be a faint golden light, and buildings could be seen.

Yuan was overjoyed and laughed wildly, ” haha! Finally! Whoever set up the formation, wait for our anger!”

Luanyu also smiled, but he was not as reckless as him. He said, ” “Be careful. Since this sect was able to set up the previous formation, they most likely had some strength. Don't fail miserably in an easy task!”

“Father is too cautious,” Yuan chuckled. If they had a way to deal with us, they wouldn't have needed to trap us with a formation.”

“I hope so,” luanyu said, ”but it's never wrong to be careful.”

For some reason, he felt a little depressed, but he could not tell why. However, Yunxiao was in the palace in front of him, and he had to get the coordinates of the birth of the new generation of true dragon no matter what.

“Let’s go,” he said.

Luanyu said, and then turned into a dragon light, wanting to fly into the clouds.

All of a sudden, an extremely sharp force swept through the air like a huge windmill, cutting the sky into countless pieces!

“Chi Chi!”

A few tearing sounds were heard. Before the crowd could react, they saw that the dozens of true spirits were all cut into pieces.

Yuan and Shi long reacted quickly. They immediately used their movement techniques to Dodge and retreated several thousand feet away to avoid the tearing force.

Luanyu also suddenly sucked in a breath of cold air, and an incomparable chill surged up from his back. With a move of his avatar, he avoided that attack.

However, the dozens of true spirit realm cultivators were all turned into minced meat and fell like rain.

A thick smell of blood spread in the air, and a large number of blood threads could be vaguely seen scattered in the air, making one’s heart turn cold.

“Who is it?”

Luanyu cried out in fear. Suddenly, his entire body trembled as he cried out involuntarily, ” “It’s you!”

A black figure had appeared a few thousand feet in front of them. It was Yuan.

His entire face was covered by a black robe, making it impossible to see his face clearly, but there was an extremely cold aura that made them shiver.

“So it’s lady Yuan.”

Luanyu respectfully cupped his fists and greeted him. He suppressed the anger and fear in his heart and gritted his teeth, ” “I don’t know how my subordinates have offended you, my Lord, that you want to put them to death.”

The referee said coldly, “I told you to keep quiet, but you turned a blind eye.” You’ve saved me and Zhuo kun a few precious moments of farewell. Crushing their bodies to pieces is already being kind.”

“Gulp!”

Luanyu swallowed with great difficulty. He cursed the lunatic in his heart, but he still appeared to be polite on the surface. He revealed an expression of sudden realization and said, "So that's how it is. In that case, it was indeed their fault, and they deserved to die. Lord Yi's punishment was extremely severe. Back then, brother Zhuo kun and I were as close as brothers, yet I was unable to see him for the last time. It is truly a lifelong regret to part with him."

He was afraid that after killing those true spirits, this madman would also attack the three of them, so he quickly changed the topic and began to talk about his relationship with Zhuo kun.

In fact, the two of them hadn't even spoken a few words a hundred thousand years ago.

It was unknown whether Yuan was touched or she did not plan to kill the three of them at all, but she said coldly, "Where's Li Yunxiao?"

Luanyu's heart was moved, and he was both happy and worried. He was happy because if this She-Devil went to deal with Yunxiao, the latter would definitely die. He was worried that if Yunxiao died, the coordinates of the true dragon would be gone.

However, just as he was hesitating, an extremely sharp killing intent attacked him. Before he could react, he felt the threat of death. His heart trembled and he couldn't think anymore. He quickly pointed upwards and said, "It's in that heavenly Palace!"

As soon as he finished speaking, the killing intent dissipated, and Yuan's shadow disappeared.

Luanyu's head was covered in cold sweat, and his face was pale without a trace of blood.

"Father!"

Yuan trembled as he called out, "that female ... Devil bi an ..."

Luanyu wiped the sweat off his forehead and looked at the heavenly Palace in the clouds. With a gloomy face, he said, "li Yunxiao is dead this time! His voice was filled with endless resentment and anger.

Yuan sucked in a breath of cold air and said with a trembling voice, "could it be that the female devil is bi an?"

Luanyu nodded and gritted his teeth, "indeed, that's 100% the Holy demon's power!" That female devil had really become a Holy devil! Motherf * cker!"

His heart was filled with extreme unwillingness and resentment. He had been wandering around for countless years, wanting to return to the peak all the time, but his strength

was getting weaker and weaker. And this female devil had simply devoured Zhuo kun, yet she had actually stepped into the Holy Demon Realm!

“How can it be so simple?” Yuan was shocked. Didn’t he just eat another demon commander? If it’s that easy, then wouldn’t there be too many Saint fiends?”

Luanyu was already in a bad mood, and when he heard this, he glared at him even more angrily and shouted, “What do you know! Zhuo kun was originally a World King realm expert, but he had switched to cultivating the demonic path after losing his physical body. His situation is somewhat similar to his father’s. It can be considered that his realm has fallen, but after cultivating the devil path, his strength is no less than his in the past. Moreover, he had obtained a six paths demonic weapon and was already half a Holy demon. The most important thing was that the two of them were connected, and he was willing to merge with Yuan’s body. This was the only way to maximize the power of the fusion. If it was just a simple devouring, Zhuo kun would’ve been able to resist. Although he would’ve been able to gain some benefits, the power would’ve been much greater.”

Yuan finally understood and said, “I see.” That Zhuo kun is really stupid. He could’ve eaten Yuan himself, but he just had to let her eat him.”

Luanyu sneered, “this is the so-called” feelings “of the world. Although Zhuo kun was a hero for a lifetime, he ultimately fell in love.” Now that you’ve mentioned it, I’ve thought of something. Although Yuan has become a Holy demon, she’s still trapped by love, so she’s not completely without weaknesses.”

“Father, do you have a way to deal with her?” yuan jing asked.

Luanyu’s lips curled up as he said, “your father has roamed the world for millions of years. What methods do I not have?” Hmph, but why do we have to deal with Yuan? Wouldn’t it be better to let her deal with the heavenly martial League? As long as all the people of the heavenly martial League are dead, when the new generation of true dragons is born, heaven and earth will sense it, and no one will fight with me. Isn’t that better than getting the coordinates from Yunxiao?”

“Father is wise,” Yuan said happily as he came to a realization. What should we do now?”

Luanyu replied, “you don’t have to do anything. Just wait quietly.” When the heavenly Palace is completely destroyed, we’ll go in and pick up Yunxiao’s body.”

The three of them stood quietly in the sky, staring coldly ahead, neither advancing nor retreating.

At this moment, in the heavenly Palace, the square was already in a mess.

The scene of dozens of true spirit realm cultivators being killed in an instant was too shocking. Many elders of the natural moat ocean were scared out of their wits.

The true spirits were all stronger than them, and they were all killed before they could even react.

If it were them, they would probably not even be left with a corpse. They would all be turned into fine powder and would not even know how they died. "Hurry up! Hurry up and close the gate of the heavenly Palace!"

Immediately, some elders reacted and hurriedly shouted in shock to close the door.

Yunxiao and the others did not look good either. What they were worried about happened. Furthermore, what they were most concerned about was whether Yuan had truly become a Holy demon.

If he was still a demon venerable, even if he could resist the world force after devouring Zhuo kun, he would still be no match for all of them. However, if he were to become a Holy demon, he would become a Holy demon.

Even Li Mangshan and the others looked grave.

The Holy demon was an existence that was even more powerful than the World King. Furthermore, it had even overcome the suppression of the world's power. One could imagine how terrifying it was.

"Everyone, calm down," Nanqiu Yu shouted. It was too late to close the door now, and it was useless to do so. Everyone, scatter in all directions. Retreat if you can. All the void tier and above experts, stay behind to face the enemy." With a "Hua la" sound, the entire square was left with only a few people.

One couldn't blame them for being afraid of death. In the entire natural moat cliff, there were only two void realm cultivators—Nanqiu Yu and a Grand Supreme elder.

A few other elders also stayed behind. Their faces were old and calm, as if they were unwilling to leave.

Nanqiu Yu said, "elders, please ..."

"The sect is in trouble, we don't want to leave," one of the elders said.

Another elder said, "our lifespans are coming to an end, and it's meaningless to live a few more days." I'll just stay here and see how strong that Holy demon is, and I'll be able to settle this matter."

When Nanqiu Yu heard this, she did not force him.

Li Mangshan turned back to look at Yunxiao and said, "Alliance master, you should also step down. This place will definitely be destroyed. I'm afraid that Alliance master will have a hard time dealing with it in your current state.

I'm sorry for the trouble," Yunxiao said with a wry smile. I killed Zhuo kun, but now I'm in trouble. If you are no match for her, please leave in time. As long as I go out and let her deal with me, I believe she won't vent her anger on you."

"What nonsense are you talking about, Alliance master?" Li Mangshan laughed. "Husband, come with me," Feini said. "I'll leave this place to you," she turned around and said.

Without saying a word, Feini took Yunxiao's hand and turned into a beam of light, trying to escape far away from the heavenly Palace.

Just as the escaping light rose, it suddenly touched a layer of black light and was blocked with a "bang". It bounced down directly and smashed into the ground with a "boom", creating a deep pit..

Chapter 2237: Chapter 2237 -resisting the Holy demon

Feini flew out in shock and landed on the square. She looked at the sky worriedly.

A layer of demonic light spread from the distance and covered the square in an instant. All those who had not left were trapped in it and could not leave.

Everyone's heart trembled as they looked up at the sky with grave expressions. In this moment of peace, they waited for the arrival of the storm.

"Very good, he hasn't left."

Yuan's voice rang out slowly, and then she appeared in the sky. Her black robe could not resist the fierce killing intent as she stared at Yunxiao.

Yunxiao trembled. He found it difficult to breathe under that gaze alone.

"Holy demon! You've really stepped into the Saint Devil realm!"

Yunxiao said with great difficulty, his face full of bitterness and helplessness. Although Zhuo kun hadn't been killed by him, he had died because of him. It was impossible for Yuan to let this matter rest. This battle was bound to shake the heavens and earth, and the heavenly martial Union would probably suffer great losses.

The referee looked at him quietly. The square was so quiet that one could hear a needle, but it was unusually depressing. It was as if a huge rock had been pressed into everyone's heart, making it hard for them to breathe.

It was the most powerful existence in the demonic realm. It was as if 100000 years had gone back, and the Holy demon had returned to the heavenly martial realm.

Yuan's shoulders suddenly trembled. She found that she did not know what to do, or rather, how to kill Yunxiao. It would be too easy to just kill him, so he couldn't be let off so easily.

"I've heard Zhuo kun say that the underworld fire can roast the soul, making it indestructible and enduring endless pain. This method might be the most suitable for you."

Yunxiao's heart turned cold, and he felt his limbs go cold. He could not help but curse, I've heard that a woman's heart is the most vicious. This saying is indeed true."

"Hehe."

A strange trembling sound came from Yuan's mouth. even so, I still think it's too light! I just can't think of any other way to torture you!"

the so-called sea of suffering in the mortal world, " Yunxiao said. everyone suffers. Why don't you just let me live in this bitter sea for thousands of years? that's the greatest punishment for me. "

"In your dreams!"

The judge roared, his voice piercing through the air and causing everyone's eardrums to hurt. One could see how strong her anger was.

Fearing that she would suddenly attack Yunxiao and kill him, the judge and the others 'faces fell. In a flash, they stood in front of Yunxiao, guarding him with Mystic artifacts in their hands.

Yuan's gaze turned slightly and swept across the crowd. She sneered, "Four good fortune? It seemed that there was a big difference in the evaluation of the strength of the realm of heavenly martial arts. There are more than ten creation realm experts in the heavenly martial arts realm."

The five dragon children he had encountered earlier, the heavenly Phoenix, and the four people before him, there were ten in total.

if you're afraid, leave as soon as possible, " mo Leng said coldly. otherwise, you'll die Here before you can stabilize your realm after stepping into the Holy Demon Realm.

Yi's face turned cold and killing intent flashed in his eyes. He pointed a finger downward, and the black light around him condensed into a sharp streak of light that shot downward.

Mo's expression darkened as he placed his palms together in front of him.

A blood-red light burst forth, and hundreds of demon runes flickered within. It was as if a great demon was sitting cross-legged.

“Swish!”

The black finger force shot into the blood light and disappeared as if it was devoured. However, in just a moment, the blood light turned blurry and exploded with a ‘bang’.

MO's body trembled and he actually took a few steps back in the air. In the end, he stomped on the air to stabilize his body.

But, Yunxiao and the others had noticed that when he stepped on the spatial node at the end, cracks spread out like a cobweb. Although they were thin, they could not escape their eyes.

Everyone could not help but feel shocked. Just a casual attack could bring such a huge pressure to a manifestation stage expert.

“You're nothing much!” MO exhaled and said coldly.

His words were sharp and decisive, and everyone knew that he did not want to lose face, but it also stirred up the crowd's pride and morale.

The Misty Rock master's body glowed as a blade of light appeared in his hand. His eyes flickered with a sharp light as he said, to be able to fight a Holy demon, my tens of thousands of years of life and cultivation have not been in vain. I've finally reached this stage.

“A battle?”

“Don't you think that you're overestimating yourself?” Yuan snorted coldly.

“Hmph!”

The Misty Rock Master let out a muffled groan. With a flash of golden light, he appeared beside Yuan and slashed out with a virtual light.

Li Mangshan and the others were shocked. They did not expect him to be so reckless. They all exclaimed, “Be careful!”

The illusory light blade continuously produced a “Chi Chi” sound as it struck the spear with a “Peng” sound, but it was unable to advance an inch further.

That long spear did not have a physical form and was only something Yuan had casually condensed. However, it easily blocked the illusory light blade without any ripples on it.

The Misty Rock Master was shocked. Just as he was about to change his move, the long spear suddenly softened and transformed into a long snake that locked onto the light blade and wrapped around it.

“Hiss hiss

The snake seemed to have a spirit of its own. It stuck out its tongue and instantly bound the right arm of the Misty Rock Lord, biting towards his throat.

The Misty Rock Master was greatly alarmed. His left hand formed an incantation gesture, and a small Golden Shield appeared on his helmet, which he used to knock against the snake’s head!

“Bang!”

The snake head smashed into the shield, transforming into a spear once more. It pierced through a few inches, heading straight for the mist cliff Lord.

Li Mangshan and the others could not stand it anymore. They attacked instantly, turning into a few beams of light and rushing up.

Li Mangshan made a hand seal and shot out ten beams of light that pierced through the demonic Qi as if they were indestructible.

Hao Feng’s origin Nirvana saber flashed as well, appearing behind Yuan and directly slashing over.

Yi’s figure also flickered and disappeared from his spot.

When the four Blessed Realm elites attacked, the barrier formed by the demonic light instantly felt pressure, and it became dazed. &Nbsp;

The judge looked on coldly. With a point of his finger, the spear wrapped around the Misty Rock master’s body immediately flew back. It spun in front of him and turned into 10000 rays of light, shooting out in all directions.

“BOOM!”

An earth-shattering power exploded in the square, and the power of the few people who

attacked was instantly suppressed. A vast and mighty force exploded with Yuan as the center, shaking everyone's body.

"Pfft! Pfft!"

Even though they were still quite a distance away, Polong and the others couldn't help but spit out large mouthfuls of blood as they retreated in shock.

Under Feini's protection, Yunxiao also turned into a beam of light and left. The place where he had been standing before was reduced to nothingness.

Four Blessed Realm elites appeared around Yuan, and their expressions were also abnormally grave. &Nbsp;

Although they weren't injured by the attack just now, they were shocked by the impact and their blood was in turmoil.

Was this the difference between the two realms?

"You're quite impressive," Yi sneered. "The four of you can actually withstand one of my attacks and be fine. It seems that I've underestimated you. Well, I'm not in a hurry to kill you, so I'll poke your bones and scatter your ashes first, then skin them alive, extract their souls, and roast them on the netherworld fire."

The judge laughed sinisterly, and with a flash of golden light in his hand, the Golden Wheel of the Magic Tree slashed towards the Mist Rock Lord, who was closest to him.

The Misty Rock master's heart skipped a beat. The power on his arm rose sharply, and with a loud roar, he struck out!

He didn't have any proper weapon, and his Dharmakaya body was his strongest weapon!

"BOOM!"

When the fist force hit the golden light of the Magic Tree Golden Wheel, it was immediately crushed by the gear. The bones of the fist burst with a crackling sound, and blood sprayed out.

The Misty Rock Master gritted his teeth in pain and retreated.

The other three were shocked and hurriedly attacked.

Hao Feng's saber aura rose and let out a clanging sound. The power of the saber realm crushed open, turning into a light shield that fell on Yuan's body.

However, Yuan merely flipped her hand and clapped, and the saber realm instantly disintegrated. Hao Feng only felt the qi and blood in his body shake, and he spat out a mouthful of blood from the palm force.

The crowd watching the battle from a distance felt a chill in their hearts, and their limbs turned cold.

Even a creation realm expert was injured with a single strike, so how could they fight?

Nanqiu Yu was completely dumbfounded as well, and she said awkwardly, ‘ ‘How can he be so strong?’ he was in a terrible mood at the moment, and he didn’t know if he regretted meddling in other people’s business.

attack! Yunxiao suddenly said, ” everyone, attack this magic barrier! She used this barrier as a shield, making the realm power unable to detect her. Otherwise, if a Holy demon were to kill someone in the heavenly martial realm, the realm power would definitely strike her with purple lightning!”

His words made everyone realize what was going on. Therefore, Zhuo qingfan and the others, along with the elders of the natural moat cliff, attacked the demonic light together!

“BOOM!”

“BOOM!”

Dozens of attacks soared into the sky. Feini, qu Hongyan, and the others had not recovered from their injuries, but they also joined in the attack.

Yuan’s expression changed slightly, and a cold glint flickered in her eyes as she said, “I originally wanted to skin you later, but since you’re so eager to die, don’t blame me!”

With a flash of her body, she disappeared from where she was, leaving only an afterimage behind.

Everyone turned pale with fright, and no one could catch her whereabouts.

my guess was right! Yunxiao cried out. that demonic light barrier is not meant to trap us, but to escape the pursuit of the realm power!

“So what if I am? Do you really think you can break my barrier?”

Yuan’s cold voice rang out among the crowd. Nanqiu Yu and the others

‘expressions changed drastically, and they scattered in all directions in fear.

However, how could they escape? a faint black light appeared on Yuan's body, and everyone seemed to be sucked in. Their bodies seemed to be pulled by someone, and they were in extreme pain, so much so that they were about to break apart!

Suddenly, a sharp golden light fell. Li Mangshan formed a seal with his hands and used all his strength to cover the dagger. He shouted, "Quickly run!"

"BOOM!"

The golden light shattered the suction force of the black light and landed on

Yuan's body. However, it was unable to penetrate the demonic light protecting

her body and simply slid down her body.

"He's a very annoying person!"

"Then I'll start with you!" Yuan raised her head and said coldly. Her five fingers clenched in the air, and the golden light immediately stopped. It was constantly compressed by Yuan's palm force and squeezed toward Li Mangshan.

"What?"

Li Mangshan was horrified. It was supposed to be his ultimate skill, but it was now controlled by Yuan. It was as if thousands of knives were cutting at him. His skin cracked open and a large amount of blood gushed out..

Chapter 2238: Chapter 2238 -illuminating the earth

Li Mangshan was covered in blood but his face was pale. The golden light kept returning to his body, crushing his meridians.

He gritted his teeth and shouted. The golden light suddenly flickered and turned into a five-clawed Golden Dragon that flew down.

"Eh? Putting up a stubborn resistance is just like an ant trying to shake a tree!"

Yuan snorted coldly and grabbed at the air with her left hand. Immediately, a vast and mighty force spread out, and there was the sound of a weapon being dragged in the air.

run! Yunxiao was horrified. run! His pupils were filled with shock. The thing in Yuan's hand was the agama bone Cleaver.

The six paths demonic weapon in the hands of the Holy demon and the demon commander were two completely different things!

Li Mangshan was also anxious, but all his strength was being suppressed by Yuan and he had nowhere to escape.

The Misty Rock Master and the others arrived in an instant. Several extremely powerful attacks were launched at the referee at the same time, trying to save Li Mangshan. However, when those attacks landed on the demonic light, they only caused light waves to form. They were completely unable to penetrate it!

How can he be so strong?!

Everyone's hearts sank. They had already thought highly of the Holy demon, but its strength was so powerful that it made them feel helpless.

The corners of Yuan's mouth curled up into a cruel sneer. She swung her agama forward and slashed down.

The blade turned into a black light in the air, and the whole world seemed to become silent. Everyone's movements were unusually slow, as if time had been delayed.

Li Mangshan's pupils suddenly widened and boundless golden light burst out.

The shadow of death appeared in his heart and spread to his entire body. His mind became clear and he wanted to resist, but he was powerless.

"Are we going to die?"

As he watched the black knife fall, he became calm, and that moment felt like a century. So this is how death feels like.

To be able to reach this level, the number of people he had killed along the way was uncountable, even he himself could not count it. However, this was the first time he had been killed, and it was a once-in-a-lifetime experience. I, Li Mangshan, have dominated my entire life. Today, I'm going to die in the hands of a woman.

He was a little angry and thought to himself, Isn't that too cowardly? I'll become a laughingstock for everyone."

The faces of the people around him also appeared in his mind one by one. They were all shocked, angry, anxious, and sad.

The Misty Rock Lord, Haofeng, Yunxiao, Qu Hongyan, Beiming Nanzhi, and many experts from Mysterious Separation Island were all here.

"It's alright, no one's making fun of me."

Li Mangshan heaved a sigh of relief and his eyes gradually turned cold. He stared at Yuan in front of him and the disdain and sneer on his face pierced his heart. laugh your sister! Even if I die, I'll make you pay the price!"

He changed his mind and thought that there would be a day in life. To be able to fight with the Holy demon and sacrifice himself in a spectacular way, this trip was not in vain. The tens of thousands of years of cultivation on mysterious separation Island had not been in vain.

Thinking of this, his heart could not help but relax, as if the dust on the shrine had been swept away, and there were no more worries.

He made a hand seal with one hand, and a holy light appeared on his face. All the fear and powerlessness were replaced by the will to fight. The aura on his body continued to rise and expand. All the things he had learned in his life emerged in his mind one by one, and all his potential was instantly condensed!

"Divine light, shine upon the earth!"

Li Mangshan's expression was solemn. He gathered all his strength in his palm and formed an invisible golden sigil. Then, he slapped it out.

Under Aghan's bone Cleaver, a ball of divine light burst out and turned into boundless Majesty that illuminated the earth!

"BOOM!"

The light actually resisted the attack of Aghan's bone Cleaver. A huge pillar of light soared into the sky and spread in all directions.

Li Mangshan's figure became blurry and gradually faded until he could no longer be seen.

li Mangshan !!

The Misty Rock Master roared in grief and indignation. The virtual light on the surface of his body flickered, and his emotions were fluctuating greatly.

The rest of the people from Xuan Li Island could not hide their grief and indignation, their emotions fluctuated greatly.

The power was like a divine light that had broken through shackles. Not only did it block the agama, but it also rushed into the clouds, directly destroying the barrier that the referee had set up and dispelling the darkness.

Yuan raised her head and furrowed her brows slightly. After the enchantment barrier dispersed, the originally clear sky began to be covered with dark clouds, and Heavenly Thunder rumbled.

Purple light flickered from time to time in the clouds, gathering heavenly lightning.

“As expected! The realm power was alerted!”

Holding back the grief and indignation in his heart, Yunxiao said loudly, ‘

“Everyone, spread out!”

This shout woke everyone up. The demonic light barrier was broken. Nothing could stop them anymore, so they immediately fled.

“You want to leave?” the referee’s face turned cold.

Her body moved slightly, and she was about to make a move, but countless golden lights appeared and fell like rain from the sky, smashing onto her body with a “Hua la.”

The golden light spread out, and it was the chains of law that tied Yuan up like a dumpling.

Not only did the realm power congeal and bind her entire body, but it also printed a large number of golden runes on her body, which rotated with the flow of the realm power.

Yi’s expression changed drastically, and a trace of pain even flashed across his face.

“Huala”

She struggled for a while, but the chains of law shook up and down, binding her even tighter and squeezing into her flesh.

The clouds in the sky rolled as if they contained too much power. Purple lightning kept shooting out, making a piercing sound.

everyone, get ready! Yunxiao said in a deep voice. we’ll attack together after the purple Thunder passes!

“Such a powerful avatar of realm power can’t kill her?” qu Hongyan was shocked.

No. Yunxiao shook his head and said, “if it were that simple, would The War of the Two Worlds still be so tragic? That Holy demon won’t be a threat to us.”

Qu Hongyan was stunned for a moment before she understood. The rest of the people felt a huge rock pressing down on their hearts. Li Mangshan's death made everyone extremely sad and angry, and they felt even more pressured.

the reason why the war between the two realms can continue is that the Holy demon is too suppressed by the realm power," Yunxiao continued. it's difficult for it to descend to the heavenly martial realm in one piece, which gives the realm a chance to breathe. However, the Holy demon Tao Wu in front of him was filled with worry."This sacred demon Tao Wu is completely unaffected by the realm's suppression!"

Since ancient times, the only powerful demon who could freely roam the heavenly martial realm without being suppressed by the realm power was the " Lord of a thousand realms " who had crossed the Saint Demon Realm and could travel freely between countless planes.

A situation like Yuan's was almost one in a million.

This was because Zhuo kun was the Lord of the earth realm. Back then, he had also mastered the rules of the heavenly martial realm and reached the realm King realm. Thus, after being absorbed by Yuan, he was completely immune to the suppression of the world power.

Not only that, but she could also use the underworld fire formed by the realm power. Speaking of which, to a certain extent, she was more suitable for the realm of heavenly martial arts than the people of the realm of heavenly martial arts.

Everyone understood the severity of the situation and stared at the chain of nomological laws without blinking. They were waiting for the purple lightning to strike before they attacked together to kill Yuan!

"Hehe, how can a mere realm power restrain me!"

Yuan shouted coldly, and the demonic light on her body shone brightly. It shook the chain of laws up and down, making crisp and noisy sounds as it shook.

Under the restraint of the chains of law, he slowly raised his hand. Demonic Qi gathered in his palm and kept extending, about to form the agama.

'Not good!' Yunxiao cried out in surprise. She's going to cut off the chains of law!"

"Cut off the chains of law? This, what kind of joke was this? Is this even possible?"

Nanqiu Yu and the elders of the natural moat ocean were both shocked, and their faces were filled with disbelief.

On the other hand, the hearts of the heavenly martial League members ‘throbbed, and they felt as if they were about to suffocate. This was because they had just witnessed the severing of the chains of law not long ago!

attack now! Yunxiao shouted. I can’t wait!

His face was ashen as he stood in the distance. Even though he had recovered a lot of his strength after consuming the divine pill, it was still a fool’s dream to hurt Yuan.

The people from mysterious separation Island were already filled with anger and grief. After hearing what was said, they could no longer suppress it. Their surging power continued to burst out and instantly bombarded Xiang Yuan.

“BOOM!”

Under the powerful attack of dozens of light beams, the demonic Qi on Yuan’s body was constantly scattered. The agama changed between illusion and reality, and it was defeated every time it tried to form a blade.

Yuan’s expression turned cold. A large amount of green flames suddenly gushed Oilt of her body and turned into a laver of light shield. blocking all the

attacks.

In addition, the chains of law were being roasted by the green flames, letting out cracking sounds.

The solid chain was formed by countless tiny runes. Under the burning of the underworld fire, it began to collapse.

The referee’s face was cold as he raised his hand and slashed down!

A layer of fire on his arm condensed into a blade, and with a “Hua la” sound, it slashed at the chains of law. The world trembled, and a large area of the chains shattered, turning into tiny golden characters that disappeared into the void. Yuan raised her head again and chopped down with her hand again!

“Huala”

Another large number of chains shattered, and the heaven and earth restraint could no longer trap her.

As he took a step forward, the Golden chains on his body were like the dust on his black robe as they were all shaken off.

The dark clouds that filled the sky instantly pressed down, turning the entire world purple. A giant dragon appeared within, its sharp eyes full of intelligence as it coldly stared down.

At this moment, Luanyu and the other two, who were thousands of miles away from the heavenly Palace, were also shocked. They stared at the purple sky in front of them, and their faces were extremely serious.

“Father, you’re disdainful of this bit!” Yuan’s heart trembled violently. Looking at the heavenly might that filled the sky and feeling that power, anyone would be frightened.

Luanyu said in a deep voice, “calm down!” Yuan’s power had already exceeded this realm, so she would definitely attract heavenly lightning to destroy the world and scatter her. However, the power of the Holy demon is already above this world’s power, so I’m afraid it’ll be difficult to get what I want.”

A look of revenge flashed in his eyes, and he laughed hideously, “What a laughable realm of heavenly martial arts! You will be humiliated by the Holy demon’s might!”

“BOOM!”

A purple light flashed in the sky as the purple lightning hidden in the clouds suddenly struck down with boundless heavenly might toward the Holy demon!

The sky that the purple lightning had passed through no longer existed. The entire world had turned purple.. It was as if all the laws of heaven and earth in the entire sea region had gathered and poured down on this strike!

Chapter 2239: Chapter 2238-at a dead end

The heavenly Palace where the natural moat cliff was located seemed to be fading away under the purple light, as if it was its last time.

Nanqiu Yu and the rest widened their eyes in shock and disbelief, but their movement techniques did not slow down as they shot forward.

Yuan’s figure moved slightly. She also wanted to avoid it, but the purple dragon had locked onto her alone. There was no place to escape in this world.

He calmed his mind in an instant, held the agama bone Cleaver in his hand, and slashed at the purple dragon!

A ray of black light shot up from the ground. It was a strange color under this boundless purple world, as if it was going to pierce through the heaven and earth!

“BOOM!”

The two huge forces collided, and the entire heavenly Palace was instantly turned into dust. The Warriors who were slower to escape were sucked in and turned into ashes.

The faces of nanqiu Yu and the rest were as ugly as pig liver.

Even the martial artists who had escaped far away could feel the sky falling and the earth shattering. They felt uncomfortable.

The light mixed with the waves of air and rushed in all directions.

Within the ocean that stretched for hundreds of thousands of miles, violent winds and huge waves were raging, and the world was in a state of chaos.

Even Yuri and the other two were affected by the shockwaves. They hurriedly retreated tens of thousands of miles away in shock before stopping and looking on in horror.

“Father, such terrifying power ... I’m afraid it’s big,” Yuan said in shock.

Luanyu’s face was gloomy as he snorted coldly, “this is nothing. I’ve experienced even more powerful forces than this. Don’t worry, Zhen is a Saint demon, and most importantly, she has absorbed Zhuo kun, so the pressure of the world’s power has no effect on her. This is the most fatal part, she’s comparable to the demon masters of the past!”

Yuan nodded and said, “that’s right. There were Saint Demon Realm powerhouses back in the day. However, they were unable to cross over. Each time, it was only a clone that descended. If it was the main body, he would have to use magic treasures or secret techniques to hide his aura. Otherwise, not only would he be suppressed, but he might also be chased and beaten by the realm power. Yuan has completely adapted to the realm power, and I’m afraid she’ll be unrivaled in this realm!” His voice was solemn, and it was clear that he was in a complicated mood.

“It’s indeed a little troublesome,” Luanyu said. But, Yuan’s goal is to kill Yunxiao, which is also good for us. As for the life and death of this world, we’ll see in the future.”

He looked ahead coldly, but he was slightly happy. With the Dragon Realm suppressing Yuan, Yunxiao’s chances of survival were quite high. He had a great chance of taking advantage of the situation.

The celestial Palace was destroyed by the collision of the two forces, and a huge pit appeared in the sky. It devoured all energy and matter and was drawn into the bottomless abyss. It was as if the entire world had been pierced through!

Everyone looked at the abyss from a distance, and they couldn’t help but feel a chill in their hearts, and cold sweat covered their bodies.

Such a terrifying power was unheard of, and it had even exceeded everyone's understanding. Hundreds of thousands of miles of the ocean was affected. A strong wind blew, and the sea water evaporated. The death sea expanded once again. All the living beings in it were crushed and turned into dust in the sea.

Apart from beifeng Nan, the rest of the People's faces turned pale. They finally understood what kind of existence the demon master was. That was a

powerhouse whose strength far exceeded Yuan's, a sovereign of the thousand worlds!

"Is the Holy demon dead?" qu Hongyan asked with a trembling voice.

No. Yunxiao shook his head and said, "the energy fluctuations ahead are too strong. I can't sense anything at all. But I have a feeling that not only is she not dead, she's not even seriously injured." that's impossible!

Although Fei Ni and the rest believed that Yuan was not dead, they did not believe that she was not seriously injured.

"Young master Yun's premonition is most likely right!" Beiming Nanfeng said in a deep voice. This person was unrivaled in this world, and no one could compete with her! If we stay, we'll die without a doubt. Let's hurry up and leave."

leave? " Yunxiao said bitterly. leave? " If this man is invincible, even though the realm of heavenly martial arts is huge, where can he go?" For the first time in his life, he was disheartened. It was as if he could not see any hope and no longer held onto any hone-

lead her to Yanwu! beimang Nan said. gather all the forces in the world to fight against her!

Yunxiao was taken aback, and he flatly denied it, "You're crazy! Yanwu is now the power of the entire realm. If this crazy woman is allowed to go there, this realm will really be finished!"

she's determined to kill you now, " bei Xiaonan looked at him coldly and said, as long as you escape, you can still lead her to Yanwu. If you are killed here, she will no longer be a threat to the world. At that time, it will be impossible to encircle her even if the world tries to use all their forces."

Yunxiao's heart trembled. Beiming Nan's words did make sense. Now, with the entire city's strength, they might still be able to compete with Yuan. If she had nothing to worry about in the future and wandered between the heaven and earth, it would be almost impossible to encircle and suppress her.

However, if Yuan was lured into Yanwu, the entire city would be completely destroyed, and it was still unknown if she could be killed. But if even Yanwu could not do it, this realm would really be finished!

Yunxiao was also dumbfounded. Such a big decision made him feel very depressed, and he did not know what to do.

Nanqiu Yu's face was gloomy as she searched anxiously in the darkness ahead, looking for something.

“Why don't you let her kill me?” Yunxiao said. “As long as I get my revenge, she may not make things difficult for this realm. After all, Zhuo Kun was also born in the realm of heavenly martial arts.”

“What nonsense are you saying, husband?”

Fei Ni reproached angrily, “My husband must not have such thoughts!” “If my husband dies, Yanwu will be without a leader, and there will be no one in the world who can take on the responsibility. By then, this world will only be worse off.”

“Everyone, there's no need to be so desperate,” Duanmu Youyu suddenly said. “Perhaps there's still one person who can deal with the Holy demon!” “Even if I can't defeat him, I don't think the difference will be too great!”

“Who is it?”

Everyone's heart jolted as they looked over in unison.

There wasn't even a single world King in the world, so who else could resist the Holy demon's power?

Duanmu Youyu's eyes fell on Yunxiao as he said, “Don't forget about the Bi An that the Baishu Yui-Daren mentioned.”

Yunxiao's heart skipped a beat as he cried out, “A true dragon of the world!”

Duanmu Youyu's expression turned serious. He nodded and said, “Not bad! It was a true dragon! A new generation of true dragons was about to be born, and they would definitely be experts in the world King realm. Even if they couldn't defeat the Holy demon, they wouldn't be too far off. With our assistance, it's still very likely that we'll be able to kill the Holy demon!”

As soon as he said that, everyone's hearts began to burn with excitement. They felt that this method was indeed feasible.

Yunxiao began to count on his fingers and said with a frown, "The timing isn't right, I'm afraid the true dragon hasn't been born yet. Yuan has already destroyed this world." in that case, young master Yun," Duanmu Youyu said. find a place to hide and wait for the true dragon to be born before coming back.

no! Yunxiao shook his head and said, "that devil will definitely make his move on Yanwu. If you want to stall for time, I have a feasible method, but I don't know what the result will be. But at this time, I can't care about that."

"What is it?"

The rest of the people hurriedly asked.

Yunxiao's eyes flickered with a cold gleam as he said, "I can take this opportunity to enter the demon world!

"What? Enter the Devil World?"

Feini and Qu Hongyan were shocked and cried out. They shook their heads in disagreement.

Beiming Nan, Duanmu Youyu, and the others were deep in thought, thinking about the relationship between the two.

don't be surprised," Yunxiao said with a wry smile. this method is the most secure of the many methods. After all, Yuan was not suppressed by the two realms, and the power she could exert in the two realms was the same. I also have the Emperor demonic essence in my body, so I'm not suppressed by the two realms. So, where was the battlefield? Of course, we'll choose the demon Realm, which has less impact on us. Moreover, there was another person in the devil World who wanted to kill Yuan, and that was Mo Pu. As long as we enter the Devil World, he will definitely be able to sense us. If we can join forces with Mo Pu, our chances of winning will be even greater."

Qu Hongyan said, "the devil is indeed a good chess piece. However, it's too dangerous for you to enter the Devil World. After all, it's a strange environment. You've never been there before. But to Yuan, it's a walk in the park." with my current cultivation base," Yunxiao said with a smile, "the environment has little effect on me. As long as I can drag out the birth of the true dragon in the devil World, I'll come out with Mo Pu and join forces with everyone to kill Yuan. Then, I'll be very confident!"

that's very good," Xiao Hong said coldly. I'm just afraid that we won't be able to delay it until then.

Fei Ni and the rest glared at him and were on the verge of cursing.

we can only try everything we can now, " Yunxiao said. otherwise, if this demoness is allowed to dominate the heavenly martial realm for a while, this realm will be doomed.

I also agree with young master Yun's point of view, " beiming Younan said.

entering the devil realm is indeed a good choice. After the true dragon is born, we'll make preparations and set up an ambush to lure Yi over. As long as young master Yun doesn't die, even if Yuan knows it's a trap, she'll definitely come."

yes, " Yunxiao said. that's settled, then. Let's not delay, I'm going to the tiandang mountains now!"

"Wait! I'll go with my husband!"

Feini stopped him, not allowing him to go alone.

I'm not going on a trip, " Yunxiao said with a wry smile. I'm going on a Long March.

"I don't care. I can take my wife with me on a long journey." Feini grabbed Yunxiao's hand and refused to let go.

"Sister feini is right. I want to go with you," qu Hongyan said.

'If that's the case, we'll be in big trouble,' Yunxiao said, feeling a headache. If you can't go to the devil World, you won't be able to withstand the power of the world and will only be a burden to me. Wouldn't that be harming me?"

no! the two girls were unwilling. Fei Ni shouted, " we can stay in the divine realm tablet.

we're just staying in the divine realm tablet, " Yunxiao said. what's the point of going to the devil realm? " If something really happens to me, you can stay in the realm of heavenly martial arts and continue to fight the enemy."

Fei Ni's face was filled with determination as she said, "if anything happens to my husband, I will not live alone." I will definitely come to the demon world to avenge my husband. If that's the case, it's better to let me stay by your side." Yunxiao could not persuade them, so he had no choice but to agree.

"What about me?" Xiao Hong asked coldly. I also have the Emperor demonic essence, and I'm one of Yuan's targets. I'll go with you."

[I didn't update today..]

Chapter 2240: Chapter 2240-Xuanyuan Yao

Yunxiao frowned. what are you going to do? It's precisely because you possess the Emperor demonic essence that you have to stay. If I were to unfortunately die in the devil realm, then you would be the only one who could attract Yuan. At that time, you can work with the new generation of true dragons and think of a way to kill it. '

Xiao Hong replied coldly, "I was transformed from a rainbow stone, so I'm considered a person of the devil realm." If I go back to the devil realm, it will be very beneficial for me to improve my power. If I stay in the heavenly martial arts realm, I don't know when I will be able to make further progress." you're right, " Yunxiao said. but I hope you can think about the big picture.

"Overall situation? Hehe.'

Xiao Hong gently tucked her hair behind her ears and smiled. I'm not the leader of the heavenly martial Alliance, nor am I the wife of the leader. I'm just a little girl. What Bullsh * t big picture is it? what does it have to do with me? "

The surrounding people were all stunned, and their expressions and gazes became strange.

Xiao Hong also felt that she had said something wrong. Her face turned red and she said angrily, " "Anyway, if you don't let me go, I'll go myself!"

Yunxiao was a little embarrassed by everyone's gaze, so he said angrily, " "It's up to you!"

"Since we've already decided, let's be decisive. Let's go now." In case that demoness comes to her senses and can't escape!"

A voice suddenly rang out, causing everyone's expression to change drastically.

you speak as if you can leave right now. I have to admire your intelligence. You really know how to imagine things.

In the sky, Yuan's figure slowly appeared. She was still wearing a long robe, and there was not a speck of dust on her body. It was as if the attack from before had nothing to do with her.

"You coward!"

Everyone's expression changed drastically, and they retreated in shock, a chill running down their spines.

"Actually, I really want to see the look of despair on your face when I catch up to you after you escape to the demon world, but it's too boring to think about it," said Shang. In

addition, everyone here is your family and friends. It's only meaningful if you kill them one by one in front of your eyes."

She raised her hand and a black ray of light shot towards Feini.

"Be careful!"

Yunxiao cried out in surprise, and the power in his body burst out in an instant. He raised his hand and slashed out a blade of light.

Feini was also shocked. She put her hands together in front of her body and a line of fire was spat out.

Qu Hongyan, Hao Feng, and the others who were closest to her also made their moves. They joined forces and directly pressed down on the black light!

"BOOM!"

With an explosion, the black light exploded, and everyone was forced to retreat.

Lao Ai laughed and said, "if you are the strongest in the realm of heavenly martial arts, then this realm is completely hopeless. I'll first crush your bones and scatter your ashes one by one, and then I'll destroy this world as well to offer sacrifices to Zhuo kun!"

you ate Zhuo kun yourself," Yunxiao cursed. but you're taking it out on us! If you have the ability, spit him out! Let's see if you can still be so arrogant!"

"You coward!"

She was so angry that she almost vomited blood, and her tender body couldn't help trembling as a monstrous killing intent condensed around her.

She did not dare to make a move, because she was afraid that she would turn

Yunxiao into ashes, which would be too easy on him.

As if he had seen through her mind, Yunxiao's sneer grew even wider as he deliberately raised his head to look at her with contempt.

"I'm going to kill you!"

Yuan finally couldn't hold it in any longer. Boundless anger burst out in an instant. She grabbed at the sky with her palm, and a huge palm shadow instantly condensed.

She was trying her best to control her emotions, and her reason told her to suppress it and not kill Yunxiao with one slap.

As a result, the huge palm trembled in the sky.

Beiming Nan and the others were shocked. They quickly moved in front of Yunxiao and formed a human wall, desperately circulating their devil essence. Everyone's power gathered together, forming an indestructible barrier. Yunxiao was shocked, and his heart trembled as he cried out, "Everyone, let's

"Run!" Beiming Nan shouted in a deep voice. We'll try our best to help you delay. As long as you leave, we can follow our previous plan and have a chance to kill this demoness!"

Yunxiao was not an impulsive person, and he was also a cautious and rational person. But the scene in front of him made him unable to think of escaping. He sighed and said, "No matter how strong my heart is, no matter how rational I am, I can't leave my friend behind and run away alone. If that happens, I, li Yunxiao, will no longer be li Yunxiao.

He raised his hand and once again used his spiritual force to sweep toward his dantian, trying to use the master of floating. As soon as he touched the sword Qi, he felt a severe pain in his meridians. He had yet to recover from the aftereffects.

With a cold look on her face, Yuan clenched her fingers and struck directly to the right, not in the direction of Yunxiao and the others.

The huge demonic palm in the sky came down like a claw and struck the void not far away!

"BOOM!"

Tens of thousands of feet away, the demonic palm seemed to have hit an obstacle and directly shattered. The obstruction was instantly broken, and a large amount of devil essence flowed down.

Everyone was stunned and couldn't help but look in that direction.

"After peeking for so long, it's time for you to come out and face your death!" Yuan said coldly.

"Cough, cough cough! It was indeed the power of the Holy demon! Has a Holy demon appeared in the demon world again?" An old voice sounded, full of worry.

"Who are you, you undying old man?" Yi snorted coldly.

In the distance, the demonic Qi dissipated, revealing a stooped old man holding an iron cane, his white beard dragging the ground. At first glance, his face was full of wrinkles, all of which spoke of the endless vicissitudes of life.

Everyone was stunned. At first glance, this old man had an extraordinary bearing, but no one recognized him.

Nanqiu Yu suddenly exclaimed, “my Lord, you are Xuanyuan Xuanyuan

Xuanyuan?”

The white-bearded old man raised his head and squinted at him. “You must be the current master of the natural moat ocean-nanqiu Yu? This old man is

Xuanyuan Yao.’

Nanqiu Yu was overjoyed, unable to contain her excitement. She cupped her fists and said, “I was incompetent and failed to protect the heavenly Palace. I even forced master Xuanyuan to come out of seclusion early. I deserve to die!

He had not wanted to interfere in Yunxiao’s Affairs before because he was afraid that the heavenly martial Union or the land of ten thousand spirits would focus their attention on the natural moat cliff, which would affect Xuanyuan Yao’s seclusion.

“Xuanyuan Yao!”

Beifeng Nan mumbled to himself. Suddenly, his expression changed drastically, as if he had thought of something. He couldn’t help but be shocked, and his eyes almost popped out of their sockets.

Yunxiao found it strange, so he whispered, “Sir Zhennan, who is this old man?”

Beiming Nan’s face slightly changed, he shook his head and said, “I don’t know, ”

Yunxiao, ‘hehe’.

then why do you look like you’ve seen a ghost? ” Yunxiao asked, speechless.

“Although I don’t know who he is, the surname” Xuanyuan “is extremely rare. In the past 100000 years, other than this old man in front of me, I only know one person who once had it,” said Beiming Nan.

Yunxiao knew that it must be a Big Shot, so he said in surprise, “Who is it?”

“Back then, the realm King’s surname was Xuanyuan!” Beiming Nan said word by word.

The surrounding people were all shocked. They finally understood the look of shock on Beifeng Nan’s face.

Xuanyuan Yao chuckled. everything was arranged for the best. What's there to be guilty of? " However, I didn't even dream that I would be able to see a Holy demon as soon as I came out. I'm feeling like a f * cking dog right now."

Everyone,"hehe."

Nanqiu Yu also wiped the cold sweat off her forehead and said awkwardly, "This demoness has just devoured the previous Lord of the earth realm, Zhuo kun, and has only become a Holy demon not long ago. Furthermore, she wields one of the six paths demonic weapons, the agama bone Cleaver."

"The Lord of the earth, Zhuo kun? Aghan's bone Cleaver?"

Two pieces of information entered Xuanyuan Yao's ears, and he couldn't help but tremble. His eyes lit up as he said, " I can't believe that Zhuo kun is still alive. This Holy demon is actually walking toward the path of the demon master.

"That's right," nanqiu Yu said bitterly. That's why we couldn't even take one of her attacks. If it wasn't for the purple lightning from the heavenly Dao that blocked her attack, we would have been dead."

Xuanyuan Yao's expression was grave as he nodded and said, " "No wonder. After devouring Zhuo kun, you'll have the capital to resist the power of the world. The power of a Saint demon is even above that of a World King, so it's only natural that you guys can't defeat it. "

"Lord Xuanyuan, do you have any ideas?" nanqiu Yu hurriedly asked.

Xuanyuan Yao muttered to himself for a moment before shaking his head. "I have no choice. Only death awaited them if they encountered a Holy demon. I didn't think that I would directly enter the gates of hell as soon as I came out of seclusion."

Everyone,"hehe."

"Haha, old thing, you still have some self-awareness!"

The judge sneered, his demonic eyes flickered a few times, and he sneered, " "You're at the peak of the creation realm and half a step into the world King realm. If it wasn't for that, you might have been able to step into the realm of regional King in a few decades."

Yunxiao and the others were in an uproar. They did not expect the old man in front of them to be a half-step world Monarch!

Yunxiao was even more vexed. There was such a powerful expert hidden in the heavenly martial realm, and according to Yuan, he might even step into the realm of

regional King. However, in today's situation, his future was ruined. Not only his future, but even his life would be ruined!

“Hehe.”

Xuanyuan Yao laughed and stroked his white beard. “Without things like the divine realm tablet or the underworld fire, it's very difficult to cultivate to the realm King realm. Everything is the best arrangement, and it is also the best arrangement for this old man to be forced out of seclusion at this time.” “Indeed, the best arrangement would be to send you to your death!” Yuan nodded. Her voice was cold. A golden light flashed in her hand, and a few afterimages appeared.

Only to see the space shake slightly, enormous pressure came from all directions, the entire sky was directly deformed.

“BOOM!”

A boundless golden glow appeared in front of Xuanyuan Yao, and an ancient tree fell from the sky, trying to suppress him.

Xuanyuan Yao formed hand seals and pointed in all directions. With every point, a rune would appear and instantly transform into an array in the air, scattering with a clang.

Chains of laws emerged from the array, connecting the surroundings and forming a barrier.

“BOOM!”

The shadow of the Dancing Tree fell on the barrier, shaking out a terrifying spiritual pressure. The vast sky swayed left and right, and was in a trance.

All of a sudden, a cold figure appeared in the sky and looked down at the earth.

The figure raised his hand and formed a seal. He muttered an incantation and then recorded it with his palm!

“BOOM!”

A black ray of light struck the shadow of the Golden Tree like a stream of fire. It made a “Hua Hua” sound and the ancient tree swayed..

Chapter 2241: Chapter 2241-nine abyss's return

Xuanyuan Yao was overjoyed. He suddenly shouted, and his hand seals changed hundreds of times in an instant. Countless runes flew up on the barrier, and with a boom, the Magic Tree and Golden Wheel were knocked away.

This sudden change made everyone's eyes look up at the sky.

Yuan also frowned and grabbed the Golden Wheel of the Magic Tree, a murderous look flashing in her eyes.

When Yunxiao saw the man, he was pleasantly surprised and said, "Lord nine abyss!"

In the sky, the young-looking powerhouse was the Lord of the Abyss, nine abyss, whom he had met in the forest of the sea.

Fei Ni and the others were also surprised and overjoyed. Back then, they had already felt that Jiu Yuan's strength was extraordinary. Today, seeing that he could actually contend with Yuan, they were pleasantly surprised.

"There's another rat!" Shang said coldly.

However, her expression darkened, and she looked even more serious than when she saw Xuanyuan Yao.

"Nine abyss? You're the Lord of the Abyss?"

Xuanyuan Yao was suddenly shocked. "For a long time, the aura that I felt in the realm sinkhole was you?"

Jiu Yuan had been expressionless the whole time, and even at this moment, he only nodded slightly.

Xuanyuan Yao's expression turned serious, and he said joyfully, "Junior

Xuanyuan Yao greets senior!"

This scene made everyone's jaws drop. An old man with white hair and a face full of wrinkles bowed to a young man with a slightly tender face and called him senior Qianqian.

However, no one laughed, because Jiu Yuan was the master of the abyss. His qualifications, age, and even strength were unknown. Since Xuanyuan Yao dared to call him that, he must be right.

Yuan stared at Jiu Yuan for a while and suddenly said, "how many jiewang are there in the heavenly martial realm?"

Everyone's heart skipped a beat. These words revealed too much information, and they couldn't help but let their imaginations run wild. Could it be that Jiu Yuan was actually a World King?

“Perhaps I’m the only one left in Qianqian,” Jiu Yuan said as he turned his gaze over.

Yunxiao and the others all gasped, but then they were overjoyed and could not help but feel excited.

“But the new generation of true dragons is about to be born. There will be two then,” Jiu Yuan said after thinking for a while.

in that case, I’ll have to kill you now, ” Yuan said coldly. it’ll save me some trouble killing two world Kings later.

“You can’t kill me,” Jiu Yuan said.

“You’re so confident,” he laughed.

Jiu Yuan shook his head and said, ” this isn’t confidence. It’s observation. Ever since he stepped into the world King realm, he had been observing the world pit, observing the power left behind by that person, hoping to comprehend something from it. That’s why I’m very observant.”

Yuan’s expression changed, but she still said sarcastically, “What did you observe?”

Jiu Yuan stared at her, making Yuan’s hair stand on end. He angrily rebuked, ‘ “What are you looking at?”

Jiu Yuan retracted his gaze and said, ” you’ve just condensed the Holy demon true body. You were struck by the world -destroying sacred Thunder not long ago. Your demonic aura has been shaken. If you don’t stabilize your demonic aura in seclusion as soon as possible, it will definitely affect your future cultivation.

“What a joke!” Yuan laughed. You can even see this Lord’s future prospects, isn’t this a bit too much nonsense!”

Jiu Yuan still looked indifferent and said, ” “Your demonic Qi foundation isn’t stable, and you’ve just devoured the Saint Demon Realm, so your realm isn’t stable either. You should be able to feel it yourself, isn’t your strength slipping away bit by bit? If you’re determined to fight me, it’ll be difficult for me to win, but you’ll also be in danger of falling from your cultivation level.”

A look of Fury appeared on Yuan’s face, and she rebuked, even so, it’s worth it to kill you, the only regional King in the realm of heavenly martial arts!

Although she was overbearing, she was obviously lacking in confidence, which proved that Jiu Yuan’s words were reasonable and she herself agreed with them.

Jiu Yuan said, ‘you should know whether it’s worth it or not. Besides, you can’t kill me. ‘

“I’ll let you know your ignorance and arrogance right away!” The referee rebuked angrily.

A ray of light shot out from her hand. The Aghan bone Cleaver appeared in an instant and slashed through the air.

“BOOM!”

The sky was split into two without any suspense, and the saber momentum fell down majestically, about to hit Jiu Yuan.

“BOOM!”

Jiu Yuan’s body was shattered by the bone Cleaver and instantly scattered into countless light beams.

However, the light that shot out did not die out. Instead, it turned into light balls and then condensed in the sky, forming Jiu Yuan’s body.

Jiu Yuan’s face was a little pale, and it was obvious that he did not feel good

under the knife. He still looked at Yuan coldly.

Yuan’s expression finally changed. The bone Cleaver in her hand turned into demonic Qi and dissipated, as if she didn’t want to make a second strike.

“Alright. After I’ve stabilized my devil essence, I’ll come to this world again. At that time, you’ll all die! Including this realm, they all have to die!”

She cried out hoarsely, her sharp eyes shooting at Yunxiao as she gritted her teeth and said, “During this time, you must not die! I’ll definitely think of a hundred ways to make you wish you were dead!”

Yunxiao’s eyes widened. I’m going to die. So what? ” he said. If you have the ability, then kill me now!”

“You coward!”

Yuan was choked by his words and almost spat out blood. Her eyes shot out a cold light as she gritted her teeth and said, “Good, good, the more despicable you are, the more I’ll feel happy when I deal with you!”

Without waiting for Yunxiao’s answer, she flashed away.

She was afraid that Yunxiao would say something that would make her vomit blood and anger her to death.

If it was in the past, even if his realm fell, he would kill Jiu Yuan and the others to vent his hatred. However, Zhuo kun's face and words remained in her mind.

The pursuit of a higher realm, the two of them becoming stronger together, was Zhuo kun's long-cherished wish.

the two of us will be together forever. As long as I become the Lord of the thousand realms, he will also become the Lord of the thousand realms.

Yi felt a wave of grief in his heart, but he was also extremely confident. Therefore, she would not allow any factors to affect her cultivation.

If Jiu Yuan had not appeared, she was confident that Xuanyuan Yao alone would be enough to crush everything. However, Jiu Yuan's appearance and his attempt with the knife had shaken her.

"Wait until I've stabilized my realm, then I'll come back and crush you one by one! Li Yunxiao, please don't die!"

Yi shouted in his heart. His figure changed several times in the void and finally disappeared above the North Sea.

"He, he left?"

Feini looked as if she had just survived a disaster, but there was still a glint of fear in her eyes.

Yunxiao was a little puzzled. He looked up at the sky and said, "Lord Jiu Yuan, why don't you fight with her? you have to lower her realm even at the risk of being injured. If we let her return to the mo realm, after her realm is stabilized, she will be invincible in this world. I'm afraid that even Daren will not be her opponent?"

His tone carried a sense of blame, as if he was very distressed.

Jiu Yuan's face was paler than before, and when he opened his mouth, a line of blood slid down from the corner of his mouth. Obviously, his injury was more serious than what everyone saw.

"What does it have to do with me that she's invincible in this world?"

Jiu Yuan's words stunned everyone, especially Yunxiao, whose favorable impression of him instantly dropped.

Jiu Yuan continued, "I didn't participate in the demon-sealing war back then. I don't intend to participate this time either. It's just a coincidence that I met him. The power of the Holy demon was strong, and it was possible for it to slaughter the living beings of a

world, but it was probably impossible for it to destroy the world. As long as time passes, countless years later, there will still be living beings born in this world. It's just a cycle."

Everyone,"hehe."

Yunxiao was speechless, 'what? Daren is really open-minded!"

Jiu Yuan said,'that's how it is. I'm not wrong.' All living beings, even if they were not destroyed by the hands of the Holy demon, would die sooner or later and begin the cycle of a new era. This was the heavenly Dao. Even if it's a Holy demon, it's still within the heavenly Dao, so there's nothing to be surprised about."

His words made everyone extremely depressed.

so, " Yunxiao said coldly, " does this mean that we are a bunch of fools if we unite to resist the devil realm? " What you're doing is meaningless, and it even goes against the heavenly Dao of 'Holy Demon Apocalypse'? "

Jiu Yuan nodded and said, " The heavenly Dao is heartless, but you have feelings. That's why you can't get rid of the word 'love'. The' love 'to the realm of heavenly martial arts, the' love 'to your friends, and the' love 'to your loved ones. That's why you're busy running around and fighting for the' love'. It is also within the heavenly Dao." so, my Lord is already heartless? " Yunxiao said rudely.

Jiu Yuan said, " I can be considered heartless, but I'm not heartless. Otherwise, I wouldn't have come to save you. Everyone's Dao is different, so I won't take part in the matter between the two realms. Today was purely an accident." what if the demons come to the gate of the abyss? " Yunxiao asked coldly.

that's because there's no other way, " Jiu Yuan said with a frown. we naturally have to resist.

Yunxiao raised the corner of his mouth and sneered, " "Good! since my Lord has said so, I'll open a crack at the entrance of the abyss that leads directly to the demon world and break through the two worlds in front of your house.

Hehe, there's no need to thank me, my Lord. Please call me Lei Feng."

"You're so silly!"

Jiu Yuan was rendered speechless and did not know how to answer. After a moment of silence, he said, " "How can the passageway between the two worlds be so easily broken through? Moreover, the space of the abyss is extremely stable and firm, which is harder to penetrate than other places in the heavenly martial realm."

"I see. Thank you for your reminder, my Lord." that's right! Yunxiao cupped his fists and said, "in the future, if the demons invade, I'll just lure them here, right?" Or, you can build a few large teleportation formations in front of your house, each one leading to a different crack. Hehe, let the Lord have a good time."

Fei Ni also covered her mouth and laughed,"that's right!" The realm of heaven martial arts belongs to everyone. Why should we fight with our lives in front of everyone? so many people have died to protect this realm, while some people hide in the back and enjoy the fruits of our victory with the excuse of being heartless. This is too shameless!"

Jiu Yuan was silent for a while before sighing, "At my level, I really don't care much about the outside world. I only want to reach a higher realm. The War of the Two Worlds is indeed difficult to stir up."

[I didn't update today.] Today was the 31st, so the end-of-month summary would not be released to the public account. He still owed 53 chapters. A lot has happened to me this month, and I'm in an extremely bad state. Yuewen had a salon to attend tomorrow and would come back from the Dragon Boat Festival. The update progress is uncertain during this period of time, but I've already made preparations to stay in the hotel for seven days without going out. I'll do my best to write..

Who doesn't want to pursue a higher realm?" Yunxiao said coldly. Who liked to kill until they were covered in injuries or even died? If we weren't in front of you, would you still be able to pursue a higher realm? This time, it's Daren's turn to fight at the front. Let's all pursue a higher realm, okay? We also want to continue moving forward."

Everyone nodded their heads in agreement.

what should we do?" Jiu Yuan was speechless and sighed. Alliance master Yun, what do you think we should do?"

Yunxiao's eyes flickered, and he knew that he had convinced the man. Overjoyed, he said, "naturally, it's to join the anti-demon Army and contribute your strength. The greater your ability, the greater your responsibility!"

Beifeng Nan let out a long sigh, his tone carrying a hint of blame, "If you were willing to help a hundred thousand years ago, perhaps we wouldn't have to sacrifice so many of our comrades. The realm of heavenly martial arts might be in a different state now."

Jiu Yuan did not get angry, and his face was still indifferent. He did not refute being Nan's words, nor did he take them to heart.

Xuanyuan Yao also walked over and cupped his fists. "Nowadays, the talents in the heavenly martial arts world are dwindling, and you are the only jiewang expert. In such

a time of crisis, in the autumn of life and death, if Daren doesn't step forward, who else can step forward to take responsibility?"

Jiu Yuan said, 'alright, since I've taken action this time, I'm also involved in this dispute. If there's anything big, come to this world pit and find me. Don't bother me with other small matters.'

Yunxiao was overjoyed. of course, I don't dare to disturb you for a small matter, senior. he said hurriedly. I'm not afraid to disturb you. "But there's one more thing," he said with a troubled expression.

Jiu Yuan frowned and said, " we are cultivators. If you have something to say, just say it. Don't beat around the bush. If you can agree, you will naturally agree. If you can't agree, you will never agree no matter what you say."

Yunxiao chuckled and said, " I'll get straight to the point then. Back in the forest of the sea, those deep-sea Giant beasts that senior fought with seemed to be different from the ones that water Celestials could summon."

"You want the deep-sea Giant beast to help you fight?" Jiu Yuan pondered for a moment and asked.

not for me, " Yunxiao interrupted with a wave of his hand. you're fighting for the heavenly martial realm, which means you're fighting for yourself, senior. "You really know how to talk," Jiu Yuan said with a bitter smile.

it's not a matter of whether you can speak or not, " Yunxiao said. it's a fact. If senior can agree, then senior will naturally agree. If senior can't agree, then no matter what I say, I will never agree."

Jiu Yuan said, " you don't need to use my words to pressure me. I'll agree to this. The abyssal race is the oldest race in this world. They are the first batch of living beings born in this era."

"What? Number one of the new age?"

Everyone was shocked. They had heard Jiu Yuan talk about the heavenly Dao, talking about the process of time and the cycle of the universe. They thought he was just trying to be mysterious. They didn't expect that there was really such a long time existence.

"Back then, I once saved a Suan ni, an abyssal behemoth," Bo mu said in embarrassment.

Jiu Yuan nodded and said, "I know about this." So it made a contract with you. As long as there is an existence among your descendants who can be recognized by it, you can

borrow its power. The giant abyssal beasts summoned by the water fairy live at the top of the abyss. They are the offspring of the weakened abyssal creatures.”

“So that’s how it is,” Bo mu said in realization. Many thanks to that giant beast senior back then for being able to protect my lineage for a hundred thousand years.”

Jiu Yuan smiled and said, “it’s just repaying a favor.” However, you can be considered to be fated with the abyssal race. In that case, I’ll pass on the summoning technique to you. You’ll continue to summon them with this bloodline.”

“Many thanks for senior’s appreciation!” Bo mu was startled, then said with great joy.

Jiu Yuan mumbled to himself and directly transmitted his voice to him. He then made a hand seal with one hand and pointed a finger at Bo mu. Immediately, a black light transformed into a seal that entered Bo MU’s body in a flash.

After doing this, Jiu Yuan waved his hand and said, “All of you can leave. If there’s nothing, don’t disturb me. If there’s anything you need, just send someone here and call me three times.”

wait, ” Yunxiao said hurriedly. my Lord! I still have one more thing to ask about that ‘world pit’ bi an.”

“You want the Dharmakaya of the imprisoned Dragon son and the astral Wind Spirit?” Jiu Yuan glanced at him and asked.

Oh! Yunxiao was overjoyed. my Lord, you’ve seen them? ”

Jiu Yuan nodded. I’ve seen them. The two of them are also in that world pit.

“That’s great!” good! Yunxiao clapped his hands and praised, ” can I take them away? ‘

Jiu Yuan smiled and said, ” of course. As long as they are willing. But I guess you’ll probably use force.”

“Why?”

is it because of that realm pit? ” Yunxiao asked in confusion. is it because of that realm pit? ”

“Do you know what a realm pit means?” Jiu Yuan nodded.

I hope you can explain it in detail, ” Yunxiao cupped his fists and said.

The rest of the people also perked up their ears, and the atmosphere became tense. Xuanyuan Yao was the only one who remained calm. It was obvious that he was aware

of this, but he still listened attentively. "The so-called 'realm pit' is the pit of a realm," Jiu Yuan said.

Everyone,"hehe."

Jiu Yuan said, "you may not understand." What was a realm? A world is the world we are in. No matter what form it is, be it a plane, a ball, or a square, it is still connected together, flat and unobstructed. And the world pit is a 'pit' that was created in this flat world." just like breaking space? " Yunxiao asked. what? "

Jiu Yuan nodded and said, " you can understand it that way. However, the actual situation is much more complicated. This is because the spatial attribute is much lower than the attribute of a world. To break through a world, one must have power that surpasses a world, otherwise it is impossible."

what? " Yunxiao asked in surprise. my Lord, do you mean that the realm pit nearby was once made by a force that surpassed this realm? "

"Yes," Jiu Yuan said. Furthermore, it was very hard to recover from the realm crater. If the realm of heavenly martial arts was compared to a person, he would recover by himself after being injured. Even the world crater had the possibility of recovery, but it would take a long time. And even if it recovers, it will become the 'scar' of this world, which is the weak point."

Yunxiao seemed to understand. "Then Daren has been observing this realm pit all day for the sake of Tao Wu."

"Not bad."

Jiu Yuan smiled and said, "it's to figure out the power that can penetrate a world." This pit has always been in the land of ten thousand spirits, and it is the closest pit in the realm of heavenly martial arts, so the reference value is greater."

then, my Lord, you said that you would take Qiu and crocodile away by force.

Yunxiao said. are they also trying to figure out the realm pit? '

Jiu Yuan smiled and said, " Qiu's soul had completely dissipated and there was only a wisp of pure power left in his body. Because he had no wild thoughts and no distracting thoughts, he was the closest to the heavenly Dao. That crocodile was originally formed from the astral Wind Spirit transformation, and it itself was formed from the five elements condensed from the power of the heavenly Dao. Right now, it's still intoxicated in that world pit."

"F * ck, I'm risking my life here while they're drunk! No, I must take them away!"

Yunxiao said indignantly, his face filled with jealousy.

Xuanyuan Yao suddenly asked, 'my Lord, is this realm pit related to the fall of ten thousand spirits? When this old man was in seclusion, a wisp of my divine soul traveled outside and was occasionally able to enter the land of ten thousand spirits and feel the power of the world pit. Senior should be able to travel without any obstacles, right?'

"Naturally," Jiu Yuan replied. The land of ten thousand spirits was a broken fragment of the Dragon field, and it was also the largest piece. Although the Dragon field is strong, it's still within the realm power. It naturally can't stop me. As for the origin of this realm pit, it was indeed a major reason for the fall of ten thousand spirits back then. The realm pit was created by an expert who broke through the Dragon field and made a pit in the realm of heavenly martial arts."

who is it? " Yunxiao asked in surprise. how can he kill ten thousand spirits, create the realm pit, and cause the strength of luanyu to fall? "

"Nine abyss!"

Suddenly, a loud shout came from a hundred thousand feet away. It was Yuri and the other two. The person who was angrily rebuking him was luanyu. His eyes were spitting fire as he glared over.

Luanyu gritted his teeth and said hatefully, "in the past, you and I could be considered to have a good friendship. Today, you actually betrayed me!"

The three of them stood far away, not daring to get too close. Although Yunxiao and the others were all injured and might not lose if they really fought, luanyu was already afraid and did not dare to rush forward and start a conflict.

"What do you mean?" Jiu Yuan was stunned.

Yunxiao's eyes gleamed as he recalled the voice in his heart, 'only by using the soul of my true spirit as the sword spirit can I suppress my master's ups and downs.' He could not help but lick his lips and sneer, " that's right. Why would Lord Yuri say such a thing? how did Lord nine abyss betray you? "

Fei Ni and the rest were also confused and sneered.

Luanyu said angrily, "during the battle in the forest of the sea, you were clearly able to kill them, but you hid and didn't make a move." That demoness could have killed them today, but you saved her and helped her! Now, you've even revealed the secret of the fall of ten thousand spirits. You've really sold me out completely!"

Jiu Yuan was silent for a moment and said, " that day, you came to the abyss to find me. You hoped that I would help you. I'm only travelling with you because we've met

several times, and I've indeed held back a large number of their men. As for repelling mo Yuan, this was everyone's responsibility. As for the land of ten thousand spirits, is that a secret?"

Luanyu was speechless and didn't know how to respond. He angrily said, "So are you with them now, or are you still my friend?"

Jiu Yuan shook his head and sighed, "I'm not with them, and I won't be your friend." I have my own things to do, but I promised Yunxiao that if the fiends invade, I will not stand by and do nothing."

"Hmph, you're making it sound so nice, but you're still on their side!" Luanyu said angrily.

"Think whatever you want," Jiu Yuan said. Whoever is on the side of the righteous path, I will be on the same side. Since you don't like me talking about the land of ten thousand spirits, then I won't talk about it. "

When Yunxiao saw that the secret he was about to know was gone, he said angrily, "Luanyu, what right do you have? This land of ten thousand spirits doesn't belong to you, it belongs to all the spirits in the world, so why can't you let others talk about it?"

"Hehe."

Luanyu laughed coldly. because this land of ten thousand spirits used to be the Dragon field.. It was mine!

Chapter 2243: Chapter 2243 -realm pit

even if the land of ten thousand spirits is yours, " Yunxiao sneered, " the realm pit isn't, is it? " The world pit was created when another expert blew you up, so the ownership of it should belong to the person who blew you up, right?" Luanyu was so angry that he almost exploded. He roared, " Shut up!"

shut up! Yunxiao said coldly. you should be the one who should shut up! "Kill these three!" He shouted with a wave of his hand.

Yi and the others had been waiting for orders for a long time. When they heard this, their figures flickered and they all made their moves.

Ten-some rays of light instantly flew over.

Luanyu's expression changed greatly, and he immediately shouted, "Let's go!"

Although Yuan was a little unwilling, there was nothing he could do. The three of them instantly turned into light and flew away.

Yunxiao sneered. He had long seen through luanyu's embarrassment, and if he had the confidence to fight, luanyu would never have hidden hundreds of thousands of feet away and cursed.

Lord Jiu Yuan, " Yunxiao said. now that scum has left, you can continue.

Jiu Yuan looked in the direction where Yuri had disappeared and could not help but sigh. luanyu was also a heaven's pride expert who dominated the world back then. I didn't expect that he would become like this. It's really sad.

I chose my own path, " Yunxiao said. every step I take now is the 'result' of the choice I made in the past. There's nothing to sigh about.

Jiu Yuan nodded and said, " I'm not too sure about the truth of the fall of ten thousand spirits. I only have a vague guess in my heart. But if it's only a guess, it's not convenient to say it. The one who broke through a world, destroyed the Dragon Realm, and killed all living beings was the ancestor of all demons-six-winged. "

"What?"

The referee's body trembled, and his face was filled with disbelief. He could only feel the blood in his body flowing rapidly, and his entire body was filled with unspeakable excitement. "Daren said that Suan ni is the first ancestor of the demon race, the one who evolved the five insects, seven birds, and nine beasts, the one who is known as the parent body of the myriad demon race?"

Jiu Yuan nodded and said,"it's the six wings of ten thousand demons." Six-winged was originally only one of the true spirits, but his strength surpassed that of a true dragon, which eventually led to a great battle. I don't know the details of the battle, and it's no longer important. What's important is whether or not six-winged has fallen, I'm afraid no one knows except for Zhiyu."

ah! the judge let out a loud cry. He was so shocked that he could not control himself. His entire body was trembling.

The first ancestor of the demon race, a legendary figure, had immeasurable significance to the demon race. The legend that was thought to have been passed away a long time ago was unexpectedly involved in this day and even had the possibility of being alive?

Richard felt that his brain was in a daze, completely petrified, and he could no longer think.

If this news were to spread to the demon clan, it would cause a huge shock.

Even Yunxiao and the others had their mouths wide open in shock.

Jiu Yuan said, 'in the countless years before the fall of ten thousand spirits, it was an era where true spirits dominated the world. As for six-winged, it's a relatively ancient true spirit. It's lived for even longer than me, and it's far superior to Luan Yu. It's not too surprising that he was able to take that step and break through a world.'

Yunxiao regained his composure and said, "Can it be assumed that the one who killed the demon ancestor was luanyu?"

Yi's body trembled as his eyes were filled with boundless Fury and killing intent. He did not think so at first, but with Yunxiao's words, he immediately understood, and he felt like his body was about to explode.

Jiu Yuan frowned and said, "I don't know the exact situation back then. The only thing I'm sure of is that this world pit was created by six-winged. If you want to find out the details, other than luanyu, there might be another person who knows. After all, he was also one of the people in charge back then."

Yunxiao's face flickered as if he had thought of someone. He blurted out, "ultimate?!"

Jiu Yuan nodded and said, "yes, it's him. In luanyu's era, there were countless experts, and the number of world Kings was close to double digits. But even so, Yuri was still the leader of all living beings, the king of the entire world. But it's a pity that such a prosperous era was destroyed in a Great War."

Although he was rather emotional, his tone was very calm, as if he had already seen through the evolution of the heavenly Dao.

he has bad intentions," Yunxiao sneered. he only has himself to blame. It seems that his evil is not limited to what we know. He can be blamed for the end of an era."

"I don't know the details, so don't speculate," Jiu Yuan said. If you want to go to the realm pit, then follow me. "

since there are traces of power beyond the realm King realm in that realm pit," Yunxiao suddenly said worriedly, "we don't want to leave, do we? "

maybe in the future," Jiu Yuan said with a smile. but I've observed for hundreds of thousands of years before I gained some insight.

Everyone was extremely shocked when they heard this. It could be seen that the power of crossing realms was indeed not something that could be comprehended at will. Otherwise, it would not be that only a few people could break through to a realm in tens of millions of years.

The group of people immediately headed towards the realm pit.

At this moment, the world had collapsed, and the ocean could not be seen at all. Everywhere was a broken and dilapidated scene.

The Dragon field was also destroyed and scattered in the sky.

An hour later, a huge mountain appeared in front of them. It was surrounded by a Green Dragon field, as if the mountain was directly embedded in it.

Everyone was surprised, and Yunxiao said, "Why didn't we notice such a huge mountain before?"

Jiu Yuan laughed. although the Dragon field is dilapidated, it's far more vast than you can imagine. This giant mountain is magnificent, but it's actually very hidden.

As they flew in, the mountain seemed to have become a world of its own, and the spiritual Qi was unusually abundant. Yunxiao even had the idea of bringing the entire mountain back to Yanwu.

With everyone's escape techniques, they appeared on the top of the mountain in the time it took to brew a cup of tea. Looking down, they couldn't help but be shocked.

The entire mountain hollow was in the shape of a huge ring, and the interior was different from the outside world. The endless abyss was like a piece of black jade embedded in the entire mountain.

The abyss was bottomless, but it was not as dark as ink, because there were stars in it, just like the sky!

"This is an ..." what's going on? " Yunxiao asked in surprise. what's going on? " Why are there so many stars?"

Jiu Yuan smiled and said, " because this place has pierced through a realm. It leads directly to the great universe outside. It's the same as the starry sky we see. Or rather, this place is a pocket-sized starry sky."

Everyone was attracted by this strange scene. They looked at it in a daze and sighed at the magical beauty of creation, while the people of this world were as small as dust.

After a long while, Yunxiao asked, 'where are Qiu and crocodile? Are they all inside?'

"Follow me," Jiu Yuan said with a smile.

His figure flickered and he flew in first. The rest of the people hesitated for a moment, but they also followed.

Soon, everyone's figures turned into ant-like black dots and disappeared into the pit.

Everyone began to carefully observe their surroundings. It was very similar to the outer realm starry sky, but it was much more peaceful and quiet.

Not far away, a white figure stood quietly. His eyes were closed and he was cultivating with hand seals. It was that prison.

The crocodile was also floating in the air, motionless, as if it was asleep.

A layer of Starlight appeared on the two of them as if they were absorbing the power of the stars, but it was also a little strange.

prison! Yunxiao called. prison!

The voice traveled over, but Qiu didn't respond. The crocodile, however, sensed it, and its body trembled as it opened its eyes.

The huge eyeball moved quickly, turning up and down before it turned into a gust of wind and returned to Yunxiao's shoulder.

Yunxiao smiled and patted his head to comfort him.

"That reptile is still playing dead. Let's take him down," said feini.

"Are you really going to take him away?" Jiu Yuan suddenly asked.

Yunxiao could tell the meaning in his words, so he asked curiously, "Is there a problem?"

Jiu Yuan sighed and said, "no problem. I just feel that it's a pity. Qiu was the one with the highest talent among the nine luanyu sons. If it wasn't for the fall of ten thousand spirits, he would have stepped into the realm of regional King. His current body was also at the consummate level of the creation realm, only one step away from the sacred body. With his current state of mind, it's not impossible for him to stay in the realm sinkhole."

Everyone's faces changed. Yunxiao frowned and said, "If he enters the realm of regional King, is he a friend or a foe?"

"I'm not sure about that," Jiu Yuan said. If he could step into the world King realm and control the rules of a world, it might even be possible for him to recover his scattered soul. At that time, whether we're friends or enemies will be a lot of variables, right?"

Yunxiao's face changed. if the heavenly martial realm can have one more World King, " he said, " I'm willing to pay any price. However, if a negative realm King came out, the

harm he would bring to the realm of heaven martial arts would be incalculable. This bet is too big, I'm not betting!"

A cold light flashed in his eyes, and he took out the divine realm tablet. A golden light flickered on the stele, and countless golden chains shot out, falling on the prisoner. It was the chain of laws contained in the divine realm tablet.

Xuanyuan Yao's pupils constricted, and he looked at the divine realm tablet with a complicated expression.

The rest of the people also flickered and surrounded the prisoner.

"Huala"

As soon as the chains of law fell, a golden light shot out from the prison Dharmakaya and shattered the chains when they were still a few inches away from him.

"Bang!"

Qiu's eyes were wide open, and there was a burst of light. He struck out a palm and chased after the divine realm tablet. Then, the dragon's eyes looked around, and a hint of solemnness appeared in its eyes.

"Be at ease and wait to be captured."

Hmph! mo snorted coldly, his eyes flashing with killing intent.

Originally, he didn't have much opinion about Qiu, but when he thought of how Luanyu led ten thousand spirits to kill the demon ancestor, a towering anger burned in his heart.

With a loud sound, The Dark Wheel instantly appeared. The small capital Heaven dark wheel formation appeared in the starry sky and slashed down like sword Qi.

Prison's figure flickered, and as his body moved, the space around him also began to shake. He pushed his fists forward. With a loud boom, he shattered the void and tried to avoid the attack.

However, the Misty Rock master's cold voice rang out from behind him, "Let's go back!"

The virtual light turned into a blade and directly cut the spine of the prisoner's back!

Chapter 2244: Chapter 2244-realm slave

Under the joint attack of the two creation realm experts, the space in front and behind him was sealed, and Qiu could not escape at all.

He swayed to the left and right, immediately creating hundreds of afterimages. His fists turned into thousands, and countless fist shadows overlapped together, blasting in all directions.

The fist force spread out and actually connected into one, like a layer of light barrier protecting him.

“BOOM!”

The nether world array and the illusory light blades struck the light barrier. The entire space shook violently and became blurry.

In that moment of daze, Qiu used his body to resist the attack and instantly knocked away the two's joint attack. He turned into a black line and rushed out.

The rest of the people were slightly surprised. The crocodile rushed out of Yunxiao's shoulder and turned into a gust of wind that circled around Qiu, trapping him within.

“Chi Chi!”

In the next second, a pair of hands reached out from the tornado, their fingers like an eagle's claws, and tore the wind curtain apart with brute force, forming a gap the size of a man, and Qiu stepped out.

However, everyone was prepared. As soon as Qiu took half a step, a blade aura broke through the air. He subconsciously raised his arm to resist.

“Bang!”

The blade light exploded and golden light shot in all directions. Hao Feng took advantage of the situation and slashed at Qiu's arm, forcing him back into the astral wind. The torn air gap immediately closed up.

Yi and the Misty Rock Lord also moved over, forming a three talent formation with Haofeng and guarding around the whirlwind.

Although the rest of the people were weaker, they also spread out their divine senses and locked onto the prisoner, leaving him with no way out.

Everyone was in a deadlock.

Jiu Yuan sighed and said indifferently, “since you've made up your mind, I'll help you. I'll suppress him first. Whether or not you can obtain his body will depend on your own luck.”

Then, he took a step forward and walked towards the astral wind.

Qiu seemed to have sensed something, and the originally silent whirlwind began to overflow with golden light. As if it was accumulating power, a golden blade of light suddenly slashed out from the wind.

The astral winds were instantly shattered by the virtual light, turning into countless sharp blades that shot in all directions. After circling around in the sky, the sharp blades condensed into the shape of a crocodile around Yunxiao, its eyes widening in anger.

The Golden Saber beam did not dissipate after shattering the gale. Instead, it spun in the air and then slashed at Yunxiao and the others under Qiu's control.

Jiu Yuan appeared beside the blade light in a flash, raised his hand, and pressed down with his finger.

“Bang!”

He pressed his finger against the light, and invisible spatial fluctuations spread out. The light and the prison were frozen, as if time and space had stopped.

Jiu Yuan raised his hand again and cast a few seals into Qiu's body. The illusionary light suddenly shattered, turning into specks of light and dissipating. Meanwhile, the prison seemed to have completely frozen time and space. It became dull and wooden, standing there like a statue. The Dragon Qi on his body dissipated.

thank you for your help, my Lord! Yunxiao was overjoyed.

Jiu Yuan said, “you've already made up your mind. The prisoner will definitely be captured by you. It's just a matter of time. I'm just trying to make it happen earlier.”

Your Excellency always does things with reason,” Yunxiao said with a wry smile. you have a set of theories.

“Really?” Jiu Yuan raised his eyebrows and asked.

Yunxiao did not say a word. He just shook his head with a smile and put the prisoner back into the divine realm tablet, then cupped his fists and said, “Many thanks to Daren's help this time, resolving our crisis, we are extremely grateful. Now that the heavenly martial arts realm is unstable, time is of the essence. I have to rush back to Yanwu to make preparations in advance to deal with the future.”

“You can go,” Jiu Yuan waved his hand. In his opinion, the most important thing was not to disturb his cultivation.

Yunxiao had more or less guessed Xuanyuan Yao's identity. He immediately looked at Xuanyuan Yao and asked, "Where's senior?" He .

Xuanyuan Yao pondered for a moment and said, 'I'll continue to stay in the world crater to comprehend. If there's anything, just send someone to find me. I will not ignore the rise and fall of the realm of heavenly martial arts.' Yunxiao nodded. The realm King's surname was Xuanyuan, and nanqiu Yu was so respectful to him. There was no doubt that he was a descendant of the realm King's bloodline.

Jiu Yuan suddenly said, "you should just let them be." I often see your soul lingering in the world pit. Although I have some insights, I can't fully integrate them. In addition to your limited lifespan and talent, it's almost impossible for you to break through to the world King realm."

Xuanyuan Yao's face was full of bitterness. He knew this in his heart, but he still had a glimmer of hope. After all, the traces of power left behind in the realm sinkhole were no small matter. He might be able to find a trace of opportunity to break through.

But now that Jiu Yuan had mentioned it, his heart suddenly sank, and he knew that there was no hope in this life.

actually, you know it yourself, " Jiu Yuan said. there's another way to become a World King.

Xuanyuan Yao was taken aback, and his expression changed slightly. He turned pale and shook his head bitterly.

The others were all very curious, and Yunxiao could not help but ask, "What is your Excellency's idea?"

Jiu Yuan smiled and said, " it's the tablet spirit. It's the tablet spirit. Xuanyuan Yao was a descendant of the realm King and had a natural affinity with the divine realm tablet. If he was willing to become the tablet spirit, he could become the realm King like his ancestors. And he's stronger than an ordinary world King."

Yunxiao was taken aback, and then he fell into deep thought. In this case, the divine realm tablet would be given to Xuanyuan Yao. Although it wasn't impossible, the monument had accompanied him for too long and he was really reluctant to part with it.

Xuanyuan Yao seemed to have read his mind. He smiled and said, " Don't worry, I'll never snatch the divine realm tablet, let alone turn into the tablet spirit. Otherwise, the divine realm tablet wouldn't have ended up in the hands of the Xuanyuan family and would've remained in the hands of the family. Besides, I've touched this divine realm tablet when I was young, but I gave up in the end." why? " Yunxiao asked in confusion. why? " Is it because of the monument spirit?"

Xuanyuan Yao nodded and said, "to become the tablet spirit, you must first abandon your physical body. Then, you have to become a slave of the tablet. To put it nicely, he was The Guardian of this realm. For example, the true Dragon's nature was actually the same as the master of the divine realm tablet. They are born from the power of a world and inherit the will of this world."

so, luanyu is an exception, "Yunxiao said with a frown. he has completely betrayed the will of the heavenly martial realm.

Jiu Yuan nodded and said, "Although the things that Zhiyu has done in the past million years have been criticized and despised by people, but looking at it from another perspective, he is also a person who has been constantly fighting against the power of the world in order to control his own fate."

Yunxiao sneered. I feel like you're getting more and more noble. No matter what fate is, there must be a limit to how low you can go. Unscrupulous behavior is ultimately evil."

Xuanyuan Yao sighed and said, 'in the past, our ancestor's talent was also very likely to exceed the realm King realm. He was already a regional King before he became the tablet spirit. If it wasn't for the descent of the devil Lord, who had to give up his physical body to become the executor of the world's power, I'm afraid that my ancestor would have entered this world long ago and become the master of the thousand worlds."

Jiu Yuan said, "back then, the realm King was indeed very outstanding. However, no one could say for sure that he would become the master of the thousand worlds. It's too much to say that he would definitely succeed. Moreover, your talent and achievements are not as good as our ancestor's, so you are completely qualified to become the stele spirit and participate in this war."

Xuanyuan Yao replied, 'I understand. However, if you become a tablet spirit, not only will you abandon your physical body, you will also have the tablet Spirit's brand in your bloodline.' what do you mean? "Yunxiao's face changed drastically. what do you mean? "

Xuanyuan Yao sighed. this mark is actually a double-edged sword. Your descendants will be favored by the realm power because of their bloodline. Be it talent, cultivation, or luck, they would far surpass ordinary people. However, it is also because of this blessing that your achievements will forever be suppressed at the realm King level, controlled by the realm's power."

With this, everyone understood.

Jiu Yuan said, "you can only blame the Xuanyuan family for being too arrogant. To any martial artist, it's already an honor to be able to reach the realm of regional King. It's what they want in their life. Since ancient times, how many people could step into the realm of the thousand realms? I'm afraid you can count them on one hand."

Xuanyuan Yao smiled bitterly. that may be true. However, after you see the vastness of this world, it will be difficult for your heart to settle down in this world. Although we can't achieve what we want, we still long for it. Although I have no hope in this life, I don't want to strengthen the tablet Spirit's brand in my bloodline. At the very least, I want to leave a chance for my descendants to break through to the realm power."

The faces of Yunxiao and the others turned grave, and many people's eyes fell on him.

Feini even called out softly, " Husband, then why don't you .

Xuanyuan Yao was right. To an ordinary person, reaching the realm of regional King was already a lifelong dream. However, as he said, after seeing a wider world. how could he be at ease in One World?

"I didn't expect there to be such a secret," beiming Nantian said in a deep voice."The realm King really sacrificed himself for the sake of justice." With young master Yun's talent, he'll be able to step into the realm of regional King sooner or later. There's no need for him to transform into the monument spirit. "

Qu Hongyan also nodded and said, " the realm of heavenly martial arts is so big. There are so many people. Why do you have to sacrifice yourself? " I also don't agree with Feiyang becoming a realm slave."

let's talk about this later, " Yunxiao said with a wry smile. at least, I don't have such thoughts for now. Perhaps he'll be killed soon. If that happens, everyone's worries will be for naught."

Xuanyuan Yao laughed. you're quite carefree. But if that day really comes, you have to think carefully.

I understand, " Yunxiao nodded. thank you for your advice, my Lord.

Jiu Yuan waved his hand and said, " that's all I have to say. You can talk about the rest when you get back to Yanwu. Don't disturb me anymore.

Yunxiao and the others took their leave and took out the divine realm tablet, which they used as a battleship. Sitting cross-legged on it, they turned into streams of light and flew out of the giant mountain where the realm pit was located.

The streak of light didn't fly directly to the continent. Instead, it circled around the mountain a few times and continued its search in the Dragon field. Find the rest of the true spirits and subdue them. At the same time, ask Jing Qi to dig up the remains of the true spirits and bring them back.

[/I'm not sure if there will be a second update today. If there isn't a second update by 6 p.m., There won't be a second update..]

Chapter 2245: Chapter 2245 -heavenly secrets not yet here

During this period, he also met the three Dragon sons, blaze, Jing, and mang. The three of them were also awakening their sleeping true spirits and wanted to make them their subordinates.

But, as soon as he came into contact with Yunxiao, a conflict immediately broke out. With Xuanyuan Yao, a half-step world monarch, and the other experts, the three Dragon sons were quickly defeated and fled.

The true spirits they had gathered were either dead or surrendered, giving Yunxiao an advantage.

“Husband, why don’t you chase after them and kill those three crawlers to prevent any future trouble!” Feini said.

although these three people have a grudge against me, they are not as unreasonable as luanyu, ” Yunxiao said. there is no need to kill them. After all, the heavenly martial arts realm’s powerhouses are few and far in between.

Every creation realm existence is a priceless treasure.”

“Feiyang wants to subdue these three people?” qu Hongyan asked.

I don’t have to subdue them, ” Yunxiao said. as long as they can exert some positive energy in the demonic war, I have a reason to let them live. If it was any other time, they would have wanted to kill me and would have never let them live.”

A murderous look flashed in Yunxiao’s eyes, but it disappeared in an instant.

“Feiyang, I don’t know if I should say something,” qu Hongyan said after a moment of silence.

Yunxiao was taken aback. Hongyan, ” he said with a smile, ” why are we so distant? ”

“Then I’ll get straight to the point,” qu Hongyan nodded. In fact, what Lord nine abyss said was also reasonable. The rise and fall of all things had their own destiny. Why did her husband have to put all the matters of the heavenly martial realm on himself? instead, he had lost his previous free and uninhibited character. The realm of heavenly martial arts would be protected as much as possible, and it would be fine if it couldn’t be protected. With our strength, even if the demons take over the entire Jie, they can’t do anything to us. The realm of heaven martial arts belongs to the people of the world, not to you alone. Don’t take all the blame on yourself.”

Yunxiao pondered for a moment, then said, "You're right. The realm of heavenly martial arts belongs to the people of the world. "But in your eyes, there's only me who's working hard and risking my life. There are also thousands of people who are working hard and risking their lives. Some have even already lost their lives. Tian Xingzi, Chen duantian, Yan zhihan, Qian Sheng, star abyss, Ben tingfeng, and the rest, as well as Lord li mang Shan who had just been sacrificed. Compared to them, what face do I have to be pretentious?"

Qu Hongyan was stunned for a moment and then said, "There are many people who work hard, but there are even more people who do not care." do you want me to be that kind of lecherous person?" Yunxiao asked.

This time, qu Hongyan was completely stunned and speechless. If Yunxiao was really the kind of person he said he was, he would not have been able to follow him all the way until now.

She laughed at herself in her heart, "what a complicated feeling."

Yunxiao patted her head with a smile and said, "Don't think too much, I'll do my best until I die."

"Yes."

Qu Hongyan responded softly and showed a knowing smile. She said, "No matter what you do, I will support you."

"Let's go," Yunxiao said with a smile.

Everyone continued to circle around the land of ten thousand spirits a few times, taking almost everything that could be taken away. They even dug out some true spirit remains that could not be recovered. These things were the best raw materials and it was the best to use them to refine into medicinal pills or profound armaments.

After digging nothing in the Dragon field, they returned to Yanwu. Luo Qingyun was the only one who stayed to comprehend the power of the Dragon Realm.

For him, although Yanwu's conditions were good, they could not be compared to Long Yu, who had once dominated the world. Even though it was extremely damaged, the power contained within was indeed the law domain that Yuri had formed when he was at his peak, allowing him to benefit greatly.

'In that case, you can stay,' Yunxiao said. I still remember that I owe you a battle, something you've always yearned for. However, with your current strength, do you have the qualifications to fight me?" His eyes flickered with a

teasing look.

Luo Qingyun's face turned green, and her nails dug into her flesh. She gritted her teeth.

all the best, " Yunxiao said with a smile. you are a descendant of the dragon clan, which means you are a descendant of the realm power. You represent the strongest creature in this world. With your talent, you'll definitely be able to continuously temper your bloodline and even break through the limits of your bloodline. You'll be able to comprehend even higher laws and become an existence as powerful as the true dragons of the past."

"I will!" Luo Qingyun replied coldly. I will remember this battle in my heart, and I hope you won't forget it. When the time comes, just wait to be beaten down by me!"

"Hahaha. "

Yunxiao laughed and gave him a thumbs up. "I'll wait for you!"

The two of them looked at each other, and their hearts moved when their eyes met. Yunxiao smiled faintly, then drove the divine realm tablet into the sky, leaving Luo Qingyun's determined figure behind.

"I've always been chasing after you, watching your back. One day, I will walk in front of you and defeat you."

Luo Qingyun's eyes shone with determination. He turned into a beam of light and disappeared from the Dragon field.

A few days later, they finally returned to Yanwu.

Everyone's expression was not very good, and most of them were carrying their injured bodies. As soon as they entered the city, they immediately went into seclusion.

After Yunxiao and Ling mudi had a detailed discussion, Yunxiao summoned all the core members of Yanwu for a meeting, and everyone's face turned grave.

After Yunxiao had told him everything, he said, " I've gathered everyone here to discuss how to deal with the Holy demon. No one knows when the demoness will return to the heavenly martial arts realm, but I don't think it will be too long. We don't have much time left."

Yunxiao's trip to the North Sea had brought back too much shocking news. However, the birth of a Holy demon was undoubtedly the most important and shocking event.

The news of the Holy demon's appearance was like a huge rock that pressed down on everyone's hearts. The atmosphere in the entire venue was abnormally heavy, and no one made a sound.

Although the demons were also shocked by the Holy demon's appearance, what left them even more dumbfounded was the news of the demon ancestor, six-winged.

The great demons all looked at the referee. After receiving the referee's confirmation, all of them turned pale with fright.

"Did Jiu Yuan say where ancestor six-winged could be?" Al ning asked.

no, " mo shook his head and said, " what li Yunxiao said just now is all he has to say. it's my fault for being too careless, " he said, a little upset. I was stunned when I heard the news. I forgot to ask such an important question!

A great demon said, " Your Majesty, you don't have to worry. Isn't Jiu Yuan still in the realm pit? he said that you can find him if you need anything. We'll just send someone to ask."

MO frowned. Lord Jiu Yuan is an expert in the world King realm. How can you disturb him? "

it's about the ancestor, Lord six-winged, " the great demon said, embarrassed.

I don't think I'm disturbing you on a whim, right? '

Al shook his head slightly and said, "I guess Jiu Yuan doesn't know either. Otherwise, he would have told us directly." In fact, if he knew, he would have gone to find his ancestor and would not have to stay in the world pit for hundreds of thousands of years. In addition, what the Emperor said does make sense. Ancestor six-winged's matter is a big deal to our clan, but it's only a small matter to Lord nine abyss. I'm afraid it'll make Lord nine abyss unhappy if we disturb him rashly."

The big demon was a little depressed and said,"then what should we do?" Now that he knew about his ancestor, he couldn't just sit back and do nothing. I have to do something."

Al Hui and Yuan looked at each other. They knew what to do, but they didn't know how to do it. After all, too much time had passed.

Yunxiao looked at the demons and said, " "Everyone, there's no need to worry too much. It had been a million years. If the six-winged Lord was still alive, he would definitely be in seclusion somewhere. He was not in a hurry. Even Lord Jiu Yuan doesn't know much about the inside story of the fall of ten thousand spirits back then, so we have to start with luanyu."

"Right! It's luanyu!"

As soon as he woke them up, Yi, Ai, and the others suddenly came to their senses, and their eyes lit up.

luanyu is extremely cunning, ” Yunxiao said. it’s not easy to capture him alive. The place where the true dragon is born is a very good catalyst. As long as the next generation of true dragons is born, luanyu will definitely not be able to sit still and will definitely stop it.

“Then, when and where will the next generation of true dragons be born?” Ai hurriedly asked. Everyone’s eyes gathered on him. They were also very curious about this.

Yunxiao remained silent, as if he was hesitating.

I’m sorry, ” Ai said apologetically. I was too rude. I shouldn’t have asked such a confidential question.

No. Yunxiao shook his head and said, ” Mr.ai, you’ve misunderstood. I don’t know the exact time and place. Back then, the coordinates of the hundred wheel binding seal in my mind had always been vague, and I couldn’t clearly read it. But I have a feeling that we’ll know when the heavenly secrets arrive.” “I see, I misunderstood you, young master Yun,” Ai said.

Yunxiao smiled and said, ” it’s fine. I’m also very interested in the matters of the monster race ancestors. It wasn’t just because of the six-winged Lord’s strength, which could penetrate a realm and create a realm pit. It’s also because the two realms are at war now. If the six-winged Lord is still alive and can make a move, then the heavenly martial realm will have no worries.”

Everyone nodded slightly, but they all knew that the possibility of this was very low.

A super powerful being who had disappeared for millions of years, even if he was still alive, he would most likely not participate in The War of the Two Worlds for various reasons. Otherwise, he would have made a move a hundred thousand years ago.

“Then I’ll have to trouble young master Yun to pay more attention to the birth of the true dragon. The monster race will definitely do our best to capture luanyu,” Ai said.

Yunxiao nodded. Capturing luanyu had almost become a top priority, as the soul of the true dragon was needed to suppress the master of the world. But no matter how anxious he was, there was no other way. He could only wait patiently for an opportunity.

“Everyone, don’t let the birth of the Holy demon affect your temperament too much,” said beifeng Nan. We have experts like Lord nine abyss and Lord

Xuanyuan on our side, and we might even find the ancestor of the demon race. We might have a way to fight against the Holy demon. However, in the following days, all of your energy will be focused on training and strengthening the city's defenses."

1/1 couldn't win this chapter at first, but the plane was late, so I had to rush out to have a run. The next seven-hour flight was over, and there were no more updates today..

Chapter 2246: Chapter 2245 -meeting

Everyone knew that he was just trying to comfort them, but they were still calm. After all, mu lingdi's words were also true.

The most encouraging thing was the addition of Jiu Yuan, a World King. He was at the peak of a world. If it wasn't for the imbalance of the world powers, the strength of the world King might not be below that of the Holy demon.

tengguang! Yunxiao pointed at one of them and asked, "how's the city's defensive array now?"

Teng Guang stood out with a somewhat dejected expression, "I was quite confident before. With the joint efforts of the Masters, the formation had been mostly restored. Together with the success of the twelve men of gold, Yanwu would definitely be the number one city in the world. I'm also setting up the nine elemental barriers. Even if there's another magic war like the one in

Redmoon city, I'm confident that I can survive it. However, if the opponent is a Holy demon ..."

After saying that, he smiled bitterly and shook his head slightly. It was obvious that he had no confidence at all. Not to mention the rest of the people, who were shaking their heads and sighing. The previously relaxed atmosphere became dull again.

Yunxiao looked a little displeased. When he saw that Teng Guang's description of the situation had a negative effect, he said, "You've never seen a Holy demon before, so how do you know you can't defeat it?"

"There's no point in you talking like that," Teng Guang said dejectedly. "Everyone knows how powerful the Holy demon is. If these three formations are enough to resist a Holy demon, then were all the senior powerhouses who participated in the demon-sealing war a hundred thousand years ago stupid pigs?"

Yunxiao was rendered speechless by the rebuttal. After a pause, he said, "Just do your best and try to increase the power of the great formation of the city. This way, the number of casualties will be minimized. If there's anything I need, I'll give you priority."

“I’ll do my best to restore the great bliss rebirth formation before the Holy demon descends. With the nine elemental barriers and the twelve men of gold, it’ll be comparable to the reappearance of the three great ancient killing formations. I can only do this much.”

“Thank you for your hard work, Lord Teng Guang,” Yunxiao nodded and said.

“I should,” Teng Guang said.

Everyone heaved a sigh of relief. With these three great formations, even if they couldn’t stop the Holy demon, they would at least have a higher chance of winning.

the rest of you,” Yunxiao said. speed up your cultivation and follow the usual routine. No one could guarantee their survival in a demonic war. Lord li

Mangshan’s voice and smile were like yesterday’s, but they were all gone today. It was extremely sad. However, if the earthen jar does not leave the mouth of the well and breaks, the general will inevitably die in the battle. This ending may not be a bad one for Daren.”

Everyone’s expression became solemn as they nodded in agreement.

“The people of mysterious separation Island have already sent back the news of the death of the light King,” Ling mudi said. I think it’s time for me to go to mysterious separation Island and meet my comrade from a hundred thousand years ago.”

His gaze suddenly became solemn and a sharp light shot out in all directions. He looked as if he was looking at nothing. It seemed to pass through layers of time and space and land on the land in the eternal world.

Lord mu di? ” Yunxiao was slightly surprised. Lord mu di is going to mysterious separation Island? ”

Lingmu di nodded and said, ” ye Nantian was captured and taken to the devil World. Li Mangshan died in the land of myriad spirits. Two of the four Lords have been killed. However, my comrade is still unmoved. I want to see what he’s doing.”

Zhuo qingfan recalled his trip to mysterious separation Island and stepped out of the ranks. “There are too many variables on this trip. Why don’t you let me go on behalf of Your Excellency?”

“No!” Lingmu di denied, “I must go, and it’s absolutely necessary.” Otherwise, it’ll be too late by the time the Holy demon descends.”

Yunxiao nodded. everyone, make as many preparations as possible. I'll try my best to delay the demoness in the demon Realm and wait for your news. I'll be back once everything is arranged."

Ding Ling 'er and the others all looked at him with worry and reluctance.

Xuanyuan Yao suddenly said, " that demoness has devoured Zhuo kun. That's how she stepped into the Saint Demon Realm. She's also able to restrain the realm power of the heavenly martial realm. The most important reason was the underworld fire. Alliance master Yun could go to the land and he should be able to find a way to restrain the underworld fire. In fact, if you take back the flame, that devilish woman won't be able to do as she wishes in this world."

"Take back the netherworld fire?"

what do you know about the land, Lord Xuanyuan? " Yunxiao asked in surprise. what do you know about the land? " Wasn't the reason why the demoness was able to restrain the world's power because she had absorbed Zhuo kun's comprehension of this world?"

Xuanyuan Yao laughed and said,'if I can fully absorb Zhuo kun's understanding of the realm power of the heavenly martial realm, I can indeed restrain it. However, the demoness had just devoured Zhuo kun, and her demonic essence had yet to stabilize. How could she have the time to digest the laws of this world? At this moment, the underworld fire was the only thing that could protect her from the erosion of the world power. If Alliance master Yun were to go to the devil World, the rainbow stone, the ice fiend Heart Flame, and the six paths demonic weapon would be able to help you resist the power of the devil World. These are all things condensed from the power of the world."

but we don't know when the boundary will open, " Yunxiao said. we may not be able to make it in time.

A cold glint flashed in Xuan yuanyao's eyes as he said, " "If we can't open it, we'll force our way in. With Alliance master Yun's strength, is there any place in this world that you can't go to?"

Yunxiao pondered for a moment, recalling what Ben tingfeng had said in shattered cloud heavenly River.

The shattered clouds River was a crack that lay between the land, the divine capital of the Holy region, and even the heavenly martial continent. If one had unparalleled power, they could indeed pass through.

"Good! Then I will go to the land and see if I can find a way to take back the underworld fire."

Yunxiao made up his mind and said, "After this trip to the land, regardless of the result, I will immediately head to the demon Realm. I hope that everyone will do their own thing and work together."

"We will definitely do our best and live up to your expectations, Alliance master," everyone replied in unison.

Yunxiao stood up and waved the crowd away, then sat down alone and pondered.

Then, his figure moved and disappeared from the spot.

In the next moment, thousands of miles outside Yanwu, Yunxiao's figure appeared in the sky above the land of sealed demons.

His powerful divine sense spread out in all directions, as if he was searching for something.

Suddenly, there was a slight fluctuation in the space, and a green light spread out from a single point. A figure slowly emerged, and his face was filled with anger. He said unhappily, "What is it? You dare to disturb my cultivation!"

Wei Qing, "Yunxiao said with a smile. you're here as expected. I have something I need to help with."

Knowing that this person wouldn't come to the temple without a reason, Wei Qing's expression changed several times. The anger on his face gradually disappeared and he said calmly, "Speak." "Come with me to the land," Yunxiao said.

"What?"

"The boundary has opened?" Wei Qing was shocked.

Yunxiao, on the other hand, was looking at him, his eyes flickering. Just now, in Wei Qing's surprise, the elemental energy fluctuations that he emitted seemed to be a little off. At first, he didn't pay much attention to the details. Now, he squinted his eyes, and a trace of gold flashed in his pupils.

"Extreme void!"

This time, it was Yunxiao's turn to be taken aback. you've actually reached the void extreme God Realm?!

Wei Qing's face changed drastically, and he blamed himself for being careless. He had wanted to hide his cultivation base, but Yunxiao had caught him when he was not careful.

Although he was depressed, he quickly calmed down and snorted coldly, "Aren't you also at the void extreme God Realm? Could it be that the threshold of void pinnacle was set by your family, and you can enter it as you wish, but others can't?"

Yunxiao was stunned for a long time before he murmured, "Previously, I heard from others that you were the most talented genius of the sacred zone in recent years. It seems like it's true."

Wei Qing was burning with anger when he heard this, and he shouted, "Li Yunxiao, are you mocking me? Are you saying that you're normal just because you've reached the void pinnacle stage, but I'm not?"

Yunxiao shook his head with a wry smile. He had reached void extremity because of several fortuitous encounters. Possessing the divine realm tablet and receiving the favor of the realm. Moreover, he had been risking his life all this while and only managed to break through to the void tier after a narrow escape. Wei Qing had only stayed at home to cultivate, yet he had been able to break through so smoothly.

let's not talk about this," Yunxiao said gloomily. let's not talk about it. I hope that you can come with me to the underworld now, as the fate of my disciple and his sister is directly related to the underworld. Now, can you tell me about their background?"

Wei Qing's brows furrowed slightly, and after thinking for a while, he said, "One of the three elders of Shen 'du, Lord Meng Ling, is from the land and is the true master of Shen' du. Although Shen 'du was above the Holy region, it was the entrance to the land. It had always been guarded by Lord Meng Ling. Meng Wu and Meng Bai are his descendants."

"As expected!"

Yunxiao said indifferently. Obviously, he had guessed it long ago, so after hearing the answer, he only confirmed his thoughts, which was not surprising.

Wei Qing also knew that Yunxiao had some speculations in his mind. After all, with Yunxiao's intelligence, it was impossible for him to not see the connection.

He continued, "the strange powers of Meng Wu and her brother are inherited from the land. I didn't discover this when I sealed them back then. He only noticed it when he brought it back from Yanwu. That's why I sent them to the shattered cloud sky River to cultivate and nourish them with the power from the underworld."

then, is your purpose to spy on the power of the earth and to control true Lord Meng Ling by controlling the siblings?" Yunxiao asked.

Wei Qing's eyes flashed with a cold light as he said, "Gu Feiyang is indeed Gu Feiyang. Although your guess is reasonable, it still makes me very uncomfortable. "

you should be glad that you didn't hurt them, " Yunxiao said with a smile.

otherwise, you wouldn't have been able to live until now, no matter how strong you are.

Wei Qing's face immediately darkened and he said coldly, "Are you threatening me?"

it's not a threat, " Yunxiao said with a smile. because you didn't. He saw Wei Qing's expression turn uglier and uglier, and laughed embarrassedly, "Let's not talk about this. Now, can you come with me to the underworld and settle the matter of Meng Wu and Meng Bai while you're there?"

"You've been planning a trip to the demonic realm recently?" Wei Qing suddenly asked while staring at him.

Yunxiao was taken aback. He knew that he was talking about the previous plan, and that the old man did not know that the Holy demon had been born. "Not bad."

I can go with you to the land, " Wei Qing said. I can also restore the memories of Meng Wu and Meng Bai and return them to you. In exchange, I also want to go to the demon world.."

Chapter 2247: Chapter 2247 -retrieving the rainbow stone

"What? You're going to the devil realm?"

Yunxiao was a little suspicious. He looked Wei Qing up and down, not knowing what he was up to. you don't seem to have a reason to go to the devil World, do you? "

"I've always done things as I please, why do I need a reason?" Wei Qing said coldly.

why? " Yunxiao said sarcastically, " do you think I'll believe you if you say there's no reason? Furthermore, what do you rely on to overcome the realm power?"

Wei Qing said,"I'll need you to help me think of a way to overcome the realm power." Otherwise, I can go alone, why would I need you?"

Yunxiao looked at him coldly and said, 'then you really think too highly of me. In order to overcome the power of the world, one must refine an object condensed by the world power, such as the rainbow stone. Where do you want me to find a Nihon stone for you now?"

"Don't think that I don't know. The few rainbow stones left behind by the demonic Lord when he died are all in your hands," Wei Qing said coldly.

Yunxiao's heart stirred. Wei Qing's words were not unreasonable. At this moment, his heart was still condensed from rainbow stone, and Bo Yuqing could also take out rainbow stone, which could really help Wei Qing.

However, he didn't want to let the other party off so easily, so he snorted coldly, "Lu congzi has a complete rainbow stone. You think too highly of me."

Wei Qing had been staring at his eyes and seemed to have caught something. He smiled and said, "I guess so, but I believe you will have a way."

as you wish," Yunxiao cursed. but only if the trip to the underworld is as I wish. Otherwise, I'll ...

Wei Qing interrupted him impatiently, "I'll try my best to help you in the journey to the underworld, but how can I guarantee that you'll get what you want? Aren't you being too whimsical?"

Yunxiao was speechless, and what Wei Qing said was true. He said gloomily, "Alright, deal!"

Wei Qing was overjoyed. His eyes flashed with excitement as he tried to hide the joy in his heart. But, it could not escape Yunxiao's eyes.

But, Yunxiao was also very curious about why Wei Qing was going to the devil realm.

"Could it be that he's afraid of losing the mo war and ultimately end up dead, so he ran to the mo territories to join the enemy?"

Yunxiao rested his chin on one hand and could not help but speculate the worst.

A moment later, he appeared in the alchemy Academy and went directly into the room where Bo Yuqing was imprisoned.

Bo Yuqing was sitting cross-legged in cultivation, his mind restrained and calm, not sensing anyone appear.

Yunxiao did not wake him up. Instead, he sat opposite him and performed an incantation gesture with one hand, causing a golden light to flash on his fingertips. The Maha ancient character turned into a ring of light and surrounded him.

The whole room was silent, and only the Halo of Yunxiao's ancient characters rotated silently, shining on the walls.

After an unknown amount of time, Bo Yuqing seemed to feel something and opened his eyes. Seeing a figure in front of him, he couldn't help but be surprised.

But, he did not cry out in surprise. Instead, he frowned as he looked at the incantation seals in Yunxiao's hands and the runes dancing in the sky. He could not help but fall into deep thought.

Suddenly, Yunxiao's hand seal changed, making a rare gesture.

Bo Yuqing was shocked and his eyes widened. With the change of his hand

gesture, the runes in the SKY seemed to take on a new 100K and began to reform, forming new laws that appeared in front of him.

A moment later, Yunxiao's hand seals changed again. In a few hours, he had changed a total of hundreds of seals, dazzling Bo Yuqing's eyes as he desperately tried to memorize them.

Suddenly, Yunxiao put down his hands and slowly opened his eyes with a smile, looking at him with a smile.

Bo Yuqing's expression changed slightly, feeling a little embarrassed, like he was a child eavesdropping on an adult. Fortunately, he quickly calmed down and said coldly, "What are you doing here?"

"I'll teach you a divine incantation," Yunxiao said with a smile. It can suppress the demonic will in your body.

Bo Yuqing didn't hide his shock at all, afraid that he had been tortured enough by the demonic thoughts. He said in surprise, "Really?"

Yes. Yunxiao nodded and said, "This Divine Art is still composed of the ancient Maha character, but I comprehended it on my own. So far, no one has tried it, so I'll use you as an experiment."

"As expected, she has no good intentions," Bo Yuqing said angrily.

Even if I don't have good intentions," Yunxiao said with a smile, "you'll try it. Bo Yuqing's expression was complicated, but he finally let go of his arrogant look and sighed, "I'm indeed willing to try. Li Yunxiao will always be li

Yunxiao.

Thank you for the compliment," Yunxiao said with a smile. It was probably because the feeling of joining the devil did not feel good. It's not a big deal if you've completely joined the devil, but brother Yu Qing's intermittent joining of the devil is the most troublesome."

Bo Yuqing said calmly, "Is it that set of seals just now?" I haven't completely memorized it yet, so demonstrate it to me again."

Yunxiao nodded and said, " alright. However, this set of incantation seals isn't free."

Bo Yuqing was stunned for a moment, then laughed out loud, " Hahaha! Li Yunxiao, Oh, li Yunxiao, you're really a man who won't do anything without benefits. Even a useless person like me is trying to extort money from you. However, I'm very curious. With a cripple like me, what else is there that you're interested in?"

Bo Yuqing raised his hand, showing off his pauper status, and mocked, "Please don't tell me you're interested in my looks."

"Gulp."

Yunxiao's stomach churned as he cursed, " Disgusting. With your ghostly appearance, I might as well f * Ck a dog!"

then tell me, " Bo Yuqing sneered. I'm in such dire straits, what else can you scheme for? '

"Aegirine," Yunxiao said, word by word.

'What?'

Bo Yuqing's body trembled and he immediately retreated several steps, on guard. you want to take my neon stone?!

A cold and sinister expression immediately appeared on his face. It began to turn ferocious, filled with resentment and killing intent.

Yunxiao did not care about his change and said indifferently, " You already have an extreme Yin body, so there's not much use in keeping the aegirine. Moreover, if you take out the aegirine, it will be extremely beneficial for the recovery of your mind."

"I don't want to recover my consciousness! You're the ones who need to regain your senses! I knew you had bad intentions!"

Bo Yuqing roared in anger, his eyes cold, as if a layer of cold air had floated up, causing the surrounding temperature to drop.

But, he was very afraid of Yunxiao. Although he was surrounded by a murderous aura, he did not dare to rush at him.

the weak have no human rights, " Yunxiao said with a faint smile. it's not up to you.

He formed a hand seal and a layer of golden light appeared around him. It spread out and covered the entire cell.

Bo Yuqing was shocked and suddenly used all his strength to strike the cell, as if he was very afraid of the golden light and wanted to break the wall and escape.

Before he could even throw a punch, the golden light had already reached him, penetrating his body and covering him.

die! Bo Yuqing roared, his killing intent soaring. Then, he bent down with a ferocious face and rushed at Yunxiao with a kick.

Its posture was twisted and strange, its eyes were fierce, and it had no consciousness. It seemed more like a beast than a human.

At this moment, the punch that had been accumulating power before was thrown out directly at Yunxiao's head.

"Don't hit the face when you hit someone, leave a line. Brother Yu Qing, you actually want to slap my face, aren't you too heartless?"

Yunxiao said indifferently as he raised his hand and caught the fist with his five fingers.

All the strength in Bo Yuqing's body disappeared in an instant, and his ferocious face gradually relaxed. His lips moved and he let out a painful groan.

Yunxiao performed an incantation gesture with his left hand and pointed his finger at Bo Yuqing, sending several talismans of golden light into his body. Every time he did so, there would be a slight sound of the lock being unlocked, as if he had broken through an acupuncture point.

In an instant, Bo Yuqing was covered in blood, dark red blood dripping all over the ground.

But, there was no pain on his face. Yunxiao had avoided his vital parts with every finger, and the hand he had grabbed was almost the fulcrum for his whole body.

Just as Bo Yuqing was about to faint, Yunxiao spread his fingers and thrust them forward.

"Bang!"

The palm force pierced through Bo Yuqing's chest and came out.

A cold glint was jolted out along with the palm force. Bo Yuqing spat out a mouthful of blood, his back suddenly swollen. He let out a painful scream, and his whole body trembled.

"Bang!"

Finally, a cold light broke out of his body and paused in the air, trying to break through the air.

“Hmph, childish.” with me here, ” Yunxiao sneered. isn’t it a joke to run away?

He gently placed Bo Yuqing on the ground with one hand, and with the other hand, he grabbed the neon stone. The aegirine lay quietly in his hand, full of energy. It wanted to struggle and escape, but was ultimately unable to.

if I had more time, ” Yunxiao said in surprise, ” I’m afraid you would have transformed as well, right? ”

With a flip of his hand, he suppressed the ni Shi’s unwillingness and agitation.

Then, he counted with his fingers in the air, turning them into runes that fell into Bo Yuqing’s mind. how much you can comprehend will depend on your own luck.

As soon as he finished speaking, Yunxiao’s figure disappeared from the cell. All that was left was the blood on the ground and Bo Yuqing, who had fallen in a pool of blood.

Although Bo Yuqing’s injuries were heavy, a smile seemed to appear at the corner of his mouth. His face was serene as he slept quietly in the pool of blood.

A few days later, after making all the necessary preparations, Yunxiao dug out the rainbow stone from his heart.

Yunxiao’s face turned pale as the blood in his body contracted. The blood supply to his heart was seriously insufficient, and he felt dizzy.

In the Battle of the North Sea, he died at Xiao Hong’s hands, his heart shattered. The rainbow stone’s purpose was to replace the heart and become the core that supplied blood to the entire body, allowing the body’s functions to continue operating.

However, after stepping into the illusory light of the corporeal body, the flesh that grew from the rainbow stone would be far stronger than the rainbow stone. The rainbow stone had instead become a weakness in his heart.

Yunxiao had also considered removing the rainbow stone, but there was no precedent for that. He had planned to wait until his physical body had reached the Dharmakaya realm before he removed the rainbow stone, which would be much safer.

Since Wei Qing mentioned this matter now, he would take advantage of the situation and bring forward his plan, taking out the rainbow stone earlier..

Chapter 2248: Chapter 2248 -battle of the armillary sphere

Yunxiao quietly sensed the frequencies emitted by the two stones, which were different in strength at the beginning, then gradually balanced out, formed resonance, and finally became in unison.

He couldn't help but smile. This rainbow stone was originally one, so he didn't need to adjust it at all and it could fuse on its own. He immediately made a hand seal and slowly brought his palms closer to each other. The stones in front of him also slowly moved closer to each other. As soon as the two rings of light touched, they were sucked together with a "bang."

Not only did the stones begin to fuse, but even the dual-colored light also covered each other, turning into a colorless light that flickered incessantly.

"It's done,"

Under Yunxiao's gaze, the stone completely fused together more than an hour later, turning into a perfect white stone with a smooth and smooth surface, exquisite and lovely.

At first glance, no one would think that this was the rainbow stone that countless demon lords had gone crazy for.

Yunxiao sucked the rainbow stone into his hand and put it away, then breathed a sigh of relief and said, "It's done. Thank you."

An indifferent voice came from behind him, "No need to thank me, I didn't do anything."

Although Yunxiao's face was pale, he was obviously in a good mood. He smiled and said, "If it wasn't for you protecting me, to be honest, I really wouldn't dare to do this kind of thing."

He turned around and smiled. A green light shadow appeared seven feet away, and its body gradually solidified. It was little green.

Qing Zhu's face was still calm as it said, "It's indeed dangerous, but with your ethereal light realm body, you won't die. At most, your body will collapse and your cultivation will drop,"

"I'll be better off dead if I really fall from my cultivation realm," Yunxiao said with a wry smile. Especially at this critical juncture where strength is needed the most. "

Qing's eyes were fixed on Yunxiao the whole time. After a moment of silence, it said, "Forgive me for being blunt, but are you being suppressed by that sword? Not only is

the cultivation speed extremely slow, but even the recovery of my spiritual power and my physical body are greatly affected.”

Yunxiao was taken aback, but then he was overjoyed and said, ” “Yes, do you have any ideas?”

His eyes were filled with anticipation. Since little Qing could see the crux of his problem at a glance, perhaps it could find a way to solve it.

After all, extracting Yuri’s soul wasn’t easy, and who knew when he would be able to do it.

However, Xiao Qing’s expectations were immediately dashed. She shook her head and said, “I have no choice. That sword is too powerful. If I were to go against it, I’m afraid my soul would be annihilated.”

you’re right, ” Yunxiao said with a wry smile. this sword’s power is far beyond mine. If he used it forcefully, he would kill a thousand enemies and suffer eight hundred losses. What’s worse is the recovery of my spiritual power. I’m afraid it’ll take several months to fully recover after using the sword once.”

Qing Zhu pondered for a moment and said, “the Yi wood Qi is the power that evolves life force from the five elements of heaven and earth.” As a second wood spirit, although I can’t help you control your body, I can teach you a technique that will allow you to gather the second wood Qi to repair your body and speed up the recovery of your energy.”

“There’s such a cultivation technique?”

Yunxiao’s body trembled with joy. But he immediately calmed down and asked doubtfully, ” “Is it useful for me too?”

After all, at his level, there were very few elixirs and cultivation techniques in the world that could be effective.

Little Qing nodded, “the higher the realm, the harder it is to recover. However, the higher the realm, the more powerful it is when used.” Furthermore, you’ve cultivated to the innate lightning body, so it’s perfect for you.”

It was only then that Yunxiao was overjoyed. He cupped his fists excitedly and said, ” “Thank you, my Lord.”

“You’re welcome,” Qing Zhu replied indifferently.

Immediately, Yunxiao ignored his injuries and sat opposite Qing Zhu, each making a hand seal.

A ball of green light appeared between the two of them and spread out continuously, covering the two of them in an instant. A powerful yi wood Qi spread out in the secret chamber.

It was not until a few days later that the door of the secret room opened, and the two figures came out one after another.

A faint glow of vitality emerged from Yunxiao's body. Not only was the wound on his chest healed, but even his weak body had been greatly improved over the past few days.

Sir, you are the first person in history to control the power of the second wood. I wonder when you will be able to break through to the creation realm or even the world King realm? ”

After this incident, Yunxiao's attitude toward little Qing had obviously become much more respectful. Moreover, even though he had the wondrous spirit eyes, the eye of truth, the moon eyes, and the demon eyes, they all seemed to be ineffective against little Qing.

No matter when he peeked at it, little green seemed to be invisible and its aura was ethereal, as if it didn't exist. This was a sign of merging with heaven and earth. Little Green's frequency was almost the same as that of the realm of heavenly martial arts.

“When the opportunity comes, I'll naturally make a breakthrough,” Qing Zhu said indifferently. Without an opportunity, all the hard work would be in vain. Yanwu is no longer of much help to me, and all good things must come to an end. I'll say goodbye to young master Yun here.”

what? ” Yunxiao was shocked. you're leaving, Sir? ” At this moment of crisis, Yanwu and the world need talents like you. How can you bear to abandon the world?”

Qing Zhu waved its hand to stop him and shook its head, “I know what you're thinking, and I also know that you have a sharp tongue, but it's useless to me. Don't force it. Fate will come to an end. I look forward to meeting you again.”

Suddenly, a cold snort sounded. The two of them turned to look at the same time, only to see Yi appear beside them in a flash of red light.

Qing Zhu's brows furrowed imperceptibly, as if it had a guess in its heart.

Mo's expression was cold as he walked in front of Qing Zhu and stretched out his hand, ” “It's not a problem to leave, but leave the armillary sphere.”

“The armillary sphere was left to me by Shang,” Qing replied, “but I also promised him that I would return it to the monster race when I no longer need

it.”

“With your current strength, you don’t need it anymore.” It’s reasonable to return it. ‘

Qing shook her head. the meaning of the armillary sphere is beyond your imagination. It contains the evolution of the heavenly Dao and is a pocket-sized world of the universe. I’m still far from being able to fully understand it.

Mo’s hand clenched into a fist, his expression ruthless as he sneered, ” “In that case, I can’t let you take it away.”

The red light on his body circulated, and his divine sense locked onto little Qing, in case it suddenly escaped. Under the suppression of the Holy See’s powerful consciousness and strength, even if little Qing had a way to break through, it would not be able to escape.

Seeing that mo was about to fight, Yunxiao frowned and shouted, ” “Hey, stop!”

MO gave Yunxiao a look and said, ” although my agreement with you still counts, I am the Emperor of all demons now. To himself and his clansmen, he had an obligation to retrieve his clan’s sacred artifact. I hope you won’t interfere in this matter.”

Yunxiao’s eyes grew cold as he said, ” Putting aside all connections, you want to cause trouble in Yanwu, and you want me, the city Lord, to stay out of it? ”

Mo’s face turned a little unsightly. Based on his understanding of Yunxiao’s character, he could say no matter how reasonable he was if it was something he did not want to get involved in. If he wanted to interfere in something, he could say something even if he didn’t have any reason.

Since Yunxiao had said so, it meant that he was going to intervene. As long as he wanted to interfere, it didn’t matter whether he was right or wrong.

When the referee thought of this, he could not help but feel angry.”My monster race has a good relationship with you and we’ve fought together against the demons. If you side with this person today, don’t blame me for falling out with you and directly breaking the friendship between our two races!”

When Yunxiao saw how resolute he was, he knew that the referee was really angry, so he quickly said, ” “Don’t worry, we’re all friends. There’s nothing that can’t be discussed. Let’s sit down and have a good talk. We’ll definitely find a solution.”

MO nu snorted. we can talk about other things. The armillary sphere is our clan’s sacred object. There is no possibility of negotiation!

this armillary sphere is indeed given to Mr. Qing, ” Yunxiao said thoughtfully. don't you think it's rude to take it back by force? ” Besides, it's not like Mr. Xiao Qing won't return it. ‘

“Shang gave it to him?” mo asked coldly. This was a holy weapon of their race, what right did that bastard Shang have to give it away? For example, you gave the realm of heavenly martial arts to the demon race. The realm of heavenly martial arts belongs to the people of the world. Do you have the right to give it to others?”

Yunxiao could not help but have a headache. He had been in contact with the judge for a long time, but he had rarely seen him so persistent. He turned his head to look at Qing Zhu, wanting to hear its opinion.

Qing was still as calm as ever.”The armillary sphere is useful to me, so I won't return it for the time being. I will return it to you demons after I have completely comprehended it.”

“Who knows when you'll be able to fully comprehend it?” mo angrily rebuked. If I can't comprehend it forever, I'll occupy it for my entire life?”

Qing Zhu's brows furrowed for a moment. but it instantly unfurled. It said honestly, “It's indeed possible that you won't be able to comprehend it for your entire life. However, I hope that this situation will not happen.”

“Hahaha, what a joke!”

MO Kuang laughed, but there was no hint of a smile on his face. The louder his laughter was, the stronger his killing intent became. This is a complete lie!”

Yunxiao was vexed. He knew that little Qing was not fooling the judge, but was telling the truth very seriously. But when the truth was said, it was particularly annoying.

What gave him the most headache was that if neither of them were willing to give in, then this matter would not have a result.

“Where's Mr.ai?” he asked helplessly.

MO looked at him with a cold smile and said sarcastically, ” “What, you want to find Mr.ai to suppress me? On this matter, Mr. Ai's attitude is definitely more resolute than mine. Don't think that she's easy to bully just because she's a girl. Master's heart doesn't lose to a man's at all!”

Yunxiao's face darkened as his eyes flickered. “I don't care what the two of you think, and I don't care what Mr. Qing thinks either. At this time, I will not allow any internal strife to happen! I hope that you can consider the big picture!”

The judge's face grew colder as Yunxiao's words rang out. He pointed at Qing and said, "Why do we have to look at the big picture while he doesn't?"

because we were fine before, " Yunxiao snorted.. but now, you're the one causing trouble!

Chapter 2249: Chapter 2248-capture

he took my race's Saint artifact! mo raged. he's blaming me now?!

His body flickered with a blood-red light. His eyes were dazzled, and a strong smell of blood spread out. His aura suddenly tensed up, as if he was about to make a move.

Yunxiao's face finally changed. He took a step forward and said in a cold voice,

Hey, are you really going to cause trouble?"

Yi was naturally unafraid in terms of his aura, but he felt a little guilty in his heart.

If he really fell out with Yunxiao, the consequences would be unmanageable. At that time, not only would the demons lose their habitat, but they would also lose the protection of the heavenly martial Alliance.

Even if he didn't participate in the mo war now, he could only protect himself for a while. Once the mo war ended, the outcome would be clear. If the mo won, they would not have a place to stay. If the heavenly martial League won, they would have to continue their tragic fate of hiding in the illusory realm of stars and moon if they left now.

No matter what choice he made, he was in a dilemma.

it's not that I want to cause trouble, " mo ju argued. it's just that he took my clan's Saint artifact and didn't return it. He's going too far!

you're right, " Yunxiao said. he's right, too. No matter who I help, they will say I'm biased. Therefore, I don't want to meddle in your Affairs. However, I can't let you kill each other at this moment. So, give me face and wait for the demonic tribulation to end before investigating the armillary sphere. At that time, I won't interfere even if you use the entire clan's power to hunt him down. What do you think?"

Mo's brows furrowed, clearly in a difficult position. His eyes were filled with struggle as he shook his head, "If he escapes during the demonic tribulation and finds a place to hide, How can I find him?"

I can promise you this, ” Qing suddenly said. when the demonic tribulation is over, I’ll make a trip to the demon race and end this with you.

MO Xin knew that with Xiao Qing’s identity, she naturally wouldn’t lie to him, so she was very assured about this. Her brows relaxed and she said sternly, ‘ “How?”

Qing said, “you and I won’t give in unless I completely comprehend the armillary sphere after the demonic tribulation. Otherwise, we won’t give in.” Then, we can only use the most common methods in the realm of heavenly martial arts to solve it. ‘

“Martial arts?” MO’s eyes lit up.

“That’s right,” Qing nodded. If you think it’s unfair, you can ask your monster race to come at me together. I don’t mind.”

Mo’s heart trembled slightly as he thought of the purple lightning technique little green had used during the battle of the red moon City. That was simply a group-killing move. If he used it on the demons, they would probably all die.

“Since it’s a martial arts contest, I can do it alone!” He sneered.

“You can do whatever you want as long as you’re happy,” Qing replied. I only hope that young master Yun can come out and be a witness.”

Yunxiao breathed a sigh of relief, knowing that the matter had been suppressed for the time being. “Good! If I’m not dead after the demonic tribulation, I’ll be the witness. However, there’s one thing I’m very curious about. Although the armillary sphere is a holy artifact, even if it contains the heavenly Dao, I’m afraid that it won’t be as effective as you’ve expected since you’ve almost merged with the world.”

The judge’s eyes narrowed, and his face darkened. This was also the reason why he was so determined to get the armillary sphere back.

“You’re wrong. The person who refined the armillary sphere had extraordinary strength. It was from the hands of the ancestor of the demon clan, six-winged. This person’s strength is profound, and he’s been undying for tens of thousands of years. In an era where many true spirits dominated, he’s not much weaker than a true dragon.”

“What?”

Both Yunxiao and the judge cried out at the same time. Yunxiao’s heart skipped a beat as he asked, ” the armillary sphere was refined by Lord six-winged?!

The judge’s eyes also widened as he stared at Qing Zhu.

Qing Zhu didn't participate in the previous meeting, so it didn't know about the six-winged clan. Seeing the two's shocked expressions, it couldn't help but feel a little strange. "What's wrong? is there a problem?"

Yunxiao shook his head and roughly told him about his trip to the North Sea, especially the part about the six-winged clan. He tried to be as detailed as possible.

"Six-winged might not be dead?"

Qing Zhu was stunned for a moment, but it quickly returned to normal. "It's possible that he has broken through to the world King realm. Ever since the creation of the world, there have been many who have broken through to the world King realm in the countless years."

Yunxiao was taken aback. there are many who have broken through to the realm King?!

"How many years has it been since the creation of the world?" Qing Zhu asked indifferently. I've already forgotten about it, but there should at least be tens of billions of years. Although the era of true spirits was at its peak for a time, it was only a short moment in the heavenly martial arts realm. There have been many people like six-winged in the past, and as long as this world is not destroyed, there will be many more in the future."

Yunxiao felt a little dizzy. He had forgotten Qing Zhu's age. Ever since the creation of the world, he had been born there, and it had taken him countless years to condense into his current true body. In the entire realm of heavenly martial arts, he was probably the most experienced person in the world.

life is really like the mayfly to the heaven and earth, and the grain to the ocean! Yunxiao sighed.

The referee was also silent. His own efforts, expectations, and visions were so insignificant compared to the world and the universe.

Qing said, " you don't have to be too emotional. With your current cultivation, there's still hope for you to become the Lord of the thousand worlds. From there, you can roam the universe and obtain true freedom."

is it because of the secret to become the Lord of the thousand worlds? "

Yunxiao asked. you said you could study the armillary sphere, Mr. Qing? '

"I don't know, but it contains six-winged's understanding of the evolution of the heavenly Dao. As for the level of comprehension required to become the Lord of a thousand worlds, that was unlikely. Even if there was such a comprehension, it couldn't be materialized in an ordinary Saint artifact. Unless it's Yingluo."

He turned to Yunxiao and said in a deep voice, "Unless it's an existence like the master of the rise and fall."

what do you think, Mr. Qing? " Yunxiao asked. do you have any opinion on who will be the master? "

Qing shook her head. that thing has already exceeded my understanding. It was able to easily cut through the chains of laws back then, so it's clearly beyond ordinary Saint artifacts. It might even be above heavenly Saint artifacts. If you can comprehend this sword, your future will be bright."

Yunxiao smiled wryly. Even suppressing it was a problem now, and he did not know when he would be able to comprehend it. It was hard to say if he could live to that time.

"If there's nothing else, I'll be leaving."

Qing nodded at Yunxiao, then turned to mo and said,

Hmph! mo snorted and said coldly, " don't forget, I'll be waiting for you anytime.

Yunxiao sighed. are you really leaving, Sir? " Mister is a second wood spirit of this world, so you should be doing your best for this world."

Qing Zhu smiled indifferently and said,"perhaps I'll come back one day." Li

Yunxiao, we'll meet again."

After Qing Zhu finished speaking, a rare smile appeared on its face. Its figure became fainter and fainter, and finally, it disappeared like smoke.

Yunxiao sighed, then turned to the referee and said, "Get ready and call Mr.ai. I'm planning to find a few people to suppress the prisoner's Dharmakaya and let the evil spirit possess him."

MO responded and disappeared in a flash of red light.

Yunxiao pondered for a moment, then turned into a beam of light and flew directly out of Yanwu, heading in the direction of Wei Qing.

The next day, in the divine realm tablet.

Tens of thousands of golden rays pierced through the sky and turned into golden chains. They crisscrossed like a spider web that covered a thousand feet.

In the center of the chains of law was a ten -foot-wide golden enchantment. It was like a cage that trapped the prisoner's avatar.

The prisoner was sitting cross-legged in the barrier with a calm expression, as if he was meditating. Runes kept flashing on his body, connecting into one. They were the seals set by Jiu Yuan.

In an instant, several figures landed on the chains of law and looked at Qiu quietly.

One of them had an ugly appearance, with a look of ecstasy on his face, his eyes constantly shooting out a light of excitement.

It was the evil spirit that had possessed the ugly monster clan's leader. His green eyes stared at Qiu while he kept wiping his saliva. Everyone felt a chill.

There were also Yunxiao, Ling mudi, feini, pan Yi, bi, Al, tenzhaozi, and Yuan gaohan, eight people, who appeared around the prison in different positions. it's him, " Yunxiao said to the evil spirit, " although he only has a wisp of soul left, it's almost useless. However, the strength of one's physical body is no small matter. Even the self-consciousness of one's physical body can swallow you. We'll try our best to suppress his physical strength for you later. If there's anything wrong with him, you'll have to come out in time to avoid any mishaps."

The evil spirit nodded excitedly, rubbed his hands, and laughed strangely.

hehe, I understand, I understand. Let's get started, I can't wait!

Yunxiao's eyes swept over the other seven people and he said, " everyone should be clear now, right? everything will be based on my hand gestures. If there's a situation, we'll attack together.

The seven of them nodded one by one. Pan Yi's eyes flickered as he looked at Qiu, who was sitting quietly inside the barrier. He seemed to be moved.

Qiu's current situation was somewhat similar to his. If the remaining wisp of soul was gone, then this practicing body would be dead. After countless years, with the strength of the Dharmakaya, a new spirit would definitely be born, but that person would no longer be a prisoner.

When Yunxiao saw that everyone had understood, he said, " "Let's start."

He made a hand seal, and a few golden lights shot into the barrier. The light of the barrier shattered like glass, turning into light spots and disappearing in the sky.

Qiu's body seemed to tremble, his originally calm face frowned and his face began to darken.

The evil spirit's eyes shined, and a pale yellow light overflowed from the ugly demon's body. It instantly flew over, wanting to rush into the spirit sea.

Qiu seemed to sense something, his eyes that had been closed suddenly opened, and he raised his hand to block the evil spirit's attack.

"Huala- "

Qiu's arms immediately triggered the chains of law, and golden light flashed in the sky. Like a butterfly trapped in a spider's web, Qiu's body froze..

The evil spirit took advantage of the opportunity and shot into the space between his eyebrows with a "Xiu" sound. It disappeared into it.

Qiu's face changed dramatically, as if he had been greatly stimulated, and his body began to struggle violently. The veins on his hands bulged, and he suddenly broke free from the chains. With a crash, the chains of law that filled the sky were shattered by the power of his Dharmakaya and dissipated in a flash.

After all, it was only the power of law in the divine realm tablet, which was incomparable to the real power of the realm.

After Qiu broke free from the chains, black runes appeared on his body and kept spinning. It was the power left behind by Jiu Yuan, which had not completely dissipated and was still taking effect. However, under Qiu's resistance, the seal also began to fade.

All eight of them grew nervous. While watching the changes on the prisoner's body, they paid attention to Yunxiao's hand gestures and were ready to attack at any time.

Time slowly passed, and Qiu's face had been twisted for several hours, and his body was occasionally bursting with golden light.

However, Jiu Yuan's seal was more powerful than anyone had expected. It was only when Qiu's struggling face was almost lifeless that it turned into black light and finally dissipated.

Yunxiao's pupils constricted as he stared at Qiu with a solemn face, fearing that the latter would suddenly explode. However, Qiu's expression gradually calmed down, and finally, an evil smile appeared on his face. It was the disgusting appearance of the evil spirit!

"Hey, success!"

The evil spirit smugly made a peace sign, followed by a series of wild laughter. hahaha!

A few months later, an array light flashed in Yanwu, and three figures disappeared into the array.

The next moment, three figures appeared in the holy city of lanxue.

The three of them looked at the sacred city with complicated expressions, but they had different meanings and different feelings.

stop sighing, ” Yunxiao said. let’s hurry up and find a way to enter the divine capital.

The other two people were Wei Qing and his son. They looked at the Holy region with desolation in their eyes, and their expressions were as desolate as the scene in front of them.

It took Yunxiao several months to recover from his injuries and his spiritual energy. In the past few months, Wei Qing had also been constantly refining rainbow stones. With the guidance of the Holy demon in the Yin Yang dual Qi bottle, they quickly fused into his body.

Wei Wuya looked at the sky and sighed, ” “The current Saints are no longer the Saints of the past. In fact, they will never be the Saints of the past. The carved balustrade and Jade steps are still there, but the Vermillion appearance has been changed.”

you’re not a poet, ” Yunxiao scolded with a smile. don’t learn to write poems from others. You’d better leave quickly. There was no such thing as eternal life in this world, and it was the same in the Holy region. The ancestors who had established the Holy region back then had done so to welcome this demonic tribulation. It’s a pity that the sanctuary’s actions have failed to live up to the expectations of our ancestors, and defeat is inevitable.”

Wei Qing had been silent with a gloomy face, and when he heard Yunxiao’s words, he snorted coldly to express his dissatisfaction and anger.

The three of them were suddenly startled as they looked forward. A red light came from far away and instantly landed. It was a woman.

“Lord Wei Qing! Lord Wuya! Alliance master Yun!”

When the woman saw the three of them, she was stunned for a moment before she cried out in shock.

Wei Qing was also quite surprised, “Nan fengxuan?” Why are you still in the Holy region?

That woman was Nan fengxuan. She was wearing a cloud-colored chiffon dress with a few Kingfisher birds painted in gold thread, looking extremely cute. “This is where I’ve lived my entire life, I can’t bear to leave,” Nan fengxuan hurriedly said.

Wei Qing’s heart stirred as he sighed, ” “You’ve suffered.”

Nanfeng Xuan smiled and said, "not at all." I'm very happy living here now. It's not just me, there are many others who are willing to stay."

She gave Yunxiao a somewhat ashamed look and said awkwardly, "Alliance master Yun won't blame us for being deserters, right?"

No. Yunxiao shook his head slightly and said, "everyone has their own ambitions. How can we force them? "

"I'm only living in the Holy region," Nanfeng Xuan said seriously. "If something happens to the heavenly martial Union, I'll definitely not stand by and watch. We won't retreat from the mo war."

She said it very firmly, and her face was filled with determination. She looked at Yunxiao calmly, her eyes pure and flawless.

of course I believe you, " Yunxiao said with a smile. I believe you.

Only then did Nan fengxuan chuckled and returned to her innocent and carefree appearance. "May I know why the three of you have come here?" she suddenly asked curiously.

"We're going to Shen 'du," Wei Qing said.

what? " Nan fengxuan was taken aback and asked, " could it be that the divine capital has opened? "

"We'll have to go regardless of whether it's opened or not." Wei Qing sneered. If it doesn't open, I'll have to do it myself."

Yunxiao nodded and said, " that's right. A Lord once said, " Do it yourself, and you'll be well fed." what? " Nan fengxuan was a little worried. wouldn't that mean that we have to directly strike through Shen 'du and open up a passage? isn't that inappropriate? "

what time is it now? " Yunxiao said. why do you still care about it? " Don't tell me that we'll just have to wait for the demons to come and break through the passageway to Shen du?"

Nanfeng Xuan was speechless.

let's go, " Wei Qing said. let's go to the shattered cloud sky River to find Meng Wu and her brother.

The three of them immediately turned into beams of light and flew toward the shattered cloud sky River. Nanfeng Xuan pondered for a moment before following closely behind the three of them.

The sky River was as still as dead water. As always, there were no waves, only undercurrents.

The four of them stopped on the clouds and looked down. They could see the entire shattered cloud sky River in one glance.

The heavenly water that came from nowhere was like silver ribbons, crisscrossing and winding. It lay quietly in the Holy region, and no one knew where it was flowing to.

Wei Qing's divine sense swept below, and his expression suddenly turned ugly.

Yunxiao immediately noticed his expression and said, "What's wrong?"

Wei Qing's face was gloomy and he didn't say a word. He directly flew down and landed on the shore. He looked at the river quietly like a statue, as if he wanted to see through it.

He immediately stretched out his arms and spread out his five fingers, gathering them like a claw. His spiritual energy entered the water and automatically intertwined with each other like a hemp rope.

The entire River began to spin, making a rapid sound. Several vortexes were formed and rushed into the sky.

With a "bang", the surface of the water exploded. In the middle of the huge splash, a figure flew up and fell heavily on the ground. It was actually a corpse, which had been corroded beyond recognition.

Wei Qing flicked his long sleeve, retracted his spiritual energy, and quietly looked at the corpse on the ground. The water of the river behind him fell into the river again, big and small pearls falling onto the Jade plate, shattering with a splash.

Yunxiao's pupils constricted, and a golden light flashed in his eyes. His face immediately turned serious as he said in a cold voice, "This man was killed by someone!"

Wei Qing nodded and said, "I sent this man to protect Meng Wu and her brother. I also asked him to listen to their orders. I didn't expect him to die Here, and from the looks of it, he's been dead for a long time."

Yunxiao clenched his fists, and his anger burst out as he said in a cold voice, "

"You promised me to protect the two siblings!"

Wei Qing did not think much of it and snorted, "indeed, I did." Are the two siblings not safe now?"

Yunxiao was so angry that he almost killed someone. do you think we're safe now?!

Wei Qing was not afraid of his anger and sneered, "Is it not safe? If you can't determine where they are, how can you determine that they're not safe?" I really want to kill you now! Yunxiao said coldly.

Wei Qing knew that he was in the wrong, so he softened his tone and said, "There's no point in killing me now. Let's find the two of them first. It won't be too late to kill me if something really happens."

"Nanfeng Xuan, are there any suspects in the Holy region?" Wei Qing turned around and asked.

Nanfeng Xuan shook her head. I didn't find anyone suspicious. Perhaps that person sneaked in very secretly. Or perhaps my strength isn't enough. I didn't discover him.

Wei Wuya suddenly said, "could they have been taken away by old man Meng?" Everything would make sense if he took it away. Otherwise, who would be interested in them?"

Yunxiao also calmed down from his anger and thought about it quietly. He felt that Wei Wuya's words did make sense.

If it was an enemy, there wouldn't be only one corpse in Tian Chuan right now. In the entire world, the only person who would be interested in the two siblings would probably be true Lord Meng Ling herself.

"It's very likely," Wei Qing said. Then we don't need to look for him anymore, we can just enter Shen 'du and ask for him from true Lord Meng Ling."

He said it nonchalantly. Ever since he had reached the void tier and had a Saint weapon like the Yin Yang Qi bottle, his confidence had swelled greatly.

Yunxiao felt extremely strange when he heard that. Meng Wu and her brother were the descendants of Lord Meng Ling, and yet they were still asking him for her.

However, he had no other choice but to go to Shen 'du and ask true Lord Meng Ling.

"Follow me," Wei Wuya said. Although I've never used the passage under the Tian River, I've been cultivating in seclusion in the divine capital for a hundred years after all. I'm still quite confident in finding its location."

The three of them didn't waste any more time and sneaked into the sky River, quickly disappearing.

Nanfeng Xuan had originally wanted to go as well, but was ordered by Wei Qing to stay in the Holy region and take charge of all her duties.

She stood in place for a while, looking at the bubbles and ripples in the sky getting smaller and smaller. A complicated expression appeared on her face, and finally, she sighed and turned to leave.

It was not a good idea to continue waiting here. Although it was dangerous in shattered cloud sky River, the strength of Yunxiao and the other two was enough to turn the danger into safety. From Nanfeng Xuan's point of view, the three of them had a great chance of entering the fairy's capital. Therefore, they would definitely not be able to return in a short period of time.

Therefore, he did not stay any longer.

At that moment, Yunxiao and Wei Qing had already sneaked thousands of feet into Tian Chuan.

The moment they entered the water, the three of them felt a strange power. The further down they went, the stronger the strange power in the shattered cloud sky River became. It kept suppressing their soul consciousness, making it difficult for them to spread it too far.

Moreover, the power was extremely corrosive. It was everywhere in the water and corroded their bodies.

Naturally, Yunxiao was not afraid of it. Even if the power of the earth itself took form, it might not be able to hurt his body, let alone the water that had been permeated with the power of the earth.

Wei Qing and his son were obviously in a much more embarrassing situation. Both of them had a layer of green light covering their bodies, like a thin film attached to their skin, separating them from the water of the heavenly River..

The three of them dove tens of thousands of miles deep before they reached the bottom, and their feet stepped on solid material.

The solid "ground" that was supporting their bodies was not rock or sand, but a layer of dark material, as if a layer of asphalt had been laid on the bottom of the water.

"What is this?"

Yunxiao could not help but ask in surprise. Although the object under his feet was dark, it seemed to be extremely thin and fragile, and could be crushed at any time.

“This is spatial sediment,” Wei Qing said. In a space filled with strange powers, there will be a strange power that will erode the space, causing the rules of space to mix with that strange power, forming a solid ‘matter’ that will settle down, which is the thing under our feet. Sediments were of all sorts and varied forms. Don’t think that it’s light and simple, it’s impossible to break through with normal strength.”

Yunxiao looked enlightened as he continued to ask, ” “What’s under the sediment? What if we penetrate it?”

Wei Qing looked at him as if he was an idiot and mocked, ” “The shattered clouds heavenly River is a crack between two spaces. This sediment is condensed on the spatial barrier, so if it’s broken through, it’ll naturally be the spatial barrier. If the barrier was broken through, they would fall into an endless black hole in the universe, and no one knew where it would flow to. I advise you to put away your strange thoughts and don’t seek death here!”

I’m still looking for my disciple and her brother, ” Yunxiao said sarcastically. I won’t do anything reckless. It’s you and your father who need to restrain yourselves. If there’s any mistake, I’ll hold you all responsible!”

Wei Qing’s face immediately became long, but when he thought that Meng Wu and her brother had indeed been lost in his own hands, he didn’t flare up, but just let out a muffled grunt.

Yunxiao began to explore the surroundings and said in distress, ” “The suppression of spiritual sense here is too great. I can only extend my spiritual power to a distance of five thousand feet even when I use it to the maximum. Under normal circumstances, it would only be able to identify a person within three thousand feet. What should he do? Where is the entrance to the underground world?”

Wei Qing and his son were both shocked. They looked at each other in horror and revealed a fearful expression.

With the power of their divine sense, they could only identify within a radius of 700 to 800 feet. Even if they tried their best, they could not exceed 1500 feet. If he fought Yunxiao here, he would be completely at a disadvantage.

Although the three of them were on the same side, the fear and wariness between them had not completely disappeared.

“Shen du is the entrance to the land,” Wei Wuya said, ” a large part of the strange energy in the water is overflowing from Shen du. Therefore, as long as he could sense the strange power in the land and follow the direction of its source, he could get infinitely close to the land. When the time comes, I’ll find a similar spatial node to break through, and I’ll most likely be able to step into the divine capital. ”

“Alright, follow me!”

When Yunxiao heard that, he agreed with him. He quietly felt the power flowing in the water and walked in one direction.

Several hours later, the three of them had walked about a thousand miles.

The strange force in the water was getting stronger and stronger, and

Yunxiao’s divine sense was suppressed to within a thousand feet. The green

light that Wei Qing and his son used to protect their bodies also suddenly grew a bit larger. Although it wasn’t strenuous, it was already starting to consume his physical and spiritual energy.

“Hmph, I once explored the depths of the heavenly River, but I couldn’t go far even after using all my strength.”

Wei Qing suddenly grunted and said with a complicated look in his eyes.

“You’ve explored Tian Chuan?” Wei Wuya asked in surprise. Why didn’t I know?”

Wei Qing blinked and recalled. back then, I was stuck at the peak of the martial Supreme realm for three years. I couldn’t break through. So, I had the idea of using tianchuan. I hoped to use the power of Shen ‘du to break through the barrier.

He retracted his gaze and looked at Wei Wuya. “Although my father has repeatedly told me not to make decisions on my own, I was stuck at the peak of martial arts for a long time back then, and I really had no choice. After walking a hundred miles in the Tian Chuan River, they couldn’t withstand the erosion of the strange force and escaped. Now that I think about it, it’s really embarrassing.”

“What nonsense!” Wei Wuya rebuked. He hadn’t even reached the true immortal realm, and he wanted to enter the fairy’s capital. Furthermore, if you break the rules of the fairy’s capital and old man Meng blames you, I don’t think I can protect you with my power at that time!”

Wei Qing lowered his head gloomily. I’ve realized my mistake. It’s just that the scene reminded me of the past.

Wei Wuya couldn’t help but feel a little scared and cursed, ” “Hmph! Anyway, you’ve hardened your wings and I can’t control you!” He flicked his sleeve and turned his face away, very angry.

“Don’t be angry, father,” Wei Qing laughed, “how can there be a safe path for people of my generation to walk in cultivation? Which one of them didn’t walk out of it with a narrow escape? There’s no reason for you to stay in seclusion all day.”

Wei Wuya also knew this, but his face was still long and he snorted.

Yunxiao’s face darkened as he said, “I didn’t call you father and son here to reminisce about the past! Now, the strange force around us feels almost the same, as if it has reached a relatively balanced state. God’s capital is most likely nearby, so where should we go to break through space?”

Wei Wuya looked around and said, “Let’s just rely on luck. Didn’t you cultivate the eye of truth? Can’t you see any clues?”

Knowing that the two were unreliable, Yunxiao’s eyes flickered with a golden light as he began to search the nearby area.

Wei Qing and his son quietly followed behind him, not disturbing him.

A moment later, Yunxiao suddenly stopped. The golden light in his eyes grew brighter and flickered as he said, “I’ve already found seventeen weak spatial nodes and placed them in different locations. I’ll break through all the nodes in a moment, and if nothing goes wrong, seventeen storms will appear at the same time, tearing this space apart. If we were lucky, one of them should lead us to the underworld. We’ll force our way in.”

“DE! Seventeen?”

Wei Qing and his son both sucked in a cold breath. Wei Qing’s face immediately twisted as he angrily rebuked, “What kind of joke are you playing? He might be able to withstand the tearing force of two or three space storms, but to produce seventeen at once, even a World King wouldn’t be able to withstand it!” you’ve underestimated the realm King,” Yunxiao sneered. he’s not a Saint.

seventeen is a joke,” Wei Wuya said worriedly. even if we manage to kill seven, we might still be able to hold our own.

Yunxiao shook his head. I’m not asking you to take it head-on. I’m just asking you to find the one that leads to the underworld when the seventeen spatial storms arrive, and then rush over. The probability of seven is too small. If none of them are right, it’ll be almost impossible to enter the fairy’s capital again after this space is destroyed.”

Wei Qing said in a deep moment the spatial node is destroyed, the storm Will come.” HOW was It possiD1e to rmc-l tne entrance to snen ‘du In such a short time? There’s also the worst possibility. If all seventeen of them miss, what should we do?”

“Then we’re really dead,” Wei Wuya gritted his teeth.

Yunxiao chuckled and said, " who was the one who said that the cultivation path of my generation is fraught with danger? where is the safe path? " Once you set foot on the path of martial arts, you would be ready to lose your life at any time. So, it's the same this time!"

The father and son were shocked. They seemed to have sensed something and turned their gazes over. Yunxiao raised his hand, and his body began to gradually turn into Thunder from his head down.

Wei Qing was the first to react as he roared, " "Crazy! Quickly stop!"

Because of his roar, a large number of bubbles appeared in the water of the heavenly River, and they gurgled in all directions, as if it was about to boil.

Yunxiao looked at the two men coldly, and the corners of his mouth curled up into a sneer. He had completely turned into Thunder, and the Thunder light around him was ferocious. "Ten thousand lightning tribulation!"

"BOOM!"

A thunderclap boomed from the bottom of the lake, and all the water in the sky River evaporated immediately. A giant whirlpool appeared in the river.

Green lightning flickered in the vortex, and with the addition of purple lightning, it added a touch of color.

Wei Qing and his son's faces instantly turned pale. They only saw 17 purple Thunderbolts rush into the void, and then the entire space stagnated, as if they couldn't recover from the shock. A different kind of pressure instantly descended.

"BOOM!"

Almost instantly, all 17 space nodes exploded, and the surrounding scene completely changed. It had been flowing water a moment ago, but now it had turned into a chaotic black, as if it had been thrown into the universe!

More than ten terrifying forces descended from all directions, and the three of them instantly felt as if their bodies had been slashed by thousands of sharp blades, about to be torn into pieces!

"Dammit! He's indeed a madman!"

Wei Qing opened his mouth and roared, but his voice couldn't get out. His hands didn't dare to stay still for a moment as he desperately formed hand seals.

Wei Wuya did the same. The father and son worked together and instantly created a barrier. The barrier was only about thirty feet wide, which was just enough to protect both of them, and they did not care about Yunxiao's life at all.

“Boom boom boom!”

Even so, under the combined power of two void pinnacle experts, the barrier was directly compressed into an oval under the impact of the spatial storm. It seemed to be unable to withstand a single blow and would explode at any moment.

“This is the place!”

Suddenly, Yunxiao’s stern voice rang out clearly in Wei Qing and his son’s ears.

The father and son were both shocked. They had no idea how he had sent the message and turned their heads slightly.

Yunxiao was fighting against the terrifying spatial storms alone, his body covered in a layer of armor, protected by a layer of purple Thunder. His golden eyes were dyed with a bright blood-red color as he stared excitedly at a spatial storm.

“Let’s go!”

Seeing Yunxiao rush into the spatial storm without hesitation, Wei Qing made a prompt decision and shouted, ”

The father and son immediately separated their palms and turned into beams of light with all their strength, chasing after Yunxiao.

“BOOM!”

The storm hit the three of them, emitting a terrifying pressure. The three of them were like small boats swaying in the waves, ready to capsize at any moment.

Although the figure was lonely and weak, it revealed an unyielding determination. With a flash of light, it rushed into the target and disappeared in this broken space..

Chapter 2252: Chapter 2251-majestic mountain

At the same time, a huge tearing force spread out, affecting the entire shattered clouds sky River. The mountains collapsed and the earth cracked, collapsing toward the center. It was like the end of the world.

This sudden change immediately alarmed the people of the Holy region. In an instant, Nanfeng Xuan and a few other experts arrived.

However, none of them could get close to the vortex. From a distance of tens of thousands of feet, they felt a sense of crisis that was close to annihilation. Fear rose in their hearts, and they did not dare to move forward.

what's with this destructive power?! One of the Warriors asked in shock.

Everyone's faces turned pale as they looked in front of them in horror. The energy contained in the vortex was so strong that even their divine senses were directly swallowed up when they came close.

He couldn't sense what was going on inside at all. The only thing he could sense was that the terrifying power was getting closer and closer with the storm, and the danger of death was spreading in his heart.

A large number of cultivators retreated one after another. After retreating several times, the spreading power of the storm finally stopped. However, with the shattered cloud sky River as the center, everything within a 20000-mile radius had become a black hole, devouring everything!

"Lord wei Qing!"

Nanfeng Xuan stared at the huge black hole. All her vision and divine sense were completely sucked in, and she could not sense anything. Nanfeng Xuan's eyes were filled with worry as she stood in front of the black hole for a long time.

At this moment, Yunxiao and the other two were bearing a huge impact, and they were desperately rushing forward while enduring the pain of their bodies being squeezed.

In just a few breaths, it was as if he had crossed thousands of miles and passed through countless spaces before he finally saw a ray of light.

The rumbling sound was loud in their ears. Wei Qing and his son were bleeding from their seven orifices. The moment they rushed into the light, they both spat out blood and their faces turned red.

The three of them calmed down and recovered from the shock of their blood and Qi, looking around. They were under a towering tree, the color of the grass extending into the distance, countless flowers and trees sat on it, there were birds chirping but no bird shadow, there was the sound of water but no stream, there were petals falling but no wind, the air was like a clear stream.

Yunxiao looked up. His eyes pierced through the layers of shadows and saw a bright white sky above the clear sky, which seemed to be covered with divine light. His heart immediately thumped wildly.

Lord Wuya, is this the place?!

Yunxiao's face was filled with joy. With the scenery and spirit Qi here, even if it was not divine capital, it was not far away.

“We’ve finally arrived.”

Even Wei Qing had never been to this place before. If he had not entered Shen ‘du before the demonic war, his state of mind would not have been as calm as it was now.

Now that he had stepped into the ultimate void stage, even the creation realm was not that far away. The fairy’s capital was naturally not that attractive to him.

In addition, Wei Wuya had been cultivating in the divine capital for a hundred years and had told him many things, so he didn’t show much emotion.

However, it was rumored that the underworld fire would give one a chance to become a realm King in that land. That was why he was so excited.

It was the same for Wei Wuya. He had been cultivating in the divine capital for a hundred years, but he did not know anything about the netherworld fire. It was not until Yunxiao told him about Yuan and Zhuo kun in detail on the way that he was dumbfounded.

“That damned old man Meng! There’s such a huge opportunity hidden in the land, but it’s never been mentioned!”

Wei Wuya’s mind was filled with many thoughts as he looked around. His gaze stopped at the southeast and he pointed in that direction.”Old man Meng is hiding in that area, even I have never entered it.”

The three of them immediately turned into rays of light and flew toward the southeast.

After flying for several hours, everyone was a little stunned.

In the beginning, this area was still filled with birds chirping and the fragrance of flowers. Gradually, the spiritual Qi became thin and was replaced by the strange power of the earth realm. As they flew further and further away, almost all that flowed out was this kind of power.

Fortunately, the three of them were experienced and knowledgeable. Although they were surprised, they did not feel that it was inappropriate. However, in the end, the spiritual Qi was almost all gone, and it was filled with that kind of power.

“Is this already the boundary?”

Wei Qing suddenly asked, his face full of suspicion. It was clearly far from what he had imagined.

Wei Wuya shook his head, “I’ve never been to this area before. Although there are three elders in Shen du, everything in Shen du is under old man Meng’s control.” Amaterasu

and I are also under his control. We've been cultivating in our own areas and haven't seen any outsiders for decades."

Yunxiao reached out and clenched his fist, feeling the power of the earth realm that filled the space. "This place should still be inside the fairy's capital."

His eyes glowed with a golden light. As he flew, he looked at the vast land and said, "The spiritual energy under the earth is extremely dense, so it should be an excellent spiritual vein, just like the place we came from before. It's just that it's being suppressed by the power of the earth, which is why it looks so dilapidated. The entrance to the earth must be in front of us."

His heart was burning, and he could not help but speed up.

A few hours later, a shadow suddenly appeared on the originally flat land. Looking carefully, it was actually a huge mountain that reached the sky. It rose from the ground and stood alone in front of them.

"How can there be such a huge mountain?" Wei Wuya asked in shock.

The mountain was so majestic that it suddenly appeared in front of them, causing all three of them to be surprised.

Yunxiao, on the other hand, had a look of surprise on his face. The shape of the mountain was somewhat familiar to him. He quickly searched through his memories, and suddenly thought of something, which made his face change.

A bright light burst out of his eyes as he stared at the huge mountain in horror.

Wei Qing was also looking around and said, "This mountain is extremely extraordinary. There seems to be some kind of rule hidden behind its location. It seems that the convergence of the Earth's spirit veins or the formation core is being suppressed by this mountain."

He saw blood and immediately pointed out the key point. Wei Wuya also stroked his beard and smiled. "That's right, I was thinking the same. Young master Yun, what do you think?" He looked at Yunxiao with a smug look.

They saw Yunxiao standing there quietly with a solemn face, as if he was lost in thought, turning a deaf ear to their words.

Wei Qing snorted and said, "li Yunxiao, what have you thought of? You can just say it out so that everyone can take a look at it together."

His voice was quite loud, and it woke Yunxiao up from his deep thoughts.

Yunxiao gave him a reproachful look as he shook his head and said, "It's just a guess at the moment, I can't be sure. Let's go into the mountains and take a

look first. If I'm not wrong, the land should be under this mountain."

Wei Qing and his son looked at each other and frowned. "Since my father and I have come to the land with you, we're working together," Wei Qing said unhappily. "If you're always on guard and hiding things from us, then there's no need for you to go on this trip to the underworld."

Yunxiao thought for a moment and said, "It's a little troublesome to explain this to you. I've seen this mountain's shape and aura in another place, and it's very similar. If I can further verify my thoughts, I might be able to guess the cause of the formation of the Earth realm."

"What? The cause of the formation of the Earth realm?"

Wei Qing and his son were both shocked. Wei Wuya was even more surprised, "The land has been here for a long time, and I'm afraid that even second brother Meng doesn't know its origin." "How did you come to that conclusion?"

Wei Qing knew that Yunxiao was not a man who would talk nonsense about such things, so he asked directly, "Where have you seen such a magnificent mountain?"

Although the realm of heavenly martial arts was huge, it was rare to see such a magnificent and magnificent mountain. If there was, the father and son would not be ignorant of it.

"It's the same," Yunxiao said without hiding anything. "On my trip to the North Sea, I saw a similar mountain in the land of ten thousand spirits. There was a bottomless pit in the mountain that led to the vast universe. I've heard that the giant pit only appeared after a peerless expert punched a hole through the realm of heavenly martial arts."

"Break through the realm of heavenly martial arts? A huge pit?"

The father and son were both shocked. Wei Wuya asked impatiently, "What exactly did you experience on this trip to the North Sea?"

"It's a long story," Yunxiao said. "It's not something that can be explained in a

few words. I'll tell you in detail when we get back. Let's go take a look in the mountains first. Perhaps I'm wrong."

Wei Qing also wanted to ask something, but his expression suddenly changed slightly. He wanted to say something, but in the end, he swallowed his words and did not ask.

He could already hear the Holy demon's cry of alarm."World pit! This brat is talking about the realm pit!"

"What is a realm pit?" Wei Qing hurriedly asked.

The Holy demon was a little agitated, and it hurriedly said, "Could it be that this so-called boundary is actually a boundary pit?"

Wei Qing's tone turned cold as he said, " Lord Holy demon, I advise you to answer my questions properly and not talk nonsense. I don't like this!

"Hehe, I was too excited. The Holy demon began to patiently answer.

Just as they were talking secretly, Yunxiao gave him a faint glance, which gave Wei Qing a fright. His face turned a little unsightly as he thought, 'I'm so scared that I can't even see you. Could it be that he discovered my communication with the Holy demon?

"Why are you looking at me?!" Wei Qing's face was gloomy as he said coldly.

Yunxiao smiled, narrowed his eyes, and said, " Let's go. We're going into the mountains. I only saw you in a daze. If I didn't look at you, who would I look Wei Qing glanced at Wei Wuya, who was also looking at him with a questioning expression, and he let out a sigh of relief. He immediately calmed his mind and flew into the mountain with Yunxiao while communicating with the Holy demon.

"This is a Kasaya."

When the three of them flew into the huge mountain, after about half an incense's time, they were all stunned by the scenery that appeared in front of them.

What appeared in front of him was not an abyssal starry sky, but a sea of rivers and mountains that converged forward!

Above the rivers and mountains, there were large amounts of clouds and mist. It was like a dream, like a Fairyland. It was a world of difference from the scene outside the giant mountain.

Yunxiao's patience was running out.. With a dark face, he said, " How long more before we reach the boundary? What kind of place is the land?"

Chapter 2253: Chapter 2252-Cloud Beast

Wei Qing became indifferent and said, "Since we're here, we'll take things as they come. Let's follow these mountains and rivers. There's always an end to everything. It shouldn't be far ahead."

Through his conversation with the Holy demon, he already understood what a world pit was. While he was shocked, he couldn't help but be overjoyed.

Moreover, according to the Holy demon's voice transmission, it was very likely that this place was the boundary pit, which was in line with Yunxiao's guess!

If the world pit was created by such a magnificent force, then the opportunities that could be obtained here would definitely not be small.

He thought to himself, "no wonder the Lord of the earth realm could become a realm King. This terrain was created by an existence that surpassed a realm

King."

"Let's go," he said.

Yunxiao frowned, but as if he was too lazy to say anything, he took the lead and rushed in. Wei Qing and his son followed closely behind.

The three of them continued to move forward. The further they went, the fewer branches the river had, and the wider the river was, the lower the sea of clouds was. At the furthest point, it actually formed the image of hundreds of rivers entering the sea. The clouds and mist were faintly discernible, making it difficult to distinguish between heaven and earth.

After an hour, the clouds and fog had completely stuck to the surface of the river. There was no distinction between them, and it was difficult to tell the direction. It was as if they could not walk to the end. The clouds and fog had turned from thin to thick milky white.

By the time everyone noticed it, the distance of their divine senses had been reduced to a mere ten thousand feet. Even when Yunxiao used his eye technique, he could feel a faint force preventing him from peeking, and his perception of the surrounding situation became weaker and weaker. The suppression of the power of the earth here seemed to be even stronger than at the bottom of the Tian Chuan River.

"Don't you guys feel like something is watching us?"

Yunxiao was the first to stop as he looked around with a solemn expression.

After he said that, the other two couldn't help but be surprised. At their level, this kind of feeling wouldn't be born from a sixth sense for no reason.

Yunxiao circulated the sun incantation, and the golden light in his eyes flickered and then disappeared. As if it was forcibly suppressed by something, his face changed drastically!

But even if it was only for a moment, it was enough to see that the clouds and mist were flowing without any wind. Although the speed was slow, there seemed to be some kind of power inside that was slowly closing in.

Yunxiao stared at the cloud and said solemnly, "There's indeed something hiding in this cloud and mist, and it's surrounding us. It's really strange, so be careful!"

Wei Qing and his son were both shocked. They had just sent their divine senses over, but they were blocked by a force. However, they also sensed that there was something strange in the depths of the clouds.

"The clouds and mist around us are moving, and even I feel like I'm being suppressed," Wei Qing said with a grave expression.

As Yunxiao studied the cloud, his body suddenly tensed up, which startled Wei Qing and his son, who had been paying attention to his every move. Wei Wuya quickly asked, "What did you discover?"

the undercurrent in the depths of the clouds suddenly accelerated, " Yunxiao said with a grave expression. it seems to be trying to lock us in.

"There's a living being here?!" Wei Qing was shocked.

I don't think so. Yunxiao nodded. perhaps it's some monster born by heaven and earth. However, that thing is extremely careful and hid itself after I detected it. I can't detect any signs of it now."

if even you cant detect it, " Wei Wuya said in a deep voice, " it's obvious that this thing has become one with its surroundings. It'll be very difficult to deal with.

"No matter how strange it is, it can't escape the laws of heaven and earth. It's still in the God Realm. With the three of us, what's there to fear?" Wei Qing sneered.

The three of them were all void realm experts, and they could even fight a creation realm expert.

the land is not ordinary, " Wei Wuya said. it's best to be careful!

"Hmph," he snorted.

Wei Qing snorted coldly, and the aura around him exploded without restraint. He made a hand seal. Ever since he had refined the Yin Yang Qi bottle and received guidance from a Holy demon, his confidence had increased greatly.

As he performed the incantation gesture, the Golden characters swirled above his head and turned into a huge Golden Arrow. The arrow shone with a golden light, gilding the cloud Qi.

As if feeling the power contained in the arrow, the surrounding clouds retreated a little and immediately continued to surround them without fear of death.

Wei Qing shouted and the arrow pierced through the sky with a “whoosh” sound, directly shooting into the cloud where the fluctuations were the strongest.

The arrow was instantly devoured by the clouds, leaving only a golden tail of light behind. Then, it was also devoured by the clouds.

Silence spread, and the surroundings turned white. There was no other movement, as if the clouds in the depths had stopped moving.

“What?”

Wei Qing was shocked, and a bright light burst out from his eyes as he stared at the cloud. Although he had not used his full strength in the attack just now, it was not something that ordinary martial artists could take.

Yunxiao and Wei Wuya were also taken aback. While they were still in shock, an extremely terrifying energy suddenly erupted ten thousand feet away!

“BOOM!”

Like cold water dripping into boiling oil, the energy turned into a hurricane and swept over, causing the entire sea of clouds to roll.

What made everyone’s expression turn ugly was that the sea of clouds was actually accompanied by the roars of beasts. Countless auras instantly exploded and connected into one!

The clouds and mist condensed into hundreds of millions of giant beasts, all of which roared at the sky, venting their anger at their territory being invaded.

“Roar!”

The few cloud beasts at the front were the first to attack, baring their fangs and brandishing their claws. Their attacks carried a sharp pressure as they attacked the three of them!

“As expected, everyone is careful!”

Yunxiao’s face turned cold as he stared calmly at the thousands of giant beasts, his eyes flashing with a golden light.

Just as the attacks were about to reach them, golden light suddenly rose around the three of them, turning into sharp blades that slashed at the front.

As the wind and clouds surged, the giant beasts suddenly disintegrated, turning into broken limbs and finally dissipating into clouds.

The other giant beasts all came to a halt. They could sense that these three were quite powerful, so they only roared and attacked a few times to test the waters, but the power they contained wasn’t too strong.

“These things all have the power of the immortal state?” Wei Qing was shocked.

He looked at the rolling clouds in the sky. It was obvious that they were formed by the power of the earth realm, and they were just the most ordinary forms.

Wei Wuya’s eyes lit up, and after staring at it for a while, he suddenly said, “Since the power of the earth realm can gather clouds and take form, it can naturally be used by me!”

“What do you mean, father?” Wei Qing frowned.

“The Lord of the earth realm has obtained the power of the earth realm,” Wei Wuya said slowly. In other words, this power could be obtained. Since the clouds can gather Qi and take form, we can also absorb this power.”

Wei Qing immediately understood and said in surprise, “Father, are you confident?”

Wei Wuya nodded with a smile, “I’ve been in Shen ‘du for many years, and I’ve not only been focused on cultivation. The energy within the shattered cloud sky River could also be absorbed, but it was too weak and useless. However, it’s different here. If we continue forward, there should be an even stronger existence, and the end point is the yellow spring nether fire!”

Both Yunxiao and Wei Qing’s faces changed slightly, and their eyes began to burn.

The underworld fire was the source of the power of the earth realm, just like the NIRVANA PURPLE mansion world destroying divine Thunder, which was born from the power of the earth realm. If he could completely refine it, he would be able to step into the realm King realm.

However, since ancient times, only a few people had been able to completely refine it.

“If that’s the case, then what are we waiting for? Kill! I don’t know if these things have intelligence, but they still look a little clever.”

Wei Qing’s expression turned cold as he swept his gaze over the cloud Mist monsters one by one, his killing intent rising.

If he could obtain the netherworld fire, he would not even need to go to the devil realm. He would almost certainly reach the creation realm.

Yunxiao’s eyes darkened as he said in a deep voice, ” “Then, let’s do it!”

Whether it was related to the netherworld fire or Meng Wu and her brother, they all made him a little upset. He was furious when he looked at the eager marshmallows in front of him!

“Haha, kill!”

Wei Qing’s heroic spirit reached the clouds as he shouted. His body instantly glowed with golden light, as if he was covered in a layer of golden light, and he suddenly attacked forward!

“BOOM!”

The giant cotton beasts made a commotion and scattered in all directions. However, under the impact of Wei Qing’s attack, a large number of them were scattered.

However, the scattered clouds were not like the ones before, which had scattered with the wind. Instead, they slowly condensed in the sky and once again turned into a larger cotton beast. It glared covetously, but was also full of fear as it stared at the three people.

The cloud beasts that had not been scattered seemed to be a little afraid of this new ” kin “. They could not help but retreat to the side and keep a distance from it.

“Not dead?” Wei Qing frowned.

Yunxiao’s eyes flickered as he said, ” “These things aren’t living things to begin with. They’re only condensed from the power of the earth. And the amount of power determined the length of survival. If we want to kill them, we have to suppress the power that is gathering them, or even break them up!”

Oh, ” Wei Qing said as he looked at Yunxiao with a playful look and said, ” the power of the earth realm is also the power of the realm. I’m afraid only your purple lightning or devil essence can suppress him.

Lord Wei Qing, " Yunxiao said calmly, " you are too humble. Even if I can suppress some of the cotton, I can't guarantee that there won't be more. The way to solve this problem once and for all is to use the Yin Yang Qi bottle to absorb all of the cotton."

Wei Qing was stunned for a moment and then muttered to himself.

He had thought about using the yin and yang air bottle, but Yunxiao's divine sense was too sharp. He was afraid that if he used the bottle and discovered the Holy demon inside, he would be in deep trouble. Yunxiao gave him a glance and said, "What's wrong? You're not willing to use

"You think I'm as petty as you?" Wei Qing sneered.

He made a hand seal with one hand and a golden light appeared on his hand. Then, he opened his five fingers and a wisp of yin and yang Qi circled around his palm, turning into a silver bottle and falling into his hand. It had an ordinary shape and an ancient, plain body. At first glance, even Yunxiao would not think that it was a holy artifact.

"What are you looking at?"

shut up! Wei Qing shouted angrily as he turned his body slightly to make the bottle out of Yunxiao's sight. The Holy demon had sent him a voice transmission, asking him to absorb these cloud beasts with the bottle, and was confident that Yunxiao would not find out.

However, Wei Qing was still worried. If there was anyone in the world who gave him the biggest headache and had the least confidence in dealing with him, it would undoubtedly be the person in front of him..

Chapter 2254: Chapter 2254-self-aware

Yunxiao chuckled dryly and said sarcastically, "You won't even let me see, and you say I'm stingy? Is there something wrong with your brain?"

"You coward!"

"You're the one who's sick in the head!" Wei Qing roared. Get lost, don't get in my way!"

Yunxiao smiled and said nothing. He crossed his arms over his chest and watched coldly from the side.

He was also extremely interested in the Yin Yang dual Qi bottle. As long as Wei Qing was on his side, the more powerful the bottle was, the better it was.

Wei Qing made a hand seal and hit the bottle. Suddenly, a silver light shot out of the bottle and into the sky, turning into a double-colored light.

The cloud beasts' eyes revealed a look of surprise. They seemed to have realized that this thing was extraordinary. Their reaction was also decisive. They immediately turned around and ran!

“BOOM!”

However, the world trembled and time and space seemed to freeze. In an instant, space reversed and all the cotton beasts and clouds were suppressed by the yin and yang Qi and collected into the treasure bottle.

Yunxiao's face flickered with surprise as he looked at the bottle in horror. The power of the bottle was beyond his expectation. Every time it appeared, it was stronger than he had expected.

The patterns on the mouth of the bottle swirled, and golden runes swirled up and down. Everything within the range of the yin and yang Qi was affected, and all of them rushed into the bottle.

In a few moments, the cotton beasts had disappeared and the area in front of them became clear.

Not only that, even the strange power of the earth realm that had been filling the air could not be felt at all, as it had been completely absorbed by the treasure bottle.

“This is an

Yunxiao could not help but be a little surprised. If he encountered the netherworld fire later, and this guy took out the treasure bottle to take it away, who would he cry to then?

Wei Wuya's face was also filled with joy, and he praised the power of the treasure bottle.

The Holy demon's ecstatic voice came from the bottle. haha, this thing is indeed the realm power of the heavenly martial realm. Quickly, go and find the source. If you can completely refine it, you won't need to go to the devil realm to find the devil bone.'

Wei Qing was also quite happy, he transmitted a message: it's not that easy to get the underworld fire. If I can refine it completely, I'll be a World King.

The Holy demon said, "yes, that thing is condensed from the world's power, so it does have this power." However, not everyone can refine it at will, and the transforming Qilin demon bone is different. The probability of refining and absorbing it is extremely high."

“Let’s go to the land first. If we can’t get the netherworld fire, then we’ll go to the devil World,” Wei Qing said.

“That’s good,” the Holy demon said. However, I’m a little curious. This place is a realm pit, so why would there be a manifestation of realm power? If I’m not wrong, there must have been two peerless experts fighting here back then. One of them had the power of the realm and was either a true dragon or a realm King. Then, he was sent to get a lunchbox by the other expert. However, the power of the world in his body did not dissipate. Instead, it settled down in the pit, thus forming what you all call the ‘underworld fire’.

“It’s that complicated?” Wei Qing was stunned.

The Holy demon chuckled and said, “that’s most likely it.” It’s just that it’s been a long time, so I’m afraid it’s difficult to investigate.”

Wei Qing nodded and stopped talking to the Holy demon. Instead, he gave Yunxiao a smug look and said with a sneer, “Alliance master Yun, let’s go. What’s the meaning of this confused look?”

With a thoughtful look on his face, Yunxiao came back to his senses, nodded slightly, and said softly, “Let’s go,” he said.

Wei Qing frowned slightly. He could tell that Yunxiao had something in mind, but he could not guess what he was thinking, so he could not help but feel a little nervous. But on second thought, as long as he broke into the fate realm, with the power of the bottle, he would be able to do whatever he wanted in the world, and he would no longer have to fear Yunxiao, unless the latter had stepped into the realm of regional King.

Although the chances of one entering the realm of regional King with the divine realm tablet were higher than that of ordinary people, it was only relatively speaking. The absolute chances were still very low.

The three of them continued to fly forward.

In just a moment, the strange force of the land appeared again, but the three were not afraid. Occasionally, they would encounter hidden cloud beasts, and the weak ones would be directly scattered, while the strong ones would be directly absorbed by Wei Qing.

Several hours later, the sky in front of him was as clean as a wash. There were no clouds at all, only an aurora appeared. A strange light rose up, dazzling like a thin ribbon, faintly floating and protecting the multi-colored light in the center.

The multicolored light illuminated the heavens and the earth, and the strange force it emitted could suppress everything within a thousand miles. It was clearly extraordinary.

Yunxiao, Wei Qing, and his son both narrowed their eyes and looked over, only to find that they could not see anything inside the light. There were only waves of frequency fluctuations that shook their minds!

“Earth realm power! ”

The few of them were shocked. This multicolored light was the source of the strange force that filled the giant mountain!

“The three of you, please stop.”

Yunxiao and the others were about to enter the strange scene when a familiar voice suddenly came. Then, a man appeared in front of the three of them. His face was as dark as water, but his eyes were filled with complicated emotions.

“Gongyang zhengqi! ”

Yunxiao’s face darkened when he recognized the man in front of him. He asked impatiently, “Have you captured the mengwu siblings? ”

Wei Qing also looked coldly at Gongyang zhengqi, who was also one of the five great governors of the Holy region. At this moment, Gongyang zhengqi’s aura was completely different from before. He seemed to be completely integrated into this strange scene, and no clues could be seen.

“That’s right,” Gongyang zhengqi nodded. “I’m the one who brought the siblings here, but I didn’t ‘capture’ them. Please use more precise words.”

Yunxiao breathed a sigh of relief, and his face relaxed a little. As long as the siblings were safe, he was fine. “Where are the siblings now?”

Before Gongyang zhengqi could answer, Wei Qing’s face darkened and he said coldly, “You killed my people and snatched the siblings away, and you still have the face to say that you’re not ‘captured’? Don’t tell me it’s an invitation?”

Gongyang zhengqi narrowed his eyes and looked straight at him. He sneered, “Of course it’s a treat. They’re the juniors of Lord True Lord, you’re the one who captured them, right?”

Wei Qing’s expression changed slightly and he snorted, “Gongyang zhengqi, we may be familiar with each other, but if you speak nonsense, I will Sue you for slander. Which eye of yours saw me arrest him?”

He knew that he could no longer hide his little tricks. Perfected Lord Meng Ling had most likely already found out.

However, he had the power of void boundary and Wei Wuya. Unless perfected Lord Meng Ling was in the creation realm, no one could do anything to him.

Therefore, he had no fear. As long as he insisted that he didn't snatch anyone, no one could do anything to them.

I won't care about this," Gongyang zhengqi said coldly. when the time comes, a supreme will come to you.

"Where are the siblings?" Yunxiao asked.

Gongyang zhengqi pointed at the cloud and said, "He's currently receiving the inheritance from the earth realm within the clouds."

"What?"

The three of them were shocked, and the expressions on their faces were all different.

Wei Qing's face was gloomy as he stared at the cloud. He gritted his teeth and said, "Inheritor of the netherworld fire?"

Yunxiao was both surprised and delighted. If Meng Wu and her brother got the netherworld fire, it would be almost the same as him getting it. "Can the siblings withstand this power? There won't be any problems, right?"

Gongyang zhengqi saw that something was wrong with Wei Qing's expression and was immediately on guard against him. He reminded him coldly, "I don't know what the inheritance is, but you'd better be honest.

Wei Qing's body moved slightly, and his heart was in a dilemma. He stared at the light, not knowing if he should rush in and snatch it.

The Holy demon in the silver bottle suddenly sent a voice transmission."There's indeed something extraordinary in that ray of light. If I make a move, do you have the confidence to snatch it?"

Wei Qing said dejectedly,"I'm not confident at all!" We can't defeat Yunxiao and

Gongyang zhengqi together, not to mention that there's also the mysterious

perfected Lord Meng Ling. I wonder how strong she is."

"What if I can hold back that True Monarch?" the Holy demon asked.

"You can fight?" Wei Qing was shocked.

“Although I haven’t recovered my strength yet, and there’s the pressure of the realm here, I can still suppress a void extreme divine realm expert for a moment, ” the Holy demon said after a moment of silence.

“That true Lord Meng Ling might not be void pinnacle,” Wei Qing said.

“Unless it’s a perfected creation realm expert, I can even hold off an ordinary creation realm expert.” The Holy demon sneered. As long as you have a way to suppress Yunxiao and Gongyang zhengqi, then absorb your netherworld Earth Fire with the yin and yang air bottles, you can turn around and run. Then, this great opportunity is yours!”

The Holy demon’s words tempted Wei Qing.

It wasn’t that he couldn’t delay them. There were still a lot of killing weapons in the yin and yang Qi bottle. If he released all of them, he could delay them for a while.

When he thought about how he had the netherworld fire all to himself and how he had the opportunity to break through to the world King realm, he could not help but feel a fire burning in his heart.

“Lord Wei Qing, do you know what is the most important thing to a person?”

Just as Wei Qing was struggling in his heart, Yunxiao’s sudden words disrupted his mood. He quivered and came back to his senses, then said reflexively, ‘ “What?”

Yunxiao sneered, as if he had seen through his heart. “The most important thing for a person is to have a clear understanding of themselves. What should be done and what shouldn’t be done, they must be clear. Otherwise, there will be big trouble.”

Wei Qing’s expression changed and he immediately became alert. He knew that Yunxiao had caught his emotions and thoughts.

Wei Wuya and Gongyang zhengqi also understood the underlying meaning of his words, and their bodies trembled slightly as they became alert.

The surrounding atmosphere became tense and heavy as a result. The four of them were at daggers drawn.

“Hmph!”

Wei Qing sneered. are you saying that I don’t know my own limits? ”

Yunxiao’s eyes turned cold as he said, ” I don’t know if you have one or not. Only you know. Of course, I hope you have one.

Wei Qing was silent for a while, then he suddenly said in a cold voice, "What if I don't?"

The air around them suddenly froze, and the tense atmosphere was instantly compressed, as if it would explode at any time!

Yunxiao was not afraid. He just sneered and said, "If there isn't, then it will be very troublesome. Those who know others are wise, and those who know themselves are clear. If he didn't have the wisdom to know people, he was at most a fool.. However, if you don't know your own limits, it's very likely that you're already dead!"

Chapter 2255: Chapter 2254-world of fire

"Is it up to you to decide whether I die or not?" Wei Qing said coldly.

"Of course not."

Yunxiao shook his head with a smile and said, "it's your own decision.

shut up! Wei Qing angrily rebuked, a fierce look flashing in the depths of his eyes as a monstrous killing intent rose from his body!

At this moment, he was like a gambler who had put all his eggs in one basket. All he had was the obsession of the winner being King and the loser being a Bandit!

As long as Yunxiao and Gongyang zhengqi were kept busy, and the Holy demon was keeping true Lord Meng Ling busy, he would be able to take the netherworld fire!

Yunxiao and Gongyang zhengqi were instantly alerted. Their bodies trembled at the same time as they clenched their fists and performed incantation gestures, staring at Wei Qing and his son, ready to fight at any moment.

"Ah!"

Suddenly, a shrill scream rang out from within the clouds, causing the four figures to freeze.

"Not good!"

Gongyang zhengqi cried out in surprise. He turned around and left the few of them behind as he charged into the multicolored light!

Yunxiao was more worried about Meng Wu and her brother's situation, so he could not care about Wei Qing at the moment. With a flash, he rushed in front of Gongyang zhengqi and stepped into the cave.

The surrounding scene suddenly changed. Light green flames spread out, and the temperature suddenly rose. A faint light automatically emanated from Yunxiao's body to protect him.

“Underworld fire!”

He couldn't help but be shocked. He found that he had entered the world of fire, which was a completely different world. The road behind them was also gone, and they could not leave.

“This Dark Fire is very spiritual, and it has its own world. I wonder where Meng Wu and the others are. Where was true Lord Meng Ling? That miserable cry just now sounded very much like Meng Bails voice.”

Yunxiao was worried as he walked slowly in the world of fire. With each step, flames would rise and hit the light.

What made Yunxiao's face change the most was that as long as he extended his divine sense more than a hundred feet out, it would be immediately burned by the dark Fire, making it difficult for him to spread it any further.

In this independent world, it was no different from being blind if one didn't use divine sense to explore the way.

After taking a few steps, Yunxiao gave up the aimless search and stood still, but his eyes began to flicker and shoot out a violent aura.

“Since I can't find the direction, I can only try to split this world of fire!”

He raised his hand and with a wave of his arm, a Thunderbolt appeared. It condensed into a purple color between his five fingers and extended into a sword!

The sword was more than three feet long and was overflowing with cold air. There were lightning and purple light flashing on it.

As soon as the purple Thunder sword was drawn out, the dark Fire in the surroundings was forced back, forming a vacuum of more than a hundred feet around Yunxiao.

Li Yunxiao, what are you doing? ”

Suddenly, a stern shout came from behind.

Yunxiao turned around and saw Wei Qing, his father, and Gongyang zhengqi. All three of them looked at him in surprise. In particular, Gongyang zhengqi and Wei Qing's eyes were almost on fire.

Lord Gongyang, " Yunxiao said happily, " you've come at the right time. Where are Meng Wu and the others?"

Gongyang zhengqi's face was a little pale. He stopped him and said, "Don't do anything rash. The netherworld Fire World is the core of the entire land. If you destroy it, the entire land will collapse, and it might even affect the Saints."

Yunxiao's face darkened as he asked again. " "Is Your Excellency's hearing bad?

I'm asking where Meng Wu and the others are."

Seeing Yunxiao's anger, Gongyang zhengqi said with a serious face, " "The netherworld fire is an independent realm, vast and boundless. I don't know where they are. Only true Lord knows."

Yunxiao clenched the violet Thunder sword in his hand, poured his power into it, and held it horizontally in front of him. His eyes were cold, and his face looked a little ferocious under the light of the sword. "In that case, it's useless to ask you. I'll do it myself!"

"Stop!" Wei Qing was shocked. If this world collapses, the netherworld fire will also be gone. Don't do anything stupid!"

Yunxiao ignored him. The underworld fire was important, but the lives of Meng Wu and her brother were more important. He raised the purple Thunder sword without any hesitation. Thousands of rays of sword light spread out and a Thunder Dragon appeared. The purple and green light flashed.

"Swish!"

The sword light dimmed and then slashed down in front of him!

The entire space emitted a "shua shua" sound, and a dark and deep crack appeared in front of him.

Suddenly, two beams of light flashed and appeared on both sides in front of Yunxiao, slapping at the violet Thunder sword at the same time!

One of them was Wei Qing. As he clenched his palm, a green light appeared and turned into a seal that struck the lightning, creating a large ripple.

The other person was Gongyang zhengqi. He raised his black battle spear and with a " Chi " sound, he pierced into the violet Thunder sword, penetrating the monstrous power.

“BOOM!”

The violet Thunder sword suddenly shattered under their joint attack, turning into countless lightning snakes that shot toward the two of them.

“Bang! Bang! Bang! Bang!”

The two of them used their movement techniques to swim over the flames and avoid all the lightning snakes. They also condensed their palms and formed a barrier in front of them to protect themselves. Only then did he manage to block all the power of lightning.

Yunxiao looked at the two men coldly, then glanced at Wei Wuya, who had not made a move yet, and said ferociously, “You three want to die?”

Gongyang zhengqi’s expression changed drastically, and he said angrily, “I don’t want to fight with you, so don’t mess around! The mengwu siblings are the descendants of the Lord immortal, so their concern for the two siblings is naturally no less than yours. In addition, the true Lord was the most familiar with this world of fire. If you rashly break open this world, you might harm the two of them!”

Wei Qing also made his stand clear and said coldly, “I don’t want to mess around with you, but I must get this netherworld fire! Whoever dares to destroy it, I swear to fight to the end!”

Although Wei Wuya didn’t say anything, he was definitely on the same side as the two.

After hearing Gongyang zhengqi’s words, Yunxiao calmed down a little, but he still said stubbornly, “Unless you bring me to them, they will only be safe if they are within my sight. Otherwise, I can only use my own methods to find them. Even if she’s their ancestor, I’m not familiar with her, so I can’t entrust her to you.”

“I said I don’t know where they are!” Gongyang zhengqi said angrily. If you insist on causing trouble, I won’t be afraid of you, but if it affects the siblings, can you bear the responsibility?”

li Yunxiao, ” Wei Qing suddenly said, ” you’re confused because you’re concerned. Since this was the dark Fire World, there must be a Dark Fire true body, and the place where the true body was located must be the place with the strongest power. Have you forgotten how we got here?”

With that, Yunxiao scolded himself for being so muddleheaded that he had forgotten to follow the fluctuations of the power to find the source.

The violent aura around his body dissipated immediately, and he calmed down.

Gongyang zhengqi’s expression changed slightly as he warned, ” I advise the three of you to stay here quietly and don’t even think about finding the true body of the dark Fire.

The power of the netherworld fire is not something you can resist. Be careful not to burn yourself while playing with fire.”

The three of them looked at him coldly, with a look of ridicule.

Gongyang zhengqi's expression turned even uglier. He gritted his teeth and said, ” “Are you really going to find the nether fire's true body?”

Yunxiao and Wei Qing had ignored him, and were discussing in detail where to go. Yunxiao quickly determined the direction, then pointed at one and said, ”

“It should be here, follow me.”

He led the way, and Wei Qing and his son followed closely.

Only Gongyang zhengqi was left standing on the spot. He was so angry that he stomped his feet, but he was helpless. With his strength alone, it was impossible to block these three people.

After stomping his feet, he sighed and followed.

After the time it took to finish a cup of tea, Yunxiao suddenly stopped and stood there quietly.

Wei Qing's heart moved, “what's wrong?” Don't tell me, Yingluo ‘

Yunxiao nodded. it's the same as the outside. There might be something like a Cotton Monster.

Instead of getting angry, Wei Qing was overjoyed. He licked his lips and chuckled, ” these things are the essence of the dark Fire. Where are they? ” Yunxiao looked around and casually pointed at a few points.

Something in the fire seemed to tremble and retreat in all directions.

Wei Qing's eyes flashed. He immediately raised his hand and the Yin Yang Qi bottle flew out. A large amount of yin and yang Qi shot out of the bottle and into the surrounding fire.

Following which, several angry roars could be heard, causing the flames to tremble. Extremely strong elemental energy fluctuations spread out and shook the area.

Gongyang zhengqi was shocked as he looked at the silver bottle with a face full of shock. He exclaimed, a Saint artifact?!

He also had a quasi-Saint weapon on him, which was the Great Wheel of rebirth. Now that the treasure bottle had appeared, he could clearly feel the vibration of the big wheel, which was the phenomenon of profound level weapons under the pressure of level.

In a few breaths, a few large fire monsters were caught by the yin and yang Qi from the surrounding Dark Fire and directly dragged into the bottle.

Not only that, but Wei Qing seemed to think that he was too slow, and he kept striking the bottle with his hands.

Immediately, the yin and yang Qi gushed out and instantly covered a radius of several thousand feet, sucking in all the dark Fire and fire monsters.

Satisfied, Wei Qing used a seal to retrieve the treasure bottle and said casually, "It's all settled, let's go."

Gongyang zhengqi was already dumbfounded. He said awkwardly, "What, what's with this bottle?"

But, no one answered him. Yunxiao and the other two continued to walk forward.

Gongyang zhengqi's face was livid with anger. He knew that earth-shaking changes must have taken place outside during the time he had entered the land.

He had thought that he would be able to regain control of the world after his strength had increased greatly.

But now, it seemed like it was just wishful thinking. The two people in front of him were not people he could deal with.

The four of them continued to sense the weak frequency difference and soon realized that something was wrong. As the power fluctuations grew stronger, the temperature of the flames dropped.

"HOW did this happen?"

why? " Yunxiao was puzzled. all the way here, I've found that the stronger the power, the higher the temperature of the flame. Why is it the opposite? " Could it be that there's some mystery that caused us to fall into a difficult situation?

Wei Qing said, "the underworld fire is condensed from the power of the realm, so it's normal that it's different from ordinary flames." Besides, it's not necessarily a bad thing for there to be changes. Let's go quickly."

He was a little excited and excited. He was calculating in his mind how to snatch the dark Fire when he really saw it.

Yunxiao was silent for a moment. At this point, he had no other choice but to continue walking..

Not long after, the temperature dropped sharply to the freezing point, and as they continued to advance, the temperature plummeted.

Thin ice crystals condensed in the air, and with every breath he took, he would spit out thick white mist.

Even Gongyang zhengqi's face was filled with shock. He didn't know that there would be a place with such a low temperature within the netherworld fire.

As they continued walking, icicles began to appear, from the thickness of an arm to the thickness of an arm. There were thousands of them arranged in front of them, blocking everyone's vision.

things will reverse when they reach an extreme, " Yunxiao said in a deep voice. it's so cold inside the dark Fire!

"There must be something wrong if things are abnormal. Be careful!" Wei Qing nodded.

After walking a little further and going around hundreds of icicles, the path ahead became wider and the icicles were no longer as dense. It was just that the cold air was pressing on one's body and even the few void extreme God Realm experts felt pressured.

Yunxiao suddenly trembled and cried out in alarm, " "Meng Wu! Meng Bai!"

In the center of an open space a few hundred feet away, a huge ice pillar supported the sky and the earth, with a radius of more than ten feet. Meng Wu and her brother sat opposite each other in the icicles, each making a hand seal.

Both of them looked like they were in pain. Meng Wu furrowed her brows slightly, and there was a hint of worry on her face. Meng Bai's mouth was wide open, and his face was filled with horror as he shouted. It was obvious that he was the one who had shouted out in surprise.

how did this happen?!

Yunxiao's face was filled with shock and anger as he rushed toward the icicle. Suddenly, an old voice rang out, " "Don't touch that pillar!"

But, it was too late. Yunxiao's hands had already slammed into the pillar, and in just a moment, his palms were frozen. The ice Qi flowed up his arm and was about to freeze him.

"I told you not to touch it! You're looking for death!"

A light flashed beside the pillar, and an old man in white appeared. He stared at Yunxiao angrily, his eyes full of ridicule and pity.

"True Lord!"

When Gongyang zhengqi saw this person, he hurriedly went forward to pay his respects.

Wei Qing and his son became alert and on guard, afraid that perfected Lord Meng Ling would suddenly attack.

But, true Lord Meng Ling turned a blind eye to them. All her eyes were fixed on Yunxiao, as if she was waiting to see how he would die.

Yunxiao was also shocked. The moment the ice invaded his palm, he almost lost all feeling in his entire arm. Then, an extremely strong cold air rushed into his internal organs. Before he could react, his body was completely frozen.

His eyes were filled with shock and horror, but it was only for a moment before the terrified expression froze on his face, and his entire person became an ice sculpture.

At this moment, a large amount of Ice Energy rushed into his spirit sea and mind sea. Not only would the cold Qi freeze the body, but it would also freeze the soul and consciousness.

Suddenly, a Golden Force emerged in his spiritual ocean and turned into Yunxiao's appearance. He quickly made a series of hand seals and immediately condensed a golden barrier.

"Ka ka ka ka"

The barrier was covered in a thin layer of ice and was completely frozen. Yunxiao's divine sense sat quietly in the barrier, one hand in an incantation gesture. It was unknown whether he had completely lost consciousness or had fallen into silence.

Outside his spiritual altar and sea of consciousness, in front of a huge icicle, Yunxiao's body had turned into ice and fused into it. It was as if a large piece of the pillar had protruded out.

Gongyang zhengqi said in horror, “perfected cultivator, li Yunxiao is not good!”

“He’s dead,” said true Lord Meng Ling coldly.

“He’s dead?”

“Impossible!”

Gongyang zhengqi, Wei Qing, and his son were in disbelief under the great shock. Each and every one of them shook their heads like a rattle-drum.

“Impossible?” true Lord Meng Ling sneered. You don’t believe me? If you have the ability, go and touch that pillar and see if you’ll die.”

Wei Qing felt the cold air fluctuations coming from the pillar, and his face turned extremely ugly, “Yunxiao is the master of the divine realm tablet, and he has mastered the Brahma purple mansion world-destroying divine Thunder, so the strongest Ice Energy is only elemental power. There’s no elemental power in the world that can defeat Zifu divine lightning!”

“Hehe, elemental power? That’s right. Could everything in the world be formed by the five elements? if so, is there anything in the world that can surpass the purple lightning?”

True Lord Meng Ling sneered as she looked at Wei Qing. The gloominess in her eyes gradually dispersed, and a sharp light shot out. Wei Qing was so frightened that he couldn’t help but take a few steps back.

“The creation realm! He’s a creation realm expert!”

Wei Qing’s heart was in turmoil. Never in his dreams would he have thought that true Lord Meng Ling would be a creation realm existence!

Wei Wuya also felt the aura that made his heart tremble, and he couldn’t help but stand side by side with Wei Qing. They were both secretly on guard, ready to attack at any moment!

Gongyang zhengqi seemed to have known about true Lord Meng Ling’s strength and was not surprised. He only replied, “there is naturally a power stronger than the purple lightning in the world.

“That’s right. Isn’t the stronger power formed by the five elements?” perfected Lord Meng Ling asked. You said that purple lightning is the most powerful element in the world, hehe hehe ... Wei Qinglong, where is your intelligence?” True Lord Meng Ling laughed without hiding anything.

Wei Qing was slightly stunned and then became silent, knowing that what he said was biased.

“Old man Meng, how many years has it been since we last met?” Wei Wuya asked. Now that we’ve met, you seem to be too distant.”

True Lord Meng Ling glanced at him and sneered, ” ‘When have we ever known each other?’”

“You coward ! ”

Wei Wuya was furious. He had always regarded Lord Meng Ling as a target to surpass, but the other party was so disdainful. However, there was nothing they could do. The difference in strength between the two of them determined the difference in status.

Wei Qing came back to his senses and stared at Yunxiao, who was now covered in ice. He still found it hard to believe that the man he had been most afraid of and regarded as his greatest enemy had died just like that.

he’s the master of the divine realm tablet! Wei Qing was still in a daze as he said in a daze.

“Tsk!

you’re too weak, ” master Meng Ling mocked in disdain. not to mention the master of the divine realm tablet who hasn’t even reached the realm of a World

King, many world Kings have fallen. Why can’t he die?”

These words immediately rendered Wei Qing speechless.

Yunxiao was quietly embedded in the ice, his face still full of horror and life-like expression. However, there were no signs of life.

Wei Qing checked again and again, and only after confirming that Yunxiao was really dead did he accept the fact.

He asked, “what exactly is this ice? how can it be so powerful?” Shouldn’t the underworld fire be the strongest power in the land?”

Perfected Lord Meng Ling’s expression turned desolate as she looked at the huge icicle. Her gaze fell on Meng Wu and her brother, and she could not help but let out a long sigh as a look of grief flashed in her eyes.

“The yellow spring Dark Fire is indeed an item of the earth realm and it is formed by the power of the realm. However, it is not the strongest power.” “Don’t use your strongest power? Could it be that the strongest power is this ice

ice element?! Wei Qing was shocked. the elemental power of a World King can be restrained by this ice element?!

True Lord Meng Ling placed her hands behind her back, and her gaze became distant, as if she was thinking about something. “The underworld fire and the crystal Frost were owned by two seniors in the world King realm. The two of them, one Yin and one yang, one righteous and one evil, restrained each other. Thus, they agreed to fight to the death in the void of the current earth realm, and in the end, they both fell, forming the world that we are in now.”

Wei Qing was extremely shocked. Although this result was different from the Holy demon’s guess, it was essentially the same. As expected, the realm power had been broken by a powerful force, thus creating this ‘realm pit’!

True Lord Meng Ling didn’t know what he was thinking and continued, ” “The power of this exterminating Crystal Frost is indeed above that of the netherworld fire. Back then, Zhuo kun had gone through great pains to refine the underworld fire, but he had also narrowly escaped death and almost died under the exterminating Crystal Frost. Yunxiao was too rash. How could such a reckless man lead the world to fight against the devil? Perhaps it’s the will of the heavens to die Here today.”

He even had a reproachful look on his face, as if he had “misjudged someone.”

Wei Qing’s heart burned with passion as he said, ” “True Monarch, did Zhuo kun take the netherworld fire away back then? Or did he only take away a portion? Is the dark Fire a pure fire?”

True Lord Meng Ling looked at him thoughtfully, as if she had seen through his thoughts. “After the battle between the two seniors, the power of Ice and Fire here reached a state of balance, mutually restraining and deriving from each other. Zhuo kun had indeed taken away a portion of the netherworld fire. Therefore, for the past 100000 years, this land had been frozen, and it had even directly affected the divine capital and the Holy region. This was the reason why the Holy region was covered in snow all year round. After a hundred thousand years, the power of the dark Fire has gradually recovered and is now able to compete with the tuo e Crystal Frost, but it’s still far from it. then, what’s the state of Meng Wu and her brother now? ” Wei Qing asked. have their vitality also dissipated? ‘

He asked carefully, not daring to use the word ‘die’. He was afraid that if he angered perfected Lord Meng Ling, the consequences would be unpredictable.

True Lord Meng Ling looked at him with interest, and the corners of her mouth suddenly curled up into a mocking smile. "You care about the siblings too?"

"I'm just asking," Wei Qing replied awkwardly. Furthermore, the two of them have been with me for a long time, and we are both friends and teachers." hehe, what a good teacher and friend. I really don't blush when I say it!

After ridiculing her, she said coldly, "If Li Yunxiao wasn't dead now, I might have sent you and your father to heaven!"

Wei Qing and his son's expressions changed drastically. Wei Qing frowned and asked in confusion, "What does it have to do with Li Yunxiao's death?"

"That's because you and your son are still considered to be useful talents," true Lord Meng Ling sneered. Now that Yunxiao was dead, the heavenly martial realm was without a leader, and a new leader was needed to stabilize the situation. If Ye Qingyu from Xuan Li Island was willing to step in, he would be the best candidate. If he's not willing to come out, Wei Qing, you're considered a formidable character, and it might be fine for you to lead the heavenly martial Union."

'What?'

Wei Qing was so shocked that he couldn't speak.. Never in his wildest dreams did he expect that not only would perfected Lord Meng Ling not kill him, but she would also push him away as the heavenly martial Alliance's chief!

Chapter 2257: Chapter 2257 -die your sister!

don't get so worked up," true Lord Meng Ling said disdainfully. this is just a case of a monkey claiming to be the king when there are no Tigers in the mountains. If there were any other suitable candidates, I wouldn't have targeted you. What a pity, Yunxiao!"

His face was full of annoyance and resentment. He looked at the protruding part of the icicle and scolded, "reckless and ignorant. It's fine if you die, but you've also implicated the world!"

Wei Qing snorted. He didn't know whether to be happy or angry when he heard perfected Lord Meng Ling's evaluation of him, but it was always a good thing to be able to hear the words of the heavenly martial Alliance's leader.

how's Meng Wu and Meng Bai's condition now?" Wei Qing asked. since the netherworld fire is not as good as it used to be, can this adversity Crystal Frost be collected and refined?"

True Lord Meng Ling glared at him and scolded, "If you want to die, you can try! I'm warning you, don't you dare try anything funny! Now that the demonic tribulation is coming, I don't want you to die in vain. If you want to die, you should die on the battlefield of the demonic war!"

He was silent for a moment, his face full of sorrow, and said, as for the mengwu siblings, I don't know if they're Dead or Alive. Even if they're not dead, I'm afraid they won't be able to hold on for long. what? " Wei Qing was shocked. why can they hold on longer than li Yunxiao? ' Could it be because of his special Constitution?"

"That's right," true Lord Meng Ling nodded. One of them had been affected by the underworld fire and had turned into a five-poison body. One of them was affected by the NIE e Crystal Frost, and the God-killing light appeared in his body. That's why I took the risk and let them try to absorb the crystal Frost, but they failed."

"Don't be too sad, senior immortal," Wei Qing said. Everyone will die one day, it can only be said that it's the will of heaven."

True Lord Meng Ling looked at him coldly and said, "Are you curious why I didn't pursue the matter of you taking the siblings away?"

"It's a little strange, why?" Wei Qing's expression changed slightly and admitted.

because I've been watching your every move, " master Meng Ling said with a sneer. I know everything about Meng Wu and her brother in Yanwu, including how they were taken as li Yunxiao's disciples and how you took them away.

"Argh! Then you're the one who ran!"

Wei Qing's palms were covered in cold sweat, and Wei Wuya's face was pale. The father and son seemed to get to know the man in front of them all over again in an instant, and they realized how terrifying he was. It seemed that everything was going according to his plan.

True Lord Meng Ling's expression turned sorrowful as she looked at the brother and sister in the stone pillar. "I originally hoped that they could live a peaceful life and not be affected by the power of the netherworld fire and the tuo 'e Crystal Frost. But they still can't escape their fate."

It took Wei Qing a long time to calm the shock and fear in his heart.

The father and son secretly looked at each other. Their eyes were full of fear, and their foreheads were full of sweat.

He thought that he had done it flawlessly, but he did not expect that it had long been exposed under the eyes of others. He had thought that he was smart for decades, but it turned out that he was just a fool.

Wei Qing's Vulture-like face turned black as if he had suddenly realized that he had been naked in front of people for so many years.

However, he was also a formidable person of his generation after all. He quickly calmed down and changed the topic. "Let me try this exterminating Crystal Frost, maybe I can absorb it. I've recently refined a strange treasure called the 'yin and yang air bottle'. It can absorb all things."

"One of the three Saint weapons of the demon race?" perfected Lord Meng Ling frowned.

Wei Qing nodded and raised his hand. Yin and yang Qi condensed and turned into a treasure bottle in his palm.

True Lord Meng Ling's expression changed several times. After a while, she said, "Alright, you can try! But be careful, I don't want the strong warriors of the realm of heavenly martial arts to be completely chaotic."

"Don't worry, I won't get close to the crystal Frost," Wei Qing said.

He was still a little nervous. Even Yunxiao had died with a single touch, so the yin and yang Qi bottle could not give him any confidence. Only when the Holy demon continuously encouraged him to try did he make up his mind to try.

Wei Qing's eyes were fixed on the icicle. Just as he was about to take out the treasure bottle, he suddenly let out an "ah!" and in shock, he took a few steps back with the treasure bottle.

"What's wrong?" true Lord Meng Ling frowned. You haven't even made a move and you're already scared?"

Wei Qing's mouth was wide open as he pointed at the protruding part of the icicle with his other hand and cried out, "Li Yunxiao, li Yunxiao is not dead! I just saw him move!"

"What?"

Startled, perfected Lord Meng Ling and the others hurriedly looked at Yunxiao. Yunxiao was frozen in a daze, and the horror on his face was still vivid, making it impossible for him to move.

"You must be mistaken," Wei Wuya said in a deep voice. Don't scare yourself!"

Wei Qing looked a few more times and asked suspiciously, "Did I really see wrong?" He felt a little absent-minded. He didn't think he was wrong, but after hearing what the two said, he felt that he was wrong.

maybe li Yunxiao's photo has cast a shadow in my heart, so I can't believe that he's dead.

Wei Qing consoled himself in his heart and thought, "Yes, that's for sure. That must be it!"

After he calmed down, he raised his hand, and the yin and yang Qi bottle flew out of his palm.

Suddenly, a cracking sound came from the icicle.

Everyone's breath froze in an instant, as if time and space had suddenly stopped. Even the circulation of the yin and yang air bottles had stopped!

"Kala kala kala kala kala"

Countless cracks appeared on the protruding part of the ice pillar. Finally, a small piece exploded with a bang.

The hearts of perfected Lord Meng Ling and the other three seemed to contract with the sound of cracking frost. Their blood froze as they widened their eyes and stared ahead.

"Bang!"

&Nbsp; the crystal Frost on the protruding part shattered, and countless energy exploded, sending a layer of ice-like energy wave.

True Lord Meng Ling gasped and said, "Be careful! Quickly run!" When he finished speaking, he was already a thousand feet away.

Gongyang zhengqi and the other two were even more frightened. Even someone as powerful as perfected Lord Meng Ling had fled, so how could they dare to stay? they instantly turned into rays of light and fled.

The light blue crystal Frost exploded, and a wave of air swept toward the three of them.

Wei Wuya was slightly slower, and half of his body was struck by the crystal Frost. It immediately became as hard as ice and he lost all feeling. His body staggered in the air and he almost fell down.

Luckily, Wei Qing reacted quickly and exclaimed, “father!” He reached out his hand. A powerful force descended like a dragon’s claw, sweeping Wei Wuya up and sending him flying several dozen Zhang away.

Only then did the three of them land outside of the wave of air. They saw a circle of white powder on the ground, which quickly condensed into a

mirror-like surface that shone on them.

Yunxiao’s feet were off the ground as he hovered quietly above the mirror, his body crackling with purple lightning. He let out a breath, and it immediately turned into ice in the air.

Just now, when his last wisp of divine sense was about to be eroded by the crystal Frost, a chill attacked his back, making his entire body and soul tremble at the same time. He took back the consciousness of that instant and immediately used purple lightning to shatter the crystal Frost around him.

you, aren’t you, dead?!

Wei Qing’s face was filled with shock and disbelief. It wasn’t just him, the other people’s eyes almost popped out.

Wei Wuya’s face was even paler, and part of the crystal Frost had invaded his body, causing half of his body to lose consciousness.

Yunxiao’s face darkened as he looked at Wei Qing and scolded, ” “Die your sister! I won’t die even if you die, which eye of yours saw me die?”

“T-this bi an ...”

Wei Qing was so stunned that he couldn’t speak. He turned around and looked at true Lord Meng Ling in a daze.

Perfected Lord Meng Ling was also dumbfounded. She shook her head, rubbed her eyes, and said, ” “Y-you’re really li Yunxiao? He didn’t die?”

Yunxiao sized him up and immediately understood his identity. “Senior immortal wants me to die so badly?”

“No, no, no!”

Perfected Lord Meng Ling shook her head hurriedly and looked happy.

Yunxiao wanted to know the answer to that question as well. He had thought that he was going to die for sure. After all, his entire body was frozen, and only a wisp of spiritual sense was left in his sea of consciousness, struggling to support it.

He secretly checked the things in the storage profound level weapons. It was one of the strange stones that emitted the chill that forced the power of the crystal Frost away and saved his life.

The Outworld dark stone!

Yunxiao was taken aback. He did not expect that this thing would save his life. He immediately recalled the origins of the Outworld dark stone and seemed to have caught on to something.

Gongyang zhengqi saw that the atmosphere was a little awkward and immediately tried to smooth things over. "Haha, isn't it better that you're not dead? In case there are no Tigers in the mountains, some monkeys will jump out and claim to be Kings."

He was a little jealous and dissatisfied that perfected Lord Meng Ling had chosen Wei Qing as the leader of the heavenly martial Alliance. Seeing that Yunxiao was not dead, he immediately became happy.

Perfected Lord Meng Ling nodded and smiled as she stroked her beard. "Right, it's naturally best that he's not dead. Li Yunxiao, you can't be reckless again!

What are you doing?"

Before she could finish her sentence, her tone suddenly changed. She screamed as if she had been strangled in the middle of her sentence.

Yunxiao turned around and reached out his five fingers to hit the icicle again.

"Stop! Don't think that you'll be lucky enough to escape every time!"

True Lord Meng Ling shouted, but Yunxiao paid her no mind as he pressed his palm against the icicle!

"Bang!"

A huge tremor came over. That ice pillar was actually left with a mark by him and did not freeze it!

"This bi an

Perfected Lord Meng Ling and the others were completely dumbfounded. Their minds went blank as they looked on in a daze.

After that, Yunxiao threw out dozens of palm strikes and 'slimmed down' the icicle. Then, he was about to touch Meng Wu and Meng Bai.

"Meng Wu, Meng Bai. I'm here to save you."

Yunxiao's eyes flickered as he said indifferently, " He raised his hand again, and a Nebula vortex appeared in his palm. An extremely cold aura emanated from it.

The Outworld dark nether stone could be vaguely seen on the vortex!

Chapter 2258: Chapter 2257-taking action

Rays of golden light gathered around the profound Abyss Stone, forming a hexagonal formation that wrapped around the stone before striking the icicle!

"BOOM!"

Large pieces of ice shattered, turning into circles of air waves that spread in all directions.

But, Yunxiao was well prepared. A layer of purple lightning mixed with a faint light, intertwining into a complex color and flowing over his skin.

When the crystal Frost landed on the colorful light, it was shaken off, giving off a "Sha Sha" sound.

Perfected Lord Meng Ling and the others were shocked. They quickly retreated as they saw the crystal Frost shooting toward them.

The entire space seemed to be covered by this Crystal Frost. They condensed together and formed a 300-meter-wide crystal ball. It expanded the entire space and time seemed to have stopped.

True Lord Meng Ling and the others were forced to retreat far away. They looked at the crystal ball in shock. It was round in shape, but it had thousands of corners, reflecting the image inside.

Vaguely, they could see Yunxiao saving Meng Wu and her brother. The three of them sat in an orderly manner, and Meng Wu and her brother each threw out a palm to face Yunxiao's palm.

Wisps of green aura rose from Yunxiao's arm and then entered Meng Wu and her brother's bodies.

This was the Yi wood life force technique that little Qing had taught him before she left, and he was currently using it to help the siblings heal.

When true Lord Meng Ling saw this, she couldn't help but feel ecstatic, and her body trembled with excitement.

Wei Qing's face darkened. He glanced at him coldly and began to observe the crystal ball. Upon closer inspection, it was formed by the mutual attraction and rejection of countless frost particles. They did not stick to each other, but reached a balance with a subtle force.

Wei Qing's mind turned a few times, and he seemed to have made up his mind. Suddenly, he took out his treasure bottle. A stream of yin and yang energy converged together and attacked the crystal ball.

"What are you doing?"

Perfected Lord Meng Ling was shocked and jumped up in anger. A killing intent flashed in his eyes as he instantly condensed his palm and slapped toward Wei Qing.

The power of the two Qis struck the crystal ball, causing it to spin and change its shape. Finally, it condensed into a hexagonal shape and stabilized.

I just want to help li Yunxiao. He's trapped in there, and it's difficult for him to protect himself, let alone save Meng Wu and Meng Bai.

Wei Qing felt the killing intent from perfected Lord Meng Ling and hurriedly dodged, not wanting to fight him head-on.

"Don't think that I don't know what you're thinking," perfected Lord Meng Ling sneered. "The power of the adversity surpassing Crystal Frost is very strange and sensitive. If there was a way, would I not help? Do I need you to teach me?"

He struck out several palm strikes in a row, forcing Wei Qing to take back his treasure bottle to fight and to have no time to care about the crystal ball.

Gongyang zhengqi also took a step forward and pressed his aura onto Wei

Wuya. He said coldly, "Lord Wuya, you should take care of yourself first,"

Wei Wuya's expression changed drastically. "True Monarch! Please stop and let's talk this out!"

He had always called perfected Lord Meng Ling as old man Meng, but now he had to use a respectful address.

After pushing Wei Qing back a few thousand feet, true Lord Meng Ling's face turned cold. "Whoever dares to mess around at this time will be buried in this land forever and be roasted by the fire!"

"It was my son's recklessness, I won't do it again!" Wei Wuya said.

He gave Wei Qing a reproachful look. He didn't understand why Wei Qing, a very calm person, would suddenly do such an impulsive thing.

Wei Qing's expression changed several times as he gloomily stared ahead and transmitted his voice, "Holy demon, do you really have the confidence to suppress a creation realm expert?"

"Don't worry," the Holy demon transmitted its voice and said, "it's difficult to kill him, but it can still suppress him for a while! After that, you can use the yin and yang energy to corrode the hard shell crystal Frost and put it all into the bottle. As for the three people in the crystal ball, they can't even defend themselves from the erosion of the crystal Frost, so they can't do anything!"

"Are you sure?" Wei Qing gritted his teeth again. If you attack now, there's no turning back! "

The Holy demon chuckled and said, "wealth comes from danger. From what I know of you, you're not so wishy-washy and cowardly. Once we succeed, we'll immediately find a crack and return to the devil World. In addition to the transforming Qilin demon bone, it's a matter of time before you reach the manifestation stage!"

"Good! Let's bet!"

Wei Qing's face darkened, and his eyes turned cold. perfected Lord Meng Ling, don't be too arrogant! Today, I'm going to have a taste of your strength!"

The aura on his body instantly exploded to the extreme, and his entire face appeared somewhat sinister as he walked forward step by step.

Perfected Lord Meng Ling furrowed her brows. Although she was looking at him coldly, she was suspicious. That was strange. He knew Wei Qing very well. He was also a formidable person of his generation and would rarely do things that he had no choice.

"Qing 'er?!" Wei Wuya was shocked.

father! Wei Qing interrupted his father and said, "father, you can just suppress Gongyang zhengqi. Leave the rest to me!

Wei Wuya's mouth was wide open in shock, not knowing what had happened. "Hmph, I'll leave the rest to you, so I'll give myself to you first!"

Perfected Lord Meng Ling felt that something was amiss and immediately attacked without regard for her status. With a flash, he appeared in front of Wei Qing and pressed down with his five fingers.

The sharp sound of breaking the air reverberated from his fingertips. With an ear-piercing "Chi Chi" sound, the power of the entire area was condensed and pressed toward Wei Qing.

Wei Qing's body instantly changed shape. In his shock, a demonic shadow suddenly flashed on his body and a black light appeared in front of him.

"Bang!"

Perfected Lord Meng Ling's right palm struck the black shadow, instantly shattering it. However, his entire arm suddenly became sluggish. He found that it was difficult to circulate his true essence, as if it was bound by some kind of force!

"This is the black demonic art black robe!"

The black vines wrapped around Perfected Lord Meng Ling's arms and extended upwards, instantly binding her entire body and tightening it.

Wei Wuya and Gongyang Zhengqi were unable to react to this sudden change, and even Wei Qing himself was a little shocked.

After the black demonic vine wrapped around her, one of its branches extended and stopped three feet in front of her. A Demonic Flower bloomed.

True Lord Meng Ling's face was gloomy as she said coldly, "Wei Qing, you've actually joined the devil too. I've really misjudged you!"

Wei Qing's face was solemn and he didn't say a word. He also stared at the demon flower.

The flower bud gradually unfolded, and the petals opened one by one. It directly bloomed in front of everyone's eyes.

Gongyang Zhengqi and Wei Wuya couldn't help but exclaim in shock. They felt that the visual difference was too great, and their eyes couldn't bear it.

Even though Perfected Lord Meng Ling and Wei Qing were calm people, they couldn't accept the fact that there was a head inside the flower!

Its head was alive, with a sharp chin and distinct facial features. Suddenly, it opened its eyes, which were like the sea of stars. It shouted, "Hurry up and do

Wei Qing's body trembled as he came to his senses. This head was the Holy demon.

He no longer had any doubts and suddenly jumped up. He made a hand seal and at the same time, he sacrificed the treasure bottle. A large amount of yin and yang Qi appeared and eroded the crystal ball.

"What's going on, Qing 'er?" Wei Wuya asked in shock.

Wei Qing was busy making hand seals and casting spells, so he had no time to pay attention to him.

Gongyang zhengqi sneered. what else could it be? he must have colluded with the devil race. He really deserves to die! He immediately raised his spear and turned into a stream of light, stabbing towards Wei Qing.

"Bang!"

As soon as the spear attack was unleashed, Wei Wuya caught up and slapped down with his palm. "Don't jump to conclusions before you're clear about the matter!"

Gongyang zhengqi only felt that there was an infinite amount of power on the spear. His arm sank down, and he was secretly shocked. Although he had also reached the void realm, he seemed to be slightly weaker than Wei Wuya.

An unconvinced feeling welled in his heart. He kicked the spearhead up and stabbed it towards the center of Gongyang zhengqi's brows. He sneered, "The truth is right in front of you, what do you mean by 'randomly making conclusions'?"

"Chi Chi!"

The battle spear struck out with countless afterimages, but it still passed by Wei Wuya's side, unable to harm him at all.

"If we want to convict him of colluding with the devil race, then this old man and old man Meng are here! Who Do You Think You Are? you have no right to speak here!" Wei Wuya said angrily.

In his anger, his killing intent rose. He opened and closed his palms, instantly pushing Gongyang zhengqi back.

At that moment, perfected Lord Meng Ling's heart was in turmoil. She realized that no matter how hard she tried, she couldn't break free from the vines. Every time she tried, the vines would get closer to her, and she was covered in blood.

Who are you?!

True Lord Meng Ling stared at the head inside the demon Flower and felt a chill in her heart. He was a creation realm expert, and he was in the land's home ground, yet he was actually suppressed to the point where he could not

move.

The other party's strength was almost obvious, but he could not believe it! "Hehe, don't be nervous. I won't kill you."

The Holy demon's eyes rolled a few times before it chuckled and said, "As for my name, if I'm not wrong, it should be 'Zhi',"

"Stop? You're a Holy demon?"

Perfected Lord Meng Ling finally asked the question in her heart as she stared at mo Zhi.

"I guess so," said Zhi Xiao.

True Lord Meng Ling's heart turned cold as she said angrily, "if it's true, it's true. If it's not, it's not. What do you mean by 'considered'?"

After thinking for a while, he felt that it was not easy to answer.

This was because he had once been a Holy demon, but now that his strength had dropped, he was no longer one. He didn't feel comfortable saying that he wasn't a Holy demon. However, at his level, he disdained to lie.

"It's a little complicated. I don't want to discuss this topic with you anymore," he said.

"Alright, then what's your purpose?" perfected Lord Meng Ling asked. For the sake of this calamity Crystal Frost?"

Zhi said, "I didn't have any purpose in the beginning, but now I guess so." It was a last minute decision."

"What's your relationship with Wei Qing?" she asked.

"Don't make wild guesses," said Zhi laughed. He didn't collude with the demons. We just helped each other and became good friends."

Upon hearing this, both perfected Lord Meng Ling and Wei Wuya heaved a sigh of relief.

After all, Wei Qing's strength and status were not low. If he colluded with the devil race, he would be another Lu congzi, which would have a great negative impact on the heavenly martial arts realm.

Chapter 2259: Chapter 2258-collection

[correction: yesterday//wrote that the Holy demon in the Yin Yang Qi bottle was called "Zhi". Later/I suddenly remembered that there was a funny guy in the Holy demon world of the ice region who called himself "mo". There was a conflict.] Thus, he changed the name of this Holy demon to "kun." "Help each other?" true Lord Meng Ling asked. Then what is your purpose?" The judge's face darkened, "The more you know, the easier it is to die."

Perfect Lord Meng Ling furrowed her brows and stopped talking. However, she was calculating rapidly in her mind, trying to find a way to break free.

The referee seemed to have read his mind and laughed, "Don't waste your time, you won't be able to come out before Wei Qing gets the disaster Crystal Frost. But I won't kill you. Don't worry, we'll retreat immediately after we get the crystal Frost."

A cold glint flashed in Perfect Lord Meng Ling's eyes. "In that case, although I don't know the reason, your power must be limited and you can't completely suppress us!"

The referee suddenly became alert. His face was filled with killing intent as he shouted, "What do you want to do?"

The demonic Qi of the demonic vine was flowing towards Lord Meng Ling, and with the roar of the referee, it sped up and tightened. Blood oozed out of Lord Meng Ling's body, and she groaned as her face turned pale.

Although he was in a sorry state, the corners of his mouth curled up coldly as he said in a cold voice, "In that case, I've really guessed it!"

With that, golden light suddenly rose from his body. He struggled with all his might for a few times, but his body was continuously torn apart by the vines. Blood gurgled out, but the cold smile on his face grew brighter.

"Delusional!"

Yi's expression changed and he shouted in anger. He opened his mouth and spat out something. That thing was pitch-black and had a gel-like texture. It continuously crawled out of the kun's mouth and followed the vine.

True Lord Meng Ling looked at the approaching black gel in shock and said, 'w-What is this?!

Before he could finish, the thing slowly climbed up his body and spread out like a layer of water film, wrapping his entire body in an instant.

"True Lord!"

When Gongyang zhengqi saw this, he couldn't help but turn pale with fright and cry out in pain.

However, true Lord Meng Ling was completely wrapped up by the sticky substance. She was like a dead cocoon, and there was no response.

However, Yi's expression wasn't good either. Other than the head, a right hand also stretched out from the demonic Flower, its five fingers forming a seal.

Wei Wuya blocked Gongyang zhengqi's path and coldly said, "I advise you to be smart. Since this Lord said that he won't hurt you, there's naturally a way out. However, if you are smart, you may not be able to survive."

Gongyang zhengqi's face turned gloomy. He held his spear tightly with both hands, and his heart was anxious.

Not far away, Wei Qing had completely unsealed the treasure bottle, and the terrifying yin and yang Qi turned into a vortex that invaded the crystal and disintegrated its structure.

&Nbsp; as time quickly passed, the crystal began to make rustling sounds, and all of the crystal Frost began to tremble and jump as if it was boiling.

"Ka la!"

Suddenly, a small piece of the crystal was peeled off, and the entire crystal-like body instantly collapsed, turning into countless crystal dust that flew into the Yin Yang dual air bottle.

Wei Qing was overjoyed. He stared at the crystal dust greedily and trembled with excitement.

Just as the crystal Frost was about to fly into the treasure bottle, time and space suddenly stopped. It was as if the entire world had come to a standstill.

"Rustle, rustle, rustle!"

The countless Crystal Frost flew around the mouth of the bottle and then flew back.

Wei Qing's eyes widened in shock as he watched the duck that was about to enter his mouth fly away.

Yi's body trembled as well, "how could this be?" he exclaimed. 'It's Lao Ai!' He looked behind the sky full of Crystal Frost and saw Yunxiao standing up at some point and slapping his hand forward.

A golden array was drawn out in his palm and it was rotating slowly. The crystal Frost was attracted by the array and flew up, spinning continuously.

Under Yi's distraction, cracks immediately appeared on the thin film trapping Lord Meng Ling. She was torn apart from the inside like silk, and all the vines were cut off by a sharp light.

After she was freed, she was filled with anger as stars and clouds swirled around her palms.

Originally, he thought that the other party would definitely make a move as soon as he escaped, but he found that there was no such thing. He couldn't help but be stunned for a moment and then turned to look behind him.

"Ah? W-what's going on?"

True Lord Meng Ling was also completely dumbfounded. She had only been trapped for a short while, so how could she have changed so much?

The crystal Frost kept spinning in front of Yunxiao's palm, and in the end, it all gathered on his palm, growing thicker and thicker.

Wei Qing was the first to come back to his senses, and he roared in anger, "Li

Yunxiao! You dare to snatch my things!"

Yunxiao turned a deaf ear to it as he stared carefully at the crystal Frost. The Outworld dark stone floating in his palm seemed to have a repulsive and attractive force to the crystal Frost, as if they were of the same origin.

He raised his eyes and glanced at Wei Qing, then said indifferently, "What did you just say? My ears aren't good, I don't understand."

"Li Yunxiao!"

Wei Qing was so angry that he shouted. The other party's ruffian-like appearance was obviously mocking him. He immediately said angrily, "If I can't get it, then you can forget about getting it!"

In a flash, he appeared in front of the yin and yang Qi bottle, took it back, and then leaped down to attack Yunxiao.

Demonic runes began to appear on Wei Qing's arms, and his face was suffused with black Qi. It was obvious that he had cultivated a demonic technique, and it had been cultivated to a rather high level.

"Oh? You're quite something, even I was fooled."

Yunxiao looked at him coldly as he raised his left hand and made a grabbing motion at the sky.

Suddenly, with a "pa la" sound, a large amount of lightning gathered and flickered in his palm. The purple light spread out like a net, splitting the earth and sending rocks flying.

"BOOM!"

The moment Wei Qing crashed into the lightning, he cried out in pain. The lightning immediately crawled all over his body. He struggled a few times like an ant and was bounced away by the power of the lightning. He fell to the ground far away and slid for hundreds of feet before he stabilized his body.

Wei Qing looked at his arm in horror. It had just been charred black by the purple lightning. His heart was in a frenzy. How could the gap be so great?

In just a moment, all the frost crystals had attached themselves to the Outworld dark stone and completely covered it, turning it into a light blue stone the size of a watermelon.

Yunxiao trembled in fear when he sensed the terrifying aura exuded by the crystal Frost. He could not control this power at all. Right now, it was only attached to the Outworld dark stone, but he did not know if there would be any other changes in the future.

With a flip of his hand, Yunxiao put away the watermelon-sized crystal ball. With his hands behind his back, he glanced coldly at the few people, and his eyes finally fell on the judge.

Meng Wu and Meng Bai were sitting cross-legged behind him, meditating and cultivating. They seemed to be breathing steadily, as if they were out of danger.

After the attack, Wei Qing calmed down, but his heart fell to the bottom. He knew that the hard-to-get Crystal Frost had nothing to do with him.

He gritted his teeth. you actually came prepared. How did you do it? "

Yunxiao smiled. He was not prepared at all. It was just a coincidence. If not for the Outworld dark stone, he would have been dead. Thinking of this, he couldn't help but shiver and secretly rejoice.

Yunxiao ignored him, but turned to the judge and said sarcastically, "Tsk, tsk, are you new here? He looks unfamiliar."

Yi grunted and kept all the vines back into his body. He turned into a stream of light and flew toward Wei Qing, entering the Yin Yang dual air bottle.

Yunxiao turned his eyes to Wei Qing and the bottle. "That person just now was an Artifact Spirit?"

Wei Qing also put away the treasure bottle and looked at him coldly, snorting, "Why should I tell you?" that's not a weapon spirit, " true Lord Meng Ling said. that demon is a Holy demon!

"What?"

Yunxiao was taken aback, and he even lost his composure. He found it hard to believe rationally, but there was no way perfected Lord Meng Ling would lie to him.

"If that demon is a Holy demon, why is he hiding?" he asked in shock. Could it be that his strength has dropped?" After all, he was experienced and

Imnowledgeable, so he was able to point out the key point in an instant.

"You don't need to know that," Wei Qing said coldly. Now that I've accompanied you to the end of the earth realm, it's your turn to accompany me to the demon Realm!"

Yunxiao frowned. there's a Holy demon in your bottle, and you asked me to go to the devil realm with you. You won't kill me as soon as I step into the devil realm, will you? '

He began to be cautious. Especially when he touched the tuo e Crystal Frost and almost lost his life, it made him even more wary.

"What, you're afraid now?" Wei Qing raised his eyebrows and sneered.

Yunxiao smiled and admitted generously, "Of course I'm afraid. I'm not invincible!"

"Could it be that you're trying to break our appointment?" Wei Qing said coldly. it's not about breaking the appointment, " Yunxiao said. it's about my own safety. Do you think I'm that stupid to follow you to the devil World knowing that I'm going to die?"

"What a coward!" Wei Qing sneered. Don't worry, I have my own reasons for going to the demon Realm, I'm definitely not looking for trouble with you!"

Yunxiao crossed his arms over his chest and said indifferently, "I'm sorry, I'm still worried. You've really hidden yourself well. You've been carrying a Holy demon with you all day, and it's actually so airtight. It's too terrifying." Wei Qing's face was full of embarrassment as he said angrily, "You're the scary one, aren't you? you can even subdue the excruciating Crystal Frost at will, and you even pretended not to know anything. Damn, you're really good at pretending!"

Wei Qing recalled the scene just now, and his face couldn't help but turn black.

The duck that was already in his mouth had already flown away. The crystal Frost circled around his treasure bottle and left, and the shadow in his heart continued to expand.

Yunxiao was too lazy to explain. cut the crap! he said. in any case, if you don't give me an explanation, don't expect me to go to the devil World with you! "Also, tell me the origin of that Holy demon!" He paused for a moment before continuing.

Wei Qing was annoyed. I don't even know his background. I only just learned his name. How am I supposed to explain it to you?!

"Oh, Yingluo."

Yunxiao nodded and said with a smile, "Then just tell me everything you know. "

Wei Qing's face was extremely dark. He didn't say a word, but in fact, he was communicating with the referee..

Chapter 2260: Chapter 2261-trip to the demonic world

this man is very terrifying, " Yi said in a deep voice. with his help, the trip to the demonic world should be much easier.

Wei Qing said, "you mean you want him to come along?" However, if he were to fight with me for the Qilin transforming demon bone again ... Hehe ..."

"Haha, don't you worry about that." Louis laughed. There's more than one Qilin demon bone, and it can only be used once, so you'll definitely have a share."

"Alright, since you've said it, I don't mind." I'll tell you everything about your background."

"Tell me, it's not a big secret, " the referee said.

Wei Qing then explained the cause and effect of the skeleton and the yin and yang air bottle, including the matter of the transforming Qilin fiend bone. He knew that he could not lie in front of Yunxiao, so he told him everything.

“Qilin demon bone?”

Yunxiao’s heart burned with excitement, and his eyes shone as he said in surprise, “directly break through to the creation realm?!”

Wei Qing grunted, “there’s no such good thing. It’s just increasing the chances of success.” With your talent, it shouldn’t be a problem.”

Gongyang zhengqi also licked his lips and asked, I’m also quite interested in this. Moreover, according to what you said, there’s more than one piece of the Hua Lin demon bone. It should be divided among many people.

Wei Qing looked at him in disdain and sneered, “When I said many people, I didn’t include you. I don’t have any intention of working with you. With your puny strength, you’ll only be a burden if you stay with us.”

Gongyang zhengqi said angrily, “Wei Qing, if you’re not convinced, let’s fight!” If I win, then let me go with you!”

Although he really wanted to go, he still turned to look at true Lord Meng Ling for his opinion.

True Lord Meng Ling was silent for a moment before saying, “It’s indeed a bit difficult for you to go to the demon Realm with your strength. The biggest problem isn’t strength, but the suppression of the realm power. Yunxiao had the demonic weapon of six paths, so he was not afraid. Wei Qing also cultivated demonic Arts, and with the help of a Saint weapon and a Holy demon, he would probably be fine. Although you have the great Samsara wheel in your hands, you have no way to resist the power of the realm.”

Gongyang zhengqi revealed a difficult expression and was filled with disappointment.

Wei Qing sneered, “you’re right, it’s all for your own good.” A minion should be like a minion, don’t fantasize about being the main character all day.”

“You coward !”

Gongyang zhengqi’s face turned green with anger. He stared at Wei Qing with eyes full of resentment, wishing he could chop him to death.

this trip to the devil realm will be fraught with danger if we’re not careful, Yunxiao said. it’s better to have fewer people than more.

He didn't agree with Gongyang zhengqi following them to the devil World. First of all, as true Lord Meng Ling had said, Gongyang zhengqi, who was suppressed by the world power, wasn't of much use. Next, he had an even more important mission, which was to hold mo Yuan back and buy time for the realm of heavenly martial arts.

Moreover, he did not tell Wei Qing about this mission. If Wei Qing knew that he would be pursued by a Saint demon as soon as he entered the demon world, he would rather join forces with Gongyang zhengqi than find him.

True Lord Meng Ling didn't know about the Saint demon Yuan, so she only nodded and said, "It's good for you to go to the devil realm to inquire about information, in case the information is not equal, and our side is really at a disadvantage."

"When are you leaving?" Wei Qing urged. The faster the better."

Not being able to get the Kuang e Crystal Frost had made him feel very irritated. He had been impatient for a long time and wanted to go to the demon world now to find the Hua Lin demon bone.

Yunxiao looked back at Meng Wu and Meng Bai and said, "After they wake up, let them regain their memories, then we'll go."

"How long do we have to wait?" Wei Qing frowned and said unhappily.

you're the one who sowed this seed of karma," Yunxiao sneered. are you so impatient that you can't even wait for a few days? I don't know how long it will take, maybe three to five days, maybe three to five years."

Wei Qing knew that he was deliberately making fun of him, but what he said was right. No one was sure how long it would take to heal and enter a meditative state, so he took the initiative to say, "Since that's the case, I'll remove the seal for them after I return."

haha! Yunxiao teased. are you sure you can come back? " If I die inside, who should I go to?"

"Whatever you say, I don't have time to wait for you!" Wei Qing said angrily. At most, I'll go to the devil realm myself! Without the church's guidance, don't even think about getting the Qilin demon bone!"

True Lord Meng Ling, who had been silent all this time, finally said, "Li Yunxiao, you go with him. I've already removed the brand in the sea of consciousness of mengwu and her brother."

"What?"

The rest of the people were shocked. Wei Qing glared at her, but when he saw her cold eyes, he immediately retracted his gaze.

really? ” Yunxiao was surprised. really? ”

The imprint was extremely strong, and even with his divine sense, he did not dare to test it.

“Of course it’s true,” true Lord Meng Ling replied. The siblings ‘bodies were affected by the power of the earth realm. With the special environment here, it was very easy to remove the imprint. And from what I can see, the two of them must have gained a lot when they were trapped in the tuo e Crystal Frost, and they need a long time to digest it. ”

Yunxiao looked at the brother and sister in silence, recalling their young and tender looks in the past. One was weak and helpless, and the other was determined to learn the Tiger taming fist. He couldn’t help but smile, his expression softening as he said, ” “Then the two of you can stay here and be protected by True Monarch.”

Wei Qing and his son looked at each other and followed closely. The three of them quickly disappeared into the land, leaving only true Lord Meng Ling and Gongyang zhengqi.

After a long silence, true Lord Meng Ling suddenly said, ” “Are you blaming me for not letting you go to the devil World?”

“Your subordinate wouldn’t dare.” Gongyang zhengqi was startled. True monarch’s words are true. If I go to the devil realm, I’ll most likely die there.”

“It’s good that you understand,” perfected Lord Meng Ling nodded. Although we’ve lost the tuo ‘e Crystal Frost and the underworld fire, it’s still an opportunity for us.”

Gongyang zhengqi was pleasantly surprised, “true sovereign means Wufu?”

“If the two elements were still here, we wouldn’t be able to get close to this place,” perfected Lord Meng Ling said. Now, after the two elements have left, we can absorb the remaining power and improve our cultivation.”

Gongyang zhengqi’s heart palpitated with excitement. He naturally knew the power of these two great elemental forces. He couldn’t help but be overjoyed, and the depression of not being able to go to the demon Realm was swept away.

After Yunxiao and Wei Qing left the land, they went straight back to Yanwu through the teleportation array in the Holy region.

“Has Lord mu di not returned yet?” Yunxiao asked.

“Yes, Lord mu di has yet to send back any news. It’s good that big brother Yunxiao is back. Otherwise, I’m really afraid that I won’t be able to suppress it if something happens suddenly without the two city Masters around.”

Ding Ling ‘er breathed a sigh of relief. The worries she had these days were finally put down.

Yunxiao, on the other hand, frowned with worry as he sat down in the main hall and fell into deep thought.

don’t worry, big brother Yunxiao, ” Ding Ling ‘er said. Lord mu di has only gone to mysterious separation Island. They probably had a good chat, so he has not returned yet.

“Alright, I hope so.”

I’ll be in seclusion for three days, ” Yunxiao said. don’t disturb me if there’s nothing important. At the same time, have Lord Amaterasu prepare a few more demon-vanquishing blades and demon-warding pennant.”

“Yes.”

Ding Ling ‘er nodded and noted it down.

Seeing that there was nothing else to do, Yunxiao began to concentrate on his seclusion.

He had managed to secure three days ‘time after discussing with Wei Qing. Wei Qing also returned to his own domain, but he was too impatient to cultivate.

In the secret chamber, Yunxiao took out the Miya Crystal Frost and carefully observed it.

His divine sense swept over and was immediately frozen by the power of the crystal Frost. His mind became sluggish and almost short-circuited. He was so scared that he hurriedly cut off his divine sense and didn’t dare to try again.

The Outworld dark stone was completely invisible. It was completely covered by the tuo ‘e Crystal Frost and was in a stable state.

this thing is too powerful. Three days is far from enough to refine it. I can only slowly comprehend it.

Yunxiao heaved a long sigh. Suddenly, he thought of Ai and wanted to ask her to study it with him. However, when he thought of the terrifying cold Qi that could even freeze divine sense, he immediately gave up.

If anything happened to Al Hui, not only would he feel uneasy, but he would also be unable to explain to the demon race.

“I’ll think of a way to comprehend this after I return from the devil realm.”

He stared at the ice Watermelon for a while, then put it back into the divine realm tablet with a wave of his hand and began to heal his injuries.

When he was trozen by the qu e Crystal Frost, although he didn’t die, his body was damaged. He immediately used the Yi wood vitality technique to repair his body.

For a moment, the green gas in the secret room floated, just like the heavenly martial continent, which had been growing and disappearing for many years.

Three days later, they arrived one after another and gathered in the city Lord’s mansion.

A total of four people, Wei Qing, Xiao Hong, qu Hongyan, and Fei Ni, followed Yunxiao into the devil realm.

The five of them each put away a set of anti-magic blades and anti-magic armor. Although at their level, this kind of equipment was not of much help, it was better than nothing. Moreover, no one knew whether the journey to the demon world would be good or bad.

In addition, three fiend essence locks were made with all their efforts, and they were given to Yunxiao and his two female confidants.

Wei Qing and Xiao Hong naturally didn’t get a share. The two of them protested strongly, but after no results, they could only give up.

“The only stable rifts that can allow us to enter the Devil realm are the red moon City, the ancient Devil’s well, and the tiandang mountains,” Ding Ling ‘er said. We’re closely monitoring these three locations, and we’ve set up several floating cities to block the entrances with great formations.”

Yunxiao thought for a moment and said, ” the tiandang mountains have been unstable since ancient times. It is the oldest crack, and the space inside is extremely complicated. It is the worst choice. The ancient Devil’s well was suppressed by the nine Palace talisman. If he wanted to enter, he had to remove the talisman. There was no need to. Let’s enter from the Redmoon city. Judging from the situation during the battle, this crack is much larger than we imagined, so we should be able to pass through safely.”

brother Yunxiao, you and I have the same idea, ” Ding Ling ‘er said with a smile. from all the signs, it’s the safest way to pass through the top of the red moon City.

Since they had no other choice, they didn't waste any more time and immediately flew toward the teleportation formation.

A moment later, under the powerful formation light, several figures disappeared directly from the formation and headed towards Red Moon City..

Chapter 2261: Chapter 2261-entering the realm

A few hours later, Yunxiao and the others appeared directly above the city.

At a glance, there was no trace of a city on the ground. The ground was directly exposed, and there were potholes everywhere. It was in ruins, and it looked like a dead silence.

Hundreds of extremely deep cracks went straight into the ground, with no end in sight.

Only a large area of land had been flattened, and a fixed transmission channel had been set up on it.

Both Yunxiao and Wei Qing looked around. The once prosperous land had been razed to the ground, and not even a tile or brick could be seen. They had a feeling of what was happening now.

Three huge floating cities were floating around the crack in a simple formation.

In addition, a large number of powerful formations were set up on the city, killing the ordinary demons that flew out from the cracks from time to time. Thinking back to the bustling days of the night, when people drank and sang in

the wind and Moon Tower, they couldn't help but feel sad and sad.

Yunxiao's face darkened slightly, and a sense of desolation suddenly rose in his heart, leaving him speechless.

being sentimental is not the temperament a leader should have.

Wei Qing looked at Yunxiao, who had remained silent, and could not help but mock him.

Yunxiao gave him a cold glance and said, "It's not a habit of a person with a long life to be talkative."

"Then you won't live long," Wei Qing retorted.

Xiao Hong's brows twitched as he looked at the two of them and said coldly, "Are you all that free? If you don't, I'll go alone."

The three of them then turned into streams of light and flew toward the three floating cities.

As soon as they arrived, someone came out of the city to receive them. After verifying their identities, they hurriedly led the three in.

Soon, the person in charge of this place appeared.

When Yunxiao saw this, he could not help but be stunned. "I can help Daren."

The people in charge of guarding the three floating cities were ning Kewei, ning keyun, and Hua Shang. The three of them were in charge of one city each, and they looked at each other.

Ning Kewei smiled bitterly and said, "Young master Yun, Lord Wei Qing."

Wei Qing's face was calm and expressionless. He only nodded slightly and said, "Long time no see, you've worked hard."

"It's my duty," ning Kewei sighed.

One could not understand how much helplessness was contained in that sentence unless one was experiencing tribulation.

Yunxiao's heart was moved as well. "After the demonic tribulation, I will help you rebuild the red moon City."

Ning Kewei's body trembled slightly, as if she was touched. Ning keyun also looked happy. With Yunxiao's help, rebuilding Red Moon City would no longer be a dream.

However, ning Kewei was only excited for a short while. He calmed down and said, "There is no eternal Crimson Moon City."

Ning keyun said, "father, Zhenzhen."

Ning Kewei interrupted her. He looked at the endless desolation and said, "People have life and death, and things are the same. Sects can't escape the rules. Since the city is gone, then let it go."

Yunxiao's heart sank, and he did not know what to say.

"I already know why you three are here," Hua GUI said. "Is the palace Master in the divine realm tablet?"

Yunxiao nodded. Hongyan is cultivating in the stele. After all, she can't withstand the pressure of the devil realm. So, we'll try our best not to let her out. Did you notice anything unusual while you were guarding this place?"

Hua Shang shook her head and said, "other than the low-level demonic fog that often flies out, there's basically no other situation." With the three cities as the eye of the formation, the great formation has sealed off all the demonic Qi, and it rarely leaks out." that's good, " Yunxiao said. then, open the array.

Hua Shang and the other two immediately returned to their own cities.

Very quickly, formation light visible to the naked eye floated in the sky and retreated in all directions.

Yunxiao cupped his fists and said loudly, "Farewell!"

The three of them turned into a stream of light and rushed into the crack. A powerful demonic Qi was coming toward them, pressing down on the three of them.

After a short period of discomfort, the three of them immediately got used to it.

After all, they had all cultivated demonic techniques and had the rainbow stone condensed from the demonic world's power as a Guardian, so they quickly adapted to the environment.

However, this wasn't the real Devil World yet. It was just an ancient place that had been contaminated by devil Qi.

Yunxiao felt a little depressed. With a gloomy face, he scouted out the location and went in the direction where the demonic aura had come from.

Wei Qing and Xiao Hong were also speechless for a moment. They followed behind Yunxiao quietly, constantly adjusting their internal breath to adapt to the surrounding environment so that they could cope with the entrance later.

Finally, they arrived at the crack in the ancient world, the real opening of the crack in the devil World. There was a crack that was thousands of feet long in the sky like a wound.

Yunxiao only gave it a glance before he leaped up and flew straight away.

Wei Qing and Xiao Hong looked at each other and immediately followed behind, keeping a distance between them. After all, it was their first time entering the devil World, so they couldn't help but be a little nervous.

As soon as Yunxiao landed on the ground, he felt an invisible force pushing at him, squeezing him as if it was going to crush him out.

He hurriedly circulated his mo skill, advancing instead of retreating to face the power, allowing it to penetrate his body.

He knew that this was the power of the realm. If he forcefully circulated his demonic technique to resist it, the damage to himself would only be greater. Only by harmonizing with the frequency of the realm power could one completely adapt to it.

Wei Qing and Xiao Hong also felt the same problem when they stepped in. Even with the protection of the rainbow stone, it would still take some time to adjust.

Suddenly, Yunxiao's eyes burst with a bright light as he stared at the demonic aura in front of him. He quickly performed incantation gestures with both hands and slapped them toward the darkness!

"What's going on?"

Before Wei Qing and Xiao Hong could react, the palm force directly penetrated the darkness, as if it had hit something!

"Bang!"

"Ah!"

Under the explosion, the demon Lord's miserable cry came from the darkness.

Then, they saw a few ten-sided ferocious souls squeeze out of the darkness, all staring at Yunxiao and his companions with ferocious eyes. It had split out from the body of the demon Lord who had just died.

"A Demon Lord ambushed us?" Wei Qing was shocked.

Yunxiao's face grew a little serious as he said, "There's a Demon Lord at the entrance of the crack? It could be seen that The Fiend Race also valued this crack particularly, even sending people over to guard it. Then it's highly possible that there's more than one Demon Lord."

Wei Qing's expression changed drastically, but he quickly regained his composure.

"Once we've completely adapted to the environment of the demonic realm, we'll have nothing to fear as long as the demon Lord doesn't appear," Wei Qing said coldly.

Yunxiao nodded and said, 'you're right. It's just that there's no time for you to get used to it.

Demonic energy surged in front of him, accompanied by a large amount of pressure. All kinds of strange demonic creatures gathered in front of him, and soon, they were densely packed, and more and more appeared.

He had seen these demons in the battle of Red Moon City before, so they were not unfamiliar to him, but he was slightly surprised.

Yunxiao immediately noticed this, and he said in a serious voice, "this is the power of the demon race left behind from the last battle of the red moon City. It can be seen that those demon Venerables have not given up on this crack, and they will attack the realm of heaven martial arts from here sooner or later. this is a big discovery," Wei Qing said in surprise. since we can see their direction of action, we must strengthen the defense of this place.

yes! Yunxiao nodded and said, "but before that, let's clean up the garbage first.

As soon as he finished speaking, he grabbed with both hands. Lightning flashed in his palms, and purple light shone.

When those demons saw this power, they immediately retreated in fear, their fierce eyes alertly locking on to the few people.

But, in just a moment, Yunxiao put down the incantation gesture, and the lightning all over the sky dissipated in a flash. "This is a little troublesome. The purple lightning is severely suppressed here. Not only does it consume several times more spiritual energy, but its power is also suppressed by the devil world's power."

"Since it's the devil World, we naturally have to use devil techniques," Wei Qing said coldly.

He raised his hand and snapped his fingers. A cluster of ice fiend Heart Flame appeared on his fingertips.

Yunxiao's eyes shone with surprise as he said, "you've grasped it so quickly?!"

"Are you mocking me or complimenting me?" Wei Qing sneered.

He flicked his finger, and the ice fiend Heart Flame was immediately compressed into a small flame. With a "Chi" sound, it turned into a sharp arrow and shot out.

"Swish!"

One of the cranes' heads was instantly pierced through, and at the same time, the flame exploded, turning the crane into countless demonic specters. Many of the surrounding demonic creatures were affected, and they cried out in pain.

Seeing that his move had worked, Wei Qing couldn't help but be overjoyed and directly rushed forward.

"Hmph!"

Yunxiao gave a muffled grunt as he performed an incantation gesture with one hand. Thirty-six swords of the northern heaven cold star sword array flew out and spun in the sky.

The swords were all covered in the heart Flame, and they made whistling sounds with the sword Qi.

Yunxiao pointed out two fingers, and over a hundred sword beams immediately broke through the air. Tens of thousands of swords rained down, stabbing into the bodies of those demons, and a large number of fiends were born with swishing sounds.

Xiao Hong also charged into the demonic creatures and began to fight. However, her attacks seemed to be gentler. There were no fancy killing moves, just ordinary fists and palms. However, every time she struck out, she would take a life.

Although there were many demonic creatures, under the slaughter of the three people, how could they stop them? they quickly collapsed and retreated.

However, they didn't retreat far before all of the demons stopped and didn't dare to move forward. It was as if some terrifying existence was approaching them, causing them to tremble.

"The people of the heavenly martial arts realm dare to break into the devil realm? Am I seeing things?"

A surprised voice came from the darkness.

these three people are covered in demonic patterns. Even if they are from the realm of heavenly martial arts, they are also demonic cultivators. It is not surprising that they have come.

The other voice said leisurely.

'What the hell? Do you think that by cultivating no skills, you can resist the realm power?'

Then a third voice sounded, as if it was deducing, "To be able to resist the power of the realm, one must have refined the treasures of the realm. Could it be that these three people have rainbow stones on them?"

He immediately guessed the key point.

a niongstone?!

A few more exclamations came from the darkness. After all, the rainbow stone was also extremely precious in the demon world. If the demon monarch wanted to step into the demon commander realm, he had to find the rainbow stone to temper his body.

Therefore, not all demon lords had rainbow stones, and only a very small number.

Yunxiao's gaze pierced through the dark demonic aura and saw a row of demon lords standing behind the hundreds of retreating demons.. There were actually nine of them, and all of them were second grade devil monarchs!

Chapter 2262: Chapter 2261-fighting the demon Lord

"He's really bold! "

The nine demon lords "gazes fell on the three of them, and after scanning them, they revealed surprised expressions. One of them said, "The three of them are all at the void realm?"

"So what if he's at the void realm? Even if all three of them are void tier, they can't possibly contend against us."

The other Demon Lord sneered, a second rank Demon Lord is enough to crush those in the void realm. Even if these people have the rainbow stone to protect their bodies, it would be difficult for them to adapt to the environment of the inner world in a short time, right? "

Another Demon Lord sneered. moreover, these demons have consumed a lot of their power. In fact, we don't need to do anything at all. Let these demons take turns to kill them.

The demonic creatures in front of him all let out low wails, as if they were very afraid of this, and some even trembled.

The demon Lord's face darkened, and he snorted,"A bunch of trash!"

One of the demon lords said, " I think it's better for everyone to work hard. It's boring enough to stay in this crack for a long time. It's just nice to have some fun. Let's have some fun together. What I'm most interested in right now is their rainbow stones. How should we distribute them?"

"Hmph, how do you want to split it? Whoever snatches it will have it!"

die! a Demon Lord shouted coldly and rushed out as a demonic light. He attacked with a half-moon-shaped slash. Demonic light churned on it as he slashed at the little red face.

His eyes were sharp, and he could tell at a glance that Xiao Hong was the weakest of the three, so he planned to get the rainbow stone first.

“Oh, second grade Demon Lord? It’s so awesome!”

Xiao Hong looked coldly at the demon Lord charging at her. Her slender fingers grabbed at the air, and a ring of demonic Qi rippled out. The AMO ring immediately appeared in her hand.

The 12 fortune wheels rotated, and the thousand birds let out shrieks as they slashed at the demon Lord!

“BOOM!”

Under the sharp sword momentum, the sky was shattered. The sword Qi was like a realm, and with the momentum of breaking bamboo, it instantly broke the half-moon slash and went straight for the demonic Monarch!

Seeing that his attack had been destroyed, the demon Lord’s entire body froze.

He was instantly frightened by this sudden change, and his mind went blank.

However, he was still an expert who had existed for a long time. Under the shadow of death, he immediately came back to his senses and forcefully turned his body around and retreated.

At the same time, he formed a hand seal with both hands. His strength condensed at his fingertips and turned into a mountain peak that struck out!

“BOOM!”

Half of the mountain peak was shattered by the sword aura. The sword aura passed through it and hit the demon Lord.

The demonic monarch let out a blood-curdling screech, and a burst of demonic Qi shot out from his body, transforming into a large amount of demonic Qi that flew away. However, he had dodged the fatal blow and saved his life from the sword.

The other eight demon lords were angry at him for making the first move, but in the blink of an eye, the battle situation had reversed, making the eight people’s brains a little unable to wrap around it.

“That was Yingluo just now.” he was injured by a single sword strike? how is this possible? ”

“When his sneak attack failed and he was injured, it was his own incompetence.

However, that sword is indeed a little strange.”

“I think that sword looks like a Suan ni.”

The eight of them began to whisper to each other. They were shocked by the attack just now, but they didn't take it to heart. It was all because they had been too careless at the time, which was why they had ended up like this.

At this moment, he only felt that the demonic vitality in his body was rapidly flowing away, and demonic fiends kept emerging from his body and running away.

What was even more frightening was that even the other eight demon lords were looking at him in a different light.

“Big Brothers, please avenge me.”

Under the sharp and mocking gazes of the eight people, Shi couldn't help but take a few steps back and respectfully say.

Hmph, you're not as good as him. Even if you die, you should have nothing to say. Where's the word 'revenge'?”

A Demon Lord sneered and looked at him as if he was looking at an ant.

In the eyes of the eight, with such heavy injuries, his cultivation would definitely drop. When he dropped to the level of a first grade devil Lord, he would no longer be qualified to be on equal footing with them, or even speak to them.

“Brother is right, you're absolutely right.” Shi hurriedly bowed.

His humble and ingratiating appearance was completely different from his previous overbearing appearance. It was as if he was a completely different person.

Yunxiao and the other two shook their heads at the sight. Not only in the heavenly martial realm, but the law of the jungle seemed to be even more obvious in the devil realm.

Strength decided everything. If he was still as domineering as before, he would be instantly annihilated by the other eight demon lords.

“Since you're already seriously injured, it's certain that you've fallen in cultivation,” a Demon Lord said contemptuously. Besides, it's impossible to recover to the second rank in this life unless there's a great opportunity, so you're not qualified to stay with us anymore. Get behind us!”

Although Shi's expression was unsightly, he still forced out a smile and repeatedly nodded in agreement before retreating to the back.

There were also a large number of first grade devil monarchs and Devils guarding the place, preventing the world devouring devil from attacking.

He was filled with grief and indignation. He knew that even if he entered the circle of first grade demon lords, his future days wouldn't be easy, especially those he had offended in the past. They would all be waiting for an opportunity to take revenge.

After Xiao Hong's sword strike, his five fingers loosened, allowing the AMO wheel treasure to disappear from his hand.

However, she was also extremely shocked in her heart. She had already used all her strength in the attack just now, and it was when she had let her guard down that she had managed to injure him.

If he had gone all out from the start, it would have been difficult to determine the outcome, let alone injure the other party with a single strike.

Yunxiao and Wei Qing had also discovered the gap between them. Although they had long known that there was a gap between cultivators of the same level, their previous battles had all been carried out in the heavenly martial realm, where second-grade devil Lords were severely suppressed by the realm power, and the strength they could display was extremely limited.

Now that he was in the devil realm, he realized that in the devil realm, a devil Lord of this level was extremely terrifying. His strength was even close to that of a creation realm expert.

Yunxiao leaned against Wei Qing and said in a low voice, "Hurry up and release the Holy devil armor in your treasure bottle to fight. Otherwise, we'll all be in trouble."

Wei qingkuang nearly fainted and angrily rebuked, "what nonsense are you spouting!" Lord kun is not my subordinate. If you have the ability, summon him out!" alright! Yunxiao laughed. give me the bottle. I'll try to summon him.

Wei Qing's face darkened, and he turned around, too lazy to bother with him.

The eight demon lords looked coldly at the three. One of them said, "Are you going to surrender, or do you want us to do it? Although the result will still be death, the process will be completely different."

Yunxiao's face was serious as he asked, "Since we're both going to die, I want to know what's the difference."

Xiao Hong was secretly circulating her demonic technique to the side, constantly recovering her strength. Then, he glanced at Yunxiao with a grateful look.

She knew that Yunxiao was deliberately wrangling to buy her time to recover.

The demon Lord sneered, "if you surrender, we'll turn you into a pile of mud with one palm after we get the rainbow stone." Of course, I can also give you a chance to commit suicide. If we were to attack, the three of you would be sliced into pieces, starting from your hands and feet, into thousands of pieces, and finally to your chest and head. You'll die very slowly."

Yunxiao thought for a moment and said seriously, "then let's slice it. It sounds quite fresh.

The demon Lord flew into a rage and said coldly, "Alright, since you're looking for death, I'll fulfill your wish!"

"Hold on!"

Yunxiao hurriedly reached out to stop him and interrupted, "Let's discuss the specific slicing plan again, shall we? First of all, the knife is very particular. There's a thin blade for the meat, and the knife for the bones. The knife skills include splitting, chopping, straight-cutting, pushing-cutting, and pulling-cutting."

"He's trying to stall for time!"

A Demon Lord suddenly reacted and immediately rebuked.

The other seven people's expressions changed slightly at the same time, and they were all furious. you're looking for death!

He didn't waste any more time. In a flash, he appeared around the three of them and each of them used their unique skills to attack.

That violent demonic Qi gushed down like the wind released by a blower, turning into circles of light screens, surging over one after another.

Hmph! Yunxiao snorted coldly and shouted, "let's go!"

He looked around and immediately found the weak point under the layers of light. With a grab, Alay Xuanzang landed in his hand and he threw it forward with all his might.

The battleaxe was powerful and imposing as it charged forward like a chariot!

"BOOM!"

A layer of demonic light exploded around the battleaxe and immediately pierced through the light curtain. Under the joint efforts of the eight demon lords, a passage was actually opened!

Wei Qing and Xiao Hong were well prepared. They followed Yunxiao in an instant, and the three of them rushed into the passage!

“What?”

“Impudent!”

All kinds of angry roars came over, and the two demon lords by the side of the passage were even more embarrassed and angry. They changed their hand seals one after another, forming a “mountain” force and pressing down on the three people!

Yunxiao grabbed Alay Xuanzang and appeared next to the nearest Demon Lord in a flash, spreading the fingers of his left hand.

“Huala”

A chain turned into a Nebula and circled around.

The demon Lord’s palm pressed down on the passage, and he couldn’t help but be shocked. However, although the aura on the iron chain was strange, it was not strong. He did not pay much attention to it. At the same time, he divided his attention to form a seal and slapped his left hand over.

“Huala”

His entire arm was bound by the iron chain, and in the blink of an eye, his entire body was tied up.

“This is a Kasaya.”

The demon Lord was suddenly shocked. To his horror, he found that all his demonic essence had been bound. There seemed to be a force on the black iron chain that had directly sealed all his meridians.

At the same time, Wei Qing and Xiao Hong also attacked the other Demon Lord. Under the bombardment of the three forces, a terrifying blast of air burst out and pushed the two of them far away.

Without saying a word, Yunxiao swung his axe at the demon Lord. The sharp tip of the axe cut through the demon Lord’s body and cut him in half!

The whole process happened in a flash, and the tunnel was destroyed in an instant. After Yunxiao succeeded, he also teleported and returned to Wei Qing and Xiao Hong’s side in a flash, shouting, “Let’s go!”

The three of them didn’t stop for even a moment and directly rushed forward.

The demonic Lord, who had been pushed back by Wei Qing and Xiao Hong, felt a burst of demonic Qi in his body, and his face was filled with horror.

The other six people gasped. They had wanted to pursue him, but they could not help but stop and look at the demon Lord who had been cut in half by

Yunxiao in horror..
