

# The Eternal Supreme - Chapter 2263 – 2294

## Chapter 2263: Passed

549690339

The demon Lord's face was also full of fear, and he still had consciousness. Seeing his body constantly degrading and turning into strange demons that flew away, he became even more frightened and hissed, "Save me, Yingluo!"

"Save? Don't joke around, you're already in this state, how are you going to save him?" After a brief moment of shock, a Demon Lord couldn't help but sneer.

The other people's faces were also cold, but they were not in the mood to laugh. Instead, they looked at the back of Yunxiao and the others with solemn expressions.

The demon Lord looked in despair at his companion's back, and then his eyes suddenly bulged.

"BOOM!"

The demonic monarch that had been split in half finally couldn't resist the power of the disintegration, and his entire body exploded into hundreds of different kinds of demonic creatures that scattered in all directions. The scene was extremely shocking.

"What? He's actually dead?"

The Seven Demon Lords' expressions changed drastically, as if they couldn't believe what they were seeing!

with MU's strength, even if he was seriously injured, he wouldn't die immediately, right?!

"What is that copper axe? It's actually able to degrade us into low-grade demons!"

"And those pitch-black chains. They seem to be the key. I just noticed that after mu touched the chain, his entire aura was suppressed!"

The Seven Demon Lords fell silent as they watched the three of them disappear from their sight.

After a moment of silence, someone said, "I don't think it's a good idea to let them go over for a walk?"

Another person replied, "what's not good about it? our mission is only to guard the crack and prevent the world devouring devil from devouring this territory. It didn't say that we have to guard it and not allow humans to enter. The person from before was stunned for a moment before nodding, "That's reasonable. The mission that the Lords

gave us was to resist the world devouring devil. Furthermore, there's still the existence of the world devouring devil ahead, so they might not be able to get past it. ”

“Who cares,” another person said, “just do our part.” As for Shi Hemu's death, we'll just say that it was the doing of the world devouring devil. As for the three of them who were ridiculing us earlier,”

“Three people just now? What three people? I've been cultivating all this time. I don't know what those three people just now are?”

that's right, that's right. I don't know either. I've only heard that Shi Hemu had died in the hands of the world devouring devil.

They immediately played dumb, pretending that they had never seen Yunxiao and the other two.

“But he's not dead yet,” one of them said.

“I believe he'll die in battle soon,” the other person sneered.

“Hehehe!”

The few of them laughed hideously. The figure of the person who had just spoken flashed, and a cruel killing intent flashed across his face as he retreated.

After Yunxiao and the other two broke out of the siege, they shot forward without stopping for a moment.

After running for a while, Wei Qing suddenly asked in surprise, ” “They don't seem to be chasing us.”

Yunxiao had noticed it long ago. who cares? perhaps they were frightened just now. The psychological impact of the death of two second-grade devil Lords is too great.

Wei Qing's face suddenly darkened as he stared at Yunxiao and said, ” ‘You were using the ‘devil essence lock’ just now, right?’”

Yunxiao nodded slightly.

if I'm not mistaken, the demonic monarch's aura was instantly suppressed the moment the demonic vitality lock was used, ” Wei Qing said in a deep voice. otherwise, he would not have been cut down by your axe!

yes, ” Yunxiao said. The Fiend essence lock is indeed a Supreme treasure left behind by Lu congzi's lineage.

Wei Qing stared at him coldly and said, "in that case, there are two more devil essence locks. Your two wives are in the divine realm tablet. They don't need to fight. You should give them to us.

this is something made by the heavenly martial League, " Yunxiao said with a smile. I, the league leader, should decide how to distribute it. Moreover, you two aren't from the heavenly martial Union, so it's not your turn to get the distribution."

"The three of us are United now, what sect views!" Wei Qing said angrily. If we also had the devil essence lock, we could have killed all of those devil Lords!" Xiao Hong also nodded and stood firmly on Wei Qing's side.

Yunxiao shook his head. it's not that easy. It was best to use this item as little as possible. If the demon race discovered that it had a restraining effect, the devilish vitality lock would soon lose its effectiveness. Don't forget that Lu congzi has already found a way to counter the mana lock. I was just testing it out. I'm planning to use it in the next war between the two races and catch them off guard."

"If you and I both die in the demonic realm, we won't be able to see the next war between the two races," Wei Qing sneered.

if you and I die Here, " Yunxiao retorted, " not even a fiend lock can change the outcome of the battle. Moreover, even if you and I can't see the war, it doesn't mean that there won't be."

"No matter how you quibble, you're still petty!" Wei Qing mocked.

no matter how much you provoke me, I will not give you The Fiend lock! Yunxiao laughed.

Wei Qing knew that he could no longer communicate, so he snorted angrily and walked straight ahead, not wanting to talk to him anymore.

Xiao Hong was also quite unhappy. She glared at him resentfully and followed Wei Qing.

Yunxiao smiled indifferently, not taking their emotions to heart.

After the three of them walked for a while, they quickly stopped again. A large number of demons had gathered in front of them, and there were also many first grade demon monarchs shuttling through them.

Someone suddenly noticed the three of them and screamed.

Those mo immediately became restless, surrounding them from all directions, staring at them like tigers watching their prey.

it's the people from the realm of heavenly martial arts!

what?! a Demon Lord was shocked. how did you guys get here?!

Yunxiao was about to answer when he suddenly heard a cry of surprise, and then he saw a familiar figure.

“Impossible!” Shi shouted in horror. Y-you can't possibly be here, Wuwu!”

Yunxiao looked at him and suddenly laughed. it really did drop in level. Tsk, tsk. You demons are quite interesting.

His head felt dizzy and his shoulders trembled in anger.

After being demoted, his entire mind had been in a daze. Relying on the power of a peak first grade Demon Lord and his usual remaining power, he had killed a few first grade demon lords that he didn't like so that they wouldn't take revenge in the future. Only then did he relieve the depression in his heart.

Now that Yunxiao had mentioned it again, he was so angry that he gritted his teeth and almost cried.

However, he was afraid and didn't dare to take revenge. He only said in a trembling voice, ” “Could it be, could it be that they are

“Hehe.”

Yunxiao grinned hideously and said, ‘are you talking about those second-grade devil monarchs? I've already killed them myself. You're lucky to have escaped this calamity!’

The first grade demon lords were even more so.

They had been suspicious when they saw the three men, but their expressions when they saw them and heard Yunxiao's words made them no longer doubt. They all thought that the few second-grade devil Lords were dead.

As the two sides faced off, Wei Qing suddenly shouted, ” “Move!” He shouted.

An extremely sharp aura rushed forward along with the sound, instantly blowing up several ten direction fierce spirit fiends. The demons immediately opened up a path in shock.

Yunxiao sneered, his face full of sarcasm as he walked forward leisurely.

There was a commotion in the surroundings, and all kinds of murderous auras and violent auras were constantly emitted. Thousands of gazes stared at the three people,

not knowing if they should make a move or not. They were all waiting for the demon Lord's orders.

The demon Lord's intelligence was far higher than these low-intelligence demons, so they all had their own plans. No one was willing to go up and throw away their lives.

Thus, he could only watch the three of them walk further and further away.

"If we let them go just like that, will the higher-ups blame us?"

Someone finally asked worriedly.

"Blame? How to blame? Even a few second grade demon monarchs have fallen, do you think we can keep them here?"

"Yes, not being an enemy is one thing, and we don't have this mission as another. Are we going to let the front line go and do something else? Who will be responsible if the front line is lost?"

"Yes, yes, you're absolutely right!"

After thinking it through, these demon lords all heaved a sigh of relief and no longer had any psychological burden.

what are you doing here?! a loud shout came from afar.

The demon lords were shocked. Demonic light flashed in the sky, and a large amount of demonic Qi condensed to form a Demon Lord. It was one of the remaining Seven Demon Lords.

"Ah? Didn't Sir Wen urge you to urge you to urge you to urge you to urge you to do something?"

A Demon Lord jumped in shock and was dumbfounded. He thought to himself, Wasn't he already dead?

Wen's eyes turned cold as he stared at the demon Lord and said in a cold voice, I've already what?"

"No, nothing!"

The demon Lord was so frightened that he drew in a cold breath. Under Wen's gaze, his entire body turned cold as if he had fallen into an ice cave. He did not dare to say a word.

Wen snorted coldly and swept his gaze across the crowd before finally landing on Shi. He said, "Shi, come here. I have something to discuss with you."

His body trembled, and an inexplicable sense of danger spread in his heart, as if the end of the world had arrived. His originally gloomy face turned pale, and he gritted his teeth, "What does my Lord want from me?"

Wen's face darkened. we'll know what's going on when we get here, " he said coldly. are you going to disobey my order? '

Shi took a deep breath and bowed, "I don't dare to."

He flew up obediently and listened to the call. The corners of Wen's mouth curled up into a sinister smile as he accumulated magic in his hands.

Before he could make a move, his body suddenly shook and numerous afterimages appeared. His true body turned into a flowing light and fled into the distance!

"You're looking for death!"

Wen's expression changed and he formed a seal with one hand. Immediately, countless demonic lights burst out from the seal and scattered the afterimage. Like a swimming snake, it chased after Shi.

Even though he tried his best to escape, the gap between a second grade devil Lord and a first grade devil Lord was still there. He was quickly caught up and bound by the devil light.

"What are you doing?"

His face twisted and he struggled a few times, but he could no longer move.

Looking at the approaching Wen, his heart was filled with sorrow and he said angrily, "We've fought together, after all. There's no need to kill us all, right?"

Wen looked at him coldly. The sudden escape just now had annoyed him. He said in a cold voice, "What do you mean? Your identity as a second grade devil Lord is no longer there, and your name has been destroyed and you have died. I am only here to help you."

After he finished speaking, he clenched his five fingers and the demonic light suddenly shrank. It squeezed into the demonic body and crushed it in an instant.

The demonic light dissipated, and the thousands of demonic creatures that had exploded from his body fled in panic..

Chapter 2264: Chapter 2264-realm devouring devil

549690339

After flying for a while, Yunxiao and the other two suddenly stopped.

It was a barren land ahead, and the color of the world was monotonous. There was no end in sight.

Yunxiao flicked his finger, and a beam of demonic light shot out and disappeared into the space in front of him.

“There’s a barrier indeed.”

Wei Qing’s pupils shrank and he said in surprise, “This barrier seems to have been set up from our side.” not ‘seems’, ” Yunxiao said. I’m sure.

“Isn’t it a little weird to set up a barrier like this?” Are they not guarding against the realm of heavenly martial arts, but the rear?”

Yunxiao and Wei Qing thought for a while, but they did not understand either.

let’s break the barrier and get out, ” Yunxiao said. we’ll probably understand.

However, be careful, in case something happens.”

He raised his hand, and a black light appeared on his fingertips. It condensed into a sharp blade, and he cut forward.

Chi Chi ” cutting sounds rang out from his fingertips. The barrier was like a piece of canvas, a huge hole was cut.

The three of them entered one after another, and the rift closed on its own after a few breaths.

“This is a Kasaya.”

The three of them looked around and were all shocked. What appeared in front of them was actually a quiet and secluded scene of a mountain surrounded by a Lake.

The lake was a vast expanse of green, with no end in sight.

The mountain was tall and steep, reaching straight into the clouds. The mountains embraced the lake, and the lake reflected the mountains. Such a

magnificent view was rare even in the realm of heavenly martial arts.

this should be a mountain range, " Yunxiao said. but the lake is so big that even my divine sense can't see the end. How big is this mountain range? Wei Qing and Xiao Hong didn't get the main point and were speechless.

"We're finally back in the demonic realm."

Suddenly, an old flute sound rang out. The tone was melodious and contained a trace of deep affection. It then asked in confusion, "What is this place?"

Wei Qing's expression changed slightly. He turned his head slightly and stared at his left shoulder.

A ball of demonic Qi gushed out from his left shoulder, and a vine grew out of it, winding around Wei Qing's body a few times.

A flower bloomed on the vine, and a skull bloomed. It looked ahead with a ferocious expression, and its eyes were full of excitement."Hahaha! Fuu, back then, you sealed me in the yin and yang air bottle, wanting me to slowly die of exhaustion. Who knew that not only did I not die, but I also came back! You're the one who's going to die in the long passage of time, hahaha!"

He was unusually excited, but his laughter sounded a little bleak.

The three of them quietly listened to his laughter. After all, no matter who it was, after being gone for so many years and finally returning, they would all be so excited. Furthermore, the three of them were thinking that the "FUS" that Yi had mentioned were most likely the formidable Holy demons of this land.

After a long while, Richard finally calmed down and started to look around.

"Sir Hu, do you recognize this place?" Wei Qing asked.

The referee looked at him for a while before rolling his eyes at him. the devil realm is ten times larger than the heavenly martial arts realm. How could I recognize any random place? "

then, Sir, " Wei Qing said, " you have to at least give us a direction, right? otherwise, where are we going? "

The referee said, " this mountain range seems to be very huge. It may not be unknown in the demon world. If I can see the whole picture, I may be able to recognize it. As for the location of the bone, I'll give you the coordinates after we leave this mountain range." alright! Yunxiao nodded. let's leave this place first.

The three of them turned into a stream of light and flew to the surface of the lake. Suddenly, the water in the lake rose up and split into two.

With the three's escape techniques, they could quickly cover a distance of a hundred miles. However, after flying for half an incense's time, they were still surrounded by mountains and green water. There was no end in sight.

If it were not for Yunxiao's extremely strong divine sense, and the fact that there were not many illusions in the world that could confuse him, they would have thought that they had fallen into an illusion.

Yi suddenly spoke, "this mountain range is ancient. The lake water is green and lustrous. I'm afraid it's a historical site left behind a long time ago. There are many dangerous things hidden in this place, so be careful."

As soon as the three of them became alert, Yunxiao's face flickered, and he put two fingers together and pointed at the lake.

"Swish!"

The surface of the lake was split open by his finger radiance, as if it had shot into something's body. After a muffled sound, a stream of demonic Qi shot out. The color of the lake suddenly changed from pure green to ink, and a large amount of black demonic Qi rolled under the lake.

The entire Lake began to boil, and a terrifying aura spread out in circles. It was as if the world had suddenly changed within a radius of several thousand feet.

"Huala"

A black water arrow suddenly shot up toward Yunxiao, as if it were taking revenge for what had happened just now.

Yunxiao did not Dodge. When the water arrow was close to him, he grabbed it with his hand. With a pop, the water arrow dissipated in an instant, leaving only some black liquid in his hand, which looked like ink.

Yunxiao looked at it carefully. The water arrow was colorless, but it was mixed with a very high concentration of devil energy, which made it look like ink.

"Huala"

After the first arrow, hundreds of millions of water arrows burst out of the lake, covering the sky and the earth.

The expressions of the few people all changed greatly, and they each formed hand seals to block.

Fortunately, although the number of water arrows was terrifying, they were not very powerful. Everyone blocked them with ease.

Yunxiao casually pulled out a sword realm and surrounded himself tightly.

Xiao Hong was standing on top of a Heart Flame, and the water arrow was completely burned away before it could even get close.

Wei Qing was even more relaxed, he didn't need to do anything at all, he just stood there with his arms crossed. The demonic armor on its shoulder released a large number of vines, blocking all the attacks.

However, the water arrows came in wave after wave, as if they were endless. It was not a solution to continue like this.

"What kind of monster is down there? it's so powerful."

Distracted for a moment, Yunxiao peeked into the lake and was taken aback.

At some point, several dark shadows were hiding under the lake, flickering in and out of sight, as if they were constantly floating and diving, following Yunxiao and the other two. Those water arrows should have been shot by these shadows.

The rest of the people also looked at the lake. Yi's pupils suddenly shrank as he stared at the shadow. His face was filled with fear, and even the devil vines trembled with his emotional fluctuations. He cried out, "World devouring devil!"

With the judge's cry, a figure shot out of the lake as if it had been summoned!

"Swish!"

Before the dark shadow could stop, it turned into a sharp arrow and shot straight at Yunxiao's face, its body flickering with a demonic light and whistling.

Yunxiao raised his hand to form a seal and blocked the arrow in front of him. The power of the arrow was much weaker than the previous ones, and it only stopped when it even cracked the seal.

Although he did not use his full strength, the force was enough to startle Yunxiao. He immediately grabbed it, and the others all looked at it.

In Yunxiao's hand was a white furball the size of a palm. Its limbs were short and short, and it had a slender tail twice as long as its body. It was squeaking and struggling, and strangely, it only had one red eye, which was glaring at the four men.

There was a part of its body that was constantly being poured with devil energy, which must have been injured by Yunxiao's arrow at the beginning.

that's a world devouring devil!!

Yi's eyes widened as he stared at the White furball and cried out, "What is this place? There's actually a world devouring devil!"

Yunxiao and the other two's hearts sank. Judging from its tone, the cute creature in front of them seemed to be something extraordinary.

Yunxiao shook the White furball in his hand in confusion. The White furball squeaked like a mouse, but it did not seem to be that powerful.

"Could it be that Sir Chu is mistaken?" Wei Qing also said.

Yi shook his head, "no! This is a world devouring demon! However, these white fluffballs were the lowest grade world devouring devil. Even so, they were still extremely terrifying existences. As the name implies, they have the power to devour World Energy!"

Yi's eyes lit up and he licked his lips. "If I can devour this thing in large quantities, it will be extremely beneficial to my cultivation! Because they have been devouring the power of the world. If you devour a large number of these demons, then even without the rainbow stones, you will be able to completely adapt to the power of the demon world!"

Yunxiao's heart jolted when he heard that. He looked at him with a little fear and said, "Since it's so powerful, you should be able to recover your strength after eating it, right?"

Richard shook its head and looked at the White furball with cold disdain. It seemed to look down on this thing. It laughed and said, "The power level of these things is too low. It's not much different from eating the ten-directional evil spirit. It only contains the power of the world and is not of much use to me. World devouring Devils can be divided into white, cyan, navy blue, dark purple, and ink black. If you want to recover your strength, you'll need a dark purple fourth grade world devouring devil at the very least."

Only then did Yunxiao feel relieved. With no interest in the item in his hand, he killed it casually and threw it into the lake.

"BOOM!"

The surface of the water suddenly burst open, and countless water arrows shot up into the sky. Many figures also shot out and floated around the crowd, with countless red eyes staring at them.

Those world devouring devil puppets were like ants as they rapidly gathered into a few piles. Although their strength was only comparable to the ten directional evil spirit, they

were still considered a type of world devouring devil. Furthermore, their numbers were too large. The densely packed numbers caused one's scalp to turn numb.

Yi muttered something under his breath. He glanced at the world devouring demon in the sky, then turned his gaze to the bottom of the lake. He kept searching, as if he was looking for something.

For a moment, Yunxiao and the others did not pay attention to him. They all formed incantation gestures with their hands, no longer daring to be careless. These world devouring demons had turned their bodies into arrows, and they were not comparable to the previous water arrows that did not even hurt.

After turning his devil energy into a blade and killing several world devouring demons, Yunxiao's eyes suddenly lit up as he looked at Wei Qing and said with a smile, "You have also heard from Yuan earlier. If one can devour a large amount of this thing, it will be extremely beneficial to one's cultivation. Although it is useless to him, do you dare to try?"

Wei Qing's expression changed slightly as he snorted coldly and mocked, "Coward, if you don't dare to eat, just say it.."

Chapter 2265: Chapter 2264-great tonic

549690339

Wei Qing's expression changed slightly as he snorted coldly and mocked, "Coward, if you don't dare to eat, just say it."

In fact, he also wanted to know what effect it would have after eating it. After Yunxiao said that, he grabbed a white furball and stared at it, feeling a little conflicted.

The corner of Wei Qing's mouth twitched, and he stuffed it into his mouth, swallowing it without chewing.

how is it? " Yunxiao asked curiously. what do you think? "

Wei Qing's brows furrowed, and his entire face turned bitter. However, in just a moment, his eyes suddenly lit up and emitted light!

That thing dissolved as soon as it entered his stomach, turning into a clear stream that instantly washed through his eight extraordinary meridians. Not only did his demonic Qi become slightly purer, but even his ability to sense the world power of the demonic realm had also improved slightly.

Yunxiao was overjoyed to see Wei Qing's reaction. He knew that the realm devouring demon really had the effect that min had said.

Xiao Hong also extended five fingers and casually grabbed a world devouring demon.

She furrowed her brows and asked, “do I just swallow this thing?” It’s a little disgusting to have skin and bones.”

Richard sneered, ” don’t eat it if you think it’s disgusting. We demons always eat it raw. Of course, you can also cut it into pieces, apply some salt and other seasonings, and eat it with sauce after roasting it.

don’t listen to his nonsense, ” Yunxiao said with a smile. The Fiend Race is made of fiend energy. They don’t have physical bodies, so there is no skin or bones.

Xiao Hong thought for a moment and felt that this was the case. After glaring coldly at cruel, she looked at the world devouring devil in her hand and hesitated for a moment before biting down on it.

The way he ate it was much more brutal than Wei Qing’s. Half of the White furball had been bitten off, but there was no blood dripping from the place where it had been bitten, only black demonic Qi oozing out.

Xiao Hong chewed the half of the world devouring demon a few times before swallowing it. Rather than saying that it had eaten an animal, it felt more like it had eaten a ball of energy.

She was originally a rainbow stone spirit transformation, so she could be considered a pure devil. She had devoured the world devouring devil more thoroughly, so the effects she experienced were stronger.

“I’m right,” she said, her eyes filled with joy.

Yunxiao also swallowed one. Although the effect was weak, it was enough to surprise him.

One had to know that at their level, heavenly treasures that could directly increase their cultivation level could only be found by chance. However, if they swallowed it raw, they might not be able to completely absorb it, which was a bit of a pity.

Yunxiao’s heart burned with passion as he looked at the White furballs that filled the sky.

If he could take these things, refine them into pills, and distribute them to the people of the heavenly martial League, then some of the strong people would adapt to the world power of the demon Realm, which would be a great help during the demon War.

He immediately formed a seal with both hands, and purple Thunderbolts poured down from the sky and gathered in his hand, flickering.

He formed a hand seal with two fingers, and the purple lightning instantly shot out. It turned into countless purple electric arcs and shot into the group of world devouring Devils, instantly electrocuting a large number of them to death!

He was overjoyed and took out the divine realm tablet again. Boundless rays of light shone out and sucked in the corpses of the world devouring demons floating in the air.

“Swish!”

The group of world devouring Devils was stirred up, and the sky was filled with angry noises. A large number of world devouring Devils rushed over like arrows, their round eyes filled with anger. They wanted to kill Yunxiao!

“Hehe.”

Yunxiao chuckled and put his hands together. The purple lightning in the sky gathered together and formed a wall of lightning. It stretched out and was about 70 to 80 feet wide.

“Bang!”

“Bang!”

“Bang!”

Those world devouring demons that filled the sky shot towards the lightning wall. They couldn't even cause a ripple before their bodies trembled and they were electrocuted to death within the wall.

In an instant, hundreds of corpses of world devouring demons appeared in the purple wall of lightning, frozen like large cotton.

“Hehe.”

Yunxiao grinned hideously as he pulled out a hand and performed an incantation gesture. The light of the divine realm tablet swept over and collected all the corpses of the realm devouring demons inside the lightning wall.

These white furballs had low intelligence, so catching them was easier than fishing on the lake in winter.

Looking at the disappearing world devouring demons, Wei Qing was startled and immediately reacted. He said to bi, ”

I can't let this guy take advantage of me. Hurry up and help me!

After saying that, he took out the yin and yang air bottle and slapped it with a few hand seals. The yin and yang Qi gushed out and covered almost half of the sky.

Yi had indeed made his move, and devil vines flew in all directions. Although he was slightly careless, he had caught quite a number of them.

Richard turned his head and chuckled at Xiao Hong, " "You don't like these things either?"

The few of them went from passive to active. In just a few short breaths, Xiao Hong had finished the remaining half of the ice cream in her hand.

Hearing Yi's words, Xiao Hong suddenly reacted. She angrily stomped her feet, and countless Heart Flames flew into the group of world devouring demons. They instantly enveloped a large number of world devouring demons and collected them.

It did not take long for Yunxiao's area to be almost fully collected. Without fighting with Xiao Hong, he turned the power of Thunder and pulled out some of the yin and yang energy.

what?! Wei Qing glared at him and scolded, " you're the leader of the heavenly martial Alliance, but you're actually a thief? how are you going to make others think of you?!

Yunxiao smiled noncommittally, and the power of thunder and lightning surged out. "The people here who know each other are all family. It doesn't matter how they look at me."

He was also shameless, acting like he was a hooligan, what could she do to him?

Wei Qing's face twitched, and with a gloomy expression, he added a few more seals to the Yin Yang Qi bottle.

As the number of white furs around them decreased, the three of them were no longer just capturing. They were even snatching from each other, and their eyes were red.

For a moment, all kinds of energies in the sky mixed together. The colors were gorgeous, and the sound shook the clouds.

Suddenly, Yunxiao's face flickered as he glanced to his left. There was a faint ripple of magic light spreading out from the spatial node, which was not eye-catching in the face of the waves.

However, he could clearly sense the unusualness of the node. His two fingers turned into purple lightning and stabbed at the node like a sharp sword!

"Swish!"

When the lightning touched the node, it was immediately blocked, but the purple lightning still managed to penetrate it!

“Bang!”

A circle of powerful demonic light spread out, accompanied by a navy blue spot.

With two fingers, Yunxiao pulled the dark blue thing to his side and pulled it out of the void.

“What is this?”

At the sight of it, Yunxiao could no longer care about the White furs. He clutched the thing’s neck tightly with his fingers and stared at it.

The thing was dark green in color, with the head of a beast and the body of a flood Dragon. Its body was covered with scales, and it had a mouth full of ferocious fangs. It kept rolling in Yunxiao’s hand, looking extremely fierce.

third grade world devouring devil!

The referee’s expression changed, and he said somewhat excitedly, ” “This should be the king of these world devouring demons! With so many low-level world devouring demons here, there will definitely be one or two higher level world devouring demons commanding them.”

His eyes lit up, and he couldn’t help but lick his lips. He seemed to be drooling over this thing.

The White fur was only level one or two, so it didn’t have much of a nourishing effect on him.

Wei Qing turned his head and looked at the demonic creature in Yunxiao’s hand in astonishment.

Richard’s desire was undisguisable, and he said excitedly, ” that’s right. My strength has fallen. A fourth grade world devouring devil is the best tonic, but a third grade world devouring devil can help me recover quite a bit.

It must be known that at their level, items that could increase and restore their cultivation were really rare and precious.

Of course, Yunxiao would not give him the realm devouring demon. He raised his eyebrows and said with a smile, ” “In that case, this thing should have a better effect after eating it?”

When Wei Qing and Xiao Hong heard that, they also came over with their faces thick. They looked at the thing in Yunxiao's hand with envy and jealousy, feeling a little vexed.

Earlier, it was Yunxiao who had the upper hand, and now it was him again.

Besides, according to Yi, there might only be one or two third grade world devouring demons in this space, and Yunxiao had just killed one, which made them very envious.

The world devouring devil struggled madly, and countless traces of devil Qi seeped out from the cracks of its scales, directly attacking the few of them.

The demonic energy attack that overflowed was as strong as a low-level Demon Lord, but before it could fully take shape, it was suppressed by the purple Thunder in Yunxiao's hand.

"Just this little bit of ability?"

Yunxiao snorted coldly as his fingers locked up the devouring realm devil prison like a prison and said, "This third grade world devouring devil isn't that strong."

Yi nodded. these third grade world devouring demons are only equivalent to the strength of a first grade devil monarch. If there are enough of them, it would be a headache.

it seems that this Lake is nothing more than this, " Yunxiao said, a little disappointed.

When his sigh fell into Wei Qing and Xiao Hong's ears, it was as if he had gained an advantage and was acting innocent. This was especially so for Wei Qing, who wished he could snatch that third grade world devouring devil.

The dark blue realm devouring demon stared at Yunxiao with a venomous look. The scales on its body began to move, and it spat out devil energy to attack Yunxiao desperately, but it could not break free from his palm.

After staring at it for a while, Yunxiao slapped it to death and threw it into the air. Then, he performed a few incantation gestures with one hand and refined it in the air.

In a flash, that third grade world devouring devil was refined into a ball of devil

Under the burning gazes of the others, Yunxiao raised his hand and beckoned. The ball of demonic energy flew over on its own and was directly sucked into his stomach.

Compared to the third grade world devouring devil, the White fluffballs from before seemed to be slightly different. After absorbing them, he could clearly feel his devil Qi increasing, and the effects were much better than before.

Yunxiao was overjoyed. If refining a random one could produce such an effect, then if there were many of these third grade world devouring demons, and he could catch all of them and refine them, the effect would be very amazing.

Lord Chi, " Yunxiao asked sincerely, " Where can I find more third-grade world devouring demons? "

The judge's face darkened. He grunted and said, " "Do you think this thing is cheap? Back then, I roamed the mo realm and searched all the famous mountains, great rivers, and ancient ruins, but I only found a few."

Yunxiao chuckled but did not say anything. He just kept looking around the lake, hoping to find something..

549690339

Cruel sneered, " stop looking. When a world devouring devil reaches Grade 3, it can break through the void and travel in and out by itself. It might not necessarily be at the bottom of the lake.

Yunxiao thought for a moment and agreed. At that time, the realm devouring demon had also broken through the void to attack him. Thus, he gave up after a quick glance at the bottom of the lake, not being too persistent.

At this moment, the three of them suddenly had a change in expression, as if they had sensed something.

A buzzing sound rang out as the surrounding space began to ripple like water. A Dark Blue World devouring demon broke out from every ripple of devil Qi.

In the blink of an eye, a large number of navy-blue World devouring demons rushed out from all directions. The scales on their backs stretched out furiously, and devil Qi shot out from them. It carried a strong corrosive power as it began to attack the four of them.

"What!"

The three of them looked at those third grade world devouring demons. At first, they were stunned for a moment, but soon after, their faces were filled with joy.

In their eyes, these world devouring Devils had already become precious delicacies on a Jade plate. Every single one of them was as alluring as a great tonic pill.

Furthermore, a third grade world devouring devil was only equivalent to a first grade devil monarch. Even though its offensive power was strong, it wasn't a difficult matter for them to kill it.

Yi was even more ecstatic. His strength had fallen for so many years, and he could only slowly absorb demonic Qi to recover. He had not been able to find any better tonic.

Furthermore, these third grade world devouring demons had quite a

nourishing effect on him, and their effects were far superior to the ten directional vicious fiend.

“Haha, that’s great!”

Chi wildly laughed as the vines on his body unceasingly spread out. Countless thinner vines shot out from his body and joined together, forming a huge net that spread towards those third grade world devouring demons.

The devil vines instantly caught a few world devouring demons. The devil Qi surrounding the world devouring demons collided with the devil vines and immediately started corroding.

Even though the world devouring devil had a terrifying devouring power, one still had to rely on the strength of one’s cultivation base in a battle. The realm-devouring power had no significant effect on either Yi’s devil vines or the extraordinary powers mastered by Yunxiao and the others.

Cruel sneered as he formed a hand seal with one hand. Countless sharp black thorns extended out from the vines, each of which pierced towards the world devouring devil, ruthlessly piercing through it!

Yunxiao was not willing to fall behind. Purple lightning rose around him, and with a single strike, he killed a few of them.

hahaha! Li Yunxiao, let’s see who can collect more this time!

When it came to absorbing all living things, there was nothing that could compare to the Yin Yang Qi bottle. Wei Qing laughed out loud, and his previous displeasure was swept away.

Yunxiao rolled his eyes and ignored him.

Wei Qing snorted complacently and immediately threw out the Yin Yang Qi bottle. The bottle glowed with a strange as the yin and yang Qi swirled out

and mercilessly wreaked havoc in the sky, absorbing those third grade world devouring Devils.

A large number of world devouring demons were engulfed by the yin and yang Qi. Demonic light immediately gushed out from their bodies and wrapped around them, entering a state of self-protection to resist the absorption force.

Wei Qing's expression changed slightly. That third grade world devouring Devil's strength was much stronger than the lower grade world devouring devil from before. Therefore, its resistance to the yin and yang Qi was also much stronger. Even though it was slowly moving towards the mouth of the bottle, its speed was much slower.

Wei Qing's face darkened and he looked a little anxious when he realized that he was actually slightly behind Yunxiao.

Xiao Hong was the most anxious one. Although the heart Flame could be divided into thousands of parts, her strength was not as good as Yunxiao's. Once it spread out, its offensive power would be lower, which was even less efficient than collecting it alone.

Xiao Hong's face darkened and his eyes flickered.

At their level, there were very few natural treasures that could increase their cultivation except for closed-door cultivation and opportunities.

Therefore, the opportunity in front of him was undoubtedly a rare one.

Thinking up to this point, Xiao Hong's expression turned cold and a sharp glint flashed across her beautiful eyes, as if she had made some kind of decision.

She made a hand seal, and a golden light shot out from between her eyebrows. There was a black shadow spinning in it.

The black shadow continued to spin and grow in the golden light. When it reached a certain point, the golden light suddenly converged and a tall tower appeared.

Yunxiao was happily collecting the world devouring demons when he suddenly sensed something. With a slightly surprised expression, he turned to look at the giant tower and immediately recognized it. The battlefield of the ancient gods?!

he cried out in surprise:

Although he was surprised, he immediately understood the reason.

Although the ancient gods' battlefield had been broken, the main body of the pagoda was still in Di Jun's hands. After Di Jun was devoured by di ye, the ancient gods' battlefield naturally fell into di ye's hands.

Since Xiao Hong and di ye had merged into one, this Saint weapon was naturally in Xiao Hong's hands, but he had never seen him use it before.

A sneer appeared on Xiao Hong's face as she threw out the ancient God battlefield. The tower was octagonal in shape, and there were bells ringing on it. The sound waves spread out, intimidating all the world devouring demons within a hundred feet.

After that, over a hundred incantation seals were struck into the pagoda. A golden light shot out and killed all the world devouring demons that were caught by the demonic sound.

Xiao Hong was ecstatic. It excitedly formed another hand seal, and its body danced in the golden light.

The corpses of the dead world devouring demons were immediately absorbed into the ancient God battlefield.

In fact, she had never used the ancient gods battlefield before because it was too damaged. After such a long time, it had been almost repaired, but it had always been used as a trump card, and he didn't want to use it unless it was absolutely necessary.

However, at this time, he couldn't care about any trump cards. He just threw them out to grab resources.

However, the good times didn't last long. The four of them didn't get excited for long before their faces began to turn ugly.

He had just fought desperately for resources and killed over a hundred third -grade world devouring demons. His physical strength was on the verge of collapse, and he was starting to feel a little weak.

There were still over a hundred third grade world devouring demons in front of him. Although the speed of the world devouring demons breaking out of the void was constantly decreasing, he didn't know when they would end.

The referee's expression was also a little unsightly as he said in a deep voice, "Be careful, everyone. Since there are so many third grade world devouring

Devils, then there must be a fourth grade world devouring devil leading them!"

"Level 4?" Yunxia was surprised. That rank 4 "s strength is Yingluo."

Yi said in a deep voice, "the strength level of the world devouring demons is the same as the strength level of the devil World." And so on, a fourth grade world devouring devil is equivalent to a second grade devil monarch, which is equivalent to the void stage of the heavenly martial realm."

The three's faces changed greatly. In their current state, even if they encountered an ordinary second grade Demon Lord, they wouldn't be able to do as they wished. Moreover, these world devouring demons were clearly stronger than the devil monarch.

don't be afraid, " Yunxiao comforted the crowd. it doesn't matter even if there's a fourth - grade world devouring demon. With the four of us working together, we'll definitely be fine."

As soon as he finished speaking, the entire world trembled, and even the lake began to shake violently. There seemed to be an extremely powerful force penetrating through the void. The strength of this force was far above these third grade world devouring demons.

Even if the three of them used their toes to think, they would know what had happened.

Wei Qing gave Yunxiao an angry glare and scolded, " "You jinx. We'll all die at the hands of your stinky mouth sooner or later!"

Yunxiao was no longer in the mood to bicker. He stared nervously at a place where energy fluctuations were coming from as purple lightning bolts churned in his palm.

The space there twisted into a Whirlpool, and a lizard-like man stepped out of the void.

The Lizardman's body was dark purple in color, and it looked like there was a layer of smooth mucus on it. The dripping sound was very disgusting.

Unlike the previous world devouring demons, the fourth-grade world devouring demon had a certain level of intelligence at first glance. Its eyes, which occupied half of its face, were staring at Yunxiao and the others, full of fierceness and vigilance.

Suddenly, the body of the fourth grade world devouring devil collapsed and slowly bent down, as if it was accumulating power. Its eyes were fixed on the purple Thunder in Yunxiao's hand.

"Swish!"

The fourth-grade world devouring demon rose to his feet in anger, and his figure disappeared from where he was. In the next moment, a dark purple flash appeared in front of Yunxiao, and he swung his slender and sharp claws.

Yunxiao's face flickered as he raised his palm to receive the attack. Under the void of energy in his body, his blood and Qi tumbled and he was forced to retreat, which was enough to show the amazing power of the claw.

Yunxiao was also secretly surprised as he looked at the claws of the fourth-grade world devouring demon. The claws were slender, without any webs in the middle, and the sharp nails were exuding a demonic aura.

It was just the power of a single attack just now, and it was already stronger than the strength of an ordinary second grade Demon Lord.

After the attack, the world devouring demon did not fight back. Instead, it carefully faced Yunxiao and the others.

Just as they were carefully dealing with that fourth grade world devouring devil, an equally powerful aura came from the void. And it wasn't just one aura.

When the few of them saw this, their expressions changed drastically. Suddenly, his face turned ashen.

They saw seven fourth grade world devouring demons appearing from the void one after another. The moment they appeared, they surrounded them.

His sharp eyes kept sizing up the four of them, and from the look in his eyes, it could be seen that even if they didn't have high intelligence, they had a certain level of intelligence.

"Why are there so many kasayas in this place?"

Yunxiao and the others felt a chill run down their spines, and their hearts sank to the bottom.

"This is troublesome," the referee said. For so many fourth grade world devouring demons to appear here, it proves that the highest grade of world devouring demons here is definitely not fourth grade. There are definitely fifth grade devil Supreme existences here."

Although his face was solemn, his eyes were shining. He seemed to be peeking at something.

If he could obtain or devour these world devouring demons, he would be able to recover at least half of his cultivation.

"Everyone, don't panic. This is a good thing! We don't even need to look for the Qilin demon bone!"

Yunxiao had the same thought. He licked his lips and said jokingly, "as long as I can devour the world devouring demons I just collected, these eight world devouring demons, and the devil Supreme realm world devouring demon that is hiding somewhere, I can directly step into the creation realm.

“Although it’s very reasonable, I wonder who’s the one eating who,” Wei Qing sneered.

“What do we do now?” Xiao Hong asked in a low voice.

There was a moment of silence. No one knew what to do. Facing such a dangerous situation, their brains were a little muddled..

Chapter 2267: Chapter 2267-mission assignment

549690339

Yi looked at the eight purple world devouring demons and gulped. “It’s not that there’s no way. It’s not difficult to win with the four of us. What I’m afraid of is that hidden fifth grade world devouring devil. If it were to suddenly appear and launch a sneak attack, none of us would be able to withstand it!” are you sure about the existence of the fifth-grade world devouring demon? ”

Yunxiao asked gloomily. Are you sure? ”

of course, ” the referee glanced at him. if it weren’t for the king behind them, do you think they’d be standing here so obediently? ”

Yunxiao’s eyes swept over the Restless fourth-grade world devouring demons around him, as well as the third-grade world devouring demons in the distance, and he knew that the judge was right.

The fourth grade world devouring devil had sufficient intelligence. It was still acceptable for it to be cautious and not make a move for the time being. However, there was definitely something fishy about it.

“Then, does my Lord have a solution?” he asked.

The referee nodded and said, “of course there is.” I’ll help you guys hold the fort while you guys deal with these eight world devouring demons. With me here, the king won’t act rashly. If they suddenly attack, I’ll be able to handle it. ”

Yunxiao nodded. we naturally believe in your strength, Lord Chi. But, I have a question. Do you not want these eight realm devouring devil puppets anymore, Lord Chi? ‘

Richard glared at him and said, ” “Naturally. Isn’t my support considered a contribution? Naturally, they had to split it. There are four of us, two for each.”

Yunxiao touched his chin and said in a low voice, ” “If we can kill these fourth grade world devouring demons, I have no objections to the distribution method. However, it’s a bit awkward.”

“But what?” Yi rolled his eyes and scoffed.

it’s just that Lord Xi’s strength is tyrannical. Just staying here to hold the line is really a waste of God’s gift!

Yunxiao finished sighing with a bitter heart, then blinked and said, “It would be better for Sir to attack together with us. This way, not only will our chances of victory be greater, but we can also let that fifth grade world devouring devil Revere your strength.”

The judge’s expression changed slightly, and he hurriedly said, “no, it’s precisely because I’m the strongest that I’ll be the one to deal with their King.” As the saying goes, general against general, soldier against soldier, haven’t you heard of this logic?”

“General against general, soldier against soldier. If that’s the case, then Sir Hu is the general, and we are the soldiers?”

Yunxiao’s eyes darkened as he sneered, “It turns out that master Hao has always regarded us as Small Soldiers.”

The judge’s face was dark and gloomy. He knew that Yunxiao was deliberately looking for trouble, but he could not be too tough at this time, so he could only snort and say, “I’m just saying that. Of course not.”

Wei Qing, who was standing aside, suddenly spoke up. This time, he was on

Yunxiao’s side, which was rare. Yunxiao is right. Your Excellency, you’d better join us. After all, these eight world devouring demons are so powerful that we may not be able to resist them with our strength.

They were all prominent figures in the realm of heavenly martial arts, and all of them had strong opinions. It was impossible for them to be inferior to others.

Moreover, ever since he had entered the demon world, Wei Qing could clearly feel that his bones had become active, and there was a feeling of losing control, as if they had transcended his control.

If Yi were to fall out with him now, he would be helpless. As a result, there was a gap in the United Front line.

Richard seemed to have noticed this change, and his face darkened. “You don’t believe me?”

Wei Qing said indifferently, “trust is built on each other’s actions.” It’s not built on the mouth.”

He had expressed his attitude by saying this.

“Hmph!”

The judge was extremely displeased. He clenched his hands and rubbed them together. The demonic light on his body crackled as he said coldly, “since that’s the case, we’ll deal with the two of them at once. Don’t blame me if a fifth grade world devouring devil sneaks up on you later.

of course,” Yunxiao said with a smile. whoever is ambushed can only blame his bad luck. If I were that fifth-grade world devouring demon, I would definitely ambush the strongest of the four. Hehe, I wonder who’s the strongest of the four of us.”

The referee’s face twitched and he let out a muffled groan.

He knew Yunxiao was right. Although his strength had fallen, he still had the power of a Holy demon.

That terrifying fifth grade world devouring devil had yet to come out. It was highly possible that it was hiding in fear of his might and was waiting for an opportunity to launch a sneak attack.

If they were to launch a sneak attack, he would be the first to bear the brunt.

As expected, Yi looked up and saw the eight lizard-like World devouring demons staring at him. Their eyes were flickering with an ominous glint, and they were constantly spitting out purple bubbles.

The referee’s heart was suddenly filled with irritation as he frowned in disgust. His eyes shot out a sharp light as he gritted his teeth and said, “Then in your opinion, how should we distribute these eight?”

you want me to distribute them?” Yunxiao laughed. Then this one will take up the responsibility.” A hint of slyness flashed in his eyes, and the corners of his mouth curled up slightly.

Although these eight world devouring demons were all fourth grade and their auras appeared to be similar, there was still a huge difference in reality.

These differences were reflected in their age, the strength of their bodies, their breathing, and even the color of their eyes and skin. Not only could Wei Qing and Xiao Hong not see it, but even the referee could not see it. But, under Yunxiao’s magical spirit eyes, they could not hide it.

He seemed to point at it casually, and said, this, that, mine; this, this, Lord Wei Qing’s, that Pi Xiu.

He pointed his fingers here and there, and finally distributed the eight. It seemed like a casual distribution, but in fact, he had given himself the two weakest ones.

Next were Xiao Hong and Wei Qing, while kun was assigned the two strongest.

“Each of you can just deal with two in front of you, there’s no need to go through so much trouble,” Wei Qing frowned.

I think so too,” Yunxiao said with a smile. but, since Lord Chi wants me to distribute it, I have to do it reluctantly. He shrugged his shoulders with a helpless look.

The referee only felt that something was wrong, but he could not figure out what it was. He said irritably, ” “Cut the crap! Do it!”

Before he could finish his words, the vines on his body spread out like a cobweb and grabbed at the two world devouring demons Yunxiao had pointed out.

Those eight world devouring demons were originally motionless, as though they were under some kind of control. They simply watched as the devil vine pounced over.

“Swish Swish Swish!”

Just as the devil vines were about to touch his body, the originally dull world devouring devil suddenly became abnormally agile. It instantly transformed into countless devil shadows and disappeared from its original spot.

“What?”

Everyone was shocked. Even perfected Lord Meng Ling could be trapped by the Holy See’s vines for a while, but now, they had missed.

What an astonishing speed!

“Be careful!”

Yunxiao suddenly cried out in surprise, and his figure disappeared from where he was.

“Bang!”

The space where he had been standing exploded. A huge lizard’s hand reached out from the void and crushed the space.

“Bang Bang Bang!”

The place where Wei Qing and the others were standing was also attacked, but they all used their divine abilities to Dodge it. However, with this attack, the four of them were immediately separated.

Yunxiao fled hundreds of feet away and stared coldly at the two fourth-grade world devouring demons in front of him.

These world devouring demons were like fish in water. Furthermore, their claws were extremely sharp. If they were to receive that attack, they would most likely not be in a good state.

He was carefully observing the two world devouring demons when his expression suddenly changed.

These fourth grade world devouring demons had quite a bit of intelligence and could understand the human language. These two world devouring demons were actually the ones he had assigned to him.

He casually swept his eyes around and saw that the rest of the world devouring demons were also staring at their respective targets, exactly as Yunxiao had said.

Yunxiao was surprised, but he was also secretly delighted.

He had originally thought that they would be the ones to pick out the world devouring demons. He had not expected the other party to be so cooperative.

At that moment, the sky was turned into a four-sided battlefield, surrounded by more than a hundred third-grade world devouring demons. The deterrence of the fourth-grade world devouring demons made them not dare to approach, which undoubtedly reduced the pressure on Yunxiao and the others.

“Swish!”

The two world devouring demons in front of Yunxiao suddenly turned around and launched a critical attack. Their claws and fingers slashed down in the air, and several purple demonic energy blades slashed down!

“Bang!”

The purple Thunderbolt in Yunxiao’s hand flickered and shattered the few wisps of demonic energy.

As soon as the two world devouring demons saw him, they surrounded Yunxiao from both sides and hid in the void with trembling bodies.

“Interesting.”

Yunxiao's eyes lit up slightly. These two world devouring demons were obviously cooperating with each other, which showed that they had high intelligence. Although they were not fully awakened, they were not something that those low-intelligence demons could compare to.

He calmly extended his arms to the sides of his body. With a twist of his wrist, the purple lightning took form and condensed into a wheel.

“Bang!”

The moment that wheel appeared, two claw-fingers smacked onto it. Two world devouring Devils broke through the sky once again. Two huge figures pressed down on the wheel, continuously erupting with lightning in all directions!

Pilipala!!

The lightning that shot out was like a dragon or a snake. Not only did it shake the surroundings, but it also struck the two world devouring demons at the same time. It shuttled through their bodies and attacked their defenses.

The purple Thunder was condensed by the realm power of the heavenly martial realm, and its power was doubled in the realm. However, in the devil realm, it was only a Thunder with a higher degree of condensation, and did not have the power to crush everything.

But even so, Yunxiao already had an innate lightning body, and with his powerful cultivation base, the purple disc he condensed was unshakeable.

Under the impact of the two world devouring demons, he could only tremble slightly. He was still able to steadily block the two attacks.

Yunxiao glanced at Yuan and Wei Qing in his spare time and found that the gap between these world devouring demons was indeed not small. If he were Yuan's two opponents, he would not have had such an easy time.

Not only Yi, even Wei Qing and Xiao Hong found it difficult to deal with it. Under that powerful and fierce attack, the expressions of the few of them were very serious.

“Bang!”

Xiao Hong's figure was torn apart by the sharp claws of a world devourer devil, turning into a Heart Flame and dissipating. The remaining power of the claws directly struck the ancient God battlefield.

“Ding! Ding! Ding!”

The ancient gods 'battlefield shook slightly and a large number of shadows appeared. Sound waves rippled from the Octagon exquisitely carved, forming a sound barrier that attacked the two world devouring demons..

Chapter 2268: Chapter 2267-successfully killed

549690339

At the same time, Xiao Hong's figure suddenly appeared beside the other world devouring devil. Her slender fingers clenched into a fist, and the AMO wheel treasure appeared in her hand!

“Swish!”

A beam of sword Qi broke through the air, the Wheel of Fortune spun, and thousands of birds cried.

Bang Bang Bang!!

That world devouring devil suddenly turned around and used both of his hands to grab the sword. However, he was immediately jolted by the powerful sword force, causing his fingers and palms to tremble chaotically, and devil Qi to constantly emerge.

A cold glint flashed in Xiao Hong's eyes. Under the fluctuation of demonic Qi, the force in her hand increased. She wanted to strike with all her strength and kill the one in front of her first!

However, her body suddenly froze, and the sword in her hand seemed to have stopped for a moment.

His body suddenly turned in midair, and an attack slid down from the side of his waist, tearing a little cloth. It was actually another world devouring devil that had broken through the air and launched a sneak attack on her.

The two world devouring demons gathered once again. Their fierce eyes were fixed on her. The surrounding space fluctuated, and their figures slowly hid within it.

Xiao Hong knew that she had missed her chance. Her figure flickered a few times in the air and returned to the sound barrier of the ancient gods

'battlefield. She held the AMO wheel in her hand and looked around vigilantly.

On the other side, Wei Qing's qi and blood also churned after the fierce clash with the world devouring demon. Yin and yang Qi gushed out, and two spots in the space became slightly sluggish. He then sent a palm out.

“BOOM!”

A wave of devil Qi overflowed from the spot where Wei Qing's palm struck. The two world devouring Devils were both struck by Wei Qing's palm and were sent flying out. The intense pain had completely stimulated their ferocity.

“Swish!”

The two world devouring devil claws spread out. Once again, they concealed themselves in the void and used spatial bending as they instantly struck out!

Even though he was already mentally prepared for the ferocity of these things, what caught Wei Qing off guard was that these world devouring demons actually knew how to cooperate.

One was attacking fiercely, while the other was hiding in the void.

Wei Qing made another hand seal and threw the yin and yang Qi bottle. He used the yin and yang Qi to form a palm and blocked the attack. After that, he made another hand seal and slapped his body.

After the two world devouring Devils were forced back, they immediately hid in the void. As for Wei Qing, he was already in a sorry state with many light injuries on his body.

“BOOM!”

In the sky not far away, a circle of demonic Qi suddenly surged over, and Wei Qing hurriedly retreated.

The source of the devil Qi was precisely Yi and the two strongest world devouring Devils. The battle was earth-shattering, and the devil Qi surged over in circles, causing the battlefield of the three to keep moving away from them to avoid being affected.

Even if the remaining power did not cause much damage, there would still be interference.

Those world devouring Devils were actually continuously dodging the devil punishing vines 'net attacks. In the end, the judge simply removed the net, and the vines shot out in different directions, ultimately shooting towards a certain direction.

“Swish!”

A fourth grade world devouring devil jumped out from that space, and with a swipe of its claws, it actually severed a few devil vines!

That devil vine and the skeleton were originally one. When the devil vine broke, the skeleton was also injured, and he only felt a wave of intense pain.

Yi looked at the world devouring demon with a sinister expression. He made hand seals with both hands, and the devil vines that filled the sky behind him started dancing.

It wasn't attacking the two world devouring demons, but rather wrapping itself tightly, forming a huge cocoon. It stopped there quietly, as if it was nurturing something.

Even though the two world devouring demons didn't know why that huge cocoon had appeared, they instinctively felt a threat and immediately flew into a rage.

"Bang Bang!"

The two world devouring demons kept disappearing and reappearing, brandishing their claws and frantically attacking the huge cocoon. Their speed was so fast that no one could see them disappear.

The vines were torn apart layer by layer, and there was only one layer left.

"Whoosh!"

All of a sudden, demonic Qi rose up and surrounded the giant cocoon. A powerful aura was emitted from inside.

Those devil vines immediately twisted into a few strands and contained a powerful force that sent the two world devouring Devils flying.

The devil vines were withdrawn, and a dark-skinned brawny man appeared in mid-air. His face was sullen, and he had transformed into a human with some devil vines wrapped around his body. His eyes were cold and sinister.

"It's really good to be able to force me to reveal this form!"

The two fourth grade world devouring demons tumbled a few times in the air before coming to a stop. They had only received a collision, but didn't suffer any injuries.

"Swish!"

The two fourth grade world devouring demons roared in anger and once again disappeared into space.

The judge's eyes glowed with a strange light and he said coldly, "If you force out my true body, don't expect to live!"

He crossed his fingers and formed an incantation gesture as he shouted!

"Bang Bang Bang!"

In the sky above, the vines and the realm devouring devil claw collided countless times, and the sounds of collision rang out incessantly. Countless energy explosions could be seen, dazzling everyone's eyes.

The two world devouring demons continued to shuttle back and forth between reality and illusion, running for their lives in all directions. However, they were still being bombarded until they let out blood-curdling screeches.

"This is his true body?"

The change in the bones immediately caught the attention of Yunxiao and the others.

Yunxiao was surprised, but he also felt a little afraid.

Yi had completely gained the upper hand. Under such a powerful attack, it was only a matter of time before the two world devouring demons died.

His expression immediately turned cold, and he no longer bothered with the world devouring devil in front of him. He made a grabbing motion in the air, and the Alay Xuanzang immediately appeared in his hand. His figure disappeared on the spot in a flash.

The two world devouring demons glanced at Alay Xuanzang, seemingly a little afraid. As soon as they saw Yunxiao disappear, panic appeared on their faces, and they fled into the void in a flash.

One of them seemed to be half a beat slower, and its body clearly stopped for a moment when it became translucent.

"Puchi! "

In the blink of an eye, purple lightning flashed in the void. The Alay Xuanzang stabbed out and pierced through him!

Yunxiao poured a large amount of thunder and lightning into the battleaxe, and as a stream of demonic energy burst out, the world devouring demon's body trembled violently. A large amount of demonic fiend was dispelled, which was instantly destroyed by the purple Thunder and turned into the purest demonic energy.

Sensing the danger of its companion, the other world devouring devil rushed out of the space above Yunxiao's head and pounced at him while roaring.

Yunxiao's face grew serious as he made a grabbing motion with his left hand, and a pitch-black Shield with the head of a beast and countless twisted branches carved on it appeared in front of him.

“Swish swish!”

The pupils of the world devouring demon that was swooping down suddenly shrank. It let out a terrified cry and actually stopped its body in front of the shield. Its eyes were filled with fear, and it didn't dare to collide with the shield.

Although Yunxiao was surprised, he also thought it was a great opportunity, so he swung his Ananda and struck down!

“Bang!”

The shield directly smashed against the head of the world devouring demon, shattering it. A large amount of demonic Qi gushed out as its body was sent flying backward.

At this moment, the world devouring demon that had been pierced through by the Alay Xuanzang had already started to curl up. Demonic specters and some low-level demons were constantly degrading from its body. Yunxiao held the shield in his left hand and smashed it down!

“Bang!”

The degraded world devouring demon finally disintegrated completely under this attack. After a large amount of demonic light dissipated, it gradually curled up and condensed into a purple corpse.

Yunxiao was overjoyed, and he immediately put it into the divine realm tablet.

Originally, after a devil died, they would turn into the purest form of devil Qi.

However, these world devouring Devils had devoured a large amount of World Energy, so the devil Qi that formed their 'main bodies' wouldn't dissipate. Instead, they would curl up and become extremely valuable natural treasures.

At this point, out of the eight purple-gold world devouring demons, one had finally been eliminated.

Yunxiao turned to look at the realm devouring demon in the distance, who was cowering in fear, and walked over step by step.

The world devouring devil seemed to recognize a 'Nan Gansha, or perhaps it recognized the shape of the beast's head. As a result, it was filled with endless fear and trembled as it continuously retreated.

Suddenly, Yunxiao stopped as well. He tightened his grip on the two demonic weapons and looked around vigilantly.

The surroundings were quiet, but he had a feeling that he was being stared at by a venomous snake. This sense of danger made his hair stand on end, and every hair on his body stood on end.

“Who is it? Come out!”

Yunxiao waved the battleaxe in his right hand and knocked it against the black Shield. An ancient sound reverberated, deafening even the deaf.

As the two mo weapons struck each other, the feeling of being stared at disappeared as if it had never existed.

But, Yunxiao knew that it was by no means an illusion. He became alert to his surroundings and cried out in a deep voice, ” “Everyone, be careful! There’s an expert spying from the void, and it’s extremely likely that it’s that fifth grade world devouring devil!”

The hearts of Wei Qing and the others sank. It was already extremely difficult for them to deal with the two 4th rank world devouring Devils in front of them. If there was also a devil Supreme level world devouring devil, the pressure they would face could be imagined.

Yunxiao’s eyes flickered with killing intent as he teleported behind the world devouring demon and swung his axe at it!

“Shua shua!”

Even though that world devouring devil was afraid, in the face of life and death, he still fought back with all his might. His sharp claws swept out and grabbed onto the battle axe, causing boundless demonic light to erupt.

Yunxiao grinned hideously as he threw the shield at the man.

The world devouring devil scurried away in fear. It seemed that it was indeed afraid of the beast Phantom on the shield and not the six paths devil weapon.

Yunxiao’s figure flickered, and he immediately transformed into a bolt of lightning and chased after the World devouring demon. Just like before, Alay Xuanzang slashed down and pierced through the world devouring demon’s body!

“Pi Li pa la!”

Electric arcs flickered. A large amount of purple lightning followed the battle axe and rushed into the body of the world devouring devil, leaving it with no way to hide. A large amount of devil Qi followed the lightning and shot out from the body of the world devouring devil, disintegrating its body.

A moment later, the world devouring demon was also in his bag. It curled up into a ball and was collected by Yunxiao.

After killing the two in front of him, he swept his gaze over the other three.

Yi had already gained the absolute upper hand. Under his violent attacks, the two world devouring demons could only run for their lives. The demonic Qi on their bodies was scattered into a ball and continued to spread.

Although Wei Qing was also busy fighting, Yunxiao could see that he had suppressed his strength to a certain extent, as if he did not want to win too early. It seemed like he was also very scheming and wanted to make a plan before taking action.

Yunxiao was a little surprised as he watched the yin and yang energy spin around Wei Qing like a finger.

Wei Qing was becoming more and more adept at using the yin and yang Qi, which made him feel a certain fear.

One had to know that Wei Qing's two world devouring demons were much stronger than the ones he had dealt with. If it wasn't for the beast head on the shield causing the world devouring demon to feel fear, he wouldn't have been able to succeed so easily..

Chapter 2269: Chapter 2268-Yu

549690339

At this moment, the only one on the battlefield who was truly exhausted and seemed to be struggling was Xiao Hong.

Under the joint attack of the two world devouring demons, she had suffered some injuries.

His clothes were already in a mess, but the light in his eyes was getting colder and colder. The amok wheel in his hand hissed and screeched, and when it came into contact with the sharp claws, countless flames burst out.

Seeing that the AMO wheel was being pushed down and its claws were about to Pierce Xiao Hong's shoulder, Yunxiao went over in an instant and appeared directly beside Xiao Hong. With a wave of his arm, he lifted the AMO wheel and smashed it down on a realm-devouring demon!

“Bang!”

The world devouring devil couldn't Dodge in time, and its head was directly smashed by Ananda Gansha. It let out a loud cry as it fled.

“Many thanks!”

Xiao Hong was overjoyed. He saw the right opportunity and a fierce look flashed in his eyes.

A Heart Flame shot out and blasted away the world devouring devil in front of him. Following that, the twelve fortune wheels spun and emitted a hissing sound as the AMO wheel treasure slashed out with all its might!

With a Hong sound, that world devouring demon was also severely injured and was sent flying.

Xiao Hong’s face revealed a look of joy. She changed the direction of her sword and was about to give chase when her body suddenly froze.

He was not the only one. Even Yunxiao and Wei Qing were shocked and looked to the side in horror.

The space around the referee turned, and an extremely powerful pressure came from the sky. In that trance, a figure seemed to have descended, and an otherworldly fist smashed over ruthlessly!

“Realm fist!”

A cold voice came from the void, and the whole world seemed to freeze.

Yi’s pupils shrank and his heart beat violently. His eyes shot out a sharp light!

He had always been on his guard. Even after he had revealed his true form, he had not used his full strength against the two world devouring demons. He had been waiting for this attack to arrive!

“Good!”

The demonic Qi on Yi’s body suddenly exploded. Countless demonic vines behind him shot forward and formed a ball at the forefront. The demonic Qi on it swirled and collided with the realm fist!

“BOOM!”

Immediately, a large area of space trembled as energy waves were pushed out. More than half of the third grade world devouring demons at the outermost perimeter were directly annihilated.

“It’s indeed a fifth grade world devouring devil!”

The referee took a few steps back and stabilized the qi and blood in his body. He had been injured after taking the other party's attack head-on. He stared at the figure who had suddenly appeared with a touch of fear in his eyes.

The other party's entire body was pitch-black, and he actually appeared in human form. A long tail could be seen from his wide robe.

That fifth grade world devouring devil had a bluish-green complexion. A pair of bluish-white fangs were exposed on his lips, and his facial features were quite handsome. He actually squinted his eyes and smiled. "Hehe, it's impolite to call this King a world devouring devil. You can call me Yu."

Swallowing his saliva, Yan Tun turned to Yunxiao and asked for help, "Come and help me, I'm not his match."

Although Yunxiao was free at the moment, he did not intend to make a move. He exchanged a smile with Xiao Hong and nodded tacitly.

although we've been assigned jobs earlier," Yunxiao said cheerfully, "since Lord Chi has said so, we'll take Lord Chi's two fourth-grade world devouring demons and share your burden.

When the referee heard this, a mouthful of blood rushed to his throat and he almost spat it out. His face was filled with anger.

Not only did they not help him, but they also wanted to snatch his spoils of war. Those two world devouring demons were already severely injured. Even if they didn't make a move, they most likely wouldn't be able to live for long.

He looked at Wei Qing, hoping that he could get out as soon as possible.

Wei Qing looked at Yu and was secretly shocked. The powerful demon commander's aura made his scalp tingle.

He didn't dare to step forward to help, so he hurriedly said, "Master Hu, I'm overwhelmed right now. I have the heart but not the strength."

After saying this, he suppressed his strength a bit more, deliberately appearing a bit flustered, so that his words were more convincing.

Is my death your goal? Not to mention that I'm dead, if I'm injured again, I'll most likely have to sleep for hundreds of thousands of years. That transforming Qilin bone grinding hehe hehe."

His tone was full of threat as he coldly said, "Furthermore, if I were to die, none of you would be able to escape the pursuit of this world devouring devil!" "Yo, yo, yo, I told you not to call me world devouring devil. Yu. Senior, you're being very rude."

Richard blinked its eyes and opened its right hand to support its chin, looking harmless.

Wei Qing also knew that this was no joke. Although Yu's attack was suspected to be a sneak attack, it was indeed very powerful. It had completely surpassed the creation realm of the heavenly martial arts realm. Perhaps only Xuanyuan Yao, who was a half-step to the realm King, could be compared to him.

However, if they were in the devil realm, even Xuanyuan Yao would not be their match.

As he thought of this, killing intent immediately surged on Wei Qing's face. He had long since suppressed the two world devouring demons, and could kill them at any time. At this moment, he directly raised the treasure bottle. The yin and yang Qi instantly transformed into two huge hands that descended from the sky, grabbing tightly onto the two world devouring demons.

"Swish!"

The two world devouring devil puppets cried out sharply. Their eyes were filled with fear as they kept twisting their bodies. The mucus on their bodies kept oozing out, which was completely neutralized by the yin and yang Qi. Wei Qing sneered. In a flash, he appeared beside them and slapped them with both hands!

"Bang!"

"Bang!"

The two palms landed solidly on the body of the world devouring devil, causing the two world devouring Devils to let out miserable cries. Soon after, it was caught by the huge hand formed by the yin and yang Qi into the bottle.

The entire time, Cheng Yu just stood there and watched. His eyes were cold and he didn't help.

As for Yunxiao and Xiao Hong, they joined forces to kill the realm devouring demon that belonged to Yu, then put it away and faced Yu from a distance.

Yu suddenly laughed. my clan's body contains a very strong power of the demon world. Consuming it can be said to be a great supplement. It is beneficial to all of you without any harm. No wonder you cherish it so much. I wouldn't be willing to throw it away even if I killed it. "

These words caused the four people's hair to stand on end. After all, they were from a different race. It was understandable for them to refine the world devouring devil into a pill or eat it raw. However, Yu was from his own race. His words were even more indifferent than those of a different race.

How cold, how cold-blooded, and how merciless must one be to disregard the death of one's own kind?

The four of them couldn't help but feel their hands and feet turn cold. They felt that their three views had collapsed, and their understanding of this person had been refreshed. They were speechless for a while.

"Hehe, why? Did I say something wrong?" The referee looked at the four of them and smiled.

Yunxiao shook his head and said, "that's right. Your Excellency is right. I wonder if Daren would be willing to give us some nourishment."

As soon as he finished speaking, the temperature around them dropped. The smile on Yu's face froze, as if it was covered in a layer of ice.

Xiao Hong replied coldly, "as the saying goes," things hurt people of the same kind, "and" people have the same heart." This person was indifferent to the death of his own kind, which shows how cold-blooded he is."

"Hahaha! "

Yu suddenly laughed wildly and looked coldly at Xiao Hong. "Are you telling a joke? We demons grow by devouring each other. If we don't devour each other, how can we be high-level demons? I think you were born from a rainbow stone spirit, right? Even so, he should have devoured quite a few demons to have his current achievements. It's laughable to talk about how things hurt people of the same kind!"

Both Xiao Hong and Yunxiao were taken aback, and it was only then that they realized that the devil realm and the heavenly martial realm were fundamentally different.

The demons considered themselves as the bottom line. As long as they didn't cross that line, they had no moral principles to speak of.

Yu's expression was calm. It seemed like he agreed with Yu.

Even though they were all Holy demons, it was not rare for them to devour each other in the long history of the demon world. Not to mention the demon supremacies and demon lords who were below their level.

Yunxiao cupped his fists and said with a grateful look, " since that's the case, Lord Yu, please send more world devouring demons for us to eat.

"Haha, you're courting death! Originally, before you die, this King wanted to get closer to you and let you die a little more happily. It doesn't seem necessary anymore."

Yu looked at them coldly, and his eyes finally fell on Yunxiao. He sized him up and said, " Are you an Alchemist? "

Yunxiao was slightly surprised. He could not help but feel a little strange that the other party had mentioned his identity so casually.

After all, alchemists did not exist in the devil realm, let alone the title of Alchemist.

Although some great demons could refine objects to a certain extent by comprehending the heaven and earth, and some of them were similar to alchemists, it was not a Clear Branch. "You know about alchemists, too?" he asked.

"I've seen him before."

Yi nodded, his eyes hazy, as if he was reminiscing about something.

"You've seen him before?"

Yunxiao was taken aback. How long ago had this happened?

Yu Zhizhi looked at him, but his gaze seemed to penetrate through him and landed on a certain point in the distance.

He paused for a moment before he said,"I can't remember the date either." I only remember that I was only a second-grade Alchemist at that time, and my spiritual intelligence had not yet fully developed. That Alchemist stirred up a storm, and with one move, he caught all the realm devouring demons in the sea area I was in and refined them into a huge cauldron."

There was a trace of fear in his eyes. Even though he had reached the fifth level of honor demon, it was still difficult to erase the damage that was left on his young heart from that scene.

Yunxiao said in a deep voice, " Oh? So you're going to take revenge on me now?"

Yu shook his head. no. I want to grant you Supreme glory. I want you to become my demonic servant. This way, you can refine it for me for the rest of your life."

Yunxiao sneered. this glory is too precious, and happiness comes too fast. I can't react in time. You'd better give this glory to someone else.

Yu smiled, "it's not up to you." When the five demon Venerables entered the rift together, I didn't even show up. However, I'm extremely attracted to the four of you."

He narrowed his eyes and looked at Yunxiao and the others as if they were goods, and then he commented, '

"One of you is rainbow stone spirit transformation, a great tonic. The other had a yin and yang Qi bottle, which was a treasure of heaven and earth. The other one was actually a Holy demon. 'The fourth one is an Alchemist I've been dreaming of.. Haha!' Not only that, but you also have the six paths mo weapon, which is also the most precious treasure of the mo world!"

549690339

The few of them laughed coldly. Although there was a gap in strength, none of them were worldly experts and had high ambitions. Hearing Yu's words, they all had cold expressions.

"You're happy, but we're distressed," Wei Qing ridiculed. There's only a single fifth grade world devouring devil. It's not enough for us to split."

don't worry, " Yunxiao said with a smile. don't forget that I'm an Alchemist. I can directly refine him into a pill, and then I'll make four pills.

"That's true, I forgot about it," Wei Qing laughed.

"You're looking for death!"

After an angry shout, Yu Zai was too lazy to speak. His body glowed with a black light and a whip shadow hundreds of feet long suddenly rose.

More than ten whip shadows appeared in the sky, lashing at the crowd. When it shot down, one couldn't tell if it was real or fake.

The judge and Wei Qing were shocked when they saw the dozen or so whip shadows shooting at the crowd. They hurried to fight the enemy, but with Yunxiao's magical spirit eyes, he immediately caught the real whip shadow, which was heading toward Xiao Hong!

He immediately understood Yu's intention. He wanted to start with the weakest one. Besides, Xiao Hong was injured. If he could kill it in one blow, it would be much easier to deal with the other three.

Xiao Hong also retreated in shock, but there were also three or four whip shadows falling toward her. Since she couldn't distinguish the real from the fake, she could only deal with them all.

She formed a hand seal and pointed at the pagoda in her hand. The bells that were distributed on the octagonal suddenly rang, and the power of sound waves spread out, attacking the whip shadow.

“Bang!”

Three of the Whip’s shadows were instantly dispersed, while the real shadow broke through the sound wave barrier and instantly struck little Red’s face!

Xiao Hong was shocked. Before the long whip could even reach him, he could already feel a burning pain on his face. The power of the whip was too sharp, and it seemed as if it would split him in half!

Suddenly, a figure appeared beside him. Purple lightning gathered between his fingers and turned into sword Qi. He shouted, ‘

“Demon slaying!”

“Bang!”

The purple Thunder sword Qi struck the black whip and exploded. The space around them trembled, and mottled energy fragments flew everywhere.

Xiao Hong’s eyes flickered, and it felt the space around it spin before it was teleported out by Yunxiao.

Only then did the whip strike down, but it missed.

About eighty feet away, the space shook, and Yunxiao and Xiao Hong’s figures emerged. Xiao Hong’s face was filled with fear as she looked at Yunxiao and said gratefully, “Many thanks.”

Yunxiao shook his head slightly and looked at Yu with a solemn expression.

The referee and Wei Qing also reacted. The real purpose of Yu’s attack was to kill Xiao Hong and defeat everyone one by one.

At this moment, everyone could clearly see that it wasn’t the long whip that had struck him, but his tail.

The tail was seventy to eighty feet long and had a triangular tip. There was a sharp light on it, and it was so sharp that it could not only break soldier armors, but it could also vaguely cut open space.

Yu was also a little surprised. It was not until he stared into Yunxiao's eyes and saw the golden light that had not completely faded that he realized something and said, "No wonder you've cultivated eye sorcery. No wonder you can recognize my movements."

Yunxiao calmed down and analyzed in a cold voice, "you want to kill us one by one. It's obvious that you don't have the confidence to deal with the four of us."

"You're not confident?"

Yu shook his head and smiled. I just don't want to go through too much trouble. Since you've said so, I'll show you the demon's terrifying power!

An extremely powerful killing intent spread across the lake. Suddenly, Yu's figure flashed and turned into thousands of images that couldn't be seen.

With the four people's comprehension of the laws, they could only sense that the frequency of heaven and earth had begun to become chaotic under the power of the movement technique. They were unable to capture the real body.

li Yunxiao! Wei Qing was shocked. li Yunxiao!

Now, apart from Yunxiao, no one could accurately capture Yu's movements. They could only spread out the enchantment and sense the flow of power around them, so that they could take action in time if there was anything unusual.

"Realm fist!"

A terrifying sound rang out, and the four of them were shocked.

Yi had been injured by this move before, and he did not dare to imagine what the consequences would be if they were hit by it.

The space in front of Yunxiao suddenly compressed, as if the radius of ten thousand feet had been condensed into one inch. The originally crystal-clear space suddenly became colorful, like a crystal containing countless impurities, and then it turned into a punch.

Yunxiao was shocked. At this critical moment, he immediately summoned his transcendence golden body, which had three heads and six arms. Golden and black light intertwined on his body as his six arms danced in the air and threw out hundreds of punches!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The wind of the fist fell like rain and hit the pressure of the realm fist, creating ripples. However, it still could not block the power of the realm fist. It was as if an entire world was pressing down from the sky.

“BOOM!”

The terrifying force pushed toward Yunxiao, and his six arms suddenly formed a seal and thrust forward. With a loud bang, the three heads and six arms trembled, and he coughed out a mouthful of blood, which instantly evaporated.

The power of the realm fist was as flat as the surface of a Lake as it crushed over Yunxiao’s body, causing his bones to crack.

Everyone was horrified. Yunxiao had been seriously injured by a single punch when he had fought with all his strength!

“Big brother Yunxiao! ”

Xiao Hong, who was not far away from him, felt her heart tremble as grief and anger welled up in her heart.

“What?”

This punch had an absolute advantage, but Yu couldn’t help but frown.

Although Yunxiao was seriously injured, he did not take a step back. Instead, his six arms clutched his right hand tightly.

“What’s wrong? Do you think you can win by capturing me? What a childish way of thinking.”

Yu’s right hand trembled slightly, and a large amount of demonic light flickered out, trying to shake Yunxiao’s six arms away, but he found that it was of no use.

Yunxiao’s six hands showed some kind of special pattern. They only trembled a little, but still clenched tightly.

you’re an Alchemist, ” Yu said angrily. do you really think I don’t dare to kill you? ”

Yunxiao, who had been silent all this time, suddenly raised the corners of his mouth and looked at him calmly. “It’s not about whether I dare to kill, but whether I can kill.”

“What?”

Yu frowned as he saw Yunxiao suddenly raise an arm and gently point forward.

“Huala!

A chain came out of nowhere and tore out from the void. It rippled with blurry shadows and formed a Nebula formation beside him.

Yu frowned and swept his gaze around. He found that although the black chains were a little strange, they did not have any power.

He couldn't help but laugh, "you want to bind me with this thing?."

Wei Qing and the others' expressions changed drastically, and their eyes shone with great joy because they recognized that it was the devil essence lock. At the same time, he also understood Yunxiao's thoughts.

Yunxiao's face was pale, but his aura was not weak. He sneered and said, "We won't know if we don't try!"

His eyes were filled with killing intent as he shouted, "Do it!"

"Huala" The demonic essence lock suddenly shrank and wrapped around Yu's body.

Yu's expression suddenly changed, as if he had sensed something. At the same time, Xiao Hong, Wei Qing, and Yan, who were closest to him, all attacked at the same time.

"Damn it!"

Yu roared and tried to break free from these chains, but he was shocked to find that the demonic Qi in his body was locked and he could not use any demonic power.

He struggled with all his might, causing the devil essence lock to clatter as if it was about to break.

However, the attacks from Xiao Hong and the others were already in front of him. There was no way for him to Dodge!

"BOOM!"

A huge heart Flame fell first, hitting Yu's body.

Then, two streams of power from Wei Qing and Yu came one after another. Three extraordinary forces gathered on Yu's body, and a terrifying demonic light exploded beside Yunxiao.

"BOOM!"

"Bang!"

Under the attack of the Qi wave that could Swallow the sun and moon, the devil essence lock broke into countless pieces and melted in the void.

Yu, on the other hand, was directly swallowed by this force.

The next moment, the space collapsed, and a huge black hole formed on the spot. It kept expanding, swallowing and tearing everything around it.

Yunxiao was the closest to the black hole, and with all his primordial energy exhausted, he was pulled in.

“Big brother Yunxiao!”

Xiao Hong’s face turned pale with fright at the sight, and her mind went blank. She hurriedly flew forward and grabbed Yunxiao’s hand, but she could not resist the suction of the black hole either, and was dragged in with him.

Yi’s expression changed, and he retreated. At the same time, a large number of vines burst out from his body. Shoot? He entered the black hole to save the two of them.

The vines finally wrapped around Yunxiao and Xiao Hong’s arms, and when they were about to drag them out, the judge’s face changed drastically.

This suction force was far beyond his imagination. If he continued to pull, even he would fall into it, so he made a prompt decision. A trace of ruthlessness flashed in his eyes, and he said,

“If you can survive, then meet me in Yuan County of the ice region!”

Yi and Wei Qing kept retreating, only stopping when they were a few thousand feet away from the black hole. The two of them stared gloomily at the vortex, not knowing what they were thinking.

After a moment of silence, Wei Qing said in a deep voice, “Are they going to who knows?” the referee grunted. let’s see what their fortunes are.

“So the bone is in that whatever ice region Yuan County?” Wei Qing nodded and asked.

“That’s right, if Yuan County still exists,” the referee nodded.

After all, he had been asleep for tens of thousands of years, and the world had changed. He did not know if the landscape of the past was still there, or if the county capital was still there.

“Alright, let’s go. Let’s not waste any more time.” Wei Qing flicked his sleeve and the two of them turned into rays of light and left.

They had just entered the demon world and had already encountered such a great calamity. Losing two of their companions had caused the two of them to be in a bad mood.

Especially Wei Qing, Yi's power in the mo world was stronger than his, and it seemed that he could no longer suppress the other. If he were to turn hostile now, he would not know what to do.

However, the referee did not seem to be fearless. It was unknown whether he was using him or for other reasons, but he had always been polite to Wei Qing and showed no signs of falling out.

As the two of them left, the lake quickly returned to its calm state. However, the huge black hole was still floating in the air and would not be depleted for a

while..

Chapter 2271: Chapter 2270-why in the mortal world

549690339

After a long time, there was a slight fluctuation on the surface of the lake. It was unknown when a figure had appeared on the surface of the lake. His feet were close to the surface of the lake, but he did not touch it.

The figure's entire body was covered in a black robe, and his face could not be seen clearly. He only stared at the huge black hole in the sky for a while, and the corner of his mouth suddenly raised into a cold smile. He said leisurely, this is interesting. Ji and those idiots joined forces to attack the realm of heavenly martial arts. Not only did we fail to take down the city, but the realm of heavenly martial arts also launched a counterattack. It's so stupid, and you've disgraced our demon race."

that man and woman are the ones from the heaven martial realm who are said to have obtained the avatar of the demon Lord and the Emperor, and are able to use the six paths demonic weapon. If that's the case, then it's worth it to get involved in this mess."

"But what's their purpose in entering the devil realm? From what the demon commander said, he should be going to the ice region Yuan County."

He mistook Yi for the demon Lord and muttered, " "Hmm, Yuan County? Could it be for Yingluo?"

The black-robed man's words suddenly stopped, and his eyes flashed with a strange light, as if he had fallen into deep thought.

But then he laughed evilly and said to himself, "Since their target is Yuan County, I'll wait for them there. However, they couldn't be too comfortable on the way.

"I'll pass this news to Ji and the others. After all, the current Devil World was too quiet and boring. Ever since man's clone was destroyed and injured, he had been in closed-door cultivation. Yi went to the realm of heavenly martial arts and started to cultivate in seclusion. Ji and the other three divisions were even more silent, not making any movements. I really don't like this quiet mo world."

"Hahaha!" The black-robed man laughed and turned around, disappearing from the surface of the lake, leaving only a few ripples on the lake.

After an unknown period of time, Yunxiao felt like his body was about to break, and all his bones and bones seemed to be broken.

Under the great pain, Yunxiao finally woke up slowly. The wind blowing on his face was cool, and his ears were silent.

Yunxiao tried hard to open his eyes, and even his eyelids were in tearing pain. He thought to himself, "f \* ck, how could it be so tragic?"

He tried his best to move his fingers. He could still feel his body under control, but it was just painful.

After being hit by Yu's world punch, his body had already fallen apart. Then, he had forcefully activated his body's potential and used the mana lock to lock Yu in. Then, he had been hit by the aftermath of Wei Qing and the other two's joint attacks. Finally, he had fallen into complete exhaustion.

Fortunately, his divine sense was still present, and he was able to immediately see what was going on around him.

He was currently in a Valley. The sky was dark and gray, and he was surrounded by the yellow autumn scenery. The steep slope blocked his vision, and Xiao Hong lay a few hundred meters away from him, seemingly unconscious as well.

"Yuan County?"

Thinking of what the judge had said before, Yunxiao sorted out his thoughts a little, then closed his eyes and began to regulate his breathing. However, he quickly opened his eyes, revealing a look of shock.

He couldn't sense any spiritual Qi in the entire Devil World. The purest devil Qi was everywhere. And all the breathing exercises in the realm of heavenly martial arts were based on the absorption of spiritual Qi.

“In that case, I can only use my skills to regulate my breathing and cultivate.”

After thinking for a while, Yunxiao gave it a little try and found that it was equally effective, and there was nothing wrong with it. Only then did he breathe a sigh of relief. He muttered to himself, “no wonder the demonic race demonized the formation power of the heavenly martial realm when they invaded. It was to provide a steady stream of power. If the heavenly martial realm launched a counterattack on the demonic realm, the spiritual Qi would also be a big problem. The level of demonic Qi is higher than that of spiritual Qi. If you want to corrode demonic Qi, it will be much more difficult than corroding spiritual Qi.”

But, these were all things for the future. Yunxiao quickly got rid of the distracting thoughts in his heart and began to circulate his fiend cultivation technique to absorb the Fiend energy around him and slowly recover his physical strength.

At the same time, he thought that the demon world was so vast and unfathomable. The so-called eight demon Venerables seemed to be just the tip of the iceberg. Now, there were only Yuan and Yuan among the Holy demons.

Although Yi’s strength had fallen, there was still a great chance of recovering the Holy demon with time. And Na Yu’s strength was not below that of a normal demon commander. At the thought of this, Yunxiao’s desire for the bone grew even stronger.

After a few hours, his brows twitched slightly. He had sensed some movement in the distance. Xiao Hong seemed to have woken up from its coma.

“Big brother Yunxiao!”

Xiao Hong’s voice came from the distance, followed by the slightly heavy sound of running. Xiao Hong immediately came to Yunxiao’s side, which showed that she had also exhausted a lot of her physical strength.

“Big brother Yunxiao, are you alright?” Xiao Hong bent down to check Yunxiao’s

condition.

“I’m fine. Don’t worry. I’m just exhausted,” Yunxiao said slowly as he opened his eyes.

“Phew, you scared me to death. It’s good that you’re fine!” The depressed look on Xiao Hong’s face finally disappeared and was replaced by a relaxed expression.

“Let’s not waste time,” Yunxiao said with a smile. “Hurry up and cultivate to recover your strength. We don’t know where we are or if there’s any more danger. It’s best to recover our strength first.”

“Yes.” yes, ” Xiao Hong answered softly, then sat cross-legged next to Yunxiao and began to regulate her breathing.

Her injuries were not as serious as Yunxiao’s, and she had already transformed her rainbow stone spirit. For her, the environment here was like a fish in water.

A large amount of demonic Qi rolled and gathered in one place, surging into her body.

Yunxiao watched enviously as Xiao Hong absorbed The Fiend energy like a whale. He then calmed himself down and focused on recovering.

Time passed little by little in the peaceful atmosphere. Suddenly, Xiao Hong’s body moved slightly, and it opened its eyes to look at Yunxiao.

Yunxiao’s heart stirred as if he had sensed something strange. He opened his eyes and was slightly taken aback when he saw Xiao Hong.

Her face was red and her eyes were dazed and slightly red, as if she was about to go into Qi deviation while cultivating.

“Big brother Yunxiao.” Xiao Hong called out softly.

Yunxiao frowned. you’re too anxious to circulate your cultivation. Now, you’re showing signs of Qi deviation. Stop it now.

Xiao Hong was silent for a moment, then suddenly chuckled. It leaned forward, stared at Yunxiao, and said faintly,

“I’m already a devil, how did I suffer Qi deviation?”

Yunxiao’s body tensed up when he felt the soft body pressing down on him, and his face turned slightly red. He felt an inexplicable sense of oppression as he said awkwardly, ” “Xiao Hong, your mind isn’t clear right now. Get up first.” “A child is not a fish, how can he know my heart?”

With a hint of resentment in her eyes, Xiao Hong pushed Yunxiao to the ground without giving him a chance to explain, then leaned over and whispered into his ear, ” “The mountain has wood, and the wood has branches.

Can’t you tell that I’m interested in you?”

Yunxiao was taken aback. He opened his mouth, but no sound came out.

He knew that Xiao Hong liked him, but he didn’t expect to hear such an explicit confession in such an inappropriate place.

As the two of them looked at each other, an ambiguous atmosphere rose, adding a trace of heat to the slightly cold wind.

big brother Yunxiao!

He could hear soft murmurs in his ears.

By the time Yunxiao came back to his senses, a light kiss had already landed on his cheek.

The hot breath made his heart tremble. He hurriedly pushed her away and said in a panicked voice, "Don't be impulsive. Impulsiveness is the devil."

After he finished speaking, he bit the tip of his tongue hard, knowing that he had said the wrong thing. He smiled awkwardly and said, "Your mind has been invaded by demonic Qi, so you might not understand what you're saying.

It's better for you to stop your cultivation and calm down."

Xiao Hong was also stunned after being pushed away. A trace of ferocity flashed through her eyes as she gritted her teeth and said, "how could I not know what I was thinking? you've been pretending all along!

With that said, she waved her hand, and a few streams of devil energy transformed into chains that bound Yunxiao's hands above his head. Then, she pressed down on him again and looked at him with an oppressive gaze, which

was filled with unchangeable neat.

Yunxiao cried out in his heart. He moved a little, only to find that he could not break free from Xiao Hong's restraint in his current state. Shocked, he shouted, "Little red, wake up!"

Xiao Hong shook her head and said in a low voice, "I'm very clear-headed, but what about you? When can you look at me in the eye? I'd rather have you than have a dream that's all for nothing."

She no longer cared about Yunxiao's scolding. She only knew that the man in front of her made her love and hate him, and she wanted to kill him to end this matter.

In her madness, there was a little panic that was insignificant. In the legends, there were people who dreamed of being butterflies and said that they were suitable for life. They didn't know what the world was like, and who did they call themselves?

When she suddenly woke up, she realized that it was just materializing.

There was a saying that the beginning of life was the heart of a pure child, pure white and flawless; He was selfish and had boundless joy. It was originally to be honest with each other, and everything followed instinct.

In the valley, a slightly dry mountain wind blew, gently lifting their hair and entangling it in the air.

Hidden by the withered grass, the new moon had evolved to the beginning of life.

After an unknown period of time, Yunxiao gradually woke up and suddenly found himself lying on the ground, with Xiao Hong curled up in a deep sleep beside him.

Her soft breathing was accompanied by a fragrant scent that lingered around the tip of his nose, refreshing his heart.

Yunxiao's mind went blank when he thought of what had happened just now, and his scalp went numb.

He had actually been forced to do it by little red when he was feeling weak!

//I'm speechless. I've already written it so innocently, but it's still blocked. I can only change it again and again..

549690339

However, after a while, his lower body had already collapsed. Being pressed down by Xiao Hong's body was both comfortable and uncomfortable. His hands couldn't help but scratch randomly on the ground, leaving a series of finger marks that were half an inch deep.

Xiao Hong was woken up by his restless body, and Yunxiao was so frightened that he did not dare to move again. He quickly closed his eyes and lay on the ground, playing dead.

A piercing cry rang out as Xiao Hong instantly transformed into a stream of light and flew several thousand feet away. He directly blasted a deep hole in the ground and hid in it.

Only then did Yunxiao get up awkwardly and hurriedly put on his clothes.

He looked at the mess on the ground, the undergarments and chiffon dress that Xiao Hong had taken off, and the bright red color on her body, and he couldn't help but feel a little dizzy.

He flicked out a wisp of flame from his finger, which landed on those marks and burned them away.

Then, he checked the condition of his body and found that all his injuries had recovered. Even his cultivation seemed to have improved a lot.

He immediately recalled that when the two of them were having fun, the demonic Qi seemed to have completely fused with Xiao Hong's body, as if it had become one with the laws of heaven and earth.

Yunxiao knew that it was all because of Xiao Hong. Otherwise, with his body, it would have taken him at least ten days to half a month to fully recover in the environment of the devil realm.

However, when he thought about what had happened with Xiao Hong, he couldn't help but feel a headache.

"What do we do? What do we do?"

Yunxiao's mind was filled with question marks.

Suddenly, a ray of light shot out from the deep pit in front of him and landed in front of him, turning into Xiao Hong's figure.

Yunxiao was taken aback. what?! he said.

After stammering for a long time, she didn't know what to say as she gestured with her hands,

At this moment, Xiao Hong's face was cold, and her pale face was slightly flushed. She had already changed into a fiery red dress. The light muslin and her hair fluttered in the wind, and in this bleak Mountain View, it was particularly dazzling.

Her appearance was already stunning, and her current posture added a touch of unique charm.

Yunxiao took a deep breath and mustered up his courage to speak, but he suddenly heard Xiao Hong say, " don't worry, I'll take responsibility for what happened just now.

'What?' Yunxiao was taken aback, thinking that he had misheard.

Xiao Hong glared at him resentfully and said in a cold voice, " I said I will take responsibility for you. "

Yunxiao,'hehe'.

When Xiao Hong saw Yunxiao staring at her blankly, she blushed and said angrily, " What are you looking at?"

Yunxiao blushed as well, and he quickly turned his head away, not daring to look at her again. The two of them stood there, speechless, and the atmosphere became more and more awkward.

After a long time, Xiao Hong finally spoke first, "How are your injuries?" I'm all fine," Yunxiao said quickly. it's all thanks to you.

"It's all my fault?" Xiao Hong was taken aback for a moment, and then, as if she had thought of something, her cheeks burned, her ears and neck turned purple, and her red lips pursed as she stared at Yunxiao with resentment in her eyes.

Yunxiao immediately realized that he had said the wrong thing, so he quickly said in embarrassment, "I was wrong, I said the wrong thing. It's my fault."

Xiao Hong's eyes flickered before she replied, "It's good that you're fine. Let's go,"

Only then did the two of them recover from the awkwardness, but they both lowered their heads and did not dare to look at each other. Even if their eyes met occasionally, they would immediately separate.

look around! Yunxiao suddenly said.

Xiao Hong raised her eyes and looked around, only to see a few scattered third grade world devouring demons not far away. They should be the ones who were killed in the battle with Yu Yi, and then were swept over by the black hole.

haha! Yunxiao said joyfully, " we're lucky this time!

Xiao Hong also revealed a rare smile. However, after what had happened just now, she wasn't as excited as she was on the lake.

collect the corpses of these world devouring demons and refine them into medicinal pills," Yunxiao said. they will definitely be a great weapon in the future in the devil war.

Xiao Hong was taken aback and asked in surprise, "Don't tell me you don't refine the pill for yourself?"

although these things can increase one's cultivation base," Yunxiao said with a smile, " realm devouring devil is not the only heavenly material and earthly treasure that can do so. However, I'm afraid that this is the only thing in the world that can resist the power of the devil World." don't take the rise and fall of the world too seriously," Xiao Hong said after a

moment of silence. after all, your own cultivation level is the most important thing.

perhaps," Yunxiao said with a wry smile. but everyone has their own ambitions.

Xiaohong's heart skipped a beat as he said nervously, "You're not happy?"

no," Yunxiao shook his head. you have your purpose, and I have my pursuit. No one is at fault."

"Since you wish to shoulder all the world's problems, then I'll go with you," Xiao Hong said after a moment of silence.

Yunxiao's heart warmed. it's good that you have such a thought. I'll take these world devouring demons first. I'll give them to you after I refine them into medicine.

Thus, he kept these world devouring demons into the stone tablet.

Immediately, the two of them began to collect the third grade world devouring demons that had been drawn in.

The power of the black hole from before was too great. The area within dozens of miles was in the range of the spatial turbulence, and there were traces of the storm wreaking havoc everywhere.

Suddenly, Yunxiao's body came to a halt as he looked ahead vigilantly. Xiao Hong also sensed something and raised her head.

There was a slope in front of them that blocked the view behind them, but there was a slight trembling sound coming from the ground.

The shaking was not from the ground, but from the sound of someone stepping on the frequency of the space, causing the space to be in sync.

"Something powerful is coming, be careful." Yunxiao said warily.

He sent his divine sense over and could sense the power of the thing in front of him.

Sure enough, a moment later, a huge lizard appeared on the slope. It had a triangular head and a neck umbrella. Its skin was like steel armor, covered with sharp thorns that were green and red in color.

Both Yunxiao and Xiao Hong frowned, because the lizard was biting a third-grade world devouring demon in its mouth. It chewed twice before swallowing it, and the two of them could even hear the sound of swallowing.

After devouring the world devouring devil, the lizard's fierce gaze fell on the two of them. It raised its umbrella and let out a few threatening growls.

The lizard was obviously not very intelligent, but it was very fierce.

After staring at the two for a while, he suddenly stomped on the ground and rushed up with a whoosh.

The ground was torn apart by the force of the charge, and a huge crack kept appearing behind the lizard, spreading into the distance.

A cold look immediately appeared on Yunxiao's face. He took the lead and stepped in front of Xiao Hong as he said, "I'll do it."

As Xiao Hong watched Yunxiao move forward, a strange feeling suddenly welled up in her heart, as if she was being protected by someone, and her body was filled with a delicate warmth.

It was not a strange feeling. She remembered that when she was in Haitian town, the Army of East Ocean came to capture her. The city was filled with martial artists, but only this man stood out.

Back then, she felt the same way as she did now. She felt warm and at peace as she stood behind him.

Yunxiao performed an incantation gesture with one hand, and demonic energy and lightning flashed on his fist and palm, crackling.

He used his palm to collide with the lizard, opened his five fingers, and used the lightning as a cage. He clasped the lizard's head, and the power of the lightning fell on its back. At the same time, he twisted his wrist and pushed the lizard away.

"Bang!"

The lizard crashed into the slope, causing dirt and rocks to fly in all directions and dust to rise up. It rolled a few times and only stopped when half of the valley was destroyed.

Its armor-like skin formed a natural defense, so other than being burned, it did not suffer any other injuries.

The lizard shook its huge head and stared at Yunxiao fiercely, its slender tongue sticking out and licking its eyes.

Yunxiao was disgusted, and he did not want to get too entangled with him. He was unfamiliar with the devil World, and it would not be fun if he made another noise and attracted more powerful things.

Thinking of this, he decided to end the battle quickly. With a sway of his body, he took the initiative to attack.

"Hiss!"

The lizard stuck out its tongue, trying to wrap it around Yunxiao's arm, but it was blown back by the power of thunder and lightning, and demonic Qi immediately fell out of it.

It held up the umbrella and blocked Yunxiao's attack. The devil aura on it collapsed, and its huge body was forced back a few steps.

"Oh? You're quite thick-skinned."

A cold gleam flashed in Yunxiao's eyes. He clenched his right hand, and a spear of lightning appeared in his hand. Then, he did a somersault in the air and landed on the lizard's back.

Looking at the thick shell, Yunxiao felt like he did not know where to start. He made up his mind and stuck the lightning Spear directly into the seam of the shell, then said angrily, '

"I don't believe that I can't pry you open!"

"Roar!"

The lizard let out a low growl and swept its tail across, bringing up sand and stones.

Although the move did not turn into a Phantom, it reminded Yunxiao of Yu, who also used his tail as a weapon, and he immediately felt displeased.

He jumped up and dodged it. Demonic light rose under his feet and condensed into a wheel. With great force, he stepped on the lightning Spear.

"Bang!"

The lightning Spear bent at a dangerous angle. Under the constant pressure of the wheel, it finally broke, and at the same time, a piece of its shell was torn.

There was finally a spot on the lizard's back that was completely defenseless. Its tender flesh was directly exposed to the air, and the intense pain and the threat of death made it struggle madly.

Yunxiao's eyes flickered as he performed an incantation gesture with his hand, sending a seal straight into his flesh!

"BOOM!"

After the seals exploded in the lizard's body, the latter finally lay on the ground, facing the sky, motionless. The shell on its body had already cracked open, large pieces of its flesh had been burnt, and it was still breathing smoke from its mouth.

Yunxiao was about to walk forward when a sharp sound of air being pierced came suddenly. Then, with a Swoosh, a long spear was thrust into the ground under his feet, making a clattering sound.

Yunxiao raised his head and looked in the direction of the spear, only to see a man standing on the slope..

Chapter 2273: Chapter 2272 -the Vatican

549690339

That person's appearance was ordinary, and his strength was also ordinary. He was only a first level Demon Lord, with thick eyebrows, big eyes, and a bald head. Other than a look of vigilance in his eyes, there was no malice.

However, for some reason, one of his eyes was blind, and a long scar ran from the top of his head to his chin all the way to his shoulder and neck, looking ferocious and terrifying.

After that, a few more people walked out from behind the man. There were men and women, and all of them were first grade devil Lords.

Yunxiao looked coldly at the man who had thrown the spear and snorted, "What do you mean?"

The man's face looked a little panicked, and he couldn't help but take a step back. He looked a little timid, but he still insisted, "The broken armor Iron Lizard is ours."

The other demons also gathered together and whispered to each other, as if they were whispering something.

Everyone looked at Yunxiao with a hint of awe in their eyes.

There were only two people here, and judging from the signs on the ground, it should be Yunxiao who had killed the armor-breaking Iron Lizard alone.

They could not afford to offend such a powerful person.

The spear-throwing demon said somewhat fearfully, "My Lord, are you a Rank 2 being?"

In fact, he was still mumbling in his heart, because even an ordinary second grade Demon Lord would find it difficult to kill the armor-breaking Iron Lizard alone.

Yunxiao smiled and said noncommittally, "If you want this, then take it."

"Really?"

The scar-faced demon monarch was overjoyed, but he couldn't believe it.

"Nonsense, do you think I would lie to you?" Yunxiao glared at him.

The scar-faced demon monarch and his companion were ecstatic and thanked him repeatedly. After that, he flew down from the slope and collected the broken armor Iron Lizard.

As if afraid of Yunxiao's sudden attack, the few of them walked together vigilantly, watching out for Yunxiao's every move. When they saw the wound on the lizard, they were even more shocked, and their eyes were filled with fear and dread when they looked at Yunxiao.

Now that the armor-breaking Iron Lizard was dead, it could no longer gather devil Qi, and countless Devils fell down.

Seeing this, the scar-faced Demon Lord frowned, anxiety flashing in his eyes. He made a few hand seals with his fingers and finally stopped the lizard from falling down, putting it away.

Xiao Hong also came forward and stood behind Yunxiao, watching quietly.

Yunxiao felt that the relationship between the two seemed to have become subtle, and Xiao Hong's attitude toward him had also softened.

Although his face was still cold, he had restrained his arrogance and even became a little obedient, which made Yunxiao feel a little uncomfortable.

But, on second thought, Yunxiao realized that it would be strange if he did not have a subtle reaction after having such an intimate relationship with her.

Xiao Hong suddenly spoke to the demon lords, "Why are you collecting these things? can't you just devour them?"

It was only then that Yunxiao realized that the few demon lords had put the lizard into their storage bag. He could not help but feel strange.

This was because other than regulating their breathing and absorbing demonic

Qi, the only other way for demons to cultivate was to devour low-level demons.

The demon lords glanced at each other, all of them showing proud and content expressions.

The scar-faced Demon Lord raised his head and said rather proudly, "Of course not, we're taking it back to refine tools and pills."

“What? Refining weapons and pills?” Yunxiao and Xiao Hong were both taken aback.

I thought there were no alchemists in the demon race, ” Yunxiao said. How to refine weapons and pills?”

it’s not like that! the demon Lord said proudly, ” there are no alchemists in ordinary tribes, and even in the vast demon world, you can only find a few. But we, the demon tribe, just happen to have one!

As he spoke, his brows and expression revealed a pride that came from the bottom of his heart. The other two demon lords also had the same expression.

Yunxiao immediately understood. Demon alchemists should be very precious. Moreover, he was also curious about what kind of refining method the demon alchemists used.

Xiao Hong didn’t care about this at all. She only asked, ” “The kun tribe, is it because your commander is named kun?”

“That’s right, Lord Hu is the leader of our tribe,” the scar-faced demon monarch nodded.

The names of the tribes in the devil World were very simple and clear. They used the commander’s order as their honorific title, and it was enough to be crowned with the commander’s order.

Oh? ” Yunxiao’s heart stirred. does the kun tribe belong to one of the eight great tribes?  
”

The scar-faced demon monarch nodded. that’s right. The kun tribe is one of the branches of the kun tribe. However, master Hu’s status is not below master

Huts.

just because you’re proficient in alchemy, Lord Yi? ” Yunxiao asked. is it because you’re good at it? ”

The scar-faced man’s eyes were filled with pride as he nodded.”Yes, I am.” do you know how to get to ice region Yuan County? ” Yunxiao asked again.

“Ice domain? Yuan County?”

The demon lords were startled. They looked at each other and seemed to be communicating.

One of them said, ” I know of the ice region. I seem to have heard of Yuan County as well. However, the devil World is vast and boundless. With our strength, even if we

spend our entire lives, we might not be able to complete the entire domain of the eight great tribes. The ice domain is outside of the eight great tribal regions, so very few people know the way to go there.”

Both Yunxiao and Xiao Hong were stunned. They did not expect the devil realm to be so large that even a first-grade devil monarch did not know the specific coordinates of the ice region and Yuan County. The two of them suddenly seemed to be in a difficult position.

“I do have an idea that might work,” one of the demon lords suddenly said.

Everyone’s eyes fell on him. He smiled and said, “Have you all forgotten? The material exchange Conference of our kun tribe is about to begin.”

“Yeah! How could I have forgotten about this!” The other demon lords also clapped their hands, their eyes shining, looking very excited.

material exchange Conference? ” Yunxiao and Xiao Hong were also stunned. The material exchange Conference, as its name suggested, was similar to the trading of certain goods in the Chamber of Commerce. It could be seen everywhere in the heavenly martial arts realm.

However, they had always thought that the demons were brutal by nature and only knew how to fight and kill. There was no such thing as material trade at all. They had never thought that this was not the case at all.

The demon Lord said, “ every material exchange Conference is one of the grandest events of the kun tribe. There will definitely be coordinates of the ice domain for sale. If you two are not in a hurry, you can wait for a few days.

Yunxiao thought for a moment, but there was nothing he could do even if he was anxious, so he asked, “What kind of communication method is this material exchange, and when and where?”

“It will be held in seven days at the shooting star City,” the demon Lord said with a smile.

“Shooting star City?” we are from a foreign land, ” Yunxiao said with a wry smile. we know nothing about the terrain of the kun tribe. I hope you can give us some advice.

With a look of realization, the scar-faced demon monarch looked at Yunxiao and Xiao Hong and said, “I was wondering when these two powerful experts appeared in the kun tribe. I didn’t even know about them. There was a spatial storm here before, so you two must have come because of it. ”

“Yes,” Yunxiao said with a smile.

When they heard that Yunxiao had come here by accident, the demon lords relaxed their vigilance.

The shooting star City is tens of thousands of miles away from here. If the two of you are not in a hurry, you can follow us back to the Kun tribe first. We will head to the shooting star City together seven days later.

Seeing Yunxiao's hesitation, the demon Lord smiled and said, "Even if you two go alone, the material exchange Conference will be held in seven days.

Yunxiao thought for a moment and agreed with her, so he said, "Then I'll have to trouble everyone."

"Will the spatial coordinates of ice region and Yuan County be for sale at the conference?" Xiao Hong asked carefully.

What she meant was that if it was not certain, there was no need to go to the material exchange Conference, and there was no need to waste seven days here.

The demon Lord laughed. There should be. With such a large-scale material exchange Conference, the spatial coordinates of all the places in the demon world will be for sale. Even the spatial coordinates of extremely rare ancient sites and ruins will be for sale. What's more, it's in a vast territory like the ice region.

"That's good." Xiao Hong responded and didn't say anything else.

After the few of them made some preparations, they led the two of them and turned into a stream of light, flying in one direction.

A few hours later, the few demon lords took Yunxiao and Xiao Hong to a valley.

There was a group of people patrolling in front of the valley. When they saw that everyone had returned, their faces revealed joy.

But, when everyone's eyes fell on Yunxiao and Xiao Hong, they were startled. They all drew out spears and stared at the two men vigilantly. "These two are friends, don't be rude!"

The scar-faced Demon Lord rebuked, ordering everyone to retreat.

However, the group of people still had a look of suspicion on their faces. After sizing up the two of them, the leader of the group secretly came forward and whispered, "Sir Zi, I don't think it's a good time to bring outsiders into the valley,"

Although his voice was low, it could not escape Yunxiao's ears. It seemed that the kun tribe was at a critical juncture, which made it inconvenient for outsiders to enter.

Yunxiao did not have to go, so he said with a smile, "If it's inconvenient, then we won't disturb you. We'll only be staying outside the valley for seven days, and when The Resource Exchange meet begins, you can take us there."

The boy was a little embarrassed. He glared at the man and immediately turned back. "Don't worry, it'll be fine. We trust you two very much."

"Get out of the way," he shouted at the leader. "If it weren't for these two friends, we wouldn't have been able to obtain the armor-breaking Iron Lizard."

"What? So you've succeeded?"

The leader and the rest of the people were also overjoyed, and they looked at Yunxiao and Xiao Hong with gratitude.

"Naturally," Zi nodded.

Only then did the leader make way for them and let them in.

Yunxiao followed a few demon lords and looked at the group of people, feeling a little strange.

This group of people clearly had normal intelligence, and there were several powerful magical beasts and birds following at their sides. However, they were extremely weak, only about the same as ordinary ten directional vicious fiends. Only the leader was a Demon Lord.

When the young man saw Yunxiao's thoughtful look, he thought that he was unhappy about what had just happened, so he said in a hurry, "Milord, please don't take offense. Right now, the tribe is in troubled times, so the defenses and precautions have been strengthened a lot. Even if you can enter the valley, my Lord, please don't leave me. I'll take you to see the patriarch."

549690339

Yunxiao nodded. He was very puzzled about the strength of those people, and he was about to ask them when he suddenly stopped.

He saw many demons in the valley who were intelligent but only at the returning to reality realm.

The demons looked at them with respect and nodded from a distance. Even when he saw Yunxiao and the other man, he was only surprised for a moment, and did not show any vigilance.

Only then did Yunxiao swallow the words he was about to say. If such a phenomenon existed on a large scale, and he asked about it, he would appear to be an oddball, and his identity as a member of the heavenly martial realm would be directly exposed.

Xiao Hong also glanced over. The two of them looked at each other. They had the same thought, so they suppressed this doubt in their hearts.

While leading the way, the boy introduced, "There are more than three thousand tribes under the kun tribe's territory. Among them, only ten of them can be called the upper tribe, and our kun tribe is one of them. In the entire tribe, there were only three experts who had the power of refinement. Lord

Kuai is one of them, and the most powerful one!"

Zi's face was filled with pride, and so were the other demon lords.

Every time they mentioned this 'min', they could not help but feel proud, which made Yunxiao more curious.

Yunxiao looked at the sporadic buildings in the valley. They were still in a very simple state, without any luxury or surplus. They were purely functional buildings built for survival and cultivation base.

It seemed that the development of the demon race was still in a relatively primitive state, following the law of the jungle where the strong preyed on the weak.

After walking for a few miles, the valley was no longer there, and a wide flat land appeared in front of them. There were some buildings made of thatched stone on the ground, and they were quite densely gathered together. The streets were obviously interspersed among them, and people were coming and going. This was where the kun tribe was located.

One of the largest buildings was very eye-catching, standing in front of them.

Unlike the houses built with mud and stone, this building was like a Watchtower. The walls were made of large, flat white rocks, and there were even patterns of birds and beasts on them. There was even a flag fluttering at the highest point.

It was obvious that this was the clan leader's residence. Just like the realm of heavenly martial arts, the most magnificent residence must be the residence of the most powerful.

Guards armed with spears could be seen everywhere in the buildings, as well as all kinds of powerful magical beasts and birds, most of which Yunxiao had never seen before.

Some of the more powerful demons had played an important role in The War of the Two Worlds. The demons that the kun tribe had reared and tamed were relatively weak. Occasionally, there would also be some divine sovereign justice realm demons, but they were very rare.

The devil clansmen lacked profound level weapons, so their weapons were almost all Spears of the same color. Moreover, they were all simply refined from raw materials.

It was only because of the great Alchemist, Min, who had specially trained a few clansmen who knew how to make simple Spears, that the spears of the entire clan could be made to a certain extent.

In other tribes, they would use hard metal to make Spears.

Its body looked like a hyena, but much stronger. Its fur was soft and smooth, and its chest, waist, and feet were all covered in iron armor. It looked extraordinary and rare, and he had never seen it in The War of the Two Worlds. The demonic beast, which had been lying on the ground, suddenly stood up. It opened its eyes wide and glared at the two of them. It let out a low growl, as if it had smelled the scent of a stranger.

Son was a little embarrassed and seemed to be a little afraid of this magical beast. "Please wait for a moment, I'll go and report to master Hu."

"The form-splitting beast is letting out a low, alert growl. Could it be that an important guest has come to visit?"

Without waiting for him to enter, a woman's voice came from inside the hall. It was soft and gentle with a trace of hardness. She was indeed a figure. Zai and the other demon lords immediately grew solemn. Bowing to the side, they said, "Reporting to Lord Judge, there are indeed two friends who have come to visit,"

The woman's voice was heard again. "Oh? What's going on?"

Zi immediately explained the whole story in detail, especially emphasizing that Yunxiao had killed the armor-breaking Iron Lizard and given him its body.

The referee listened quietly and did not say anything for a while. Then, she said, "To be able to kill the armor-breaking Iron Lizard on his own, this friend must be at least a second grade Demon Lord. May I know your name, friend?"

Yunxiao thought for a moment, then said, 'Your Excellency, you can just call me 'li'. The one beside her calls her 'red'.'

“Li, red Kasaya.”

“What an unfamiliar name,” Yi mumbled to himself. “I heard that you’re from outside. I wonder which tribe you’re from.” And why are you going to the ice region Yuan County?”

Xiao Hong’s expression was rather unhappy, thinking that this Richard was being a bit too nosy.

Yunxiao had the same thought, but he remained calm and said slowly, “The demon world is vast and boundless, difficult to measure. We come from a remote tribe, so even if we tell master Hu, he might not know. As for why we’re going to the ice region Yuan County, that’s naturally a private matter.” He said a lot, but it was all nonsense. He didn’t answer a single question.

Xiao Hong couldn’t help but cover her mouth and laugh.

The hall fell silent.

“Master Hu just wants to know the basic situation of the two of you. He has no ill intentions. Please tell me the truth,” Zi hurriedly said.

Yunxiao glanced at him and said indifferently, “What I said just now was the truth. If I didn’t say it like that, I would be lying to you.”

The boy was speechless. He flicked his sleeve and sighed, as if blaming Yunxiao for not knowing what was good for him.

The judge’s voice came from the hall again, “Since you two friends don’t want to disclose it, then I won’t force you. At this moment, he happened to have something to do, so he did not come out to welcome them. Boy, please take good care of the two of you for me and thank you for sending the broken armor

Iron Lizard.’ it’s just a little demonic beast,” Yunxiao said with a polite smile. it’s not a big deal.

Zi helplessly shook his head and immediately ordered the others to enter the hall and hand the broken armor Iron Lizard to the referee. Then, he made a

‘please’ gesture and beckoned to Yunxiao and Xiao Hong, saying, “My two friends, this way please.”

He led Yunxiao and Xiao Hong for a few miles before he stopped and sighed. “It’s such a pity, you two.”

“A pity?”

Yunxiao and Xiao Hong were both baffled. why do you say that, Sir Zi? ”

Yunxiao asked. what do you mean? ”

“The two of you brought the broken armor Iron Lizard here,” Zi said. “You’re our clan’s benefactors. Originally, if he could make master Hu happy, perhaps he could ask master Hu to help each of you refine a profound level weapon, even if it was just one. It seems like it’s all for naught.”

Yunxiao smiled in his heart, but he pretended to be depressed as he shook his head and said, ” “So that’s how it is. Sigh, it seems like it’s a pity. However, a missed opportunity is a missed opportunity, so let it go.”

Xiao Hong could not help but want to laugh, but she also pretended to be angry and gave Yunxiao a glare. For some reason, her cheeks were slightly hot.

“You don’t have to be too sad,” Zi said.”After all, there are still seven days before the material exchange Conference. If I have the chance in the next seven days, I’ll say good things about you in front of master Xi and try to make him remember you.” thank you, ” Yunxiao said with a smile. I’ll have to trouble you then.

“This area is the highest level of the kun tribe. Please follow me,” Zi said with a nod.

He quickly brought the two of them to a secret room and smiled. “This one, it’s spacious enough. I’ll come to find you two in seven days. If Master Chu remembers your kindness and wishes to refine a weapon for you, I’ll inform you in a timely manner.”

Yunxiao wanted to tell him that he did not need to inform them, but seeing how enthusiastic his son was, he did not want to dampen his enthusiasm. So, he smiled and said, ” “Alright, thank you for your trouble, Sir.”

“Don’t mention it, you’re welcome,” Zi replied with an honest smile.

Xiao Hong’s expression suddenly changed. She pointed at the secret room and said, ” “Just one room?”

The boy was stunned. He touched his head and said,”Yeah, one room.”

It was only then that Yunxiao realized the problem. He pointed at Xiao Hong, then at himself, and said awkwardly, ” “Sir Zi, we men and women shouldn’t touch each other.”

Xiao Hong’s face reddened and she lowered her head shyly. It’s already like that, and you still say that men and women should not be close. Why didn’t you say that back then?

She was both embarrassed and resentful, and there was an inexplicable sense of loss mixed in. However, she suddenly remembered that she was the one who took the initiative to f \* Ck the other party's Yingluo. Her cheeks immediately burned up, and even her neck turned red.

Zi scratched his head, not quite understanding, "This is a secret chamber for closed-door cultivation, not a secret chamber where you can't touch each other,"

The two of them,"hehe."

"Just say it," Xiao Hong said angrily, "are there two rooms or not?" What are you doing here?"

Seeing that Xiao Hong was angry, Ziyi was a little confused, but he still said hurriedly,"Yes, yes, there are naturally two rooms. Who's staying in this room

Yunxiao scanned the secret chamber with his divine sense. It was indeed spacious and filled with dense fiend energy. "Little red, you can stay here." yes, " Xiao Hong replied softly. Her voice was as soft as a mosquito's, completely different from her angry self earlier. She lowered her head and walked in with small steps.

Looking at Xiao Hong's face, Yunxiao felt a little troubled. He really did not know how to explain this to Hongyan and the others.

At this moment, qu Hongyan and Fei Ni were still in the divine realm tablet, and he did not know if they had noticed. With their strength, it was as easy as flipping their hands for their divine sense to penetrate the stele and investigate the outside world.

Feeling nervous, Yunxiao followed behind the boy. Soon, he arrived at another secret room and immediately entered seclusion.

He checked the condition of his body and found that it was the same as when he was outside the valley. All his injuries had healed and he did not feel any discomfort. His strength had also increased a lot.

This was one of the benefits of doing it with little red. Yunxiao could not help but have a reaction when he thought of the erotic scene, but the blood and devil energy in his body also became hot and dry with his reaction.

He was secretly shocked and hurriedly threw the distracting thoughts to the back of his mind. He began to seriously adjust his breathing and cultivate..

Chapter 2275: Chapter 2275 -merging the sea of consciousness

549690339

Since there was no ling qi in the entire mo world, they could only cultivate mo skills. In addition, he didn't know what the secret room was made of, but it had a great effect on demonic Qi.

Soon, Yunxiao was completely infected by The Fiend energy. At first glance, he looked no different from a fiend, and even looked ferocious.

He formed hand seals with one hand and immediately transformed into a true fiend dharma body with three heads and six arms. As his six arms formed hand seals, the demonic Qi turned into the shape of a Dragon and was swallowed by him.

The entire secret room became hazy due to the violent flow of demonic Qi.

It was Yunxiao's first time cultivating a demonic technique so carefreely. The Three Faces showed different expressions, some happy and some angry, some calm and some moving, some sad and some happy.

All of a sudden, a flash of inspiration appeared in his mind, and it was as if a lot of information had come to him. It was as if the silent memories of the past that had been sealed away in dust had suddenly been stirred up.

In his spiritual altar and sea of consciousness, a magnificent demonic shadow gradually appeared and sat cross-legged in the void.

The demonic shadow formed a seal with one hand and transformed into three heads and six arms. The incantation seals on the six arms were different and slowly changed.

As the incantation started and the seal landed, the rules of the entire void responded to it and became one.

"Emperor! "

Yunxiao cried out in his heart. He immediately focused his divine sense on the stalwart figure and carefully memorized his every move.

This set of magic arts seemed to be very powerful, complicated and gorgeous, but it gave him a sense of familiarity and unfamiliarity.

Yunxiao knew that it was because the emperor's demonic energy was in his body, but it was not complete. The current scene should be the memory that had been sealed away when he cultivated the demonic technique.

His heart suddenly moved, and he was surprised to find that in his spiritual altar, not far from the stalwart figure, there was another figure who was also staring at him, also memorizing the emperor's seal.

“Little red!”

Yunxiao was taken aback. Although the figure was a little blurry, it was undoubtedly Xiao Hong.

“What’s going on?”

The scene in front of him made him somewhat confused. How could the two people’s spiritual altars and sea of consciousness merge together?

After being stunned for a moment, he didn’t pay any more attention to this strange scene.

After casting over a hundred Emperor seals, the space above his six arms suddenly shook and became blurry.

Yunxiao’s eyes widened. He was no stranger to this scene. It was the scene when the demonic weapon of six paths descended.

As expected, the six paths demonic weapon appeared in the air and slowly descended.

However, only five weapons appeared. Aghan bone Cleaver, AMO Lun Bao, Alai Xuanzang, a ‘Nan Gansha, and a’ Zhe fansha fell into the five Palms respectively.

His right hand in front of him continued to form hand seals. At the same time, the five mo weapons gave off a clear sound that spread out in rings.

As the sound of the five artifacts reverberated, a demonic light scattered from the fingertips of his right hand, as if in cooperation with the hand seal.

Yunxiao’s eyes widened as he stared blankly at the roll of green pill that had broken through the void and finally landed in his palm.

“The sixth mo weapon?”

Yunxiao’s heart trembled violently. He could not remember anything about this demonic weapon in his spiritual sea.

The scroll was stopped by the demon Emperor’s fingers. A ray of demonic light shot out from the demon Emperor’s eyes and landed on the scroll, causing ripples.

The scroll immediately flew into the air and slowly unfurled in front of the demon Emperor. A peaceful light was emitted from it, and runes and images began to flash on it.

Yunxiao's body trembled, and his eyes could not help but widen. He could completely sense that even Xiao Hong was too excited at this moment.

Suddenly, a leisurely voice was heard, and it said indifferently, "Tsk, tsk, what a rare occasion. Everyone's here."

Yunxiao immediately woke up from his state of concentration. He scanned the surroundings with his divine sense and found that there was a similar figure on the other side of the demon Emperor.

After the figure spoke, he slowly reappeared from the void. His face was exactly the same as the emperor's. It was the demon Lord PU.

"Lord PU, please!"

Yunxiao was taken aback, but he quickly calmed down. Since he and Xiao Hong could enter this sea of consciousness, Demon Lord PU could naturally do the same.

At the same time, his heart trembled as he thought to himself, "What about

Yuan?" big brother Yunxiao!

Just as he was deep in thought, Xiao Hong's voice sounded. It seemed like she had only just noticed him as she walked over in a few steps. But, surprisingly, no matter how Xiao Hong moved, it could not reach Yunxiao at such a close distance.

stay where you are," Yunxiao said. some strange phenomena have occurred because of the devil Lord's devil essence. It seems that our spiritual seas have fused together, and it's not real.

"Am I dreaming?" Xiaohong finally stopped.

it's not a dream," Yunxiao said with a smile. let's just watch quietly.

Xiao Hong responded and didn't say anything else.

At this moment, Demon Lord PU's eyes shifted from the two of them to another direction. He sneered, "Since you're here, show yourself. You're going to be a disgrace by hiding."

"Hmph!"

A cold snort came from the void, and both Yunxiao and Xiao Hong trembled. They were very familiar with the voice; it was mo Yuan.

Then, the mist in the void started to disperse, and Yuan's figure gradually appeared. She stared at the demon Lord PU with a disdainful sneer on her face.

Her eyes soon fell on Yunxiao, and her sneer immediately turned into a cold killing intent. With just one look, Yunxiao felt as if he had fallen into an ice cave, and he had to circulate his demonic technique to dispel the cold.

It wasn't that Yuan's strength was so strong that it made him feel creeped out, but that Yuan's hatred for him was so deep that it turned into that cold gaze, making him shiver.

"Hehe."

Lord Yuan, we meet again," Yunxiao said, waving his hand. we meet again. "Hmm," Yuan replied and asked suspiciously, "You came to the devil World to

"Haha, my Lord, don't be so pessimistic." can't we just send you to your death, my Lord?" Yunxiao laughed.

Yuan glanced at him, then at Xiao Hong and MO PU. She said, "I understand. The three of you want to join forces to deal with me?"

I guess so," Yunxiao admitted generously. are you afraid, my Lord? "

"Hmph! I'll be in the kun tribe, waiting for you to come and die!"

Yuan sneered disdainfully, her face full of coldness and ridicule. She revealed her location without any hesitation. That was a kind of absolute confidence, a confidence that her strength could kill everything in seconds!

MO PU's pupils contracted as he stared at her and said, "you've already entered the Saint Demon Realm?!"

"What, are you scared?" Jian Jia laughed.

MO PU's face was filled with shock, and his expression began to turn ugly.

It was definitely not to the extent of being afraid, but the other party had entered the Saint Demon Realm, so it would be extremely difficult to kill her. she has just stepped into the Saint Demon Realm not long ago," Yunxiao said. moreover, she has devoured Zhuo kun, the Lord of the earth realm. I'm afraid her realm is very unstable. This time, she fled back to the demon world in order to stabilize her realm in seclusion. Lord PU, now is the best time to kill this demon!"

Yuan was not afraid at all. Instead, she said generously, "Li Yunxiao is right. Now is the time when my cultivation base is unstable and I'm at my weakest. However, once I

completely fuse with Zhuo kun's power, you will be like fish on my chopping board, waiting to be slaughtered."

"The Vatican?"

MO PU's eyes slightly narrowed. The devil World was vast and boundless, but there were few changes in the terrain. It was just that the name of the tribe changed many times. As long as the tribe leader died, the tribe would immediately change its name.

However, the kun tribe was very famous in the devil realm. The devil Marshal had been in the devil realm for a long time and had already inquired about it.

li Yunxiao, " PU looked at Yunxiao and asked, " what do you think? "

if Lord PU thinks it's feasible, " Yunxiao's eyes flickered, " I'll risk my life to accompany you this time!

"Good! I'll wait for you in the main city of the kun tribe, the Tian Han city."

PU said with a heavy face, his eyes shooting out a sharp light as he swept his gaze over Yuan, Yunxiao, and Xiao Hong, as if he wanted to see their strength clearly. But, it was just a resonance in his spiritual sea, which was impossible.

PU snorted and gave up. Suddenly, his gaze shifted to a certain corner and he snorted coldly, " "Why is there a little rat? Get out here!"

Yunxiao and the others were quite surprised, and they followed PU's gaze.

In the air, a white mist lingered and dispersed, gradually revealing the figure of a man. His entire body was covered in mo matrices but there was a faint flickering of fire.

"You're Yingluo."

Yunxiao trembled, as if someone had hit his heart hard. In shock, he cried out,

"Hua qianshu! You're Hua qianshu!"

He almost lost his composure and was stunned by the ecstasy.

Xiao Hong was also stunned. It looked at the person in a daze. It was indeed Hua qianshu. He had sacrificed himself to save the two of them in the tiandang mountains.

He had thought that Hua qianshu was dead for sure, but he did not expect to meet her here. Xiao Hong was unable to wrap her head around the twists and turns.

However, she felt as if a heavy stone had been put down in her heart. After all, she was the one who had cut off Hua qianshu's hands, and she had been hiding it from Yunxiao, which had become a knot in her heart.

Now that Hua qianshu was not dead, the knot in her heart was untied, and she did not have to worry about Yunxiao falling out with her when he found out the truth one day.

The figure slowly appeared and looked at Yunxiao with great joy as he said excitedly, "Master!"

Yunxiao's heart warmed, and he could not help but burst into tears. "Good, good! You didn't die, that's great!"

Hua qianshu smiled foolishly. I did not expect to see you again in my lifetime. Even if I die now, it will be worth it.

"What the hell are you talking about?" Yunxiao cursed. No one is allowed to die, everyone must live well! Too many people have died in this catastrophe, and I don't want to lose any more friends or family."

"Alright, since master said I'm not allowed to die, then I won't die!" Hua qianshu grinned and said firmly.

MO Yuan sneered and said, "how can the weak have the right to decide their own life and death?" It's really not easy for a rat like you to survive until now.."

Chapter 2276: Chapter 2276-Tian Han city's agreement

549690339

Yunxiao frowned and said, 'qianshu, what's going on? Is di Jia really dead?"

MO PUS expression also changed slightly. It was obvious that he was very concerned about this issue.

Hua qianshu nodded and sighed, 'di Jia is indeed dead. It had been completely absorbed by the devilish woman and Zhuo kun, leaving only a wisp of devilish Qi that had managed to escape. It had been deposited in his disciple's body, and he had only managed to escape by relying on his Phoenix's immortal body. However, that wisp of devil essence was too weak. It wanted to control his disciple's body, but it was refined by his disciple instead. Dijia should have completely disappeared from this world."

It was only then that Yunxiao and MO PU learned the process of di Jia's death.

li Yunxiao, " mo Qing said. you and your disciple, mouse, should come along for the trip to Tianhan city.

Yunxiao looked at her proudly and sneered, "You think you can come over just because you said so? I won't let him come over."

"You coward!"

MO Yuan flew into a rage instantly, but on second thought, she realized that Yunxiao's mouth had always been very venomous, and it was specialized in making people angry. He was probably doing this on purpose, so that he would be angry and disturb his state of mind, thus delaying his cultivation.

After thinking it through, he calmed down and said, "As you wish. Although the devil World is big, it's still small in our eyes."

Hua qianshu asked, 'master, where are you? I'll come over to find you.'

let's meet again in the kun tribe, " Yunxiao said after thinking for a while. He was afraid that if he revealed his location, he would expose his whereabouts.

He was not afraid that Yuan would send someone to assassinate him, but he was afraid that the other party would use his address as bait to kill Hua qianshu halfway.

Hua qianshu immediately understood. She cupped her fists and said respectfully, " alright, then this disciple will wait for master's arrival in Tian Han city!

The five of them each stood in a position of the devil Emperor's apparition. Since mo PU appeared, the apparition's hand seals had stopped. The qingdan scroll had only been opened halfway when it stopped in the air.

It seemed that it was mo PU who had deliberately interrupted them, as if he was afraid that the others would see the contents of the alchemy book.

At this moment, as these people's words and killing intent overflowed, the sea of consciousness began to become absent-minded, and the demon Emperor's shadow gradually blurred, finally disappearing from the sea of consciousness with the other people.

It was only then that Yunxiao came back to his senses and carefully recalled the scene just now. The multicolored light from the Danqing scroll seemed to be recording something extraordinary, but it was a pity that it was interrupted by mo PU and he could not see anything.

However, he was still in a good mood. The reason was that he knew that Hua qianshu was still alive. He had seen her with his own eyes and confirmed that she was fine.

In the face of this calamity, even in this world, there was no better news than the survival of family and friends.

Just as he was thinking, the light of the restriction on the door suddenly flickered, and a jet-black demonic Qi shot in, silently circling the secret room.

Yunxiao raised his hand and grabbed the light, and a message was immediately sent into his mind.

Yunxiao stood up, walked to the door of the secret chamber, and opened it. Xiao Hong was already waiting outside. I knew you'd come, " Yunxiao said with a smile. I knew you'd come.

Xiao Hong's cheeks reddened and she said angrily, " "So I have to come and not you?"

Yunxiao was taken aback and did not know how to answer, so he hurriedly invited her into the room.

you were the Li Yunxiao in my spiritual sea just now, weren't you? " Xiao Hong asked.

yes, " Yunxiao nodded and said, " everyone is real. It was indeed a very strange experience. He was actually able to fuse his sea of consciousness together through the devil essence of the devil Emperor. It seems that our understanding of the mysteries of the world is still far from enough."

Xiao Hong nodded and said, " "What should we do next? go to Tian Han city?

You're not going to Yuan County?"

"What do you think?" Yunxiao asked.

Xiao Hong said, 'I think we should go to Yuan County first to get the devil bone of transforming Qilin and strive for good fortune.' This way, I'll have more confidence in dealing with Yuan."

"I've thought about what you said," Yunxiao said. But what Yuan lacked the most now was time. She did not know how long it would take to reach Yuan County, and the longer she delayed, the more danger Yuan would be in. At that time, if we can't defeat them, it shouldn't be difficult for us to escape."

Xiao Hong shook her head and said, 'big brother Yunxiao's thinking is too simple. If we were in the realm of heavenly martial arts, even if we can't defeat Yuan, at least we can escape. But don't forget that we are in the devil realm, not to mention that we are going to the main city of the kun tribe. Where did big brother Yunxiao get the confidence to escape from? If we go to Yuan County first, we can get Wei Qing and Yan to help us. With their help, our chances of winning will be much higher."

Yunxiao stroked his chin and muttered to himself as he paced back and forth in the secret chamber, If we had the help of Wei Qing and Yan, our chances of winning would

indeed be much higher. It's just that we don't know much about the Holy Church. He's an unstable factor." don't forget, " Xiao Hong said. if we can obtain the demon bone of transforming Qilin, perhaps one or two of us will be able to reach the creation realm. Even if we have a conflict with the church, our chances of winning will still increase greatly.

Yunxiao nodded. how about this? at the material exchange meet seven days later, we'll first inquire about the coordinates of Tianhan city and Yuan County. Then, we'll make a decision after estimating the time.

This was indeed the most secure method at the moment. Xiao Hong also agreed, "That's good,"

As the two of them were discussing, the restriction on the secret room suddenly lit up again, and a demonic light shot in, quietly circling the room.

Yunxiao grabbed him and said, "This son is here."

"What's he doing here?" Xiaohong asked, stunned.

I don't know, " Yunxiao shook his head. I don't know. He was suddenly bewildered, his face strange. it can't be that Yi suddenly thought of us and wants to refine some profound armament for us right? "

Xiao Hong chuckled, a look of contempt flashing through her eyes. The two of them had six paths demonic weapons, and they each had one ordinary Saint weapon. The one that the judge had refined was most likely a black spear.

Yunxiao opened the door of the secret room and saw the man standing outside, his face almost sticking into the room, forcing Yunxiao to take a few steps back.

"Lord li, hehe, hehe, hehe, Lord Hong is also hehe."

When Youyi saw little red, he was stunned for a moment. He pointed at the two of them and said, "Didn't you say that men and women shouldn't touch each other?"

Yunxiao immediately felt embarrassed. Xiao Hong's face flushed as she scolded, "Why do you care? You're shameless! If you have something to say, then get lost!"

He stammered a few times, thinking to himself that it was you who said that men and women should not touch each other. I gave you a secret room and you didn't want to use it, but you just had to hide in a secret room. What a fetish, you actually said I was shameless.

However, he naturally couldn't say these words out loud. He revealed an aggrieved expression and hurriedly said, "Congratulations to the two of you. Master Hu remembered the two of you and specially sent me to invite you."

Yunxiao was even more depressed. He did not want the judge to refine any profound level weapon for him, so he quickly declined, "We appreciate your kind intentions, but I've just comprehended a move or two of a divine ability and am currently comprehending it, so it's really inconvenient for me to see you. We can only miss out on such a good opportunity."

The boy was stunned for a moment, as if he couldn't believe it, "Why aren't the two of you going with the invitation of master Hu?"

Yunxiao and Xiao Hong both shook their heads and said in unison, "I'm not going. "

"I didn't hear it wrong, did I?" Zi scratched his head and asked awkwardly.

Yunxiao saw him out the door with a smile and said, "You didn't hear wrong. I'm going to study that divine ability. Milord, you can go do your own things." After he finished speaking, he closed the door of the secret room.

"What a bunch of frogs in a well," Xiao Hong scolded jokingly.

you can't blame them, " Yunxiao said. because of the special circumstances of the devil realm, the profession of Alchemist does not exist. It's not easy for the

Holy Church to become the leader of a billion people."

He suddenly thought of Lu congzi, and a dark look appeared in his eyes. He did not know how that person was doing, but he should still be in the Berserker tribe. After the matters in Yuan County and Tian Han city were settled, he would make a trip to the Barbarian tribe. He wanted to find out more about Lu congzi and ye Nantian.

Just as he was thinking, the door of the secret room suddenly lit up again, and the boy sent another message in.

Yunxiao opened the door impatiently and asked, "Milord, what's the matter?"

"Uh, this Yingluo."

The boy scratched the back of his head and said, "Master Hu said that he would definitely invite the two of you. He said that he wanted to personally thank you for sending the broken armor Iron Lizard." it's just a small matter, " Yunxiao said, speechless. it's not worth mentioning.

He was about to close the door, but was stopped by his son.

“Lord li, please make a trip there.” The other party’s face was full of bitterness. We have to complete the task given by Lord kun, even if it means going through a mountain of daggers and a sea of flames, let alone such a small matter like inviting someone. If I can’t complete it, I won’t have the face to continue staying in the kun tribe.”

“What does your shamelessness have to do with us?” Xiao Hong said angrily. Even if you die, it’s none of our business! Hurry up and get lost. Don’t disturb our cultivation!”

The boy stood awkwardly in front of the door, not knowing what to do. He looked at Yunxiao with a pitiful expression, as if he was asking for help.

Yunxiao patted him on the shoulder helplessly and said, ” “Alright, we’ll go with you to see Louis.”

“Thank you, thank you Lord li!” The boy quickly said.

He was extremely depressed. Any other demon would be excited when they heard that Yi was summoning them. On the other hand, the two people in front of him seemed to have suffered a loss.

Seeing that Yunxiao had agreed, Xiao Hong naturally did not say anything more. It just grunted and gave its son a sharp look.

The boy didn’t dare to look at her and could only lower his head and lead the way.

Suddenly, Yunxiao turned his eyes and found that, in addition to his son, a large number of demon monarchs had followed him.

Xiao Hong felt the same way. She sensed that something was wrong. The two of them inadvertently looked at each other and exchanged a look to let each other be on guard.

Yunxiao was a little puzzled. He did not know why the kun tribe suddenly feared them.

Xiao Hong was sneering in her heart. If this Zheng didn’t know what was good for him, he would be digging his own grave.

The group walked for a few miles, and the boy did not say a word. Soon, they arrived at the main hall where the referee lived..

Chapter 2277: Chapter 2276 -exchange of conditions

549690339

The form-splitting beast was lying on the ground, resting. It raised its eyes slightly to look at the group, but because it had seen them before, it didn’t seem to be on guard. It only glanced at them before continuing to sleep.

The youth led the two to the front of the hall and respectfully said, "Master Hu is waiting for you inside. Please come in."

Lord Zi, "Yunxiao said in surprise. aren't you going with us? "

"No, no, no, we don't dare to enter without master Hu's summon," Zi hurriedly replied. His Excellency has only summoned two." alright! Yunxiao nodded. that's good.

With that, he and Xiao Hong walked into the hall one after another.

The layout of the hall was also very clear, without any complicated or useless decorations.

There were eight thick stone pillars carved with bird and beast patterns, and in the middle was a wide and low stone platform. On top of it was the fur of some unknown demon, and there was a simple stone table.

But, Yunxiao immediately sensed the different flow of the devil aura in the air. It was swirling above the stone platform and between the stone pillars, as if there was some kind of pattern.

A woman was sitting at the stone table facing the door. She had a pretty face and a calm expression, and her graceful figure was wrapped in a purple-gray robe. She was looking at Yunxiao and Nangong wuque with a pair of lustrous eyes.

The three of them sized each other up. Xiao Hong was a little unhappy with their gazes and was the first to speak. She said coldly, "You are the head of this division, Yi?"

The graceful woman gently nodded and the familiar voice she had heard before in front of the hall came, "Yes, I am."

Yunxiao felt that Xiao Hong's words were a little harsh, and she seemed to have a bad temper. Fearing that she would cause a conflict if she continued, he asked, "May I know why you've summoned the two of us, master Xi?"

The judge stared at Yunxiao for a while before he said, "I heard from my son that you killed the broken armor Iron Lizard by yourself?"

Yunxiao crossed his arms over his chest and said with a smile, "I was just lucky."

"What divine power did you use, Sir?" Yi asked again.

Yunxiao was taken aback. He did not expect her to ask such a question, so he asked curiously, "Why, do you want to learn, master Hu?"

The referee was a little dizzy from listening, and his cheeks were slightly red. He said angrily, "Naturally not. It's just that the broken armor Iron Lizard's injuries are very strange. I've never seen them before, so I really want to know."

"Why would he tell you?" Xiaohong sneered.

it's not good for you to know, my Lord, " Yunxiao said with a smile. it's better not to know.

The judge's face flickered as if he was about to get angry, but he held it back.

Staring into Yunxiao's eyes, he said, "You are not from the devil World!"

The two's expressions suddenly changed. Xiao Hong became alert, and demonic Qi fluctuated around her body, as if she was going to fight at any moment.

don't be impulsive, " Yunxiao stopped her. don't be rash. "Why do you say so, my Lord?" he asked the referee.

"Hehe."

With a smile, her face relaxed and she looked extremely beautiful. She said,

"This friend's expression has already confirmed my words."

Yunxiao did not deny it, but said indifferently, "It doesn't matter whether it's true or not. I just want to know why you say that. Is it because of the injuries on the broken armor Iron Lizard?"

"That's right," the referee nodded. The injuries on the armor-breaking Iron Lizard's body should have been caused by the great void Jade pure Brahma purple mansion divine Thunder of the heavenly martial realm. This kind of divine Thunder is condensed by the realm power of the heavenly martial realm, and it is impossible for the people of the devil realm to master it. "

I see, " Yunxiao nodded. it seems that I was careless. I shouldn't have given you the broken armor Iron Lizard back then. Then what does my Lord want now?"

Yunxiao said slowly, but he was pacing. He and Xiao Hong stood on opposite sides of the stone platform, surrounding the judge in the center. As long as the two of them attacked, the judge would be dead for sure.

"Indeed, we shouldn't have given them the lizard," Xiao Hong sneered. Now, you've repaid my kindness with ingratitude."

The referee frowned and said, "I think the two of you have misunderstood. I have no intention of doing anything to you." I just wanted to confirm."

"Oh? Just to confirm?"

Yunxiao obviously did not believe him. "It's that simple?"

"It's that simple, what else do you think?" she raised her eyebrows.

haha, " Xiao Hong laughed coldly, " we thought you were going to kill us, so we were considering whether we should kill you to silence you.

Anger appeared on the referee's face, and he turned cold. He said in a cold voice, "This is the clam's headquarters. Do you think you can escape after killing me? Or do you think you can kill me?"

The aura from Xiao Hong's body pressed over and he said ferociously, " "I can try." don't be impulsive! Yunxiao stopped her. let's try not to cause any trouble as much as possible. Since master Hu had no ill intentions, it was better for both parties to get along harmoniously. Just pretend that you don't know anything and that nothing happened."

The judge suppressed his anger and took a deep breath, " "I'm one of the only five alchemists in the three hundred tribes of the kun clan, and I'm the strongest one. If you dare to kill me, you will never be able to leave the kun tribe. "

I understand that, " Yunxiao said with a smile. but I hope you can understand that we are not trying to do anything bad in the devil realm. I hope that Daren will still be muddleheaded when it's time to be muddleheaded. "

Yi said coldly, "what does it have to do with me what you do in the devil World?"

Why are you telling me?"

"Eh? So you summoned the two of us just to chat?"

Yunxiao said coldly.

The referee was silent for a moment before he replied, "of course not." Because the armor-breaking Iron Lizard is very important to me, I would like to help you out to thank you."

"Give us a hand?"

Both Yunxiao and Xiao Hong were stunned, and they could not help but repeat it.

The referee nodded his head heavily and said, "I'll help you." No matter what you want to do in the demon world, I'm willing to help."

Yunxiao suddenly laughed.

That smile was very playful and even carried a bit of sarcasm, which made the referee very angry.

what are you laughing at!! the referee rebuked angrily.

since we entered the hall, at least two hundred people have been mobilized outside, " Yunxiao said indifferently. including all kinds of demonic beasts and birds, they have surrounded this place. Not even a drop of water can get through. Mr. NIE's 'help' is really a new experience."

"What?"

Hearing this, Xiao Hong was instantly enraged. With a flash of white light in her hand, the ice fiend Heart Flame materialized and condensed into a fire blade, which she pointed at Chi's forehead.

Yi was shocked as he stared at the blade of fire and cried out, Ice fiend Heart Flame? You ... As someone from the realm of heavenly martial arts, you actually refined the rainbow stone?"

"Not only did I refine the rainbow stone, I'm going to refine you as well!" Xiao Hong said angrily.

The judge's face changed several times before he turned to Yunxiao in shock and said, "How did you know? I've set up more than thirty restrictions in this

Hall, which can prevent all divine sense from probing outside. How did you know the situation outside?"

She suddenly thought of something and said in fear, "Don't tell me your spiritual sense is weak?"

you've always been in charge of too many things, Lord Yi, " Yunxiao said coldly. Now, we've broken down, right? Should the two of us take Daren and leave, or

should we kill Daren and then leave?"

The referee was shocked and hurriedly said, "wait!" You guys have really misunderstood me!"

Yunxiao laughed and said, " we may have really misunderstood you, but we certainly did not misunderstand the demons outside the hall. They are all full of killing intent, and I think they will rush in soon. I'd better beat you to death as soon as possible and then hold you hostage.

His figure moved, and the powerful demonic Qi condensed into a pressure that directly locked the space in all directions.

Yi's expression changed drastically. She felt her body being suppressed by an extremely strong force, making it difficult for her to breathe. Xiao Hong was still sneering at the side. The blade of fire formed by the ice fiend Heart Flame was placed on her neck, about to pierce her skin!

"Stop!"

The referee used all his strength to squeeze out these two words from his throat, his face full of fear. She really felt the threat of death. The two humans in front of her were really going to kill her.

"You've really misunderstood me. I mean no harm!"

Richard cried out in fear, tears almost coming out of its eyes.

kill her, big brother Yunxiao, " Xiao Hong said coldly. then, we'll rush out. If it really doesn't work, we'll just kill their entire tribe!"

"No, please let me finish," Richard said in a hurry. If I really had ill intentions towards you, why would I be waiting for you in the main hall alone? As for the experts outside the hall, they were indeed gathered by me in fear that you would suddenly have evil intentions, so I could be prepared."

Yunxiao's heart twitched, and he felt that it made a little sense. So, he asked Xiao Hong to withdraw the fire blade, and the spatial suppression was reduced a lot. "I'll give you a chance to explain."

Only then did Diana feel a sense of relief in her chest, and her breathing became much smoother. She only felt aggrieved, and her tears couldn't help but fall. "I found purple lightning on the broken armor Iron Lizard, so I called

Lai Zi over to ask him about the situation. However, I didn't see you guys fight. When I saw Iron Lizard, he was already dead. That's why I summoned you here to confirm."

"And then?" Yunxiao asked.

Richard wiped his tears and calmed himself down. He tidied his clothes and regained some of his appearance as the chief of the tribe. "Because I needed the purple

Lightning's help, after I confirmed that you were in control of the purple lightning, I hoped that you could help me. That's why I said I'm willing to help you." this is not help, " Yunxiao corrected. it's an exchange of conditions.

"Alright, I'll call it a conditional exchange." I hope you can make a deal with me. As for the experts outside, I've already said that I'm afraid you might Harbor ill intentions, so I have no choice but to be on guard. After all, you're an existence capable of killing the armor-breaking Iron Lizard on your own."

Yunxiao clenched his fist and rested his chin on his hand as he said in a deep voice, "That sounds reasonable, but what can you offer in exchange for the help of my purple lightning?"

549690339

"I don't know," Yi shook his head. If you want to go to ice region Yuan County, I can help you get the coordinates on the map."

Yunxiao chuckled and said, "It's just a set of coordinates. It should be easy to get it at The Resource Exchange Conference, right?"

Zhen's brows furrowed and she quickly asked, "then do you have anything else to do in the devil realm?" I can do my best to help." you can't help us with what we're going to do, " Yunxiao said with a smile. you're not going to be able to help us.

Yi's face was filled with deep disappointment and even resentment.

but, I'm very curious, " Yunxiao said thoughtfully. what do you need purple Thunder for? You also know that this thing isn't something from the devil realm, so it shouldn't have any use."

Seeing that he was interested, Richard was excited, but it still stubbornly said,

I'll tell you if you promise to help me."

"Tsk! It's so boring. Big brother Yunxiao, let's go!"

Xiao Hong's face was full of mockery as she said sarcastically, "She makes it sound like we're begging her. She thinks she's a great Alchemist, but I'm afraid she's not even one-tenth of brother Yunxiao's level. You're really a frog in a well, an arrogant man. "

Yunxiao could not be bothered to pay her any more attention. He restrained his aura and turned to leave with Xiao Hong.

"Don't go!"

The judge suddenly burst into tears and ran to Yunxiao to stop him. Caught off guard, he knelt down.

“Lord li, please don’t leave, perhaps only you can save our clan.” Yi cried.

“Get up and talk,” Yunxiao said unhurriedly. It’s not impossible for us to help you, as long as we can get along. If you continue to be as self-righteous as before, then there’s nothing to talk about.”

“It won’t, it definitely won’t happen,” the referee quickly said.

Yunxiao gave Xiao Hong a look. Although Xiao Hong did not seem to want to stay any longer, Yunxiao was the one in charge, so she nodded.

The two of them immediately sat back down. The referee did not hide anything and said worriedly, “I don’t dare to hide it from the two of you anymore, our kun tribe is already at the edge of life and death.”

what? ” Yunxiao was puzzled. isn’t your tribe one of the most powerful tribes in the kun tribe? ” How could there be a matter of life and death? Moreover, if there really is a problem, with Daren’s status in the mo world, if you ask for help from the church, he should not ignore it.

The judge’s face turned a little sad, “I’m afraid that the church is the mastermind behind this. Otherwise, with my appeal, as long as word gets out, I’ll be able to gather experts like the clouds. But now, the distress signal has been sent out for a long time, and we’ve paid an extremely high price as a reward, but no one has come.”

what is the danger your tribe is facing? ” Yunxiao asked. what is it? ” If the Holy See wishes to deal with you, then even the two of us will be helpless. Besides, what does my control of the purple lightning have to do with this?”

The referee hesitated for a while before finally making up his mind. He gritted his teeth and said, “It’s because I have a Supreme treasure that can deal with the crisis in front of me. He might even have a chance of winning against the Holy See. However, that treasure was refined by my master, and my master came from the realm of heavenly martial arts.”

Both Yunxiao and Xiao Hong were taken aback. They did not expect that there was such a relationship between them.

Yunxiao pondered for a moment and said, “ may I know your name? Is he still alive?”

Even among the alchemists of the past generations, there were few who could refine an item that could deal with the demon venerable. If there was one, Yunxiao would most likely know its name.

Yi shook his head and said, "my master has long passed away." Unfortunately, before he died, he was unable to complete the ultimate treasure. Before his master left, he sighed and said, "If you can obtain the realm power of the heavenly martial realm and use it to temper this treasure, it will be completed." Xiao Hong sneered, "since you couldn't even cultivate it until your death, how can you deal with the demon?" The demon's strength is not something you can estimate. "

They had just arrived in the devil World and encountered the realm devouring devil clan, thus understanding Yu's power. If Yunxiao did not have The Fiend essence lock, which could be considered a sneak attack, it would be hard to say what the result would be.

"I naturally understand how powerful you are, demon venerable. However, my master's attainments have long surpassed the understanding of the world. You can slander me, but you must not insult my master."

Her face revealed her displeasure.

Yunxiao was an Alchemist himself, so he understood the feeling of respecting his master, so he said, "Alright. Whether or not I can refine that treasure, and whether or not it can help you fight against the demon commander, I'm willing to help you. That's because I also want to see what that thing is. Where did your master get the confidence to deal with a creation realm fiend supremacy?" "Please follow me," the referee nodded.

Originally, that thing was the biggest secret of the kun tribe, but at the moment of life and death, he couldn't care so much.

The referee immediately stood up and cast a few incantation seals before flying into the stone platform. The beast skin laid on the platform actually disappeared in a flash.

A pitch-black formation light suddenly appeared on the stone platform and scattered in all directions.

Because the main source of power in the devil World was devil Qi, all formations were based on devil Qi.

Before Yunxiao and Xiao Hong's eyes, all kinds of patterns emerged on the ground, which then turned into the shape of a door and slowly opened.

"Boom, boom, boom."

An ancient voice came from the ground, empty and ancient, and it slowly rippled.

Yunxiao's expression changed slightly as he stared at the open door, which left a deep, dark hole in the ground.

"Teng Teng Teng Teng!"

An extremely long stone corridor led underground. As far as the eye could see, the palace lamps on the two walls lit up by themselves.

His heart couldn't help but tremble violently. It wasn't that the hole was powerful, but that there was a hole hidden under his feet, and he didn't notice it at all!

That Alchemist must not be a simple person!

Xiao Hong could also see that Yunxiao's face was a little off, so she asked with concern, "Big brother Yunxiao, what's wrong?"

Yunxiao's face was pale as he shook his head and said, "I really want to see that treasure right now."

"Follow me," the referee said.

She walked into the cave first, followed by Yunxiao and Yunxiao. The lights flickered and illuminated the surroundings wherever they went.

The walls of the corridor were still carved with patterns of birds and beasts, which looked quite mysterious.

After walking for about the time it would take to drink a cup of tea, they finally finished walking the stone steps and came to an extremely spacious place, but as far as the eye could see, there was nothing.

Yunxiao knew that it would not be so simple, so he stood there and waited in silence.

As expected, the referee walked straight to the center of the huge secret room and clapped his hands together. He then formed a series of incantation seals and sent them in all directions.

"Boom boom boom!"

The earth trembled as if ancient beasts had awakened, and there was more than one of them!

On the ground around the house, a large amount of formation light began to appear. It flickered in all directions and golden rays of light shot out from the ground.

"This is a Kasaya."

Yunxiao suddenly cried out in alarm. As he looked at the twelve black puppets slowly rising from the ground, he felt a little dazed.

Each of the twelve puppets had a different posture, but they were all extremely lifelike. Each of them formed a hand seal, some were deep in thought, some were smiling, some were lowering their eyebrows, and some were secretly happy.

twelve divine beings killing formation?! Xiao Hong exclaimed.

Yunxiao nodded with a solemn expression. Judging from the seals and their appearances, they were indeed the twelve divine beings killing formation!

And,

He looked at the twelve divine fiends carefully. The divine fiend's appearance and demeanor were so similar to the twelve divine fiends he had previously possessed.

It was a pity that the 12 puppets had been completely destroyed in the battle of the red moon City, and there was no possibility of even repairing them.

After the twelve pitch-black divine fiends were completely revealed in the secret chamber, Yi heaved a sigh of relief. He looked at the puppets with a complicated expression, his eyes containing all kinds of emotions.

Your Excellency, " Yunxiao said in a deep voice. who is your master's name? " what? " the referee looked at his face and asked, " is there something wrong?

if I'm not mistaken, your master's surname should be mu, " Yunxiao said.

The judge cried out in shock as her body trembled, " you, how did you know?!

Yunxiao breathed out heavily and turned his eyes back to the twelve divine fiends. With the same complicated look in his eyes, he said, " "It should be senior Mu Chen."

The referee's expression changed drastically, and he could no longer hide the shock in his heart. He hurriedly asked, " "You know my master?" no, " Yunxiao shook his head and said. I don't know him.

However, looking at the referee's anxious look, he was likely to get to the bottom of it, so he sighed, "It's a long story. Although I don't know senior Mu Chen, I have had a fortuitous encounter with him."

He then roughly explained his relationship with Mu Chen. He also told them about the MU clan, mu Xing, and how he had obtained the twelve divine beings fiend formation.

The referee was dumbfounded when he heard that. His mouth was wide open, and he took a long time to recover.

But soon, Yi was ecstatic and said excitedly, "I didn't expect Lord Li to be the main force of the heavenly martial arts realm in the battle at the crack of Cang Xuan mountain. I think you must have unrivaled magical powers. Moreover, you have a deep understanding of the twelve divine beings killing formation. The heavens are really helping me by bringing you here!"

Yunxiao touched the bridge of his nose and said with a wry smile, "Is this the will of the heavens?"

He could not help but think that it seemed to be the will of the heavens.

Looking at the 12 black demonic gods, he never thought that Mu Chen would not die back then. Instead, he entered the devil World and finally refined these perfect grade demonic gods.

It was a pity that Mu Chen's demonic Arts were not profound enough, and he was unable to use demonic Qi to temper this perfect level demonic god. In the end, he could only die with regret.

Yi said somewhat excitedly, "the matter of the battle in the crack of Cang Xuan mountain has spread throughout the entire Devil World. Everyone is discussing this matter and most of them are suspicious." This was because the five demon Venerables had joined forces, but they could not even break through a single crack. They even suffered heavy losses and returned without success. It was even rumored that Lord LAN had died in this battle. It was indeed hard to

believe. Even I've always been skeptical."

"However, until the four great demon tribes, Ji, Gong, Yan and Hou, joined forces and divided up the blue Tribe, and gave the order that it was strictly forbidden to discuss the matter of Cang Xuan mountain. Those who violated the order would be executed. I finally believed it.. "

Chapter 2279: Chapter 2278 -bargaining chip

549690339

The judge's eyes flickered with excitement as he looked at Yunxiao more carefully.

Her gaze immediately displeased Xiao Hong, who rebuked, "as a member of the demon race, you're so excited to see your own race's defeat. It's really disgraceful.

attacking the realm of heavenly martial arts is their business," Yi said indifferently. winning or losing has nothing to do with a small fry like me. Moreover, with the current situation, our Department can't even take care of ourselves, who has the time to care

about these big things.” even so, you can’t be so happy to see your own people suffer a crushing defeat! Xiao Hong said angrily.

The referee frowned. the devil realm is not as united as you think. Although the higher-ups are United in their desire to attack the realm of heavenly martial arts, there are still many disputes among the lower ranks. At the very least, I don’t think it’s necessary. Isn’t it good for the two worlds to live in peace? Why did you make such a mess?”

Yunxiao’s heart jolted as he suddenly recalled the words of the man who had intruded into his heart. The man had said that the root of The War of the Two

Worlds was in the devil realm. hilt it seemed that not everyone knew the reason.

“No matter how much you try to clear your name, you’re still a traitor!” Xiao Hong sneered.

I don’t want to clear my name, ” Yi said coldly. if I can’t even protect my tribe, I won’t have the time to care about the will of the higher-ups.

When Yunxiao saw that they were getting angry from the friction, he was afraid that they would quarrel, so he quickly interjected, ” what’s going on with the kun tribe? why do they say they’re facing a great crisis? ‘

The referee’s face turned ugly, and he said, ” “It’s like this, Yingluo.”

Among the hundreds of clans in the Yi clan, the Yi clan was only an ordinary clan. It was only because the Yi clan was an expert in magic that they were able to gain such a high status.

Two hundred years ago, the kun tribe didn’t exist. At that time, Yi and some other powerful devil Lords were under the ‘transformation’ tribe, and she was just an Alchemist under the devil Lord’s ‘transformation’.

However, in a large-scale tribal war, the demonic Daoist died, which led to the division of the entire tribe. The church had become independent from that battle and established the church division.

Because of her special status, she was willing to have many followers, so she became a relatively powerful tribe.

The other demon monarchs also established their own tribes, but many of them were annexed by other tribes as soon as they were established.

After more than a hundred years of turmoil, the former Hua tribe finally formed into four relatively stable tribes. They were Kuai, mi, Yi, and Shi, who had occupied the territory of Hua tribe and became the new tribe recognized by the kun tribe.

Yunxiao frowned and said, "tribes like the devil realm are led by individuals. When people die, the whole tribe will be exterminated. The changes are too fast. I don't know how many tribes have been exterminated in a flash.

'Why not?' the judge sighed.

She gave Yunxiao a strange look and said, "In this battle at the crack of Cang Xuan mountain, so many powerful demon lords died, even Lord LAN was killed. The blue clan was swallowed up by the other four clans in an instant. In addition, within the four divisions, the thousands of tribes have also fallen into chaos." as far as I know, at least three hundred tribe leaders have died in the heavenly martial arts realm. It's such a chaotic scene when these three hundred tribes split up. You've really brought quite a big disaster to the devil realm."

'What a joke!' Xiao Hong laughed coldly. They only had themselves to blame for this!"

Richard's face turned cold, as if he didn't want to talk to her. He continued, "And just recently, the Izawa and dead tribes were combined. As for mi and I, we both received a letter asking us to head to Ibeji within a limited time to accept the reorganization."

Yunxiao gently tapped his chin and said, "Isn't it normal to separate and come back together? The kun clan was also separated from the Hua clan, so it was perfectly normal for them to merge with other clans. Or are you not willing to let go of the power in your hands?"

"No one is willing to be under someone else. This is just one of the reasons," the referee said with an ugly expression. also, if my identity as an Alchemist is controlled by someone else, I will never be able to make it out. When I was in the Hua tribe, I had hidden this fact. That was how I was able to successfully establish my own tribe and be recognized by master Hu."

"While alchemists gain a high status, they also bear great risks. Even for me, master Xi has invited me to join the kun tribe many times, but I've always rejected her tactfully. Perhaps it's because of this that the kun tribe has turned a blind eye to our crisis."

I can understand what you're saying, " Yunxiao nodded. alchemists have become a scarce resource in the devil realm. And the demon world is a place that abides by the law of the jungle, so his status is very awkward."

A hint of shyness flashed across the referee's face as he gritted his teeth and said, "Master Hu even proposed to take me as his concubine, but I rejected him."

“Take in concubines?” a devil? ” Yunxiao was quite surprised. can a devil get married? ”

The referee rolled his eyes at him and felt that it was strange, ” “Why can’t I?”

“This bi an .

that ... That can also ... That ... That ... Yunxiao said in a daze. hahaha!

He gestured a few times, wanting to ask about that \*\*\*\* thing, but he kept stammering, finding it difficult to speak.

Xiao Hong’s cheeks instantly turned red as well. She secretly blamed herself for being too dirty-minded, for she actually understood in an instant.

On the other hand, Richard finally understood after a long while, but his cheeks were flushed, and he was much more generous than the two of them.

He chuckled and said, ” “Why can’t I? The Dao turned into one and one into two. The two were yin and yang. They were originally two forces in the greater universe. Many demons practice dual cultivation.”

Yunxiao recalled that he had been seriously injured before, but after having sex with little red, he had miraculously recovered. It was most likely the effect of dual cultivation.

He suddenly had an idea and said, ” “Then can this kind of yin and yang intertwine give birth to life?”

She blushed, but she still laughed and said, ” “Naturally there will be. All things had negative Yin and positive yang, and they were in harmony with each other. The interaction of the two Qi could create all things. All things are born with endless changes.”

Xiao Hong’s eyes widened and she said in shock, ”aren’t all demons formed from demonic Qi?” How can it be born from a man and a woman?”

“There’s no conflict. In fact, most of the demons were born from the combination of yin and yang. The demonic Qi was nurtured in the mother’s womb, and finally condensed into a human-shaped life form and was born. It’s just that these lifeforms are much weaker than the demons that were born naturally. ”

“After all, the natural environment is extremely harsh, and the process is also particularly cruel, ” she continued after a pause.

It was only then that Yunxiao and Xiao Hong came to a realization. No wonder they had seen so many demon lords or demon dwellers with ordinary strength in the tribe. The

ones who invaded the realm of heaven martial arts were all powerful demons selected by the five great tribes, so there were few low-level demon dwellers.

it seems like the realm of heavenly martial arts doesn't know much about us, ' Shang said with a smile. they actually asked such a ridiculous question.

you've always been the ones invading us, " Xiao Hong snorted coldly with a gloomy face. we rarely ever enter the Devil World.

Fearing that the two would not get along again, Yunxiao hurriedly said, " is master Hu thinking of using the twelve divine beings killing formation to deal with the person behind the integration of the tribe? "

"That's right," the referee nodded. Back then, his master had said that if he could fully control the divine fiend array, he would have the power to fight even against the demon Lord. I had some doubts at first, but after hearing Lord Li's explanation, I no longer have any doubts."

Yunxiao crossed his arms over his chest and nodded. "I basically understand the situation. We can talk about the conditions now. Can Mr. Nie afford my chips?"

The referee furrowed his brows. I wonder what kind of bargaining chip Lord li wants. As long as it's within my means, I'll definitely satisfy you. After she said this, she seemed to feel that it was a little inappropriate and stammered,

"Except ... Except ... That Yingluo."

"Cough. cough cough."

Yunxiao also felt embarrassed. He coughed a few times and said, " "You're thinking too much! My condition is also very simple, as long as you give me the alchemy notes that Mu Chen left behind, it will be fine."

"Alchemy notes?"

'Master didn't leave any records," Yi shook his head.

impossible! Yunxiao was moved. that's impossible! Lord Mu Chen was so talented, and his comprehension of the art of divination was beyond anyone's reach. How could he not leave behind a word? If Daren is reluctant, then this one also cherishes purple lightning very much."

"I don't dare to hide it from you, my Lord. However, his master had refined countless artifacts in his life, most of which had been destroyed by him. Other than the twelve divine beings killing formation, there are three other treasures."

“If Lord Li is willing to help me, I can let you choose one of the three Treasures,” she said, her heart aching.

“I’m not interested in Mystic artifacts,” Yunxiao said. “But since it’s left behind by Senior Mu Chen, it’s worth a look. Take it and take a look. If I’m not satisfied with it, then this deal is off.”

Yi’s body trembled, but he immediately smiled confidently. “Don’t worry, everything Master refines is a treasure. Any one of them will cause a storm of blood.” “If that’s the case,” Yunxiao said. “That’s great.”

She raised her hand, and a green jade storage bangle appeared. She pointed at the bangle with one hand, and a black light shot out with a flash of spiritual light.

Yi’s right hand formed a seal, and the black light let out a whistling sound as it appeared in the air. It emitted a powerful light that shone down like the sun and moon.

The entire secret room was instantly illuminated as bright as day, but there were a few wisps of purple-black light in the light. The surface of the mirror was grey, as if the heavens and earth had not been separated and could not be seen.

As an Alchemist, Yunxiao could naturally sense the power of the mirror. However, there were too many restrictions on the mirror, so he couldn’t rely on his divine sense to investigate further.

Even so, Yunxiao could not hide the shock in his heart, and his eyes were filled with horror as he felt the frequency fluctuation.

The referee looked at his appearance and was very satisfied. He smiled and said, “How’s this treasure?”

Yunxiao pondered for a moment and said, “It is indeed perfect. Although I can’t sense its power yet, this profound level weapon itself is worthy of my purple

Thunder..

Chapter 2280: Chapter 2280-pride in the mortal world

549690339

The referee looked at the mirror with some heartache and said with great reluctance, “Then Lord Li wants this mirror?”

Yunxiao shook his head with a smile. “Lord Chi, please explain the origin and power of this mirror first. Then, let me see the other two items.” he said.

"I'm sorry," the referee's expression changed slightly, "the power of the treasure will depend on Lord Li's own judgment. Otherwise, wouldn't Daren take away the best if I explained? Then who should I cry to?"

Xiao Hong snorted, "you have to be humble when you're asking for a favor." You look like this, who's begging who?"

Yunxiao stopped Xiao Hong's reproaching, looked at Yi, and said with a smile, "

"Then please show me the other two treasures."

Yi's expression was a little unsightly. He had taken out the treasured mirror at the first moment, so he was afraid that the other party had already seen that the value of the treasured mirror was the lowest among the three items.

She gritted her teeth and turned the Jade bangle on her hand at the same time. With a flash of spiritual light, two beams of light shot out.

A ray of golden light and a ray of red light shot into the void and immediately transformed into the artifact's shadow. The Golden and red colors squeezed out the light from the mirror.

The entire secret room instantly turned into a three-colored world, independent of each other and not disturbed.

Within the golden light was a huge leaf that slowly floated up, as if it were weightless. The patterns on the leaves were clear and the veins could be seen. From time to time, a formation of light would flash on the leaves.

Within the red light was a small red sword with white smoke rising from the blade. It was like a red-hot iron shovel, giving off a threatening aura.

The entire secret room suddenly became quiet, leaving only the three-colored light swaying in the air, shining on the three people's faces. They all had different expressions.

The referee was filled with worry and heartache, his eyes flickering.

Xiao Hong also quieted down and looked on quietly. Even though she didn't know anything about the art of magic, she could sense the power of these three treasures.

Yunxiao did not say a word. His eyes flickered from the Three Treasures one by one, and at last, he rested his chin on his right hand as if he was pondering something.

The referee looked at him in deep thought and was extremely nervous. He probed, "Lord li, have you thought about it?"

Yunxiao came back to his senses from his deep thoughts and said, "Can I take a look at these three treasures?"

The referee rejected the idea immediately. He shook his head like a rattle-drum. At the same time, he waved his hands and said, "Of course you can't!"

Yunxiao was not surprised by her answer. He nodded and reached out his hand.

The Golden Leaf sensed this and emitted golden light. It surged in the sky and was accompanied by a crisp ancient sound.

Yi's expression changed drastically, and his face turned ashen. Yunxiao seemed to have picked the most powerful one, and his heart sank to the bottom.

"Buzz, buzz, buzz."

The Golden Leaf began to spin under Yunxiao's power, and as if it had been nourished by spirit Qi, it was still growing.

Richard bit his lower lip, his face pale and bloodless. His eyes were empty, and his heart was bleeding.

Xiao Hong was shocked, "this is a Kasaya."

The Golden Leaf expanded in the wind, turning into a Golden Banana. Formation light circulated on it, and the banana leaf continued to grow. In the end, it expanded to half an acre in size, almost taking up the entire secret chamber.

"A fan!"

Xiao Hong cried out in shock. The treasure was no longer a leaf, but had already transformed into a huge golden fan that floated in the air.

A powerful aura came from the fan, like dark clouds covering the sky. Under this aura, the three of them felt even more pressured.

Richard swallowed with difficulty and said painfully,

"Yunxiao chuckled. I don't care about my image anymore.

His figure flickered and appeared on the banana fan. He split into seven clones and each of them entered the fan.

The meridians and array patterns on the banana fan emerged one by one, and they were forcibly memorized in Yunxiao's eyes. Not only that, but the magatama also

appeared in the depths of his eyes. It was as if he had seen through the seal that Mu Chen had left on the golden light of the fan!

Ever since the demonic realm was created, a sun's essence leaf had been left behind in the ancient Abyss. It was a rare treasure. After it was picked by Mu Chen, it was refined with a little spiritual light fire within the five elements, finally forming this fan.

Yunxiao could not help but be overjoyed when he saw the information from the wisp of mark. The seven avatars returned to his body. His left hand formed a seal and his right hand grabbed down.

A strong wind suddenly rose from the banana fan and blew in all directions.

The demonic aura on Yunxiao's body was blown away in an instant, and the faint light turned into an armor that covered his body. The light was also trembling and drifting in the wind.

Under the strong wind, the fan shrank rapidly and fell into Yunxiao's hand, only five or six feet long. Suddenly, with a flash of spiritual light, all of its power disappeared, and it became like an ordinary fan in his hand, playing with it as if he loved it even more.

While the referee felt heartache, his heart was also in turmoil.

She had refined the fan for decades, but she had not mastered it. Even a full-strength strike from her might not be as strong as Yunxiao's casual activation just now.

"Could it really be the will of the heavens?"

The judge's heart sank to the bottom, and he felt extremely bitter. He could only watch Yunxiao's joy, but there was nothing he could do.

Yunxiao held the fan in his hand and gently fanned it with a gentle breeze. With a leisurely look on his face, he said with a smile, "I'm very satisfied with this fan, so I'll choose it. I wonder if this fan has a name?"

Yi's face was ashen as he stared at him with resentment. He then silently put away the mirror and the small sword.

Xiaohong couldn't help but mock, "you're a funny person, aren't you?" You were the one who took out the treasure to beg big brother Yunxiao, but now you're acting like you've lost your parents. If you were unwilling, why did you have to plead so pitifully in the beginning?

Yi took a deep breath, and his expression became better, "This fan is called the laughing pride of the mortal world."

“Laughing proudly at the mortal world, not bad, this name is not bad.”

With a smile, Yunxiao casually flipped his hand and put the fan into the divine realm tablet. It was to prevent him from being stimulated by it.

“Now I can help you complete the final activation of the twelve divine beings,” he said.

“I have a presumptuous request that I hope Lord li will agree to,” the referee said after calming his mind.

Yunxiao frowned slightly and said indifferently, “I’m willing to trade with you for an equal price. There’s no such thing as owing each other anything. I hope Master Yi won’t go too far.

“I wouldn’t dare,” the referee hurriedly replied, “this presumptuous request won’t affect Lord li in any way. I only hope that when we are dealing with the person behind the scenes, Lord li will be able to support me.”

Yunxiao’s face darkened as he said, “This still won’t have any impact?”

this female demon seems to have gone crazy,” Xiao Hong sneered. she actually wants us to help her.

If the situation is urgent and I have no choice but to ask Milord for help, I hope that you can lend me a hand. After this, I will give Milord one of master’s treasures as a reward. What does Milord think?” Yunxiao was moved and fell into deep thought.

Xiao Hong immediately refused, “no!” You mean you want us to watch from the side. If we make a move, we’ll get the treasure, and if we don’t, it’ll be a waste of time. What a good plan. Unless you bring out another treasure, we won’t have a chance to help you. Regardless of whether we make a move or not, the treasure will belong to us.”

“This is an .

The referee was put in a difficult position. If he used the twelve divine beings killing formation to deal with the other party, then wouldn’t he be giving up a treasure for nothing? However, if the other party was powerful and he was still no match for them, without the help of these two, he and his entire tribe would be in danger.

For a moment, she hesitated and couldn’t decide.

Xiao Hong is right,” Yunxiao said. I don’t have the time to waste on you.

“Of the Three Treasures left behind by master, the most powerful one is the worldly laughter, which has already been taken by Lord li,” the judge said with a bitter smile. Lord li even wants to covet the last two items?”

Xiao Hong replied coldly, "what do you mean by coveting?" Her words were really unpleasant to hear. No one is forcing you, you can do whatever you want, as long as you're happy."

Yi hesitated for a long time before sighing, "If you had to choose between the remaining two items, which one would you choose?"

Yunxiao pondered for a moment, then said, "If I'm not wrong, that mirror isn't a mirror. It's an armor."

The judge was taken aback as he looked at Yunxiao in disbelief. Then, he nodded and said, "Lord Li is truly an expert. That mirror is called the astral light mirror and can be used to assist in attacks. However, its greatest power is still in the form of the Jade light armor, and its value is simply incalculable."

Yunxiao nodded and said, "that's true. Armors were extremely difficult to make and were extremely rare. In terms of value, the value of the astral light mirror should be above that of the smiling proud red dust fan."

Yi pursed his lips and said, "there's no difference between these three treasures. Each of them is a rare treasure of heaven and earth." Master has refined countless weapons and personally destroyed many top profound level weapons, leaving only these three."

Yunxiao was fascinated as he sighed and said, "Senior Mu Chen is a true God. Not to mention the value of these three items, just the profound level weapon itself has unparalleled research value."

He paused and said, "since you're senior Mu Chen's disciple, I'll agree to your request this once for senior's sake." I'll follow you as you said earlier. If you don't need me to do anything, then it's fine. However, if you can't defeat him and you need me to help you, you'll have to give me the Jade Mirror as a reward."

"Thank you, my Lord!" The referee was overjoyed.

no need to thank me," Yunxiao waved his hand and said. I'm not the only one. I'm also a person who has benefited from senior Mu Chen and have always been following senior's footsteps. But let me say this first, if an enemy that even I can't deal with appears, this young master will immediately leave without staying a moment longer."

"Of course," Yi laughed. I'm not stupid enough to ask Daren to use his life to help me. 'that's good," Yunxiao said. it's good.

After that, the two of them cast aside their own sorrows and began to study the twelve divine beings together..

Chapter 2281: Chapter 2281-enemy attack

549690339

As Mu Chen's disciple, Yi knew a lot about the refining process and power of the twelve divine beings. Since mu Chenxian's death, she had been studying and trying to find a way to activate this item, but she had returned without success.

In the end, she believed Mu Chen's words. Only the realm power of the heavenly martial realm could activate the twelve fiendgods.

Although the three ultimate treasures were powerful and important, they were still a level lower than the twelve divine beings.

The two of them began to discuss the method and steps to activate it. Although they were both the twelve divine beings refined by Mu Chen, there seemed to be a big difference between the twelve men of gold and the twelve men of black in the heavenly martial realm.

This discussion lasted for a day, and the two of them gained a lot.

Yi, in particular, was much weaker than Yunxiao in terms of sorcery, even though he had been taught by Mu Chen. After a series of detailed discussions, his heart bloomed with joy.

A day later, the two of them sat opposite each other, digesting the information they had received.

Xiao Hong sat quietly beside him for an entire day. Her body appeared to be in a half-corporeal, half-illusory state, as if she was hidden in the void, but at the same time, she was real.

After a long time, the referee finally opened his eyes and bowed with gratitude. "Thank you Lord li for your generous teaching. What I've learned today is better than what I've learned by myself for a hundred years." it's all fate, " Yunxiao said with a smile. you don't have to be so polite. With a light wave of his right hand, he used a strong force to lift the spine up.

Through this conversation, the judge had become very respectful to Yunxiao, completely different from before, when it was just for a simple deal. Now, he was a teacher and a friend.

Yunxiao nodded and said, " let's get started. I understand the whole process. You can just stand by and watch for me. If there's an accident, we'll take action."

"I'm very confident in Lord li," Yi said with a smile, "there won't be any accidents."

Yunxiao smiled. He was also very confident, and he was looking forward to the power of the twelve divine beings.

From his conversation with the judge, he found out that after Mu Chen entered the devil realm and used the local materials of the devil realm to create these 12 black men, his refining techniques and other aspects had undergone great changes. He should have adopted a different refining method from the heavenly martial realm.

However, Mu Chen was, after all, a person of the heavenly martial realm, and he could not do without his understanding of the realm power of the heavenly martial realm. After he finally refined it, he found that it was impossible to activate the twelve fiendgods in the devil realm, and could only sigh in disappointment.

According to Yi's description, Mu Chen seemed to be very confident in the new twelve fiendgods. If he could fully exert its power, he could even fight against the demon Lord.

This was also the reason why Yi had sent out a Supreme treasure to ask Yunxiao to activate them.

As Yunxiao walked toward the twelve fiendgods, Thunderbolts began to

emerge from his body, making crackling sounds and illuminating the secret chamber.

Three days later, Yunxiao and Xiao Hongfang walked out of the hall.

Zi and the others who had been guarding outside the hall all heaved a long sigh of relief and hurriedly gathered around. "Are you alright?" asked son with concern.

He kept looking into the hall, trying to figure out something. However, the restrictions in the hall were extremely strong, and he could not tell at all.

The shape-splitting beast also stood up and stared at Yunxiao and Xiao Hong with a fierce look in its eyes. It roared in a low voice, but did not make any move to attack.

Suddenly, the judge's voice came from the hall, "Don't be rude to Lord li. Lord li is the most distinguished friend of our kun tribe, and we will treat him with the highest respect."

Everyone was shocked. The so-called highest standard was to be on the same level as the clan leader. For so many years, other than Chi, no one else had enjoyed this honor.

Yi's voice came again, "I'll be going into seclusion for a few days." Please take good care of Lord li and listen to his orders. We'll talk about the rest after I come out of seclusion.'

The hall immediately fell silent after he said that. There were no longer any sound waves or magical energy fluctuations.

“Yes!”

Son and the others didn't dare to disobey and hurriedly accepted the order.

The judge's last sentence made them even more nervous. What did he mean by "we must listen to Lord Li's orders"? Even if fiend supremacy Chi was here, he would not have such trust.

“Lord li, what are your orders?” the boy quickly asked.

take some men to shooting star City, ” Yunxiao said thoughtfully. help me keep an eye on the map of bingyuyuan County and the Tian Han city of the kun tribe.

“Don't worry, Sir,” Zi nodded, “leave this small matter to me.”

alright, ” Yunxiao nodded and said, ” I'll have to trouble you then. I'll be going to shooting star City with master Hu in a few days. I hope there'll be good news.”

“A few days?”

“Could it be Zhenzhen?”

Yunxiao turned to look at him and said with a faint smile, ” “You can go do your things in peace. We'll be heading to the shooting star City in at least seven days to half a month. The convention will last for a month.”

“Yes, you're right!”

“It seems that Your Excellency has already discussed this matter with Lord ju,” Zi quickly replied. “I'm relieved.” Lord, you don't seem to be familiar with the terrain of the devil World, so I'll try my best to collect as many things as possible about the map of the devil World, and collect all the coordinates of the map.” that's great! Yunxiao said happily. that's good. Red and I have been cultivating in seclusion in an extremely remote place. It's indeed our first time out of seclusion, so we're not familiar with many things.”

The young man did not dare to say anything more. He hurriedly asked his men to entertain Yunxiao and Xiao Hong while he led a small team to shooting star City.

Yunxiao and Xiao Hong did not make any requests. They just returned to their secret chambers and continued to cultivate in seclusion.

Yunxiao had also benefited a lot from the long talk with the referee. With his current understanding of the twelve divine beings killing formation, as long as he had enough materials, he could refine a divine demon that was not weaker than the twelve black men.

Yunxiao recalled what he had learned, then took out the smiling proud mortal dust fan and studied it carefully.

This fan contained extremely strong fire and wind attributes. It itself was condensed from the sun's essence leaf in the abyss of the demon world. With one fan, it had the ability to overturn rivers and seas, and destroy the world.

He slowly caressed the fan, feeling the power of the Golden Leaf itself, as well as Mu Chen's exquisite technique. Soon, he was immersed in it and began to refine it.

Ten days later, the originally sunny and blue sky suddenly rumbled. Black clouds invaded the sky from the horizon. As they moved, countless devil Qi gathered in the sky above the kun tribe, and the earth shook violently.

The entire kun tribe was hit by the impact, and a large number of rocks and stones were thrown up. A terrifying aura came from all directions, as if they had fallen into an ambush from all sides. Countless demonic beasts, birds, and all kinds of demons were rushing toward the kun tribe.

All the martial artists in the entire kun tribe sensed the enemy's attack and panicked, running in all directions.

"Don't be afraid! Don't panic! Do it according to the usual training, in order! All of you, maintain order!"

Under the loud rebukes of several demon lords, the chaotic situation in the tribe was finally suppressed.

All the demons paled as they looked at the wave-like enemies. The tens of thousands of horses and soldiers were like a tide, shaking the earth and changing the color of the sky.

"Roar! "

The shape-splitting beast in front of the hall also stood up. Its hair stood on end, and a powerful aura emanated from its body. It roared toward the sky.

The extremely powerful sound waves shook the entire Hall, and even the entire kun tribe could feel it. However, as soon as they entered the sky, they were immediately annihilated by the violent demons without a single sound.

In an instant, the entire Valley where the kun tribe was located was completely surrounded by the demon Army.

A powerful formation pressed down from all four sides. The faces of the members of the Vatican tribe in the valley turned ashen and they trembled.

The guards had been training hard on a daily basis, but at this moment, their minds were in a daze and they had forgotten everything. He stood there with his body supported by his courage.

The difference between the two armies was like heaven and earth!

It was not only in terms of numbers. Even the absolute experts had a few powerful auras coming from all directions. Their divine senses constantly swept through the valley, causing them to be frightened.

“Where’s the support? Come out and meet us.”

A cold voice rang out in the sky. A black light appeared in front of the three armies, turning into the figure of a man.

The man had a rough appearance and a full beard. His eagle eyes were cold and vicious as he stared at the main hall of the church.

It was a pity that the Hall’s defense was too strong, and his divine sense could not penetrate it. However, he was not worried.

This was because a few months ago, the kun tribe’s every move had been under surveillance. The kun tribe hadn’t left the tribe at all, so it must still be in the main hall.

“What, will hiding solve the problem? Tsk, tsk, I never knew that Richard is this kind of ostrich.”

The man couldn’t help but sneer, his eyes full of ridicule.

“I’m the one who should be clicking my tongue. Lord Shi, your tribe has just been swallowed by someone and you’ve become a Lackey of someone else. You seem very excited.”

The judge’s mocking voice came from the hall.

Immediately, the originally noisy Valley suddenly became quiet, and everyone’s eyes involuntarily looked over.

A woman in a smoky-colored dress walked out of the hall. Her black hair was high and her figure was graceful.

Her beautiful face was filled with calmness, and the corners of her mouth curled up into a confident smile, exuding a calm aura that made people feel at ease.

The people of the kun tribe were originally terrified, but when they saw the tribe leader, they didn't know why. The fear in their hearts gradually dissipated, as if they were infected by his temperament and self-confidence. Shi stared at Richard for a while and said coldly, "You're finally willing to come out and die?"

Yi's gaze swept across the valley, as if he was looking for something.

Her divine sense covered the entire Valley in an instant, and only when she sensed Yunxiao's aura did she breathe a sigh of relief and smile.

"It's not certain who will die. Yi, why are you the only Lackey leading the charge?"

"Impudent!"

"You keep provoking me, it seems like you're really going to annihilate the entire clan!" Shi Zhen said angrily.

Yi sneered, "don't try to act all high and mighty here. You're no longer the clan leader of the deceased clan." You're just a dog of a behind-the-scenes figure in front of the stage.. What right do you have to decide the life and death of our division?"

Chapter 2282: Chapter 2281-suppressing the enemy

549690339

Dead Qi's hair and beard trembled, his eyes filled with hatred and anger, as if he would rush over and tear his spine apart in the next second.

"Hey, why do you have to do this? You know you can't avoid it, but you're still trying to block it. Why do you seek your own death?"

Another man's voice sounded beside Shi.

The man had a thin body and a Fair and Handsome face. He looked at the referee calmly and said, "Didn't we share the same master back then? In the demon world, the strong preyed on the weak, and whoever was stronger would be the master. Our strength is inferior to others, so it's normal to be under others. It was the same back then, so what's there to be ashamed of?"

"You're right," Richard sneered,"but I just can't stand those scumbags who act so arrogantly and overbearingly like dogs. You've really reached a new realm."

waaaah!!

Shi almost went crazy. The demonic Qi on his body kept exploding like flames. If Yi didn't stop him, he would have killed him already.

Yi looked at the referee, his eyes gradually turning cold as he advised, "No one is willing to be under someone else. However, the strong were respected, and that was the truth of the world. You had no choice but to obey. Unless you can become strong enough to suppress the other party."

"How do you know I can't?" Yi said coldly.

Yi furrowed his brows and said, "Chi, in the past, the few of us had worked together in Daren Hua's tribe, and our strength was almost the same." I know that you've obtained a body made of rainbow stones over the years, and your strength may be slightly stronger than ours, but you're still dreaming if you want to resist that Lord. If there was a chance, I wouldn't want to go back to the past. Back then, we got along quite well with each other. Now, I'm just trying to persuade you with kind words. As for whether you'll listen to my advice or not, it's all up to you."

Looking at the sky full of Devils, the judge was a little scared, but at the thought of the twelve divine beings killing formation and Yunxiao in the valley, his courage and confidence were boosted. "No need to persuade me. I won't give up until I hit the wall this time."

Yi Chang sighed and nodded, " "However, you have such a backing. Even if you refuse to accept it now, with your alchemy skills, my Lord will not kill you after he has subdued you."

Yi's expression changed drastically. When he thought of being reduced to a specially refined slave, he could not suppress the anger in his heart. He gritted his teeth and snorted, " "From the looks of it, you've probably annexed quite a few other small tribes, right?"

"Alas, it seems our tribe is the small tribe you spoke of."

A long sigh was heard, and a demonic shadow appeared beside Shi and Yi.

The woman's purple hair hung down to her waist, her skin was smooth, and her figure was soft as if she had no bones. Her dress fluttered in the wind, and she was charming and moving.

"Rice!"

Yi's expression changed drastically. He gritted his teeth. no wonder I didn't hear from you. So you've also fallen.

Mi Youyou sighed. I'm not as strong as you, so I naturally have to follow the rules of the game. Otherwise, I'll be courting my own death. Tsk, you're not the kind of person who doesn't know what's good for you, but why are you so stubborn this time? could it be that you have a trump card?"

Yi didn't hide anything and nodded, "you know me best." I've had some good fortune recently, so I wanted to give it a try."

Mi looked into the valley and his eyes finally fell on Chi. "With your value, you'll be fine even if you're wrong. However, I'm afraid it'll be difficult for your tribe's Qianqian to survive."

"If I lose, I'll die with them! I won't live an ignoble life!" Yi said seriously.

"Why bother?" mi sighed. You should be able to guess the current situation, right? Why don't we get back together as sisters and return to our old days?"

The judge's face changed slightly, he shook his head and said, "Since you've said so, I more or less understand. There's no need to say anymore. I can't go back to the past. If you want to fight, then let's fight!"

All the kun demons in the valley were stirred up. They were all affected by the fighting spirit of the Church. They all held long Spears in their hands and faced the outside of the valley with high fighting spirit.

Shi's killing intent had long been unbearable, and he said coldly, "If that's the case, then go to hell!"

He raised his hand and waved it down, shouting, "Kill! He killed them all! Not a single one is left!"

Suddenly, the sound of war drums thundered in the sky, and a large number of devil birds flew down from the sky, like a locust plague, so dense that they were uncountable, diving into the valley.

The surrounding demonic beasts, led by a portion of the demon lords, also roared at the sky and charged into the valley.

In the midst of the four-sided siege, the referee became calmer and said coldly, "You're looking for death! All members of the kun tribe, hear my order! Kill without mercy, those who dare to invade, leave no one alive!"

The valley was instantly filled with light, which turned into pillars of light that shot into the sky!

Those light pillars were extremely aggressive, like sharp Spears, penetrating many enemies in an instant. When they touched the monsters, they exploded automatically, and huge light waves spread in the sky, stopping the momentum of the attack.

A large number of demons were wandering around the valley, as if they didn't dare to rush in.

“A formation! That’s a formation!”

A Demon Lord cried out in alarm as they looked fearfully outside the valley, their eyes sweeping around in horror.

The demon race lacked alchemists, and there were very few people who knew about formations.

As a result, before they could even rush into the valley, they had already lost many soldiers. Hundreds and thousands of demonic specters flew in the sky, all of which had fallen from the bodies of the exploded demons.

Shi was so angry that he shouted at the other two, “ are you guys just standing here and watching?!”

Those who had attacked just now were all his subordinates, and not a single one from the Yi and mi tribes had moved.

“We’ll all follow Sir Deng’s lead,” mi said, “it’s best not to act rashly before we receive the order to attack.” Otherwise, if you make her Excellency unhappy, you won’t be able to bear the consequences.”

“You coward! Alright, when the time comes, I’ll see who’s the one who’ll have to bear the consequences!”

“All of you, attack!” Shi was furious and shouted. Those who don’t move forward, those who cower in fear, kill without mercy!”

After he gave the order, his figure flickered and turned into a ray of light as he headed towards the referee.

“Roar!”

The shape-splitting beast opened its mouth and let out a heaven-shaking roar. The terrifying sound waves stacked upon each other and attacked the demonic light that Shi had transformed into!

The sky, which was in a daze, revealed its true form and tore the sound wave apart.

His actual body leaped out from the void and arrived in front of Yi as soon as he landed. He extended his five fingers!

The shape-splitting beast trembled, and a terrifying demonic Qi was emitted. Its eyes shot out a fierce light, and its limbs tensed up as it dove down.

The referee stopped him and patted his forehead, "You go deal with the other demons and try to reduce the casualties within the race. I'll deal with this Lackey!"

The form-splitting beast was unwilling to let it go, but after seeing the cold look in the judge's eyes, it wagged its tail and left the judge's side, charging towards the demons of the deceased tribe.

"How arrogant! You want to deal with me?"

Shi's face became ferocious. Thinking of how the other party had constantly ridiculed and ridiculed him in front of all the demons, not leaving him any face, Shi's killing intent rose even more, and the strength in his hand increased a bit.

"Hmph! You'll know once you try!"

The referee waved his hand. Suddenly, a cold light flickered, and a red light appeared in front of him, slashing towards the five fingers.

She held a small red sword in her Jade-like hand. It was sharp and unstoppable. It seemed that every move would automatically trigger sword Qi.

huh?!

Shi's pupils shrank as he immediately sensed the extraordinary sword Qi. If he had grabbed it, he would have cut off all his fingers.

He made a prompt decision and quickly retracted his hand. His figure flashed and disappeared from the spot.

"Swish!"

The red light hit nothing but air, cutting a hole that was several feet long in the space.

Watching the battle from a distance, Yi and Mi's expressions changed. Yi Gen was shocked, "what sword is that?" It's so sharp!"

Mi shook her head, her face full of worry.

Yi ningmu said in a deep voice, "it seems that the Holy Church does have some trump cards. Otherwise, they wouldn't dare to go against our clans and Lord Deng." After all, Lord Deng was the son of Lord Hua's first wife, and his strength is no less than that of Lord Hua."

"It's useless even if you have a few trump cards," sighed mi long.

Yi also forced a smile, shaking his head with a dejected look. A trace of hope flashed in his eyes, but it turned into a dead silence again.

After disappearing from the battlefield, he reappeared behind Yi in the next moment. He activated his demonic technique and punched out fiercely!

“Hmph, a Lackey can only sneak attack!”

Yi’s divine sense was extremely strong, and he caught his trail in an instant. Without turning his body, he stabbed his sword in reverse.

“Bang!”

The small red sword emitted a sword light and pierced through the fist force!

“Swish!”

Shi’s fist was cut open and his entire arm exploded, turning into dozens of demonic fiends that escaped.

At the same time, his fist force also passed through the sword Qi and hit the kun’s body!

“Bang!”

A layer of white suddenly appeared on Chi’s body, instantly wrapping around the force and disappearing in a swirl.

“What?”

The people watching the battle were all shocked. Yi, on the other hand, had gained the upper hand with a small sword and armor.

Yi’s heart couldn’t help but burn. He licked his lips and said, “No wonder that Lord values her so much. To be able to refine such a profound weapon, it is truly amazing!”

MI’s face was filled with shock. Although she knew that Yi was an Alchemist, she did not expect her to be able to refine a profound level weapon that could resist a second grade Demon Lord!

This was an extremely sensational event in the entire devil realm.

After the first exchange, he understood that he was at a disadvantage. If he continued to fight, the gap would only get bigger and bigger, and he might even lose his life here.

He suddenly turned around and was about to leave, not forgetting to curse, “You b \* tch, I’ll let Sir Deng personally deal with you later!”

“Who allowed you to leave?” the referee’s eyes turned cold. A Lackey!”

With a wave of her hand, the five fingers of her left hand spread open, and a blinding light shot out. Half of the sky was illuminated, and it was difficult to open one’s eyes.

What made Shi even more frightened was that under the light, his body actually froze and the demonic Qi in his body was difficult to circulate.

Although this state only lasted for a breath’s time, it was already fatal enough!

Chapter 2283: Chapter 2283-difficult to disobey the king’s orders

549690339

The small red sword in Chi’s right hand flew out and shot into his head with a ” Chi ” sound, directly cutting off his head!

“Bang!”

Shi didn’t even have time to scream before his neck exploded, and a large amount of demonic Qi scattered. At the same time, their bodies began to degrade, turning into low-level demons that scattered in all directions.

Yi and Mi’s eyes almost popped out of their sockets as they stood there in a daze. The two of them, who were almost on par with each other, had lost one of their members in an instant.

The visual impact was too shocking, making the two of them unable to come back to their senses for a long time. They were like two statues standing quietly in the sky.

Not only the two of them, but all the demons in the two tribes were the same. His eyes were filled with fear as he looked at the referee.

After Chi Yi had succeeded, he just coldly glanced at Yi and mi, then flew down and rushed into the battle in the valley to help his people Kill the Dead demons.

Instantly, the battle became completely one-sided, and the dead were left with the fate of being slaughtered. When they discovered that their clan leader was dead, it was already too late.

Some people with foresight realized that the situation was not right and immediately fled out of the valley. Other than three or four demon lords who had managed to escape, the rest had all been killed in the valley. Not a single one had survived.

The Yi and mi tribes were quietly watching from the outside of the valley, not making any movements. Clearly, Sir Deng had yet to give any orders to the two clans.

The entire slaughter process lasted for about the time it takes for an incense stick to burn.

Although the members of the kun Army were panting from the killing, each of them had consumed a lot of energy, but they were still extremely happy, and their faces were filled with joy. The fear from before was completely swept away, and their morale was unprecedentedly high.

Some of the troops even began to shout the name "Holy See" in excitement.

After the judge killed the two, he became more confident. He pointed his sword at Yi and mi and shouted, "Who else wants to come up!"

Yi and mi looked at each other, not knowing what to say. Even now, they had not received any news of Deng, so they did not know if they should advance or retreat.

Moreover, the two of them had a good relationship with the referee, so they naturally would not attack without orders.

"Very good, very good."

Clapping sounds suddenly came from the void. clap, clap, clap. Yi and MI's faces changed. They bowed in the direction of the sound.

"Greetings, Sir Deng!"

The two of them said in unison as they stood to the side respectfully.

Waves slowly rippled in the air as a young man with handsome facial features and an arrogant temperament walked out. He stared at the referee with a cold face and a hint of ridicule, "You refined those two treasures?"

The referee stared warily at the person in front of him. It was said that he was the son of the first wife, but he didn't know whether it was true or not. He coldly snorted, "What does it have to do with you whether it's true or not!"

"Hehe, you really have a unique personality."

"I'll teach you a good lesson after I take you down!" Deng sneered.

"What big words!"

The judge shouted angrily. He waved the small sword in his hand and immediately slashed out a sky full of sword shadows. They were so dense that they covered the sky and the earth.

Deng's expression was cold as he suddenly took out a pitch-black rod and waved it in front of him. It immediately transformed into a spherical light barrier to protect himself.

The dense sword shadows shot over and struck the light shield, but they only caused ripples.

Deng commanded the demonic Army and laughed evilly, everyone, attack! Raze the entire Valley to the ground!

Deafening roars immediately came from all around the valley. The demons "violent emotions and energy surged in the world.

Yi and Mi's faces changed at the same time: "Al, I'm sorry. The king's orders can not be disobeyed."

The two of them immediately deployed their tribes and began to attack the valley.

"Boom, boom, boom."

Dirt and rocks flew everywhere as thousands of beasts ran wildly on the ground, charging into the valley. The formations set up by the kun tribe were all activated in an instant. Demonic Qi filled the air as demonic sounds exploded in all directions.

The church was shocked and looked down, only to see that their own tribe couldn't withstand the attack at all and was being routed on a large scale. Many of the familiar faces instantly turned into demonic spirits under the impact of the Army, and the sky was filled with chaotic cries.

"Hmph, you still have the mind to care about others?"

Deng's voice suddenly rang out from behind her. Yi was shocked as he realized that his slight distraction had given Deng the opportunity to teleport behind him. A heavy pressure hit his mind, and he immediately knew that the stick was coming.

The referee didn't have time to turn around. He grabbed the sword with one hand and stabbed behind him.

"Swish!"

The space was pierced open, and the sword momentum was pushed back. It was a fighting style that would cause both sides to suffer. However, he had no choice. It was already too late to Dodge, and he could only hope to injure the other party.

"Bang!"

The shadow of the black stick finally fell and hit a place a few inches behind the referee's head. A mirror light flashed out and condensed into a light armor, blocking the black stick!

A huge light burst out, and although the judge had the Jade Mirror to protect him, he still felt his mind go blank. His entire body was sent flying, and he saw stars.

The small sword only scratched Deng's skin and left a crack in his chest before sliding through.

Killing intent burst out from Deng's eyes. He wouldn't let go of such a great opportunity. He threw the stick into the air and quickly made a hand seal. The black stick suddenly grew ten times bigger and chased after him like a small mountain!

"Bang!"

Yi was hit by the giant stick again, and the Luan mirror burst out with an intense light to protect her vital points, but she was still smashed into the ground.

"Boom boom boom!"

The giant stick pressed down on Yi and stabbed into the ground. The ground was constantly torn apart, and the stick only stopped after it had sunk dozens of feet deep.

It was like a strange tombstone that was inserted into the valley.

Yi and mi both looked over, their expressions changing. However, they didn't show much emotion, only a trace of sadness in their eyes.

Tens of thousands of miles above the valley, Yunxiao and Xiao Hong stood side by side, looking down quietly.

"This Deng is very strong," Xiaohong suddenly said.

Yunxiao nodded slightly. his power is a little strange. It seems that he can't control it. But, I can't deny that it is indeed very strong.

brother Yunxiao? " Xiao Hong asked, " if brother Yunxiao were to fight him, who would win? "

Yunxiao smiled and did not comment.

A huge tremor suddenly came from the ground below. The ground around the stick cracked continuously, and a terrifying power burst out from the ground.

Deng's expression changed. He appeared beside the iron rod in a flash and slammed his palm on the top. The iron rod continued to be inserted into the ground with a rumbling sound!

“Bang! Bang! Bang! Bang! Bang! Bang!”

All of a sudden, a series of explosions rang out, and two pitch-black demonic figures charged into the air from around the metal cudgel. They transformed into demonic spirits as they reached out to grab Deng.

“What? What the hell is this?”

Deng was taken aback, he raised his staff and dodged.

However, the two demonic gods also changed their movement techniques and chased after him with strange steps.

“Reinforcements? That's impossible!”

Yi and mi were also shocked as they had been monitoring the Vatican for a long time. Apart from Yunxiao and Xiao Hong, no one else had entered the room.

Could it be the two injured people?

While the demon lords were guessing, the ground suddenly exploded one after another. Ten terrifying demonic lights shot into the sky and turned into Giants in the air. His sharp gaze swept over Deng's Army, and without saying a word, he slapped his hands towards the Army!

“BOOM!”

A fiendish God's palm slammed into the ground like a mountain, directly flattening a Hill! A few low-level magical beasts on the hill were directly smacked into demonic Qi and dissipated on the ground.

“What? This is a Suan ni puppet!”

Mi Yi cried out in shock as he looked at the ten demonic gods and the two that were chasing after him.

In the devil World, profound level weapons were extremely rare, not to mention this kind of puppet that was like a human and a Dragon, which made them feel a sense of panic.

Mi was shocked and muttered to himself, “no wonder Qianqian was so stubborn and dared to take the risk. She actually had such a trump card!”

Mi raised her head in shock and saw that behind the 10 demonic gods, Chi had appeared from the ground. It stood with its hands forming hand seals to control the movements of the 12 demonic gods.

Yi's expression was cold. He was indeed injured by Deng's rod. His clothes were covered in dust, and he looked extremely disheveled.

But at this moment, her entire body was exuding killing intent, and it was obvious that she was truly angry. The form-splitting beast was right below her, constantly attacking the Devils that were rushing in from all directions, protecting her.

"So it's a puppet!"

After retreating tens of thousands of feet away, he circled around the two demonic gods for a while, only to discover that they were not living beings. Although his mouth was full of sarcasm, the shock in his heart was indescribable.

"A mere puppet wants to fight with this Lord? Go to hell!"

Deng raised his metal cudgel and swung it at the two fiendgods with the force of sweeping away thousands of soldiers!

"Bang!"

The two demonic gods were struck by the metal cudgel, and their demonic light trembled as they were forced back dozens of steps.

The judge also suffered the backlash from the impact of the giant rod. He could not help but groan, and a trace of worry flashed through his eyes.

If the twelve fiendgods attacked him together, he would almost certainly win. However, at this moment, Deng's Army was besieging the valley, and his clansmen were obviously no match for them. They had to send ten demonic gods to guard the valley in all directions in order to turn defeat into victory!

Their greatest hope now was for the ten demonic gods to quickly defeat Deng Zhi's Army and then kill him!

Deng had also noticed this problem, and a cold glint flickered in his eyes. "Everyone, attack! No retreat! Those who retreat will die!"

He had to let the Army stall the ten fiendgods for him, and then he would break them one by one.

An extremely powerful baleful aura exuded from his body, and a strange bestial roar came from his mouth. He continued to strike at the two fiendgods with the iron rod.

bang, bang, bang! the attacks forced the divine fiend to retreat continuously, and cracks even began to appear on his body.

On the ground, the Yi and mi tribes weren't the only ones in Deng's Army. There were also many other tribes that were fighting to be the first to charge forward and attack the ten demonic gods.

The fierce battle spread all around the valley. Large groups of demons were like moths to a flame. They were instantly annihilated when they rushed toward the fiendish God, but they still continued to advance one after another fearlessly.

549690339

Xiao Hong stared at the battlefield for a while and said, "how tragic. I wonder who the final Victor is.

Yunxiao, on the other hand, was silent. He sighed and said, "Yi's talent is not bad, but he has only been controlling the divine fiend for a short time. Controlling 12 at the same time was a huge test for her. And in such a complicated situation, I'm afraid that the twelve divine fiends will be destroyed."

He was full of worry.

The demon race killing each other, although tragic, was not enough to move him. On the other hand, the 12 perfect profound level weapons that Mu Chen had left behind made him feel bad.

"I think the church will eventually call for our help," Xiao Hong sneered.

Yunxiao looked away from the battlefield, and his eyes suddenly turned a little cloudy, as if he was looking at somewhere in the endless void. "That might not be true. However, the key to victory and defeat may not be on the battlefield."

Xiao Hong was taken aback for a moment. Then, as if she had understood something, her eyes darkened and she became somewhat vigilant.

"Eh, have I been discovered? Tsk, tsk, I suddenly feel so ashamed."

In the void in front of them, gasps of surprise could be heard. Then, ripples spread in the sky, and a throne slowly appeared. A man sat on the throne with a cold smile on his face as he looked at the two.

Yunxiao's face changed as he said in a deep voice, "Demon commander?"

"Could it be one of the eight demon supremacies?" Xiao Hong gasped in shock.

The man's eyes were smiling as he stood up from the throne and elegantly greeted, "You two can call me Yan."

"Woof! As expected, he is one of the eight great demon Venerables!"

I've always suspected that you're behind this," Yunxiao said expressionlessly. now, it seems that I'm right.

"Oh? In that case, she clearly knows that I'm behind her but still dares to be so presumptuous. She really doesn't put me in her eyes."

it's not that I don't care," Yunxiao said. it's just that no one wants to be under anyone. If there's a chance, I'll still try."

Yi nodded and said,"these twelve puppets are truly impressive." With such power, the Holy See should have been able to expand the clan to become a clan second only to the eight honor demons. However, she was really able to endure it. A little girl actually had such a deep scheme. If it wasn't for this incident, I really wouldn't have known that she was hiding such power."

His eyes flashed with a fierce look as he stared at Yi's figure. His expression was uncertain, and no one knew what he was thinking.

Yunxiao smiled wryly.'Yi is not hiding its power. It has just activated the twelve fiendgods.' He naturally wouldn't explain, and only asked, "Then what is Lord devil Emperor thinking now?"

The judge's eyes returned to Yunxiao, and he suddenly put on a strange smile. "Hehe, I originally wanted to spread the news of you entering the devil realm so that Ji and the others would come and hunt you down, making the devil realm more interesting. I never would've thought that you would actually enter my territory."

what? " Yunxiao's face flickered. you know we've entered the devil realm? "

Yi laughed, " this seat has always been in Cang Xuan mountain. From the moment you stepped into Cang Xuan mountain to the moment you killed a large number of world devouring demons. Then, you fought with Yu. This seat has seen everything with my own eyes.

Looking at the shocked Yunxiao and Xiao Hong, he sneered and said, "Don't you find it strange that I didn't do anything? If this seat were to make a move in Cang Xuan mountain, none of you four would be able to survive."

Yunxiao nodded with a solemn expression. Although he did not agree with the statement that 'none of them could survive', the four of them would indeed be in big trouble if the referee had made a move at that time.

Yi suddenly burst out laughing, "haha, why would I do that?" At least give me a reason for me to make a move."

Yunxiao and Xiao Hong were both stunned.

because I'm from the heavenly martial realm, and the leader of the heavenly martial Alliance, " Yunxiao said. and you are the demon Lord of the demon race. Just these two identities are enough to make us mortal enemies."

"Hehe, sworn enemy? Hahaha!"

The judge laughed unscrupulously as he looked at Yunxiao coldly and said with a mocking look, "You didn't kill my people, and we didn't even have any contact before you entered the devil World. Why did you become mortal enemies?"

Yunxiao's heart jolted as he suddenly remembered something. why did the demonic tribe invade the realm of heavenly martial arts?!

This question was also one of the things he wanted to figure out when he entered the demon world. At the Holy See's level, they might not know, but the Holy See would definitely know something.

As expected, Yi's expression changed drastically, and a cold glint shot out of his eyes, causing the surrounding temperature to drop.

"It's better to know as little as possible. The more you know, the less you'll live," he said coldly.

Yunxiao frowned. is this also a secret? " he asked. is this also a secret? " What's the reason for keeping it a secret?"

The referee snorted coldly and said,"stop asking!" Anyway, you don't need to know!"

even if you don't tell me, " Yunxiao sneered, " I believe we can find out eventually.

The referee's expression changed several times. In the end, he let out a cold snort and changed the topic."Who's that Holy demon with you? And why are you going to the ice region Yuan County?"

I don't think there's a need for you to know about these things, " Yunxiao said with a smile. Lord Chi, I don't think you need to know about them.

The referee's eyes were filled with killing intent as he said coldly, "So, you don't want to live anymore?"

“Hehe, of course I want to continue living. Who in this world would complain about their long life? But does this have anything to do with you, my Lord?”

Yunxiao was not afraid of his gaze at all. He looked at him coldly, and there was no fear in his eyes.

Richard’s face darkened as he stared at him for a long time. Suddenly, he burst out laughing. haha, good, good! I like your personality. Let Ji and the others have a headache. I really want to see them scratching their heads and beating their chests after being ground by you.”

Yunxiao was slightly surprised. The demon commander seemed to be out of place with the others, at least not on the same front. If that was the case, then it wouldn’t hurt for him to be polite, in case he made another enemy, which would be detrimental to the entire heavenly martial arts realm.

So far, the biggest impression he had of the devil realm on this trip was that the devil realm was like the heavenly martial arts realm. They were not United, but divided into many different forces. Furthermore, these powers were mutually restraining each other.

This was undoubtedly a great thing for the realm of heavenly martial arts.

The referee waved his hand and said, “you guys can go.” I won’t kill you for now. However, you must be careful on your way to Yuan County, hehe.” His eyes were full of ridicule, as if this series of events was like a game in his eyes.

At this moment, the referee’s cry of surprise came from below, ” “Lord li, quickly help me!”

It turned out that although Yi was not familiar with controlling the twelve divine fiends and could not unleash the full power of the divine fiends, it was enough to deal with the siege of the Army and withstand Deng’s powerful and fierce attacks at the same time.

However, the twelve divine fiends were too powerful at devouring divine sense. By this point in the battle, she had already felt exhausted and her eyes were starting to get dizzy.

His originally full mental energy was now like water at the bottom of a well, almost dried up.

If his mental energy ran out and he couldn’t control the twelve divine beings, the good situation he was in would collapse instantly. Not only her, but the entire kun tribe would be finished.

Therefore, the referee had no choice but to ask Yunxiao for help.

However, when the referee looked up, he saw the referee's slender figure. He could not help but tremble and cry out, "master referee!!"

This glance almost made her lose her mind. The control of the twelve divine fiends immediately became more chaotic.

Deng immediately seized the opportunity and saw Chi in the sky. He was overjoyed and laughed, "Hahaha! Now you know that you're dead for sure? My backer is the referee!"

He laughed wildly, and his voice spread across the entire battlefield using the sound wave combat technique.

The Deng tribe Army and the kun tribe people raised their heads in shock. They saw the Supreme figure in the sky, an existence that they would never be able to reach.

“哇!”

The sound of people taking in cold breaths rose and fell in succession, all of them extremely shocked.

To the people of the two armies, it was undoubtedly a clash of Fire and Ice. Deng da Jun immediately cheered, and his momentum suddenly rose. On the other hand, the members of the kun clan felt as if a huge rock was pressing down on their hearts, and their eyes were filled with despair.

Even though he was standing beside the ten fiendgods and the situation was looking good, he only felt his hands and feet turn cold as if he could see a tragic end.

Yomi and mi looked at each other in shock, but it was as if they had expected this.

Previously, everyone had guessed that Yi was behind Deng, but they had never seen him before, so they could only keep this guess to themselves.

Now that they saw each other, they no longer had any doubts. Their hearts also became firm, and they no longer had any intention of rebelling.

The two of them immediately commanded their tribe's Army to attack fiercely, no longer remembering their old friendship.

In their eyes, the appearance of the Holy See meant that the balance of the war had been tipped. It wasn't just a tilt, but a direct conclusion!

Deng was overjoyed. Taking advantage of Yi's state of mind, he cracked the two gods, causing the demonic Qi in Yi's body to roll. He hurriedly commanded the gods to retreat.

However, Deng did not give up and continued to press forward. Helpless, Yi could only summon two more demonic gods from the valley to block Deng with the strength of four.

In this way, the valley, which was not optimistic to begin with, became even more precarious, and a large area of the formation was lost. The battle circle of the radiant church continued to shrink.

Gui Ye laughed and looked down coldly. "This brat is really cunning. He used my name to intimidate others, and it actually worked."

Yunxiao laughed. "I don't think this is a Fox exploiting a Tiger's might. You are indeed with them. He did not take advantage of your power. Besides, if that person is no match for you, you'll still have to make a move in the end."

The referee crossed his arms in front of him and nodded. "You're right. Now that that little girl is asking you for help, are you going to turn around and leave, or are you going to stay and die?"

Chapter 2285: Chapter 2284-fighting the demon commander

549690339

Hearing the conversation between the two, the referee became anxious and hurriedly said, "Lord Li, I beg you to save my tribe for the sake of my master, Mu Chen!"

Yunxiao's face flickered. Even if it was not for the mirror, he could not sit back and do nothing now that the referee had mentioned Mu Chen.

Although Mu Chen had passed away many years ago, Yunxiao had always admired him, and he had benefited a lot from the treasures he had left behind.

The judge had been staring at Yunxiao's face, and when he saw the complicated look on his face, he could not help but sneer and say, "I think you're slowly walking in the direction of death."

Yunxiao raised his eyes and gave him a look. He seemed to have made up his mind, but instead, he became relaxed and nodded. "Master Hu is indeed smart, you saw through it with one look."

The referee's expression changed slightly, and he said in surprise, "You're not an unwise person. Do you really intend to stay and die?"

Yunxiao laughed. "That's too harsh. What dead or not? I don't like to hear that."

The judge's face darkened. He stared at him for a while and said, "I'm suddenly starting to hate you."

Yunxiao laughed and said, 'no way! Didn't we have a good time?'

"I was just now, but I'm not anymore," Louis shook his head.

"Then it's a Suan ni now," Yunxiao said.

The referee suddenly raised his hand, and without any warning, he condensed a palm and fiercely slapped it over, shouting, "I'm sending you to your death now!"

"Boom boom boom!"

Half of the sky was shattered by the demon's palm. The place where Yunxiao and Xiao Hong were standing exploded in an instant, blasting out a huge Nebula. The surrounding space caved in and collapsed into the nebula!

The judge's heart trembled and his face turned pale.

In an instant, she seemed to have suddenly realized something. The man in front of her was a man who stood at the peak of the devil World, one of the eight great devil Venerables who could command the world. What ability did she have to actually dare to confront such a man?

"Hahaha!"

Deng laughed maniacally as he attacked the four demonic gods in a frenzy while mocking, "You really don't know your own place. I gave you face but you didn't want it. Now, you've been killed by Master Yi! Haha, how embarrassing!"

After being struck by his palm, his expression didn't relax. Instead, he looked down.

After dengzheng was done with his sarcasm, he suddenly heard a man's voice beside him, "Big brother, are you talking about me?"

"噫!"

Startled, Deng jumped away like a Grasshopper and turned around in horror, only to see Yunxiao looking at him with a smile.

Xiao Hong's face was a little pale. She stood behind Yunxiao, but she did not look him in the eye. Instead, she raised her head alertly and looked at the judge in the sky.

"W-why aren't you dead yet?!" Deng exclaimed in shock.

While he was distracted, the four fiendish gods joined forces to attack him. The powerful Qi stacked on top of each other, forcing him to retreat in horror and not dare to approach.

Yunxiao scolded with a smile, "You stupid bird, which eye of yours saw that I'm dead?"

"T-this bi an ..."

Deng was a little surprised. Even he might not be able to Dodge the sneak attack from Yi. He would most likely be severely injured. He didn't expect this man to strike so easily and without anyone knowing.

Although he was shocked, he did not panic. This was because his opponent was one of the eight most powerful experts of the devil World, and there was no possibility of him losing.

"Hmph, even if he's not dead now, he'll most likely be dead in the next moment."

Deng calmed himself down and sneered.

Yunxiao gave him a cold look, then said to Xiao Hong, "I'll leave this person to you. You and Yi will work together to kill him."

Xiao Hong's expression changed slightly. She glanced at the house not far away and snorted, "I'm not interested in going with that stupid woman. Leave this person to me."

Although Richard's expression was ugly, Xiao Hong was still helping him, so he kindly reminded her, "this person is extremely powerful. You must not underestimate him."

"I know what I'm doing," Xiao Hong snorted. just mind your own business and don't cause us any more trouble.

Yi's expression was extremely ugly, but he was grateful in his heart. He cupped his fists and said, "Then be careful, Sir Hong."

After saying that, Yi summoned the four demonic gods back and rushed into the valley.

Yunxiao frowned slightly and sighed in his heart.

Xiao Hong's temper was indeed a little hot. After all, she was once a celestial venerable who controlled several major forces of the overseas aristocratic families in the realm of heavenly martial arts. She had her own tyrannical aura, which made it difficult for her to get along with others.

"Be careful, this person is definitely not ordinary," he said.

Xiao Hong nodded and said, "don't worry, big brother Yunxiao. I know what I'm doing. Even if he couldn't defeat them, the difference wouldn't be too great. After all, he's been fighting for a long time, and his strength is far from what it was before."

Yunxiao nodded. just do your best. Don't fall too deep.

Seeing that he was concerned about her, Xiao Hong felt an indescribable sweetness and happiness in her heart. She nodded her head heavily and said, "I will take care of myself. Big brother Yunxiao, don't force it!"

Yunxiao nodded, then with a flash, he appeared in the sky higher than the Phoenix.

"You've said your last words?" the referee asked.

Yunxiao spread out his arms and crossed them in front of him, stretching his muscles and bones, and then pressing down on his waist. "I think there should be a more secure way to solve this problem. For example, we can sit down and have a cup of tea to talk."

"You're right," Louis nodded. But unfortunately, the people of the devil realm never drink tea, only eat fists!"

Before he could finish his sentence, he had already pounced on her, pressing so hard that the air creaked, as if his nails were desperately scratching on frosted glass.

Yunxiao felt his eardrums hurt, but in the blink of an eye, the figure appeared in front of him and punched him!

Under the strong wind, the space was shattered layer by layer. It was as if there were fist forces coming from all directions. The terrifying momentum seemed to be planning to end his life with one punch!

"BOOM!"

Yunxiao's body shattered in an instant, but the shattered body turned into lightning and crackled all over the sky before he disappeared.

Yunxiao did not dare to be careless in the face of the demon. As such, he was only able to Dodge the surprise palm strike from Yi and the punch from Yi because he was prepared.

Originally, at the demon commander's level, he wouldn't do such a thing as a sneak attack because of his dignity. However, the law of the jungle in the demon world was more cruel and realistic. There was only the law of the jungle, and there was no need to resort to any means.

Back at Cang Xuan mountain, Yi was ambushed by Yu Cong's fist from the void and was seriously injured.

Therefore, Yunxiao had been on high alert since the appearance of the Chi, and he did not dare to relax even a little.

“Hmph!”

The judge grunted, knowing some of Yunxiao’s tricks. After all, he had witnessed the battle of Cang Xuan mountain with his own eyes. In addition, he had also received a lot of news and rumors about the battle of Red Moon City.

It was precisely because Yunxiao was a difficult man to deal with that he did not want to make a move. Instead, he planned to spread the news and let the other tribes get involved in this mess, so that he could secretly benefit from it.

But, never in his wildest dreams did he expect Yunxiao to come directly to his tribe and get involved in the affairs of the kun tribe.

“Come out! Is this how you hide in your battle with me?”

The judge looked around and found that hundreds of feet away, the void was full of flashing Thunderbolts, and Yunxiao’s figure kept appearing and disappearing. At the same time, over a hundred clones appeared, making it impossible for him to tell which one was real and which one was fake.

I know you can control a six paths demonic weapon. Show me all your trump cards, or you won’t be qualified to fight me!

Yi’s pupils suddenly contracted, and he flicked his finger. A stream of demonic Qi shot out with a whooshing sound, shooting towards a body of lightning.

This was because when he shouted, the energy fluctuation in the body could not help but jump.

Although it was extremely weak and insignificant in the sky of lightning, it was still captured by Yi’s sharp senses!

“Bang!”

When the power of the finger shot into the Thunder, Yunxiao’s face was filled with shock, and his eyes widened in horror.

“As expected! Die!”

Yi’s face was filled with joy. He grabbed with his five fingers and absorbed all the demonic Qi in the surroundings. He turned it into a full moon in the air and slashed out!

“Swish!”

The moment yuelun made its move, his expression changed and his eyes were filled with shock.

That was because the lightning body in front of him suddenly revealed a smile and its body slowly spread out. It was obviously fake!

At the same time, a terrifying aura came from behind Yi. Even the heart of the demon Lord trembled!

“Six paths demonic weapon!”

The referee did not need to turn his head to know that Yunxiao must have used the six DAOs demonic weapon to sneak attack him from behind!

what’s the use of having a demonic weapon but not powerful strength?!

Yi roared and opened his palm. Five beads appeared in his palm.

The beads spun around and formed a circle, forming a demonic seal. Then, he slapped it behind him!

“Why don’t you just give me the mo weapon!”

The five-jeweled seal pressed behind him and with a few bangs, it locked onto Alay’s Xuanzang, locking him in place. At the same time, Yi’s body moved forward and his five fingers grabbed the handle of the battle-ax.

Even though he had cultivated for countless years and his state of mind was stable after becoming a demon commander, he could not hide the excitement and joy in his eyes when he grabbed the six paths demonic weapon.

But in just a moment, the Dharma wheel appeared in Yunxiao’s left hand, and it came slashing at him with thousands of birds chirping!

Yi’s eyes opened, and a strange light flickered in his demonic eyes. It directly turned into two waves of light that surged over!

“Bang!”

The light shot out and shook the AMO wheel. The demon weapon couldn’t cut down!

“What?”

Yunxiao was taken aback. It was a sneak attack, but he was forced into a passive position. The man in front of him was indeed a Demon Lord!

Yi grinned and raised his left hand. He kept making hand seals and said coldly, ” “Be careful, this move will send you to hell!”

As he formed a hand seal, beads appeared around him. They seemed to be arranged in an orderly manner, forming a rectangular formation.

“World Dominator strike!”

The referee shouted and the seal flew over. The array of beads then rose up and fell down like a shower of rain!

Chapter 2286: Chapter 2286-one move

549690339

Yunxiao was taken aback. He immediately summoned his three heads and six arms and quickly performed incantations.

A crisp sound suddenly rang out from the two demonic weapons, and a vortex appeared beside Yunxiao, like a dark cloud.

The referee’s expression changed slightly, as if he had sensed an inexplicable danger. He increased the power in his hand and struck down wildly!

Yunxiao opened his eyes, and a gleam of enlightenment flashed in them as he shouted, “Star Jade explosion!”

The two demonic weapons trembled violently, as if they were about to be detonated by the power of the star Jade.

Xiao Hong, who was fighting below, couldn’t help but feel her heart skip a beat as she revealed a look of shock.

“Boom boom boom!”

Yi’s all-out attack landed on the demon master’s ultimate skill, and it was like a pair of fists hitting an iron plate!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The array beads exploded one by one, blasting out rings of light waves!

The two of them were hit by a terrifying force at the same time and were sent flying. The demonic light shot up into the sky and pierced through the heavens!

Yi’s expression was extremely ugly as he revealed a look of disbelief. He was sent flying more than a thousand feet away by the impact before he was able to forcibly stabilize himself.

As for Yunxiao, he was sent flying like a cannonball and disappeared without a trace. After rushing out for thousands of feet, the lightning flashed on his body and disappeared, taking the initiative to disappear.

Yi's face darkened and he became alert. He said in a cold voice, "Hiding and hiding is not what the strong should do!"

"Hehe, the winner takes all. In my eyes, there are only winners and losers. There are no weaklings or powerhouses."

A rebuttal was heard, but the sound waves came from all directions. After each word was transmitted, the next syllable came from a completely incomprehensible range.

After he finished speaking, Fengdu failed to find Yunxiao's hiding place. "Come out and take another move from me!" He said angrily.

"The reason."

This time, it was only two simple words, and it was also unknown where it came from.

if you can take one of my moves, " the referee said, " I'll forget about the kun tribe matter and leave. From now on, we will let the kun tribe live and die on its own, and we will not interfere."

The attack from the two of them just now was earth-shattering, and almost everyone's eyes were focused on the sky.

Everyone was shocked by Yi's words, and they all had different thoughts.

The judge was overjoyed, but she was also worried about whether Yunxiao could withstand her attack.

Now, it seemed that Yunxiao was completely at a disadvantage. If he was confident of winning, he would not have to hide.

Deng, on the other hand, had a dark expression, hatred flashing in his eyes, his thoughts unknown.

Yomi and mi had complicated expressions as they looked up at the sky. But, the strength of Yi and Yunxiao was unpredictable, and they could only look up to them.

"Pipa!"

Suddenly, a bolt of lightning flashed somewhere, and Yunxiao materialized out of the void, staring coldly at the Phoenix.

The moment he appeared, he was directly locked on by the other party's divine sense, making it difficult for him to escape.

But he knew that since the church had made a promise, they would not attack him again.

Yunxiao's appearance surprised the judge. He sneered and said, "Hehe, you're really arrogant. You must have been injured quite badly by that blow just now, right? What right do you have to block one of my moves?"

Yunxiao patted the dust off his body and said indifferently, "You don't have to worry about that, Lord Hu. Everyone in the tribe had heard what he had just said. We'll use one move as the limit to settle the matter of the kun tribe."

The judge frowned. He had planned to goad Yunxiao into coming out and then kill him with one move. Now, it seemed that the other party was full of confidence. It was unknown where he got such confidence to say that he could block the demon venerable's attack.

Furthermore, the explosion of the star Jade had definitely left him heavily injured, and he probably wouldn't be able to use his six paths demonic weapon. It would be a fool's dream to take one of his attacks.

an arrow at the end of its flight, " Gui Ye laughed. you can't beat him with your fists, so you want to use schemes? "

Yunxiao turned his wrist and said with a smile, "Think whatever you want."

"Alright, one move it is then!"

Yi's face sank and he immediately made a decision. He raised his hand and gathered a large number of black beads around him again, which jumped up and down.

The radius of the bead was several times larger than before, and its power had also increased by several times. The surrounding space seemed to have become a domain, and it was completely under his control.

Without saying a word, Yunxiao raised his hand and clenched his five fingers into a claw.

A burst of sword Qi shot out from his body and condensed into a dense mass in his palm, emitting a faint cold intent.

The judge's pupils shrank as he stared at the ball of sword Qi. The corners of his mouth curled up in a mocking manner, but he did not take it seriously.

But, Yunxiao's face began to look pained. As more and more sword energy condensed in his palm, he not only grimaced in pain, but also trembled uncontrollably.

The referee's gaze finally turned serious.

Although the mass of white sword Qi was illusory, there seemed to be a small sword slowly forming inside it. A terrifying sword intent began to spread.

Then, purple lightning began to appear outside the sword Qi. It turned into electric snakes that jolted into the void, as if it was fleeing in a sorry state from the sword light.

The judge's face finally changed when he saw the small sword turn three feet and seven inches long in Yunxiao's palm, blue and white like the moon.

The sword wasn't real. Although it was just a shadow, it emitted a magnificent light, as if it was an Emperor that ruled the world!

what kind of sword is that?!

Yi's body trembled. Under the might of the sword, he actually felt a little afraid. It was a fear that had not appeared for many years!

This sword seemed to be in danger of splitting him apart!

What shocked him even more was that the sword's power was still rising, as if it was going to solidify from its illusory state!

At this moment, the sword Qi had already turned into a torrent, flowing in the sky. It spread out with Yunxiao at the center.

All the demons' expressions changed drastically. They all stood inside and outside the valley in fear, as if they didn't even dare to move.

The battle between Xiao Hong and Deng had also ended, and Xiao Hong was looking at Yunxiao with a worried look.

She knew the power of the sword, and she also knew that Yunxiao's condition would drop to the extreme after that, and it would take a long time for him to recover.

“Stop!”

The judge suddenly shouted, and a look of shame flashed across his face. He gritted his teeth and said, “There's no need to test this move. With this sword power, it can definitely withstand my divine ability. From now on, I won't interfere with the affairs of the kun tribe and will leave them to their own devices!”

As soon as he said that, everyone inside and outside the valley was shocked.

Deng Geng panicked and hurriedly said, "Lord Chu, please!"

Suan nu glared at him and snorted coldly. He then withdrew the divine power, and the demonic pearls that filled the sky turned into Qi and dispersed.

Deng Yi's face turned ashen. He knew that once the referee said that, he would no longer care about the affairs of the referee Department.

Yunxiao's face was pale at the moment. He hurriedly dispersed the sword light in his hand, but he still could not bear the backlash brought by the sword force. A mouthful of blood rushed up to his throat, but he swallowed it forcibly, so as not to show weakness in front of the judge.

Richard's face was dark as he stared at him for a while and said, "What was that sword just now?"

you don't need to know, " Yunxiao chuckled and said. you don't need to know.

These words seemed to be within the referee's expectations. He nodded and said, "You're a terrifying opponent. Before that sword Qi appeared, I didn't even consider you a true opponent. But from now on, you are."

thank you for the compliment, " Yunxiao snorted.

"I'm not flattering you, but you're indeed qualified." However, you might not be able to withstand that sword just now, right? Even if I just barely manage to do it, I'll only be able to use one sword strike if I go all out."

so what if I did? " Yunxiao said. you're the one who lost now.

Yi grunted and left with a flick of his sleeve. He stepped into the void with a few steps, and his figure gradually faded until he disappeared.

The demons inside and outside the valley looked at this scene in a daze, seemingly unable to react. Their greatest support, Demon Lord Chi, had left just like that?

All of a sudden, a clear voice resounded through the heaven and earth. Yi raised his arm and shouted, "The dengbi's momentum is gone, and those who surrender can be spared from death. Those who resist will be killed without mercy!"

"Boom boom boom!"

She shouted loudly, and twelve demonic gods descended to the ground at the same time, stepping out of the valley.

The Fiend God's huge hand clenched into a fist and rained down on the Deng tribe.

In an instant, everyone came back to their senses. The mood and morale immediately reversed, and the valley was filled with jubilation and excitement. They shouted and rushed out of the valley!

The Army of Deng tribe was immediately defeated and fled out of the valley.

Dengzi's expression changed drastically, and he didn't dare to stay any longer. He turned around and fled!

Suddenly, two extremely powerful attacks flew from the front and turned into two tornadoes of light. They instantly merged and formed a light curtain that cut off the road in front.

It was Yi and mi.

Deng's expression changed drastically. you want to betray us?! he shouted angrily.

Yi said indifferently, " The Winner Takes It All. Now that you've lost, how can the two of us still be willing to be your subordinates? "

"You guys want to learn how to be a referee too, but do you have the ability?" Don't forget that master Hu only stopped caring about the affairs of the Vatican, but he never said that he would let you traitors go!"

The two's expressions changed. Mi suddenly said, this is actually very easy to deal with. As long as we join the kun tribe and serve kun as the clan leader, it will be fine.

"What?"

Deng's jaw dropped and he roared, you'd rather serve that girl as your master than be my subordinate?!

Mi nodded and smiled,"the two of us have a deep understanding of the Gu and we have some old feelings." And you? We've had enough of such overbearing orders and pressure."

Yi looked at the light chasing from the distance and the graceful figure. He suddenly had mixed feelings and said, " "Lord kui, are you willing to accept our two tribes? from now on, you will be our leader."

The referee had already heard their conversation and was overjoyed,"You're extremely welcome!"

Yi and mi heaved a sigh of relief. They looked at each other and smiled. Then, they poured their energy into the light curtain and surrounded Deng.

“There’s no place for you in this world!” Yi looked at Deng coldly.

“Hahaha!”

Deng suddenly burst into laughter as a vicious glint flashed across his eyes. He glared at the three of them with a face full of hatred and said, “The three of you were originally my father’s subordinates, but you betrayed him and even tried to kill your master today! There will be a day when you will receive your retribution!”

Chapter 2287: Chapter 2287-mirror

549690339

Yi Lengheng said coldly, “when the king appears, the tribe will gather.” When the big tree fell, the monkeys scattered. It’s a principle that hasn’t changed for thousands of years, so how dare you say you’re the master of the three of us?”

“Ignore him,” mi scoffed. He’s about to go crazy. Why are you talking so much to a madman?”

Yi’s eyes turned cold, and killing intent burst out.

The two of them immediately turned into fireflies and flew away. They attacked together, wanting to make the first contribution as a sign of their loyalty.

The referee immediately commanded the six fiendgods to come closer, each of them forming hand seals and condensing their palms, before smacking them onto the body!

even if I die, I won’t let you guys have a good time!!

Deng’s eyes were filled with hatred and anger as his body swelled up to more than ten times its original size!

“Not good! He’s going to self-destruct!”

“Hahaha, go to hell!”

“Boom boom boom!”

Deng’s body exploded and the terrifying force turned into waves of light that spread out.

Yi and mi were the first to be swept in. The two of them hurriedly tried to resist, but their limbs were still shattered and they were sent flying far away.

The light wave was immediately blocked by the incantation seals of the six fiendgods. Under the combined strength of the six fiendgods, they kept suppressing the aftershock.

Yunxiao's eyes flickered. The six fiendgods had also suffered a great deal of damage after blocking the attack. On his mountain-like body, cracks began to spread down to his palm.

Yi also suffered a backlash, and a few of his aperture acupoints exploded. Black smoke rose from his body, and demonic spirits kept flying out.

"Are you alright?"

Yunxiao flashed down and asked with concern.

Yi shook his head and made a hand seal to stabilize the injury so that it would not spread. She gave Yunxiao a grateful look and said, "Thank you," he said.

"we're just taking what we need," Yunxiao said with a smile. no need to thank me.

The referee nodded and took out the astral light mirror before handing it over.

Yunxiao was overjoyed. He took it and examined it carefully. The astral light mirror was silver in color, thick and solid, with a high relief of the sun pattern on the back. It looked exquisite and elegant, and he immediately loved it.

After Deng's death, along with the surrender of Yi and mi, the rest of the demon Army were even more vulnerable, as a large number of them knelt on the ground and surrendered.

In less than half an incense's time, all the battles were over.

The sky and the ground were filled with demonic Qi, and the inside and outside of the valley were full of potholes.

Yunxiao put away the Aurora mirror and looked down, and he could not help but be surprised.

The power of the earth in the devil realm seemed to be far stronger than that of the heavenly martial arts realm. If such a powerful battle had taken place in the heavenly martial arts realm, the entire Valley would have been razed to the ground. However, at this moment, it was only riddled with holes. The valley was still the valley.

After being hit by Deng's self-explosion, both ynor and mi were severely injured, causing a large number of low-level monsters to fall out of their bodies. However, he still endured his injuries and came forward to pledge his loyalty to the church.

“Greetings, Lord Chu!” The two of them said in unison.

The referee glanced at the two of them indifferently and nodded. “You two don’t have to be so polite. Quickly go down and recuperate.”

“Yes! Thank you, master Hu!”

The two of them heaved a sigh of relief. They secretly looked at each other, bowed, and left.

The three of them were friends of the same level before, but in the blink of an eye, they had been separated into different levels. Yunxiao sighed when he saw this, but the judge’s face was calm, as if it was how it should be, and she was calm.

The judge looked at Yunxiao and smiled. it’s all thanks to Lord Li’s help this time. Please rest in the valley for a while, and I’ll take you to shooting star City immediately.

At this moment, although the valley was severely damaged, many of the halls were still intact. At the very least, there was still a place to rest.

it’s been a long time since the material exchange Conference started. Yunxiao shook his head. I don’t want to delay it any longer.

“That’s good, I’ll count a few people and go with you, Sir,” the referee quickly said.

She did not know why Yunxiao was in such a hurry, but she thought he must have something important to do, and she dared not delay. He immediately named a few people and summoned a huge devil bird to land in front of them.

Although the demonic bird looked terrible, it obediently lowered its neck and used it as a ladder for Yunxiao and the others to stand on. Its broad back made them feel like they were walking on flat ground.

Yi gave some simple instructions to the other clansmen and then rode the devil bird to fly. In an instant, they were ten thousand miles away, heading towards shooting star City.

After a few hours, they finally left the mountains and began to see the plains. The endless land was filled with short demon plants, and many low-level demons were scattered all over the land, surviving with difficulty.

Not long after, a huge city finally appeared in front of them.

The city walls were tall and imposing, and the buildings inside were different from the low buildings of the kun tribe. They were all high pavilions, almost entirely made of

stone, and looked indestructible. Even the areas closer to the periphery were filled with houses and crisscrossed roads.

A large number of demons were shuttling back and forth in the city gate, people like flowing water, horses like dragons.

The demon bird landed outside the city and said, "My Lord, please follow me."

His subordinates immediately stepped forward and opened up a path, pushing the crowd to the sides. It immediately attracted the attention of the passers-by, whose faces were filled with anger.

However, after those demons' spirit sense swept over the kun tribe people, they immediately lost their temper and moved to the sides.

"The shooting star City is the main city of the kun tribe, and master kun lives there," the referee said.

what?" Yunxiao was taken aback for a moment. so, we've entered the range of the Holy See's surveillance, and we might even meet them?"

"The possibility is extremely low," Shang laughed. Although master Hu lived here, he did not cultivate here. After all, such a prosperous city was not suitable for cultivation even though it was full of demonic Qi. Even if there's a secret room, it'll be deep underground."

While the two were talking, the boy had already received the news and rushed to the city gate with a group of people to welcome them.

I've heard about the battle of the kun tribe," Zi said excitedly. thank you for saving me, Lord li!

He did not expect that the person he had casually brought back to the clan would have such a great effect. He was so excited that he could not control himself.

Yunxiao smiled and nodded slightly as a greeting.

The referee said,"don't dawdle, quickly bring Lord li to the inn to rest." Also, give me a report on the situation over the past few days."

The boy immediately led the way. There were too many people on the road, so they didn't walk fast.

Yunxiao looked around. The situation on the street was not far from that of the heavenly martial realm. Although it was much behind, there were still shops with all kinds of goods, and street vendors lined up from the street to the end.

There were also merchants who tried to attract customers while the customers bargained. The men held the women, the women held the children, and the young nobles called their friends in groups of three to five. Such a peaceful and prosperous scene made people feel slightly surprised.

After all, even if they had gained a new understanding of the demon race through their contact with the kun tribe, it would still be difficult to wash away their fierce and warlike image.

After walking for half a day, they finally arrived at the Embassy of the kun tribe.

The building was still in the style of the kun clan, with flags fluttering in the wind in front of the palace-like building, and the walls were full of carvings of birds and beasts.

The boy led the group into the hall. After everyone was seated, he immediately presented a few Jade slips and said, "This is the map of the demon world that I've collected recently, but they're all very crude and simple. There's a simple description of the ice domain, but it's not detailed enough."

Yunxiao looked at the Jade slip. Its appearance was not much different from the one in the heavenly martial realm, but it was dark red all over, and seemed to be made of a different material.

He picked one up, and a refreshing coldness immediately came from his palm. When he scanned it with his divine sense, a vast picture appeared in his mind. Countless names of places and signs dazzled his eyes and were too much for his eyes to take in.

After looking at it for a while, Yunxiao said in surprise, " "This is the map of the kun tribe? It's so widespread!"

"And this map isn't comprehensive enough," replied Zi with a smile. Even the domains of the eight Supreme Devils are only the main territories of the devil World. There are still many wastelands that no one has explored, because there are many powerful prehistoric giant Devils in them, making people feel afraid to step into them."

Yunxiao suddenly had an idea. "In the devil realm, there's an existence called the 'giant devil'. Where can I find this thing?"

All the demons' expressions changed drastically. The referee said in shock, ""Lord Li, you've seen a giant demon?"

Yunxiao nodded and briefly told her about the battle in Red Moon City, where he had fought with eight towering giant demons.

All the demons were dumbfounded. They looked at each other with unspeakable fear and shock.

The referee's mouth was also wide open, and he was stunned for a long time before he said, "I didn't think that the five tribes would actually use eight giant demons in the battle at the crack of Cang Xuan mountain and still lose in the end. It's really hard to imagine!"

"It should be related to the realm power of the heavenly martial realm," Zi said. Otherwise, the strength of the eight giant Devils is already equivalent to the strength of the demon commander, which is a power that can sweep away everything in the demon world!"

"The giant demon is indeed a branch of the primordial demon race. Even the eight demon supremacies find it difficult to control it. Previously, we thought that the main reason for their defeat at Cang Xuan mountain was that the demon venerable was not United, acting on his own and preserving his strength. Now it seems that the truth is far from that."

even a demon venerable died in the realm of heavenly martial arts, "Xiao Hong sneered. and he still has his strength?"

Yunxiao's eyes gleamed coldly as he recalled the situation that day. He shook his head and said, "If the five demon Venerables join forces and there is no suppression from the realm power, together with the eight towering giant demons, they can indeed sweep across the entire realm of heavenly martial arts. But unfortunately, the power of the realm is omnipresent. If you want to invade others, you have to be ready to pay the price at any time."

Lord Li is right, "the referee quickly said. I am also against the invasion of the realm of heaven martial arts. Unfortunately, his words carried little weight, and there was really no other way. However, I can promise you, Lord Li, that as long as we, the Holy See, are still alive, the entire Holy See will never take a single step against the realm of heavenly martial arts."

thank you, Lord Chi, "Yunxiao said with a faint smile. thank you very much.

In fact, he also understood that this was just Yi's way of expressing goodwill. The power of the kun tribe was nothing in the entire Devil World, and it didn't matter whether they invaded or not.

Next, Yunxiao looked at the other Jade slips. They were all scattered maps, and few were complete. However, a few of the scrolls also introduced a lot of culture and customs, which gave him a preliminary understanding of the situation in the demon world.

549690339

Xiao Hong couldn't help but sigh. no wonder the people of the realm of heavenly martial arts know so little about the devil realm. Even the devil realm itself doesn't have a complete map or detailed information.

"It's not that there aren't any, but those things are also extremely precious in the devil realm. Only a few people at the top can master it, such as Lord Yi."

Yunxiao pondered for a moment and said, 'I'm afraid it's impossible to get this information from the referee. Let's see if we can get some good stuff from the convention."

"Don't worry, my Lord," the boy quickly replied, "we haven't stopped for a single moment these past few days, searching for maps everywhere. They've also spread the word that they'll be purchasing them at a price several times higher than the market price."

that's good! Yunxiao nodded and praised with a smile. thank you for your trouble, Sir.

"It's only right, it's only right," Zi replied, overwhelmed by the favor.

"You'll be in charge of all the people I've brought with me this time," said Louis to Zi. "Let them go deep into the exchange and collect them."

"Yes, I'll make the arrangements," the boy quickly replied.

He immediately bowed and left to make arrangements.

"It seems that these Jade slips are of no help to Lord li." But don't worry, there's still half a month to go before the convention, and the truly good things will only appear at the end."

"Oh? What do you mean by that?"

Yunxiao could tell that there was a hidden meaning in his words, so he went straight to the point.

"On the last few days of each Convention, some of the demon monarchs in the city would organize a small scale Convention. Although the scale is small, the items inside are all precious."

Yunxiao immediately understood, and his eyes could not help but flash with surprise.

Yi continued, " I'll wait until the day before the small-scale exchange. I'll send someone to spread the news. I'm willing to buy information about ice domain and Yuan County at a very high price. At that time, someone will definitely come to my door."

then I'll have to trouble you, Lord Chi, " Yunxiao said.

“Lord Li, you’re too kind. Without your help, we wouldn’t be where we are today.” From now on, Lord Li is an eternal friend of the kun tribe. As long as it is within my power, I will never refuse.”

“Thank you,” Yunxiao said with a faint smile.

The referee said, “shooting star City is too chaotic during this period of time. Lord Li and Lord Hong should stay in the city and cultivate.” I’ll immediately inform you two the moment I receive any news.”

Yunxiao pondered for a moment and said, “I’d better take a stroll in the city. After all, he had come to the devil realm with the intention of increasing his understanding of the devil realm. This Resource Exchange Convention is undoubtedly a good way.”

“That’s good, I’ll accompany the two of you then.” The referee nodded.

Xiao Hong furrowed his brows, seemingly a little displeased. Master Yi, you can do what you need to do first. We’re two living people, we don’t need anyone to accompany us.

Yi smiled. you don’t have to be so polite, my Lords. After all, this is the demon world. You are unfamiliar with this place and people. It’s good to have me accompany you.

Just as Xiao Hong was about to say something, a demon suddenly ran into the hall and reported something to Richard in a low voice.

The referee frowned after hearing the news, “Tell them that I’m not free right now. It won’t be too late to gather after The Resource Exchange Conference.”

“This is an ...”

The demon seemed to feel that something was wrong and stood there, not knowing what to do.

The judge’s face turned cold. what’s wrong with you?! he shouted.

The demon trembled and broke out in a cold sweat. “It’s, it’s Yingluo!”

“Yo, 666.”

A cold snort came from outside the hall. Seven demons walked in from behind. One of them sneered, “Master Yi is getting more and more haughty. I don’t even have time to meet my old friends.”

The other person took a deep breath and sighed, “Tsk, tsk, what a fragrant tea. I, a country bumpkin, have never had such a thing. No wonder Master Yi is so busy and doesn’t have any time.”

The other five men were also looking around the hall with unfriendly eyes. Because Yunxiao and Xiao Hong were sitting in the upper seats, they had been staring at them for a long time.

What was depressing was that they couldn't see through the cultivation of the two.

However, to be able to make Zhen regard them as guests, even if he didn't know the identity of these two people, he couldn't be too presumptuous.

The referee's expression changed slightly. He glared fiercely at the demon who had reported the news and dismissed him. He stood up and cupped his fists. so, it's the seven Lords of the Xiu clan's Northwest tribes. Please forgive me for not coming out to welcome you.

Mo dan, one of the seven, sneered, "How would I dare to ask Sir to go out and welcome me? I heard Sir berate his subordinates that they had no time to see us, so I could only thicken my skin and come to the door myself."

"Hehe."

"How can I not be free? the seven of you must have heard wrong." Come, come, come, please take a seat."

As the head of a Department, she had seen this kind of situation many times and naturally knew how to deal with it.

Although the other party had heard him reprimanding his subordinates just now and it was a little embarrassing, as long as he pretended not to say anything and pretended that nothing had happened, the other party would be helpless.

Immediately, someone moved seven seats over and placed them on both sides. Only then did the Seven Demon Lords enter the hall, groaning, and sit down.

Yunxiao stood up, cupped his fists at the judge, and said, "Since my Lord has matters to attend to, then Xiao Hong and I will go take a look on our own."

The judge was put in a difficult position. Of course, she did not want to see these seven people, and she hoped to go shopping with Yunxiao. But at this moment, she had no choice but to do so, so she sighed and said, "Then Lord li and Lord Hong should be careful."

With a wave of her hand, she ordered someone to bring a tray, which was filled with square black stones that exuded powerful magic.

"Here are 10000 cubic meters of top-grade devil essence stones," the referee said."It should be enough for your expenses for two days." If there was still not enough, he

would immediately send someone back to get it. I'll let this son follow the two Sirs so that I can be at your disposal at any time."

Yunxiao knew that the currency used in the devil realm was this kind of devil essence stone in front of him, which was an extremely rare item, let alone a Supreme-grade one.

However, he did not refuse, and unceremoniously accepted them all. He was just about to thank them when he heard a twitching sound from below. The Seven Demon Lords were all looking at him with shocked eyes.

"10000 cubic meters of top-grade devil essence stones!" Cong, one of the seven Devils, said in shock. The kun tribe is so rich, and the Lord of the kun is so generous!"

The seven of them looked at each other. In addition to the shock in their eyes, there were also a few wisps of worry on their faces.

"You're joking, it's just some gold," the referee smiled faintly. It's the first time my two close friends have come to the shooting star City, and they don't have enough money. Naturally, I have to give them a good welcome."

Yunxiao was a little surprised. He did not know how the currency in the demon race was measured, but he could tell from the faces of the seven tribe leaders that the ten thousand cubic meters of Supreme-grade devil origin stones was definitely not ordinary.

He gave Yunxiao and Xiao Hong a suspicious look, then his eyes fell on the judge. "I wonder how I can become a good friend of master Xi? I also want to be your good friend."

"Hehe, me too."

"I'm also."

The seven of them all had flattering smiles on their faces, completely different from before.

The referee furrowed his brows without a trace and did not answer directly. He smiled in a roundabout way and said, "I'll send my two friends out first. If there's anything, we'll talk later. Seven Lords, please enjoy your tea first."

A servant had already served the freshly brewed fragrant tea. The tea contained an extremely strong energy. The tea was clear, translucent, and red in color. One could tell at a glance that it was not an ordinary item.

However, he no longer had the interest to taste tea. He smiled bitterly and said, "It seems that the seven of us have to leave as well. Master Hu, please send us off as well."

“Why do the seven of you say that?”

“Truth be told, the seven of us heard that master Hu had personally come to shooting star City, so we couldn’t help but come to visit. I hope that you can help me refine something. For this, my seven tribes have gathered some money as a reward. But now that I’ve seen how generous you are, I immediately feel that this deal is hopeless.”

He let out a long sigh and couldn’t help shaking his head.

Richard couldn’t help but laugh, thinking to himself that this was what happened. In her heart, she only felt that it was funny. 10000 cubic meters of top-grade devil essence stones was indeed a huge fortune, almost one-third of the wealth of her Vatican clan.

“May I know what the seven Lords are looking for me to refine?” he asked with a smile.

“The seven of us hope that Lord Chu can build a medium-sized teleportation formation in our tribe so that we can go straight to shooting star City,” Shan Dao said.

a medium-sized teleportation formation!

The judge was shocked, and his face turned serious, “Even my clan’s headquarters doesn’t have a teleportation formation, so we can only rely on flying. It’s quite expensive to set up a mid-sized teleportation formation.”

Yunxiao watched with great interest. He had also been wondering why they were flying in the air from the demon tribe to shooting star City. In the realm of heavenly martial arts, there would be teleportation formations between any two cities, not to mention that the devil realm was more than ten times larger.

Shan smiled bitterly and said, “Master Chu, it’s really easy for you to talk. How far is the war division from shooting star City?” And how far is our seven divisions from shooting star City? In order to participate in this Resource Exchange Convention, the seven of us had to fly for almost two years to catch up.”

Yunxiao was quite shocked, and he could not help but ask, “Is the teleportation formation that difficult to set up?”

The seven people’s eyes immediately fell on him in unison, very sharp and cold.

Yunxiao touched the tip of his nose in a strange way and said with a wry smile, “What? did I say something wrong?”

“Do you know how many tribes there are in the entire kun clan, and how many teleportation formations there are?” said Cong with a cold smile.

I don’t know, ” Yunxiao shook his head. I don’t know.

“There are more than 300 large and medium-sized tribes,” Cong said coldly. “Not to mention the small tribes that are born and destroyed every day, there are thousands and tens of thousands of them. No one has ever counted them. In the entire kun division, other than the shooting star City, there are only 17 teleportation formations. Furthermore, 11 of them are small-scale teleportation formations, and only 6 are medium-sized ones.”

what? ” Yunxiao was taken aback. how can it be so rare? ” “If it’s just to study and set up spatial formations, it doesn’t need to be very accomplished in the art of magic. It should be easy to cultivate such a talent, right?” he looked at Yi.

549690339

“Lord Li, you may not know,” the referee shook his head.

She transmitted her voice, ” when master was alive, she once said that the space rules of the devil realm are different from those of the heavenly martial arts realm. They seem to be more powerful and mysterious. The power of the rules is arranged very closely. It is extremely difficult to rely on the power of the array to break through space and maintain a stable transmission in the devil realm.

Oh? ” Yunxiao was taken aback for a moment before he said, ” I see.

The level of the devil realm was higher than that of the heavenly martial arts realm, so it was very normal for there to be some differences.

This piqued Yunxiao’s interest, and he even wanted to study the spatial rules of the devil realm. But now was not the time.

The crowd had long noticed the two’s voice transmission, and they could guess the content from Yunxiao’s enlightened look.

&Nbsp; ” look at your stupid face, ” Cong sneered. Do you understand now, country bumpkin? ”

Yunxiao was a little surprised. ‘Could there be villages in the devil realm?’ There were country bumpkins too? But he did not ask.

“It’s to build a medium-sized teleportation formation and strengthen our connection with shooting star City. Our seven tribes have gathered a total of 15000 cubic meters of top-grade devil origin stones. We thought that we would be able to ask master Hu for help, but now it seems that we are too weak.”

The seven of them shook their heads with bitter smiles on their faces. The wealth of the kun clan had truly surprised them. To casually take out ten thousand cubes of silver ... He must be dreaming.

Suddenly, Yunxiao laughed. you seven tribes can merge into the min tribe, with Lord min as your leader. Then, he will naturally build a teleportation array over there.

The surroundings instantly became inexplicably quiet, so quiet that even a pin drop could be heard.

The seven men's faces turned pale, and even the judge's face changed slightly. There was a somewhat harsh look in his eyes, as if he was blaming Yunxiao for saying the wrong thing.

"Hahaha, good, good!"

Shan suddenly laughed, his eyes flashing with a cold light, and he said in a cold tone, I'd like to see how capable the kun tribe is. They want to swallow my seven tribes!

"My Lords, you've misunderstood," the referee quickly said. This friend of mine doesn't know the situation of the kun tribe, so he can't talk about such things."

Hmph, Lord Xi's explanation is too far-fetched!

"Besides, there are many times in this world where people die because of nonsense," Shan Jing said with a cold smile.

All seven of them had gloomy faces, and a strong murderous aura emanated from their bodies. All of them had their divine senses locked on Yunxiao.

Yunxiao was a little surprised. it's just a suggestion, and you've brought death upon yourself. Isn't that too absurd? " he said.

Shan angrily rebuked, "tsk!" You still dare to say that!"

Yunxiao spread his hands with a wry smile and said, "Alright, I won't say anymore."

"It's too late if you don't tell me now!"

Yunxiao's expression changed slightly, as if his patience had run out. "Then what do you want?"

The referee hurriedly stood in front of the two and said, "Milord, for my sake, let's just forget about this matter!"

Although she knew that Yunxiao was not afraid of these seven people with his strength, they were in shooting star City.

Not to mention whether Yi himself was here or not, even if he wasn't, more than half of the leaders of the three-hundred odd clans of the entire Yi clan would be here. If things got out of hand, Yunxiao would not be able to fight against the entire kun tribe.

The few of them looked at each other and communicated with their eyes.

Shan then clenched his right fist and coughed a few times, saying, "Cough, cough, since master Hu has stepped in, we naturally have to give him face. As long as you can help us build the teleportation formation, the seven of us will pretend that we didn't hear anything."

"I think you're just using this as a pretext to make a big fuss," the judge sneered.

Shan's expression changed, but he immediately returned to normal and said, "Whatever you say. This friend of yours has just offended our seven tribes, so you can't just deny it!"

Yi thought for a while and said, "it's not a short time to build a medium-sized teleportation formation. Even I don't have much confidence in it." However, I dare to say that no one else in the entire kun tribe is capable of doing this. I can give it a try for you, on the condition that my friend's previous offense is written off, and an additional 50000 cubic meters of top grade devil essence stones."

"噫! Fifty thousand cubes!"

Shan and the other six demon lords all sucked in a cold breath, their faces all turning the color of pig liver.

Shan angrily said, "Lord Hu is asking for too much!" Twenty thousand cubes at most. That's our bottom line! Don't forget, the question of your friend is also worth tens of thousands of cubic meters!"

"If it wasn't for this, I would've directly offered 80000," Yi sneered. A trifling 50000 cubic meters of top-grade devil essence stones, as long as a slightly larger tribe accumulated it for a period of time, who wouldn't be able to take it out? But why were there still so few mid-sized teleportation formations? I'll only take 50000 from you guys, but I still have to pay a lot for my own entry!"

The seven Devils immediately formed a circle and whispered to each other.

In the end, Shan turned around and stared at the referee, "Alright, 50000 it is! But if the teleportation formation can't be built, Hmph!"

Richard also grunted. Although she had never set up a medium-sized teleportation array before, she was still very confident mainly because of the problem of funding. In

particular, after communicating with Yunxiao from time to time over the past few days, he felt that his art of Dao had improved by leaps and bounds.

The seven Devils began to gather the top-grade devil origin stones. Each of them took out a few storage bags and took out some top-grade devil origin stones from each bag. There were also some that were not of the best quality, and they were exchanged for lower quality ones.

Yunxiao frowned when he saw the poor man's look.

One of the demon lords rummaged through his storage bag a few times and then stood there in a daze.

The first one to collect 7200 top-grade devil essence stones, looking at the devil King's stunned expression, said, "Marrow, what's wrong?"

The face of the demon Lord called sui turned red and he said in embarrassment, "Lord dan, can I use something else in exchange?"

Yunxiao felt even more dizzy. A mighty devil Lord could not even take out a few thousand devil essence stones. It seemed that a penny was the same everywhere.

He finally knew how precious the 10000 cubic meters of top-grade devil essence stones that Yi had given him was.

Shan frowned and said, "of course you can, but do you have anything that's worth such a high price?" Other people have to be willing to accept it. "

Another Demon Lord said, "marrow, don't tell me you don't have money and want to follow them to get some benefits?" If you can't take out the equivalent amount of devil essence stones, then this transfer array will have nothing to do with your marrow sect. Every time you want to use it, you'll have to pay us mana stones."

Marrow was angry and embarrassed, "of course I have treasures," he snorted. "I originally wanted to find someone who knows how to sell them at the material exchange Conference." However, after shopping for a few days, he didn't see anyone who knew what was good for the time being. He could only wait for the last few days of small-scale private exchange meetings to sell. If you can rest assured, you can help me pay for it first."

"Help you pay?"

The other six demon lords' expressions instantly changed, and they all shook their heads repeatedly. Some even directly turned their heads away, pretending not to hear.

“Lord marrow, do you know what’s the best way to cut off ties with a person?” he asked earnestly.

“What is it?” sui frowned.

“It’s to borrow money from that person,” Dan Dao said.

[ marrow: Suan ni ]

Yunxiao was also speechless. He had thought that the devil World was full of devil energy, so it should be rich in resources, but now it seemed that it was also very scarce.

In his heart, he secretly recorded everything he had seen and thought about. In the future, it would be the first-hand information for the heavenly martial arts realm to understand the devil realm.

Sui’s face turned red and he said, “I’m not borrowing, I’m asking everyone to help me pay first!”

Shan waved his hand and said, “Lord marrow, you should go sell your treasures first.” When you have the money, come back and talk to us, or see if Master Yi is willing to let you owe him first.”

“Impossible!” The referee immediately said.

“Hehe.”

The other six demon lords couldn’t help but sneer. Ling sui flew into a rage out of humiliation, and his face turned as purple as an eggplant.

Looking at his pitiful face, Yunxiao laughed and said, “What treasures do you have? If it’s really good, maybe I’ll take it.”

He wanted to fully understand the demon world, so he was naturally willing to see the so-called treasures of these demon lords.

“If it’s that person who doesn’t know what’s good for him, wouldn’t he just make me laugh?” sui snorted angrily.

you’ve been emphasizing ‘people who know their stuff’ all the time,” Yunxiao said with a smile. it seems that you’ve hit a wall.

“Of course it’s those people who have eyes but can’t see!” Shui Yan said angrily.

“In that case, your so-called treasure is still something that can’t be sold,” Shan sneered.

Sui was so angry that he clenched his fists, and the veins on his forehead popped out. After forcefully suppressing it, he flicked his sleeves and turned to leave.

are you sure you don't want to show me? " Yunxiao cried out. are you sure you don't want to show me? " Do those people at The Resource Exchange Conference really know better than Lord nie and I?"

Marrow was stunned for a moment before he calmed down. He turned around and gritted his teeth,"Good! Then I'll show it to you and see if you can recognize it!"

The ring on his finger buzzed, and a golden light shot out, turning into a small Golden Boat in front of the demons.

The small boat was about one foot and seven inches long. It hovered in the air and emitted a faint glow.

At a glance, one could tell that the hull was exquisitely carved and had all kinds of details. It was quite luxurious.

What was even more surprising was the momentum of this small boat. Although it was small, it had a vast power, and although there was no wind, it seemed that it could set sail at any time.

Yunxiao's heart almost jumped out of his throat!

His eyes popped out like two salted eggs. He was no stranger to the boat. It was ye Nantian's Noah's boat!

"Gulp!"

Yunxiao swallowed with difficulty and forcibly suppressed the fluctuating emotions in his heart. For a moment, all kinds of thoughts and questions flooded his mind.

Did ye Nantian die?

This guess made his heart heavy. And what he saw in front of him was a very high probability.

Because it was the profound level weapon that ye Nantian cultivated with his life. It would never be lost unless he died.

Xiao Hong narrowed her eyes as if she had guessed something. She could not help but look at Yunxiao, gently tugging at his sleeve as she said, " big brother Yunxiao, are you alright? "

Chapter 2290: Chapter 2291-raising the price

549690339

The referee looked away from Noah's ship and also noticed Yunxiao's abnormality. He asked with concern, "Lord Li, what's wrong?"

Yunxiao shook his head slightly, indicating that he was fine, but his pale face could not escape the eyes of the crowd.

The demons only felt that it was strange and didn't think too much about it. Their eyes were mainly focused on Noah's ship as they carefully examined it.

He looked at Noah's ship for a while and praised, "what a fine profound level weapon. It seems to be an extraordinary thing.

Marrow became proud and chuckled, "What do you think? I didn't lie to you, right?"

As an Alchemist, Yan's observation skills were naturally better than those of others. Moreover, she had been studying the three Supreme treasures left by Mu Chen, which made her even more amazed.

The structure and law arrangement of this profound level weapon seemed to be even more powerful than the Three Treasures that Mu Chen had left behind.

After calming himself down, Yunxiao said, "Where did you get this?"

He tried his best to calm down, but his eyes were cloudy, and his pupils couldn't be seen clearly. However, in the depths of his rippling eyes, there was a murderous aura that was constantly gathering, but it was not released.

Marrow naturally couldn't detect his expression, only feeling that this person was a bit strange. He sneered, "What does it matter to you how I got it? As for whether this item is good or not, I'm sure everyone has the correct answer. I wonder who is willing to buy it?"

A Demon Lord thought carefully, then said, "This item should be an attack type profound level weapon, right? Such a precious item, anyone would keep it for their own use. How could it be easily sold, unless it was difficult to refine? Since that's the case, can you let me take a closer look?"

After the demon Lord said this, he reached out to grab Noah's ship. A ball of demonic Qi overflowed from his five fingers, entwined, and wrapped around Noah's ship.

Marrow's expression suddenly changed, and with a light reprimand, he waved his palm and hit Noah's ship with a bang, scattering the demon Lord's demonic Qi.

He then flicked his sleeve and put away Noah's ship. He snorted coldly and said, "If you're not buying, don't move!"

The demon Lord was furious and said, "how do you know I won't buy it?" You didn't even see the details, how can you buy it?"

"I'm sorry, that's all I can see." I don't think you're someone who can afford it. "

"Yingluo, you're not purely selling it!"

The demonic monarch angrily rebuked, and with a wave of his sleeves, he no longer paid him any attention.

"Lord marrow, this is your fault." Shan Shen rolled his eyes and chuckled. This thing can't be sold for a low price, right? How can I not let people see it clearly?"

"It's not that I don't want you to see it clearly," said marrow coldly. And he didn't look like he was going to buy it at all. If you want to take a closer look, you have to pay a deposit of five thousand cubic meters of top-grade devil essence stones. Otherwise, who will I look for to compensate for the damage?"

a deposit of 5000 cubic meters of top-grade devil essence stones?!

The other six demon lords "expressions all changed. Cong even sneered, marrow, I think you've gone crazy from poverty!

"Why do you care!"

Marrow said sarcastically, no longer paying attention to those people. His eyes turned to the referee, "My Lord, can that thing just now be used as collateral? As long as I can find a buyer who knows the goods, I will immediately redeem it. "

The referee muttered to himself. It seemed to be a little difficult to deal with. The value of that thing was extremely high, but how much was it worth? this kind of transaction was rare even in the demon world, and there seemed to be no precedent.

She looked at Yunxiao pleadingly, hoping that he could have some judgment for her.

how many fiend energy stones do you want? " Yunxiao asked. how many fiend energy stones do you want? "

"How much are you willing to pay?" asked marrow.

Even the referee didn't know how much this item was worth, so he didn't know either. As such, he was hoping that the other party would name a price and then haggle over it.

five thousand cubic meters! Yunxiao offered. five thousand cubic meters of Supreme-grade fiend vitality stones!

As soon as this price was offered, the expressions of a few demon lords changed. It was unknown if they thought it was too much or too little.

Marrow was obviously not satisfied. He chuckled and said, "I can see that this friend is a person who knows what's good, but this price is too low."

"That's impossible," he wagged his finger and sneered.

then I'll have to trouble you," Yunxiao said. I asked you to name a price, but you didn't, and you're not satisfied with the price I offered. How about this, I'm willing to pay seven thousand cubes. If I offer any more, you can take that thing away."

The other six fiend Lords' faces changed. Shocked by Yunxiao's generosity, they immediately added two thousand cubic meters of Supreme-grade fiend vitality stones.

Richard's heart skipped a beat, as if it had caught onto something. Although Yunxiao looked indifferent, she seemed to have sensed his determination to win.

Marrow's heart was also beating non-stop. As the leader of a division and the demon Lord, his strength was not ordinary, and he had a certain sense of Noah's ship.

As far as he knew, the value of Noah's ship was definitely above seven thousand cubic meters of top-grade devil origin stones, but there was a huge problem. That thing could not be driven by devil origin power!

In other words, to all the demons, the Golden battleship was just a work of art, without any practical value.

This was also the reason why Marrow had always wanted to find someone who could "recognize the goods."

"I want fifteen thousand cubes!"

Sui gritted his teeth and made a high bid with a gloomy face.

The rest of the People's pupils constricted, and then a mocking look appeared on their faces as they watched the bidding war, wanting to see how Yunxiao would deal with it.

"Lord Marrow, don't go too far!" The referee was furious and shouted.

Marrow smiled faintly, "the price is clearly stated. If you want to buy, then buy. If you don't want to buy, then forget it. What's so overboard about this?" I didn't force him to buy it."

Dan also laughed, "that's right, that's right. You have the freedom to buy and sell. This is shooting star City." If there's a forced purchase, I'm afraid I won't be able to leave this city."

All the demon lords turned their eyes to Yunxiao with a sneer on their lips.

The corners of Yunxiao's mouth suddenly turned up as he narrowed his eyes and smiled. "It's a pity that it's too expensive. Lord marrow, you should keep it for yourself."

Sui's eyelids twitched and he was stunned.

He had also judged from Yunxiao's expression that the latter seemed to recognize this profound level weapon, and that he was determined to get it. That was why he dared to bid a high price, but now it seemed that he would not be able to get it.

However, he did not reveal his inner thoughts. He only nodded and said, "Okay, if it's not sold in the last few days, I can give you a cheaper price."

Yunxiao made a gesture and said with a smile, "Please."

then we'll wait for the seven of you to gather the money for the teleportation array, " the referee said coldly. if the money isn't here now, there's nothing to talk about. Send the guests out.

Obviously, she was also really angry about extorting Yunxiao with marrow.

The seven men had nothing to say, so they cupped their fists and left. Before they left, they did not forget to give Yunxiao a few more glances.

After the seven of them left, the hall fell silent. Xiao Hong suddenly said, " what's big brother Yunxiao's plan? "

you also recognize that thing? " Yunxiao asked. you also recognize it? "

"Yes, Noah's ship," little red nodded.

Richard was surprised. so you two recognize that profound level weapon. What is Noah's ship? "

it's a very famous profound level weapon, " Yunxiao said. I'm determined to get it.

The referee was vexed, "it's a pity that marrow probably saw through this too, which is why he dared to extort." However, Milord can be at ease. Not many people in the devil realm recognize that thing, so it will be very difficult to sell it for a high price of more than seven thousand cubic meters."

as long as he's happy, " Yunxiao said lightly. I'll let him be.

The referee and Xiao Hong were both stunned.

Xiao Hong's eyes suddenly shot out a sharp glint as she said, " big brother Yunxiao, do you mean that Zhenzhen will save this money? "

Yunxiao did not deny it, but said coldly, " "Whether or not he can save it will depend on him."

The referee seemed to have understood something and was shocked. He quickly said, " "Lord Li, you must not make a move here! Otherwise, the entire shooting star City will come after you!"

don't worry, " Yunxiao nodded and said with a smile. I know what I'm doing.

Looking at Yunxiao's nonchalant expression, the judge did not know if he had taken it to heart. He couldn't help but be worried, repeatedly reminding her a few times, and helplessly said,"If there's really no other way, fifteen thousand cubic meters is fine. I'll go and buy it for Lord li."

don't worry, " Yunxiao said with a warm smile. I won't do anything rash. Since Qi mo has already left, let's go and have a look at the convention."

The referee was slightly relieved and said,"alright, I'll go with you, my Lord." It just so happens that I'm also looking for some materials to repair the twelve divine fiends."

The divine fiend was severely damaged in the battle of the kun tribe. It would probably take a few years to repair it.

However, for the demons, their lifespans were much longer than the other races in the realm of heavenly martial arts. A few years was just a blink of an eye for them.

Next, Yunxiao and Xiao Hong strolled around shooting star City, accompanied by the judge.

He had never seen most of them before, and they should be specialties of the devil World. But, the grades of the items were not high, and Yunxiao was too lazy to collect them. He only bought some when he occasionally saw something interesting.

He only collected a lot of Jade slips. No matter if it was an introduction to the landscape, magical powers, cultivation techniques, or other information, he would buy all the Jade slips he saw.

If he took these things back to the realm of heavenly martial arts, they would be the first hand information on the devil realm.

Even so, after strolling for a few days, he only consumed two pieces of top-grade devil essence stones.

Yunxiao finally realized the value of Supreme-grade fiend vitality stones. He also knew that the reason why the top-grade devil essence stones were so precious was not because they were rare, but because they consumed a lot of them.

The cultivation of the demon race was mainly to absorb demonic Qi. Even if they devoured low-level demons, it was only to take the other party's demonic Qi as their own.

However, regardless of whether he meditated or directly devoured it, the conversion rate was not high. However, if he devoured it, due to the large amount of it, even if the conversion rate was not high, he could still get a significant improvement.

Thus, devouring was still the main method of cultivation for the demon race. This also determined the unusually cruel Rules of Survival among the demons.

And devil essence stone was an extremely valuable raw material other than these two. It had a conversion rate of more than half, so it made the people of the devil race rush like ducks!

After all, strength was the capital to survive in the devil World. Although there were not many devil vitality stones in the mines, they were not precious to this extent. The key was that a large number of Devils had digested them on their own.

549690339

The power contained in 100000 cubic meters of top-grade devil essence stones could directly upgrade a devil monarch from level one to level two. In addition to the conversion rate, 200000 cubic meters of top-grade devil essence stones could create a second level devil Lord out of thin air.

Such a terrifying effect was the fundamental reason why top-grade mana stones were a natural currency and were extremely valuable.

After learning about it, Yunxiao was worried.

Fortunately, the competition in the demon world was very fierce, and a large number of devil essence stones were also evenly distributed. Otherwise, if they were piled up to create a Demon Lord, that would be too terrifying.

The things that the church bought were also very rare, because the materials that could repair the twelve divine fiends were almost impossible to find in these stalls. They had to wait for a small-scale private trade fair of a higher standard.

A few days later, The Resource Exchange Conference was also coming to an end, but the liveliness of the event did not decrease in the slightest. The floating population in the city had increased by more than ten times compared to the beginning of the month.

Due to the wide territory of the devil realm, there was a constant stream of people coming to the shooting star City. Some of them even came after the convention ended, but they could still exchange for many things.

One day, the judge took Yunxiao and the others to a Palace.

The square in front of the hall was very wide, and the base alone was two feet high. After walking up the steps, they saw dozens of thick stone pillars standing in front of the hall door.

Those stone pillars were very tall, but they were not eye-catching in comparison to the main hall.

The hall was built with huge stones, and the steps in front of the hall were also made of whole stones. The copper-colored stone Skin glittered under the sunlight like metal.

The peak was tall, and there was a golden light on it. Even the sky was reflected by it, as transparent as a gem.

yaoguang Hall? ” Yunxiao was surprised. this is yaoguang Hall? ” How could it be so huge?”

Although the shooting star City was huge, the buildings inside were all very compact. For example, the living quarters of the kun tribe were considered comfortable, but they were not spacious.

And this Hall clearly went against the overall architectural style and was somewhat out of place.

The referee chuckled and said, ”this Hall is where you gather all the departments for a meeting, so it’s naturally extraordinary.” It was also borrowed by the Lord of shooting star City to be the venue for the private meeting.”

“I see.”

Looking at the huge Palace, Yunxiao’s heart stirred, and no one knew what he was thinking.

The referee led the group up the steps. On each side of the stone pillar stood a Demon Lord with their arms crossed. His face was cold and arrogant as he stared at those people and said coldly, ” “Unrelated people are not allowed to enter.”

“We’re all traders, I’m the kun of the kun tribe,” Yi cupped his fists.

When the two of them heard this, their expressions changed slightly, and they could not help but look at the referee a few more times. Only then did they restrain their murderous aura, and even their arrogant and unruly appearance eased a lot.

One of them said, “so it’s master Hu.” I’m sorry to stop you here, but in order to control the number of people, each unit can only have five people enter.”

“Five people?”

“When did such a stupid rule come into being?” the referee frowned.

The man smiled and said, “it’s decided by the higher-ups, we can’t do anything about it.” If there are still people in your tribe who want to trade, please entrust them to others.”

The referee glanced back and left behind his son and the other Demon Lord, letting the rest go back first.

The group of five stepped into the hall.

It was a huge space, completely different from the crowded shooting star city’s trade fair. The hall was vast, with a radius of 300 meters.

It was beautifully decorated, and every brick was exquisitely carved. There were about 300 to 400 demon clansmen walking around leisurely and talking in groups of three to five, but the space still seemed very empty.

The atmosphere was quite harmonious, but there was a faint murderous aura in the air, which made people feel a little heavy.

what do you think? ” the judge looked at Yunxiao and smiled. what do you think? ”

Yunxiao touched his chin and said in a low voice, ” “There seems to be a very strong baleful aura.”

Surprise flashed across the judge’s face, and he immediately praised, ” “Lord li is indeed meticulous. This Alkaid Hall is not only a place for the Tribunal to discuss matters, but also a place for battle. Furthermore, it’s the place where the clan heads of the major clans will fight to the death.”

the shooting star City is so big, ” Yunxiao said with a wry smile. is there a need to be so short of money? ” One hall for three purposes, perhaps it has other functions?”

“It’s mainly for these three uses,” Yi said with a smile. There were many disputes between the demon race, and fighting was almost the only way to resolve them.

Sometimes, in order to prevent the shockwaves from spreading too far, the higher-ups of the shooting star City will step in to mediate and let them fight one-on-one or many-on-many battles.”

that’s indeed a good idea, ” Yunxiao nodded. otherwise, the casualties in the war between the two races will be too tragic.

Just like the battle of the kun tribe just now, thousands of demons had been annihilated.

In the past, he would have been happier if more demons died, but now it was completely different.

At this time, many demon lords saw the referee, and many people had strange expressions on their faces. They sized up the five people with strange gazes. But no matter what their thoughts were, every Demon Lord’s attitude towards the Holy See was extremely friendly.

The referee smiled and replied to everyone.

She also knew the reason. When she had first arrived at the shooting star City, the incident at the kun tribe had just happened and the people had not dispersed yet. By now, the news had already been delivered, and almost all the leaders of the major clans had learned about what had happened in the kun clan.

Even the news of the kun’s appearance and the bet with the kun tribe had spread, but most people did not believe it. They thought that it was just a rumor that eventually became outrageous.

However, the fact that the kun tribe had swallowed the Yi, mi, and Shi tribes was without a doubt. In this way, the strength of the kun tribe was ranked among the top in the entire kun tribe.

“So it’s Lord Hu.”

In the square, a tall Demon Lord walked over. The demon Lord had a horn on his head and a resolute face. He had a kind smile on his face, making it difficult for people to have any ill will.

“So it’s Lord Bao.”

The judge also greeted him with a smile. At the same time, he moved his lips slightly and sent a voice transmission to Yunxiao, ” “This is the Alkaid Hall’s Hall Master. He is in charge of the matters of this Hall and is also one of the higher-ups of the kun tribe.”

Bao Xiang and the other four smiled, and their eyes lingered on Yunxiao and Xiao Hong for a while before they said, "Master Hu, you must have found a lot of good things during this period of time, right?"

"No," Yi chuckled. There's nothing that we're interested in outside. We've been looking forward to this deal."

"I heard that you're collecting maps of the demonic realm, Master Chu?" Bao nodded and smiled.

The judge and Yunxiao could not help but feel their hearts tighten. yes, "Richard said frankly. I've also spread the word that I'll buy it at a price far higher than the market price.

"Then you've made the right decision to come to this small-scale exchange, my Lord." Bao smiled meaningfully. As far as I know, someone wants to sell a large map of the devil World. There are descriptions of many territories, and even the kun tribe may not have them."

"Oh?"

The referee was suddenly shocked, as if he had heard the implied meaning, and said, "There might not be one in Chengdu, the seller is Chengcheng."

Baoshan looked around the square and said with a smile, "After the battle of Cang Xuan mountain, the blue Division was divided by the other four divisions. Even the other four divisions had fallen into civil strife because of the deaths of their ministers. Many of the demons have fled to the three tribes of the kun, man, and Yuan."

"I see."

Oh? "the referee immediately understood and said, "so, the reason why each team is limited to five people is to prevent the crowd from getting too crowded? "

"That's right," Bao nodded. The internal strife of the five tribes has a huge impact on the entire mo world. I don't know how long it will take to stop."

Yunxiao's heart was filled with emotions. The battle in Red Moon City had killed nearly half of the elites of the heavenly martial realm, but he did not expect it to bring such a great trouble to the fiends.

It was no wonder that after the battle of Red Moon City, only low-level demons kept coming out of the cracks in various places, and no large-scale attacks were seen. It turned out that they were too busy to take care of themselves.

who asked them to go to the realm of heavenly martial arts for no reason? ” Yi smiled. they deserved it.

Because of Mu Chen and Yunxiao, she had a very good impression of the people of the heavenly martial realm.

Bao’s expression changed slightly. His eyes flickered as he said, ”The attack on the realm of heavenly martial arts was a joint discussion between several Masters, and other people are not allowed to speak rashly or make flirtatious remarks. Master Hu, you’d better be careful. As for the five tribes, he didn’t have to worry too much. After all, the demon race had survived through constant battles and killing. I think it won’t take long for the five tribes to recover.”

Both Yunxiao and the judge frowned slightly.

After Bao finished speaking, he didn’t wait for the two to respond and directly left with his hands behind his back, as if he was busy with his own things.

The two of them looked at each other and smiled bitterly.

The first half of Bao’s words was for the judge, but the second half seemed to have an ulterior motive, as if it was specifically said for Yunxiao.

After Bao went forward to greet him, many other demon lords also came over to greet him.

The referee responded appropriately to each of them. But, Yunxiao and Xiao Hong felt very bored, so they looked around. Not far away, he saw Seven Demon Lords, thirty-some of them gathered together, occasionally glancing over.

Fortunately, the boring time did not last long. Suddenly, a voice came from the center of the square and slowly spread, ” “Everyone, please be quiet.”

The one who spoke was Bao. He slowly rose into the air and looked down at everyone. welcome to Alkaid Hall. I won’t introduce too much, let’s start the trade directly.

Yunxiao was rendered speechless by his concise reply, and so were many demon monarchs. But, as they did not like to hear nonsense, they immediately began to pay attention to him.

Bao said, ”this time, many friends from outside have come to the trade. I hope we can bring more surprises to everyone.” As usual, I’m going to sell something that my friend entrusted me to trade.”

He raised his hand, and a ray of light appeared in his palm, dispersing in the air.

A huge and pitch-black "egg" emerged from the light. It was an oval-shaped egg that was seven to eight feet long and three to four feet wide.

"Demon egg!"

Someone shouted, and the square immediately began to discuss. Demon eggs weren't rare, and their preciousness varied greatly. However, if it wasn't a particularly precious demon egg, most people would directly devour it as energy once they found it.

549690339

what kind of demon egg is this?" a Demon Lord shouted. it can be traded so carefully.

The devil egg bobbed up and down in the light circle, and a powerful devil Qi spread out, shocking all the devil Lords.

But even so, they were horrified to find that there was a layer of restriction set up on the devil egg, which imprisoned most of its power. Otherwise, if the devil Qi spread, it would have directly caused a commotion.

"This is the devil egg of the ancient devil ape," Bao said with a smile.

"What? That's impossible!"

The entire Alkaid Hall was in an uproar, filled with disbelief. The noisy discussions could no longer be concealed as they rang out in all directions.

"It's been countless years since the demonic ape dominated the primordial era. Even if there were devil eggs left behind, they should've turned into stone long ago. How could they be so full of life?"

it's said that once the ancient demon apes reach adulthood, they can step into the demon Lord realm without any obstacles. This race of ferocious beasts ran amuck in the ancient times and dominated for millions of years.

"How many years has it been since the primordial age? I'm afraid that even the age gap is a mystery. How could there be a demon egg left behind? this is too ridiculous."

All kinds of discussions entered Yunxiao's ears, and he could not help but be surprised. He looked at the devil egg in the Halo and fell into deep thought.

There were indeed signs of life in the aura that the devil egg was emitting, and it was not weak at all.

However, if it was as everyone had said, there shouldn't be such a strong life aura after so many years.

After everyone's shock and discussion gradually died down, Bao then smiled and said, "A good friend of mine found this demon egg in an ancient ruin. It's indeed the ancient ape demon's egg, and it's a living one at that."

"Huala"

His words were equivalent to confirming the situation of the demon egg, and it caused another commotion. All kinds of incredulous and excited expressions flashed on everyone's faces.

Even Yi's eyes were shining with light.

what? " Yunxiao suddenly laughed. are you interested in this devil egg, Lord Yi? "

"Of course!" The referee replied with a straight face. If you can hatch an ancient demon ape, it will be nourished with a secret technique from a young age, and when it grows up, it will be loyal to you and never betray you. Moreover, once the ancient demon ape matures, it will have the power of a demon commander!"

After saying that, her face flushed red and her arms trembled with excitement.

hehe ... Yunxiao laughed. so, who is the person who brought this demon egg out to trade? "

The referee was stunned for a moment, his face became strange. After a moment of thought, he suddenly forced a smile and said, "Many thanks for Lord Li's reminder. What Lord means is that although this demon egg has signs of life, it can't hatch?"

it's not necessarily because it can't hatch, " Yunxiao said with a smile. it's also possible that the conditions for hatching are no longer met, or there are other problems after it hatches, such as it being out of control.

Yi's expression was much calmer than before. He nodded and said, "Lord Li's words are reasonable, I was too blind. There's definitely something wrong with this demon egg, that's why it's being traded."

Some demon lords standing beside them also fell into deep thought when they heard that, and they could not help but give Yunxiao a few more glances.

In the field, a Demon Lord shouted, "How many devil essence stones is this devil egg for?"

The surroundings suddenly quieted down. The large square with hundreds of people suddenly became strangely quiet. They all listened quietly, afraid that they would miss it.

“Such a precious item, how can it be bought with demonic essence stones?” Bao Xiao smiled. If that friend of mine really wants the devil essence stones, then it would probably be a sky-high price. This ancient ape demon egg only accepts bartering.”

“What does the owner want in exchange?” the demon Lord called out again.

A divine light flashed in Bao’s eyes, and he said word by word, ” “Demon Pearl Jade.”

A commotion broke out below, and a large number of demons wore blank expressions as if they had never heard of this item.

A small number of demons, on the other hand, had a drastic change in expression. Their eyes were filled with horror, and their expressions were dark and uncertain.

“What’s a demon Pearl Jade?”

Among all the noise, this was the most common question. Although everyone had guessed that the item to be exchanged would not be simple, they did not expect it to be so complicated that few people knew about it.

“That person actually wanted to exchange for the demon Pearl Jade! Who is the owner of this Magic Egg?”

Surprise appeared on Yi’s face as well, as if he was panicking.

what the hell is that demon Pearl Jade? ” Yunxiao asked curiously. even many demon monarchs don’t know about it. Only a few people know about it, and they all look scared.

“The Holy demon experienced the five decrepit phenomena and transformed into this after its death,” Yi said after calming his mind.

“What?”

This time, it was Yunxiao’s turn to be surprised. He was stunned for a long time before he muttered to himself, ” “No wonder, no wonder, Yingluo.”

Yi also nodded and said, “only a treasure like the demon Pearl Jade is worthy of the ancient demon ape’s demon egg.” The demon Pearl Jade could be considered a mutated rainbow stone. After all, after the Holy demon died, the body that was left behind was still a rainbow stone. Under the exhaustion of powerful demonic Qi, it collapsed into demonic armor Jade. I’ve only heard of it and have never seen its physical form.”

Bao didn’t explain further because this thing was a Holy demon’s relic. Explaining it would be a great disrespect to the Holy demon.

Therefore, he didn't say much. He just cast a few incantation seals with one hand and projected them in the air.

A hundred feet in front of him, all kinds of light gathered and formed a dark jade.

The Jade stone was lustrous and translucent. It did not have a fixed shape, and its corners were sharp. It exuded a faint demonic light, as if it was not tolerated by the world, and it was slightly cold and eerie.

Yunxiao's body trembled, and a bright light burst out of his eyes, but he suppressed it in an instant. He narrowed his eyes slightly to hide the shock in his heart.

The image of the demon Pearl Jade was similar to the Outworld dark stone, but the color was different. From the projection, it didn't seem to have the terrifying cold Qi.

"Lord li, what's wrong?"

Chu Cha noticed Yunxiao's shock and could not help but ask.

Yunxiao shook his head slightly. His eyes were covered by a layer of turbid light, and his true thoughts could not be seen.

His mind, however, was spinning as he quickly thought.

The Outworld dark stone came from a Saint Devil family in the ice region, and it was said that it was related to their breakthrough to the Saint Devil realm. It was very likely to be related to the demon Pearl Jade.

Although he was still not sure if the Outworld dark stone was the demon Pearl Jade, there was definitely a close connection between the two.

After Bao Ying projected the video, he said to everyone, "This is it. Those who knew would know, and those who did not know would not know. There was no need to explain. Even if we don't have the demon Pearl Jade, my friend will definitely thank anyone who has information about it."

Although he didn't explain it, everyone had more or less understood the origin of the demon Pearl Jade, and they were all shocked.

In the countless years that he had spent in the demon world, there were quite a few Holy demons. However, in each era, it would be rare.

In fact, in some eras, even after hundreds of thousands of years, there might not even be a Holy demon.

"I'm afraid that only the shengmo family can have something like the demon Pearl Jade. I'm afraid that no one here can take it out," a Demon Lord muttered.

The rest of the people nodded in agreement.

The demon Pearl Jade was either passed down from the Saint demon family, or they were lucky enough to find the remains of the Saint demon in the ruins. But no matter what, the chances were slim.

Bao's gaze swept across everyone's faces, and he also understood, "It seems like there's no more demon Jade. Sigh, what a pity."

He waved his hand and extinguished the projection. At the same time, he formed a seal and put the devil egg back into the ring.

Yunxiao's heart skipped a beat. Just now, when Bao's eyes glanced at the crowd, he seemed to have intentionally or unintentionally stopped on Yunxiao's face for a moment longer.

Although the difference was only a moment, it could not escape Yunxiao's divine sense.

oh no, could it be that he caught my expression when I was shocked just now? "

Yunxiao quickly calculated in his heart and thought to himself, "If that's the case, it might lead to big trouble."

At this time, all the demon lords looked at the demon egg disappearing in front of them with longing and sighing. The depressed atmosphere spread in the square, and each of them looked as if they had lost something.

In a certain place within Alkaid Hall, in a spacious secret room.

The secret room was not big, but it was fully equipped with tables, chairs, tea, and wine. Although the decoration was simple, there was a different kind of atmosphere in the silence.

All of a sudden, a layer of light spread out from the ground, and an object rose steadily from it. It was the ancient ape demon egg that had just been revealed in the square.

After the demon egg revealed itself in the secret room, the light gradually dissipated, and the room regained its brightness.

A black-robed demon in the corner walked up and touched the demon egg.

The demon's entire face was covered by a layer of demonic clouds, and only his sharp eyes flickered occasionally. His true appearance could not be seen at all.

“Hehe, I told you it’s useless. The number of divine objects like the demon Eye Jade can be counted on one’s fingers in the entire devil realm. How could it appear in a trade fair of this level?”

On the side, on an extremely wide deck chair, Richard crossed his legs and leisurely sipped tea. He said with a mocking expression.

His gaze was fixed on a water mirror in the secret room. The mirror directly projected the situation inside Alkaid Hall. Even the expressions of every demon could be seen clearly.

“I also know that the probability is extremely low,” the demon said, “but I’m just giving it a try. Moreover, Yingluo ”

His voice suddenly stopped, and two rays of light shot out from his black robe and landed on the water mirror as well, as if he was staring at someone. Besides, it doesn’t seem like there’s no hope at all, hehe.

The judge’s expression changed and he frowned, “ Are you talking about li Yunxiao? ”

“Hehe, so Lord Hu has noticed it as well. It seems that Daren’s eyes have never left this person.”

The black-robed demon laughed. “When mo Linyu first appeared, I observed every demon’s face and eyes in detail. Seven of them had abnormal reactions, but Yunxiao’s reaction was the most intense. And in an instant, he covered up his expression, making it impossible for others to see through his inner thoughts. Isn’t this enough to explain the problem?”

Chapter 2293: Chapter 2292-ice field map

549690339

it’s indeed a little unusual, ” the judge said. but I don’t believe that Yunxiao has the demon Armor Jade, or that he has a clue about it.

are you trying to protect this li Yunxiao, Lord Yi? ” the black-robed demon suddenly asked.

The judge was stunned for a moment, then his face turned cold and he said coldly, ” “What does Lord Zhu mean?”

“Hehe, it’s nothing.” I just feel that Lord Hu doesn’t seem to want me to cause trouble for this li Yunxiao.”

“If you think you have the ability to find trouble with him, you can go ahead, but don’t guess what I’m thinking,” the referee said with a cold expression. This is a very dangerous matter. Even if you have the identity of the Holy envoy, there is no guarantee that you won’t be crushed to death by a meteorite when you are walking on the road.”

Zhu was stunned and then smiled awkwardly. “Haha, Lord Hu is so humorous. I’m just saying it casually. However, His Excellency should not forget that Yunxiao was one of the leaders of the heavenly martial realm, and he would die sooner or later. Since he’s currently in your tribe, why don’t we join forces and kill him? this will be a great merit. Furthermore, this person possesses the monarch demonic essence, perhaps we can use it to spy on the six paths demonic weapon.”

Yi laughed coldly, “I know my limits. What is a six paths demonic weapon?” It’s not something that I, a mere demon commander, can spy on. I haven’t reached the point where I’m tired of living. If Lord Zhu is itching to try, you can go and try.”

Zhu muttered to himself for a moment and didn’t speak, but his eyes flickered. He was clearly very tempted.

The referee was watching from the side with a cold smile, his eyes full of ridicule.

Thinking of Yunxiao’s divine abilities and means in the battle of the kun tribe, as well as the sword Qi that made even him feel fear, and even the idea of overestimating his own strength, he could not help but mock him.

After a moment of silence, the pillar said, “I don’t care about killing li Yunxiao. But, I must pursue the whereabouts of the demon Pearl Jade. The higher-ups view this matter with great importance and can not tolerate any mistakes.”

“That’s your problem,” Yi sneered. ‘Right, it’s said that Yuan has obtained a portion of the demon Lord Emperor’s demonic essence and has also stepped into the Saint Demon Realm.’ I wonder what the higher-ups think about this?”

“I’ve also heard of this, but I don’t know much,” Zhu said. After this trade fair is over, I’d like to make a trip to the Tian Han city to visit lady Yuan and find out what’s going on. As for the higher-ups ‘opinion, it’s naturally a good thing for the Xuanji Demon Realm to have another Holy demon.”

“Oh?”

Richard responded noncommittally, but his tone was particularly strange. However, his expression was calm, as if he didn’t care at all.

Zhu sneered and no longer spoke. He knew that Yi’s heart was not as calm as it seemed.

At this moment, the trading Convention was still going on in an orderly manner.

After Bao lianged out the devil egg, many demon lords flew up into the sky and revealed the items they wanted to trade.

Most of them could be directly exchanged with top-grade devil essence stones. After all, top-grade devil essence stones were hard currency. Only a few insisted on bartering.

In the process of the transaction, many fiend Lords went to the referee on their own initiative and took out all kinds of maps to exchange for top-grade fiend essence stones.

After all, the church had been spreading the news that they were purchasing all kinds of maps and information.

At this moment, a burly Demon Lord walked over and said in a low voice, "Does Lord Xi want to take the map and other information of ice domain?"

Yunxiao moved slightly and looked over.

The demon Lord had thick hair, and his protruding eyes were rolling around, appearing extremely cautious. In the end, he turned around and stared at Richard.

The referee was also overjoyed and replied in a low voice, "You have one?"

yes. the demon Lord nodded and said, "hundreds of years ago, I was from the ice region. He took out a pitch-black jade slip, held it in his hand, and stretched it out, saying, "One thousand cubic meters of top-grade devil essence stones."

The referee's face immediately sank, the joy on his face completely gone. His hand that had been stretched out also stopped in mid-air, but before he could touch the Jade slip, he pulled it back and coldly stared at the demon Lord, "You're extorting me."

The demon Lord's expression changed slightly, and then he laughed hideously. "Hehe, master Hu is the number one master refiner in the Vatican clan, what's this little bit of money? If it wasn't for the news that Daren released that he would buy it at a high price, I wouldn't even bother to take it out and sell it. Furthermore, if it's not a thousand cubic meters of top grade devil origin stones, how can it be called a high price?"

a high price doesn't mean that you're being extorted, " Shang said coldly. I think master is a little confused. He can't tell the difference between the two.

The demon Lord gave a muffled grunt, a look of anger appearing on his face. Somewhat impatiently, he said, "Just one sentence, are you buying or not? I can guarantee that I'm probably the only one in the entire shooting star City who has a complete map of the ice domain. Not only that, but there was also a large amount of

information about the ice domain. To those who needed it, it was definitely worth the price. Of course, if you don't need it, even one mana stone is too expensive."

"If I were to buy it with 1000 cubic meters of top-grade devil vitality stones, would you have the ability to walk out of shooting star City?!"

The demon Lord's expression changed greatly as he said angrily, "you're threatening me?!"

"I'm the head of a tribe," Yi said coldly, "and I'm quite famous and have a bit of a temper in the tribe. How can I let a small pawn like you extort me? If you still want to stay in the kun tribe in the future, I advise you to leave some leeway!"

A trace of fear flickered in the demon Lord's eyes. Although it was just a flash, Yunxiao and Phoenix caught it.

Finally, after pondering for a while, the demon Lord gritted his teeth and said, "Good! Then, for the sake of master Hu, the deal is closed for 700 cubic meters of top-grade demonic vitality stones! This price can't be any lower, just treat it as making friends with Daren!"

"This price is also on the high side," Louis said coldly. However, I am indeed in urgent need of information on the ice domain. I will agree to your price. If the item isn't as comprehensive as you described and can't satisfy me, you can take the initiative to refund the money. Otherwise, don't blame me for not warning you. As for being friends, what qualifications do you have to be my friend?"

Anger and embarrassment appeared on the Demon King's face, but he also knew that 700 cubic meters of top-grade devil origin stones was not cheap. He was indeed in the wrong, so he kept quiet and only said, "Don't worry, even the big families in the ice region might not have the information I have."

After counting the top-grade devil essence stones, the referee handed over the Jade slip.

After the demonic monarch got the top-grade demonic vitality stone, his eyes lit up and he couldn't help but be excited. When he was about to leave, he was stopped by the referee.

Richard stared at him coldly and said with a smile, "We haven't checked the goods yet, why are you so anxious?"

The demon Lord paled, but he still calmed down and stood there quietly. After all, in this Alkaid Hall, he guessed that even the Holy See would not dare to act recklessly.

Yunxiao picked up the Jade slip and placed it on his forehead, then scanned it with his divine sense.

His expression was calm and composed, but after a moment, his sword-like brows suddenly furrowed, and vertical lines began to appear between his brows.

“What, is it wrong?” the referee asked.

The demon Lord paled, apparently somewhat panicked, afraid that the referee and the others would go back on their word.

Yunxiao did not say a word, but continued to read the information in the Jade slip with his divine sense. After a long while, he put down the Jade slip and said in a deep voice, “Let him go. The information inside is very detailed, and it just so happens to have what I need.”

The demon Lord’s heart immediately relaxed. He smiled and said, “Haha, I didn’t lie to you, did I?” He swaggered off a few times and swaggered away.

The judge was suspicious, “then Lord li, what are you doing?”

Yunxiao sighed. according to the records in the Jade slip, the ice region is one of the ancient regions of the devil realm. It will take at least five hundred years to reach it from the central area.

Xiao Hong was also completely stunned. “Five hundred years old.”

“The ancient realm?!” The referee was shocked. In that case, we’ll have to use the Super teleportation formation that leads to the Archaeus region!”

“A super teleportation formation? Is there such a formation in the kun tribe?”

Yunxiao’s eyes lit up.

“Yes,” the referee nodded. But it’s rarely used, and I remember only using it three times. The so-called central area of the devil World should be referring to the vast space occupied by the eight tribes. In the entire eight tribes, there were only six super teleportation arrays, and they had been passed down from ancient times, and had been carefully protected by the eight tribes. It’s because there doesn’t seem to be any demons in the world who can build such a teleportation formation.”

only three times? ” Yunxiao frowned. only three times? ” Then the conditions for the teleportation should be very harsh, right?”

“I don’t know the details either,” Yi shook his head and sighed, “I’m afraid I’ll have to ask Lord Bao later. Or, he could use a large number of large and medium-sized

teleportation formations to go to the ice domain. That Demon Lord just now should have come from the ice domain like this. However, the delay on the road will probably take a few years.”

Yunxiao’s face flickered. I can’t wait for a few years. I have to find a way to use the Super teleportation array of the kun tribe.

A few wisps of worry also surfaced on Richard’s brows. He knew that things were not that simple.

The trade fair continued, and after about a day had passed, nearly a hundred people had displayed their items, but less than half of them had been sold.

At this moment, a small and thin Demon Lord took advantage of the fact that there was no one in the air and flew up.

The demon Lord was dressed in a black robe, and his outstretched arm was thin and dry. His face was somewhat wooden and pale, as if he was sick. However, her tiny eyes were full of life.

“I’ll introduce myself first. You can call me: Huan, from another tribe.”

Huan gave a simple self-introduction and said, ” “I’m not here to sell anything. I’m here to purchase a large number of materials.”

With a wave of his hand, rays of green light flickered on his fingertips and directly condensed into words a few feet in front of him. Beside each word, a detailed image of an item appeared.

Yunxiao and the judge seemed to have an idea at the same time. They exchanged a glance and confirmed their thoughts.

Chapter 2294: Chapter 2294-the higher the price, the better

549690339

This mo Huan must also be an Alchemist. Only an Alchemist would need so many raw materials.

They were not the only ones who had guessed it. Many other demon lords also had similar thoughts. They looked at Huan in surprise, trying to guess his origins.

In just a few breaths, hundreds of raw materials and various accompanying pictures appeared beside Huan. It was a dazzling sight.

In the secret room of Alkaid Hall, Yan and Zhu were also sizing up this Demon Lord. Their faces revealed different degrees of seriousness.

“Does Lord Zhu know this person’s background?” the referee asked.

Zhu shook his head and said, “they most likely ran out from the other four divisions.” It’s very chaotic in the four departments now, but it’ll be fine after a period of silence.”

I can see that the materials he’s asking for aren’t ordinary, ” Yi said with a thoughtful smile. this person’s skills in sorcery might be very impressive.

“What, does your Excellency want to take this person into your account?”

“Hehe, if he really came from the four divisions, why not?” Yi laughed nastily. He blinked a few times and began to calculate in his heart.

Now that the four divisions were in chaos, they definitely didn’t have the energy to fight with him. Who knew when the four divisions would stabilize.

After Huan listed all the materials, he looked at the crowd expressionlessly and said, I’ll buy everything with top quality devil essence stones. I’ll buy as many as you have.

“Hehe, what big words. I wonder how many devil essence stones Sir brought.” One of the demon lords said sarcastically.

“Friends who have materials can sell them now,” Huan said indifferently. “Name your price.” If there’s nothing, just watch the show. This Lord doesn’t have the time to deal with it. ”

“You coward!”

The demon Lord was enraged. With a wave of his right hand, he caught a tri-colored stone and sneered, “This is a three-colored Dou crystal, one of the materials you need. I’m selling it for 700 top-grade devil essence stones, do you want it?”

Huan took a look and said indifferently, ” the quality is not bad. Although it’s a little expensive, looking at your poor appearance, I guess your family is waiting for this little money to go into the pot. Hand it over.

He reached out his hand and grabbed. The space became stagnant and the three-colored Dou crystal in the demonic monarch’s hand was instantly sucked up. Then, a storage bag was thrown down and landed in the palm of the demon Lord.

“Ah? This Yingluo ”

The demon Lord only felt dazed for a moment before the transaction was completed, and his expression changed drastically. His forehead was covered in cold sweat.

From the move just now, the other party's strength was far above his!

Thinking of the offense just now, he couldn't help but feel regretful. He hurriedly bowed and nodded, repeatedly apologizing in a low voice.

As soon as the transaction was completed, many people immediately became excited. They took out all the materials they had in order to get a good price.

The Trade Center immediately became lively, and after a few hours, almost everyone had changed.

Huan's face was calm the whole time, and no joy could be seen on it. However, some people calculated that he had at least taken out more than 30000 top-grade devil essence stones, which surprised many people.

After the happy trade, the entire Alkaid Hall's trade began to become deserted.

At this moment, a man suddenly flew into the sky, causing Yunxiao's body to tremble as he looked at him with a serious expression.

This person was marrow, one of the Seven Demon Lords in the Northwest. He slowly paced in the air a few times and said, "This one has a Supreme treasure that I would like to bid for. I wonder if there are any friends who know this."

The judge's expression changed slightly as well. He gave Yunxiao a glance, but he soon calmed down. Although that thing was precious, there were not many people who knew about it, so it was hard to sell it.

Sure enough, the object that was extracted was Noah's ship. A golden light flickered above the trading hall. The exquisite craftsmanship and the natural spiritual aura made people gasp in amazement.

this profound level weapon is probably not simple, right? "

All sorts of discussions could be heard in the trading hall. what's the name of this profound level weapon? " a Demon Lord suddenly asked. what abilities does it have? please tell me in detail.

"I've only obtained this item by chance," sui said with a troubled expression."I don't know the specific information." However, it's clearly a valuable treasure."

"Tsk, so you don't even know."

A wave of mocking voices immediately surged from below. Someone shouted in a strange voice, "You don't know anything and just want to make a fortune out of this, right?"

All kinds of mocking voices came, and marrow's face immediately swelled red. He said angrily, "Bullshit! When I obtained it, it was traveling through the void and was intercepted by me when I noticed it. The power of his ability is unparalleled."

"Oh? If that's the case, then why don't you demonstrate it to us, Sir?" A Demon Lord leisurely said.

Bao also looked at the marrow and nodded slightly, indicating that he could show it.

Marrow was stunned. After a long time, he said, "this thing seems to be a profound level weapon from the realm of heavenly martial arts. It can't be driven by the power of devil essence.

The trade Plaza instantly fell silent, followed by a storm of laughter. All sorts of mocking voices drowned the entire Alkaid Hall.

Marrow was instantly stunned. He stood in the sky in a daze as he was swallowed up by wave after wave of ridicule.

In the secret room, Yi also shook his head and smiled bitterly, "I was originally quite optimistic about this profound level weapon. I didn't expect that it can't be used with devil essence. What's the use of it?"

Zhu nodded, "it's indeed of little value." But in the realm of heavenly martial arts, it'll be an extraordinary thing."

The ridicule and laughter in the square rang out for half a cup of tea's time. From the initial shame and anger, marrow became angry from embarrassment, and finally numb. He stood in the sky in a daze, his eyes dull.

He regretted not selling it directly to Yunxiao at the price of seven thousand cubic meters of Supreme-grade fiend vitality stones. As a result, he had lost so much face that he would not be able to raise his head for decades.

The referee also revealed a knowing smile, as if he deserved to die.

Suddenly, a soft voice rang out in the hall, "How much are you selling it for?"

Although the sound was not loud, it was extremely penetrating, and everyone could hear it clearly. Everyone's gaze turned over, and it was none other than that Huan.

Yunxiao's heart skipped a beat as he had a bad feeling. He looked at the man with a solemn expression, as if he wanted to see through him.

However, the wide black robe he was wearing could directly isolate his divine sense, and he was completely unable to spy on him.

Marrow was stunned for a moment, as if he had caught a life-saving straw, and hurriedly said, "Seven thousand cubes! It's only 7000 cubic meters of top-grade devil essence stones!"

"This is crazy! One chicken rib for 7000 cubic meters of top-grade devil essence stones!"

"Haha, don't scold him. There must be something wrong with this person's brain. Otherwise, he wouldn't have brought a chicken rib to trade."

"Haha, that's true. I think this person is so poor that he's trying to take advantage of the situation."

"Alas, what's going on with this trading Convention? The quality is getting worse with each passing year. The threshold is too low."

Marrow's face turned red again. He also regretted bidding too high for fear that the man would go back on his words, so he hurriedly said, "It's fine to reduce it a little."

"No need, seven thousand cubic meters it is," Huan indifferently replied. He took out a storage bag, threw it over, and immediately grabbed the Noah's ship.

Suddenly, the space around him froze. A strange force appeared and instantly interrupted Huan's power.

Noah's ship spun a few times in the air before stopping. The bag of top-grade demonic vitality stones was also thrown back and landed in Huan's hands.

All the demons' expressions changed drastically, and they couldn't help but be angry. They didn't expect that someone would dare to interrupt the deal.

Bao's expression was also extremely unsightly. He immediately flew up and looked at the figure that was gradually appearing in the sky. He said in a cold voice, "Lord Li, please give me an explanation."

The person who attacked was Yunxiao, and he immediately sensed that hundreds of eyes were focused on him, all of which were filled with ill intent.

Yunxiao did not panic, but said indifferently, "I'm not interrupting the deal. It's just that this Sir Huan is too fast. I also want to buy this thing. I'll offer 7500 cubic meters of top-grade devil essence stones."

The demons couldn't help but frown, and their cold killing intent immediately decreased. They couldn't help but be shocked. How could such a useless thing be worth so much money?

"This isn't an auction, and the highest bidder doesn't get it." Huan sneered. Since I've offered him the price he wants, then the deal is done."

"You have a point," Bao nodded.

it's not up to you, the buyer, to decide whether it's reasonable or not, " Yunxiao said with a smile. we have to see what the seller wants, don't we? "

"Lord marrow," he turned around and said,"do you wish for this profound level weapon to be sold for seven thousand cubic meters of demonic vitality stones, or do you wish for the highest bidder to get it?"

Sui was overjoyed. He coughed twice to cover it up and said,"Cough, cough. Of course, the highest bidder will get it. To tell the truth, 7000 cubic meters of top-grade Devil's vitality stones is really too little. This profound level weapon is far more valuable than this."

tsk! Swish!

There was a wave of sighs below, and all kinds of curses and mockery rose. He had clearly offered seven thousand cubes, but now he was going back on his word.

However, everyone could understand marrow's actions, but the key was that he was too pretentious.

alright. Bao thought for a moment and said, " since the seller has agreed that the highest price will get it, then I have nothing to say. You can continue.

Bao's figure flickered and he flew away from the center, returning to the side to quietly watch.

Huan's face finally sank, as if he realized the trouble. He looked at Noah's ship and said, "Eight thousand cubes,"

"Ten thousand cubes," Yunxiao said with a faint smile.

As soon as this price was announced, the entire place was filled with gasps and looks of shock.

Marrow was extremely excited, his hands rubbing in front of him desperately. Clearly, he was too excited.

The referee was a little worried, because Huan's identity was a little mysterious. Moreover, from the way he had attacked before, it seemed that he was quite wealthy. If he were to waste time with Yunxiao, he would be in big trouble.

After all, Yunxiao did not have any fiend energy stones, and he would have to pay for it himself. She also regretted not buying it directly back then.

Huan stared at Yunxiao for a while, then suddenly smiled and said, "12000."
